### Chapter 881

The sudden sound of fighting on the ship instantly attracted the attention of everyone on the ship, and even some guards hurriedly protected their masters.

Dozens of guards brought by Xiao Yuruo also hurriedly came to protect Mrs. Xiao and Xiao Yuruo. boom!

A woman disguised as a man escaped from the cabin, but she seemed to be injured. The straps on her shoulders were now stained red with blood. If her hair hadn't spread out, no one would have done it. A woman found her.

After the woman appeared on the deck, the people on the ship quickly surrounded the woman one by one.

At this time, a middle-aged man with a sinister face threatened the woman with a big knife, "Zhao Qingxuan, hand over the The White Lotus Order of our White Lotus Sect, otherwise you will die today."

"dream!"

Zhao Qingxuan is very anxious now.

She was injured by a hidden weapon after stealing the White Lotus Order from the White Lotus Sect, and the hidden weapon was poisonous. If she hadn't brought the antidote with her, she would have died long ago.

She didn't think of this. The people of the White Lotus Sect will pursue her relentlessly.

This time she is on a boat, so even if she wants to escape, it may be impossible.

The middle-aged man with a stern face ordered angrily when he heard Zhao Qingxuan's words, "Seeking death! Come on, kill this woman"

"kill!"

Just when dozens of Jianghu people were about to rush towards Zhao Qingxuan with weapons,

Zhao Qingxuan took out the White Lotus Order and tried to throw it into the Yangtze River. He threatened, "If you don't want the White Lotus Order, just come up?"

"Wait, don't make a move." The middle-aged man with a sinister face ordered quickly when he saw Zhao Qingxuan's actions.

He was worried that Zhao Qingxuan would really throw the White Lotus Order into the Yangtze River. If the White Lotus Sect loses the White Lotus Order, I am afraid that the White Lotus Sect will also fall apart, and the White Lotus Sect will also fall apart. Will fall into civil strife

"Zhao Qingxuan, as long as you hand over the White Lotus Order, I will let you go this time"

"I won't believe what you say, stay away from me. As soon as the ship reaches Hangzhou City, I will hand over the White Lotus Order to you.

The middle-aged man with a stern face thought for a moment and then ordered, "Back off!" Zhao Qingxuan, I hope you keep your word, otherwise you will die miserably."

He doesn't dare to take the risk to snatch the White Lotus Order now. Although the White Lotus Sect has three masters, he doesn't dare to take the risk to snatch the White Lotus Order. He thinks that as long as the ship docks, Zhao Qingxuan will not be able to escape no matter what.

Su Chen and Mrs. Xiao and her daughter did not pay attention to what happened on the ship. Fighting between Jianghu people was a common occurrence in Tianxuan Continent, and they were used to such things.

Xiao Yuruo saw that those Jianghu people were unable to fight, and she He looked at Su Chen and asked with some anxiety, "Cousin, can I still call you cousin?"

"Of course, I am your cousin, you don't need to care about my identity." Su Chen looked at Xiao Yuruo's cautious look and smiled and said.

Xiao Yuruo nodded a little uncomfortable and said, "That's good, you, a bastard, still have a conscience."

Mrs. Xiao didn't pay attention to this.

Although she was very shocked by Su Chen's identity,

Su Chen was her nephew after all. She was very confused about Su Chen's appearance here this time.

This boy brought two beautiful women. If he dared to run around, wouldn't he be worried about being assassinated?

Mrs. Xiao looked around and asked Su Chen in a low voice, "Su Chen, what did you do when you came out of Gusu City this time? Why did you come out without any guards?" Already?"

"Aunt, I am returning to Gusu City from the Western Continent. Very few people know me in the Southern Continent. Don't worry, nothing will happen to me." Su Chen smiled when he heard Mrs. Xiao's words and said.

He is now wondering whether this Zhao Qingxuan is the same Xiao Qingxuan, but it seems that it is probably the case.

After all, Mrs. Xiao and Xiao Yuruo are both here. The gears of fate It may also allow them to interact.

It's just that there is no doubt whether this Zhao Qingxuan is a princess of the Song Dynasty?

But her surname is Zhao!

Zhao Qingxuan may really be a princess of the Song Dynasty.

Xiao Yuruo heard what Su Chen said Suddenly it occurred to her that her cousin's army was fighting against the Ming Empire. Could it be that this bastard cousin went to direct the war himself?

But the war should still be in progress.

Why did Su Chen want to return to Gusu City?

Could it be that the Ming Dynasty's Is the war not going smoothly?

Xiao Yuruo thought about it and asked Su Chen doubtfully,"Come back from the Western Continent? Didn't you just launch a war against the Ming Empire in the Western Continent? Why are you returning to Gusu City at this time? Is the war not going well?"

Su Chen didn't expect that Xiao Yuruo also knew about his war against the Ming Empire in the Western Continent.

It seems that Xiao Yuruo is indeed very smart.

Businessmen generally need to know the situation of each empire, so that they will not lose all their money when doing business.

The Xiao family will be able to rise again in the future with Xiao Yuruo, but with him helping Xiao Yuruo in the future, maybe Xiao Yuruo will become the world's first richest woman

"The war is going very well! The Mingzhou Prefecture and the Shanhaiguan Great Wall defense line of the Ming Empire have been occupied by my legion. Within half a year, my two combat legions can destroy the Ming Empire."

"You are so awesome! If you weren't so carefree, you'd be a perfect person"

"Tsk, I'm saving those women"

"I'm too lazy to talk to you, a shameless pervert."

Mrs. Xiao smiled when she saw the conversation between Su Chen and Xiao Yuruo.

With Su Chen here in the future, she won't have anything to worry about.

The Xiao family will also go to Gusu City to settle down in the future. Besides, the Xiao family has no male sons. Su Chen will be the only male in the Xiao family from now on. Although everything in the Xiao family is not of concern to Su Chen, this is the only property she leaves to Su Chen after all.

Mrs. Xiao even hopes that Xiao Yuruo and Su Chen can get married, but Su Chen has already She has a wife and even a daughter.

Mrs. Xiao doesn't want to interfere too much in Xiao Yuruo's marriage.

"stop!"

"I want to see that man."

At this moment,

Zhao Qingxuan came over to Su Chen, and Xiao Yuruo's guards looked at Zhao Qingxuan warily one by one to stop her from coming.

"Um? Cousin, do you know that woman?" Xiao Yuruo was very confused when he heard that Zhao Qingxuan wanted to see Su Chen.

Su Chen was also very confused, why did Zhao Qingxuan want to see him?

He didn't have any information about Zhao Qingxuan from the memory given to him by the system, and

Su Chen was sure that he didn't know him. Zhao Qingxuan, why would she want to see him?

When Su Chen heard Xiao Yuruo's words, he shook his head and said, "I don't know you! I've never met her at all."

## Chapter 882

Zhao Qingxuan originally thought she was doomed, but she didn't expect to see Su Chen here.

How could this Wu Xiangjun Su Chen be on this ship?

Zhao Qingxuan looked around at the people in the White Lotus Sect who were about to go to Su Chen. Now that the situation was critical, she could only go to Su Chen's place to take refuge. The nerd must have seen her too.

Zhao Qingxuan didn't know how many guards Su Chen had brought this time, but with the name of Lord Wu Xiang, I'm afraid the White Lotus Sect didn't dare to take action against Su Chen, but she could see that the White Lotus Sect had sent out three masters this time. Master, although she is powerful, she has been injured after all. Although

Zhao Qingxuan used the White Lotus Order to temporarily threaten the people of the White Lotus Sect, as long as the ship arrives in Hangzhou City, I am afraid that the people of the White Lotus Sect will kill her.

"Let her come over!"

Xiao Yuruo didn't believe what Su Chen said.

Her cousin was a playboy, and this woman was a stunning beauty. Su Chen, a bastard, must have something to do with this woman. She ordered the guard to let her go. Zhao Qingxuan came over.

After being released by the guards, Zhao Qingxuan came to Su Chen.

She looked at the beautiful women next to her and whispered to Su Chen, "Bookworm, it's up to you to save me this time."

Su Chen was very confused when he heard Zhao Qingxuan's words.

This Zhao Qingxuan actually knew him, but why didn't he have her memory? He didn't have any memory of Mrs. Xiao before, and this time he didn't even have the memory of Zhao Qingxuan who knew him.

Could it be that the system Did he have incomplete memories?

Su Chen looked at Zhao Qingxuan and asked directly,

"Zhao Qingxuan, do we know each other?"

"Um? you do not know me?"

