Chapter 921

Li Canghai didn't notice anything unusual about Su Chen.

She thought that Su Chen didn't want her to call him Xiaochenzi. She was older than Su Chen, and she was Su Chen's elder.

She almost showed her age just now.

Fortunately she responded promptly.

A woman's age is a secret. Although she is very old, she does not want others to know her true age.

Li Canghai is very young and beautiful now. If she and Wang Yuyan stand together, others may think that they are biological sisters.

And it's not just Wang Yuyan, even Li Qingluo and Li Qiushui. Standing together, people who don't know them may think that they are quadruplets.

It's just that she and Li Qiu Shui are more mature, and Li Qingluo is also a little more mature. Only Wang Yuyan is very shy. If Li Qiu Shui, Li Canghai, and Li Qingluo stood together, they would look very much like triplets.

Su Chen looked at Li Canghai in front of him and shook his head.

Li Canghai and her sister Li Qiu Shui had completely different personalities. Li Qiu Shui was more mature and steady, while Li Canghai was a little too lively.

Although Li Canghai and Li Qiu Shui were Twins, and they are very beautiful and stunning beauties, but they are still very easy to distinguish. A discerning eye can tell the difference between the two beauties when they are still and when they move.

Su Chen looked at Li Canghai who didn't seem to know much about men and women and said, "Aunt Li, you can just call me Su Chen from now on. No matter you call me Xiao Chenzi or Da Chenzi, I feel that uneasy"

"cut! If you promise to give me a red fruit, I will call you Su Chen from now on." Li Canghai rolled his eyes and said with a smile,

"you want to eat.....Cough cough cough! You are dreaming!" Su Chen almost said something to Li Canghai. This Li Canghai is Li Qiu Shui's sister. If he said this so recklessly, I'm afraid neither Li Qiu Shui nor Li Qingluo would let him go.

Li Canghai still disagreed when he saw Su Chen. , she clenched her fist and threatened, "Boy, if you don't give it to me, I will let you taste my fist."

"sea!" Li Qiu Shui couldn't stand it when she saw that her sister Li Canghai was threatening Su Chen. Su Chen was her junior after all, and he would be the emperor of an empire in the future. Li Canghai's behavior would make Su Chen lose face. Li Canghai curled her lips when she saw Li Qiu Shui's displeased look. Her sister Li Qiu Shui was too protective of Su Chen. She was just talking and wouldn't really beat him. Her sister couldn't stand it anymore. , How can this embarrass me as a younger sister?

"Sister, I just scared him, I didn't really want to get along with this guy."

Li Qiu Shui pulled Li Canghai to sit next to him and whispered, "You, Su Chen will be the emperor of an empire no matter what from now on. If you want to beat him, do it when no one is around. Senior sister and I are still here. It's definitely not good if you do this here."

Li Canghai squinted her eyes and looked at Su Chen when she heard Li Qiu Shui's words.

This time she had Li Qiu Shui's support.

In the future, if she was alone, would she want to beat the future emperor? She had never beaten him before. What kind of emperor?

Su Chen was very confused when he heard Li Qiu Shui's words.

Did Li Qiu Shui want her sister to beat him again in the future?

Did Li Qiu Shui defend him just now?

Could it be that Li Qiu Shui's defense was fake? ??

Su Chen looked at the beautiful Li Qiu Shui and shook his head.

This must be Li Qiu Shui threatening him. She was hiding her ears by talking to Li Canghai in a low voice. There are powerful people here, no matter how small Li Qiu Shui is. Everyone here can hear the sound.

Tianshan Child Elder Wu Xingyun looked at Su Chen and smiled.

She had not smiled for a long time. This reminded her of the carefree life of the sisters practicing together in the past, but time had passed. It is impossible for them to go back to the past.

Su Chen took out a red fruit and handed it to Wu Xingyun and said, "Senior, this is a red fruit, but Wu Yazhi is not allowed to come to Gusu City in the future. If I know that Wu Ya If you come to Gusu City, I will send people to kill him."

Tianshan child elder Wu Xingyun smiled after taking the Zhu Guo.

She did not expect that Su Chen would say it. It seemed that Su Chen was also afraid that Li Canghai would beat him in the future.

As for Su Chen's threat to Wu Yazhi, she didn't care much about it. , if Wu Yazhi didn't want to die in the future, he would not dare to appear in Gusu City.

Wu Xingyun looked at the red fruit in his hand and put it away. She had eaten this red fruit before, and it was this red fruit that gave her the power to become possessed. Cured.

Li Qiushui nodded when he heard what Su Chen said.

Wu Yazi cannot appear in Gusu City. This is very important to her and Li Qingluo mother and daughter.

Their lives are now Very good. If Wu Yazi comes, it will definitely destroy their existing peaceful life.

Being able to save Wu Yazi this time is already a courtesy to him. I hope Wu Yazi will not come to Gusu City in a hot-headed manner in the future.

Otherwise Su Chen will definitely kill Wu Yazi, and even their master Xiaoyaozi may not be able to stop it.

However, Li Qiu Shui was displeased when he heard Su Chen call Wu Xingyun his senior, "Chen'er, what's your name? Senior?" Senior Sister is your aunt, you will call me Senior Sister from now on."

"Cough cough cough...."

"What are you coughing for? From now on we are all a family, what does it mean to call you senior?"

"Got it, Aunt Li."

Su Chen has no choice.

Li Qiu Shui is now the eldest in their family.

Although he can disobey Li Qiu Shui,

Su Chen did not do that.

He also has few relatives in this world.

Li Qingluo's mother and daughter are among his Before meeting Mrs. Xiao's family, they were his only relatives, and they were all very kind to him. Su Chen also needed some relatives in this world.

"Su Chen met her aunt!"

Su Chen looked at the young and beautiful Wu Xingyun and saluted and shouted.

When Wu Xingyun heard Su Chen calling her, he smiled and said, "Haha! You're welcome, from now on we are a family and these etiquettes are no longer needed."

Li Qiushui and the others did not disturb Su Chen here. They all knew that Su Chen was busy building an empire.

After Su Chen gave them Zhu Guo, they talked with Su Chen for a while and then left.

But Su Chen also got a power.

The Tianshan Child Elder gave her Lingjiu Palace to Su Chen when she left. The aunt got a power. Although the strength of this power is not very good, the deal is still good.

This At that time,

Ning Zhong came in with a secret letter and saluted Su Chen, "Master, Nanyue sent a secret letter."

"South Vietnam? It should have been sent by Gai Nie. Did Gai Nie launch an attack on the 500,000 Qin troops in Tubo?"

Chapter 922

Su Chen took the secret letter and started to read it, but he frowned as he read it.

After reading it, Su Chen put down the secret letter and tapped his fingers on the table to think.

Gai Nie's decision this time was very risky, and

Su Chen didn't know whether he should support him. If the generals of the Qin army became angry or dying, I am afraid that no matter how powerful Gai Nie is, he will not be able to rise from fifty. Wan Qin's army escaped.

But if Gai Nie succeeds, then his harvest will be very large, and

Qin will completely lose 500,000 elite troops. Qin King Ying Zheng will definitely hate himself even more.

Su Chen suddenly thought of Ying Zheng's mother Zhao Ji and said angrily, "I guess! How could I have forgotten that woman Zhao Ji? That beautiful woman who deceived her, Su Chen, will not let her have an easy time. I will teach her a lesson tonight."

Ning Zhong was blushing when she heard Su Chen talking to herself.

She guessed that Su Chen was going to do something bad again at night, but this time the object was the mother of King Qin of Great Qin. Ning Zhong was shocked when he thought of this. He lowered his head and pretended not to hear anything.

Su Chen knocked on the table and thought for a while before deciding to agree to Gai Nie's action. If

Gai Nie actually said this, then he might succeed.

He believed that Guigu disciples would not act so recklessly.

Su Chen took a pen and paper and began to write a letter to Gai Nie. He casually deployed the 100,000 Nether Cavalry near Nanyue County.

These troops fighting in the Hobbit world have been completely replenished by Tiandao, and the system has regained system space.

