Chapter 931

Jellyfish Yinji laughed when she saw Su Yan nodding seriously.

This little girl was so helpless.

Shi Guanyin was obviously saying that this was impossible, but Su Yan deliberately pretended not to understand.

This made Jellyfish Yinji speechless to this girl Su Yan.

"Um?"

Suddenly,

Jellyfish Yinji discovered what happened in Gusu City. Even the army entered Gusu City and was on alert. However, there was no war or fighting in Gusu City. This made Jellyfish Yinji frown and not understand what happened. whats the matter?

"What's wrong?"

Shi Guanyin asked in confusion when he saw Jellyfish Yinji frowning.

Su Yan asked hurriedly when he saw Jellyfish Yinji looking in the direction of Gusu City with a serious expression, "Auntie, what happened? ?"

"Something may have happened in Gusu City, but I didn't find any war or fighting between Jianghu masters, but Gusu City has been under martial law, and even the troops outside the city have entered Gusu City."

"What? Is martial law in Gusu City? How can this be?" Yan was very surprised when she heard Jellyfish Yinji's words.

Ever since she settled down in Gusu City with her father Su Chen, Gusu City has never been under martial law, and even Gusu City has never been attacked.

Now the entire Southern Continent is their family's sphere of influence, and

Gusu City is also in the center of the Southern Continent.

How could Gusu City be under martial law?

Who else wants to attack Gusu City?

Who even came to Gusu City to kill her father?

Shi Guanyin hurriedly picked up Su Yan and said anxiously, "Let's go to Gusu City quickly. Maybe Su Chen's bastard enemy wants to deal with Su Chen."

"Well, let's go!"

Jellyfish Yinji nodded and disappeared directly. Shi Guanyin hugged Su Yan and disappeared right behind her.

Gusu City, the Phoenix Palace of Xuanniao Palace.

Su Chen was distracted outside Concubine Yan's room. Looking around uneasily, he had previously sensed two powerful auras coming to Gusu City. His mental strength would not be wrong. It was the time when Concubine Yan was giving birth, and Su Chen didn't want to appear. What an accident.

There are no land gods in the Celestial Realm in Gusu City, nor are there any super masters in the Golden Core Realm.

The two women Hua Baifeng and Bai Jing may still be practicing in Shengjing City in the Western Continent, and Jellyfish Yin Ji and Shi Guanyin is also protecting Su Yan in the Western Continent.

Shui Rou (Mrs. Ye Di) is in Yihua Palace in the Western Continent. Bai Ruobing (Marquise) and Donghuang Taiyi don't know what to do in the Eastern Continent.

If there is a Heavenly Realm at this time The enemies of the land gods are coming, even the enemies who are half a step into the Golden Core realm.

The guards in the Xuantiao Palace may not be able to stop them.

Madam Mingzhu saw that Su Chen had ordered the Xuantiao Palace and Gusu City to be on guard, but Su Chen Still feeling uneasy, she took Su Chen's hand and whispered,

"Husband, what happened?"

Changsun Wuchu and other women also looked at Su Chen to know what happened.

They also noticed that Su Chen looked worried. Although they didn't know what happened, they were all a little worried. Something unexpected happened when Concubine Yan was giving birth.

Su Chen looked at the women here and said to them seriously,

"I noticed that two powerful people appeared in Gusu City. I don't know whether these two powerful people are enemies or friends, but today is the critical moment when Concubine Yan gives birth to a baby, and I cannot take it lightly."

The women here were all nervous when they heard Su Chen's words.

They didn't expect that a powerful person would appear at this critical moment. Although they didn't know whether these two people were enemies or friends, they didn't rule out that the person coming was... enemy

"Ahhhhh!"

At this time,

Concubine Yan's screams rang out again in the room, and this time Concubine Yan never stopped screaming.

When Su Chen heard Concubine Yan's screams, he hurriedly stood at the door and said loudly, "Concubine Yan Concubine, I'm right outside. Don't worry. You and your child will be safe."

"I.....Know.....Yes, husband.....Jun, me.....It's okay, ahhh!" Concubine Yan said intermittently in the room,

"Madam Jun, if you use your strength, the baby will come out." The voice of the midwife continued to encourage Concubine Yan in the room.

Su Chen couldn't stay outside any longer.

When he heard Concubine Yan's shouting, he pushed the door open and entered, "No, I want to go in and take a look."

Li Qingluo hurriedly grabbed Su Chen and yelled at him, "Su Chen, please calm down. Women are not allowed to go in to give birth to children. Men are not allowed to go in. Please stay here properly.""

"Husband, you can't go in the room, so just wait here with peace of mind."

"Cousin, you should listen to your mother"

"Husband, stay here honestly and don't go in and cause trouble."

"Su Chen, nothing will happen to Madam Jun and Concubine Yan. Men can't go in. Even if you go in, you can't do anything."

Chang Sun Wuchu and other women outside the room stopped in front of Su Chen and tried to persuade him one after another.

Su Chen looked at these women and sat helplessly aside. He also knew that in ancient times, when women gave birth to children, Men can't be around. There are many rules in ancient times, but it's impossible for him not to listen.

"Wow wow wow wow....."

At this moment, a baby's cry suddenly sounded in the room.

"Give birth, give birth"

"yes! Concubine Yan gave birth"

"hehe! Our Black Bird Palace will be lively in the future."

"Concubine Yan has given birth, that's fine! That's good!"

Mrs. Mingzhu and the others became happy when they heard the baby's cry.

"I'll go in and take a look, and you guys just stay here."When Li Qingluo heard the baby's cry, she smiled and said to Su Chen and Changsun Wuchu,

"Okay Aunt Li!"

Su Chen rubbed his hands and said with a smile.

He was now thinking about how to hold his daughter.

Su Chen had never held a baby before, and he didn't know how to hold it.

Although he had a daughter, Su Yan But he was five or six years old when I met him, and he had no experience in holding a baby.

"who?"

Su Chen suddenly felt a breath suddenly appear in the Phoenix Palace. He hurriedly took out the Falling Snow Sword and shouted to the people around him.

Madam Mingzhu and other women heard Su Chen's voice and hurriedly guarded outside the room, while the surrounding people The secret guards appeared here one by one with crossbows pointed at the surroundings, and the shadow assassins also appeared one after another around Su Chen.

"Your reflexes are good. It seems that your perception is very strong. This is the first time that I was discovered without showing up."

Chapter 932

In the Phoenix Palace in the Black Bird Palace, an old man in black clothes appeared silently.

He looked at the guards around him without paying any attention. With his strength, these guards were not a threat to him.

He frowned when he looked at the legendary Lord Wu Xiang. According to rumors, Lord Wu Xiang was a lecher with low strength, but now Lord Wu Xiang is a Grand Master, even at the peak of the Grand Master's strength.

Forehead!

It's not all bullshit.

There are quite a lot of women in this Wu Xiangjun, and they are all stunning beauties.

"Who are you?"

Su Chen looked at the old man in black shirt and didn't remember who he was.

This old man in black shirt was very powerful. He was either in the Heavenly Realm or half-step into the Golden Core Realm. Su Chen didn't remember offending such a person.

"enemy!"

The old man in black shirt put his hands behind his back and said expressionlessly,

"enemy? I don't remember an enemy as powerful as you. Tell me your name, enemy!"

Su Chen frowned when he heard the words of the old man in black.

He didn't expect that this powerful old man was actually an enemy. So who is he going to avenge this time?

Su Chen has offended many people.

He killed more enemies, but there seemed to be only a few enemies with such a strong background, and even those enemies' backers were killed by him.

Who did this old man in black shirt get?

The old man in black shirt looked at Su Chen's composure. He smiled and said, "Hahaha! Mr. Wu Xiang, aren't you afraid that I will kill you?"

"you can't kill me"

"oh! Are you that confident?"

"This is not self-confidence. I am very sure that you can't kill me."

"Really? Why don't I believe it?"

"Then you can give it a try?"

Su Chen became angry at the old man who refused to give in. Although he can't deal with this old man now, he does have a big killer weapon, the spirit sword Luo Xue. As long as he surprises the

old man in black clothes with a sneak attack, he can't kill him even with a sneak attack. He, but with the ability of the Spirit Sword Luoxue, could also seriously injure the old man in black shirt.

Boom!

The old man in black shirt was angered by Su Chen.

He suddenly burst out with powerful momentum and pressure and was about to attack Su Chen.

In the old man in black shirt After the powerful momentum erupted, the surrounding secret guards were forced to retreat continuously. Even some of the surrounding precious flowers and plants were shattered by the powerful momentum. The surrounding trees were also shaken by the powerful momentum. With

"etc!"

"oh! Wu Xiangjun, aren't you very tough? how? Do you want to be captured now?"

Su Chen looked around and said to the old man in black clothes, "Call your helpers to come out. Are the rats who have been hiding trying to sneak up on me?"

