### Chapter 961

Su Chen, Gongsun Liji and others heard Jing Ke's cry outside the tent.

They all fell silent.

This is the Nth time Jing Ke has come in the past three days.

As long as Gongsun Liji stays in the tent for more than an hour or two, Jing Ke will come and call Gongsun Liji away. Even when Gongsun Liji and Duan Murong rest in the tent at night, Jing Ke will also come. Will be waiting outside the tent.

This made Su Chen and others admire Jing Ke's perseverance very much. oh!

No,

I admire Jing Ke's infatuation very much.

At this moment, outside the tent,

Jing Ke was very helpless.

He didn't care about the women in the tent, but there was still a man in the tent. A man and several women lived in the same tent, which made Jing Ke very uncomfortable.

What's more, that man is still a very lustful bastard. In the past few days, he has seen that man teasing Duan Murong and the others from time to time. Even her junior sister is taken advantage of by that man from time to time.

If the man hadn't done something outrageous,

Jing Ke would have killed the somewhat ugly man with one sword.

Jing Ke walked around restlessly outside the tent.

He felt that his junior sister had become less and less concerned about him in the past few days and was not even willing to talk to him anymore.

But every time he saw his junior sister talking and laughing with that bastard man, and even beating the man, this made him very worried that his junior sister would be deceived by that bastard.

In the tent,

Su Chen saw Duan Murong and Xiao Li both looking at Gongsun Liji and suppressing their laughter, so he laughed and said to Gongsun Liji, "Hahaha! Liji, your lover brother is here to pick you up, hurry up and leave. Bar!"

"asshole! If you laugh again I will beat you." Gongsun Liji also saw the expressions of Duan Murong and the others. After she heard Su Chen's words, Gongsun Liji blushed and shouted to Su Chen,

"I'll do it! Violent woman!"

"Li Ji, you should go back with your senior brother!" Duan Murong's cold face showed some smile and pulled Gongsun Liji and said,

"I see."

Gongsun Liji glared at Su Chen and nodded before going out.

She was very agitated now.

Jing Ke had been treating her like a prisoner these days. As long as she came to Su Chen, Jing Ke would follow her.

At first, Gongsun Liji thought that Jing Ke was afraid that she would be in danger, but after more times,

Gongsun Liji also discovered that Jing Ke was worried about what would happen to her and this bastard.

Would she think something would happen to this bastard?

An ugly-looking man with a... A shameless person, how could she fall in love with this bastard?

After Gongsun Liji went out, the tent became lively again.

Su Chen used Xiao Li as a maid, but he didn't care about Xiao Li's displeasure. If he is willing, he will give Xiao Li direct orders as long as he needs anything. Duan Murong stopped persuading Xiao Li several times. Although she didn't understand why Xiao Li listened to Su Chen, she could also see it. Su Chen didn't have any ill intentions towards this girl Xiao Li. Xiao Li poured a cup of tea for Su Chen and said with a smile, "Sir, you can give me one of those spiritual stones now. I've been very obedient these days." Xiao Li didn't expect that Su Chen would have the spirit stone. When she saw Ji Ruxi and practicing with the spirit stone three days ago, she was very shocked. The spirit stone had disappeared in Tianxuan Continent thousands of years ago. She didn't expect to see the spirit stones again today. After learning that these spirit stones belonged to Su Chen, Xiao Li kept asking Su Chen for the spirit stones. The spirit stones were very important to her. If there is no energy and dissipates, she can only use spirit stones to replenish the energy in her body. Su Chen smiled when he heard Xiao Li's words. He also did not expect that spirit stones could maintain the energy in Xiao Li's body. Although Xiao Li and Humans are exactly the same, but after all, she is an energy body created by Jiutian Xuannv. No! She is a spiritual clone of Jiutian Xuannv. She is exactly the same as Jiutian Xuannv, but Xiao Li looks younger. And as long as the energy in her body is exhausted, Xiao Li will completely dissipate in this world. Xiao Li is now an independent individual. After Jiutian Xuannv disappeared, she cut off all contact with her. It has nothing to do with Jiutian Xuannv. Her mission is to protect the Demon God from being activated. But the energy in her body has been running low for thousands of years, otherwise she would not be just a master at the peak of cultivation. During that period, Xiao Li was in the Golden Core realm. Su Chen was also shocked when he first heard the secrets Xiao Li said. Su Chen touched Xiao Li's purple hair and smiled and said, "Xiao Li, I will give you the spirit stone. I will give you one first when Xi He arrives.

"

"Thank you, sir."

Xiao Li narrowed her eyes and thanked happily when she heard Su Chen's words.

A spiritual stone can sustain her energy consumption for hundreds of years. If the spiritual energy in the spiritual stone is pure, it can even sustain her energy consumption for hundreds of years. In the future, She no longer worries that she will dissipate due to energy consumption.

Xiao Li looked at Su Chen and felt that she was very lucky this time.

It may be her destiny to meet this human being.

This shameless pervert may have more There are many spirit stones, otherwise this bastard would not be able to give his woman spirit stones to practice at will.

Duan Murong was very confused when she heard the conversation between Xiao Li and Su Chen, spirit stone?

What is this?

Is it a strange stone ? ?

Su Chen saw Duan Murong's confused look and knew that she didn't know what the spirit stone was. But this time Duan Murong heard about the spirit stone, he would not let Duan Murong leak the fact that he had the spirit stone.

"Duan Murong, don't mention what you heard today to anyone, do you understand?"

"I don't understand, unless you also give me a spiritual stone. Duan Murong said as if she didn't care when she heard Su Chen's words.

She was very interested in the spiritual stone that Xiao Li mentioned. Although she didn't know what the spiritual stone was, Xiao Li was acting like a maid these days. She served Su Chen just to get a spiritual stone.

She thought that the spiritual stone must be some kind of rare treasure, or a very beautiful gem.

Duanmu Rong also wanted to get a spiritual stone, and she couldn't see this bastard anyway. She's used to it, she's very willing to do anything that threatens this bastard

"You want to eat farts!"

"Inglorious bastard, please speak politely to me."

"Duan Murong, if you don't want to be killed and silenced by me, just forget everything about the Lingshi."

"cut! Come and kill me!"

Duan Murong is not worried that this bastard will kill her.

She has gotten to know this bastard very well in the past half month.

Although this bastard looks shameless and lustful, she can also see that this bastard is just having fun with his mouth..She and Gongsun Liji have lived in the tent for more than half a month. Apart from this bastard, he is very well-behaved. This shameless pervert did not harass them at night because they were living in the tent to rest.

"Damn it, Xiao Li, arrest Duan Murong and teach her a lesson today."

Chapter 962

Su Chen looked at Duan Murong and felt that she was now swollen.

Although he had not done anything excessive to her and Gongsun Liji in the past few days, Duan Murong must have regarded him as a sick cat.

When Xiao Li heard Su Chen's words, she looked at Duan Murong.

She didn't want to take action against Duan Murong, who had been taking care of her. Duan Murong had taken good care of her these days.

Xiao Li stood in front of Su Chen in confusion, not knowing what to do. At a loss

"asshole!"

When Duan Murong heard Su Chen's words, she stepped forward to hold Xiao Li and said,"Xiao Li, don't pay attention to this shameless pervert."

"Sister Duanmu Rong, the spiritual stone matter is of great importance. Don't tell anyone, otherwise the young master will be in trouble."Xiao Li reminded Duan Murong with a serious face.

Duan Murong saw Xiao Li's serious expression and asked doubtfully,

"Xiao Li, what is the spirit stone?"

Xiao Li looked at Su Chen and explained to Duan Murong,

"Lingshi is a kind of treasure of heaven and earth. A huge amount of spiritual energy from heaven and earth is stored in the spiritual stone. After a warrior reaches the heavenly realm, he needs spiritual energy to practice and advance to the golden elixir realm. Without the existence of spiritual energy, it is impossible for a warrior to know how to advance to the golden elixir realm."

"A spiritual stone is comparable to the spiritual energy of heaven and earth in a secret realm, and the spiritual stone is also an easy-to-carry treasure."

"Thousands of years ago, the spirit stones disappeared in the Tianxuan Continent. Now there are no spirit stones in the Tianxuan Continent."

"Sister Duanmurong"

"You should understand how precious spiritual stones are, right? If the information about the spirit stone is revealed, it will bring big trouble to the young master."

Duan Murong also understood the importance of spirit stones after hearing Xiao Li's explanation. She didn't expect that this bastard would have treasures from heaven and earth thousands of years ago. Who is this bastard?

Duan Murong now very much doubts that this bastard is not a simple People.

Maybe this bastard's name is also fake.

And has this bastard also changed his appearance?

Duan Murong looked at Su Chen and wondered if he could tell whether this bastard had changed his appearance.

Su Chen didn't care what Xiao Li told him. Regarding Duan Murong's spiritual stone, he knew that Duan Murong was not a talkative person.

