

Zongwu 871

Chapter 871

Ruo Min was frightened now.

If Hu Ji really wants to massacre her tribe,

I'm afraid her tribe will not be able to escape.

Hu Ji is like a queen on the grassland. No one on the grassland dares to disobey Hu Ji's orders, even one of Hu Ji's orders. The grassland All the tribes in the world will rush to do it.

After all, Hu Ji is very kind to the tribes she listens to. Weapons, equipment, food and luxury accessories are very attractive and are the items that all the clan leaders and nobles on the grassland look forward to.

When dealing with the disobedient grassland tribes, she would often eradicate them without leaving any consequences.

Hu Ji in the room was very angry when she looked at Ruo Min. This woman was the beauty she prepared for Su Chen. If he hadn't been unable to bear it every time That bastard.

How could Hu Ji find a beautiful woman for that bastard Suchen?

It's just that Ruo Min didn't expect that she would have such thoughts, which made Hu Ji very dissatisfied with her.

Get out of Su Chen's control?

Did Su Chen control her?

She is unrestrained here, no one can control her, she and Su Chen are one, and she is even very dependent on that bastard Su Chen. If she hadn't wanted to contain Qin Guo for that perverted bastard, she would have given up on it all long ago Go find that bastard.

In the past six months, Hu Ji has received many treasures from Concubine Yan of Gusu City, Zhuyan Pills! Zhu Guo! Copy of martial arts secrets! She even has a pile of fine wine, soap, fried tea, perfume and other luxury goods in Gusu City.

Hu Ji has been continuously improving her cultivation level in the past six months. Now she is a master in the early stage of a grand master. She has as many as four or five copies of the king-level secret books in her hand.

If it weren't for the fact that she couldn't have a copy of the emperor-level secret books, she could practice even the emperor-level secret books now. However, as long as she went to Gusu City, she could read and practice those emperor-level secret books at any time.

Hu Ji thought about how she could betray Su Chen. She had never thought about betraying Su Chen.

Although that bastard is a little perverted, she treats herself very well. She will leave hundreds of thousands of troops to her if she is told to do so, without even the slightest intention of restraining her. Now on the grassland, if she wants to attack that tribe, she will attack that tribe. She can even decide everything in the army.

Thinking of this, Hu Ji looked at Ruo Min and became even more angry, "Ruo Min, you disappoint me so much. Why do you think I would keep you by my side? With your little tribe of descendants of the Moon Wolf, you are treating me again." What's the use? If you weren't still pretty, do you think you could stay in Jiuyuan City?"

Ruo Min was very frightened now.

The descendants of Moon Wolf were originally Hu Ji's slave tribe, but on this grassland, No tribe dares to offend their descendants of the Moon Wolf, all because of the existence of Hu Ji.

If Hu Ji really wants to destroy her tribe this time, I am afraid that her tribe will curse her even if they die.

Ruo Min's cold face revealed a look of pleading, "Madam, I was wrong. I shouldn't have said those words. Please forgive me for this mistake."

"forgive you? Okay, I'll give you a chance, Creon, go kill him, bring his head and I'll forgive you this time." Hu Ji looked at Ruo Min's beautiful face with her fox-like eyes and felt that it would be a pity to kill her.

There was no woman more beautiful than Ruo Min on the grassland, so

Hu Ji decided to give Ruo Min another chance.

"gram.....Kryon?"

Ruo Min was very surprised when she heard Hu Ji's words.

She didn't expect that Hu Ji wanted to kill Creon.

Creon had a good relationship with her. Creon even saved her in several battles on the grassland. Now Hu Ji asked her to kill Creon, which made Ruo Min reluctant to do it.

But if she didn't kill Creon,

I'm afraid her tribe would be slaughtered.

Ruo Min was in a very difficult situation now, but for the sake of her tribe, she Or decided to kill Creon?

"Yes, the white slave always wanted to leave, how could this be possible? You have learned so many skills in my legion. If you don't use them for me, you will die. Will you kill them?"

"kill! I'll kill!"

"Okay, very good, Ruo Min, you have to remember that you will be my husband's woman from now on. If you are found to be close to other men again, don't blame me for being cruel."

"I understand ma'am"

"Go down, you better not let me down"

"Yes, ma'am!"

Hu Ji shouted casually when she saw Ruo Min leaving,

""Wang Hai" a man suddenly appeared in the room.

After the man appeared, he saluted Hu Ji and said,

"lady! Hu

Ji looked at Su Chen, that bastard former guard commander, and ordered, "Send secret guards to monitor Ruo Min. If she has any evil intentions, she will be executed.""

"Yes, madam."

Hu Ji sat down again and continued to write her secret letter.

She didn't care about what happened just now. She was just a beautiful woman.

If Ruo Min didn't obey her orders, she would kill the entire month without hesitation. Descendants of wolves.

In Jiuyuan City,

Ruo Min felt cold all over after coming out of the Commander's Mansion.

She did not expect that Hu Ji really loved Lord Wu Xiang so much. This time she failed to steal the chicken and lost all the rice.

Moon Wolf The descendants of the Moon Wolf are a little confused now.

As the slave tribe of Hu Ji, the descendants of the Moon Wolf have a somewhat unique status in Jiuyuan City and even on this grassland. Although their descendants of the Moon Wolf have a low status, not only does no tribe dare to provoke them, but even She also kept fawning over their tribe. It was because of Hu Ji's existence that her tribe had a unique status on the grassland.

Ruo Min took out Wolfsbane from his arms, looked at it, and whispered, "Kryon, I'm sorry, for People of my tribe, the kindness you have shown me can only be repaid in the next life."

On the Western Continent, outside Shanhaiguan, a carriage slowly drove out from Shanhaiguan. A beautiful woman drove the carriage away from Shanhaiguan.

Su Chen was very speechless as he sat in the carriage and looked at the uneasy Shen Bijun. , he did not expect that there would be one more person in the carriage when he left, and she was also a beautiful woman.

But this woman should not be here. How could that woman Ning Zhongze bring this woman here? She even got into her own carriage. ,

Su Chen also decided to leave after explaining everything to Huang Rong. Although the relationship with Huang Rong did not get any further this time, apart from not having sex, Su Chen had done what he had to do several times.

Just in When he was leaving, he happened to see the woman Shen Bijun in his carriage.

This was not a train or car where he would meet an acquaintance on the way. This was his own carriage, a private carriage. What on earth was this woman going to do?

Is Shen Bijun fascinated by his handsomeness?

Su Chen thought about it and realized that it was impossible.

If Shen Bijun liked handsome men, I'm afraid it wouldn't be his turn. There are many handsome men in the world like Ximen Chuixue, Ye Gucheng, Each of them has more personality than the other, and they are even very handsome.

Su Chen looked at Shen Bijun who was nervously fidgeting with his hands next to him and asked,

"Tell me, are you in the carriage like this?"

Chapter 872

Shen Bijun is very uneasy now.

She begged Ning Zhongze several times this time, but Ning Zhongze finally helped her because he felt pity for her. If Wu Xiangjun drives her away directly, she really doesn't know what to do. ?

Shen Bijun looked at Su Chen and said timidly, "I.....I have nowhere to go"

"No place to go? Then you won't go back to your home?" Su Chen looked at the silly Shen Bijun speechlessly.

Shen Bijun suddenly raised his head and said excitedly,

"I don't dare to go back. Lian Chengbi and I have broken off our engagement. If my family finds out, I'm afraid I will be beaten to death."

"Besides, the deer-cutting knife of the Golden Needle Shen family has been given to Liancheng Bi. Now that Lian Chengbi and I have broken off our engagement, the deer-cutting knife may have been known to people in the world. By then, the Golden Needle Shen family may be a bloody place."

