

Zongwu 941

Chapter 941

Su Yan was very depressed when she heard Su Chen's confirmation.

Originally, she wanted to rush back and destroy the Ming Empire after establishing the empire, but she didn't expect that the Ming Empire would surrender.

This is how you destroy the Jin Kingdom, and this is how you destroy the Ming Dynasty.

Surrender! surrender!

Why can't she be allowed to destroy an empire?

Su Chen ignored Su Yan, this crazy girl.

He stood up and walked to Zhao Min and hugged her. Zhao Min was getting more and more beautiful, and the heroic spirit in Zhao Min was becoming more and more compelling.

Huang Rong, Li Xiuning, Shen Luoyan, Mu Guiying, and Zhao Min, the five of them are the most powerful women who command the army in Tianxuan Continent.

Who says women are inferior to men!

With the five of them here, all male generals will be suppressed by their light.

"Let me go, so many people are watching." Zhao Min looked at Shen Luoyan and the others shyly as Su Chen held her, and said, this bastard is getting more and more presumptuous now.

She has been taken advantage of by this bastard every day in the past few days, and he does n't care about the occasion.

He hugged himself regardless of whether someone was present or not.

Su Chen hugged Zhao Min and smiled and said, "What are you afraid of? These are all my sisters, there is nothing to be ashamed of"

"You are so shameless!"

Zhao Min glanced at Shen Luoyan and the four of them, then glared at Su Chen in shame and said, although she knew that this bastard would never let go of the commanders of his four legions, but this bastard still said it so openly, People's shamelessness was taken to the extreme by this shameless bastard.

Shen Luoyan lowered her head and flushed, feeling a little uncomfortable. Although she had some feelings for Su Chen, she didn't expect that Su Chen had planned on her early in the morning. It seemed that she Ever since he became Su Chen's army commander, this bastard had no intention of letting him go.

Mu Guiying smiled and looked at Su Chen tenderly.

"Father, you have to make it up to me."When Su Yan saw Su Chen and Zhao Min flirting with each other again, she squeezed over and pulled Su Chen's clothes and said seriously. When

Su Chen heard Su Yan's words, he smiled and said, "Shall I make it up to you? Why should I compensate you? Su

Yan said with a serious look on his face, "It was because my father wanted to establish an empire at the end of the year that I missed destroying the Ming Empire. Now that the Ming Empire has surrendered, you have to compensate me, father.""

"I'll do it! Yan'er, your logic is a bit whimsical! Even if I don't build an empire by the end of the year, do you think you can destroy the Ming Empire before Huang Rong and Li Xiuning's legions?"

Su Chen looked at Su Yan and shook his head speechlessly.

This girl is too arrogant.

Her cavalry regiment doesn't even have siege equipment, but she even boasts that Huang Rong and Li Xiuning will attack the Ming Dynasty first.

This girl is arrogant. Why don't you go to heaven?

"How is it impossible? My black bird army is already less than 500 miles away from Emperor Ming."

"Huang Rong's Southern Army is less than a hundred miles away from the Ming Emperor, and Li Xiuning's Eastern Army is less than three hundred miles away from the Ming Emperor. What confidence do you have to destroy the Ming Empire in front of their two armies?"

"My black bird army will be able to reach the capital of the Ming Dynasty before their army if they hurry up."

"Huang Rong's army can reach the Ming Empire in less than one day, and Li Xiuning's army can also reach the Ming Empire in one day."

"I don't care, father, you have to make it up to me."

Su Yan blushed when Su Chen said this.

She just wanted her father to replenish her army this time. Huang Rong and Li Xiuning had hundreds of thousands of troops. Plus those servants, their army At least there are millions of them. But her legion is not as large as Huang Rong's legion, and its combat effectiveness is even more incomparable.

This time he is deliberately messing around. There are hundreds of thousands of people in the military camp outside Gusu City. Elite troops.

Su Yan has long been eyeing those troops.

Zhao Min, Shen Luoyan, Mu Guiying laughed when they saw Su Yan's unreasonable troubles. They also saw that Su Yan had something to ask Su Chen, but the way she used it It made them all dumbfounded

"Tell me, what do you want?"

Su Chen rubbed his head and asked helplessly.

When Su Yan heard Su Chen's words, he stretched out three fingers and said with a smile,"I want to expand my army, 300,000 troops, and I want another 300,000. elite army"

"You want to eat farts, no."Su Chen pushed Su Yan away and refused directly.

Su Yan stepped forward and hugged Su Chen's legs and said with a smile,"Haha, father, there are seven or eight million troops in the military camp outside the city, so just divide it among me. Three hundred thousand troops"

"No, those armies already have owners. Genie's Tenglong Army is composed of those armies. Don't mess around."

"I don't care, at least my army must be replenished to 500,000"

"talk about it later!"

"Father, it's settled. After the year, I want the number of my black bird army to reach 500,000."

"we'll talk about it then!"

While Su Chen and Su Yan were talking,

Huang Rong and Li Xiuning stopped fighting.

They came back panting one by one and sat down to stare at each other. They still looked down on each other.

Su Chen looked at Huang Rong. Li Xiuning shook his head and said, "Okay, don't be angry at each other anymore. There will be many wars for you to fight in the future. When the time comes, your four armies can compete with each other on the battlefield."

"real?"

Huang Rong and Li Xiuning all looked at Su Chen who was ready to make a move. They did not expect that Su Chen would say this. Is it possible that the four of them and the four armies will go to the battlefield again in the future?

Su Chen ordered it while drinking tea. He nodded and said, "Really, go back and prepare. The founding of the country will be tomorrow. Each of your legions will be inspected. Don't let any accidents happen tomorrow."

"We've already prepared it, don't worry."

At night,

Su Chen sneaked into Huang Rong's room secretly.

For a few nights, he stayed in the rooms of Mu Guiying, Huang Rong, Yueshen and others, but he was sneaking around with Huang Rong, Zhao Ji and others. They all didn't want others to know their relationship with him.

The next day, tens of thousands of city guards appeared in Gusu City early in the morning. Every street in Gusu City was guarded by the city guards.

Today, Gusu City's On this big day,

Wu Xiangjun's founding of the country today is related to the future development of Gusu City. Today's Gusu City cannot have any surprises.

Wuwuwuwuwu.....

In the Black Bird Palace, the horn sounded, and the people of Gusu City, wealthy businessmen, aristocratic families, and even people from other empires all appeared on the street.

They all looked at the Black Bird Palace in the center of Gusu City.

At this moment, at the east gate of Gusu City, groups of black-armored troops came in from the gate. Cavalry, infantry, heavy-armored cavalry, heavy-armored infantry, They all entered Gusu City one after another, and the red and gold black bird military flags were raised high in front of these troops.....

Chapter 942

The people of Gusu City were excited when they saw the troops appearing.

They recognized what kind of army these troops were when they saw their military flags. The flag next to the red and golden black bird flag had a big south embroidered on it. This was The most powerful legion in Gusu City.

Southern Combat Corps!

Behind them are the Eastern Combat Legion, the Northern Combat Legion, the Western Combat Legion, and Princess Su Yan's Black Bird Legion.

Forehead!

There were even ten thousand female cavalry.

The people in Gusu City did not recognize this female army, but they cheered when they looked at the ten thousand female cavalry. The female cavalry, wearing black light armor and showing their healthy color, looked at it. They look very heroic when they go up there, and it seems that the strength of these female cavalry cannot be underestimated.

"The Southern Army, the Eastern Army, the Northern Army, the Western Army, the Princess's Black Bird Army, and even those heroic female cavalry, these will be the most powerful armies in our empire in the future."

"Yes, there are 10,000 people in each legion. Your Majesty is going to inspect each legion in our city of Gusu."

"Um! Although each legion came with 10,000 people this time, this is also the pride of our Gusu City. Each legion is at war. If all the troops from our Gusu City arrive, millions of troops will arrive. But very shocking"

"Hahaha, our empire will become stronger and stronger in the future"

"The ten thousand female cavalry seem to be composed of foreign women, but these foreign female cavalry are full of blood. These ten thousand female cavalry have all been on the battlefield and killed people."

"Yes, these female cavalry look very tough, but they are the army of our Gusu City and the army of our future empire."

As the troops of each legion entered Gusu City, the Women's Cavalry Corps couldn't help but look at the bustling and bustling Gusu City.

But when they saw the people of Gusu City cheering for them, they also They were all relieved.

Under the dark phantom masks, these foreign women identified with Gusu City and decided to serve Lord Wu Xiang in the future.

In the foreign women's cavalry corps,

Da Yu'er and Xiao Yu'er were members of the 10,000-strong women's cavalry corps. General, they felt a little dazed when they looked at the very prosperous Gusu City.

The prosperity of Gusu was a hundred times more prosperous than Shengjing, and the cheers given to them by the people in Gusu City also gave them a sense of belonging.

