Chapter 901

Su Chen and Bai Yuekui hurriedly looked at the battlefield after hearing the notification in their minds.

When they saw that tens of thousands of orcs had been slaughtered by the Netherworld Cavalry Army, the Elf Army, and the Dwarf Army on the battlefield, it might not take long. These besieged orc armies will be wiped out.

Laura glared at Su Chen and said helplessly, "We don't have any rewards in this national destiny war."

Su Chen took a sip of wine, hugged Laura and said with a smile, "Don't say that, you have friends like us. That's it. Maybe next time we can complete the task together"

"Damn it, let go!" When Laura saw this bastard hugging her, she blushed and looked at Selina and said angrily,

"You are so stingy!"

"You are so shameless!"

The others looked at Su Chen and didn't want to talk to this bastard.

They were all completely helpless towards this shameless man. This bastard would take advantage of them whenever he had the chance, which made them all very helpless.

Li Maozhen saw that Su Chen didn't Planning to give her and Xiao Longnu the martial arts secrets, she blinked and asked Su Chen, "Wu Xiangjun, they all have the martial arts secrets, what about the two of us?"

Su Chen looked at Li Maozhen and said with a smile, "You and I are from the same world. From now on, when you go to my Xuandiao Palace Martial Pavilion, you can practice martial arts secrets as you like."

Li Maozhen heard what Su Chen said about the Xuanniao Palace Martial Arts Pavilion.

She had heard of this before.

The Martial Arts Pavilion in the Xuanniao Palace collected all the martial arts secrets from all over the world, including even the legendary emperor-level martial arts secrets.

She was very curious about the legend. Are there any royal-level martial arts secrets in the Xuantiao Palace?

She asked Su Chen doubtfully, "The martial arts pavilion in the Xuanniao Palace in Gusu City in the Southern Continent is very famous. I heard that the Is it true that there are even emperor-level martial arts secrets in the martial arts pavilion?"

Su Chen nodded and admitted directly, "It's true. There are several royal-level martial arts secret books, but they are the ancestral martial arts of our Xuannio family. If you want to learn it, I'm afraid you have to marry me before you can learn it."

"If you dream, you are a shameless pervert." Li Maozhen rolled her eyes at Su Chen and didn't bother to talk to this shameless pervert.

Bai Yuekui asked Su Chen in confusion,

"What is the secret book of royal level martial arts?"

Seeing that everyone here was curious, Su Chen smiled and said, "Just think of it as cultivating immortality!" Your Cihang Sword Code's heaven-level martial arts secrets. Heaven level and above are king level, and king level and above are emperor level."

Laura was surprised when she heard Su Chen's words, "Hiss! So you can become immortal in the future?"

"Maybe, there are many old monsters in our world who have lived for hundreds of years, land gods in the heavenly realm, and many masters in the golden elixir realm. But in the heavenly realm, they can live at least hundreds of years, and in the golden elixir realm, I'm afraid a strong person can live for thousands of years without any problem."

"What level of cultivation are you at?"

"Cough cough cough!"

"This bastard is at the peak level of a grandmaster. His cultivation level is not as high as mine, but his strength is much stronger than mine. It may be because he has practiced the emperor-level skills." Xiao Longnu saw that Su Chen was embarrassed to say it, so she smiled and said, no matter whether this bastard would be embarrassed or not, she would not give up the rare opportunity to attack this bastard.

Everyone else laughed when they saw Su Chen's embarrassed look. Come to think of it, in fact, the level of cultivation at the peak of a grandmaster is already very powerful. Many people here are no match for a master master.

They laughed because the dignified Lord Wu Xiang turned out to be a master master. This made them all surprised. Unexpectedly.

Time passed while Su Chen was chatting and laughing with these beauties.

In the afternoon, the orc army was completely wiped out, and the Netherworld Cavalry Legion and Maximus' Roman Legion also returned.

The Netherworld Cavalry Legion passed by here More than half of the people were killed and wounded in the first war. Fortunately, the National Destiny War can be revived this time, otherwise this would have been the heaviest casualty for his legion.

And Maximus's Roman legion had thousands of people left; He was disabled. If he hadn't been able to resurrect his Roman legions this time, I'm afraid Maximus would have burst into tears. Suchen didn't go to Gushan Castle again. Anyway, there was nothing he looted there. It was a matter of whether he went or not. It was meaningless.

When Su Chen saw that the elves and dwarves had entered the Lonely Mountain Castle, he said to everyone here, "If everyone has nothing to do, please go back to their own worlds. Otherwise, the elves, dwarves, and even the wizard Gandalf will be here soon." Will come to us and cause trouble"

"Su Chen, have you done something again?" Xiao Longnu looked at Su Chen and felt that this bastard must have done something again, otherwise he wouldn't want to leave so quickly.

Others also looked at Su Chen with unkind expressions, and they all felt that Su Chen must have done something. , otherwise there are many beauties here, and Su Chen, a pervert, would not want to leave so quickly.

When Su Chen saw that everyone was looking at him unkindly, he coughed awkwardly and said, "Cough! I took away all the treasures in Gushan Castle, leaving not a single gold coin behind. I didn't even leave them any weapons and equipment in Gushan Castle."

"Holy shit! So there is nothing left in Gushan Castle?" Maximus cursed when he heard what Su Chen said.

Maximus heard that there were as many treasures as a hill in Gushan Castle. How did this bastard take away all the treasures? And he didn't even get a single gold coin. If the elves and dwarves find out about this, they will tear this bastard apart.

Su Chen smiled and continued, "The Gushan Castle is very clean. Even the ore dug by the dwarves was not given to us. They stay."

Bai Yuekui and the others were very speechless when they looked at Su Chen.

I'm afraid this bastard is the biggest gainer in this national destiny war.

All the tasks were completed by this bastard. The treasures in Gushan Castle were also obtained by this bastard. He even stole them. He met a beautiful woman, and they all came here to make soy sauce.

Then these people also went back one after another.

Su Chen hugged each of the beautiful women. After leaving this time, he didn't know when they could get together again. Together, Bai Yuokui and the others did not stop Su Chen this time, and they all allowed Su Chen to take advantage of them.

Brother Qilin and Maximus also hugged Su Chen and left, leaving Su Chen alone. Chen, Xiao Longnu, and Li Maozhen were together.

Su Chen sighed when he saw everyone leaving. He shook his head and looked at Li Maozhen and said, "Li Maozhen, if you have time, come to Gusu, Southern Continent. I am going to found a country recently. An emperor." The position of concubine is reserved for you."

Li Maozhen said angrily when she heard Su Chen's words, "Get out! I will go to Gusu City, but it will take some time. After all, the Northern Continent is a bit far away from the Southern Continent."

"You are always welcome, my princess"

"Shameless pervert, I'm leaving."

Su Chen waved goodbye to Li Maozhen. He and Li Maozhen are in the same world and can meet each other at any time in the future.

"Xiao Longnu, come to Gusu City." Su Chen hugged Xiao Longnu and said with a smile.

Xiao Longnu leaned in Su Chen's arms and said shyly, "Yeah! But my senior sister will also come, but my master doesn't know where to go."

"Your master is in the Ghost Palace in the Western Continent. She has nothing to do."

"Let's leave, otherwise the elves and dwarves will come for us."

"good!"

Chapter 902

In the Lonely Mountain Castle, when the Elf King Thranduil, the Dwarf King, Gandalf, and Bard arrived at the Lonely Mountain Castle, they saw Thorin and more than a dozen dwarves sitting on the ground with their eyes blank. Everyone seemed to have been hit by something.

Gandalf looked at Thorin's depressed look and frowned and asked, "Thorin, what happened here?"

"Treasure, the treasure of our dwarves has disappeared, not even a single gold coin is left." Thorin glanced at Gandalf and lowered his head. Now that he has nothing, how will the dwarf kingdom be established in the future?

"What? What exactly is going on?"

Gandalf was very surprised when he heard Thorin's words.

You must know that the treasures of the dwarves are as numerous as a hill. How could those treasures disappear? Even the evil dragon Smaug does not have that ability. The elf and Bard were also very surprised after hearing this. They didn't believe it, so they immediately sent people to search in the Lonely Mountain Castle. They suspected that Thorin had hidden the treasure here.

Gandalf suddenly thought of those black-armored troops and said doubtfully, "Those black Why didn't Army A come over? Aren't they interested in the treasure here? wrong! No human being can be indifferent to these treasures. The treasures will not be obtained by those people, right?"

Elven King Thranduil said with some disdain, "Gandalf, do you think it is possible? If those black-armored troops got the treasure here, would they still kill so many troops and fight the orc army?"