"do not know!"

"Su Chen, you are not pretending not to know me because you want to destroy the Song Empire, are you? I have never resented you. I have never cared whether the Song Empire was destroyed or not." Zhao Qingxuan did not expect that Su Chen would pretend not to know her, which made Zhao Qingxuan look very ugly.

Is it because this nerd is about to destroy the Song Dynasty and he wants to break off the relationship with her?

Or does this nerd think she will be angry?

Su Chen Now he is completely speechless.

Zhao Qingxuan knows her 100% now, but why does he not have any memory of her?

Su Chen directly communicated with the system and wanted to know what was going on, "System, what is going on? Why do I have no memory of Mrs. Xiao from before? And this Zhao Qingxuan also knows me, but how come I don't have any memory of her?"

"Ding, host, the system has extracted all the memories of Su Chen in this world and transferred them to the host. Since these people know the host, I am afraid that Su Chen in this world

selectively forgot some things when he was too sad. When the system extracted the memories, It is normal that there are no memories of these people in it at that time."

Su Chen was very angry when he heard the system's explanation.

The system had not retrieved all the memories. If this was something important, I'm afraid he wouldn't know it until he died.

"I'll do it! Such a thing still happens? System, you are really useless. You can't even do such small things well."

"Ding, the system is correct"

"I made a mistake, you must compensate me with a gift bag"

"Ding, impossible!"

"Hey, arrogant girl, this was your mistake in the first place. If you don't make it up to me, will you be able to feel at ease?"

"Um? system?"

"system? Are you going to hide again?"

"Holy shit!"

When Su Chen saw that the system ignored him, he knew that there would be no benefits from the system.

How should he answer Zhao Qingxuan now?

Is he going to say that he has lost his memory like he deceived Mrs. Xiao?

Alas!

Now this is the only way he can continue to deceive. But what is the identity of this Zhao Qingxuan? How did she get to know her predecessor?

At this time,

Mrs. Xiao looked at Su Chen and Zhao Qingxuan and found that they were not telling lies. She guessed that Su Chen might have lost his memory. Forgetting about Zhao Qingxuan,

Mrs. Xiao thought for a while and said gently to Zhao Qingxuan, "This Miss Zhao, Su Chen lost his memory a few years ago. He may not remember you. What is your relationship with Su Chen?"

"Amnesia?"

Zhao Qingxuan looked at Su Chen very confused when he heard Mrs. Xiao's words.

Su Chen lost his memory a few years ago?

Could it be that it happened when his family had a huge change?

At that time, she was practicing martial arts with her master. The former Wu Xiangjun's family She had also heard about it. Did the nerd lose his memory at that time?

"Zhao Qingxuan, what is our relationship?" Su Chen looked at the confused Zhao Qingxuan and asked,

"Consider them friends!"

Zhao Qingxuan said in a low mood.

She is feeling very complicated now. She can't forget what happened when she was eight years old.

But Su Chen has lost his memory.

Maybe he will never be able to remember what he promised her when he was eight years old. These things can only be buried in her heart.

Seeing Zhao Qingxuan's depressed expression, Xiao Yuruo glared at Su Chen. She felt that this woman must have been hurt by Su Chen, otherwise Zhao Qingxuan would not have such an expression..Su

Chen ignored Xiao Yuruo.

He was very curious about the relationship between Zhao Qingxuan and him. However,

Zhao Qingxuan's answer made Su Chen very depressed.

I am not a friend! A friend?

What kind of answer is this? Such an answer made him How to guess what the relationship between Zhao Qingxuan and him is? Su Chen doesn't want to say anything now when he sees Zhao Qingxuan, and there is no need for him to ask again. The relationship between Zhao Qingxuan and him will come to light in the future. It's just Zhao Qingxuan's trouble that he must help her this time. After all, they knew each other, and maybe Zhao Qingxuan and him were not familiar with each other. Su Chen looked at Mrs. Xiao and said to her,"Aunt, you and your cousin take Zhao Qingxuan back to the cabin and treat her wounds by the way. I'll take care of the things here." deal with it

"

"Okay, Su Chen, you have to be careful."Mrs. Xiao nodded when she heard Su Chen's words.

Xiao Yuruo was not worried about Su Chen staying here.

You must know that there are three grand masters among those in the White Lotus Sect.

There is only one grand master beside Su Chen, and the remaining woman He is just a scumbag in the acquired realm.

Xiao Yuruo looked at Su Chen and said worriedly,

"Cousin, do you want your cousin to help you? I am a master master"

"Need not."

Su Chen shook his head at Xiao Yuruo and refused.

He looked at Ning Zhongze beside him and ordered, "Ning Zhongze, you and Shen Bijun will go there too."

"Yes, master!"

Chapter 883

On a merchant ship at night,

Su Chen was resting alone in a cabin. What happened today caught him off guard, and he didn't know if there would be any accidents due to the flaw in his memory.

This time there was an elder for no reason.

Su Chen did not feel repelled by Mrs. Xiao as his aunt. He had completely integrated into his Xuan Continent. From now on, he would be Su Chen in Tianxuan Continent, and the relatives of the former Su Chen would be his. Relatives.

It's just that he doesn't know what to do with this woman Zhao Qingxuan.

Su Chen, a member of the White Lotus Sect, has already asked the shadow assassins to deal with it, but what is the relationship between Zhao Qingxuan and him?

He couldn't figure it out either.

Su Chen thought that Zhao Qingxuan was still injured, and she might go to Xiao's house to recuperate this time. When he saw Zhao Qingxuan in the future, he didn't think about how to find out about her relationship with him.

"It's difficult!"

Su Chen rubbed his head while lying on the bed and whispered, as the next day came.

Su Chen didn't come out of the cabin.

He just wanted to have a good rest. Although he didn't feel tired after traveling for several days, he was now His heart was very tired.

But everything was not going well.

Xiao Yuruo, his cousin, kept pestering him to hear about the attack on the Ming Empire in the Western Continent. Su Chen had no choice but to talk to Xiao Yuruo about attacking the Ming Empire. In the afternoon, the merchant ship arrived in Hangzhou City.

Su Chen and Mrs. Xiao took Zhao Qingxuan back to the Xiao family, while Xiao Yuruo looked unhappy and ordered people to go back with the goods. The

Xiao family in Hangzhou, in the Xiao family After Madam and Su Chen arrived,

Xiao Yuruo's sister Xiao Yushuang was very happy to see Madam Xiao coming back. She also told Madam Xiao about some things that happened in Hangzhou. Even the governor of Hangzhou, who had been suppressing their Xiao family, was also arrested by Hangzhou. The prefect arrested her.

Su Chen was very speechless when he saw this little cousin.

He, a living person, was ignored. If it hadn't been his first time to come to Xiao's house, he might have gone back to his room like Zhao Qingxuan.

But Xiao Yushuang is also very beautiful, with long black hair hanging on her shoulders, her delicate face looks very cute, and her perfect figure is revealed in a green dress. If

Xiao Yushuang matures in a few years Some, I am afraid that Xiao Yushuang will also become a stunning beauty like her sister Xiao Yuruo.

After hearing Xiao Yushuang's words, Mrs. Xiao looked at Su Chen.

She knew that these things were ordered by Su Chen, and Mrs. Xiao didn't say much about it.

What?

After all, they will all be a family from now on.

Mrs. Xiao pulled Xiao Yushuang and smiled and said,"Yushuang, come and meet your cousin Su Chen.""

"cousin?"

Xiao Yushuang looked at the young man sitting next to her and asked doubtfully,

"Um! He's your aunt's son."Mrs. Xiao told Xiao Yushuang about Su Chen. She didn't want this crazy girl to be so rude.

Xiao Yushuang was very happy when she heard what Mrs. Xiao said.

She didn't expect that she would have a cousin, and that this cousin would be so tall. He was also very handsome and elegant.

She thought that in the future there would be men in their family. If someone bullied their family again, this cousin would definitely stand up to help the mother and daughter.

Xiao Yushuang looked at Su Chen and said with a smile ,"Yushuang has met my cousin. Cousin, is there any meeting gift?"

Su Chen was very speechless when he saw Xiao Yushuang reaching out for a gift.

Why didn't he think of asking Xiao Yuruo for a gift?

This was really a mistake this time.

"for you!"

Su Chen took out a jade box from the system space and handed it to Xiao Yushuang.

Xiao Yuruo is now at the fifth level of innate cultivation.

