

Zongwu 951

Chapter 951

The nights in the desert are very cold.

The desert is unbearably hot during the day, and the desert at night is unbearably cold. Although the people who came to the town this time are all warriors, such a climate still makes them uncomfortable. It's all a bit unbearable.

In a simple tent,

Duan Murong and Gongsun Liji lived here. Although their tent was much better than other warriors here, it was not much better. The tent leaked air everywhere, which made Duan Murong and Gongsun Liji sleep at night. It was also very uncomfortable.

Gongsun Liji was sitting in the tent wrapped in a blanket. She looked at the leaky tent and frowned, "It's really unbearable. This time, the giants and the others came to Mobei without preparing any supplies. It's really a shame.!"

Duan Murong shook her head when she heard Gongsun Liji's words and said,

"Li Ji, it's been five or six days since we entered the desert. Why haven't you adapted yet? Juzi and the others are in a hurry this time, otherwise they would have prepared sufficient supplies. These tents were purchased from some foreigners, otherwise we would have to sleep in the open air.."

Gongsun Liji looked at the wind outside the tent, and the climate in the desert at night was getting colder and colder. She was only an innate third-level cultivation realm, and she had been using her internal strength to resist the wind and cold. Her internal strength was not enough.

Gongsun Liji The dejected person lowered his head and said, "Alas! If I had known earlier, I wouldn't have come with you. Sister Duanmu, are you saying that this incident about the Demon God of War is true?"

Duan Murong sorted out the herbs she brought and sat down.

She actually didn't want to come this time. It's just that the Six-fingered Black Man was afraid that the Mo disciples would be injured and no one would treat them, so he kept begging her. She had no choice but to come to this deserted place. In Mobei,

Duan Murong looked at Gongsun Liji who was wrapped up tightly.

A smile appeared on her cold and expressionless face and she said,

"Probably so. The south side of the town was occupied by the Qin army. One hundred thousand Qin troops were stationed outside the town. Countries such as Chu and Zhao also came with their troops, as well as farmers, Taoists, and even Confucians. Yeah, the Demon God of War should be more than just a legend."

"But where is Loulan? How long are we going to stay in this town?"

"I don't know, Juzi, Jing Ke, Master Xu, they should have something to do, so we don't have to worry about it."

"Forget it, we don't need to worry about this. I'm going to get some hot tea." Gongsun Liji got out of the blanket and walked out of the tent.

But as soon as she came out, she saw a luxurious tent under a big tree not far away. That was the place where Di Jun was staying just now.

Gongsun Liji didn't expect that bastard. She actually brought a luxury tent over. She looked at her tent that was leaking air everywhere, and then looked at that bastard luxury tent and was very depressed.

Gongsun Liji immediately raised the tent and pointed towards Su Chen and shouted to Duan Murong, "Sister Duanmu, look, that bastard actually has a luxurious tent? Is that bastard here for fun?"

Duan Murong followed what Gongsun Liji pointed at and was very surprised.

She didn't expect that the shameless bastard actually brought a luxurious tent. Their tent and that bastard's tent were just like a shabby hut and a palace. Comparison is simply incomparable

"We don't need to worry about him. That bastard is so arrogant. Someone will definitely cause trouble for him soon."

"That's right, that arrogant and shameless bastard had better have his tent taken away."

In Su Chen's tent, after Su Chen lit up a charcoal stove, the tent instantly became hot. It was more than ten degrees below zero outside the tent. If it got to the middle of the night, it would probably be twenty or thirty degrees below zero. The temperature in the tent is now more than ten degrees.

After a while, the temperature of the charcoal stove is raised, and the temperature in the tent will be more than 20 degrees. This temperature is very enjoyable.

Su Chen boiled a pot of water and soaked it. He handed Donghuang Taiyi a cup of scented tea and said, "Xihe, there is no one else here. Please take off your cloak. Anyway, I have seen your appearance."

"Inglourious bastard, when have you ever seen my face?" As soon as Dong Huangtai heard Su Chen's words, he immediately glared at Su Chen and asked angrily,

"Forehead! You accidentally saw it when you were taking a shower that day."

Su Chen has never seen Donghuang Taiyi's appearance.

He is just talking nonsense now.

This time he also wants to test whether Donghuang Taiyi will take off that damn cloak. He is very fond of Donghuang Taiyi's appearance. Curious, the appearance of the former Princess Zhou was very curious.

As soon as Dong Huangtai thought of that time when she was peeped by this bastard while bathing in the oasis, she gritted her teeth and shouted, "Damn it, you are a shameless pervert."

Donghuang Taiyi also took off her cloak. Since this bastard has seen her face, there is no need for her to wear this cloak anymore. She is very helpless towards this bastard now.

Su Chen saw Dong Huang Taiyi's appearance was stupid.

He didn't expect that Donghuang Taiyi, oh!

No!

It was Ji Ruxi who was so beautiful. I am afraid that none of the four beauties in ancient times were as beautiful as Donghuang Taiyi. I am afraid that only the legends of the Shang Dynasty Su Daji's beauty may be compared with Ji Ruxi's. Is this the genetic gene of the Great Zhou Dynasty for 800 years?

Su Chen thought that the emperors in ancient times married beautiful women, and they were passed down from generation to generation. Hundreds of years ago, they were very ugly. People, the descendants of the emperor will gradually become genetically perfect, and the descendants in the future will probably be either handsome men or beautiful women.

Ji Ruxi and the cold and beautiful faces show some anger, clear and bright pupils, curved willow eyebrows, and long eyelashes Trembling slightly, there was a faint blush on her fair and flawless face, and her thin lips were as delicate as rose petals.

Su Chen fell deeply into despair when he looked at Ji Ruxi and her beautiful face.

It was just Ji Ruxi and Her figure cannot be seen in the wide black robe, but with Ji Ruxi's beautiful appearance, her figure will definitely be perfect.

"Damn bastard, you lied to me?"When Ji Ruxi saw Su Chen looking at her like a pervert, she suddenly understood that this bastard was cheating on her. He didn't even see her face in the oasis that day. When

Ji Ruxi thought of this, she became angry. He clenched his fist and hit Su Chen hard.

Touch!

"I'll do it!"

Su Chen was punched in the stomach by Ji Ruxi and was so painful that he hurriedly tried to avoid it, but he was caught by Ji Ruxi before he could avoid it.

Ji Ruxi grabbed Su Chen and pinned her down on the carpet, punching her fist and yelling angrily, "Damn bastard, go to hell!"

"Xihe, Xihe, listen to me. Damn it, please be gentle. My ribs will be broken by you."

"Shameless pervert, you are dead this time."

Chapter 952

Su Chen was very panicked now.

It was nothing for him to be beaten physically by Ji Ruxi. Although Ji Ruxi was very angry, she still acted in a measured way.

It's just that Ji Ruxi held her so close to him.

Looking at Ji Ruxi's beautiful face, he couldn't help but want to kiss her. But he knew that if he dared to kiss her,

Ji Ruxi would be completely angry and tear him apart.

"Xihe, Xihe, I was wrong, I will apologize to you"

"Bastard, shameless bastard!"

Ji Ruxi let go of Su Chen and sat aside with an angry look on her face. This damn bastard, she has no choice but to deal with this shameless pervert. She will definitely not be able to kill him, but beating him like this will definitely be useless.

This time She was deceived by this bastard and looked at her appearance, which made her don't know what to do.

Although she had no rules and would marry the other person after seeing her appearance, this bastard's deception made her very uncomfortable.

"I'll do it! Xihe, my ribs seem to be broken." Su Chen lay on the carpet, rubbed his chest and shouted to Ji Ruxihe.

Ji Ruxihe drank tea and ignored Su Chen.

This bastard deserved it.

Although she didn't do anything harsh, this bastard shouldn't feel bad either. She was Broke some of this bastard's ribs

"Ding, one month is up, the host can receive this month's gift pack."