The combat troops in Gai Nie's place are still somewhat small, and the combat effectiveness of the city guards is not as strong as the combat legions. These 100,000 Nether Iron Cavalry should be left to Gai Nie's command.

"Ning Zhongze quickly sent the secret guard to Nanyue County to give the secret message to Ge Nie."

"Yes, master!"

After Su Chen left Ning Zhongze, he stood up and looked to the southwest and said, "Gai Nie, I hope you succeed this time, otherwise I will need to find another person to lead the army to Nanyue County."

Eastern Continent, Zhao State.

The war near Shangdang City is still going on, but the left wing of the Qin Army has been defeated. The left wing Qin Army of 100,000 has less than 10,000 people left. The left wing Qin Army is considered the entire army. Overwhelmed.

Under the massacre of the Netherworld Cavalry, the Qin Army with less than 100,000 men on the left wing had been defeated. Under the constant pursuit of the Netherworld Cavalry, the remaining Qin Army on the left wing had fled to the Qin Army in the rear.

Wang Qi looked at Looking at the corpses on the battlefield, I sighed.

The 50,000 Netherworld Cavalry also lost almost 20,000 casualties this time, and the Netherworld Cavalry could be considered as a loss of almost half.

Qin's army is still so powerful, and the military merit system has too much influence on the Qin Army. If this were the armies of other countries, they would have been defeated and fled.

Wang Qi's eyes flickered when he looked at the Qin army's center.

More than two hours had passed since the war began, but Zhao Jun did not have any movement, which made Wang Qi a little angry.

Wang Qi looked at the Nether Iron Cavalry who was still chasing the Qin army and ordered, "Stop chasing, let's go back to the army.""

"Yes, legion commander."

Just when Wang Qi was about to return to the army, a group of dark horse riding horses galloped over. Seeing the dark guards arriving, the Netherworld Cavalry Legion gave way to these dark guards.

In the Great Qin Central Army,

"It's a secret guard. Wu Xiangjun's secret guard has come to the battlefield. Is something going to happen again?" General Wang Jian saw a group of men in black arriving and recognized them at a glance.

These men in black were Lord Wu Xiang's personal guards and have always been responsible for protecting Lord Wu Xiang and his wives.

Lord Wu Xiang has There are two major mysterious organizations, the Dark Guard and the Shadow Assassin.

The Dark Guard is responsible for internal protection and gathering intelligence. The

Shadow Assassin is very powerful.

The elusive Shadow Assassin is not only responsible for assassinating enemies, but also the last resort to protect Wu Xiangjun and his women. At the same time,

Meng Tian, Li Mu, and even people from the Mo family also discovered the arrival of these secret guards. They were also very familiar with the secret guards responsible for protecting Mrs. Zi Nu in Xingzheng City. The arrival of the secret guards this time I'm afraid something happened again.

These people all looked at the cavalry of the secret guards heading towards Xingzheng City. They all wanted to know what orders Mrs. Zi Nu of Xingzheng City had to give to Wang Qi this time. The secret guard team arrived and Wang Qi When he was next to him, he saluted and said, "Secret Guard Team, Captain An Shiyi has met Commander Wang Qi."

"Eleven, Madam Zinu, do you have any instructions?" Wang Qi waved to the secret guards and asked hurriedly.

The secret guard team leader An Shiyi took out the blue bird jade pendant of Zi Nu, raised it and shouted, "Mrs. Zi Nu Zhao ordered, Xinzheng City Guards Corps Wang Qi takes Zhao."

Shua!"

"Wang Qi meets Zhao." When Wang Qi saw the Blue Bird Jade Pendant, he hurriedly knelt down and saluted,

Swish, swish, swish!"

The Nether Iron Cavalry on the battlefield also dismounted and knelt down to salute.

Dark Eleven took out a scroll with a black blue bird pattern, opened it and read, "Mrs. Purple Lady's order, order, Wang Qi, the commander of the Guardian Legion, immediately led the army back to Xinzheng City after receiving the order, without any delay, Wang Qi Legion Commander Jie Zhao"

"this....."

"Commander Wang Qi, here comes the order!"

"Dark Eleven, is there something going on in Xinzheng City?"

"No!"

Wang Qi heard the secret guard say that Xinzheng City had not been attacked, but this order was too incredible.

Wang Qi didn't want to miss this good opportunity to destroy the Qin army, but it was impossible for him to disobey Madam Zi Nu's order.. Wang

Qi looked at An Eleven and thought for a while and asked,"Then why do you want to retreat? The left wing of the Qin army has been destroyed. As long as we cooperate with the Zhao State, the remaining 300,000 to 400,000 Qin troops will only take about ten days to annihilate all the Qin troops in the Zhao State. This is a good form. We cannot Can you let this opportunity pass?"

"Commander Wang Qi, do you want to resist Zhao?"An Eleven said expressionlessly when he heard Wang Qi's words, and more than a dozen secret guards in the secret guard team took out their swords from their waists and looked at Wang Qi eagerly.

Wang Qi saw that the secret guards were all excited His movements were very speechless.

He looked at the appearance of these secret guards. If he did not accept the order, the secret guards would attack him without mercy.

And the army of more than 100,000 people he led would probably not listen to his orders again. This It also included the Qin army he led before.

Lord Wu Xiang's army was very loyal to Lord Wu Xiang.

As long as it was an order from Lord Wu Xiang and her wife, even if it was wrong, these troops would execute it without hesitation..

Even if some generals want to rebel, I am afraid that no army will follow them to rebel. Even when some generals want to rebel, these generals will be caught or killed by their troops.

Wang Qi glared at An Eleven and said Taking the order from Madam Zi Nu with both hands, she said,"No, Wang Qi is just confused, Wang Qi takes Zhao!""

"Commander Wang Qi, this is a secret message from Mrs. Zi Nu. You will understand it after reading it."When An Shiyi saw Wang Qi receiving the order, he waved to the secret guards. He took out a secret letter from his arms and handed it to Wang Qi.

Wang Qi blew his beard and glared when he saw the secret letter. He yelled and cursed at An Eleven,"Damn it, why didn't you take out Madam Zi Nu's secret message earlier? You bastard, do you have to kill me to take it out? An Eleven smiled at Wang

Qi and apologized,"Commander Wang Qi, I'm sorry, this is our duty.""

"You guys are such assholes."

Chapter 923

Wang Qi was completely speechless towards these secret guards, and he ignored them.

After opening the secret letter from Madam Zi Nu,

Wang Qi was very surprised when he read it.

He did not expect that King Qin Ying Zheng would actually Mrs. Qin was sent to Jiuyuan. King Yingzheng of Qin was really decisive. In order to make Mrs. Hu Ji and Mrs. Zinu stop fighting, his wife sent them off as soon as she said so. King Yingzheng of Qin was really a ruthless person.

And Lord Wu Xiang actually wants to establish an empire at the end of the year. There are more than three months left at the end of the year. After seeing the war in the Eastern Continent, it is impossible for Gusu City to participate. Qin has another chance to breathe this time.

"Collect the bodies of our brothers and we will withdraw our troops back to Xinzheng City!"

"Yes, Legion Commander!"

Wang Qi got on his horse and looked at Wang Jian on the battlefield.

This war is over.

Wang Jian's army is lucky this time.

As for the Zhao State, it is better to fend for itself!

The Zhao State did not grasp the opportunity just now. Stay.

If Zhao had joined the war before, even if Lady Zi Nu's order came, the fighting troops would not be able to stop. If Zhao missed this opportunity, he would probably be close to destroying the country.

"ha! Walk!"

Boom, boom, boom!

Under the leadership of Wang Qi, the Netherworld Iron Cavalry withdrew from the battlefield. The loud sound of horse hooves became farther and farther away from the battlefield.

"Um? Wang Qi actually withdrew his troops? How is this going?"

In the middle of the Qin army,

Wang Jian was very confused when he saw Wang Qi withdrawing his troops.

Why would Wang Qi withdraw his troops after just destroying his left-wing army?

Moreover, the 100,000 infantry troops from Xinzheng City also turned around and left.

What the hell What's going on?

