

Zongwu 831

Chapter 831

In the carriage, this beautiful woman was very frightened.

She did not expect that someone would kidnap her. You must know that her fiancé is the Lord of Lianjiabao, Lian Chengbi, and

Lian Chengbi is a master at the pinnacle of the master.

Don't these people Are they afraid that Lian Chengbi will take revenge on them?

There is also her best friend Xiao Shiyilang, who is also a master at the pinnacle of the Grand Master.

If Lian Chengbi and Xiao Shiyilang knew that she was kidnapped by these Jianghu people, they would definitely come to save her.

Outside the carriage, these six or seven Jianghu people were talking to each other while driving the carriage, "Brother, we have successfully escaped from the customs. The people from Lianjiabao should be chasing us soon. Lian Chengbi will come with a deer knife." Want to change his fiancée?"

A bearded man laughed when he heard what his subordinates said, "Haha! It's none of our business, we are just that adult's subordinates, as long as we serve that adult wholeheartedly, we will The benefits are indispensable"

"Yes, brother, we understand." These people said with great fear when they heard their elder brother's words.

They knew who the elder brother was talking about.

He was a moody being.

Although they were all very afraid of that elder, he was very... Generous, as long as they do their best, the reward from the Lord will be very huge.

They were all just low-class people in the world, but in just a few years, these people have advanced to the innate realm, and maybe they will become master master

"Well, as long as you know, you must be careful about the woman in the carriage. This woman is the key to whether we can become masters in the future."

"Brother, we all understand."

The bearded boss suddenly thought of the carriage following behind and reminded these people, "Also, the two carriages behind us are probably not simple. The beautiful woman driving the carriage is an innate cultivation state. The one in the carriage Although the young master and the two beauties have no martial arts skills, their temperaments are not ordinary."

A young man with a sharp mouth and monkey cheeks said in a vulgar manner,

"Hey hey hey! Brother, we are outside the customs now, and this is the territory of foreigners. Although the army of Gusu City now occupies this place, the army of Gusu City will definitely not care about the affairs of the world."

"Brother, the beautiful woman in our carriage cannot move, but there are three beautiful women in the carriage behind."

The eyes of a young man next to him lit up when he heard this.

They haven't found a woman for a long time, but there are three extremely beautiful women behind them. This is a God-given opportunity.

This young man said to the bearded boss with a lewd smile on his face. said,

"Big Brother, what Third Brother said is right. We didn't have much fun along the way. Now we have safely exited the border, and there is only one innate-level woman behind us. We have seven innate masters here. Those three women But they are all very beautiful and attractive. Brother, let's catch them and enjoy them."

The bearded boss was also very moved.

Although there was a very beautiful beauty in their carriage, this beauty was what the adult wanted. Even if he gave them a hundred courages, they would not dare to move.

And there were three in the carriage behind.

He is also itching to scratch the extremely beautiful woman and want to vent it out."Okay, but if we walk a little further, there is a canyon not far ahead. Let's do it there.""

"yes, Sir!"

-

Shengjing, outside the Pass, used to be the territory of the Jurchens, but now it is occupied by hundreds of thousands of black-armored troops.

Basically all the Jurchen men have been killed, except for some Jurchen men who escaped in the deep mountains and old forests. The rest were boys under three years old.

Now the Jurchens' Shengjing is full of women, and these women will also be brought to the sphere of influence of Gusu City to survive in the future, and the Jurchens will no longer exist in the future.

In a luxurious palace, which was the temporary camp of the Southern Army,

Huang Rong looked at the secret message in her hand and giggled.

She didn't expect that Su Chen actually appeared, and he didn't even look injured. This made Huang Rong relieved..

A beautiful woman next to Huang Rong looked at the secret message and asked doubtfully,"Commander Huang Rong, since nothing happened to my husband, why don't you order the army to attack Shanhaiguan?"

Huang Rong looked at the plump and pretty Moon God and was very surprised. It was unnatural, mainly because the two peaks of the Moon God were too majestic.

She felt ashamed just looking at them. This was really shocking.

Huang Rong calmed down her complicated mood and said to the Moon God seriously,

"Moon God, Shanhaiguan is not easy to capture. The city wall of Shanhaiguan is nearly ten feet [more than twenty meters] high, and there are half a million troops in Shanhaiguan, and there is a steady stream of troops coming. Although we can capture it if we attack by force. Shanhaiguan, but my Southern Army will also suffer huge casualties, which is not what I want to see."

Yue Shen put her eyes on her lower abdomen and said to Huang Rong with a noble look, "Yes, that's true, but Li Xiuning of the Eastern Army wants to compete with you to see who can invade the hinterland of the Ming Dynasty first. Don't you? Don't you care at all?"

Huang Rong said with confidence after hearing Moon God's words,

"Li Xiuning? Li Xiuning is indeed good, but even if she takes Mingzhou Mansion first, it will be useless"

"After all, the south is a bit far away from the Ming Dynasty Capital, and as long as I capture Shanhaiguan, I can easily capture the Ming Dynasty Capital City."

"Even if Li Xiuning occupied most of the Ming Dynasty's territory, as long as I occupy the Ming Dynasty and capture the Ming Emperor, then I will be the winner."

Yue Shen's eyes lit up after listening to Huang Rong's words.

This Huang Rong is indeed a commander with extraordinary intelligence.

She has fully considered all the problems before attacking the Ming Empire. She doesn't even care about the Eastern Legion Li Xiuning. Look. Huang Rong, the head of the four army commanders, is indeed not an easy person.

Moon God nodded to Huang Rong and asked, "Commander Huang Rong, how are you going to occupy Shanhaiguan?" Huang

Rong touched her delicate chin and smiled and said,

"This requires Wei Zhuang's snare. Some generals in Shanhaiguan are greedy for money, lust, and fear of death. The snare can use money to bribe, seduce, threaten, and even assassinate Ming generals. As long as the snare can control some Ming generals, Shanhaiguan The city gate will automatically open to let my army in."

The Moon God nodded when he heard Huang Rong's words.

This is indeed a good way.

He can occupy Shanhaiguan without even paying huge military casualties.

But the Moon God thought that the secret guards were capable of doing these things. Why did Huang Rong let the guards do it? Zhuang's trap to do it?

This made her a little confused.

"That's good, but why don't you let the secret guards do it?"

"The secret guards are my bodyguards to protect me. I'd better leave these small things to Wei Zhuang's snare."

Chapter 832

Huang Rong didn't want the secret guards to do those disgusting things. Although the secret guards must have done such things, Huang Rong, the secret guard who protected her, would not let them do those things.

Your own secret guards should just concentrate on protecting themselves, and let the professionals in Luowang do those disgusting things.

The Moon God picked up the secret message and said to Huang Rong, "Commander Huang Rong, I will go back first. If nothing happens to Su Chen, I will also tell E Huang, Nvying and others, when you are ready to attack Shanhaiguan. inform us"

"Well, as long as Luo Sheng completes his mission, I will be ready to attack Shanhaiguan at any time."

"See you later."

When Huang Rong saw the Moon God leave, she stood up and looked into the distance.

Now Shengjing has been completely taken down.

Except for a few hundred Jurchens who fled into the deep mountains and forests, the rest of the men were massacred by her order.

In this way. Although it goes against Tianhe, not killing these aliens is not enough to vent their hatred.

"Someone come!"

"Commander in chief!"

"He ordered the Third Army to step up the encirclement and suppression of Huang Taiji's people who had fled into the mountains and forests, and also asked Luo Wang's tracking experts to cooperate with the Third Army."

"Yes, Commander!"

Huang Rong sent the secret guards away after giving the order.

Shanhaiguan can't attack now, so she has nothing to do.

The women of the Yin Yang family are all cultivators, and the masters sent by Zi Nu were also sent out by her to do things.

Huang Rong suddenly Thinking of the captured Jurchen women, some of them seemed to be Huang Taiji's wives.

Huang Rong planned to meet them. If they had no intention of resisting and taking revenge, she planned to let these women go.

In an unnamed valley outside Shanhaiguan,

Boss Beard and his brothers have sharpened their knives and are ready to take action against Su Chen and the others. They are bound to capture Su Chen's three beautiful women.

"Boss, that carriage is coming, shall we do it now?"

"Idiot, wait until they get closer before you do anything"

"Yes, boss!"

In the nameless valley,

Su Chen's carriage had already come in.

Ning Zhong, who was driving the carriage, felt a little strange when she saw the carriage stopped not far ahead.

However, she didn't worry about anything and continued to move forward with the carriage.

Ning Zhong was not worried about anything. Zhongze knew that there were two women in the heavenly realm in her carriage. Even if there was any conspiracy and conspiracy ahead, they would probably be easily destroyed by Hua Baifeng and Bai Jing in her carriage. In the carriage,

Su

Chen leaned against Hua Baijing was resting on her shoulder.