Su Chen also suddenly discovered that there was a powerful person hiding in the Phoenix Palace, which made Su Chen want to curse.

He could still deal with a powerful enemy, but there was nothing he could do to deal with another one.

Do he have to sacrifice several people? Will thousands of troops come to surround and kill these two powerful enemies?

"Ha ha ha ha....." The old man in black shirt burst out laughing when he heard Su Chen's words.

His old friend's junior actually scolded his old friend.

This made him laugh uncontrollably after not laughing for a long time.

Uh-huh!

An old man in green clothes also appeared.

After he appeared, he stared at Su Chen and wanted to beat this bastard.

He had been worried about this bastard, but this bastard actually called him a hidden rat.

This made him unable to resist and wanted to teach this bastard a lesson

"You're laughing your ass off!"

"Old Taoist, you too have today!"

"Damn it, you've seen this person before. Isn't it time to fulfill what you promised me?"

"No, Wu Xiangjun must die. You should know that I owe the Murong family. The Murong family was wiped out by Wu Xiangjun. I must give an account to those who died in the Murong family."

"Do you want to die?"

"You can't kill me! We are equally powerful, it's not like you don't know that."

Su Chen was a little confused while listening.

He originally thought that the old man in green shirt and this old man were together, but now it seems that the old man in green shirt was here to protect him.

But who did this old man in green shirt get?

Why? Protect him?

And the old man in black clothes actually came to avenge the Murong family. Is there such a powerful person in Murong Fu's family?

This old man in black clothes seems to owe a favor to the Murong family. This time he came to kill him to repay Murong. Family favors.

Su Chen looked at the two old men staring at each other and waved around and said,

"Everybody get down!"

"Yes, Your Majesty!" The secret guards and shadow assassins saluted Su Chen and then disappeared here one by one.

Su Chen is no longer worried.

With this old man in green shirt here, this old man in black shirt is definitely dead this time.

If they fight alone. When he got up,

Su Chen would unexpectedly attack the old man in black shirt. He believed that the old man in green shirt would take this opportunity to kill the old man in black shirt.

"Jing Salamander, you take Mingzhu and they move Concubine Yan to another palace."

"Yes, husband!"

Boom!

The old man in black suddenly stretched out his hand and slapped Jing Salamander and the others, "Want to leave? Wu Xiangjun, you and your women are going to die this time, oh, and your newly born child is going to die too."

Bang!

Boom boom boom!"

"If you seek defeat alone, you are seeking death!"

The old man in green shirt hurriedly blocked the attack of the old man in black shirt.

Under their powerful attack, some surrounding buildings were knocked down.

"Seeking defeat alone? It turns out that the old man in black shirt is seeking defeat alone." Su Chen understood when he heard the cry of the old man in green shirt.

Dugu Qiubei is also from Xianbei.

The Murong family is the royal family of the Xianbei people.

Dugu Qiubei should have been saved by the Murong family when he was young, and he was even treated by the Murong family. Favor.

Whoosh!

Two women suddenly appeared on the Phoenix Palace. When they saw the two old men fighting, they looked at each other.

"Let's go find your husband first"

"Um!"

Chen also discovered the arrival of Jellyfish Yinji and Shi Guanyin. He felt more relieved when he saw Jellyfish Yinji and Shi Guanyin. With them here, Dugu Qiubai would die here even if he was only half a step into the Golden Core realm.

"Husband!"

Jellyfish Yinji and Shi Guanyin shouted when they arrived next to Su Chen.

Su Chen looked at the still beautiful and charming Jellyfish Yinji and Shi Guanyin and said, "You came at the right time, Guanyin, you take Jingyu and the others with you. Protect Concubine Yan and her daughter from here"

"Yes, husband!"

"Husband, what's going on with these two old men?" Su Chen breathed a sigh of relief when he saw Shi Guanyin escorting the women here into the room. With Shi Guanyin and the others protecting Concubine Yan and the daughter he had never met, Su Chen no longer worried that something would happen to them. Su Chen took Jellyfish Yinji's hand and pointed at Dugu Qiubai and said, "The old man in the black shirt is Dugu Qiubai. He is coming to kill our whole family today. I don't know who the old man in the green shirt is, but he seems to be standing." On our side." When Jellyfish Yinji heard Su Chen's words, she glared at Dugu Qibei angrily and said, "I'm going to kill Dugu Qibei!"

"

"Um! By the way, where is Yan'er? Didn't she come back with you?"

"Come, we left that girl in the Blue Bird Palace."

Chapter 933

Su Chen felt relieved when he heard that Su Yan was back. If Jellyfish Yinji and Shi Guanyin arrived without Su Yan, I'm afraid Su Yan's girl wouldn't show up even when she established her empire at the end of the year.

That girl is so crazy that she doesn't want to be restrained after she goes out.

If no one can control her, that girl will be lawless and cause trouble everywhere. She may even go to the Northern Continent to live freely.

Jellyfish Yinji said to Su Chen and disappeared next to Su Chen. She was very angry at Dugu Qiubei who wanted to kill their whole family. This Dugu Qiubei was destined to die this time, but she would not let him go. enemy. boom!

When Jellyfish Yinji appeared in the air, she directly attacked Dugu Qiubai with a palm attack.

When Dugu Qiubai saw Jellyfish Yinji attacking with her palm, he quickly dodged away. He had been thinking about the two powerful women who had just arrived.

Dugu Qiubai didn't expect that bastard Su Chen to have two women with the same level of cultivation as him, and one of them was stronger than the other, and one of them even had a much stronger aura than him.

"Did you escape?"

Jellyfish Yinji said disdainfully when she saw Dugu Qiubei dodge her attack. She looked at Dugu Qiubei and then turned around and struck Dugu Qiubei with her palm. There is no way she can let Dugu Qiubei leave alive today.

"Dugu Nine Swords - Palm Breaking Style!"

"Xuanshui Mingzhang!"

Boom, boom, boom!

Dugu Qiubai made sword energy with one finger to attack Jellyfish Yinji, and Jellyfish Yinji also condensed some Xuanming heavy water palms to attack Dugu Qiubei. The sword energy and heavy water palm collided with each other and sent out a shock wave. The Phoenix Palace was so shaken that it was about to collapse completely.

Just when Su Chen was watching the battle between Jellyfish Yinji and Dugu Qiubai, the old man in green shirt suddenly appeared next to Su Chen and asked, "Boy, why is your woman like this? powerful?"

"Why are you back? Go and help my wife kill Dugu Qiubai." Su Chen asked hurriedly when he saw the old man in green shirt appearing next to him.

Su Chen was also startled by the old man in green shirt who suddenly appeared next to him.

He had been paying attention to the battle of Jellyfish Yinji and forgot to pay attention to everything around him. Now, if the old man in green shirt is the enemy, I am afraid that he has either been caught or killed.

The old man in green shirt glanced at Su Chen and sat down.

He looked at Dugu Qiubei defeated in the battle and sighed.

This Ci Dugu Qiubei is probably going to die in the Xuandiao Palace. That woman is stronger than them all, and she may have touched the Golden Core realm.

Although Dugu Qiubei is powerful, she is not the opponent of that woman.

He and Dugu Qiubei After fighting for a lifetime, they were both enemies and friends, but this time he was about to lose this old friend who was both an enemy and a friend.

Dugu Qiubai had threatened to kill Su Chen and his woman, and even wanted to kill Su Chen's newborn baby. Boy, he noticed the murderous intent in Su Chen's eyes, and it was still a very strong killing intent.

He did not plead for Dugu Qiubei. He was powerless to say those words to Dugu Qiubei this time.

The old man in green shirt Sitting down, he looked at Su Chen and said, "With your wife here, I can't take action. This time Dugu Qiu is defeated."

Su Chen nodded when he heard the words of the old man in green shirt.

Jellyfish Yinji is probably about to advance to the Golden Core Realm.

As long as Dugu Qiubai is not at the Golden Core Realm, then Jellyfish Yinji will definitely be able to kill Dugu Qiubei.

Su Chen sees The old man in green shirt asked doubtfully, "Who are you? Why help me?"

The old man in green shirt was very angry when he heard Su Chen's words.

This bastard just scolded him, and even called him a rat. Now this bastard thought of asking his name?

What did he do just now ?

"Bastard, I still remember what you scolded me about just now. I will settle the score with you in the future. I am a free man. You should have heard my name."

"I'll do it!"

Su Chen was very confused when he heard Xiaoyaozi's words.

Li Qiushui's master Xiaoyaozi actually appeared here and protected him, which made Su Chen's mind a little confused.

He has nothing to do with Xiaoyaozi. , how could this Xiaoyaozi protect him?

Is it because of Li Qiushui and his three fellow apprentices?

"Boy, why don't you call me Master quickly?"

"Holy shit! When did you become my master?"

"Um? Aren't you a junior in my apprentice Qiu Shui's family? I am your aunt's master. If I am not your master, who are you?"

