Chapter 891

Blue Star, after completing two missions in Dragon Kingdom, the entire Dragon Kingdom cheered. If it weren't for the ability to write barrages like watching live broadcasts, I'm afraid there would be countless praising barrages on the huge image in the sky.

"Do you think Su Chen is a character in that movie and TV series? Why didn't I remember that there was such a person?"

"I don't know, Su Chen is dressed in ancient clothes, and his temperament seems to be very noble. He must be a noble man in ancient movies and TV dramas."

"They may also be characters in film and television dramas that have not appeared in our Blue Star, but Li Maozhen and Xiao Longnu are really very beautiful. The two of them and Bai Yuekui are the real goddesses of our Dragon Kingdom."

"Su Chen is also very handsome and elegant, and he is probably the most powerful person in this national destiny war, but I feel like he is a bit lustful"

"Hahaha, that's right. I think Selena from the Star-Spangled Kingdom will probably be picked up by Su Chen. Although Selena is very angry with Su Chen now, I just feel that Selena's eyes are getting more and more unpleasant when she looks at Su Chen. Same"

"Hey hey hey! Do you think that if Su Chen takes away Laura, Selina, and Alice from the Star-Spangled Kingdom, and if they participate in the National Destiny War again in the future, then the three of them will belong to our Dragon Kingdom camp? Or do you belong to the Stars and Stripes camp?"

"Holy shit! If this is the case, they must belong to our Dragon Kingdom camp. The married women are throwing water. They will be our Dragon Kingdom's wives in the future, and of course they must belong to our Dragon Kingdom camp."

"In this way, there is something to play with. In the future national destiny war, I am afraid that our Dragon Kingdom will be the only one, and the Stars and Stripes Kingdom may be depressed to tears in the future."

On the streets of Blue Star Dragon Kingdom, many people were talking one after another. Now that Dragon Kingdom has completed two of the three tasks, their Dragon Kingdom has a sure chance of victory in this national destiny war. At this moment, the people of Star Stripe Kingdom I am very disappointed.

Although there is no punishment for the failure of this national destiny war, the lack of rewards this time also makes the people of the Stars and Stripes Kingdom very unhappy.

Especially since the Dragon Kingdom has completed two tasks, they, as the Stars and Stripes Kingdom, The most powerful country in Blue Star has not completed a task yet, which makes even the Stars and Stripes feel very embarrassed.

"Damn it, this national destiny war failed. I didn't expect that an unexpected person would appear in the Dragon Kingdom. This Su Chen was the person from the movie and TV series. Why haven't we in the Stars and Stripes Kingdom found out until now?"

"That is, that Su Chen may want to take action against Selena. He must have fallen in love with Selena's beauty. Moonlight goddess Selena must not be deceived by that bastard."

"well! This Su Chen must be very powerful. His ability is like teleportation. Laura and the others are probably no match for Su Chen."

"Um! Su Chen's strength must be very strong, and this bastard's temperament is also extraordinary. If he hadn't been flirting with Selena, I'm afraid we wouldn't have noticed the change in his temperament."

"Is this Su Chen disguising? So what is his identity?"

"I don't know. Anyway, this Su Chen must be a noble. I'm afraid his status must be quite high in his world."

"Now I'm worried that Selena, Alice, and Laura won't be deceived by that bastard Suchen. If so, I'm afraid our three goddesses of the Star-Spangled Kingdom will become the goddesses of the Dragon Kingdom."

"Damn it, I'm going to curse that pervert Su Chen right now"

"curse him"

"I also cursed him, our goddess can only belong to our Star-Spangled Kingdom."

The people of the Stars and Stripes Kingdom are now very angry with Su Chen. They all shouted on the street.

Su Chen is not only powerful, but also has bad intentions towards the goddess in their hearts. This makes the people of the Stars and Stripes Kingdom I am getting more and more disgusted with Su Chen.

In the world of Middle-earth,

River Valley Town, the current River Valley Town has become a ruin. Now the River Valley Town is still ablaze, and a huge golden dragon died in the River Valley Town. The huge corpse is It's very shocking to watch

"Cough cough cough!"

Beside a dilapidated house in Hehe Town, figures appeared here one after another, but they are now in a very embarrassed state. Everyone swam from the lake, and the clothes on their bodies were soaked.

Li Maozhen and When Xiao Longnu came here, she hurriedly used her inner strength to steam dry her clothes. They were very concerned about their soaked clothes being seen by other men.

Qilin, on the other hand, looked around and sat down casually.

He was very depressed now. , he is probably the weakest among all his team members. He did not do much to deal with the evil dragon Smaug this time, and he did not even have a chance to fight the evil dragon. The players from the

Star-Spangled Kingdom also came up one by one. , under this broken house, they gathered together again.

Laura suddenly found that one of her teammates was missing, and she hurriedly asked the others, "Where's Charlie?" Why hasn't Charlie arrived yet? Nothing will happen to him, right?

Maximus looked at Laura and said in a serious tone, "Charlie is dead and was smashed into pulp by the corpse of the dragon Smaug.""

Maximus is also very frustrated this time. He has been playing soy sauce in the National Destiny War until now. The power of the evil dragon is unmatched by him. This time he has been avoiding the attack of the dragon's breath, and he has not done anything at all..

But Charlie was even worse than him. Charlie, who had been attacked by the evil dragon Smaug and couldn't distinguish between east and west, was even more unlucky this time and was directly crushed to death by the evil dragon Smaug. This is really ironic.

Laura and Ellie Si fell silent after hearing this. Although the evil dragon Smaug was killed by people from the Dragon Kingdom, Charlie's death was probably completely in vain. They couldn't resent the person from the Dragon Kingdom who killed the evil dragon Smaug..

At this time,

Su Chen brought Selina and Bai Yuekui also here. They all shook their heads when they looked at the embarrassed people.

Su Chen looked at Xiao Longnu who was fine and said with a smile, "Everyone. There! I thought you were all crushed to death by the dragon Smaug."

"Shameless!"

Selena rolled her eyes at Su Chen when she heard the sarcastic words he said and scolded him.

When the other people here heard Su Chen's words, they looked at this bastard with ugly expressions. They all wanted to beat this bastard very much.

They are here. After going through life and death, he was very embarrassed by the evil dragon, but the final fruit of victory was obtained by this bastard.

This makes them very unwilling!

But they will not resent this bastard, after all, the evil dragon Smaug is not that good. Killing, it's good for them to escape death.

Bang!

Su Chen slapped Selina in the back.

This vampire is becoming more and more lawless. It seems that it is necessary to teach her a lesson.

"Bastard, do you want to die?" Selena didn't expect that this bastard Su Chen would dare to hit her in front of so many people. This made Selena blush and want to kill this bastard.

"I don't want to die!"

"Inglorious bastard, go to hell!"

Chapter 892

Laura looked at Su Chen from the side and hurriedly grabbed Selina. She guessed that this Su Chen was definitely not an ordinary person, otherwise he would not have completed these two tasks. So who was this Su Chen?