If Xiao Yushuang eats the red fruit in the jade box, her cultivation realm will definitely be promoted to the master level. As for the realm of cultivation that can be improved, what realm can be improved? This depends on Xiao Yushuang's potential.

"What's this?"

Xiao Yushuang asked doubtfully while holding the jade box.

Su Chen pointed at the jade box and said with a smile, "There is a red fruit in it. After you eat it and absorb it, you can raise your cultivation level to that of a master. Cultivation realm, if your cultivation realm is solid, it is possible to be promoted to the peak of Grandmaster."

"real?"

"More real than pearls!"

Xiao Yushuang hugged the jade box tightly after hearing Su Chen's words.

She was afraid that the jade box would be snatched away.

Xiao Yushuang looked at Su Chen and said excitedly, "Wow! In this way, wouldn't my cultivation level be higher than that of my sister?"

"Huh?"

"Not right either!"

"My sister must also have Zhu Guo. If my sister eats Zhu Guo, wouldn't her cultivation level be upgraded to a mainland master? A grandmaster in her twenties, my sister is going to defy the odds."

Su Chen shook his head and ignored the excited Xiao Yushuang.

He continued to take out a jade box from the system space. This was the only beauty pill left by Su Chen. After all, Mrs. Xiao was old, and she was still Without practicing martial arts, this Beauty Pill is the best gift for Mrs. Xiao.

Su Chen handed the jade box to Mrs. Xiao and said, "Aunt, this is for you. There is a Beauty Pill in this jade box.""

"What? Zhuyan Dan?" Mrs. Xiao was very surprised when she heard Su Chen's words and looked at the jade box in her hand.

"It's Zhuyan Dan."

Mrs. Xiao was very excited when she heard Su Chen's words.

She knew the efficacy of the Beauty Pill. I'm afraid there is no woman in the world who is not crazy about the Beauty Pill.

She couldn't refuse this gift, and she didn't even intend to refuse it.

Su Chen Even if I give her an apple, Mrs. Xiao will happily accept it.

Mrs. Xiao looked at Su Chen and said with a smile, "Thank you, Su Chen, this is the best gift my aunt has ever received."

"Aunt, you're welcome, we are a family after all"

"yes! We are a family, and my aunt is being polite."

Afterwards,

Mrs. Xiao and Xiao Yushuang couldn't wait to take the Zhuyan Dan and Zhu Guo, and Su Chen was the only one left in the Xiao family's living room.

Su Chen ordered Ning Zhongze who was standing outside, "Ning Zhongze, contact the secret guard and ask the secret guard to inform Concubine Yan and the others that I will arrive in Gusu City in five days, and tell Concubine Yan and the others about my aunt, cousin, and others."

"Yes, master!"

At this moment, the system prompt rang,

"Ding, host, tomorrow is the beginning of the qualification battle. I hope the host can achieve the final victory."

Su Chen was very speechless when he heard the system's words.

How could the system be more nervous than him this time?

Will the system really be upgraded if he wins the final victory?

The reward from the source of heaven seems to be crucial to the system. "I will get the little gift package from the system to compensate me?"

"Ding, the gift package has been distributed, does the host want to open the compensation gift package?"

"Open it!"

Chapter 884

Su Chen was very speechless when he saw the small gift package compensated by the system.

This was really a small gift package.

The small gift package in the system space was probably only one-third of the size of the usual gift package, and what he received was a dark one. A small gift bag, this kind of gift bag is like an iron box, but the system has the nerve to call it a small gift bag

"Ding, the gift package is open. Congratulations to the host for getting one hundred thousand elite troops, five years of material and equipment supplies for one hundred thousand elite troops, and one hundred thousand taels of gold."

"Gone?"

"Ding, no more"

"I'll do it! This is really a small gift bag, System. The gift bag only contains some war-related items. Is this your intention? Tomorrow's war will require an army. System, are you afraid that I won't bring the army to another world to participate in the war?"

Su Chen was very angry when he heard the system's answer.

These items were actually given out in the small gift package?

None of the items that were useful to him were given out.

At least there were some items that were secrets of Zhu Guo's martial arts, but these seemed to be all. It is an item related to war.

In Tianxuan Continent,

Su Chen has no special need for these items. He now wants to need some cultivation techniques and some special heaven and earth spiritual fruits and spiritual treasures.

"Ding, host, you are thinking too much."

Su Chen angrily yelled at the system, "What the hell do I think? System, you have to compensate me, Zhu Guo, Lingshi, these are all fine, and at the very least give me some imperial martial arts books. secret"

"Ding, the system has no rights"

"Arrogant girl, stop pretending, I have noticed you have woken up a long time ago"

"system? Isn't he going to hide again?"

"I'll do it! Tomorrow's qualifications to participate in the war I deliberately lost."

Su Chen is very helpless now.

He really can't handle this damn tsundere system and is qualified to participate in the war!

He can't lose.

If he loses the qualification to participate in the war this time, let's not talk about Blue Star's dragon. What kind of punishment will the Congress receive? I am afraid that even this qualification to participate in the war will disappear. Wouldn't Su Chen suffer a big loss in this way?

In the world, Su Chen plans to see the world, although this time in the world, everyone is There are some elementary worlds, but there are probably a lot of treasures in them. It is impossible for Su Chen to give up the opportunity to become stronger.

"Shen Bijun, come in, what are you doing so far away?" Su Chen was a little angry when he saw Shen Bijun who was far away outside the living room.

This beautiful vase has been there for so many days without even a glance. There is no tea in the cup now, so he doesn't come to refill it.

"I am afraid!"

Shen Bijun lowered his head and said nervously after coming in.

She was afraid that this bastard would do something to her. With Ning Zhongze, she wasn't worried. But now that Ning Zhongze is going to do something, if Wu Xiangjun does something to her, She didn't even have the ability to resist.

Su Chen was very speechless when he saw Shen Bijun, who was like a little rabbit.

He didn't have a good impression of Shen Bijun in the first place, and he had no intention of doing anything to Shen Bijun, but Shen Bijun looked so soft and weak now. Su Chen had an impulse.

Ever since this beautiful vase followed him, she might not be able to leave him in the future. After all, she would have to take care of him all the time, and she would also hear some confidential things.

But Su Chen didn't intend to Put this beautiful vase and leave.

Su Chen took out a red fruit and some copies of heaven-level martial arts secrets from the system space and shouted to Shen Bijun, "You are so scared, take this to eat, and use these secrets to practice." , don't let me tell Ning Zhongze to do everything in the future. If you don't want to be a waste, just practice hard."

"Yes, master!"

Shen Bijun was very happy when she saw Zhu Guo and the martial arts secrets.

Ning Zhongze had told her about Zhu Guo, and these heaven-level martial arts secrets are rare in Tianxuan Continent. I am afraid that some powerful sects There may not necessarily be heaven-level martial arts secrets

"Go back to your room"

"Yes, master."

Shen Bijun took a deep look at Su Chen and left excitedly with Zhu Guo and martial arts secrets.

This time she was not unhappy with Su Chen's scolding of her.

Wu Xiangjun is still a good bastard, but she I'm afraid her worries were unnecessary. Wu Xiangjun really didn't seem to be interested in her at all.

Su Chen sighed after Shen Bijun left.

It was really a bit strange for an acquired woman to eat a heaven and earth spirit fruit. What a waste of natural resources. I wonder if Shen Bijun's potential can raise his cultivation level to the master level?

Su Chen looked at the red fruits in the system space and there were not many red fruits left. I am afraid that the twenty red fruits that were opened last time will cost more. It won't take long for them to be allotted, and he took out another jade box containing vermilion fruits.

Xiao Yuruo's cousin didn't have vermilion fruits yet. I'm afraid Xiao Yuruo would ask him for vermilion fruits when she came back in the evening.

"well! Is this just a waste of money to eliminate disaster?"

Su Chen thought that Xiao Yuruo was a lady in front of others, but in front of him she was like a lunatic.

Either she was dissatisfied with herself, or she was dissatisfied with herself.

Anyway, in Xiao Yuruo's eyes, he was not to her liking, and he himself He is not her husband, and I don't know why Xiao Yuruo is crazy about taking care of herself.

Just when Su Chen was thinking about Xiao Yuruo, the Xiao family's housekeeper came in and saluted Su Chen and said, "Young Master, the governor of Hangzhou has arrived. Please ask me to see you outside the house now." people."

The housekeeper of the Xiao family knows that this young cousin will be the heir of the Xiao family in the future.

There are no boys in the Xiao family.

This time Mrs. Xiao has brought back her sister's son. The purpose is very clear, but he does not dare to tell this cousin. The young master shows no disrespect at all

"Tell him to go back."