After Xiao Li told Duan Murong the importance of the spiritual stone, Duan Murong would definitely be even less likely to tell others about the spiritual stone.

Just this At that moment,

Gongsun Liji suddenly ran in and shouted happily to Su Chen, "Emperor, Emperor, hurry up, Loulan's mechanism channel has been cracked, and armies from various countries have begun to enter Loulan's mechanism channel."

"Is the agency channel open? It seems that the Mohist family and the public loser family are relatively reliable." Su Chen stood up after hearing Gongsun Liji's words.

The war was about to begin.

This time, I don't know whether the various countries will have civil strife first?

Or will the various countries and various schools of thought send troops together to deal with Loulan's army first?

Xiao Li hurriedly He grabbed Su Chen and said anxiously,"Sir, let's go to Loulan as soon as possible. The Demon God of War must not be activated, otherwise war will break out in Tianxuan Continent."

Su Chen was very speechless when he heard Xiao Li's words.

He has the final say whether Tianxuan Continent is in chaos and whether there will be a war.

The Southern Continent and the Western Continent are already his empire's territory.

As long as Su Chen threatens the Eastern Continent, he will not allow it. In the war, Qin and other countries did not dare to go against his will.

Although the Northern Continent is beyond his reach now, as long as Gai Nie's Tenglong Legion reaches the Northern Continent, with the continuous development of Gai Nie's legion, I believe that the princes of the Northern Continent will He didn't dare to go against his will.

The Demon God of War, Su Chen, was bound to win.

Even if he couldn't get the Demon God of Soldiers,

Su Chen would completely destroy the Demon God of Soldiers. He would not allow any war machine to exist that threatened the stability of his empire.

"Let's set off, Duan Murong, Gongsun Liji, you go back to your Mo family, a war will break out soon, you all have to be careful."Su Chen said and pulled Xiao Li and disappeared directly into the tent.

Su Chen knew that Xiao Li had a secret passage to reach Loulan's palace. If he hadn't wanted to see if the Mo family and Gong Shujia could break through the secret passage, he would I went there with Xiao Li a long time ago

"Hello! Damn bastard, he didn't take us with him."Gongsun Liji was very angry when she saw Su Chen disappear.

Duan Murong was very shocked when she saw Su Chen disappear in an instant.

That bastard was really not an ordinary person. Even the Mohist giant probably couldn't disappear in front of her in an instant, but that bastard The bastard can actually disappear in an instant with a person. He must be very powerful.

Duan Murong shook his head and pulled Gongsun Liji and said, "Okay, Liji, let's go back to the Mo family." Di Jun said Yes, the war for the Demon God of Soldiers will break out soon. Regardless of the various countries or schools of thought, the Demon God of Soldiers and the others all want to get it. I am afraid that a melee will break out in the Loulan Secret Realm.

"Um!"

In the Loulan Secret Realm,

Loulan's more than 100,000 troops are already on guard in a small city, looking at the armies from various countries that are constantly coming out of the passage. Although they have long known that there are troops invading the Loulan Secret Realm, Loulan's army cannot stop the Central Plains army. arrival.

A general from Loulan loudly ordered on the city wall, "Get ready for war. The high priest ordered that unless we all die in battle, the Central Plains troops cannot be allowed to enter Loulan City."

"Yes, General!"

Outside the city, the Qin army and the armies of other countries continued to come out of the passage.

Under the city of Loulan, the armies of various countries also formed their own military formations and stood not far from the city, preparing to attack. At the headquarters of the coalition forces of various countries, soldiers from each country The generals looked at Loulan City and frowned.

They had all thought that there was an army in Loulan. Otherwise, they would not have come with the army. However, there were more than 100,000 troops in Loulan. This was something they had not guessed.

General Xiang Yan of Chu State looked at General Meng Tian of Qin State and said with a smile, "Meng Tian, I didn't expect there would be so many troops in Loulan. Should we cooperate to capture Loulan City?"

Meng Tian said to Xiang Yan and the generals of the other countries with a serious face, "Xiang Yan, our cooperation ends here. Loulan City has three directions. Our countries can attack separately. Whoever attacks Loulan first will depend on their own abilities."

Meng Tian has long seen that the other five countries have formed an alliance.

After entering the secret realm of Loulan,

Meng Tian ordered the army to be on guard at all times.

The intentions of the five eastern countries towards Qin have been very obvious. The five eastern countries must first Eliminate the Qin State, and then each fight to capture the demon god

"OK, I have no problem with that."

Zhao Mu looked at Loulan City and nodded.

He was unwilling to cooperate with the Qin army.

If Loulan City was captured,

I'm afraid a war would break out among their countries.

This time, the other five countries would unite to deal with Qin. I just didn't expect that there were more than 100,000 troops in Loulan, which forced the five countries to shelve their plan to launch a war against the Qin army if they entered Loulan. The generals of Qi, Wei, and Yan also nodded in agreement. Now, the five countries cannot turn against each other unless they destroy the Qin army. With the huge threat of the Qin army, the five countries have to continue to form an alliance against the Qin army.

At this time, in the Loulan Palace,

Su Chen and Xiao Li had already appeared in the palace.

Su Chen couldn't help but nodded when he looked at the Loulan Palace.

This foreign palace was still very beautiful, especially the huge statue of the Nine Heavens Mysterious Girl.

Su Chen was very surprised when he saw it.

Su Chen Looking at the beautiful and illusory statue of the goddess, she smiled and said,"Xiao Li, Jiutian Xuannv looks quite similar to you, but you are too young."

"Young Master, is now the time to talk about this? Don't look at the statue of the goddess so lustfully, let's quickly look for the Demon God of War."

Chapter 963

In the Loulan Palace,

Xiao Li was very speechless when he looked at Su Chen.

This bastard was looking at the statue of a goddess so lustfully. If the real Jiutian Xuannv appeared here, would this bastard drool?

Huh? wrong!

She is also a goddess!

Jiutian Xuannv looks exactly like herself. She is a clone of Jiutian Xuannv. Although it is impossible for Jiutian Xuannv to take her back, she looks very similar to Jiutian Xuannv after all.

She's just not as mature, beautiful and temperamental as Jiutian Xuannv.

This bastard won't do something bad to her in the future, right?

Xiao Li's face turned red when she thought of this.

Although she was not a human, she was no different from humans after all. If this bastard forced her to sleep with him in the future, should she agree to this bastard?

Xiao Li knew that she would never be able to leave this bastard in the future. After all, whether it was because of the spirit stone or because this bastard promised to help her regain the dragon soul, Xiao Li would never be able to leave this bastard in the future.

Su Chen didn't notice any changes in Xiao Li

He looked at the female statue and smiled and said, "Okay, I just want to admire the appearance of Jiutian Xuannv."

"Then let's go find the Demon God of War as soon as possible"

"Do you know where the Demon God of War is?"

"I know, but to enter that secret room, the High Priest of Loulan must use a secret method to open it. Let's go to the High Priest of Loulan first."

"I'll do it! Xiao Li, aren't you afraid that the High Priest Loulan will arrest us?"

"No, I will convince the High Priest of Loulan."

Su Chen shook his head when he heard Xiao Li's words.

He knew that the High Priest of Loulan would definitely arrest Xiao Li as a member of the Chiyou tribe. The necklace of Tears of the Goddess around Xiao Li's neck would make the High Priest of Loulan uncomfortable. He believed what Xiao Li said.

However, he also planned to meet the high priest of Loulan, the very arrogant high priest in the anime.

Su Chen also wanted to see how she would treat him and Xiao Li.

At this moment, the city of Loulan They have been attacked by the coalition forces. Although the coalition forces do not have heavy siege equipment, the city of Loulan is very small after all. Loulan probably did not expect that there would be an army to attack them. Ladders were placed on the city walls, and the troops kept moving upward. Rushing to kill,

Loulan's golden-armored army has not experienced a war for hundreds of years. Under the attack of the coalition forces, corpses continued to fall under the city wall.

"Kill, attack the city wall and capture Loulan Kingdom."

The generals of various countries saw that Loulan's army was vulnerable and ordered one after another.

The Qin army's battle here was more fierce.

Some Qin soldiers had already attacked the city wall. Loulan's army, wearing gorgeous golden armor, faced the fierce Qin army. What's more, she has no ability to resist.

On a high platform in the Loulan Palace, the High Priest of Loulan was dressed in a costume and looked at the war on the city wall. Her face was very sad now. Loulan had been avoiding the war for hundreds of years, but the war still came. The soldiers The demon must have been exposed by the traitor who escaped.

A golden-armored general came to the high priest and saluted, "High priest, the enemy has already attacked the city wall. Loulan City may be breached at any time. Please activate the goddess formation." attack.

The high priest said expressionlessly, "The goddess formation attack can only be used once more. General He Mu, can the Central Plains army really not be able to resist it?" He

Mu lowered his head with shame on his face and said, "High Priest, the Central Plains army is very powerful. Our army can only be massacred in the face of the Central Plains army. Loulan's army is no match for the Central Plains army."