The other people here looked at Su Chen with very intriguing eyes.

Maximus gave Su Chen a thumbs up,

Alice shook her head and stopped looking at Su Chen.

Bai Yuekui glanced at Su Chen. Just sitting on the side and resting,

Li Maozhen looked at Su Chen with a twinkle in his eye.

Xiao Longnu looked at Su Chen helplessly.

She was very aware of Su Chen's ability to provoke women. This shameless look The embryo must have fallen in love with that foreign woman.

Brother Qilin was someone else.

From the moment Su Chen and Selina arrived, Brother Qilin didn't even raise his head. He was sitting alone in the corner and didn't know what he was thinking.

When Laura saw that everyone was silent, she asked Maximus, "Maximus, how many troops can you bring to this world?"

Maximus stood up when he heard Laura's words, and he guessed that the third mission must be completed by the Stars and Stripes.

He thought for a while and said to Laura, "I can only order two Roman legions and some auxiliary legions, which add up to about 20,000 troops."

Laura smiled when she heard Maximus' words and said,

"Twenty thousand troops, this should be enough"

"In the Battle of the Five Armies, the elves had thousands of troops, the dwarves only had 500 troops, and the human troops were negligible."

"The Orc army may have tens of thousands of people, but the weapons and armor of the Orc army are junk. The Orc army is definitely no match for the Roman legion."

Su Chen sat next to Xiao Longnu and rested on her shoulder, but he was very speechless after hearing Laura's words.

Isn't this Laura really a woman with big breasts and no brains?

Laura said everything This is the plot in the Battle of the Five Armies. Now that they appear here, they are the ones causing chaos.

Besides, Tiandao is allowed to lead an army of no more than 100,000 people in this national destiny war. If the Battle of the Five Armies is still those few armies, Tiandao will Is it necessary for them to bring 100,000 troops to participate in the National Destiny War?

There will definitely be changes in this battle of the five armies, and the armies of each race will even double.

Su Chen swallowed his saliva when he looked at Laura's turbulent waves and said , "Big-breasted woman, are you right?"

"Asshole, my name is not Busty Girl, my name is Laura!

"When Laura heard Su Chen's words, she wanted to strangle this bastard to death. She didn't provoke this bastard, so why did this bastard start teasing her? It seems that this bastard is just a shameless pervert.

Everyone here looked at Su Chen. Very helpless, does this bastard want to molest all the women here?

And Xiao Longnu, this bastard leaned on her shoulder, and Xiao Longnu didn't say anything? She didn't even kill this bastard with a sword?

How could the pure and innocent Little Dragon Girl be like this?

This is incomprehensible to anyone who knows about Little Dragon Girl.

Little Dragon Girl smiled and patted Su Chen on the shoulder. Why is this bastard talking more and more rudely? These are unbearable. If this bastard dared to say it, wouldn't he be afraid of causing public outrage?

Su Chen came to Laura and looked at the stressed Laura and said, "Laura, what you said is what you know, and The combined armies of these races probably only amount to 20,000 to 30,000 people."

"But you have to understand"

"Heaven allows us to each lead an army of no more than 100,000 people."

"Do you think if we each come with 100,000 troops, this will be 200,000 troops?"

"200,000 troops to fight these ethnic troops of around 20,000"

"Do you think that's possible?"

Laura was confused when she heard Su Chen's words.

She didn't think of this at all.

She just said this according to the information in the plot. Now she is a little overwhelmed when she hears Su Chen's words. She wants the five armies. The racial armies in the war have doubled, so how can they participate in this war?

Laura looked at Su Chen and said complicatedly, "This.....Do you think there will be changes in this Battle of the Five Armies? Maybe there are even more troops than we guessed?"

Su Chen shook his head and said affirmatively to Laura, "I don't think so, but definitely. The troops of each race will definitely increase exponentially this time."

The people here looked very ugly when they heard Su Chen's words. , the Battle of the Five Armies was originally very difficult.

Although Maximus' 20,000 Roman legions were powerful, they were probably powerless against the orcs, dwarves, and elves.

Those alien armies were very powerful, and the elves were The archers of the army, the iron armor protection of the dwarf army, and the strength and ferocity of the orc army, these alien armies are not something ordinary human armies can deal with.

Laura thought about it and asked Su Chen, "What can you do? We only have Maximus with 20,000 troops here now, and everyone else has no troops."

Laura looked at Su Chen and felt that this person must have a way, and this person's mind is too smart.

If this Su Chen becomes their enemy in the future, I'm afraid they will all be played to death by this bastard.

Su Chen shook his head. Sitting squeezed between Selina and Alice, "I have no choice. We can only know the specific situation after the Battle of Five Armies begins.""

"Isn't it okay if we don't participate in task three?" Alice turned to look at Su Chen beside her and said.

Su Chen leaned on Alice's shoulder and smiled and said, "If you don't participate, you will die. If you don't believe it, you can go elsewhere to avoid this war. , see if heaven will stop you or kill you. Maximus said to everyone with an ugly expression, "That's right. We must participate in this Battle of the Five Armies. Although God says there is no punishment for failure, what is the punishment for death?""

"This is probably a fatal mission. Even if we survive in the end, we will probably suffer heavy casualties."

Everyone here fell silent.

Su Chen and Maximus were right. For both of them, there is no punishment for the loser.

But for this mission, they will die if they fail.

As long as the war At first, those orcs would not let them go easily, and even the dwarves and elves in Middle-earth would probably launch a war against strangers like them. The little dragon girl's expression changed when she saw Su Chen shamelessly squeezing among those foreign women. It's ugly. That bastard is a shameless pervert. He was leaning on her shoulder just now, and now he is hanging out with those foreign women.

And this shameless bastard!

He is Lord Wu Xiang!

His army has millions.

This bastard has not revealed that he has an army yet. Does this bastard have any conspiracy?

Chapter 893

Su Chen saw that these people were silent and there was nothing he could do. They had to go through these things, and the difficulty of task three was probably the most difficult.

This war is probably unprecedented, and the number of armies of all races must be unimaginable.

This time, Maximus's 20,000 Roman legions may not be able to even make a splash before being photographed.

Su Chen also wanted to remind them not to treat this national destiny war according to some news in the plot, otherwise they would die without knowing how.

Alice looked at Su Chen who was leaning on her shoulder and felt a little embarrassed. She had nothing to do with this bastard, but this shameless bastard actually rested on her shoulder. This made Alice feel uncomfortable. There was nothing this bastard could do.

Alice pushed Su Chen and said helplessly, "Su Chen, it's time for you to get up from my shoulders."

Su Chen opened his eyes and waved his hand and said, "Alice, don't So heartless, I just want to take a rest. I was so busy just now that I completed two tasks."

Selina next to her was very angry when she heard Su Chen's words.

This bastard had just rushed to kill the evil dragon Smaug, which made her still resent this bastard.

Now this bastard mentioned this matter again, which made Selina couldn't help but curse at this bastard,

"Damn it, what does it have to do with us that you're so busy and you're so busy completing your mission? You bastard, don't forget that we are in a competitive relationship. It will be very detrimental to us if you complete the task."

