

Zongwu 911

Chapter 911

Hu Meiren noticed that her sister, Mrs. Hu, was absent-minded, so she reluctantly held Mrs. Hu's hand.

Her sister knew how to think wildly, and this time she must have thought of something bad again.

Her sister lived a very happy life in Xuannio Palace.

Mrs. Hu, who had nothing to do, was busy dealing with the exotic flowers and plants all day long, or making some delicious food for them women to eat.

Hu Meiren guessed that her sister might not want to leave Xuannio Palace.

In Xuannio Palace, her sister could live a carefree life, and Nongyu was living a very good life now. Nongyu would definitely come to Xuannio Palace in the future. , her sister may not want to be separated from Nong Yu anymore.

Zhao Ji also noticed that Mrs. Hu looked a little uncomfortable, "Let's stop worrying here. That bastard Su Chen is not a ferocious beast, and that bastard can't do anything to us. As long as we don't leave the Black Bird Palace, that bastard I'm afraid Ba will have to let us leave."

Hu Meiren nodded to Zhao Ji and said angrily, "That's right, that bastard's Black Bird Palace has many stunning beauties, twelve Black Bird envoys, and piano players. Li Xuemei and Su Chen's maids are all very beautiful."

"Moreover, those stunning beauties who come to the Blue Bird Palace from time to time are all the confidante of that bastard Su Chen."

Hu Meiren is no longer repelled by Su Chen.

After Mrs. Mingzhu's constant nagging for more than half a year, she also saw that Mrs. Mingzhu is living a very good life and lives a very fulfilling life.

Sooner or later, a woman will find a man. , but that bastard Su Chen is too bothersome.

Ever since she met that bastard, Hu Meiren has looked down on other men. She was angry and helpless towards that bastard Su Chen.

At this moment, in the Xiuli Palace,

The princesses from various countries here also know that Wu Xiangjun is back, which makes them very uneasy. After all, they are all princesses of subjugated countries. If Wu Xiangjun is not interested in them, I am afraid their future fate will be very miserable.

In the Xiuli Palace Only Princess Qi of the Jin Kingdom, Princess Nanyang of the Sui Dynasty, and Princess Yan of the Liao Kingdom were not too worried.

After all, their countries all surrendered voluntarily. Even if Lord Wu Xiang didn't like them, he probably wouldn't. What will happen to them.

Especially Princess Qi of the Jin Kingdom. She is already regarded as Wu Xiangjun's wife, which is acknowledged by Jun's wife Yan Concubine herself.

And Princess Weirou of the Song Dynasty, Zhao Weirou, is very uneasy, and the Song Empire is She was forced to surrender by Wu Xiangjun's army. Among all the princesses, she was the only one who was sent to Xuanniao Palace. Her mission was to make Wu Xiangjun let go of the rest of the Zhao royal family. Zhao Weirou didn't know that Su Chen How would she treat her?

She didn't know whether she could complete her mission as Emperor of the Song Dynasty.

The future fate of the Zhao royal family depended entirely on her.

In the following days,

Su Chen had been busy building the empire, and Hu Meiren Su Chen didn't go to see them or those princesses who had lost their country, and he didn't know that those princesses who had lost their country existed in Xuanniao Palace.

These days, Changsun Wuchu and the other girls have been full of smiles

; It was very beautiful and touching to be nourished by Su Chen.

Su Chen has been busy in the study these days on some regulations of the future empire and the official structure of the empire in the future. He has planned them all according to the advantages of the previous dynasties before time travel..

As for the name of the empire in the future, he still has not decided, but he also has a preliminary idea,

Xuantian Empire!

This may be the name of his empire in the future. Concubine Yan and the others also recognize the name of this empire very much.

Outside the study,

Su Chen The maids Zi Yun and Ning Zhongze were talking.

At this time, a beautiful woman came towards them.

When Zi Yun saw this beautiful woman, she hurriedly took Ning Zhongze and bowed down and said,

"I met Mrs. Jinhua. Princess Qi from the Kingdom of Jin smiled at Ziyun and Ning Zhongze and said,"Ziyun, you're welcome. I want to see my husband. Is it convenient now?""

Princess Qi will not underestimate this beautiful maid.

This maid has grown up with Lord Wu Xiang and is also Lord Wu Xiang's most trusted maid. Mrs. Yan Feijun has told her

"Madam, you're welcome. I'll go and inform Madam right away."

"Thank you very much."

Zi Yun nodded to Princess Qi and went into the study.

After Zi Yun entered the study,

Princess Qi from Jin was a little uneasy.

She didn't know whether Lord Wu Xiang would see her, but she had already agreed. Princess Nanyang of the Sui Dynasty had no choice but to come over to see Lord Wu Xiang.

Ning Zhong looked at Princess Qi and said nothing. In the past few days, she had also initially gotten to know all the ladies in the Xuanniao Palace. Among Xiangjun's four wives, the Princess of Qi is not included.

"Your Majesty, Princess Qi from the Kingdom of Jin is outside asking for an audience." After Ziyun entered the study room, she saw Su Chen writing something unknown on the desk. She whispered to Su Chen,

"Princess of Jin? She is still titled Princess Qi. Could this be Mrs. Jinhua who was given the title by Concubine Yan, right?" Su Chen thought for a moment and asked in confusion after hearing Zi Yun's words.

Zi Yun looked at Su Chen and smiled and said, "Your Majesty guessed it right. Princess Qi is the Mrs. Jinhua whom Mrs. Jun promised on your behalf."

"I'll do it!"

Su Chen was very speechless after Ziyun confirmed it.

He had heard the secret guards talk about this before, but he thought that Concubine Yan was deceiving the Kingdom of Jin, but he didn't expect that it turned out to be true.

"Haha, Your Majesty, do you want to see Mrs. Jinhua?"

"You little girl, let her in!"

"Yes, Your Majesty!"

Su Chen stretched his waist after Zi Yun left.

He hasn't learned about the things in Xuannio Palace these days. It seems that he wants to find out who is living in Xuannio Palace now when he has time? Concubine Yan and the others are not there. Did you tell him that there are other women in Xuannio Palace?

"Wanyan Xiyu met her husband." At this time, a beautiful woman came in and saluted Su Chen.

Su Chen was a little surprised when he looked at this beautiful beauty.

He did not expect that Princess Qi from the Kingdom of Jin was so beautiful, but why was the Princess of the Kingdom of Jin unknown?

Su Chen was right Princess Qi, who looked outstanding and beautiful, nodded and asked, "Are you Princess Qi from the Kingdom of Jin?"

"Exactly!"

Princess Wanyan Xiyu of Qi Kingdom is also very nervous now. This is the first time she has met Su Chen.

This young and handsome Wu Xiangjun will be her husband in the future.

She is also very satisfied with Su Chen. At least Su Chen is not a young man. An old man over fifty.

Seeing Wanyan Xiyu's nervous look, Su Chen smiled and asked, "What do you want to see me for?"

"Husband, Princess Nanyang of the Sui Dynasty wants to see you, but she is just a subjugated princess, and she is not qualified to see you, so she asked me to send a message to her husband, hoping that he can see her."

Chapter 912

Su Chen was very confused when he heard Wanyan Xiyu's words,

Princess Nanyang of the Sui Dynasty?

Is this the son Yuwenshi and Princess Nanyang who married Yuwenshu in history?

Or Concubine Yang, one of Li Shimin's four concubines?

In this world of mixed martial arts,

Su Chen couldn't figure out some characters, but it seems that he heard Yu Wenhuaaji say that the Empress of the Sui Dynasty seemed to have no children. This Princess Nanyang was probably born to Yang Guang's other concubines.

Then Princess Nanyang cannot be the princess who married Yuwen Shiji in history. Princess Nanyang is probably Concubine Yang, one of Li Shimin's four concubines in the future.

"What does Princess Nanyang want to see me for? do you know?"

Wanyan Xiyu smiled and said to Su Chen, "She should be interceding for Emperor Yang Guang of the Sui Dynasty. The Emperor of the Sui Dynasty is having a very bad life in Gusu City now. Princess Nanyang may hope that her husband will treat her kindly in the future. Emperor Sui."

Su Chen was very confused when he heard Wanyan Xiyu's words.

He knew that no matter whether she treated the surrendered emperor or the captured emperor, Concubine Yan did not insult or abuse them.

This is also a sign of respect for the king of a country.

Although those who were captured The captured emperor will be executed in the future, but Concubine Yan, who should respect them all, treats them as an emperor. The Emperor of the

Sui Dynasty is the emperor who surrendered, and it is even more impossible for Concubine Yan to offend the Emperor of the Sui Dynasty. The Emperor of the Sui Dynasty Why is life so bad in Gusu City?

Su Chen thought for a while but couldn't figure it out.

He asked Wanyan Xiyu curiously, "Is Yang Guang's life not good now?" How is this going? It seems that Emperor Yan Fei who surrendered and was captured did not humiliate them, right? It seems that all the food, clothing, housing and transportation are not unfair to their subjugated kings, right?"

Wanyan Xiyu looked at Su Chen's puzzled look.