Gandalf thought about it and thought it was impossible. There is not a tiny amount of treasure in the Lonely Mountain Castle. It would probably take ten and a half months to transport a mountain of treasure. But how could these treasures disappear? In the world of Resident Evil , in a desert,

Alice suddenly appeared here.

She looked around and sat next to her motorcycle.

She thought about all this as if she was dreaming, but it was all very real, and she had even been to her. She also has some understanding of what is about to happen in the world, and she also knows where the zombie antidote is.

"Huh? ring? Isn't this what Su Chen, the pervert, left for her?" Alice suddenly found a ring in her pocket and was very confused.

This ring was exactly the same as the one Su Chen gave to Selina.

Alice immediately dropped a drop of blood on the ring.

When she let the space ring claim its owner, she She discovered that this ring was actually filled with daily necessities. Not only did it contain food and water, but also weapons and even food were finished products.

This made her very touched.

In this apocalyptic world, having a space ring is crucial to her.

"Su Chen, thank you."

Tianxuan Continent, Xiao Family.

Su Chen suddenly appeared in his room.

He looked around and sat on the bed. Although this time it was only a short two or three days, Su Chen was very satisfied with this trip.

【Congratulations on completing the mission of your first national destiny war in this war qualification battle, and the mission completion degree is perfect. Depending on the world you are in, you will receive the following rewards.】

【1. Activate the luck totem once (optional)】

【Second, a part of the Imperial Level Kung Fu,】

【Third, the realm of cultivation has been improved to a great level. 】

Su Chen was very shocked when he heard this.

This time it was a big harvest.

He did not expect that there would be such a big reward from Heaven.

This time he made it.

Is the luck totem activated?

Isn't this the case that luck can be condensed and never dispersed?

Black bird!

His family totem, the black bird, can be activated during the founding of the country, so that his empire's destiny can be condensed. The black bird will be his empire totem from now on, and his empire may last forever.

The emperor-level skills are also pretty good, huh?

There is also a soul cultivation technique.

Can the soul also be powerful through cultivation?

Or will practicing this technique make you mentally stronger?

Let's take a look at the practice in the future.

The next step is to improve to a greater realm. In the future, won't I be a master at the peak of a grand master?

It's true that God rewards those who work hard.

This is much better than the stingy system chick.

Su Chen thought of the system and asked System Wan, "System, where are our victory gift packs and reward gift packs?"

"Ding, congratulations to the host for winning the qualification battle. The victory gift pack and reward gift pack have been distributed."

"System, look at the rewards from Tiandao. There is a huge gap between you and Tiandao's rewards." Su Chen curled his lips when he heard the system's voice and said,

"Ding, does the host open the gift package?"

Su Chen didn't expect that the system ignored him, which made Su Chen a little helpless. This system girl is too difficult to deal with. "System, you are so boring. Open the victory gift bag first."

"Ding, the victory gift pack is open. Congratulations to the host for obtaining the growth-type spiritual sword [Luoxue], a spiritual fruit seedling, ten intermediate spiritual stones, one hundred primary spiritual stones, and five hundred shadow assassins."

I guess!

My luck is really going to explode today.

Su Chen didn't expect that the items in the victory gift bag would be so rich. It seems that he will have to participate in more qualifying battles in the future.

Su Chen looked at a snow-white spiritual sword in his hand.

This The spirit sword is very cold, as if Su Chen's hand will be frozen if he does not leave the spirit sword.

However, Su Chen is still very happy.

The more he looks at this spirit sword, the more he likes it. In the future, Yao Yue's Blue Blood Sword can be laid off. , "System, let me introduce the growth-type spiritual sword [Luoxue]] "

"Ding, growth-type spiritual sword [Luoxue]: The lowest level spiritual sword in the world of cultivation, but its growth type is unlimited, but the host has the ability. [Luoxue] will become an innate spiritual treasure in the future, or even an innate treasure. The host can drop it Blood recognizes the Lord. Su

Chen became even more happy after hearing the introduction of the system, "Damn it, it really got big this time. How can the system and [Luoxue] be improved as well?"

"Ding, [Luoxue] can swallow other spiritual weapons and spiritual treasures and its quality will continue to improve."

"I'll do it! How could he possibly do this on his own? There is probably not a single spiritual weapon in Tianxuan Continent." Su Chen was very disappointed when he heard about the system, but after thinking about it, he was no longer depressed. I am afraid that he is the only one in Tianxuan Continent who has a spiritual weapon.

【Luoxue will be unique in Tianxuan Continent from now on. Maybe in other worlds, Luoxue can devour other spiritual weapons.

Chapter 903

Su Chen no longer felt cold after letting the spirit sword [Luoxue] recognize its owner, and the spirit sword [Luoxue] could actually be controlled with his mind.

Su Chen was very excited when he saw the spiritual sword [Luoxue] flying in the air. If he faced the enemy in the future, the spiritual sword [Luoxue] would be a big killer.

"System, please introduce Lingguo Seedling to me."

"Ding, Lingguo seedling: This is a Bailingguo seedling. It can bear ten fruits once every hundred years after it grows. The effect is ten times that of Zhuguo, and it also has the effect of rejuvenating the appearance. Taking one Bailingguo can maintain your appearance for five hundred years. Immortal"

"Damn it, the Bailing fruit is very good, but after growing up, the Bailing fruit has to bear fruit once every hundred years? System, how long does it take for Bailingguo seedlings to grow?"

"Ding, a hundred years!"

"I'll do it!"

"Ding, the host can use spirit stones to accelerate the growth of lark fruit seedlings."

"What a waste, forget it, let's talk about it later."

Su Chen looked at the remaining spirit stones and shadow assassins and stopped asking the system. He knew all these, but this time there were a hundred primary spirit stones, which was beyond Su Chen's expectation.

"System, open the reward package!"

"Ding, the reward gift pack is open. Congratulations to the host for getting a piece of ice law fragment, twenty vermillion fruits, twenty beauty pills, three hundred shadow assassins, one hundred thousand elite troops, and five years of supplies of materials and weapons and equipment for one hundred thousand troops."

Su Chen was speechless when he saw the ice law fragments.

This thing is a very good treasure, but he doesn't need this.

Su Chen looked at the ice law fragments and thought, "Ice law? It seems that I still have a perfect frozen devil fruit that I haven't used yet."

"This time, another ice law fragment came, but he didn't know how to use it. It would be a waste if he used the ice law fragment himself."

"If there were fragments of the laws of space and time, he would use them without hesitation."

"But who will use these?"

"Snow Girl and Jellyfish Yinji are both good candidates."

"never mind,"

"Let's talk about it then."

Su Chen smiled when he saw the remaining items.

This time he has gained a lot.

Zhu Guo and Zhu Yan Dan have now been increased by twenty.

He doesn't have to be timid in the future. As long as these are for her He can satisfy whatever a woman needs.

Just when Su Chen was happy,

Xiao Yuruo knocked on the door outside and asked, "Cousin, are you up yet?"

"No."

Su Chen didn't even think about answering when he heard Xiao Yuruo's words,

"Get up quickly, I will take you to play today"

"You go, I won't go"

"You have to get up, hurry up, or I'm going in?"

"I guess, Xiao Yuruo, I told you not to go, you go alone." Su Chen was very speechless when he heard Xiao Yuruo's words.

He is such an old man and he still wants to be taken to play by a woman?

I don't know what this woman is thinking?

Besides, he just wants to play, can he be with Xiao Yuruo? Can Xiao Yuruo know that he is going to a brothel?

Touch!

"Holy shit! Xiao Yuruo, why did you come in?" Su Chen was very surprised when he saw Xiao Yuruo kicking open the door.

Why is this Xiao Yuruo so fierce?

This Xiao Yuruo, who was very gentle in front of him, is a fake. Is this Xiao Yuruo's true nature now?

Xiao Yuruo smiled and saw that Su Chen had put on his clothes. Sitting neatly, she guessed that this bastard cousin would definitely not want to be with her, but now that the crisis at home has been resolved, she would no longer have to worry about everything at home with this bastard here. She would have to take care of herself in the future.

And live.

Xiao Yuruo looked at Su Chen and threatened with a smile, "Cousin Su Chen, I am your cousin. If you call my name again, do you believe that I will tell my mother?"

"Cousin, cousin, could you please go out?"

"ha? How dare you drive your cousin away?"

Damn it!

What on earth is Xiao Yuruo going to do?

Huh?

But your Xiao Yuruo is really beautiful today.

Her waist is comparable to that of Zi Nu and Xue Nu, and the white dress she is wearing today makes her look perfect. The figure is even hotter.

Su Chen looked at Xiao Yuruo's proudly standing big bear and said helplessly, "Tell me, what are you going to do?"

