

## Zongwu 861

### Chapter 861

Su Chen was drinking tea and thinking about why Shen Bijun came to find him.

He had forgotten the woman Shen Bijun.

This time Shen Bijun came with Hai Lanzhu's two younger sisters. Do Shen Bijun and Hai Lanzhu's younger sisters know each other?

Or did they all arrive at the same time?

Although Shen Bijun is very beautiful, he really has no interest in this beautiful woman with no merits.

He can have as many beautiful women as he wants.

Shen Bijun is Lian Chengbi's fiancée, and he has an unclear relationship with Xiao Shiyilang. Su Chen doesn't care whether Shen Bijun is a green tea or something else, he has no interest in Shen Bijun. of.

Su Chen looked at Hai Lanzhu and smiled.

This Hai Lanzhu was really interesting. It was clear that she had misunderstood him just now, and now she was still pretending to take it for granted.

It seems that Hailanzhu is also a bit arrogant

"Color embryo, what are you looking at?"

Hai Lanzhu found that Su Chen was looking at her, which made her a little restless.

This bastard wouldn't do that to her again, would he? But it's still broad daylight, and even the sound of the army's horn just now might mean that something big had happened, but this bastard Why do you still look so unconcerned? Wasn't there something wrong with the sound of the army's horn just now?

Su Chen leaned on the chair and smiled, looked at Hai Lanzhu and praised, "Hai Lanzhu, you are so beautiful today."

Hai Lanzhu is very beautiful now, and she is even more beautiful.

Her convex figure is even more attractive. Even every movement and silence exudes a mature charm that makes people unable to take their eyes away. She is slightly red. The delicate face makes people want to take a bite.

"Shameless!"

When Hai Lanzhu heard Su Chen's words, he glared at Su Chen in shame and anger.

"Hahaha!"

"Damn bastard!"

"Hai Lanzhu, is this all you can do? How about I teach you how to curse?"

"Inglorious bastard, I don't need your teaching."

Hai Lanzhu looked at Su Chen and was very angry now.

This bastard is too thick-skinned.

To yell at this bastard is to fight against a cow. She has no choice but to deal with such a shameless and thick-skinned bastard.

At this moment,

Shen Bijun and Da Yu'er and Xiao Yu'er arrived, but they didn't expect that Su Chen was sitting and talking with a beautiful woman, and it seemed that there was some kind of argument.

Da Yu'er and Xiao Yu'er were very surprised. They saw that the pavilion The woman sitting there was their sister.

They did not expect that Hailanzhu would sit with Wu Xiangjun, and even Hailanzhu seemed to be insulting Wu Xiangjun.

This made them all a little incredible.

Xiao Yuer ran to Hailan Next to Hai Lanzhu, she saw her sister's angry look. She hurriedly asked Hai Lanzhu,

"elder sister! Nothing happened to you?"

Hai Lanzhu calmed down her emotions when she saw Xiao Yu'er and the others arriving. She didn't want Day Yu'er and Xiao Yu'er to see her current appearance. After all, the image of a woman who curses others is very bad.

"I have nothing to do, Xiao Yu'er, didn't Mr. Wu Xiang let you go? Why are you back again?"

"My second sister and I are worried about our sister. Sister, can we leave together?"Xiao Yu'er said hurriedly when she saw that nothing happened to Hai Lanzhu.

She just saw Hai Lanzhu insulting Wu Xiangjun.

Xiao Yu'er was afraid that Hai Lanzhu would anger Jun Wu Xiang and be arrested, and Wu Xiangjun was a pervert. , if Wu Xiangjun did anything to her sister, I'm afraid her sister would commit suicide in humiliation.

Dayu'er's eyes flashed when she looked at Hai Lanzhu.

She felt that her sister Hai Lanzhu had changed a lot today. Hai Lanzhu is full of femininity and much more beautiful.

Da Yuer also found that Hai Lanzhu was not as afraid of Wu Xiangjun as yesterday. This made Da Yuer look at Hai Lanzhu and was confused.

Last night What happened?

Why did her sister Hai Lanzhu change so much?

Hai Lanzhu touched Xiao Yu'er's hair and said with a smile, "You guys go home first, I still have some things to deal with."

Hai Lanzhu thought that it would be impossible for her to leave.

After all, she is already Wu Xiangjun's woman. With Wu Xiangjun's powerful position, I am afraid that she will not be touched by other men in the future.

Maybe she will be touched by Wu Xiangjun in the future. Xiangjun was raised as a forbidden wife, and even had no freedom in her life.

"Hai Lanzhu, you can go. I hope you can keep the map a secret, otherwise you should know the consequences." Su Chen heard the conversation between Xiao Yu'er and Hai Lanzhu and waved his hand and said, after all, Hai Lanzhu and he are married, and he is not willing to imprison Hai Lanzhu.

He doesn't have the treasure on Urhai Mountain now. Kong will look for it, and will come back to Hailanzhu when he has the opportunity to go to Urhai Mountain to find the treasure together. Let this woman be free first.

If Hailanzhu is smart, she will not do anything to make him unhappy.

Hailan When Zhu heard Su Chen's words, she looked at Su Chen unexpectedly.

She didn't expect that Su Chen would actually let her go. What was this bastard's intention? Did he get tired of it just for fun? Or was this bastard because of her

?

If she is a foreign woman, why don't you care about her?

Is she just a brothel girl?

Hai Lanzhu is very confused now.

Originally, Su Chen wanted them to leave, which was something he wanted to do, but she knew that if she left this time, I am afraid that she and Wu Xiangjun just had a romantic relationship, and they will never meet again in the future.

This made Hai Lanzhu hesitate.

Su Chen did not see Hai Lanzhu's entangled look, and he looked to the side The coy Shen Bijun asked,"Shen Bijun, what do you want to see me for?" Where is Liancheng Bi?"

"Mr. Wu Xiang, Lian Chengbi has left, and we have also terminated our engagement. In addition to meeting you, I came here this time to ask how Xiao Shiyilang is doing now?"

Su Chen was very surprised when he heard what Shen Bijun said.

Lian Chengbi would actually terminate his engagement with Shen Bijun?

He didn't even care about Shen Bijun leaving. Did Shen Bijun make up his mind to be with Xiao Shiyilang?

Su Chen looked down and looked down. Shen Bijun, who was rubbing his hands together, asked doubtfully,"Lian Chengbi and you have terminated their engagement? Lian Chengbi left alone? What is all this about? Shen Bijun, you don't want to be with Xiao Shiyilang, right?"

When Shen Bijun heard Su Chen's words, he hurriedly waved his hands and said,

"No, it's nothing. Lian Chengbi took the initiative to terminate the engagement with me. I don't know why. Xiao Shiyilang is just my friend. I just want to know if something happened to Xiao Shiyilang."

"I'm afraid Xiao Shiyilang won't survive. You'd better forget about Xiao Shiyilang in the future." Su Chen looked at Shen Bijun speechlessly. He didn't want to care about these bloody things.

Xiao Shiyilang probably wouldn't be able to survive in the hands of Luo Yun. After all, Xiao Shiyilang was a member of the Anti-Soviet Alliance. Zhuang was afraid that Xiao Shiyilang would be executed after asking all the secrets.

Hai Lanzhu, who was next to him, hesitated for a while and then made up his mind. If she could not leave this time, the fate of the Jurchen women in Shengjing City would probably be different in the future. It's up to her. If her sisters don't want to be sold as slaves in the future, she must stay with Lord Wu Xiang.

This is probably her only chance to save her sisters, and the only chance for the entire Jurchen tribe's women.

If Wu Xiangjun's army began to drive all the Jurchen women to other territories in Gusu City, the fate of the Jurchen women waiting for them would be very miserable. She could not watch the Jurchen women die in humiliation in the future, or even the Jurchen women. They will be tortured and humiliated to death in the future.

## Chapter 862

Da Yu'er and Xiao Yu'er now looked at Hai Lanzhu very confused.

Wu Xiangjun had already asked them to leave, but why did their sister Hai Lanzhu look so worried?

You don't even want to leave here, what the hell is going on?

Could it be that Mr. Wu Xiang said this on purpose?

Was it actually threatening their sister Hai Lanzhu?

Da Yu'er and Xiao Yu'er looked at each other and didn't dare to disturb Hai Lanzhu, who was thinking about something. But when they looked at Su Chen, they wanted to eat him.

Now they all thought that Wu Xiangjun had threatened Hai Lanzhu with something, and even letting the two of them leave was because he wanted to use them to threaten Hai Lanzhu. This Wu Xiangjun was really a hateful person.

And Shen Bijun was shocked when he heard Su Chen's words.

Xiao Shiyilang was actually going to die.

How could this be possible?

What did Xiao Shiyilang do that made Wu Xiangjun want to kill him?

Is it because of myself?

But this is impossible?

Wu Xiangjun had always looked down on her, and even his beautiful appearance was not attractive at all in front of Wu Xiangjun. It was impossible for Wu Xiangjun to execute Xiao Shiyilang because of him.

So what did Xiao Shiyilang commit that warranted being executed by Wu Xiangjun?

Su Chen looked at the surprised Shen Bijun and shook his head and said, "Shen Bijun, since we have met, Xiao Shiyilang, you can go and meet him. Xiao Shiyilang will tell you all your questions."