"Huh? That makes sense"

"Then why don't you get out of here!"

"It's none of your business, I'm leaning on Alice but not on your shoulder"

"shameless bastard!"

Selena is going to be mad at this bastard.

Doesn't this bastard have no face?

Or is this bastard here deliberately humiliating them?

Maximus was also very speechless when he looked at Su Chen.

He felt that if Su Chen and Sai Linna and the other beautiful women have been together for a long time. I am afraid that Su Chen will capture all these beautiful women if they are not spared.

This guy is too thick-skinned, and he is not only powerful but also very mysterious.

Su Chen's temperament He was also the most noble person he had ever seen. Even the Roman emperor was not as noble as Su Chen.

Su Chen had always behaved like a lustful person, which made them ignore the temperament and nobility of Su Chen at first. Angry, is this guy pretending to be himself?

Su Chen looked at Selina's helpless look, and he smiled and got up from Alice's shoulders.

This is not where they are staying now, the dragon Smaug The news of the killing has probably spread, and those races who are interested in the treasures of Gushan Castle will take action.

Su Chen stood up and looked around, and suddenly found that one person was missing, ten people. There are only nine people here now, and the Stars and Stripes Kingdom seems to be missing that person whose details he doesn't know.

"Huh? You seem to be missing one person?"

"Charlie is dead"

"Condolences!"

Maximus shook his head at Su Chen and ignored him lazily.

Condolences?

Condolences!

He and Charlie never said a word about anything to express condolences to.

Even Charlie's death was meaningless.

What does this make him mourn for?

Seeing these people still worrying about the mission, Su Chen reminded them, "Let's go, this is not the place to stay. Someone will be here soon. If we don't want to be discovered, now We have to get out of here quickly"

"where are we going?"

Bai Yuekui stood up and asked as he looked at Su Chen.

Others also stood up and looked at Su Chen. They didn't know where to go. They all felt that Su Chen should have somewhere to go. This bastard was very fast. It's so fast, maybe he knows everything about this place.

"I'll do it! What do you all see in me? I don't know where to go either." Su Chen was very speechless when he saw all this and looked at him.

Do these people regard him as the team leader?

He doesn't want to be the team leader's nanny.

Su Chen will try his best to help them if he can, but Su Chen is not willing to take risks if something is very dangerous.

In this national destiny war, only the battle of the five armies is left. This is the most threatening and difficult task, but he still has to try his best to complete it.

Whether it is to reward gift packages or to let The system has been upgraded from the source of heaven. This is what he must complete.

Su Chen looked at these people and kept looking at him.

He had no choice.

"Come with me, I have a good place for everyone to take a rest. Originally, I didn't want to take you with me, but seeing how pitiful you look, I will take you there."

Bai Yuekui and Laura looked at each other and left with Su Chen. They still thought that Su Chen was good, but this bastard was too perverted and shameless.

In the Lonely Mountain Castle,

Thorin and his dwarves were fast. They almost searched the Lonely Mountain Castle, but not a single gold coin was found in this huge Lonely Mountain Castle. Not even a single weapon or armor was found. This made these dwarves go crazy.

And the Hobbit Bilbo was very confused when he looked at the empty hall.

He had been standing here for a long time, but he still had not recovered.

A hill filled with gold and silver treasures disappeared without a trace. This made Bilbo. It was very unbelievable.

He had been here before, and he also met the evil dragon Smaug here, but where did the treasure here go?

A small mountain of gold and silver treasure had completely disappeared, not even a gold coin. Didn't stay.

The dwarf Thorin Oakenshield yelled madly in the hall, "Where is my treasure?" How could there be no treasure in Gushan Castle?"

"Thorin, not only is the treasure gone, but our dwarves' weapons and equipment arsenal is also empty. There is not even a sword or a set of armor in the weapons and equipment arsenal."

"Why have all the treasures and weapons and equipment of our dwarves disappeared?"

"Who did it?"

"No, there is the evil dragon Smaug in the Lonely Mountain Castle. No one should be able to get the treasures and weapons and equipment in the equipment library. Is the treasure hidden by the evil dragon Smaug?"

The dwarves sat together and talked to each other dejectedly. They didn't expect that the treasures of the huge dwarf kingdom had disappeared without a trace. They searched for a long time and didn't even find a single gold coin. They didn't even find any weapons or armor. They found a set, which made them all wonder if Lonely Mountain Castle had been ransacked by someone?

After Thorin Oakenshield heard the conversation of the dwarves, he looked ugly and shouted, "Look, let's keep looking, Lonely Mountain Castle." We must not let go of any place. Our dwarves' treasure must still be in Lonely Mountain Castle."

Chapter 894

On a mountain not far to the south of Gushan Castle, there is now a sound of laughter, but these laughter have nothing to do with Su Chen, Maximus, and Qilin. The three of them are sitting on a stone on the mountain. looking at each other.

In a valley on the mountain,

Bai Yuekui, Laura and other women were soaking in hot springs and enjoying themselves.

"cough! I....."

Maximus saw that Su Chen was indeed dishonest. Why couldn't this pervert be more honest?

He hurriedly interrupted Su Chen and said seriously, "Su Chen, please sit down honestly. Qilin and I want to keep an eye on you. You don't want to make things difficult for Qilin and me. Those women are not easy to deal with. Me and Qilin doesn't want to be taught a lesson by those women."

Su Chen coughed and was about to go around for a while. Those beautiful women in the valley were soaking in hot springs. He wanted to take a look secretly, but he stopped as soon as he stood up. Maximus interrupted, and even the Qilin guy next to him looked at him warily, which made Su Chen very embarrassed.

"If I just stand up and move around, you guys are making too much of a fuss. Maximus glanced at Su Chen and said angrily, "Why don't we know what kind of person you are?"

"Don't blame us, we can't afford to offend those women"

"Brother Qilin and I can't beat those women. We don't want you to peek at them taking a shower and the two of us get beaten."

Maximus is also very helpless.

One of his dignified generals will be threatened by some women one day. This is all because of this bastard Su Chen. If it weren't for himself and Qilin, they wouldn't be threatened by those powerful women.

Su Chen sat down helplessly.

There were Maximus and Qilin looking at him, and he couldn't peek secretly.

Su Chen looked at Maximus and felt that he was really good, but his ending It was very bad, his wife and children were killed, and even he, a dignified general, was forced to become a lowly gladiator.

This is really ironic.

But God will not let them reveal the plot to each other, otherwise Laura and the others I'm afraid I have reminded Maximus.

Su Chen patted Maximus and reminded,"Maximus, you have to be careful about a young man in your world from now on, a very, very noble young man, otherwise you will The family will be destroyed."

Qilin nodded when he heard Su Chen's words.

He also felt that this general was an upright person. In the movie, he was very miserable. Although Qilin also wanted to remind Maximus, the rules did not allow him to tell the plot. Come.

Qilin looked at Su Chen and felt strange.