"We went to the West Lake to play, and Zhao Qingxuan and my little sister were both going." Xiao Yuruo didn't notice Su Chen's gaze. She thought Su Chen agreed, so she happily told Su Chen where she was going to play. Su Chen looked at the happy Xiao Yuruo and asked doubtfully, "Don't you have someone to accompany you? ? Why do you need us to go there too?"

"You can be a bodyguard!"

"There are so many guards at home, wouldn't you take more with you when you go out?"

"Bastard, are you going?"

"Let go, let go quickly, I'm going, I'm going"

"That's pretty much it."

On a cruise ship in the West Lake of Hangzhou,

Su Chen was lying on a chair looking bored at the surrounding scenery. The three beauties in front of him were chatting and laughing. Su Chen squinted and kept looking at the three people in front of him. Come and find out who has the best figure

"Master, a secret message from Madam Jun!" Ning Zhongze came to Su Chen and handed him a letter from his side.

Su Chen took the secret letter and thought in confusion, "Huh? Why did Concubine Yan send her a secret message at this time? Could something happen to Gusu City?"

Su Chen opened the secret letter and read it and laughed.

The Song Dynasty finally surrendered.

The Southern Continent can be said to be his own.

However, the two small foreign countries of Turks and Goryeo have not yet been resolved. In the future, Mu Guiying and Shen Luo Yan can destroy these two foreign countries first, and as long as he destroys these two foreign countries again, the southern continent will be completely his.

Su Chen also decided to return to Gusu City in three days to prepare for the establishment of the empire. By the end of this year He is about to build his empire, and he also needs to make some personnel arrangements. The structure of the court in the future needs to be prepared.

"what are you laughing at?"

Xiao Yuruo found Su Chen laughing alone and came over and asked.

Su Chen stood up, picked up Xiao Yuruo and said with a smile, "Hahaha! The Song Dynasty surrendered, do you think I am happy or not?"

"Bastard, let me go." Xiao Yuruo lowered her head with her face flushed when Su Chen hugged her. She didn't expect that this bastard would dare to hug her, even on the crowded West Lake. How would she behave if people saw her? Hmm

?!

Su Chen looked at Xiao Yuruo with a shy look on her face and lowered her head to kiss her. Xiao Yuruo, who was blushing now, was extremely beautiful. Su Chen didn't care if there was anyone here, he just wanted to kiss Xiao Yuruo now.

"I go! Why did my cousin kiss my sister?"

Chapter 904

Xiao Yuruo was now too shy to raise her head. She did not expect that Su Chen would kiss her in public.

Did the Song Dynasty surrender?

Did this bastard kiss him because he was happy?

Xiao Yuruo felt unhappy when she thought of this.

This damn bastard!

Zhao Qingxuan was in a trance after hearing what Su Chen said. She did not expect that the Song Empire would really be destroyed one day.

Zhao Qingxuan looked at Su Chen with a very complicated face.

She thought of Su Chen's promise to her when she was a child.

They were only eight or nine years old at that time, right?

She was an insignificant princess in the Song Dynasty palace, and she didn't even have the title of princess.

Because her mother-in-law died early.

Her life in the palace was very bad.

Once she was bullied by other princes, but Su Chen saved her, and they gradually became friends. Su Chen knew that she was often bullied in the palace, so she promised

【Qingxuan, if those bastard princes continue to bully you in the future】

【When I grow up, I will destroy the Song Empire】

【I will make these princes kneel down to you and admit their mistakes. 】

The Song Empire was really destroyed by him today, but did he destroy it for himself?

After losing his memory, Su Chen may have forgotten all about her, right?

"Asshole, let me go." Xiao Yuruo shouted in embarrassment when she saw Su Chen looking at her with a smile.

Su Chen touched Xiao Yuruo's pretty face and said with a smile, "Yuruo, you are so beautiful today."

"Shameless!"

"Ha ha!"

Su Chen laughed when she looked at Xiao Yuruo's shy look.

Xiao Yuruo is normal now. She looks weak and gentle now, but she is very cherished and loved.

Xiao Yushuang looked at Su Chen and Xiao Yuruo from the side and smiled slyly. Then he said, "Cousin, why did you kiss your sister?"

"What do children do when they know so much? Come and see your West Lake." Su Chen was very speechless when he looked at the weird Xiao Yushuang.

One sister was quiet now, but why did the younger sister start to be detained again.

When Xiao Yushuang heard Su Chen's words, she directly threatened, "Humph! If you don't tell me, I'll go home and tell my mother"

"I'll do it! fifty taels of silver"

"One hundred taels!"

"make a deal!"

Su Chen readily gave Xiao Yushuang a hundred taels of silver.

Now he has a lot of money.

There is a mountain of treasures in his system warehouse, and there is also a priceless treasure, the Aken Gem.

Su Chen did not expect that Tiandao did not accept it. Taking away the Arkhen Stone, the Arkhen Stone from Task 1 will naturally fall into the hands of Su Chen. In the future, this Arkhen Stone can be given to Concubine Yan. After all, Concubine Yan is his wife.

Xiao Yuruo was very excited when she heard about Su Chen and Xiao Yushuang. She was shy, but she knew that Xiao Yushuang would definitely tell their mother when she got home. Her sister was very weird.

Xiao Yushuang might ask for some money from her mother when she got home.

Su Chen might be deceived by Xiao Yushuang this time..Su

Chen also felt a little untrustworthy when he saw Xiao Yushuang's appearance,"Cousin, the money has been given to you. If you dare to tell your aunt, I will not give you any other gifts in the future."

"I promise not to tell."Xiao Yushuang's face turned red when she heard Su Chen's words and she hurriedly promised.

"Why don't I believe what you say?"Su Chen saw Xiao Yushuang's face blushing. Now he didn't believe Xiao Yushuang's words even more.

"Cousin, your cousin is so cute and beautiful, how could she lie to others?"

"The more beautiful a woman is, the more likely she is to lie"

"snort! If I ignore you, you are a bad cousin."

Su Chen saw Xiao Yushuang leaving his side and asked Xiao Yuruo,"I'll do it! This girl doesn't really mean what she says, does she?"

"What do you think?"

"Forget it, I'll take care of my cousin later."

Su Chen took out a pink necklace from the system space and said,"Yuruo, this is for you. This is the Tianxin diamond necklace, and it's pink. It will definitely look very beautiful when you wear it."

Xiao Yuruo looked at this beautiful pink necklace and said in surprise.

"this.....What a beautiful necklace. Do you really give it to me?"

"Of course, come, I'll bring it to you."Su Chen said as he looked at Xiao Yuruo's snow-white neck and stretched out his hand to put on the Tianxin Diamond Necklace for her.

The Tianxin Diamond Necklace was an exquisite jewelry found in Gushan Castle. He even had many broken crystals in his hand. The broken crystals were It's more precious than the Tianxin diamond, but the broken crystals are not finished, and he doesn't have time to make the broken crystals into jewelry.

"it's beautiful!"

"Really?"

"of course it's true."Su Chen saw Xiao Yuruo happily touching the Tianxin diamond necklace around her neck.

He suddenly found Zhao Qingxuan next to him looking at Xiao Yuruo with a disappointed expression.

Su Chen thought about it and sighed.

This Zhao Qingxuan must be with him. The relationship was unusual, but he had no memory of her at all.

Su Chen shook his head and walked towards Zhao Qingxuan.

He could feel that Zhao Qingxuan had been looking at him secretly, and even felt sad after he did not remember her. This beautiful woman must have an unusual relationship with him, maybe even a lover.

When Su Chen came to Zhao Qingxuan, he took out a blue Heart of the Sea necklace and handed it to her and said,"Zhao Qingxuan, although I forgot about you and me. relationship, but I think you should be an important person to me. This is the gift I prepared for you."

Zhao Qingxuan asked hurriedly after hearing Su Chen's words,

"Do you have my memory?"

"No, I just feel that you are an important person to me."Su Chen shook his head and replied.

Zhao Qingxuan's eyes turned red when he heard Su Chen's words.

He still didn't remember himself.

She looked at the beautiful blue necklace and whispered, "You can wear this for me. A beautiful necklace?"

"no problem!"

Su Chen took the blue Heart of the Sea necklace and stroked Zhao Qingxuan's hair, and then put the Heart of the Sea necklace on Zhao Qingxuan's snow-white neck. The fragrance on Zhao Qingxuan's body smelled very good. And Zhao Qingxuan, who was wearing a women's dress today, was very beautiful.

Su Chen was in a trance when he looked at the shy Zhao Qingxuan, and then some fragments suddenly flashed in his memory.