Su Chen ordered after hearing what the housekeeper said.

He has no time to deal with the Hangzhou Zhizhou now. The Hangzhou Zhizhou is also a fool. His officials suppress merchants and are corrupt and bend the law.

Does this Hangzhou Zhizhou know?

I'm afraid they are all complicit. generation

"ah?"

The housekeeper was confused when he heard Su Chen's words.

The young master actually told Hangzhou Zhizhou to go back?

Is this young master crazy?

When Su Chen saw the confused look on his face when he came home, he shouted at him, "You are a piece of shit. , told him to go back, didn't you hear?"

"Yes, yes, young master Ciao!"The butler immediately replied in a hurry and ran out. The young cousin's angry look was really scary. The butler was frightened and broke into a cold sweat behind his back. Outside the

Xiao family's mansion, the Hangzhou magistrate was walking around anxiously. Yesterday He was still frightened by what happened. Wu Xiangjun's secret guards actually informed him to do something, and they also wanted to take action against the officials who oppressed and suppressed the Xiao family. The governor of Hangzhou knew some of what happened to the Xiao family, and even the governor of Hangzhou did He also knew everything about the situation.

It's just that the beautiful sister of the governor of Hangzhou was working as a maid in the Xuandiao Palace in Gusu City. She might even be favored by Wu Xiang in the future. As the governor of Hangzhou, he did not dare to offend the governor of Hangzhou.

Now Wu Xiang Jun's order has arrived, and

Hangzhou Governor Shi has been imprisoned.

He came this time to know what the relationship is between Mrs. Xiao and Wu Xiangjun? Why did Wu Xiangjun come forward to help the Xiao family? Could it be that Xiao Yuruo of the Xiao family was betrayed by Wu Xiangjun? Do you like it?

Chapter 885

Outside the Xiao family's mansion, just as Hangzhou Zhizhou was walking around uneasily, the Xiao family's butler walked out of the mansion.

When Hangzhou Zhizhou saw Butler Xiao coming out, he hurriedly asked,"Steward Xiao, does the old lady want to see me?"

Butler Xiao was a little embarrassed and saluted and said,"Master Zhizhou, I haven't seen the old lady, but the young master doesn't want to see you. I also hope Lord Zhizhou Haihan."

Hangzhou Zhizhou asked with an ugly face,"Master Biao? When did the Xiao family have a young master Biao?"

Hangzhou Zhizhou was very unhappy when he heard Butler Xiao's words.

He is the highest official in the state. Official, a third-grade Gusu City official.

How dare a small Xiao family not see him?

If it hadn't been for Wu Xiangjun's incident this time,

Hangzhou Zhizhou would have broken into the Xiao Mansion long ago. Why would he be waiting outside for the old lady of the Xiao family to invite him into the manor?

When Butler Xiao saw that Hangzhou Zhizhou was angry now, he said cautiously, "Master Zhizhou, Master Biao is the son of the old lady's sister. This time the old lady came back from other places and brought Young Master Biao back with her."

"Butler Xiao, what is the name of your young master?"

"My cousin's name is Su Chen"

"Suchen? Wu Xiangjun, Su Chen, oh my god, I'm going to die this time." Hangzhou Zhizhou was frightened when he heard what Butler Xiao said.

He didn't expect that the young cousin of the Xiao family would be Wu Xiangjun. Because of his inaction, Wu Xiangjun might have known about the Xiao family's affairs. If Wu Xiangjun If Xiang Jun pursues the case in the future, I'm afraid he won't even be able to keep his black gauze hat.

"What? Wu Xiangjun Su Chen is actually the old lady's nephew? Or the young cousin of our Xiao family?" Butler Xiao was also very shocked when he heard what Hangzhou Zhizhou said.

He saw the helpless look of Hangzhou Zhizhou and believed it. No wonder Master Biao just told Hangzhou Zhizhou to go back.

It turned out that Young Master Biao turned out to be Lord Wu Xiang, but Lord Wu Xiang turned out to be The nephew of the old lady of the Xiao family was something he had never expected, but he was very excited now.

Young Master Biao is the future emperor of the Southern Continent, and even the most powerful emperor of the Tianxuan Continent.

In the future, the Xiao family will Developed, no!

He reached the sky in one step.

The governor of Hangzhou is now ruthlessly killing the governor of Hangzhou. If it were not for the governor of Hangzhou, I am afraid that he will have a prosperous official career in the future.

The territory conquered by Wu Xiangjun is getting bigger and bigger, and the Song Dynasty Empire He is about to surrender, the Southern Continent is about to be unified, and even the Ming Empire in the Western Continent is now being attacked by Lord Wu Xiang's millions of troops. Now he has inadvertently offended the Xiao family. If Lord Wu Xiang asks him to blame him in the future , I'm afraid his official position has come to an end here.

Hangzhou Zhizhou offered his services to Butler Xiao with a mournful face and said,"Steward Xiao, just tell me if you have anything to do in the future. Please tell Butler Xiao to say good things about me in front of Lord Wu Xiang." , I will definitely thank Butler Xiao again in the future."

"Easy to say! Easy to say!"

"I will take my leave this time."

"Lord Zhizhou, please excuse me."

Butler Xiao was very excited when he saw Hangzhou Zhizhou leaving in despair. He wanted to shout loudly now to vent his excitement.

In the evening at Xiao Mansion, when Xiao Yuruo came back, he saw that her mother had returned to her thirties. She was very surprised.

And Xiao Yushuang actually became a master master, even a master in the middle stage of master master. This made Xiao Yuruo a little confused. But when she heard Xiao Yushuang's words, she

gave Su Chen a lesson. This bastard had the Heaven and Earth Spirit Fruit but didn't give it to her. This made Xiao Yuruo want to bite this bastard to death if he looked at Su Chen.

Su Chen rubbed his ears and felt very helpless. If he hadn't taken out the Zhu Guo in a hurry, I'm afraid he Xiao Yuruo's ears were about to be torn off by Xiao Yuruo. Su Chen really couldn't afford to offend this seemingly gentle but domineering Xiao Yuruo.

Xiao Yuruo looked at the red fruits in the jade box and smiled and said to Su Chen, "Cousin, Is there something else you haven't given me?"

"No, I have nothing for you right now." Su Chen immediately shook his head and said, he knew what Xiao Yuruo meant. This woman must want the Zhuyan Pill, but he really doesn't have the Zhuyan Pill.

Xiao Yuruo glared at Su Chen and said directly, "Zhuyan Pill Woolen cloth? Don't tell me you only have one"

"By the way, cousin, I also want Zhuyan Dan, but you can't favor one over the other." Xiao Yushuang also reacted.

She also wanted the Zhuyan Pill very much.

She had been so happy that she had been promoted to a master just now. She had forgotten about the Zhuyan Pill for a moment.

Su Chen spread his hands and shook his head and said, "I There is only one Beauty Pill left, and I have allocated the remaining Beauty Pills to my wife."

"real?"

"real."

Mrs. Xiao next to her kept looking at Su Chen and Xiao Yuruo with a smile.

The house was a bit lively today.

The atmosphere was different when there was a man at home.

Moreover, Su Chen was her nephew now, and Su Chen didn't care because he was This made Mrs. Xiao very happy because she was Wu Xiangjun and was not close to the three of them.

Mrs. Xiao saw that Xiao Yuruo wanted to make a move again and hurriedly grabbed her and said with a smile, "Yuruo, forget about your cousin." Okay, I'll just wait until your cousin finds the Zhuyan Pill and leave one for each of you."

"Mom, I don't believe this bastard."

Mrs. Xiao patted Xiao Yuruo's back and scolded, "What the hell? Su Chen is your cousin. If you call me a bastard, be careful because your mother will punish you."

"knew."

Xiao Yuruo sat down helplessly, but Tian looked at Su Chen and directly threatened, "Cousin, I will believe you this time, but you must give me Zhuyan Dan within a year, otherwise you will suffer the consequences. clear"

"Okay, I'll try to find it for you within a year."

"And me, and me, cousin, don't forget my beauty elixir"

"knew."

A dinner party was finished in a bustle.

Su Chen was badly hurt by Xiao Yuruo and Xiao Yushuang this time.

Now his stomach is very uncomfortable.

Xiao Yuruo and Xiao Yushuang kept bringing him food during the meal. If Su Chen They would be unhappy if he didn't eat it, and he himself would feel uncomfortable after eating it. He had a difficult dinner.

