### Chapter 981

Duan Murong and Gongsun Liji saw that Da Siming of the Yin Yang family was trying to kill them. Although they were afraid, they had no ability to resist. Da Siming was as powerful as a grand master, but they were only innately cultivated.

Duan Murong stood in front of Gongsun Liji and was about to die for her.

All of this was caused by her, and

Duan Murong regretted poisoning Su Chen very much.

But it's too late.

The Mo family's deception made her feel as if she was already dead.

Even if she died, I'm afraid it wouldn't be able to make up for her mistake.

"Da Si Ming!"

Su Chen grabbed Da Siming who was about to take action and shook his head.

"His Majesty?"

Da Siming was very anxious when he saw Su Chen pulling her. If Duan Murong really didn't have the antidote, Su Chen would really die. If Duan Murong is not forced to hand over the antidote now, I'm afraid there will be no time. Su

Chen touched Da Siming's pale face and smiled and said, "I'm fine. Duanmu Rong's poison can't kill me yet. Da Siming, have you forgotten Zhu Guo?"

"Zhu Guo? hehe! I've even forgotten your red fruit." Da Siming laughed when she heard Su Chen's words.

She had forgotten Su Chen's Zhu Guo.

Zhu Guo can not only improve strength and heal injuries, but also can cure all poisons. Duanmu Rong's poison is very important to Su Chen. There is no danger at all.

When Shao Siming and Shan Gui heard what Su Chen and Da Siming said, they were relieved. They had also been given Zhu Guo by Concubine Yan, and they knew exactly what Zhu Guo was capable of.

Duanmu Rong Gongsun Liji and Gongsun Liji were very surprised when they heard what Da Siming said.

They didn't expect that Su Chen would have the antidote.

What is the Zhu Guo?

They didn't know, but when they saw everyone in the Yin Yang family looking relaxed, they Knowing that Su Chen was not lying,

Su Chen took out a red fruit from the system space and handed it to Duan Murong, saying, "Duan Murong, eat this. From now on, you will be the royal physician in the Xuantiao Palace."

"I will not eat!"

"Um?"

Duan Murong looked at Su Chen complicatedly and smiled sadly, "Haha!" I have been deceived by the Mohist family for so many years. I am afraid that doctors will be removed from the list of scholars. Duan Murong of the Mohist family? Ha ha! My identity as a descendant of the medical family has turned into a member of the Mohist family. How can I live with dignity in this world?"

Su Chen looked at Duan Murong's dejected look and guessed that Duan Murong wanted to die. He waved his hands and said to the other people in the room, "You all go out and I'll talk to her."

"Yes, Your Majesty!"

Da Si ordered them to walk out after hearing Su Chen's words.

"I won't leave, sister Duanmu, what's going on? Why was the Mo family deceived? What are you talking about?" Gongsun Liji pulled Duan Murong and asked hurriedly.

She was very confused now.

What Duan Murong just said made her confused. Why has she been deceived by the Mohist family for so many years?

What medical family has been removed?

What became the Mohist family ? Duan Murong?

She couldn't understand all this.

"Gongsun Liji, if you want Duanmu Rong to die, you don't have to leave."

"you....."

Gongsun Liji was very angry when she heard Su Chen's words, but she knew that if she didn't leave, Duan Murong might really die from the poison soon.

Gongsun Liji glared at Su Chen and threatened, "Su Chen, if sister Duanmu dies, I won't let you go even if I'm a ghost.""

"I'll do it!"

Su Chen was very speechless when he heard Duan Murong's threat.

Even if Duan Murong is dead, what does it have to do with him?

It's his, did he inflict the poison?

Su Chen wants to beat Gongsun Liji now.

In After Gongsun Liji threatened Su Chen and left,

Duan Murong and Su Chen were left in the room.

Su Chen took the Zhu Guo and handed it to Duan Murong and threatened, "Eat this, don't force me to use force.""

"I'd better die once and for all, my life has no meaning anymore. Duan Murong looked up at Su Chen and shook his head and said,

"Duan Murong, you asked for this."

After Su Chen took a bite of the red fruit, he hugged Duan Murong and kissed her. Duan Murong didn't eat the red fruit, so Su Chen could only do this. He wouldn't let Duan Murong die in a while.

"Woo woo woo....You bastard...Woo woo woo...."Duanmu Rong didn't expect that Su Chen would do this.

She hurriedly slapped Su Chen and tried to push the bastard away, but she was held tightly by Su Chen and kept asking her to eat the red fruit. This made Duanmu Rong Rong was moved and embarrassed at the same time.

After Su Chen fed Duan Murong and ate the red fruits, he smiled and said, "Duan Murong, you can't blame me for taking advantage of you. I just saved your life.""

"You bastard, you are shameless! Duan Murong kept yelling and scolding Su Chen with a face full of embarrassment,

"Hahaha!"

"damn it! Let me go!"

"It's a long night, and it's really nice to have a beautiful woman by your side." Su Chen hugged Duan Murong and didn't let go. Duan Murong's figure was hunched forward and backward. Duan Murong's shy look was very attractive.

Duan Murong pushed Su Chen hard and said angrily, "Asshole, my poison has been cured. Let me go, I'm going back"

"But my poison hasn't been cured yet"

"Um? Didn't you eat that red fruit earlier?"

"I've been poisoned by you again"

"Bastard, get out of here, I want to leave.....Woohoo!".....

In the attic,

Da Siming, Shao Siming, and Shan Gui of the Yin Yang family kept looking at Su Chen's room. After the chaotic sounds came from inside, they all hurriedly turned on the lights and took a rest.

Gongsun Liji was confused now.

The noise from the room next to her made her a little overwhelmed.

She didn't know whether she should stop that bastard Su Chen, but Duan Murong didn't ask for help after all, so she didn't know what to do now..

When Gongsun Liji thought of Su Chen and Duan Murong, she shouted in shame and anger, "Damn bastard, I must kill you shameless pervert."

The night passed like this.

In the secret realm of Loulan, the Allied Forces of the Six Nations had been anxiously preparing for the Xuantian Empire's surprise attack all night. The generals of the Six Nations had not had a good rest all night, and all of them had red and swollen eyes while drinking sober tea.

Li Mu stood up and moved his body and said with a serious face, "At dawn, I don't know if the Xuantian Empire's army will attack?"