A little boy seemed to be fighting with several of your children. The little girl next to me seems to be crying and saying something.

"ah!"

Su Chen suddenly shouted with a headache,

"Su Chen, what's wrong with you?"

"Cousin, cousin, what's going on?"

"Ah, what happened to my cousin?"

Zhao Qingxuan, Xiao Yuruo, and Xiao Yushuang asked worriedly when they heard Su Chen's screams.

They didn't know why Su Chen suddenly covered his head and screamed, and Su Chen was sweating profusely. They knew that he was very pain of

"Someone come! Someone come quickly!" Xiao Yuruo, holding Su Chen in her arms and looking at his painful expression, hurriedly shouted.

"Owner?"

A woman in black suddenly appeared next to Xiao Yuruo and shouted,

Ning Zhongze also hurriedly came to Su Chen and shouted with concern,

"Owner? What happened to the master?"

Chapter 905

Hangzhou West Lake, after Su Chen suddenly had a headache and fell into a coma,

Hangzhou West Lake was blocked by the secret guards who arrived shortly afterwards. Thousands of secret guards were on alert throughout Hangzhou West Lake one by one as if they were faced with a formidable enemy. Hundreds of shadow assassins also appeared around Su Chen to protect him.

The governor of Hangzhou collapsed on the ground after learning what happened in West Lake.

He did not expect that something would happen to Lord Wu Xiang under his rule.

This frightened him.

If Wu Xiangjun was really injured in Hangzhou,

I'm afraid he would really die without a burial place.

As soon as the Hangzhou magistrate came to his senses, he hurriedly shouted, "Come here, hurry up, tell the city guards to go to West Lake to protect Lord Wu Xiang.""

"Yes, my lord."

It's really going to end this time,

Mr. Wu Xiang!

Don't let anything happen to you!

Xiao family!

I must go to the Xiao family now.

Mrs. Xiao must not know yet. I will inform Mrs. Xiao now. I hope Mrs. Xiao can say a few good words to herself.

Hangzhou Zhizhou thought about it with a sad face and hurried towards Xiao's house. The only one who can save him now is Mrs. Xiao.

Mrs. Xiao is Wu Xiangjun's aunt, as long as Mrs. Xiao If he opens his mouth, Wu Xiangjun and Mrs. Jun will definitely not embarrass him.

In a pavilion by the West Lake,

Su Chen was carried here by Xiao Yuruo and the others. They are all looking at Su Chen here nervously.

Although Su Chen is unconscious now , but his body was covered in sweat.

Su Chen might have been in a coma but was in great pain.

Xiao Yushuang looked at Su Chen's painfully twisted face and cried,"What the hell is going on? Why does my cousin behave like this?"

Zhao Qingxuan wiped the sweat from Su Chen's forehead and said blankly, "I don't know, Su Chen was fine at first, but suddenly he got a headache."

"Zhao Qingxuan, do you think my cousin is remembering something? Is his amnesia coming back?" Xiao Yuruo asked after thinking about it while holding Su Chen.

She also felt that Su Chen's headache happened too suddenly, and the shadow assassin Youruo didn't notice that Su Chen was poisoned, and even had no physical problems, so she guessed Did Zhao Qingxuan say something to make Su Chen's amnesia recover?

Zhao Qingxuan hurriedly said after hearing Xiao Yuruo's words, "Huh?" Do you think Su Chen is going to recover his memory?"

Xiao Yuruo shook her head and said uncertainly, "I'm just guessing. There is nothing wrong with my cousin's health, and he is not poisoned. He seems to have remembered something."

"The doctor is coming soon, let him take a look before talking." Zhao Qingxuan said heartbrokenly when she saw Su Chen's pale face.

By the Hangzhou West Lake, groups of city guards rushed over.

The West Lake, which had been blocked by the secret guards, made the people beside the Hangzhou West Lake unaware of what was happening. What happened? When they saw the city guards actually carrying this giant crossbow, ordinary people like them were so frightened that they immediately left the West Lake.

After tens of thousands of city guards cooperated with the secret guards to blockade the West Lake, a carriage came out of many places. The protection of the guards came here.

The city guards were originally going to intercept them, but the general of the city guards discovered that Hangzhou Zhizhou had also arrived here on horseback, and even treated the people in the carriage respectfully. This made the city guards hurriedly

The secret guards of the inner guard intercepted Hangzhou Zhizhou and the accompanying guards, but the carriage was directly released by the secret guards.

At the West Lake Pavilion, after Mrs. Xiao got out of the carriage, she saw Xiao Yuruo and several other women were gathered in the pavilion, and a doctor was checking Su Chen's pulse.

Mrs. Xiao hurriedly asked Xiao Yuruo and the others, "What's wrong with Su Chen?" What happened to him?"

When Xiao Yuruo saw her mother coming, she hurriedly supported Mrs. Xiao and said calmly, "My cousin is fine. He just wants to recover his memory, so he passed out with a headache. The doctor said that my cousin is fine, as long as he Nothing will happen when you wake up."

Mrs. Xiao calmed down her anxiety after hearing Xiao Yuruo's words.

She was very worried about something happening to Su Chen. Not only was Su Chen the only male in their family, Su Chen was even the emperor of the future empire. If something happened to him this time, I'm afraid the world will be in chaos again.

Mrs. Xiao looked at the pale Su Chen and breathed a sigh of relief and said, "That's good, that's good. If something happens to your cousin, how can I have the face to see you in the future?" Dead sister."

The old doctor who was checking Su Chen's pulse was now very panicked.

This young man was Wu Xiangjun!

The future emperor of the Southern Continent, he never thought that he would one day treat Wu Xiangjun.

And the old lady of the Xiao family, he I didn't expect that the Xiao family is actually related to Wu Xiangjun, and Mrs. Xiao is even Wu Xiangjun's aunt. The Xiao family, which has always been low-key, would have such a big backer?

Then why has the Xiao family been suppressed by businessmen and the government before?

Could it be that Xiao Xiao Don't the ladies of the family want other people to know about the relationship between their Xiao family and Wu Xiangjun?

Fortunately, Wu Xiangjun just passed out this time, and Wu Xiangjun will wake up after a while. If Wu Xiangjun has no improvement in his hands, I'm afraid his head will also be chopped off.

At this moment, Su Chen kept repeating a dream in his deep sleep, a dream of a little boy protecting a little girl in the palace, and even the promise he made to the little girl, in the dream It was repeated over and over again.

Until one day the little girl disappeared, and no one even knew where she had gone. The little boy gave a severe lesson to several boys in the palace. The little boy thought It was those boys who killed the little girl.

The dream ended here, but in this dream the little boy and the little girl were very happy together. Although they did not meet often, as long as they had the chance to meet, they would We will play happily together.

There are also some vague dreams in the back, but they are too blurry.

Su Chen in the dream doesn't know what is in the dream behind. He wants to see but can't see clearly.

"Cough cough cough!"

Su Chen suddenly coughed in Zhao Qingxuan's arms, and he slowly opened his eyes.

"Suchen!"

"cousin!"

"Cousin!"

When Mrs. Xiao saw Su Chen wake up, she looked at him nervously one by one. They were afraid that Su Chen would lose his memory again.

Su Chen looked at Mrs. Xiao and the others' worried expressions and said, "I'm fine. , I just remembered some things, you don't have to worry"

"Su Chen, do you remember me?"

"I remember, Xiao Qingxuan, I never thought that Xiao Qingxuan would be so beautiful when she grows up. Why did you disappear without a trace in the first place? I sent many people but failed to find you."

Chapter 906

Su Chen is now very complicated about Zhao Qingxuan.

This Zhao Qingxuan had a very good relationship with her ex and Su Chen when they were young. Su Chen doesn't know how to face her in the future.

Maybe there is no Zhao Qingxuan in his predecessor's memory. Maybe his predecessor didn't want to think about the sad things in his childhood, so he deliberately blocked all Zhao Qingxuan's memories.

But Su Chen's memory was not complete now, and he didn't see clearly some of the blurry scenes that followed in his dream.

Zhao Qingxuan looked at Su Chen and smiled and said, "I was taken away by the master. I originally wanted to say goodbye to you, but the master had to avoid an eunuch in the palace, so I didn't come in a hurry to say goodbye to you."

"Then why didn't you go to Gusu City to find me?" Su Chen nodded when he heard Zhao Qingxuan's words.

He knew that Zhao Qingxuan's master should be avoiding the Sunflower Patriarch, but Zhao Qingxuan's master could sneak into the palace. I'm afraid her master's strength is not simple. Her master should also be a A terrestrial immortal in the heavenly realm.

But who is Zhao Qingxuan's master?

Xiaoyaozi?