Just when Su Chen was checking his injuries, the system's voice suddenly rang in his mind.

"Is it already early in the morning?"

When Su Chen heard the sound of the system, he realized that it was already late at night.

A month had passed, and he didn't know what he would get in the system's gift package this time.

"System, receive the monthly gift package!"

"Ding! The monthly gift pack has been distributed, congratulations to the host for getting a gift pack"

"System, open the monthly gift package!"

"Ding, the monthly gift package has been opened. Congratulations to the host for getting: a can of Ling Cha Mist Snow Tea, an imperial martial arts promotion card, ten intermediate spiritual stones, one hundred primary spiritual stones, thirty red fruits, and a master-level chess skill inheritance. Ka, two hundred shadow assassins, fifty thousand elite troops, and five years of material and equipment supplies for the fifty thousand troops."

I'll do it!

The first gift pack after the new year was a big hit.

Su Chen forgot about the pain when he saw the items exploded in the system space.

This time he got many new treasures, spiritual tea, martial arts improvement cards, and grandmaster level Chess inheritance cards, these are items that have never appeared before.

"System, let me first introduce Lingcha Wuxue Tea"

"Ding, Lingcha Wuxue Tea: It can improve the practitioner's understanding and foundation, and enable the practitioner to understand the artistic conception."

Holy crap!

This is precious tea!

It is very important for cultivators to improve their understanding and basic skills. Comprehension is a deeper understanding of various martial arts, and basic skills are the most basic for practitioners. Requirements, the better the root bone, the faster the cultivation speed.

Moreover, one can also perceive the artistic conception.

There are many kinds of artistic conception, such as the artistic conception of wind, the artistic conception of ice, the artistic conception of loneliness, etc. The sword intention should also belong to a kind of artistic conception.

This spirit Chawu Snow Tea is really a treasure!

"System, how to use the Imperial Martial Arts Promotion Card?"

"Ding, Imperial Level Martial Arts Promotion Card: Any King Level Martial Arts can be upgraded to Imperial Level Martial Arts."

So that's it!

It's very simple. I have a lot of king-level martial arts secrets. You can look at the martial arts secrets to improve them later.

Ji Ruxihe suddenly found Su Chen sitting on the carpet laughing like a fool, and Not knowing what she was thinking,

Ji Ruxihe looked at Su Chen and felt strange, had this bastard been beaten stupid by him?

Ji Ruxihe got up and came to Su Chen, but Su Chen didn't seem to notice her arrival. Still looking silly and happy, she didn't know what she was thinking, which made Ji Ruxihe worry.

Ji Ruxihe patted Su Chen on the shoulder and shouted worriedly,

"Suchen! Suchen!"

"ah! whats the matter?" Su Chen was knocked back to his senses by Ji Ruxihe and saw Ji Ruxihe who was approaching and asked.

"What happened to you just now?"

"I? Oh, nothing, I have nothing, I'm just thinking about something"

"real?"

Ji Ruxihe looked at Su Chen and didn't believe what he said.

This bastard must have been thinking about something when he looked so silly and happy just now. Since this bastard wasn't stupid, what was he thinking and laughing about just now?

"Of course it's true, hiss! You were so cruel just now, pull me up quickly." Su Chen took Ji Ruxihe's hand and was about to stand up, but several broken ribs on his body made Su Chen grin in pain.

"Asshole, you asked for this."

Ji Ruxihe saw Su Chen's hand and was about to throw him away, but when she saw Su Chen grinning in pain, she raised her eyebrows and pulled him up.

She thought that this bastard used to be a nobleman, and he must have never experienced anything like this. After all,

Su Chen was the emperor of an empire, and it was not good to sit on the carpet like this.

Ji Ruxihe helped Su Chen onto the soft floor, and she suddenly found that some people were coming to them. "Huh? Why is someone here? It seems that the visitor is ill-intentioned."

When Su Chen heard Ji Ru Xihe's words, he hurriedly ate a red fruit and said, "Xi He, put on your cloak. I don't want others to see your face."

"Shameless!"

At this time, the Mo family also discovered that a group of people were heading towards Su Chen. They all came out of the tents to watch the show. Even the surrounding schools of thought also appeared one after another to watch the show.

Gongsun Liji also discovered that After someone went to trouble Su Chen, she hurriedly shouted to Duanmu Rong in the tent, "Sister Duanmu, look, someone is going to trouble that bastard. This time, that bastard's tent will not be saved.""

"Huh? They are from Yan State, and the leader is Yan Dan." Duan Murong looked over and said with a frown.

She didn't expect that this time it would be Yan Dan who was looking for trouble for Su Chen. It seems that Yan Dan is a hypocrite. A dignified prince of the Yan Kingdom actually took something by force. Yan Dan is really Bringing embarrassment to Yan State

"Yandan? Isn't this the disciple of the giant? So how could he do this? We, the Mo family, will not take anything by force!"

"He is just a despicable person. Stay away from him from now on."

"Sister Duanmu, I don't know him, and I will never interact with him in the future."Gongsun Liji nodded when she heard Duan Murong's words.

She didn't expect that Duan Murong would say this about Yan Dan, but as the prince of the Yan Kingdom, he went to take it by force, so his character must not be very good. It's just like this Why would a powerful man from the Mo family accept him as his disciple?

Gongsun Liji thought about it and stopped thinking about it.

These things have nothing to do with her.

If her senior brother had not joined the Mo family, she would not have stayed in the Mo family. Yan Dan Who he is has nothing to do with her.

At this moment,

Yan Dan, who was dressed in fine clothes and dozens of his subordinates, had arrived outside Su Chen's tent. He was also informed by his subordinates that there was a luxurious tent here. This time they He arrived in a hurry but did not bring any supplies. Even the tents to keep out the cold were ordinary goods purchased from foreigners.

Yan Dan wanted to bribe the general who led the Yan State this time.

He had no power in the Yan State.

This time he and the Yan State The army has arrived to snatch the Demon God of Soldiers. Yan Dan is bound to win over the general of the Yan State who leads the army this time. With the support of the army in the future, he will no longer be without any power in the Yan State.

"People in the tent, please come out. I am Yan Dan, the crown prince of the Yan Kingdom. I would like to meet the friends in the tent."

Chapter 953

Yan Dan looked at the tent and put on a gentle and elegant look. He believed that when the Jianghu in the tent learned that he was the prince of a country, the Jianghu in the tent would definitely give this luxurious tent to him.

"roll! We have rested, don't disturb us."

Yan Dan's face became gloomy when he heard the words coming from the tent.

He didn't expect that the people inside would not give him face, and even dared to insult him.

"Come on, get the people in the tent. Don't destroy the tent."

"Yes, Your Highness the Crown Prince!"

Yan Dan brought dozens of guards and swarmed up after hearing the order, preparing to enter the tent to catch the ungrateful man.

Boom!

But before these Yan Dan guards entered the tent, a powerful aura suddenly The guards were blown away one by one.

Bump, bump, bump.....

Each of Yan Dan's guards were knocked upside down and flew dozens of meters away. They fell to the ground one by one, vomiting blood.

When the surrounding scholars saw this situation, they were all very curious.

They all guessed who was in the tent?

Yan Dan is the prince of a country, and Yan's 50,000 troops are stationed outside the town. Aren't the people in the tent afraid that Yan will send out troops to destroy him?

It's just that the leaders of the various schools here are meeting outside the town and monitoring the Qin army, and the generals of the various countries are not in the town. It is impossible for them, the disciples of the hundreds of schools, to meddle in other people's business.

"hiss! Sister Duanmu, is that bastard so powerful?"Gongsun Liji saw that all Yan Dan's guards were knocked away at once, and even fell to the ground and never stood up again. She couldn't believe Su Chen's strength.

Duan Murong nodded and said,"Well! Juzi said that that bastard is a master at the peak of his master's level, and his strength should not be underestimated."