"Lian Chengbi of Wuchu Villa will not help the Jinzhen Shen family again. The Jinzhen Shen family may be doomed this time.

Su Chen asked in disbelief after hearing Shen Bijun's words, "Will your parents beat you to death?" Just to break off the engagement?"

"My parents have passed away and are the elders of the family."

Su Chen understood after hearing Shen Bijun's words.

Now he understood why a sword like the Deer Cutting Knife was given to Lianchengbi by the Shen family as a dowry. It turned out that the Shen family wanted to transfer the disaster to Wuchu Villa Lianchengbi. Enter that unlucky guy,

"It turns out that the deer knife was probably given to Lian Chengbi as a dowry to prevent your family from being destroyed. You are also a chess piece."

"Am I just a pawn?"

"When the deer-cutting knife appears in Liancheng Bi's hand, have you ever thought about it. If those people in the Jianghu who pay attention to the deer-cutting knife begin to assassinate Liancheng Bi, or some powerful masters appear to kill Liancheng Bi and snatch the deer-cutting knife. So can you survive it?"

"this.....this.....I....."

Shen Bijun is a little at a loss now.

She originally thought that after she and Lian Chengbi broke off their engagement, people in the family would think it was embarrassing and maybe they would deal with her according to the family law. Even if she didn't die, she would be kicked out of the family.

Now it seems that she has already He was used as a pawn by the family.

This made Shen Bijun difficult to accept for a while.

Su Chen looked at Shen Bijun who was at a loss and shook his head.

She was really a silly woman.

Forget it, there was nothing going on during the trip anyway.

It would be nice to have a vase to soothe the eyes.

In the following days,

Su Chen kept using Shen Bijun as a maid, and Shen Bijun, who didn't understand anything, slowly adapted to the status of a maid with the help of Ning Zhongze.

The war in the Western Continent is still going on.

Li Xiuning's Eastern Army has occupied Mingzhou Mansion and is now starting to wage war around Mingzhou Mansion.

After Huang Rong broke through Shanhaiguan, she was clearing away the remaining Ming troops in various state capitals in Shanhaiguan.

Even for those armies that surrendered, after she released some old, weak, sick and disabled soldiers, she began to reorganize these Ming armies. More than 200,000 surrendered troops, Huang Rong finally left behind 60,000 to 70,000 young and strong troops. These troops They are all intensifying their training now.

In the southern continent,

Mu Guiying has now besieged Kaifeng, the imperial capital of the Song Dynasty. However, the envoys of the Song Dynasty have arrived in Gusu City again, and Mu Guiying has not launched an attack on the imperial capital of the Song Dynasty at this time.

In Nanyue County,

Gai Nie arrived here first with his army. Before the Qin army arrived, Gai Nie had already deployed defenses. Now he only has 100,000 cavalry in hand.

The two legions provided by Mu Guiying have not yet arrived on the road, and the city guards from various counties in the south are also gathering towards Nanyue County.

Ge Nie could only wait for the troops to be in place before launching a war of annihilation against the Qin army.

The Qin Army's coach this time is also in a dilemma.

Nei Shiteng and Xin Sheng are now very hard-pressed.

In front of them is Nanyue County, but this sneak attack can no longer go on. There are people in Nanyue County. More than 100,000 troops exist.

Moreover, the scouts found that troops were arriving from all over the south every day, ranging from a few thousand troops to tens of thousands of troops. Now, every extra day they waited, tens of thousands more troops would appear in Nanyue County.

How to fight this battle?

The attack is definitely not possible.

Although they have an army of 500,000, they did not bring a large number of siege equipment this time. Even some of the siege equipment they brought will be used when attacking Gusu City.

If the siege equipment was used in Nanyue County, if the siege equipment was damaged, how would Gusu City be conquered?

Moreover, the black armored army in Nanyue County is not easy to be destroyed. The army in Gusu City is famously powerful.

Although the 500,000 Qin army can defeat the more than 100,000 troops here, the Qin army will probably suffer heavy casualties, and even half of the army will have their bones buried here.

The junction of Nanyue County and Tubo.

In a camp,

Nei Shiteng and Xin Sheng sat together silently without speaking. This time they really couldn't think of how to attack Wu Xiangjun's Gusu City.

Neishiteng looked at Xin Sheng who was silent and asked,

"General Xin, what should we do now? A sneak attack is definitely out of the question. How could the army in Gusu City know that the warriors were planning to attack here? Xin

Sheng took a sip of wine and said helplessly,

"What else can we do? Fei Ge sends a letter to King Qin."

"The news of our sneak attack on Gusu City this time has been leaked. Now we are still worried about how to leave here. I am afraid that in a few days, Nanyue County will gather dozens of troops. By then, I am afraid that Nanyue County will launch an attack on us."

Nei Shiten sighed and said very unwillingly, "Oh! This is the only way. Why does Lord Wu Xiang still have an army in the south? All the Southern Legions went to attack the Ming Empire. Which legion did the 100,000 elite cavalry in Nanyue County belong to?"

"I don't know, but it's beyond my imagination that the commander-in-chief is Genie."

"Gai Nie is a disciple of Guigu. He has the ability to command the army. After all, Wei Zhuang is Lord Wu Xiang's brother-in-law. With Wei Zhuang here, Lord Wu Xiang will definitely use Gai Nie."

"It's ironic that one of King Qin's former guards has now become the commander of a legion in Gusu City, and he is still here to stop our army's attack."

Nei Shiteng and Xin Sheng discussed with each other but couldn't think of a solution. Now they can only send a letter to King Qin Yingzheng using flying pigeons about the situation here. As for whether to fight or retreat?

It can only be decided by King Qin.

In the Eastern Continent, in the Xianyang Palace of the Qin Dynasty,

King Qin Yingzheng was very angry now. The letter in his hand was torn to pieces. He did not expect that Hu Ji in Jiuyuan City would do this.

Now Hu Ji's army of 300,000 is attacking Shangjun, if Shangjun is captured, then Xianyang City will be exposed under the eyes of Hu Ji.

Moreover, hundreds of thousands of foreign cavalry are gathering on the grassland.

Will that woman Hu Ji take the opportunity to destroy the Qin State?

He just thought of what was in the letter. Content stood up angrily and asked him, the King of Qin, to use his woman in exchange for the end of the war.

Was this to kill him?

Chapter 873

In the Palace of Qin, under the rage of King Qin Yingzheng, the ministers below all bowed their heads. This time the army of Jiuyuan City launched a war against Qin, which was both expected and unexpected.

King Qin Yingzheng insists on a sneak attack on Gusu in the southern continent. This matter will definitely be exposed, and Hu Ji in Jiuyuan City is Wu Xiangjun's woman. It is impossible for her to remain indifferent after getting the news.

As for the unexpected fact that Hu Ji had taken control of the grassland, why didn't Hu Ji betray Lord Wu Xiang?

You must know that if Hu Ji fully mobilizes the army, I am afraid that millions of cavalry regiments will be assembled on the entire grassland.

Which country can be a rival to such a huge cavalry corps?

I am afraid that even with a horse's hoof, I can destroy any of the six eastern countries at will.

Now Qin's Shangjun is in danger. Shangjun will be captured by Hu Ji's army at any time, and the army of Great Qin is either destroying Zhao or attacking Gusu City thousands of miles away in the southern continent. Now

Qin has no troops to use. If Wang Jian's army returns, I am afraid that all the territory Zhao has captured in the past six months will be lost. Even if Wang Jian's army returns, Zhao will probably take the opportunity to take a bite of Qin's flesh.

"Your Majesty, we need to send an envoy to see Hu Ji as soon as possible, so that we may be able to persuade Hu Ji to stop her troops."