Or Dugu Qiubai?

right!

If Xiaoyaozi and Dugu Qiufei were Zhao Qingxuan's masters, there would be no way they could avoid Ancestor Sunflower, and Ancestor Sunflower would not be a match for either of them.

Could it be that Zhao Qingxuan's master is that big bear girl Ning Yuxi?

Zhao Qingxuan said with some embarrassment, "I have just left the world, and I haven't finished what the master ordered me to do. I want to finish what the master ordered me to do before I go to you.""

"Oh I see!"

Zhao Qingxuan looked at Su Chen sadly and said, "Su Chen, I'm leaving. I've finished what the master told me to do. I'm going back to meet the master. I will go to Gusu to find you in the future. I will tell you my experience"

"Is your injury okay?"

"Nothing happens anymore"

"Then I'll wait for you in Gusu City!"

"good!"

Zhao Qingxuan smiled at Su Chen and left quickly using Qinggong.

Su Chen shook his head when he saw Zhao Qingxuan leaving.

This was another mistake.

He didn't know how to treat Zhao Qingxuan in the future.

Su Chen looked around. Mrs. Xiao and Xiao Yuruo smiled and said, "Aunt, I'm going back to Gusu City, will you, Yuruo and the others come with me?"

Mrs. Xiao thought for a moment and shook her head before refusing, "Let's not go there now. The Xiao family's affairs still need to be dealt with. We will go there after the Xiao family's affairs are finished. You should go back to Gusu City first. I know you have a lot of things to do. Things to do."

Su Chen did not force Mrs. Xiao and the others.

After all, the Xiao family was their home, and they could not leave everything in the Xiao family and leave with him.

"Well, Ning Zhongze, tell the secret guards to inform the governor of Hangzhou and ask him to take good care of my aunt and her family."

"Yes, master!"

Xiao Yuruo looked at Su Chen and wanted to say something, but the people here were so talkative, even her mother was here.

She would not forget that Su Chen kissed her. She was confused by Su Chen's kiss before. Later, Su Chen fell into a coma with a headache again. She would never forget what this bastard did to her.

Eastern Continent, Great Qin.

Ever since King Qin Yingzheng asked Zhang Han to take away Qin's wife Mi Hua, he has been He kept a gloomy look on his face.

Hu Ji's wolf army was gathering on the grassland, and Jiuyuan's 300,000 troops were about to capture Shang Princess.

He now regretted taking the risk of sending troops to sneak attack Gusu City.

Just now When King Yingzheng of Qin regretted it, a chamberlain reported to King Yingzheng of Qin outside the study, "Please inform your Majesty that the flying pigeons of General Nei Shiteng and Xin Sheng will convey the message."

"Submit it quickly!"

After Qin Wang Yingzheng heard this, he hurriedly ordered,

"Yes, Your Majesty!" bump!

"Damn it, Genie! A swordsman actually started to lead the army?" Qin King Yingzheng was very angry when he saw the flying pigeons of Nei Shiteng and others.

He did not expect that there was an army in the south of Gusu City. It was the traitor Gai Nie who personally led the Gusu City army to intercept it. Without Nei Shiteng and his half-million-strong army, the sneak attack had failed.

Nei Shiteng and the others could not continue to attack Gusu City.

This time he completely lost.

Qin King Ying Zheng thought of attacking Gusu City. The 500,000-strong Qin army was probably unlikely to come back. Madam Jun in Gusu City would definitely not allow the Qin army to return safely.

Just when King Qin Yingzheng was extremely angry, a secret guard suddenly ran over to confront him. King Qin Yingzheng saluted and said, "Report! Report to your Majesty, the army from Xinzheng City has been dispatched. An army of 150,000 is marching towards the State of Zhao. I am afraid that the army from Xinzheng City will attack our Qin army in the State of Zhao."

Bang!

King Qin Yingzheng split the table in front of him with his sword and ordered hurriedly,

"damn it"

"Order Li Si to rush to Xinzheng City immediately and tell Li Si that Hu Ji's request has been agreed to."

"The person Hu Ji wanted has been sent to her."

"Let him persuade the purple girls in Xinzheng City to stop the army."

"Yes, Your Majesty!"

Qin Wang Yingzheng gnashed his teeth in the study and said to himself angrily, "Wu Xiangjun! Mr. Wu Xiang, why are you not dead?"

"Not even injured?"

"And Bai Yifei!"

"This time you deceived me."

"Is this the anti-Soviet alliance you created?"

"The widow's army of five hundred thousand was finished this time, and even the widow's wife was sent out.

"Bai Yifei!"

"If you don't give me a reason this time, you don't need to live anymore."

At this time, another shadow guard hurriedly ran over and saluted King Qin Yingzheng, "Report to your Majesty, Shangjun has been occupied by the Jiuyuan Army."

Qin Wang Yingzheng was shocked when he heard the secret guard's report, "What? The county fell in just two or three days?"

Qin King Yingzheng is a little worried now.

I don't know if the 500,000 Qin troops can return safely this time?

I don't know if the purple girl in Xinzheng City can persuade Li Si?

Now that Hu Ji's army has occupied Shangjun again, what if Hu Ji continued to let the army go south. Can his Qin Empire stop it?

Qin King Ying Zheng was very anxious as he walked around in the study.

Now the Qin State is in danger, and

Shangjun is only two or three days away from Xianyang, the capital of Qin.

If Hu Ji's army continued to attack Da Qin southward. I am afraid that Xianyang, the capital of Da Qin, could not be saved.

Qin King Ying Zheng was sweating anxiously on his forehead now. "Order Wei Liaozi, Feng Jie and the others to recruit troops in Da Qin immediately. All men between the ages of forty and forty have been recruited by the people. Da Qin is now in a state of life and death."

"Yes, Your Majesty!"

"Someone come!"

"Everyone in the Qin Palace arranged to go to Yongcheng and send an order to General Wang Jian to lead his army back to the country immediately. The Zhao Kingdom would not fight, and the Zhao

Kingdom's territory would be lost. They also asked him to be careful that Wang Qi's army would sneak attack in Xinzheng City. he"

"Yes, Your Majesty!"

Chapter 907

Eastern Continent, Great Qin.

After Hu Ji and Zi Nu launched an attack on the Qin State, the Qin State had begun to mobilize. In just one day, Xianyang, the capital of Great Qin, forcibly recruited 300,000 Qin troops, and various parts of the Qin State also began to mobilize. Continuous forced recruitment of troops.

Now the Qin State is resorting to militarism. If

Hu Ji and Zi Nu can delay the Qin State for half a year, I am afraid that the Qin State will collapse without a fight. The power controlled by the two of them is too great a threat to the King of Qin Yingzheng, and the King of Qin Yingzheng is important. He had to do this because he didn't want his country to be destroyed.

People in the Great Qin Palace are now in panic.

The women and sons of Ying Zheng in the palace will be sent to Yongcheng, and even the money in the treasury will be transferred to Yongcheng.

It was impossible for King Qin Yingzheng to let his women and sons stay in this place that would become a battlefield in the future.

That shameless bastard Su Chen likes beautiful women very much.

If Xianyang City is attacked, his beautiful women will be taken away by that shameless bastard Su Chen, and his son will also be killed.

Today's Xianyang, the capital of Great Qin, is also in great chaos.

Xianyang is full of young people who were forcibly taken away by the army.

The women in the capital of Great Qin were very panicked. They didn't understand what was going on? Why would a good king forcefully recruit an army?

Da Qin has millions of troops!

Now the king wants to increase the army.

Is it the six eastern countries?

No!

Are the five eastern countries now united to fight Qin again?

At this time, Su Chen also returned to Suzhou after a long absence.

In the Xuannio Palace,

Su Chen was very surprised when he looked at the Xuannio Palace in front of him.

Although he had heard that Concubine Yan and the others built the Xuannio Palace very huge and gorgeous, this was also a huge and gorgeous palace for him.

The splendid palace was so small. The towers and pavilions with bridges and flowing water, the jade-paved floor, the exquisitely carved guardrails and pillars, and the strange flowers, plants and trees make people feel very relaxed.

Su Chen felt incredible when he looked at everything in front of him.

These precious and rare materials were probably found by women such as Yao Yue and Zhu Yuyan. There were precious exotic flowers and plants, dazzling stones and jade, and even some pillars. Carved with exquisite patterns

"Is this a hibiscus tree?"

"Holy shit!"

"Did the Yin Yang family bring all the hibiscus trees?"

Su Chen was very confused when he saw a huge tree in Xuanniao Palace.

This is the most precious hibiscus tree in Shushan.

The Yin and Yang family snatched it and sent it to him. It seems that Donghuang Taiyi was not prepared. What kind of mirage are we going to build?