Dayu'er looked at the people around him They cheered for these alien women, which made her face under the phantom mask smile, "This feels really good! My sister's decision was not wrong."

Xiao Yu'er next to her nodded and kept looking around, "Well, second sister, I like Gusu City. Let's live in Gusu City from now on!"

"This requires eldest sister Hai Lanzhu to talk to Wu Xiangjun, but it shouldn't be a big problem. We don't know the relationship between Wu Xiangjun and her sister."

"Forehead! Second sister, shall we call Mr. Wu Xiang our brother-in-law from now on?"

"Scream, that shameless bastard, I won't scream"

"makes sense."

Beside the window on the second floor of a restaurant, several people looked at the troops appearing on the street. It was just that their faces were very ugly.

Their expressions were in sharp contrast with the expressions of the people around Gusu City. If it weren't for They are relatively remote here, and I am afraid they have been reported to the police and city guards from Gusu for a long time.

These people are Bai Yifei, Xie Xiaofeng, Duan Yu, Xiaoyao Hou and others from the anti-Soviet alliance. Although I contacted many people over time, the strength of those people was a bit low.

There were only a few great masters.

Although there were many masters, what was the use?

A single great master from Gusu City could kill those masters. It is getting more and more difficult for them to kill Lord Wu Xiang.

Duan Yu looked at the cold Bai Yifei with a gentle face and said, "Bai Yifei, Lord Wu Xiang is becoming more and more difficult to deal with. King Qin Ying Zheng has fallen out with us. , our situation will be even more difficult in the future."

Xie Xiaofeng was also very helpless.

Although they were looking for many masters, many of them were killed by Wu Xiangjun.

Xiao Shiyilang, Chu Liuxiang, and even Ye Di, the killing of these powerful masters made them. They were all very heartbroken.

Thinking of Murong Qiuci's appearance, Xie Xiaofeng clenched his fists and said angrily,

"yes"

"King Qin Yingzheng blamed us for the last failure, and now we are also being hunted by Qin"

"From now on, the Southern Continent and the Western Continent will both be Wu Xiangjun's imperial territory. We can no longer stay here."

"The King of Qin in the Eastern Continent is chasing us all, so we can't go there either. Now we have no choice but to go to the Northern Continent."

Bai Yifei's silver hair was swaying in the wind, and there was a hint of cold air around him. He knew that Bai Ruobing was coming to Gusu City. When he thought of Wu Xiangjun and Bai Ruobing making love to each other together, Bai Yifei's eyes were so cold that he wanted to tear him apart. That shameless pervert

"Then we will go to the Northern Continent. The Han Empire in the Northern Continent will be in chaos. We can also establish our own power in the troubled times. If we build an empire in the Northern Continent in the future, then we can fight with Lord Wu Xiang..

Xiaoyaohou was a little worried and said hurriedly, "Well! Let's leave. We are taking too much risk this time. If the secret guards and the snare find us, I am afraid that none of us will die here."

Xiaoyaohou regretted it very much. Joining Bai Yifei's anti-Soviet alliance, wouldn't it be nice for him to be free and at ease all the time?

It's just that he provoked Lord Wu Xiang for a few heaven-level martial arts secrets. From now on, he will hide in Tibet to avoid Lord Wu Xiang's pursuit.

"Come on, we can't enter the Black Bird Palace. Seeing these is enough for today." Bai Yifei looked at the people here and walked downstairs.

In Gusu City, they didn't dare to show your martial arts, otherwise they would have flown away one by one with light kung fu.

There are snares and hidden guards everywhere in Gusu City. If they are accidentally exposed,

Gusu City may be the burial place for them all.

Uh-huh!

Not long after Bai Yifei and the others left, a man in black suddenly appeared here. She looked at Bai Yifei and the others who were leaving and then disappeared again.

In the outer palace of Xuanniao Palace, in the central square, there are black-armored troops standing guard all around, and the secret guards are also hiding in the square and watching everyone in the square.

The ceremony for establishing the empire in the square has been prepared.

State officials from various places in Gusu City, envoys from various countries in the Eastern Continent, and Wang Yun from the Northern Continent have arrived at the square of the outer palace of Xuanniao Palace.

Today's Xuanniao Palace is also open to some aristocratic families, wealthy businessmen, and students from the academy. These thousands of people are very happy to be able to enter Xuanniao Palace.

Gusu City will be the most powerful imperial city in Tianxuan Continent in the future. Xuanniao Palace will also be the safest palace in Tianxuan Continent. This may be the only time in their lives that they can enter Xuanniao Palace. clang clang clang clang.....

When the time came, the bells in the Xuanniao Palace rang, and the ministers of the future imperial cabinet, led by Huang Yaoshi, the chief minister of the empire, came out to the square of the Xuanniao Palace.

In front of the huge black bird statue,

Huang Yaoshi and the others stopped under a high platform.

Chapter 943

In the Xuannio Palace,

Su Chen had already put on a gorgeous black Xuannio suit. This was the emperor's costume made for Su Chen by Concubine Yan and Changsun Wuchu.

Su Chen now looked very elegant, with a face full of handsomeness and majesty that made the girls next to him fall into a trance.

Does Su Chen have such a majestic expression?

In the past, Su Chen was always laughing and joking without being serious, but now Su Chen makes these women very satisfied.

At least this bastard didn't mess up when the empire was being built.

"It's time for us to go, the time has come." Su Chen looked at the women and confidants around him and smiled and said.

When Mrs. Xiao saw Su Chen laughing, she hurriedly shouted, "Don't laugh, today is a serious occasion, you have to maintain your emperor's dignity. majesty"

"Aunt, aren't we all our own people here? It does not matter." Su Chen was speechless when he heard Mrs. Xiao's words.

Mrs. Xiao arranged Su Chen's clothes again and said with a serious face, "That's not okay. You can laugh as much as you want after today, but today you must maintain a dignified expression."

"That is, don't cause any trouble for me today." Li Qingluo was also a little worried about Su Chen. He was worried that this boy would have any accidents at the founding ceremony.

Concubine Yan and Murong Qiuci all narrowed their mouths and smiled silently.

"well! I know, let's go!" Su Chen pulled Su Yan and Concubine Yan, hugged Su Yue, and took their eldest grandson Wu Chuan, Zi Nu, Madam Mingzhu, and Murong Qiuci into a luxurious open-top carriage one by one.

Madam Xiao, Li Qingluo, and the others got into the back. On a carriage, the two of them will be named the queen mother of the empire by Su Chen in the future.

Although it is against the rules to award them queens, does

Su Chen care?

He has the final say in the empire now, who dares to disagree?

Moon God After they saw Su Chen leaving, they went one by one to the high tower of Xuannian Palace, from where they could clearly see the imperial ceremony.

They also wanted to worry about whether Su Chen would cause another accident this time. Under the hibiscus tree in the Bird Palace, there are Jellyfish Yin Ji, Shi Guanyin, Shui Rou (Mrs. Night Emperor), Bai Ruobing (Marquessess), Donghuang Taiyi, Bai Jing in the Ghost Palace, Hua Baifeng, these heavenly realms and the Half-Step Golden Pill The women in this realm were drinking tea here leisurely.

None of them were interested in Su Chen building an empire. If they were not worried about what would happen this time, they would have gone into seclusion one by one to practice.

Su Chen, however, each gave them ten After getting the spirit stone, they couldn't help but go into seclusion. If Su Chen hadn't stopped them, none of these powerful women would have appeared here.

And in the Xiuli Palace, these subjugated princesses are now also They are all very nervous.

When establishing the empire this time, they don't know whether they will be made concubines by Lord Wu Xiang. If they can be made concubines, then they will reach the sky in one step. If they are not made concubines this time, I am afraid they will continue. Waiting patiently.

Princess Wanyan Xiyu of the Kingdom of Jin, Princess Zhao Weirou of the Song Dynasty, and Princess Yang Xiyue of the Sui Dynasty sat together without the slightest worry.

This time they were told by Mrs. Jun that they would be named concubines.

When they heard The three of them were very happy when they heard the news, but they also knew that even if they were made concubines, their status would not be as good as those women in the Blue Bird Palace who had not been made concubines. They were also self-aware, the women of the Blue Bird Palace, they They can't compare, and they won't compare with those women.

Wow, oh, oh, oh, oh!.....

When Su Chen's carriage appeared in the Xuantiao Palace Square, the horn sounded, and all the troops in the phalanx knelt down. Thousands of people watching the ceremony also knelt down and saluted. Officials from the empire and beyond also lined up in an orderly manner to salute Su Chen and his wives.

"See His Majesty the Emperor, Your Majesty will live forever!"

"See His Majesty the Emperor, Your Majesty will live forever!"

