Chapter 841

By the small river outside the pass, when Su Chen, Hua Baifeng, and Bai Jing were going to the tent,

Lian Chengbi, Xiao Shiyilang, and Shen Bijun all looked at each other without speaking. They were all attracted by Bai Jing just now. I was shocked.

Lian Chengbi looked at the tent next to him and asked Shen Bijun, "Shen Bijun, who is the person in the tent?"

Shen Bijun shook her head, how could she know who the person in the tent was?

What a hateful man was to her. Drinking and drinking, there was another beautiful woman, although she was gentle and beautiful, but she didn't tell her her name.

And she only knew that the terrifying woman who saved her was named Bai Jing, and she had no interest in knowing about the remaining maid.

Thinking of this, Shen Bijun said to Lian Chengbi, "I don't know. Among these people, I only know that the woman just now was named Bai Jing. I was also rescued by Bai Jing. I don't even know the names of the others."

"Forget it, let's rest here for one night, and we'll go to Shengjing City tomorrow." Lian Chengbi said regretfully when he heard Shen Bijun's words.

He could see that the woman just now was at least a terrestrial immortal in the heavenly realm.

This was a land immortal in the heavenly realm!

The top existence in the world, if she could know a terrestrial immortal in the heavenly realm was very beneficial to Lian Jiabao.

But Shen Bijun didn't know anything.

Lian Chengbi thought about it and had to wait until tomorrow to see the situation.

Xiao Shiyilang looked at Lian Chengbi and said He said expressionlessly,"If you want to go to Shengjing City, go by yourself. Shen Bijun and I will leave here and return to the pass tomorrow morning."

When Lian Chengbi heard Xiao Shiyilang's words, he pointed his long sword at him and threatened,"Xiao Shiyilang, Shen Bijun is my fiancée. If you dare to hit my fiancée's attention again, don't think that I won't kill you."

"Can you please stop arguing and talk about anything tomorrow?"When Shen Bijun saw Lian Chengbi and Xiao Shiyilang facing each other again, she shouted loudly, which made her feel irritable.

The bastard man just wanted to see her jump into the river.

The bastard man must have seen that he was not He would jump into the river.

Shen Bijun was afraid and angry at Su Chen. If it weren't for that scary woman, Shen Bijun would have wanted to beat that bastard who was not a man.

At this time, in the tent,

Su Chen, Bai Jing and the other girls were While eating the food, although the conditions here are not very good, Su Chen has system space, and a lot of food materials are stored in his system space.

"Bai Jing, is the river water cold?"After Su Chen had eaten and drank, he looked at Bai Jing, who was still eating elegantly, and couldn't help but ask.

Bai Jing blushed when she heard Su Chen's words and yelled at Su Chen,"Damn it, you want to die.?"

Bai Jing didn't expect that this bastard knew about her bathing by the river. It must belong to the bastard Huabai Feng Gusu.

But this bastard is so inhuman.

How could he mention this in front of so many people?

Is this to make her deliberately embarrass herself here?

When Su Chen heard Bai Jing yelling at him angrily, he didn't understand.

Can this woman talk properly?

Why is she always angry at him?

"Damn it, I'm just asking, I'm going to take a bath in the river later, why are you reacting so hard?"

"Shameless!"

"His! Crazy woman!"

Hua Baifeng and Ning Zhong, who were standing next to them, looked at Su Chen and Bai Jing but did not interrupt. These two people were noisy along the way. They had seen this too much and they couldn't control it even if they wanted to.

Su Chen stood up and took out a red fruit and two martial arts secrets from the system space and handed them to Ning Zhongze and said, "Ning Zhongze, you will eat this main fruit later, and you can practice these martial arts secrets first. Your strength too low"

"Thank you master!"

"Well, you should practice hard from now on." Su Chen waved to Ning Zhongze and went out.

Ning Zhongze looked at the Zhu Guo and the heaven-level martial arts secrets in his hand, and felt in a trance.

She knew about the Heaven and Earth Spirit Fruit, which is something that can only be encountered. She did not expect that Su Chen would give her this Heaven and Earth Spirit Fruit.

If she eats this Heaven and Earth Spirit Fruit, her strength will definitely be promoted to the Grand Master level. If her cultivation is solid, she may be promoted to the Grand Master. The two heaven-level secret books in her hand also surprised her.

The best martial arts secret book of the Huashan Sect is the Xuan-level secret book Zixia Shengong. This is far from the heaven-level martial arts secret book in her hand.

Hua Baifeng looked at it The confused Ning Zhongze smiled and said, "Ning Zhongze, practice hard. I will help you absorb Zhu Guoli's spiritual power as soon as possible."

"Thank you, senior!"

Ning Zhong heard Hua Baifeng's words and hurriedly saluted and thanked,

"You're welcome, after all you took care of us all the way." Hua Baifeng smiled and said to Ning Zhongze.

Hua Baifeng had some admiration for her.

This woman was the wife of the head of the Huashan Sect, and now she has committed herself to become Su Chen's maid.

Originally, she thought This woman's mind is not simple, but through her observations along the way, she is doing things for Su Chen wholeheartedly, and has no other bad intentions.

This makes Hua Baifeng have a good impression of Ning Zhongze.

Bai Jing looked at Ning Zhongze The Heaven and Earth Spirit Fruit in Zhongze's hand was a bit incredible.

Not only did that bastard have spirit stones, but now he also had Zhu Guo.

Bai Jing stood up and left after thinking about this.

She had many questions in her heart now.

She had to think quietly.

The more she thought about this bastard Su Chen, the more mysterious she became. He had both the Heaven and Earth Spirit Fruit and the Spirit Stone.

How did he get it?

The Spirit Stone and the Heaven and Earth Spirit Fruit were not as powerful as his. The women gave them to that bastard, so where did this bastard Su Chen get these spiritual stones and fruits?

Did that bastard find a secret place?

Did he get these from the secret place?

But this is not right!

The secret place Even if there are spiritual fruits of heaven and earth, there is no spiritual stone at all. How did that bastard get the spiritual stone? The grassland looks very quiet under the dark night, and the riverside under the night reflects the moon in the sky. , which makes the beautiful scenery here very charming.

Su Chen took off his clothes and jumped into the river to take a comfortable bath after looking at the river. The river water is still a little warm in summer, but in the second half of the night, I am afraid it will become cold here. Very cold

"who?"

Just when Su Chen was bathing comfortably in the river, he suddenly heard a woman's voice.

This made Su Chen wonder, how could a woman appear when he was a man bathing in the river?

Are women so open now ? Peeping at a man taking a shower?

Chapter 842

By the river,

Shen Bijun came here alone again.

She was very unhappy now.

Lian Chengbi and Xiao Shiyilang had been mocking each other.

She was very helpless next to her. One was her fiancé Lian Chengbi, and the other It was Xiao Shiyilang whom she fell in love with at first sight and considered him a good friend.

No matter who Shen Bijun helped, he would always hurt the other person.

She could only avoid the two of them and go to the river to be quiet for a while.

When Shen Bijun came to the river, she found the clothes lying by the river. When she saw these clothes, she hurriedly shouted,

"who?"

"It's me, what's your name?" Su Chen was very speechless when she saw Shen Bijun from the river.

Shen Bijun was not with Lian Chengbi and Xiao Shiyilang at night.

What was she doing running to the river?

Did she still want to jump into the river?

"It's you!"

Shen Bijun used the moonlight to discover that it was Su Chen in the river.

This bastard who kept shouting and drinking at her didn't expect to take a bath here.

This made Shen Bijun very uncomfortable.

Now she didn't know what to do?

She wanted to immediately She left here, but her legs were a little unruly, which made Shen Bijun stand by the river in a daze.

Su Chen was puzzled when he saw that Shen Bijun hadn't left yet.

This woman wouldn't keep watching him take a bath here. Right?

Does Shen Bijun still have such a hobby?

"Shen Bijun, didn't you see me taking a shower?"

"I.....My legs are weak"

"I'll do it!"

Su Chen didn't expect that this Shen Bijun was so afraid of him.

Did he go too far before?

Did he frighten this Shen Bijun?

Su Chen was also very helpless in the river.

Although he was a man being looked at by a woman There was nothing wrong with taking a shower, but when he thought about a stunning beauty next to him, could he take a shower with peace of mind?

"You are really a waste! Turn around, I want to go up"

"oh oh!"

Shen Bijun lowered her head like a little rabbit and turned around quickly.