Can Donghuang Taiyi get it without using his strategy?

Next to the huge hibiscus tree, there are two very beautiful cherry blossom trees. The cherry blossom trees are now full of small pink flowers..

When Su Chen came to a garden, he looked at a sea of flowers and said to himself in shock, "What kind of flowers are these?" Why is it so beautiful?"

At this time,

Concubine Yan came over with Mrs. Mingzhu and the other girls with a big belly.

After hearing Su Chen's words, Concubine Yan smiled and said, "This is the seven-star begonia flower. This is the holy medicine for healing. These are all transplanted flowers. Flower Palace invited the moon to send it, and next to it were the Buddha lotuses sent by Cihang Jingzhai. Murong Qiuci and others also sent some precious flowers, plants and treasures."

"Concubine Yan! Frightened salamander! Pearl! No chance! You are here." When Su Chen saw Concubine Yan and the others coming, he smiled and hugged them one by one.

Su Chen hadn't seen his beautiful wives for a long time.

He looked at Concubine Yan, who was graceful and noble, with a cold temperament. The gorgeous Jingshao, the gentle and elegant Changsun Wuchu, and the charming Pearl, these are all the stunning beauties in this world, and they are also his wives.

Concubine Yan touched Su Chen's face and smiled. Said, "You bastard is finally willing to come back."

"Husband!"

Jing Salamander said with a smile on his cold face,

"My husband came back after being crazy enough outside." Ms. Mingzhu looked at Su Chen and said angrily.

Mingzhu had never seen this bastard again in the Xuandiao Palace in Gusu City. She had missed Su Chen very much for most of the year. If it weren't for the Gusu City There are so many things, she would have gone to find this bastard a long time ago.

Changsun Wuji looked at Su Chen tenderly and said to Mingzhu, "My husband also has things to do, sister Mingzhu, please don't blame your husband.""

"He has a shitty thing, no chance. Apart from causing trouble everywhere, this bastard only messes with women. This bastard has provoked many beautiful women, and he probably has more confidantes than he can count on two hands.

Changsun Wuchu covered his mouth and smiled and said, "Haha!" makes sense."

Su Chen, holding the pregnant Yan Fei and Jing Salad, looked at Mingzhu and was very speechless.

This fox-like woman is just restless.

It seems that she needs to be taught a lesson tonight.

"Mingzhu, you were wrong this time. I brought more money to our Gusu City than we could spend in a hundred years."

"Tsk, it's a lie, right?"

Pah!

" Su Chen directly hit Mingzhu PG and said,"Have you ever said that about your husband?" It seems you don't want to get out of bed tomorrow"

"Shameless!"

Mrs. Mingzhu was very helpless when she saw this bastard beating her and threatening her. How could this bastard say this in front of so many people? How would she be allowed to see anyone in the future?

"Husband, are you talking about the treasures of the Kingdom of Jin?"When Concubine Yan heard Su Chen's words, she thought of the secret guard's report. She knew that Su Chen had obtained all the treasures of the Jin Kingdom for hundreds of years.

Su Chen touched Concubine Yan's big belly and smiled and said,"Haha, Bi Jin The country's treasures are hundreds of times greater. Come on, let's go to the treasure house. I'll show you how much gold and silver I've got."

Mingzhu hugged one of Su Chen's arms and said doubtfully,"Huh! I want to see if what you said is true"

"Don't be stunned for a while"

"Will I be shocked? The money I handle every day is hundreds of thousands of taels, or even millions of taels. How could I be shocked?"

In the treasure house in Xuannio Palace, there are countless gold and silver piled here.

Su Chen has not established an empire yet, and there is no so-called treasury. Anyway, the gold and silver treasures here are all taxes paid by Gusu City within its sphere of influence. Some of it was money from selling luxury jewelry.

Su Chen looked at this treasure house that was only a quarter of the size of a football field and shook his head and said, "This treasure house is too small. It seems that we need to build a larger treasure house." Got it"

"cousin!"

"Suchen!"

"Yu Yan, Aunt Li."

At this time,

Wang Yuyan and Li Qingluo also came here. They only found out that Su Chen had returned quietly after hearing the secret guard's report.

When Li Qingluo came to Su Chen, she looked at Su Chen's expressionless face. Said, "You bastard is finally willing to come back."

"Hey hey hey, I'm back after finishing my work outside. Su Chen looked at the beautiful Li Qingluo and smiled sheepishly.

Li Qingluo rolled her eyes at Su Chen and said unceremoniously, "What are you busy with?" Making trouble everywhere? Or looking for beautiful women everywhere?"

"Cousin, you are finished this time. Who asked you to provoke women everywhere, and also provoke women of such an age? My mother is now thinking about what to call those people when she meets them in the future."

Chapter 908

Wang Yuyan looked at Su Chen and smiled slyly.

Although what she said is true, her mother is not that worried. Just like Zhu Yuyan and the others, they are called sisters. Although the seniority is a bit confusing, at least the meeting is not so embarrassing.

Li Qingluo patted Wang Yuyan and told her to stop. The family hierarchy was already in chaos, but this girl still wanted to stir up trouble. It would be very embarrassing if the women like Shi Guanyin found out.

Su Chen was speechless after hearing this and shook his head.

He couldn't control these things.

Just like Li Qiushui, didn't she also let herself call her Aunt Li?

Anyway, the hierarchy in the family is already in chaos, so let them solve it themselves in the future.

Those women are very smart, and they will definitely be able to solve these little things.

"You all stand back."

Concubine Yan and the others looked at each other and stood at the door of the treasure house. They also wanted to know how much money Su Chen could bring back.

When Concubine Yan and the others were standing at the door of the treasure house, Su Chen took some gold and silver from the system space. Treasures were put into the treasure house.

In just an instant, the entire treasure house was filled, and these were gold and silver treasures that accounted for less than one-tenth of the system space.

"Wow! So many gold and silver treasures? And beautiful jewelry." Wang Yuyan shouted when she saw so many gold and silver treasures suddenly appearing.

Wang Yuyan had never seen so many gold and silver treasures. The shining gold coins and gems made Wang Yuyan unable to open her eyes. This made her unable to open her eyes. Wang Yuyan, who didn't care, couldn't stand it and cried out.

Concubine Yan and the others were also very surprised.

This treasure house was very big.

In the past, at most, less than half of the money was piled here, but suddenly a small mountain of gold appeared. Yin Caibao, this made Concubine Yan and the others couldn't help but rub their eyes and thought they had seen it wrong.

Madam Mingzhu was stunned now.

She looked at Su Chen and asked stupidly, "This.....Husband, have you robbed a tomb?"

"Damn it, would I do those immoral things?" Su Chen knocked Mrs. Mingzhu on the head and was very speechless.

"Then why do you have so much gold and silver?"

Su Chen took out a very large sapphire and stuffed it into Mingzhu's hand and said, "I still have a lot of them. These are less than one-tenth of what I took out. This treasure house is too small."

Mrs. Mingzhu and Concubine Yan were very shocked when they heard this. These are less than one-tenth of what this bastard brought out. Where did this bastard Su Chen get so many gold and silver treasures?

Su Chen suddenly thought of Xiao. After thinking about it, I decided to give the space ring to Concubine Yan and the others. Shui Rou (Mrs. Ye Di) and Bai Ruobing (Marquise) can get the space ring and give it to them later.

After all, Concubine Yan and the others are powerful in managing Gusu City. If they It will be easier to do anything with the space ring. There are ten space rings, one for Selena and Alice, one for Jellyfish Yinji and Shi Guanyin, and one for Su Yan, the girl. The remaining five are also It can only be given to useful people first.

Su Chen took out the space ring and handed it to Concubine Yan and the others, saying, "By the way, Aunt Li, Concubine Yan, Jing Salamander, Mingzhu, Wuyu, you all put on these rings, and then drop a drop of them." The blood is on it. This is a storage ring. There is a very large space inside."

"Cousin, cousin, I only have these space rings now. I will give them to you later when my cousin finds the space rings."

"Um! I understand." Wang Yuyan smiled when she heard Su Chen's words and replied.

Although she also wanted the legendary storage ring very much, she also knew that Su Chen wanted to give it to some useful people first, and besides, she had been in the Xuantiao Palace. In cultivation, she can't use the space ring now.

"so amazing! With this space ring, it will be much easier to do anything in the future."

"Yes, I no longer have to carry truckloads of money back and forth, so I don't have to worry about losing items."

"This is like a portable space, very convenient"

"Um! We can also put some of our clothes into the space ring, which will be very convenient for travel in the future."