She also knew that Su Chen had just returned to Gusu City and didn't know much about the things here in Gusu City. However, Su Chen was not particularly difficult to get along with. Now she wants to talk to Su Chen. Gradually she became less nervous.

Wanyan Xiyu smiled and explained to Su Chen,

"Husband, this was also found by Emperor Yang Guang of the Sui Dynasty. He had always wanted to live with the Empress of the Sui Dynasty, but Mrs. Mingzhu never agreed."

"Later Yang Guang started making trouble"

"Madam Mingzhu couldn't stand Yang Guang and imprisoned him. Yang Guang is still imprisoned in the secret guard prison in Gusu City."

"So this is ah!"

Su Chen understood after hearing Wanyan Xiyu's words.

The Emperor of the Sui Dynasty definitely didn't want to be separated from his beautiful queen, but in Gusu City, whether it was the emperor who surrendered or the emperor who was captured, they all lived separately from their concubines, the emperors were imprisoned and imprisoned in separate places.

Yang Guang brought it upon himself this time

"Husband, do you want to see Princess Nanyang? Wanyan Xiyu looked at Su Chen and asked expectantly.

Su Chen shook his head and said to Wanyan Xiyu, "Forget it, I don't have time to see Princess Nanyang now. I will build an empire by the end of the year. You go back and tell Princess Nanyang, I will ask people to release Yang Guang, but if Yang Guang makes trouble again in the future, I will imprison him until his death."

Wanyan Xiyu was very happy when she heard that Su Chen was going to establish an empire.

She knew that in the Tianxuan Continent, Su Chen could be said to be the most powerful existence today, and no other empire could compare with Su Chen.

If Su Chen After an empire is established in the future,

I am afraid that the most powerful empire in the Tianxuan Continent will be born.

In the future, Su Chen will destroy the Ming Empire in the Western Continent, the countries in the Eastern Continent, and the Han Empire in the Northern Continent. I am afraid that the Tianxuan Continent will be Su Chen's Tianxuan Continent, and Su Chen is also the uncrowned king of Tianxuan Continent.

As Su Chen's wife, Wanyan Xiyu will be happier when Su Chen becomes stronger.

After all, they will be one in the future.

Su Chen's glory It's her own glory

"I understand, husband, then I won't disturb you"

"Um! I'm afraid I'm very busy these days. I'll come back to you when I'm free."

"Yes, husband!"

When Wanyan Xiyu heard Su Chen's words, she flushed and left in a hurry. She knew what Su Chen meant. I'm afraid that when Su Chen came to look for her again, she would truly become Su Chen's woman.

Su Chen looked panicked. Princess Wanyan Xiyu of the Qi Kingdom shook her head as she left.

He did not reject the beautiful Wanyan Xiyu.

At most, he would only keep a vase in the future, but this vase was really a beautiful vase.

Eastern Continent, Da Qin. Da

Qin in just a short period of time Within a few days, 700,000 troops were forcibly recruited, but these troops lacked armor and weapons. Without armor and weapons, these could only be regarded as peasant armies. In the main hall of the

Qin Palace,

King Qin Ying Zheng Zheng looked at the many officials in the hall with a livid face. Now the army was ready, but the weapons and armor could not keep up. This made King Qin Ying Zheng very angry. King

Qin Ying Zheng looked at Wei Tiaozi with a blank expression. He asked with an expression, "Weiying, when will the weapons and armor be ready?"

Wei Tiaozi saluted King Qin Yingzheng and said, "Your Majesty, this may be very difficult. Our Qin Dynasty is very short of fine iron and bronze. Without these, it is impossible to complete the casting of weapons and armor in a short time."

Bang!

King Qin Yingzheng smashed the table and shouted angrily, "Damn it, do you think Hu Ji's army needs to invade Xianyang City to prepare weapons and armor?"

"King, calm down!"

The ministers in the hall saw that King Qin Yingzheng was angry again. They all hurriedly bent down and saluted.

A shadow secret guard ran into the hall and hurriedly saluted King Qin Yingzheng and said, "Report, report to the king, Jiuyuan. The army has stopped attacking. After occupying Shangjun, the Jiuyuan army began to deploy defenses in Shangjun."

"What? Stop attacking? In this way, Xianyang City is safe."

"Why did Hu Ji's army stop attacking? Could there be a conspiracy?"

"Hu Ji now has 300,000 elite troops in her hands, and there are also millions of foreign troops. Why did Hu Ji stop attacking our Great Qin?"

"There must be a conspiracy. We must be prepared for a sneak attack by Hu Ji's army."

"Yes, our Daqin is in a precarious situation now, and we cannot be careless about Hu Ji."

Many ministers in the main hall started talking after hearing the report of the Shadow Secret Guard. Their ministers here did not believe that Hu Ji would give up attacking Qin when Qin's troops were empty.

Qin King Ying Zheng looked at the ministers in the main hall. They did not stop their conversation. Now he thought about why Hu Ji's army did not continue to attack Da Qin. This must be Zhang Han bringing Qin's wife Mi Hua to Hu Ji. Hu Ji kept his promise and stopped after getting Mi Hua. to attack Da Qin.

In the main hall, a minister stood up and saluted King Qin Yingzheng and said, "Your Majesty, although Hu Ji's army has stopped attacking our Da Qin, there is no news about Zi Nu's army in Xinzheng City. If Zi Nu's army in Xinzheng City If the army unites with the Zhao State, I am afraid that General Wang Jian's 500,000 troops will be in danger."

Chapter 913

King Qin Yingzheng nodded when he heard the minister's words, but he was not worried now, nor was he angry again.

He knew that Zi Nu in Xinzheng City would retreat in a day or two, although this time he paid the price of his wife. Mi Hua, but a woman can help the Qin Empire survive dangerous moments. Qin King Ying Zheng still feels that it is very worthwhile.

King Qin Yingzheng looked at the Shadow Secret Guard next to him and ordered, "The Shadow Secret Guard immediately pay attention to Zhao's Purple Girl Army. I want to get the movements of the Purple Girl Army in Xinzheng City as quickly as possible."

"Yes, Your Majesty!"

"Meng Wu, you lead the newly recruited 500,000 troops to station on the edge of Shangjun. You must be prepared for a sneak attack by Hu Ji's army."

"Yes, Your Majesty!"

"Li Xin, you will lead the 200,000 troops you recruited to station at Hangu Pass, ready to receive Wang Jian's army at any time."

"Yes, Your Majesty!"

"Wei Qing, I'm going to trouble you about weapons and armor."

"I will try my best to complete the casting of the weapons and armor needed for the army as quickly as possible."

In the Kingdom of Zhao,

Wang Jian's army is now in a dilemma.

He is about to hit Handan City, the capital of Zhao Kingdom, but the country of Qin will be attacked by foreigners.

He also did not expect that the King of Qin would send fifty Thousands of troops went to attack Gusu City. Now the alien Hu Ji is attacking Shangjun of Daqin. An army of 150,000 from Xinzheng City has also been dispatched to Zhao State.

If Zhao State learns about the situation in Da Qin,

King Zhao may fight with Xinzheng If Cheng Zinu cooperates, his half a million troops may also be in danger.

In the big tent,

Meng Tian's face is also very ugly now.

He knows the hatred between King Qin and Lord Wu Xiang, but King Qin's decision this time is too risky. , the 500,000-strong Qin army is now unable to move in the southern continent, and perhaps the 500,000-strong army may not be able to return to the Qin State.

And the Zhao State is also surrounded by dangers.

Originally, this war was a good situation, but now the King of Qin has made the Qin Dynasty face embarrassment on all sides. Meng Tian looked at General Wang Jian and asked with an ugly expression, "General, what should we do now?"

Wang Jian looked at the map in the big tent and ordered, "Meng Tian, order the army to defend on the spot. Now we cannot return to Qin, nor can we continue to attack Zhao. Before the army from Xinzheng City appears, we The current situation must be stabilized."

Meng Tian was very worried when he heard Wang Jian's words. If General Wang Jian did not obey King Qin's order, King Qin would catch and punish General Wang Jian, and even execute General Wang Jian.

Meng Tian thought about it and turned to General Wang Jian. He reminded, "But the king's order is to return to the country as soon as possible to defend Xianyang City. If we don't return to Qin, I'm afraid the king will be angry and deal with the general. Wang

Jian shook his head expressionlessly and explained,

"Meng Tian, do you think we can return to Qin now?"

"There are 200,000 Zhao troops in Shangdang City of Zhao State, and Li Mu personally leads the army there. If we retreat when we win, Li Mu will definitely guess that something has happened to our Qin State."

"Once Li Mu knows about the changes in Qin's country, Li Mu will stop our army from returning to Qin at all costs, and the army in Xinzheng City will probably not let us return to Qin safely."

"For the sake of the half a million troops here, we must not act rashly, otherwise we will fall into a situation where the entire army will be annihilated."

Meng Tian nodded when he heard the words of General Wang Jian.

The situation here is indeed not one that can be acted upon rashly, at least not by Li Mu in Shangdang City. The changes in the Qin State cannot be noticed.