"I'll do it! Is this still possible?"

【What kind of aunt is there?】

【Li Qiushui is an aunt. When did Aunt Li become an aunt?】

【Forehead! If Li Qiu Shui was really his aunt according to his generation, he just couldn't call a beautiful woman Grandma Su Chen, and it was impossible for Li Qiu Shui to let him call her his aunt. 】

Su Chen was speechless.

He didn't expect that Xiaoyaozi came to protect him because of this. But in this way, he was really related to Xiaoyaozi, but the relationship between them was a bit far away.

Boom boom boom!

The fight between the jellyfish Yinji and Dugu Qiubai in the air became more and more fierce, and the entire Phoenix Palace was about to be moved to the ground. The destructive power of Dugu Qiubai's Dugu Nine Swords and Jellyfish Yinji's Mysterious Water Palm are too powerful.

At this moment, in the Blue Bird Palace,

Shi Guanyin and Jing Sala brought Concubine Yan and their children to the Palace of Blue Bird.

In a luxurious room,

Concubine Yan was lying on the bed looking at her daughter in her arms and she was very happy. The women around her They all gathered around the bed and looked at Concubine Yan's daughter.

Concubine Yan's daughter Su Chen named her early,

Su Yue!

The little princess of the future empire

"Haha, Xiao Yue'er is so cute now"

"yes! From now on, we will have another little princess in the Xuandiao Palace."

"Yue'er can't be led astray by her husband in the future. Yan'er has already been led astray by her husband. Yue'er can't be led astray again."

"Um! Xiao Yue'er cannot be led astray by her husband."

"hehe! If your husband finds out about this, he will be very sad."

Mrs. Mingzhu and Changsun Wuzhuo, who were beside the bed, started talking one after another as they looked at the chubby and cute Su Yue.

Concubine Yan smiled and listened to the conversation between Changsun Wuzhuo and the others. She thought that she would not let Su Chen take care of her in the future. Her daughter looked like a lawless person.

Su Chen didn't act like a serious person all day long.

If he took care of children in the future, Concubine

Yan was also afraid that her daughter would make trouble like Su Yan when she grew up.

Li Qingluo clicked when she heard what these women said. She nodded, thinking that Su Chen, that bastard, had already turned Su Yan into a corner, and she didn't want Su Yue to turn that bastard into a corner in the future.

Li Qingluo picked up the baby and Su Yue smiled and said, "Don't worry about that bastard. We will take care of Yue'er from now on. We can't let Su Chen take care of the child anymore. Yue'er, I am your aunt, you have to grow up quickly!"

At this time,

Su Yan squeezed past the adults and shouted hurriedly, "Auntie, auntie, let me hug my sister."

"Su Yan, please be honest with me, are you good at holding a child at such a young age?" Jing Salamander grabbed Su Yan and said angrily,

"Mother, I know how to do it, I really know how to do it. I have seen how to hold a child in the Western Continent.

Chapter 934

When Su Yan looked at her cute sister, she wanted to hug her.

She wanted to touch her little sister's chubby face, bright eyes, and delicate skin, and she even wanted to pinch her.

But she was held tightly by her mother, and

Su Yan could only look pitifully at her sister who couldn't hug her with her own hands.

Changsun Wuchu and the others shook their heads when they heard Su Yan's words.

They would not let Su Yan hug Su Yue now. After all, Su Yan was still too young, and Su Yue was only born today and was still very weak. Su Yan If Su Yue is not held lightly, Xiao Yue'er may be injured.

Concubine Yan was lying on the bed and looked at Su Yan's anxious look and smiled and said, "Yan'er, you can't hug me today. Your sister was just born today. After a few days, you can hug her.""

"real?"

"of course it's true"

"How many days will it take?"

"Five days, how about that?"

"hehe! Okay, then I will hug my sister again in five days." Su Yan laughed when she heard Concubine Yan's words. She could afford to wait for five days, but it was a pity that she couldn't hug her sister with her own hands now.

Su Yan suddenly patted her head, and she hurriedly took out a bag from her pocket. He picked up a ruby the size of a pigeon egg and said, "By the way, aunt, this is my gift to my sister. I got this ruby from some white slaves. You see, this is very beautiful."

"Hahaha!"

The other women here laughed when they saw the ruby that Su Yan took out.

They women know that there are a lot of gems like this in the treasure house of Xuanniao Palace, and there are even gems that are bigger and more beautiful than these. There are few, especially Concubine Yan's Aken gem, which is a truly beautiful gem.

"Thank you, Yan'er. Concubine Yan took the ruby from Su Yan and said with a smile.

Although this ruby is nothing to her, it is a gift from Su Yan to her sister after all. Su Yan can bring it to her sister at such a young age. Gift, this made Concubine Yan very happy

"Sister Shi, nothing will happen to your husband, right? Changsun Wuchuan asked Shi Guanyin worriedly when he thought of the assassin.

Concubine Yan heard Changsun Wuchuan's words and asked hurriedly, "By the way, what's going on with your husband now?"

"Concubine Yan, please cultivate yourself well. Nothing will happen to your husband if you have Jellyfish Yinji." Shi Guanyin looked at Changsun Wuchu and Yan Fei and said comfortingly.

She knew that Jellyfish Yinji was very powerful.

She had been sparring with Jellyfish Yinji while protecting Su Yan, but she was always beaten by Jellyfish. Yin Ji was easily defeated.

Jellyfish Yin Ji was about to advance to the Heavenly Realm.

Shi Guanyin tried her best and could not pose a threat to Jellyfish Yin Ji. If Jellyfish Yin Ji advanced to the Heavenly Realm in the future, then Jellyfish Yin Ji would instantly She can be subdued, and she doesn't even have the ability to resist.

The other women were relieved after hearing Shi Guanyin's words.

They were also very worried about Su Chen just now. Although there was an old man in green shirt helping Su Chen, the old man in black shirt was After all, they are a powerful enemy, and they are also worried that something unexpected will happen to Su Chen.

In the Phoenix Palace, it is now in ruins. Su Chen's face turned dark when he looked at the ruins of the Phoenix Palace. He did not expect that something like this would happen today. The founding ceremony of the nation will be held in about a month, but the Phoenix Palace, the queen's palace, was destroyed. If the world knew about this, they would not know how to laugh at his new empire.

Xiaoyaozi looked at Dugu Qiubai and Jellyfish Yinji were fighting, and he suddenly noticed that Su Chen's expression was very poor, which made him look at Su Chen very confused.

Su Chen's woman, Jellyfish Yinji, had always had the upper hand, and Jellyfish Yinji It seems that she hasn't used her full strength yet.

Although I don't know why Jellyfish Yinji didn't use her full strength to kill Dugu Qiubai? But Su Chen doesn't have to look so ugly, right?

"Boy, why do you look so ugly?"

"Nonsense, can I be happy if my palace is destroyed?" Su Chen glanced at Xiaoyaozi and said helplessly.

Xiaoyaozi shook his head when he heard Su Chen's words.

He knew how powerful Su Chen was.

What does a palace mean to him?

He didn't expect this bastard. The boy is depressed just because of a palace. This bastard boy is stingy enough.

"Isn't it just a palace? I heard that the Southern Continent was conquered by you. Wouldn't it be nice if you built another palace?"

Su Chen angrily kicked the rocks in front of him and said, "I have to have time! But I will build an empire in one month. Can I rebuild the imperial queen's palace in one month?"

"this....."

Xiaoyaozi didn't know what to say when he heard Su Chen's words.

He didn't expect that Su Chen would establish an empire in a month. This surprised him, although he also knew that with Su Chen's power, he would establish an empire sooner or later. Yes, the country will be established in just one month, which he did not expect.

He looked at the damaged Phoenix Palace around him and shook his head. It was impossible to rebuild this palace in a month. boom!

At this time,

Dugu Qiubai flew out of the palace after a faint.

He was driven crazy by this woman. He tried his best but could not find any flaw in this woman, and this powerful woman seemed to He didn't use all his strength. If he didn't escape, he might be killed.

"escape! Did you escape? I don't dare to use all my strength in the Black Bird Palace, but in the wild, you will be dead." Jellyfish Yinji smiled when she saw Dugu Qiubei escaping and said, she has been waiting for Dugu Qiubei to escape from the Xuandiao Palace.

Jellyfish Yinji was fighting in the Xuanniao Palace but she couldn't let go.

She and Dugu Qiubei Qiu Qiubai had already razed the Phoenix Palace to the ground without using her full strength. If she had used all her strength to fight against Dugu Qiu Bai's battle, I'm afraid Xuanniao Palace would have been destroyed.

After all, Xuanniao Palace is her home. , she didn't want to destroy her home while fighting.

After Dugu Qiubai and Jellyfish Yinji disappeared one after another,

Su Chen and Xiaoyaozi looked at each other.