"Thank you Wu Xiangjun"

"Someone, take Shen Bijun to Luowang and let her meet Xiao Shiyilang"

"Yes, Your Majesty!"

After the secret guards left with Shen Bijun,

Su Chen was about to leave.

He wanted to teach that girl Huang Rong a lesson this time. This time he was tricked by Huang Rong, but he couldn't let that girl go.

Su Chen looked at it Looking at the three Hailanzhu sisters next to him, he ignored them. He stood up and prepared to go to the Shanhaiguan battlefield. He wanted to show off his skills when the Southern Army attacked the Ming Empire. This would also make the Southern Army's offensive momentum even more powerful.

"Wait, Mr. Wu Xiang, I have something else to say." Hai Lanzhu saw Su Chen was about to leave and hurriedly stopped Su Chen and said,

"I still have something to do. If you have any questions in the future, you can go to Huang Rong and I will tell Huang Rong to take care of you."

When Hai Lanzhu saw that this bastard still wanted to leave, she hurriedly grabbed Su Chen's arm and said angrily, "No, I have to tell you face to face about this matter. Commander Huang Rong cannot make the decision."

Da Yu'er and Xiao Yu'er looked at Hailanzhu pulling Wu Xiangjun in confusion.

They were all very confused now.

Let Commander Huang Rong take care of his sister Hailanzhu?

What the hell is this?

Why did Wu Xiangjun let Huang Rong Taking care of my sister Hai Lanzhu?

And how can my sister win over a man? And this bastard is also the biggest enemy of their Jurchens

"Say it!"

Su Chen said helplessly after being pulled by Hai Lanzhu.

He also didn't expect that Hai Lanzhu would pull him and not let him leave. Hai Lanzhu is not like this kind of woman. What happened to the always gentle and elegant Hai Lanzhu this time? Will he do this?

Is he afraid that he will regret it?

Is she afraid that he will continue to arrest her sisters in the future?

Hailanzhu pulled Su Chen and said expressionlessly, "I want to know the women of our Jurchen tribe. What will happen next?"

Su Chen looked at Hai Lanzhu and said without concealment, "I will disperse all the Jurchen women to my territory. In the future, the Jurchen women can survive in my territory."

"No, Lord Wu Xiang, all the Jurchen men are dead, can't you let these women go?" Hai Lanzhu said excitedly when she heard Su Chen's words. It seems that her guess was right. This bastard Wu Xiangjun must have treated all the Jurchen women as slaves.

Su Chen did not expect Hai Lanzhu to do so. So excited, Su Chen never thought of killing the Jurchen women. These women were strategic sources, and women in ancient times were treated as reproductive tools.

These Jurchen women were later scattered throughout his territory, and they Women will gradually integrate into the life of the Central Plains people.

Su Chen did not demote these Jurchen women as slaves, but he was particularly kind to these Jurchen women.

Su Chen held Hai Lanzhu's shoulders and said helplessly, "I don't want to deal with the Jurchen women. From now on, they can all get married and have children in my territory. I don't want to execute those women."

"This is not okay, Mr. Wu Xiang, the Jurchen women will not resist you in the future. Just let all the Jurchen women live in Shengjing. I guarantee that the Jurchen women will not go against you."

"Do you think that's possible? And won't these women living here get married and have children in the future?"

"Wu Xiangjun, women who want to get married and have children in the future can find men elsewhere, but the women here who are unwilling to leave hope you will not force them to leave."

"Impossible! There are hundreds of thousands of women here, and there are at least 200,000 young women. It is impossible for me to let these women stay in Shengjing City."

Hai Lanzhu has no choice.

This bastard refuses to agree.

This bastard wants all the Jurchen women to marry the Central Plains people in the future. This is to increase the population of the Central Plains people.

Hai Lanzhu suddenly looked at Su Chen and said seriously, "Wu Xiangjun, what if the Jurchen women fight for you?"

"Just kidding, my army is in the millions, do I need women to fight for me?"

Su Chen shook his head when he heard Hai Lanzhu's words.

He understood what Hai Lanzhu meant.

She was worried that she would treat these women as slaves. Although Su Chen is not a good person, he will not treat hundreds of thousands of women like this, the Jurchen men have already paid a huge price for their fault. He will not deal with these women.

"Wu Xiangjun, we Jurchen women are more capable of fighting than men. Since the rise of the Jurchen tribe, we Jurchen women have participated in all large and small wars. It was only after the Jurchen tribe became stronger that the Jurchen women gradually withdrew. War, don't underestimate us Jurchen women"

"Um?"

Su Chen was very surprised when he heard Hai Lanzhu's words.

Could it be that Jurchen women fought more fiercely than Jurchen men?

Isn't this a bit nonsense?

He had never heard that Jurchen women were good at fighting.

Hai Lanzhu looked When Su Chen looked confused, he continued,

"I hope you can agree to form a combat legion of Jurchen women. We Jurchen women can fight for you in the world, but you must ensure the interests of all Jurchen women in Shengjing City. You cannot force us Jurchen women, nor can you do it at will. Deal with us Jurchen women."

Su Chen looked at Hai Lanzhu and asked expressionlessly,

"Are you serious?"

"Yes, I'm very serious." Hai Lanzhu nodded hurriedly and said urgently.

Su Chen continued to ask Hai Lanzhu, "Can you convince the Jurchen women to fight for me? You won't even betray me in the future?"

Hai Lanzhu knelt down and assured Su Chen, "I can assure you that as long as you don't force the Jurchen women to move inland this time and treat the Jurchen women the same as your people in the future, I can Let the Jurchen women be loyal to you and fight for you in the future"

"Hai Lanzhu, Jurchen women can form an army of 100,000 people. I hope you will do what you say. You will be the commander of the Jurchen Women's Army in the future. I will order you to prepare all the supplies for an army of 100,000 people."

## Chapter 863

Su Chen agreed to Hai Lanzhu because of his considerations.

There are hundreds of thousands of Jurchen women, old people, middle-aged people, young people, and even children. Even if the Jurchen women moved inland to his territory this time, I'm afraid it's also difficult to place.

Mother and daughter, sisters, and even a family, these are all inseparable family ties. Unless Su Chen can order and enforce it, it will be very difficult to enforce it, and I am afraid that other problems will arise in the future.

Hai Lanzhu will also be her woman in the future.

Let her give it a try this time.

No matter how effective the legion composed of these Jurchen women is, as long as the Jurchen women can stay safe in the future, it will be the greatest success.

As long as Su Chen controls Hailanzhu from now on, the Jurchen women will not be able to make big waves in the future. If the Jurchen women are really restless in the future, he has reason to deal with these women unceremoniously.

Hai Lanzhu was very happy to hear that Su Chen agreed and even wanted to form an army of 100,000 Jurchen women.

In the future, if the Jurchen women have an army, they will be able to protect the Jurchen women in Shengjing City. As for whether they will fight for Wu Xiangjun in the future, that will only happen after the Jurchen women's legions are formed. Fight for the king.

She would not overestimate her capabilities and go against Wu Xiangjun. Maybe the Jurchen women's legion will be very powerful in the future, but I am afraid it will not be comparable to Wu Xiangjun's legion.

If the Jurchen women's army wants not to be abandoned by Wu Xiangjun in the future, then the Jurchen women must fight for Wu Xiangjun in the future, and even impress Wu Xiangjun, so that the Jurchen women in the future can live with dignity. Go down, and even occupy a place in Wu Xiangjun's empire in the future.

Da Yu'er and Xiao Yu'er are very confused now.

How is this going?

How come my sister Hai Lanzhu persuaded Wu Xiangjun to form a Jurchen women's army?

What is sister going to do?

Will he form a legion to resist Wu Xiangjun in the future?

But is this possible?

They all know how powerful Wu Xiangjun's army is, but they don't think that a combat army of 100,000 women can defeat Wu Xiangjun's southern army.

Seeing Hai Lanzhu's happy look, Su Chen smiled and said,

"Hai Lanzhu, I have given you the power of the legion, but you must have secret guards around you. I will instruct three hundred secret guards to report to you. The secret guards can protect you and monitor you in the future. If you did something you shouldn't have done. Even if you are my woman, I will not show mercy."

"Asshole, I'm not your woman." Hai Lanzhu blushed when she heard Su Chen's words and looked at Da Yu'er and Xiao Yu'er next to her. She became angry with Su Chen and wanted to strangle this shameless bastard to death.

This damn bastard must have done it on purpose,

Da Yu'er And Xiao Yu'er is right here. This bastard must be talking to Da Yu'er and Xiao Yu'er when he says this.

Damn bastard, is this to make her embarrassed in front of Da Yu'er and Xiao Yu'er?

"Ha ha! Who can say for sure from now on?" Su Chen smiled and waved to Ning Zhongze next to him.

He can't stay here anymore.

The Southern Army has been setting off for a long time, and he has to rush to the battlefield of Shanhaiguan immediately.

What a mess!

He had only been out of Shanhaiguan for a few days, and now he was going back again. This time he would not go back to the Ming Dynasty capital, right?

Hai Lanzhu shouted at Su Chen with shame and anger, "Damn it, I keep my word, secretly You can make arrangements for the guards, but the secret guards must carry out my orders thoroughly."

"Can!"