Here at Zhao Jun,

Li Mu's deputy general was confused when he saw the Xinzheng City army leaving.

Is this the end of the war that was fought to the death just now?

Why is this such a child's play!

"General, why did the troops in Xinzheng City evacuate?"

Li Mu regretted it very much after seeing the troops in Xinzheng City withdraw.

He missed a good opportunity to defeat the Qin army.

In order to preserve the strength of Zhao's army,

Li Mu made a mistake this time and faced the destruction of his country and his family. ,

What kind of army strength can he preserve?

Now that Xinzheng City's troops have evacuated, what use is the Zhao army that he wanted to preserve before?

Li Mu showed regret on his old face and said remorsefully, "We, Zhao State, have missed the opportunity." Taking advantage of the opportunity, Wang Qi's army retreated, which may have caused Qin to compromise on Xinzheng City, or even Qin's King Ying Zheng paid a huge price to calm down Wu Xiangjun's anger."

"This is all my fault!"

"If I had not hesitated and directly ordered the army to attack the Qin army, maybe our Zhao country would still have a chance to breathe."

"Now the Qin army no longer has the military threat from Xinzheng City"

"I'm afraid it won't take a few days"

"The Qin army will attack our Zhao country again, and Shangdang City will not be able to resist the Qin army for long. Our Zhao country will also face the destruction of our country and family again."

"General, what should we do now?"The deputy general is also very regretful now, but now that the troops in Xinzheng City have evacuated, it is too late for him to regret it.

"Let's go back to Party City"

"Yes, General!"

On the battlefield, as Zhao Jun's 30,000 troops left, there were only hundreds of thousands of Qin troops left on the entire battlefield.

The hundreds of thousands of Qin troops on the battlefield were also very confused. This time the war started but ended. But the war ended in a hurry. The Qin army, who were nervously preparing for a big battle, looked at each other and couldn't figure it out.

After Zhao Jun also left,

Meng Tian came to Wang Jian and asked doubtfully, "General, what is going on?"

Wang Jian shook his head and said sadly, "I don't know, but there are two possibilities."

"First, our Great Qin may send troops to Xinzheng City, so Wang Qi wants to return to support Xinzheng City, but this possibility is too low. After all, our Qin State does not have many troops to attack Xinzheng City."

"Second, the King of Qin may have paid a huge price to calm down Wu Xiangjun's anger. This possibility is very high. I also strongly believe that the King of Qin persuaded Wu Xiangjun to stop the army."

Meng Tian also nodded beside him.

He also took Wang Jian's guess into consideration.

The Qin State has no troops available now, and Hu Ji's thirty black armored troops are still eyeing the Shangjun.

Even if the King of Qin recruits the army again, he will focus on it. Defending Xianyang City and Xinzheng City, I'm afraid the King of Qin has no time to take care of it.

"Um! It's possible. I also believe you said that King Qin paid a huge price to calm down Lord Wu Xiang's anger."

"Meng Tian, order the army to disarm and rest. I'm afraid King Qin's order will arrive soon. We will wait for King Qin's order to arrive before making any plans."

"Yes, General!"

When the Qin army lifted the alert and began to return to the camp to rest, in the valley outside the battlefield, the Mohist disciples were stunned and looked at the empty battlefield. They were also very confused.

The war is over!

It's over.!

It's over!

How come theirs is over?

People like Six Finger Black Man and Jing Ke shook their dizzy heads.

The war started in an anticlimactic manner and ended in an anticlimactic manner.

Is this playing house?

Let's talk about the beginning. Just start, end as soon as you say it's over.

Yan Dan's eyes were red and he was no longer as graceful as before.

He blushed and his neck was thick, and he cursed in a foul language, "Big man, is this him? What's going on? How did the war end?"

The other leaders of the Mo family also started talking one after another.

"yes! Is this too childish? Are you all hungry and going back to eat?"

"Damn it, what the hell are you talking about? Is there an intermission in war?"

"So what do you think is going on?"

"Perhaps the troops from Xinzheng City left because of some orders brought by those secret guards."

"This is for sure, but this time is obviously the best time to defeat the Qin army. As long as the Xinzheng City army cooperates with the Zhao army, the Qin army cannot defeat the Xinzheng City army and the Zhao army no matter what. The Purple Lady of Xinzheng City Why retreat?"

"Women all have long hair and short knowledge. Perhaps Mrs. Zinu was persuaded by the Qin envoy to order the troops to retreat."

"This is impossible. The State of Qin has sent half a million troops to attack Gusu City. Madam Zinu may have to obey the orders of Gusu City this time. Without Lord Wu Xiang's nod, Madam Zinu would not be able to order the army to retreat."

While the leaders of the Mo family were arguing, the Six-fingered Black Man heard the dizzy one and stopped him loudly,

"Don't argue anymore. The troops from Xinzheng City have left now, but the Qin army still has at least 300,000 to 400,000 troops. Even these troops cannot be resisted by Zhao State. Now Zhao State is probably regretting not sending troops in time."

"Giant, are we still here waiting for the war to continue?" Jing Ke rubbed his swollen head and asked the Six-fingered Black Man,

"Waiting, hoping that there will be another turn in the war."

Chapter 924

In the desolate valley, the disciples of the Mo family sat together in silence. What happened today made them feel unreal. The beginning and end of the war were very unexpected to them.

At first, the army in Xinzheng City launched the war to retaliate against Qin.

However, at the beginning of the war, the Qin army watched helplessly as the left-wing Qin army was destroyed without asking for help.

This was explained by the giant six-fingered black man.

They knew that Qin General Wang Jian was to prepare for the arrival of the Zhao army and the Xinzheng City army.

All right!

They understood this explanation.

But the Zhao army arrived, and the army from Xinzheng City also arrived, but none of the arriving armies joined the war.

The Xinzheng City army may not have participated in the war immediately because of orders.

But what about Zhao Jun?

The troops from Xinzheng City came to help Zhao State attack the Qin Army, but the Zhao Army actually watched the Qin Army and the Xinzheng City cavalry fighting on the battlefield, instead of attacking the Qin Army immediately. The Zhao Army stayed on the battlefield like a spectator. Looking at it from the outside, this was something that even the disciples of the Mo family couldn't understand.

This is explained by the giant six-fingered black man, okay!

They understood clearly again that

Zhao State wanted to preserve its strength and did not join the war immediately.

Later, after Xinzheng City's cavalry destroyed the 100,000 troops on the left wing of the Qin Army, the Mohist disciples originally thought that the real war was about to begin.

After all, the 100,000 troops in Xinzheng City are already in place. If all the troops in Xinzheng City begin to attack the Qin army, I am afraid that Zhao will also join the war this time.

However, the troops in Xinzheng City did not take advantage of the victory to attack the Qin army, but turned around and left quietly.

The troops in Xinzheng City stopped fighting?

Moreover, the Qin army did not pursue the Xinzheng City army, and just watched the Xinzheng City army swagger away.

Where is the Zhao army?

I'm afraid I'm confused.

Maybe the troops in Xinzheng City no longer want to work for Zhao.

The troops in Xinzheng City are fighting, and Zhao Jun is watching from outside the battlefield. No matter who they encounter, they are probably very angry.

In Xinzheng City, Zhao Jun did not help Zhao Guo to fight and left.

Zhao Jun also left, and Qin Jun also withdrew his troops and returned to the camp.

The war was over, it was over, it ended in an anticlimax.

They may never encounter such a war in their lifetime. Today's Mohist disciples have opened their eyes. It turns out that war can still be fought like this.

Duan Murong sat on the side and hugged her legs and felt funny.

She had seen cruel wars many times before, but she had never seen such a weird war.

Duan Murong wanted to laugh when she thought about today's war.

The troops from Xinzheng City hurriedly came and fought a war for two hours. They destroyed 100,000 Qin troops and then left in a swaggering manner.

The Qin army did not fight the Xinzheng City army with all its strength from beginning to end. Even when the Xinzheng City army left, it did not avenge the Qin army who died in the battle. Hundreds of thousands of Qin soldiers watched the Xinzheng City army leave the battlefield.