In a valley not far from Wang Jian's army Here, hundreds of Jianghu people appeared here.

These people were men and women, old and young. They were very nervous when they looked at the Qin army with weapons.

These are the disciples of the Mo family, and some of the leaders of the Mo family. Five or six people came every time, and even the Mohist giant Six Finger Black Man was here.

Master Ban, who was short in stature and had a snow-white beard, looked at the hundreds of thousands of elite Qin troops and said helplessly to a middle-aged man next to him. , "Big brother, the Qin army has an army of 500,000 this time, and the Zhao army in Shangdang City is only 200,000, and they are all new soldiers. This time the Zhao country will definitely be destroyed. We, these people, can't stop it at all. Unable to resist the Qin army's attack."

The Mohist tycoon Six-fingered Black Man nodded and said, "We can't enter Shangdang City now. Let's just wait and see here this time. Maybe the war will turn around."

A man in black next to the Mohist giant was very angry when he saw the Qin army.

The Zhao State was almost beaten to the capital Handan by the Qin Army, but other countries did not send troops to rescue the Zhao State. Don't all the countries understand? Is it true that the lips are dead and the teeth are cold?

He angrily patted the boulder next to him and said angrily, "Damn it, the Qin State has already destroyed the Han State. If it destroys the Zhao State now, I am afraid that all the six eastern countries will be violently attacked by the Qin State." They were destroyed, but Chu, Wei, Qi, and even my father, King Yan, could not see Qin's ambition to unify the Eastern Continent."

The Mohist giant looked at Yan Dan and said in a deep tone,

"Yan Dan!"

"The six eastern kingdoms have all lost the courage to fight Qin. Now that the Han Kingdom has been destroyed, Zhao may not be able to hold on for long. In the future, the six eastern kingdoms may all be destroyed by Qin one by one."

"We are just Jianghu people, and our Mohist family adheres to the principle of "universal love!" Non-attack], but you must also act within your ability."

At this time, a young man holding a long sword came to the six-fingered black man and asked, "Big man! What about Xingcheng City? Will Mrs. Zi Nu in Xingcheng City see Qin unify the Eastern Continent?"

The six-fingered black man shook his head when he heard the words of the leader of the Mo family, Jing Ke, and said,

"Xinzheng City?"

"well!"

"I am not sure"

"Jing Ke, there are almost 200,000 elite troops in Xinzheng City, and the Qin State destroyed the Han State, but the Qin Army in Xinzheng City did not invade at all. This may be because the King of Qin was afraid of offending Lord Wu Xiang."

"Otherwise, it would be impossible for the King of Qin to destroy the traitors of the Qin Army in Xinzheng City"

"But now Qin State and Xinzheng City have no conflict with each other at all, and I don't know what kind of deal Wu Xiangjun and King Qin have."

Jing Ke nodded.

He knew what Juzi said was right.

He had also met Mr. Wu Xiang, and that shameless bastard had even had an idea of his junior sister Gongsun Liji.

But could Mr. Wu Xiang coexist peacefully with the King of Qin?

Jing Ke thought about it. Even thinking about it, I think it's impossible. King Qin Yingzheng's ambition is very great, and Lord Wu Xiang's ambition is probably not much less than that of King Qin Yingzheng.

"Big man, I'm afraid Lord Wu Xiang will unify the Southern Continent, and I also heard that Lord Wu Xiang's millions of troops are attacking the Ming Empire in the Western Continent. If King Qin unifies the Eastern Continent, King Qin will definitely have an affair with Lord Wu Xiang in the future. War, I'm afraid it will be a fight between two tigers."

Chapter 914

The leaders of the Mo family nodded when they heard Jing Ke's words. King Qin Ying Zheng and Lord Wu Xiang Su Chen were both very ambitious.

However, King Qin Yingzheng was very ambitious.

And Wu Xiangjun Su Chen couldn't help but join in the struggle for world hegemony.

If the leaders of the Mohist family wanted to help someone, they would join Wu Xiangjun's camp without hesitation.

Yan Dan was very jealous of Lord Wu Xiang.

One monarch could be on an equal footing with King Qin Ying Zheng, and now he wanted to unify the southern continent.

But he, a dignified prince of the Yan Kingdom, had no power at all, and even had to go back and forth with these Jianghu people every day. This made Yan Dan very jealous and resentful towards Lord Wu Xiang.

Thinking of this, Yan Dan said angrily,

"Mr. Wu Xiang, raising tigers is causing trouble."

"Wu Xiangjun should not have helped King Qin Yingzheng when he was crowned. Now King Qin Yingzheng has completely controlled the state of Qin."

"Both Lao Ai and Lu Buwei were removed by King Yingzheng of Qin. No one in the Qin Kingdom could cause trouble or hinder King Yingzheng of Qin."

"King Qin Yingzheng is now launching wars to destroy the country everywhere"

"All this is Wu Xiangjun's fault."

A cool and beautiful woman wearing a headscarf retorted to Yan Dan, "Commander Yan, what you said is wrong. I have been to Xinzheng City, and the current Xinzheng City is completely different from the previous capital of the Han Kingdom."

"The people in Xinzheng City now live and work in peace and contentment, and are peaceful. Xinzheng City is better than all the countries in the Eastern Continent. The life of the people in Xinzheng City is also incomparable to the people in other countries."

"All of this was brought by Lord Wu Xiang to the people of Xinzheng City. If Lord Wu Xiang comes to rule the Eastern Continent in the future, I am afraid that the people of the Eastern Continent will be grateful to Lord Wu Xiang."

Duan Murong looked down upon Yan Dan who had always been hiding his head and tail. A dignified prince of the Yan Kingdom could be so timid and afraid of showing his true colors.

No wonder he has no power at all in the Yan Kingdom.

Wu Xiangjun is better than Yan Dan. Much stronger.

Wu Xiangjun is also famous in the world. Regardless of strength or courage, Yan Dan cannot compare with Wu Xiangjun. Yan Dan was very angry when he heard Duan Murong defend Wu Xiangjun like this. Xiangjun has many powerful beauties, but he, a dignified prince, does not even have a powerful beauty.

He has some evil thoughts about Jing Ke's beautiful junior sister, but Gongsun Liji actually ignores him.

And this beautiful Duan Murong also looked down upon him very much, and now she was even more protective of Wu Xiangjun. This made Yan Dan hate Wu Xiangjun even more.

"Duan Murong, Mr. Wu Xiang is an out-and-out lustful person. If you say this, you won't have a good impression of Mr. Wu Xiang, right?"

"What nonsense are you talking about? I'm talking about facts." Duan Murong's face turned red when Yan Dan said that. She didn't expect that Yan Dan would say this.

She knew very well who Mr. Wu Xiang was. Except that Mr. Wu Xiang was a bit lustful, he didn't have any bad habits.

But Tangtang What's wrong with the monarch having some beautiful women?

Aren't the nobles in the Eastern Continent a lot of women?

Yan Dan is also about to faint because of Duan Murong's expression.

The blushing Duan Murong makes Yan Dan feel that this Duan Murong must be in love with Lord Wu Xiang.

Yan Dan looked ugly and warned Duan Murong unceremoniously, "Duan Murong, I advise you not to be curious about Lord Wu Xiang. Lord Wu Xiang is in the mainland." His reputation was very bad, and all the beautiful women in the world were forcibly molested or captured by him."

"You'd better not appear in front of Lord Wu Xiang in the future, otherwise you may be captured by Lord Wu Xiang. If you don't believe it, you can ask leader Jing Ke. His junior sister was almost captured by Lord Wu Xiang."

The leaders of the Mo family here began to listen to the exchanges between Yan Dan and Duan Murong, but they did not expect that Lord Wu Xiang had also made plans for leader Jing Ke's junior sister.

However!

Leader Jing Ke's junior sister is very beautiful.

I am afraid that in the Eastern Continent, The most beautiful girl is the junior sister under Jing Ke.

Jing Ke was very angry when he heard Yan Dan's words.

He didn't expect that Yan Dan would dare to talk about his junior sister. This would be very bad for his junior sister's reputation.

If her junior sister was raped If word spreads about what Wu Xiangjun likes, her junior sister will be in great trouble in the future. Those who want to curry favor with Wu Xiangjun may be detrimental to his junior sister, and may even kidnap his junior sister and offer them to Wu Xiangjun.

If not now At this time,

Jing Ke couldn't help but want to teach Yan Dan a lesson, and he would definitely beat Yan Dan into a pig's head.

"you....."

"Okay, let's not talk anymore. We are here to do business this time, so don't discuss some irrelevant things."

Duan Murong pointed at Yan Dan angrily and was about to defend, but before she had time to defend, she was interrupted by the giant Six Finger Black Man.

Six Finger Black Man is also very helpless now.

His apprentice Yan Dan is too small. , was originally a trivial matter, but Yan Dan actually held on to it.

He also saw that Yan Dan was very jealous of Wu Xiangjun.

This made him very disappointed with Yan Dan.

At this time, a Mohist The disciple ran over and reported to the Six-fingered Black Man,"Big Master, the troops from Xinzheng City have been dispatched and are now heading towards Zhao State."