Su Chen said and waved to Hailanzhu and left together with Ning Zhongze.

He doesn't have any secret guards now, so he can only ask Gusu City to send some more secret guards. Anyway, Hailanzhu formed an army. It can't be formed in a short while.

When Dayu'er saw Su Chen leaving, she walked up to Hai Lanzhu and asked anxiously, "Sister, what happened between you and Wu Xiangjun?"

Xiao Yu'er also asked very puzzledly, "Yes, sister, what happened to you and that bastard Wu Xiangjun? Why would Lord Wu Xiang be so restrained towards you, and even agree to such harsh conditions?"

"Don't ask, everything is as you think, I am doing this for our remaining Jurchen women, for you!" Hai Lanzhu flushed and waved her hand to stop Da Yu'er and Xiao Yu'er from continuing to ask.

She knew that what happened last night couldn't be hidden.

The bastard just made it clear, so there was no need for her to hide it anymore.

Huang Taiji It has become a thing of the past.

Although Huang Taiji is her husband, they are in name only, and the relationship between Huang Taiji and their sisters is not very good. I am afraid that everything is because of Dorgon, or even because of the two of them. Da Yu'er is in love with Da Yu'er.

I'm afraid Dorgon did the plotting against Huang Taiji. Dorgon also made this move for the sake of Da Yu'er's innocence.

Hai Lanzhu felt uncomfortable thinking about what happened last night, Wu That guy Xiangjun is a shameless bastard. If it weren't for her sister's incident, Hai Lanzhu would have continued to rest in the room.

"elder sister."

Da Yu'er and Xiao Yu'er were very moved when they heard Hai Lanzhu's words.

Their sister had paid too much this time.

For them and for the women left behind in Shengjing City, their sister's sacrifice really made them feel very ashamed.

In Shanhaiguan,

500,000 to 600,000 troops of the Ming Empire are guarding Shanhaiguan. This is the northern gate of the Ming Empire. If the Shanhaiguan Great Wall defense line is lost, the capital of the Ming Dynasty may be in danger.

Shanhaiguan General Military Mansion, several Shanhaiguan generals have gathered here. The Gusu City army outside the pass has been silent, but these generals are very uneasy. Six hundred thousand troops are stationed less than a hundred miles away from Shanhaiguan. If they have Any laxity may lead to loss of security at Shanhaiguan.

A general said to Yuan Chonghuan who was sitting on the main seat, "General, the army in Gusu City has been silent. I think the Jurchens have not been completely wiped out. It is impossible for the army in Gusu City to attack in the past ten and a half days." The Great Wall defense line of Shanhaiguan."

Yuan Chonghuan, the commander-in-chief of Shanhaiguan, said with a serious face while stroking his beard.

"No, the Southern Legion arriving this time is the most powerful of Wu Xiangjun's four legions. That woman Huang Rong is a very witty woman."

"I have studied every war of Huang Rong"

"Commander Huang Rong can be said to be a witty and charming woman. After every war, she not only won the war, but even the casualties of the troops she commanded were very few."

"I even admire Commander Huang Rong of the Southern Army a little bit"

"Therefore, we cannot take it lightly in the face of Huang Rong, the commander-in-chief of the Southern Army. Our Mingzhou Prefecture in the south of the Ming Dynasty has been completely defeated. If the Shanhaiguan defense line is lost, you all know what this means."

A general sitting next to him said with a look of embarrassment,

"However, with such a high-intensity defense of the Shanhaiguan line, our army may be exhausted before it comes into contact with the Southern Army."

Yuan Chonghuan said helplessly to the generals sitting here, "The army needs to be tempered. As long as you give me a month, the Sixty-fourth Army in Shanhaiguan will definitely be the most powerful army in the Ming Empire, and Gusu City will not. It is possible to break through the defense line of Shanhaiguan."

Yuan Chonghuan is trying to buy time now.

Although Shanhaiguan is heavily defended, nearly half of the army is soldiers who have never been on the battlefield.

If the army from Gusu City attacks Shanhaiguan now, the outcome will probably be 50-50. If When Gusu City's troops attack Shanhaiguan in a month, he will be seven or eight levels sure of holding the Shanhaiguan Great Wall defense line.

Chapter 864

In the Shanhaiguan General Military Mansion, the generals here nodded when they heard General Yuan Chonghuan's words, but will the army in Gusu City give them a month?

The southern part of the Ming Dynasty is now completely defeated. The Eastern Army of Gusu City is now attacking the city in the southern part of the Ming Dynasty.

What about the Southern Army Corps outside Shanhaiguan?

If the Southern Army Corps in Gusu City did not attack the Shanhaiguan Great Wall defense line, they would not believe it even if they were killed.

While the general here was thinking about things, a young general came and saluted and said, "To the general, none of the scouts sent out today have returned."

"None came back? How can this be? Could it be that the Southern Legion in Shengjing City was dispatched?"

"This is impossible, right? Didn't we detect Wu Xiangjun's presence in the Southern Army Corps a few days ago? Even if the Southern Army Corps wants to attack our Shanhaiguan Great Wall defense line, it is impossible to attack at this time."

"What if all the scouts are missing?"

"Yes, the scout was probably discovered and silenced by the army in Gusu City."

"Hundreds of elite scouts are not together. The scouts are working together in twos, twos, and threes to detect the enemy outside the customs. Now they are all missing. This must be something wrong."

"Strengthen your alert, I'm afraid the troops from Gusu City will attack Shanhaiguan today"

"Impossible. It would take a day to march from Shengjing to Shanhaiguan. It is impossible to attack the city today. Maybe tomorrow will be the time for Gusu City to invade the Shanhaiguan defense line in a large scale."

When the generals sitting here heard that all the scouts were missing, they all started talking. It seems that the war is coming. Let alone a month, I'm afraid it won't be around for three days.

Yuan Chonghuan's face is very solemn now.

He did not expect that. The troops from Gusu City came so quickly, this time it may be a desperate battle for the Ming Empire.

If the attack of the Gusu City army can be stopped at the Shanhaiguan Great Wall defense line, the Ming Empire can still be saved. If the Shanhaiguan Great Wall defense line is breached, I'm afraid The Ming Empire was completely in danger.

Yuan Chonghuan looked at the generals here and quickly ordered,

"Zu Dashou, your army of 100,000 troops will be stationed towards Jinzhou immediately to prevent the troops from Gusu City from attacking from the Jinzhou Great Wall defense line."

"Yes, Commander!"

"Li Ruzhen, you have sent 100,000 Ming troops to defend Ningyuan and prevent the Gusu City army from attacking the Great Wall defense line from Ningyuan."

"Yes, Commander!"

"The remaining generals returned to their respective defense areas, and the Shanhaiguan Great Wall defense line was handed over to the generals."

"Yes, Commander!"

After Yuan Chonghuan ordered these generals, he asked them to leave quickly.

Yuan Chonghuan thought that the only army here was the 100,000 Guan Ning cavalry, which was an elite army, but the Guan Ning cavalry was somewhat powerless against the Jurchen cavalry.

Then The Southern Legion that destroyed the Jurchen cavalry is probably even more powerful, and the Guan Ning Cavalry may not be able to defeat the Southern Legion in Gusu City.

Yuan Chonghuan can only rely on the dangerous terrain of the Shanhaiguan Great Wall defense line to prevent the invasion of the Gusu City army.

"Someone come!"

"exist!"

"Go inform those Jianghu people that the army from Gusu City will attack today or tomorrow, and let them all be prepared."

"Yes, Commander!"

The northwest of the Ming Empire,

Shazhou City, is now the area where hundreds of thousands of Yuan troops are stationed, and the troops here are all under the control of Princess Zhao Min. There are more than 100,000 wolf cavalry here alone, and the rest The cavalry were also the elite of the Great Yuan Empire.

In a luxurious mansion in Shazhou City,

Zhao Min looked at Su Yan's listless look and wanted to spank this little girl. The black bird army of this little girl had not arrived yet, but she also Preventing his army from attacking the Ming Empire.

This made Zhao Min very angry.

Zhao Min sat next to Su Yan and said,

"Little girl, it will take two or three days for your legion to arrive, and it will take one or two days to repair after arrival. Isn't it the same as your attacking the Ming Dynasty if I send the army to attack the Ming Dynasty now?

Su Yan hurriedly said after hearing Zhao Min's words, "How could it be the same?" My Black Bird Legion has not arrived yet. Now you have more than 400,000 troops here in Shazhou. If you wipe out all the Ming Dynasty's army, what will my Black Bird Legion do here? Going to the theater?"

Su Yan is very depressed now.

Her Black Bird Legion has not arrived yet. Now the war has begun. Li Xiuning of the Eastern Legion has landed at Mingzhou Port, and even the entire Mingzhou Prefecture will be destroyed in the next two days. Li Xiuning occupied.

Huang Rong of the Southern Legion would probably start to attack Shanhaiguan, and Zhao Min would be preparing to attack the Ming Dynasty's Liangzhou Prefecture every day in the past few days. If she hadn't stopped Zhao Min, I'm afraid there would be no war to fight when her legion arrived.

Zhao Min was very speechless when he heard Su Yan's words.

Why is this little girl a war madman?

Why can't a girl be idle?

And that bastard Su Chen, if nothing happened to him, why didn't he take this little girl away? This The little girl is very helpless if she stays here.