Meng Tian also said very seriously,

"Even if we don't attack, the Xuantian Empire's army will probably enter the Loulan Secret Realm. Let's prepare for how to face the Xuantian Empire's army!"

The generals from the other four countries looked at each other and walked out of the room one after another. They were all very anxious after hearing what Li Mu and Meng Tian said. They were very afraid that the Xuantian Empire's army would suddenly launch a war in the morning.

Wuwu. Woo woo.....

At this chaotic moment, the sound of a horn suddenly sounded in the secret realm of Loulan. The passionate sound of the horn made the six-nation coalition forces in Loulan become nervous.

"The Xuantian Empire's army is about to attack"

"The Xuantian Empire's army is about to attack"

"The Xuantian Empire's army is about to attack."

Chapter 982

In the secret realm of Loulan, the 100,000 black-armored troops of the Western Combat Legion entered the secret realm of Loulan in the early morning. In front of the city of Loulan, the 100,000

black-armored troops were neatly arranged and looked at the six soldiers on the city of Loulan with murderous intent. national army

"hiss! A total of 100,000 black-armored troops have arrived, and among them there are actually 20,000 heavy-armored troops. This time we are in for a disaster."

"Damn it, does the Emperor of the Xuantian Empire want to keep all the armies of our Six Nations?"

"This time we are finished. If the black-armored army launches an attack, our army will not be able to stop it."

"We are going to negotiate and find Emperor Xuantian! We must quickly find the emperor of the Xuantian Empire."

The generals of the four kingdoms of Wei, Qi, Yan and Chu started talking with ugly faces when they saw the incoming army.

They all knew how powerful the Xuantian Empire's black-armored army was.

They originally had to rely on hundreds of thousands of troops to threaten the Xuantian Empire's army. , so that the Xuantian Empire's army would not dare to attack their coalition forces, but the arrival of 20,000 heavily armored troops scared them

"The whole army is on alert!"

"The whole army is on alert!"

At this time, after Meng Tian and Li Mu arrived, they hurriedly shouted orders to the troops on the city wall.

They were also very worried about the Xuantian Empire's army attack. Meng Tian and Li Mu knew the strength of the Xuantian Empire's black-armored army. , they have all seen how powerful the black-armored army is.

The black-armored army in the Eastern Continent is not the four major combat legions of the Xuantian Empire, but this time it is a subordinate legion of the Western Combat Legion. This is the real black army. A army, not those miscellaneous black-armored armies in the Eastern Continent.

The miscellaneous black-armored armies in the Eastern Continent are very powerful. This time, the Western Combat Legion, one of the four major armies, came, which destroyed the Song Empire. and several powerful legions from foreign countries.

Meng Tian and Li Mu both looked at the black-armored army outside the city with serious faces. They were not confident that they could defeat the black-armored army outside the city, especially the 20,000-layer black-armored army covered in heavy armor. Army A

"Li Mu, what should we do?"

"Let's take a look first. Maybe Emperor Xuantian came this time just to fight the Demon God and won't launch a war against us."

"Hope so!"

At this time, in the attic, when the horn of the Western Combat Legion sounded, the Yin Yang family and Mei Sanniang all hurriedly came out of the attic and looked at the Loulan City Wall.

Da Siming felt relaxed when he looked at the Loulan City Wall. He said, "The army has arrived, and this time we don't have to worry about the armies of the Six Nations surrounding us."

Shan Gui nodded when he heard what Da Siming said, "Yes, that bastard emperor keeps us on tenterhooks. The arrival of the army means that we don't have to be on tenterhooks all the time."

Shao Siming just nodded to the side. She was a little more relaxed about the arrival of the army. The people in the Yin and Yang family have been very nervous these days. Even when they rest at night, they have to keep their eyes open.

Xiao Li heard from the side Da Siming and Shan Gui understood what they said.

The trumpet sound just now was the arrival of Su Chen's army, but the army arrived a little late.

The people of Loulan had been slaughtered. If Su Chen's army could have arrived one day earlier, , Loulan's army and people will not be massacred by the Six Kingdoms.

Mei Sanniang and Dianqing looked at each other with helpless expressions. Su Chen's bastard's army has indeed arrived. Their guess was correct. This time Zhu Whether the National Alliance Army can leave intact depends on Su Chen's wishes.

Da Siming looked at Shangui and asked hurriedly,

"That bastard hasn't gotten up yet?"

"No!"

The mountain ghost looked at the attic with an ugly expression and said angrily.

None of them slept last night. It was impossible for them to rest after listening to the noisy sounds all night.

"Damn bastard!"

"That bastard is a pervert, and Gongsun Liji has been waiting outside that bastard's room, huh! She was also holding a sword and standing at the door of Su Chen's room with a cold expression."

"It would be best if Gongsun Liji could stab that bastard a few times."

Da Siming and Shan Gui both had angry faces.

They will all be Su Chen's bastard woman from now on. Concubine Yan and Taiyi Donghuang have told them these things, although Concubine Yan and Taiyi Donghuang did not force them. They, but apart from being Su Chen's women in the future, would anyone else dare to have ideas about them?

In the attic,

Su Chen smiled when he saw Duan Murong glaring at him angrily.

He and Duan Murong had done what they had to do anyway. , he did what he shouldn't have done. Duan Murong couldn't change the facts even if he killed him now.

Su Chen touched Duan Murong's hair and said with a smile,"My army has arrived. Get up quickly. We will go there in a while." outside the city"

"You are an shameless bastard!" Duan Murong opened Su Chen's hand and cursed angrily,

"Mrs. Duanmu, even if you kill me now, you can't change the facts. Who told you to look so good-looking? I couldn't hold it back yesterday."

"Shut up, I'm not your wife, get out of here now"

"Hahaha!"

Su Chen smiled and went out. He knew that Duan Murong had accepted him, otherwise he wouldn't have succeeded last night.

Duan Murong has a very strong temper. If Duan Murong doesn't want to, if he uses force, Duan Murong will I'm afraid he will commit suicide immediately.

Maybe Duan Murong wants to find someone to rely on, maybe Duan Murong has feelings for him, but these are not important,

Duan Murong can only be his woman from now on.

"Shameless pervert!"