The Six-fingered Black Man was very surprised when he heard what the disciple of the Mo family said,"What? The troops from Xinzheng City are dispatched? Have you come to Zhao State again? Will Xinzheng City's army join the Qin army in attacking Zhao?"

Master Ben next to him thought for a moment and said doubtfully after hearing this, "This is wrong! Big man, Qin is foolproof in attacking Zhao, and the troops from Xinzheng City cannot come to help the Qin Army. Isn't this the Purple Lady in Xinzheng City who wants to share the pie with Qin here in Zhao State?"

"How many troops will Xinzheng City send this time?" Jing Ke looked at this Mohist disciple and asked hurriedly,

"Returning to the leadership of Jingke, Xinzheng City dispatched about 150,000 troops."

"Damn it, Xinzheng City dispatched about 150,000 troops? What on earth is Mrs. Murasaki going to do?" Jing Ke was very surprised when he heard the reply from the Mohist disciples.

There are less than 200,000 troops in Xinzheng city, and

150,000 troops will be dispatched this time.

Does Mrs. Zinu really want to share Zhao with Qin?

Duan Murong was also very surprised. She didn't believe that Xinzheng City's army would come to attack Zhao State, but what was the purpose of Xinzheng City's 150,000 troops this time? If it was n't to attack Zhao State, was it to join the Qin army? Fight?

Duan Murong's mind is in chaos now.

Chapter 915

The leaders of the Mo family and the giant Six-fingered Black Man were very confused. What was Zhao Dedo going to do when Xinzheng City sent troops to come? Are you here to help Zhao Guo fight against the Qin Army? Or do you want to destroy Zhao with the Qin army?

The Mohist giant Six-fingered Black Man is very worried about the Zhao State now.

The 500,000 Qin Army has already made it difficult for the Zhao State to resist.

The arrival of the 150,000 troops from Xinzheng City this time is not known to be good or bad for the Zhao State. A disaster or a blessing?

The corner of Yan Dan's mouth twitched at this moment, but it didn't mean anything, but his clenched fists showed that his heart was very uneasy.

One hundred and fifty thousand troops!

He understood that the arrival of 150,000 troops would be a disaster for Zhao.

But if Zhao is destroyed, which country will Qin destroy next?

Wei State?

Or his Yan country?

Yan Dan's eyes were already red.

One of Wu Xiangjun's women had almost 200,000 troops, but what about him, the dignified prince of the Yan Kingdom?

No soldiers, no power!

In the Yan Kingdom, he, the prince, was probably a dispensable person. If he hadn't been the only bloodline of King Yan, he would have been deposed long ago by King Yan's father who didn't like him.

"wind! wind! wind!"

Just when everyone in the Mo family was confused, suddenly, the 500,000 Qin troops outside the valley began to move. Amid the loud slogans of the Qin army, the 500,000 Qin troops began to move.

"what happened? Will the Qin army attack the party city of Zhao State?" A Mohist leader asked hurriedly when he heard Qin Jun's shouts.

Master Xu looked at Qin Jun and frowned and said, "I don't know! But it seems that the Qin army is on defense. Is there an army coming?"

"It should be that the army from Xinzheng City has arrived, but is it just that the relationship between Qin and Lord Wu Xiang is ambiguous? Why did the Qin army guard against the army in Xinzheng City?" Jing Ke looked at the Qin army's formation and was very puzzled.

The Qin army's formation was obviously a defensive formation, but weren't Qin King Ying Zheng and Wu Xiangjun better allies than allies?

Then why did the Qin army have to guard against the army in Xinzheng City?

It seems that This time the troops from Xinzheng City arrived in a somewhat complicated situation!

Duan Murong looked at the Qin Army and was even more confused.

Today, her mind was very confused. Why did the troops from Xinzheng City come to Zhao? Why did the Qin Army guard against Xinzheng

?

The city's army?

This made Duan Murong, a medical woman, unable to understand.

Duan Murong's cold face showed a complicated expression and said to herself, "It seems that I am only suitable for treating patients. These conspiracies between countries, fighting and killing is really not suitable for me."

Uuuuuuuuuuuuuuuuuuuuu!"

Da da da da da!.

Just when everyone in the Mohist family was guessing why the Qin army was guarding against the troops in Xinzheng City, a sound of horns came over, and then the sound of dense horse hooves also reached the ears of the Mohist disciples here.

The Mohist giant Six-fingered Black Man looked at the rushing dust in the distance and said seriously, "It's the cavalry. The cavalry from Xinzheng City has arrived. It seems that 50,000 Xinzheng City cavalry have arrived." The other Mohist leaders and disciples all Without saying a word, they all looked towards the approaching cavalry from Xinzheng City in the distance.

Fifty thousand cavalry!

This is a huge cavalry army. Since the grasslands were unified by Hu Ji, the Central Plains region has been very short of war horses, and some of the six eastern countries do not have so many cavalry.

In the Qin army's camp, half a million troops were neatly arranged in several military formations, with black armor, huge shields, long spears, and long swords in their hands. The Qin army here all saw it. Wait for the enemy to arrive without squinting.

The high-hanging black battle flag with the word "Qin" in it kept swinging and making a snapping sound.

Generals Wang Jian and Meng Tian were riding on their horses, expressionlessly waiting for the troops from Xinzheng City to arrive.

Da da da da da.....

At this time, countless cavalry wearing black armor appeared from a distance.

The arrival of these cavalry troops in armor is very shocking. After all, scenes of thousands of horses galloping rarely occur, and this time it is the galloping of 50,000 cavalry troops.

"Crossbowmen at the ready!"

General Wang Jian saw the troops about to collide and ordered expressionlessly, "Swish, swish, swish, swish."

After hearing the order, tens of thousands of Qin army's crossbowmen opened their bows and crossbows, and even dozens of huge crossbows were loaded and ready to be fired.

At this moment, the Xinzheng City cavalry army still maintained its charging formation, and its speed did not slow down at all.

Meng Tian looked at the cavalry in Xinzheng City and said expressionlessly, "General, it seems that Lord Wu Xiang's army is really going to take revenge on us, Great Qin."

"well!"

General Wang Jian sighed and shook his head.

He originally guessed that there would be a battle between Qin and Wu Xiangjun in the future. King

Qin Yingzheng was an ambitious king. If King Qin Yingzheng unified the Eastern Continent, then King Qin would Ying Zheng will definitely break out a war with the Southern Continent ruled by Wu Xiangjun.

Not to mention that Qin King Ying Zheng has a grudge against Wu Xiangjun.

The Queen Mother of Qin Zhao Ji and Wu Xiangjun returned to the Southern Continent. This is Qin King Ying Zheng What a shame and humiliation! It was impossible for King Qin Yingzheng not to take revenge on Lord Wu Xiang, but he did not expect that it would come so soon.

"Meng Tian, revenge has already begun. Hu Ji's 300,000 black armored troops from Jiuyuan are attacking our Shangjun of Da Qin. Moreover, Hu Ji has gathered hundreds of thousands of foreign troops. Those foreign cavalry may also launch an attack on Da Qin. Meng

Tian looked at the Xinzheng City army that was constantly charging over and asked in confusion, "What will the Xinzheng City army do this time?" Are we going to destroy our army of 500,000 people with these 50,000 cavalry? This is a bit whimsical."

Wang Jian looked at the direction of Zhao State's Shangdang City and explained to Meng Tian,

"I don't know, but Wang Qi, the rebel general of Great Qin, can't be so unwise. With 50,000 cavalry, he is no match for our Great Qin army. Wang Qi should be trying to give our Great Qin army a disincentive. He can't possibly win with just these cavalry troops. Start a war with our Great Qin army."

Wang Jian is now very worried that Li Mu in Zhao State's Shangdang City will take action.

Li Mu has been paying attention to the Qin army here. If Li Mu finds out that Qin State and Wu Xiangjun have broken up, I am afraid that Li Mu will contact the army in Xinzheng City. , this would be very detrimental to Qin's 500,000-strong army.

"woo woo woo woo!"

The fifty thousand black armored cavalry in Xinzheng City suddenly stopped more than a mile away from the Qin army. The powerful and neat black armored cavalry shocked the Qin army opposite.

In the fifty thousand black armored cavalry , After stopping, a white-haired old general in black armor came out of the cavalry army on a horse and shouted, "General Wang Jian of the Qin Dynasty, I, Wang Qi, commander of the Xinzheng City Guard Corps, dare to come out and answer!"

"Rebel general, how can you meet this general?"

Chapter 916

General Wang Jian of the Qin State also rode in front of the Qin army. He looked at Wang Qi, the rebel general of the Qin Dynasty, with a very complicated look.

Wang Qi used to be a general of Great Qin, and was even the former deputy general of Bai Qi, Lord Wu'an.

But after Bai Qi's unexplained death, Wang Qi always wanted to kill King Qin to avenge Lord Wu'an. Lord Wu Xiang had originally persuaded Wang Qi to give up his revenge on King Qin, but in Yongcheng, King Qin Yingzheng turned against Su Chen. Killer.

