

## Zongwu 971

### Chapter 971

The high priest of Loulan is very angry now.

What is the origin of this Central Plains woman?

How could she think she was that bastard woman?

And is that bastard woman very powerful?

The strength of Xiao Li next to that bastard is not very good. Xiao Li, who is in the realm of Grandmaster cultivation, can be considered powerful?

At this moment, the leaders and masters of the hundreds of schools of thought saw the great commander of the Yin-Yang family surprise attack on the six-fingered black man of the Mo family, and they all guarded against the Yin-Yang family.

There are three great masters from the Yin-Yang family.

If the Yin-Yang family cooperates with the high priest of Loulan, I am afraid that all the people from hundreds of families who come this time will be wiped out in one fell swoop.

Farmer Tian Guang, Taoist Xiaoyaozi, and a great Confucian master looked at each other and hurriedly gathered with their disciples. They were ready to unite to defend against the masters of the Yin Yang family and Loulan.

"Juzi, how are you? Miss Duanmu, how is the giant?" Master Xu saw the six-fingered black man's face pale and his mouth constantly vomiting blood, so he hurriedly asked Duan Murong,

"Juzi is fine, he just suffered some internal injuries. This time, Juzi was so angry that he passed out. He will wake up after a while."

"That's good!"

Master Xu breathed a sigh of relief when he heard Duan Murong's words.

In the Mo family, only the Six-fingered Black Man is the grand master. If the Six-fingered Black Man is killed this time, the Mo family will be completely destroyed.

Datie next to him Zhui hammered the ground angrily and shouted loudly, "Yin Yang family, we can't let them go. The people of Yin Yang family dare to sneak attack the giant. This is a declaration of war against our Mo family."

Gao Jianli grabbed the big hammer and said hurriedly, "Big hammer, don't mess around. The Yin and Yang family is now powerful and we can't afford to provoke it."

When Big Iron Hammer heard Gao Jianli's words, he looked at Su Chen on the high platform. He was very angry with that ugly man Su Chen. Yan Dan is the prince of the Yan Kingdom, and their Yan Kingdom needs Yan Dan to lead the rise.

Now Yan Dan If he is killed, the Yan Kingdom will have no chance to rise in the future.

Big Iron Hammer is determined to kill Su Chen

"Then we will kill that man. He ordered the death of Yan Dan. Yan Dan is not only the prince of the Yan Kingdom, but also the disciple of the giant. We cannot let that bastard go."

"kill! That bastard Di Jun must be killed"

"Yeah, we can't let that bastard go"

"But that bastard has an unclear relationship with the high priest of Loulan. If we want to kill him, I'm afraid the Loulan people will stop us."

"yes! The high priest of Loulan will definitely protect that bastard. The high priest is a grand master. None of us are the opponent of the high priest of Loulan."

The people of the Mo family started talking after hearing Big Iron Hammer's words. They all agreed to kill Su Chen, but they were worried that the masters in Loulan would protect Su Chen, which made them not know what to do for a moment.

Duan Murong Gongsun Liji and others don't know what to do now. They have no objection to Su Chen killing Yan Dan, but the anger of everyone in the Mo family cannot be controlled by these two weak women. On the high platform,

Su Chen looked at the people of the Mo family He shook his head.

He had heard everything the Mo family said.

Su Chen was not worried about the Mo family coming to kill him. If the Mo family wanted to die early, he would not mind giving them a ride.

"Xiao Li, did the high priest tell you where the Demon God of War is?"

"told me"

"Then let's destroy the Demon God of War first. There's nothing to see here."

"good!"

Su Chen doesn't plan to spend any more time here. The Yin-Yang family is here in the priest's palace, and Loulan's masters are cooperating with the Yin-Yang family. Even if all the families are not completely wiped out this time, they will be killed and only a few people will be left.

"let's go!"

Su Chen took Xiao Li and prepared to go to the secret room behind the palace to destroy the Demon God of War. When he left, Su Chen passed a secret message to the mountain ghosts of the Yin and Yang family.

Duan Murong and Gongsun Liji were their friends.

Su Chen believed that the mountain ghosts of the Yin Yang family would understand what he meant.

The high priest of Loulan and the people of the Yin Yang family did not say anything when they saw Su Chen leaving. The high priest knew what Su Chen and Xiao Li were going to do, and the Yin Yang family The people were originally Su Chen's subordinates, and they did not dare to ask where Su Chen was going.

The mountain ghost of the Yin Yang family rolled her eyes after Su Chen sent her a message. She was also dissatisfied with Su Chen's romantic nature. He was completely speechless.

The emperor of the empire still refused to change his ways, and was always accompanied by beautiful women no matter where he went.

The Zhuzibaijia didn't say anything when they saw Su Chen leaving.

The Zhuzibaijia are now with the masters of Loulan and the Yin-Yang family. During the confrontation, if they did not deal with the masters of Loulan and the Yin Yang family, they would not be able to stop Su Chen who was about to leave.

In a hidden secret room behind the priest's palace,

Xiao Li opened the secret room and found that there was a long passage inside. They were in After lighting the torch, they walked inside.

In the long passage,

Su Chen and Xiao Li walked for almost two quarters of an hour before arriving at a huge space.

In this huge space,

Su Chen and Xiao Li looked at There was a red sword and a bronze door in the space. When

Xiao Li saw the sword of Chi You in the middle, he hurriedly reminded Su Chen, "Master, that is the sword of Chi You. We'd better not touch it. The bronze one at the back The door leads directly to the interior of the Demon God of War."

"Is this Chi You's sword that can confuse and control people? This sword is nothing!"

"Young Master, you must not touch it. If you are controlled by the magic sword, no one can save you and you will become a slave of the sword."

"I see."

Su Chen had no interest in Chi You's sword at all. Chi You's sword didn't look as powerful as his spiritual sword Luoxue. He decided to deal with the Demon God of War in a while, and Chi You's sword also decided to destroy it.

Xiao Li opened the bronze door Later,

Su Chen and Xiao Li saw that the space inside was full of huge gears, and this space was all made of a kind of metal.

I guess!

Who is the Nine Heavens Xuannv?

How could she build such an advanced gear ? A robot?

Su Chen looked at the space full of huge gears and some designs that he couldn't understand. This surprised Su Chen. Even modern people might not be able to create these precise gear connections.

Xiao Li looked at There were densely packed huge gears everywhere in the space, so she hurriedly said to Su Chen, "Sir, if you destroy all the gears here, the Demon God of War will completely lose its function, and it will be impossible for the Demon God of War to be activated again."

"I see!"

Su Chen took out the spiritual sword Luoxue from the system space, and he sent his internal energy to Luoxue to prepare to destroy all the gears here.

Whoosh whoosh whoosh whoosh..... bump bump bump bump bump bump bump bump  
bump bump bump bump bump bump bump bump bump bump bump bump bump bump bump  
bump bump bump bump bump bump bump bump bump bump bump bump bump bump bump.....

Luoxue was controlled by Su Chen and kept penetrating the huge gears here. The huge gears in the space were penetrated by the spirit sword Luoxue like tofu, and the huge gears continued to break and fall down.

Xiao Li laughed when she saw the destroyed gears. As long as the huge gears here were destroyed, the Demon God of Soldiers would be an empty shell. There would be no more Demon Gods of Soldiers in the future, and she and the Loulan people would be completely destroyed. Relieved.

At this moment, at a hidden spring in Loulan City,

Ji Ruxihe and an old man stood opposite each other. They both looked at the mysterious spring in Loulan with complicated expressions.

"Donghuang Taiyi, the spiritual spring here has been destroyed. It seems that our visit this time will be in vain."

"Guiguzi, what are you doing mysteriously? That farmer Liu Ji was the person you secretly trained, right?"

## Chapter 972

Ji Ruxihe didn't expect that Guiguizi would also come to Loulan. If she hadn't suddenly discovered that Guiguizi was using his inner strength, she probably wouldn't have thought that the ordinary old man who had been hiding in Zhuzibai's house would be Guiguizi.

Guiguzi did not expect that Donghuang Taiyi knew about Liu Ji, which surprised him very much.

Liu Ji was his backup plan.

If Qin unified the Eastern Continent, the nobles of the six countries would definitely unite to rebel against Qin. Liu Ji This is the spokesperson he is planning to launch

"Donghuang Taiyi, don't you think you have too much control?"

Ji Ruxihe looked at Guiguzi disdainfully with his hands behind his back and said,

"Guiguzi, you politicians have been stirring up the situation in the world."

"If it weren't for you, the politicians"

"The Eastern Continent has long been unified by Qin"

"Don't think we don't know about some of the secret things you have been doing while feigning death. Taoist Bei Mingzi has been paying attention to you. Farmer Liu Ji and those people in Dongjun were all prepared by you, right?"

"Donghuang Taiyi, I don't know what you are talking about. The spiritual spring in Loulan has been destroyed. There is no need for me to stay here. Farewell!"Guiguzi's old face showed a shocked expression and he hurriedly left.

Guiguzi also didn't expect that his layout was being monitored by someone,

Taoist Bei Mingzi!