"See His Majesty the Emperor, Your Majesty will live forever!"

Su Chen pulled Su Yan and Yan Fei up to the high platform.

He looked at the army, civilian officials, and the black-backed golden Blackbird flag on the Blackbird statue and was in a trance.

Today he is going to do something The emperor, the most powerful empire in Tianxuan Continent will be born today.

Su Chen felt a little incredible when he thought about this.

Su Yan looked very beautiful and cute in a gorgeous dress.

She stood next to Su Chen and Her little face was very serious, but she was a little unhappy when she thought about her mother's refusal to show up, but she felt relieved when she thought about her mother's character.

Su Yan thought about her identity changing again today, one year later Before, she was a little girl wandering around hiding from enemies with her mother. Later, her mother was rescued by Lord Wu Xiang. After that, her mother also became Lord Wu Xiang's wife, and her identity also changed into a noble county. Lord, and today she is the eldest princess of a powerful empire.

This made the young Su Yan feel very grateful when she looked at Su Chen.

Her father would be her father for the rest of her life, a father who would never change in her life.

Su Yan Chen thought for a while and then told Huang Yaoshi in the audience,

"Yaoshi Huang, let's get started!"

"Yes, Your Majesty!"

Huang Yaoshi knows a lot about the complicated matters of establishing an empire.

He is the master of ceremonies for the establishment of the empire this time. There can be no mistakes in the establishment of the empire today.

After Huang Yaoshi came to the high platform to salute Su Chen, he took A golden scroll came out and he opened it and read loudly,

"kneel!"

"The emperor ascends to heaven, shines on the earth below, gathers the spirits of the earth, and sends sweet wind and rain....."

Then Huang Yaoshi started the tedious things of founding a country, offering sacrifices to heaven, earth, and clans, and proclaiming that he was destined to heaven, earth, and ancestors. Su Chen couldn't bear to hear such a tedious thing, and the man next to him Su Yan was also very bored and his eyes kept darting around.

Su Chen was very speechless when he saw Su Yan's look.

He couldn't stand Su Yan before he couldn't stand it anymore.

There were so many rules in ancient times. Su Chen patted Su Yan's shoulder with his hand and warned Su Yan to behave himself.

Concubine Yan next to Su Chen held Su Yue in her arms and looked at Su Chen and Su Yan, feeling very helpless. Can't these two restless guys not be able to endure it for a while? Today is an important day. I hope they will not mess around during the founding ceremony.

Today's Concubine Yan is very beautiful and noble. The red phoenix dress makes her look even more noble and beautiful. Her perfect figure sets off Concubine Yan's nobility and beauty.

There is probably no queen in the empire who can compare with Concubine Yan's temperament and nobility.

Just when Su Chen and Su Yan were absent-minded,

Huang Yaoshi finally finished reciting these complicated rituals. Su Chen and Su Yan also listened seriously to Huang Yaoshi's last memorial poem again.

"The world is settled, the sea is unified, and the world is unified under the Xuantian Empire. The Xuantian Empire Emperor Su Chen respects the title of emperor, obeys the will of God, worships heaven and earth, and the Xuantian Empire Emperor Su Chen ascends the throne as the emperor and rules the eighteen states in the world. The barbarians surrendered to the Xuantian Empire."

After Huang Yaoshi read out the heavenly ritual,

Su Chen led all the officials of the Xuantian Empire to worship the heaven three times.

The ceremony is over!

In the Xuanniao Palace, the bells and drums began to play [Sacrifice to Heaven].】

"The Xuantian Empire lasts for ten thousand years, and His Majesty the Emperor lasts for ten thousand years!

"The Xuantian Empire lasts for ten thousand years, and His Majesty the Emperor lasts for ten thousand years!

"The Xuantian Empire lasts for ten thousand years, and His Majesty the Emperor lasts for ten thousand years!

Su Chen and Concubine Yan were very happy when they saw the cheering troops and people below.

At this time,

Su Chen nodded to Huang Yaoshi, and

Huang Yaoshi took out a golden scroll from the side and opened it.

"Xuantian Empire, His Majesty the Emperor, Zhaoling!"

"It's up to heaven, the emperor decreed!"

"Zhao Ling conferred the title of Empress Dowager Xuanhua on her aunt, Mrs. Xiao, and the title of Empress Dowager Xuanrong on her aunt, Mrs. Li."

Su Chen took the lead and saluted Mrs. Xiao and Li Qingluo,"See the Queen Mother Xuanhua, see the Queen Mother Xuanrong."

"See Queen Mother Xuanhua, See Queen Mother Xuanrong"

"See Queen Mother Xuanhua, See Queen Mother Xuanrong"

"See Queen Mother Xuanhua, See Queen Mother Xuanrong"

"Zhaoling, your wife, Concubine Yan, has both political integrity and talent, is gentle and virtuous, and makes your wife, Concubine Yan, the Queen of the Xuantian Empire!"

"Thank you, Your Majesty!"

"See Queen Empress,"

"Zhaoling, his wife Murong Qiuci was named Shufei, one of the four imperial concubines."

"Thank you, Your Majesty!"

"See Concubine Shu!"

"Zhaoling, his wife Zinu, was named Concubine Li, one of the four great concubines of the empire."

"Thank you, Your Majesty!"

"See Empress Li Fei!"

"Zhaoling, Madam Pearl, was named Roufei, one of the four great concubines of the empire."

"Thank you, Your Majesty!"

"See Concubine Rou!"

"Zhaoling, the wife's eldest grandson Wu Chuan was named a virtuous concubine, one of the four great concubines of the empire."

"Thank you, Your Majesty!"

"See the Concubine Xian!".....

The people in Xuannio Square kept saluting Concubine Yan and the others. After conferring the title of Queen and the four concubines, they also made several more concubines, including several princesses who had lost their country.

"Zhaoling, Princess Su Yan, was named the eldest princess of the empire, and was given the title Princess Changle."

"Thank you, Father!"

"See Princess Changle!"

"Zhaoling, the little princess Su Yue, was named the imperial princess, and the title was Princess Gao Yue."

"See Princess Gaoyue!"

Huang Yaoshi spent almost half an hour to confer rewards on all the officials in the empire and the commanders of the various legions. Ximen Chuixue was also conferred the title of a Xiaoyao King.

All the officials in the imperial cabinet were conferred the title of first-class officials and third-class dukes. Huang Yaoshi was made a first-class official and a second-class duke. The commanders of each legion were also made a first-class official and a first-class duke.

The founding of the country, which took more than two hours, was over.

After the state banquet, the establishment of the empire was completed today. Now,

Su Chen's empire no longer has to be called Gusu City, Gusu City. From now on it will be the Xuantian Empire. A huge empire has been born. In the evening, after Su Chen returned to the Phoenix Palace, he immediately She was lying on the soft bed. She was very tired today, not physically but mentally.

Su Chen had never felt so tired.

Concubine Yan was taking off her makeup when she noticed that Su Chen was lying facelessly on the soft bed and reminded her, "Husband, look at what you have become now. If my aunt sees this, she will accuse you again."

Su Chen waved his hands while facing down and said,

"My aunt and the others probably won't be here. Wu Chu and the others should be accompanying their aunt and Concubine Yan now. I never thought that building an empire would be so tiring. At the end of the day, I was either facing the congratulations of ministers and envoys, or I was maintaining my dignity. The expression on my face as I watched and listened to everything made me feel tired!"

"Haha, are you still tired? Huang Yaoshi is probably quite tired today. It seems that Huang Rong will definitely cause trouble for you in the future."

"cut! Huang Rong looks so weak. If she dares to come to me and cause trouble, I will make sure she can't leave the house in the future."

"You are so shameless!"

Concubine Yan blushed when she heard Su Chen's words.

She knew that Huang Rong showed up very late today. This bastard must have been in Huang Rong's room last night. Otherwise, Huang Rong, as the commander of the legion, would not have gotten up so late. After Su Chen got up, he saw his little daughter Su Yue beside him and teased with a smile, "Xiao Yue'er, you have to grow up quickly! When you grow up, you will be as beautiful as your mother"

"Stop teasing the moon. Don't you want to see Lu Xiaofeng and those people?" Concubine Yan came to Su Chen and grabbed Su Yue. She glared at Su Chen and said angrily.

Su Chen sighed after hearing Concubine Yan's words.

His identity is different now.

Lu Xiaofeng and the others will definitely not just like talking and laughing with him before,

Su Chen also wanted to contact them slowly in the future, so that they would know that Su Chen was still the same Su Chen and would not be superior to them because he became the emperor.

Su Chen gave Concubine Yan After pouring a cup of tea, he said helplessly, "If I don't meet them first, I am an emperor now, and they will definitely be reluctant to let go. It's better to meet them later. Concubine Yan held the chubby Su Yue and drank a cup of tea, then suddenly said, "By the way, Donghuang Taiyi wants to see you, why don't you go to the fusang tree to find her later?"