Originally Hua Baifeng wouldn't let Su Chen rest on her, but Su Chen just said a word, and

Hua Baifeng thought about it and agreed, but she just let Su Chen rest on her for a while.

If If this bastard Su Chen dares to move around,

Hua Baifeng will castrate this bastard. Bai Jing glared at Su Chen unkindly from the side.

This bastard didn't know whether what he said just now was true or false. He just rested on his shoulder for a while. Get a spiritual stone?

This made Bai Jing look at Su Chen and also want this bastard to lean on her shoulder,

"Huh? There is murderous intent ahead. It seems that those Jianghu people in front are going to be detrimental to us."

"It seems that those Jianghu people are going to take action against us."

Hua Baifeng and Bai Jing suddenly raised their heads and looked in front of the carriage.

They didn't expect that someone would do harm to them.

The people in front of them actually had murderous intentions towards them. This made Hua Baifeng and Bai Jing frown.

Could it be that Did those Jianghu people think they had discovered the kidnapped woman in the carriage?

Or did those Jianghu people think they were going to save the woman in the carriage ahead?

"Su Chen, why are you not surprised at all?" Hua Baifeng just saw Su Chen open her eyes and then close them, which made her wonder about this bastard.

Su Chen turned over and rested his head on Hua Baifeng's thigh and said, "Here There is only one road. The people in front of us may doubt that we will save that woman, or they may be doing us harm."

"After all, you are both very beautiful women"

"If those Jianghu people have malicious intentions, I'm afraid they will get angry"

"Women are a disaster!"

"Beautiful women are even more of a disaster. Bai

Jing frowned when she heard Su Chen's words and said, "Are you saying that the Jianghu people in front of us are going to be unfavorable to us because of us women?"

"pretty close!"

"damn it! How dare those people in the world dare to take advantage of us?"

"Isn't this normal? This is a wilderness, not even in the Ming Empire anymore. You are all extremely beautiful. If those people are scum, it would be abnormal if they don't take action."

"I'm going to kill them."

Bai Jing said and walked out of the carriage in a hurry.

She was angry with Su Chen along the way, but now people who are not afraid of death are coming to her door. This allows her to kill these people to vent her feelings. anger

"Spiritual stone!"

When Hua Baifeng saw Bai Jing going out, she reached out and looked at Su Chen and said.

Hua Baifeng's face was a little red now.

This bastard just rested on her shoulder, and now this bastard is resting on her lap.

This damn bastard is This is getting more and more excessive.

Su Chen took out two spiritual stones from the system space and said to Hua Baifeng, "Here you go, give one to Bai Jing later."

"Huh? Why are you so kind-hearted all of a sudden?" Hua Baifeng took the spirit stone and looked at Su Chen and asked doubtfully.

She couldn't understand this bastard now.

This bastard refused to give them the spirit stone all the way.

But why did this bastard become so talkative as soon as he came out of seclusion? ?

This bastard gave her the spirit stone so easily.

He didn't have any conspiracy, right?

Hua Baifeng started to be wary of this bastard. Wasn't this pervert trying to trick them?

Su Chen closed his eyes and didn't He found that Hua Baifeng was looking at him warily.

When he gave them the spirit stone this time, he also thought of the old monsters in the Jindan realm that Jellyfish Yinji had mentioned. Su Chen also didn't expect that there were still a few old monsters in the Jindan realm in the world. Monsters, fortunately, those old monsters despise the lack of spiritual energy in the mortal world, and they all hide in some secret places with spiritual energy to practice.

However, Su Chen will encounter those old monsters sooner or later.

After all, if the matter of his spiritual stone is revealed by those The old monsters knew that they might come to snatch it.

Hua Baifeng and Bai Jing were both land gods in the Heavenly Realm. If they could advance to the Golden Core Realm in the future, he would also be able to get help from two super masters.

Su Chen thought about it on the way and decided to use spiritual stones to train Hua Baifeng and Bai Jing, so that even if he faced those old monsters in the Jindan realm in the future, he would be able to protect himself.

Su Chen smelled Hua Baifeng The fragrance on Feng's body opened his mouth and said,

"Originally I wanted to give you some spiritual stones to repay your help, but I don't have many spiritual stones anymore. I will give you one this time and you can use it first. I will give you some more spiritual stones in the future."

"Bai Jing is not a bad woman, but she sometimes has convulsions and goes crazy. Besides, she didn't mean to kill me last time. I might still need Bai Jing's help in the future, so this time I'll treat it as a reward in advance."

Hua Baifeng held the spirit stone and frowned when he heard Su Chen's words and asked,"Are you worried about those old monsters in the Golden Core Realm?"

"Um!"

Chapter 833

Hua Baifeng was very surprised when she heard Su Chen's confirmation, but she also thought that Su Chen had spiritual stones in his hands, and if his women advanced to the Golden Core realm in the future, they would definitely be discovered by those old monsters.

By then,

I'm afraid he won't be able to hide the fact that this bastard has the spirit stone in his hand.

This bastard is preparing in advance to deal with those old monsters who come with bad intentions. Then she and Bai Jing will be this bastard's thugs from now on?

Damn bastard!

No wonder he was so easy to talk to this time.

Hua Baifeng looked at this shameless pervert and wanted to kick him away.

Su Chen felt that Hua Baifeng's aura was confused, and he guessed that Hua Baifeng must have misunderstood him.

Su Chen opened his eyes and saw Hua Baifeng staring angrily at him and said,

"Hua Baifeng, don't think I'm taking advantage of you."

"We will benefit from our cooperation. You and Hua Baifeng will get my cultivation resources, and your cultivation realm will be able to continuously improve."

"If it weren't for the spiritual stones I provided you, I'm afraid your cultivation level would have improved very slowly."

"Isn't it right for you to help me do things in the future?"

Hua Baifeng heard that this bastard wanted to take advantage of them and said so confidently, which gave her a new understanding of this bastard's shamelessness.

Hua Baifeng glared at Su Chen and said angrily,

"You shameless bastard is really out of your mind."

"Ha ha! Anyway, you are already on my ship. It is impossible to get off the ship."

"Damn bastard!"

Hua Baifeng really couldn't resist the temptation of the spirit stone.

The secret place she had in the Western Region had no spiritual energy for a long time, and the spiritual energy in the secret place was different from the spiritual energy in the spiritual stone.

The spiritual energy in the secret place was very thin. , and the spiritual energy in the spiritual stone in her hand was very pure and sufficient. One spiritual stone might be worth the spiritual energy in the secret place she had found before.

At this time, the carriage door was opened, and

Bai Jing took the He led a beautiful woman into the carriage, which made Su Chen and Hua Baifeng look at Bai Jing and they were very confused. Why did Bai Jing bring a woman with her when she went to kill people?

Although this woman was kidnapped by those Jianghu people,

But won't Bai Jing let her leave after rescuing her?

Su Chen looked at Bai Jing who was sitting down and frowned and said, "Bai Jing, give this woman some money and let her leave.""

"Um?"

Bai Jing was very surprised when she heard Su Chen's words.

Doesn't this shameless pervert like beautiful women?

The woman she rescued was very beautiful. Why does this bastard look so disgusted? The beautiful woman rescued by Bai Jing is now Her face was very pale, and she sat next to Bai Jing with a submissive look, not daring to move.

She just saw Bai Jing's killing methods next to her, and she didn't want to see that horrific scene again.

When she heard The man in the carriage asked her to leave, which frightened her even more.

This was a place where aliens roamed. If she was allowed to leave now, I'm afraid she would be caught and humiliated to death by those aliens.

"What a piece of shit you are! Didn't you hear me?" Su Chen saw the confused Bai Jing and drank to her.

Bai Jing was very angry when she heard what Su Chen said.

This bastard didn't even thank him for bringing him a beautiful woman when he saw her coming back. Now he is acting like the head of the family. He shouted at her.

This made her very angry.

Bai Jing glared at Su Chen and cursed, "Asshole, you dare to order me to do something?"

"I'll do it!"

Su Chen was speechless for this crazy woman.

He, Hua Baifeng, and Bai Jing all had to hide their identities, and their conversations could not be heard by others. But this crazy woman actually brought back a Will the arrival of irrelevant people make them mute and silent in the future?

Hua Baifeng patted Su Chen on the shoulder to calm him down.

She knew what Su Chen was thinking, but Bai Jing had already brought the person back. Moreover, this woman is also a beautiful woman with poor martial arts skills.

If she is allowed to leave now,

I am afraid she will really not be able to survive outside the customs.

Hua Baifeng looked at this beautiful woman and asked, "Girl, what is your name?" ?"