That old immortal had been secretly paying attention to him, which made him He had to rush back to hide some of his secret plans.

Moreover, Donghuang Taiyi's strength also frightened him.

He was only a land immortal in the late stage of the Heavenly Realm, and Donghuang Taiyi put too much pressure on him. Donghuang Taiyi I am afraid that those who are either at the peak of the Heavenly Realm or half-step into the Golden Core Realm make Guiguzi dare not stay here any longer.

When Donghuang Taiyi saw Guiguzi leaving, he smiled disdainfully and said, "Tsk! The Strategist has forgotten his original purpose, and it seems that Gui Guzi cannot stay, otherwise it will pose some threat to that bastard Su Chen to unify the Eastern Continent."

Dong Huangtai disappeared in a flash.

She couldn't let Gui Guzi leave this time. It would be better for Gui Guzi, who had been hiding and causing trouble, to die completely.

In the evening,

Su Chen took Xiao Li to join the demon god's army. came out of the space.

Su Chen was a little tired now. He had been controlling the spirit sword attack for more than an hour, which made him very tired. Fortunately, both the Demon God of War and the Sword of Chi You were destroyed, and his These efforts are also very worthwhile

"Young Master, are you really okay?" Xiao Li helped Su Chen and asked with concern.

Su Chen put one hand on Xiao Li's shoulder and shook his head and said, "It's okay, it's just that it's a bit mentally draining. I'll recover after a while."

Xiao Li smiled when he heard what Su Chen said.

The Demon God of War was completely destroyed, and Chi You's sword was also broken into pieces by Su Chen's spiritual sword.

She will be completely free in the future, and she will never use it again. She turned into Tears of the Goddess and continued to protect the God of Soldiers. From now on, she could look everywhere in the world, but she still decided to stay with this bastard in the future.

When Su Chen and Xiao Li came to the priest's palace, there was no The fight started again.

Su Chen shook his head when he saw the people divided into three groups confronting each other. It seemed that those who were injured in the previous battle had not recovered yet, but why didn't the

Yin and Yang family take this opportunity to destroy the hundreds of families here? Where are the people?

The high priest of Loulan and the Yin Yang family were very surprised to see Su Chen's mental shrinkage.

They all looked at Su Chen worriedly.

Especially everyone from the Yin Yang family.

They all knew Given Su Chen's identity, if something happens to Su Chen here, I'm afraid Concubine Yan won't have to deal with them. Even Donghuang Taiyi in Loulan will angrily kill all of them who are unfavorable in protecting them.

Su Chen was supported by Xiao Li and sat on the high priest's bed. On his seat, he looked at the various schools of thought and threatened with an expressionless expression, "The Mohists left the big hammer, Gao Jianli, the farmers left Liu Ji, and the Confucians left Han Fei and Zhang Liang." , Taoist Xiaoyaozi stays, everyone else can go away"

"Bastard, who do you think you are?"

"That is, if we want to leave, we can leave. If we want to stay, we can stay. Why do you threaten us?"

"Kill this bastard!"

"It is impossible for our various schools of thought to give up on their own disciples"

"Kill this bastard, he seems to be hurt."

Everyone from the Zhuzi Baijia yelled and cursed when they heard Su Chen's threat.

They were not worried about this person who threatened their Zhuzi Baijia. This person was also a master, and he might be injured now. People like them He didn't care about Su Chen's threat at all.

Su Chen looked at the Loulan high priest and the Yin Yang family and ordered, "High priest, order your Loulan masters to prepare to kill these people, and the Yin Yang family is also ready to take action.""

"Why should I....."

"The Yin Yang family takes orders!"

When the high priest was about to oppose Su Chen, the Yin-Yang Family's words surprised her and she stopped talking.

She didn't expect that the Yin-Yang Family actually obeyed this bastard's order. She just learned about the Yin-Yang Family, which is from the Eastern Continent. The leader of the most powerful sect, Donghuang Taiyi, is a land immortal in the heavenly realm.

What is the relationship between this bastard and the Yin Yang Family?

Why do everyone in the Yin Yang Family obey his orders?

"who are you?"

Han Fei looked at Su Chen and asked with a serious face.

Su Chen smiled when he heard Han Fei's words and said,

"you guess?"

Han Fei stood up and looked at Su Chen and said with a complicated expression, "The former Wu Xiangjun Su Chen is now the emperor of Xuantian Empire Su Chen. Is my guess correct?"

"What? Is this person Su Chen, the emperor of the Xuantian Empire? How can this be?"

"This is not true. How could the Emperor of the Xuantian Empire appear here?"

"Yes, the Emperor of the Xuantian Empire is the most powerful empire in the Tianxuan Continent. The Southern Continent and the Western Continent are both under the rule of the Xuantian Empire. How could the Emperor of the Xuantian Empire appear here?"

"It is impossible for Han Fei to talk nonsense. This person may really be the emperor of the Xuantian Empire."

"But why did the emperor of the Xuantian Empire appear here? Is he also interested in the Demon God of War?"

"Maybe so. Dong Jun of the Yin Yang Family is the queen of the Xuantian Empire, and the Yin Yang Family is also considered a force under the Xuantian Empire. If everyone in the Yin Yang Family obeys this person's orders, I am afraid that this person is really the emperor of the Xuantian Empire."

Everyone in the various schools of thought started talking in horror when they heard Han Fei's words.

If this person is really the emperor of the Xuantian Empire, then the Xuantian Empire's army may also be near the Loulan Secret Realm. The Zhuzi who arrived this time I'm afraid none of the National Alliance Army and their various families can escape.

Duan Murong and Gongsun Liji looked at Su Chen in surprise when they heard Han Fei's words.

Is this bastard the emperor of the Xuantian Empire?

Han Fei was kidding. Right?

This very shameless and lustful bastard, how could he be the emperor of a powerful empire?

Su Chen smiled and took off his human skin mask.

He no longer has to hide his identity now, his army is about to come in Loulan is in the city. It is impossible for the armies of the six countries to escape this time. The armies of the six countries will either be massacred or surrender.

He does not intend to let go of the people here.

He just tried to test the people here. The friendship between them was just that Su Chen didn't expect that Han Fei would guess his identity.

"good! Han Fei, you are indeed a very smart person. How did you guess my identity?"

Chapter 973

Han Fei clenched his fist when he saw Su Chen's face.

How could he forget this person who had brought humiliation to him throughout his life in Han Country? The fall of Han Country was also because of this person, and the betrayal of Zi Nu and Wei Zhuang was also because of him. This person, he was full of resentment towards this person.

All the scholars were shocked when they saw Su Chen.

Although they all guessed that this ugly man might be the emperor of Xuantian Empire, they really didn't expect that this man was actually from Xuantian Empire. emperor.

The high priest of Loulan was also very surprised when she saw Su Chen's pretty face.

She didn't expect that this bastard had changed his appearance. Moreover, this bastard was still an emperor. Judging from the surprised expressions of all the scholars, this bastard's empire was probably also very... of strength.

The high priest of Loulan doesn't know how to face Su Chen now, but this bastard destroyed the Demon God of War, which made her have a favorable impression of this bastard.

It's just that the people of Loulan were massacred by the Central Plains people.

This bastard was also a Central Plains person and the emperor of the Central Plains Empire. This made the high priest not sure how to face this shameless emperor in the future.

Duan Murong and Gongsun Liji looked at Su Chen with a ghostly expression.

Duan Murong was a miracle doctor, but she didn't notice Su Chen's disguise skills at all, which made Duan Murong very frustrated.

Gongsun Liji looked at Su Chen's true face and asked in surprise, "Sister Duanmu, is this bastard really Su Chen, the emperor of the Xuantian Empire?"

Duanmu Rong looked at Su Chen with a complicated face and nodded, "Yes, I have seen the portrait of this bastard, but I didn't expect that the bastard who has been with us for more than ten days is actually the emperor of the Xuantian Empire."

"Damn bastard, he lied to us." Gongsun Liji clenched her fists, exposed her little fangs, and cursed angrily,

"Li Ji, we are not on the same side as this bastard. I am afraid that we will be enemies in a while. Either we will die this time or this bastard will die."

"ah! this....."

Duan Murong looked at Gongsun Liji's bewildered look, and she felt bad.

Su Chen could be said to be their friend, but Su Chen's army was going to invade the Eastern Continent, so the Mo family was destined to become Su Chen's enemy. ,

Duan Murong patted Gongsun Liji on the shoulder and continued,

"Li Ji"

"We are enemies with Su Chen. Su Chen is the enemy of all the countries in the Eastern Continent and the enemy of hundreds of schools of thought.

"Su Chen has unified the Southern Continent and the Western Continent. The next step is our Eastern Continent. The countries and schools of thought in the Eastern Continent will not let Su Chen come to unify the Eastern Continent. We are destined to be enemies."

Gongsun Liji sat aside blankly and looked at Su Chen.

She really couldn't bear the big event that happened today.

She was very fond of Su Chen.....

No!