How could Su Chen, an ancient person, know about Maximus?

This Su Chen is becoming more and more mysterious.

Is he from that dynasty?

There seems to be no Su Chen in movies and TV series. Chen is a character.

When Maximus heard Su Chen's words, his face was very solemn.

He knew that Su Chen would not say anything nonsense at this time. When he came to this world, he felt that some people knew him.

Now when he heard Su Chen If so, he felt that maybe some people here knew everything about him, maybe because the rules of heaven did not allow them to tell him.

Moreover, the Qilin brother who didn't talk much also nodded seriously with a serious face, so he took this matter to heart. Got it

"Thank you, Suchen!"

Su Chen looked at Maximus' solemn expression, and he knew that Maximus had listened to his warning, which might change Maximus' fate."You're welcome, maybe we will work together to fight against others in the future. Race, I don't want anything to happen to you.

Maximus looked at Su Chen and asked curiously,"Su Chen, who do you think he is?" Can you tell us?"

Qilin also looked at Su Chen with a curious look on his face. He didn't know if Su Chen would reveal his identity, but he was also very curious about the identity of this shameless, lustful, and thick-skinned Su Chen.

Su Chen Chen smiled and said to them,"Me? I am a noble, a top noble."

At this time,

Bai Yuokui and the other girls all came out of the hot spring in the mountain.

When they heard Su Chen's words, they were very curious.

Su Chen was actually a noble?

And a top noble?

But this bastard looked lustful. He didn't look like a noble. The temperament and majesty that a noble should have were not found in this bastard.

Selina looked at Su Chen and said disdainfully, "Noble? You bastard, you don't look like a nobleman, you are just a shameless pervert"

"Selena, do you want to make a bet? If I were a top noble in my world, you would be my woman." Su Chen smiled when he heard Selena's words and said,

"Just bet, but there must be a standard, and if you lose, you will be my slave." Selena agreed without thinking, but she didn't believe that this bastard was a noble at all.

"Yes, you say!"

Su Chen nodded and said without caring.

No one here thought that Su Chen and Selena would bet like this.

But the bet is a bit big.

One asked to be his woman, and the other asked to be her slave. ,

I don't know who of the two of them will win this time?

Seeing Su Chen nod, Selina stretched out three fingers and said with a smile,

"Three standards!"

"1. A noble should have a fief. Your fief must be large, at least three hundred miles in scope."

"Second, you must have an army, and the army cannot be less than 30,000 people"

"Third, a noble should be very rich. Your property should be five million gold coins."

"That's it, you bastard, I'm afraid you can't even meet a single standard."

Maximus, Qilin, Bai Yuekui and other women looked at Selina and felt that this woman was cruel enough. I am afraid that Su Chen would never be able to meet such a standard. Su Chen might lose this time.

And Xiaolong The woman looked at Su Chen angrily and wanted to strangle this bastard to death.

This bastard Su Chen would definitely win this time.

Selena said that even if she added a hundred times the conditions, Su Chen could achieve them. This standard.

You must know that Su Chen rules the southern continent of Tianxuan Continent. The southern continent is more than ten thousand miles away, and this bastard's army is millions. With such a large territory and huge army, this bastard Su Chen will lack Money?

Su Chen walked up to Selena, raised her delicate chin and said with a smile, "Selena, just be obedient and be my woman from now on!" Selina looked at Su Chen and asked worriedly, "You bastard, don't tell me that you have met all these standards?"

"You'll understand later, and it won't be long."

Chapter 895

Su Chen didn't expect that Selina's three standards were so simple. He had already reached these standards when he just went to Suzhou City to take office.

Now that he is the ruler of the southern continent of Tianxuan Continent, this standard is a drop in the bucket for him.

Selena will never be able to run away again.

Bai Yuekui and others were very surprised when they looked at Su Chen.

They didn't think he was lying when they looked at Su Chen.

Could it be that Su Chen was really a noble?

Still a top noble?

Li Maozhen looked at Su Chen and felt that she had heard the name Su Chen, but were that Wu Xiangjun and this Su Chen the same person? Are she and Su Chen from the same world?

Li Maozhen looked at Su Chen and asked him doubtfully, "Su Chen, are you Su Chen, Lord Wu Xiang of the Southern Continent?"

"you know me?" Su Chen was very surprised when he heard what Li Maozhen said.

He didn't expect that Li Maozhen knew about him.

Could it be that Li Maozhen was also from Tianxuan Continent?

Li Maozhen looked at Su Chen's surprised look and said in shock, "You are really Wu Xiang Jun Suchen?"

"Li Maozhen, are you also from Tianxuan Continent?" Su Chen is now very sure that Li Maozhen is from Tianxuan Continent.

There will be three people from Tianxuan Continent in this national destiny war.

It seems that Tianxuan Continent, as the top world among the primary worlds, will be chosen by Heaven. It is very possible to have too many people.

Li Maozhen looked at Su Chen and found it very complicated.

Lord Wu Xiang was very powerful in Tianxuan Continent. Not only did he rule the entire southern continent, he even had many masters under his command. His women They are also very powerful.

She is now a master at the peak of Grand Master.

Her strength may not even be comparable to that of Wu Xiangjun's women. Several of Wu Xiangjun's women are land gods in the heavenly realm, and even great ones. There are also many masters.

Li Maozhen nodded to Su Chen and said, "I am the empress of Huanyinfang in the Northern Continent. I didn't expect that the famous Wu Xiangjun would also appear here, so Xiao Longnu should also be with her. Do you know him?"

"Yes, Suchen and I knew each other." Xiao Longnu looked at Li Maozhen and said.

She didn't expect that Li Maozhen was also from Tianxuan Continent.

This time, the three of them were actually from Tianxuan Continent. This was something she didn't expect either.

There are other people here. They were all confused.

They did not expect that these three people were all from the same world, but what kind of world is Tianxuan Continent? They had never heard of the world of Tianxuan Continent.

And Xiao Longnu was not the divine eagle of the Song Dynasty. The world of heroes and lovers?

Isn't Li Maozhen from the Jianghu world of the Later Tang Dynasty?

How could the two of them appear in the same world? This makes people who know these things very confused.

Selina is very worried now. She learned from Li Maozhen's It was obvious from his tone that Su Chen's identity was definitely not simple, "Li Maozhen, is Su Chen really a top noble in your world?"

Li Maozhen shook her head when she saw Selenia's anxious look and said, "Yes, he is the top noble in our world. Even the emperors in Tianxuan Continent are not as good as him."

"Lord Wu Xiang's territory is probably tens of thousands of miles long, and his elite legions number in the millions, not counting the city guards, and he has countless powerful masters under his command. Do you think he will be short of money?"

"Wu Xiangjun destroyed two empires"

"Dozens of foreign countries were wiped out"

"When I came here, I heard that Lord Wu Xiang was sending out two combat legions with millions of troops to attack an empire, and had captured the empire's Great Wall defense line and port fortress."

The people here looked at Su Chen in shock when they heard Li Maozhen's words.