Concubine Yan and the others put some gold and silver treasures into the space ring one by one, and then released them. They all talked to each other very happily. In front of Concubine Yan, who came from Su Chen, she came from the system. He took out Zhu Guo and Zhu Yan Dan from the space and handed them to her and said, "Fei Yan, here are fifteen Zhu Guo and fifteen Zhu Yan Pills. In the future, you can share them with whoever needs them.""

Su Chen kept five of each kind this time in case they were not needed. He gave the rest to Concubine Yan. From now on, Concubine Yan will be her legal wife. Jing Shao doesn't care about anything, so he can only give it to Concubine Yan. Come and deal with it

"Well, I get it." Concubine Yan received the Zhu Guo and Zhu Yan Dan into the space ring and said with a smile.

Concubine Yan is very happy now. Su Chen can give these to her for distribution, which shows that Su Chen still cares about her very much. She was even asked to manage this bastard's harem in the future.

After Su Chen and Concubine Yan came to a luxurious room,

Su Chen said to Concubine Yan and the others, "The Song Dynasty has surrendered, and I plan to establish a country at the end of the year." , you all discuss what to do with these."

"Husband, have you decided on the name of the empire?" Changsun Wuchu poured Su Chen a cup of tea and asked.

She knew that Su Chen should have founded the country a long time ago, but Su Chen had been out for more than half a year. Although they women had already begun to prepare for the founding of the country, Su Chen didn't speak, and they didn't know how to prepare.

Concubine Yan and the others also looked at Su Chen and wanted to know what the name of the empire would be in the future. Women like them would be the queens and concubines of the empire in the future. What was the name of the empire, good or bad? They were all very concerned about it.

Su Chen took a sip of tea and thought for a moment and said, "I thought of two names. You guys can see which one is suitable. One is called the Xuannian Empire. After all, we are the Xuannio family. In the future, the empire will It's okay to call it Black Bird Empire"

"There is another name called Xuantian Empire. Our continent here is called Tianxuan Continent. In the future, I will unify Tianxuan Continent, Tianxuan! Xuantian! It's a perfect fit, and now I haven't made up my mind what the future empire will be called.

Concubine Yan thought for a while and said to the people here, "Xuanniao Empire?" Xuantian Empire? Both of these names are very good. I think it is better to call it Xuantian Empire. After all, we are the Xuannio family. From now on, the empire will be called Xuantian Empire. We are the first family in Tianxuan Continent."

Mrs. Mingzhu shook her head when she heard Concubine Yan's words and said, "Xuanniao Empire is also okay. I think Xuanniao Empire is very good. Changsun

Wuchuan smiled and said after pouring tea for Li Qingluo,

"Sister Mingzhu, we are the Xuanniao family. It might not be good if we call it the Xuanniao Empire again."

"Sister Yanfei said it right"

"From now on, we will be the Xuanniao family, the first family in Tianxuan Continent. It is very appropriate for our future empire to be called Xuantian Empire."

Chapter 909

Su Chen listened to Concubine Yan and the others started to discuss.

He was drinking tea and listening with a smile.

Su Chen still felt comfortable and at ease at home, but this home was a bit big and luxurious, and there were many beautiful women in the house.

Li Qingluo came and sat down next to Su Chen.

She felt very confused when she looked at Su Chen.

In just one year, Su Chen had destroyed the Song Empire, the Sui Empire, Dali, the Jin Kingdom, the Liao Kingdom and countless others. In a foreign country, now Su Chen is going to proclaim himself emperor and establish an empire. From now on, Su Chen will be the emperor of an empire.

Moreover, Su Chen's empire was unprecedentedly powerful, with a vast territory, a huge and elite army, and 60 to 70 million imperial subjects, which had never appeared in the Tianxuan Continent.

Li Qingluo's charming and pretty face said to Su Chen with a smile, "Su Chen, will there not be enough time to build an empire at the end of the year?"

Su Chen smiled when he heard Li Qingluo's words and said, "Aunt Li, we are leaving. There are still a little more than three months before the end of the year, which is enough time, and Concubine Yan will give birth in two months. This is the time for me to build an empire."

Li Qingluo said worriedly to Su Chen, "But now the Western Continent Our army is attacking the Ming Empire, and the Eastern Continent is not peaceful either. If the country is established by the end of the year, will the war be temporarily stopped?"

Li Qingluo was still worried after hearing Su Chen's words.

If Su Chen established an empire by the end of the year, I'm afraid that All the generals from the Western Continent and the Eastern Continent, Su Chen's women, and even this bastard's confidante are coming to Gusu City.

If all these people come to Gusu City, what will happen to the war?

Should all ongoing wars be stopped?

Su Chen nodded when he heard Li Qingluo's words.

The war will be temporarily stopped at the end of the year.

The matter of establishing his empire is very important. This is the most important event in his life. The commanders of the four legions are returning to his aunt. Su Cheng, Zi Nu and Hu Ji are also coming back, and even his confidante are also invited

"Um! Aunt Li, the Ming Empire in the Western Continent is no longer a concern. It is also a matter of time before we conquer the Ming Empire."

"In the Great Qin Dynasty in the Eastern Continent, I did not let Zi Nu and Hu Ji start a complete war. The Great Qin Dynasty only taught Qin King Ying Zheng some lessons.

"Da Qin is not easy to conquer"

"The military merit system of Da Qin made it possible for almost all the people in Da Qin to be soldiers, and several of Da Qin's generals were also famous generals. Conquering Da Qin was not an easy task."

Li Qingluo felt relieved when she saw that Su Chen was confident.

Although this bastard didn't manage all things in Gusu City, Su Chen's control over Gusu City was very strong.

All of his women She is a strange woman. Even the secret guards throughout Gusu City's sphere of influence are not vegetarians.

"As long as you have an idea, what is the structure of your empire? The systems of these empires in the Song Dynasty, Sui Dynasty, and even the Ming Dynasty seemed to have loopholes. If you build an empire based on the systems of these empires, I'm afraid there will be problems in the empire in the future."

Su Chen stood up and looked at the beautiful Li Qingluo.

Li Qingluo said it right.

The imperial systems of the Song Dynasty and Sui Dynasty had loopholes.

An empire only has the army, money, and officials are the most important. Ordinary people only need to eat. If you are full, you will not rebel.

Su Chen's army is now 100% loyal to him, and his women are in control of the money. As long as he controls the important officials in the empire one by one, his future empire will be foolproof.

Su Chen Su Chen would not do anything about equality for everyone in ancient times.

If Su Chen did this,

I am afraid that his empire would collapse soon.

Just like Wang Mang in the Han Dynasty, an idealist.

Although Wang Mang became emperor, But he offended all the nobles, aristocratic families and scholars, and even his subordinates probably disapproved of his actions, otherwise his empire would not have been overthrown after only a few years of existence.

Su Chen must become a supreme It is impossible for the emperor to change the feudal society, and

Su Chen will not change either.

He will only weaken the privileges of some nobles, aristocratic families and scholars.

What kind of punishment can't be punished by the doctor!

What kind of common people have to face thirty punishments for suing an official!

Su Chen Chen will cancel these privileges one by one.

Su Chen thought about it and said to Li Qingluo,

"I want to build a centralized empire"

"The emperor is supreme in the empire"

"Important officials in the empire needed to be appointed by the emperor"

"I will have a chief assistant in the empire, eight ministries to assist the chief assistant in handling state affairs, and then manage the empire through the state, county and county system. These are my preliminary ideas. I will perfect this system in the next few months. stand up."

Li Qingluo nodded after listening to Su Chen's words.

She didn't know this, right?

But Su Chen's centralization of power was a good idea.

The emperor was supreme in the empire. The emperor did not need the officials of the empire and some aristocratic families. At this time,

Concubine Yan and the others were gathered around Su Chen and Li Qingluo, listening to their conversation. As for the name of the empire, they did not agree on it.

Concubine Yan and the others were a little worried when they heard Su Chen's words.

In the empire that Su Chen would build in the future, the emperor would definitely say that if there was a faint emperor among Su Chen's descendants in the future, the empire would probably rebel, and even the empire would fall apart in the future.

However, they thought that Su Chen and them might live a long life in the future. Time, and even the possibility of immortality,

Concubine Yan and the others no longer worry about these.

Wang Yuyan knows nothing about these.

She just wants her family to be safe in the future, but she suddenly thought of the emperors and concubines who were imprisoned and guarded Wang Yuyan wanted to know how Su Chen would deal with those people,"Cousin, what would you do with the surrendered and captured emperor and those concubines?"

Su Chen said with a serious face when he heard Wang Yuyan's words,"The captured emperors will be put to death, and the emperors who surrender will be imprisoned for life. As for the concubines, we will keep them under centralized care, and we will find ways to deal with the concubines later."