"In this way, Yan Dan is going to fall into trouble this time, so will our Mo family help Yan Dan?"

"No, Yan Dan has never exposed his identity in the Mo family, and only a few leaders know his identity, and Yan Dan does not dare to reveal his identity at this time. If Yan Dan dares to reveal his identity at this time, I am afraid that there will be no more Yan Dan in the future. of shelter."

Duan Murong looked at the frightened Yan Dan and shook her head disdainfully.

She couldn't stand some of Yan Dan's villainous ways.

She also had some thoughts about the Six-fingered Black Man accepting Yan Dan as his disciple, but She had been unwilling to think about that. The Six-Fingered Black Man was an upright knight, and she did not believe that the Six-Fingered Black Man would go against the purpose of the Mo family.

Yan Dan was frightened by the sudden change for a moment.

He did not expect that the person in the tent would be A powerful Jianghu person, this makes Yan Dan a little bit difficult to get off, but the disciples of hundreds of schools of thought are here to watch, thousands of disciples of various schools of thought are watching here, if he retreats this time, in the future People from all schools of thought would look down on him, and even in Yan State he could no longer hold his head up.

Yan Dan took a breath and angrily shouted into the tent,"Asshole, do you want to die? My army of Yan State is just outside the town, how dare you take action against my guards?"

At this time,

Su Chen walked out of the tent, looked at Yan Dan and sneered disdainfully,

"laugh! A robber can speak so righteously, Yan Dan, you have made me admire your face with admiration."

Ji Ruxi and Yan Dan's guards were sent flying just now.

After Su Chen recovered from his injuries by eating Zhu Guo, he planned to meet this shameless Yan Dan. Yan Dan was the person he would kill, a farmer. Tian Meng had already been killed by him. He had killed him for Jing Salamander, but he was planning to kill Yan Dan for Concubine Yan.

When watching the anime, both Tian Meng and Yan Dan made him hate him very much.

These two despicable little guys It is really intolerable for the world to live without death.

"I am the crown prince of the Yan Kingdom. You, a charlatan, had better be polite to me."

Boom!

Su Chen suddenly teleported behind Yan Dan and kicked Yan Dan away.

This time, Su Chen showed no mercy.

Yan Dan was seriously injured by his kick. If he hadn't wanted to humiliate Yan Dan. Dan, this time Yan Dan will be killed directly by him.

Yan Dan was kicked directly and hit the tree next to him, vomiting blood and fell down.

Su Chen slowly came to Yan Dan, and he stepped on her hard Said on Yan Dan's body,

"You are really a waste. A master master is so vulnerable. No wonder you are not taken seriously in the Yan Kingdom. It is really natural for you to be the prince of the Yan Kingdom without power.
Yan

Dan saw this bastard stepping on him and yelled angrily, "Damn it, I'm going to kill you, I'm going to kill you!"

Yan Dan didn't dare to humiliate himself like this without this bastard.

He is the prince of a country, and now he is stepped on by a despicable Jianghu man. This makes Yan Dan, the prince of Yan country, very humiliated and angry.

Su Chen stepped on him directly Yan Dan asked with a smile on his face, "What did you say? Why didn't I hear clearly?"

"hiss! This man is so courageous. Now he has stepped on the face of the Crown Prince of Yan. Isn't he afraid of Yan's revenge?"

"What's the point? After all, it was the Crown Prince of Yan who came to cause trouble first. If this Jianghu man was not strong enough, I'm afraid he would not only be killed, but even his tent would be forcibly taken away by Yan Dan."

"That's right. Yan Dan really brought shame to the country of Yan, and Yan Dan's character is really not that good."

"Ha ha! I've been bored for a few days, and finally got something interesting to watch today."

"Do you think the Yan army will come to the town to avenge Yan Dan?"

"Do the Yan army dare to come? Don't forget that the Qin army is just outside the town. If the Yan army dares to come, the Qin army will destroy the Yan army."

"Um! The Qin army occupied the town, and the armies of other countries were stationed not far from the town. The armies of other countries would definitely not dare to fight with the Qin army now."

The disciples of the various schools of thought all around were whispering.

They all looked down upon Yan Dan's villainous behavior. Yan Dan's humiliation this time also made these schools of thought feel more comfortable. , they will not save a despicable villain who robs other people's belongings.

Duan Murong and Gongsun Liji are also confused now.

They did not expect that Su Chen would insult Yan Dan like this. When they looked at Su Chen, they felt that the bastard seemed to be related to It seems that Yan Dan has a deep hatred. Did Yan Dan do something to anger this bastard before?

"Bastard, I'm going to kill you."

Yan Dan was struggling at this time and wanted to get up and fight with Su Chen, but he was firmly stepped on by Su Chen and could not get up no matter how hard he struggled.

"What a waste, get out!"

Su Chen kicked Yan Dan away and went back to the tent.

Now is not the time to kill Yan Dan.

After all, there are 50,000 troops of Yan State here. If he insults and teaches Yan Dan, Yan Dan's army may not respond to him. How about him? Yan Dan's uncle Yan Chunjun is eager for Yan Dan to be embarrassed.

But if he wants to kill Yan Dan at this time,

I am afraid that the Yan army will not be able to let him go. No matter what, Yan Dan is the prince of the country.

In the tent,

Ji Ruxihe asked suspiciously when Su Chen didn't kill Yan Dan, "You didn't kill Yan Dan?"

Su Chen shook his head and took a sip of wine and said, "It's not the right time yet. The Demon God of War is the top priority this time. If we kill Yan Dan at this time, the Yan army will kill us."

"It's you, not us"

"I'll do it! You are so unloyal. We have lived and died together."

"roll! Who has lived and died with you, a bastard?"

Chapter 954

In the small town, after Su Chen left, the disciples of hundreds of schools here looked at Yan Dan who was not far away and left one after another. After all, the temperature in the desert was very low at night, and they had finished watching the excitement. I don't want to continue to suffer from the cold here.

Gongsun Liji looked at Yan Dan limping away and said disdainfully, "Yan Dan is really a waste. He is also a master. He has no ability to resist in the hands of that bastard."

"Li Ji, let's go back. We don't care about Yan Dan's life or death. Duan Murong looked at Yan Dan who was leaving and said to Gongsun Liji.

Gongsun Liji rubbed her arms and nodded, "Yeah!" It's really cold outside. If I didn't want to see that bastard make a fool of himself, I wouldn't go out and suffer the cold. It's just that that bastard is too powerful."

"There will be plenty of opportunities in the future. If that bastard is so arrogant, there will be powerful people who will cause trouble for him."

"That arrogant bastard, I hope someone can teach him a lesson."

The night passed like this.

Early the next morning, all the people in the town left one after another.

They wanted to follow the Qin army to find the lost country of Loulan, the Demon God of War and the treasures in the secret realm of Loulan. The hundreds of families here want to get it.

In the Qin army,

Meng Tian looked at the hundreds of families behind and felt very helpless.

This time the news about Loulan Bing Demon God was leaked, but it made all the countries in the Eastern Continent and Hundreds of scholars have mobilized.

Every country in the Eastern Continent has mobilized an army.

The army of Chu's one hundred thousand troops is as large as the Qin army. The remaining countries have more than fifty or sixty thousand, and some have only thirty or forty thousand. Army, if Meng Tian hadn't been worried about the arrival of Zi Nu and Hu Ji's armies, he would have destroyed the armies of these countries long ago. When

Meng Tian's lieutenant saw that the armies of Zhuzi Baijia and various countries had also moved, he angrily said Meng Tian saluted and said, "General, are we going to let these people and the armies of other countries follow us all the time?"

Meng Tian waved his hands when he heard the deputy general's words and said with a smile,

"It doesn't matter, the armies of Zi Nu and Hu Ji haven't appeared yet. If the Xuantian Empire's army appears, the army and various schools of thought here will work with our Great Qin to deal with the Xuantian Empire."