This made Wang Qi completely turn against King Qin Yingzheng, and even led his army to surrender to Lord Wu Xiang.

Wang Qi laughed crazily while riding on the horse, "Hahaha! Wang Jian, I am a traitor general of the Qin Dynasty? What about Bai Qi, Lord Wu'an? What about the ungrateful King Qin Yingzheng?"

"Wu Xiangjun saved Qin King Yingzheng at the beginning, and more than once, and even helped Qin King Yingzheng destroy the rebellious Changxin Hou Lao Ai, allowing Qin King Yingzheng to gain the power of Qin in one fell swoop"

"But how did King Qin Yingzheng treat Lord Wu Xiang?"

"Forget about not repaying the favor, he actually raised the butcher knife to kill Lord Wu Xiang. Is this what a king of a country should do?"

"This time King Qin Yingzheng sent another 500,000 troops to attack Gusu City. Is the promise promised by King Qin Yingzheng just a piece of shit?"

Wang Jian's face turned ugly when he heard Wang Qi's words.

Although he did not agree with what King Qin Yingzheng did, and the death of Wu'an Lord Bai Qi was also confusing, he even suspected that King Zhuangxiang of Qin had killed him because of his great achievements. Lord Wu'an is in vain.

But King Qin Yingzheng is the king after all, he is just a minister.

Wang Jian cannot blame King Qin Yingzheng, nor can he not obey the orders of King Qin Yingzheng. If the king lets the minister die, the minister has to die! Call him stupid and loyal. Regardless of whether he can tell right from wrong, the Da Qin royal family will always be loyal to the Da Qin royal family and cannot betray the Da Qin royal family.

Meng Tian in the Da Qin army lowered his head when he heard Wang Qi's words, but he knew that Qin Wang Ying Zheng Regarding everything Wu Xiangjun did,

Qin Wang Yingzheng betrayed his alliance with Wu Xiangjun, which was already unkind and unjust. This time he sent 500,000 troops to attack Gusu City. Qin Wang Yingzheng once again broke his promise. The promise. I am afraid that the king of Da Qin will become a person who does not keep his promises in the future. Even if these things are known to the subjects of Da Qin that their king is a despicable villain, I am afraid that the people of Da Qin will look down on their king.

But at this time

Li Mu in the Shangdang City of Zhao Kingdom also learned about Xinzheng City's dispatch of troops.

From the scouts' information,

Li Mu also discovered that the troops dispatched from Xinzheng City were directed against the Qin Army. This surprised Li Mu very much.

The relationship between the State of Qin and Lord Wu Xiang is not that of an ally, but it is a well-known fact in the Eastern Continent.

But why did the army in Xinzheng City turn against Great Qin this time?

Could it be that the relationship between Qin King Ying Zheng and Lord Wu Xiang has broken down?

Li Mu After thinking about it, he hurriedly ordered,"Come here, order all the troops to assemble and be on guard. Thirty thousand Zhao soldiers will follow me out of the city.""

"Yes, General!"

In the valley next to the Qin army, the people of the Mo family also knew that Xinzheng City had broken with the Qin State. It seems that King Qin Yingzheng sent troops to sneak attack Wu Xiangjun's Gusu City, and also sent an army of 500,000 to sneak attack Gusu City. Su City.

This surprised everyone in the Mo family.

You must know that Lord Wu Xiang deployed many troops in the Eastern Continent.

In the east of Great Qin,

Lady Zinu of Xinzheng City had almost 200,000 black-armored troops.

In Great Qin In the northwest periphery,

Madam Hu Ji of Jiuyuan City has 300,000 black-armored troops, and even the various tribes of the Donghu and Wolf tribes are under the control of Wu Xiangjun's woman Hu Ji.

If Madam Hu Ji gathers all the Donghu and Wolf tribes, The tribal army may have an army of millions of aliens.

Is King Qin Yingzheng seeking death?

Or does King Qin Yingzheng have a way to deal with Wu Xiangjun's army?

Yan Dan is very happy now.

He did not expect Wu Xiangjun Yan Dan turned against King Qin Yingzheng and became enemies.

Yan Dan did not expect that King Qin Yingzheng would send troops to attack Gusu City. This would make Lord Wu Xiang completely angry. King Qin Yingzheng was also completely inflated. Did he forget about the surrounding areas of Qin? Lord Wu Xiang's army?

Yan Dan really wants a war to break out between Qin and Lord Wu Xiang.

He dislikes both Lord Wu Xiang and King Qin very much. It would be best if Lord Wu Xiang's army and King Qin's The army can lose both sides

"Hahaha! This time King Qin and Lord Wu Xiang turned against each other. This was an opportunity for the remaining five countries in the east. With Lord Wu Xiang sending troops to attack Qin, Qin would be unable to resist it no matter how powerful it was. This time King Qin Yingzheng had to suffer for himself."

The Mohist giant Six Finger Black Man did not expect that the King of Qin would dispatch 500,000 troops to attack Gusu City. I am afraid that Lord Wu Xiang will not let Qin go so easily this time.

He thought that once a war breaks out between Lord Wu Xiang and the State of Qin, I am afraid that this It will be an unprecedented war.

The State of Qin has millions of troops, and

Lord Wu Xiang also has millions of troops in the Eastern Continent. An unprecedented battle between more than two million troops is unprecedented in the Eastern Continent.

The Six-fingered Black Man thought that it was about to happen The war was about to break out, so he sighed and said,"Well, if a war breaks out between Lord Wu Xiang and Qin, I'm afraid all the countries in the Eastern Continent will get involved, and the Eastern Continent will be completely in chaos."

Jing Ke shook his head and said helplessly,

"There is no way to do this. It was King Qin who betrayed Lord Wu Xiang first. Lord Wu Xiang could not not take revenge on King Qin. This time King Qin Ying Zheng made a bad move."

The leaders of the Mo family started talking after hearing what Six Finger Black Man said.

It is impossible for the Mo family to participate in this war, and they have no ability to participate anymore.

Lord Wu Xiang is not the King of Qin who wants to use their Mo family There is no way.

Lord Wu Xiang has the support of Taoism and Yin Yang Family in the Eastern Continent. Even Wu Xiang Lord's wife is Dong Jun of the Yin Yang Family.

If the Mo family offends Lord Wu Xiang,

I'm afraid there will no longer be a Moh family in the Eastern Continent.

Before the confrontation between the black armored army and the Qin army in Xinzheng City, Wang Qi saw that Wang Jian didn't answer him for a long time. He didn't want to wait any longer. This time, Mrs. Zi Nu ordered to stay and attack Zhao. Although his army of 500,000 Qin troops has not yet arrived, his 50,000 Netherworld cavalry can still contain the Qin army here.

As long as the 100,000 infantry army behind them arrives,

Li Mu of Zhao State also leads the Zhao army.

Wang Jian's army of 500,000 can only wait to be destroyed.

Wang Qi looked at Wang Jian in front of the Qin army and shouted loudly, "Wang Jian, war is inevitable. Is your Qin army ready?"

"If you want to fight, fight. Our officers and soldiers of Great Qin are not afraid of all enemies." Wang Jian looked at Wang Qi and shouted expressionlessly,

"Then let's fight!"

Wang Qi issued a letter of war to Wang Jian and rode back to the Netherworld Cavalry.

General Wang Jian of the Qin Army saw Wang Qi leaving and ordered loudly,

"The whole army is ready for war!"

"wind! wind! Wind!"

When Wang Qi returned to the Netherworld Cavalry Legion, he waved his hand, woo woo woo.....

The horn of the Netherworld Cavalry sounded.

Wang Qi would not go head-to-head with the Qin Army in this war. After all, the Qin Army had a large number of troops, and this time the Qin Army was an elite force in the Qin Army.

Wang Qi looked at the 100,000-strong Qin Army's left wing and ordered, "Prepare the crossbows, target the Qin Army's left wing, and attack with guerrilla tactics! For the sake of your Majesty, fight bravely to kill the enemy!"

"For the sake of your Majesty, fight bravely to kill the enemy!"

"For the sake of your Majesty, fight bravely to kill the enemy!"

"For the sake of your Majesty, fight bravely to kill the enemy!"

"rush!"

"kill! kill! kill!"

Fifty thousand Netherworld cavalry, led by Wang Qi, charged towards the Qin army's left wing.

The Netherworld cavalry wore evil ghost masks and black armor. Their horses were covered with black light armor. The sound of dense horse hooves was loud. Stomping on the ground, he charged towards the Qin army like a savage beast.

"Archers, shoot!" A general on the left wing of the Qin army saw Wang Qi's cavalry rushing towards their left wing army. He hurriedly ordered the Qin army's archers, swish, swish, swish!

Under a burst of arrows, the Netherworld Cavalry Corps also had Many people were shot and killed, and even some war horses were shot to death. However, the armor of the Netherworld Cavalry Legion had very strong protective capabilities, and not many soldiers were lost in this attack.

"Prepare the spear array!"