The high priest looked at the war on the city wall and nodded.

Loulan's army is useless. Hundreds of years of stability have made Loulan's army lose its blood. The Loulan army that has not experienced war is like a herd of sheep. Now it is Slaughtered at will by the Central Plains army

"I will activate the Goddess Formation attack, but there is only one chance. If the Central Plains army cannot be destroyed, I am afraid that our country of Loulan will really be destroyed, and the Soldier Demon God will also be taken away by the Central Plains army. You go and prepare."

"Yes, High Priest!"

The high priest of Loulan sighed when he saw the general leaving.

She understood that even if she activated the goddess formation attack, these Central Plains troops could not be wiped out at once.

If the Central Plains troops were not wiped out this time, I am afraid Loulan The people of Loulan in the city would be slaughtered by the angry Central Plains army.

But she had no choice.

In order for the Demon God of War not to be taken away by the Central Plains army, and for the goddess's mission, she had to activate the goddess formation to stop the Central Plains army. attack

"Activate the goddess formation!"

"Yes, High Priest!"

After the high priest of Loulan gave the order to the priestess next to him, the priestesses here immediately sat down under a hexagram in the palace one by one. The priestesses lined up one by one and hurriedly started to activate the goddess formation.

Boom.!

After a loud noise, the huge goddess statue in Loulan City suddenly emitted a burst of dazzling light.

At this moment, on the Loulan City Wall, light arrows shot like meteors at the coalition forces of various countries under the wall.

Puff! Puff! Puff!.....

The light arrow instantly pierced the attacking coalition forces under the city wall. The coalition troops were shot one by one and fell to the ground without any response.

"Retreat, retreat quickly!"

"Yan army, retreat quickly!"

"Retreat, Chu soldiers, retreat quickly!"

"Damn it, what kind of formation is this? Our army suffered heavy casualties."

"Take it down first and then talk about it."

The sudden change caused the generals of the coalition forces to hurriedly order the troops to withdraw. The sound of drums, horns, and bells kept ringing. These were the retreat orders of various countries. The masters of various schools of thought saw these changes. I was also frightened.

The light arrow attack just now was too fast. Even the masters of various schools of thought might not be able to react and would be killed.

This time, the Six Nations' army's attack on Loulan City was already a sure thing, and Loulan's army simply couldn't. It was vulnerable to a single blow.

But this formation attack made the armies of the Six Nations very frightened.

More than 100,000 coalition troops were killed in one fell swoop.

This was very terrifying.

"What formation is this? How could there be such a large-scale attack? At least half of the armies of the Six Nations were lost this time."

"This should be a formation left over from ancient times, otherwise it wouldn't be so powerful. Even a master in the Heavenly Realm wouldn't be able to kill so many troops with one blow."

"Damn the aliens, our Wei army really suffered heavy casualties this time. These are the most powerful soldiers of our Wei army!"

"Our Zhao country also suffered heavy casualties. There were not many Zhao Bianqi in the first place, but this time they lost so many. General Zhao Mu must be very angry."

"Loulan is going to be doomed this time. The armies of the Six Nations have suffered heavy casualties this time. As long as Loulan City is conquered, the armies of the Six Nations will definitely massacre the aliens here."

"War is cruel, but I don't know if such a formation will be launched again?"

The disciples and leaders of the hundreds of schools of thought started talking when they saw the countless corpses under Loulan City.

They are all from the Central Plains.

The masters of the hundreds of schools of thought saw countless casualties in the Central Plains under this attack. The army, this made all the scholars very angry.

"Holy shit, Xiao Li, why is this formation so powerful?"

"This is an attack formation arranged by the goddess, but it is useless now. The energy in the formation has been used up, and the formation will be broken."

## Chapter 964

After Su Chen saw the white light erupting from the goddess statue on the high platform in the palace, he hurriedly looked at the siege coalition in the distance.

After the coalition forces were wiped out more than 100,000 troops at once.

Su Chen's face looked very ugly.

Fortunately, he didn't let his army get involved this time, otherwise his army would have suffered heavy casualties.

Su Chen felt relieved after hearing Xiao Li's words. This powerful formation could only be used once, and he was not worried that his army would be killed by this powerful formation when it arrived.

However, Su Chen was very angry when he saw so many Central Plains troops dying at once. He could kill the Central Plains troops, but Su Chen couldn't stand it when the Central Plains troops were killed by foreigners. Su Chen knew that the people of Loulan would probably be massacred by the Six Nations Army this time. Su Chen didn't care about the life and death of these foreign races. It would be best if the Six Nations Army completely wiped out everyone in the secret realm of Loulan. Su Chen originally wanted his army to help Loulan when he arrived, but he will not help Loulan this time. He doesn't care about Loulan's life or death now. As long as the Soldier Demon God is obtained or destroyed by him, the people of Loulan will be massacred by the armies of the Six Nations. , he will not care about the life and death of these alien races. In the palace, as soon as Xiao Li and Su Chen arrived at the high priest's palace, they were surrounded by the guards in the palace. A very beautiful and noble beauty was protected by guards in the palace. She was very surprised when she saw someone breaking in. The war had just started not long ago. How did this man and woman break into the priest's palace? Su Chen looked at the high priest and nodded. The high priest was indeed a very beautiful woman. The high priest was wearing gorgeous clothes that set off her mature and hot figure. Her beautiful face did not have any arrogance at all. This might be the reason why the high priest was so beautiful. The priest was frightened by the arrival of the Six Nations Army. Xiao Li looked at the high priest and saluted, "High Priest, I am Xiao Li. This time I am here to help you protect the Bing Demon God."

"

"Um? You are actually from the Chiyou tribe, come on, capture them!"The high priest looked at Xiao Li after hearing what she said, but when she saw the goddess necklace around Xiao Li's neck, the high priest's expression suddenly changed.

"Yes, High Priest!"

Boom!

When Su Chen saw that the guards here were trying to arrest them, he directly used his momentum to suppress them one by one.

Every one of the guards here were scum, and Su Chen could suppress them without even taking action. They.

Dozens of guards in the palace fell to the ground one by one and looked at Su Chen in horror. They did not expect that this Central Plains man would be so powerful.

"Um? A master at the pinnacle of a grandmaster? I didn't expect you to have some strength."

The high priest didn't care about the suppressed guards at all.

She looked at Su Chen and Xiao Li and was very surprised. How could two masters break into her priest's palace? You must know that there are six people in her Loulan City. The existence of a great master

"The high priest is also very strong. I didn't expect that the high priest is actually a strong man at the peak of a grand master."

Su Chen was also very surprised now.

The high priest of Loulan turned out to be a master at the peak of Grand Master.

Isn't this possible?

Shouldn't the high priest be a woman with poor strength?

How can he be so powerful in the world of mixed martial arts? So powerful?

The high priest held a scepter and asked expressionlessly, "I didn't expect you to be able to see my strength? People from the Central Plains, how did you get into my priest's palace?"

Su Chen looked at the high priest and smiled and said teasingly, "I came in as I walked. High Priest, your palace is not bad, and your people are good-looking, but this palace is too deserted."

Boom!"

"Seeking death, goddess priests, take them down for me." When the high priest heard what Su Chen was teasing her about, she angrily knocked the ground with her staff and ordered.

"Yes, High Priest."

More than a dozen goddess priests quickly surrounded Su Chen Xiao Li one by one.

These goddess priests are all masters. Although they are not as strong as Su Chen, Xiao Li is probably not the opponent of these goddess priests.

Su Chen looked at these The goddess priest was very speechless.

There are really many powerful people in Loulan. The high priest is a master at the peak of a grand master. These more than ten goddess priests are also at the master level.

If the arrival of Gai Nie and others is based on the past,

I'm afraid that Gai Nie and the others will be trapped in the secret realm of Loulan.

Just when these goddess priests were about to take action,

Su Chen hurriedly said to the high priest, "Wait a minute, high priest, you should listen to Xiao Li's words before arresting us." Go ahead, otherwise you might regret it"

"I'll never regret taking them down"

"yes!"

"I think it's hard to convince an arrogant woman." Su Chen saw the goddess priests taking action against him and Xiao Li. He hurriedly hugged Xiao Li and disappeared into the priest's palace.

"Um? Where are people? Why did it suddenly disappear?" When the high priest saw Su Chen and Xiao Li suddenly disappearing, he hurriedly looked around.

She no longer looked down upon the Central Plains man. He could disappear suddenly in front of her. I'm afraid the Central Plains man's strength was not simple.

Su Chen held Xiao Li in his arms. Appearing behind the high priest, he smiled and said, "Are you looking for me? Beautiful high priest!"

When the high priest heard the voice behind him, he struck with a palm.

Boom!

"What the hell!"

Su Chen immediately hugged Xiao Li and disappeared in a hurry.