"The armies of the other five countries combined totaled more than 200,000 troops, and there were many masters from various schools of thought."

"After all, this is our Eastern Continent's business."

"I believe that the commanders of various countries and the masters of various schools of thought will agree to work with our Great Qin to deal with the Xuantian Empire's army."

The deputy general didn't expect Meng Tian to think so much. No wonder Meng Tian would be the commander-in-chief of an army. He was just a deputy general."General, I understand. If the Xuantian Empire's army comes, we can make use of those wastes."

Meng Tian nodded and looked into the depths of the desert and said,

"Yes, the armies of various countries and the masters of various schools of thought are good cannon fodder. With them taking the lead, our army of Great Qin will suffer less losses, so we don't have to worry about the armies of other countries and the masters of various schools of thought behind them."

"Yes, General!"

And here in the Mo family, the Mo family's tycoon Liu Finger Hei Xia heard about Yan Dan last night, but he didn't react at all after hearing that Yan Dan was bullied by Su Chen.

Jing Ke, Xu Fuzi and other Mo family leaders looked at Six Finger Hei Xia with no reaction. There was no need for them to bother with such matters if they went to find Su Chen to trouble them. They, the leaders of the Mohist family, couldn't stand what Yan Dan did. How could the prince of a country take things by force?

This was contrary to the purpose of their Mohist family. If it weren't for Yan Dan, Dan is the disciple of Juzi. I am afraid that Yan Dan would have been arrested and punished by the Mohist disciples long ago.

"Let's set off. The farmers and Taoists have temporarily formed an alliance with us. We were allies before we found the Demon God of Soldiers. However, as long as the Demon God of Soldiers appears, we will each obtain the Demon God of Soldiers based on our own abilities."

"Yes, giant!"

Everyone in the town has left, and the only outsiders in the town are Su Chen and Ji Ruxihe.

In the tent,

Su Chen is still sleeping soundly, and Ji Ruxihe looks at Su Chen, who was still sleeping soundly, was very helpless.

She didn't sleep all night.

She had to be careful when she was with this shameless pervert.

All night, she held the soul that Su Chen gave her. Shi was practicing.

Touch!

Ji Ruxihe couldn't bear it anymore.

She kicked Su Chen and shouted, "Damn pig, if you don't get up, everyone here has left.""

"I'll do it!"

Su Chen was kicked off the couch and looked at Ji Ruxihe in confusion.

He knew that those scholars had left early in the morning, but Loulan was not that easy to find. Su Chen only had to wait here for news. Yes, he doesn't want to be exposed to the wind and sun in the desert

"Xihe, we don't need to follow them closely. The Qin State, the six eastern countries, and even hundreds of schools of thought. If the Qin army finds the ancient city of Loulan, the news cannot be concealed. As long as the news comes, we will go there, too. ?"

When Ji Ruxihe heard Su Chen's words, she stared at him and said,"It will be too late by then. We must enter Loulan as soon as they find it. Those people can't get what I need first. Get up and follow. those people"

"good! good! As long as you're not afraid of the desert tanning your skin, I don't care"

"My skin won't tan, you asshole is overthinking that."

Although Ji Ruxi and Su Chen said this, she still couldn't help but touch her arm. She was also a little worried that her skin would really tan in the desert. The skin of alien humans in the desert was very rough and dark. She didn't want to be like that.

Su Chen smiled when he saw Ji Ruxihe's actions. Are women afraid that their skin will become rough and dark? The older the women are, the more worried they will be. Rough and dark.

In the endless desert, yellow sand is flying everywhere. In this desert with few human traces, even some animals cannot survive. But today, hundreds of thousands of troops are heading towards the depths of the desert. Walking along.

Behind this huge team,

Su Chen and Ji Ruxihe slowly followed the team in front.

Suddenly, a man in black appeared in front of Su Chen and Ji Ruxihe.

As soon as the man in black appeared, he saluted Su Chen. , "Your Majesty, a secret message from the Queen."

Su Chen took the secret letter and said doubtfully,"Huh? Why would Concubine Yan send a secret message at this time? Did something happen?"

"You'll know just by looking at it."

Ji Ruxihe looked at Su Chen and was very speechless.

This bastard had this time to guess.

Did he understand it when he opened the secret message?

He is really an idiot emperor.

"Holy shit! That girl Su Yan actually escaped, and even fled to the Northern Continent. Oh my God, that girl is too wild. Why is she crazier than me?" Su Chen felt dizzy after reading the secret letter.

He didn't expect that when he left, that girl Su Yan ran away, and this time she also ran away to the Han Empire in the Northern Continent.

This made Su Chen not sure what to do in the future. It's time to discipline that girl. Su Yan's girl is too difficult to discipline.

Chapter 955

Ji Ruxihe was about to faint when she heard Su Chen's words.

She had seen that girl Su Yan before.

That quirky little girl called her aunt when they first met. Although she had corrected that girl many times, Nothing has changed.

She didn't expect that girl would secretly go to the Northern Continent.

That girl was only six years old, no!

At the age of seven, a seven-year-old girl dared to run around. This time she even went to the Han Empire in the Northern Continent. Is that girl Su Yan going to defy heaven? Or does he want to compete with his father to see who has the better ability to cause trouble?

Ji Ruxihe looked at Su Chen and asked him, "Su Chen, what are you going to do? No matter what decision you make, I won't blame you."

Although Ji Ruxihe was worried that Su Chen would give up looking for Loulan, she was also worried about Su Yan. For that girl's safety, if this bastard gave up and left this time, she also planned to give up the treasures in Loulan. She would not let Su Chen risk going to the Han Empire in the Northern Continent.

Su Chen hugged Ji Ruxihe's waist and smiled and said, "No need." Xin, Yan'er has a shadow assassin protecting her. Besides, Concubine Yan and Jing Sala will send people to capture Yan'er and come back, so we don't have to worry." bump!

"Holy shit!"

Su Chen was kicked off the horse by Ji Ruxi and

"Shameless pervert!"

Ji Ruxi's face under the cloak was very red now.

She didn't expect this bastard to hug her directly, but she didn't kill this bastard, which made her confused.

"Xihe, you are so heartless!"

"Damn bastard, if you dare to touch me again, I will.....I'll chop off your hands and feet"

"emmmmmmmmm....."

Ten days later, in the desert, a huge team had gone deep into the desert, but Loulan was still not found. The water brought by the armies of various countries was about to be exhausted. If Loulan

was not found, I am afraid that the troops here and the various schools of thought would not be able to find Loulan. Experts will start to die due to lack of water.

Su Chen was very speechless when he looked at Duan Murong and Gongsun Liji next to him.

"I said, why do you two keep following us? We are not in the same group, you should join your Mo family team."

A few days ago, after Duan Murong and Gongsun Liji were rescued by Su Chen due to a sandstorm, they were too lazy to stay here, eating Su Chen's delicacies and drinking Su Chen's water and wine. He left.

Gongsun Liji said unhappily after hearing Su Chen's words, "Shameless bastard, you should feel honored to have our two beauties accompanying you.""

"I'm honored to be tall. Duan

Murong smiled coldly at Su Chen and said, "Di Jun, we don't want to be with those people. You also know that those men are sweating, and the smell is very unpleasant.""

Duan Murong didn't know what was going on. She and Gongsun Liji didn't even feel the heat at Su Chen's place. Moreover, the delicious food and wine they had eaten and drank at Su Chen's place in the past few days also made them unwilling. Leave.

Su Chen shook his head when he heard Duan Murong's words.

He also knew the reason why the two of them did not leave.

Since entering the depths of the desert,

Ji Ruxi used the ice law fragments that Su Chen obtained from the system space. With Ji Ruxi of the Ice Law by his side, it's strange that Su Chen and Gongsun Liji can feel the heat.