When the Qin army on the left saw the cavalry that was about to charge, they nervously picked up their spears and looked straight ahead. The troublesome formation of spears was like hedgehogs, making it impossible to start.

"Crossbow, release!"

Swish swish swish.....

Just when the Netherworld Cavalry was about to charge over, the Netherworld Cavalry's six-shot crossbow began to shoot at the Qin army.

Ahhhh!

The soldiers in the Qin army were killed by crossbows for a while.

Some soldiers were shot directly in the head and died. Some soldiers were shot and fell to the ground wailing. Some soldiers were even shot several times in a row. Crossbow arrow, died without even making a scream.

"Run!"

The Netherworld Iron Cavalry did not directly collide with the Qin Army. When they were about to come into contact with the Qin Army, the Netherworld Iron Cavalry began to take a roundabout way and continued to shoot and kill the Qin Army. In addition to the archers on the left wing of the Qin Army who posed some threats to the Netherworld Iron Cavalry, the other Qin soldiers The army was the prey of the Netherworld Cavalry.

Round after round of military crossbow arrows kept killing the Qin army.

The Qin army on the left wing began to be a little confused. Each soldier of the Qin army had to use a shield to resist the shooting of the military crossbow, but the broken The Qi army's crossbows

were shot too intensively, and the Qin army on the left wing was constantly shot to death by the crossbows of the Netherworld Cavalry.

The general on the left wing looked at the Qin army that suffered heavy casualties and shouted angrily, "Shield formation! Everyone raise their shields to defend!"

Wang Qi saw the Qin army's shield array counting and ordered with disdain, "Prepare the spear, throw it!"

Swish swish swish.....

Long guns were thrown by the Netherworld Cavalry to kill the Qin Army. The Qin Army's shields were directly shot through like tofu under these spears, killing the Qin Army behind them. Even these spears directly shot through several people with one shot.

In the middle of the Qin army,

Meng Tian saw Wang Qi's cavalry shooting at the Qin army in a roundabout way.

He watched the Qin army being shot and killed and said to General Wang Jian anxiously, "General, Wang Qi's cavalry is simply There is no contact with our Qin army, and our Qin army's archers are too little threat to Wang Qi's cavalry."

"If the Qin army on the left continues like this, the losses will probably be very serious. Should we dispatch the Golden Fire Cavalry?"

Wang Jian shook his head and refused,

"No, the Golden Fire Cavalry cannot be dispatched now"

"Li Mu from Zhao State should be arriving soon, and Wang Qi's army of 100,000 infantrymen is probably coming too."

"The Golden Fire Cavalry is the trump card of our Qin army. How many of the 500,000-strong army can return to Qin depends on the Golden Fire Cavalry. Meng

Tian looked at the Qin army who had been shot and shouted unbearably, "General, if we don't dispatch the Golden Fire Cavalry, if we continue like this, our left wing may not be able to hold on for long and will be maimed."

"Meng Tian, don't panic. The war has just begun. Our goal is to bring the Qin army here back to the country. Some sacrifices are inevitable."

"General?"

"Stop talking. If you don't want us to be wiped out, you have to obey my orders."

"Yes, General!"

Although Wang Jian said this to Meng Tian,

his heart was still full of blood.

These are the elite troops of the Qin Dynasty, but the infantry is powerless against the cavalry army. Unless Wang Qi's cavalry is surrounded, otherwise Da Qin's infantry cannot catch up with the cavalry to encircle and kill.

But the military formation he has set up cannot be moved.

Li Mu of Zhao can lead the army to arrive at any time, and the infantry from Xinzheng City may also arrive.

If he orders the army to encircle and kill now Wang Qi's cavalry will be unable to defend quickly after the army is dispatched.

If Li Mu of Zhao and the army from Xinzheng City arrive at this time, I am afraid that his army of 500,000 will be divided and killed.

At this time,

Li Mu also arrived with his army.

He saw that the army in Xinzheng City and the Qin army had begun a war.

He was very excited.

Li Mu knew that Xinzheng City belonged to the power of Lord Wu Xiang. This time the army in Xinzheng City fought against the Qin army. To start a war, his guess in Shangdang City was probably right. Wu Xiangjun and Qin King Yingzheng had broken up.

Li Mu looked at the war on the battlefield and muttered to himself, "Zhao Guo has been saved. This time Zhao Guo has been saved." The country will not be destroyed"

"General, do we want to attack the Qin army?" A deputy general next to Li Mu looked at the battlefield and said hurriedly.

Li Mu shook his head and said seriously to the deputy general, "No! We only have 30,000 cavalry, which is no match for the Qin army, and the cavalry in Xinzheng City are also harassing the Qin army in roundabout ways. Our Zhao army does not have the solid armor of the Xinzheng City army. Joining the war now will result in heavy casualties"

"But if we don't help the army in Xinzheng City, will the army in Xinzheng City have any objections to our Zhao country?"

"Lieutenant General Li, take a group of soldiers to find the general in Xinzheng City. I hope to discuss with the general in Xinzheng City how to destroy Qin's 500,000 troops this time."

"Yes, General!"

Da Qin's general Wang Jian also discovered the arrival of Zhao's army.

His guess was right.

Li Mu's arrival made Wang Jian very uneasy.

Zhao had 200,000 troops in Shangdang City. If there were another In addition to the 150,000 troops from Xinzheng City, more than 300,000 troops came to attack the Qin army. He was not sure of defeating these armies.

Zhao's army was not something to be afraid of. He knew that at least half of the Zhao army had no war experience. But Xinzheng City's army is very difficult to deal with. He can't destroy the 150,000 Xinzheng City army even with 300,000 troops. It is obvious to all that Wu Xiangjun's army is powerful. In the valley, the Mohists also discovered The arrival of Zhao's cavalry. Although Zhao's 30,000 cavalry arrived, this was a good start. As long as the armies of Zhao and Xinzheng City united, Qin's army would not be a concern. Duan

Murong looked at it with cold eyes When Zhao Jun arrived, he whispered, "Zhao Jun is here. This war has really taken a turn for the better."

"yes! Qin's invasion of Zhao will fail this time, and it is still unknown whether the Qin army here can successfully return to Qin."

Chapter 918

Jing Ke watched the battle on the battlefield next to Duan Murong and smiled relaxedly.

He really wanted to see the Qin army defeated. He even hoped that the 500,000 Qin army in Zhao State would be annihilated and the Wei State would be destroyed.

His master also died in the battle, and her junior sister's depression during this period was all caused by Qin.

"Jing Ke, do you think the Qin army will be completely wiped out this time? Duan Murong asked softly after hearing Jing Ke's words.

Jing Ke shook his head and said,

"probably not"

"Wang Jian is a famous general"

"Duan Murong, look at the battlefield"

"The Qin army on the battlefield was not in chaos at all. Although the Qin army on the left suffered heavy casualties, Wang Jian did not send the rear army, right wing, or even the central army to rescue the Qin army on the left. Wang Jian should have guessed that the Zhao army would arrive."

"Even if Wang Jian allowed the Qin army on the left to be completely annihilated, he would not be able to disrupt his military deployment. He was afraid that the Qin army would be divided and destroyed."

"Wang Jian probably also wants to take the army here to retreat back to Qin"

"This war to attack Zhao State,"

"Wang Jian should have known that this could not go on."

"He wants to retain the army here for the Qin State. As for how many troops here can be retained, I'm afraid it depends on God's will."

Duan Murong's beautiful face looked at the Qin army's left wing and frowned, saying,

"This is too cruel"

"War is inherently cruel."

Xinzheng City,

Zilanxuan.

Zilanxuan is now like the city lord's palace in Xinzheng City. Everything in Xinzheng City is ordered from Zilanxuan.

There are tens of thousands of troops guarding Zilanxuan. , thousands of secret guards were guarding the Zilan Pavilion, and the shadow assassins around Zi Nu were also protecting Zi Nu at all times.

In a gorgeous room in Zi Lan Pavilion,

Zi Nu sat on her knees and looked at her hands. In the secret letter, the purple girl sitting on her knees made her figure even more convex and beautiful.

After reading the secret letter, purple girl showed a slight smile on her beautiful face,

"Sister, is there any order from Gusu City?"Nongyu in the room asked confusedly when he saw Zinu's expression.

Zilan smiled at Nongyu, took a sip of tea and said with a smile,"No, but we are going to Gusu City. My husband wants to go to Gusu City." The empire has been established. We will reach Gusu City in three months."

"What? Want to found a country?"Nongyu was very surprised when she heard that Su Chen was going to establish an empire.

Although she knew that it would be a matter of time for Su Chen to establish an empire, she didn't expect that it would be so fast.

But this is what it should be.

Su Chen has already controlled Tianxuan Continent. It is the largest southern continent in the continent, and it is also attacking the Ming Empire in the western continent.

Su Chen's power here in the eastern continent is also very powerful.

Su Chen can be said to be the most powerful force in the entire Tianxuan Continent, and it will be the same if he never establishes an empire. Unjustifiable

"Um! It is only a matter of time to establish an empire. It cannot always be called Gusu City in the future. It is time to have an empire."