She had a good impression of Di Jun, but she didn't care that Di Jun looked ugly. She even fantasized about getting married and having children with Di Jun, but now they all turned into a phantom.

Di Jun is gone.

Now she has turned into a handsome-looking Emperor Su Chen of the Xuantian Empire, which Gongsun Liji couldn't accept for a while.

Han Fei took a deep breath and looked at Su Chen and said gloomily,

"Su Chen, I have suspected you since we were in the desert town. Although I didn't think it was you at that time, some of your characteristics are very similar to Su Chen."

"Just as shameless"

"Just as lustful"

"Just as shameless"

"It's just that I never believed that you would come to the Eastern Continent after becoming emperor for more than ten days. It seems that I really don't know you well enough."

"Until the appearance of the Yin Yang Family, the Yin Yang Family's attitude toward you made me guess that you are Su Chen, the emperor of the Xuantian Empire."

Su Chen's face turned green when he heard Han Fei's words.

What's so shameless about him?

What's lewd?

What's shameless?

Is he talking about himself?

Su Chen saw the people around him looking at him with very strange expressions. , this made him very angry, and now he wanted to give Han Fei a good beating.

Su Chen looked at Han Fei with an ugly face and said regretfully, "It's a pity that you are so smart but you can't be used by me.."

Han Fei shouted angrily with a serious face,

"I have to avenge the hatred of my family and my country."

Su Chen wanted to strangle this bastard to death when he heard Han Fei's words, "It's not me, did I destroy the Han Kingdom? Did I kill King Han? If you really want to take revenge, just go to the State of Qin and King Qin Yingzheng to take revenge. Why are you taking revenge from me?"

Han Fei also yelled at Su Chen angrily,

"That's all because of you. If you hadn't captured Xingcheng City, if you hadn't recruited many troops from the Han Kingdom, would the Han Kingdom have moved its capital? Will Han State be destroyed by Qin because of lack of troops?"

"Han Fei, do you think the Han Kingdom would not have been destroyed by Qin if I had not done these things? You are too naive. How can Han State's two to three hundred thousand troops stop Qin's army from attacking? Don't have any wishful thinking that those troops with no combat effectiveness can stop the Qin army's attack."

"I don't care, this is all because of you. You will die today. I will definitely kill you this time."

"Damn it, is this a soul or a sword spirit?"

Su Chen saw Han Fei holding a broken sword, and a black soul appeared next to him instantly. This made Su Chen think that Han Fei's sword should be the Reverse Scale Sword.

Every time Han Fei appears in danger , When the time comes, the Ni Lin Sword will always come out to save him.

This time Han Fei took the initiative to awaken the Ni Lin Sword Spirit.

It seems that Han Fei is very determined to kill him.

Han Fei's face is very pale now.

He looked Looking at the sword spirit beside him, he said to Su Chen gloomily,

"Su Chen, you are dead this time."

When the people of the Yin and Yang family saw Han Fei's current situation, they hurriedly escorted Su Chen behind them.

Su Chen couldn't have any accidents. Although the sword spirit that Han Fei could come out was very powerful, they only needed to persist. When Donghuang Taiyi arrived, this sword spirit was no longer a concern.

Su Chen looked at the sword spirit and was very curious, how could this sword spirit have the strength of a celestial being?

Isn't this too scary?

A

It was really weird that the sword that was about to be broken would have a sword spirit in the realm of heaven and man.

Su Chen looked at the sword spirit and didn't care anymore.

He looked at Han Fei and smiled and said, "Han Fei, aren't you afraid that after you kill me, my army will slaughter all the Han people to bury me with me?"

"You won't do this!" Han Fei's face turned warm when he heard Su Chen's words, but he thought that Su Chen was an emperor who loved his people like a son, and any of his wars were massacres of foreign races.

He had no examples of massacres of people in the Central Plains of China,

Han Fei I don't believe that Su Chen would massacre the people of the Central Plains either.

"That's not necessarily the case!"

Su Chen smiled and directly gave the order to the Yinyang family, "Everyone in the Yinyang family, listen, if I am killed by Han Fei, notify Concubine Yan to order the army to kill all the people of the Qianhan Kingdom without leaving a trace."

"Yes, Your Majesty!"

"Su.....morning! You shameless bastard!"

Chapter 974

Han Fei looked at Su Chen like an angry lion.

He didn't expect that this bastard was so shameless and shameless that he would threaten him with the people of Han Country.

But Han Fei didn't dare to bet.

If he really killed this shameless bastard this time, I'm afraid millions of people in the Han Kingdom would be massacred by this bastard's army.

People from various schools of thought were very shocked when they looked at Su Chen.

They did not expect that the emperor of the Xuantian Empire would threaten Han Fei like this. Originally, they thought that Han Fei would definitely kill the most powerful emperor in the world this time. Now Han Fei probably really doesn't dare to take action.

The lives of millions of people in the Han Kingdom now depend on Han Fei's thoughts. If Han Fei takes action to kill the emperor of the Xuantian Empire, I am afraid that the Xuantian Empire's army will angrily massacre all the people in the Han Kingdom in the future.

"Shameless!"

"How shameless!"

Duan Murong and Gongsun Liji cursed angrily when they heard Su Chen's words.

Although they knew that this bastard was shameless and very shameless, this bastard was the emperor of an empire after all, but even the emperor of a huge empire would Threatening someone like this made them all feel embarrassed for Su Chen.

The high priest of Loulan looked at Su Chen and shook his head.

This bastard is so inhuman.

She must never offend this shameless bastard in the future. This shameless bastard is She had no way to deal with such a shameless bastard.

Su Chen didn't care what the people around him thought of him. He looked at Han Fei and said with a smile,"Han Fei, don't be so angry. After all, your sword spirit is too powerful. Otherwise, I won't threaten you like this"

"You are a shameless and despicable person." Han Fei glared at Su Chen with red eyes and yelled angrily.

Su Chen shook his head and continued, "You can scold me all you want, huh? Han Fei, why didn't your sister, Princess Honglian, come with you? Did you stay in Confucianism? Or is it hidden somewhere else?"

Han Fei was very nervous when he heard Su Chen's words.

He was now afraid that this bastard would ruin his sister's idea. If this bastard sent people to search for his sister's whereabouts, I'm afraid his sister would really be unable to hide.

This bastard's hand The secret guards, snares, and shadow assassins here are all very powerful. Now he is worried that this bastard will catch his sister.

"what are you up to?"

Su Chen walked directly towards Han Fei from the high platform.

The Yin Yang family wanted to follow but Su Chen stopped them. When

Su Chen came to Han Fei's side, he smiled and said,

"Han Fei, let's make a deal"

"Anyway, you won't live long, for your sister and for the people of your cold country."

"As long as you help me do a few things"

"No one will dare to have any ideas about your sister, Princess Honglian."

"After the people of the Cold Country come under the rule of my empire, I will order that the people of the Cold Country be exempted from taxes for five years. From now on, the people of the Cold Country will be treated the same as the people of my empire, and I will treat them equally."

Su Chen also saw that Han Fei's health was about to fail.

Su Chen didn't know whether it was Han Fei who was already ill or whether it was the result of his use of the Reverse Scale Sword, but it didn't matter to him. As long as Han Fei... What does he have to care about if he is going to die?

Han Fei looked at Su Chen who was approaching and did not dare to kill this bastard. When he heard Su Chen's words, his face became a little loose. This bastard is a shameless thing. Bastard, but his promise is trustworthy.

Han Fei's face kept changing.

This bastard couldn't kill him now, which made him very angry.

Han Fei finally sighed helplessly and said, "I promise You, but you bastard, don't take advantage of my sister, and you have to keep my sister's title of Princess Red Lotus."

"Damn it, Han Fei, I can promise Xiao Honghua not to have any ideas about her, but how can I keep the title of Princess Honglian? You are making me very embarrassed"

"I killed everyone on the list you just mentioned except Zhang Liang. Is that enough?"

"make a deal!"

Su Chen immediately patted Han Fei on the shoulder and agreed.

Keeping the title of Princess Honglian didn't mean anything to him. As for the idea of taking Little Red Flower or not? Su Chen had never considered it before, but from now on. It's hard to say, after all, he hasn't seen the little red flower yet

"You really are a shameless bastard!"

"Ha ha! Then just think of me as a shameless bastard and start your show."

Su Chen said as he dodged and reappeared on the throne upstairs.

After he took care of Han Fei, he had nothing to worry about. The Reverse Scale Sword Spirit was too weird. He didn't know anything about how to deal with a sword spirit.

Su Chen He won't fight to the death with the sword spirit for his own life, and he can kill the enemy without taking action.

Isn't this great?

After Su Chen left, Han Fei looked at the people here at Zhuzibaijia and said,

"Everyone, you have heard what Su Chen and I just said. Everyone whose names Su Chen read just now, please come forward. I will kill all of you by myself. Don't blame me. I have no choice but to do so."

"Damn it, Han Fei, I will fight you with my big hammer"

"Gao Jianli accepted the challenge!"

"Xiaoyaozi also accepted the challenge"

"And I, Jing Ke, can't watch my leader of the Mo family being killed."