They heard what Jellyfish Yinji said. , it turns out that Jellyfish Yinji has not used her full strength because she is afraid that the Black Bird Palace will be destroyed by the fight between them.

"Boy, your woman is nice. What's her name?" Xiaoyaozi nodded after hearing Jellyfish Yinji's words.

Su Chen's woman is really thinking about this bastard.

This bastard doesn't know where to find someone who is not only beautiful and charming, but also has such strength. Powerful woman, this bastard is really lucky.

"Jellyfish Yin Ji!"

"Cough cough cough! What did you say her name was?"

Chapter 935

Xiaoyaozi was surprised and thought he heard wrongly,

Jellyfish Yinji?

The lord of Shenshui Palace, Jellyfish Yin Ji?

How can this be?

Could it be that after he secluded himself in the world and devoted himself to cultivating, something happened in Tianxuan Continent that he didn't know about?

How could the jellyfish Yinji of Shenshui Palace be this bastard's woman?

Jellyfish Yinji was a person of his generation. Although they had never met, he had heard of Jellyfish Yinji, a strong woman.

Xiaoyaozi glared at Su Chen and hurriedly grabbed Su Chen's clothes and asked directly, "You bastard, is the Jellyfish Yinji you are talking about the Palace Master of the Shenshui Palace in the Western Continent?"

"uh-huh!"

Su Chen knew what Xiaoyaozi was surprised about.

Su Chen just wanted to be angry with Xiaoyaozi, who was going to be his ancestor. He couldn't take advantage of him.

In the future, Xiaoyaozi would dare to say that he was his ancestor.

Su Chen He would pull powerful women like Jellyfish Yinji and Shi Guanyin to stand beside him. He wanted to see if Xiaoyaozi dared to say that he was his ancestor.

With powerful women like Jellyfish Yinji threatening Xiaoyaozi, Xiaoyaozi I will definitely not dare to fart from now on.

"My heaven!"

Xiaoyaozi was completely shocked.

Is this bastard Su Chen going to defy heaven?

This bastard actually found a hundred-year-old woman who is almost the same age as him. The most important thing is that the strength of Jellyfish Yin Ji is in the sky. There is one ceiling in Xuan Continent.

He must have gone crazy in isolation.

Why did Tian Xuan Continent become so strange after he left seclusion this time?

"Old man, are you scared?"

"I'm so scared!"

"Um? Then wait until my woman, Jellyfish Yinji, comes back and try saying that you are my ancestor?"

"Damn it, are you threatening me? I am your genuine ancestor"

"I didn't say you weren't! However, do you dare to say this in front of my woman? oh! I forgot to tell you, the other woman who came is also my woman, her name is Shi Guanyin"

"My heaven! Are you trying to scare the ancestor to death?"

Xiaoyaozi is completely helpless.

A powerful jellyfish Yinji has already frightened him, and the other Shi Guanyin is a female devil.

He did not expect that the female devil Shi Guanyin decades ago was also the bastard. Woman, at this moment,

Xiaoyaozi wanted to go back and continue to retreat.

Su Chen looked at the shocked Xiaoyaozi and shook his head.

He had not yet told Bai Ruobing, Donghuang Taiyi and other women, otherwise he would scare the old bastard Xiaoyaozi to death.

"Someone come!"

"Your Majesty!"

A secret guard commander immediately appeared in front of Su Chen and saluted.

Su Chen looked at the razed Phoenix Palace and ordered with heartache, "Let the governor of Gusu City immediately summon craftsmen to repair the Phoenix Palace. It must be done before the end of the year. The Phoenix Palace must be repaired"

"Yes, Your Majesty! Su

Chen looked at Xiaoyaozi and said bluntly, "Old Taoist, I'm going to see my newborn daughter. Do you have anything else to do?"

Xiaoyaozi is now speechless at this bastard.

Instead of calling him Laozu, he calls him Lao Dao.

He thought of the jellyfish Yin Ji and the female devil Shi Guanyin and shook his head.

He can't afford to offend him. He can't afford to offend him!

Xiaoyaozi touched it. Huzi thought that he would have to let Li Qiushui and the others discipline this bastard in the future, "Boy, I have asked Wu Xingyun and the other three sisters to rescue my apprentice Wu Yazi. I will ask Wu Yazi to help you in the future, right?"

Su Chen waved his hands hurriedly when he heard Xiaoyaozi's words and said,

"Don't!"

"Don't!"

"I can't afford Wuyazi, and I'm not interested in the man who abandoned his wife and daughter."

"You should also know something about Li Qiu Shui, his daughter Li and the others. Wu Yazhi has asked Aunt Wu and the others to take the message. If he dares to show up in Gusu City, I will kill him."

"I'm not kidding"

"The fact that I was able to pay a Heaven and Earth Spirit Fruit to cure his injury was because of Aunt Wu and Aunt Li's face."

Xiaoyaozi also knows the grudges and grudges of his disciples. Now his three female disciples are all well-known masters in the world. As his successor, Wuyazi had all his meridians and bones broken decades ago and became a Useless person.

This really made him angry and helpless.

Xiaoyaozi shook his head when he thought of the things Wuyazi did and said, "Forget it, but boy, you have to be more careful with that sweeping monk in Shaolin Temple. That one The sweeping monk has joined forces with some people"

"Although the Sweeping Monk is not very powerful, I'm afraid you won't be able to guard against some of their dirty tricks. I originally wanted to kill the Sweeping Monk, but for Dugu Qiubai's sake I never took action."

"Who is the sweeping monk?"

"Murong's family, Murong Fu's grandfather, Murong Bo's father, and Murong Longcheng's son"

"I'll do it! The sweeping monk is indeed a member of the Murong family." Su Chen nodded in surprise when he heard Xiaoyaozi's words.

He had always guessed that the sweeping monk might be from the Murong family, but he was very surprised that the sweeping monk was not Murong Longcheng. "Where is Murong Longcheng? Is he dead?"

"He should be dead!"

"What is supposed to be dead? Death is death, no death is no death, old Taoist, can't you be sure?"

"How do I know whether Murong Longcheng is dead? Murong Longcheng is much older than me. He has not appeared for almost a hundred years. Even when the Xianbei Yan Kingdom was destroyed, he did not appear. Murong Longcheng should be dead."

Su Chen thought for a while and thought that Murong Longcheng would not pose a threat to him now, whether he is dead or not. In the future, Jellyfish Yinji will advance to the Golden Core Realm, and Murong Longcheng will be less afraid of him even if he is not dead.

Su Chen looked at Xiaoyaozi and said He said with a cunning smile, "Ancestor, please help me kill the sweeping monk. Anyway, Dugu Qiubei is going to die this time. There is no need for you to look at Dugu Qiubei's face anymore."

"What the hell! You bastard calls me Lao Zu when you are in need, and Lao Dao when you are not in need. How could I have such a shameless junior like you?" Xiaoyaozi looked at Su Chen and was about to kill this shameless bastard.

This bastard is so shameless!

He doesn't want to see this shameless bastard now.

However!

He was still very happy after Su Chen called him ancestor,

The descendant of his apprentice Li Qiu Shui is very impressive. He will probably overthrow the Tianxuan Continent in the future. A future king of the Tianxuan Continent will be his descendant, which makes him very happy. Moreover,

Su Chen is so young at such a young age. He is already the pinnacle master of the Grand Master, and his martial arts achievements in the future will definitely be very terrifying.

Su Chen ignored Xiaoyaozi's complaints, he looked at Xiaoyaozi and continued to smile and said, "Hehehehe! Ancestor, today is the day my daughter was born. As an ancestor, don't you have any expression?"

Pfft!

Xiaoyaozi was almost mad at this bastard.

This bastard was so shameless!

Chapter 936

Xiaoyaozi finally left with a dark face.

He left in a state of embarrassment because of Su Chen's shamelessness. Su Chen's shamelessness made Xiaoyaozi not want to see this bastard again.

This time he not only agreed to kill the sweeping monk for Su Chen, but even paid for it with a pot of Evergreen Spring Water.

Changchun Youthful Spring water is a spring water bred by spiritual energy.

Although Changchun Youthful Spring water is not as pure and rich as the spiritual energy of spiritual stones, it can also increase people's life span and physical fitness after drinking it.

Xiaoyaozi didn't have much left after decades. This time he was able to bring out a pot of the Evergreen Fountain. This was Xiaoyaozi's recognition of Su Chen and his recognition of Su Chen's daughter.

Su Chen smiled when he saw Xiaoyaozi leaving in embarrassment.

Xiaoyaozi was a good person, and his ability to teach his disciples was also very strong, but he was not satisfactory in terms of his disciples' nature.

Su Chen looked at the pot of Evergreen Fountain of Youth in his hand and said,

"The Changchun Fountain of Youth did not expect that there really is such a thing, but I don't seem to need it. Can my own spiritual stone be placed in the spring water to form the Changchun Fountain of Youth?"