"Donghuang Taiyi? Ji Ruxihe? I was just about to go find her, and I just happened to go see her later."

"You should pay more attention when you speak. Donghuang Taiyi is a woman after all, so you'd better accept your dirty thoughts."

"Come on, Concubine Yan, you don't believe me anymore?"

"Can you make me believe it?"

Concubine Yan rolled her eyes at Su Chen and said angrily, this bastard is just a pervert.

If this bastard sees Donghuang Taiyi's face, he will definitely become evil. Donghuang Taiyi is not a woman like Jellyfish Yinji, Donghuang Taiyi Huang Taiyi's determination to be honest is very strong, and anyone may be able to shake her determination.

Su Chen shook his head when he heard Concubine Yan's words.

He had long regarded Donghuang Taiyi as his woman, although he had not yet After taking down Donghuang Taiyi, Donghuang Taiyi could never escape from his grasp.

A perished princess of the Great Zhou Dynasty,

Su Chen was looking forward to the appearance of Donghuang Taiyi.

At night, under the fusang tree, there was a person wearing black clothes. A man with a cloak on his head is sitting under the hibiscus tree and practicing

"who?"

Donghuang Taiyi suddenly noticed that a figure suddenly appeared and disappeared, which made her very alert.

This is Su Chen's Xuanniao Palace!

And there are six or seven Heavenly Realm and Half-Step Golden Core Realm in Xuanniao Palace. Master, who will break into the Black Bird Palace this time?

Whoosh!

"court death!"

Donghuang Taiyi suddenly discovered that this assassin wanted to take off her cloak, which made her very angry.

Except for her parents and master, no one had ever seen her face, not even her close friends. Bai Ruobing had never seen her face before.

Donghuang Taiyi avoided the assassin's attack, and she immediately stretched out her palm to kill the assassin.

"Wait, it's me, it's me"

"Suchen?"

"it's me!"

Chapter 945

Su Chen did not expect to make a joke with Donghuang Taiyi.

Donghuang Taiyi was so angry that he was ready to kill himself under the fusang tree.

There were many exotic flowers and plants here. If Donghuang Taiyi showed his power here, I am afraid that the The exotic flowers and plants will be destroyed, and even the hibiscus tree and its spiritual fruit seedlings will suffer.

When Donghuang Taiyi found out that the assassin was Su Chen, she was very angry. This bastard has become the emperor, why is he still not stable at all?

Donghuang Taiyi looked at Su Chen who appeared and said angrily, "Su Chen, what are you going to do, you bastard? Do you want me to kill you?"

Su Chen smiled awkwardly and said to Donghuang Taiyi, "Misunderstanding, misunderstanding, I was just joking"

"snort!"

Donghuang Taiyi didn't believe what this bastard said.

This bastard must want to see her face.

This bastard is just a pervert. That woman Bai Ruobing was really blind and fell in love with this shameless bastard.

Su Chen sat down and poured a glass After tea, he looked at Donghuang Taiyi who was wrapped tightly from head to toe and said,"Donghuang Taiyi, you see we are so familiar, you don't need to wear this cloak, right?"

As soon as Donghuang Tai stood under the hibiscus tree, he looked at Su Chen and sneered disdainfully,"Tsk! What you think is beautiful, Su Chen, you'd better not try to get my idea, otherwise I will kill you shameless pervert."

"I'll do it!"

Su Chen shook his head helplessly and sipped his tea depressedly.

It seems that this Donghuang Taiyi is very guarded against him. This Donghuang Taiyi is just like Concubine Yan said.

It's difficult to deal with!

Under the moonlight ,

Su Chen sat with his chin raised and looked at the moonlight, while Donghuang Taiyi stood under the hibiscus tree and looked at Su Chen.

None of them spoke anymore,

Donghuang Taiyi clenched his fists and wanted to teach this bastard a lesson, this This time she begged this bastard, but the bastard made the atmosphere a mess as soon as he came. She didn't know how to say anything to this bastard now.

"Ji Ruxihe, why did you come to see me?"

Su Chen looked at Donghuang Taiyi standing there and wanted to laugh.

He finally understood that

Donghuang Taiyi must be asking for something from him this time, but with Donghuang Taiyi's strength, how could she ask for something? Himself?

Is there anything else that would embarrass Donghuang Taiyi?

And hasn't Bai Ruobing been with Donghuang Taiyi? How could he help something that neither of them can solve?

Donghuang Taiyi heard Su Chen called her by her real name, and she suddenly appeared next to Su Chen and said angrily when she mentioned him, "Damn it, who told you to call me by my name?" besides! Who told you my name? Concubine Yan? Moon God? Or Bai Ruobing?"

"you guess!"

"Shameless!"

"Hahaha!"

Su Chen just blew a breath at Donghuang Taiyi, and

Donghuang Taiyi dodged away.

This made Su Chen couldn't help laughing when he looked at Donghuang Taiyi.

Donghuang Taiyi was such a shameless pervert like Su Chen. She was helpless.

This bastard was a shameless bastard.

She shouldn't have let this bastard come over this time. Concubine Yan and Luna could also help. She was really confused.

"Get out of here, I don't want to see you now."

Su Chen shook his head and asked seriously, "Ji Ruxi.....Hey, Donghuang Taiyi, what do you want from me this time?"

"It's okay, get out of here!"

"Damn you, you are cruel!"

Su Chen looked at Donghuang Taiyi and shook his head. He was very helpless. It seemed that he had offended Donghuang Taiyi to death this time.

He stood up and was about to leave.

Anyway, he had nothing to do with Donghuang Taiyi today, so he was in Su When Chen was about to leave,

Donghuang Taiyi suddenly asked,

"Does the Demon God of War know?"

"I don't know about the Demon God of War in Loulan."

Su Chen didn't expect that the Demon God of War also existed in this world. Could it be that the Nine Heavens Mysterious Girl also exists in this world?

This is interesting.

After the spiritual energy of heaven and earth disappeared, did the Nine Heavens Mysterious Girl die? Or was she also hidden in a secret place with spiritual energy? In the ground? If Jiutian Xuannv is alive, what kind of strength and cultivation will she have?

However, Jiutian Xuannv is definitely not a god.

She probably has the same name as Donghuang Taiyi. Although

Ji Ruxihe is called Donghuang Taiyi, she After all, he is not the Emperor of the Demon Clan. Jiutian Xuannv is definitely a powerful person, but she definitely cannot be the Nine Heavens Xuannv in the heaven.

Su Chen thought of the huge Demon God of War and touched his chin, thinking, it seems that in the future, he will I went to Loulan. If Loulan really has the Demon God of War, the war weapon of the Demon God will definitely not fall into the hands of other empires.

"Do you actually know about the Demon God of War in Loulan?" Dong Huangtai asked with a shocked face directly in front of Su Chen.

She didn't say that Loulan had a Demon God of Soldiers just now, but this bastard just mentioned the Demon God of Soldiers in Loulan.

This made Dong Huangtai look at Su Chen very much. Weird.

Su Chen waved his hand to Donghuang Taiyi and wanted to go around her and leave, "I don't know, Concubine Yan is still waiting for me, I'll go back first."

Su Chen doesn't want to talk to Donghuang Taiyi anymore.

The matter of the Demon God of War is of great importance.

Any empire that obtains the Demon God of War will probably be cloaked on the battlefield.

Su Chen needs to prepare immediately and go to Loulan to check it out.

"Stop, are you going to Loulan?" Donghuang Taiyi grabbed Su Chen and said hurriedly.

Su Chen immediately shook his head and lied, "No, I am an emperor, how could I go to Loulan, a place where birds don't shit?"

Donghuang Taiyi didn't let go of Su Chen.

She didn't believe this bastard's words at all.

Donghuang Taiyi saw Su Chen's eyes flashing just now. This bastard must carry her to Loulan.

Donghuang Taiyi saw Xiang Su Chen said calmly,

"You are talking nonsense. I see that you are going to Loulan. Su Chen, shall we go together? If Loulan has the Soldier Demon God, it will be yours. But if Loulan has the items I need, it must belong to me."

"Why should I go with you? My wife, Jellyfish Yinji, won't they go with me? If there are treasures in Loulan, they all belong to me and my wives. Why should I share them equally with you?"

"you.....You are shameless! If I hadn't told you about the Demon God of War, you probably wouldn't have been able to remember the Demon God of War."

"Haha, Donghuang Taiyi, get ready, we will set off in three days." Su Chen laughed when he saw Donghuang Taiyi was so angry.

He also knew that it was time to stop. After all, Donghuang Taiyi had helped him many times, and he was not an ungrateful person.

Besides, Donghuang Taiyi would never be the same in the future. His wife-to-be,

Su Chen will never deliberately embarrass her again.