"Yes, Your Majesty, the country of Qin is empty now, and there is no army that can resist Hu Ji's army. If Hu Ji is not persuaded, I am afraid that Xianyang of Qin will be in crisis."

"Gold and silver treasures, we offer gold and silver treasures to Hu Ji. This may make Hu Ji retreat."

"It's difficult. Don't forget that Hu Ji is Wu Xiangjun's wife. This time our Qin army went to attack Gusu City. This is another slap in Hu Ji's face. Hu Ji is not Wu Xiangjun's wife. Mrs. Jun from Su City reprimanded Hu Ji. I'm afraid Hu Ji will vent her anger on us, Da Qin."

"That's right, alas! This is a dead end!"

"Everyone, please don't forget the more than 100,000 troops in Xinzheng City. Xinzheng City is controlled by Wu Xiangjun's other wife. If Zi Nu also sends out troops at this time, I am afraid that our troops in Zhao State will not be able to come back even if they want to."

"The Purple Lady of Xinzheng City, the rebel general Wang Lu's army of more than 100,000, we must pay attention to these."

"What's the use of just paying attention? Do we have the military to stop it?"

As a minister spoke in the main hall of the Qin Palace, there was a lively conversation immediately. Dozens of ministers were all expressing their own opinions.

Touch!

When King Qin Yingzheng heard the commotion in the court, he suddenly screamed. He patted the table in front of him and yelled angrily, "Shut up, Li Si, is there any way to persuade Hu Ji?"

Li Si stood up hurriedly, saluted, shook his head and said,

"Your Majesty, I'm afraid not. I'm afraid Hu Ji won't be easily persuaded by us this time. Firstly, after all, our Da Qin now has no troops available in the country. I'm afraid Hu Ji also found this opportunity to attack our Da Qin.

"Second, our sneak attack on Gusu City may have angered Hu Ji even more. After all, Hu Ji is Wu Xiangjun's woman. We are slapping her in the face by doing this. Hu Ji cannot be persuaded by us regardless of emotion or reason.."

Qin King Yingzheng clenched his fists when he heard Li Si's words.

Now he is helpless.

All the troops of the Qin State have been dispatched.

The Qin State is now empty of troops, but he is very angry and angry when he thinks of Hu Ji's conditions. Helpless, Mi Hua is one of his two wives, and Mi Hua gave birth to a son for him, and this son is his eldest son Fusu.

If Mi Hua is sent to Jiuyuan City at this time, his face as the King of Qin will be ruined Where?

How will the people of the world view him as the King of Qin in the future?

How will Fusu explain Mi Hua to him when he grows up?

Although there are many women in his palace, can a lady without a name be compared with Mi Hua? ?Although he doesn't like Mihua that much, Mihua is also his woman after all.

"Retreat!"

Qin King Ying Zheng left the hall with a very ugly face. Now he is very aggrieved, but he still decided to send Mi Hua to Jiuyuan City. A woman is still not as important as his thousands of miles of country.

"Zhang Han!"

"King"

"Mrs. Xuan Qin, come here!"

"Yes, Your Majesty!"

Qin King Ying Zheng felt very uncomfortable when he looked at the map of Da Qin in the room. It is really ironic that a majestic Da Qin would let the King of Qin's woman resolve the crisis. Just for a moment, a very beautiful figure appeared. Not only did she have a curvy figure, but her face was also very soft and gentle. A beautiful woman wearing a white dress came to King Qin's study.

She looked at King Qin Yingzheng who was meditating and saluted,

"Mihua met the king."

Qin King Ying Zheng did not turn to look at Mi Hua. He looked at the map of Da Qin and said hoarsely, "Mi Hua, this time I want you to do something."

"Your Majesty, please give me your orders!"

Outside the study,

Zhang Han was guarding the study with his secret guard. As for what happened inside, he was not interested in knowing. Now Zhang Han is worried about the war in Shangjun. If King Qin Yingzheng can't think of a way to deal with it again, I am afraid that Da Qin is really in danger of destroying the country.

There was a creak!

The study was opened, and

Zhang Han hurriedly saluted when he saw Qin's wife Mi Hua coming out with red eyes.

"Zhang Han!"

The voice of King Qin suddenly came from the study.

Zhang Han immediately went in and saluted, saying,

"King! King Qin

Yingzheng looked at Zhang Han and ordered with red eyes, "Take Mrs. Qin to Jiuyuan and hand it over to Mrs. Hu Ji.""

"What?"

Zhang Han was stunned when he heard what King Qin Yingzheng said.

Did he hear it wrong?

King Qin Yingzheng actually wanted to send his wife to Jiuyuan?

Jiuyuan is Hu Ji's territory.

What did King Qin do to do this? ?

Will Mrs. Qin let Hu Ji retreat?

When King Qin saw Zhang Han standing there in confusion without giving orders, he shouted angrily, "Zhang Han, didn't you hear what I said?"

Zhang Han shuddered and saluted hurriedly,

"I obey the decree!"

Zhang Han now understands what King Qin Yingzheng means.

King Qin wants to use Qin's wife to resolve Hu Ji's anger, or even sacrifice Qin's wife to protect the Qin Dynasty.

"This matter was done secretly, and I didn't want anyone to know." Qin Wang Yingzheng told Zhang Han expressionlessly,

"Yes, Your Majesty!"

Zhang Han's back was wet when he came out of the study.

This time he was frightened.

Zhang Han is also very scared now. I'm afraid he will be silenced by the King of Qin after this incident. After all, this is the shame of the King of Qin. It is impossible for the King of Qin to let other people know such a shameful thing.

This matter is different from that of Queen Mother Zhao Ji. After all, Queen Mother Zhao Ji left with Lord Wu Xiang in front of tens of thousands of troops. Even if

King Qin wanted to silence him, he would not. He couldn't do it.

Only he knew about this matter now.

Zhang Han felt very complicated now.

He looked at King Qin Yingzheng's study and turned around and left. No matter whether King Qin killed him or not, he must take Qin to silence him now. Lady Mi Hua goes to Jiuyuan City, otherwise he will die even faster.

Chapter 874

Southern Continent, Gusu City.

In Xuannio Palace,

Concubine Yan was resting in the garden with her big belly accompanied by the maid. She would give birth in more than two months, but that bastard Su Chen hadn't come back yet, which made Concubine Yan very upset. Annoyed.

A beautiful woman suddenly appeared here. When she saw Concubine Yan sitting here alone, she hurriedly came over and asked, "Concubine Yan, why are you sitting here alone again? What's wrong?"

Concubine Yan saw that it was Li Qingluo. When she arrived, she smiled and stood up and said to Li Qingluo, "Aunt Li, sister Wuchu has gone to deal with government affairs. I have nothing to do alone. I mean, aren't there many maids around? Aunt Li, don't worry about me either."

Li Qingluo hurriedly supported Concubine Yan and asked her to sit down and said, "How can you not worry? You are going to give birth soon. It's better to be careful. That boy Su Chen doesn't know he's coming back yet. I have to wait for him to come back. Teach that bastard a lesson"

"My husband should be back in the next few days, but Huang Rong's secret letter mentioned that he has already rushed back." Concubine Yan touched her belly and smiled happily and said,

Concubine Yan is very much looking forward to the birth of her child.

Although she is pregnant with a daughter according to the divination, she is also very happy, and Su Chen is knowing He was very happy to have a daughter. He even had a name for her,

Su Yue!

This name is really good, a pearl hanging high in the sky.

When Li Qingluo thought of Su Chen, she was angry and worried at the same time and said, "Um! That boy has been gone for a long time this time, and I don't know if he has lost weight. Alas! After all, he is not at home outside, and he must not be having a good life living in the open air every day."