She didn't want to see something she shouldn't have seen. If her legs weren't weak and couldn't leave now, she wouldn't want to stay next to this hateful man.

Su Chen came up After putting on her clothes, she looked at Shen Bijun.

Although this Shen Bijun was a good-for-nothing woman, she was indeed a very beautiful woman. Her exquisite and convex body looked very imaginative, especially in this no-man's land where the moon was dark and the wind was high. A beautiful woman appeared next to her. This was really tempting her to commit a crime.

Su Chen shook his head and stopped thinking about these messy things.

He looked at Shen Bijun and asked,

"Do you want to take a shower?"

"ah!"

Shen Bijun was confused when he heard Su Chen's words.

What does this bastard mean? Does he want to peek at her bathing?

But she didn't come to take a bath, she just came to the river to relax. How could this bastard say that she wanted to be here? bath?

"Go take a shower. Do you want me to stay here to look after you?" Su Chen looked at the dazed Shen Bijun and said with a smile.

He could see that this woman was not here to take a bath at all, but it was none of his business.

This woman disturbed his bath, and Su Chen just wanted to tease this good-for-nothing Woman.

When Shen Bijun heard Su Chen's words, he hurriedly said, "I'm not here to take a bath. I'm just here to relax. I don't take a bath.""

Su Chen didn't care whether Shen Bijun came here to take a shower.

He used his inner strength to steam his hair dry and said with a smile, "Don't be embarrassed. No one is here, and I won't peek. Why don't you go take a shower?""

"you....I.....I don't take a shower." Shen Bijun's face is red now and she wants to strangle this bastard to death.

She has already said that she did not come here to take a bath, but this bastard keeps letting her take a bath here, and even talks about helping her to keep watch.

Even if she wants to take a bath by herself, she needs a man to help her. Looking out for clues?

Shen Bijun would not believe what this bastard said. She now suspected that this bastard wanted to peek at her bathing

"If you don't wash it, tell me earlier. It's really wasting my time. There are wolves on the grassland at night. You stupid woman, don't let the wolves take you away." When Su Chen saw Shen Bijun's expression of not wanting to take a bath, he knew that this time he would not be able to enjoy the scene of a beautiful woman taking a bath. He threatened Shen Bijun and was about to leave. When

Shen Bijun saw that Su Chen was going back, what Su Chen said just now She was also frightened. If she really encountered a wolf on the grassland, she might really be eaten.

Shen Bijun's legs were so weak that she shouted to Su Chen, "Wait for me, wait for me, I want to go back too.""

"Just follow me when you get back and scream your ass"

"My legs are weak and I can't walk now"

"Then just wait to die!"

"No, don't leave me here alone." Shen Bijun saw that Su Chen was leaving and left her alone. The grassland was now very dark and scary, which made her sob.

Su Chen looked at the crying Shen Bijun and said, "Damn it, Shen Bijun, this place is so far away from me. The tent is less than a hundred meters away, so you are afraid of a hammer."

Su Chen didn't expect that he just frightened Shen Bijun casually, but actually made Shen Bijun cry.

This made Su Chen very speechless when he looked at Shen Bijun.

"I am afraid!"

"You are in such trouble!" Su Chen looked at Shen Bijun and walked up to her, picked her up and walked back.

After Su Chen picked her up, Shen Bijun hurriedly struggled and said,

"ah! what you do?"

Su Chen looked at Shen Bijun who was struggling in his arms. He deliberately pretended to be a pervert and smiled and asked,

"What do you think? Little beauty."

Shen Bijun was frightened by Su Chen's pervert look.

She slapped Su Chen and asked the bastard to let her go,"No, you can't do this as I have a fiancé."

"It's none of my business that you have a fiancé, I won't marry you."Su Chen pinched Shen Bijun's face and said mockingly.

Shen Bijun was very scared when he heard Su Chen's words.

It's dark here.

If this bastard insults her here, she won't be able to resist.

Shen Bijun looked at The tent yelled hurriedly,"Help! Help!....."

Su Chen felt ashamed when he heard Shen Bijun suddenly shouting for help.

This woman was really frightened by him.

It seemed that he still had the potential to be a bad guy, bang!

Su Chen slapped Shen Bijun and warned,"Be more honest. If you dare to yell again, I will kill you first."

At this moment,

Bai Jing suddenly appeared at Su Chen and Shen Bijun.

Bai Jing saw Su Chen and Shen Bijun. Chen was holding Shen Bijun, and Shen Bijun looked hopeless, which made her look at Su Chen and ask angrily, "What are you doing, you shameless bastard?"

"Didn't you see the rape of women?"

"Shameless!"

Chapter 843

Bai Jing didn't believe Su Chen's words at all.

She knew that this bastard had no interest in Shen Bijun at all, and that the bastard's woman was no more beautiful than Shen Bijun.

This bastard wouldn't take action against Shen Bijun even if he was very perverted.

Isn't he beautiful?

Isn't Hua Baifeng beautiful?

Or isn't Ning Zhongze beautiful?

This bastard has three very beautiful women by his side. How could he take action against Shen Bijun, whom he doesn't like?

"Save me, senior Bai Jing, save me." When Shen Bijun saw Bai Jing appear, she hurriedly asked Bai Jing for help,

"You came at the wrong time." Su Chen let go of Shen Bijun and glared at Bai Jing and said in a very dissatisfied tone.

When Bai Jing heard Su Chen's complaint, she smiled and said, "Haha! Shameless pervert, I didn't save Shen Bijun. Just do whatever you want. Do you need me to keep a lookout for you?"

"I'll do it!"

Su Chen didn't expect that Bai Jing would say such things, look out for the wind?

Didn't he want to take a shower for Shen Bijun just now?

Now even Bai Jing has said this.

Bai Jing is not secretly following him, right?

Shen Bijun is here After being put down by Su Chen, she ran towards Bai Jing, but she never expected that Bai Jing would say such words. This made her don't know what to do now.

She was very frightened when she stopped between them. , how could this woman say such a thing?

Does this bastard have a higher status than Bai Jing?

Or is Bai Jing the wife and concubine of this bastard?

Is Bai Jing looking for a woman for this bastard?

Su Chen came to Bai Jing He hugged her waist and said with a smile,

"With a woman as beautiful as you, how could I fall in love with other vulgar fans?"

"Let go!"

Bai Jing was hugged by Su Chen, and her body suddenly froze.

This was the second time this bastard hugged her, which made Bai Jing look at Su Chen and want to beat this bastard. This bastard is getting more and more excessive now.

Su Chen smiled and hugged Bai Jing without letting go.

Although this woman kept glaring at him angrily, she didn't seem to take action against him many times.

Even when he angered Bai Jing last time,

Bai Jing was just angry. She wanted to teach herself a lesson, but there was no murderous intention in her eyes at that time.

It seems that Bai Jing, a beautiful woman, can be conquered in the future.

Su Chen smiled and lay in Bai Jing's ear and said, "No, Bai Jing, We all have this kind of relationship, it's okay to hug each other"

"I have nothing to do with you, the shameless bastard." Bai Jing blushed and shook Su Chen away from hugging her.

She didn't expect this bastard to say this.

She has a fart relationship with this bastard.

If this shameless pervert didn't have the spiritual stone she needed, she would I won't always follow this bastard.

Su Chen didn't expect that Bai Jing would use his skills to shake him away.

He looked at Bai Jing, whose face was red, and understood that it might have been him who spoke in Bai Jing's ear just now. Jing couldn't bear it anymore. It seemed that Bai Jing had never been so close to another man.

Su Chen smiled and said to Bai Jing, "Forget it, I'd better go to Hua Baifeng for comfort.""

"Shameless pervert!"

When Bai Jing saw Su Chen returning to the tent, she hurriedly followed her.

She didn't know why she felt a little unhappy when this bastard mentioned Hua Baifeng.

Hua Baifeng was a gentle and elegant beautiful woman, and she herself was a A grumpy woman, even a moody woman.

She has been compared with Hua Baifeng along the way. Whether it is cultivation level or beauty, Hua Baifeng is better than her.

But she has one thing better than Hua Baifeng. The advantage is that her figure is much more perfect than that of Hua Baifeng. This is the only place where she has an absolute advantage.

Even Su Chen, the shameless pervert, peeked at her more than once, which made Bai Jing happy and helpless.

What she was happy about was that She was able to attract this shameless pervert like Su Chen, but unfortunately she had no choice but to do anything about this bastard like Su Chen. She was taken advantage of by that shameless bastard all the way.