However, Su Chen took advantage of Xiao Yuruo a lot. He didn't expect that Xiao Yuruo's capital was so strong, which made Su Chen strange. Unexpectedly.

During the second half of the meal,

Xiao Yuruo blushed and wanted to strangle herself.

The whole night passed like this.

When Su Chen woke up from bed in the morning, the [War Qualification Certificate] began to count down, one hour. The preparation time had already begun to count down.

Su Chen hurriedly started to wash up.

Fortunately, time was frozen this time when he went to another world. He would come back at the same time when he left. This made him not worry about what would happen after leaving suddenly. Thing.

Chapter 886

Su Chen communicated with the system and was completely relieved.

As long as there were no time travellers, he was completely relieved without the so-called Lin San.

It was not that he was afraid of Lin San, nor that he was afraid of other time travellers, but that if the world continued to With the emergence of time travellers, I am afraid that a series of changes will occur in this world.

Su Chen would not let anyone ruin what he was going to do in Tianxuan Continent. Tianxuan Continent would be his Tianxuan Continent from now on.

Ning Zhongze and Shen Bijun heard Su Chen talking to the servant named Shen Hao and looked at Xiao Yuruo and her daughter on the boat.

They didn't expect that Su Chen would know these two beautiful mother and daughter, and they seemed to be very familiar with them.

They couldn't help but think that these two beautiful women might also know Wu Xiangjun, right?

At this time, a beautiful woman came over.

This beautiful woman was wearing a white dress. She had a cold face that brought disaster to the country and the people. She had a bulging figure and a slim waist that made people look very pleasing to the eye. But Her stern face makes people feel that she is very difficult to contact, and even her words are cold.

"Shen Xiaoding, what are you doing? Why don't you hurry up and go guard the goods with the others?"

"Miss, I'm going right now, I'm going right now." Shen Hao started up and immediately saluted Xiao Yuruo who arrived.

Judging from Shen Hao's reaction to Xiao Yuruo, this woman was very difficult to get along with.

Even Shen Hao, the so-called Jiangnan rich family, did not dare to treat this beautiful woman in the slightest. Disrespectful.

This was not something Shen Hao pretended to do, and it was Shen Hao's instinctive reaction.

Shen Hao nodded to Su Chen and ran away immediately.

And Xiao Yuruo, the eldest lady of the Xiao family who arrived, looked at Su Chen and Shen Bijun and felt She was so curious, how did this playboy get to know Shen Hao?

She always felt that Shen Hao came to her Xiao family to be a housekeeper for more than a simple purpose. Although Shen Hao's ability to do things was very good, she could see Shen Hao's background. It's not simple, and she knows very well that Shen Hao has martial arts skills.

Xiao Yuruo looked at Su Chen and guessed that Shen Hao's servant was not the undercover agent sent to her home by this playboy, right?

She knew that there were many people who wanted to pursue her. People secretly came to her house to work as servants, or even arranged for men to come to her house to work as servants.

When Xiao Yuruo thought of this, she looked at Su Chen with a very unkind look.

"Who are you?"

"a passerby."

Su Chen didn't care that Xiao Yuruo was unfriendly to him, and he didn't even bother to talk to Xiao Yuruo.

Now he didn't want to cause any trouble, but Xiao Yuruo turned out to be a master in the early stage of a grandmaster. This surprised Su Chen very much. In the world of mixed martial arts, Xiao Yuruo But a real little master with such a level of cultivation is more than enough to protect an ordinary small family.

Xiao Yuruo said rudely after hearing Su Chen's words, "I'm warning you, you'd better not have any ideas about anyone in our Xiao family. Otherwise you will regret it."

Su Chen was very speechless when he looked at Xiao Yuruo.

Is this Xiao Yuruo really upset by her suitors?

How could he be targeting the Xiao family!

Isn't the Xiao family just in the cloth business?

Doesn't the Xiao family just have a few beautiful women?

Now the Southern Continent is basically Su Chen's sphere of influence. Which of the women in Xuantiao Palace is not beautiful? Su Chen has many women who are even more beautiful than Xiao Yuruo.

Su Chen hugged Ning Zhongze and smiled and said,

"You are overthinking. There are two beautiful women like you beside us. Do you think I will fall in love with you? Don't feel so self-righteous here. You can do whatever you want. Don't block my sunshine here."

Xiao Yuruo didn't expect that Su Chen would drive her away, and even looked like he didn't want to see her.

This made Xiao Yuruo very angry.

This bastard hugged a beautiful woman in broad daylight. It was obvious at a glance that he was A playboy.

Even a bastard who plays with women.

This bastard must have said this deliberately to arouse her idea. She has seen this kind of situation too many times.

Xiao Yuruo's beautiful eyes glared at this bastard and blurted out,

"Shameless!"

"I'll do it!"

"snort!"

Xiao Yuruo looked at the two shameless beautiful women next to Su Chen, then snorted at Su Chen and left.

She didn't want to have too much contact with such people.

Su Chen felt very helpless when he saw Xiao Yuruo leaving.

This is really What happened to him was that misfortune fell from the sky.

The ship on the Yangtze River had already sailed, and some people on the deck also returned to the cabin one after another. The rest were some merchants who were directing the transportation of goods, and some people in the world. Whispering on one side of the deck.

Su Chen looked around and decided to continue to bask in the sun.

The afternoon sun was still very comfortable. It would take about two days to get to Hangzhou from here, and he could do it in four or five days. You can reach Gusu City.

Su Chen was really homesick and missed the women at home.

On the side of the huge merchant ship, a beautiful woman saw Xiao Yuruo coming back with a cold face and said with a smile,

"Yuruo, who are those people?"

Xiao Yuruo smiled and said to this beautiful woman,"Mom, those are not good people, let's leave them alone."

Mrs. Xiao looked at Su Chen and nodded.

The young man looked like a playboy.

She was also afraid that her daughter would be deceived by someone with evil intentions, but she thought that Xiao Yuruo was very smart, so she didn't Worried that Xiao Yuruo would be deceived,

Mrs. Xiao took Xiao Yuruo's hand and said with a smile, "Are you your suitor again? Yuruo, you are not young anymore, it is time to consider getting married."

Xiao Yuruo was very helpless when she heard Mrs. Xiao's words.

She also wanted to find a husband, but she never met a suitable one. Those who pursued her were either crooked or greedy and lustful. Disciple,

Xiao Yuruo is already in her twenties, so she is already an old girl. However, for the sake of the Xiao family, and for the sake of her mother and sister, Xiao Yuruo will not marry easily. Xiao Yuruo shook her head and said to Mrs. Xiao,

"Mom, I don't think about this now. The silk we bought from Shu this time is of high quality. Mrs. Jun from Gusu City will definitely use the cloth produced by our family. If we can get an order from Gusu City this time, from now on, our Xiao family will be able to reach the sky in one step."

Mrs. Xiao was very helpless when she saw Xiao Yuruo changing the subject.

Xiao Yuruo is now taking care of the Xiao family. Their orphans and widowed mothers are now in a very difficult situation. Some powerful businessmen have been eyeing the Xiao family.

This time the girl After the news about Su City's purchase of cloth came out,

Mrs. Xiao also knew that this was an opportunity for her Xiao family.

As long as she could establish a relationship with the ladies in Gusu City this time, no one in the Southern Continent would dare to embarrass the Xiao family. ,

Mrs. Xiao also nodded happily and said, "Yes! Being able to establish a relationship with Mrs. Jun from Gusu City, our Xiao family in Hangzhou will have peace of mind in the future. This time our Xiao family must win the order from Gusu City."

"I know, mother!"

Su Chen looked at everyone here and then checked the information in his mind. When Su Chen looked at the mission, he felt a little frightened.

This time it turns out to be the world of the Hobbit, and each mission is more difficult than the last.

This is a magical world.

The system is not mistaken.

How can this world be an elementary world?

Su Chen didn't believe it.

At this moment, on the

Blue Star, the people from the Star-Spangled Kingdom and the Dragon Kingdom were very surprised when they looked at the huge projection in the sky. Especially when they saw the teammates from various countries who appeared, they cheered. Originally, they saw There was no hope for this mission.

But the appearance of Maximus made everyone in the Star-Spangled Kingdom very lucky. Maximus was a general in the gladiator world. He also had a Roman legionary army, as well as the powerful Alice and Selina. The women are not only beautiful and have perfect figures, but they are also more powerful than the last.

The people of the Dragon Kingdom were also very happy to see Li Maozhen appear. They all knew that Empress Li Maozhen was not only the empress of Huanyinfang, but Li Maozhen was also a prince. It was certain that she had an army.