Concubine Yan curled her lips when she heard Li Qingluo's words.

Will that bastard have a bad life? This is simply impossible. I'm afraid that the bastard is currently embracing the beautiful woman.

Concubine Yan is very fond of Su Chen. I understand that although Su Chen is very unreasonable and causes trouble, he is smarter than a rabbit, and he will definitely not suffer anything.

"By the way, Aunt Li, how was the discussion over at Da Song?"

Li Qingluo poured a cup of tea for Concubine Yan and said with a smile, "Mingzhu is still talking to the envoys of the Song Dynasty, but it should be almost done. As long as the Emperor of the Song Dynasty is willing to abdicate, we can promise not to kill him."

Concubine Yan took a sip of tea and said seriously, "Yeah!" There are advantages and disadvantages to the Emperor of the Song Dynasty being willing to surrender, but overall the advantages outweigh the disadvantages. There are still some useful talents in the Song Dynasty. If the Emperor of the Song Dynasty surrenders, I believe those capable people will join us in Gusu City."

"Um! The generals Yue Fei, Di Qing, Fan Zhongyan, Bao Zheng, Kou Zhun and others in the court, these are rare talents." Li Qingluo thought for a while and said one by one.

Gusu is developing too fast now, and some civil servants simply can't arrange it.

There are still many counties and counties without officials in charge. If it weren't for the existence of the city guard, I'm afraid some There are going to be riots in the county.

"Mom, Sister Yan Fei, you are here!" A woman in white suddenly flew over from the air.

When Li Qingluo saw Wang Yuyan arriving with just one Qinggong, she hurriedly protected Concubine Yan and scolded Wang Yuyan, "Yuyan, don't be so arrogant, your sister Concubine Yan is pregnant now."

"Mom, I'm careful." Wang Yuyan was very speechless when she heard Li Qingluo's accusation.

Li Qingluo shook her head when she heard Wang Yuyan's words and said, "Haha, are you careful enough to crush the teacup while drinking tea? Are you careful to kick the bluestone tiles on the ground when you walk? Be careful....."

Wang Yuyan hurriedly interrupted Li Qingluo and said with a flushed face, "Oh, mother, that was because I didn't master the strength when I just came out of seclusion, but now we have completely mastered it."

Wang Yuyan is now a peak grandmaster.

From a person who doesn't know martial arts can become a great master after just spending more than half a year in seclusion. You can imagine how high Wang Yuyan's cultivation talent is.

Although it was Zhu Guo's credit, Wang Yuyan had learned all the martial arts secrets above the king level in the martial arts pavilion.

Li Qingluo also ignored her daughter Wang Yuyan.

She still carefully protected her in front of Concubine Yan.

Although her daughter said she had controlled her strength, she would completely forget that she knew martial arts when she got emotional.

Li Qingluo didn't want Wang Yuyan to hurt Concubine Yan, who was pregnant.

Concubine Yan took Wang Yuyan's hand and asked with a smile, "Haha, Yuyan, why didn't you go out today?"

"It's so boring. Sister Mingzhu and Sister Wuchu are both busy. We can't help now. There's nothing to do on the street. That girl Su Yan doesn't know if she's coming back. Mom, why don't I go to the Western Continent? Looking for that girl Su Yan?"

"No, just stay patient. Your cousin will be back in a few days. Don't disappear again."

"Cousin is coming back? Haha, then I won't go out." When Wang Yuyan heard that Su Chen was coming back, she sat down quietly. She hadn't seen Su Chen for more than half a year, and she didn't know if any bad guy had forgotten her? At this time, a very mature and beautiful woman She walked over with a smile. When she saw Li Qingluo and Wang Yuyan here, she smiled and said, "You are all here. I said why can't you find anyone? I thought you all went out."

"Zhao Ji, what's the matter?"

Li Qingluo looked at Zhao Ji and asked in confusion.

Zhao Ji is very busy now.

Zhao Ji is managing the money in the treasure house. Zhao Ji appears here at this time. Did something happen to

Zhao Ji ? After sitting down, he took a sip of the tea poured by Wang Yuyan and said, "Murong Qiuci needs ten thousand taels of gold and two hundred thousand taels of silver this time. Concubine Yan needs to decide on these."

"Ten thousand taels of gold? Two hundred thousand taels of silver? What is that woman Murong going to do?" Concubine Yan was very surprised when she heard Zhao Ji's words.

How could Murong Qiuci need so much money all of a sudden?

This is not the time to distribute military pay and salary. Could it be that something happened to Murong Qiuci?

Zhao Ji asked Concubine Yan He spread his hands and said, "I don't know about this, but the documents that were sent to me indicate that they are needed urgently.""

"give her!"

Concubine Yan thought about it and decided to give it to Murong Qiuci.

Murong Qiuci is very smart.

Since she is in urgent need of money, it means that she has something to do. Concubine Yan does not believe that Murong Qiuci will squander the money.

"OK, I'll arrange a boat to send her there immediately." Zhao Ji nodded and said to Concubine Yan. Then she waved to Li Qingluo and Wang Yuyan and left in a hurry. Murong Qiuci is that bastard Su Chen, and Zhao Ji doesn't care about Murong Qiuci at all. Don't dare to delay

"By the way, mother, where is my grandma?"

Wang Yuyan looked around and didn't see Li Qiu Shui.

This made her very strange.

Shouldn't Li Qiu Shui always accompany Concubine Yan?

So she didn't come here today?

Li Qingluo and Concubine Yan looked at Wang Yuyan very strangely, but Wang Yuyan She was very afraid of Li Qiu Shui.

Why did she want to find Li Qiu Shui today?

Li Qingluo looked at Wang Yuyan and said with a smile, "You have something to do with your grandma at the cherry blossom tree where your grandma and Tianshan Tonglao lived?"

"No, it's okay, I just asked."

Chapter 875

Wang Yuyan was now very afraid of Li Qiushui.

Ever since she left confinement, Li Qiushui would talk to Wang Yuyan whenever he had time, but those words made Wang Yuyan blush.

What palace secrets!

How can I have a boy!

And how to get a man's favor!

This made Wang Yuyan very afraid of seeing Li Qiu Shui.

She felt that Li Qiu Shui was obsessed with worry.

How could Cousin Su Chen not be able to give birth to a boy with so many women? She felt that Li Qiushui was a patriarchal woman.

At this time, a Xuantiao envoy came and saluted Concubine Yan and said, "Madam Qi Jun, there is a man named Zhen Yi outside the palace who wants to see the princess."

Concubine Yan said doubtfully after hearing what the Xuantiao envoy said, "Zhen Yi? That person from the Northern Continent? Is it Su Yan who abducted his daughter?"

Concubine Yan nodded and said, "Yes, Madam Jun, it is exactly what Princess Su Yan took away." His daughter Zhen Mi"

"It seems that the master of suffering has come to visit. Bai Yi, let Hu Meiren handle this matter."

"Yes, Mrs. Jun!"

"Isn't that girl Su Yan looking for a concubine for her father?" Li Qingluo was a little confused and said to Concubine Yan.

She had heard that Su Yan took away a very beautiful woman, so that beautiful woman was Zhen Mi, but why did Su Yan kidnap a beautiful woman?

This made Li Qingluo's face become very ugly as she thought about it. That bastard Su Chen had a lot of women.

And she was very embarrassed when she saw some women.

After all, women like Shi Guanyin and Jellyfish Yinji were older than her. Much older, what to call each other when we meet is a problem from now on.

And now that girl Su Yan is helping her father find a woman, does she have to fill all the rooms in Xuanniao Palace to make Su Yan happy?

Or does that girl Su Yan want to She had to exhaust her father to death so that she could get the upper hand?

That little girl is becoming more and more difficult to discipline.