Shen Bijun now stood here in confusion and felt helpless.

She Now she understands that the bastard just played a trick on her on purpose.

The bastard didn't like her at all, and he never even looked at her.

She was a little pretentious just now, but she just thought about the bastard spanking her just now. Her face was very hot.

How could that bastard attack her?

And he also hit her.

Shen Bijun looked at the tent and waved his fist in shame and anger.

But when she thought of the terrifying strength of those women, she had no choice but to go to the horse to rest. In the tent,

Hua Baifeng and Ning Zhongze had already laid out a sleeping place.

The carpets and bedding in the tent had been divided into four parts and spread out. There was no way to get down in the small tent.

Su Chen took off his shoes. Just lie down on a comfortable floor and prepare to rest. It is indeed very good to have Ning Zhongze here. Ning Zhongze has done these things very well. This time, Ning Zhongze is not in vain.

"Su Chen, you sleep in the back." Hua Baifeng lay down when she saw Su Chen come in. She kicked Su Chen with her feet and said,

"Why?"

"You know"

"I just sleep, I don't do anything at night."

Bai Jing looked at Su Chen and said with disdain, "Tsk! Who would believe what a pervert said."

Su Chen looked at Bai Jing and ignored her.

It's better to rest as soon as possible now. He will set off early tomorrow morning. He doesn't want to encounter any more trouble on the road.

Twenty miles away from the river, the Seventh Army Corps After stationing here, the commander of the Seventh Army originally wanted to go over, but he thought that it was already dark, and he was afraid that going there would disturb Lord Wu Xiang's rest, so he prepared to go there early tomorrow morning to greet Lord Wu Xiang.

The night passed like this. , but when Su Chen woke up and saw Bai Jing in his arms, he felt very uneasy.

Although he didn't do anything at night, how could Bai Jing sleep in his arms?

Su Chen didn't remember He and Bai Jing slept together

"Um?"

At this time,

Bai Jing suddenly opened her eyes and woke up. She immediately opened her eyes wide when she saw Su Chen hugging her.

"I'll do it! that! Do you believe that I said it was you who squeezed in to sleep with me?"

Su Chen felt his scalp numb when he saw Bai Jing waking up at this time.

He knew that he might be in trouble this time.

Bai Jing, a crazy woman, would probably castrate herself when she saw him sleeping with her in his arms.

"take your hands away"

"Uh-oh!"

Chapter 844

When Su Chen heard Bai Jing's words, he hurriedly took out his hand.

Fortunately, there was no one else in the tent now.

Hua Baifeng and Ning Zhongze didn't know what they were doing early in the morning, and they didn't know what they were doing when they slept with Bai Jing in their arms. Have you two seen it?

Seeing Bai Jing's face flushed with embarrassment, Su Chen couldn't help but hug her again. This time, Su Chen hugged Bai Jing tightly.

Bai Jing was hugged by Su Chen again and said nervously, "Let me go quickly, Hua Baifeng and the others may come over at any time."

"Don't worry, I'll find out when they arrive." Su Chen smiled when he saw Bai Jing's nervous look and said,

Bai Jing looks very beautiful now.

I don't know if Bai Jing just woke up, but Bai Jing is very attractive now.

She Su Chen's mature temperament made Su Chen couldn't help but want to kiss Fangze.

Bai Jing was a little panicked and pushed Su Chen away, "Damn it, let me go, you're going to die."Woohoo!"

Su Chen hugged Bai Jing and kissed him cruelly. He died under the peonies and was a ghost.

Su Chen is going to commit suicide now.

He now hopes that Bai Jing will not go crazy and kill him afterwards.

Bai Jing Watching Su Chen forcefully kiss her with wide eyes, her fisted hand slowly loosened, until Bai Jing hugged Su Chen's neck, the only sound left in the tent was the sound of rapid breathing.

By the river,

Ning Zhongze and Hua Baifeng are also back.

They came out to practice by the river in the middle of the night.

With the help of Hua Baifeng, Ning Zhongze is now at the peak of her master's level. This is really thanks to Su Chen's Zhu Guo

Hua Baifeng and Ning Zhong entered the tent and saw Bai Jing sitting on one side with a red face, while Su Chen covered her mouth and sat depressed on the other side.

Hua Baifeng asked suspiciously when he saw this situation. , "What happen to you guys? Are you bickering again?"

"Nothing happens, we are ready to go." Su Chen glared at Bai Jing and said to Hua Baifeng and Ning Zhongze.

Su Chen was also very speechless.

Originally, he and Bai Jing had made things work smoothly, but when Su Chen wanted to do something further,

Bai Jing actually bit him. He was so painful that Su Chen had no interest in doing anything else for a while.

Bai Jing secretly looked at Su Chen, did Su Chen, the shameless pervert, just want to die? It was already dawn and that bastard was still there If she wanted to do those things, it would be a good thing if she didn't bite that bastard to death.

"good!"

Just when Hua Baifeng, Ning Zhongze and the other three women were packing up the tent together, suddenly a sound of horse hooves came over.

After hearing this, Su Chen and the others came out of the tent and looked into the distance. When Su Chen saw it was black He had a bad premonition when he arrived at Army A.

I am afraid that the army coming this time is here to find him.

The three soldiers yesterday must have remembered him, otherwise the Seventh Army would not have been able to return here at this time.

Su Chen was helpless.

He originally didn't want to disturb Huang Rong and wanted to rush back to Gusu City as soon as possible, but now it seemed impossible. When

Hua Baifeng saw the troops of the Seventh Army arriving again, she looked at Su Chen in confusion. Asked "Why are your troops back?" Did something happen again?"

Su Chen looked at the arriving Seventh Legion and said helplessly, "Maybe my identity has been exposed. The three soldiers yesterday must have remembered who I am."

"What to do? Are you going to see Commander Huang Rong?" Bai Jing asked hurriedly after hearing Su Chen's words.

Bai Jing knew that there were other women of this bastard in Huang Rong's Southern Army. She had just established a relationship with this bastard. She didn't want this bastard to be with other women at this time. women together

"Go and see him. Now that he has been discovered, go and see Huang Rong." Su Chen hugged Bai Jing and smiled and said,

Su Chen doesn't care what Hua Baifeng and Ning Zhongze think next to him,

Bai Jing is already in love with him,

Su Chen will not hide it from others.

His women can appear openly and openly by his side, and can even be said to be his women openly.

Bai Jing's face was full of shyness when Su Chen hugged her in front of Hua Baifeng and Ning Zhongze.

She also knew that Su Chen This plan only made her a little embarrassed to face Hua Baifeng and the others. After all, she and Su Chen, a bastard, were progressing too fast.

Hua Baifeng and Ning Zhong were very surprised when they looked at Su Chen and Bai Jing.

They didn't expect The two people who had always been against each other turned out to be on good terms, but was this too fast?

But how could these two people have changed so much in less than one night?

This made Hua Baifeng find it very difficult to accept when she looked at Su Chen and Bai Jing.

And The next time,

Shen Bijun brought Lian Chengbi and Xiao Shiyilang to Su Chen.

They were also awakened by the sound of horse hoofbeats, but Shen Bijun and the others were very shocked when they saw Bai Jing hugged by Su Chen.

Shen Bijun looked at Su Chen and Bai Jing looked as if they were like this. Bai Jing was indeed the wife and concubine of this bastard. Her guess last night was very correct. Lian Chengbi and Xiao Shiyilang looked at Su Chen and were guessing his identity.

I know that Bai Jing is a very powerful woman, and a very beautiful and glamorous woman.

But such a powerful, beautiful and glamorous woman actually committed herself to a man, and there are two very beautiful women next to this man. Obviously this The relationship between the two beautiful women and this man is probably unusual.

This made Lian Chengbi and Xiao Shiyilang curious about Su Chen's identity.

Dong Dong Dong Dong Dong Dong.....

At this time, the troops of the Seventh Army also arrived.

When the commander of the Seventh Army saw Su Chen, he hurriedly dismounted and saluted Su Chen, "The Seventh Army of the Southern Army, the commander of the Army, Zhou Wantao, is here to join us! See Madam!"

"See you, Your Majesty! See ma'am!"

The five thousand soldiers of the Seventh Army dismounted neatly and saluted Su Chen and Bai Jing.

"Everyone, get up, commander of the Zhou army, and gather the army back to Shengjing immediately." Su Chen waved his hands to the commander of the Seventh Army and the soldiers and ordered,

"Yes, Your Majesty!"