After Su Chen left, Duan

Murong was so embarrassed that she didn't know how to face this bastard in the future, as well as Gongsun Liji.

Gongsun Liji had always had a good impression of this bastard. This time she and Su Chen, that bastard, Having sex, I don't know what Gongsun Liji will think.

"Bastard, die!"

"I'll do it!"

As soon as Su Chen walked out of the room,

Gongsun Liji, who was outside the room, stabbed Su Chen with a sword. Su Chen hurriedly avoided Gongsun Liji's assassination and hugged her.

Su Chen hugged Gongsun Liji and hugged her. He said teasingly, "Girl, can you kill a great master like me with your innate strength?"

"Shameless pervert, die!" Gongsun Liji suddenly felt weak when she was hugged by Su Chen, but when she thought of what this bastard had done, she kicked her back angrily.

Su Chen quickly clamped his legs around Gongsun Liji's foot that was kicking him, "What the hell, Gongsun Liji, do you want me to cut off my descendants?"

"Let me go, you bastard!"

"Do you think that's possible?"

"Su Chen, I want to kill you, I must kill you bastard."

Chapter 983

Gongsun Liji didn't expect that this shameless bastard would kiss her, which made her very angry.

This bastard first ruined Duan Murong, and now he teased her, which made Gongsun Liji want to strangle this bastard to death in shame.

Su Chen let go of Gongsun Liji and returned the sword to her and said seriously, "Gongsun Liji, go take care of Duan Murong first. We will leave the city later."

"asshole!"

Gongsun Liji took the sword and wanted to stab this bastard to death again, but she knew she couldn't kill him. This bastard was much stronger than her. When she thought of Duan Murong, she glared angrily at Su Chen and hurriedly entered the room.

Loulan's statue of the goddess, and the remaining ten people in Loulan are hiding here. They all heard the sound of the horn. On the statue of the goddess, these Loulan masters looked at the black armor outside the city wall one by one. Army.

A goddess priest looked at the powerful army outside the city and asked hurriedly, "High Priest, are these the armies of the Emperor of the Central Plains?"

The high priest is now looking at the black-armored army outside the city with a surprised look.

The black-armored army outside the city is many times more powerful than Loulan's army. The murderous aura of those armies is not what Loulan's army can do. On a par with each other.

The high priest of Loulan nodded with a complicated expression, "It should be that bastard's army.""

"Those black-armored troops are so powerful, we can feel the murderous aura coming towards us right here."

"This should be an elite army that has been on the battlefield for a long time."

"If we in Loulan had these troops, Loulan would not have lost its country and its family."

"These troops arrived too late"

"Yes, if we had come one day earlier, our people in Loulan would not have been massacred."

After hearing the words of the high priest, the Loulan masters on the goddess statue started talking one by one.

"Everyone, get ready. We will meet with Su Chen later. I hope that bastard can help us."

"Yes, High Priest!"

Here at the Loulan City Wall, the armies of the Six Nations are ready for a battle with the Xuantian Empire's army. The

Six Nations' armies here are very afraid of facing the Xuantian Empire's army, but in order to survive, in order to return to the Central Plains alive, their army here had to seriously face the threat of the Xuantian Empire's army.

At this time,

Su Chen led the Yin and Yang family, Dianmei Sanniang, Xiao Li and others to appear at the city wall. The army guarding here discovered Su Chen and others hurriedly reported to Meng Tian and the generals.

On the city wall, the generals of the Six Kingdoms looked at each other when they saw Su Chen walking to the city wall. They all knew that this young man should be the emperor of the Xuantian Empire. , I just didn't expect that the emperor of the Xuantian Empire was really so young.

Meng Tian looked at Su Chen with a very complicated look.

Qin and Su Chen were originally allies, but all this was destroyed by Qin Wang Yingzheng. Without Yongcheng After what happened, the Qin State would not be in danger by Su Chen's army.

Li Mu looked at Su Chen with a serious face and asked loudly, "Your Majesty Emperor Xuantian, your army is coming to destroy it." Our six-nation army?"

Su Chen looked at the generals of the various countries on the city wall and said disdainfully, "How about destroying them? So what if it's immortal?"

Su Chen didn't expect that the coalition forces of the various countries still had almost 300,000 troops.

This made Su Chen's plan have to be shelved.

Loulan's army was so bad. The Loulan army of more than 100,000 people did not cause any serious damage to the coalition forces of the nations. Casualties...

He mobilized a legion this time. If there was a war with the coalition forces of various countries, his black-armored army would also suffer a lot of casualties.

This is what Su Chen didn't want to see.

Su Chen thought about it. We can only divide the coalition forces of various countries first, and destroying the armies of one or two countries in the secret realm of Loulan is considered a worthwhile trip.

General Qi looked at Su Chen on the city wall and asked hurriedly, "Your Majesty Emperor Xuantian, our east side The countries on the mainland have not had any conflicts with the Xuantian Empire. Is Emperor Xuantian going to start a war with the countries on the eastern mainland?"

Su Chen smiled and said, "Can't I start a war with the countries in the Eastern Continent?"

"Your Majesty Emperor Xuantian, do you want to unify the Eastern Continent?" The general of Wei asked with an uneasy look on his face.

Su Chen looked at the coalition forces of various countries and shook his head.

The only armies here were Qin Army and Zhao Army. The remaining generals were stunned when they heard his threat. He looked worried and scared.

This made Su Chen look down on the generals from the other four countries.

"Ha ha! Just kidding, you can rest assured that I have no interest in the Eastern Continent. This time I just came to see the Demon God of War. However, the troops of Yan and Qin will stay, and the armies of other countries can leave."

"Why? Why did the troops of Yan and Qin stay?" Li Mu was very cautious when he heard Su Chen's words.

He was worried that Su Chen was dividing their coalition forces. If Su Chen was dividing their coalition forces, I'm afraid the coalition forces from all the countries here would be wiped out one by one by Su Chen's black-armored army. Destroyed.

Su Chen looked at Yan's army and Meng Tian and said coldly,

"Prince Yan Dan of the State of Yan was disrespectful to me. Although he was executed by my order, it was not enough. As for the army of the State of Qin, Meng Tian and I are old friends. This time I want to talk to Meng Tian."

The allied troops on the city wall all showed different expressions when they heard Su Chen's words.