It seems that next time Su Yan comes back, she won't be able to let her run around.

She should also learn some etiquette, otherwise she will become a

What is it like for an imperial eldest princess to be so crazy ?

Wang Yuyan was very angry when she heard what her mother said.

Before she married her cousin, that girl Su Yan started looking for beautiful women everywhere for her father.

How could this make her What to do?

Wang Yuyan clenched her fists and angrily threatened, "She dares! Su Yan is getting more and more bad-behaved. She will come back later to see how I beat her."

When Li Qingluo heard Wang Yuyan's words, she shook her head and said disapprovingly, "Just you? Yu Yan, mother is very dissatisfied with you. I'm afraid you will still be played around by that girl Su Yan in the future."

"Mom, I can't handle a six-year-old girl? You look down on people too much"

"Whatever you do, you will understand what kind of person Su Yan is in the future."

"No way, am I really inferior to a little girl over six years old?" Wang Yuyan was very confused when she heard her mother's words.

Although she knew that Su Yan was very smart, she was still a little girl over six years old. No matter how smart she was, she could never defeat herself. Could it be that she During the retreat, did that girl Su Yan become smart again?

Wang Yuyan was now a little worried that she would really not be able to handle that girl in the future.

Concubine Yan looked at Wang Yuyan and shook her head in time.

With Wang Yuyan's character, she really couldn't handle Su. It is said that Su Yan is as witty as a demon at a young age. When he grows up, Su Yan will probably grow even more terrifying. In the

Southern Continent, at a port on the Yangtze River,

Su Chen, Ning Zhongze, and Shen Bijun have boarded a ship heading to the south. This time, Ning Zhongze took care of the boat himself. Su Chen didn't believe that he would take the boat to the Ming Empire in the Western Continent again.

Ning Zhongze looked at the people on the passenger ship and whispered to Su Chen, "Master, but there are many people on this ship who don't know what they are doing?"

Su Chen hugged Ning Zhongze and shook his head and said, "We don't care about other things. This time we just go home. We can't cover up other things."

"Yes, master!"

Ning Zhongze nodded hurriedly with his face flushed.

Su Chen had done this kind of thing all the way.

But now that there are so many people here,

Ning Zhongze still feels very uncomfortable.

After all, she is older than Su Chen was much older, and she felt very shy being held by Su Chen and sitting down like this. When

Shen Bijun saw Su Chen holding Ning Zhongze, she slowly backed away, but she was also afraid of Wu Xiangjun Holding her like this, in public, hugging her like this, you can tell that he is a playboy. Shen Bijun doesn't want to be hugged by Wu Xiangjun at this time.

Just when Su Chen and Ning Zhongze were whispering ,

Xiao Si When he came to Su Chen's side, he asked, "This brother, my surname is Shen. Do you know your surname?"

"My surname is Su."

Su Chen looked at this servant and became very curious.

This servant turned out to be an innate fifth-level cultivation realm. This servant is a bit interesting. This servant almost drooled when he looked at the beautiful Ning Zhongze. "Brother Su, I see that you are a veteran of flower arts. Let's have a good talk if we have a chance."

"Why should you, a servant, communicate with me? Are you worthy?" Su Chen frowned when he saw the servant's appearance.

This servant dared to take advantage of his maid.

It seemed that he was tired of living. When the servant surnamed Shen saw Su Chen with an ugly face, he hurriedly said, "Brother, I I'm not a servant. I'm just pretending. Did you see the mother and daughter over there? I am now a servant of the Xiao family. I am mainly here for Xiao Yuruo, the eldest lady of the Xiao family."

"Xiao Yuruo? Are you Lin San?" Su Chen was very surprised when he heard what this servant said. If this servant is Lin San, doesn't that mean there is another time traveler in this world? Then should he kill this time traveler?

Shen Hao doesn't understand. He directly stated his name and said, "What Lin San? I am Shen Hao, the legitimate son of the Shen family, a wealthy family in Jiangnan."

Su Chen breathed a sigh of relief when he heard Shen Hao's words.

As long as this bastard is not a time traveler, he has nothing to worry about.

After all, if there is one more time traveler in this world, there will be too many unstable factors in this world. Su Chen Ke will not let anyone ruin his plan to dominate the Tianxuan Continent.

"I'll do it! Scared me, does Xiao Yuruo have a sister?"

Shen Hao looked at Su Chen and felt that this playboy would not be interested in the Xiao sisters like him. Just looking at the two top-notch beauties and beauties next to this young man, this young master Su should probably despise Xiao. After thinking about the sisters,

Shen Hao said to Su Chen, "Yes, her name is Xiao Yushuang. Brother, don't you also have the idea of taking the sisters from the Xiao family?"

"No, does the Xiao family have a servant named Lin San?"

"Lin San's servant? No, I have never heard of Lin San. What's wrong, brother? Is there someone who wants to come to the Xiao family as a servant in the name of Lin San?"

"No, I'm just asking casually." Su Chen is now worried that other time-travelers will appear in this world. The names of the Xiao sisters are very consistent. Will other time-travelers appear in this world?

Su Chen hurriedly communicated with the system and asked, "System, this world will Will there be no other time travellers?"

"Ding, no, this world only hosts one time traveler. Some martial arts dramas only show some mirror images. There are similarities and differences. These need to be observed by the host."

"call! I feel relieved that there are no other time travellers."

Chapter 877

The Xiao family in Hangzhou City used to be a powerful businessman in the cloth business. However, after Xiao Yuruo's father fell ill and passed away, the Xiao family's business plummeted, and even within the family, a lot of property was divided among uncles and uncles.

The Xiao family is struggling now.

This time they invested a huge amount of money to win the cloth order from Xuanniao Palace in Gusu City.

If they fail,

I am afraid that the Xiao family will completely disappear in the cloth industry in the future, and even the Xiao family will also It will completely decline because of this huge investment.

"Damn bastard." Xiao Yuruo was very angry when she saw that Su Chen hadn't left yet. Su Chen's seat was the best on the ship. Now it was full of dust. Originally, she wanted to take her mother there to rest after Su Chen left. But why didn't that bastard leave? When Mrs. Xiao heard Xiao Yuruo's yelling and scolding, she lectured her, "Yuruo, girls shouldn't curse at every turn. Besides, that young man didn't offend us. It's better to have more trouble outside." One less thing

"

"I understand, mother, why don't you leave here and go to the cabin to rest, I can be here alone." Xiao Yuruo said helplessly, but she was still very aggrieved when she looked at Su Chen.

The only good seat on the deck was still occupied by that bastard, and that bastard was sitting there leisurely drinking tea, and there were two beauties waiting on him. She was sitting here, and this was a place where she stored goods. Not to mention how dirty it was, the dust here made her very unbearable.

Mrs. Xiao shook her head and refused to Xiao Yuruo, "Alas! I'm still here. These silks cost more than 100,000 taels of silver. This is the silk that our Xiao family spent all their money to buy. If there is something wrong with these silks, our Xiao family will be doomed."

"Mother, don't worry, we have brought dozens of guards, and I am also a master. It only takes two days after we get on the boat to return to Hangzhou, so you don't have to worry." Xiao Yuruo smiled when she heard Mrs. Xiao's words and said calmly,

Xiao Yuruo is a master master.

Although there are four or five master masters on this ship, she is not afraid of those master masters. She is very confident about her own strength. confidence

"I still feel uneasy, especially the Jianghu people over there. They are so mysterious and mysterious that I don't know what they will do." Mrs. Xiao looked worried at the Jianghu people on the other side of the boat.

She was very afraid of the Jianghu people.

The Jianghu people would kill each other at every turn.

She was worried that if the Jianghu people on the boat had a conflict and started fighting, they might The silk brought in this time will be harmed by these Jianghu people.