Bai Jing looked at Su Chen with love in her eyes.

Originally, she didn't want Su Chen to go to Shengjing. After all, there were other women of this bastard there.

But since the soldiers of the Seventh Legion called her Madam, She doesn't care about anything anymore.

From now on, she will be the legitimate wife of this bastard Su Chen.

She also doesn't care about this bastard and other women.

Shen Bijun and Lian Chengbi are both confused now.

They didn't expect that this man turned out to be Gu Su Lord Wu Xiang of the city, this frightened them a bit.

Anyone on the Tianxuan Continent might know Lord Wu Xiang's name, especially what happened in the capital of the Ming Dynasty four days ago. Lord Wu Xiang was dispatched Five terrestrial gods in the Heavenly Realm made a big fuss in the Ming Dynasty Palace.

Even the ancestor of the Ming Dynasty, Emperor Ye, was killed by Wu Xiangjun's woman. Even the Emperor Ye who was half a step into the Golden Core Realm was killed by Wu Xiangjun's woman.

This is very scary.

From now on, Lord Wu Xiang will probably be able to cover the sky with one hand in Tianxuan Continent.

Chapter 845

Shengjing City is the place where the Jurchens rose.

If Su Chen had not appeared, the Jurchens would have risen all the way and might even have established a huge empire.

But since the arrival of Huang Rong's southern legion, the Jurchen tribe has been annihilated.

There are now hundreds of thousands of Jurchen women left out of the millions. Jurchen men who are taller than a wheel are ruthlessly slaughtered.

Shengjing City can now also be called the Widow City.

Today, the entire Shengjing City is under martial law, whether it is the hundreds of thousands of troops outside Shengjing City, or the troops standing guard and patrolling everywhere in Shengjing City.

This all shows that a big figure is coming to Shengjing City, and his official position is even higher than that of Huang Rong, the commander-in-chief of the Southern Army.

On the wall of Shengjing City,

Huang Rong stood on the wall in military uniform and looked into the distance.

After looking into the distance for a while, she asked her deputy general, "Have the secret guards and the people in the trap been dispatched?"

The deputy general turned to Huang Rong. After saluting, he said, "Commander, the secret guards and snares have been dispatched. Shengjing City is now all under the surveillance of the secret guards and snares. There will be no assassination when your Majesty arrives."

"Um! This is the best. Although Shengjing City is under our control, the Jurchen men have been slaughtered by us. If those women are not honest, we will send them on their way. There can be no surprises when you arrive, otherwise Our southern army will be embarrassed in front of other armies."

"Yes, Commander!"

On the wall of Shengjing, the daughters of the Yin and Yang family also appeared here.

The Moon God, Ehuang Nvyang, Da Siming, the new Shao Siming, Shangui, and even some powerful Wuling Dongxuan appeared here.

On the other side were dozens of Taoist masters.

This time, the Taoist leader Chi Songzi came with the six elders.

The rest were the cold-looking Wei Zhuang and the expressionless Gai Nie who led the network of many masters.

They These people are waiting for Su Chen's arrival.

In Shengjing City, countless Jurchen women don't understand what is going on today. The city has been put under martial law by the army.

Black-armored troops can be seen everywhere on the streets. patrols, and some men in black were shuttled through Shengjing City to check the surroundings vigilantly.

A beautiful woman saw that Shengjing City was under martial law, and there were many troops and secret guards patrolling and searching on the streets, and she looked next to her A very beautiful and elegant woman said,"What's going on? elder sister?"

The noble woman shook her head and said,"I don't know. It should be the arrival of an important person in Gusu City. Didn't you see that Commander Huang Rong personally went to greet the visitor?"

"Sister, do we still want revenge?"

"revenge? How to take revenge? Even after revenge? The Jurchens are finished, and there are only hundreds of thousands of Jurchen women left, and the future fate of these women also depends on the decision of Wu Xiangjun in Gusu City"

"But our husband died like this, why don't we take revenge?"

"Of all the women in Shengjing City, which one has no hatred? The women here have either lost their husbands, brothers or sons, but what can they do as women? What can we do in the face of the powerful black-armored army?"

While these two beautiful women were talking, the sound of the horn of the Southern Legion came out.

Wuwuwuwu.....

After the horn sounded, the army in Shengjing City immediately rushed the people on the street to both sides of the road. The whole street was filled with black-armored troops standing guard.

On the street, these two beautiful women were nervously hiding in a tea shop hand in hand.

They were both frightened by such a large formation, but they wanted to know who was coming this time.

The two beautiful women did not leave either.

At this time, when the horn of the Southern Legion sounded,

Huang Rong came down from the city wall with more than ten legion commanders behind him after hearing it.

This was the horn sound of the arrival of Lord Wu Xiang, and they were all going to greet him at the city gate. The arrival of Lord Wu Xiang.

Outside Shengjing City, hundreds of thousands of troops were neatly lined up in military formations outside the city wall, waiting for Su Chen's arrival.

In a carriage less than ten miles away from Shengjing City, thousands of cavalry troops escorted the carriage and slowly moved towards Shengjing City.

In the carriage,

Bai Jing looked at the blue bird jade pendant in her hand and kept squinting her mouth and smiling. But her status symbol was that she suddenly thought of Su Chen detaining Shen Bijun and the other three.

Bai Jing looked at the leisurely Su Chen and asked doubtfully, "Su Chen, why did you arrest Shen Bijun and Lian Chengbi? ?"

Su Chen leaned on Bai Jing's soft body and said with a smile,

"That Xiao Shiyilang is a member of the Anti-Soviet Alliance. Although I won't kill him this time, I won't let him go either. He will be handed over to Wei Zhuang. If Wei Zhuang can conquer him, I will conquer him. If that doesn't work, ask for the information and then kill him."

Bai Jing nodded when she heard Su Chen's words.

She had also heard about the anti-Soviet alliance, but she didn't expect that Xiao Shiyilang was also a member of the anti-Soviet alliance."So that's it. Then Shen Bijun and Lian Chengbi Woolen cloth? What are you going to do with them?"

"There is no problem with them, and they will be allowed to leave when they arrive in Shengjing."

Hua Baifeng saw that Su Chen's feet kept moving around on her calf, which made Hua Baifeng, who was already in a bad mood, look at Su Chen and yell angrily,

"Bastard, if you move your feet again, I'll chop them off."

Hua Baifeng was very unhappy when she looked at the blue bird jade pendant in Bai Jing's hand.

She didn't know why, but she just saw Bai Jing staring at the blue bird jade pendant and laughing all morning, and she was in a very bad mood.

Su Chen looked at Hua Baifeng smiled.

He knew why Hua Bai Jingfeng was in a bad mood today.

I'm afraid Bai Jing also knew that

Su Chen also wanted to capture Hua Baifeng today, but now was not the time to capture Hua Baifeng. Although this woman might be She is jealous, but she is not so easy to get.

Although Bai Jing is a crazy woman, as long as she believes in things, she will not change.

Bai Jing can be said to be the hardest woman to get, and also the easiest woman to get.

Su Chen took Hua Baifeng's hand and smiled and said,"Hua Baifeng, you are a gentle and elegant lady. Don't just kill and chop. This will damage your beautiful image in my heart.""

"you....."

Hua Baifeng was about to break away when Su Chen held her hand, but Su Chen held her hand and didn't let go.

She was very helpless.

She finally understood that she might be eaten to death by this bastard in the future, but she wouldn't Like Bai Jing, she fell into the hands of this bastard.

This bastard is a shameless pervert, but she has always been on guard against this bastard.

"You two, get ready. Shengjing is about to arrive. We will ride on horseback to review my southern army in a moment."

Chapter 846

In the carriage, Su Chen changed into the monarch's uniform made for him by Changsun Wuchu. The black monarch's uniform was embroidered with a golden black bird with spread wings, and the cuffs and hem were embroidered with gold threads.

And Su Chen's temperament completely changed when he put on this royal uniform.

Now Su Chen is sitting in the carriage without saying a word. He is also full of majestic temperament, and even every move has a majestic behavior.

Bai Jing's eyes twinkled as she fixed Su Chen's hair.

She was very satisfied with how Su Chen looked now.

Su Chen now looked handsome and unrestrained, even more handsome than before.

Hua Baifeng was going to teach this bastard Su Chen a lesson, but the bastard started changing clothes in the carriage in front of her and Bai Jing. This made Hua Baifeng almost kick the bastard out in shame.