"I.....My name is Shen Bijun." Shen Bijun said to Hua Baifeng with a cowardly look. Su Chen was very surprised when he heard that this beautiful woman was actually Shen Bijun, Shen Bijun! Xiao Shiyi is the heroine, but this woman is The reputation is not very good. Although Su Chen will not comment on Shen Bijun, Su Chen does not like this woman very much. Su Chen may be influenced by the Internet, and he is not interested in this woman who cheated on her. Shen Bijun, Liancheng Bi, Xiao Shiyilang, these three people can be said to be a modern love triangle. Shen Bijun fell in love with Xiao Shiyilang at first sight, and Shen Bijun is Liancheng Bi's fiancée. This is very bloody. From the perspective of modern people, it is a dog. The blood was to the extreme. Is Shen Bijun a green tea? Or a woman with a bumpy fate? Su Chen didn't care about these, they had nothing to do with him. Su Chen thought that Xiao Shiyilang had joined the anti-Soviet alliance, and it was Xie Xiaofeng Recommended by that bastard. It seems that Xiao Shiyilang will become one of his enemies in the future. Hua Baifeng smiled when she heard Shen Bijun's name and said, "Miss Shen, we can't take you away, but now we can't I will drive you away now. When you get to a gathering place with Central Plains people, you will have no choice but to leave. Do you understand?"

"

"I understand that I will leave when the time comes." Shen Bijun nodded hurriedly and agreed.

She actually didn't want to be with these people.

That woman Bai Jing was too scary, and the only man here looked down on her.

She felt that staying here would be very uncomfortable, and she even She was very worried about what these people would do to her.

"Um! That's fine."

Hua Baifeng glanced at Bai Jing when Shen Bijun agreed.

She didn't want Bai Jing to get into trouble with Su Chen anymore, nor did she want Bai Jing to inadvertently expose Su Chen's identity.

Bai Jing nodded to Hua Baifeng. , she also wanted to understand that some of the conversations between them cannot be heard by people who don't want to do it. After all, they are talking about some important things.

Just like the matter of Su Chen's spiritual stone, if this If the woman hears this and spreads the word,

I'm afraid they will be in big trouble.

When Hua Baifeng saw that Bai Jing understood her look, she handed a jade box in her hand to Bai Jing and said, "This bastard gave you a gift!"

"this....."

When Bai Jing looked at the jade box, she felt it was very unreal.

She knew what items were in the jade box, and when she came back, she found two jade boxes in Hua Baifeng's hands.

She thought that this bastard Su Chen was taking advantage of her. Instead of just giving Huabai Feng the spirit stone, she didn't expect that one of the two jade boxes would be hers, but why did this bastard give them the spirit stone quietly?

Su Chen saw Bai Jing's confused expression and said teasingly, "What is this? This is my token of love.""

"Shameless pervert, do you want to die?"

"What the hell!"

Chapter 834

Bai Jing is very angry now.

This bastard is a scumbag.

He dares to say such things to her. Does this bastard really want to let herself die with him?

Bai Jing appeared in front of Su Chen holding a fine iron dagger.

She pointed the dagger at Su Chen's neck and wanted to cut the bastard's throat.

Su Chen is really afraid that this crazy woman will kill him.

Although he is 99% sure that Bai Jing will not kill him, the remaining 1%, he cannot guarantee that this crazy woman will not kill him. Will really kill him

"Bai Jing!"

Hua Baifeng shouted hurriedly when she saw Bai Jing was angry and wanted to kill Su Chen.

She was worried that Bai Jing would really kill Su Chen.

She couldn't see through Bai Jing, a woman with abnormal mental state. If Bai Jing really killed I'm afraid Bai Jing won't be able to live without this bastard.

She may even be implicated by Bai Jing.

The women of this bastard are a group of crazy women who kill without blinking an eye.

Bai Jing heard Hua Baifeng calling her, and she also knew This bastard can't be killed, but if this bastard doesn't teach him a lesson, he will go further and further.

This time, I will scare this shameless pervert first and see if he dares to tease me again.

"Bastard, next time you let me hear your nonsense, I will die with you."

"You are awesome!"

Su Chen has finally met his nemesis.

This crazy woman really can't be compared with other women.

Sweet words are useless to this crazy woman, but nice words don't take this crazy woman seriously at all.

Su Chen looked at the uneasy woman next to him. Shen Bijun ignored her.

He continued to rest on Hua Baifeng's lap. It seemed that he was going to rest outside tonight.

Su Chen felt a little strange when he thought that there was no war in Shanhaiguan today.

He didn't know Huang Rong's south either. Why didn't the legion attack Shanhaiguan of the Ming Dynasty today?

This was against Concubine Yan's order.

Concubine Yan's order was to attack the Ming Empire in three days.

Today is the time to attack the Ming Empire, but Huang Rong's Eastern Legion didn't move at all. Could it be that Huang Rong Is that girl going to use any conspiracy to break through Shanhaiguan?

Mingzhou Port.

Here are hundreds of thousands of troops fighting a war.

The beach at Mingzhou Port is full of black armors and silver armors fighting. The beach Soldiers were constantly being killed and fell to the ground.

Blood had dyed the beach red, and even the water on the beach was blood red.

In Mingzhou Port, the commander of the Ming army stood on a high platform, looking at the battlefield. He frowned at the battle on the battlefield.

Now on the battlefield, the Ming army was being beaten back steadily, and even the right wing was almost disabled.

If the Ming army on the right wing was defeated,

I am afraid that the Mingzhou Port in Mingzhou Prefecture would be destroyed. If it falls into the hands of Gusu City, then all the Eastern Legion of Gusu City will land at Mingzhou Port.

If all the 600,000 troops of the Eastern Legion land at Mingzhou Port, I am afraid that the entire Mingzhou Prefecture will have hundreds of thousands of troops. The army was almost finished.

Seeing that the right wing was in danger, the Ming commander hurriedly ordered,

"Come, order the 50,000 Ming border troops in western Liaoning to support the Ming army on the right wing. There is absolutely no way the right wing will be lost."

"Yes, handsome!"

A middle-aged man wearing armor came to the side of the Ming commander and said seriously,

"Commander, Mingzhou Port cannot be defended. Now the right wing has been defeated on the battlefield, and the center and left wing cannot hold on for long. Wu Xiangjun's army is too powerful. We troops who have never been on the battlefield cannot stop them. Tiger's."

The commander-in-chief of the Ming Dynasty shook his head when he looked at the bloody battlefield, "Zhongming, we will stop us even if we can't stop it. This is the territory of our Ming Empire and our homeland. We cannot let these foreign troops destroy us. home"

"well! I see." The middle-aged man named Li Zhongming sighed silently and said helplessly.

The commander-in-chief of the Ming Dynasty patted Li Zhongming on the shoulder and comforted him,

"Don't worry, His Majesty has been recruiting troops all over the country. This time we are recruiting millions of troops. As long as we hold on to Mingzhou Port, there will be a steady stream of troops coming to join the battle in the future."

"No matter how many sheep you have, you can't kill the tiger."

"If we can't kill them, we will kill them. Gusu City's army has come all the way, but they have no supplies now. As long as we can hold Mingzhou Port for about ten days, Gusu City's army will retreat because there is no supply."

"Let's hope so."

At this moment, a messenger suddenly ran over and saluted, "Report to the commander-in-chief, General Liu Hongzhi of the right wing was killed in battle, and the deputy general of the right wing escaped with some troops, right wing! The right wing has been defeated"

"What?"

The commander-in-chief of the Ming Dynasty hurriedly looked at the battlefield after hearing the words of the messenger.

However, when he looked at the battlefield again, the right wing of Mingzhou Port had been completely defeated, and it had been occupied by the Eastern Army of Gusu City.

"Damn it, come here, order the 50,000 Ming border troops in western Liaoning to drive the Gusu City army on the right wing overboard."

"Yes, handsome!"

Li Zhongming looked at the battlefield, shook his head and said in frustration,

"It was too late, the center and left wing also collapsed. Unexpectedly, in less than a day, Mingzhou Port, guarded by more than 300,000 Ming troops, fell."

On the battlefield at this moment, as the Ming army on the right wing was completely defeated, fleeing Ming troops appeared on both the center and left wing.

As more and more Ming troops fled on the battlefield, the defense line of the Ming army collapsed.

"Kill, for the sake of your Majesty, capture Mingzhou Port!"

"Kill, for the sake of your Majesty, capture Mingzhou Port!"

"Kill, for the sake of your Majesty, capture Mingzhou Port!"

With the complete defeat of the Ming army on the battlefield, the soldiers of the Eastern Legion shouted and rushed towards Mingzhou Port with their swords raised.

"Madmen, Lord Wu Xiang's army are all madmen."The commander-in-chief of the Ming Dynasty said in shock as he looked at the soldiers of the Eastern Legion who kept charging over. The

Eastern Legion in Gusu City only had about 100,000 troops when they landed at Mingzhou Harbor.

They defeated the Ming Dynasty's more than 300,000 troops who were waiting for work. They are even chasing after them now. The Ming army was killing.