Su Chen shook his head and walked towards the Blue Bird Palace.

He has not seen his daughter since she was born. He is going to see his daughter now, and even wants to hug his daughter Su Yue with his own hands.

Half a month later,

Gusu City is becoming more and more lively.

Army generals and legion commanders from all over the country are arriving, and even governors from various state capitals are beginning to arrive in Gusu City.

And Su Chen's women and confidantes They keep coming, and the Xuannio Palace is very lively now. Beautiful beauties can be seen everywhere in the Xuannio Palace. The Xuannio Palace has become a gathering place for beauties.

What happened in Gusu City half a month ago It was also gradually forgotten by people. Except for the Phoenix Palace, which was still intensifying its reconstruction, and the bodies in a huge stone pit outside Gusu City, the tense atmosphere half a month ago had disappeared without a trace.

Xuan In the Bird Palace,

Su Chen was holding Su Yue in his study to amuse his little daughter, but Su Yue kept staring at him with dark eyes despite Su Chen's teasing, as if she didn't give Su Chen any face.

"Your Majesty, what should we do with the Li family?" And Shen Luoyan, who was reporting the matter to Su Chen next to her, was very helpless.

She had been talking for a long time, but Su Chen didn't react at all.

She looked at Su Chen and Su Yue looking at each other with big eyes and small eyes. It was very funny.

Su Chen pinched Su Yue's little face and said expressionlessly to Shen Luoyan, "Kill all the men in the Li clan. Li Shimin wants the secret guards to step up the pursuit. We can't leave any of them behind." Hidden danger."

Su Chen also did not expect that Li Shimin did not appear in the final battle. It seems that Li Shimin ran away early when he saw that failure was a foregone conclusion.

However, the other men in the Li clan were captured alive.

Su Chen did not have a good impression of Li clan. , a group of unfamiliar white-eyed wolves, he will not leave these hidden dangers, otherwise Yang Guang's fate will be his.

Shen Luoyan nodded after hearing Su Chen's words and continued to ask, "What about those from the Li family?" What about women?"

There was something wrong with her eyes when she looked at Su Chen.

She was worried that this lustful Mr. Wu Xiang would have ill thoughts about the women of the Li family. After all, the women of the Li family were pretty good-looking.

"Let Zhao Ji handle those women, she is good at this"

"Yes, Your Majesty!"

"By the way, Ning Zhongze, please inform the princess of the Sui Dynasty that the men of the Li clan will be executed under the supervision of Yang Guang himself."

"Yes, master!"

Shen Luoyan shook his head when he heard Su Chen's order.

It seems that the men of the Li clan are going to be in trouble.

Yang Guang has hated the Li clan for a long time. Yang Guang, the rebellious minister in the Sui Empire, probably hated Li the most. Yang Guang had great trust in Li Clan, and they were even related to each other. However, Li Clan's rebellion made Yang Guang very angry, and his son and grandson were also executed by Li Clan in Chang'an City.

Yang Guang probably wanted to crush Li Clan.

After Su Chen handed Su Yue to the maid Zi Yun, he looked at Shen Luoyan and said, "Shen Luoyan, your Western Legion will be stationed in the east of the Southern Continent from now on. After the former Sui territory All belong to your Western Legion defense zone"

"What about Li Xiuning's Eastern Legion?" Shen Luoyan doesn't understand why her legion should be stationed in the east of the southern continent in the future.

She wants to continue to lead the legion in battles.

If her legion is stationed in the east of the southern continent in the future, I am afraid that future wars will not be possible for her western legion.

"I will have my own arrangements for the Eastern Legion in the future."

Su Chen understood what Shen Luoyan meant, but I am afraid that the next war will be in the Northern Continent and the Eastern Continent.

After Su Chen's legion ended the war with the Ming Empire in the Western Continent, only the Northern Continent and the Eastern Continent are still at war.

He has arranged for Gai Nie's Tenglong Legion to go to the Northern Continent, and in the Eastern Continent, Huang Rong or Li Xiuning's legion will go to launch a war.

This will also happen in the future.

Su Chen has not yet thought about which combat legion he will send to the Eastern Continent in the future. mainland

"Yes, Your Majesty!"

"You go to the headquarters first. Mu Guiying is at the headquarters now. You can get to know each other."

"Yes, Your Majesty!"

Shen Luoyan saluted Su Chen and went out.

She also wanted to know what the remaining two commanders of the four armies were capable of.

She already knew Li Xiuning, but Huang Rong of the Southern Army and Mu Guiying of the Northern Army She has never seen it. Although Mu Guiying of the Northern Army is in the headquarters, what she wants to see most is Huang Rong of the Southern Army. The Southern Army is considered the first of the four major armies, and she is very curious about Huang Rong.

Su Chen After seeing Shen Luoyan leave,

Su Chen shook his head and sighed,

"well!"

"The four legions are not easy to arrange. They are all war madmen. I am afraid that no one is willing to stay behind."

"Shen Luoyan's Western Army was stationed in the former Sui Empire, Mu Guiying's Northern Army was stationed in the original Song Empire, and the Ming Empire in the Western Continent was later stationed by Huang Rong's Southern Army or Li Xiuning's Eastern Army."

"The remaining legion will set off to the Eastern Continent to prepare for war."

"forget about it!"

"It's better to wait until the empire is established before arranging these things."

Just when Su Chen was thinking about these headaches, Luna walked into the study wearing a gauze and twisting her perfect figure, "Husband, are you done?"

Su Chen hugged Moon God in his arms and said with a smile, "Moon God, you are here. I have nothing to do. Everything is ready. I will wait until the end of the year to establish the country."

"Don't be like this, I want to take Yue'er back. Yue'er should be taking a nap." The Moon God was a little helpless when he was held in Su Chen's arms. There was a maid here, but this bastard didn't pay attention at all.

Su Chen held the Moon God without letting go.

He thought that many of the women who came this time were unwilling. It is understandable that older women such as Feng Fei, Jellyfish Yinji and Shi Guanyin are not willing to do so.

But even Yueshen and Mu Guiying are not willing, which makes Su Chen confused.

"Moon God, do you really not need to establish a country and become a concubine by the end of the year?"

Chapter 937

After hearing Su Chen's words, Yueshen leaned into Su Chen's arms and smiled.

These things were not decided by her alone.

People like Yan Lingji and others also decided this way, and even the older generation Zhu Yuyan and others, Even those old monster jellyfish Yin Ji and those people have no such plan.

It's not that they didn't want Su Chen to do this.

It's just too ostentatious to do.

And some of them are not willing to do this. After all, the age gap between some of them and Su Chen is too big, and these women don't want the world to discuss their affairs with Su Chen.

Luna and the others thought about it and they didn't have to be concubine by Su Chen this time. It wouldn't be too late for Su Chen to do so when the conditions are ripe.

"Husband, these things are decided by us. Anyway, you can just designate yourself as a concubine in the future. You don't have to rush."

"But this is so unfair to you." Su Chen frowned and said in confusion.

Luna touched Su Chen's face with a smile and said, "There is nothing fair or unfair, and we don't care about these reputations. As long as we can be with you, these We don't even care about the common names"

"Forget it, you've decided, that's it"

"Then I'll take Yue'er away. You can come over and have dinner with us later."

"OK"

Su Chen shook his head when he saw Yue Shen holding Su Yue and leaving. The thoughts of these women are really unpredictable. If one person doesn't want to be named a concubine, all the other women don't want to either.

Su Chen thought The women who wanted to be made concubines smiled.

He had to force several people to be made concubines, otherwise none of those women would be willing to be made concubines. Now it would be easy for him to arrange for just a few women to be made concubines.

If one day If he had a lot of women, he would have to think hard about the title of concubine.

Don't think about these troublesome things now.

Su Chen looked at the list of imperial cabinets he would draw up in the future and said to himself,

"The officials of the six ministries of the empire are also in place, the candidates for the chief ministers of the imperial cabinet have been selected, the various states of the empire have been divided, and the governors of each state have been basically determined."

"He shouldn't worry about county officials either."

"From now on, they will be selected by the empire's first assistant and six ministries."

"well! After almost three months of work, I finally got it done, and I can take a break from now on."

Su Chen smiled when he looked at the list of officials in the empire.

The chief assistant of the imperial cabinet, Huang Yaoshi, was responsible for managing all government affairs in the empire.

The six ministers of the empire were Fang Xuanling of the Ministry of Personnel, Du Ruhui, the minister of household affairs, and Kou, the minister of rites. Yes, Minister of War Di Renjie, Minister of Punishment Bao Zheng, and Minister of Industry Xiao He. Su Chen's women also managed different departments respectively. Changsun

Wuchu was responsible for the government affairs in the imperial cabinet, and Murong Qiuci was in charge of the imperial army headquarters. , Madam Mingzhu manages the finances of the empire, Zinu manages the intelligence of the empire (Luowang was expanded into the intelligence department of the empire.) and Concubine Yan coordinates everything, and she has the right to

appoint and remove all departments. Concubine Yan All departments of the Phoenix Order must obey, and Changsun Wuchu and the others must also obey.