"Damn bastard, you wouldn't lie to me, would you?"

"you guess?"

Chapter 946

The next day in Xuannio Palace,

Su Chen came out of Concubine Yan's palace early in the morning with Su Yue in his arms.

He teased Su Yue while walking towards the study.

He was not needed for small things in the empire. After all, he didn't have to get up early every day to go to the morning court.

With the cabinet handling state affairs and the supervision of Changsun Wuchu,

Su Chen was not worried about what might happen to the empire.

In the study,

Li Xiuning and the others were already waiting for Su Chen. After they saw Su Chen arriving, Li Xiuning teased Su Chen and said, "Your Majesty, we thought you would not arrive so early because you are addicted to women. Su

Chen handed Su Yue to Ning Zhongze and sat down to take a sip of tea. "Li Xiuning, are you in need of cleaning up? How about you come to bed tonight?"

"Bah, I'm not your concubine, so don't try to mess with me." Li Xiuning's face turned red when Su Chen said this.

This bastard has remained stubborn even after he became the emperor. It seems that he won't be able to joke with this bastard anymore.

"Hahaha!"

Su Chen smiled at Li Xiuning and looked at the commanders of the four legions.

This time, in addition to allocating their respective defense areas, the Eastern Continent will also send a legion there. The Ming Empire in the Western Continent has surrendered, and the Tianxuan Continent has also surrendered. That leaves the Eastern Continent and the Northern Continent.

These two continents will also be captured in the future.

Genie will set off for the Northern Continent in about ten days, and the Eastern Continent also needs to send a legion to prepare for war.

"Huang Rong, your Southern Combat Corps is preparing to enter Jiuyuan City in the Eastern Continent. Hu Ji is also in the Xuandiao Palace now. You will discuss the specific military operations with Hu Ji later."

"Okay, husband! Huang

Rong glanced at Li Xiuning and smiled and replied.

She is very happy now.

The war in the Eastern Continent will also belong to her Southern Legion. There are still six countries in the Eastern Continent. This time her Southern Legion will Destroying six countries at once, that stinky woman Li Xiuning will be even worse than her in the future.

When Li Xiuning heard Su Chen's words, she glared at him and said angrily, "Your Majesty, how can you keep looking at this little dwarf? This is unfair to our other three combat corps."

Mu Guiying and Shen Luoyan looked at Su Chen with expressions that were not angry.

Su Chen looked at Li Xiuning and Mu Guiying and rubbed his head.

He knew that these women did not arrange it, but he did not have time to do this again. The consumption has gone on. In a few days, he will secretly go to the desert Loulan with Donghuang Taiyi. In these days, he must arrange everything.

Su Chen waved his hand and said helplessly,

"Okay, Li Xiuning, there will be no war in the future, so don't go on fooling around. After your Eastern Legion took control of the Ming Empire, you worked with Zhao Min to destroy the Yuan Dynasty.

"Mu Guiying, your Western Legion is stationed in the original Song Dynasty and the surrounding foreign countries. You should also find an opportunity to destroy the foreign Turks."

"Shenluo Yanyuan and the Sui Dynasty will be garrisoned by your northern army."

"I will rotate all your legions to the battlefield in the future."

Mu Guiying and Shen Luoyan nodded and agreed, "I understand, husband (Your Majesty)!"

Li Xiuning also nodded without anger. She had no way to change Su Chen's decision.

This made her look at Huang Rong, the little dwarf, and glared at her. This time, the little dwarf asked her again. Got a bargain.

Su Chen explained some things to Huang Rong and others and let them leave. Then Hu Ji and Hai Lanzhu and others came to Su Chen's study one after another. After they talked with each other, they all went out..

Today Su Chen has arranged some things to be arranged.

Even if he leaves in a few days, nothing will happen.

The Xuantian Empire is also in operation after the new year. Officials from various state capitals are in the cabinet. After being appointed, they all returned to their respective state capitals.

However, Gusu Imperial City has always been very lively. With a population of over one million, Gusu Imperial City is the most populous city in Tianxuan Continent. The bustling streets are full of people. In the past, the cries of vendors on the street, the joy of the people, and the noise of drinking in various restaurants shocked the wealthy businessmen and Jianghu who came to the Suzhou Imperial City for the first time. Five days later,

Su

Chen kept shouting at Donghuang Taiyi Under the urging, he had to go to the desert of the Eastern Continent with Donghuang Taiyi from Rourou Township.

After Su Chen and Donghuang Taiyi left Gusu City,

Su Yan took Zhen Mi and secretly left Gusu City. Ci was planning to go to the Northern Continent with Zhen Mi. After the Ming Empire surrendered in the Western Continent, Su Yan had no need to go to the Western Continent. Zhen Mi always wanted to go back to the Northern Continent, so Su Yan thought it would be good to go to the Northern Continent.

On a merchant ship going to the Northern Continent,

Zhen Mi kept walking around the cabin uneasily. This time she took Su Yan back to the Northern Continent. She regretted it very much now.

Su Yan was now the eldest princess of the Xuantian Empire.

She is still the most powerful imperial princess in the Tianxuan Continent.

If something happens to Su Yan in the Northern Continent,

I am afraid that she and her family will be killed by the angry Su Chen.

Zhen Mi couldn't bear it when she looked at Su Yan, whom Su Xiang had negotiated with. He said,

"Su Yan, do you really want to go to the Northern Continent? It's too dangerous to do this. If something happens to you, I'm afraid your father will kill me. Otherwise, why don't you go to the Northern Continent with me?"

Su Yan waved her hand to Zhen Mi, and she looked at the sea and said boredly,

"What are you afraid of? I'm not afraid of anything. What are you afraid of? My father's wives are all here at this founding ceremony. Otherwise, I would have introduced you to my father. It's a pity that you were not made a concubine by my father this time."

"Now is not the time to talk about this, aren't you worried about safety issues at all?" Zhen Mi said worriedly as she sat next to Su Yan with a flushed face.

Su Yan took a sip of tea and smiled and said, "Don't worry! No one knows me in the Northern Continent. I am a little girl from a wealthy businessman. No one will do anything against me."

"I hope so!"

At this time, in the Eastern Continent, the story of the Soldier Demon God was also spread in the Eastern Continent. The fact that an old man who came out of Loulan was captured by the Qin State also made all the countries and rivers and lakes in the Eastern Continent pay attention to the Qin State. The news about the ancient legend of the Demon God of Soldiers. People from various countries and rivers and lakes like them have found some information. The powerful Demon God of Soldiers is very desirable to the countries and rivers and lakes in the Eastern Continent.

As long as they get the Demon God of Soldiers, their armies will wear a cloak on the battlefield, and no army in the future can stop the attack of the Demon God of War.

When the Qin army marched to the desert with a hundred thousand troops,

Chu! Zhao, Wei, Qi, Yan, the armies of these countries Confucians, Mohists, peasants, Taoists, and some other Jianghu people also moved towards Mobei.

The battle for the Demon God of War could happen at any time.

On a high mountain in Qin State,

Han Fei More than ten people from the Confucian School looked at the Qin army marching down the mountain.

They all looked silently at Han Fei, who had a gloomy face next to him.

They all knew that this young master from the Qianhan Kingdom was bound to win against the Demon God of War, and the Little Saint Xianzhuang was dispatched. Two great masters and more than ten masters came to help Han Fei.

Zhang Liang looked at the Qin army at the foot of the mountain and frowned and said to Han Fei,

"Han Fei, is the appearance of the Demon God of War true this time? Could this be a trap set by Qin?"

Chapter 947

Han Fei, who was dressed in purple, had a very gloomy and cold face.

He was no longer a dashing young man from the Han Kingdom.

The Han Kingdom was dead!

Although Han State was destroyed by Qin State, he hated Lord Wu Xiang very much, no!

He is the current emperor of Xuantian Empire.

If Wu Xiangjun had not occupied Xinzheng City and even received many troops from Han State, Han State would not have moved its capital, nor would it have been shortchanged by Qin State due to lack of soldiers. The country was destroyed in two months.

If Han Fei hadn't been rescued by a master sent by his teacher, he might have died on the battlefield.

"Brother Zhang, no matter whether the Qin State has a conspiracy or not, the Demon God of War must get it. We still need to take back the homeland of the Han State."

"well! I see."

Zhang Liang sighed and shook his head.

It was too difficult to take back the Han Kingdom's homeland.

The Qin Kingdom was too powerful for them to defeat, and he didn't know how to face the Purple Girl in Xinzheng City. His former friend had become Enemies, this made Zhang Liang feel helpless.

Zi Nu is now the four great concubines of the Xuantian Empire, and she is also one of the powerful concubines.