This was really ironic.

Li Zhongming looked at the Gusu City army that was about to kill them, and he hurriedly said to the Ming commander,"Commander, retreat, Mingzhou Port cannot be defended. Let's retreat to Mingzhou Prefecture first. We still have about 600,000 troops in Mingzhou Prefecture. Then we will regroup and fight to the death with the Gusu City army."

"Retreat, retreat!"

As the Ming Dynasty army retreated from Mingzhou Port, the entire Mingzhou Port was completely occupied by the Eastern Army.

In less than a day,

Mingzhou Port guarded by more than 300,000 troops of the Ming Dynasty completely fell. Li Xiuning stood on the battlefield on the sea.

On the deck of the ship, I saw that the war in Mingzhou Port had ended.

The Eastern Army had occupied Mingzhou Port and won the first battle.

This made Li Xiuning very happy.

Li Xiuning immediately ordered the messenger next to him, "Come on People, ordered all subordinate armies of the Eastern Army to begin landing at Mingzhou Port one after another"

"Yes, Commander!"

"Huang Rong, I have occupied Mingzhou Port, have you captured Shanhaiguan?"

Chapter 835

In the evening, in the wild land outside Daming Pass, in the former Jurchen territory, a carriage stopped beside a small river, and an ordinary tent was set up here.

"ah....."

Su Chen stood next to the river and looked at the afterglow of the sunset and screamed loudly.

On the empty grassland, the clear river and the afterglow of the sunset made Su Chen feel better. He had not seen it for a long time. Such a view.

Bai Jing came to Su Chen and shouted rudely to Su Chen, "Where are you and what are you yelling at?"

"None of your business, crazy woman!"

"Damn bastard!"

Bai Jing clenched her fists and wanted to punch this bastard.

She originally wanted to thank this bastard for giving her the spirit stone, but this bastard was so annoying that she didn't want to deal with this bastard now.

Su Chen looked at the sunset. Yu Hui ignored Bai Jing's arrival. He didn't want to deal with this crazy woman now.

Just like that, Su Chen and Bai Jing stood quietly by the river and looked at the beautiful scenery in the distance.

For a while, there was only a slight gasp.

The buzzing sound of insects on the grassland.

One person is in cyan clothes, the other is in white dress, one is handsome, the other is beautiful, a man and a woman just stand silently by the river, no one makes a sound.

Ning Zhongze and Ze in the tent Shen Bijun, they all looked quietly at Su Chen and Bai Jing who were reflected in the afterglow of the setting sun.

The beautiful scenery and handsome men and beauties in front of them made them yearn for it. They all thought that if they could enjoy such beautiful scenery with their beloved, It should be something worth remembering. Such a scene is very pleasing to the eye.

Hua Baifeng felt very uncomfortable when she saw this from the carriage. She was also very envious of Bai Jing now.

【well!】

【How could I have such thoughts?】

【But this bastard looks very handsome when he's quiet.】

【It's just that he's too shameless and an asshole! 】

Hua Baifeng shook her head and didn't want to think about these messy things.

She found out that since being with this bastard, how could she become sentimental?

This is not the me who didn't care about anything before!

"Let's go, the sun has gone down and you're still looking at nothing." Su Chen patted Bai Jing, who was still standing motionless beside him, and said,

"asshole!"

Bai Jing was woken up by Su Chen and glared at this bastard, but now she looked at Su Chen with complicated eyes.

In less than half an hour just now, this was the moment when Bai Jing's body was the most relaxed and her heart was the most relaxed. She It has been decades since I had such an experience.

Su Chen smiled and walked back with Bai Jing.

Now Ning Zhongze and Shen Bijun have set up the tent, but Ning Zhongze should be doing it alone, and Shen Bijun is the one doing it. It should be impossible for a rich lady to do this.

Shen Bijun seems to have nothing except her beautiful appearance. She has no ability to do things or martial arts.

Does she have the intelligence?

Shen Bijun would go to her house to rob the deer. The swordsman Xiao Shiyilang fell in love at first sight.

This is really stupid and bloody.

Shen Bijun is what modern people call a silly white girl.

"Owner!"

Ning Zhongze saluted when he saw Su Chen coming back,

"Ning Zhongze, prepare food. I'm a little hungry now."

"Yes, master."

Su Chen saw that Ning Zhongze had gone to prepare food, but Shen Bijun was still standing here stupidly.

This made Su Chen very speechless when he looked at her.

Isn't this Shen Bijun really treating her as a eldest lady here?

Su Chen He said rudely to Shen Bijun,"What are you still doing here? Go help! Do you want to eat for free?"

"I....I'll go right away."Shen Bijun shivered when she heard Su Chen's words.

She didn't expect that this bastard would be so rude to a beauty like her. Now she has no status here like a servant.

This makes Shen Bijun feel very aggrieved and helpless.

Bai Jing was very curious when she saw that Su Chen looked displeased with the Shen Bijun she had rescued. Has this pervert changed her gender? Or is a beauty like Shen Bijun not suitable for this bastard? Why is he so interested in a beautiful woman

?

So rude?

Bai Jing looked at Su Chen and asked curiously, "You seem to be uncomfortable with this Shen Bijun?"

"Don't you like beautiful women?"

"Shen Bijun is a very beautiful woman, why don't you show your attentiveness? Make this Shen Bijun like you"

"Wouldn't you just get a beautiful girl this way?"

Su Chen glanced at Bai Jing and then looked at her.

This woman is much more beautiful than Shen Bijun, and she is also powerful and capable. Even if he is interested in Bai Jing, he will not be interested in Shen Bijun.

Shen Bijun At most, it's just a vase for collection, but Bai Jing needs to be capable and capable.

How could such a powerful, glamorous and beautiful beauty be interested in a useless vase?

With Su Chen's current position of power What kind of beautiful woman does he want?

"Shameless pervert, what are you looking at?" When Bai Jing saw Su Chen, a shameless pervert, staring at her, she glared at Su Chen in shame and cursed.

When Su Chen saw that Bai Jing was found out, she touched her chin in embarrassment.

This Bai Jing's She has a really good figure, a perfect figure with bulging front and back, a beautiful and cool face, and a proud and mature temperament.

Especially her mature temperament, which made Su Chen fascinated.

Su Chen was discovered by Bai Jing. Looking at her, he quickly changed the topic and said,

"Bai Jing, if you don't go back to your ghost palace, aren't you afraid that your ghost palace will be tortured by Bai Feifei?"

Bai Jing blushed a little and said to Su Chen indifferently,

"The Ghost Palace is just a tool. As long as nothing happens to Feifei, it doesn't matter whether the Ghost Palace exists or not."

Bai Jing wanted to strangle this bastard to death right now.

She knew very well the way this bastard looked at her lustfully just now, but she really saw how shameless this bastard was.

Su Chen looked at Bai Jing and continued to ask, "What about Happy King Chai Yuguan? Don't you plan to take revenge?"

Bai Jing looked angry when Su Chen mentioned Happy King Chai Yuguan.

She had been looking for Happy King Chai Yuguan for decades, but she couldn't find that damn bastard no matter what. This was so frustrating. Bai Jing was angry and helpless,

"I don't know where Happy King Chai Yuguan is hiding. That damn bastard is very careful. I have been looking for him for decades and still can't find him. Let's see the opportunity in the future. If you meet him, it will be considered unlucky. If you don't, let him be there. Live many more years."

At this time,

Hua Baifeng suddenly appeared next to Su Chen and said hurriedly,

"Su Chen, some troops are coming, there seem to be hundreds of people, and there are thousands of troops behind chasing the hundreds of troops in front."

Chapter 836

When Su Chen heard Hua Baifeng's words, he used his mental power to check the incoming troops.

Su Chen thought that the Jurchen tribe had been wiped out by Huang Rong's Southern Army.

How could there be other armies here?

Could it be that Huang Rong's army was exterminating the remnants of the Jurchen clan?

Huh?

After Su Chen checked, he found that the hundreds of troops in front were indeed Jurchens with braids, and behind them were his own black-armored troops chasing these Jurchens.

It seems that Huang Rong is sending troops to clean up the remaining Jurchens, but these Jurchens may not be able to escape.

Su Chen checked and said to Hua Baifeng and Bai Jing, "They are Jurchens. Huang Rong's army is cleaning up the remaining Jurchens."

Hua Baifeng shook her head when she heard Su Chen's words.

Of course she knew that those troops were Jurchens. What was chasing behind them was the black-armored army from Gusu City.

But doesn't this bastard want to rush back to Gusu City as soon as possible and doesn't want to meet Huang Rong from the Southern Legion?

When the troops of the Southern Army arrive,

I'm afraid this bastard will be recognized.

By then, it's probably impossible for this bastard not to meet Huang Rong from the Southern Army.