They didn't expect that Su Chen would be so powerful, with a territory of tens of thousands of miles!

Millions of troops!

And he had destroyed countless countries!

This Su Chen wanted to Against the heavens?

Mr. Wu Xiang?

This bastard's title is Mr. Wu Xiang.

Bai Yuekui and the others looked at Su Chen with confusion, but they thought that Su Chen was now their teammate. If his teammate could be so powerful, then the future missions would definitely be completed perfectly.

Laura and the others looked at Su Chen and felt bad. This bastard Su Chen is so powerful. If there is another competitive task in the future, I am afraid they will not be able to compete with this bastard.

Selena is looking down now. She didn't dare to look at this bastard. She was in trouble this time. She didn't expect that Su Chen, a bastard, had such a strong background. Now Selina was afraid that Su Chen would ask her to fulfill the bet.

Li Maozhen smiled and said to Su Chen, "Wu Xiangjun, this time we need you to summon the army. Let us also see how powerful the army that fights for you in the world is."

"You will see."

Su Chen looked at the empress speechlessly.

He didn't expect that Li Maozhen, who had always been arrogant and arrogant, would actually tell everything about him. Now she even laughed. This made Su Chen look at Li Maozhen was very surprised.

Su Chen couldn't hide his identity anymore.

Although Bai Yuekui had many questions to ask Su Chen and the others, she couldn't ask them out due to the rules of heaven.

Tianxuan Continent?

What kind of world is it?

Why did the Song Dynasty and the Later Tang Dynasty appear in Tianxuan Continent at the same time?

There are also two empires that Su Chen destroyed.

Are those empires also dynasties that appeared in history?

The empress Li Maozhen is in the northern continent, while Su Chen is in the southern continent.

Where is Xiao Longnu? ?

She and Su Chen know each other.

Is Xiao Longnu also in the Southern Continent?

Woooooooooooo.....

Just when the people here were shocked by Su Chen's identity, a horn sounded, and Su Chen and others hurriedly looked over from the mountain.

Laura was surprised when she saw the army appearing at the old site of River Valley Town and said, "It's the elven army. There are probably 20,000 to 30,000 elven troops. Su Chen, you are right. There have been changes in the elven army."

Su Chen looked at The elven army that appeared was very serious. The elven army that was originally supposed to be in the thousands now has 20,000 or 30,000. This is not a good sign. The dwarf army and the orc army may not be the same as the armies in the plot.

Su Chen looked at the elf army and shook his head and said, "This is what we have guessed. We will see what changes will happen to the dwarf and orc armies in the future. I hope that the dwarf and orc armies will not appear too much, otherwise this will happen." I'm afraid this war will be really difficult to fight."

"Yes, the national destiny war is indeed not simple."

"If it hadn't been for Su Chen's appearance, I'm afraid we wouldn't have been able to complete the first two tasks."

"That was completed by your Dragon Kingdom. Our Stars and Stripes Kingdom has not completed even one of the tasks. I'm afraid we won't be able to complete the third task either."

"That's right. This guy Su Chen is just a shameless bastard who pretends to be a pig and eats the tiger. This time our Stars and Stripes Kingdom is going to be in trouble."

"Well said"

"Don't be discouraged. Maybe in the next national war, we will cooperate against the aliens. With the help of this bastard in the future, we can all benefit."

Bai Yuekui, Laura and others started talking one after another when they saw the elf army appearing.

This national destiny war is probably Su Chen's only show.

I'm afraid they are all here to make soy sauce, but Bai Yuekui, Qilin, Xiao Longnu, Li Maozhen and the others missed it. If Su Chen could complete the task, they and the others would also be rewarded. After all, they were all friends, but Laura and the others might not be so lucky.

With this bastard Su Chen here,

There was no way they could compete with this shameless bastard.

Chapter 896

In the old site of River Valley Town, with the arrival of the elven army,

Su Chen and others knew that the Battle of the Five Armies was about to begin.

As the battle for this war, Gushan Castle would involve elves, dwarves, humans, and orcs. has begun to appear.

Two days later, snowflakes started to fall from the sky.

The entire Gushan area was now completely white. The cold climate made people reluctant to go out for activities.

On the mountain directly south of Gushan Castle, several tents stood alone. woo woo woo woo.....

The 30,000 elven troops in the old site of River Valley Town began to assemble, and the thousands of human armies in River Valley Town also began to assemble with the elven army. When the elven army began to set off towards Gushan Castle, the few human troops Also started to set off with the elven army.

The people in the tent came out in a hurry when they heard the sound of the horn. Their expressions became serious when they looked at the advancing elven and human armies.

Laura saw that the elf army and the human army were already in place, and said with a serious face, "The war is about to begin. The war is about to begin."

"The Battle of the Five Armies is about to begin, and it may happen today. Bai Yuekui clenched his fists nervously and said.

Maximus looked at the neat appearance of the elven army and said worriedly, "A war will break out soon after the dwarf army and the orc army arrive. I don't know what this war will be like." How tragic."

Laura looked in the direction of Lonely Mountain Castle and said to Maximus, "Maximus, you can start calling your Roman legion over soon."

"Um! When the dwarf and orc armies arrive, I will summon my Roman legions." Maximus nodded and agreed. Although his Roman legion was not the main force in this war, he would not let Su Chen's army attack the orc army alone.

The little dragon girl suddenly did not see Su Chen coming out of the tent. When she came out, she asked hurriedly,

"Where is Su Chen? Alice said with a somewhat ugly face, "That bastard and Selina went out and were probably enjoying themselves in the hot spring in the valley.""

Alice has nothing to do with that bastard Su Chen.

In the past two days,

I'm afraid all the women here have been harassed by that bastard. Even she herself has been taken advantage of by Su Chen.

What else does that hateful bastard say he is? If there is no ditch, then it is a flat river.

When Alice thought of this, she wanted to kill that bastard.

When the little dragon girl heard Alice's words, her face turned red.

She knew what Su Chen and Selina were doing. That bastard was a Shameless pervert.

Why can he even like foreign women?

What's so good about these tall foreign women?

"That damn pervert!"

Maximus stood aside and smiled without saying anything.

He really admired Su Chen now.

In just two or three days, that bastard Su Chen managed to get a woman, and so did the other women here. They were harassed and teased by him one by one.

If this national destiny war lasted for a month, I am afraid that all the beautiful women here would have been taken care of by Su Chen.

Maximus looked at Qilin next to him and shook his head,

Qilin The little brother is too honest. He rarely speaks since he came here. No matter what happens, he just stands silently.

Li Maozhen didn't care about this.

She looked at Gushan with cold eyes and felt that something unexpected might happen today. Something will happen at Lonely Mountain Castle.

Half an hour later, the elven army has arrived outside Gusu Castle.

After the elf king Thranduil and Bard broke down in their conversation with the dwarves at Lonely Mountain Castle, the elven army and the human army Prepare to attack Lonely Mountain Castle.