And the food and wine he takes out from the system space every time, these two freeloaders are even more reluctant to leave. Now Half of his tent was occupied by Gongsun Liji and Duan Murong.

Su Chen patted Gongsun Liji on the shoulder. He pointed at Jing Ke who kept looking here and said, "Gongsun Liji, your senior brother has been secretly Look at you, if you stay any longer, I'm afraid your senior brother will come and kill me."

"You are so powerful, are you still afraid of my senior brother?" Gongsun Liji smiled and said nonchalantly.

When Su Chen heard Gongsun Liji's words, he said angrily, "It's him! I haven't done anything with you, but I'm going to have an unclear fight with my senior brother. Do you think I'm an idiot?"

"Shameless! You are a shameless pervert!" When Gongsun Liji heard Su Chen's words, her face turned red and she cursed,

"Thank you for the compliment! Duan

Murong looked at Jing Ke in the distance and shook her head.

Now she can't understand the relationship between Gongsun Liji and Jing Ke. In the past, the relationship between Gongsun Liji and Jing Ke could be said to be senior brothers or lovers.

But. In these few days, she found that the relationship between Gongsun Liji and this emperor Jun was getting better and better.

If it weren't for the ugly appearance of this emperor Jun, she even suspected that Gongsun Liji fell in love with this shameless bastard.

Ji Ruxi and No. Talking to Duan Murong and the others, they thought that she seldom spoke these days, and even when she spoke, she always used a hoarse male voice.

She had been practicing her Ice Law these days, and she still hadn't figured out what Su Chen would do. Such a treasure, a smooth and beautiful fragment, can allow her to instantly understand the law of ice. This makes Ji Ruxi look at Su Chen very complicated.

There are many women in Su Chen, and there are even a few women who are more powerful than her. But why did this bastard give this treasure to herself? Is this bastard still obsessed with her?

Duan Murong looked at the huge team in front and sighed and said,

"well! Why can't Loulan be found yet? There have been casualties in the armies of various countries, and some people from various schools of thought have also died. If Loulan is not found again, I am afraid there will be even more casualties in the future."

Su Chen felt very helpless after taking a sip of wine.

He had been in the desert for more than ten days, but he still couldn't find any trace of Loulan.

He couldn't find anything with his mental power. There is nothing but desert here. Is Loulan here? He was not sure now.

Su Chen looked at the cold Duan Murong and said angrily,

"It's none of your business. When these armies and people from various schools of thought appear in the desert, they will face death sooner or later. Even if they don't die of thirst and heat in the desert, they will still die in future wars. Yours Worry is unnecessary"

"That's right. If Loulan is found, a war may break out."Duan Murong didn't pay attention to Su Chen's tone. She nodded and agreed with Su Chen's statement.

"There is an enemy attack, there is an enemy attack, be on guard!"

At this moment, the armies of various countries in front suddenly became chaotic.

Huge fish-like desert creatures suddenly appeared from the desert and attacked the armies of various countries and the people of various schools of thought.

After these creatures appeared , they Swallowing dozens of soldiers, those soldiers were eaten before they could even escape.

The front was now in chaos.

Although generals from various countries were gathering their armies to fight the desert creatures, the frightened armies of various countries were still scatter around to avoid being attacked by desert creatures

"It's a dead fish, a dead fish in the desert. I didn't expect this kind of creature to actually exist. Xihe, the secret realm of Loulan is about to appear. You should stop practicing."

Chapter 956

After Su Chen saw the desert creatures in front of the coalition forces, he hurriedly informed Ji Ruxihe that he knew what the desert creatures in front were.

The desert fish is a desert monster made of sand.

Even if it is scattered, the desert fish can regroup and reappear. Such undead creatures are very difficult to deal with.

Ji Ruxihe, Duan Murong, Gongsun Liji and others also saw the chaos of the coalition forces in front, and even troops were being killed continuously.

The coalition forces also had little effect after attacking the desert fish. The sand-like body of the desert fish was simply afraid of such a physical attack.

Ji Ruxihe looked at the desert fish that had been scattered and regrouped, and she asked doubtfully, "Is this a desert fish? How could there be such a creature in the desert? How to kill such a creature?"

"I don't know, I've seen such a creature in an ancient journal before." Su Chen shook his head and said to Ji Ruxihe that he had also seen these desert fish in anime, and it seemed that Gai Nie was unable to deal with these desert fish. How could Su Chen know that these desert fish were going to kill him? How to kill?

"It's the eyes, Di Jun. Look, the eyes of the desert fish seem to be different. After the scattered desert fish reunited, the eyes of the desert fish seemed not as bright as before."

Su Chen and Ji Ruxi looked over when they heard Duan Murong's words.

On the battlefield ahead, dozens of desert fish have appeared.

The desert fish more than ten meters long are still devouring the troops of various countries and making chaos everywhere. The fleeing armies from various countries have suffered heavy casualties, and even the disciples of the powerful schools of thought have suffered heavy casualties.

After the desert fish scattered by the attack regrouped, their eyes seemed to be no longer as bright as before. It is bright, and even its body is not as huge as before. Is the weakness of the desert fish the eyes?

"Let's go tell them." Duan Murong and Gongsun Liji said to Su Chen and left in a hurry.

Ji Ruxihe looked at the dead fish in the desert and asked doubtfully,

"Is it the eyes?"

"should be." Su Chen nodded and replied to Ji Ruxihe,

"That Duan Murong observed very carefully."

"Duan Murong is a doctor after all. She is very sensitive to changes in the body of people or living things."

"Will your army encounter these desert fish later?"

"Probably not. The desert dead fish protects the entrance to the Loulan Secret Realm. These desert dead fish will not leave the entrance to the Loulan Secret Realm."

Su Chen rode on his horse and looked at the melee in front.

The armies of all countries could no longer gather together. Among the ragtag armies, only the Qin army was not in chaos. The ragtag armies of Chu and Qi were already frightened. I lost my courage.

Before the desert fish was destroyed, those mobs would not have the courage to fight the desert fish. After all, humans are very afraid of unknown creatures.

Huh?

Didn't Han Fei expect to be here?

Han Fei actually fought with the desert fish. Confucianism has come together.

It seems that Han Fei was not caught and killed by King Qin Yingzheng after the fall of the Han Kingdom.

What about Princess Honglian?

Without Wei Zhuang and Zi Nu helping Princess Honglian, will Princess Honglian become a Chi Lian?"

Su Chen looked at Han Fei and didn't pay much attention to him. He was just a lost dog.

Although Han Fei had some talents, he would not use them for himself. He was an idealist and his goals would never be achieved..

Han Fei is no longer as handsome as before.

It seems that

Han Fei's personality has also changed after the Han Kingdom was destroyed.

At this moment, the Mohist giant Six-fingered Black Man had a conversation with the leaders of farmers, Confucians, and Taoists.

They all led their respective masters to attack the eyes of the Desert Dry Fish.

The army could no longer count on them.

If they did not want to end in vain this time, then they, the masters of hundreds of schools of thought, must go and destroy the Desert Dry Fish here. fish.

As dozens of masters and grand masters attacked the desert fish, the desert fish were scattered one by one and never reunited.

"Attack the eyes, attack the eyes of these desert fish, the eyes are the weak point of the desert fish"

"All attack the eyes of the desert fish"

"Da Qin archers are ready to shoot the dead fish in the eyes of the desert and let go!"

"They all attack the eyes of the desert fish, quickly!"

"It works, stop looking at it, Wei Wuzu, give me the eyes to attack the dead fish in the desert."

After the generals from all over the world saw that the desert fish were scattered by the masters of the hundreds of schools of thought, the desert fish did not gather anymore.

When they heard the shouts of the masters of the hundreds of schools of thought, they also gave orders one after another. Their respective legions began to attack the eyes of the desert fish.