"I'll do it! I am here to save your Black Bird Legion. You must know that the war will cause heavy losses. You don't want your Black Bird Legion to be wiped out, right?"

"Auntie, you want to make a contribution. You must show off to my father so that my father can look at you with admiration, right?" Su Yan rolled her eyes at Zhao Min and said, she knew very well what Zhao Min was planning.

This beautiful Princess Zhao Min had been in love with her father for a long time. If she hadn't really been unable to get away, I'm afraid she would have He has gone to find his father a long time ago.

And this war is probably also crucial to Zhao Min. If Zhao Min can perform well in this war against the Ming Empire,

I am afraid that even Aunt Yan and his mother will look at Zhao Min with admiration. , and even Zhao Min can command a combat legion like Huang Rong in his father's future empire in the future.

"Little girl, I'm not your aunt, please don't scream." Zhao Min was very happy when she heard Su Yan call her aunt.

As long as Zhao Min recognizes her as aunt in the future, that bastard Su Chen will never be able to escape from her hands.

That hateful bastard hasn't contacted her for such a long time. , this made Zhao Min very angry.

When Su Yan heard Zhao Min's words, he teased, "Isn't it? Then why are you happy to hear me call you aunt? Did I see it wrong?"

"Little girl, do you deserve a beating?" When Zhao Min heard Su Yan's teasing, her face turned red and she clenched her fists and threatened.

Su Yan sat on the chair and smiled and said to Zhao Min, "Hahaha! Aunt Zhao Min, are you sure you want to beat me? I am now at the realm of Xiantian Dzogchen cultivation. Can you, a scumbag from the seventh level of Xiantian, beat me?"

Zhao Min was very helpless when she looked at Su Yan. This little girl was actually stronger than her. This made Zhao Min feel extremely embarrassed. However, she would not admit defeat in front of Su Yan. "Su Yan, my subordinates have some tricks. Do you still dare to make fun of me when a master of the Heavenly Realm like Chimei exists?"

"Tsk tsk! Aunt Zhao Min, don't you know that Aunt Jellyfish Yinji and Aunt Shi Guanyin are both here? I'm afraid your subordinate in the Heavenly Realm, Chimei, wouldn't even dare to touch me. Do you believe it?"

Chapter 865

Su Yan didn't care about Zhao Min's threat.

There were many experts around her now, including Jellyfish Yin Ji and Shi Guanyin who were half-stepping into the Golden Core Realm, and Zhang Sanfeng who was at the Heavenly Realm.

The great masters include Xuanniu Shi, Lu Xiaofeng, Ximen Chuixue and others, as well as Shangguan Haitang, Qingwu, Shen Sanniang, Zhu Qiqi and other female masters. These masters alone can sweep away all the Jianghu people in the entire Ming Empire..

When Zhao Min heard Su Yan's words, he looked at Su Yan dumbfounded.

This girl is so shameless.

Su Yan actually threatened Li Chimei with Jellyfish Yinji and the others.

This left Zhao Min helpless.

You must know that Jellyfish Yinji and others are everywhere. Li Chimei was quite frightened when Shi Guanyin arrived. If Li Chimei hadn't known that these powerful women were Wu Xiangjun's women, he would have been so frightened that he ran away.

Su Yan saw Zhao Min's depressed expression and said with a smile, "Auntie, you don't have to show anything, my father will never let a beauty like you go, otherwise I wouldn't be able to come to your place."

"Your father is a shameless bastard! You are almost like your father"

"hey-hey! Auntie, if you have a baby in the future, I am afraid that my father will lead you astray, just like me."

Zhao Min blushed when she heard Su Yan's words.

She had never thought about giving birth to a child, but she would definitely give Su Chen a child in the future.

Zhao Min looked at Su Yan's malicious look and said in embarrassment, "Pooh! I'm not giving that bastard a baby."

Su Yan doesn't believe Zhao Min's words.

In Gusu City,

Aunt Mingzhu and Aunt Wuchu, the eldest grandson, are looking forward to having a child every day. Even Black Widow and You Ruo, the father's subordinates, probably also want a child. Others The aunts probably thought the same thing.

Su Yan looked at Zhao Min with wide eyes and said, "Really? Our Xuanniao family is very underpopulated. Only Concubine Yan is about to give birth to a baby now. You other women are silent. I want many younger brothers and sisters in the future.

Zhao Min was speechless when he heard Su Yan's words, "What do you want with so many younger brothers and sisters?"

"Beat them up. I will be the eldest sister from now on. If the younger brother and sister don't listen to me in the future, hehe! Then don't blame my fists as big as sandbags"

"You are so boring!"

At this moment, one of Zhao Min's secret guards came in and saluted Zhao Min and Su Yan, "I would like to inform you, your Majesty, that people from the Ming Cult have appeared in Liangzhou Mansion."

Zhao Min said suspiciously when he heard the secret guard's report, "People from the Ming Cult appeared in Liangzhou. Does the Ming Cult want to help the Ming Dynasty guard Liangzhou?"

"Auntie, what is Mingjiao?"

Su Yan looked at Zhao Min and asked curiously.

Zhao Min touched Su Yan's head and said with a smile, "The Ming Cult is a Jianghu sect in the northwest of the Ming Dynasty near the Western Regions. However, there are many followers of the Ming Cult. If the Ming Cult participates, In the war in Liangzhou Prefecture, I'm afraid we have to pay some price to break through Liangzhou Prefecture."

Su Yan didn't care at all when he heard it was a Jianghu sect.

How powerful can a Jianghu sect be?

They have many super masters here, and even the total army is six to seven million. They can easily follow a Jianghu sect. They can all be destroyed

"It turns out to be a martial arts sect, aunt, what's there to be afraid of? If the war starts, we will let the land gods in the heavenly realm kill the masters of the Mingjiao first. We have four super masters here, so let Zhang Sanfeng and Li Chimei can sweep through the entire Mingjiao."

Zhao Min patted her forehead and was very speechless, "That's right, I'm a little confused. It seems that I'm confused because of you, this girl."

"Auntie, I will help you in the future, you can say this to me"

"It was my fault, little girl, I will rely on you from now on"

"Don't worry, as long as I'm here, Auntie, you can definitely take down my father."

At night, outside Shanhaiguan.

On a hill less than ten miles away from Shanhaiguan, Huang Rong's Southern Army Corps has hidden around Shanhaiguan, and this is now the headquarters of Huang Rong's Southern Army Corps.

Huang Rong looked at the map and began to think.

She wanted to Think about whether there was anything missing when attacking Shanhaiguan in Zishi. Yuan Chonghuan in Shanhaiguan was also a famous general.

Huang Rong would not take every war lightly, otherwise a careless move might cause heavy casualties to the legion.

This was not what she thought. I saw it.

A secret guard shouted outside the commander's camp,"Commander, your Majesty has arrived."

"Let me go. Why did Mr. Wu Xiang come so quickly this time? It's not yet Xu Shi, could it be that Lord Wu Xiang guessed that he was plotting against him?"

Huang Rong was a little frightened when she heard the secret guard's report.

She didn't expect Lord Wu Xiang to come so early. The war hasn't started yet. I'm afraid Lord Wu Xiang is here to settle accounts with her this time.

Just when Huang Rong was in a daze ,

Su Chen entered the commander's camp.

He looked at the absent-minded Huang Rong and smiled and said, "Huang Rong, you can do it. You actually plotted against me. Aren't you afraid that I will punish you?"

Huang Rong pretended to be confused when she heard Su Chen's words, "Your Majesty, what are you talking about?" Why can't I understand at all?"

"I don't understand, you'll understand in a moment"

"do what? Your Majesty, what are you going to do?"

"you guess! You are not a smart woman, can you not guess what I am going to do?"

"I don't know, I can't guess.....Woohoo!"

Su Chen hugged Huang Rong and kissed her without waiting for Huang Rong to finish.

Although Huang Rong was petite, her figure was perfect, with a beautiful face and a delicate face. He had long wanted to have such an elf-like woman. He got it, but either he didn't have time or Huang Rong was busy.

Su Chen never had the chance to win Huang Rong.

This time he didn't intend to let go of Huang Rong, a beautiful beauty. Although it was impossible to do anything here, he had a great time. It's okay.

Huang Rong stared at this shameless bastard and kissed her, which made her happy and embarrassed at the same time.

Although she had already fallen in love with this shameless bastard, this was the commander's camp after all, and this bastard didn't care about the occasion. She kissed herself here. If her soldiers saw this, how would she be able to command her army in the future?

"You are so shameless!" After Su Chen let go, Huang Rong gasped and leaned into his arms and said in embarrassment,

"You have such a sweet mouth."

Su Chen hugged Huang Rong's small waist and said with a smile. Huang Rong glared at this bastard and pulled Su Chen to sit down, "Shameless pervert, don't touch me in the commander's camp, otherwise How do you ask me to command the army? Su

Chen hugged Huang Rong and sat down and said comfortingly, "Don't worry, no one will break in. How are the preparations for the war?"

Huang Rongbai glanced at Su Chen and leaned into his arms and said seriously,

"At midnight, we began to attack the Shanhaiguan Great Wall defense line. As soon as midnight arrived, the Ming generals in Shanhaiguan who we had coerced and bribed would open the gates of Shanhaiguan."