The troops of Qi, Chu, Wei and Zhao breathed a sigh of relief when they heard Su Chen's words, while the Yan army looked worried..

The Qin State's army is not much better.

After all, the Qin State is the only country in the Eastern Continent that is at war with the Xuantian Empire. Even the Qin State's army has been defeated again and again in the face of the black-armored army's attacks. Their army here does not want to be alone. Facing the massacre by the black-armored army.

After General Qi heard what Su Chen said, he thought about it and felt that there was no need for Emperor Xuantian to lie to them.

The Emperor of Xuantian Empire only came for the Demon God of War this time, and they from Qi State. However, there was no war with the Xuantian Empire.

The Qi State had always played both sides and never attacked that country.

General Qi State did not believe that the Xuantian Empire would take action against the countries in the Eastern Continent.

General Qi State thought of this and asked again hurriedly, "Your Majesty Emperor Xuantian, are you serious?"

"You have no joke!"

"So when can we leave?"

"The armies of Qi, Chu, Wei and Zhao can leave at any time." Su Chen pointed at the troops of Qi State, Chu State, Wei State and Zhao State and said.

General Qi State couldn't wait to order after hearing Su Chen's words, "Qi State Army comes down the city wall, we leave Loulan."

"Yes, General!"

Su Chen took out his token and spoke to Chief Commander, "Commander, take my token and order the army to make way for the armies of Qi, Chu, Wei and Zhao."

"Yes, Your Majesty!"

When the city gate of Loulan opened,

Qi's 40,000 troops walked out of Loulan City. The Qi troops moved toward the black-armored army one by one in fear. They all looked pale now and hoped that the black-armored army would not attack them. Attack.

The Chu, Wei and Zhao armies on the city wall also looked at the Qi army with anxiety.

They also hoped that the black-armored army would not attack the Qi army. If the Qi army could leave safely, then the remaining armies of the Three Kingdoms could also be able to attack. Leave safely.

## Chapter 984

On the wall of Loulan,

Meng Tian looked at Su Chen under the wall with a serious face.

He now wanted to order the army to besiege and kill Su Chen, but he did not dare. If he dared to order the army to besiege and kill Su Chen, the other armies of the Three Kingdoms here would definitely They will send out troops to stop the Qin army. This will not be worth the gain.

The general of the Yan Kingdom was frightened.

He originally had to consider how to explain Yan Dan's death to the King of Yan when he returned to the Yan Kingdom. Now he didn't have to think about it. The Xuantian Empire had never considered letting the Yan Kingdom's army Leave Loulan.

The mountain ghost of the Yin Yang family looked at the Qi army leaving and asked in confusion,"You are just going to let the other four armies leave like this?"

Su Chen nodded and said to the mountain ghost,"The total number of troops here is almost 300,000. This time I brought a legion of 100,000 troops. Although my army can destroy the coalition forces of various countries after the war breaks out, my army will also suffer heavy casualties, which is not worth it."

"Tsk, I didn't expect you to be a person who loves the people like a son."Gongsun Liji heard Su Chen's words and mocked.

When Gongsun Liji came here, she hoped that the coalition forces of all countries could send out troops to kill this bastard, so that she could avenge her senior brother Jing Ke.

But the coalition forces of all countries unexpectedly They all looked submissive. No country dared to send out troops to besiege Su Chen. And this bastard really divided the coalition forces of the countries one by one like an emperor. This made Gongsun Liji very angry.

"certainly."

Su Chen looked at Gongsun Liji and said with a smile.

Gongsun Liji looked at Su Chen's hateful smile and cursed, "But you are still a shameless bastard."

"Damn it, Gongsun Liji, be careful if you provoke me again. I will go find you at night."

"Shameless pervert!"

"I'll find you tonight"

"Damn it, I'll kill you if you dare to come"

"Scumbag!"

"I'm going to kill, sister Duanmu, let me go, I'm going to kill this shameless bastard." When Gongsun Liji heard what Su Chen was laughing at her, she angrily drew her long sword Nine and went to kill Su Chen, but Duan Murong held Gongsun Liji tightly to prevent her from going over to kill Su Chen.

Duan Murong said to Su Chen Chen Chen was completely speechless.

This bastard actually looked like a woman in front of hundreds of thousands of troops. How did this bastard become the emperor? Isn't Su Chen afraid of losing the majesty of the emperor?

At this time, in the Qi army When they were about to reach the black armored army, the black armored army split into two and made way for a passage. When the Qi army saw the black armored army giving way, they speeded up one by one and quickly passed through the black armored army. The army entered the exit passage of Loulan.

The other generals of the three countries on the city wall nodded when they saw this situation. They each hurriedly gave orders to their respective armies,

"The Wei army went down to the city wall, gathered the troops, and followed me out of Loulan and back home!"

"Yes, General!"

"All the troops of Chu State have descended on the city wall. Let's return home."

"Yes, General!"

"The Zhao army descended the city wall and gathered the troops to return home."

"Yes, General!"

As the armies of the other three countries quickly descended the city wall and left the city one by one, only the Qin and Yan armies were left on the entire Loulan city wall.

The Qin army was still nervously guarding Su Chen's army, while the Yan army was all. They looked like their parents had died, and they all looked sad and didn't know what to do.

Su Chen looked at the leaving armies of the Three Kingdoms and shook his head. These armies didn't even have the courage to fight. No wonder they were King Qin Yingzheng destroyed all the eastern countries in just a few years.

Su Chen looked at Meng Tian on the city wall and shouted loudly, "Meng Tian, do you dare to come down from the city wall to talk?"

"Why not!"

Meng Tian shouted loudly when he heard Su Chen's words.

Meng Tian may want to know how Su Chen will treat the Qin army. Is he going to massacre them all? Or is he trying to recruit them to surrender? There are 100,000 black-armored troops outside the city. His army is. It is impossible to leave Loulan no matter what

"Mountain Ghost, take the others to meet with the army." Su Chen looked at the girls next to him and told the mountain ghost,

"Yes, Your Majesty!"

Everyone in the Yinyang family and Dianqing looked at Su Chen and walked out of the city, but Xiao Li didn't follow.

She held Su Chen's hand and smiled without letting go.

Duanmu Rong looked at Su Chen and pulled her hand. Gongsun Liji also left with an angry face.