But after this bastard changed his clothes,

Hua Baifeng looked at Su Chen and was very surprised.

This bastard seemed to be a different person now.

Su Chen made her feel pressure just by sitting next to her. This was not about strength. Make her feel the pressure.

And a kind of temperament, a temperament that dominates the world.

Hua Baifeng looked at Su Chen in a daze for a long time without coming back to his senses. Su Chen now had a serious and handsome face with dignity, which made Hua Baifeng also fascinated.

Outside the carriage, the commander of the Seventh Army reported to Su Chen, "Your Majesty, we will reach Shengjing City in five miles."

"Prepare three horses. I am going to ride into the city with my ladies."

"Yes, Your Majesty!"

Su Chen looked at Bai Jing and Hua Baifeng and nodded.

He got off the carriage first after the carriage stopped. Bai Jing and Hua Baifeng looked at each other and got off.

After Su Chen got off the carriage, people around him The soldiers of the Seventh Army all lowered their heads to salute Su Chen.

Ning Zhong looked at Su Chen and lowered his head. Su Chen now felt very strange to her, and even a little scared.

Between Su Chen, Bai Jing, and Hua Bai After Feng and the others mounted their horses,

Su Chen suddenly shouted to those around him,

"You Ruo!"

"Owner!"

A woman in black suddenly appeared in front of Su Chen and saluted,

"Give the black bird flag to the commander of the 7th Army"

"Yes, master!"

After Su Chen saw Shadow Assassin Youruo handing the Black Bird Flag to the Commander of the Seventh Army from the other Shadow Assassins. The Commander of the Seventh Army held the Black Bird Flag in both hands and lowered his head to wait for Su Chen's instructions. The

Seventh Army Commander

The commander of the legion knew what the black bird flag belt represented.

One black bird flag has been hanging in the black bird palace in Gusu City, and this side is the black bird flag used by Lord Wu Xiang on the battlefield.

This black bird flag The flag has only appeared on the battlefield once, and that time was also a war in which the former Netherworld Cavalry Legion defeated the greater number with a small number in the Great Sui Dynasty.

The appearance of the Black Bird Flag is something that makes every legion very honored.

This time the Black Bird Flag will appear In their southern legion, this would make all the commanders of their southern legion very excited.

Su Chen looked at the commander of the seventh legion and ordered, "Commander of the Zhou legion, enter Shengjing City with the black bird flag."

"Yes, Your Majesty!"

"Depart for Shengjing City!"

"Yes, Your Majesty!"

In the ranks of the Seventh Legion,

Shen Bijun, Lianchengbi, and Xiao Shiyilang were escorted by the army to Shengjing City.

Shen Bijun and Lianchengbi were very uneasy, but they had no choice now. The army here is not theirs. They can be dealt with.

If they run away now,

I'm afraid Wu Xiangjun's wife will take action to kill them. Wu Xiangjun's wife is a being in the realm of heaven and human beings.

Shen Bijun and Lian Chengbi don't dare to resist at all now. They just We can hope that Lord Wu Xiang will not do anything to them.

And Xiao Shiyilang is very worried and scared now. He is very worried that he will be exposed. He doesn't know if someone in the anti-Soviet alliance will betray him? But

?

Even if he doesn't want to go to Shengjing City, he has no choice unless he seeks death and escapes now.

Shen Bijun was very surprised when she saw Su Chen and Bai Jing coming out of the carriage. After Su Chen and the others got on their horses, she guessed Su Chen and the others might have to ride to Shengjing City.

Shen Bijun saw Su Chen change his clothes, and his eyes widened when he felt Su Chen's majestic aura. Wu Xiangjun, who had always disliked him, was now It made her feel very different.

Shen Bijun didn't expect that hateful bastard to have such a majestic and contemptuous temperament.

Is this the original temperament of this bastard?

Is this the most powerful man in Tianxuan Continent?

Shen Bijun Looking at Su Chen, he was mesmerized.

I am afraid that no woman can resist his handsome temperament with such a man. This bastard is probably the ideal husband of all women in Tianxuan Continent, right?

Even Cheng Bi didn't do it after seeing the performance of Shen Bijun next to him. No matter how she scolded her, he could not compare with Lord Wu Xiang.

I am afraid that he was not taken seriously by Lord Wu Xiang at all. Lord Wu Xiang has many masters under his command, and there are probably countless masters like him in the realm of cultivation.

He is in Wu Xiang I'm afraid Xiang Jun is just an insignificant person in his eyes. He has turned away from

Shen Bijun now.

If Shen Bijun is attracted by Wu Xiangjun, he may be powerless even if he wants to stop him, even if it means risking his life and the Lian family. I am afraid that the power of the fort will be of no help. Hundreds of thousands of troops are lined up outside Shengjing City.

All the legions here know that Lord Wu Xiang is coming, and Lord Wu Xiang, whom all their troops here are loyal to, will come to review them. Now the soldiers of the entire southern army are in high spirits waiting for the arrival of Lord Wu Xiang for review. At the gate of Shengjing City, Huang Rong stands in uniform under the protection of various army commanders and secret guards. Regarding the arrival of Lord Wu Xiang, Huang Rong also She was looking forward to it very

much, but she hadn't seen him for some time. After the Xingzilin incident, she joined Su Chen's army and became a general, army commander, and now the commander-in-chief of the Southern Army. She rose up the army step by step. This is all Su Chen's trust in her. She also has a special feeling for Su Chen, but Wu Xiangjun is too troublesome, and she often doesn't see Wu Xiangjun. This makes Huang Rong hide all this in her heart. Just when Huang Rong was thinking about these things, a messenger ran over on horseback and hurriedly saluted Huang Rong, "Report to the commander-in-chief, the black bird flag, the black bird flag of your Majesty has appeared." Huang Rong was very happy when she heard the appearance of the black bird flag. She knew very well what the black bird flag represented, and this time Wu Xiangjun came with the black bird flag. She also knew why. Huang Rong clenched her fists and said something to her face. He smiled and said,

"Blackbird flag? Lord Wu Xiang is coming soon, and this time he is flying the black bird flag. This is support and affirmation for our southern army. Lord Wu Xiang has no objection to our massacre of those foreign races."

Chapter 847

Outside Shengjing City, with the appearance of the Black Bird Flag, the troops of the Southern Legion here were all excited. If Lord Wu Xiang was not coming soon, I am afraid that all the troops here would have cheered.

The Moon God of the Yin Yang Family also appeared at the gate of the city with the masters of the Yin Yang Family.

She didn't have to appear here, but after hearing the appearance of the Black Bird Flag, she also came here with the women of the Yin Yang Family.

There are only Taoists left on the city wall, and they are not qualified to see Lord Wu Xiang now.

Wei Zhuang and Gai Nie were patrolling the city of Shengjing with their nets.

When Lord Wu Xiang arrived, they might use someone to assassinate him.

Although assassins are unlikely to appear here, they still patrol Shengjing City carefully.

On a high building,

Gai Nie looked at Wei Zhuang beside him and reminded him, "Xiao Zhuang, aren't you going to see your brother-in-law?"

"no need."

Weizhuang shook his head coldly and said,

Wei Zhuang is very angry with Wu Xiangjun.

That bastard left Zi Nu alone in Xinzheng City, and that romantic bastard kept running around causing trouble.

This The war against the Ming Empire was also caused by that bastard, and this time Wu Xiangjun almost died.

Sometimes Wei Zhuang couldn't understand, that bastard Wu Xiangjun was already very powerful, why couldn't he How about conquering the world safely?

"Um! I'm afraid it's impossible for you not to see Mr. Wu Xiang when he arrives. He will definitely summon you."

"Let's talk about it then."

Gai Nie looked at the two beautiful women in the tea shop and said to Wei Zhuang,

"Those two women should not be able to assassinate Wu Xiangjun, and they do not have the ability to assassinate Wu Xiangjun. They can just let Tianze send people to spy on them."

"Senior brother, you are too kind. These two women may have bad intentions when they appear here. Don't forget their identities." Weizhuang looked at the two beautiful women in the tea shop and said expressionlessly.

Wei Zhuang secretly monitors all suspicious people in Shengjing City, and the appearance of these two beautiful women immediately attracted Luo Wang. I found out.

They are both Fujins of the Jurchen nobles, that is, the princesses of the Jurchens.

They would definitely not come to greet Lord Wu Xiang when they appeared on the street. After all, their men were killed by Lord Wu Xiang's army. Even their glory and wealth were deprived of them.