"Hahaha! Then won't my sister be the princess in the future? I am here to congratulate my sister."

"You girl!"

Zi Nu didn't pay attention to Nongyu's teasing.

With a smile on her beautiful face, she thought about her experience after meeting Su Chen. From the initial shame, anger and helplessness towards Su Chen, to the final peace of mind and shyness, since then After becoming Su Chen's wife, she gradually adapted to this identity.

Now Su Chen is going to build an empire.

She never thought that one day she would become the concubine of a powerful empire, and she would also be a powerful concubine. Is this true? Is this her destiny? Or did Su Chen change her destiny?

Nongyu was very envious when she looked at Zinu.

Zinu had already found a husband that she wanted, and he was also a very good husband to Zinu..Although

Mr. Wu Xiang is a little out of tune and even a little lustful,

Mr. Wu Xiang is indeed a good person. Mr. Wu Xiang also loves Sister Zi very much.

This time when Mr. Wu Xiang wants to establish an empire, she can also go to the south. In Gusu City on the mainland, her mother and aunt are both in the Xuandiao Palace in Gusu City.

For more than half a year,

Nongyu misses her mother and aunt very much.

Nongyu added some tea to Zinu and said with a smile, "Sister, Wang Qi's army should be withdrawing, right?"

"Um! Wang Qi should be able to receive my secret message today and withdraw his troops. Now is not the time to break out a war with the Qin State. My husband may want to destroy the Ming Empire in the Western Continent first and then destroy the Qin Dynasty, or even other countries in the Eastern Continent. Nong

Yu said to Zi Nu with some doubts, "Sister, can't you and Mrs. Hu Ji join forces to destroy Qin?"

Zi Nu stood up and looked at the bustling Xinzheng City from the window and said, "It's not impossible. To destroy the Qin State, it will cost huge casualties. Hu Ji's 300,000 black armored troops and our 180,000 black armored troops here, still cannot destroy the powerful Qin State"

"As for Hu Ji's huge alien army"

"Su Chen would not let those alien armies enter the Central Plains unless he had to. Those alien armies would be cannon fodder in the war against other alien countries. I actually admire that bastard for this."

Nong Yu smiled when she heard what Zi Nu said, and said,

"hehe! Your shameless husband also knows what to do and what not to do. I am afraid that Lord Wu Xiang is smarter than anyone else, and his sense of national glory is also very strong. The Chinese clan is supreme. He has said it once before."

"Nongyu, we need to arrange things in Xinzheng City as soon as possible. In two months, we will set off back to Gusu City, my future home."

"Yes, sister Zinu!"

At this time, on the battlefield of Zhao State,

Wang Qi led the Netherworld Cavalry to continuously shoot and kill the Qin army on the left. He did not expect that Wang Jian did not send out troops to surround his Netherworld Cavalry, and did not even rescue the Qin army on the left. The army was dispatched to rescue.

This made Wang Qi admire Wang Jian very much.

Wang Jian was indeed a famous general in the Qin Dynasty. His war strategy was probably guessed by Wang Jian early on.

After Wang Qi discovered that some troops from Zhao had arrived, , he looked at the Qin army on the left and ordered expressionlessly, "Get ready to charge into the formation and destroy the Qin army on the left!"

"kill! kill! kill!"

After hearing Wang Qi's order, the soldiers of the Netherworld Iron Cavalry held long poles in their hands. This time they were going to fight the Qin Army face to face. The Netherworld Iron Cavalry was also preparing to attack the Qin Army's formation.

"rush!"

Wang Qi took the lead and rushed towards the Qin army on the left with a long spear in his hand. After Wang Qi rode his horse and rushed towards the Qin army on the left, the Nether Cavalry soldiers, who numbered less than 50,000, all raised their long swords and slapped them. The Qin army rushed towards the left wing with their war horses.

Chapter 919

On the battlefield, the Qin army generals on the left also noticed that Xinzheng City's attack was different. This time, Xinzheng City's cavalry rushed towards them with their long poles raised. This was obviously to attack their Qin army's formation.

"defense! Defend, defend quickly."

Boom, boom, boom!

Amidst the shouts of the generals of the Qin army on the left,

Wang Qi led the Netherworld Cavalry and collided with the Qin army.

For a time, blood and flesh were flying on the battlefield, and stumps and broken arms were everywhere. The Qin army's formation was once broken through by the Nether Iron Cavalry, and their long spears continuously pierced and provoked the Qin army on the left wing.

"Don't panic, hold on, hold on!" The general of the left-wing Qin army broke through the Qin army's formation instantly when he saw Xinzheng City. He kept shouting at the Qin army, but the left-wing Qin army could no longer gather together.

Under the charge of the Netherworld Cavalry, the left-wing Qin army just avoided. With the Netherworld Iron Cavalry chasing after them, it was impossible to gather together for defense at this time.

The Netherworld Iron Cavalry rode their war horses and charged through the Qin army on the left wing.

The remaining 60,000 Qin troops on the left wing were beaten by the Netherworld Iron Cavalry in just an instant. Confused, the Qin troops on the left wing were constantly being killed, and even trampled to death by war horses.

The generals of the Qin army on the left wing looked at the Qin troops who were being killed constantly, and the Qin troops who were dodging everywhere, and shouted angrily, "Kill! Kill, kill them all for me. There are no deserters among our Da Qin soldiers. The deserters want to kill the three tribes. If you don't want to harm your family, you have to sacrifice your life to kill the enemy."

Swish, swish, swish!".....

"ah! help me"

"my arm"

"These armies are demons, these armies are.....ah!"

"Gather around me and stop running around!"

"Ahhhh! I'm dying, I'm dying, help me."

The Nether Iron Cavalry's military crossbows also continued to shoot at the Qin Army at this time. The Chang Ge continued to penetrate the bodies of the Qin Army soldiers, and the military crossbows continued to kill the Qin Army who were evading. The cooperation of the Chang Ge and the military crossbow made the Qin Army Completely unable to resist the fate of being massacred.

Wang Qi killed a Qin army with one shot and then looked at the Qin army's center.

At this time, Wang Jian felt very uncomfortable. He watched the Qin army on the left wing being massacred.

Wang Jian's heart must be bleeding, right?

"Legion commander, a general from Zhao State has arrived to see you."

"Tell General Zhao that I have no time to pay attention to them. If Zhao wants to destroy the Qin army, let the Zhao army contain the Qin army's center and right wing. Qin's left wing and rear army will be handed over to our Xinzheng City guarding army."

"Yes, Legion Commander!"

Uuuuuuuuuuuuuuuuuuuuuuu!".....

At this moment, the sound of a horn came over.

The 100,000 infantrymen from Xinzheng City also arrived at this time. A mass of black-armored troops appeared in front of the Qin army. When

Wang Qi saw the infantry from Xinzheng City arriving, he ordered the messenger, "Come here, order our troops." The army is on standby"

"Yes, Legion Commander!"

Wang Jian and Meng Tian in the central army of the Qin Army also saw the arrival of the Xinzheng City army.

Originally, they looked angrily at the slaughtered left-wing Qin Army, and could not help but want to support the left-wing Qin Army, but the Xinzheng City army The arrival made them all calm down instantly.

On the battlefield,

Li Mu's 30,000 Zhao troops were watching eagerly, and another 100,000 troops arrived in Xinzheng City.

If the 200,000 Zhao Jun infantry in Shangdang City also arrived, this would This war may be very difficult.

Wang Jian ordered Meng Tian next to him with a serious expression, "Meng Tian, this war may be very difficult. It depends on how many troops our Great Qin army can bring back to Qin. Your Golden Fire Cavalry"

"Don't worry, General. Even if Meng Tian and the Golden Fire Cavalry are all killed in battle, they will still cover the army back to Qin." Meng Tian immediately clasped his fists and saluted Wang Jian and assured,

"Meng Tian, go get ready. I will order your golden fire cavalry to dispatch in a moment."

"Yes, General!"

Wang Jian shook his head when he saw Meng Tian leaving.

The Golden Fire Cavalry is the elite cavalry of the Qin Dynasty, but this time it will be lost to Zhao.

There is nothing that can be done about it.

Without the cover of the Golden Fire Cavalry, their Qin cavalry will be destroyed. The army was dragged to death by Xinzheng City's cavalry and Zhao Guo's cavalry.

"Huh? Why did the infantry in Xinzheng City stop?" Wang Jian suddenly discovered that the 100,000 infantry arriving from Xinzheng City did not attack the Qin army, but stopped advancing five miles away. This made Wang Jian's eyes flash with an unknown light.

Li Mu of Zhao also saw it. The army from Xinzheng City arrived.

He laughed when he saw the arrival of 100,000 black-armored troops. With the arrival of 100,000 troops from Xinzheng City, plus the 200,000 Zhao army from Shangdang City, this time the Qin army. Even if the entire army is not wiped out, it will be completely disabled.

Li Mu's deputy general rode back and said to Li Mu hurriedly, "General, Commander Wang Qi of the Xinzheng City Army asked me to tell you that the Xinzheng City army will deal with the Qin Army's left wing and On the rear wing, the Qin army's center and right wing need our Zhao army to contain them."