And the power of the Xuantian Empire makes him feel powerless. The garrison in the Eastern Continent cannot be rivaled by any country in the Eastern Continent. If the four major legions of the Xuantian Empire arrive at random, all the countries in the Eastern Continent combined cannot be the opponent of the Xuantian Empire's army.

Han Fei waved his hand. He mounted the horse next to him and said, "If we follow, all the countries and schools of thought will probably also set off. It will probably be very difficult to compete for the Demon God of War this time."

Zhang Liang and other Confucian disciples also mounted their horses one after another. Zhang Liang looked at the north and said worriedly, "It will take about ten days to get from Daqin to Mobei, but it will take a lot of time to find Loulan. We also I wonder if Qin Jun knows the specific location of Loulan."

"Don't worry, as long as we follow Qin Jun, Qin Jun will help us find Loulan's location."

Half a month later, in the desert of the Eastern Continent,

Su Chen and Donghuang Taiyi were riding horses in the desert towards a small town.

However, neither of them spoke, and they were only about ten meters away from each other.

Donghuang Taiyi was wrapped tightly in front of him, and Su Chen followed Donghuang Taiyi boredly.

Su Chen took out a wine gourd and took a sip of wine. He looked at Donghuang Taiyi in front of him and said helplessly, "Ji Ruxihe, I really didn't mean to do it yesterday. I didn't know you would bathe in the oasis river at night. Besides, it was so dark at night that I really didn't see anything."

When Donghuang Tai heard Su Chen's words, she clenched her fists angrily. She didn't expect this bastard to spy on her last night.

She is now very wary of Su Chen's elusiveness.

She clearly didn't notice anything last night. breath, but this bastard appeared in front of her silently. If she hadn't reacted quickly, I'm afraid she would have been spotted by this bastard.

Dong Huangtai shouted to Su Chen without replying,

"Shut up, you shameless bastard, you better not mention what happened last night, or I will really kill you."

"OK! OK! "

Su Chen nodded hurriedly and said that he didn't want to provoke the East Emperor Taiyi who could explode at any time.

He really didn't want to spy on the East Emperor Taiyi last night. Su Chen just felt that there was someone in Green State, so he just went to check. He also didn't expect that Donghuang Taiyi would take a bath there at night. but!

Donghuang Taiyi has a very good figure.

Last night, Donghuang Taiyi's clothes were all wet, which was a feast for Su Chen's eyes.

"Have an army?"

Su Chen suddenly sensed that there were tens of thousands of troops in the desert town in front of him.

This made Su Chen very surprised. How could there be an army in this inhospitable place?

"It's the Qin Army. How come the Qin Army appears here?" Donghuang Taiyi also discovered the situation in the town, which also surprised Donghuang Taiyi.

There are no foreign countries here. Mobei is nothing but desert.

What is the purpose of tens of thousands of Qin troops here?

The secret of the Demon God of War was discovered?

Su Chen immediately used his mental power to check the town and its surroundings.

However, Su Chen was very shocked after checking.

He hurriedly rode to Donghuang Taiyi and said seriously, "Donghuang Taiyi Huang Taiyi, the information about the Demon God of War may have been exposed. In addition to the Qin army, there are other masters in the town, and there are even other armies not far from the town."

"It must have been exposed. It looks like we're going to be in trouble this time."

"What a bother, you are a land immortal at the peak of the Heavenly Realm. The most powerful people in this town are some great masters. Didn't you just overpower them in the past?"

"Bastard, please speak politely to me."

"cut!"

Donghuang Taiyi is too lazy to pay attention to this bastard. Su Chen doesn't look like an emperor now, and this bastard can't be saved. A shameless bastard is a shameless bastard. Even after becoming an emperor, he is still a shameless bastard.

Donghuang Taiyi looked at the boundless Desert asked Su Chen, "When will your army arrive?"

"Three days later, a legion had arrived at the edge of the desert yesterday, and it would take three days at the earliest to appear in this town." Su Chen thought about the time for the army to set off and then said to Donghuang Tai,

"Then let's hide in this town first. You bastard, you'd better put on the prepared human skin mask. If someone who knows you finds out, I'm afraid you won't be able to escape."

Su Chen looked at Donghuang Taiyi in surprise and asked hurriedly, "I'll do it! You won't protect me?"

"Do you think I would protect you bastard?" The corners of Donghuang Taiyi's mouth curled up under his cloak and he said with a smile.

This time she was going to tease this bastard.

She had not forgotten the harassment this bastard had made to her along the way, and she still wanted this bastard's spirit stone. Some.

She, Bai Ruobing, and Taoist Bei Mingzi searched in a secret place for more than half a year but still couldn't find some spiritual treasures, but this bastard actually had spiritual treasures like spiritual stones.

And there were so many of them, which made her... Su Chen was very confused about being able to obtain these spirit stones. Spirit stones have not appeared in Tianxuan Continent for thousands of years. Where did this bastard get these spirit stones?

Su Chen shouted angrily when he heard Donghuang Taiyi's words. , "Damn it, Donghuang Taiyi, I'm here to help you this time. If you don't protect me, I will leave immediately. I don't want the Demon God of War anymore.""

"up to you!"

"Holy shit!"

When Su Chen saw that Donghuang Taiyi didn't care at all, he guessed that Donghuang Taiyi knew that he would not leave. This Donghuang Taiyi was now determined to eat him, which made Su Chen very depressed. The God of War, he Even if he can't get it, it will be destroyed.

He will not let the Demon God of War be obtained by other countries and forces.

Chapter 948

Su Chen looked at Donghuang Taiyi and put on the prepared human skin mask. He didn't pay attention to Donghuang Taiyi and rode towards the town.

He guessed that Donghuang Taiyi wanted to take revenge on him for harassing her on the road.

If he was in danger, Donghuang Taiyi would not save him.

"asshole!"

As soon as Donghuang Tai saw Su Chen, she left without saying a word, which made her very angry.

When they came to Mobei, the Eastern Continent, the women Bai Ruobing told her to protect Su Chen, and it was impossible for her not to protect this bastard. ,

Donghuang Taiyi is no longer interested in Canglong Qisu. With the spiritual stone provided by Su Chen, the illusory treasure of Canglong Qisu is also dispensable to her. She will advance to the Golden Core realm in the future, but she still needs this bastard. The spiritual stone.

When Donghuang Taiyi saw Su Chen leaving, she gritted her teeth and ran after him. She even abandoned the horse she sat on.

Donghuang Taiyi couldn't let Su Chen leave her sight. What if? What happened to this bastard? I'm afraid those women in Gusu City will tear her apart.

In the small town,

Su Chen found that this small town was very lively after arriving. The people in this small town are now... There are a lot of them, including foreigners and Central Plains people, and there are a lot of Central Plains people here.

Su Chen found that each of these Central Plains people were armed. After looking at these people, he guessed that these people might be Eastern Continent people. Disciples of Baijia.

Su Chen got off his horse and walked into this small town.

The disciples of Baijia here saw Su Chen coming and ignored him. There are a lot of Jianghu people in this small town. There are many people here these days. Thousands of Jianghu people continue to pour into this small town, and their disciples from hundreds of schools of thought are accustomed to this.

"Huh? Are those people from the Mo family?"

Su Chen suddenly discovered Jing Ke, and there were dozens of people next to Jing Ke, which made Su Chen guess that the Mo family might also be interested in the Demon God of War this time. After all, the Mo family's mechanism skills are very powerful, and they are interested in the Demon God of Soldiers. It was understandable.

Su Chen looked at the various scholars around him and prepared to find a place to wait for the arrival of Donghuang Taiyi. However, before he had time to find a place to rest, a very burly man stood next to Su Chen. asked,

"Little brother, are you alone?"

"yes!"

Su Chen was very speechless when he saw this big man who was two heads taller than him.

This big man was probably 2.3 or 4 meters tall, which was much taller than a basketball player. Standing next to him, this big man made him feel very depressed..

Big Iron Hammer looked at Su Chen and said in a very loud voice, "Little brother, I am Big Iron Hammer, from the Yan country. Do you want to go to our Mo family to have a rest?"

"Are you from the Mo family?"

Su Chen was very surprised when he looked at Big Iron Hammer.

The Yan State had not been destroyed by Qin at this time. Big Iron Hammer was a general of Yan State. Why did this general of Yan State join the Mo family now?

"yes! Little brother, we giants want to meet you"

"Okay, I'll go meet you giants."

Su Chen also understood when he heard Big Iron Hammer.

He is now a master pretending to be a master. The Mo family's six-fingered black man must have seen through his strength.

It seems that the Mo family's giant wants to win him into the Mo family.

This is interesting. Now!

Su Chen also decided to sneak into the Mo family first.

He didn't know where Loulan was anyway, and neither did the arrogant Donghuang Taiyi. Otherwise, Donghuang Taiyi wouldn't have let him lead the army to look for Loulan.