Gai Nie shook his head and said helplessly to Wei Zhuang, "Xiao Zhuang, don't be so murderous. I don't think these two women will assassinate Lord Wu Xiang. You have to believe me"

"Senior brother, how do I compare with Commander Huang Rong?" Weizhuang looked at the two beautiful women in the tea shop and asked Gai Nie.

When Gai Nie heard Wei Zhuang mention Commander Huang Rong, he was very impressed.

A weak woman could actually become the commander of the Southern Army, and even He commanded hundreds of thousands of troops and never lost a battle along the way.

He destroyed Dali, and many tribes in South Vietnam were destroyed or conquered.

He also almost crippled the Song Dynasty, and even wiped out dozens of small foreign countries and tribes along the way.

These This all made Gai Nie praise Huang Rong very much.

"Commander Huang Rong is a strange woman, and I have no objection to the massacre of those alien races this time. If I hadn't been unfit to come forward, I would have massacred those alien races, and those alien races should all deserve to die."

"Hahaha!"

Weizhuang laughed rarely when he heard Gai Nie's words.

You must know that Wei Zhuang never smiles, but this time he was very happy. Gai Nie's rare lack of mercy this time made him very happy.

Gai Nie Hearing Wei Zhuang's laughter, he knew why.

Gai Nie was very opposed to the massacre of aliens at first, but when he arrived at a foreign tribe and saw the miserable state of the Central Plains people, it was Gai Nie who did not kill easily. The man was also completely furious.

He also held the sword and killed the aliens mercilessly.

The aliens here did not treat the Central Plains people as human beings at all.

Two-legged sheep?

The Central Plains people were actually two-legged in the eyes of these aliens. Sheep?

Even the captured Central Plains women were even more miserable. Gai Nie still couldn't forget the scene he saw. Gai Nie suddenly thought of Huang Rong's massacre of foreigners and asked worriedly, "By the way, your brother-in-law can't Are you blaming Commander Huang Rong for this massacre of foreigners? Wei

Zhuang shook his head and said firmly,

"No, the Black Bird Flag has already appeared, which shows that Lord Wu Xiang supports Commander Huang Rong very much, and he has no intention of blaming the foreigners for this massacre."

Gai Nie breathed a sigh of relief when he heard Wei Zhuang's words.

This also gave Gai Nie a new understanding of Su Chen.

Lord Wu Xiang's delegation of power to the commanders was probably the most courageous among all empires.

Huang Rong commanded the south. The legion has great freedom.

Commander Huang Rong does not even need to ask Gusu City for instructions. She can launch wars against threatening aliens, or even wars to annihilate the country.

This is something that other empires dare not even think about, but in the south The loyalty of the troops of the legion to Lord Wu Xiang is probably the most terrifying.

If Commander Huang Rong launches a rebellion, I am afraid that the troops of the southern legion will no longer obey Commander Huang Rong's orders.

This is something that Gai Nie has never understood. Why All the legions in Gusu City are loyal to Lord Wu Xiang?

In the tea shop on the street of Shengjing City, two beautiful women also discovered that they were being watched, but they ignored the person who was watching them.

Now they are very They were shocked that

Lord Wu Xiang was coming to Shengjing City?

They all couldn't understand why Lord Wu Xiang came to Shengjing?

Did Lord Wu Xiang want to personally direct the war against the Ming Empire?

The cold-faced woman looked at the elegant woman next to her He asked, "Sister, do you think Mr. Wu Xiang will accuse Huang Rong when he comes this time? After all, Huang Rong ordered the massacre of millions of aliens."

After hearing this, the elegant woman shook her head calmly.road,

"I don't know, these are not things we should worry about. Now we are also under surveillance. It seems that the secret guards and those snares are very complicated. I am afraid that the women who intend to move this time will be monitored. If they make any moves, I am afraid will be killed quickly."

Although the elegant woman said this, the tight hold of her hands under her dress showed that she was very uneasy now.

Wu Xiangjun's arrival this time made her impulsive and wanted to assassinate him, but she It is impossible for her to get close to Lord Wu Xiang with her strength, but in order to avenge his father, husband, and son, she will use any method to get close to Lord Wu Xiang this time, and then assassinate Lord Wu Xiang.

The woman with a cold face is somewhat He said worriedly,

"I hope those women don't be stupid. Wu Xiangjun is surrounded by women who are in the realm of gods and humans. Those women have no chance to get close to Wu Xiangjun. They will be killed by the Snare Assassin before they even make a move."

"hope so!"

Chapter 848

In Shengjing City, everyone inside and outside Shengjing City is now preparing to welcome Lord Wu Xiang's arrival.

Whether they are those who welcome Lord Wu Xiang or those who do not welcome Lord Wu Xiang's arrival, they are now focusing on the streets outside the city and in the city.

Outside Shengjing City, as the sound of horse hooves coming out in the distance got closer and closer, the entire southern army army was highly concentrated.

Their king was about to arrive, which made all the army soldiers here very excited.

Da da da da da.....

As the sound of horse hooves got closer and closer, a black-armored army appeared not far away, and the golden blackbird flag on a black background fluttered in the wind.

Hundreds of thousands of southern legions lined up in a military formation. When they saw the Black Bird Flag, they all excitedly put their right hands on their chests. This was their respect for the Black Bird Flag and their loyalty to Lord Wu Xiang. and affection.

When Su Chen arrived on a war horse with Bai Jing and Hua Baifeng, when passing by the first army capital of ten thousand people, the soldiers of the first ten thousand people knelt down neatly and saluted Su Chen,

"See you, your Majesty, you will be yours for thousands of years!"

Su Chen waved his hand as he looked at these elite troops.

These troops were the team he started from.

They were even the first legion raised by Su Chen's Gusu, and they were also the most powerful combat legion among the four legions.

"See you, your Majesty, you will be yours for thousands of years!"

"See you, your Majesty, you will be yours for thousands of years!"

"See you, your Majesty, you will be yours for thousands of years!"

"See you, your Majesty, you will be yours for thousands of years!".....

When Su Chen, Bai Jing and Hua Baifeng passed by a team of 10,000 people, they all knelt down in order and saluted.

Shen Bijun, who was in the seventh legion, looked at Su Chen with a bright light in his eyes.

She was exaggerated by the atmosphere here.

Hundreds of thousands of troops.

Each of these troops knelt down and saluted Su Chen.

This man was really very powerful.

This was a truly powerful man!

This is a man worth trusting for life!

Lian Chengbi and Xiao Shiyilang are nothing compared to Wu Xiangjun.

Shen Bijun is always looking at Su Chen.

As for Lian Chengbi and Xiao Shiyilang next to her, she doesn't even care about them now, nor does she care about them. Feel it now.

When Su Chen arrived at a high platform at the gate of the city,

Huang Rong and the commanders of the southern legions saluted Su Chen and said,

"Huang Rong, the commander-in-chief of the Southern Army Corps, brought the commanders of the Southern Army Corps to see your Majesty. Your Majesty will be yours for thousands of years!"

"See you, your Majesty, you will be yours for thousands of years!"

"Get up, everyone"

"Thank you!"

Su Chen dismounted and looked at the Luna girls next to him and nodded to them. Then Su Chen climbed onto the high platform.

He was very high-spirited when he looked at the hundreds of thousands of black-armored troops around him.

There are infantry here. There are heavy armored infantry, cavalry, and heavy armored cavalry, and there are even mountain jungle legions specially established to deal with the indigenous people in the south.

These legions are the most powerful legions in the Xuan Continent today, and no other empire's army can match it.

The south. Each and every ten thousand soldiers of the legion looked at Su Chen on the high platform.

Their king was about to start speaking.

They all wanted to hear Su Chen's affirmation and praise of the Southern Legion.

Huang Rong and the commanders of the various legions They also looked at Su Chen with great expectations. This time they traveled thousands of miles to attack the Ming Empire. They all wanted to hear Su Chen's encouragement and expectations for them.

Su Chen looked at the hundreds of thousands of troops here and said Nei Li said loudly,

"All soldiers of the Southern Army!"

"I am very happy today because I saw a powerful legion in my army today"

"The Southern Army can be said to be the army started by me. It is precisely because of your bloody battles that Gusu City is what it is today, and I am what I am today."

"The Southern Legion is my most loyal legion, and it is also my most powerful legion. I will never forget your bloody battle, my wives will not forget, my daughter will not forget, and neither will the people in Gusu City's sphere of influence. will forget"

"This time the Southern Legion traveled thousands of miles to attack the Ming Empire. This was the first time they attacked a complete empire. Although the Ming Empire was powerful, all my legions were very powerful."