Big Iron Hammer and Gao Jianli came to the middle of the palace one by one. They all knew that Han Fei had no choice but to kill them. But if Han Fei wanted to kill them, they could not stand and let Han Fei kill them. At this time,

Zhang Liang He also walked out with a sword.

He knew that he couldn't escape this time. Su Chen read his name just now. Even if Han Fei didn't kill him, I'm afraid Su Chen would kill him.

"Brother Han, Zhang Liang also accepted the challenge"

"Brother Zhang?"

"Needless to say, life and death matter, take action!"

Han Fei looked at Zhang Liang and nodded.

He understood what Zhang Liang meant.

I'm afraid no one from the various schools of thought could leave alive this time. Zhang Liang would rather die in his hands than be killed by Su. Chen's men killed him.

Han Fei clasped his fists at Zhang Liang and Xiaoyaozi and said,"Everyone, we can form a companion on the road to Huangquan, so that we are not alone anymore, kill!""

"kill!"

"kill!"

"kill!"

Boom! Bang! Bang!

The battle in the priest's palace started again, but this time it was a civil war between various schools of thought.

Han Fei stood in the middle and did not take any action. He was just a master. Even if he took action, he could not kill these people. He just watched the Ni-Lin Sword Spirit slaughtering the people who stood up one by one with one sword. The

Ni-Lin Sword Spirit has the strength of the Heavenly Realm, and these master masters cannot make a single move under the Ni-Lin Sword.

Big Iron Hammer He was cut in half without taking a single move, Gao Jianli had his throat slashed and died, Zhang Liang was pierced through the heart with a sword and died. The only ones who are still struggling are Taoist Xiaoyaozi and Mohist Jingke. Farmer Liu Ji didn't stand up at all.

He hid next to the dwarf Zhu Jia and was so frightened that he sweated profusely. He simply didn't understand why Su Chen wanted to kill him by name. Now he could only count on farmer Zhu Jia and Xia Kui to save him. On the high platform,

Chief Siming of the Yin Yang Family came to Su Chen and picked at her bangs and said, "Your Majesty, you are so shameless to do this."

"Damn it, Da Siming, if I am not shameless, your Yin Yang family will end up like those of Big Iron Hammer. Are you willing to see this?"

Chapter 975

Su Chen shook his head speechlessly after hearing Da Siming's words.

If the Yin Yang family could defeat Han Fei's sword spirit, would he use it so despicably and shamelessly?

Donghuang Taiyi, oh no!

I don't know where Ji Ruxi and that woman went. If Ji Ruxi and that woman were here, Su Chen wouldn't have to threaten Han Fei like this. He had to do this in order to reduce his own casualties.

Da Siming blushed when he heard Su Chen's words. Su Chen was right. If Su Chen hadn't shamelessly threatened Han Fei, everyone in the Yin Yang family who came this time would have been killed by that terrifying sword spirit.

Other people in the Yin and Yang family also heard the conversation between Su Chen and Da Siming.

They looked at Su Chen and were filled with gratitude.

If it weren't for Su Chen's shameless behavior, they would have been the same as those from the various schools of thought. was killed.

Su Chen patted Da Siming on the shoulder and ordered, "Da Siming, find me some wine.""

"Yes, Your Majesty the Emperor." Da Siming saluted Su Chen and replied,

"My beloved concubine is naked!"

"Get lost, I'm not your concubine"

"Hahaha!"

Just when Su Chen was teasing Da Siming,

Jing Ke was pierced through the neck by the Nilin Sword Spirit during the battle.

Jing Ke fell to the ground with his eyes wide open.

"Senior brother, senior brother!"

When Gongsun Liji saw Jing Ke being killed, she shouted sadly and was about to rush forward, but Duan Murong held Gongsun Liji tightly and refused to let her pass.

Duan Murong pulled Gongsun Liji tightly and said loudly, "Li Ji Ji, you can't go there"

"Senior brother is dead, senior brother is dead, and I will be the only one left in the future." Gongsun Liji couldn't bear to die, so Jing Ke cried heartbrokenly,

"Li Ji, please cheer up. We can't help ourselves in the world. We walk on the edge of life and death every day. We may die here too this time."

"Su Chen, it's Su Chen, he killed my senior brother, I want revenge, I want to kill that shameless bastard"

"Li Ji....."

Duan Murong looked at Gongsun Liji who was glaring at Su Chen with hatred. She really didn't blame Su Chen this time. Jing Ke stood up for the loyalty of his friends. His death was also his own fault. But Gongsun Liji now hates Su Chen. Chen, I'm afraid this can only be said to be the result of deep love and deeper hurt.

"Dream Butterfly....."

Poof! ah!

In the middle of the priest's palace, as masters from hundreds of schools of thought were killed one by one,

Taoist Xiaoyaozi was helpless. Just when he was about to escape, Nilin Sword Spirit pierced Xiaoyaozi's body with a single sword. boom!

After Nilin Sword Spirit provoked Xiaoyaozi, Xiaoyaozi's body was torn to pieces by the sword spirit's sword energy.

It can be said that Xiaoyaozi died the worst among people here. Big Iron Hammer at least left a body, but Xiaoyaozi didn't even leave a body.

Su Chen saw some minced meat everywhere in the priest's palace, which made him feel very sick when he saw it, "What the hell, this is really disgusting, Da Siming, if it weren't for me, you would end up like Xiaoyao The same thing"

"Asshole, stop talking."

Da Siming's face is very ugly now.

She knows that her Yin Yang family is not the opponent of the Sword Spirit, but the Sword Spirit kills people too cruelly. It either breaks two with one sword or leaves no bones left. This makes the very fierce Da Siming see They all had lingering fears.

Su Chen shook his head at Da Siming and looked towards the farmer's house.

Liu Ji, the guy who was more shameless than him, didn't stand up this time. He couldn't let that shameless bastard go,"Han Fei, the only thing left is Liu Ji from the farm is here. Kill him and our deal is concluded."

"I.....Ahem.....I know!"Han Fei is now exhausted. His pale face looks very scary. He coughed up blood from his mouth when he answered Su Chen.

Su Chen looked at Han Fei and shook his head and said sadly," Han Fei is dying, alas! Fate is still really rough for him."

Da Siming and Xiao Li were very surprised when they saw Su Chen sighing. They didn't expect that Su Chen would feel sorry for Han Fei.

Da Siming looked at Han Fei and asked Su Chen doubtfully,

"Are you sympathizing with Han Fei?"

Su Chen nodded and looked at Han Fei and said complicatedly,"A bit, Han Fei has to pay a price for using the Reverse Scale Sword Spirit. This time I am afraid it will be the last time Han Fei uses the Reverse Scale Sword Spirit."

"Han Fei is still very talented, won't you save him?"Da Siming knew that Su Chen had Zhu Guo. If Su Chen used Zhu Guo to save Han Fei, he might be able to revive Han Fei.

"His talent is only for the Han Kingdom. He cannot be used by others. If he keeps it, he may become an enemy in the future. It is better to let him leave like this. Han Fei is probably very tired of living. He has talent and is a royal family. But if he could not be reused, Han Fei's life would be very miserable."

Da Siming and Xiao Li also understood after hearing Su Chen's words.

Han Fei had wanted to make the Han Kingdom stronger all his life, but his heart was strong but his strength was insufficient. The king and nobles of the Han Kingdom could not make Han Fei change his ways. To harm the interests of the nobles.

Han Fei didn't succeed until the Han Kingdom was destroyed.

He was very tired of living.

Maybe when the Han Kingdom was destroyed,

Han Fei's heart might also die.

The high priest of Loulan is now Like an outsider, she and her subordinates stood aside and listened to the conversation between Su Chen and Da Siming. Although he didn't know what Su Chen and Da Siming meant by what they said, she also felt that Su Chen felt sorry for the dying man.

A goddess priest ran in from outside the palace and hurriedly said to the high priest, "High Priest, Loulan is over. Not many of our people have been slaughtered. Those Central Plains troops are gone. Coming to the priest's palace."

The high priest was also very helpless after hearing this, "The army in the Central Plains is too powerful, and our army in Loulan is simply vulnerable. Maybe we will die together with the people of Loulan in our ancient city of Loulan."

Su Chen smiled after hearing the conversation between the high priest and the others next to him, "High priest, call me good brother, and I will kill you."

"Bastard, don't even think about it!"

"Even if you are about to die, you still keep talking. I'll look at you for a while and you beg me not to"

"Even if I die, I won't beg you, you bastard."

"Arrogant high priest, I hope you continue to be stupid like this. You will regret it when everyone in Loulan is dead."

The high priest felt very uncomfortable when he heard Su Chen's words.

I'm afraid they are the only ones left in Loulan. There are hundreds of thousands of Central Plains troops outside. If everyone here is dead, so will Loulan. The country was completely destroyed.

At this moment, the sword spirit also attacked Liu Ji.

Liu Ji originally hoped that the Zhu family and Tian Guang could save his life, but when the sword spirit came to kill, both the Zhu family and Tian Guang hid in one after another.