Su Chen looked at the masters from various schools of thought and said to himself,

"The Six-fingered Black Man of Mohism, Jing Ke, Gao Jianli, Xu Fuzi"

"Farmer Sheng Qi, Wu Kuang, Tian Mi, Tian Hu, Sikong Wanli, and dwarf Zhu Jia"

"Confucian Han Fei, Zhang Liang, and a few people I don't know"

"That person from Taoism should be Xiaoyaozi, and the remaining masters should also be masters from various schools of thought."

Ji Ruxihe looked aside when she heard Su Chen's words. That was where her Yin Yang family disciples were. She discovered the Yin Yang family when she arrived at the desert town, but she didn't care about the Yin Yang family who arrived. Everyone.

The less people know about Su Chen's here, the better. She doesn't want the news about Su Chen's here to be exposed.

Ji Ruxihe pointed in the direction of Yinyang's house and said to Su Chen, "Su Chen, and me The Yin Yang family is also here, but they did not appear on the battlefield. Da Siming, Shao Siming, and Shangui are also here with the masters of Wuling Xuantong."

"I know, I have discovered them a long time ago, Xihe, who is the mountain ghost of the Yin and Yang family?"

Su Chen also discovered the people of the Yin Yang family a long time ago.

Except for his woman, the people in the Yin Yang family are still outside Gusu City.

The imperial sister Da Siming, the three-no girl Shao Siming, and the mysterious mountain ghost all appeared. In the desert.

When Ji Ruxihe heard Su Chen's words, he sneered with an ugly face, "Hi! Asshole, you guess!"

This bastard is a shameless pervert.

Her beautiful elders of the Yin Yang family are almost taken over by this bastard. Concubine Yan, Moon God, and Emperor E are already in love with this bastard. Da Si Ming and their elders may not be able to escape in the future. In the hands of this bastard.

This bastard is going too far now.

The two male elders of the Yin Yang family, Yun Zhongjun and Shun Jun, were also killed by this bastard.

Now there are only female disciples left in the Yin Yang family. This bastard Could it be that he wants to treat the Yin Yang family as his harem?

"I'll do it!"

Su Chen looked at Ji Ruxihe and didn't know what her expression was now. Is Ji Ruxihe wearing a cloak jealous?

Su Chen shook his head and thought it was impossible.

Ji Ruxihe is not easy to win.

It has been almost a month. However, his relationship with Ji Ruxihe has not gone any further.

He just held Ji Ruxihe's hand and hugged Ji Ruxihe secretly, and he was severely beaten by Ji Ruxihe. There is still a long way to go to deal with Ji Ruxihe!

"Um? that is? Is that Xiao Li? Xiao Li appears, what about the dragon soul? Could it be that the dragon soul is in the hands of the Qin army?"

Chapter 957

Su Chen suddenly discovered that a purple-haired alien girl suddenly appeared not far behind him and Ji Ruxi.

He had been paying attention to his surroundings, but he didn't notice where this alien girl appeared from. But after he looked at the alien girl carefully, he realized that this alien girl was the incarnation of the Nine Heavens Xuannv.

Xiao Li!

Su Chen is now becoming more and more curious about this world.

With the appearance of dead fish in the desert and Xiao Li changing his face with the tears of the goddess, were there really cultivators in this world thousands of years ago? Are there really cultivators in some secret realms?

"Um? When did that alien girl appear behind us? Why didn't I notice anything? Xiao Li? You know this alien girl."

Ji Ruxihe also noticed the foreign girl behind them after hearing Su Chen's words.

She didn't expect that someone would be following them, and she didn't notice it at all.

Su Chen looked at Xiao Li behind and shook his head and said, "I don't know Xihe, I'm afraid she's not human."

Ji Ruxihe looked at Su Chen and said in shock, "What?" not human? This alien girl is a master, how could she not be human?"

Ji Ruxihe was very surprised when she heard Su Chen's words.

When she looked at Xiao Li behind her, she looked like a human.

How could Su Chen say that this alien girl was not a human?

"Xihe, do you still remember the story I told you about the emperor and Chi You? Do you still remember the tears left by Jiutian Xuannv?"

"Remember, you are talking about the Tears of the Goddess?"

"Yes, this alien girl should be the incarnation of the tears of the goddess"

"How can this be? There are no gods or cultivators in this world anymore. How could this alien girl be the incarnation of the tears of the goddess? Is she a demon?"

"What a fart! It should be the backup left by Jiutian Xuannv. Thousands of years ago, there was spiritual energy in this world. I think Jiutian Xuannv should be a powerful woman. She may even be a cultivator. Jiutian Xuannv used her magic power to leave a It shouldn't be difficult to become a clone"

"That makes sense, but shouldn't we find out if we catch her and ask her?"

Ji Ruxihe nodded after hearing Su Chen's explanation, but she still didn't believe what Su Chen said. This girl is a master. No matter how she looks at it, she is a human. She still doesn't believe that this alien girl is not Humans.

Ji Ruxihe disappeared next to Su Chen in a flash.

Su Chen nodded after hearing Ji Ruxihe's words. He also wanted to know whether there are cultivators in this world. If there are cultivators in this world, how can it last for thousands of years? There has never been a legend about cultivators.

At this moment,

Xiao Li, the incarnation of Tears of the Goddess, was also uneasy.

She also saw Su Chen and Ji Ruxi and discovered her. She originally didn't want to get very close to these people, but the entrance to Loulan was already there. It was discovered, and the dragon soul was also brought by the traitors of Loulan.

There is a final war machine, the Demon God of War, in the secret realm of Loulan. This Demon God of War, made of fragments of stars from the sky, is very powerful.

If the Demon God of Soldiers is activated by the Dragon Soul Get up,

I'm afraid the whole world will suffer a disaster.

She can't let people activate the Demon God of War.

"Little girl, come with me for a walk!" Ji Ruxihe suddenly appeared next to Xiao Li, picked her up and flew towards Su Chen.

From the beginning to the end,

Xiao Li had no ability to resist in Ji Ruxihe's hands, so she was controlled by Ji Ruxihe and taken to Su Chen.

In Ji Ruxihe's hands When He and Xiao Li came to Su Chen's side,

Xiao Li resumed his actions and looked at Su Chen who was riding a horse and Ji Ruxihe who was wearing a black robe with a wary look on his face.

She was instantly cured by this black man just now. These two people is very powerful, she is no match for these two people

"What are you going to do?"

Xiao Li looked at Su Chen and Ji Ruxi and asked anxiously.

Su Chen smiled when he looked at this pure and beautiful Xiao Li.

This alien girl is quite beautiful. The purple alien clothes are on this girl's body. , which makes Xiaoli's figure even more prominent, and her pure and beautiful face with sadness makes people want to take care of her.

"Xiao Li!"

Xiao Li was very surprised when Su Chen called her name.

She didn't expect that this human being knew her existence, but how did this human being know her existence?

"How do you know my name?"

Su Chen touched his chin and smiled at Xiao Li and said,"The incarnation of the tears of the goddess, Xiao Li, am I right?"

"Who are you? Who are you?"When Xiao Li heard Su Chen talking about Tears of the Goddess, she hurriedly protected the necklace on her chest and looked at Su Chen warily and asked.

Ji Ruxi and now believed Su Chen's words.

This alien girl is indeed not a human being.

She Looking at Xiao Li, he felt unbelievable. How could this alien girl who was no different from a human being not a human?

Seeing Xiao Li's vigilant look, Su Chen smiled and said,"Xiao Li, we are not bad people, and we are no different from those in front of us." We are not in the same group. You can rest assured that we are not interested in Loulan and the Bing Demon God."

When Ji Ruxi heard Su Chen's words, she couldn't help but twitch the corners of her mouth under her cloak.

This bastard simply lied without blinking an eye.

They were obviously here to seize the Demon God of War and obtain the treasures in Loulan, but this bastard actually deceived A little girl got up.

Uh!