The Zhao army is a redundant existence. The presence or absence of the Zhao army does not seem to have much impact on this war.

The Zhao army may be able to contain the Qin army's center and right-wing armies, but this time the Zhao army only came with 30,000 cavalry. This is really Can it contain the Qin army's 300,000 troops?

Duan Murong hugged her legs and said to herself with a smile on her cold face,

"It was an interesting war"

"But why did the troops in Xinzheng City leave? Did Qin King Yingzheng really pay a huge price to calm down Wu Xiangjun's anger?"

"What kind of person is Wu Xiangjun?"

"playboy?"

"Shameless womanizer?"

"Or a greedy nobleman who is greedy for beauty?"

Two months later, in Gusu City, in the Xuanniao Palace.

Su Chen sat under the huge hibiscus tree and looked at a seedling next to him and smiled.

This seedling is a Bailing fruit tree.

This is a Bailing fruit seedling.

Su Chen buried five pieces of primary school fruit under the Pearl fruit seedling. Spirit Stone, otherwise the Bailing Fruit Tree seedlings would not be able to grow.

In the past two months, Su Chen opened gift packs twice more, but his luck was not very good.

Both times, he did not get any useful items.

In addition to getting fifteen elite troops and supplies and equipment, the Shadow Assassin also got There were five hundred people, and there was also a channel-opening pill, only fifteen vermilion fruits, and the spirit stone was not obtained twice, which made Su Chen a little depressed.

In addition to this, he also got two king-level martial arts secrets, a swordsmanship secret of Feiling Sword Technique, and a fingering secret book of Wuxiangzhi. After Su Chen looked at these, he immediately threw them away in the martial arts pavilion..

Su Chen took a sip of tea and thought that the war in the Western Continent would have ended by the end of the year, but this time the establishment of the empire at the end of the year might have to be delayed by a month or two.

Li Xiuning was about to completely occupy the southern part of the Ming Empire, but Huang Rong still advanced towards the capital of the Ming Dynasty step by step.

It's just that Huang Rong's fighting style made Su Chen confused. With the ability of Huang Rong's southern army, Huang Rong should have reached the Ming Dynasty capital long ago, but why is Huang Rong still slowly eroding the counties around the Ming Dynasty capital?

Is Huang Rong still competing with Li Xiuning?

But if the two of them are still competing, shouldn't Huang Rong conquer the Ming Dynasty capital faster?

Isn't that smart girl Huang Rong deliberately irritating Li Xiuning?

A secret guard arrived and saluted Su Chen and said, "Your Majesty, the commander of the Genie Army is bringing two surrendered Qin generals to ask for an audience outside."

Su Chen was speechless when he heard the secret guard's report.

What should he do with these things? ?

He doesn't care about these things these days.

The establishment of the empire has made him a little overwhelmed. In the future, the appointment of important officials of the empire, the defense zones of each legion, the laws of the empire, etc. are all done by him alone.

He finally took a rest today, but the bastard Gai Nie came back at this time and brought two surrendered Qin generals to see him.

Su Chen thought that the two Qin generals Xin Sheng and Nei Shiteng were also good generals.

Gai Nie is no less a disciple of Guigu.

With just one word, he persuaded 500,000 Qin troops to surrender. This made Su Chen very surprised when he learned the news.

"Let Gai Nie take the surrendered Qin general to find Lady Mingzhu"

"Yes, Your Majesty!"

Su Chen leaned on the chair and closed his eyes to rest in the sun.

The hibiscus tree and two cherry blossom trees around him were swaying gently with the wind.

But what no one thought about was that the hibiscus tree and the cherry blossom tree Everything is slowly changing. The golden leaves of the hibiscus tree are now even more shining in the sun, and some lines on the leaves are more obvious. The cherry blossom tree is very obvious, and the pink cherry blossoms are very fragrant. It is rich, and the smell makes people feel very comfortable, and the fatigue will be swept away in a short time.

If anyone puts aside the spiritual stone that Su Chen buried under the spiritual fruit seedling at this time, he will find that The white mist-filled mist emitted from the underground spiritual stone was absorbed by the spiritual fruit seedlings and the surrounding hibiscus and cherry blossom trees.

But before Su Chen could rest for a while,

Ning Zhongze and Zi Yun woke up Su Chen and said,"Jun Up, Mrs. Hu Ji sent a woman"

"woman? What kind of woman did Hu Ji send? Do I still lack a woman now?"

Chapter 925

Su Chen was also speechless at Hu Ji, that charming woman.

He has many women and confidantes.

During the two months in Gusu City,

Su Chen's confidante came from time to time. Although she only stayed for a few days, it also relieved the pain of missing each other after not seeing each other for several months.

"Ziyun, please bring that woman over. I also want to know who that witch Hu Ji sent?"

"Yes, Your Majesty!"

In Xuanniao Palace, at the entrance of the garden, a beautiful woman stood here, but there was a bitter smile on her sad face. Although she didn't want to show a smile, she had to do so.

Hu Ji's threat was still vivid. At present, the attitude of King Qin Yingzheng also let her know that if she caused any trouble this time, I am afraid that her son Fusu will be deposed or even directly executed by the furious King Yingzheng of Qin.

This beautiful woman with temperament. She is the wife of King Qin Yingzheng,

Mrs. Qin Mihua!

After Mihua was given to Hu Ji in Jiuyuan by King Qin Yingzheng, she lived in Jiuyuan City for almost two months.

It was not until today that she was sent by Hu Ji to Gusu City in the Southern Continent, it can even be said to be sent to Wu Xiangjun Su Chen.

She was tested by the charming Hu Ji countless times, and Hu Ji even deliberately gave her poison, daggers, hidden weapons and so on.

Mi Hua also guessed Hu Ji's intention. Hu Ji was definitely afraid that she would secretly assassinate Su Chen, and even die together with Wu Xiangjun.

But Hu Ji thought too much.

It was impossible for her to do this, and she didn't even dare to do it.

The attitude of Qin Jun Wang Ying Zheng was very clear. If she puts Da Qin into crisis again, she will not be able to bear the consequences, or even be unable to bear it.

Just when Mi Hua was thinking wildly, a woman's voice spoke to her next to her asked,

"Who are you?"

"Mihua!"

Mi Hua turned around and saw a stunning beauty with a perfect figure and a cold face. She was looking at her, accompanied by several maids.

And this cold and stunning beauty was looking at Murong Qiu, who had returned from Luoyang City in the Sui Dynasty a few days ago. Ci.

She has been accompanying Su Chen these days.

Murong Qiuci is now responsible for the selection of officials within the sphere of influence of Gusu City. When she found out that Su Chen was here at Fusang Tree today, she was ready to discuss it with Su Chen. The thing about the Six Ministers was that she didn't expect to meet a strange and beautiful woman here.

"Mihua?"

Murong Qiuci looked at Mi Hua and couldn't remember where she had heard this name.

Could it be Su Chen's confidante outside?

But she had never heard that that bastard had a confidante named Mi Hua.

"Do you want to see Su Chen?"

"Yes, I was sent by Hu Ji from the Eastern Continent. Mrs. Hu Ji had a letter for me to give to Mr. Wu Xiang."

"Hu Ji? It turns out to be that woman. Come in with me." Murong Qiuci suddenly realized after hearing Mihua's words. It seems that this beautiful woman should be the concubine given to Su Chen by Hu Ji.

Mihua looked at Murong Qiuci and followed her into the garden.

The secret guards around him When they saw Murong Qiuci, they all bowed and moved out of the way.

When Mihua, who was next to Murong Qiuci, saw this, she guessed that this beautiful and cold beauty should be Wu Xiangjun's wife, but she was just that wife. She couldn't guess.

Mi Hua also knew something about Wu Xiangjun's wives. In addition to his wife, Yanfei, Wu Xiangjun had four wives, Mrs. Murong Qiuci, Mrs. Changsun Wuhe, and Mrs. Zinu. , Madam Mingzhu.

Huh?

There is another madam, and that madam is Princess Su Yan's own mother.

But that madam is very mysterious and rarely appears in front of other people. Even Hu Ji doesn't understand that mysterious madam. Many.