Su Chen and When the big hammer came to the temporary resting place of the Mo family,

Su Chen looked at the people here and everyone in the Mo family, and then he stared at the two beautiful women. Su Chen guessed that these two beautiful women might be the doctor Duan Murong. There is also Jing Ke's junior sister Gongsun Liji.

When the Mohist tycoon saw Su Chen arriving, he clasped his fists and said, "I'm the Mohist tycoon Six Finger Black Man, what's the name of your little brother?"

"My surname is Emperor, the Emperor of the Emperor, the name Jun, the handsome Jun." Su Chen also held his fist and said to the six-fingered black man,

Su Chen is trying to take advantage of Donghuang Taiyi. Emperor Jun of the demon clan and Donghuang Taiyi are brothers, and Dijun is also Donghuang Taiyi's brother.

Su Chen touched his chin I just thought, should I let Donghuang Taiyi call me brother in the future?

"Emperor Jun? This name is really domineering." When the six-fingered black man heard Su Chen's name, he guessed that it must be a fake name.

Is there anyone named Emperor in this world?

Emperor Jun?

Emperor?

This is a name that offends the emperor.

Are you seeking death by giving such a name?

The six-fingered black man looked at Su Chen and shook his head. He originally saw that this Jianghu man was a master and wanted to recruit him, but this Jianghu man was too arrogant and didn't know how he survived to this day. When the people of the Mo family heard After Su Chen's words, they all lowered their heads. They didn't want to get in touch with an arrogant Jianghu man, and they didn't want to be implicated by this arrogant Jianghu man.

Su Chen also discovered that these people were now unwilling to accept him. Well, he doesn't care about these people.

Su Chen is pretending to be a man who knows nothing about the world, and his appearance is a bit ugly. The Mo family should not drag him into the Mo family after hearing his name.

"What's the matter with the Mohist giant calling me here?"

"Forehead! It's nothing, I just saw you arriving and wanted you to come to our place to have a rest."

"Thank you so much, Mr." Su Chen thanked the Six-fingered Black Man and went directly to sit down next to Duan Murong and Gongsun Liji. There were two beautiful and fragrant beauties here. Why would Su Chen sit with those stinky men? The Mo family saw

Su Chen Chen Chen sat next to Duan Murong and Gongsun Liji. They all stared at Su Chen with burning eyes. How could this ignorant and ugly bastard sit next to the two beauties from their Mo family?

They also wanted to sit there very much. It's just that they all know themselves, and the two beauties from the Mo family are not something they can offend.

But this bastard sat next to the two beauties from the Mo family, which made them very angry when they looked at

Su Chen. Su Chen was in Duanmu Rong and Gongsun Liji squeezed around and asked with a smile, "Beauties, what are your names? My name is Dijun."

Duan Murong wore a headscarf just like in the anime. Her cold face made people dare not get close to her, but her uneven figure made Su Chen nod her head. This Duan Murong is indeed a very popular beauty. Beauty

"You stay away from us." Duan Murong looked at Su Chen's playful smile and frowned and said coldly, she hates dishonest people very much.

This person casually struck up a conversation with her and Gongsun Liji, which made Duan Murong look at Su Chen and think he was a erotic

"Forehead? Why?"

Su Chen touched his nose and was very speechless. He just didn't want to be with those men. Was Duan Murong too cautious?

"We don't like sitting with men, you'd better leave."

Chapter 949

Gongsun Liji was also not interested in this person who had arrived. She had seen this person looking at her and Duan Murong just now. She was very displeased with such an arrogant and lecherous person.

Su Chen didn't pay attention to the attitudes of Duan Murong and Gongsun Liji. He leaned on the chair and said casually, "Beauties, don't be so heartless. I was invited by your boss. Don't you all give your boss face?" ?"

"Juzi invites you to come. You can go to Juzi and the others. We are women, so you'd better leave us." When Duan Murong saw that this man didn't leave, he looked at Su Chen with a cold face and said,

Su Chen shook his head and refused, "No, there are some stinky men there, but the air here smells better."

"Shameless!"

Gongsun Liji frowned and said when she heard Su Chen's words,

"Thank you for the compliment!"

Su Chen looked at Gongsun Liji and nodded with a smile.

Su Chen didn't expect that Gongsun Liji was really very beautiful. Gongsun Liji was prettier than Duan Murong, and her white dress highlighted her perfect figure. , her beautiful face makes people can't bear to look away from her, and her weak look makes people unable to help but care for her.

No wonder King Qin Yingzheng directly snatched Gongsun Liji, and even treated Gongsun Liji a little bit when she was pregnant. She didn't care, and now she doesn't know whether Gongsun Liji and Jing Ke are husband and wife?

Gongsun Liji was a little angry when she saw this bastard looking at her.

She had never met anyone who dared to look at her so openly. Those in the past had Everyone was looking at her secretly, which made Gongsun Liji want to kill this bastard with a sword.

When she heard what this bastard said, she couldn't help but cursed,

"asshole!"

"Huh? How do you know my nickname?" Su Chen touched his chin and looked at Gongsun Liji pretending to be surprised and said,

"shameless bastard!"

Duan Murong and Gongsun Liji were completely speechless at this shameless person. They both looked ugly and cursed at Su Chen in unison,

"I'll do it!"

Su Chen was very surprised when he heard Duan Murong and Gongsun Liji scolding him at the same time.

The two beauties actually scolded him the same way. His bastard and shameless nicknames cannot be removed. His women and confidante often scolded him like this. He, beauties have privileges.

Su Chen didn't mind the beauty scolding him like this, but Duan Murong and Gongsun Liji actually scolded him exactly the same way, which made Su Chen curious.

Duan Murong and Gongsun Liji also looked at each other. They didn't expect that they would scold him exactly the same way, or even scold this bastard at the same time, which made them somewhat embarrassed. After all, they didn't expect this, and they were not women like those shrews.

Su Chen was too lazy to talk to Duan Murong and Gongsun Liji. When he saw the arrival of Donghuang Taiyi in a cloak, he got up and walked towards Donghuang Taiyi. Donghuang Taiyi was his future woman. Su Chen decided to accompany his woman.

Duanmurong and Gongsun Li Ji didn't expect Su Chen to leave.

They originally thought that this bastard would stay stubborn and refuse to leave. They were all ready to leave, but this bastard actually left without saying a word.

"This shameless bastard still knows himself"

"This man is too thick-skinned."

Others in the Mo family were very happy to see Su Chen leave.

They didn't want this arrogant person to stay in their Mo family, and even stay with the two beauties of their Mo family. As soon as

Donghuang Tai saw Su Chen's arrival, he sat on the stone. He taunted, "What are you doing here? Aren't you going to continue teasing those two beauties?"

"Aren't I afraid that you will be lonely? Xihe, come and eat some food." Su Chen sat next to Donghuang Taiyi and took out some delicacies made by Changsun Wuchu from the system space.

There were many delicacies in his system space, including delicacies made by Changsun Wuchu, and pastries made by Hu Ji, the Hu girl. , Zi Nu's brewed wine, Lin Shiyin and other women made some delicacies and pastries. He and Donghuang Taiyi couldn't finish all these delicacies, pastries and wines in the system space even if they ate with Donghuang Taiyi for a month.

Donghuang Taiyi saw It was no surprise that Su Chen had such delicious food and wine. She also knew about Su Chen's ability, and she basically knew some of Su Chen's secrets.

Su Chen didn't hide anything from her.

This bastard was so stupid. She regarded her as his woman.

Donghuang Tai felt very embarrassed when he thought of what Bai Ruobing said before. She would never fall in love with anyone, but she was devoted to the Tao. It is commonly known that the love in the world did not interest her at all.

Su Chen After taking a sip of wine and looking at Donghuang Taiyi, he found that Donghuang Taiyi was now also a peak master.

It seemed that they really had a clear understanding of each other.

Su Chen smiled and said to Donghuang Taiyi, "Xihe, Your martial arts skills are also hidden"

"good!"

Donghuang Tai nodded as soon as she ate the delicacies on the stone.

She didn't care about this bastard calling her by name. This bastard couldn't beat him and refused to listen to his scolding. She was helpless towards Su Chen. In the past half month She gradually got used to this bastard calling her by her name.

Su Chen looked at Donghuang Taiyi eating delicious food and said, "I'm afraid Loulan still needs the Qin Army to search for it. Just now I heard people here saying that the Qin Army I have captured a person who came out of Loulan. As long as this person is here, the Qin army will definitely pry open his mouth. I will notify the army to station around him soon."

"Well, let's just wait for Qin Jun to take us to Loulan, but it seems that you won't be able to get anywhere this time."

"I'll do it! Xihe, am I unhappy if you say this? You didn't bring anything with you in the desert. Didn't I provide you with water and food?"