The little dragon girl in The Legend of the Condor Heroes is a martial arts master, and her strength should be very strong here, but they didn't recognize Su Chen at the end. Maybe this Su Chen was just a passerby.

In the world of Middle-earth,

Bai Yuekui looked at Su Chen and the others and introduced,"My name is Bai Yuekui, and this is Qilin. We will be teammates from now on. Empress, can you summon your army?"

Li Maozhen looked at Bai Yuekui and was confused. Said,"Army? I don't have an army. I'm just the empress of Huanyinfang. Huanyinfang doesn't have an army.""

"Doesn't your brother have an army? You have been pretending to be your brother, can't you summon your brother's army?"Bai Yuekui looked at Li Maozhen's confused look and reminded him hastily.

Li Maozhen shook his head and said with a cold and arrogant face,"You remember wrongly, I don't have a brother, how could I pretend to be a brother?"

"Forehead! How is this going? painting....."When Bai Yuekui was about to tell some things about Hua Jiang Hu, she found that she couldn't say anything, which made her feel that it was impossible to reveal the plot of the film and television.

Bai Yuekui and Qilin looked at each other and felt very helpless.

If Li Maozhen couldn't summon the army now, I'm afraid this national destiny war would really be hopeless. It was even more impossible for Xiao Longnu to have an army, and passerby Su Chen and the others simply gave up.

Su Chen, who was next to him, shook his head at Xiao Longnu who wanted to recognize him from the beginning. He had not yet figured out the situation here, and it was not the time to recognize Xiao Longnu.

After Xiao Longnu checked the mission, she discovered that bastard Su ChenRan also appeared here, which made her very happy.

Originally, she was a little worried about whether she could return to Tianxuan Continent this time, but now there was this bastard Su Chen here.

She believed that they would win this so-called war of national destiny and return to Tianxuan Continent safe and sound.

When Xiao Longnu saw Su Chen shake his head, he did not acknowledge Su Chen rashly.

Although she didn't know why Su Chen did this, she believed that Su Chen must have some conspiracy.

This bastard is not a peaceful master. Xiao Longnu just hopes that Su Chen will not mess up this mission.

"Ooooh!"

Just when both sides were getting familiar with each other, a loud cry suddenly came over.

Su Chen and others immediately looked into the distance. When they saw a huge golden dragon flying over, here Everyone was very shocked. None of them had ever encountered such a huge Western dragon.

When Laura saw Smaug, she hurriedly said loudly, "It's Smaug. Our second task is to kill Smaug. This time Smaug arrives." It's definitely going to destroy Riverdale."

"We spread out and sneaked into Riverdale, killing Smaug when we had the chance." When Bai Yuekui saw Smaug, he hurriedly said to Li Maozhen, Qilin, and Xiao Longnu,

"Walk!"

Li Maozhen disappeared here in a flash, while Bai Yuekui and Qilin also quickly ran towards Hehe Town. Xiao Longnu glanced at Su Chen and directly used Qinggong to fly towards Hehe Town.

Su Chen looked at these disappearing people speechlessly. The man was sitting on a stone. He was not going to join in the fun now.

Smaug's scales were very strong, and

Su Chen, who had been injured before, couldn't figure out where he was. He had to wait for Bard to appear before going there. Kill Smaug.

When Laura and others left one after another,

Selena did not leave either. When she came to Su Chen, she asked Su Chen coldly, "Are you so unwilling to go there?"

Su Chen looked at the extremely sexy Selena and smiled and said, "I am just an ordinary person. I have caused trouble in the past. I still don't want to seek death."

"Ordinary people? I am a vampire, I can tell whether you are an ordinary person or not." Selena came directly to Su Chen, smelled it, and said expressionlessly,

"I'll do it! Can you smell my blood?" Su Chen was very speechless when he looked at Selena's small nose. Vampires can judge a person's strength through blood. Selena, who has a curvy figure, will not regard him as the trump card of the Dragon Kingdom. Stay?

"What do you think?"

"Selena, is there a man?"

"What do these do, you ask? You are not to my taste."

Su Chen curled his lips when he heard Selina's words and said, "Damn it, I never thought about marrying and having children of other races. By the way, I'm afraid you can't have children with me either."

"court death!" Selena didn't expect this human being to say this, which made her very angry. She looked at Su Chen and kicked her quickly.

Boom!

The stone Su Chen was sitting on was directly kicked by Selena. flew out,

"Um? Where are people?"

Selena suddenly discovered that Su Chen had disappeared.

This made Selena very nervous.

That bastard human being was indeed not an ordinary person. Her feelings were not wrong at all. This test was not in vain.

Su Chen suddenly appeared Behind Selena, he hugged her and said with a smile,

"Little vampire, you have a bad temper!"

"Damn it, let me go."

Selena struggled in shame and anger when Su Chen hugged her.

Su Chen shook his head and teased,

"Do you think that's possible?"

"Shameless human being, I will kill you." Selena saw that this bastard human was still not leaving her, which made Selena completely furious. She suddenly kicked Su Chen from behind, and her body began to struggle with strength.

"I'll do it!"

Su Chen hurriedly let go of Selena and took a few steps back.

Selena wanted to make him annihilate his descendants. Why is this vampire so hot-tempered? They are hundreds of years old vampires, and they have not learned anything about self-cultivation. ?

"Damn it, don't hide from me."

Chapter 888

Selena is very angry now.

This bastard human took advantage of her and ran away.

If she doesn't kill this bastard, she won't be in the mood to continue with the National Destiny War mission.

Su Chen quickly disappeared here when he saw that Selena was offended. He couldn't afford to offend a vampire who was hundreds of years old.

Su Chen decided to go to the Lonely Mountain Castle to find the Arken Stone first. There was no Smaug in the Lonely Mountain Castle now, and the dwarves were not afraid. Su Chen was looking forward to the huge treasure inside.

"Damn bastard, I won't let you go."

Selena never found Su Chen here again.

She knew that that bastard human had left.

She had never been hugged by anyone in hundreds of years. That damn human was just a shameless pervert, but she thought that Su Chen was everywhere. She is also very worried about her ability. That bastard human seems to be very powerful.

This time she just attacked the bastard, and the bastard didn't fight back.

What if the bastard fought back?

I'm afraid she is really no match for that bastard.

Selena She looked around and rushed towards Riverdale Town. She knew that the powerful bastard would definitely kill the dragon Smaug. There was no way that shameless human would give up on mission two.

In the Lonely Mountain Castle,

Su Chen suddenly appeared Coming here,

Su Chen was a little shocked by the huge palace. This was the largest palace Su Chen had ever seen. Although this dwarf castle was not as exquisite and beautiful as the royal palaces he had seen, there was a sense of oppression here, which made People feel very insignificant when they appear here.

"I'll do it! This time it is more developed." Su Chen was so shocked that he couldn't close his mouth when he came to a huge hall.

This place, which was the size of two or three football fields, was filled with glittering gold and silver treasures. The gold coins were piled up into a small mountain.

Su Chen looked at the gold and silver treasures under his feet and laughed. This time, he really did not participate in the national destiny war in vain. With these gold and silver treasures, his empire will no longer have to worry about money.

"By the way, the Arken Gem, look for the Arken Gem first." Su Chen looked at this hill of gold and silver treasures and began to use his mental power to search for the Arken gem.

At this time,

Riverdale Town was already a sea of fire, and the golden dragon Smaug continued to spit out dragon breath above Riverdale Town and burn it. Following this Hehe Town, a large number of civilians continued to escape from Hehe Town.

Bai Yuekui, Qilin, Li Maozhen, and Xiao Longnv couldn't do anything when they looked at the giant dragon in the air. The dragon was flying in the air and they couldn't attack it..

Li Maozhen saw that the natives in this world were constantly shooting at Smaug with bows and arrows, but the bows and arrows were of no use at all. Although she could teleport on Smaug's body in a short distance, she was not sure that she could break through Smaug's defense.

Li Maozhen looked at the people next to him and said calmly, "I can attack the dragon Smaug, but its scales seem to be very strong, and I'm not sure I can break through its scale defense. Bai

Yuekui hurriedly said to Li Maozhen, "Let's wait. Smaug has a weakness. It seems to be in a place on his abdomen. Let's observe it first."

"good!"