Xiao Yuruo also looked at the Jianghu people on the other side with great curiosity.

Xiao Yuruo has observed those Jianghu people since getting on the boat. These Jianghu people are all vicious people..

And after these Jianghu people carefully inspected everyone on the boat,

Xiao Yuruo guessed that these Jianghu people must be looking for someone, or even arresting someone.

"Um! I had my mind set on those charlatans early on, but it seems like they are looking for someone. This has nothing to do with us. As long as we don't provoke those people, those charlatans won't do us any harm."

"It's better to be careful. Those charlatans are not good people at first glance. We can't be careless."

"Um! I see."

At this time, Su Chen was very shocked.

He did not expect that the [War Qualification Certificate] would be changed.

From the information in the [War Qualification Certificate], he learned that he would be teleported to the battlefield in three days.

This This time seemed to be some kind of national destiny war.

Su Chen also wanted to participate in the war with others. He was even a participant in the Yanhuang side.

Su Chen rubbed his forehead and asked the system in his heart, "System, what exactly is this war?" ? Why am I joining others in this war? And I actually have teammates?"

"Ding, the system understands that this war is a national destiny war for Blue Star. Two people from the two strongest countries in Blue Star will participate in this war, and the rest will select six people from each world to join these two. There are three big countries in each country. Three

people from each big country will join the other camp. If the host has Yanhuang bloodline, he will automatically join the Dragon Kingdom camp of Blue Star with Yanhuang bloodline."

Su Chen nodded as if he suddenly understood and said,"So that's it. It seems that there are many people with Yanhuang bloodline in the world."

Su Chen heard the system's explanation and knew what the [Qualification Certificate for Participation] war was going to do.

It seemed that he was going to be a nanny this time.

He had read such novels about the National Destiny War, and

Blue Star was sure of it. We are very familiar with the Earth, but the people in Blue Star are probably not very strong, so they selected some people from all over the world to join this war.

"Ding, the host doesn't understand it this way either. Just like Xiao Qing you met in Shura City last time. Although she does not have Yanhuang bloodline, as long as she participates in this war, she will also belong to the camp with Yanhuang bloodline."

"There are also other characters in animation movies. As long as the movies, animations, and TV series are created by people of Yanhuang blood, they will automatically belong to the Yanhuang side."

"I'll do it! You can still play like this?"Su Chen was very confused when he heard the system's explanation.

If this is the case,

I'm afraid some powerful people will appear.

Although this is just a basic [Qualification Certificate for Participation in the War], he doesn't believe in the junior people in the world. There will be no strong ones. I

'm afraid this war will not be easy to fight, and we don't know whether this time the two countries in Blue Star are at war with each other, or whether the two countries in Blue Star are competing to complete some tasks.

"Master, are you like this? Ning Zhongze looked at Su Chen's brows furrowed and suddenly realized and asked with concern.

Su Chen waved his hand to Ning Zhongze and said, "Nothing, I just want to understand something."

Ning Zhong was relieved when she saw that Su Chen was fine. She was worried about what would happen to Su Chen. If Su Chen fell ill or had physical problems, she might have to summon secret guards immediately.

Although Shen Bijun was doubtful about Su Chen , The change just now, but she didn't dare to disturb this Su Chen. This bastard was very unfriendly to her. Now she was manipulated by this bastard like a low-level servant.

Su Chen saw Shen Bijun standing next to him with a puzzled look. He looked like he was shouting, "Shen Bijun, come over and massage my head."

"Yes, master!"

Shen Bijun was very helpless when he heard Su Chen's words.

Massage?

What a fool she is!

But there was no way she wouldn't listen to what this bastard said.

Shen Bijun thought about how the maid had massaged her before, so he was going to give Su Chen a massage. Anyway, if she The massage was not good, and this bastard just lectured her. After all, this bastard should know that she didn't know how to massage.

"system! Is this a solo mission for just five people? Or should we bring the army?"

Chapter 878

Su Chen suddenly thought that the [War Qualification Certificate] was the qualification to participate in the war.

What task did the five of them have to complete alone?

Or do you want to lead the army to destroy the enemy country and army?

If you complete the mission alone, is this still a war qualification certificate? war!

This involves leading the army to launch a war.

[[Qualification Certificate to Participate in War] But to participate in the war, if it is an individual, what else would it be called [Qualification Certificate to Participate in War]? Let's just call it a group competition. Su Chen doesn't believe that the five of them will complete the mission this time. They will definitely lead this time The army launches war

"Ding, I don't know about these systems, but there will definitely be troops participating in the war. This can only be understood after the host reaches another time and space."

"Forget it, I don't have any troops available now anyway. All my troops are waging war. Even if I want to lead the troops to participate in this war, I'm afraid I won't be able to assemble many troops." Su Chen shook his head when he heard the system's words and said, in Tianxuan Continent, all his legions are busy launching wars and wars to destroy the country. The only one hundred thousand troops in his hand were also taken away by Gai Nie. The elite army in the system space is empty.

It is impossible for Su Chen to recall one of his combat regiments for this so-called national destiny war.

"Ding, host, this time the system will compensate the host with a small gift package, but this time it can only give out a few items. I hope the host can win the first war qualification battle."

Su Chen suddenly discovered that the system changes this time were the same as the last system change that could be used for gift packages. Could it be that the arrogant girl in the main system has revived?

Su Chen thought about it and hurriedly asked the system, "I'll do it! System, how come I noticed that you are getting cuter and cuter? Have you woken up from your deep sleep?"

"Ding, no, the system is just a subsystem program. Questions and related information about the host are provided by the main system."

"Then how do I find that you are becoming more and more humane?" Su Chen continued to ask with a look of disbelief,

"Ding, no!"

"have!"

"Ding, no!"

"have!"

"System, answer quickly, are you that arrogant girl?"

"system? system?"

Damn it, this time it must be the tsundere system.

Even though he pretends to have the same personality as the subsystem, the subsystem will not talk to him about so many irrelevant things. There will even be a compensation gift package. This is The subsystem cannot do it.

Now that the system is hidden again,

Su Chen has no choice but to ask some questions. It seems that he can only find opportunities to ask the system again in the future.

Just when Su Chen was a little depressed,

Xiao Yuruo took her mother Come here,

Xiao Yuruo said expressionlessly when she came to Su Chen,

"You get up"

"I get up?"

Su Chen was very surprised when he saw Xiao Yuruo's arrogant and rude look.

Why should Xiao Yuruo let him get up?

Is it because she is beautiful?

Or is it because she is a wealthy lady?

Su Chen looked at the beautiful girl holding Xiao Yuruo beside her. The woman knew that this was Xiao Yuruo's mother, but how could this woman be so similar to the mother of the original owner in his memory?

Could it be that Su Chen's mother in this world was related to this beautiful woman?

But this was impossible!

The system gave him There is no memory of Su Chen's mother in this world having any sisters, so why does Mrs. Xiao look so similar to the original owner Su Chen's mother in this world?

Xiao Yuruo saw this bastard staring at her mother, which made her very Angry, this pervert won't try to trick her mother again, will she?

"Shameless pervert, what are you looking at?"

"none of your business!"

Su Chen glanced at Xiao Yuruo and retorted unceremoniously. Then, he looked at Mrs. Xiao and asked her, "Mrs. Xiao, do you have a sister named Zheng Yunshi?"

Mrs. Xiao was originally very ashamed and angry that Su Chen kept looking at her, but she became very excited after hearing Su Chen's words,

Zheng Yunshi!

This is the name of her missing sister.

More than thirty years ago, her sister was She was separated during the war. She has been sending people to look for her sister for so many years.

But there has been no news about her sister.

But how could this young man know her sister's name?