"Damn you bastard, don't hide if you have the guts."

The high priest was very angry when he saw that her palm failed to hit the Central Plains man.

A pillar of the priest's palace was destroyed by her palm.

This is her palace.

If the priest's palace was destroyed, she would be very distressed.

"High Priest, please speak up if you have something to say, otherwise you will really regret it." Su Chen appeared on a throne in the priest's palace with Xiao Li in his arms. He looked at the angry high priest and smiled and said,

"Get down, that's not the place for you asshole to sit."

"I just sat down, what can you do to me?"

"asshole!"

The high priest stretched out his palm to kill this bastard, but she put it down again when she thought of this bastard's elusive ability.

She knew that even if she attacked this bastard, she probably wouldn't be able to hurt him at all, and her priest's throne would also be broken by herself.

Xiao Li was sitting in Su Chen's arms and her face was flushed.

Although she knew that Su Chen was trying to protect her this time, this bastard didn't care. Now she is holding herself and sitting on this bastard's lap. , This made Xiao Li feel very uncomfortable.

Su Chen touched Xiao Li's red face and said to the high priest with a smile, "High priest, we are not here to rob some soldiers and demons. We are here. help you"

"I don't believe you, especially you asshole."

"I'll do it!"

Chapter 965

Su Chen was helpless towards this arrogant high priest of Loulan.

He looked at the shy Xiao Li in his arms, and he didn't intend to let Xiao Li continue to persuade this arrogant girl.

The Demon God of War has a way to get the high priest to open the secret room. He doesn't believe that the high priest doesn't care about the lives of the guards here and the people of Loulan. Although the method is a bit despicable, he doesn't care about it.

"Huh? Someone else is coming.

Just when Su Chen was about to kill some guards to threaten the high priest, he suddenly discovered that some powerful people were coming. This made Su Chen not immediately take action against the guards here. He wanted to see who was coming this time. some someone

"Um? Someone is coming again?

The high priest heard Su Chen's words and looked towards the entrance of the palace.

Although she didn't believe what this bastard said, she also discovered some powerful auras fighting in Loulan City. Those who should be the great masters in Loulan City were intercepting the Central Plains. The strong men come to her palace.

But how did this bastard find out about the situation in Loulan City earlier than she did?

This made the high priest look at Su Chen and frown.

Boom boom boom!

After a fight outside the palace, more than a dozen masters from various schools of thought came into the priest's palace. However, they were very surprised when they saw Su Chen holding a beautiful woman sitting on a high seat.

They all know who this person is, but how did this person arrive here before all of them?

Su Chen shook his head when he saw the hundreds of schools of thought arriving.

The people of these hundreds of schools of thought were going to be in trouble this time.

The high priest was a peak grandmaster. There were more than a dozen goddess priests here. They...  
The goddess priests are all masters.

As for the masters from hundreds of schools of thought who came this time, the most powerful ones were also masters at the pinnacle of masters, and there were even some who were innate in the realm of cultivation. Have these people come to die after living enough?

Su Chen looked at a few people he knew, Han Fei, Zhang Liang, Jing Ke, the dwarf Zhu Jia, Tian Hu, and Yan Dan who glared at him angrily. He didn't know the rest of the people very well. I'm afraid these people added up. They are no match for the high priest.

Su Chen guessed that the six-fingered black man and the Taoist Xiaoyaozi, the great masters, might be restraining the great masters in Loulan City so that these people could capture the high priest and ask about the whereabouts of the demon god who sent troops.

"Here come some Central Plains people who are looking for death." The high priest was very angry when he saw the arrival of more than ten Central Plains people.

She turned around and glared angrily at Su Chen, the bastard. The arrival of these Central Plains people must have something to do with this bastard.

Su Chen saw the high priest glaring at her. He said speechlessly, "Damn it, High Priest, these people have nothing to do with me. You can kill or fight at will."

"asshole!"

The high priest glared at Su Chen fiercely.

She looked at the arriving Central Plains people and ordered the goddess priest, "Kill these Central Plains people and don't spare any of them."

"Yes, High Priest!"

"Go ahead and seize the high priest!"

Boom! Bang!

A melee broke out immediately in the priest's palace.

After the battle, the masters of various schools realized that something was wrong. The goddess priests here were all master masters, and four of them were even masters. At the peak level of cultivation, this made people like them from the Hundred Families panic.

Su Chen shook his head after seeing the fight between the Hundred Families and the Goddess Priests.

But as soon as the battle started, some of the Hundred Families The Xiantian disciples have already been killed, and even some master masters are still struggling to support themselves. I am afraid that it won't be long before all the people from the various schools of thought will be wiped out.

These goddess priests can use formations, and the disciples If there were no powerful beings in the Bai family, none of them would leave alive.

"Tsk, ts, ts, all the schools of thought are really pitiful!"

"Young Master, are we really not going to help the High Priest of Loulan?" Xiao Li asked Su Chen while watching the battle in the palace.

She didn't care whether the various schools of thought were dead or alive.

It was her mission to guard the Demon God of Soldiers, but Xiao Li could not let the Demon God of Soldiers fall into the kingdoms. Su Chen touched Xiao Li's shy face and said helplessly, "Help, didn't you see that the arrogant high priest didn't listen to us at all?"

Xiao Li was very worried and said to Su Chen, "But if the coalition forces of all countries break through Loulan, the high priest may not be able to stop the coalition forces of all countries, and the Demon God of War cannot fall into the hands of the countries."

"It doesn't matter, if it doesn't work then we will destroy the Demon God of War." Su Chen said without caring,

"destroyed?"

Xiao Li was in a trance after hearing Su Chen's words.

Can the Bing Demon God be destroyed?

The answer is definitely impossible.

She knows very well how strong the Bing Demon God is. I'm afraid there is no power in this world that can destroy the Bing Demon God. Su

Chen put his arms around Xiao Li's waist and smiled and said, "Yes, isn't your mission to protect the demon god from being activated? If the Demon God of War didn't exist, wouldn't you have to keep guarding that shabby God of War?"

Xiao Li didn't care that Su Chen was holding her waist.

This bastard hugged her not once or twice. As long as this bastard didn't do anything excessive, Xiao Li would let Su Chen take advantage of her.

Xiao Li thought Su Chen shook his head sadly and said, "But the Demon God of Soldiers was made from fragments of stars from outside the sky. We can't destroy the Demon God of Soldiers at all."

"Xiao Li, the Demon God of War is very strong from the outside and cannot be broken, but what about destroying it from within? As long as the internal mechanisms of the Demon God of Soldiers are destroyed by us, then the Demon God of Soldiers will be useless."

"Is this still possible?"

Su Chen tapped Xiao Li's forehead and said with a smile, "Is my method feasible?"

"feasible!"

"feasible!"

Su Chen was startled when he suddenly heard what the high priest said next to him, "I'll do it! High Priest, when did you come here?"

The high priest looked at Su Chen with a very complicated face.

She heard clearly what the bastard and Xiao Li said just now. She didn't expect that this bastard and Xiao Li were really here to help her. The bastard just now said The method of destroying the Demon God of Bing made her couldn't help but agree.

The high priest was also tightly tied to the secret realm of Loulan by the Demon God of Bing. Even the entire existence of Loulan was for the Demon God of Bing.

Over the past thousand years, Loulan has become more and more powerful. Things are getting worse than before.

Even the Loulan people who have been living in the Loulan Secret Realm are unwilling to stay here. Otherwise, it is impossible for any Loulan people to secretly leave the Loulan Secret Realm.

The existence of the Demon God of War is like a curse. , making the people of Loulan want to stop and want to die.

But for the mission of the goddess, as the high priest of Loulan, she has to protect the Demon God of Soldiers according to the fate of Loulan's ancestors.

If the Demon God of Soldiers is really destroyed, not only can she After being liberated, the entire people of Loulan can also be liberated, and they no longer have to stay in this isolated secret realm of Loulan.

The high priest looked at Su Chen and asked with a complicated face, "You are really here to help. Is it mine?"

"Fake!"

"Shameless bastard, tell me the truth, can you really destroy the God of War?"

"No!"

"Damn you bastard, I'm going to kill you, this shameless person."

Chapter 966

Su Chen looked at the approaching high priest and smiled slyly.

Xiao Li had been trying to help the high priest just now, but the arrogant high priest didn't give Xiao Li a chance to speak. Now the high priest heard him. After talking to Xiao Li, she actually wanted them to help her.

Is there such a good thing in the world?

If the high priest does not pay some price, he will not easily agree to the high priest.

The high priest saw that Su Chen was teasing her again, which made her very angry. This bastard teased her again and again, which made the high priest tremble with anger.

Just when the high priest was about to take action,

Su Chen hurriedly hugged Xiao Li and appeared on a bronze crane statue in the priest's hall. He looked at the high priest and smiled and said, "High priest, you will age very easily if you have such a bad temper.""