But the power of that lady is not weaker than that of Mrs. Jun Yan. You must know that Wu Xiangjun's secret guards are led by that mysterious lady.

Although Hu Ji is also Wu Xiangjun's wife, she seems to be still here in Gusu City. Mi Hua knew that Hu Ji was the queen of the prairie with an army of millions, but such a powerful Hu Ji could not be ranked among the ladies of Gusu City? What Hu Ji told her back then was to let She was very surprised

"I've met Madam Murong!"

"Ziyun, what are you going to do?"

"Madam, Your Majesty is summoning this woman, and I am here to take her there."

"oh! Then let's go together!"

"Yes, ma'am!"

Under the fusang tree,

Su Chen was drinking tea with Ning Zhongze waiting on him. He was completely speechless now. This was supposed to be a day of rest, but things came one after another, and Su Chen was a little helpless about it.

Murong Qiuci came to the garden and saw Su Chen drinking tea alone. She smiled and walked away and shouted with a smile,

"Husband!"

"Qiuci, you are here, come and sit." Su Chen waved his hand when he saw Murong Qiuci arriving.

Murong Qiuci sat down and said to Su Chen with a smile, "Husband, the list you gave me has found a few people, but they don't seem to want to come to Gusu. Become an official in the city."

Su Chen shook his head after pouring tea for Murong Qiuci.

He knew why those people Murong Qiuci mentioned did not come to Gusu City. Those people also cared about face and reputation very much. The Song Dynasty was destroyed. If these people come to Gusu City to serve as officials now, they will probably be ridiculed by other literati.

Su Chen touched his chin, thought for a while and said to Murong Qiuci, "Madam, those literati are very backbone and have integrity. , the more capable people pay more attention to their reputation, you can go to Xiuli Palace to find Princess Zhao Weirou of the Song Dynasty and ask her to persuade the literati of the Song Dynasty"

"Um! I understand, with the former Princess of the Song Dynasty coming forward, those people should not refuse anymore. I originally wanted to go there in person, but it seems that it is not necessary."

"Hahaha! Although those people are talented, they are not worthy of Madam going there in person. There are countless talents in Tianxuan Continent. If they really don't come, we won't force them. One day they will regret it."

While Su Chen was talking to Murong Qiuci,

Mi Hua was completely shocked. She felt dizzy looking at the huge hibiscus tree in front of her.

This huge hibiscus tree was so big and beautiful..

And the pink cherry blossom tree next to it also surprised her, especially when she smelled the elegant fragrance, she felt very comfortable.

There were also those exotic flowers and plants in the garden that she couldn't name, which made Mihua She felt that this was the real garden.

Compared with the garden in the Great Qin Palace, it was like heaven and earth. There was no comparison at all.

Mi Hua calmed down her shock and listened to the conversation between Su Chen and Murong Qiuci. , before Su Chen asked her questions, she did not dare to disturb Su Chen and Murong Qiuci.

After Mihua heard Su Chen call this cold beauty, she looked at Murong Qiuci and thought, "Murong Qiuci tz? This cold beauty turned out to be Murong Qiuci, one of the four great ladies."

Chapter 926

Su Chen talked with Murong Qiuci for a while and then Murong Qiuci left in a hurry. She was going to Xiuli Palace, Zhao Dasong Princess Zhao Weirou, and those talents still needed to be persuaded by Dasong Princess Zhao Weirou.

But if those talents really don't know how to praise.

Murong Qiuci will not make it easy for them.

She is a female devil. Although she has not killed anyone for a long time, her killing methods will let those who are ungrateful know what cruelty is.

After Murong Qiuci left, Su Chen looked at the beautiful woman standing next to her.

The emerald green dress perfectly accentuated this beautiful woman's figure. Her figure was convex and curvy, which made people think about her beauty. There was a bit of sadness on her face, as if she had a lot on her mind.

Su Chen guessed that this beautiful woman must be unwilling to come to Gusu City, or even to see him, otherwise she would not look sad. The witch Hu Ji must have threatened this beautiful woman.

Su Chen looked at Mi Yue and asked, "What's your name? Why did Hu Ji send you here?"

"Mihua."

Mi Hua clasped her hands and replied nervously.

She didn't know what fate was waiting for her.

However, almost everyone in the continent knew about Wu Xiangjun's lecherous behavior.

She also knew that he was sent to the Xuantiao Palace in Gusu City. What is she here to do?

She is just a woman, a mother.

She is powerless to resist these things, or even unable to resist.

"Mihua? Who are you from King Qin Yingzheng? Or what is your relationship with Lord Changping of Qin State?" Su Chen looked at Mi Hua in great surprise,

Mi's surname?

This woman's surname reminded him of the Chu King's surname in the Eastern Continent. Could it be that this beautiful woman was from the Chu Kingdom?

And she was also a member of the Chu King's family?

"I am the wife of the former Qin State, and Lord Changping is my half-brother."

"Then you used to be the princess of Chu State"

"Yes."

Su Chen touched his chin and felt how strange this thing was. How come the wife of King Qin Yingzheng was sent to Gusu City? Could it be that Hu Ji, that witch, robbed King Qin Yingzheng's wife?

Mi Hua!

This woman! The ending in the movie and TV series is not very good. Lord Changping defected to the Qin State and the Qin Army's 200,000 troops were destroyed by the Chu State.

Mi Hua seemed to be imprisoned in the cold palace until his death or committed suicide. This TV series does not seem to be the same as in the anime. Same.

There is also Mi Hua's son Fusu, a nerd, who single-handedly ruined the great situation of Qin State.

A future emperor actually talks about benevolence, justice and morality.

Is this a joke?

No wonder Qin Shihuang didn't show up in movies and TV series until his death. Establish a prince

"Mi Hua, were you captured by Hu Ji?" Su Chen thought about some of Mi Hua's past and asked her.

Mi Hua shook her head and lowered her head and said, "No, I was given to Mrs. Hu Ji by King Qin."

Mi Hua was also extremely disappointed with King Ying Zheng of Qin.

When a king of Qin was threatened, he gave his wife to his enemy so that his enemies could end the war.

This is really ironic.

King Ying Zheng of Qin was so ruthless She has seen through the cruelty and ruthlessness.

Perhaps to a king, nothing is as important as his empire or his throne.

"I guess? King Qin Yingzheng gave you to Hu Ji? How can this be?" Su Chen was stunned when he heard Mi Hua's words.

Qin Wang Ying Zheng's head was so funny?

How could he give his wife to Hu Ji?

Could it be that Hu Ji and Zi Nu threatened the Qin Wang?

But even if they both It was a threat to King Qin Yingzheng, but there was no need for King Qin Yingzheng to send his wife!

Su Chen shook his head and couldn't understand, but why was this woman sent to him? Did that witch Hu Ji think he would do anything to her

?

Is this Mi Hua interested?

The woman of King Qin Ying Zheng!

Well!

Su Chen is really interested when he looks at Mi Hua

"Mr. Wu Xiang, this is the letter Mrs. Hu Ji asked me to give to you when she came." When Mi Hua saw Wu Xiangjun looking at her, she nervously took out Hu Ji's letter and handed it to Su Chen.

Su Chen took Hu Ji's letter and started reading it. With a dark face, he did not expect that Hu Ji would threaten Qin King Ying Zheng and ask him to send his wife to Jiuyuan, so that Hu Ji would stop attacking Qin. And this Mihua was really the concubine sent to him by Hu Ji.

God's concubine.

Su Chen looked at Mi Hua and understood why she looked sad. This woman was really unlucky. It was also difficult to meet a man who was very power-minded, King Qin Ying Zheng. That's sweet.

Oh!

No!

Mi Hua shouldn't have the right to choose. The marriage between countries is really not something that a princess can decide.

Su Chen looked at Mi Hua, rubbed his head and told Ning Zhongze, "Ning Zhongze, go and invite Zhao Ji over"

"Yes, master."

When Mi Hua heard Su Chen's words, she raised her head and looked at Su Chen in surprise. She didn't expect that King Qin's mother, Zhao Ji, was really here. No wonder King Qin Yingzheng hated Lord Wu Xiang very much. It turned out that Lord Wu Xiang had killed King Qin's mother. Caught here

"Sit down!"