"What about you? Don't you want to stay here? If your army discovers you, I'm afraid Huang Rong from the Southern Army will also know about your arrival. I'm afraid it's impossible for you not to see Huang Rong?"

"Forget it, it depends! Bai Jing, you will come forward in a while, and I will try not to appear in front of the army." Su Chen looked at the incoming troops and walked towards the tent and said,

"I.....Is this bastard going to order me to do things again?" Bai Jing yelled angrily when she heard Su Chen's order.

Hua Baifeng looked at Bai Jing's angry and helpless look and smiled and said, "Haha, you were a golden boy and girl just now. The golden boy left, now it's up to you. You're such a beautiful girl, I'll go in too, and I'll leave those troops to you."

Hua Baifeng was still envious of the scene where the two of them were watching the sunset together just now. Now that she heard Su Chen's unceremonious instructions to Bai Jing, she felt relieved. That bastard can't possibly have any bad thoughts towards Bai Jing now.

Hua Baifeng After looking at Bai Jing, who was still angry, she shook her head and walked towards the tent.

She also wanted to ask where Su Chen got the spiritual stones, and why did that bastard have so many ancient spiritual stones?

"Damn bastard, sooner or later I want you to look good." Bai Jing waved her fist angrily and cursed when she saw Su Chen entering the tent.

At this time, hundreds of Jurchen cavalry on the grassland were galloping away, and the black-armored cavalry behind these hundreds of Jurchens were closely following. They were chasing hundreds of Jurchen cavalry without letting go.

A strong Jurchen general looked behind him on horseback, and he hurriedly turned to a young man in brocade uniform next to him. The man said, "Sibeile, Huang Rong's cavalry army has been chasing us. We may not be able to escape this time."

This man in brocade clothes is Huang Taiji, Sibeile of the Jurchen tribe.

Since the war began, his father Nurhachi and several Two brothers were killed, and he was the only one among all the Jurchen brothers to escape in panic.

However, he was hiding in the deep mountains and forests with the remaining men, and was found by Huang Rong's army.

Huang Taiji looked at the pursuers behind him and his expression was very ugly.

He was the fourth beile of the Jurchens, and the future Jurchens. Sweat profusely.

However, in a short period of time, more than 100,000 Jurchen troops were defeated and massacred, and all the Jurchen men were ordered to be massacred by Huang Rong, the commander of the southern army in Gusu City. Hundreds of thousands of Jurchen men were massacred.

This is to exterminate the Jurchen clan. damn it!

Why is that woman Huang Rong so cruel?

"Damn it, that woman Huang Rong massacred all the Jurchen men, and now she won't even let us go. She is going to kill all of us Jurchens."

"Our Jurchen clan is finished. All the men in the Jurchen clan's territory in Shengjing have been slaughtered. There will be no Jurchen clan anymore."

"Zhahe, as long as we escape to Dayuan, the Dayuan Empire will definitely protect us."

"Sibeile, I'm afraid we won't be able to escape. Our horses are very tired and I'm afraid we won't be able to run much....." swish swish.....

Before Zhahe finished speaking to Huang Taiji, a burst of military crossbows shot him over, and Zhahe was shot by several military crossbows and fell off his horse.

Hundreds of Jurchens were killed by this military crossbow. The remaining Jurchens were lying on their horses and did not dare to straighten up.

"Run, run faster!"

When Huang Taiji saw his generals being shot dead, he was so frightened that he kept whipping his war horses and shouting orders to the remaining hundreds of Jurchen troops. Boom, boom, boom!

The Jurchens' horses kept running and then fell to the ground. , these war horses were really tired. After running for several hours, the horses were foaming at the mouth and died suddenly one by one.

"Damn it, there's no escape."

When Huang Taiji saw this situation, he completely understood that he could not escape.

"Huh? How could anyone exist here?"

Huang Taiji suddenly discovered that there was a carriage and a tent not far away.

This was the first time he encountered anyone after running away for several days.

Huang Taiji didn't care who was there and just rode over.

His horse was already gone. If he can't hold on anymore, the horses there are what he needs right now.

With the new horses, he might really be able to escape this time.

At this time, Su Chen's place, a group of Jianghu people arrived in advance.

After discovering Shen Bijun, a handsome man started talking to Shen Bijun.

By the river,

Lian Chengbi breathed a sigh of relief when he saw the intact Shen Bijun.

He was very afraid that his fiancée would be caught and humiliated by those Jianghu people. , now Shen Bijun was rescued intact.

This made Lian Chengbi really relax.

After hearing what Shen Bijun said, Lian Chengbi smiled and said, "Bijun, it's good that you are fine. Since I know After you had an accident, you brought the guards from Lianjiabao to chase you. Fortunately, nothing happened to you."

"Lord Lian, thank you for coming to save me." Shen Bijun was also very happy to see Lian Chengbi arrive.

She is not so panicked now.

She has been living in fear here.

Whether the people here are that hateful man or those terrifying women, she has to be careful. Shen Bijun was afraid that these people would abandon her if they were unhappy.

Lian Chengbi looked at Shen Bijun who was still beautiful and said with a smile, "You're welcome, after all, you are my fiancée, and I was late this time. I want to thank the people who saved you the first time."

Ning Zhongze looked at Shen Bijun and Lian Chengbi and ignored them. She was still washing some vegetables and meat by the river.

Ning Zhongze knew that Su Chen couldn't stand the beautiful Shen Bijun, although she didn't look down on this beautiful woman. , but this Shen Bijun can't do anything here, and even helping is not helpful. It would be much easier if Shen Bijun left her at this time.

Dong Dong Dong Dong Dong Dong Dong.....

At this moment, the sound of horse hooves came from a distance.

When Lian Chengbi heard the sound of horse hooves, he hurriedly ordered the dozens of guards beside him, "No, cavalry is coming. Everyone is ready to fight."

Chapter 837

Hundreds of Jurchen troops soon appeared in Su Chen's temporary camp. After arriving, these Jurchens looked at the horses here with their eyes shining.

These horses are the war horses they urgently need.

With these war horses, they can escape the pursuit of the black-armored army.

Huang Taiji saw that there were dozens of war horses here. Although the war horses here were not enough for them, it was better than nothing.

Moreover, everyone here is dressed like a gangster, and

Huang Taiji can't control that much.

The pursuers are coming from behind, and he doesn't have much time.

He looked at the ten Jianghu people here and hurriedly ordered, "Come up here and take away all the horses here."

"kill!"

After the hundreds of Jurchen troops heard Huang Taiji's order, they raised their bows, arrows and scimitars to kill Lian Chengbi and other Jianghu people.

Swish, swish, swish.....

The dozens of guards of Lianchengbi were very worried when these troops rushed over.

This was an army coming, and the guards of Lianjiabao were not very strong. If the army surrounded these guards, I'm afraid they wouldn't be able to do anything. Possibly escaped.

Ahhhhhhh.....

After the Jurchen archers started firing arrows, more than ten of the Lianjiabao guards were shot dead.

Liancheng Bi was guarding Shen Bijun with a serious face.

Although these alien armies were not very powerful, these archers were a huge threat to his guards. However, he wanted to protect Lord Shen Bi, so he could not rush over to kill these alien armies.

Shen Bijun turned pale and hid tightly behind Lian Chengbi.

Ever since the arrival of these alien armies, she had been very worried.

If Lian Chengbi could not protect her, she might be captured by these alien armies and her life would be worse than death.

After Ning Zhongze arrived at these foreign troops, she hurriedly came to the tent with a long sword.

Although she was not very strong, she still wanted to protect Su Chen in the tent.

As for the people from Lianchengbi who had just arrived,

Ning Zhongze didn't care about their life or death.

"Quickly kill these people and take away all the horses."Huang Taiji looked behind him while riding his horse and hurriedly ordered,

"rush!"

The Jurchens also know that the pursuers may arrive at any time. If they don't want to die, they can only kill these people quickly, seize the war horses, and leave here immediately.

"court death!"

Lian Chengbi saw these aliens rushing towards him, and his guards were immediately surrounded by these aliens and started fighting.

Although his guards fought hard to kill the enemy, the remaining thirty or so guards were still beaten by more than five hundred The alien armies kept killing, which made him very angry.

Lian Chengbi kept killing the aliens who came to him with his sword.

As long as these Jurchens came to Lian Chengbi's side,

Lian Chengbi, the master's peak strength, would do the same with his sword. Kill these aliens mercilessly.

But the guards of Lian Chengbi can't do it.

In less than a quarter of an hour, dozens of guards of Lianjiabao were shot or hacked to death by the Jurchens.

Lian Chengbi and Shen Bijun are now surrounded by these real women.

Although these real women are very cruel, they are still not enough to face Lian Chengbi who is at the peak of the master's strength.

"Shoot me an arrow to kill this man!"Huang Taiji also saw that the remaining man was powerful, but time did not allow him to delay any longer, so he hurriedly ordered to the army, swish, swish, swish, swish.....