Su Chen touched Xiao Li's hair and said with a smile, "Xiao Li, why don't you leave with them?"

"I am your personal maid, how can I leave?" Xiao Li took Su Chen's hand and shook his head and said,

"That's right, then you can sleep with me tonight!"

"ah?"

Xiao Li was confused when he heard Su Chen's words.

How could he go to bed just as he said this?

This bastard is indeed a pervert.

Xiao Li rolled his eyes at Su Chen in shame and said, "Master, I'm not a human being, so don't look for me for bedtime or anything like that. Anyway, you have so many women, and you don't need mine. Su

Chen continued to face Xiao Li and said teasingly, "It's better if you are not a human. I can study the differences between you and humans. Will you have children with humans in the future?"

Su Chen sometimes wonders, what kind of creature is Xiao Li?

Human?

This is a little unreasonable.

Monster?

This is possible.

After all, Xiao Li is a clone transformed by the goddess of the sky using the tears of the goddess.

Xiao Li heard that Su Chen Then he shouted with his face flushed,"You.....You are so shameless. What Gongsun Liji and Da Siming said is absolutely correct. You are just a shameless pervert."

"Ha ha ha ha!"

When Meng Tian came to Su Chen's side, he heard Su Chen's laughter. He looked at the little beauty next to Su Chen and shook his head. Su Chen was very lustful when he was Wu Xiangjun. He didn't expect that he would After becoming the emperor, he was still as greedy for beauty as before.

Su Chen looked at the burly Meng Tian and nodded and said,"Meng Tian, long time no see."

"His Majesty Emperor Xuantian, why did you call us here this time? Meng Tian asked Su Chen expressionlessly after saluting.

Su Chen stretched out two fingers and said with a smile,"As long as you complete these two things, I will not order the massacre of the Qin army.""

"Those two things?"

"First, the Qin army destroyed the Yan army. After you finish this thing, I will talk about the second thing."

"Do you want to divide Qin and Yan?"

"Only Qin and Yan are left. Can I still use it to divide you?"

"Okay, I hope you keep your word"

"I'm afraid my integrity is much better than your King Qin, right?"

Meng Tian nodded to Su Chen and left.

He didn't know if Su Chen was deceiving him, but Su Chen's integrity was worthy of belief. From the moment he met Su Chen, his promises were very credible. Su Chen He has never broken his trust with anyone.

As for destroying the Yan State, it is a piece of cake for the Qin Army.

The Yan State's 20,000 soft-footed shrimp army and the Qin Army can be destroyed in less than an hour. It was just Su Chen's first The two things made Meng Tian a little uneasy. He always felt that Su Chen's second condition might not be that simple.

But he couldn't agree to Su Chen.

He couldn't deal with the 100,000 black-armored troops outside the city.

Especially the 20,000. The heavy armored army, just the 20,000 heavy armored troops outside the city, can destroy the Qin army here.

Meng Tian wants to take the army here to return to Qin safe and sound, and he will do it even if there is a glimmer of hope.

Chapter 985

Western Continent,

Xiuyu Valley,

Yihua Palace.

Not long after Yao Yue and Lian Xing came back from Gusu City, they were informed by the secret guards that there was something going on in the Valley of the Evil, and that Yan Nantian had indeed returned to the world, and his strength had actually advanced to the level of a land god in the Heavenly Realm. This made them Yao Yue and Lianxing were very surprised by the news.

Lianxing looked at the information in his hand and said worriedly,

"Sister, is Yan Nantian's wedding dress magic that powerful? Moreover, he has been a living dead for more than ten years, and he just re-cultivated the magic skill of wedding clothes. How could Yan Nantian advance to the level of land immortal in a short period of time?"

Yao Yue said to Lian Xing with a smile while drinking tea,

"Lian Xing, Yan Nantian must have some adventures when he wakes up and re-cultivates the magic skill of wedding clothes. My husband said that if you practice the magic skill of wedding clothes to the tenth level, you will be able to change your muscles and cleanse your marrow. The practitioner has reached the tenth level of cultivation."

Yao Yue doesn't care whether Yan Nantian is a land immortal in the Heavenly Realm.

She is now half a step into the Heavenly Realm. But if she uses the Emperor-level Sword Art Divine Sword Thunder Controlling True Art to fight against the enemy, she will be a Heavenly Immortal." Land gods in the human realm will also be killed by her sword. Yan Nantian's Divine Sword Art is scum compared to the Divine Sword and Thunder Control Art.

Lian Xing was still very worried after hearing Yao Yue's words.

The Western Continent had just After the war ended, some forces in the Jianghu began to get ready to do some shameful things. The killer organization of Qingyi House has been making trouble

during this time. Although the secret guards and Luo Wang killed many killers of Qingyi House, the killers of Qingyi House The boss has never known who he is.

The secret guards and Luo Wang have not found any useful information in the past half month. The boss is Lu Xiaofeng and others, and they have not found it. This is something that makes Yao Yue and Lian Xing He also started to pay attention to Qingyi Tower.

Now Yan Nantian in the Heavenly Realm is reborn.

Although Yan Nantian is a heroic man, his temperament is resolute, stubborn, strong and stubborn. Once such a person decides, he will not change his mind.

The cause of Jiang Feng's death did not concern Yihua Palace, but just because Jiang Feng died near Yihua Palace, Yan Nantian believed that Yihua Palace was also one of the murderers of Jiang Feng.

Moreover, the little fish adopted by Yan Nantian was still anti-Soviet The people in the alliance, Yan Nantian will be their enemies no matter what the reason is in the future.

Thinking of this, Lianxing asked Yao Yue, who was still calm and composed,

"What to do? Lu Xiaofeng has a killer organization from Qingyi Tower, and Yan Nantian, who has achieved the realm of heaven and humanity, will definitely come to our Yihua Palace to provoke me. Xiao Yuer and those in the anti-Soviet alliance may also take action. Should we inform my husband?"

Yao Yue waved her hand to Lian Xing and said comfortingly,

"No need, Yan Nantian can't come so quickly. He has just been promoted to the Heavenly Realm and I'm afraid he needs to stabilize his cultivation realm. And the people in the Anti-Soviet Alliance basically go to the Northern Continent. We'd better get rid of Qingyi Tower first, this killer. Organizations cannot stay."