From now on, Jing salamander will only manage the secret guards and shadow assassins. She is only responsible to Su Chen. The rest of the people do not have full command, including Mrs. Jun and Concubine Yan.

Su Chen will be liberated in the future. In addition to some major decisions that need to be handled by him, small matters within the empire can be handled by the six ministers and chief assistants, and Changsun Wuchu can supervise and review. There are also the garrison of the four major combat legions,

These haven't been finally decided yet, and Gai Nie's Tenglong Legion can't be exposed yet, so he can only think about it before making a decision.

Then,

Su Chen put away the list and walked outside.

In the next half During the month,

Li Xiuning from the Eastern Army, Huang Rong from the Southern Army, even Yaoyue from Yihua Palace, Zhu Yuyan from Yinkui Sect, Fan Qinghui from Cihang Jingzhai, Le Bingyun and others all came continuously.

And Bai Ruobing and Donghuang Taiyi also rushed over in the last few days.

In three days, it will be the day to establish the empire.

Today, Gusu City is full of people. People from different states come to watch the birth of the empire.

In Gusu City, a car The luxurious carriage came to Gusu City. There were dozens of secret guards guarding the luxurious carriage. This made the people in Gusu City give way after seeing it. They all knew that the carriage could be guarded by secret guards. Must be a big shot

"Mother, Gusu City is really prosperous!"

"yes! yes! Although Hangzhou is also very prosperous, it is still far behind compared with Suzhou City."

The two beautiful women in the horse started talking one after another while looking at the prosperous scene of Gusu City.

In the carriage was a beautiful woman who smiled and looked at her two daughters. She was also attracted by the prosperity of Gusu City. I was shocked. This Gusu City will probably be the most prosperous imperial city in the Tianxuan Continent in the future. The three women in the carriage were Mrs. Xiao and her daughter who came from Hangzhou. They were supposed to arrive earlier, but the Xiao family's property It had not been dealt with yet, so they were anxious and had to rush over now.

Mrs. Xiao looked at her daughters and shook her head and said,"Yu Ruo, Yu Shuang, we will be at Xuanniao Palace in a while. You all have some ideas." , don't lose your etiquette in a rough way"

"Mother, we understand."

Xiao Yuruo nodded and replied hurriedly.

Her cousin is going to be the emperor. I don't know if any pervert has missed her in the past few months? She hasn't seen Su Chen in almost three months. , Xiao Yuruo missed that bastard very much.

Xiao Yushuang said with a smile without caring at all,"Haha! I heard that my cousin's Black Bird Palace is very beautiful. This time I want to take a good walk around the Black Bird Palace."

When Mrs. Xiao heard Xiao Yushuang's words, she patted her head and warned,"Yushuang, please calm down. Your cousin is probably very busy these days. Don't cause trouble for your cousin."

"Yes, mother!"

Mrs. Xiao shook her head when she saw that Xiao Yushuang still looked indifferent. She was now afraid that Xiao Yushuang, no matter how big or small, would cause trouble in the Xuantiao Palace.

Although Su Chen could not do anything to Xiao Yushuang, Su Chen's wives I'm afraid I have a prejudice against Xiao Yushuang.

This is a scene that Mrs. Xiao doesn't want to see.

At this time, the secret guard commander outside the carriage said outside, "Old lady, Xuannian Palace has arrived, and we are about to enter Xuannian Palace."

"go in!"

"Yes, old lady!"

After seeing the secret guard's token, the Xuannian guards outside Xuannian Palace gave way to the carriage and allowed it to enter. The surrounding Xuannio guards all saluted the carriage when it passed by them.

"Wow, such a big and beautiful black bird." Xiao Yushuang, who had just entered the black bird palace, was very surprised when she saw the golden black bird statue in the central square of the black bird palace.

"It is very beautiful!" Xiao Yuruo looked at the golden black bird statue and praised it in surprise.

Mrs. Xiao also looked at the huge golden black bird and was in a trance. She didn't expect that there would be such a big black bird statue in the black bird palace. This black bird statue is too big. It was so lifelike.

When the carriage stopped, a group of troops escorted a little girl to the carriage. After Mrs. Xiao took Xiao Yuruo and her sisters out of the carriage, they saw this beautiful little girl in gorgeous clothes.

"Su Yan met her aunt and two cousins."

Su Yan and a team of Xuannio guards had been waiting for her father's aunt to arrive in the square of Xuannio Palace.

Originally, she didn't want to come, but her father was receiving envoys from the Han Empire in the Northern Continent. Apart from her aunts, she was the only aunt who was most suitable to pick up her father.

She couldn't tell the difference between east, west, east and west as her aunts were so busy these days, so she had no choice but to be sent here by her inarticulate mother.

When Su Yan saw the carriage arriving, he hurriedly came over with his guards. After three beautiful women got out of the carriage,

Su Yan looked at it and saluted,

"Su Yan met her aunt and two cousins."

After Mrs. Xiao saw the little girl salute and speak to her, she looked at Su Yan in surprise and asked, "Su Yan? Are you Princess Su Yan, Su Chen's daughter?"

"Auntie, I am Su Yan"

"hehe! Yes, you are quite cute and cute. How old are you, Yan'er?"

"Six years old, no! About to be seven years old"

"He is seven years old, still young. Where is your father? Still busy?" Mrs. Xiao touched Su Yan's head and said happily.

Su Yan looked at the still beautiful aunt and said with a smile,

"An envoy from the Han Empire in the Northern Continent has arrived. My father is receiving the envoy. My aunts are all busy with the establishment of the empire in three days. I am the only aunt to pick you up."

"Su Yan, is there anything interesting in Xuannio Palace? Take me to play soon." Xiao Yushuang secretly pulled Su Yan and whispered,

"Okay, I will take you around the Xuannio Palace in a moment. There are many places to see and have fun in the Xuannio Palace." Su Yan's eyes lit up when she looked at Xiao Yushuang.

She felt that Xiao Yushuang's personality was very similar to hers. They were both restless masters. It seemed that she would have a good friend in the future, eh!

They were elders.

Mrs. Xiao and Xiao Yuruo They looked at Xiao Yushuang and shook their heads, but they did not blame Xiao Yushuang. There was no one else here. It didn't matter even if Xiao Yushuang said the wrong thing. As

Su Yan and Xiao Yushuang said that, they took Mrs. Xiao and the others to Fuqing Palace.

This is the palace where Li Qingluo and the others live, and this is the reason why Su Chen wants to arrange Mrs. Xiao here.

At this time, in the Xuanniao Hall,

Su Chen was sitting on the high throne and listened to the Han envoy talking about the origin of this time. But Su Chen frowned as he listened.

He didn't expect that the Han Empire would come to borrow troops.

How could this be possible?

The more chaotic the Han Empire, the better for him.

Su Chen would not help the Han Empire to suppress the rebellion.

Su Chen looked at the famous Wang Yun in history and touched his chin, thinking that now Dong Zhuo has entered the Imperial City of the Han Dynasty, and the Han Empire has ceased to exist in name only. Except for some ministers who are loyal to the Han Empire, all the states in the Han Dynasty Mu is probably recruiting troops to expand their strength.

The princes of the eighteen continents may also start to form an alliance to fight against Dong Zhuo.

In the future, the Han Empire will become more and more chaotic, and the annexation of the princes will become more and more fierce. The princes and aristocratic families, I am afraid They all have to form an alliance to fight against the enemy.

Su Chen will not help the Han Empire at this juncture. Besides, the Han Empire is rotten to the bone and cannot be saved. No matter how generous the reward Wang Yun gives, Su Chen will not It is impossible to be moved.

Wang Yun said so much but did not see any expression from Lord Wu Xiang, which made him a little anxious.

After Dong Zhuo took control of the Han Dynasty capital, he became domineering, confiscating homes and annihilating clans at every turn, and even stayed in the palace at night. This However, Dong Zhuo was so disrespectful to the imperial power of the

Han Dynasty that he almost raised the flag to rebel. Dong Zhuo had already killed more than ten ministers loyal to the Han Empire, and the ministers from various states did not come to the imperial capital to support the king.

This made Wang Yun, who was loyal to the Han Empire, Seeing it in his eyes and feeling anxious in his heart, he volunteered to come to the Southern Continent to ask for help this time, just so that the powerful Lord Wu Xiang could send troops to help the Han Dynasty maintain imperial power.

"Your Majesty, as long as you can send troops to help me, the Emperor of the Han Dynasty, eradicate Dongzhuo this time, the Han Empire will give you generous rewards."

Su Chen looked at Wang Yun, smiled, shook his head and said,"Master Wang, you should know that I am about to establish a country, and my millions of troops are still fighting against the Ming Empire in the Western Continent. Do you think I Do you still have troops to send to the northern continent, which is not far away?"