"Bijun, be careful!"When Lian Chengbi saw these aliens starting to fire arrows again, he hurriedly reminded Shen Bijun behind him,

"ah!"

Shen Bijun is at the sixth level of acquired cultivation, and she doesn't even have combat experience.

After the alien army started firing arrows, she was completely panicked. Bump, bump, bump.....

Just when Shen Bijun was hurriedly dodging the bows and arrows that shot at Shen Bijun, a man in white suddenly appeared next to Shen Bijun.

He held a long sword and intercepted the bows and arrows that were shooting at Shen Bijun one by one.

"Shishilang, you are here too."Shen Bijun said happily when she saw the person appearing next to her.

Xiao Shiyilang had been following Lian Chengbi secretly.

He was also very worried when Shen Bijun was captured this time, but he didn't know where to go to save Shen Bijun. He just Being able to secretly follow Lian Chengbi in the hope of finding Shen Bijun,

Xiao Shiyilang turned around and smiled at Shen Bijun and said,"Bijun, don't worry, nothing will happen to you as long as I'm here."

"Um! I trust you!"

In the tent by the river,

Su Chen looked like he was watching a show after seeing Lian Chengbi and Xiao Shiyilang. A bloody drama was about to happen. Will Lian Chengbi and Xiao Shiyilang show up soon?

Fight directly?

Hua Baifeng looked at the situation outside from the corner of the tent and said to Su Chen, "It seems that Shen Bijun's identity is not simple, and now there are two masters at the peak of the grand master coming to save her."

Su Chen sat on the carpet and shook his head and said, "Is the peak strength of a grandmaster very powerful? It doesn't matter what identity Shen Bijun is. We are watching the show now. There are free thugs to stop these Jurchens. Why shouldn't we do it?"

"That's right, but the strength of the guards was too poor, and they were killed by the aliens in an instant." Hua Baifeng just looked at the guards of Lian Cheng Bi and died without even causing too many casualties to the aliens. This made Hua Baifeng a little bit unable to stand it anymore.

"Why do you care so much? The ones who died are not our people anyway."

"You are such a hard-hearted person"

"After seeing too much life and death, you will be like me."

At this time,

Lian Chengbi saw a man appearing next to Shen Bijun.

Although this man rescued Shen Bijun, he was very angry when he saw Shen Bijun talking and laughing with this man.

Shen Bijun was his Fiancée, but now Shen Bijun is actually in front of his fiancé. She and this man are talking and laughing without anyone else.

Does Shen Bijun want Hongxing to cheat?

Or is Shen Bijun deceived by this pretty boy?

Dong Dong Dong Dong Boom.....

Just when Lian Chengbi was about to go find Shen Bijun, a large number of cavalry troops suddenly appeared around the river. Moreover, these troops had surrounded the place and were now approaching here.

Under the afterglow of the setting sun, the people here saw the black-armored troops appearing around them. Later, the Jurchens here did not attack Lianchengbi and the others again. The arrival of the black-armored troops made these Jurchens completely panicked.

The Jurchens can't escape now even if they want to.

There is a river in front of them, and they are surrounded by black-armored troops in other directions.

This time, hundreds of Jurchens' troops were either killed by the black-armored army, or they jumped into the river to fend for themselves.

When Huang Taiji saw the appearance of the black-armored army, he kept roaring with an ugly face, "Why so fast? How come it comes so soon? It's over this time, I'm really going to die this time."

Lian Chengbi and Xiao Shiyilang , Shen Bijun and others were also very nervous when they saw the black-armored troops appearing around them.

This time there were five or six thousand troops, and these black-armored troops looked very difficult to mess with.

If these black-armored troops are also detrimental to them, I'm afraid they will really be unable to protect themselves.

"Huang Taiji, you can't escape this time. Commander Huang Rong ordered the Jurchens to be eradicated. You can't escape."

Chapter 838

By the river, when the surrounding black-armored troops surrounded them, a black-armored general looked at Huang Taiji and became very angry. He had been chasing Huang Taiji for many days.

His seventh legion of 50,000 men was divided into ten men. The team kept looking for Huang Taiji, but no trace of this Jurchen remnant was found.

If it hadn't been for the help of the Blue Wolf King who used the net this time, their seventh legion would not have been able to find Huang Taiji.

Therefore, his seventh legion was not less ridiculed by other legions.

Huang Taiji looked at the black-armored general and asked angrily,

"The army of Gusu City and our Jurchens in Shengjing have been ordered by your commander Huang Rong to massacre all the Jurchen men. Why are they unwilling to let go of the remaining Jurchens like us? The black-armored army said expressionlessly, "The commander-in-chief ordered that any Jurchen man who is taller than the wheel will be killed. No Jurchen man will be spared." Huang

Taiji pointed angrily at the black-armored general and said miserably, "Isn't your Commander-in-Chief Huang Rong afraid of retribution?" Hundreds of thousands of Jurchens were massacred by you demons. Aren't you afraid of going to hell after death?"

Huang Taiji trembled all over when he heard the gloomy words of the black-armored general.

The black-armored general didn't seem to care about the Jurchen men being slaughtered.

These black-armored troops were too terrifying, too cruel and ruthless.

The black-armored general He shook his head and looked at Huang Taiji with a cruel smile and said,

"Wrong, we massacred more than hundreds of thousands of Jurchens"

"Among the thirty-six countries in the Western Region, at least thirty foreign countries were completely exterminated, and millions of foreign men were slaughtered."

"You Jurchens were just one of the tribes that were massacred."

"Damn it, you are all devils."Huang Taiji turned pale when he heard General Heijia's words.

He did not expect that Huang Rong's legions would destroy so many countries and tribes, or even completely annihilate them.

Lian Chengbi, Xiao Shiyilang, Shen Bijun and others heard that Heijia General After the conversation between the general and the alien leader, their faces were very pale.

They did not expect that these black-armored troops would massacre millions of alien men. As long as the alien men were taller than the wheel, they would be slaughtered.

This is really cruel.

"Huang Taiji, it's time for you all to hit the road, get your crossbows ready!"The black-armored general looked at Huang Taiji and waved his hand.

Huang Taiji saw that the black-armored troops around him were all pointing at them with crossbows. This made Huang Taiji scared.

He didn't want to die, and he didn't want to be like this.

Huang Taiji looked at the black-armored general and hurriedly knelt down and said,"No, no, don't kill us, we can surrender to you. Your Commander Huang Rong will need us Jurchen warriors.""

"The crossbow is ready, let go!"The black-armored general looked at Huang Taiji disdainfully and then waved his hand and ordered.

Swish, swish, swish.....

After the soldiers of the Seventh Legion heard the order, thousands of military crossbows fired at the Jurchens who had no way to escape.

Ahhhhh.....

After a period of screams, the last few hundred Jurchens died here. Each of these Jurchens had at least a dozen military crossbow arrows inserted into their bodies.

"Check to see if anyone is still alive"

"Yes, Legion Commander."

After the commander of the Seventh Army gave the order, he looked at Lian Chengbi and his three men and women next to him.

Although these three men and women were from the Central Plains and bought time for their Seventh Army to besiege Huang Taiji, their Southern Army and the Ming Empire. The war was about to break out, and the appearance of these Jianghu people outside the customs was very suspicious. The commander of the Seventh Army looked at Lian Chengbi and the others and asked expressionlessly, "Are you from the Ming Empire?"

When Lian Chengbi saw that these black-armored troops easily wiped out hundreds of foreign races, he immediately became worried and alert.

Moreover, the crossbows used by the black-armored troops were even more terrifying.

Even he might not be able to dodge thousands of crossbows. , he was worried that these black-armored troops would kill him and Shen Bijun together.

After Lian Chengbi heard the black-armored general's question, he hurriedly clasped his fists at the black-armored general and said,

"General, we came from the Ming Empire, but we came here to save people. My fiancée was caught here by some gangsters, and I had to come out to save my fiancée."

Xiao Shiyilang is very nervous now.

These troops are the troops of Lord Wu Xiang of Gusu City, and he promised Xie Xiaofeng to kill Lord Wu Xiang.

Although these black-armored troops don't know these things, he is still a little scared..

Xiao Shiyilang now regrets joining the anti-Soviet alliance, but it may be impossible for him to withdraw. If the people in the anti-Soviet alliance knew that he wanted to withdraw, I am afraid he would be silenced immediately.

Shen Bijun is now She keeps her head down like a quail.

She is now very afraid that these black-armored troops will do her harm if they see her face. You must know that she is very beautiful.

If these black-armored troops discover her beautiful appearance,

I'm afraid it will really improve my mood

"Um! I will investigate. If what you say is correct, we will not embarrass you. Who is in the tent?"The commander of the Seventh Army looked at Shen Bijun after hearing Lian Chengbi's words. He pointed to the tent and said,

"Everything I said is true."Lian Chengbi looked at the tent next to him and shook his head and said,"I don't know who the people in the tent are, but they are the people in the tent who saved my fiancée."