Laura and the others on the other side were helplessly looking at Smaug who was raging everywhere. The huge dragon's body and hard scales made it impossible for them to do anything. In

Riverdale Town, two elves and a dwarf also fled. Under the attack of the dragon, with the sea of fire everywhere in the town of Dale, they had to flee the town when attacking Smaug was useless. On a bell tower,

Bard kept shooting at Smaug with a bow and arrow, but ordinary bows and arrows could not. Shooting the dragon Smaug, the giant crossbow beside him has been damaged. Without the most lethal crossbow, Smaug cannot be shot.

Boom boom boom!

Smaug is still burning the entire Riverdale town crazily. It is I am worried that the humans here will go to Lonely Mountain Castle to steal its treasures. If these little bugs steal its treasures after it falls asleep again, it will be completely furious. On a high platform in Lonely Mountain Castle, some dwarves are now Looking towards the direction of Riverdale Town in fear, Smaug started to attack Riverdale Town after leaving the Lonely Mountain Castle. This was the trouble caused by the dwarves.

"Are we going to save those humans?"

"We should save the dragon, but we brought it out"

"So how do we kill the dragon? We tried many methods in Gushan but failed to kill it."

"well! The evil dragon is invulnerable and we can't kill it at all"

"But the humans in Riverdale Town are all innocent. Considering that the dwarf Kili is still recovering from his injuries in Riverdale Town, are we really going to die without saving him?"

On the high platform of Lonely Mountain Castle, the dwarves were talking to each other about whether they should go and kill the humans and their dwarf Kili.

Thorin Oakenshield ordered the dozen or so dwarves around him, "Don't say anything. We can't save the humans in River Valley Town, and Kili can escape. We don't have to worry. Now we go to the Lonely Mountain Castle to look for the treasures of our dwarf empire. We must find the Arken Stone."

The hobbit Baskin looked at Thorin and then looked at Riverdale Town.

He didn't know why Thorin didn't save the humans in Riverdale Town, but he also knew that even if they went there, it would probably be of no avail. The evil dragon Smaug was so powerful that even if they were all killed in battle, they would probably not be able to hurt Smaug at all.

On the bell tower in Riverdale Town, the huge crossbow was modified by Bard and became usable.

Whoosh!

A spear was shot by Bard at Dragon Smaug

"Um? Little crawler." The evil dragon Smaug grabbed the spear that shot him with one claw and looked at Bard and said disdainfully.

As he spoke, Smaug spit out a breath of dragon breath towards the bell tower where Bard was. He wanted to burn anyone who dared to offend him. Humanity

"Ding!"

Just after Smaug attacked Bard,

Li Maozhen suddenly appeared on Smaug's back. She took a long sword and stabbed Smaug's dragon's back fiercely. However, Smaug's scale defense was very strong, and Li Maozhen was not harmed this time. To Smaug.

Little Dragon Girl, Bai Yuekui and others also attacked the evil dragon Smaug from all directions. Laura and other people from the Star-Spangled Kingdom also joined in after seeing this. This time to surround Smaug, the two countries must work together. , as for who can kill Smaug in the end, it depends on luck.

【Congratulations to the members of the Dragon Kingdom for completing mission one. The Aken Stone has been obtained by the members of the Dragon Kingdom. Mission One has been completed by the Dragon Kingdom. 】

Just when Bai Yuekui and Laura and others were attacking the evil dragon Smaug, a voice suddenly rang, and it reminded the Dragon Kingdom team members that they had completed mission 1 and that the Aken Stone had been obtained by the Dragon Kingdom team members.

This surprised everyone who was besieging Smaug.

They did not expect that someone had completed task one.

Did someone go to Lonely Mountain Castle?

But Gushan Castle is quite far away from here. Even if we go there now, it is impossible to reach Gushan Castle so quickly?

Selina was very angry when she heard this.

The human named Su Chen was not here, and the Dragon Kingdom had completed the task this time. It must have been the shameless human who did it.

"Shameless human being, he went to Lonely Mountain Castle."

Chapter 889

Xiao Longnu's eyes lit up after hearing the prompt.

She knew that that bastard Su Chen must be dishonest.

The bastard had completed the mission this time, but she didn't know if that bastard had caused any trouble.

But based on her understanding of Su Chen, if that bastard didn't cause trouble, he might not be Wu Xiangjun.

Bai Yuekui, Li Maozhen, and Qilin were all very surprised. Among the five of them, Su Chen was the only one who was not there. This must be because Su Chen had completed the task. Could it be that Su Chen, a passerby, was also a powerful person?

Laura and the others all looked ugly now. They didn't expect that a team member from the Dragon Kingdom actually got the Aken Stone.

Task one has been completed by the participants of the Dragon Kingdom, and the remaining task two is to kill Smaug.

Task three is to kill the Orc leader Azog and his Orc army. The remaining tasks are very difficult.

Ouch.....

Smaug is now annoyed by these little bugs. These little bugs who are not afraid of death are going to destroy them now.

Smaug's dragon breath and the thorn hammer behind his tail began to continuously attack everyone here. Everything around him was completely destroyed, collapsed houses, burning houses, and even the river was full of fires.

Bai Yuokui and others quickly avoided Smaug's attacks. As long as Smaug's tail-thorn hammer attacked them, I'm afraid they would be seriously injured even if they didn't die.

The dragon's breath has a wide range of lethality.

Bai Yuekui and others must not only be careful of the dragon's tail spike attack, but also avoid the dragon's breath's large-scale attack.

This makes these people feel a little disgraced now.

On the bell tower,

Bard saw many strangers fighting the evil dragon Smaug, and he also shot Smaug with a giant crossbow again.

Although the bell tower is now crumbling due to Smaug's burning, he knows that if he cannot kill the evil dragon Smaug, I am afraid that all of them will die here, and even his children who have escaped may be caught up and killed by the evil dragon again.

"Um? The fighting has already started, but Bai Yuekui and the others seem to be in a bad situation." Su Chen suddenly appeared on a house in Riverdale Town. He looked at Bai Yuekui and the others who were fighting the evil dragon Smaug and shook his head.

This time Su Chen looted all the treasures in the Lonely Mountain Castle. Fortunately, the system The space is infinite, otherwise he might not be able to take away all the gold and silver treasures.

The dwarves in Gushan Castle might not have thought that the thousand-year-old treasures of the Dwarf Kingdom would disappear. Those dwarves might just take Gushan Castle away. After searching over and over, he couldn't find a single gold coin.

Su Chen suddenly discovered that Bard on the bell tower was about to kill Smaug with a giant crossbow, "Bard?" Damn it, that guy Bard must not kill the dragon Smaug first, otherwise mission two may be ruined."

Whoosh!

Su Chen disappeared directly from this house.

He had to hurry up to stop Bard's attack, otherwise mission two would really be destroyed by this dragon-slaying warrior.

"Huh?"

"The evil dragon actually has a scar on his left chest?"

"The dragon Smaug's left chest has been injured before, and that's where Smaug's reverse scale should be."

"This time the dragon Smaug is dead. I hope those people can hang on to the dragon for a while longer." Bard was preparing to shoot the dragon Smaug again. He suddenly saw the scar on the left chest of the dragon's abdomen and suddenly realized.

Just when Bard put in a spear again and prepared to shoot Smaug,

Su Chen suddenly Appearing on the bell tower,

Su Chen hurriedly stopped Bard and said, "Bard, these spears can't kill Smaug, where are your black arrows?" With black arrows, only the black arrows of your ancestors can kill the dragon Smaug."

Bard was startled by Su Chen's sudden appearance, but he understood after hearing Su Chen's words. This man was reminding himself that he also forgot that the evil dragon Smaug only had the black arrow handed down from his ancestors. to kill

"Thank you for reminding!"

After Bard nodded to Su Chen and thanked him, he hurriedly took off the black arrow from his back. This time he was going to use the black arrow to shoot the dragon and kill Smaug.

"Wait, do you know the weakness of the dragon Smaug?" Su Chen stopped Bard who was about to shoot Smaug and continued to ask.

Bard thought that Su Chen was going to remind him again, so he confidently said to Su Chen, "I know the weakness of the evil dragon Smaug. It's on the left side of his abdomen. It had been injured before, and the dragon Smaug's reverse scale should be there."

"Thank you!"

Su Chen suddenly took action and tapped Bard's acupuncture point.

This time he also wanted to complete the second task.

He already knew the weakness of the evil dragon Smaug, and the black arrow was ready. The right time, place and people were all in this way. It's ready.

If Su Chen didn't seize this opportunity, he would be very sorry for Bud's kindness.

Bud was very frightened when he found that he couldn't move.

He looked at the stranger and asked hurriedly, "What are you doing? ? Why can't I move?"