Just when the war was about to break out, the sound of heavy footsteps came from a hillside in the south. Tens of thousands of dwarf troops appeared in heavy armor at Lonely Mountain Castle. The gray robes in the elven army The wizard Gandalf knew something was going to happen when he saw the appearance of the dwarf army.

He did not want a war between the elves and the dwarves, but the elves and the dwarves had hatred. Even if he tried to persuade the elf Vancelandil now, it would be of no use.

Gandalf He knew that the Orc army was coming here. If there was a war between the Elf army and the Dwarf army, I am afraid that the Orc army would take the opportunity to destroy the Elf army and the Dwarf army.

Gandalf held the magic weapon and said seriously to the Elf King,

"Thranduil, the dwarf army has arrived, and there are as many as 50,000 dwarf troops arriving this time. Now is not the time for a war with the dwarf army. The orc army can arrive at any time. We cannot kill each other here."

Elven King Thranduil said to Gandalf expressionlessly, "I only want the Arken Stone from my elves, and as long as the dwarves hand over the Arken Stone, I will not have a war with the dwarves."

Gandalf was helpless for a moment.

The Arken Stone is also crucial to the dwarves. Those arrogant dwarves will definitely not agree to the Elf King's request.

The war is probably inevitable.

Laura looked at the arrival with an ugly face. The dwarf army said, "More than 50,000 dwarf troops have come. This is a hundred times increase. The 500 dwarf army has become an army of 50,000 dwarves. This war is probably unprecedented. I am afraid that the orc army will also be here this time." Are there going to be more than 100,000 troops?"

"call! Let's do our best."

Bai Yuekui now has no hope for Su Chen's army.

The elf army and the dwarf army have almost 100,000 troops. If the orc army comes, I am afraid there will be hundreds of thousands of troops of various races.

Although the orc army They are mortal enemies of the dwarf and elven armies, but as outsiders, they may also become enemies in the eyes of these races.

After all, there are a lot of treasures in Gushan Castle, and the races here will not let other people share it. treasure.

Boom boom boom!

Just when the dwarf army and the elf army were about to break out, a huge sound suddenly came from the mountain to the north of Gushan Castle.

All the races here in Gushan Castle looked over hurriedly, and the mountain to the north suddenly appeared. After entering dozens of huge caves, groups of ugly-looking orc armies rushed out of the caves with weapons.

In just a moment, tens of thousands of orc armies began to line up on the north side of the lonely mountain, and dozens of orc armies began to line up on the north side of the lonely mountain. There is a steady stream of orc armies coming out of a huge cave.

"The orc army has arrived!"

Chapter 897

At the hot spring in the mountain recess,

Su Chen and Selina also came out of the hot spring.

Selena looked at Su Chen with a red face and saw that there was nothing she could do. She was eaten to death by this bastard, and she couldn't do it either. I thought that a vampire would actually have a relationship with a human being.

Su Chen hugged Selina's waist and said with a smile,

"Selena, you must keep in mind what I told you. Although you are not afraid of the sun here, you will still be afraid of the sun when you return to your world. You must keep in mind the story of Alexander that I told you. remember"

"I know."

Selena leaned into Su Chen's arms and said with a smile.

She knew that Su Chen might be talking about things in her world. I'm afraid Alexander's story was also a roundabout reminder from this bastard.

"The father may not be the father, or he may be the enemy who killed his father."Selena was very confused when she thought about what Su Chen reminded her. Did this bastard remind her that Victor was her father-killer?

Could it be that Victor killed her whole family five hundred years ago? ?

Su Chen touched Selena's delicate little face and said with a smile, "Also, don't cuckold me when you return to your world. As long as you have the qualification certificate to participate in the war, we will be reunited in the future.""

"Damn it, am I like that?" Selena slapped Su Chen hard on the shoulder and said angrily,

"Hahaha! My fault! My fault!"

"Get out of here quickly. The horn sound just now and the loud sound now may be something happened at Gushan Castle."

"Um!"

When Su Chen and Selina came to Laura, Bai Yuekui and the others, they found that the people here were looking in the direction of Gushan with expressionless faces. Su Chen and Selina were very shocked after they also looked over.

In front of Lonely Mountain Castle,

30,000 elves and 50,000 dwarf troops are already lining up to prepare for battle. To the north of Lonely Mountain, more than 300,000 orc troops have been formed. The dark orc army is very shocking to see..

Some huge orcs carrying catapults stood in the orc army one by one, while tens of thousands of orc troops riding wolves were preparing to attack the dwarf army and elven army in Lonely Mountain Castle one by one. More than thirty The orc army was stomping its feet and began to move towards the lonely mountain step by step.

Although the orc army was wearing tattered armor and holding dilapidated weapons in its hands, the ferocious orc army still shocked everyone here. Everyone.

Laura looked at the orc army and said feebly, "With three hundred thousand orc troops and ten thousand wolf cavalry, we are definitely no match."

"Without the said Orc army, you are just like your opponent." Su Chen muttered softly when he heard Laura's words.

Laura turned her head and glared at Su Chen and shouted, "Asshole, what did you say?"

Others also looked at Su Chen with unkind expressions.

This bastard made sarcastic remarks as soon as he came back.

There are 300,000 orc troops here.

How many troops do they have?

Maximus only has more than 20,000 troops.

This bastard Su Chen Even with an army of 100,000, I am afraid that they are no match for these orc armies.

Their National Destiny War Mission III failed completely, and they may also die in the war.

"It's safe! It's safe!" Su Chen smiled and waved to Laura. He looked at Maximus and said, "Maximus, start summoning your army, otherwise God will force us to go to Lonely Mountain Castle in a while."

"good!"

Maximus heard Su Chen's words and began to summon his Roman legions.

Just a moment later, a huge black hole appeared next to Maximus.

After the black hole appeared, some footsteps came over, and then groups of troops Troops wearing red armor appeared. These Roman legions, holding giant shields in one hand and spears or daggers in the other, lined up neatly as soon as they appeared. The defensive Roman phalanxes were quickly lined up one by one, with more than 20,000 soldiers. The Roman legionnaires looked at Maximus expressionlessly, and a thousand cavalry troops also rode war horses and looked around vigilantly.

A Roman general came to Maximus and saluted, "General Maximus, Rome Legion Sixth and Seventh Legion were ordered to arrive"

"Sith, we are going to fight an orc army this time, see those ugly orc armies? They are our enemies."

The Roman general Sisi was very frightened when he looked at the orc army. Although when these Roman legions came to this world, a voice had already told them what was going on here, and it was also summoned by their legion's general Maximus. They came to fight.

But he saw that there were more than 300,000 enemies.

Can they defeat these Orcs with more than 20,000 Roman legions?

This is a death mission!

Sith swallowed and asked worriedly He said, "General, are the more than 300,000 orcs the enemy?"

"All!"

"But our Roman legions only have....."

"Sith, we have allies, we have allies with a hundred thousand troops." Maximus interrupted Sith and said seriously.

He knew that his legion commander was a little timid now, and he was also a little timid now, but he had to do it.