"yes!"

"Do you have a kid?"

"have!"

Su Chen curled his lips when he heard Mi Hua's words. It seems that Fusu's unlucky guy has been born. King Qin Yingzheng is really ruthless, but whether Fusu can still be the eldest son of Qin in the future is probably very important. It was hard to say.

Mi Hua was sitting next to Su Chen uneasily.

After she answered Su Chen's words, she saw Wu Xiangjun fell silent.

She didn't know if she had said the wrong thing?

What if Wu Xiangjun didn't treat her well? Satisfied.

Or she disliked her for having given birth to a child.

I am afraid that the war between the Qin Army and the Kingdom will be reignited, and her son may be executed by the angry King of Qin.

Under the fusang tree,

Su Chen was thinking about how to arrange this Mi in the future. Hua, this woman definitely can't be sent back now. It's been two months since this woman was sent out of Qin State.

With his shameless and lustful reputation, even if he said he didn't do anything to this Mi Hua, I'm afraid No one believed that if Mi Hua was sent back to Qin, she would probably be executed by Qin King Ying Zheng.

At this time, in the martial arts pavilion of Xuannio Palace,

Lin Shiyin and Lin Xianer were in the martial arts pavilion. Boredly looking through the martial arts secrets here.

Both of them are now in the realm of innate cultivation, but in the Xuannio Palace, the strength of the two women is the lowest, even Changsun Wuchuan, who has never practiced much. Stronger than them.

Lin Xianer looked at Lin Shiyin who was still reading martial arts secrets and asked, "Sister Shiyin, do you think Lord Wu Xiang is deceiving us? Can we master a king-level martial arts with our level of cultivation? Lin

Shiyin shook her head and said boringly, holding her chin, "I don't know, but that bastard won't go back on what he promised us. Let's practice this king-level secret book first. Regardless of whether we can succeed in practicing it or not, that bastard said In another month, our cultivation level will be improved"

"Well, that's all. There's only one month left anyway, so let's continue practicing."

Chapter 927

Lin Shiyin and Lin Xianer chatted for a while and then each read the martial arts secrets.

Lin Shiyin was also angry at that bastard Su Chen.

When she learned that Su Chen was back two months ago, she went to find that bastard, but As soon as they met, that bastard laughed at her for her low level of cultivation.

Especially since I haven't seen that bastard for almost a year, he is actually a great master.

What kind of medicine did that bastard take to suddenly become a great master?

Later, under Lin Shiyin's questioning, Su Chen told her that she had eaten the Heaven and Earth Spirit Fruit, and Su Chen also promised her that as long as she could master a king-level martial arts before the end of the year, Su Chen would give her one too. Zhu Guolai improves his strength.

Lin Shiyin initially found a book on King-level martial arts to practice by herself, but practicing alone was too boring, so she directly invited Lin Xianer to practice with her.

Lin Xian'er was originally not qualified to enter the martial arts pavilion of Xuanniao Palace.

Lin Shiyin also persuaded Su Chen through hard work, during which that bastard Su Chen took advantage of her. When Shiyin was thinking about Su Chen,

Lin Xianer suddenly said in her ear, "Sister Shiyin, you said that Lord Wu Xiang will establish an empire by the end of the year, will you become a concubine?"

"I'm not marrying that bastard." Lin Shiyin blushed shyly when she heard Lin Xian'er's words.

Lin Shiyin is not sure whether she will be with Su Chen before the end of the year.

Her current relationship with Su Chen is only about breaking the window paper. It's ordinary. She hugged and hugged that bastard, and the bastard even kissed her, more than once.

Lin Xianer was very envious when she saw Lin Shiyin's shy look.

She also wanted to be with Wu Xiangjun, but she There has never been a chance to see Wu Xiangjun alone.

The Xuanniao Palace in Gusu City is very beautiful.

For almost a year,

Lin Xianer has been living in the Xuanniao Palace. She has taken advantage of it. Lin Shiyin was so advantageous that she didn't want to leave the Black Bird Palace one day.

Lin Xianer laughed when she saw Lin Shiyin's face flushed, "Haha! I don't believe it. Three days ago, I saw you and Wu Xiangjun hugging each other."

"ah! You actually peeked at us"

"cut! You hugged each other in the Blue Bird Palace without any concealment. I'm afraid everyone in the Blue Bird Palace saw it."

"I won't have the face to see anyone anymore"

"hehe! So many days have passed, and no one has said anything about you. Even Mrs. Jun probably knows about your relationship with Mr. Wu Xiang."

Lin Shiyin was lying on the table so embarrassed that she couldn't even lift her head. She didn't expect that everyone in the Blue Bird Palace would know about her and Su Chen. She would never have the face to see those women in the Blue Bird Palace in the future.

Lin Xian Er shook her head and stopped teasing Lin Shiyin.

She picked up the king-level martial arts secret book and continued to read it.

There were a lot of martial arts secret books in the martial arts pavilion. If Lin Shiyin had not taken her with her, she might not have any in her life.

She was very grateful to Lin Shiyin for the opportunity to learn these unparalleled martial arts.

In the garden of Xuanniao Palace,

Su Chen and Mi Hua still didn't speak. Su Chen was leaning on a chair and basking in the sun with his eyes closed, while Mi Hua She was fidgeting and picking her fingers.

She was very worried that Lord Wu Xiang would order Hu Ji's army to continue attacking Da Qin. If Mrs. Hu Ji started to attack Da Qin again, then she would be a completely useless person.

In this way, her son would help her. I'm afraid Su's life is in danger.

"Su Chen, why did you ask me to come over? I'm very busy now." Just when Mi Hua was thinking wildly, a very familiar voice called out from behind her.

Zhao Ji came to the garden and saw Su Chen basking in the sun and was very helpless.

This bastard looked like he had nothing to do all day long, but These women are all extremely busy. If this bastard hadn't been sorting out the matters of establishing an empire during this period, she would have gone on strike with Madam Mingzhu and the others.

"Zhao Ji, look who this person is?" When Su Chen heard Zhao Ji's words, he opened his eyes and pointed at Mi Hua and said,

"Um?"

Zhao Ji was very confused when she heard Su Chen's words.

She looked at the woman carrying her and felt that she was very familiar, but she didn't seem to be in the Xuandiao Palace.

Who is this woman?

"Mihua met the Queen Mother."

At this time, Mi Hua stood up and saluted Zhao Ji.

She was very helpless now.

Zhao Ji was probably the person she least wanted to see here.

She used to go to greet Zhao Ji basically every day in the Qin Palace, but Her current identity has changed.

King Qin Yingzheng has abandoned her and even used her as a bargaining chip to give her to the enemy.

She did not call Zhao Ji her mother-in-law this time.

"Mihua? Why are you in Xuanniao Palace?"

Zhao Ji was very surprised when she saw it was Mi Hua.

Although her substitute had been meeting Mi Hua in the past, she also knew Mi Hua very well secretly. However, how could Mi Hua be in Su Chen's palace if she was not in the palace of the King of Qin? In the Bird Palace?

Zhao Ji looked at Su Chen with a very ugly face. Could it be this bastard who kidnapped Mi Hua? This bastard wanted to take revenge on his son Ying Zheng, but he couldn't do such an immoral thing.!

Mi Hua lowered her head and did not answer Zhao Ji.

What should she say about these things?

Zhao Ji is the mother of King Qin Ying Zheng after all, and she doesn't know Zhao Ji's attitude towards her now.

Mi Hua thought that as long as Zhao Ji looked at Hu Ji She believed that

Zhao Ji would understand why she appeared here. As for whether she would complain or even scold Ying Zheng, it was none of her business.

Su Chen became furious when he saw Zhao Ji looking at him with an unkind look. Said, "Holy shit, why are you staring at me? You will understand after reading this letter"

"snort!"

Zhao Ji snorted at Su Chen after taking the letter and started reading it.

But she was so angry that she wanted to kill someone.