Su Chen will not be merciful to those emperors.

Although he will not kill those emperors who surrendered, those emperors will not be free in their lives.

Su Chen does not want those who are still loyal to the previous dynasty in the future empire to take advantage of these emperors. Come to rebel.

Madam Mingzhu rolled her eyes when she heard Su Chen's words.

She knew Su Chen very well. There were many beautiful women among those queens and concubines.

For example, Queen Xiao of Sui Emperor Yang Guang Later, that woman was very beautiful.

If this bastard saw Empress Xiao, the empress of the Sui Dynasty, he would probably not be able to let Empress Xiao's beautiful empress go.

Thinking of this, Mrs. Mingzhu reached out and pinched Su Chen's waist mocked, "Tsk! You shameless bastard, you don't want to attract the attention of those queens and concubines, do you?"

"How is that possible? I'm a gentleman."

"Pooh! You are a shameless pervert."

Chapter 910

Su Chen was very embarrassed now.

Everyone here looked at him with disbelief, which made Su Chen helpless.

He was also somewhat interested in the queens and concubines, but he was just curious, just like the Queen Mother of Liao. Empress Dowager Xiao, that woman is a strange woman. It can be said that she single-handedly led the Liao Kingdom to its strength. She even made the Song Dynasty pay 250,000 silver and 200,000 silk cloth to the Liao Kingdom every year.

There is also Empress Xiao of the Sui Dynasty, she is a famous existence in history.

In history, this woman has experienced Yang Guang, Yu Wenji, Dou Jiande, two Turkic Khans, and the Emperor Li Shimin of the Tang Dynasty.

When Empress Xiao was in her forties, she was taken as his own by Emperor Li Shimin of the Tang Dynasty, and was included in the palace and given the title of Zhaorong.

This shows what a beautiful woman Empress Xiao was.

Concubine Yan looked at Su Chen's embarrassed look and said funnyly, "Okay, Mingzhu, let's not worry about these things. My husband will handle them in the future.""

"snort! Color embryo!"

Mingzhu glared at Su Chen and then let go of him and sat aside.

She also said casually that

Su Chen still had a sense of proportion in doing things.

The women in Xuanniao Palace were all smart and intelligent women. Those women were all They are not those with sinister intentions. Besides, Su Chen will be a powerful emperor in the future, and there will probably be more women like this bastard. When

Su Chen saw Concubine Yan trying to persuade Madam Mingzhu to stop him, Su Chen hurriedly took out the Arken Gem from the system space. He said to a big box of broken crystals, "Fei Yan, I'll give you this Aken gem, Jing Salamander, Pearl, Wuyu, I'll leave these broken crystals to you to deal with.""

Su Chen looked at Li Qingluo and Wang Yuyan next to them and said, "If Aunt Li and Yuyan like it, just take it. Whether it's the jewelry in the treasure house or these broken crystals, you can take it as you like."

"This gemstone is so beautiful, and these crystal fragments are so beautiful." Concubine Yan exclaimed when she saw the Arken gems and broken crystals that Su Chen took out.

Concubine Yan and the others' eyes were all bright now.

They had never seen or even heard of the Arken gems that exuded colorful light. I have never said that before.

There are also these snow-white crystal fragments.

These gem-like crystal fragments are much more beautiful than ordinary gemstones. If these fragments are made into necklaces and bracelets in the future, they will be very beautiful.

Even everything has been She didn't care, she was looking at the Arkhen gem and the sparkling crystals intently.

Wang Yuyan looked at the Arkhen gem in Concubine Yan's hand and said with bright eyes, "It's so beautiful, especially this Arkhen gem." , this Akon is so big and so beautiful."

"Well, these broken crystals are not bad. I am afraid that none of the gems in Tianxuan Continent can compare with these broken crystals. Changsun Wuchu grabbed a handful of broken crystals and said with a smile.

Madam Mingzhu looked at the Aken gem and then at the broken crystals and said with a smile, "They are both beautiful. We can make these broken crystals into necklaces and necklaces in the future." Bracelet, this way we will be more beautiful."

Li Qingluo also likes the Arken gems and these broken crystals very much.

These are priceless treasures.

This bastard Su Chen doesn't know where they got them.

The Arken gems and these broken crystals are very attractive to women. I'm afraid Of all the women in Tianxuan Continent, no one could resist the temptation of the Arkhen gems and broken crystals.

Li Qingluo looked at the Arkhen gems and broken crystals and immediately said, "Concubine Yan's Arkhen gems can be used as a symbol of the queen in the future. , we can also make necklaces and bracelets from these broken crystals. Anyway, there are a lot of these broken crystals. In the future, everyone can get a necklace and bracelet."

Concubine Yan and the others nodded their heads after hearing this.

Li Qingluo was right.

There is only one Aken gem. This must be given to Concubine Yan. There are a lot of broken crystals left. Even if they are made into necklaces and jewelry in the future. The bracelets were distributed to all Su Chen's women and confidantes, and I'm afraid a lot of broken crystals would be left behind.

In the Xuandiao Palace, sisters Hu Meiren and Zhao Ji were sitting together drinking tea.

They all knew about Su Chen's return. , for them, Su Chen's return may require them to make some arrangements.

After all, Hu Meiren and the others are not Su Chen's women, so it is not an option to live in Xuanniao Palace all the time. But they have been in Xuanniao Palace for most of the year. They have become accustomed to it, and even the beautiful and magnificent Xuanniao Palace is not willing to leave.

They are not like the married princesses in the Xiuli Palace next door, the Princess of Jin, the Princess of Liao, the Princess of the Song Dynasty, the Princess of the Sui Dynasty, and even the There are quite a few princesses from small foreign countries in the Xiuli Palace.

Although Hu Meiren and the others don't know if Su Chen will accept those princesses who have subjugated their country, that bastard will definitely not let those princesses out of the Xuanniao Palace.

Those princesses will be in the future Either she will die alone in Xuanniao Palace, or she will be made a concubine by that shameless bastard Su Chen.

There are also those beautiful beauties who come infrequently.

Those beautiful beauties are Su Chen's confidante, and Hu Meiren and the others are not comparable. Those beautiful beauties.

Hu Meiren looked at Zhao Ji who was still calm and composed and shook her head.

Zhao Ji was about to be in trouble.

The gold that Qin paid to Su Chen was out of thin air.

Zhao Ji deceived that bastard Su Chen. Could it be that Isn't Zhao Ji afraid that Su Chen will come back to settle the score with her this time?

When Hu Meiren saw that Zhao Ji was not worried about her, she didn't bring it up. I'm afraid Zhao Ji will be in trouble in the future.

That bastard Su Chen will definitely not let Zhao Ji go..

Hu Meiren took a sip of tea and asked Zhao Ji, "Zhao Ji, will Su Chen let us live outside Xuannio Palace when he comes back?"

"Haha, you are overthinking, that bastard Su Chen is a shameless pervert, you are so beautiful and sexy, there is no way Su Chen will let you go." Zhao Ji looked at Hu Meiren and said with a smile.

Zhao Ji is also very uneasy about Su Chen's arrival. I'm afraid that bastard Su Chen already knew about the fact that she deceived Su Chen in Daqin in the Eastern Continent..

She deceived Su Chen about the gold, but she had no choice at that time.

King Qin Ying Zheng was her son after all, and she also did the last thing for King Qin Ying Zheng. In the future, King Qin Ying Zheng will live or die. They wouldn't care about it anymore.

Although Zhao Ji knew that Su Chen couldn't do anything to her in anger, that pervert might not let her go easily.

Madam Hu looked at Hu Meiren worriedly.

Her sister might be afraid this time. She couldn't escape from Wu Xiangjun's hands, and her sister didn't seem to reject Wu Xiangjun that much.

Could it be that Mrs. Mingzhu persuaded her sister?

"That damn shameless bastard!" Hu Meiren's face turned red when she heard Zhao Ji's words and she yelled.

Zhao Ji laughed when she heard Hu Meiren scold Su Chen.

"Haha, we are in important positions in Xuannio Palace now. I manage the money in the entire Gusu City sphere of influence."

"You manage the intelligence within Gusu City's sphere of influence."

"Apart from that bastard woman like Su Chen, we are one of the most powerful beings in Gusu City's sphere of influence."

"Do you think Su Chen will let us go?"

Mrs. Hu felt very uncomfortable when she heard Zhao Ji's words.

She is a free earner in Xuannio Palace. Her sisters Hu Mei and Zhao Ji are both capable of helping Mrs. Jun. In addition to being able to make good dishes, Mrs. Hu , I'm afraid it's just a vase with ruined flowers and willows.