Lianxing drank tea and said to Yao Yue, "The chief executive of Qingyi House has never shown up. The assassins of Qingyi House killed by the secret guards and the net are also just small shrimps. We need to find the chief executive of Qingyi House. It seems that Lu Xiaofeng and others are still needed."

Yao Yue stood up with a serious face, thinking that she was about to advance to the Heavenly Realm, and the Jellyfish Yin Ji in the Xuandiao Palace in Gusu City were all in retreat to break through, and she didn't want to lag behind those women too much in terms of strength.

Qingyi Tower!

Yan Nantian!

This is a killer organization.

A strong man in the heavenly realm.

She wants to wipe out all these people and then return to Gusu City to retreat in Xuanniao Palace.

"Lianxing, give me an order. All secret guards and snares in the Western Continent, including the city guards, must fully cooperate with Lu Xiaofeng and the others. All the prefectures and counties in the twelve states of the Western Continent must also cooperate with Lu Xiaofeng and Sikong Zhaixing."

"Yes, sister!"

Lianxing was very surprised when he heard Yao Yue's words.

It seems that this time her sister is angry and has used so many forces to search Qingyi Building. This time Qingyi Building cannot hide anymore.

Previously, she was just a secret guard. Several teams from Luowang and some Xuan-level killers from Luowang were sent out to find clues about Qingyi Tower.

Now all the secret guards and Luowang in the Western Continent were used, even the official officers and the city guards.

Lianxing thought that it was lucky that her sister did not use Li Xiuning The Eastern Combat Legion, these are already making a fuss out of a molehill. If we use another million Eastern Combat Legion, I'm afraid it will really kill the mosquitoes.

After Lian Xing left, Yao Yue thought about it and said with a cold face, "Qing Yi Lou, let's see how you still hide this time. The boss of Qingyi Lou will definitely find you out this time, Youlan!"

"lady!"

A woman in black suddenly appeared next to Yao Yue and saluted,

"Send a team of shadow assassins to Yanjing to protect Lu Xiaofeng and the others. Nothing can happen to Lu Xiaofeng and the others."

"Yes, ma'am!"

After Yao Yue ordered these things, she stretched her perfect body. The bulging figure made Yao Yue look more mature and beautiful. In the past few days, she has been dealing with matters in the world of the Western Continent. The

Southeast Region There is constant friction between the Sun Moon God Sect and the Five Mountains Sword Sect.

Although the Ming Sect in the northwest has existed in name only, after the disappearance of the sect leader Wuji, the sudden appearance of the former sect Zhu Yang Dingtian made the famous sects headed by Wudang prepare to besiege the Ming Sect. Guangmingding.

As well as the emergence of the [Order to Reward Good and Punish Evil] in the southern region, Xia Ke Island was immediately exposed. The emergence of these things one by one made Yao Yue very helpless.

She did not have time to just deal with these things. Come to practice, she now hopes that Concubine Yan and others in Xuannio Palace in Gusu City will reorganize a department to manage the rivers and lakes, otherwise she may not be able to practice with peace of mind in the future.

Eastern Continent, Loulan Desert.

In the secret realm of Loulan, the army of Great Qin has already There was a battle with the Yan State army.

When the 60,000 Qin army suddenly launched an attack on the Yan State army, in less than half an hour, more than 20,000 Yan State troops suffered heavy casualties.

If it were not for the fact that most of the troops on the city wall could not The army is fighting. I am afraid that the Yan army has been destroyed by the Qin army.

"Kill, kill the Yan people, and then we can go home"

"wind! wind! wind!"

"Kill and attack the left wing. There are thousands of Yan people there."

"Archers, prepare, release!"

On the city wall of Loulan, the Great Qin army chased and slaughtered the fleeing Yan army. Even the surrendered Yan army did not hesitate to kill them. The officers and soldiers of the Great Qin army competed for their heads and military glory. These Great Qin armies also They all went crazy.

Su Chen looked at the wolf-like Qin army and frowned and said,"Qin's military system has had a great impact on the Qin people. If we want to conquer Qin in the future, I'm afraid we will have to kill a lot of them." Qin people."

Xiao Li couldn't bear to ask when he saw the cruelty of the war.

"Young Master, why do you want to conquer the Eastern Continent? Wouldn't this cause the death of many people?"

Su Chen looked at Xiao Li and shook his head and said,

"The seven countries in the Eastern Continent have been fighting wars for hundreds of years, and the wars have not stopped for hundreds of years. Xiaoli, do you know how many civilians die every

year? Do you know how many people there are in the Eastern Continent? How many people are there in the southern and western continents that I control?"

"How do I know this?"

"Xiao Li, I am afraid that hundreds of thousands of people die every year in the Eastern Continent due to wars. The combined population of the Eastern Continent is only about 10 million, while the Southern Continent has a population of more than 80 million, and the Western Continent also has a population of about 50 million. If the war between the countries in the Eastern Continent continues, the population of the Eastern Continent may become smaller and smaller."

Chapter 986

Xiao Li fell silent when he heard Su Chen's words.

She now understands why Su Chen wanted to conquer the Eastern Continent.

If the Eastern Continent continues to be chaotic like this, I am afraid that more civilians will die in the Eastern Continent. There may even be some dead cities in the Eastern Continent where no one will die. city.

Although wars will cause huge casualties in the short term, without wars in the future, the population will grow rapidly.

This is a blessing to the common people. The short-term pain can solve the long-term pain. This is probably what Su Chen thought. To do.

On the city wall of Loulan, the Qin army was still massacring the Yan army, and the Yan generals had been huddled within the Yan army from the beginning.

When the Yan army was unable to resist the Qin army's attack, the Yan army's generals also wanted to flee here, instead of encouraging the Yan army and the Qin army to fight to the death. The Yan army was helpless when encountering such a general.

"Um?"

While Su Chen and Xiao Li were talking, he suddenly found some people rushing toward him.

Xiao Li asked suspiciously when he saw Su Chen looking in other directions,

"What's wrong?"

Su Chen touched Xiao Li's hair and said with a smile, "The high priests are here."

"High priest? They didn't leave Loulan last night?"

Xiao Li was very surprised when she heard Su Chen's words. She thought that the high priest and the remaining ten Loulan people would secretly leave Loulan last night, but she didn't expect that the high priest and the others did not leave. Didn't the high priest and the others not leave?