"Bard, be quiet for a while, and I will kill the dragon Smaug for you." Su Chen smiled and patted Bard on the shoulder and said.

Just when Su Chen was about to shoot Smaug with a black arrow triumphantly,

Selena suddenly appeared here.

Selena, wearing a tight leather jacket, The perfect figure is even hotter now, but there is some soot on her face and her hair is a little messy.

Selena's chest is rising and falling now as she stares at Su Chen, which shows how resentful she is towards Su Chen now.

"Suchen? You are indeed here!"

Su Chen was very surprised when he saw Selina appearing, "Me? Selena, how did you find me?"

Selina looked at this bastard human and found it very incredible.

The Lonely Mountain is only about twenty miles away from here, but this bastard actually came back in an instant.

How powerful is this bastard human?

Selina Na clenched her fists and felt very helpless.

This bastard was very powerful. If she tried, she probably wouldn't be able to defeat this bastard.

However, their side of the National Destiny War has not completed a task yet. If this bastard completes this task again, it will be impossible for her to defeat him. I'm afraid they are just here to fight for the national destiny war.

Selena rolled her eyes at Su Chen in a charming way and said angrily, "Is it difficult to find you, a bastard? Laura said that Bard can kill the dragon Smaug, but I have been watching Bard from the side. I discovered you after you, the bastard, appeared."

Su Chen knew that now was not the time to fall in love with Selena, so he stepped forward to pull Selena aside.

Selena was now blocking the giant crossbow, and

Su Chen wanted to kill the evil dragon. Smaug also asked Selina to get out of the way, "Selina, get out of the way quickly, otherwise our people will be injured or killed this time.""

"You stand aside, this time I will kill the dragon Smaug." Selena slapped Su Chen's hand that was about to hold her away and pushed him aside and said,

"Holy shit! Selena, you want to steal someone's head? Pooh! No, you want to grab the lead?"

"It's none of your business, get out of the way."

Chapter 890

Su Chen was very speechless now. This Moonlight Goddess Selena was a movie character that he liked very much before, otherwise he would not have accommodated this beautiful and sexy Selena.

It's just that this is a national destiny war.

Su Chen is determined to win this war. No matter what the task is, he will never give up. Anyway, there will be no punishment for Selina and the others even if they fail this time. He But Selina will not be allowed to kill the dragon Smaug.

Su Chen suddenly took action and tapped Selina's acupuncture point.

Although he would not hurt Selina, he could not let Selina disturb him from shooting the dragon Smaug.

"What are you doing, you bastard?" Selena was very surprised when Su Chen suddenly clicked on her body.

This bastard didn't take action against her, but why did this bastard human click on her body?

What did this bastard mean?

Was it a threat ? alone?

"Holy shit! How come you weren't picked on? Damn it, aren't vampires' acupuncture points the same as those of humans?" Su Chen was very confused when he saw that Selena could still move.

He suddenly thought that Selena was not a human being.

Doesn't it mean that vampires and humans have different body structures?

But Selena used to be a human. Her The body should be as long as a human being, right?

Selina understood now.

She looked at Bud, who was standing motionless next to her, and knew that this bastard was trying to capture her. But she was a vampire, and this bastard's method should be Not effective against vampires

"shameless bastard"

"Damn it, I don't believe I can't stop you." Su Chen quickly touched Selena's body again. Basically, he quickly touched all the acupuncture points that Su Chen knew, but he didn't fix the vampire Selina.

Selina's face was red and she was staring. Looking at Su Chen, this bastard was tapping her body, not even sparing her private parts, which made Selina want to bite this shameless bastard to death.

At this time,

Bai Yuekui suddenly came here,

She just saw what Su Chen did to Selena, even though she was far away and didn't know what was going on here.

But she always felt that Su Chen was teasing Selena, otherwise Selena wouldn't be blushing  
Looking embarrassed.

Bai Yuekui looked at Su Chen and said coldly,

"Su Chen, what are you doing?"

"Bai Yuekui, you came just in time, come and stop Selina. I want to shoot the dragon Smaug, but Selina keeps stopping me."

"Um? Leave Selena to me, and kill the dragon Smaug quickly." Bai Yuekui's eyes lit up when she heard Su Chen's words. She didn't expect that Su Chen actually knew how to kill the evil dragon Smaug. Could it be that this guy would also complete the second task this time?

"Don't even think about it!"

Selena stared at Su Chen fiercely when she heard what Su Chen said.

She couldn't give up this opportunity.

She looked at Su Chen to operate the crossbow to shoot the dragon and kill Smaug.

Selina kicked him Su Chen.

Bump!

Bai Yuekui also suddenly kicked Selena. The long legs of the two beauties collided together, and the small bell tower was shaken.

Bai Yuekui stopped Selina from sneaking up on Su Chenjiu said coldly,"Selena, your opponent is me. Selina looked at that bastard Su Chen and said to Bai Yuekui,"Damn it, you have already completed a task. Can't you leave this task to us?""

Bai Yuekui was very speechless when he heard Selina's words.

Can the National Games mission be given up?

Besides, mission three requires an army to fight. Li Maozhen originally had an army in their team, but Li Maozhen said before that she didn't have an army. So the mission They couldn't complete mission three no matter what.

Bai Yuekui narrowed his eyes and smiled and said,"Selena, we can give you mission three. Doesn't your teammate Maximus have an army? We won't compete with you for mission three."

"hateful!"

Selena has no choice now.

After all, she and Bai Yuekui are not hostile, and it is impossible for her to start a fight with Bai Yuekui.

She saw Su Chen motionlessly aiming his giant crossbow at the evil dragon Smaug, and smacked him angrily. The wooden fence on the bell tower. There was a whoosh!

Su Chen shot the black arrow at the evil dragon Smaug, and a black light point shot directly into Smaug's left chest. Ouch! Smaug shouted in the air. suddenly fell from the sky

"I'll do it!"

When Su Chen saw the huge Smaug coming, he hurriedly untied Bard's acupuncture points and threw him into the river in the distance. Then Su Chen hurriedly hugged Bai Yuokui and Selina and disappeared from the clock tower..

Boom boom boom!

The evil dragon Smaug directly smashed into the bell tower. The huge dragon body directly razed the place to the ground, and a huge wave also set off around.

Su Chen appeared holding Bai Yuekui and Selina. Looking at the dead dragon Smaug on a rooftop in the distance, this shocked them a little.

The dragon Smaug was shot dead by a black arrow. Isn't this a bit childish?

Selina looked at it Smaug's body, she knew that mission two had also been completed by this bastard.

She angrily yelled at Su Chen, a shameless human being, "Let me go, you shameless bastard.""

"hehe!"

Su Chen smiled and let go of Selina.

He would not provoke the angry Selina now.

"shameless bastard!"

Su Chen ignored Selina.

He looked at the corpse of the evil dragon Smaug and wanted to take it away with him. The scales on Smaug's body were very hard.

If these scales could be used to make armor, Then his army will be equipped with some dragon scale armor in the future. I am afraid that no army will be the opponent of this dragon scale armor army.

Bai Yuekui is still a little confused now.

Su Chen just now If she and Selina suddenly appeared here, Su Chen's strength must be very strong.

Who is this Su Chen?

The main character in his movie and TV series?

Bai Yuekui never remembered Su Chen's origins.

【Congratulations to the members of the Dragon Kingdom for completing mission two. The evil dragon Smaug has been killed by the members of the Dragon Kingdom. Mission two has been completed by the Dragon Kingdom. 】

Bai Yuekui reacted when she heard the reminder in her head, but when she found that Su Chen was still hugging her, Bai Yuekui's face turned red instantly.

"Let me go!"

"oh! ah! I forgot."

Su Chen reluctantly let go of Bai Yuekui after hearing her words.

Bai Yuekui's small waist was very comfortable to hold. If it wasn't the right time here, Su Chen would definitely not let go of Bai Yuekui.

And Bai Yuekui's big pair Long legs, these are long legs that can be used for a year. He doesn't know if he will have a chance to play with them in the future.

Selina looked at Su Chen's disgusted look with a gloomy face and clenched her fists. This bastard is too shameless and perverted. He just teased her, and now he wants to tease Bai Yuekui. This shameless bastard is a complete shameless pervert. When

Bai Yuokui saw that this bastard Li Maozhen didn't show up, she hurriedly said to Su Chen and Selina, "Quick, go Those who rescued Li Maozhen haven't shown up yet. Are they suppressed by the corpse of the evil dragon Smaug?"