She is the incarnation of tears that deceived a goddess.

"Really?"Xiao Li relaxed a little when she heard Su Chen's words, but she still didn't believe what this ugly man said.

She had been following Su Chen for more than ten days, and she had some understanding of this ugly human being. This man is A lustful and shameless person.

Su Chen pointed at the army in front and pretended to be very angry and said, "Of course, didn't you see that we have been following the army in front? If there weren't hundreds of thousands of troops here, we would have driven everyone away long ago."

Xiao Li looked at Su Chen with clear eyes and shook his head and said, "But why don't I believe what you say? Where is the army behind in the desert? Those armies seem to be related to you. The woman in black who appeared earlier is related to the army behind."

Xiao Li followed Su Chen and saw many secrets.

Behind the army here, there was a huge army.

Those black-armored troops had been following the army here from a distance. A woman in black appeared earlier. Let her guess that the army behind should be related to this ugly man, or even his army.

Su Chen did not expect that Xiao Li would know so many things.

She even saw the appearance of the shadow assassin, which made Su Chen's face looked a little embarrassed,

Su Chen pretended to cough and said hurriedly, "Cough! That's just in case. As you can see, there are not only hundreds of thousands of troops from various countries in front of me, but also many masters from various schools of thought. If I don't come with an army, I'm afraid I will be killed by the people here. dead"

"Is it really?"

"Really, I swear!"

Chapter 958

Although Su Chen felt a little sorry for deceiving this innocent Xiao Li, he would not just watch the Demon God of War being taken away by the nations here.

If a country in the Eastern Continent obtains the Demon God of War, it may be much more difficult for him to conquer the Eastern Continent in the future, and the army may even suffer huge casualties.

These are not what Su Chen wants to see.

Xiao Li's eyes flashed and he threatened Su Chen, "I trust you for the time being. If you deceive me, the goddess will not let you go."

Su Chen smiled when he heard Xiao Li's words,

Jiutian Xuan The woman was either dead or went to a higher world.

Su Chen didn't care at all about Xiao Li's lies and threats.

Ji Ruxihe also discovered Xiao Li's lies. She now sympathized with this simple Xiao Li. When Xiao Li met the bastard Su Chen, he was afraid that he had been deceived and had to help this bastard count the money.

When Su Chen saw the various schools of thought and the army killing the desert fish, he reminded him, "Huh? All the desert fish have been killed. It seems that the entrance to the Loulan Secret Realm is about to be found."

Xiao Li crossed his arms with his chest. He said angrily, "It's not that easy. There are many mechanisms at the entrance to Loulan Secret Realm. If the humans here don't have mechanism masters, then they won't even think about entering for months.""

"Xiaoli, there are Mo family and Gongshu family here, Loulan's mechanism should not be difficult for them to crack."

"Even if Loulan's mechanism is cracked, there are more than 100,000 troops in Loulan's secret realm. It is not easy for the troops here to break through Loulan's city."

"Holy shit! There are more than 100,000 troops in Loulan? You won't lie to me, will you?"

"It's true. There are hundreds of thousands of people in Loulan Secret Realm. Is it impossible to have more than 100,000 troops?"

Su Chen was very confused when he heard Xiao Li's words.

In the anime, there are only a few thousand people in Loulan. How come there are hundreds of thousands of people in the world of mixed martial arts?

The secret realm of Loulan is so big that it can bring hundreds of thousands of people to it. Survive?

Does he not believe Xiao Li?

How big is a Loulan secret realm?

The survival of hundreds of thousands of people must be at least as big as a county. Can Loulan have a county?

In the evening, the armies of various countries and Hundreds of schools of thought have settled here, and people from the Mohist family and the Gongshu family are checking the mechanisms inside at the entrance of a huge desert cave. At this moment in the Northern Continent,

Su Yan and Zhen Mi have arrived at the Han Empire in the Northern Continent. After they got off the boat in Jingzhou, they came to Xiangyang City.

Su Yan walked on the streets of Xiangyang City and looked around. However, there were many beggars on the street. Su Yan frowned and said, "Zhen Mi, you guys from the Northern Continent are really It's such a depression. There are so many beggars in such a big city of Xiangyang. I'm afraid there are even more beggars in other cities."

Zhen Mi was also very surprised by so many beggars in Xiangyang City.

During her time in Gusu City, she had not seen many beggars. The Han Empire in the Northern Continent and the Xuantian Empire in the Southern Continent are really very different. Yes.

Zhen Mi thought about it and said to Su Yan,

"Su Yan, in recent years, either the Yellow Turbans have rebelled, or various princes have annexed each other. The Han Empire has completely declined."

"By the way, is there anything interesting in Xiangyang City? If not, we should rush to Zaoxian County as soon as possible. All the princes from the Eighteenth Road should be rushing there. We can't go too late."

"I've never been to Xiangyang. Su Yan, let's go to Yizhou. The eighteen princes are meeting in Zaoxian. It will become a battlefield. We'd better not go there. It's too dangerous."

"No, with me protecting you, what are you afraid of?"

Su Yan shook her head and refused.

She wanted to see some of the wars of the Han Empire in the Northern Continent. Her father would definitely send out troops to conquer the Northern Continent in the future. This time she wanted to understand the situation of the various princes in the Northern Continent first.

That's it. At this time, a plump beauty appeared beside Su Yan and Zhen Mi with some maids and guards.

The plump beauty looked at Su Yan and smiled and said, "Little girl, you are going to the Eighteenth Route Princes." Zaoxian County of Huimeng? It's very dangerous there now, so you'd better not go there."

This plump beauty belongs to the Cai family of the two big families in Xiangyang.

She is also the biological sister of the current head of the Cai family,

Cai Yu! She is also the wife of Liu Biao, the future governor of Jingzhou, but she has not yet married Liu Biao.

She was just now Hearing the conversation between two beauties, one older and one younger, on the way,

Cai Yu could see that these two women were of extraordinary background, especially the little beauty.

Not only was this little beauty dressed very luxuriously, but she also had a The lady next to her treated this little beauty like a maid, and she always talked about this little beauty.

After thinking about it, Cai Yu never thought that there would be such a beautiful little beauty with extraordinary temperament in that family. She is She wanted to make acquaintance with this little beauty who was full of nobility. This little beauty had an extraordinary background, and her family must also be a wealthy family. She also wanted to rely on this little beauty to reject her upcoming marriage with Liu Biao.

Cai Yu didn't want to marry. For a troubled old man, she can't make the decision for her future now, but she can rely on external forces. As long as this little beauty's family is powerful enough, she believes that her brother will not dare to force her to marry that Liu Biao.

Su Yan did not expect that anyone would listen. When it came to their conversation, she looked at a beautiful woman next to her and asked displeasedly, frowning,

"Um? Who are you?"

"Cai Yu of the Cai family in Jingzhou."

Cai Yu's eyelids twitched when she looked at Su Yan.

She didn't expect that this little beauty could act so coercively, which made her even more suspicious that this little beauty had an extraordinary background.

Zhen Mi was surprised when she heard Cai Yu's words. Asked, "You mean the sister of Cai Mao, a wealthy family in Jingzhou?"

"good!"

Cai Yu looked at Zhen Mi and nodded.

She didn't expect that this beauty would have heard of her. Could it be that their family had contact with her brother Cai Mao?

"Cai Yu? Are you the wife of Liu Biao, the governor of Jingzhou?"

Su Yan also remembered who this beautiful woman was.

Her father had told her some things about the Han Empire. She remembered all of them: One Lu, Two Zhao, Three Dian, Wei, Four Passes, Five Horses, Six Zhang Fei.

And Liu Biao's little wife Cai Yu's father also said that Cai Yu had a relative named Huang Yueying. Huang Yueying was a very talented woman. His father also admired Huang Yueying very much. Su

Yan rolled his eyes and decided to get rid of Cai Yu.