Are you willing to leave this broken secret realm of Loulan?

Su Chen took Xiao Li and sat on a stone bench aside, waiting for the arrival of the high priests. Seeing Xiao Li's surprised expression, he shook his head. It was not that the high priests were unwilling to leave. But the high priest and the others didn't know where to go even if they left.

The secret realm of Loulan has been destroyed.

This place may soon become a desert.

And there is desert for thousands of miles outside Loulan, and they, the foreigners, just went The Central Plains may also be targeted by the Jianghu people in the Central Plains. The high priest came to him last night probably because he wanted to help her.

"Xiao Li, the high priest and the others have been living in the secret realm of Loulan. They don't understand the outside world. Although they are powerful, the outside world can be said to be incompatible with Loulan people like them. I'm afraid the high priest has something to ask for from me."

"The Loulan people are also very pitiful. Hundreds of thousands of Loulan people were massacred. This was all caused by the Demon God of War. Young Master, how about helping a group of high priests and the like?"

"Let's see what happens later!"

Swish swish swish" .....

After just a while, the high priest appeared next to Su Chen with more than a dozen Loulan masters. The high priest looked at Su Chen and frowned, not knowing how to ask this bastard.

Su Chen looked at the high priest and smiled.

The high priest was still dressed in a beautiful and noble manner. The high priest held the scepter like a queen. The beautiful and fitting alien costume made the high priest's exquisite body look even more hot..

The high priest looked at Su Chen for a while and then said tangledly, "Su Chen, can you help us Loulan people?"

"Can't!"

Su Chen shook his head and refused directly.

Why should he help the high priest when there is no benefit?

This woman has been angry with him.

Su Chen will not easily agree to the high priest's request.

The high priest did not expect that this bastard would even think about it. He rejected himself without thinking.

The lowest level of cultivation among them is all masters. Is this bastard attracted by the strength of these people? The high priest looked angry and scolded Su Chen, "Damn it. Yes, how can you help us?"

"What do you think?"

Su Chen looked at the high priest's perfect body and smiled and said,

"you.....You bastard, don't be wishful thinking, I will not agree to your rude request, bastard." The high priest didn't expect that this bastard actually wanted to take advantage of her. Even if she died

, there was no way she would agree to this bastard.

This shameless pervert was so abominable.

Su Chen waved his hand to the high priest. He asked them to leave and said, "Then please do it. With your own strength, you can live very well in Tianxuan Continent. You can do it even without my help.""

The high priest was helpless after hearing Su Chen's words.

If this bastard didn't help them, I'm afraid they would be annexed by the martial arts masters in the Central Plains even if they went to the Central Plains area. They are all beautiful women, those powerful people in the Central Plains The masters will definitely take action against them, and even capture them and force them to be slaves.

The high priest thought of these submissive people and said to Su Chen, "We are all great masters and masters. Don't you need us in the future?" Any help?" Su Chen's eyes lit up when he saw that the high priest was about to surrender. The strength of these ten Loulan masters is quite good, especially they are all beautiful women. If these people can really surrender to him, Su Chen will also These people can be arranged to be the guards of Xuanniao Palace. Su Chen thought for a while and continued, "Grand master? Grandmaster? Is this powerful? High Priest, there are many land gods in the Heavenly Realm in the Central Plains region. You people will go to the Central Plains region in the future, that is, ordinary masters." When the high priest heard Su Chen's words, he lowered his head and bit his lip angrily. She didn't know if what Su Chen said was true, but she had read about the power of the martial arts masters in the Central Plains in the classics. Loulan was the only one left. They have more than ten women. Will these women in Loulan be killed or

captured as slaves by masters from the Central Plains one by one in the future? The high priest suddenly looked up at Su Chen and said with shame and anger,

"I promised you"

"Um? Promise me what?"

Su Chen was confused.

What did the high priest say he promised?

He wasHe didn't say that he wanted these women in Loulan to surrender to him.

What is the high priest doing?

The high priest saw Su Chen pretending to be stupid and shouted angrily,"Asshole, no matter what you ask for, I will promise you.""

"OK! Then you will all be my subordinates from now on."Su Chen laughed when he heard the words of the high priest.

It seems that the high priest has given in.

This time he did not come to Loulan in vain.

Although he did not get the uncontrollable Demon God of War, he was able to get several great masters and ten masters. Beautiful women from multiple masters are also good.

The high priest rolled his eyes at Su Chen and ignored him.

This time she sold herself to this bastard, and he doesn't know how he will wait for her in the future.

Is it to be played with and then discarded?

Or is it ? Treat her like a slave?

But she has no choice. At least she still has some understanding of this bastard. If they were besieged by the army of the six countries just now, I am afraid that they would either be killed or captured and humiliated. Got it

"Xiao Li, take the high priest and the others to the army outside the city. I'll be there in a minute."

"Okay, sir."

## Chapter 987

After Su Chen, Xiao Li, the high priest and the others left, he saw that the Qin army's war was coming to an end, and this time Loulan's matter was also settled.

Where did Ji Ruxi and that woman go?

It's time to leave Loulan, why hasn't that woman appeared yet? Could it be that Ji Ruxi is practicing to find the treasure she needs? Or did Ji Ruxi encounter any danger?

At this time,

Meng Tian came to Su Chen again and asked loudly, "His Majesty Emperor Xuantian, what is your second condition?"

After Meng Tian arrived, Su Chen touched his chin and asked with a smile, "The second condition. Two conditions? Meng Tian, do you think Qin can still destroy the remaining five countries in the east?"

"Of course, the Great Qin army is the most powerful army in the Eastern Continent. The remaining five eastern countries are no match for the Great Qin army at all. It will be a matter of time before the remaining five eastern countries are destroyed."

"oh! What if my Xuantian Empire also intervenes in the war on the Eastern Continent? Do you think Da Qin will be a rival to our imperial army?"

"you.....Da Qin is notThe opponent of the Heavenly Empire."Meng Tian was very embarrassed when he heard Su Chen's words.

The power of the Xuantian Empire is not comparable to that of the Qin State. The four major combat legions of the Xuantian Empire have millions of troops.