"Damn you bastard, don't run away if you dare." When the high priest saw Su Chen running away again, her face turned red with anger and shouted at Su Chen.

Seeing the high priest's angry look, Su Chen laughed and said, "Haha! High Priest, you are a master at the peak of Grand Master, and I am just a master at the peak of Grand Master. Do you think I am stupid?"

"Are you a master? Do you think I'm stupid? You bastard must have concealed your cultivation realm, you damn bastard, am I right?"

The high priest didn't believe what this bastard said.

This bastard's elusive ability made it difficult for her to deal with them. As a top master of the Grand Master, she didn't even notice the coming disciples, but this bastard discovered it early on.

This bastard must have concealed his cultivation realm.

I guess!

How could the high priest see that he had concealed his cultivation realm?

Could it be that the high priest was just making wild guesses?

Xiao Li smiled when he saw Su Chen and the high priest refusing to deal with it. Xiao Li smiled, and now the high priest can believe them, which makes Xiao Li very happy.

As long as the Demon God of Soldiers is destroyed, she can stay with Su Chen forever, and she no longer has to transform into a goddess to protect the Demon God of Soldiers. Tearing,

Xiao Li tugged on Suchen's clothes and begged, "Sir, let me talk to the high priest?"

"All right! It is impossible for the arrogant high priest to take action against you now." Su Chen looked at the ugly-looking high priest and nodded to Xiao Li in agreement.

It seems that the Demon God of Soldiers cannot be taken away, but as long as the Demon God of Soldiers is destroyed,

Su Chen can accept it.

There is no existence of the Demon God of Soldiers. , there is one less war machine that threatens him in this world.

This world is a comprehensive martial arts world, and the Demon God of War must be much more powerful than in the anime. In the anime, Gai Nie and Xiao Li can destroy the Demon God of War. But in this comprehensive martial arts world, If Gai Nie and Xiao Li came to the martial world, they would probably be killed by the high priest without even seeing the Demon God of War.

There are too many unknown factors.

Su Chen didn't want to risk getting one. He didn't know if he could. The controlled weapon demon

"Thank you, sir."

Xiao Li thanked Su Chen and flew towards the high priest.

Su Chen looked at Xiao Li and the high priest coming together, and he didn't care about how they talked.

In the priest's palace, there were masters from hundreds of schools of thought. Now surrounded by the formations of the goddess priests, only six or seven of the more than ten masters of various schools of thought are left.

In just a short time, more than half of the masters of various schools of thought were killed or injured. It seems that they are useless. How long will it take for these masters of hundreds of schools to be killed one by one?

In the six-pointed star formation in the palace, people like Jing Ke and Han Fei are still struggling to support the attack of the goddess priests, but their faces are pale. Su Chen knew that they were about to be unable to bear it.

In the six-pointed star formation,

Jing Ke saw Su Chen watching a show and hurriedly asked for help, "Brother, help us people from various schools of thought. Jing Ke will meet again in the future." Report back to my brother."

Jing Ke was also very helpless.

They, the masters of various schools of thought, did not expect that there would be so many powerful enemies in the priest's palace.

The high priest was even a great master, and these goddess priests all returned him one by one. They are master masters.

Moreover, these goddess priests also know how to trap people. Masters like them from hundreds of schools of thought cannot escape even if they want to.

Su Chen sat on the high priest's king's seat again with his legs crossed and smiled. He asked, "Jing Ke, why should I help you? Are we related?"

Jing Ke resisted the attack of the goddess priest and said hurriedly to Su Chen, "Brother, aren't you friends with my junior sister? I am Li Ji's senior brother. For Li Ji's sake, I hope that my brother will help us."

"laugh! Jing Ke, you are mistaken. Li Ji and I are not friends, and I will not save you." Su Chen took a sip of tea and sneered.

This Jing Ke had been on guard against him before, and now he came to beg him.

Su Chen was not a bad person.

Besides, it was none of his business whether Jing Ke, a fool, died. If Jing Ke died here, Maybe it is also beneficial to Gongsun Liji. At least Gongsun Liji will not commit suicide in the future because of this stupid Jingke.

There are also these masters of various schools of thought.

These people are also a threat to his unification of the Eastern Continent in the future. , he would rather have all the masters from hundreds of schools of thought die here.

Su Chen would not save these future enemies.

"Brother, we are all from the Central Plains. Do you really want to die without saving me?"

"Jing Ke, it is not impossible to save you. As long as you kill Yan Dan, I will save you." Su Chen looked at Yan Dan who was trapped in the formation and said with a sly smile.

After hearing Su Chen's words, the masters of various schools of thought looked at Yan Dan in the formation one by one.

They all heard about the grudge between Yan Dan and this ugly man, but after all, Yan Dan is the prince of the country. If they kill Yan Dan, I am afraid that the Yan country will not let them go in the future.

Han Fei, Zhang Liang, Jing Ke, the dwarf Zhu Jia, Situ Wanli, and a Taoist master. They looked at Yan Dan next to them with different expressions. If Yan Dan didn't die, they would all die here, but could Yan Dan kill him? ?

This is obviously impossible.

Yan Dan is very panicked now.

He is afraid that these people will take action against him. No matter whether what that bastard said is true or not, if these people want to kill him in order to survive, he will No match for these people

"die!"

Pfft!

Yan Dan suddenly killed the Taoist master who was resisting the attack of the goddess priest. After killing the Taoist master, he looked at Jing Ke and the others with wary expressions.

Yan Dan also acted preemptively.

He didn't want to die. Here, he didn't want to be killed by the masters of various schools of thought, so he had no choice but to strike first.

"Damn it, Yan Dan, you are looking for death!"

"Bastard, Yan Dan, how could you do this?"

"Kill this scumbag"

"Yan Dan, I, Han Fei, misjudged you."

"Let's take action together and kill this despicable villain."

Jing Ke and the others were sure that Yan Dan suddenly killed the Taoist master. They all looked at Yan Dan angrily and roared,

"Hahaha! Don't be so righteous as you say, did you all just want to kill me to survive? Even if I die, I will drag you to be buried with me."

Chapter 967

Yan Dan looked at Jing Ke and the others with great disdain at this time. He knew exactly what these people were thinking. If they wanted to survive, they would definitely kill him. He was not a person who allowed himself to be slaughtered.

Yan Dan was very angry when he looked at Su Chen.

It was all his fault. If it hadn't been for this bastard

, the people here probably wouldn't have killed him. This bastard shouldn't have kept him. He regretted not letting the army go before. Surround and kill this bastard.

Boom boom boom!

At this time, the city of Loulan was attacked by the coalition forces from outside. The collapsed city wall made a loud noise. Everyone in the priest's palace also heard the loud noise outside, which made everyone here stop for a moment. attack.

Whoosh!

A figure suddenly fled outside the palace,

"Tian Hu? It's Tian Hu. I didn't expect that Tian Hu would fake his death."

"Damn it, are all the farmers greedy for life and afraid of death?"

"I didn't expect Tian Hu to fake his death!"

"Brother Han, Tian Hu's escape may be beneficial to us."

Jing Ke and others looked ugly when they saw that the person who escaped was Tian Hu. They fought hard with these goddess priests, but Tian Hu even pretended to be dead and escaped.

"If you continue to surround and kill these people, that person will not be able to escape."

Just when the goddess priests were about to chase Tian Hu, a figure quickly chased Tian Hu.

"Yes, High Priest!"

Bang!

In just a moment, the high priest came back with the dead Tian Hu. She threw Tian Hu in the palace and looked disdainfully at the remaining people of the Zhuzi Baijia.

These people are not Su Chen That bastard, she wanted to kill these people in an instant. The reason why she didn't take action personally was because she wanted to wait for the real master to arrive.

Yan Dan looked at the high priest and said threateningly, "High priest, we in the Central Plains The human army has conquered Loulan City. If you let us go, you still have a chance to save Loulan, otherwise your Loulan people will be slaughtered."

The high priest of Loulan heard Su Yanyandan's words and said arrogantly, "The people of Loulan will not be threatened. Even if Loulan is destroyed, you people will also be dead."

"High Priest of Loulan, I am the Crown Prince of Yan. As long as you let me go, I can order the army not to massacre the people of Loulan." When Yan Dan saw that the high priest of Loulan was not threatened, he hurriedly revealed his identity.

As long as the high priest of Loulan knew his identity as the prince of the Yan Kingdom,

Yan Dan believed that the high priest of Loulan would not dare to kill him.

"Um? Prince of Yan? Can you really order the coalition forces of all countries not to massacre the people of Loulan?" The high priest frowned when he heard Yan Dan's words.

She didn't expect that this despicable villain turned out to be the prince of Yan. If the prince of Yan could really order the coalition forces of all countries not to massacre her Loulan people, the high priest would just let him go. It's okay to kill him.

Yan Dan looked at the high priest and nodded hurriedly and said, "Don't worry, high priest, as long as you let us go, the coalition of countries will definitely not massacre the people of Loulan. I can guarantee you."