The commander of the Seventh Army looked at Ning Zhongze who was guarding outside the tent and ordered,"Come here, go check on the people in that tent."

"Yes, Legion Commander."

In the tent, Su Chen saw that the soldiers of the Seventh Army were coming to search, and this time they came with some soldiers.

Su Chen thought that these soldiers would not recognize him, so he said to Ning Zhongze outside the tent, "Ning Zhongze, let those soldiers in!"

"Yes, master!"

Ning Zhongze hurriedly replied after hearing Su Chen's words.

After about a dozen soldiers of the Seventh Legion came to the tent, three soldiers entered the tent, took a look and then went out.

Only Su Chen and Hua Bai were in the tent. Feng was here, and they were not foreigners.

These soldiers just looked at Su Chen and felt a little strange. But as long as these people were not foreigners, would these soldiers have made things difficult for Su Chen and the others?

After these soldiers left, Su Chen and Hua Baifeng They looked at each other but said nothing.

They clearly felt that Huang Rong's Southern Army was only targeting foreigners.

As long as they were not foreigners, these armies would basically not be in trouble.

Then, the commander of the Seventh Army asked Lian Chengbi and the others. After saying some words, Shen Bijun left with the army.

After Shen Bijun saw the surrounding black-armored troops leaving, she hurriedly asked Lian Chengbi, "Lian Chengbi, are we really going to Shengjing occupied by those troops?"

Lian Chengbi looked at the black-armored army that had gone away and shook his head and said,

"We have no choice but to go. Now the world outside the pass is dominated by the Gusu City army, and Shanhaiguan is probably already under surveillance by the Gusu City army. We have no choice but to obey the general."

Xiao Shiyilang will not go to Shengjing, which is now the headquarters of the Gusu City army.

Xiao Shiyilang is the person who wants to kill Wu Xiangjun, and he will not throw himself into a trap to defeat Wu Xiangjun's power. Range.

Xiao Shiyilang thought for a while and said to Shen Bijun,

"I won't go, Bijun, will you leave with me?"

Lian Chengbi looked at Xiao Shiyilang and said expressionlessly, "Then you can leave. Shen Bijun is my fiancée, and she doesn't need your protection in the future."

"Liancheng Bi, Xiao Shiyilang is my friend and he is here to save me this time. Please don't do this, okay?"

Chapter 839

Xiao Shiyilang didn't even look at Lian Chengbi.

He didn't like Shen Bijun as his fiancé at all.

Shen Bijun was a very beautiful and gentle woman. Ever since he met Shen Bijun, he had fallen in love with this beautiful woman.

And he also saw that Shen Bijun had feelings for him.

Shen Bijun had not developed further with him, perhaps because she had a fiancé, but he believed that Shen Bijun liked him.

When Lian Chengbi heard Shen Bijun's words, he cursed at her with an ugly face,

"Shut up, you are my fiancée, and now you are having an affair with a man. We have even lost our family's face because of you."

Shen Bijun felt very aggrieved when she heard Lian Chengbi yelling and scolding.

Although she fell in love with Xiao Shiyilang, their relationship was innocent and they didn't even do anything deviant.

Now Lian Chengbi doubts her.

This Shen Bijun felt that Lian Chengbi didn't understand her at all, and even wavered on whether to marry Lian Chengbi in the future.

Shen Bijun just thought of the situation at home, so she said to Lian Chengbi with a low expression, "Lian Chengbi, Xiao Shiyilang Just my friend, there really is nothing between us."

Lian Chengbi became even more angry when he heard Shen Bijun's excuse.

This Xiao Shiyilang has been looking at Shen Bijun since he appeared.

Is this a normal friend relationship?

Will a man be friends with a very beautiful and beautiful woman?

"Shen Bijun, do you think I'm stupid when you say this? Or do you think I'm very easy to deceive?"

Xiao Shiyilang couldn't stand it anymore.

Lian Chengbi is simply not a man.

How could he scold Shen Bijun like this?

Women are meant for pain.

Shen Bijun will marry Lian Chengbi in the future. I'm afraid this Lian Chengbi will not marry him in the future. He would be nice to Shen Bijun.

Xiao Shiyilang thought of Shen Bijun's unhappiness in the future, so he stood in front of Shen Bijun and looked at Lian Chengbi and said disdainfully, "Lian Chengbi, what's wrong even if Shen Bijun likes me? You are just Shen Bijun's fiancée. You don't think that the engagement can't be cancelled, do you?"

"Damn it, you really have a conspiracy against Shen Bijun." When Lian Chengbi heard Xiao Shiyilang's words, he waved his palm to attack him.

He hated Xiao Shiyilang very much for beating his fiancée Shen Bijun.

It seems that his guess just now was correct.

This Xiao Shiyi As expected, Lang was trying to trick Shen Bijun.

"Xiao Shiyilang?"

Shen Bijun was very confused after hearing Xiao Shiyilang's words.

She did not expect that Xiao Shiyilang would say this.

Although she liked the relaxed feeling of being with Xiao Shiyilang, she would not betray Liancheng. Bi.

Now that Xiao Shiyilang said this to Lian Chengbi in front of her, Lian Chengbi will never believe that she and Xiao Shiyilang are innocent in the future.

Boom!

"you wanna die!"

Xiao Shiyilang didn't expect that Lian Chengbi would take action suddenly. He hurriedly dodged Lian Chengbi's attack and cursed angrily.

When Lian Chengbi saw Xiao Shiyilang dodge, he attacked him and said, "Shameless. Embryo, you deserve to die!"

Boom!

As the two of them fought and became more and more angry, they both used the weapons in their hands. Lian Chengbi used his long sword, while Xiao Shiyilang took out his wolf blade.

Xiao Shi Ichiro is excellent in Qinggong. When he kept using Qinggong to fight with Lian Chengbi, Lian Chengbi could only parry. Lian

Chengbi was even afraid that Xiao Shiyilang would take the opportunity to injure him accidentally. Eleventh Lang was a little helpless.

Shen Bijun looked at Lian Chengbi and Xiao Eleven who were fighting and felt very helpless.

She didn't know who to help now? She didn't know who to persuade first?

This made Shen Bijun look at Lian Chengbi and Xiao Shiyi. For a while, she could only watch helplessly as Lian Chengbi and Xiao Shiyilang were fighting in the tent.

In the tent,

Su Chen and Hua Baifeng looked at Lian Chengbi and Xiao Shiyilang who were already fighting. He wanted to appreciate the bloody love triangle. After all, it was so exciting to see it live in the TV series.

Su Chen laughed and took a sip of wine and said,

"Ha ha! Enough drama has appeared, there is something good to watch tonight"

"You are so boring!"

Hua Baifeng was very speechless to Su Chen after she came out.

But when she looked at Shen Bijun who was very anxious next to her, she also wanted to know whether Shen Bijun, a woman, likes Lian Chengbi?

Or does she like Xiao Shiyilang?

One is Shen Bijun's fiancé.

One was the man Shen Bijun fell in love with at first sight.

No wonder the bastard Su Chen was so interested. It was indeed a good show when they were bored.

Su Chen turned to look at Hua Baifeng beside him and asked with a smile,

"Hua Baifeng, if you meet a man who falls in love at first sight, but you already have a fiancé, what will you do?"

"There is no man in the world who can make me fall in love." Hua Baifeng said very angrily when she heard Su Chen's question,

"I mean if"

"no if"

"I'll do it!"

Su Chen couldn't talk to Hua Baifeng anymore.

This woman must be a stone girl, otherwise how could she not be interested in men at all?

Women will meet the man in their mind no matter how strong or weak they are, but when they meet
There are good and bad men.

Hua Baifeng smiled when she saw Su Chen's deflated look.

She looked at the Zhu Guo in her hand and showed a funny smile.

This bastard didn't want her to ask about the spirit stone anymore. He actually gave her a Heaven
and Earth Spirit Fruit to kill himself.

This bastard has a lot of good things in his hands.

"Where is Bai Jing? That crazy woman won't leave, right?" Su Chen suddenly discovered why that
crazy woman Bai Jing didn't come over.

Now that the Jurchens were killed and

Huang Rong's army also left, why didn't that crazy woman Bai Jing come back?

Did she leave without saying goodbye?

Or did Bai Jing take it ? Did she go back to the Ghost Palace to practice with the spirit stone?

When Hua Bai heard Su Chen's words, he said playfully, "No, she is taking a bath far away, do you
want to go and take a look?"

"Am I that kind of person?" Su Chen pretended to be a gentleman when he heard Hua Baifeng's
words, but his mental power had already begun to check Bai Jing.