"At that time, a heavy armored infantry regiment will control the city gate first, and the cavalry will then rush into Shanhaiguan. As long as two cavalry regiments rush into Shanhaiguan, we will be able to capture Shanhaiguan with certainty."

Chapter 866

Huang Rong was full of confidence in this war.

As long as her legion entered the Shanhaiguan Great Wall defense line, the Ming army was no match for her legion. It wouldn't even take long to defeat the Ming army in Shanhaiguan.

Su Chen smiled when he heard Huang Rong's words.

As long as Huang Rong has this confidence, he will fully support her.

Huang Rong is not an ordinary woman. The smart Huang Rong is now a very outstanding commander.

The atmosphere in the commander's camp was now very ambiguous.

Su Chen and Huang Rong hugged each other and said some ambiguous words.

Huang Rong, whose face was flushed, was like a little woman in love, leaning into Su Chen's arms and smiling coquettishly.

Time passed unconsciously.

When it was almost midnight,

Huang Rong straightened her clothes and came out of the commander's tent with a shy face. The war was about to begin, and Huang Rong was about to prepare to attack the Shanhaiguan Great Wall defense line.

Huang Rong came out of the commander's tent, blew in the wind to calm down, and then looked around. Fortunately, this was not the place where the women of the Moon God were staying, otherwise she might have been discovered by the women of the Moon God.

That bastard Su Chen is too horny.

She must never be alone with that bastard in the future, otherwise she will really be eaten by that bastard.

When Huang Rong came to the hillside, she looked towards Shanhaiguan in the distance and asked the secret guard next to her,

"Where is the Third Army now?"

"Returning to the commander, the Third Army Corps arrived near Shanhaiguan an hour ago and hid there."

"Order the Fifth and Sixth Cavalry Corps to prepare. As long as the Third Heavy Armor Corps controls the Shanhaiguan city gate, the Fifth and Sixth Cavalry Corps will immediately attack Shanhaiguan."

"Yes, Commander!"

At this moment, in Shanhaiguan, a captain general is leading the army to guard the gate of Shanhaiguan City. It's just that the captain is very uneasy now, and he keeps wiping the sweat from his head.

This captain is being Luo Weng was one of the generals of the Ming Dynasty who instigated the rebellion, and he was also one of the important generals. After all, he was one of the lieutenant generals guarding the gate of Shanhaiguan City. The deputy general next to him looked at their general's panic and whispered,

"Captain! Lieutenant Li! It will be midnight in two quarters of an hour"

"Are you ready, brothers?"The captain heard the deputy general's words and asked hurriedly and seriously,

"The three thousand brothers are all ready, but Captain Yang will be coming to change the shift after midnight. Should we take action in advance?"

"No, Colonel Yang is the same as me. He also took refuge with Commander Huang Rong. When the time came, he ordered the brothers to open the city gate. Don't forget to tie the white cloth on the arms of the brothers, otherwise they will be accidentally killed by the soldiers of the Southern Legion."

"Yes, General!"

Li Xiaowei nodded and looked towards the Shanhaiguan city gate.

This is where he guards, and it is also his sincerity to surrender to Gusu City.

The Ming Dynasty has already sunk, and the southern part of the Ming Dynasty is being sieged by Gusu City. , he had to think about his future future, and the threat of the snare was still vivid in his mind.

For his life and for his future future, he also had to do this.

The defense line of the Shanhaiguan Great Wall of the Ming Empire is very quiet now, and the walls are covered with The torches shined particularly brightly. In addition to the groups of troops patrolling back and forth on the city wall, Shanhaiguan City was full of troops. The troops in silver armor looked nervously outside Shanhaiguan, as if there were some ferocious beasts in Shanhaiguan. It was like a sudden attack on them.

It was almost midnight.

When a group of Ming troops arrived at the gate of Shanhaiguan City, the army here had white cloth strips tied on their left arms. Lieutenant Li and Lieutenant Yang were at the gate of Shanhaiguan City. They looked at each other, nodded and ordered at the same time,

"Open the city gate!" grumble.....Click!

The numerous city gates of Shanhaiguan were slowly opened!

There is now a huge hole in the Shanhaiguan Great Wall defense line!

The Shanhaiguan city gate, the first gate in the northern part of the Ming Empire, was secretly opened. This may be the beginning of the downfall of the Ming Empire.

Colonel Yang looked at the thousands of troops at the gate of Shanhaiguan City and said with a serious face,

"All on alert!"

"Brothers, as long as we hold on for a quarter of an hour, the army commanded by Huang Rong will arrive."

"Brothers, Lord Wu Xiang outside the Pass is a native of the Central Plains, not a foreign race. You all know what the Ming Empire is like now. You all know the heavy levies and miscellaneous taxes, and the corrupt bureaucracy within the empire."

"We want our family to live a good life in the future. We can only welcome the arrival of Lord Wu Xiang's army. Brothers, we all know that Lord Wu Xiang's army massacred those foreign races outside the pass. The people in Lord Wu Xiang's territory live like this. Brothers We all know how good the military pay and welfare of Wu Xiangjun is. You also understand,

"Lord Wu Xiang has already unified the southern continent of Tianxuan Continent."

"And our Ming Empire in the Western Continent is now being attacked by Wu Xiangjun's army. The million-strong army in the southern region of the Ming Empire was defeated by Wu Xiangjun's Eastern Army."

"And now outside the pass is Wu Xiangjun's most powerful army, the Southern Army."

"The Ming Empire has sunk to the west"

"The emperor's inaction, the intrigues and corruption of the ministers, and the East and West factories, Jin Yiwei, and Dragon Guard Villa that make us fearful. Why should we serve an empire like this?"

"For our future and for our family to no longer be exploited, we must hold on for a quarter of an hour to welcome the arrival of the army under the command of Huang Rong."

"Yes, Captain!"

Thousands of people here were also excited when they heard Captain Yang's words.

Although they betrayed the Ming Empire,

Lord Wu Xiang is from the Central Plains, a Chinese, and Lord Wu Xiang can be said to be very cruel to foreigners, but his treatment The people of the Central Plains are very kind.

Not only are there no excessive taxes and miscellaneous taxes in Gusu City's sphere of influence, but the taxes they have to pay are only one-tenth or two-tenths of those of the people of the Ming Dynasty. Even the army's military pay and benefits are so abundant that they are very envious..

Captain Yang nodded with satisfaction when he heard the words of the army here and ordered, "Archers are ready, military shields are in front for defense, we have to protect the city gate for a quarter of an hour."

Just after the Shanhaiguan City Gate was opened, a heavy armored regiment hidden outside Shanhaiguan attacked Shanhaiguan at midnight.

A quarter of an hour, as long as these heavy armored regiments reach the Shanhaiguan City Gate within a quarter of an hour, then the Shanhaiguan City The gate will be completely occupied, and other legions of the Southern Legion will continuously attack the Ming Empire defenders in Shanhaiguan from here.

"Enemy attack, there is an enemy attack!"

The soldiers on a city wall suddenly found that the Black Armor Army came not far away.....!

The alarm bell of the Ming army was immediately sounded. All the Ming troops in Shanhaiguan gathered nervously and immediately. The city walls were full of Ming troops coming and going.

"The city gate is opened! The gate of Shanhaiguan City has been opened!"

Chapter 867

The troops in Shanhaiguan screamed when they found that the city gate was opened. After some troops saw that the Shanhaiguan city was opened, they understood that the Ming army guarding the city gate might have defected to Lord Wu Xiang.

A messenger hurriedly came to a camp and reported to a general, "General Hu, the gates of Shanhaiguan City have been opened, and some of the troops defending the city have betrayed the Ming Empire.""

"Damn it, ordered Zhao Zhong to seize the city gate immediately." General Hu ordered angrily after hearing what the messenger said.

He did not expect that there would be traitors in the Ming Empire's army. Even the important gates of the Shanhaiguan Great Wall defense line were opened.

If the troops from Gusu City rushed in at this time, they would How can the army of the Ming Empire fight against the army of Gusu City? The army of Gusu City is not something that these armies can defeat.

"Yes, General"

"Kill, kill these traitors and take back the Shanhaiguan gate." A general from the Ming Empire rode on a war horse and ordered the tens of thousands of troops behind him,

"kill! kill! kill!"

When Colonel Yang saw the arrival of tens of thousands of Ming Empire troops, he hurriedly ordered his troops,

"Archers prepare, release!"

Swish, swish, swish!

Ahhh!

The troops rushing in front were shot and killed, and more Ming troops rushed over from behind.

These Ming troops knew that if they could not seize the Shanhaiguan City Gate at this time, they would probably die soon. When the troops from Huigusu City arrive, all the defense lines of the Shanhaiguan Great Wall will be lost, and even their troops here will be killed.

When Captain Yang saw that he was about to engage in hand-to-hand combat, he drew his sword and shouted desperately, "Hold the city gate!" Guard the city gate! As long as we hold the city gate, we will be able to save them. The army under the command of Huang Rong has arrived and will arrive in less than a quarter of an hour. Come on over and hold the city gate."

Boom!

The Ming army and the rebels finally collided together. Blood flew everywhere for a while. Many soldiers were killed immediately. Even the soldiers who did not die immediately were trampled to death by the soldiers rushing from behind.