Mrs. Xiao excitedly stepped forward to catch Su Chen He raised his hand and said hurriedly, "Zheng Yunshi? Do you know my sister?"

Xiao Yuruo is confused now.

She was going to teach this shameless bastard a lesson, but she was also shocked when she heard the name Zheng Yunshi.

How could she not know the name of her aunt?

She had also sent people to look for it. Her mother's sister.

Xiao Yuruo looked at Su Chen and asked coldly, "How do you, a bastard, know my aunt's name?"

Su Chen is also very confused now.

What is all this?

He actually had an aunt in his predecessor?

But why does the predecessor have no memory?

Zheng Yunshi is the name of the predecessor's mother. Now seeing Mrs. Xiao's excited look, she knows that she is Zheng Yunshi's Sister, and Mrs. Xiao was very similar to the appearance of his previous mother in his memory.

Su Chen looked at Mrs. Xiao who was grabbing his clothes and excitedly said with a complicated expression, "I am Zheng Yunshi's son."

"What? Are you my sister's son? Where is my sister now?" Mrs. Xiao looked surprised when she heard Su Chen's words. She took a closer look at the young man and found that he was somewhat similar to her sister.

Su Chen said with some depression, "My mother passed away. It's been a few years."

Su Chen also clearly knew in the memory of his predecessor how much that gentle and kind mother loved him, and even doted on his predecessor. Otherwise, his predecessor would not have died of grief after his mother's death.

"Sister died? She died? how so? Why did my sister pass away? Why did she pass away before I saw her?"

Mrs. Xiao had a look of disbelief when she heard Su Chen's words.

She even lost control of her emotions and cried out.

Why did the sister she had been looking for for decades die?

Now there is news about her sister, but they The sisters were separated forever without even meeting each other.

"Mom, don't get excited, sit down and rest first." Xiao Yuruo hurriedly helped Mrs. Xiao and asked her to sit down. She was very sad when she saw her grieving mother. The sister her mother had been looking for for decades died. This is probably the last thing her mother wanted to think of.

Xiao Yuruo saw Su Chen still looked confused and shouted angrily, "Asshole, why don't you get out of my way?"

"oh! Oh!"

Chapter 879

Su Chen no longer cares about Xiao Yuruo's angry shouting.

This Xiao Yuruo is probably either his cousin or his cousin. He can't afford to offend this woman now.

Su Chen is still very confused in his mind.

How could he not have his mother and sister in his predecessor? All information?

Didn't she mention it?

But this is impossible!

The previous mother was a very gentle and kind-hearted woman, and it was impossible for her not to tell her son about her sister.

So how come the predecessor has no memory at all?

After a while,

Mrs. Xiao wiped her tears and looked at Su Chen.

She did not expect that her sister's son would grow up like this, but now this child must not be living a very good life after losing his mother.

And he may have become a little bad.

Although the two beautiful women next to him both look like serious people, is one of them too old?

Mrs. Xiao was very worried that Su Chen would become a bully who bullied men and women, and she was going to discipline this boy in the future.

After Mrs. Xiao sat on the chair and recovered, she looked at Su Chen and said softly, "My child, what is your name? How old are you this year?"

"My name is Su Chen, I am twenty-one this year"

"Su Chen, that's a good name. You are younger than Yuruo, but four years older than Yushuang."

"mother!"

Xiao Yuruo felt very uncomfortable when she heard Mrs. Xiao reveal her age.

Although she was a little over 10 years old, she couldn't say it at this time!

Especially to this shameless bastard, she still doesn't care about this Su Chen now. I really can't stand it.

Huh?

His name is Su Chen?

Isn't Mr. Wu Xiang of Gusu City also called Su Chen?

They must have the same name.

What is the name of this bastard? He has to call him Su Chen. Isn't this shameless bastard afraid? Will Wu Xiangjun kill him if he finds out?

Ning Zhongze and Shen Bijun now look at Mrs. Xiao and Xiao Yuruo and feel that they are very lucky this time.

Su Chen is Wu Xiangjun in Gusu City and the future of the Southern Continent Ruler.

With millions of troops and powerful subordinates under his command,

Mrs. Xiao and Xiao Yuruo may be in trouble in the future. In the territory of Gusu City, even after Su Chen established the empire, they were relatives of the emperor, and they were the most powerful. Dear relatives of the emperor and the country.

I am afraid no one will dare to provoke them in the future. Even Su Chen's women must treat their mother and daughter with caution.

In the subsequent conversation,

Su Chen and Mrs. Xiao each said some of their Trivial matters, they also learned some information about each other.

But Su Chen did not tell his identity.

After all, there were many people on the boat and he didn't want to reveal his identity now.

Mrs. Xiao took Su Chen's hand and gently Said,"Su Chen, where are you going this time? If you don't have anywhere to go, come with us to Hangzhou. You haven't been to my aunt's house yet, so you can go and stay there for a while this time."

Mrs. Xiao also loves Su Chen very much.

Su Chen has lost his parents now. I don't know what happened to him in the past few years. Has he suffered?

Su Chen is very embarrassed now.

He has never encountered this before. For such things,

Mrs. Xiao was either asking him questions or asking questions, which made Su Chen feel very uncomfortable.

"I am going back to Gusu City this time. My home is in Gusu City."

"Your home is in Suzhou City?"

Xiao Yuruo was very surprised when he heard Su Chen's words.

Gusu City will be the seat of Wu Xiangjun's imperial capital in the future. Gusu City is now rich in land. This bastard seems to be a rich man. Could it be that this bastard is in Gusu? Is there a mansion in the city?

"Yes."

Su Chen did not hide it from Xiao Yuruo.

After Xiao Yuruo went to Gusu City in the future, she would know her identity. She just hoped that she would not be frightened and fainted in the future.

Mrs. Xiao looked at Su Chen and said firmly, "Go back to my aunt. Su City will also pass by Hangzhou City. This time you will stay at Xiao's house in Hangzhou City for a few days. It won't delay your affairs. It's settled."

"this.....All right!" Su Chen looked at Mrs. Xiao's decisive tone and nodded helplessly.

Come on! I'm afraid my return to Gusu City will be delayed for a few more days.

Su Chen is also very helpless about this.

I'm afraid it won't work if he wants to object now.

He This aunt, uh!

Aunt!

Don't look at her as a gentle and elegant woman, but judging from her face, she probably won't change her decision easily.

Mrs. Xiao was very happy when she heard Su Chen agreed. , she looked at Xiao Yuruo beside her and said, "Yuruo, haven't you met your cousin Su Chen yet?"

Xiao Yuruo looked at Su Chen and said with great disdain, "Cousin? He's just a shameless bastard."

Although Xiao Yuruo is happy to have a cousin, there is currently no male in their family. If she and her sister get married in the future, I am afraid that the Xiao family's foundation will be advantageous to their husband's family.

Now that they have cousin Su Chen,

Then all the property of the Xiao family will be left to this bastard in the future, and I'm afraid her mother will think so too.

But she thought that this bastard cousin had driven her away before, and then became angry with her, which made her very unhappy..

And this bastard obviously has a wife and daughter, but he is still hooking up with others outside, and even found a woman of his age.

This makes Xiao Yuruo want to strangle this bastard cousin to death

"Yu Ruo!"

Mrs. Xiao didn't expect Xiao Yuruo to dislike Su Chen so much, but it's not to blame Xiao Yuruo. Su Chen also needs to take care of him. He already has a wife and children, so why are he still messing around?

"Su Chen, don't blame your cousin. She has a sharp mouth but a tofu heart. You will understand once you get to know each other better in the future."

"I understand aunt!"

Xiao Yuruo saw her mother winking at her, which made her very helpless.