People like Jing Ke and Han Fei looked at Yan Dan with great disdain.

Yan Dan had no power in the Yan State. How could he order the coalition forces of all countries to stop massacring the people of Loulan?

I'm afraid even the army of the Yan State It is impossible that they have heard of Yan Dan's order, but none of them have exposed Yan Dan. If the high priest of Loulan is persuaded by Yan Dan, then they will be saved.

Su Chen is sitting in the high priest's seat He looked at the high priest and said,"High priest, Yan Dan is the person I want to kill, you have to think carefully."

Su Chen was also very speechless.

This arrogant high priest doesn't really want to believe Yan Dan's words, right?

He knows very well who Yan Dan is.

A despicable and shameless person is a villain.

If the high priest believes Yan Dan this time, If so, Su Chen would not remind the high priest that this was her own fault.

"I don't need you, a bastard, to dictate what I do. The high priest glared at Su Chen and then looked at Yan Dan and threatened,"Yan Dan, I will let you go this time. If you dare to deceive me, I will kill you even if I chase you to Biluo Huangquan.""

"High Priest, don't worry, I, the Crown Prince Yan Dan, will do what he says."Yan Dan was very happy when he saw that the high priest believed his words. This narrow escape from death left him frightened.

The high priest thought for a while and then waved his hand and ordered,

"Let these people go"

"Yes, High Priest!"

"Yan Dan, you can go fulfill your promise."

"Don't worry, high priest, I will order the army to stop massacring the people of Loulan."Yan Dan smiled at the high priest and hurriedly left the priest's palace.

Jing Ke and the others looked at the high priest and left one after another.

They knew that the high priest was deceived by that despicable man Yan Dan. At this time They just wanted to leave here quickly, otherwise they might not be able to leave in a while.

Su Chen never tried to persuade the high priest from beginning to end. This arrogant high priest who insisted on going his own way might regret it soon, but it was none of his business. , he didn't care at all about the life or death of the aliens.

At this moment, a massacre was taking place in Loulan City.

The allied forces of various countries that broke through Loulan City angrily vented their anger on the people of Loulan, whether it was the Qin army, the Chu army, or the Wei army. , after entering Loulan, the armies of these six countries massacred the people in Loulan.

"Help, don't kill....."

"High Priest, help!"

"demon! People in the Central Plains are all devils!"

"O son, my son!"

"Run away quickly, the Central Plains people are trying to kill all of us Loulan people."

Loulan City is full of Loulan people who are fleeing and avoiding being massacred by the armies of the Six Nations.

However, Loulan City has been surrounded by the armies of the Six Nations. Even if the Loulan people in the city have nowhere to escape, each and every Loulan city has nowhere to escape. People, old and young, male and female, were all ruthlessly slaughtered by the armies of the Six Nations.

In less than half an hour, more than 100,000 Loulan people had been slaughtered, and

Loulan city was full of corpses. , the paradise-like city of Loulan was also destroyed and dilapidated.

In the priest's palace at this moment,

Su Chen looked at the high priest of Loulan and shook his head.

He ignored the high priest of Loulan, an arrogant and stupid woman. He doesn't want to talk to her now. Maybe this arrogant and arrogant stupid woman will change in the future, but now this stupid woman will definitely not listen to him.

Su Chen is too lazy to waste his words to convince this arrogant and arrogant stupid woman..

Xiao Li came to Su Chen and asked doubtfully,"Sir, can that Yan Dan order the coalition forces of all countries to stop massacring the people of Loulan?"

The high priest of Loulan also looked at Su Chen after hearing Xiao Li's words.

She also had a bad feeling now, but she didn't think she had done anything wrong just now, but she also wanted to know how this bastard would answer Xiao Li's question..

When Su Chen heard Xiao Li's question, he shook his head and said disdainfully,"What the hell, Yan Dan doesn't have any power in the Yan State. Even the Yan State's army cannot obey his orders. Do you think the coalition forces of all countries will Do you follow Yan Dan's orders?

Xiao Li exclaimed when he heard what Su Chen said,"What?" Didn't Yan Dan deceive the high priest?"

Su Chen looked at the high priest and curled his lips and said,"That's because the high priest was stupid. She clearly saw that Yan Dan was a despicable person, and the high priest believed Yan Dan's words. The arrogant and arrogant high priest was just a despicable person. Idiot woman"

"Bastard, you shameless bastard, do you want to die?"

Chapter 968

The high priest was very angry when Su Chen scolded her, but she thought about Yan Dan's character just now, and heard Su Chen say that Yan Dan had no power in the Yan Kingdom, which made the high priest feel uneasy.

A goddess priest hurried over and saluted the high priest of Loulan and said, "High priest, the coalition forces of the various countries in Loulan City are still massacring our people. That Yan Dan deceived us."

"Damn it, the people from the Central Plains are not good people." When the high priest heard the words of the goddess priest, he looked at Su Chen and said angrily.

This time she believed Su Chen's words, but it was too late.

The Central Plains people are indeed untrustworthy.

The cunning Central Plains people are all liars.

"I'll do it!"

Su Chen was very depressed when he saw the high priest staring at him.

It's not him who deceived this stupid woman this time.

Why does this stupid woman keep having trouble with him?

"You bastard is not even a good person." The high priest stared at Su Chen and said angrily.

This bastard clearly knew that Yan Dan had no power in Yan country. Why didn't this bastard tell him earlier?

This bastard must want to see her make a fool of herself. Damn shameless bastard!

She If she didn't need this bastard to destroy the Demon God of War, she would definitely kill this bastard right away

"Damn it, did I offend you?"

"snort!"

"High Priest, what shall we do?"

"Order all Loulan masters to come to the priest's palace. I don't believe that all the Central Plains people who come this time are masters."

"Yes, High Priest!"

Su Chen smiled when he heard the words of the high priest.

This time, there are really powerful masters from the hundreds of schools in the Central Plains. After a while, the masters from the hundreds of schools in the Central Plains arrive, I believe there will be an even stronger outbreak here. Su Chen thought for a while that it would be better to hide aside and watch the excitement.

But after a while, powerful masters from Loulan came to the priest's palace one by one. Dozens of masters from Loulan showed Su Chen He was also a little surprised. He didn't expect that there would be so many powerful masters in Loulan.

There were five Grand Masters plus the High Priest of Loulan. There were more than twenty master masters, and the rest were all innate cultivations. Realm, Loulan's strength is still very strong.

Swish swish swish.....

At this moment, masters from hundreds of schools of thought also chased after them one by one.

The Mohist giant Liu Finger Black Man, the farmer Tian Guang, the Taoist sect Xiaoyaozi, a Confucian great master, and a casual cultivator The great masters and the rest are all masters and innate masters from hundreds of schools of thought.

Su Chen saw that even Duan Murong and Gongsun Liji were here, and even Mei Sanniang and Dianqing, the farmer's Hua Ying, Liu Ji and others also showed up.

Su Chen looked at the many masters who suddenly arrived and shook his head.

The high priest may be in trouble this time.

There are equally many grandmasters and masters, but the masters and masters of the high priest may not have much advantage here.

The masters of the Mo family, the peasant family, and the Taoist sect are all dispatched. The high priest Except for the twelve goddess priests, the remaining masters here are probably cannon fodder with little strength.

Duan Murong and Gongsun Liji also discovered Su Chen.

They were speechless when they saw Su Chen sitting leisurely on a gorgeous seat.

Why didn't these Loulan people take action against this bastard? And let this bastard sit there? They looked at each other and couldn't figure it out.

When the high priest saw that Yan Dan dared to come, he shouted angrily, "Yan Dan, you despicable villain, why didn't you do what you promised me?"

"High Priest, a soldier never tires of deception. Don't you understand this truth?" Yan Dan looked at the high priest and smiled and said.

All the disciples looked at Yan Dan with great disdain. They had all heard about what happened here, especially Taoist Xiaoyaozi.

He looked at Yan Dan and said He was too cruel to kill this shameless villain. A Taoist master was killed by Yan Dan in a sneak attack. When the high priest heard Yan Dan's words, his chest heaved with anger. She looked at Yan Dan and cursed angrily, "Yan Dan Dan, you are such a despicable and shameless person. Your shamelessness is matched by this bastard."

When Su Chen heard the words of the high priest, he shouted with black lines on his head, "I'll do it! High Priest, can you please stop getting involved with me? I'm just a theatergoer"

"Inglorious bastard, shut up!"

Su Chen couldn't help but want to beat her when he heard what the high priest said.

But all the scholars here are here, and he wants to watch a show now.

He will take care of this stupid woman in the future.

The Mo family's giant six-fingered black man He looked at Yan Dan expressionlessly.