If the third mission of the National Destiny War is completed, these are The Roman legions who died in the battle will also be resurrected in his world. If the third mission of the National Destiny War fails, they will all die here.

The Sith calmed down when they heard that they still had 100,000 troops of allies.

If there were The allies of 100,000 troops, plus the alien troops at the foot of the mountain, seem to be hostile.

They may have a chance to win this war, but the premise is that their allies are not some defeated and vulnerable troops.

Su Chen and Bai Yuekui and the others nodded when they looked at the Roman legions that appeared this time. These Roman armies were also very elite. Maximus had been fighting outside. These Roman armies had all experienced wars.

At this time,

Gushan The Elf King Thranduil, the human Bard, and even Gandalf here in the castle also discovered the strange armies appearing in the south, but they were very confused when they saw that these armies were human armies. How could the human army appear here?

And it is a well-equipped elite army, at least much stronger than the thousand human armies here in Bard.

Gandalf's eyes flickered when he looked at the human army in the south.

He was definitely not the army in Middle-earth. He had never I have never seen an army with such equipment in Middle-earth. Could it be that these armies came from other continents?

Azog, the orc leader on the high mountains in the north, saw the Roman legions appearing and asked angrily,

"Where did those human armies come from?"

Chapter 898

Now here in Gushan is the real battle of five armies, the elves army, the dwarf army, the orc army, Bard's human army, and Maximus' Roman legion.

The armies of the five races are a real race war, but Bard's human army is so unsatisfactory that they may not even be able to fight here. The temporary army formed by some farmers may be frightened before the war begins.

The entire Lonely Mountain is now in a triangular shape.

Here at Lonely Mountain Castle are 30,000 elven troops and Bard's 1,000 human army. To the north of Lonely Mountain is an army of more than 300,000 orcs, and to the south of Lonely Mountain is Maximus' 20,000 army. Many Roman legions.

The 50,000-strong dwarf army is in the middle.

As long as the war starts, the dwarf army will probably bear the brunt.

Even if they don't want to participate in the war, they may not be able to do it. woo woo woo woo.....

The Orc army began to attack. The 200,000 Orc army rushed towards the lonely mountain. The remaining 100,000 Orc army was vigilantly guarding against Maximus's Roman legion.

After the orc army and the dwarf army collided, the orcs and dwarves were continuously killed in a brutal war, while the giant orcs of the orcs swept the dwarves in front of them with maces.

Gandalf saw that the dwarf army was no match for the huge orc army. If the elven army did not help the dwarf army, the dwarf army would be in danger of being annihilated.

Gandalf looked at Thranduil and said hurriedly, "Thrandil, we must work with the dwarves to deal with the orcs, otherwise the dwarf army will be completely annihilated."

"Gandalf, the arrogant dwarf will not appreciate it." Elven King Thranduil shook his head and refused.

Gandalf shouted to Thranduil angrily, "This is related to the future of Middle-earth. If the dwarf army fails, the treasures and treasures in the Lonely Mountain Castle will be lost. The Arken gem you want to get will fall into the hands of the orcs, so you have to think clearly. Thranduil looked ugly when he heard Gandalf's words.

The Arken Stone is what he must get.

If the Arken Stone is really an elven gem, then the elves will become stronger in the future. The Arken Stone must not be used by orcs. Got it.

Wooooooooooooo!.....

Thranduil waved his hand, and the elven army's attack horn sounded. Thirty thousand elven archers shot at the orcs in unison. After several rounds of elven archers, The elven army also rushed into the battlefield.

Boom, boom, boom!.....

At this time, the war drums of the Roman legions also sounded, and more than 20,000 Roman legions began to march towards the battlefield under the command of Maximus.

When Laura saw Maximus starting to march, and the bastard Suchen was still here watching, she patted Su Chen on the shoulder and said angrily, "Su Chen, where is your army? Why haven't you summoned it yet? Come here?"

Bai Yuekui looked at Su Chen and said seriously, "Su Chen, you can't let Maximus's Roman legion deal with an army of 100,000 orcs alone. The Roman legion is definitely no match for the orc army."

Others did the same. Looking at Su Chen, they couldn't understand why Su Chen hadn't summoned his army yet. Doesn't this bastard not want to lose his army here?

"coming!"

"What's coming?"

Dong dong dong dong dong!.....

Just when the other people here were confused, a sound of horse hooves came over.

Not far from them, a huge black hole rushed out of a black armored army riding a war horse. Each of these black armored troops came with evil spirits. With a ghost mask in his hand and a Changge in his hand, he quickly rode a war horse in an attacking formation in the open space on the mountain.

Laura, Bai Yuokui and others were shocked when they saw the black-armored troops that appeared. These black-armored troops looked very powerful.

The powerful momentum and murderous intent made them all feel a little scared, and these black-armored troops were all cavalry, and even heavy-armored cavalry appeared.

Laura looked at these black-armored troops with some trembling and said, "Cavalry? All? It's cavalry! There are also heavy armored cavalry."

Bai Yuekui looked at Su Chen and said complicatedly, "Yeah, I didn't expect this bastard to come with such a powerful army."

Xiao Longnu and Selena looked at Su Chen with eyes wide open. Liang Liang, they all fell in love with Su Chen, and now seeing Su Chen's powerful army appear, this makes them all proud of Su Chen.

A burly general came to Su Chen and immediately saluted, "Su Ye, the commander of the Netherworld Iron Cavalry Legion, has paid homage to your Majesty. Your Majesty has been yours for thousands of years!"

"See you, your Majesty, you will be yours for thousands of years!"

One hundred thousand soldiers of the Netherworld Cavalry Legion dismounted neatly and saluted Su Chen,

"Su Ye!"

"Yes, Your Majesty!"

"The orc army at the foot of the mountain is your target. Raise the bloody skull and crossbones flag. No prisoners are needed this time. Destroy them!"

"Yes, Your Majesty!"

Bai Yuekui and the others were very surprised when they heard Su Chen's order.

As well as these black-armored troops, they were not timid because of the large number of enemies, and they did not even question Su Chen's order.

Is this what the so-called "Jun Zhizhi" means?! What I want!]?

Su Chen is now very elegant and majestic. At this moment, Su Chen is like an emperor. As long as he points to a place, their army will fight for him.

Whether these women are Xiao Longnu and Selina, who have already fallen in love with Su Chen, or Bai Yuekui, Li Maozhen, Alice, Laura, these women are looking at Su Chen with their eyes shining.

Even Qilin, who had been silent all the time, saw these black people. I was also very shocked when I saw Army A.

These troops were not only well-equipped, but also moved neatly in formation. They showed strong murderous intent with a fierce momentum. They had no doubts about the order. I am afraid that Su Chen just asked these black-armored troops to die. These black-armored troops The army will also implement it to the letter.

Su Yelai, commander of the Netherworld Cavalry, ordered in front of the legion, "Hunt the bloody skull and crossbones flag, sound the attack horn, for the king!" Fight the enemy bravely!"

"For the sake of your Majesty, fight bravely to kill the enemy!"