Han Fei's Sword Spirit was at the Heavenly Realm.

Even if they were put together, they were no match for the Sword Spirit. They would not lose their lives for Liu Ji.

Han Fei's Sword Spirit killed him effortlessly.

After the sword spirit killed Liu Ji ,

Han Fei looked at Su Chen and shouted with blood in his mouth,"Su Chen, I'll kill him, remember your promise, take good care of my sister." Su

Chen looked at the dying Han Fei and nodded and promised,"You should know my promise. I will keep my promise. From now on, your sister will be my sister. Princess Honglian of the Xuantian Empire, I believe no one dares to do so." move"

"Thanks.....Thanks!"Han Fei smiled and fell to the ground, and his scale-reverse sword was broken after Han Fei fell, and the sword spirit disappeared into the priest's palace.

"Han Fei, have a good trip!"

Chapter 976

When Su Chen saw the fallen Han Fei, he drank all the wine in the glass in one gulp.

Han Fei was relieved.

He was depressed and unhappy in this world, and death was the best choice for him.

Han Fei left with a smile.

He would take care of his only sister. Princess Honglian would be the princess of his empire from now on. As long as he was around, no one would dare to touch Princess Honglian.

Su Chen told the remaining disciples and hundreds of people.

Only Mrs. Xu and Old Man Ban were left in the Mo family. The giant six-fingered black man was hit by the six-soul terror curse of Da Siming. He could not survive. Duan Murong and Gongsun Liji  
They are all insignificant people.

The remaining members of the farm family are Tian Guang, Zhu Jia, Situ Wanli, and Tian Mi.  
These people are nothing to be afraid of.

There are still a few masters left in the Taoist sect.

There are four Confucian people left.

Um!

There was also the armored door who had been watching the show, the tall and strong Dianqing and the coquettish and fiery Mei Sanniang, who had been standing alone all the time.

I don't know why these two Wei people are not in the army. It is difficult for them to appear here. Was he squeezed out by the Wei generals?

Whoosh whoosh!

While Su Chen was looking at these people, people from the peasant family, Taoists, and Confucians rushed out of the priest's palace. More than ten people disappeared into the priest's palace in the blink of an eye.

Su Chen didn't care about the people who fled to the Zhuzi Baijia.

Loulan City was already surrounded by his army, and the people from the Zhuzibaijia couldn't escape Loulan City even if they escaped here.

Su Chen looked at Dianqing and Mei Sanniang at the armored door and said, "Dianqing, Mei Sanniang, why don't you run away?"

Mei Sanniang walked to the middle of the palace and looked at Su Chen and said seriously,

"Emperor Xuantian, can we escape? You can't come to Loulan alone. Hu Ji's grassland army or Zi Nu's Xinzheng Black Armor Army have probably already arrived outside Loulan Secret Realm. Am I right?"

Bah bang bang!"

"Mei Sanniang, I thought you were a simple-minded woman with well-developed limbs, but I didn't expect that you also have a smart side." Su Chen looked at Mei Sanniang with a somewhat surprised look.

He didn't expect that Mei Sanniang would guess that his army had arrived.

Was this guessed by the ceremony?

Or was it guessed by Mei Sanniang?

When Mei Sanniang heard Su Chen insulting her, she angrily pointed a huge scythe at Su Chen and shouted, "Damn it, I'm not a simple-minded woman with strong limbs.""

"oh! I see"

"asshole!"

When Mei Sanniang saw that Su Chen didn't care about her threat at all, and even acted frivolously, she wanted to kill this bastard, but she was held tightly by the ceremony, which made her unable to do anything to this bastard.

"High Priest, kill those three from the Mo family." Su Chen pointed at Master Xu and Old Man Ban of the Mo family, as well as the unconscious Mo family tycoon Liu Finger Heixia, and said to the high priest of Loulan. When the high priest of Loulan heard Su Chen's words, he looked at Six Finger Heixia and the others, thinking that she When he saw Duan Murong and Gongsun Liji, he frowned and asked, "Aren't you going to kill those two women?"

"they are my friends"

"laugh! Shameless pervert!"

"I'll do it! Will you kill or not?"

"kill!"

How could the High Priest of Loulan not kill them?

These people had killed many of her men, and it was impossible for her not to take revenge.

The High Priest of Loulan waved his hand and ordered,

"Kill them!"

"Stop, don't kill them!"

Just when several great masters and goddess priests in Loulan were about to take action, Duan Murong stood directly in front of Master Xu and Old Man Ban and shouted.

Everyone in Loulan looked at the high priest when they saw Duan Murong standing in front of them. No one knew whether to kill this woman as well.

Su Chen looked at Duan Murong and shouted with a serious face, "Duan Murong, if you don't want to die, just get out of the way.""

"Let them go, Gongsun Liji and I are at your disposal"

"You and Gongsun Liji are at my disposal now. Do you think you can escape?"

"Su Chen, although we can't escape, you can't stop us from committing suicide."

"Then commit suicide!"

Su Chen didn't care about Duan Murong's threat at all.

It was impossible for her and Gongsun Liji to commit suicide if they wanted to save the Mo family.

But Gongsun Liji's appearance made Su Chen a little confused. Gongsun Liji looked full of hatred. Looking at herself, did Gongsun Liji really want to kill her?

Duan Murong opened her eyes wide when she heard Su Chen's words.

She didn't expect that this bastard Su Chen would say this. Could it be that all emperors are ruthless and emotionless? Asshole?

"I'm going to kill you bastard!"Gongsun Liji took the sword and angrily killed Su Chen.

Bang!

The mountain ghost of the Yin Yang family saw Gongsun Liji charging towards her. She looked at Su Chen and appeared behind Gongsun Liji. Before Gongsun Liji could react, she knocked Gongsun Liji unconscious with one palm.

"Li Ji!"

Whoosh!

Da Siming suddenly appeared next to Duan Murong. She mentioned Duan Murong and returned to Yin Yang's house. Duan Murong was also tapped on the faint point. Duan Murong, who was in the innate realm, had no ability to resist in Da Siming's hands. Also passed out

"Take them and leave with us." Su Chen looked at the unconscious Duan Murong and Gongsun Liji and then ordered the people of the Yin and Yang family,

"Yes, Your Majesty!"

Su Chen looked at Dianqing and Mei Sanniang of the Armored Sect again, waved his hands and said, "Dianqing, you and Mei Sanniang come with me. I still admire your Armored Sect very much."

"Bastard, our Armored Sect will not turn to you." Mei Sanniang shouted angrily when she heard Su Chen's words,

"Who can say for sure?"

Su Chen smiled and pulled Xiao Li towards the outside of the palace.

Dianqing and Mei Sanniang are not like those people from the Zhuzibaijia. He can't conquer those brainwashed Zhuzibaijia.

But he is the armor sect. Those who can be conquered, as long as the Pijiamen care about the life and death of the people of Wei, they will definitely come to their side.

"Damn it, you're threatening us?"

"You can think so, think about Han Fei and Mei Sanniang just now, I think you will make the right choice"

"asshole! Shameless!"

When Mei Sanniang heard Su Chen's words, she was full of anger and cursed.

She knew that Su Chen was threatening the people of Wei State, just like this bastard threatened Han Fei just now.

"Sanniang, alas! We have no choice, we have no choice just like Han Fei, let's go!" Dianqing patted Mei Sanniang on the shoulder and followed Su Chen.

For the sake of the people of Wei in the future,

Dianqing had no choice but to follow Su Chen.

As Su Chen and others left, Loulan The masters of the Mohist family rushed to kill Master Xu and Old Man Ban of the Mohist family, and it was impossible for the unconscious Mohist giant Six-fingered Black Man to escape the fate of being killed.

North Continent, Xiangyang City.

After a day,

Liu Biao and his family, the governor of Jingzhou, were killed , the seven counties in Jingzhou are also firmly in the hands of the Cai family and the Kuai family, no, they should be in the hands of Su Yan now.

In the Prefectural Mufu,

Su Yan looked at the arrival of Huang Zhong and Wei Yan and nodded.

Huang Zhong is an old man of about sixty years old, but his strong internal strength should not be underestimated. This Huang Zhong may also have the strength of a great master.

Wei Yan is slightly worse than Huang Zhong, but Wei Yan is also very good at first glance. Su Yan sat on the chair and looked at Huang Zhong and the others, and said with a serious face, "Huang Zhong, Wei Yan, I am now the state shepherd of Jingzhou."

"You two are capable people. Tomorrow the Cai family and the Kuai family will hand over the Jingzhou army to you. I want you to select 50,000 of the most elite Jingzhou army within five days. Huang Zhong will be the main general and Wei Yan as deputy general

"five days later"

"I will take you and fifty thousand troops to Zaoxian to make an alliance with many princes."

Chapter 977

In the Prefectural Shepherd's Mansion,

Huang Zhong and Wei Yan are still in a daze.

They were all insignificant in the Jingzhou army, but today they were suddenly invited to the state pastoral office, which made them not know what happened.