This time, Yan Dan's reputation had been completely ruined. He could not stand his disciple. However, for the future of the Mo family, the Six-Fingered Black Man still had to protect Yan Dan. , the Six-fingered Black Man looked at the High Priest Loulan and threatened,

"High Priest, you are finished in Loulan. Hand over the Demon God of War and we, the masters of hundreds of schools of thought, can let the rest of you in Loulan go. Otherwise, Loulan will completely disappear in the Tianxuan Continent in the future."

"Hahaha! If you want to fight the Demon God, it depends on whether you have the ability."The high priest of Loulan looked at the masters of the Zhuzibai School and laughed crazily. Whether

Loulan can keep the Demon God of War this time depends on this battle.

Although the Zhuzibaijia have a large number of people, their Loulan masters He was not a vegetarian either.

Just when Loulan and the various schools of thought were about to start a war,

Yan Dan suddenly pointed at Su Chen and said loudly,

"Everyone, and that bastard, he has an affair with the high priest of Loulan. They are all in the same group. Jing Ke from the Mohist family, Han Fei and Zhang Liang from the Confucian family, and the Zhu family from the peasant family all know it, and we can't let it go. This traitor from the Central Plains"

"Am I his? Yan Dan, do you want to die?" Su Chen was very angry when he heard Yan Dan's words.

He just wanted to watch a show here later, but Yan Dan, who was looking for death, dared to frame himself.

It seemed that Yan Dan was really tired of living.

"Can you kill me? Masters from hundreds of schools of thought are all here. What can you, a master master, do to me?"

"court death!"

Whoosh!

Su Chen suddenly teleported and appeared next to Yan Dan. He restrained Yan Dan before he could react.

After Su Chen grabbed Yan Dan, he appeared on the throne of the high priest again. It took only a breath. Before everyone here could react, Yan Dan was stepped on by Su Chen.

Su Chen looked at Yan Dan under his feet and said disdainfully, "Yan Dan, just tell me what you just said." Say it again?"

The Six-fingered Black Man was also very surprised when he saw Su Chen catching Yan Dan. This person's speed was so fast that he didn't even notice how this person caught Yan Dan. "Little friend, can you let the Crown Prince of Yan go? Su

Chen stepped on Yan Dan's body and mocked disdainfully, "Six-fingered Black Man, why should I let Yan Dan go?" Just because Yan Dan is your apprentice? Don't be too self-righteous. The Mo family is nothing in my eyes. If you piss me off, I will destroy your Mo family right now."

"Why is Yan Dan the apprentice of the Six Fingered Black Man?"

"No wonder the Mo family has been helping the Yan country. It turns out that Yan Dan is the apprentice of the Mohist giant Six-fingered Black Man."

"What is the Six-Fingered Black Man going to do? Why did he accept a prince of Yan as his apprentice? The Six Fingered Black Man must have some conspiracy"

"This is for sure, Yan Dan is a waste. The Six-Fingered Black Man accepted Yan Dan as his disciple probably in order to control the Yan Kingdom. You must know that Yan Dan is the only son of King Yan."

"No wonder King Yan has always disliked Yan Dan. It turned out that King Yan found out that Yan Dan had defected to the Mo family."

After hearing Su Chen's words, the masters of various schools of thought started talking one after another. They even looked at the Mo family and the Six-fingered Black Man with great disdain.

Touch!

Click!

The high priest suddenly appeared next to Su Chen and struck hard. Yan Dan was kicked out with a strong kick. The huge cracking sound made everyone here couldn't help but twitch when they heard it. Yan Dan was afraid that all the bones in Yan Dan's body would be broken by the high priest.

"Yan Dan, when will I have sex with this bastard? You shameless villain really deserves to die."

Chapter 969

The high priest dodged and carried Yan Dan back to Su Chen. She pointed at Su Chen angrily and yelled at Yan Dan, "Yan Dan, when will I have sex with this bastard again? You are such a shameless villain. Damn it."

Su Chen's face turned green when he heard the high priest's words. He didn't expect that the high priest would be very angry because of this, but was he really that bad? He didn't like the high priest, a stupid woman.

Su Chen directly grabbed the high priest's arm and said angrily, "What the hell, high priest, what do you mean? Although you haven't had an affair with me, don't look down on me like this?"

"Let go, you bastard, don't touch me." When the high priest saw that Su Chen dared to hold her arm, he tried to throw it away angrily.

Su Chen held the high priest's arm tightly and said with a smile, "I'll do it! What happened if I just touched you?"

"you wanna die!"

Pa!

Just when the high priest was about to attack Su Chen,

Su Chen hit the high priest's PG with a palm.

"You really need to clean up!"

The high priest was stunned for a moment.

She didn't expect that this bastard would dare to hit her, and also beat her in front of hundreds of martial arts masters.

This made the high priest so embarrassed and angry that he grabbed Su Chen and wanted to kill this bastard. ,

"Ah, bastard, I'll fight you!"

"Be honest." Su Chen quickly clicked on the high priest's acupuncture points and patted her back.

Loulan's grand master and grand master didn't know what to do when they saw the look of Su Chen and the high priest. They looked at each other. They didn't know whether they should take action to save the high priest. What happened just now made them unclear about the relationship between the high priest and Su Chen.

People from various schools of thought also looked at Su Chen and the high priest in stunned silence.

What happened to him? That's too bloody.

They came to rob the Demon God of War, not to see some lovemaking.

"Shameless pervert!"

"shameless bastard!"

Gongsun Liji and Duan Murong looked at Su Chen's treatment of the high priest and cursed with red faces.

They didn't expect that Su Chen had not seen each other for a long time, and this bastard had an affair with the high priest of Loulan. This bastard was a Shameless pervert, a bastard who can't walk when he sees a beautiful girl.

The high priest looked at Su Chen in confusion.

She didn't expect that this bastard actually tapped her acupuncture point.

A majestic grand master with no ability to resist at all. She was restrained. Although she was not prepared for this bastard, so she had her acupuncture points tapped, but was this bastard too quick?

Kacha!

Su Chen looked at the unconscious Yan Dan and stepped on his arm. , Yan Dan woke up instantly from the pain of being trampled off her arm.

"Ahhhhhhh.....Bastard, I'm going to kill you, I'm going to exterminate your whole clan"

"You're just a loser. If I kill you, my hands will be dirty."

Su Chen looked at Yan Dan who didn't look like a human or a ghost and ordered with disdain, "Goddess Priest, kill this shameless villain for me."

More than a dozen goddess priests were stunned when they heard Su Chen's words.

Are they subordinates of this ugly man?

They goddess priests looked at each other and didn't know whether they should obey this man's orders.

Su Chen saw The goddess priests nearby did not obey his orders, which made Su Chen cough awkwardly and said, "Cough! High Priest, your subordinates are not very obedient!"

"The bastard unlocks my hole!" The high priest was speechless when he heard Su Chen's words. How could her men obey this bastard's order? This bastard is really very thick-skinned.

"As promised, unlock your acupuncture points and you can't attack me again."

"Unlock my holes!"

"OK OK!"

"I'll do it!"

As soon as Su Chen untied the high priest's acupuncture points, he saw the high priest attacking him with a punch. Su Chen hurriedly dodged and disappeared.

Boom!

At this time, the six-fingered black man suddenly attacked the high priest, The high priest hurriedly stretched out his hand to block the attack of the six-fingered black man.

But she found that this was just a feint attack by the six-fingered black man.

The six-fingered black man actually rescued Yan Dan.

This made the high priest very angry.

"Damn it, kill these Central Plains people for me."

When the masters of Loulan heard the high priest's order, they rushed towards the masters of Zhuzibaijia one by one with weapons, and a melee began.

But as soon as they came into contact, the cultivation realms of Zhuzibaijia and Loulan were low. People were killed one after another, and in an instant there were more than ten corpses lying on the ground.

Bang! Boom!

There was chaos everywhere in the priest's palace. All the great masters and master masters found their opponents, but there was no one where they were fighting. Dare to approach

"If Yan Dan is left behind, Yan Dan must die."The high priest caught up with the six-fingered black man and waved his staff to attack the six-fingered black man.

Touch!

The six-fingered black man used his black eyebrows to block the high priest's attack and said with an ugly face,"High priest, don't be obsessed with it. After a while, When the coalition forces from various countries arrive, you cannot be an opponent of a huge army."

The six-fingered black man has no choice now. The high priest's level of strength is the same as his, but he still has to protect this useless Yan Dan, which makes him unable to let go of his hands and feet to fight the high priest.

The high priest jumped up. He stood in front of the six-fingered black man and said expressionlessly, "Whether he is an opponent or not is a matter for the future. Yan Dan must die, and you will die if you don't hand over Yan Dan."

She now regrets taking action against Su Chen.

If she hadn't suddenly taken action against Su Chen, the Six-Fingered Black Man would never have been able to rescue Yan Dan. With her and Su Chen here, no matter how powerful the Six-Fingered Black Man was, it is impossible to rescue Yan Dan.