"Um?"

Li Mu frowned when he heard the deputy general's words.

If Wang Qi said it,

I'm afraid Zhao Guoguo would have to pay huge casualties in this war.

The Qin army's center and right wing had 300,000 troops, and these. The Qin army is the elite army of the Qin state.

Their Zhao army is no match for the Qin army.

Li Mu originally wanted to use Zhao's terrain to besiege the Qin army, so that he would destroy the Qin army at the minimum cost. Now Wang Qi of Xinzheng City made his own decision, and this was Xiang Zuo's plan.

Li Mu was frowning now and couldn't make up his mind about what to do.

Agreeing to Wang Qi would probably cause the Zhao army to suffer heavy casualties, and even Zhao's final army would be completely destroyed. He suffered losses in this war.

But if Wang Qi did not agree,

I am afraid that the army in Xinzheng City would no longer help Zhao State attack the Qin Army.

Li Mu was very embarrassed and did not know what decision to make.

"How do we do this?"

Li Mu's deputy general frowned when he heard Li Mu's words.

Zhao State now only has more than 200,000 troops in Shangdang City. If there is a head-on war with the Qin Army this time, Zhao State's last army may be They were all going to be defeated.

If the army of Zhao State did not come in the future, what would be used to defend Zhao State?

He thought about the situation in Zhao State and said hurriedly,

"General, we cannot agree to Wang Qi's request and fight the Qin army in the wild. Our Zhao army cannot defeat the Qin army at all. We can only rely on the city walls to contain the Qin army. As long as the Qin army runs out of food, our Zhao army can do it without any effort. Then the Qin army can be destroyed. Li

Mu shook his head and asked the deputy general expressionlessly, "What if the troops from Xinzheng City leave in anger?" What should our Zhao country do?"

"After the troops from Xinzheng City left"

"Is our Zhao army the opponent of Qin army?"

"Can Shangdang City stop the Qin army?"

"Can our Zhao army defeat the Qin army?"

The deputy general asked in confusion when he heard Li Mu's question, "This? General, what should our Zhao army do?"

"Wait and see first. The 100,000 infantrymen in Xinzheng City did not attack the Qin army. Let's observe first."

"Yes, General!"

Chapter 920

On the battlefield of the Zhao Kingdom,

Wang Qi led the Netherworld Cavalry to massacre the Qin Army's left wing.

However, the Qin Army's center, right wing, and rear wings did not move, and did not even go to rescue the Qin Army on the left wing. However, Zhao Kingdom The 30 cavalrymen did not join the war outside the battlefield, and the 100,000 troops arriving from Xinzheng City did not attack the Qin army.

There is now a strange scene on the battlefield.

The troops of Zhao State did not attack the Qin Army when they arrived. They just watched the war on the battlefield from outside the battlefield. The troops arriving from Xinzheng City did not join the war. Except for the left wing of the Qin Army, they were captured by the king. Except for the cavalry massacre in Qi, other Qin troops did not launch an attack on the 100,000 troops of Zhao State and Xinzheng City.

The three armies were all looking at each other on guard.

In the valley outside the battlefield, the Mohist leaders were confused looking at the situation on the battlefield.

A Mohist leader touched his head and asked in confusion, "What is going on? Why didn't Zhao's army attack the Qin army? Why didn't Zhao's army attack the Qin army?" The Xinzheng City army that arrived did not join the war? Why can't I understand?"

Xu Master looked at the battlefield and shook his head and said, "Zhao should maintain its strength, but Zhao Jun only has two soldiers left in Shangdang City. There are more than 100,000 troops, but there is no army in Handan City. If Zhao's army suffers heavy casualties here, I'm afraid Zhao will have no troops left in the future."

Jing Ke was also very puzzled.

According to his idea, this time the Qin army He would be repelled or destroyed by the Xinzheng City army and the Zhao army, but the situation on the battlefield made him unable to understand.

When Jing Ke heard Master Xu's words, he asked very puzzledly, "But isn't this the case?" Is it a good time to destroy the Qin army?"

"The Xinzheng City army and the Zhao army cannot destroy all the Qin army, but they can at least repel the Qin army."

"The Qin army's war to destroy Zhao will also be a complete failure."

"Zhao Jun still wants to preserve his strength at this time?"

The six-fingered black man looked at Jing Ke and said with a serious face, "Jing Ke, this is the difference between us Jianghu people and the country."

"Countries have to consider many factors"

"Zhao State is also very helpless now. If Zhao State sends out its army in this war, even if it defeats the Qin army, Zhao State's army will suffer heavy casualties."

"It will be very dangerous for Zhao State to have no troops available in the future. Maybe the neighboring countries Yan and Wei will directly attack Zhao State when they see this situation. Other countries will not be embarrassed to seize Zhao State's land and cities."

"There are only interests but no friends between countries, just like King Qin Yingzheng betrayed Lord Wu Xiang."

The leaders of the Mo family understood what the Six-fingered Black Man said.

They looked at the battlefield and felt that there might be something unexpected in this war.

The arrival of the Zhao army did not join the war, which might make the Xinzheng City army Dissatisfied, maybe there will be conflicts between Xinzheng City and Zhao State in the future.

Duan Murong looked at the battlefield with cold eyes and lowered her head.

She is no longer interested in this war now.

Zhao State, which was about to be destroyed, did not Joining the war will definitely make the Xinzheng City army who came to help Zhao attack Qin dissatisfied. The Xinzheng City army will even withdraw their troops and return to Xinzheng City in anger.

By then, Zhao will probably regret it and it will be too late.

Without the help of the Xinzheng City army,

Zhao is like a lamb waiting to be slaughtered, and will be pinched and slaughtered by the Qin army at will.

At this time, in the Southern Continent, Gusu City, Xuanniao Palace, and

Su Chen's study, there are three extremely beautiful women. Each of these three extremely beautiful women is more beautiful than the other, and there are also a pair of twins among them..

In the study, after Zi Yun and Ning Zhong served tea to these beautiful women, the study became quiet.

Su Chen was speechless looking at these three beautiful women. The three beautiful and mature beauties in the study were Li Qiu Shui, Li Qiu Shui's sister Li Canghai, and Tianshan's grandmother Wu Xingyun.

The only people from the Xiaoyao sect were Wuyazi and Xiaoyaozi.

And this time Li Qiu Shui and the others came here just to ask Su Chen to give them a red fruit to save Wu Yazi. Su Chen looked down on Wu Yazi very much. How could he save Wu Yazi?

Li Qiushui had lowered her head and said nothing after arriving. She was also very reluctant to save Wu Yazi, but she had to come this time. She had to obey her master Xiaoyaozi's instructions.

Li Qiushui's sister Li Canghai looked at Su Chen with great interest.

She did not expect that the famous Wu Xiangjun in Tianxuan Continent was actually related to their sisters, and she also became Wu Xiangjun's elder. This made Li Canghai look at Su Chen with a smile..

Tianshan Child Elder felt very helpless when she looked at Li Qiu Shui and Li Cang Hai.

She was now acting like a bad person.

After Li Qiu Shui and Li Cang Hai arrived, they left everything to her and said that this was what the senior sister should do..

Wu Xingyun was so angry that he almost told Wu Yazi that he was Li Qiushui's husband and Li Canghai's brother-in-law. Shouldn't they be the ones to talk about rescuing Wu Yazi?

In the end, Wu Xingyun didn't say anything.

After all, Li Qiushui and Wu Yazhi had broken up, and Li Canghai was probably even more disgusted with Wu Yazhi.

The three beauties in the study were very helpless after hearing Su Chen's rejection. After all, Su Chen was related to them, and they were even Su Chen's elders. They couldn't force Su Chen to give them a Zhu. Fruit, right?

Li Qiushui looked at Su Chen who was sitting next to him expressionlessly.

She sighed and said to Su Chen,

"Chen'er, I know you are unwilling to save Wu Yazhi because of the matter between Qing Luo and my daughter, but this time it is our master who wants us to save Wu Yazhi. It is impossible for us to disobey the master's order, so just give us one Zhu Guo, let's go rescue Wu Yazhi. Su

Chen shook his head and said, "Aunt Li, since Xiaoyaozi has appeared, why doesn't he save Wuyazi?" With Xiaoyaozi's ability, it should be very simple to save Wuyazi, right?"

"We don't know about this. The master just sent us a message asking us to rescue Wu Yazhi. We didn't see the master either."

"Aunt Li, are you sure it is your master who is summoning you?"

Li Canghai walked up to Su Chen, patted his shoulder and said with a smile, "Xiao Chenzi, our master, how could we admit our mistake?"

"Although our master did not show up"

"But his voice is very familiar to us"

"And being able to find us silently and send us a message means that apart from Master Xiaoyaozi, who knows us very well, I am afraid that no one will save Wuyazi who has become a cripple."

"I'm not young!"

Su Chen lowered his head and looked at Li Canghai with a darkened face.

"What's not small? I am seven.....Your elder, your age is far different from mine. If I don't call you Xiaochenzi, should I call you Dachenzi?"