Shanhaiguan City On the roof of a house at the entrance, more than a dozen men in black watched the war at the city gate without saying a word. However, the spider tattoos on their necks could tell that these people were assassins of the Snare.

These assassins of the Snare were responsible for monitoring those they instigated rebellion. And the Ming generals who coerced and lured them. If these generals who took refuge in their Gusu City had any evil intentions, then these assassins would kill them without hesitation.

Dong Dong Dong Dong Dong Dong Dong.....

A prefecture-level Snare Assassin heard the heavy running sounds outside Shanhaiguan, and he said in a hoarse voice to the Snare Assassins next to him,

"Here, the heavy armored infantry regiment is coming. It seems that the Southern Army is going to take Shanhaiguan this time. Our mission here is completed. Colonel Yang is available. Colonel Zhao will be executed in secret. Now go and complete the next mission."

"yes!"

The snare assassins on the roof quickly disappeared here one by one.

Outside the gate of Shanhaiguan City, tens of thousands of legions wearing thick black armor arrived. Each of these legions wearing thick black armor carried a fierce and terrifying look. Masks, they were not afraid of the arrows shot from the wall next to them, and just rushed towards the gate of Shanhaiguan City. The commander of the Third Heavy Armored Infantry Corps looked at the battle at the gate of Shanhaiguan City and ordered loudly, "Charge up, any arms I will kill all the troops without white cloth on them. The Shanhaiguan city gate must be firmly controlled by me."

"kill!"

"The Southern Legion has arrived, brothers, hold on!" Colonel Yang breathed a sigh of relief when he saw the arrival of the Southern Army. This time he finally waited until the arrival of the Southern Army. Otherwise, I am afraid that in another quarter of an hour, these rebel armies will not be able to hold on.

The Ming rebels at the gate of the city Hearing Colonel Yang's words, they found that black-armored soldiers were constantly leaping past them and rushing toward the Ming army in front. These were all troops from Gusu City.

The rebels of the Ming Dynasty were relieved now. Although it was only a short battle, the rebels suffered thousands of casualties. Of the six to seven thousand Ming rebels, there are now less than three thousand left, and all of them are injured. This is a very heavy casualty..

As more and more Third Army troops arrived, the Ming Army finally couldn't hold on and began to retreat, and the Third Army kept rushing towards the Ming Army.

There should be no threat at the gate of Shanhaiguan City. The Southern Army's Each legion is about to arrive, and their third legion must clear the obstacles for the subsequent legions.

"Devil, these armies are devils, I won't fight."

A soldier of the Ming Dynasty looked at the soldiers of Gusu City with evil ghost masks on their faces as they ferociously slaughtered the Ming army. Even the soldiers of the Ming army slashed at the black armor without harming these black armored soldiers.

He finally collapsed and threw it away. The weapon escaped.

The escape of a Ming soldier caused a series of army soldiers to flee. The tens of thousands of Ming troops who came to seize the city gate were completely defeated.

Seeing this situation, Ming General Zhao Zhong hurriedly shouted," You are not allowed to retreat. It is the duty of our army to protect our country and our country. Come on, if we don't capture the Shanhaiguan gate, we will all die."

No matter how many orders and shouts the General Zhao Zhong of the Ming Dynasty gave, it was useless. The defeated Ming army had no soldiers to obey Zhao Zhong's orders anymore. The troops here quickly fled back one by one.

He now only has more than a thousand relatives left by his side. The guards were resisting the attack of the Third Army, which made General Zhao Zhong very angry.

Zhao Zhong looked at the fleeing army with burning eyes and cursed,

"Cowards, they are all cowards. The Ming Empire will really perish if we have armies like yours."

"The crossbow is ready, let go!" A commander of the Third Legion immediately ordered when he saw the Ming army still resisting in front, "Swish, swish, swish." .....

Zhao Zhong and his army, who were still resisting the Third Legion, were immediately shot to death. More than a thousand Ming troops who made the final resistance were destroyed. The Third Legion quickly climbed onto the city wall and massacred the army on the wall..

After the commander of the Third Army arrived at the gate of Shanhaiguan City, he looked at the injured rebels here and nodded with satisfaction.

Although the Ming army was very weak, it still had courage and was not as unbearable as imagined.

"Who is your general?"

When Colonel Yang saw the general in heavy armor, he immediately saluted and said, "General, I am Colonel Yang Cheng."

"You are good. I am the commander of the Third Army of the Southern Army. Now Shanhaiguan City Gate is guarded by the Third Army. You troops can rest."

"Yes, Legion Commander!"

Uuuuuuuuuuuuuuuuuuuuu!" .....

At this time, the attack horn of the Southern Army sounded, and the sound of horse hooves came from outside Shanhaiguan. This was the cavalry regiment of the Southern Army charging over.

When the commander of the third legion heard the sound of horse hooves, he hurriedly shouted an order,

"Clear the road, clear the road quickly, and make way for the cavalry regiment."

## Chapter 868

The Shanhaiguan General Military Mansion is now brightly lit. Since the alarm bell rang just now, the place is full of messengers running to deliver orders.

A messenger quickly ran over and shouted, "Report to the general, the Shanhaiguan city gate has been opened by the rebels, and now General Hu is retaking the Shanhaiguan city gate."

Yuan Chonghuan was shocked when he heard what the messenger said, "What? There was a betrayal in the Ming army? Damn it, how could this happen?"

"Reported to the General Soldier that the army at the Shanhaiguan City Gate was completely defeated. The Gusu City Army had entered with about 50,000 troops. General Hu's deputy General Zhao died for his country. The Shanhaiguan City Gate was completely lost."

"General Hu was ordered to lead an army of 100,000 to recapture the Shanhaiguan City Gate, and to recapture the Shanhaiguan City Gate at all costs." Yuan Chonghuan's face turned black, he slapped the table and ordered angrily,

"Yes, Commander!"

Yuan Chonghuan looked at the map on the table with an ugly face.

Is the Shanhaiguan Great Wall defense line, which is easy to defend but difficult to attack and the first pass in the world, about to be breached?

And those rebels, how could the generals of the Ming army betray the Ming Empire? ?

What benefits did Gusu City give those generals to betray the Ming Empire? ?

How many generals of the Ming Empire were instigated to rebel?

Will there be rebels in Jinzhou and Ningyuan?

"Come, inform General Zu Dashou and General Li Ruzhen, and ask them to be careful of rebels in the army."

"Yes, Commander!"

"Order the Guan Ning cavalry to prepare. If the Shanhaiguan city gate cannot be captured, they will immediately go to the Ningyuan Great Wall defense line."

"Yes, Commander!"

Yuan Chonghuan was speechless for a long time as he looked at Shanhaiguan under the night.

He knew that if the Shanhaiguan city gate could not be captured, the Shanhaiguan defense line would probably be over.

This first barrier in the world, which had resisted the Jurchens for more than ten years, was facing the attack of the Gusu City army. , I'm afraid it completed its mission without any effect.

"Huang Rong, Huang Rong!"

"You are indeed a truly famous general."

Huang Rong's southern army's attack on the Shanhaiguan Great Wall defense line will probably not cause too many casualties, and even after occupying Shanhaiguan, the losses will probably be negligible.

No wonder Commander Huang Rong never attacked the Shanhaiguan Great Wall defense line. It turned out that he wanted to bribe the Ming generals in Shanhaiguan, and they cooperated internally and externally. Capture the Shanhaiguan Great Wall defense line.

This is something Yuan Chonghuan did not expect.

On a hill outside Shanhaiguan,

Huang Rong has been staying here since childhood.

Huang Rong looked at the distance and guessed that the Third Army should have controlled Shanhaiguan City by now. Door, then the two cavalry regiments should also enter Shanhaiguan, and other regiments will now follow her orders to attack the Ming army in various defense areas of Shanhaiguan.

A secret guard arrived and saluted Huang Rong,

"Commander-in-Chief, the Third Army Corps has taken control of the Shanhaiguan City Gate, the Fifth and Sixth Cavalry Corps has entered Shanhaiguan, and other legions are also marching towards Shanhaiguan. It is estimated that all the legions will enter Shanhaiguan in half an hour."

Huang Rong smiled after hearing this.

The news this time was as she guessed.

As long as the Shanhaiguan City Gate is in her hands, the Shanhaiguan Great Wall Defense Line will be taken down no matter what this time.

"Okay, pass on my order. All legions will seize Shanhaiguan steadily according to my order. The Ming army will not let them escape this time. In addition, notify Madam Luna that they can all take action."

"Yes, Commander!"

At this time,

Su Chen appeared next to Huang Rong and said to her with a smile, "Congratulations. I'm afraid it only takes you less than one night to break through Shanhaiguan, the first pass in the world."

Huang Rong smiled when she heard Su Chen's words and said, "Haha!" I am not as powerful as Li Xiuning of the Eastern Legion. Li Xiuning immediately occupied Mingzhou Prefecture, and almost a million troops were destroyed by her."

Su Chen was very speechless when he looked at Huang Rong.

He didn't believe Huang Rong's words.

Although Huang Rong was praising Li Xiuning and her Eastern Legion, Su Chen could see the sparkle in Huang Rong's eyes.

Is Huang Rong really here? Competing with Li Xiuning, even in the war against the Ming Empire, the two of them would have to compete.