"Fight, fight, it's best if we all die together." Su Chen appeared on the throne again, sat down and watched the battle and muttered to himself.

Xiao Li, who was beside Su Chen, pointed to Duan Murong and Gongsun Liji and said hurriedly, "Sir, Duan Murong and Gongsun Liji may have something to do with each other. Dangerous"

"Life and death are determined by fate, so we don't need to worry about them. Since they are involved in this matter, whether they live or die depends on their fate."

Su Chen also saw the situation of Duan Murong and Gongsun Liji, but Su Chen didn't care about their safety.

Jing Ke and Mei Sanniang from the Armored Sect were both nearby. Even if Duan Murong and Gongsun Liji were in danger, there would be someone else. I will save them. If they are accidentally killed, I can only blame them for their bad luck.

"Huh? Why did the people from the Yin Yang family arrive now? Where is Ji Ruxihe? Hasn't that woman found the treasure she needs?"

Su Chen suddenly discovered that people from the Yin Yang family appeared in the palace, but they did not take action.

The people from the Yin Yang family stood in the corner of the palace and looked at themselves.

Su Chen guessed that Ji Ruxihe told the people from the Yin Yang family that he was there. Regarding the matter here, the masters of the Yin and Yang family may have come to protect him this time.

The fighting in the palace became more and more intense, and people fell down every moment, including masters from various schools of thought and masters from Loulan. They were constantly being killed.

After a quarter of an hour of fighting, hundreds of masters in the palace had already killed dozens of people, and the remaining people were more or less injured. However, before the battle was decided, the fighting here was impossible to stop.

Chapter 970

In the city of Loulan, the coalition forces of various countries are still massacring the people of Loulan. This time the coalition forces suffered heavy losses, and these Loulan people have to pay the price.

Moreover, Loulan is far away from the Central Plains. If the Loulan people are not completely eliminated this time, there will be no chance to come here again in the future.

On the battlefield of the Qin army's massacre,

Meng Tian watched expressionlessly as the Qin army massacred the people of Loulan.

This time, he was very angry.

Among the 100,000 Qin soldiers, 30,000 or 40,000 were killed outside the city wall. Those were those he trained with his own hands. The elite troops that came out, even if the people in Loulan City were buried with him, they couldn't save his dead army.

A deputy general of the Qin Army hurriedly came to Meng Tian and saluted, "General, there is a battle going on in the priest's palace. The masters of various schools of thought and Loulan are fighting each other. Should we send troops there?"

Meng Tian waved his hand. He stopped and said, "No, we don't need to worry about the battle between the various schools of thought and Loulan's masters. We should allocate some troops to find the Demon God of Soldiers. The Demon God of Soldiers must be hiding in a secret place in Loulan. We must find it first."

"Yes, General!"

"The Xuantian Empire's army hasn't arrived yet? Does the Xuantian Empire not care about the Demon God of War at all?"

Meng Tian frowned when he saw the deputy general leaving and thought,

Loulan has been captured, but why hasn't the Xuantian Empire's army arrived yet?

Meng Tian initially thought that the Xuantian Empire's army wanted to watch the six nations fight each other before reappearing, but Loulan had already been occupied by them. Why was there no sign of the Xuantian Empire's army yet?

The scout's investigation is impossible to make mistakes, so does the Xuantian Empire really not care about this war machine demon?

"Someone come!"

"General!"

"Send people to monitor the armies of the other five countries. If there is any change in the armies of the other five countries, immediately report to me."

"Yes, General!"

Meng Tian looked in the direction of the armies of the other five countries and said to himself, "Since the Xuantian Empire is not interested in the Demon God of War, there is no use keeping the armies of the other five countries. It seems that the five countries must be destroyed first. army."

In the priest's palace, the fighting has temporarily stopped.

However, the originally crowded priest's palace is now much empty. There are now less than fifty people left among the hundreds of martial arts masters, and both the grand master and the master master are human. Everyone was injured.

A great master died here in Loulan, and the remaining three great masters were also seriously injured. All the masters except the twelve goddess priests were dead. There are only fifteen masters left in Loulan. , plus there are only sixteen high priests. If the twelve goddess priests had not used formations to fight, I am afraid even the twelve goddess priests would have died.

And the casualties of the various schools of thought this time were also very heavy, and the great master was only The ranger died, but he died together with the Grand Master of Loulan.

The Grand Masters and the others also lost a lot. The innate masters below the Grand Master were basically all dead, and a few of them were able to survive under the protection of others. , including Duan Murong and Gongsun Liji, but their situation is not very good.

The masters of various schools of thought also stopped fighting when they saw the arrival of the Yin and Yang family. They did not want to take advantage of the Yin and Yang family in the end. These people.

Touch!

The high priest dragged Yan Dan, who was unconscious again, to Su Chen,"I snatched Yan Dan back for you."

Su Chen looked at Yan Dan who was glaring at him, shook his head and said to the high priest,"Kill him! Why did you bring him here? The high priest wiped the sweat from her forehead and shouted to Su Chen,"Asshole, Yan Dan was thrown away from my hand, so of course I have to bring it back to you.""

"Goddess Priest, can you now obey my order and kill Yan Dan?"

"Can!"

"Then let the goddess priest kill Yan Dan. Yan

Dan, who was pretending to be unconscious, was frightened when he heard the conversation between Su Chen and the high priest and begged for mercy, "No!" Don't kill me. I don't want to die. I can give you gold and martial arts secrets. Please don't kill me."

"Goddess Priest, kill this eyesore for me."

"yes!"

"You dare!"

When the Six-fingered Black Man saw that Yan Dan was about to be killed, he hurriedly took action to save Yan Dan.

Yan Dan cannot die.

He has invested so much in Yan Dan over the years and has not seen the return yet. If Yan Dan dies like this Well, he has wasted so many years of investment in resources and secret layout.

Boom!

The high priest waved his scepter and blocked the Six-fingered Black Man's black eyebrow attack and said, "Six-fingered Black Man, you are of equal strength. Yan Dan, you are the savior." Not leaving"

"Damn it! You all deserve to die!"

Boom, boom, boom!

The six-fingered black man desperately attacked the high priest with his black eyebrows in his hand. The high priest was defeated by the six-fingered black man for a while. Su Chen looked at the Yin-Yang family's Chief

Siming and made a gesture.

Ming rolled her eyes at Su Chen when she saw it. She gathered her skills and prepared to attack the Six-fingered Black Man at any time. This time she needed one of the forbidden spells of the Yin-Yang family, the Six-Soul Terror Curse, to give the Six-Fingered Black Man a fatal blow.

"kill!"

Su Chen looked at Yan Dan who was tightly controlled by the goddess priest and ordered,

"yes!"

Pfft!

A goddess priest cut off Yan Dan's head with a single blow, while Yan Dan stared into the air with his big eyes open.

"ah! I'm going to kill you, I'm going to kill you.....puff!" Just when the Six-fingered Black Man saw Yan Dan being killed and went crazy,

Siming, the great master of the Yin-Yang family, suddenly took action.

She gathered the power of the Six Soul Terror Curse and directly attacked the Six-Fingered Black Man's back.

"Giant!"

"Damn it, the Yin Yang family actually attacked the giant"

"Giant! Juzi, how are you?"

"Duan Murong, come and see the giant!"

The people of the Mo family saw the giant Six-fingered Black Man being attacked by the Great Siming of the Yin-Yang Family.

They hurriedly surrounded the Six-Fingered Black Man one by one to guard against the high priest and the Great Siming of the Yin-Yang Family. They were worried that these two women would take advantage of the opportunity. Attack the giant six-fingered black man again

"Why do you want to help me?" High Priest Loulan did not take the opportunity to kill the Six-fingered Black Man. She looked at the Yin-Yang Family's Chief Siming and asked with a frown.

The Yin-Yang Family's Chief Siming looked at Su Chen and smiled and said,

"Go ask that person?"

"Are you that bastard's subordinate?" The high priest of Loulan looked puzzled when he heard the words of the Yin Yang family's chief commander.

She didn't expect that this powerful woman was also related to that bastard, and was even his subordinate. This made the high priest look at Su Chen. The bastard seemed more and more mysterious.

Da Siming looked at the High Priest of Loulan and reminded him, "You can also say, High Priest, I'm warning you not to get involved with that bastard, otherwise you will suffer in the future."

"Are you threatening me?" The high priest of Loulan squinted his eyes and asked displeasedly after hearing the words of the Yin-Yang family's chief commander.

The chief priest didn't care about the high priest's attitude. "Whether it's a threat or an advice, it depends on how you understand it."

"I am not threatened, and you cannot threaten me." The high priest clenched his fist and stared at Da Siming. She felt that this woman seemed to have misunderstood something, but she didn't need to explain. She had nothing to do with that bastard.

"Yeah? Your strength is too low. The strength of the Grand Master at his peak is probably inconspicuous among that bastard woman. Just take care of yourself."

"I'm not that shameless bastard woman!"