After they were found by the Cai family, they had been sitting in the Zhou Mu Mansion waiting for the Zhou Mu to arrive, but they did not expect that a little girl was waiting for them.

Moreover, this little girl actually claimed to be Jingzhou's state herdsman, and even let them manage the Jingzhou army in the future.

This made them all think that the little girl was joking.

They all guessed that this little girl should be the young lady from Zhou Mu's family.

"Miss, please stop joking. I don't know what Mr. Zhou Mu has come to see us for this time. It's better for you to leave quickly, otherwise Mr. Zhou Mu will be angry when he sees it, and the young lady will be in trouble.

Su Yan looked at Huang Zhong and said doubtfully, "Zhou Mu?" I am Zhou Mu! I am the biggest in Jingzhou, who dares to cause trouble for me?"

"this....."Huang Zhong looked at Wei Yan and didn't know what to say. This young lady seemed to be a lawless master. If Liu Zhoumu arrived soon, this young lady would definitely be reprimanded.

Wei Yan sat on the chair seriously and did not dare to say anything.

He was just a small city gate guard. He was the lowest official in the Prefectural Mufu. Although he also wanted to persuade Su Yan to leave, he was here with He has no right to speak.

At this moment, the guard outside the door loudly reported, "Miss Qi Yan, Gan Ning has brought"

"let him in"

"Yes, miss!"

The door was opened wide, and a group of grandmaster guards led Gan Ning into the room. At this moment, Gan Ning was shackled. Gan Ning looked unruly. If he hadn't been escorted by the guards and brought with him. Shackles, I'm afraid he would have fought a long time ago

"Um? How is this going? Su Yan looked at the shackled Gan Ning and asked with a frown.

When the guard commander heard Su Yan's words, he hurriedly saluted and said, "Miss, we said a lot of good things to this Gan Ning and he didn't even listen, nor would he." With us coming, we can only take this step to capture him.

After Su Yan heard this, he looked at Gan Ning and waved his hands, saying, "That's it!" Let him go and get out!"

"Miss, this Gan Ning is a master, we should stay and protect you."

"No need, I haven't seen a master yet. Let him go. You can go out."

"Yes, miss!"

The guards opened Gan Ning's shackles and went out one by one, but they warned Gan Ning with their eyes when they went out.

Gan Ning moved his wrist, looked at Su Yan and laughed, "Little girl, you just Aren't you afraid that I'll take action against you?"

"You do not dare!"

Su Yan didn't care about Gan Ning's threat at all.

This Gan Ning looked like a gangster at first glance, and he looked like a rebellious person with a rough aura.

But he didn't care about this Gan Ning.

With the protection of the Shadow Assassin,

Su Yan It is impossible for Yan to be caught and assassinated

"Who says I dare not, little girl, I can only wrong you today. As long as you send me away, I will let you go." Gan Ning saw that the little girl didn't care about his threat at all.

He suddenly rushed towards Su Yan.

Gan Ning wanted to catch Su Yan so that he could threaten the people here and escape.

"Be bold!"

"stop!"

Huang Zhong and Wei Yan didn't expect that Gan Ning would take action against a little girl. They were preparing to stop Gan Ning one by one. However, before they had time to take action, they suddenly noticed that two women in black suddenly appeared next to Su Yan.

Touch.....boom!

Before Gan Ning could rush to Su Yan, he was kicked out by a woman in black. Another woman in black instantly appeared next to Gan Ning who was lying on the ground. When Gan Ning was about to struggle, he was kicked out. The short blade was placed on his neck.

In just a split second,

Gan Ning was captured by the shadow assassin without any resistance.

"this.....Grandmaster? These women are all great masters"

"What?"

Huang Zhong was very surprised when he saw the sudden appearance of the shadow assassin, and Wei Yan was stunned when he heard Huang Zhong's words. He did not expect that this little girl would be protected by a master of the Grand Master. The guards and Cai outside the door When Cai Mao heard the fight in the room, he hurried in to protect Su Yan. When Cai Mao came in, he saw Gan Ning being caught by a woman in black. He breathed a sigh of relief as Su Yan was fine.

"Miss, nothing happened to you! Su

Yan waved his hand to Cai Mao and asked, "Cai Mao, I have nothing to do. How many troops have been gathered?"

"Miss Hui, about 150,000 troops have been assembled now. Other counties are a bit far away. Troops from other counties will arrive within three days."

"Okay, you go down and prepare food and fodder. I will set off in five days."

"Yes, miss!"

Cai Mao felt relieved when he saw that Su Yan had guards to protect him.

He hurriedly went to prepare food and fodder.

He must do what Princess Changle ordered now with all his heart. In the future, his future will depend on Princess Changle..

Huang Zhong and Wei Yan were really confused now. Is this little girl really the governor of Jingzhou?

This is too nonsense, but the respect of Cai Mao, a wealthy family in Jingzhou, for Su Yan was not fake, which made them look at Su Yan found it unbelievable.

Gan Ning was also confused.

He didn't expect this little girl to be so powerful. It seemed that he was really kicked to the floor this time.

Su Yan looked at Huang Zhong and the others. He smiled.

Huang Zhong and the others should know that he is a big shot. Even if they don't think that he is the governor of Jingzhou, I am afraid they will not underestimate him.

Then Su Yan also asked the Shadow Assassin to let Gan Ning go.

In this room, after Su Yan and Huang Zhong talked,

Huang Zhong and the others also knew that this little girl was a genuine Jingzhou state herdsman, and even the former Jingzhou state herdsman Liu Biao was killed, but they couldn't understand this statement. Who did the young lady get?

Why did the wealthy Cai family and Kuai family in Jingzhou support this little girl? They even handed over the power of Jingzhou without reservation.

After Huang Zhong and the other three came out of the Prefecture Mufu, they They all thought it was unreal, but what they saw in front of them forced them to believe that the military talismans in their hands were genuine, and that they were going to receive Jingzhou's army now, so all of this was true.

Gan Ning followed Huang in a daze. Zhong was very confused after his death. He looked at Huang Zhong, who was also frowning, and asked,"General Huang Zhong, who is that Miss Yan? Jingzhou state animal husbandry? Is there such a small state animal husbandry in Jingzhou? Huang

Zhong touched his beard, shook his head and said happily,

"Does it matter whether Miss Yan is the state pastor of Jingzhou now? Now the entire Jingzhou is under the control of Miss Yan. Haven't you seen Cai Mao and Kuai Yue's respectful attitude towards Miss Yan?"

Wei Yan is very excited now.

He, a small city gatekeeper, has suddenly become one of the three highest generals in the Jingzhou army. This has made him rise to the top in one step.

Wei Yan said to Huang Zhong and others with a silly smile,

"Yes, regardless of whether Miss Yan is the prefect of Jingzhou or not, Miss Yan has the final say over the entire Jingzhou. We are also Miss Yan's generals now. The entire Jingzhou army will be under our control from now on. We cannot live up to Miss Yan's decision on us. of trust."

Chapter 978

In the Jingzhou Prefectural Mufu, Su Yan slumped down on a chair after Huang Zhong and the others left. She didn't expect that she would say so many words today. Her words were almost broken. Huang Zhong and the others asked too many questions. Su Yan was really helpless towards Huang Zhong and the others. Su Yan held up his chin and said helplessly,"Oh! If my black bird army comes, I won't have to work so hard to convince these fools." At this time, Cai Yu and Zhen Mi brought a beautiful woman with them. Entering the room, Zhen Mi saw Su Yan and said happily,"Su Yan, we have found Huang Yueying, what's wrong with you? Why do you look listless?

"

"I wasted an entire afternoon with three idiots today, and I don't want to talk anymore." Su Yan waved to Zhen Mi and looked at the beautiful woman behind. When she looked at Huang Yueying, she was very surprised.

Su Yan didn't expect that Huang Yueying was so beautiful. This woman was related to some of his father's women. It's a competition, but why does Huang Yueying look so sad?

"Are you Huang Yueying?"

"Miss Yan, she is Huang Yueying, and she is also a relative of my family." Cai Yu saluted Su Yan and said with a smile,

"Huang Yueying has met Miss Yan! Huang

Yueying looked at Su Yan and saluted.

Su Yan looked at Huang Yueying and asked doubtfully, "Huang Yueying, why do you look so sad?" Is it because you don't want to come this time?"

"yes!"

"Yueying!"

Cai Yu didn't expect that Huang Yueying would not give her face.

She was very angry when she looked at Huang Yueying. If Su Yan hadn't asked to see Huang Yueying by name this time, she would not have sent someone to threaten Huang Yueying first, even though Huang Chengyan was his cousin-in-law. , but the relationship between their two families is not very good.

Su Yan laughed when he heard Huang Yueying's words, "Hahaha! Personality, Huang Yueying, no matter you are willing or not this time, you will never be able to return to your Huang family again. If you dare to leave secretly, I will destroy your entire Huang family."

"you....."

Huang Yueying was frightened when she heard Su Suyan's words.