"I believe that the Southern Army will conquer the Ming Dynasty Capital"

"Destroyed the Ming Empire"

"Capture the Ming Emperor alive"

"However, war inevitably involves casualties, but as long as our legionnaires from Gusu City are killed in a foreign country, the ashes of the heroes will be brought back to their hometown. This is my guarantee to you."

When Su Chen said this, he looked at all the legionnaires around him and shouted loudly,

"Then the soldiers of the Southern Army"

"Are you confident that you can destroy the Ming Empire?"

"have! have! have!"

Hundreds of thousands of soldiers responded loudly to Su Chen in unison.

Su Chen continued to shout loudly,

"Are you confident that you can capture the Ming Emperor alive?"

"have! have! have!"

"I wish you all great success! Successful triumph!"

"For the sake of your Majesty, fight bravely to kill the enemy! Death is not a pity!"

"For the sake of your Majesty, fight bravely to kill the enemy! Death is not a pity!"

"For the sake of your Majesty, fight bravely to kill the enemy! Death is not a pity!"

After Su Chen finished speaking, hundreds of thousands of soldiers shouted in unison.

Everyone in Shengjing heard the shouts of the troops outside the city, and the loud slogans of the Southern Army were even more deafening.

At this moment, those who were preparing The women who wanted to assassinate Su Chen couldn't help but tremble in fear. They all knew how powerful the black-armored army was. But Wu Xiangjun was even more terrifying.

Even the top leaders of the gods can't count them.

Can they assassinate Wu Xiangjun?

If the assassination fails,

Wu Xiangjun will be furious and may even massacre all the women of the Jurchen tribe.

In the tea shop.

The two here A beautiful woman also heard the slogans of the army outside the city.

They did not expect that Wu Xiangjun's army would identify with their king so much.

This is much stronger and more united than the Jurchen army.

The Jurchen Eight Banners army each They all have their masters, and sometimes they even do not obey the orders of the Great Khan. The Jurchen armies are often suspicious of each other and rebel.

This is incomparable with the army of Gusu City.

The two of them are mutually exclusive. After looking at it, they didn't say anything.

They would not participate in the assassination this time, but they were not sure whether they would have the opportunity to assassinate Lord Wu Xiang in the future. After all, the guards around Lord Wu Xiang were too tight. I'm afraid they just wanted to assassinate him. They couldn't get close to Lord Wu Xiang.

On the high building,

Gai Nie and Wei Zhuang also heard the slogans of the troops outside the city.

They knew that Lord Wu Xiang was about to enter the city.

Wei Zhuang looked in the direction outside the city and looked at the snare next to him. Everyone ordered, "Start closing the net. Kill all the women who are planning to assassinate Lord Wu Xiang. Kill all the women who are involved in everything. Let me deal with all the black oil."

"Yes, chief."

Chapter 849

Su Chen came down from the high platform and asked Huang Rong to order each legion to return to the military camp to rest.

He looked at the Luna and the girls and walked over. Su Chen also did not expect that the Luna and the girls would arrive later and act together with Huang Rong's southern legion..

It seemed that there were still many things he wanted to know.

He also had a rough idea of Concubine Yan's plans.

Su Chen could only find out the specific situation by returning to Gusu City.

Bai Jing and Hua Baifeng couldn't help but stop when they saw Su Chen going to the woman next to them.

There must be this bastard woman there, but they don't want to go there and see those women now.

After all, they are much older than those women, and they are embarrassed to go there.

Moreover, Su Chen was so handsome just now.

Facing hundreds of thousands of troops, that bastard could say such majestic words. This was something they didn't expect.

"Husband!"

The Moon Goddess called out softly when he saw Su Chen arriving.

When Su Chen came to the Moon Goddess, he pulled her and said with a smile, "Haha, Moon Goddess, have your Yin and Yang family come here this time?"

Yue Shen smiled and said to Su Chen, "Yeah! This time it was Sister Yan's order, and all the masters from the Yin Yang family came."

When Su Chen heard that this was Concubine Yan's order, he knew that it was impossible for the Yin Yang family not to come. You must know that Dong Jun and Yue Shen of the Yin Yang family are both his women, and even E Huang of the Water Department is his woman. His woman.

There is also the headmaster of the Yin and Yang family, Donghuang Taiyi, who is a great beauty.

Bai Ruobing told him this personally,

Donghuang Taiyi! The princess of Great Zhou, Ji Ruxihe!

A good name!

Bai Ruobing will match her in the future. Next,

Donghuang Taiyi will definitely not be able to escape from his grasp, and Donghuang Taiyi now thinks about everything for him. No matter if this is Donghuang Taiyi's conspiracy?

Su Chen will always treat the beautiful woman Donghuang Taiyi who has never been seen before. Done.

Su Chen looked at the girls of the Yin and Yang family and said to Ehuang with a smile, "Ehuang, why don't you come over? Don't you miss me?"

Here at Yin Yang's house, one of the two identical twins said to Su Chen, "Guess which one of us is E Huang? Who is the heroine?"

"Ha ha! I don't care which of you is Ehuang or Nvying, you are all my wives anyway." Su Chen came to Ehuang Nüying and hugged them both and smiled.

He would not let go of Nüying.

Who made Nüying and Ehuang look exactly the same?

If Nüying fell in love with someone else in the future, I am afraid Su Chen will not be able to help but kill that man.

The other women of the Yin Yang family looked at Su Chen and were very speechless.

This bastard is still the same, and his lustful appearance has not changed at all.

The chief commander of the Yin Yang family ordered her to look at Xiang Suchen was very angry.

Because of Zhu Guo's incident, she was no longer as powerful as Ehuang Nüying. She, the soul-chasing messenger of the Yin and Yang family, was somewhat unrealistic.

But apart from this bastard's teasing of her,

Zhu Guo Guo did not have her share, which made Da Siming feel very angry when he saw Su Chen again.

Nuying blushed and said shyly when Su Chen hugged her, "Bah! I am not your wife. Don't think too much"

"Husband!"

Ehuang called to Su Chen gently.

If Nuying hadn't wanted to tease Su Chen just now, she would have gone forward to greet Su Chen together with the moon god.

"Come on, let's go to the city first!" Su Chen hugged Ehuang and nodded to the girls of the Yin and Yang family.

After all, this is at the gate of the city.

His arrival today has been blocked by the army.

The blockade will also be lifted at this time.

At this moment in the city, some In the secret courtyard, there are some men in black everywhere who are slaughtering the women in the courtyard.

This time, the net is in action, and Wei Zhuang has ordered not to leave anyone behind, so this is a big purge, regardless of men, women, old and young. He was going to be executed.

More than ten secret places in Shengjing City were cleaned.

There were thousands of women massacred this time alone, and there were countless people implicated.

In the following two days,

Su Chen also They met the various commanders of the Southern Legion one by one, and even Su Chen, a master of Taoism and Luowen, met them. Su Chen also handed Xiao Shiyilang to Wei Zhuang. As for what Wei Zhuang would do, this It's not something he worries about.

Su Chen also knows Huang Rong's military deployment, and he has no control over it.

Huang Rong's military deployment is very good.

If the trap can be successful,

Huang Rong can capture Shanhaiguan at the minimum cost. It doesn't matter. It was beneficial to both the Southern Army and Su Chen.

The next morning, after Su Chen came out of Luna's room, he was planning to return to Gusu City in a few days. He couldn't stay here any longer, otherwise Concubine Yan from Gusu City will probably come and kill her.

Concubine Yan knows about his return. He has been staying here for several days, and

Su Chen is also preparing to leave.

"Your Majesty!"

"Huang Rong, what's the matter?" Su Chen didn't expect that Huang Rong would come to him at this time instead of dealing with her affairs early in the morning. Did something happen again? Huang Rong looked at Su Chen and said with a smile, "Your Majesty, the trap was set up a few days ago. Some people were arrested during the operation, one of whom is the sister of a friend of mine. Today she came to beg me to let her sister go." Su Chen felt strange after hearing Huang Rong's words. Huang Rong didn't need to tell him such a trivial matter. Is there any hidden secret in this?

"Huang Rong, what do you think? Huang

Rong smiled and said to Su Chen,

"put! That woman is the woman of Dorgon, the Jurchen royal family"

"She was probably involved in the assassination last time the Lord came, but this woman still has some uses."