"laugh! You only have these uses"

"Forget it, just be happy." Su Yan is very bored on the sea at this time.

He has been drifting on the sea for half a month and has not seen any sign of the Northern Continent. Zhen Mi said that it will take at least ten days to reach the Northern Continent.

Just when Su Yan was very bored,

Zhen Mi suddenly ran into the cabin and hurriedly shouted to Su Yan,

"Su Yan, it's not good."

"What's wrong?"

"This time it broke down. This ship was not going from Qin to Yizhou of the Han Dynasty, but to Jingzhou of the Han Dynasty. We got on the wrong ship this time."

"What's this? Anyway, we are going to the Han Empire in the Northern Continent, as long as we can reach the Han Empire in the Northern Continent."

Su Yan thought her mother and aunts were chasing her.

It turned out that she was on the wrong ship.

Su Yan didn't care about going to the Han Empire. Anyway, she just wanted to visit various parts of the Han Empire, including Yizhou and Dao. It's the same in Jingzhou.

Zhen Mi pulled Su Yan and said nervously,

"Su Yan, the Han Empire in the Northern Continent is in great chaos. Didn't we hear that the Eighteenth Route Princes are going to attack Dong Zhuo in Luoyang? We'd be in trouble if we got into a war"

"ha! Isn't this better? When the time comes, we will also join in the fun. It should be a very big war for the eighteen princes to discuss, and I can't miss it."

Chapter 950

Gusu Imperial City, Xuanniao Palace.

In the Phoenix Palace, the queen's dormitory in Xuanniao Palace, women like Concubine Yan and Jing Sala are very helpless now.

It has been half a month since Su Yan disappeared. It was not until today that they knew that Su Yan's girl and Zhen Mi were gone. In the Northern Continent, this made women like Concubine Yan and Jing Sala very helpless.

Su Yan's escape was planned very carefully.

If the secret guard hadn't discovered that half a month ago, a civilian unloading cargo from a merchant ship had said They saw a little girl and a beautiful woman boarding the ship. They all thought that Su Yan had gone to the Ming Empire in the Western Continent again.

Mrs. Xiao was holding Su Yue in her arms and was very angry when she learned about Su Yan.

That girl Su Yan was very well-behaved in front of her. Who knew she would go to the Northern Continent quietly this time?

If Su Yan was in the Northern Continent What to do if something goes wrong on the mainland?

The Northern Continent is in great chaos now.

Mrs. Xiao is worried about Su Yan's safety and is also angry about the girl's misbehavior."That little girl is simply lawless. She is already the eldest princess of the empire. How can she still be so fearless and mess around?" Run, is this how that boy Su Chen raises his children?"

Mrs. Mingzhu saw Mrs. Xiao getting angry and said to her,"Aunt, Su Yan was spoiled by her husband. Like father, like daughter."

Xiao. When Madam heard what Mingzhu said, Su Chen rubbed her head helplessly and said,"Su Chen is the same. A majestic emperor of an empire ran away after being the emperor for a few days. What should I say about him?"

Concubine Yan looked at the side. Jing Salad, who was clenching her fists, shook her head.

She was worried that Jing Salad would come back to capture Su Yan personally. If Jing Salad caught Su Yan this time, Su Yan would probably suffer physical pain.

Concubine Yan patted Jing Sala. Salamander's shoulder signaled her not to worry. After hearing Mrs. Xiao's words, she smiled and said,"Aunt, your husband has gone to do something. That matter is very important to the empire. Aunt, please don't blame your husband."

Changsun Wuchu also hurriedly said to Mrs. Xiao,"Yes, aunt, my husband went to Mobei of the Eastern Continent with Donghuang Taiyi of the Yin Yang family. This time, my husband is not traveling around the mountains and rivers."

Zi Nu and the others They also comforted Mrs. Xiao.

They had no choice. Su Chen was not in Xuannio Palace this time, and that girl Su Yan ran away again. There were so many things going on just after the founding of the country, but who knew that girl would hide and run away.

Mrs. Xiao touched Su Yue's little face and said helplessly, "Hey, let's forget about Su Chen for now. What will happen to Yan'er? Nothing can happen to Yan'er."

Jing Salamander rarely spoke up and said, "Aunt, there is a shadow assassin named Youxue. Now, it is impossible for anything to happen to Yan'er, but there are only three teams of shadow assassins around Su Yan. The number is too small. Now I am worried that Yan'er will encounter a war in the northern continent."

Li Qingluo came in from outside and said hurriedly, "Send Go to the army, doesn't Yan'er have his own legion? You can send Yan'er's legion to the northern continent and let Yan'er's legion capture that girl."

Li Qingluo also didn't expect that girl Su Yan didn't go to the Ming Dynasty in the western continent. In the empire, that girl actually went to the Han Empire in the Northern Continent. This made her very worried about Su Yan's safety.

"Forehead! The Black Bird Legion is now in the Western Continent, and even if they send the Black Bird Legion, they probably won't be able to bring that girl back. After all, the Black Bird Legion is the legion directly under Yan'er." Zi Nu shook her head and rejected Li Qingluo's proposal.

Li Qingluo's face turned ugly after hearing this.

She had forgotten that it was impossible for the Black Bird Legion to capture that girl Su Yan. I'm afraid that the Black Bird Legion sent there would also be controlled by Su Yan. Got it

"Have Jellyfish Yin Ji, Shi Guanyin and the others not left seclusion yet?"

"No!"

"Someone come!" Concubine Yan looked at the people in the room and shouted to the secret guard outside,

"Queen!"

Li, the secret guard on duty, immediately came in and saluted Concubine Yan.

Concubine Yan took out a token and ordered the secret guard, "Inform the Shadow Team and ask them to rush to the Northern Continent immediately to capture Princess Changle."

"Yes, Queen!"

Moon God looked at Concubine Yan and asked doubtfully, "Shadow Team?" Sister, are you going to send Liu Shengpiaoxue and the other six to the Northern Continent to capture Yan'er?"

Concubine Yan nodded to the Moon God.

Now the Xuandiao Palace can only send out the Shadow Team.

If Zhu Yuyan, Yao Yue, Fan Qinghui and other masters who are half-step into the heaven and human realm are here, let them go there. It's the best, but they all left ten days ago.

"Um! The Shadow Team are all at the peak of the Grand Master's strength. They will definitely capture Yan'er in the past. Jing Salamander, you immediately give an order to Gai Nie and ask him to send some masters from his Tenglong Legion to find Yan'er. If Yan'er is found Just protect Yan'er first"

"Gai Nie should not have arrived at the Northern Continent yet, so I immediately asked the secret guard to send a message to Gai Nie Feige." Jing Salamander nodded and hurried out.

She was really helpless towards Su Yan now.

That girl didn't care about her threat at all.

Now she was getting bolder and bolder.

Jing Salamander also couldn't control Su Yan. Well, if that girl Su Yan is captured this time, she will definitely ban Su Yan's martial arts, and all the secret guards and shadow assassins who protect her will be replaced by her.

"Mingzhu, write a letter to Li Maozhen of Huanyinfang in the Northern Continent, asking her to find Su Yan too. Su Yan's comfort is very important, and she must protect Su Yan's safety."

"Yes, Sister Yanfei."

After Mrs. Xiao put Su Yue to sleep, she said to Concubine Yan, "Concubine Yan, please also inform Su Chen. You can't hide this matter from him."

"Aunt, I have sent someone to inform my husband. He may receive a secret message today."

"Um! That's fine, alas! I hope nothing happens to Yan'er and that she can come back safely."

Eastern Continent, Mobei Town.

In the evening, all the scholars in the town set up tents in the town. After all, this town is very small, and there is no inn. It is impossible for thousands of people to rob the houses in the town to rest.

Su Chen also set up a luxurious tent, but he didn't care about the hundreds of people around him looking at him.

When there was enjoyment,

Su Chen wanted to enjoy it.

Are those messy tents of Zhuzibaijia considered tents? They are at most a piece of cloth and a few branches. They look very shabby and will probably collapse immediately if it rains.

Su Chen and Donghuang Taiyi entered the tent Finally,

Su Chen looked at the carpet that he had laid inside, and even some soft mink furs were spread on it. This was a mobile luxury room.

He looked at Donghuang Taiyi and said with a stinking look, "Xi And, how about that? With me following you, you have been very blessed along the way. Now you know how good I am."

Donghuang Taiyi blushed and Su Chen sat down on the sofa at a glance.

She had never experienced sleeping in the open air in the past half month. With this bastard with her, she really felt like she was enjoying the most.

Food, wine, and evenings She also lived in a luxurious tent, which she had not been able to enjoy before. In the past, when she went out to do errands, she would just find a tree to rest for the night, but she had never had such an experience.

"Sister Duanmu, look, that bastard actually has a luxurious tent? Is that bastard here for fun?"