"Huang Rong, are you still competing with Li Xiuning? Don't think that I don't know your plan. If you break through the Shanhaiguan Great Wall defense line, you will have the Ming Dynasty capital at your fingertips. Even if Li Xiuning occupied all the land in the south of the Ming Dynasty, you will have the most credit for destroying the Ming Empire."

Huang Rong hugged Su Chen's arm and said with a smile, "It's not that I want to compete with Li Xiuning, but Li Xiuning wants to compete for the top of the four legions, and she also wants to be the leader of the four commanders of us. How can I agree to this? It is probably impossible for Shen Luoyan and Mu Guiying to agree."

"There is no distinction between the four major armies and your four major commanders, so what's the point of earning a ranking?" Su Chen hugged Huang Rong and said helplessly.

The palms and backs of the four legions were full of flesh.

It was impossible for Su Chen to favor any one legion.

Moreover, the commander-in-chief of the four legions would be his woman in the future, so he couldn't do it now. You can talk nonsense, but Huang Rong's Southern Legion is indeed the most powerful legion among the four legions. The Southern Legion is basically a powerful combat legion composed of the Netherworld Cavalry and the Xuanwu Legion. This is something that other legions cannot compare with.

When Huang Rong heard Su Chen's words, she opened her eyes and defended,

"Why doesn't it make sense?"

"You must know that my Southern Legion is the most powerful legion among the four legions. This is recognized by all legions in Gusu City."

"Li Xiuning, Shen Luoyan, and even Mu Guiying are not willing to be suppressed by my southern army. Every time there is a war, our four armies will compete secretly. After all, no one wants to be inferior to others."

Su Chen smiled and said nothing more.

Huang Rong and Li Xiuning can compete.

As long as it is a normal competition, Su Chen will not say anything. Where there are people, there will be competition. This is a law since ancient times.

Su Chen also It was impossible to stop it.

Su Chen touched Huang Rong's hair and said, "Okay, I don't care about this matter. You can do whatever you want.""

"But you need to improve your cultivation level quickly in the future. Didn't I leave two Zhu Guo for you? There are also those martial arts secrets. You can practice them when you have time."

"When you return to Gusu City, you can also look through the powerful martial arts secrets in Xuanniao Palace. By the way, my father-in-law also asked him to go to the martial arts pavilion to see if there are any techniques he wants to learn."

Huang Rong nodded shyly when she heard Su Chen's words, but she felt very helpless when she thought of her father, Huang Yaoshi.

She knew that his father had a very big opinion against Su Chen. Some things in Gusu City now are due to his father. While working, her father Huang Yaoshi is now like the prime minister of Gusu City, busy all day long.

This is mainly because Gusu City has expanded too fast, and many places have not yet arranged officials.

And Su Chen Just like a playboy, he wandered around and caused trouble. Su Chen didn't care about the big and small matters in Gusu City. This made her father dislike Su Chen very much.

Huang Rong shook her head and stopped thinking about these things. We'll talk about it later. Even if his father doesn't agree with her being with Su Chen, I'm afraid this bastard will be able to deal with her father, Huang Yaoshi.

Huang Rong looked at Su Chen and smiled and said,"Don't you take a break? We can occupy all the Shanhaiguan Great Wall defense lines before tomorrow morning. We can go to Shanhaiguan tomorrow morning."

"No, I'll stay with you here."

## Chapter 869

The Shanhaiguan Great Wall defense line is now full of shouts of killing. War can be seen everywhere in Shanhaiguan. With hundreds of thousands of troops from the Southern Army entering Shanhaiguan, the Shanhaiguan Great Wall defense line has completely lost its effect.

The Ming army was completely divided and surrounded by the Southern Army. Under the cooperation of some Ming Empire rebels, hundreds of thousands of troops in Shanhaiguan of the Ming Empire were killed and some surrendered.

The sky is gradually getting brighter, and the war in Shanhaiguan has slowly ended.

After a night of fighting,

Shanhaiguan has been completely captured by the Southern Army. It should not be said that the Great Wall defense line except Ningyuan City has been captured. However, because Ningyuan City is located at a pass within Shanhaiguan, the Southern Army did not attack there at all.

Wooooooooooooooooo!

After dawn,

Su Chen and Huang Rong came to Shanhaiguan with an army of 10,000 people. Not only did Su Chen and Huang Rong arrive with the flag of the commander of the Southern Army, but Su Chen's black bird flag also appeared here.

After the various legions in Shanhaiguan heard the sound of the trumpet, they knew that Commander Huang Rong had arrived, and this time Lord Wu Xiang had also arrived. In addition to the defensive troops, the remaining armies of the various legions here were waiting inside and outside Shanhaiguan to welcome Wu Xiangjun. The arrival of Xiangjun and Huang Rong.

The more than 200,000 Ming army prisoners in Shanhaiguan are now very frightened. They don't know what fate is waiting for them, but the Gusu City army here is very fanatically waiting for someone to arrive. This makes these more than 20 people The prisoners of Wan Daming's army were very nervous.

At the gate of Shanhaiguan City, many army commanders from the Southern Army have appeared here. Even the Ming generals who took refuge with Huang Rong in this war also appeared here.

However, there were less than ten generals who took refuge there.

Dozens of Ming generals who took refuge were screened by the net, and some useless Ming generals were secretly executed.

When Su Chen and Huang Rong arrived, the Southern Legion outside Shanhaiguan and on the city wall cheered.

"See you, your Majesty, you will be yours for thousands of years!"

"See you, your Majesty, you will be yours for thousands of years!"

"See you, your Majesty, you will be yours for thousands of years!"

Su Chen waved his hands to the soldiers of the Southern Legion along the way. The soldiers who fought for him are still stained with blood on their armors. I am afraid these soldiers are also very tired after a night of fighting.

Daming came to join them. The generals were very surprised when they saw Su Chen.

Although they all knew that Wu Xiangjun was very young, they were still shocked to see this handsome man in his twenties with noble temperament.

Especially the Southern Legion. The way the soldiers looked at Lord Wu Xiang,

I am afraid that these soldiers were willing to fight and die for Lord Wu Xiang.

When Su Chen was about to arrive at the gate of Shanhaiguan City, these generals of the Ming Dynasty who had taken refuge The conversation started,

"This is the emperor of an empire. There is no comparison between Emperor Ming and Lord Wu Xiang at all."

"Yes, Lord Wu Xiang was of noble birth, and his current noble temperament and majestic aura cannot be compared with any other emperor."

"hehe! We are all lucky this time. After Lord Wu Xiang establishes the empire, our status will also rise. Moreover, Lord Wu Xiang's successor, Princess Su Yan, is a great person. From now on, Lord Wu Xiang will pass the throne to Princess Su Yan. , I'm afraid the empire will become even more powerful."

"You are overthinking. Mr. Wu Xiang is still so young. Even if he passes the throne to Princess Su Yan, it will probably be decades later."

"Haha, aren't I worried about the future heir to the empire? Princess Su Yan is only six or seven years old. At the age of six or seven, she can control an army and destroy a country. What do we have to worry about with such an heir?"

"It is true that the empire will become stronger in the future, and even the Tianxuan Continent will be unified by Lord Wu Xiang and Princess Su Yan."

When Su Chen and Huang Rong arrived at the gate of Shanhaiguan City, the commanders of the Southern Army here saluted Su Chen and Huang Rong and said,

"See you, your Majesty, you will be yours for thousands of years! See commander in chief."

The Ming generals who came over here also saluted Su Chen and Huang Rong and said,

"See you, your Majesty, you will be yours for thousands of years! See commander in chief."

Su Chen waved his hands to these army commanders and looked at this first pass in the world. Shanhaiguan is very tall. If Shanhaiguan, which is more than ten feet high, is attacked by force, I am afraid that the Southern Army will pay a lot of casualties.

Then. As Su Chen and Huang Rong entered Shanhaiguan,

Shanhaiguan was now in a mess, and some of the surrounding buildings had been destroyed and collapsed.

There were soldiers from the Southern Legion guarding Shanhaiguan everywhere.

After all, this place had just been occupied. There might be some Ming troops. The defeated troops hid in Shanhaiguan

"It seems that your southern army captured many Ming troops this time." Su Chen looked at a large number of Ming troops squatting in a military camp and smiled and said.

Huang Rong didn't pay much attention to these prisoners.

She got information about the specific situation of the army here.

Except for some border troops in Shanhaiguan, there were only Yuan Chonghuan's Guan Ning cavalry is stronger, and the rest are just stragglers. Those are nothing to be afraid of.

"These Ming armies all look very thin. I am afraid that these are ordinary people who were recruited, and they are just ordinary people with weapons."

Su Chen nodded and rode towards the General Military Mansion. Now that Shanhaiguan has been captured, the remaining passes are not a concern for Huang Rong. He also has to prepare to leave, otherwise he may appear again. What kept him here?

The former General Military Mansion of the Ming Dynasty, now the Commander-in-Chief Mansion of the Southern Army.

After Su Chen and Huang Rong sat down in the hall, the various army commanders also sat down one after another.

Huang Rong looked at her hands. The battle report in the book frowned and asked, "Where has Yuan Chonghuan fled to now?"