The ministers of Gusu City in the main hall looked at Wang Yun and were very speechless.

They, the officials who will take office in three days, know about Wu Xiangjun's decision. Wu Xiangjun's newly formed Tenglong Legion will set out after the year. The Han Empire of the Northern Continent is about to invade the Northern Continent.

At this time, the Han Empire of the Northern Continent comes to ask for help. How could Lord Wu Xiang agree?

The more chaotic the Han Empire is, the more beneficial it will be to Lord Wu Xiang.

The Han Empire made a mistake this time. Calculate the calculation

"this....."

Wang Yun was speechless for a moment.

He had already learned some things about Gusu City when he arrived at the Southern Continent. Lord Wu Xiang's army of millions was attacking the Ming Empire in the Western Continent, but Lord Wu Xiang's army There are at least a million left in the empire.

Although he didn't know why Lord Wu Xiang didn't agree to rescue the Han Empire, but to maintain the imperial power of the Han Empire, the Han Empire could only ask for help from Lord Wu Xiang.

In Tianxuan Continent, the Ming Empire was about to be destroyed by Wu Xiangjun's army, and the wars among the countries in the Eastern Continent were even more ordinary, and it was impossible for the countries there to send troops to help the Han Empire.

Now only Lord Wu Xiang has the ability to help the Han Empire, but now Lord Wu Xiang disagrees, which makes Wang Yun suddenly not sure what to do.

Fang Xuanling, the Minister of Personnel, looked at Wang Yun and said with a smile, "Master Wang Yun, why don't you stay in Gusu City for a few days? In three days, the emperor will establish the empire. You can also bring the Han Empire with you this time." Come to watch the ceremony"

"Yes, after all, it is impossible to send troops now. You should take a rest in Gusu City first." Minister of Rites Kou Zhun also said to Wang Yun with a smile.

The other ministers also guessed what Fang Xuanling and Kou Zhun were going to do. After all, it makes sense that the establishment of an empire would not be attended by other empires. This time there is one who is not invited. When the imperial minister arrived, they really wanted him to stay and watch the establishment of the empire.

"Okay, I will stay in Gusu City for a few days. Mr. Wu Xiang, I hope you will consider the Han Empire's plea in these few days."

Wang Yun thought for a while and agreed.

He didn't even think twice before asking Wu Xiangjun to send troops, and this time he also brought a big killer weapon to Gusu.

Wu Xiangjun is a lustful person, but the whole continent knows it. This time he brought a stunning beauty. He believed that as long as Lord Wu Xiang saw this beauty, he would definitely agree to send troops.

"I will consider it, Mr. Wang. If you have any matters in the future, you can tell me to the chief assistant of the empire. I may be very busy these days, and I am afraid that I will not be able to take care of Mr. Wang."

"The foreign minister understands."

Chapter 939

In the Xuandiao Hall of Xuannio Palace, after Wang Yun left,

Su Chen looked at the future imperial ministers in the hall. This time he also wanted to see how these famous ministers in history would deal with Wang Yun's arrival.

"Let's talk about it. This time the Han Empire asks for help, what should our empire do to maximize its benefits?"

Huang Yaoshi stood up and saluted Su Chen, saying,

"Your Majesty, we don't know much about the Han Empire, but from Wang Yun's words, I guess that the imperial power of the Han Empire has fallen by the wayside, and the various state pastors in the Han Empire may also have evil intentions."

"I am afraid that a complete civil war will break out in the Han Empire in the future."

"Our empire can just sit back and watch the fight between tigers and tigers."

Minister of War Di Renjie also stood up and saluted, "Yes, the Chief Assistant is right, Your Majesty, our army will go to the Han Empire in the Northern Continent after the year. By then, the more chaotic the Han Empire will be, the more difficult it will be for our army. is beneficial."

Kou Zhun, the Minister of Rites, smiled and said to the ministers around him, "Yeah! Wang Yun, we can drag him here. It is best to let Wang Yun reveal more about the situation of various state pastors in the Han Empire. Fang

Xuanling, the minister of the Ministry of Personnel, also stood up and expressed his opinion, "Your Majesty, my lords, I think that all the princes in the Han Empire will jointly attack Dong Zhuo. If the princes want to be famous, it is impossible not to attack Dong Zhuo. As for whether they can. Get rid of Dong Zhuo? I'm afraid it depends on God's will."

The Minister of Household Affairs, Du Ruhui, nodded when he heard Fang Xuanling's words. Fang Xuanling had the same idea as him and he had also guessed this.

After Du Ruhui saluted Su Chen, he also said to the people here,

"Raising troops to attack Dong Zhuo can indeed gain fame, which is probably very attractive to those countries."

"Each prince must need talents if he wants to stand on his own. As long as attacking Dong Zhuo can gain fame, those talents and people who are loyal to the Han Empire will probably always support those princes."

The various ministers in the Xuanniao Hall expressed their opinions one after another. Although they each said different things, they all guessed that the Han Empire would be even more chaotic in the future, and that the civil war in the Han Empire was already on the verge of breaking out.

Su Chen also nodded.

He did not expect that these ministers who knew nothing about the Han Empire could analyze some situations in the Han Empire based on what Wang Yun said. These people were no less than all of them in history. A famous official.

Su Chen looked at these ministers and smiled and said, "Huang Yaoshi, Wang Yun's matter will be decided by your cabinet. The secret guard's information on the northern continent will also be sent to your cabinet."

"Yes, Your Majesty!"

Su Chen stood up, stretched and said to the ministers here, "Okay, let's all go back. You will all be busy for a few more days. As long as the empire is established, you will not be so busy in the future."

"Yes, Your Majesty!"

The ministers in the Black Bird Palace bowed to Su Chen one after another and then exited the hall. It's just that their faces were very strange. If anyone saw their faces, they would be very surprised.

These ministers have been in the hall for half a month. During this time, they also got a preliminary understanding of Wu Xiangjun, and they all slandered Su Chen in their hearts.

Why can't they be less busy after being busy these days?

They are very concerned about their respective jobs in the future. They understand that Lord Wu Xiang has delegated power to these ministers, and he has completely delegated power.

It's just that when they see what they have to do in the future, they will be very worried.

When they see Lord Wu Xiang's influence on the empire, planning, they thought that they would not have a good rest in the next few years or even ten years.

Is this the so-called pain and happiness?

The Western Continent, the Ming Empire, the precarious Ming Empire would be destroyed now, if not Lord Wu Xiang wanted to establish an empire at the end of the year, but various armies stopped attacking the Ming Empire. I am afraid that the Ming Empire has been destroyed by Lord Wu Xiang's army. The three armies are all attacking the Ming Empire, and the one closest to the Ming Empire is The southern army is less than a hundred miles away from the Ming Emperor.

The Ming Emperor may be surrounded by Wu Xiangjun's southern army at any time, and may even break through the Ming Dynasty.

In the Ming Palace, the Ming Emperor now seems to be more than ten years older. His whole face They were all covered with beards and had not cleaned them.

The Ming Emperor knew everything that happened in the imperial capital.

Many wealthy businessmen and people fled from the Ming imperial capital. Even some officials fled. The army was even more unintentional to fight..

Wu Xiangjun's army was too powerful.

The Ming Dynasty's border troops were either destroyed or surrendered.

There were only less than one hundred thousand troops in the Ming Dynasty's capital. What could a hundred thousand troops do? A hundred thousand troops could withstand dozens of southern legions. An army of ten thousand? Can it withstand Lord Wu Xiang's three-pronged army of millions of troops? When

Zhuge Zhengwo walked into the emperor's study, he saw the unshaven look of the Ming Emperor and couldn't bear it. The Ming Empire was about to end. He also did not expect that in less than half a year, Wu Xiangjun's three-pronged army would destroy the Ming Empire.

Hundreds of years of Ming Dynasty would be ruined, and Zhuge Zheng and I had no way to bring the Ming Empire back to life.

"Your Majesty!"

"Lord Shen, you are here."

The Emperor of the Ming Dynasty waved his hand when he saw Zhuge Zhengwo arriving.

After Zhuge Zhengwo saluted the Emperor of the Ming Dynasty, he said with concern, "Your Majesty, you must take care of your dragon body!"

The Ming Emperor said angrily when he heard Zhuge Zhengwo's words, "Zhuge Zhengwo, do you think my dragon body is important? Or is Wu Xiangjun's black bird body more important? I am the True Dragon Emperor, but Lord Wu Xiang is a lord of the Xuanniao family. A lord will destroy me, the True Dragon Emperor!"

"Your Majesty, victory or defeat is a common thing for military strategists. Maybe the war will turn around."

The Ming Emperor poured a glass of wine and said with a very ugly face,

"Turnaround?"