She didn't want to talk to this shameless cousin now, but she didn't want her mother to be angry. Xiao Yuruo curled her lips and asked Su Chen, "Excuse me. Brother, what are you doing now?"

Su Chen looked at Xiao Yuruo's reluctant look and said with a smile, "I have nothing to do, just wait at home to eat and drink."

Xiao Yuruo asked with an expression as if Su Chen would beat someone up if she continued to fail, "Don't you have any ambition? For example, being an official or doing business?"

"No, I want money now, and I want beautiful women. Being an official or doing business is too tiring, and I don't plan to do it." Su Chen felt a little funny when he looked at Xiao Yuruo who was threatening him.

This cousin was still very good.

Although she was very rude to him, he could feel that Xiao Yuruo was very happy now.

Xiao Yuruo lifted her up angrily. His little fist threatened,

"Shut up. From now on, you can either get a degree and become an official, or you can learn business from me."

"I will supervise you in the future"

"tell your cousin"

"Cousin, I am a master. If you disobey, you should understand the consequences."

Chapter 880

Su Chen was very helpless when he heard Xiao Yuruo's words.

Mrs. Xiao next to her also looked at him and Xiao Yuruo with a smile. This must be Mrs. Xiao who asked Xiao Yuruo to do this.

And Xiao Yuruo is a female CEO, eh!

Now she looks more like a domineering female CEO.

Su Chen suddenly saw the goods on the ship and asked Xiao Yuruo, "Well, we'll talk about this later. By the way, what did you do this time? Why are you still carrying boxes of goods?"

"When the lady heard Su Chen's words, she smiled and said,

"Suchen!"

"This time, your cousin and I went to Shuzhong to buy a batch of high-quality silk. With these silks, we are going to make some high-quality cloth for Mrs. Jun in Gusu City."

"If Mrs. Jun can be satisfied, then our Hangzhou Xiao family can get a large number of orders from Mrs. Jun of Gusu City"

"In the future, our Xiao family will not only be able to make a lot of money, but we will also be able to have a relationship with Mrs. Jun. In the future, we will not have to worry about being bullied by other businesses or suppressed by the government."

"Are other businesses and governments detrimental to the Xiao family?" Su Chen frowned and asked Mrs. Xiao directly.

Su Chen did not expect that the Xiao family would be oppressed by other merchants, and that the government would be involved. This made Su Chen very angry.

The merchants competed and oppressed each other. It is a normal phenomenon.

After all, shopping malls are like battlefields, but the suppression by the government made Su Chen look a little ugly.

The officials in Hangzhou City were officials under his rule, and there were officials in Hangzhou City who were greedy for money, and they even used their power to interfere. This would be a slap in the face for the normal operation of the business.

Xiao Yuruo said with a somewhat depressed expression,

"Other merchants want to swallow up our Xiao family's cloth business, and there are also some greedy officials in the Hangzhou government. The long history of Hangzhou City has been bribed by some merchants. Now our Xiao family's shops are constantly being troubled by the government."

"Our Xiao family is going to risk everything this time. If our Xiao family does not get the order from Gusu City and does not have a relationship with Mrs. Jun, I am afraid that the Xiao family will never recover or even fall into despair."

When Su Chen heard Xiao Yuruo's words, he ordered Ning Zhongze expressionlessly, "Ning Zhongze, order the secret guards to investigate this matter."

"Yes, master!"

Ning Zhongze saluted immediately after hearing Su Chen's words.

Then,

Ning Zhongze disappeared beside Su Chen in a flash.

On the big ship,

Su Chen ordered Ning Zhongze to stay behind.

Xiao Yuruo and Mrs. Xiao both looked like they had seen a ghost. Looking at Su Chen with expressions, they did not expect that the beautiful woman next to Su Chen turned out to be a master, and Su Chen's order also surprised them all. Su Chen ordered Ning Zhongze to investigate the officials and merchants in Hangzhou City?

Su Chen What is Chen's identity?

And what are the secret guards?

These are things that Xiao Yuruo and Mrs. Xiao want to know.

Xiao Yuruo and Mrs. Xiao are very shocked when they look at Su Chen. Su Chen now has a majestic expression. His temperament was also very noble, which made them all wonder if the Su Chen in front of them had changed.

Just now, Su Chen looked lazy, like a playboy, and now Su Chen looks like a playboy. Just like the king who rules the world.

Why has Su Chen changed so much?

Mrs. Xiao asked Su Chen with a serious face, "Su Chen, what do you do? tell aunt"

"Cousin, answer honestly and stop talking nonsense." Xiao Yuruo also stared at Su Chen and said seriously.

Xiao Yuruo was shocked by Su Chen just now, especially Su Chen's noble temperament and the aura of swallowing up mountains and rivers. This made Xiao Yuruo almost tempted by this bastard just now.

"My name is Su Chen!"

Su Chen looked around and said to Mrs. Xiao and Xiao Yuruo.

There was no one next to them.

The people on the boat seemed to have gone to the cabin to look for someone. On the deck, except for some merchants' guards and some servants, they were sorting out the goods. The others were ordinary people.

Su Chen did not hide anything from Mrs. Xiao and Xiao Yuruo at this time.

When Xiao Yuruo heard Su Chen's words, he thought that Su Chen had the same name as Wu Xiangjun Su Chen. Could this bastard cousin be Wu Xiangjun Su Chen? ?

And now Su Chen's temperament and momentum made her somewhat convinced. She looked at Su Chen and stuttered with a look of shock, "Su Chen? Wu Xiangjun Su Chen? you.....you....."

"It's just what you think."

Su Chen smiled and admitted directly.

Mrs. Xiao's mind was in confusion as she sat on the chair.

Her nephew turned out to be Wu Xiangjun Su Chen?

This scared her.

Who is Wu Xiangjun from the Southern Continent? Everyone knows that the entire southern continent will probably belong to Lord Wu Xiang in a few months.

The Sui Dynasty was destroyed,

Dali was destroyed, the Jin Kingdom and the Liao Kingdom surrendered.

Xixia became directly under the rule of Gusu City A state.

Countless small countries and tribes around the influence of Gusu City were wiped out. As for the Song Dynasty in the Central Plains, only some counties near the imperial capital were left. The Song Dynasty would be destroyed sooner or later. And even the Ming Dynasty in the Western Continent The empire is now being fought by Wu Xiangjun's millions of troops.

Wu Xiangjun is extremely powerful in Tianxuan Continent.

Xiao Yuruo is now staring at Su Chen with a surprised expression.

Her cousin is really It was Wu Xiangjun Su Chen.

How could this cousin she had ridiculed just now be Wu Xiangjun Su Chen?

A dandy boy could actually be Wu Xiangjun who was loved by all the young women in the Southern Continent.

This made Xiao Yuruo a little unbelievable.

Just when Xiao Yuruo and Mrs. Xiao were confused and shocked,

Ning Zhongze came back.

Ning Zhongze nodded to Su Chen and stood next to Su Chen.

When Su Chen saw it, he knew that Ning Zhongze had sent a carrier pigeon to notify him. Secret guard.

Su Chen took a sip of tea and thought that there might be many such officials in Gusu City's sphere of influence, but there was nothing that could be done about it. After all, the power of Gusu City was developing too fast, and the officials' I'm afraid the review hasn't started yet, and some prefectures, counties, and counties are still short of many officials.

These matters cannot be solved in a short while.

In the future, the only way to expand the scope of authority of the secret guards is to see those who are corrupt, pervert the law, and oppress the people. It is impossible for the officials to stay.

Boom.....Bump bump!

"Catch her and don't let her escape again this time."

At this moment, there was a sudden loud noise in the cabin, and then the sound of fighting and even the cry of a Jianghu man came from the cabin.