He was very curious about Bai Jing's bulging figure. This time he had the opportunity to see it. But
I don't want to miss it

"do not you?"Hua Baifeng didn't notice anything unusual about Su Chen. She looked at Su Chen up and down and said with disdain,

"I am, I will wait until you take a shower to watch."Su Chen touched his chin and said rudely to Hua Baifeng.

Now Su Chen is a little angry.

After he found Bai Jing,

Bai Jing was taking a bath in the river more than ten miles away. Bai Jing had a hot figure. Jing made Su Chen a little difficult to control.

Bai Jing and Hua Baifeng probably didn't know that Su Chen's mental power was so strong, otherwise Bai Jing would definitely not take a bath at this time, and if Hua Baifeng knew about Su Chen's mental power, Strong, she will definitely not tell this shameless pervert what Bai Jing is doing now.

Hua Baifeng looked at Su Chen and said threateningly,"If you want to die, you can take a peek then.""

"I'll do it!"

At this time,

Shen Bijun saw that both Lian Chengbi and Xiao Shiyilang were injured and bleeding. This made Shen Bijun worried. He walked to the river and shouted loudly,"Don't hit me. If you hit me again, Just jumped into the river?"

When Xiao Shiyilang saw Shen Bixi who was about to jump into the river, he hurriedly shouted,

"Bijun, no!"

Chapter 840

Lian Chengbi is very angry now.

Shen Bijun, a slut, must be helping Xiao Shiyilang.

He just injured Xiao Shiyilang, and Shen Bijun threatened him to stop by jumping into the river. This made the injured Lian Chengbi look very angry. Ugly.

Lian Chengbi shouted angrily at Shen Bijun who was about to jump into the river,

"Damn it, Shen Bijun, even if you jump into the river and die, you are still a member of my Lian family. Xiao Shiyilang is dead today."

Xiao Shiyilang saw that Lian Chengbi was still pestering him, which made him yell and curse at Lian Chengbi, "Get away you madman, if you don't go over, Mr. Shen Bi will really jump into the river."

"Die!" bump.....boom!

Cough cough cough!

"How can this be! How did you see the trajectory of my Qinggong?" Xiao Shiyilang covered his chest and looked at Lian Chengbi in surprise.

Lian Chengbi looked at the injured Xiao Shiyilang and laughed, "Haha, Xiao Shiyilang, although your Qinggong is very powerful, But every time you dodge a few times, you will show off to my left. This is asking for your own death."

As Lian Chengbi said that, he took the long sword and dodged to kill Xiao Shiyilang again.

Now Xiao Shiyilang not only got a slap from him, but he even stabbed this damn guy with his sword just now.

Although He was also kicked by Xiao Shiyilang, but Xiao Shiyilang was injured much more seriously than him.

"Damn it, you die too." Xiao Shiyilang covered his chest and looked at Lian Chengbi with murderous intent.

He wanted to kill this madman now.

Shen Bijun was about to jump into the river, but this bastard not only refused to save Shen Bijun, but also blocked him from going to save Shen Bijun..

If Shen Bijun has three advantages and two disadvantages,

Xiao Shiyilang will not understand his hatred even if he kills Lian Chengbi.

Boom boom boom....

Lian Chengbi and Xiao Shiyilang also started to fight, and the two people were constantly fighting each other by the river.

Xiao Shiyilang took one step in the air and kicked Lianchengbi quickly from the air. Seeing that Lianchengbi couldn't dodge, he hurriedly crossed his hands in front of his chest to block Xiao Shiyilang's attack. boom!

Lian Chengbi was kicked by Xiao Shiyilang and flew more than ten meters, and a long deep ditch was dragged out of the grass next to him.

Cough cough cough!

Lian Chengbi stood up from the ground and kept coughing blood. Although he blocked most of Xiao Shiyilang's attacks, he was still injured again.

Xiao Shiyilang's Qinggong was so fast that he couldn't guard against him, and this bastard Xiao Shiyilang didn't want to fight him head-on.

"Hidden blade!"

"The wolf's tooth blade breaks the knife!"

Boom boom boom!

Lian Chengbi and Xiao Shiyilang started fighting again.

They have now forgotten Shen Bijun's existence. Lian Chengbi and Xiao Shiyilang both wanted to kill each other.

Shen Bijun was confused now.

She didn't expect that she It was useless to jump into the river to stop the fight between Lian Chengbi and Xiao Shiyilang. Even Chengbi and Xiao Shiyilang didn't care whether she would jump into the river now?

Now she was in trouble.

Jump into the river?

Or not jump into the river?

Shen Bijun couldn't make up his mind now.

Su Chen was looking at the confused Shen Bijun while covering his nose.

He couldn't stand it now.

Bai Jing, this crazy woman, is too tempting. Just take a shower. But why did he make such a seductive move?

If Su Chen had been nearby, he would have turned into a wolf and pounced on him.

Hua Baifeng looked at Shen Bijun who was about to jump into the river and found that Su Chen next to him was very strange. Why did this bastard look so absent-minded? Like?

Although he was watching Shen Bijun about to jump into the river, why did he feel that this bastard didn't care about whether Shen Bijun would jump into the river?

Hua Baifeng patted Su Chen on the shoulder and asked,

"What's wrong with you?"

"It's okay, I just want to know if Shen Bijun will jump into the river." Su Chen was startled when Hua Baifeng patted him on the shoulder.

He thought Hua Baifeng found out that he was peeping at Bai Jing taking a bath.

If Hua Baifeng knew that he was peeping at Bai Jing taking a bath,

I'm afraid he would be doomed.

Although Hua Baifeng I don't know if she will tell Bai Jing, but she will definitely be on guard against herself, and will even use her skills to seal off his mental power.

Seeing Su Chen's reaction, Hua Baifeng asked doubtfully, "Really?" Why do I feel like you're lying?"

"I am an honest man and will not lie to others." Su Chen immediately patted his chest and assured.

Su Chen also looked at Shen Bijun by the river and shouted, "Shen Bijun, if you want to jump into the river, jump quickly. It will be completely dark after a while, and no one can do it by then. I see you jumped into the river."

Su Chen also wants to attract Hua Baifeng's thoughts now.

He is worried that Hua Baifeng will find out about his abnormality and even suspect that he peeked at Bai Jing's bath.

"Shameless!"

When Shen Bijun heard Su Chen's words by the river, her chest heaved with anger.

She didn't want to die.

This time she pretended to jump into the river to stop the fight between Lian Chengbi and Xiao Shiyilang, but that bastard actually wanted to see her jump into the river. , am I here just to perform jumping into the river for this bastard?

Boom!

At this time,

Bai Jing suddenly appeared in the air. She looked at Lian Chengbi and Xiao Shiyilang and waved her palm to blast them.

Lian Chengbi and Xiao Shiyi Lang had no time to hide before he was knocked to the ground by Bai Jing's palm and vomited blood.

They all looked at the beautiful woman in the sky in horror.

This beautiful woman was too powerful.

She was not hostile to the two of them. If this beautiful woman wanted to kill them, it would probably only be a matter of one palm.

Bai Jing looked at Lian Chengbi and Xiao Shiyilang who were lying on the ground, and she shouted to them expressionlessly, "If you want to hit me, get away." Fight some more, this is not a place for you to be jealous."

"Sorry, senior!"

"Sorry, senior, for disturbing your rest."

Xiao Shiyilang and Liancheng Bi hurriedly apologized to Bai Jing.

They could see that this beautiful woman was either a land fairy in the heavenly realm or a peak grandmaster. Such a powerful and beautiful woman was not theirs. It can be offended.

When Su Chen saw Bai Jing coming back and stopped the fight between Lian Chengbi and Xiao Shiyilang, he looked at Bai Jing very unhappy and muttered, "I'll do it! Bai Jing is really nosy, but Bai Jing is really domineering. When Hua

Baifeng saw Su Chen's depressed look, she smiled and said, "It's time to eat. Your maid has already prepared the meal.""

Su Chen looked at the people by the river, shook his head and said, "Well, it's impossible for those two guys to fight anyway, and it's impossible for that woman Shen Bijun to jump into the river. There's no fun today."

At this time, the troops of the Seventh Army were riding quickly towards Shengjing.

But at this time, the commander of the Seventh Army stopped giving orders to move forward. He looked at the soldiers of the three legions in front of him and his face was very ugly.

He They didn't expect Lord Wu Xiang to be in that tent, but now the three soldiers remembered that it was Lord Wu Xiang who was in the tent just now, which made the commander of the Seventh Army not know what to say.

"The legion immediately turned around and returned to where it was. The three of you will atone for your sins. You immediately rushed to Shengjing to report to Commander Huang Rong, saying that Lord Wu Xiang has arrived outside the pass and will arrive in Shengjing tomorrow."

"Yes, Legion Commander!" The three soldiers of the Seventh Legion immediately saluted the legion commander and rode towards Shengjing.

"Let's go, let's pick you up and return!"

"Yes, Legion Commander!"