"Moreover, her two sisters are not simple either. They may also be disadvantageous to you."

"I wanted to lure the snake out of its hole and see how many of these Jurchens there were who wanted revenge."

Su Chen glanced at Huang Rong and asked, "That friend of yours also wants to do harm to me?"

"Well, I'm afraid she only wants to be friends with me to find time to get close to you so that she can find an opportunity to assassinate you."

"Then you just have to figure it out"

"Yes, Your Majesty!"

Su Chen finally understood the meaning of Huang Rong's arrival this time. Huang Rong wanted to use him as bait to lure out the Jurchens who wanted revenge.

However, these were just trivial matters to him.

Anyway, he had nothing to do these days, so he just I plan to make a bait to help Huang Rong.

In a courtyard in Shengjing City, two beautiful women are anxiously waiting for Huang Rong's reply.

They are Huang Taiji's wife Hai Lanzhu and Da Yu'er, but now their faces are full of This time , their sister did not expect to participate in the assassination of Wu Xiangjun.

Now their sister has been arrested. If she is not rescued, they may die in prison.

Da Yuer is in the yard He walked around and said uneasily,

"Sister, will nothing happen to Xiao Yuer?"

Hai Lanzhu regrets it very much now.

Why didn't she think that Xiao Yu'er would be so impulsive at the beginning?

If she had informed Xiao Yu'er in advance, Xiao Yu'er would not have been so impulsive as to organize the assassination of Wu Xiangjun.

"Don't worry, Huang Rong has promised to save Xiao Yu'er. I think nothing will happen to Xiao Yu'er."

Chapter 850

In the Jurchen's palace,

Su Chen was drinking tea and resting in a pavilion.

Ning Zhongze was serving Su Chen beside him.

Ning Zhongze was now his personal maid.

Su Chen was also very comfortable with Ning Zhongze. The plump and beautiful Ning Zhongze and Su Chen were not going to let her leave.

Ning Zhongze has been following him to take care of his daily life.

At this time,

Da Siming came over with Young Siming.

Da Siming looked at Su Chen's leisurely look and mocked, "You have a pretty leisurely life."

Su Chen turned around and stared at Da Siming after hearing what Da Siming said. She said, "Da Siming, didn't I give you Zhu Guo the day before yesterday? Why are you still so rude to me?"

"I need one more."

Da Siming said to Su Chen unceremoniously.

Su Chen looked at the croaking young Siming next to him and knew what was going on.

Da Siming really had an affair with young Siming.

No wonder he watched anime. At that time, Da Siming and Shao Siming were inseparable.

Couldn't these two be lesbians?

"I'll do it! Do you think Zhu Guo is Chinese cabbage? Do you have as much as you want?"

Da Siming looked at Su Chen, blinked and said,

"Tell me the conditions?"

She knows that this bastard Su Chen doesn't let go of rabbits and hawks. If she wants to get a red fruit from this bastard,

I'm afraid she has to pay some price.

As long as this bastard doesn't let her do those lewd things again, Da Siming will agree. This bastard's request.

Su Chen looked at Da Siming's plump and mature figure and touched his chin, "Hey hey hey! This is what you said, don't regret it"

"Shameless! I won't agree to this." When Da Siming saw Su Chen looking at her lustfully, she hurriedly protected her body and said angrily.

When Su Chen heard Da Siming's words, he waved his hands and said, "Forget it, I've never been strong. begging for help"

"You are such a shameless pervert." Da Siming was completely helpless with this bastard. The day before yesterday, this bastard asked her to kiss him before giving him a red fruit. Today, this bastard went even further.

Shao Siming looked at Su Chen and Da Si with his eyes wide open. Ming,

Da Siming was still at the peak level of a master the day before yesterday, but yesterday she was promoted to the late stage of the Grand Master, which surprised Shao Siming.

When Da Siming brought her here just now, He promised her that he could be promoted to Grand Master today.

Now Young Siming understands that

Da Siming was promoted after receiving Zhu Guo from Lord Wu Xiang, but Lord Wu Xiang is not easy to talk about now. Can Da Siming even come out this time? Not sure about Zhu Guo.

Shao Siming felt that Da Siming could not ask for it alone.

Shao Siming looked at Su Chen and stretched out his white little hand in front of Su Chen.

"Do you want Zhu Guo?"

Su Chen was speechless when he saw Shao Siming stretching out his hand in front of him.

He didn't expect that Shao Siming would reach out to him for Zhu Guo.

This surprised Su Chen very much.

Shao Siming didn't speak. No matter how you look at it, she is just a girl with no skills. How come she has become smarter this time? When

Shao Siming heard Su Chen's words, he blinked.

"There is a price to pay for Zhu Guo, you know? Mr. Siming!"

Shao Siming looked at Su Chen and came to him, lifted the veil and kissed Su Chen on the face.

Su Chen did not expect that Shao Siming would kiss him, and he kissed him so directly, but Shao Siming The red face made Su Chen see her uneasiness.

Da Siming did not expect that Shao Siming would do this, but Shao Siming had already kissed this bastard, so he couldn't take advantage of this bastard in vain.

She looked at Su Chen hurriedly said, "Wu Xiangjun, Shao Siming has kissed you, please bring out the Zhu Guo quickly."

Su Chen saw Da Siming and scolded him, "I'll do it! Damn it, did you, a pervert like you, teach Shao Siming to do this?"

Da Siming was filled with anger when he heard Su Chen's words.

How could she know that Shao Siming did this?

She also felt that Shao Siming was very strange today.

This bastard wronged her indiscriminately. This made Da Siming endure it. I can't help but want to teach this bastard a lesson.

"Bastard, who is the pervert? If you, bastard, hadn't been teasing me, I would have done this. You just got an advantage and acted like a good boy. Zhu Guo quickly gave Shao Siming orders. Don't be lazy."

Su Chen directly took out two red fruits and handed them to Da Siming and said,"Here, there is also this red fruit for the mountain ghost. By the way, what is the mountain ghost's name? Wouldn't you just call him a mountain ghost?"

"you guess?"

Da Siming took Su Chenfeng's red fruit and gave one to Young Siming.

As for Shan Gui's red fruit, she guessed that Su Chen had fallen in love with the beautiful, cold and arrogant Shan Gui.

"I'm guessing!"

"You bastard, don't think that I don't know what you are planning. That cold and arrogant woman Shangui won't have any thoughts about you. You'd better give up on this idea."

Su Chen waved his hand and was about to send Da Siming away,"I don't want to talk to you anymore. Didn't anyone say that you are difficult to get along with, Da Siming?"

Da Siming looked at Young Siming and said with a smile,

"No! Shao Siming can't speak, and I don't often hang out with other people. Besides, I'm the soul chaser of the Yin Yang family. If I get along well, who can be afraid of me in the future?"

"I'll do it!"

Su Chen was completely speechless for Da Siming.

It seemed that Da Siming often spoke in front of Young Siming.

It was just that one of them spoke and the other listened.

This was really a strange combination.

At this time, a secret guard He quickly arrived and saluted Su Chen and said, "Your Majesty, this is the secret message sent by Luowang Weizhuang."

"bring here"

"Yes, Your Majesty!"

Su Chen took Wei Zhuang's secret letter and read it, but Su Chen frowned as he read it.

He did not expect that something would happen in this war. It seems that he will give Qin King Ying Zheng another unforgettable experience. Lesson learned

"What happened?" Da Siming asked suspiciously when he saw the look on Su Chen's eyebrows.

Although this bastard has been teasing her, he is really good.

He doesn't need to disguise himself in front of her.

Even if this bastard is not in a formal occasion, There was no airs at all at that time.

Da Siming liked this bad guy a little bit, otherwise she wouldn't have kissed this bastard.

Su Chen looked at Da Siming, stood up and thought about it and said, "Qin King Ying Zheng is going to cause trouble."

Da Siming was very surprised when she heard Su Chen's words.

She knew that when the Yin and Yang family came to the Western Continent, King Qin Yingzheng sent an army of 500,000 to destroy the Zhao Kingdom.

How could King Qin Yingzheng do this at this time? What happened?

Da Siming was puzzled and asked Su Chen, "Qin King Ying Zheng?" Isn't he busy destroying Zhao State now? What did he do again?"

"King Qin Yingzheng has prepared an army of 500,000 to attack my city of Gusu. It seems that King Qin Yingzheng has become too courageous. He actually got involved with those in the anti-Soviet alliance."