A legion commander stood up and saluted Huang Rong and said, "Commander, Yuan Chonghuan has fled to Ningyuan, and the Guan Ning cavalry has been sent to Ningyuan before the war started. We have no way to keep the Guan Ning cavalry this time."

Huang Rong nodded after hearing this.

Yuan Chonghuan is indeed a famous general. He should know that with one hundred thousand Guan Ning cavalry, he cannot stop the attack of the Southern Army.

Yuan Chonghuan wants to maintain his strength to defend the Ming Dynasty.

"It turned out that Yuan Chonghuan still had some skills. Knowing that he could not defend Shanhaiguan, he hurriedly asked the elite Guan Ning cavalry to withdraw first. It seemed that he was going to use Guan Ning cavalry to guard the capital of the Ming Dynasty.

Su Chen asked suspiciously when he heard Huang Rong's words, "Where is Ning Yuan?" Doesn't Yuan Chonghuan guard Ningyuan? Huang

Rong smiled and stroked her hair and said,

"Your Majesty, Yuan Chonghuan will not defend Ningyuan. He also knows that he cannot defend a small Ningyuan. Yuan Chonghuan will definitely escape with his army before noon today."

"Shanhaiguan is the last line of defense for the Ming Dynasty. From Shanhaiguan to the Ming Dynasty, there is a vast expanse of water. Except for the Ming Dynasty with its high walls and thick walls, there is probably no place that can stop the attack of our southern army."

A legion commander stood up and saluted, "Commander, are we just going to let Yuan Chonghuan escape?"

Huang Rong waved her hand for the legion commander to sit down and then gave a serious order, "Haha, of course not. First, the Second Cavalry Legion will set off immediately. Even if Yuan Chonghuan escapes, he cannot escape completely."

"Not all Yuan Chonghuan has cavalry, he may also take away some supplies and food."

"The Ming Empire is not rich. The supplies and grains here are probably the largest in the Ming Empire. You know what to do, so I won't say more."

"Yes, Commander!"

## Chapter 870

Su Chen was drinking tea in the main hall and watching Huang Rong issue orders in an orderly manner. Huang Rong was very heroic now.

Although I don't know what Huang Rong looks like on the battlefield,

Huang Rong's current appearance is very pleasing to the eye. As a female commander of an army of tens of thousands, I am afraid that he is the only one who can break the rules and let a woman do it.

Su Chen now has five powerful female commanders of the combat corps, Li Xiuning of the Eastern Army, Huang Rong of the Southern Army, Shen Luoyan of the Western Army, Mu Guiying of the Northern Army, and the extremely beautiful Hu Ji, who leads the wolf. clan army.

These women were either the previous female generals and military advisors, but they did not have the power and freedom they have now.

Just like Li Xiuning, Shen Luoyan, and Mu Guiying, although they were generals and strategists in the past, they were all jealous and distrusted by their respective forces. Even restrained to death.

Or they are some unknown women, like Huang Rong and Hu Ji.

If they had not met him, their fate would not be so good. Needless to say, Hu Ji, a foreign woman was the son of Tou Man after his death. She was raped and even became the woman of Touman's son.

If Huang Rong remains as in the plot, she will be dragged to death by Guo Jing in the future. Even Huang Rong, who is full of spirit and spirit like an elf, may become an extremely annoying woman.

Eastern Continent, Jiuyuan City!

In a luxurious mansion,

Hu Ji was wearing a very cool dress and was reading a secret letter from the Western Continent. Sitting cross-legged on the soft carpet, Hu Ji made her perfect figure even more prominent. Those long legs may make people unable to look away if they look at them

"Someone, tell Liu Hai and Wang Meng to come see me."

"Yes, ma'am!"

Hu Ji touched her smooth chin and smiled. This secret letter from Su Chen can be described as extremely disgusting. What a dear, little darling, little darling. Hu Ji is a very open-minded Hu girl like Hu Ji. I can't stand it anymore.

And King Qin Ying Zheng?

Hu Ji didn't expect that King Qin Ying Zheng would secretly send an army of 500,000 to attack Gusu City, and the 500,000 troops disappeared under her supervision.

It seems that she underestimated King Qin Yingzheng, but King Qin Yingzheng was really courageous.

Wasn't it that bastard who took away his mother Zhao Ji?

It was just a woman.

She did not expect that King Qin Yingzheng would treat Su Chen With such great hatred, she still went to trouble her husband at the critical moment of destroying the Zhao Kingdom, so how could she teach King Qin Yingzheng a lesson?

Su Chen did not ask her to go to war with King Yingzheng of Qin.

In Su Chen's opinion, King Qin would destroy the country. After conquering the Six Eastern Kingdoms, their war against Qin began. In this way, even if they occupied the territory of the Six Eastern Kingdoms in the future, they would have taken it from Qin. The survivors of the Six Eastern Kingdoms should not have any interest in Gusu City. There is no evil intention.

Hu Ji touched her chin and wanted to teach King Qin Yingzheng a profound lesson.

How can she teach King Qin Yingzheng a lesson? At the same time, make him lose face?

Since he is not planning to start a war, but You can find a place to fight an insignificant war, but you still have to threaten when it is time to threaten.

Hey!

Hu Ji suddenly thought of King Qin Yingzheng's wife Mi Hua. I heard that she was good-looking, but it seemed that this woman gave birth to King Qin. A son.

Should the King of Qin hand over Mi Hua to quell the war this time?

The more Hu Ji thought about it, the more feasible it became. This would not only severely slap King Qin Yingzheng in the face, but even make King Qin Yingzheng angry. He had to hand over his wife Mi Hua.

A secret guard reported to Hu Ji outside the room, "Madam, Liu Hai and Commander Wang Meng have arrived."

"let them in"

"Yes, ma'am!"

"Liu Hai (Wang Meng) met Madam."

Liu Hai and Wang Meng came into the room and saluted Hu Ji.

Hu Ji picked up the secret letter on Hu's desk and pulled out a piece that had nothing to do with herself. She handed it to Liu Hai and the others and said, "Wang Meng, Liu Hai, this is your husband's secret letter. , take a look"

"Yes, ma'am!"

Liu Hai and Wang Meng were very surprised when they saw Wu Xiangjun's secret letter.

They did not expect that King Qin Yingzheng would secretly send 500,000 troops to attack Gusu City. This made them very guilty.

They accepted it Hu Ji was ordered to monitor the state of Qin all the time. This time they were negligent.

"Madam, we were careless this time and we are willing to be punished!"

"Madam, please punish me! Liu

Hai and Wang Meng knelt down and said to Hu Ji.

Hu Ji waved her hands to them and said with a smile,

"Get up, I can't blame you. Who would have thought that King Qin Yingzheng would dispatch 500,000 troops to attack Gusu City when he attacked Zhao?"

"Moreover, they secretly attacked Gusu City from Shu via Tubo."

"Liu Hai, you immediately mobilize an army of 300,000 troops and go south to Qin State's Shangjun. This time you want to capture Shangjun, but you can only capture Shangjun. Do you understand?"

"Yes, ma'am!" After receiving the order, Liu Hai immediately saluted Hu Ji and hurried out to prepare.

Hu Ji looked at Wang Meng and took out his blue bird jade pendant and ordered,

"Wang Meng, immediately issue my wife's decree, ordering the armies of Donghu and all tribes of the Wolf tribe to assemble quickly. I want an army of 500,000 foreign cavalry to assemble in Jiuyuan City within three days."

"Those who don't come will be killed!"

"Latecomers will be killed!"

"Those who do not obey the order will have the Manchus slaughtered!"

Wang Meng took the blue bird jade pendant with both hands and saluted,

"Yes, ma'am!"

Hu Ji saw that Liu Hai and Wang Meng were getting ready, so she picked up a pen and started to write a letter.

She decided that she needed to tell Zi Nu about the matter of King Qin Ying Zheng dedicating his wife. I am afraid that the army in Xinzheng City would do the same this time. If there is any movement, she and Zi Nu must stay together, so that the threat to Qin will be even greater.

A beautiful Hu Nu said to Hu Ji, "Madam, have you never thought about dragging Wu Xiangjun away from his control? Madam, as long as you raise your arms now, Donghu and the Wolf Clan will support you as the Khan of the Grassland, or even the Empress of the Grassland."

Hu Ji's eyes moved as she wrote the letter.

She didn't think that [Moon Wolf Descendant] Ruo Min would say such words. It seems that this Ruo Min has been confused by Creon in the past few months. It seems that those white slaves are Tired of living.

Hu Ji put down the pen in her hand, looked at Ruo Min and said expressionlessly, "Ruo Min, you are very brave!"

"madam i....I don't understand what you mean." Ruo Min was so frightened when she saw Hu Ji's gloomy face.

She didn't expect that Hu Ji was going to kill her just after saying these words. This made her very confused.

Did Hu Ji have no plan at all? Is she self-reliant?

Or is Hu Ji simply not interested in being the Empress of the Grasslands and the Great Khan?

"Hahaha!

Hu Ji smiled and said with a sinister face, "Don't understand?" Do you really not understand or do you pretend not to understand? Ruo Min, I wanted you to be my husband's concubine before, but it seems that it is no longer necessary in the future. From what you said, you and your tribe will be exterminated by me."

"No, madam, Madam Hu Ji, I'm just talking casually. What I said is for your sake. Please forgive me this time."