"If Lord Wu Xiang hadn't wanted to establish the country, the Ming Empire would have been destroyed. Although Lord Wu Xiang's army has temporarily stopped attacking, Lord Wu Xiang wants me to live in fear every day. Will the Ming Empire be destroyed or not? ? This is what Wu Xiangjun said casually."

Zhuge Zhengyi noticed something was wrong with Emperor Ming's expression, so he hurriedly changed the topic and said, "Your Majesty, Zhu Wuwu, the divine lord of Hulong Villa, has

disappeared, and Hulong Villa has been empty, except for the three people left behind. Except for the secret agent, all the items in Hulong Villa are missing."

"Hahaha! Uncle Huang escaped."

The Ming Empire laughed loudly when they heard about the Dragon Guard Villa. The Ming Emperor looked at the map of the Ming Empire on the wall and murmured, "The emperor guards the gate of the country! The king dies in Sheji! No land, no vassalage, no tribute, no marriage! Hahaha! I did it. Zhu ignored him and said he was not worthy of being a member of the Ming royal family."

"Your Majesty....."

"Teacher, I have something to ask of you"

"Your Majesty, please give me instructions!"

The Ming Emperor picked up the wine glass and said to Zhuge Zhengwo seriously,

"After my death, the Ming Empire will surrender, but the An family will destroy them all. The hidden illness in my body turns out to be caused by the An family."

"I'm sorry for my sister Yun Luo. Yun Luo was supposed to be a princess, but I just gave her the title of princess for my own benefit."

"I'm sorry for my sister!"

The Emperor of Ming Dynasty said and drank the wine in the glass in one gulp.

After drinking, he smiled and took out two edicts and handed them to Zhuge Zhengwo, but blood began to flow from his mouth.

"Your Majesty! Come on, come on!"

Chapter 940

Zhuge Zheng did not expect that the Ming Emperor would commit suicide.

He hurriedly used his internal power to poison the Ming Emperor. However, the pulse of the Ming Empire became weaker and weaker. Did Zhuge Zheng know that the Ming Emperor was already helpless?

"what happened? What happened to Your Majesty?"

"liquor? It's wine. The Holy Lord took Duanhun Powder"

"Your Majesty!"

After hearing Zhuge Zhengwo's cry, many eunuchs and guards knelt down looking at the Ming Emperor who was vomiting blood. The

Ming Empire slumped down after handing Zhuge Zhengwo the edict. After getting on the chair, he looked at Zhuge Zheng and said, vomiting blood, "Old man....Teacher, these two.....The edict is.....Trouble old....The teacher read it out, but I didn't...See you face-to-face.....Ancestor of the Ming Dynasty, I....Ashamed of Ming Dynasty.....Previous dynasties.....Ancestor."

Zhuge Zhenggao conveyed Qi to the Ming Emperor and said sadly to the Ming Empire, "Your Majesty, you have done well enough. You are an outstanding emperor, but Wu Xiangjun is too powerful. No other empire can. Be the guest of Mr. Wu Xiang"

"Your Majesty"

"You did not embarrass the ancestors of the past generations. [The emperor defends the country, the king dies.] You did it. You are an outstanding emperor."

"yes.....? I.....No calendar given.....Dai Xian... Ancestor is shameful, I am a good emperor....."Emperor Ming's eyes lit up when he heard Zhuge Zhengwo's words. He looked at Zhuge Zhengwo, smiled and said, then closed his eyes completely.

"Your Majesty! You are a good emperor! Congratulations to the Ming Emperor!"Zhuge Zhengwo shed tears and knelt down and shouted,

"Congratulations to the Ming Emperor!"

The eunuchs and guards outside the study all knelt down and shouted, clang, clang, clang, clang, clang, clang!

When the bell in the Ming Palace rang nine times, the entire palace knew that the Ming Emperor had passed away.

Although It is impossible to directly ring the death knell after the emperor dies, but the Ming Empire is almost over, and it is impossible for anyone to rebel and seize the throne at this time.

"The Holy One passed away!"

"The Holy One passed away!"

"The Holy One passed away!"

Three days before the first year of the Xuanniao calendar in Tianxuan Continent,

Zhu Houzhao of the Ming Dynasty committed suicide by taking poison.

The Ming Emperor's will ordered the Ming Empire to surrender to Lord Wu Xiang. After Zhuge Zhengwo led the army in the imperial city to destroy Anjia, he went to Gusu The Southern Army of the city submitted their credentials of surrender, and the Ming Empire, which had existed for hundreds of years, was destroyed. In

Gusu City, in the Xuannio Palace, tomorrow is the day when the empire was established. There are lanterns and colorful lights everywhere in the Xuannio Palace. The Bird Palace is now even more magnificent and beautiful.

The Black Bird Flag with black background and gold is swinging high in the wind in the square of the Black Bird Palace.

Tomorrow, the Black Bird Flag will be the flag and the symbol of a new empire..In the garden of Xuannio Palace,

Su Chen looked at the secret letter in his hand and shook his head.

He did not expect that the Ming Emperor was dead and committed suicide by taking poison. Su Chen admired the ungrateful Ming Empire.

【The emperor guards the gate of the country, and the king dies in the country! 】

Although Emperor Zhu Houzhao of the Ming Dynasty was not very good as an emperor, he strictly abided by the ancestral precepts of his ancestors, so he was considered a good emperor. At least the Emperor of the Ming Dynasty did not cede land to pay compensation, surrender and beg for a living like other emperors.

In the garden,

Huang Rong, Li Xiuning, Shen Luoyan, and Mu Guiying, the four commanders of their legions, were all here.

They also received news that the Ming Empire had surrendered. This time they all wanted to know how Su Chen would arrange the military garrison in the Ming Empire.

They Among these women, Huang Rong is very happy.

Now that her southern army has entered the capital of the Ming Dynasty, the Ming Empire has been destroyed by her southern army. Li Xiuning has been busy for more than half a year and is still eating shit behind her.

Li Xiuning glared at Huang Rong with a darkened face and asked Su Chen,"Your Majesty, which legion will be stationed in the Ming Empire from now on?" When

Su Chen heard Li Xiuning's words, he knew what she wanted to do, and he looked at Li Xiuning and laughed. Said,"Li Xiuning, why don't your Eastern Legion be stationed in the Ming Empire?"

"ah! Your Majesty, this is not good. The Ming Empire was destroyed by the Southern Army. It is better to let the Southern Army garrison. My Eastern Army should go to the Eastern Continent." Li Xiuning waved her hands hurriedly when she heard Su Chen's words.

She didn't want to be stationed in the Western Continent.

If her army was stationed in the Western Continent, then the future war between the Eastern Continent and the Northern Continent would have nothing to do with her Eastern Army.

"Li Xiuning!"

When Huang Rong heard what Li Xiuning said, she was so angry that she wanted to beat this shameless woman.

When Li Xiuning saw the angry Huang Rong, she shouted, "Little dwarf, am I wrong?"

These four women have become familiar with each other these days.

Although they are all thinking about their own legions and are constantly competing in private, their private relationship is still very good.

"Damn it, Big Bear Girl, you are looking for death!" When Huang Rong heard what Li Xiuning said, she couldn't help but started fighting with Li Xiuning.

Bump, bump!

Li Xiuning and Huang Rong started fighting in the garden. You punched me and I slapped you, flying back and forth in the garden. The flying ones started fighting.

Su Chen looked at Huang Rong and Li Xiuning and shook his head.

The four of them were at the same level of cultivation. They were all at the peak of the master's level. This was what Su Chen asked Concubine Yan to use Zhu Guo to improve. , and the martial arts they practice are the same. It is impossible for them to win or lose when they fight like this.

"Haha, Li Xiuning provoked Huang Rong again this time." Shen Luoyan sat aside and laughed while watching Li Xiuning and Huang Rong fighting.

They had seen this scene many times in the past few days.

Li Xiuning had always been dissatisfied that Huang Rong's Southern Army was one of the four major armies. First of all, she always had to fight with Huang Rong no matter what she did. She and Mu Guiying tried to persuade her many times, but to no avail.

Mu Guiying looked at Su Chen who was still sitting here with a calm expression and asked, "Husband, you just leave it alone?"

It was a pleasure for Su Chen to lean on the chair and drink tea while watching the two beauties fighting.

He would not persuade them to stop.

"It's okay. They are just panicking. They will stop when they run out of energy."

At this moment,

Su Yan ran over sweating profusely, and Zhao Min also came over shortly after.

Su Yan came to Su Chen and asked hurriedly, "Father, father, Ming Dynasty surrendered? Is it real?"

"yes! What's wrong?" Su Chen pulled Su Yan and wiped the sweat from her head and asked suspiciously.

Su Yan clenched his fist and said angrily,

"hateful,"

"My black bird army has not yet invaded the capital of the Ming Dynasty."

"Why did the Ming Empire surrender?

"The previous Jin Kingdom was like this, so why did the Ming Empire also surrender? Can't my army be allowed to fight a war to destroy the country?"