She didn't expect that his son would do this. Doesn't Ying Zheng have any feelings? He is just an animal. She also has family ties.

Because of the defeat in the war,

Ying Zheng actually gave her wife to the enemy.

Is he just doing this to keep his throne? Is it because of his superior power that he has become disowned by his relatives?

Bang!

Zhao Ji He slammed the table hard and said angrily, "Damn it, that bastard is a beast. From today on, I don't have that son who I don't even recognize.""

"Haven't you long since stopped recognizing Ying Zheng as your son?" Su Chen couldn't help but interjected when he looked at Zhao Ji.

When he was in Qin State, Zhao Ji knew who Ying Zheng would be in the future.

His heart was as hard as iron!

He disowned his relatives!

He was cruel and ruthless!

At that time, Zhao Ji had already disowned Ying Zheng. Otherwise, she would not leave Qin with him shamelessly.

But why would Zhao Ji say this again this time?

I just can't believe what a woman says.

"you shut up!"

"What the hell!"

Chapter 928

Su Chen was completely speechless towards this woman Zhao Ji.

After seeing this, she had to teach her a lesson tonight, otherwise this woman would become lawless.

This was the Xuanniao Palace, not her former Qin Palace.

Zhao Ji was going to Show him the majesty of the Queen Mother?

Mi Hua's mind is a little confused now.

Wasn't Zhao Ji captured by Wu Xiangjun?

Why does she think the relationship between Zhao Ji and Su Chen is unusual, and what was Zhao Ji saying she was busy with when she arrived just now? Will Zhao Ji help Wu Xiangjun again?

She looked at Zhao Ji and then at Su Chen and then lowered her head.

She didn't have the ability to take care of these things.

She couldn't protect herself now.

Zhao Ji glared at Su Chen and said to Mi Hua, who was bowing his head,"Mi Hua, you stay with me from now on, otherwise this pervert will attack you."

"this.....this....."Mihua didn't know what to do when she heard Zhao Ji's words. She was given to Wu Xiangjun by Hu Ji. If she was taken away by Zhao Ji, what should Wu Xiangjun do if he gets angry?

"What is this? From now on, you will stay with me in Xuannio Palace."Zhao Ji grabbed Mi Hua and walked away and said,

Zhao Ji will not let Mi Hua stay here.

That bastard is a sneaky cat. If he is interested in Mi Hua, I'm afraid Mi Hua will be raped tonight. Eat this bastard.

Su Chen shook his head when he saw Zhao Ji taking Mi Hua away. He had no intention of keeping Mi Hua, otherwise he wouldn't have let Zhao Ji come over.

Su Chen leaned back on the chair and said to himself Saying,

"Women are just telling the truth."

"Zhao Ji should still have feelings for her son Ying Zheng, but this time she may really want to sever the relationship. Ying Zheng's ruthlessness really made Zhao Ji give up."

Zi Yun and Ning Zhong, who were standing next to them, heard Su Chen's words. They looked at each other and smiled with their mouths narrowed.

In a side hall of Xuannio Palace,

Generals Yue Fei and Di Qing of the Song Dynasty were in this side hall. Waiting for the arrival of Lady Mingzhu, since the surrender of the Song Dynasty, the remaining armies of the Song Dynasty have also been recruited. Yue Fei and Di Qing were named by Su Chen to report to the Xuandiao Palace in Gusu City.

Yue Fei and Di Qing were arranging to be recruited. After the army, they were brought to the Black Bird Palace in Gusu City. This was also their first time to Gusu City and the first time they entered the Black Bird Palace.

Yue Fei and Di Qing were confused since they arrived in Gusu City. Looking at everything, the prosperity of Gusu City is much more prosperous than that of Kaifeng, the Imperial City of the Song Dynasty. The streets are full of people and businessmen coming and going. Luxurious carriages can be seen everywhere, and carriages loaded with goods are entering Gusu City. In and out.

There are various shops on both sides of the street. The dazzling array of goods makes them very enticed. The luxury jewelry in Gusu City is famous in Tianxuan Continent. Although they are generals,

They can't afford many of these luxury accessories.

And the defense of Gusu City is probably the strongest in the world. The city walls are full of troops wearing black armor and holding weapons. Giant military crossbows are erected one by one on the city walls. This makes People are very frightened when they see it.

The city guards are still guarding Gusu City.

In the military camp outside Gusu City, there are 100,000 black-armored troops who have been protecting Gusu City, 50,000 city guards and 100,000 black soldiers. Although Team A does not have as many troops as other imperial cities, as long as Gusu City is attacked, I am afraid that at least 500,000 troops will come to King Qin within three days.

And the troops in Xuanniao Palace are even more frightening to them. The 30,000 Black Bird Guards in the palace are very surprising to see. Each of the black-armored troops has a cultivation level above the seventh level of heaven. How can such a powerful army be defeated?

And there are everywhere in the Black Bird Palace. It can be seen that the secret guards are the personal guards of Wu Xiangjun and Mrs. Jun. These powerful secret guards are even more powerful than the Black Bird Guards.

Di Qing sat on the chair and looked at Yue Fei and said, "General Yue, How will Mr. Wu Xiang arrange for us this time?"

"I am not sure."

Yue Fei shook his head in frustration and replied.

After the surrender of the Song Dynasty, Yue Fei felt that there was no need to stay in the army. If it were not for the surrender of the Song Dynasty troops, he would have disbanded and returned to the field.

Di Qing looked at Yue Fei. He shook his head and sighed,

"well!"

"After the Song Dynasty surrendered, we lost our role"

"The generals and army in Gusu City are very powerful. It will be the same whether we join the Gusu army or not."

"Moreover, the Northern Army in Gusu City is attacking the Turks. If the Turks are also destroyed by the Northern Army, there will be no other countries in the Southern Continent, and the Southern Continent will be truly unified."

Yue Fei nodded and said in agreement, "Yes! If it weren't for my brothers in the army, I would have disbanded and returned home long ago."

"Hahaha! General Yue, this is a good thing for our army. The military pay in Gusu City is very generous. Even the luxury jewelry we see on the street is distributed in the army. Didn't you see that in the former Song Dynasty? Are the troops happy after joining the Gusu City Army?"

"makes sense!"

While Yue Fei and Di Qing were talking, three more generals wearing armor arrived.

Yue Fei and Di Qing didn't recognize these three generals, but these three generals were all wearing black armor, which let them know that these three generals were I'm afraid he is the general of Gusu City.

"Here's Gai Nie. This is General Xin Sheng and General Nei Shi Teng."

"This is Yue Fei, this is Di Qing."

Gai Nie and Yue Fei started talking after introducing each other.

Yue Fei and Di Qing did not expect that Gai Nie would be a legion commander, while Xin Sheng and Nei Shiteng were actually generals, and they were also generals of the Eastern Continent Great Qin. Yue Fei and the others They were even more impressed by the strength of Gusu City.

They did not expect that after the Southern Army in Gusu attacked the Ming Empire in the Western Continent, Great Qin's half a million troops would come to attack Gusu City.

Without the Southern Army , , just one legion of Gai Nie and the city guards, a total of 200,000 troops, stopped the Qin army's sneak attack, and even forced 500,000 Qin troops to surrender. This made them a little curious about Gai Nie, a young general.

"Madam Pearl is here!"

While they were talking to each other, the secret guard's announcement was announced outside the hall.

"Ge Nie meets Madam Pearl"

"The surrendered general Xin Sheng (Nei Shi Teng) meets Madam Mingzhu"

"Yue Fei (Di Qing) meets Madam Pearl."

When Gai Nie and the others saw Madam Mingzhu coming to the main hall, they all saluted and said,

"Get up, everyone"

"Mrs. Xie Mingzhu."

Ms. Mingzhu looked at Genie in front and said,

"Gai Nie,"

"You have made great contributions in this war, and Lord Wu Xiang has already rewarded you, but this time I asked you to come here to let you form a new combat regiment."