She didn't expect that this little girl could be so vicious and would kill a whole family at every turn, but she didn't dare to be dissatisfied at all. He heard Cai Yu say that Miss Yan is now in control The whole Jingzhou

"Don't think I'm joking. As long as I give the order, the Cai family will destroy your Huang family first. Do you believe it?"

"I....."

"And Huang Yueying, don't think that I will treat you differently because you are beautiful. You will be my maid from now on, do you understand?"

"Yueying understands! Huang

Yueying's face turned pale and she hurriedly saluted Su Yan.

Huang Yueying was frightened now.

She didn't dare to go against Su Yan's words at all. If she dared to leave secretly, I'm afraid the Cai family would really kill her first in order to please Su Yan. Her whole family.

Su Yan smiled when she saw Huang Yueying surrendering. She looked at Cai Yu next to her and asked,"Cai Yu, has the carrier pigeon been released?"

Cai Yu smiled at Su Yan and said,"Don't worry, Miss Yan, the carrier pigeon has been released, and Yizhou will get the news tomorrow."

"Um! I hope the Tenglong Legion from Yizhou has arrived."

When Zhen Mi heard what Su Yan said about Yizhou, she hurriedly asked, "Su Yan, when are we going to Yizhou?"

"After the princes' meeting,"

"Um! fair enough."

Huang Yueying was very confused while listening to Su Yan's words.

She didn't know why Su Yan was looking for her, and she didn't know how to treat her in the future. But who is this little girl named Su Yan? There are people in the Han Empire Officials and wealthy families with the surname Su?

Eastern Continent, desert!

Ever since the farmers' families escaped from the priest's palace, the allied forces of various countries also knew what happened to the various families in the priest's palace. , none of them expected that the emperor of the Xuantian Empire would appear here, which made them not know what to do.

The Xuantian Empire is now the most powerful empire in the Tianxuan Continent, just like the capital of Qin, a powerful country in the Eastern Continent. Depending on Xuantian Empire's eyes, if the countries in the Eastern Continent dare to take action against Su Chen, I am afraid that what awaits them is a war of annihilation with millions of Xuantian Empire troops.

"what should we do? Do we dare to attack the emperor of the Xuantian Empire?"

"Damn it, as long as we dare to take action, I am afraid that the Xuantian Empire's army has not arrived yet, and the black armored army of Jiuyuan and the black armored army of Xinzheng City will launch a war against our countries."

"But if we don't take action, I'm afraid our army won't be able to escape from Loulan. The Xuantian Empire's army may have ambushed us outside the secret territory of Loulan."

"Then we will work together to destroy the Xuantian Empire's army"

"No, if we destroy the Xuantian Empire's army, millions of Xuantian Empire's troops will come in the future."

"What to do? If this doesn't work and that doesn't work, what should we do?"

The generals of the allied forces of various countries talked together for a while, but they did not agree on the same opinion. The emperor of the Xuantian Empire did not dare to move. If the Xuantian Empire's army launched a war against their allied forces, would these armies fight back or do they? Not to fight back? They didn't have a unified opinion.

Meng Tian thought for a while and said with a serious face,

"It is impossible for us not to fight back in the face of an attack. We will rest in Loulan tonight. The Demon God of War will step up the search, and additional troops will be sent to guard the entrance of Loulan City."

"We are now grasshoppers on the same line"

"If our army does not want to be wiped out by the Xuantian Empire's army, we can only work together to face the threat of the Xuantian Empire."

Li Mu looked at Meng Tian and nodded.

Although Zhao and Qin were mortal enemies, facing the powerful Xuantian Empire, they had to give up their hatred and face the threat of Xuantian Empire together.

"Yes, if our army does not want to be destroyed this time, our armies from the six countries can only work together to face the threat of the Xuantian Empire. As long as our hundreds of thousands of troops unite together, I believe that the Xuantian Empire will not dare to attack us. An army of one hundred thousand."

The generals of the other four countries also nodded one after another.

They all know that cooperation will benefit both sides. If they don't work together now, they may be killed by the Xuantian Empire's army.

"Then don't we arrest the emperor of the Xuantian Empire?" General Yan looked at the others and said with a gloomy face,

Yan Dan was killed by the Xuantian Empire.

If he didn't do something, even if he returned to Yan in the future, the King of Yan would not let him go..The general of Qi looked at the general of Yan and said disdainfully,

"Are you going to catch it? Now the Xuantian Empire has no reason to launch a war against us. If we dare to take action against the emperor of the Xuantian Empire, I am afraid that the Xuantian Empire army outside Loulan will have a reason to launch a war against our countries. General Yan heard what General Qi said and said sarcastically,"If we don't capture the emperor of the Xuantian Empire, won't the Xuantian Empire's army outside Loulan take action against us?""

"We'll talk about it tomorrow. Anyway, it's impossible for the Emperor of the Xuantian Empire to escape from Loulan City tonight."

"Then let's do this for now!"

Chapter 979

The generals of the coalition forces of various countries discussed for a while and then dispersed.

It is impossible for them to sleep peacefully tonight. The appearance of the Emperor of the Xuantian Empire here is something they did not expect. The Demon God of War has not been found yet. Loulan may also be surrounded by the Xuantian Empire's army. They are here today. It would be damned if I could sleep peacefully at night.

In an attic in Loulan City,

Su Chen brought Xiao Li and everyone from the Yin Yang family here. This was a quiet place that Su Chen discovered when he entered Loulan.

In Su Chen's room, he was preparing to take a bath in the hot spring next to him.

Da Siming came in and smiled at Su Chen and said, "Your Majesty, the two members of the Mo family have been arranged to stay in a room next to yours."

"I see!"

"Are you going out?"

"Let's go to the hot springs. Do you want to go with us?"

"In your dreams."

Da Siming was a little panicked when she heard Su Chen's words.

She was afraid that Su Chen would do something bad to her. If Su Chen wanted her to sleep with her, she would have to serve this bastard even if she didn't want to. She looked at Su Chen and ran away in a hurry. She didn't want to stay for a moment.

Su Chen smiled when he saw Da Siming leaving in a hurry with his face flushed.

He didn't want to do anything to Da Siming today. The beautiful Da Siming ordered him I decided to enjoy it slowly later.

In the dead of night,

Duan Murong woke up in the room next to Su Chen. She saw Gongsun Liji lying next to her and hurriedly checked. After discovering that Gongsun Liji was still unconscious, Duan Murong He breathed a sigh of relief.

Duan Murong looked around in this unfamiliar environment.

"What is this place?"

Duan Murong stood up and opened the room and looked around.

When she didn't find anyone else, she secretly carried Gongsun Liji on her back and prepared to leave.

She guessed that that bastard Su Chen must be here, and they were probably led by that bastard too. Come, if she and Gongsun Liji stay here, I'm afraid that bastard will do harm to them.

Touch!

"oops!"

"Duanmu Rong!"

"Su.....Suchen!"

When Duan Murong carried Gongsun Liji on her back and was about to go downstairs, Su Chen, who had just come back from the hot spring, bumped into Duan Murong.

Duan Murong was confused now.

She didn't expect to bump into Su Chen at this time, which made her For a moment, he didn't know what to do.

Su Chen looked at Duan Murong who was at a loss and said sarcastically,

"Want to escape? Are you still escaping with Gongsun Liji on your back? Duanmu Rong, are you stupid? There are at least three great masters here. Do you think they haven't noticed you?"

"I.....I....."

Duan Murong was stunned when she heard Su Chen's words.

She had never thought of this just now. There are three great masters of the Yin Yang family here. When she came out of the room just now, she must have been discovered by the great masters of the Yin Yang family.

"What are you? Go and carry Gongsun Liji back to her room first, and then come to my room. If you don't come, you will be responsible for the consequences."

"I....."

Duanmu Rong stood in the passage in confusion with Gongsun Liji on her back. She did not expect that Su Chen would say this. It was late at night, what was this bastard going to do? Did this bastard want to do that to her?

Duan Murong turned pale when she saw that bastard Su Chen leaving with a smile.

She didn't know what to do now? suicide?

But what should Gongsun Liji do?

Duan Murong suddenly thought of the poison in her panties. After thinking about it, she decided to die with that bastard.

Su Chen laughed when he returned to the room.

He thought that Duan Murong must be frightened now. If he didn't scare Duan Murong well this time, I'm afraid Duan Murong would still think of running away. He wouldn't do that to a beautiful woman with excellent medical skills. let her go

"Huh? Why is the high priest here?"

Su Chen suddenly found that the High Priest of Loulan appeared next to the attic, but she kept walking around with no intention of coming over. This made Su Chen confused about what the High Priest of Loulan was going to do. The

High Priest of Loulan is now I was very hesitant in my heart.

Loulan is finished, but the Central Plains army here has not withdrawn yet. The remaining Loulan people cannot be discovered by those Central Plains troops, otherwise they will definitely be surrounded and killed by the Central Plains army. The secret realm of Loulan has been destroyed by those

Central Plains troops.

The Central Plains army was destroyed, and the remaining Loulan people were homeless. The high priest thought of Su Chen. Su Chen was the emperor of an empire after all.