"For the sake of your Majesty, fight bravely to kill the enemy!"

"For the sake of your Majesty, fight bravely to kill the enemy!"

Uuuuuuuuuuuuuuuuu!".....

"attack!"

"kill! kill! kill!"

When the attack horn of the Netherworld Cavalry Legion sounded, the Netherworld Cavalry Legion began to charge towards the Orc army.

The attack of the army of 100,000 cavalry was huge, and the sound of galloping horse hooves made the Orc army not heard. Feeling timid when contacted

"Damn it, that bastard Suchen summoned all the cavalry this time. I, Fake, Sith, let our Roman legions make way for our powerful allies."

"Yes, yes, General!"

Chapter 900

On the big mountain north of Gushan, the half-orc leader Azog was directing the war here.

However, when he saw that the 100,000 half-orc army left behind would be killed in less than a moment, this made him very angry.

Where did these black-armored troops come from?

Why is it so powerful?

Azog angrily kicked an orc next to him and shouted, "Damn humans, where did these armies come from? Why didn't I get any news?"

A voice suddenly said to the orc leader. Sounded from behind,

"Do you want to know?"

Azog turned his head hurriedly when he heard the voice behind him and asked,

"who?"

Su Chen looked at Azog and smiled when he saw him, "Your grandfather, oh bah!" I don't have an ugly grandson like you."

"Humanity? How did you get up here?" Azog didn't expect that a human would appear behind him silently.

This made him look at this human with great vigilance.

He had arranged many orc troops to guard this place, and this human silently Just appearing here, he must be very powerful

"Come up if you want, Azog, your life is mine."

"Want to kill me? you can do it.....ah!"

"The villain dies because he talks too much!"

Su Chen chopped off Azog's head with his sword. This weakling Azog was easy for him to capture, but others would have to waste some effort to kill Azog. After all, there are half-orcs here. There were a lot of guards.

Su Chen looked at the dead Orc leader Azog and said, "Half of mission three has been completed, and now we only have to clean up the Orc army."

And on the battlefield at this time, the Orc army lost the command of the Orc leader Azog, and the Orc army began to fall into chaos. The dwarf army and the Elf army now also have a chance to breathe.

The snow in front of the Lonely Mountain Castle was completely covered with snow. It was dyed red, and there were dead corpses everywhere, including those of dwarves, elves, and more orcs. These corpses lay scattered on the snow, making the battlefield here look even more cruel.

Wuwuwuwu.....

After slaughtering the 100,000 orc army at the foot of Nanshan Mountain, the Nether Iron Cavalry began to march toward the Gushan Castle in full force.

It is impossible for the Netherworld Cavalry Army to retreat until the orc army is completely slaughtered, and the bloody skull and crossbones flag cannot be raised casually. To raise the bloody skull and crossbones flag is to massacre all the enemies.

When the Elf King Thranduil saw the black-armored cavalry charging towards him, he shouted happily, "Kill, cooperate with the black-armored cavalry to kill these Orc troops."

The dwarf army also discovered the arrival of the black-armored army, which made These short and ferocious dwarves also broke out. The dwarves suffered heavy casualties this time. They did not miss this opportunity to massacre the orc army.

With the addition of the Netherworld Cavalry Legion on the battlefield, the chaotic Orc army was completely defeated.

The Netherworld Cavalry heavy armored cavalry faced off against the Warg Cavalry. The heavily armored cavalry with armed teeth simply made it impossible for the Warg Cavalry to attack, and the heavy armored cavalry's The military crossbows and Changge kept collecting the lives of the warg cavalry.

At this time, Bard also brought a thousand humans to harvest the fruits of victory, but these farmers began to die in large numbers after joining the war.

Although the orc army is not an opponent of the black armored cavalry, nor is it an opponent of the elves and dwarves, they are very brutal against farmers who have no combat experience.

Su Chen suddenly appeared at Selina's place and looked at the battlefield and said, "The war is about to end."

Selina poured a glass of wine for Su Chen and asked with a smile, "Kill Azog, the orc leader. ?"

"Kill that scumbag, I'll kill him instantly"

"Ha ha! It depends on the battlefield, but the orc army is already in chaos, and it is only a matter of time before they are destroyed."

Su Chen took the wine glass and looked at these beauties and said, "Beauties, come and have a drink with us, and by the way, Brother Qilin, let's celebrate the upcoming victory together. We are about to complete mission three."

Bai Yuekui and Alice also raised their wine glasses. Even Qilin, who had been silent, raised his wine glass and started drinking after clinking it with everyone.

Su Chen took out Cihang Jingzhai's Cihang Sword Manual and handed it to Bai Yuekui said, "We are destined to meet each other. Bai Yuekui, here is a martial arts secret book. I don't have anything to give you. I believe you will like this martial arts secret book.""

"Laura, I wonder if you can practice martial arts? But you should be able to practice this kind of physical skills. Alice and Selena, I will give each of you a copy of this physical skills. I will also leave a copy for Maximus."

"Brother Qilin, you use a sword. This Heavenly Sword Nine Questions is the exclusive secret book of Heavenly Sword Song Que, so I leave it to you."

Su Chen looked at the people here and gave them some cultivation secrets. I'm afraid he will still encounter these people in the future.

As for the long-legged Bai Yuekui, the big bear girl Laura, and the female war goddess Alice, these women will be encountered frequently in the future. Yes, he will not let them go.

Xiao Longnu and Li Maozhen are from the same world, and he will have plenty of time to get in touch with them in the future.

And Selina is already his woman, so if there is another battle for qualifications to participate in the war in the future, There are missions. Everyone here is on their own. I hope there won't be any missions to kill each other in the future.

Brother Qilin and Maximus are also very good people. They can be cultivated and cultivated in the future. Anyway, they will be their own in the future. Brother, if the mission for the qualification battle in the future is simple, he can pick up girls and let his younger brothers do the mission.

Bai Yuekui and the others nodded to Su Chen with these martial arts secrets and physical skills.

These should be very useful to this bastard. It's simple, but he can also explain to them that this bastard is pretty good to them.

But they all feel that Su Chen's purpose is not pure. This bastard won't kill all of them, right?

Brother Qilin looked at his hand He was a little excited about the martial arts secrets.

Song Que, the Heavenly Sword, knew that for a martial arts master, his martial arts secrets were very powerful.

【Congratulations to the Dragon Kingdom team members for completing mission three. In mission three, the Orc leader Azog was killed and four-fifths of the Orc army was wiped out. The verdict was completed and the Orc army was destroyed. Mission Three has been completed by Dragon Kingdom.】

【You can stay in Middle-earth for one day. After one day, you will be sent back to the original world. If you want to leave, you can just say silently in your heart to leave.】

【There is no penalty for failure in this mission. The troops who died in the mission three war can be resurrected in the original world. This is only the treatment for the first mission and will not appear again in the future.】

【The rewards of the victorious party will be distributed after returning to their respective worlds.】

【The qualification competition for this competition has ended. 】【