"There are four major combat legions in Gusu City"

"You all know this"

"Genie, you will be the commander-in-chief of the new combat legion in the future. Lord Wu Xiang will equip you with fifteen cavalry, three hundred and fifty thousand infantry, and a hundred thousand naval fleet will also belong to your combat legion, a total of sixty Wan Dajun, your combat legion is called the Tenglong Combat Army Legion."

"The headquarters of the Tenglong Combat Legion is Leling County in Yizhou of the Han Empire in the Northern Continent. The Zhen family in the Northern Continent has already controlled Leling County in Yizhou. Gai Nie, the Zhen family will help you. The mission of the Tenglong Army is to first occupy the entire Yizhou"

"Yes, Mrs. Pearl!""

Chapter 930

In the Black Bird Palace, after Jing Shao went to give the order, the Black Bird Guards and Secret Guards in the entire Black Bird Palace started to move.

Originally, there were only 5,000 Black Bird Guards responsible for guarding the Black Bird Palace. Now, there are 30,000 Black Bird Guards. All the guards were dispatched.

The Xuandiao guards of Xuannio Palace each held crossbows and swords on their waists and quickly protected the Xuannio Palace layer by layer. The large military crossbows were also filled up one after another, ready to shoot the invading enemy..

The small team of secret guards began to patrol frequently in Xuannio Palace.

The Six Sword Slaves and the masters in Xuannio Palace also stood on each palace in Xuannio Palace. These great masters The masters and masters all looked around the palaces vigilantly.

In Gusu City, after the order was conveyed to the city guards of Gusu City and Huang Yaoshi, the prefect of Gusu City, the 50,000 city guards and the police officers of Gusu City were dispatched one after another to begin martial law in Gusu City. The gates of Su City were instantly closed by the City Guards.

After the City Guards and a large number of policemen suddenly appeared on the streets of Gusu City, the bustling Suzhou suddenly became quiet.

The civilians on the streets and Many merchants and travelers looked at the heavily armed city guards and numerous police officers in surprise. The sudden appearance of the city guards and a large number of police officers made no one in Gusu city aware of what had happened.

The detectives from Gusu City quickly dispersed on the street and kept shouting, "Your Majesty has ordered that Gusu City is under martial law today. All people must go home individually and are not allowed to stay on the street. If you violate the rules, Those who order will be killed without mercy!"

"Your Majesty has ordered that Gusu City is under martial law today. All people must go home and are not allowed to stay on the streets. Anyone who disobeys the order will be killed without mercy!"

"Your Majesty has ordered that Gusu City is under martial law today. All people must go home and are not allowed to stay on the streets. Anyone who disobeys the order will be killed without mercy!"

Uuuuuuuuuuuuuuuuuuuuuuu!"

Ta-ta-ta-ta-ta-ta.

Before the people in Gusu City had time to go home, they heard the sound of the horns of Gusu City, and then the sound of intensive horse hooves reached the ears of the people of Gusu City. squeak!

The east gate of Gusu City opened again, and then groups of black-armored cavalry rushed into Gusu City.

After entering Gusu City, these black-armored cavalry dispersed in teams of ten thousand, starting from all directions. The outside of Xuanniao Palace became alert.

"What happened? Not only is martial law in Gusu City today, 50,000 city guards and all the police officers of Gusu City are on guard in every street of Gusu City. Even the black armored troops from the military camp outside the city have entered Gusu City."

"Something big must have happened. Let's go home quickly!"

"Yes, even the 500,000 troops sent by the Great Qin in the Eastern Continent wanted to attack our Gusu City. Gusu City has not been under martial law. Something big must have happened this time."

"That's right, that's right. Let's not hinder the army on the street. Everyone should go home quickly."

"Let's go, everyone goes home. I hope nothing happens to us in Gusu City, and I hope nothing happens to Mr. Wu Xiang."

The people in Gusu City hurriedly went home after talking to each other. They did not dare to stay on the street any longer.

After the martial law in Gusu City, anyone who stayed outside would be killed.

The people in Gusu City For the sake of their own lives, no one stayed on the street.

On the street of Gusu City, the four of them were riding horses towards his mansion. However, the sudden changes in Gusu City surprised all four of them.

Xin Sheng looked at the black-armored troops entering Gusu City and asked in confusion, "Brother Gai, what happened? Why was martial law suddenly imposed in Gusu City? Even the Black Armored Army entered Gusu City?"

After Xin Sheng asked Gai Nie,

Yue Fei, Di Qing, and Nei Shiteng also looked at Gai Nie. They all wanted to know why Gusu City was under martial law for no reason.

Gai Nie's face shook seriously. He shook his head and said hurriedly, "I don't know, we were fine after we came out of Xuanniao Palace, but the sudden martial law in Gusu City may be due to something big.

Di Qing looked at the crowd and said, "What are we going to do?" Do you want to go to Xuanniao Palace to meet Madam Mingzhu again?"

Gai Nie shook his head and continued to say to Yue Fei and the others,

"We can't enter the Black Bird Palace"

"You see, the black-armored army is protecting the Black Bird Palace at all levels. I am afraid that the Black Bird Palace is now under martial law. Even if I am the commander-in-chief of a combat legion, it is impossible for me to enter the Black Bird Palace again without an order.."

While Gai Nie and Di Qing were talking, a group of city guards came and Gai Nie saluted and said, "Generals, Gusu City is now under martial law. Please return to your respective mansions immediately."

"We know, we are going home now." When Gai Nie saw the expressionless faces of the city guards, he nodded and replied in a cold tone.

"Thank you, General, for your cooperation." The City Guards Genie and the others saluted and then continued to patrol the streets and became vigilant.

"Let's go back to my mansion first." Gai Nie nodded to Yue Fei and the others and rode away.

Yue Fei and the other three looked at the leaving city guards, and then they each looked at them and hurriedly rode to follow Gai Nie. But the three of them saw that if they didn't Go back home according to the words of the city guards,

I'm afraid those city guards will take action. This surprised them all.

Gai Nie is a high-ranking official in Gusu City, but these city guards have no respect for Gai Nie at all.

The city guards of Gusu City are different from the city guards of other imperial cities, and they are very different.

On a high tower in Gusu City, an old man in green shirt and an old man in black shirt stood face to face. They all noticed the changes in Gusu City, but they didn't pay attention to them.

"You shouldn't come here. The Xianbei Yan Kingdom has been destroyed for hundreds of years. The Murong family has no descendants. You shouldn't be born again."

"I just came to Gusu City for a visit. You are too suspicious."

"Old friend, it's not that I'm suspicious, the Murong family was destroyed by my juniors, how can I feel relieved when you come here? If you have nothing to do, you can go find that old bald donkey who became a monk. He is the only person in the Murong family. If it weren't for you, I would have killed that old bald donkey long ago."

"I have never let go of right and wrong, grudges and grudges. Old Taoist, do you think I can really let go?"

"Can!"

Less than twenty miles outside Gusu City, three beautiful women, two older and one younger, were rushing towards Gusu City.

They were Princess Su Yan who had returned from the Western Continent, and the jellyfish Yinji and Shi who were protecting Princess Su Yan. Guanyin and Guanyin are two super masters who are halfway to the realm of heaven and human beings.

Su Yan was thinking about going to Gusu City, but she was afraid that she would never be able to leave after returning to Gusu City.

Aunt Li and the aunts in the Black Bird Palace will definitely not let her go crazy again, but the Ming Empire in the Western Continent has not yet destroyed her, but they have to break into the Ming Imperial Capital before the Eastern Army and the Southern Army.

She wanted to catch Emperor Ming with her own hands.

Su Yan looked at Shi Guanyin and Jellyfish Yinji beside her. She rolled her small black eyes and said with a sweet smile, "Aunt Shi, after my father established the empire this time, you and Aunt Jellyfish Yinji are going to kill me." Bring them back to the Western Continent."

Shi Guanyin rolled his eyes at this little girl who was causing trouble everywhere and did not let them worry at all, and felt very headache.

She regretted agreeing to protect this little girl.

If it weren't for the sweetness of this little girl, which made them all like it very much, Shi Guanyin would have taken this careless little girl back to Gusu City by force.

Shi Guanyin stroked her hair and asked helplessly. road,

"Do you think that's possible?"

"possible!"