That bastard must have a way to resettle the dozen or so Loulan people.

But She was afraid that that bastard would make excessive demands.

Now she had been hesitating whether to see that bastard, "Damn bastard, what should I say to that bastard this time?"

"What do you want to tell me?"

"ah!"

"You bastard! What are you doing wandering around here at night if you don't sleep?"

"It's none of your business, you bastard, are you going to scare people to death by being so mysterious?" The high priest patted her chest and glared at Su Chen and shouted.

She didn't expect that this bastard would notice her arrival, damn bastard!

He just scared her.

Su Chen looked at the frightened high priest and smiled. He smiled and said, "High Priest, it's a long night, are you lonely and unable to sleep?"

"Shameless!" When the high priest heard Su Chen's shameless words, she clenched her fist angrily and wanted to beat this bastard.

"Ha ha! Tell me what's going on, or I'll go back"

"It's okay, get out of here!"

"Damn it, just blow the cold wind here." Su Chen didn't expect that the high priest had such a personality. He would not spoil this woman. Su Chen took one look at the high priest and disappeared instantly.

"Damn, damn you bastard!"

The high priest was very embarrassed after Su Chen left.

This time she offended that bastard before asking for help. What will Loulan people like them do in the future? They are not familiar with the outside world, and now that bastard He also left.

The high priest sat down on the stone next to him in frustration.

She really didn't know what to do this time.

When Su Chen returned to the room, he found that Duan Mu Rong had arrived.

Su Chen looked at Duan Mu Rong. Rong was a little strange. He thought that Duan Murong would not come over, and would even be so nervous and afraid of him when he came over. But now Duan Murong looked calm and composed, which made Su Chen confused. Su Chen sat next to Duan Murong and spoke. Said, "Duan Murong, the Mo family is finished. From now on, you can honestly be my royal physician. We are good friends anyway."

"good!"

Duan Murong nodded expressionlessly and agreed directly.

In order to die with this bastard this time, she would agree no matter what this bastard said.

"Um? Did you agree?"

"I agreed."

Su Chen looked at Duan Murong and felt that there was something wrong with her, and there was a big problem.

What was Duan Murong going to do this time?

Kill herself?

She didn't have that ability, so was she trying to lure her to death?

Chapter 980

Duan Murong was very nervous at the moment, especially as Su Chen kept looking at her, which made Duan Murong even more nervous.

She looked at Su Chen and secretly crushed the poison in her hand. She didn't want to die like this, but In order to avenge the friends of the Mo family, she could only do this.

After Duanmu Rong crushed the poison, she and Su Chen could only live for a quarter of an hour.

This was a colorless and odorless poison with no antidote.

Duan Murong looked at Su Chen with some relief and asked bluntly. He said,"Su Chen, if you die, will your empire be in chaos?"

"No, my eldest daughter is the first heir to the empire. Even if I die, my wives and generals will support my daughter to inherit the throne, and my empire will not be in chaos."

Su Chen looked at Duan Murong and shook his head.

He now knew that Duan Murong wanted to kill him, but how was Duan Murong going to kill him? He still hadn't guessed that a Duan Murong in the Xiantian realm couldn't kill him. Could it be that Duan Murong Want to use poison?

Thinking of this, Su Chen hurriedly took out a red fruit and ate it.

Now he was a little afraid of Duanmu Rong.

Medicine and poison are not separated. Duan Mu Rong's medical skills are very powerful, so her poison skills must also be Very powerful. If Duan Murong secretly poisons him, he may really fall into Duan Murong's hands.

"That's good, that's good."

Duan Murong breathed a sigh of relief when she heard Su Chen's words.

She was also afraid that Su Chen's empire would fall apart after his death, which would cause innocent people to lose their lives, and she would also be a murderer who caused the death of countless people. ,

Su Chen leaned on the chair and said with a complex expression,"Duan Murong, if I didn't let people kill those Mo family people, would you still poison me?"

"Do you know I was poisoned?"

Duan Murong was very surprised when she heard Su Chen's words.

She didn't expect that Su Chen would guess that she was poisoned, but this bastard clearly knew that she was poisoned. Why didn't he care at all? Her poison was not Antidote.

Su Chen shook his head and mocked,"Haha! What's so strange about this? I noticed something unusual from your attitude. You've also been poisoned. I'm afraid you will die with me, right?

Duan Murong said angrily after hearing Su Chen's words, "Yes, I poisoned you. I want to avenge the disciples of the Mo family. Even if I die, I will drag you to death with me.""

"laugh! Duan Murong, we didn't have a close relationship before, and I didn't always talk about the Mohist family. How come you, a member of the medical family, abandoned the medical family and joined the Mohist family? Is this worthy of the ancestors of your medical family?"

"I didn't. I joined the Mohist family, but I'm still a member of the medical family."

"Hahaha! Doctor? Everyone who knows you in the Eastern Continent will say that you are Duan Murong of the Moh family. Who would say that you are Duan Murong of the medical family? Stop kidding yourself here"

"I am a member of the medical family. I only joined the Mo family to repay the life-saving grace of the Moh family. I have been a member of the medical family all my life."

"Forget it, you are just a fool living in your own world. We are all going to die anyway. I don't want to say anything more to you. While you still have time, think about why the people of the Mo family would do anything to you when you are in danger. save you? Was it once? Or how many times? Is it the Mo family who rescues you every time?"

Su Chen was too lazy to talk to Duan Mu Rong.

Duan Mu Rong joined the Mo family, but Su Chen couldn't understand it. In the anime, Su Chen thought how could the only descendant of a medical family join the Mo family?

In this world, Duan Mu Rong has always been a member of the Mo family. The imperial physician, even Duan Murong, a person with an innate cultivation level, came to the desert Loulan with the masters of the Moh family.

Su Chen suspected that the Moh family had been using Duan Murong, and even Duan Murong's joining the Moh family was a trap set by the Moh family, and the Moh family was just In such a dangerous place where Duan Murong's medical skills are used to serve the Mo family, it is impossible for the Mo family to let Duan Murong, who only has the Xiantian realm, follow him.

Duan Murong was shocked when she heard Su Chen's words.

She thought of all the things she had encountered before. It was dangerous.

She was a member of the medical family and had no enemies at all.

But in that year, no matter where she went, someone would try to kill her, and every time a disciple of the Mo family would pass by and save her.

Duan Murong now listens When it came to Su Chen, her face was very ugly.

She was not stupid, but she didn't expect that the Mohist family, which had always been adhering to universal love and non-aggression, would do such a dirty thing.

Bump!

At this moment,

Gongsun Liji stumbled away. When she came in, she looked at the stunned Duanmu Rong and asked hurriedly, "Sister Duanmu! Are you okay? This bastard didn't do anything to you, right?"

"Woohoo! Li Ji, I have nothing to do, I have nothing to do." When Duan Murong saw Gongsun Liji coming in, she hugged her and cried.

She now regrets poisoning Su Chen.

She was really stupid before.

How could she believe those despicable people in the Mo family?

"Bastard, you shameless bastard, I'm going to kill you." When Gongsun Liji saw Duan Murong crying sadly, she glared at Su Chen angrily and wanted to kill the bastard.

Gongsun Liji guessed that this bastard must have bullied Duan Murong, otherwise Duan Murong would not be so sad and crying. , she would kill this bastard even if she died this time.

Duan Murong hurriedly grabbed Gongsun Liji who was about to kill Su Chen and said, "No, Liji, Su Chen and I are going to die. I just poisoned here, We won't survive more than a quarter of an hour"

"What? You were poisoned, and you and this bastard are going to die together?" Gongsun Liji was stunned when she heard Duan Murong's words. She didn't expect that Duan Murong would poison her and die together with Su Chen. At this moment, the Yin Yang Family's Chief Siming, Shao Siming, and mountain ghosts appeared in Su Chen's room one by one. Inside, when they looked at Su Chen, their expressions were very ugly. They had all heard what Duan Murong said just now.

Da Siming looked at Su Chen and asked with trembling heart,

"Your Majesty.....Your Majesty, are you poisoned?"

Su Chen saw Da Siming and the others looking nervous, he nodded, took Da Siming's hand and said, "Yes! Da Siming, I'm going to die, but it's a pity that I didn't take you as my women."

"Bastard, what nonsense are you talking about at this time?"

Da Siming glared at Su Chen, and she quickly looked at Duan Murong and shouted fiercely, "Duan Murong, hand over the antidote quickly, or I will cut you into pieces." Duan

Murong looked at Su Chen and said regretfully, "This is a natural poison. It is colorless, tasteless and has no antidote. Fortunately, you came in a little late, otherwise you would also have been poisoned.""

"Damn it, I'm going to kill you, this bitch." When Da Siming heard Duan Murong's words, he waved his hands angrily and wanted to kill this damn woman.

How could Su Chen die?

If Su Chen died, his women would probably go crazy.

They Yin and Yang family members Obviously, it is impossible to survive, and even the people of the entire Eastern Continent will be slaughtered by Su Chen's women in anger. Those women of Su Chen are all murderous demons.