Cai Yu did not expect this. The little beauty actually knew that she was going to marry Liu Biao. Her brother had just mentioned these things yesterday and hadn't even mentioned them to Liu Biao yet. How did the little beauty know?

"No, I am not Liu Zhoumu's wife yet, but my brother is planning to marry me to Liu Biao. Su

Yan looked at Cai Yu and shook his head and said regretfully, "That's such a pity. A beautiful woman is going to marry an old man."

"Has the lady just arrived in Jingzhou? Why don't you go to my house and take a rest." Cai Yu also had a hard time hearing Su Yan's words.

Why would she want to marry an old man who had suffered a lot?

But for the sake of the family, what could she do? She now hopes that this little beauty will have a noble birth, even if it affects her brother's decision.

"Okay, let's go sit at your house"

"Miss please!"

Chapter 959

Cai Mansion in Xiangyang is the most luxurious residence in Xiangyang City. Even the residence of Liu Biao, the newly appointed governor of the state, is not as luxurious as Cai Mansion.

The heritage of the Cai family, which has been passed down for hundreds of years, is still very strong. The Cai family and the Kuai family firmly control the nine counties of Jingzhou. Even Liu Biao's arrival depends on the support of the Cai family and the Kuai family.

Without the support of the Cai family and the Kuai family, ,

Liu Biao was also a state pastor without rights in Jingzhou.

In a luxurious room in Cai's mansion,

Su Yan, Zhen Mi and Cai Yu were sitting here drinking tea and talking.

Su Yan also saw that Cai Yu didn't want to marry that old man Liu Biao, and it was very likely that Cai Yu wanted to take advantage of her. to help her get rid of the fate of marriage, otherwise Cai Yu would not have been trying to find out her identity in a roundabout way during the conversation.

Su Yan looked at Cai Yu and smiled and said, "Miss Cai, you don't need to inquire about my identity. Let me ask you directly. Do you want to get rid of the fate of marriage?"

"think! Can Miss Yan help me?" Cai Yu nodded hurriedly when she heard Su Yan's words.

Now she could see that this young lady named Yan was going to help her.

This made Cai Yu very happy, although she didn't know if this little beauty could help her. , but this was an opportunity. Even if it didn't succeed, at least she had tried it.

Su Yan ignored Zhen Mi's wink and continued, "Okay, but I have to wait until you call your brother over."

"Okay, I'll call my brother over right now." Cai Yu smiled at Su Yan and hurried out.

She also saw Zhen Mi's reaction just now, but she didn't dare to delay for a moment. If this little beauty goes back on her word, she will have to face a lot of trouble in the future. He's an old man.

When Zhen Mi saw Cai Yu coming out and hurriedly came to Su Yan, she said anxiously to Su Yan,

"Su Yan, what on earth are you going to do? Are these things within your control? This is the Han Empire in the Northern Continent, not the Southern Continent, nor the Western Continent, nor even the Eastern Continent. Your father's army does not exist here. What should you do if something happens to you?"

Su Yan took a sip of tea and said with a smile, "Who said there is no army of my father in the Northern Continent?"

"There is also your father's army in the Northern Continent? Why haven't I heard of it?"

"hehe! You are not my father's woman, so why do you know? A legion of my father's 600,000 troops has come to the Northern Continent. Your father knows this. My father's army landed in Yizhou. Do you understand?"

Zhen Mi was very shocked when she heard Su Yan's words, "A legion? Don't the four major legions have their own combat missions? And my father also knows? A legion landed in Yizhou? How come I don't know this?"

Su Yan looked at Zhen Mi and smiled mysteriously and said,

"It's the Tenglong Combat Legion. This is the fifth legion formed by my father years ago. The commander of the legion is Gai Nie."

"And your father has taken refuge with my father, and she sold you. You will become my aunt in the future."

"Hahaha!"

"this....."Zhen Mi was stunned when she heard Su Yan's words. No wonder his father never let her go home. It turned out to be like this! So she will definitely be Su Yan's father's concubine in the future?

At this moment,

Cai Yu was talking to Cai Mao about Su Yan. Cai Yu even exaggerated to say that Su Yan was a very, very noble person in order for Cai Mao to come to see Su Yan.

After hearing Cai Yu's words, Cai Mao asked doubtfully,"Is that little girl really a very noble person?"

"Yes!"

Cai Yu nodded quickly and replied.

Cai Mao looked at Cai Yu and shook his head.

He could see it now.

Cai Yu didn't want to marry Liu Biao.

She didn't know where she found a rich family this time. Nu Lai had to convince himself, but for the benefit of the family, her sister had to marry Liu Biao, the governor of the state. He had already discussed this matter with the Kuai family. If the two powerful families in Jingzhou wanted to continue to control Jingzhou, they had to rely on one person. Although the state pastor Liu Biao has no power, he is a royal family. Liu Biao has a royal status on the surface, and they can continue to control Jingzhou privately.

"Since that little girl is a very noble person, why is there no guard around her?"

"She dares to run around with a beautiful woman. She is probably just a little girl who ran away from home. Even if this little girl is very noble, is she as noble as the princess of the Han Empire?"

"The princess of the Han Dynasty is nothing now, so you should make good preparations for your marriage with Liu Biao."

Cai Yu also thought it was possible after hearing what Cai Mao said, but when she thought of Su Yan's momentum, she begged Cai Mao again, "Brother, please go and meet that Miss Yan. What if her identity is not simple? This will also take you a little time, but it will not cause any loss to you."

Cai Mao thought for a while and decided to go see the little girl. Anyway, this won't delay much time. If the little girl is really tested by him, this will make Cai Yu completely give up.

"That's it! Okay, I'll let you meet that Miss Yan"

"Thank you brother!"

In the luxurious room where Su Yan is,

Zhen Mi keeps her head down and doesn't know what she's thinking. Su Yan shakes her feet and doesn't answer Zhen Mi.

She doesn't dare to harass Zhen Mi now, in case Zhen Mi gets angry and makes her angry. Called Aunt Zhen Mi, wouldn't she be in a big loss?

Su Yan still needs to train Zhen Mi more. Su Yan, this beautiful and gentle beauty, wants to continue to play tricks on her. At least for a while in the Northern Continent, she will not give up. Playing tricks on her.

At this time,

Cai Yu also came to the room with Cai Mao.

Cai Yu quickly introduced Su Yan with Cai Mao, "Miss Yan, this is my brother Cai Mao!"

Su Yan looked at Cai Mao and shook his head. Cai Mao was also very average-looking. He was just an ordinary middle-aged man who was not handsome at all."Cai Mao, it turns out that you are also average-looking, and your sister is the same. Pretty."

Cai Mao smiled when he heard Su Yan's words.

He was also curious about this little girl with extraordinary temperament. This noble little girl looked like she was no ordinary person at first glance, but what kind of temperament could a family in the Han Empire cultivate? A noble girl?

Cai Mao looked at Su Yan and said with a smile,"Miss Yan is joking. I wonder which family Miss Yan comes from?"

"Su Family, Gusu City, Southern Continent"

"The Su family in Gusu City, Southern Continent?"

Cai Mao didn't expect that Miss Yan actually came from the Southern Continent, the Su family in Gusu City?

Gusu City is the imperial city of the Xuantian Empire, and he knew that the Xuantian Empire was established years ago.

Moreover, the Xuantian Empire is part of the Tianxuan Continent. The most powerful empire in the world, an empire rules the southern and western continents. The empire has millions of troops. The Xuantian Empire is not as powerful as the Han Empire. The

Su family in Gusu City?

Miss Yan?

Su Yan?

Su Yan!

Princess Su Yan of Changle!

Plop!

Cai Mao thought that this little girl turned out to be Princess Changle of the Xuantian Empire.

This frightened him and he hurriedly knelt down to Su Yan.

"Cai Mao meets Her Royal Highness Princess Changle!"