And the black armor of Jiuyuan City here in the Eastern Continent The black-armored army and the black-armored army in Xinzheng City are also very powerful. Even if the four major combat armies of the Xuantian Empire did not come to the Eastern Continent, the black-armored army of Jiuyuan and Xinzheng City, Great Qin, would not be able to do anything.

Su Chen came to Meng Tian and Patted him on the shoulder and said,"Meng Tian, is Ying Zheng a good king?"

"Of course the king is a good king."When Meng Tian heard Su Chen's words, he answered directly without thinking.

Su Chen shook his head and said to Meng Tian disdainfully,

"Can a king who doesn't keep his promises also be a good king? A man who even his mother was afraid of leaving him could be considered a good king? Is a king who gives away his wife a good king? Can a king who doesn't care about the life or death of his troops be considered a good king? Meng Tian, is this what you said about Qin King Ying Zheng being a good king?"

Meng Tian was very surprised when he heard Su Chen's words.

He knew that Zhao Ji left Qin, but he didn't know that Zhao Ji left because he was afraid of King Qin. King Qin Yingzheng sent 500,000 troops to attack Gusu City. He also Yes.

Meng Tian also knows that even if the 500,000 Qin Army succeeds in the sneak attack on Gusu City, the 500,000 Qin Army will never return. After all, no matter whether the Qin Army succeeds in the sneak attack or not, the 500,000 Qin Army will be defeated by the angry Xuan Army. The army of the Heavenly Empire was destroyed.

So what happened to King Qin's wife?

Why did King Qin give a wife?

Who did King Qin give a wife to?

Which wife was he given?

This all made Meng Tian very confused.

Meng Tian looked at Su Chen and said He asked with a serious face,"Your Majesty Emperor Xuantian, what happened when King Qin sent his wife to you?"

Su Chen laughed when he heard Meng Tian's words. He now understood that King Qin Ying Zheng's gift of his wife was done in secret,"Haha! Meng Tian, do you still remember that 500,000 Qin troops wanted to attack Gusu City?"

"Know!"

"Then do you know why Hu Ji and Zi Nu's revenge against Qin suddenly stopped? Why didn't Hu Ji's army in Shangjun of Qin continue to attack the capital of Qin? Why did Qin's army that attacked Zhao return to Qin safely?"

"Are you saying that in order for King Qin to make Hu Ji and Zi Nu retreat, Qin sent you a wife as a hostage?"

"King Qin Yingzheng gave me a wife, but not as a hostage. You should understand what it is for."

Meng Tian was very angry when he heard what Su Chen said.

He didn't expect that Hu Ji and Zi Nu's retreat would be such a secret. The king of a country would abandon his wife and let the enemy country retreat. This is simply not worthy of being a king. The king of the country, if he sends his wife today to make the enemy country retreat, tomorrow he may make the enemy country retreat and sacrifice their generals.

Meng Tian clenched his fists tightly and asked angrily,

"Is it that lady?"

Su Chen thought of the gentle Mi Hua and said with a smile, "Mrs. Mi Hua of the State of Qin is also the mother of Fu Su, the son of King Ying Zheng of Qin."

"This is impossible, this is not true."

Meng Tian shook his head when he heard Su Chen's words and looked in disbelief.

Mrs. Qin Mihua is the princess of the Chu Kingdom, and she is also the half-sister of Lord Changping. She is also the mother of Fusu, the eldest son of the Qin Dynasty. How could King Qin possibly do this? Would you give Mrs. Qin to this shameless pervert?

"Believe it or not, you should know about Zhang Han, the commander of the Shadow Guards. Zhang Han is now in Jiuyuan City. You should know why he dare not return to Qin."

"Zhang Han is actually in Jiuyuan? No wonder I haven't seen him in months." Meng Tian lowered his head with a complicated face.

He knew that Su Chen could not deceive him, and

Su Chen had no reason to deceive him.

These were all true.

He knew about King Qin's arbitrary actions.

In the Qin State, King Qin's orders No one can violate it, and he can still remember the execution of those ministers who opposed it. The

500,000 captured troops of the Qin State caused many people who opposed the King of Qin to be executed. Those people only asked the King of Qin to redeem the army, but the King of Qin believed that Those are rebels and are not allowed to be redeemed.

Meng Tian calmed down and said to Su Chen, "His Majesty Emperor Xuantian, what is your second condition?"

"you!"

Su Chen pointed at Meng Tian and said seriously.

Su Chen respected Meng Tian very much. Su Chen admired this famous general in history. The

Eastern Continent will also need a combat legion to guard it in the future, but his legion Each has its own garrison.

Li Xiuning's Eastern Combat Legion guards the Western Continent [Da Ming], Mu Guiying's Western Combat Legion guards the north of the Southern Continent [Da Song], and Shen Luoyan's Northern Combat Legion guards the Southern Continent. East [Great Sui Dynasty].

Gai Nie's Tenglong combat legion will launch a war in the northern continent, and Huang Rong's southern combat legion will attack the eastern continent.

If the eastern continent is conquered in the future, a combat legion will be left here to guard it.

But Su Chen wants to prepare a quick-response army to respond to war at any time, so Huang Rong's Southern Combat Legion is to be deployed as a quick-response combat legion. It is impossible for Huang Rong's Southern Combat Legion to stay in the Eastern Continent to guard it.

This is why Su Su Chen wanted to reorganize a combat legion to guard the Eastern Continent. Meng Tian was also one of the candidates to lead the future combat legion. In addition to Meng Tian of Qin State, Li Mu of Zhao State was also selected in one of Su Chen's plans.

"I? Meng

Tian looked at Su Chen pointing at him in confusion.

Su Chen nodded and said, "Yes, you are a very capable general. I need you to surrender to me and my Xuantian Empire."

Meng Tian heard Su Chen's words and said angrily, "It's impossible. Our Meng family has been loyal to the Qin Dynasty for generations. It's impossible for me to betray the Qin State and the King of Qin. Your Majesty, Emperor Xuantian, don't have any wishful thinking."

"Meng Tian, if all your 100,000 elite troops are massacred in Loulan this time, what do you think King Qin Yingzheng will do with you? What will you do with your Meng family?"

"this...."

"The whole family was executed, and the nine clans were implicated. Meng Tian, do you think King Qin would do this?"

Chapter 988

Meng Tian is confused now.

The Qin Dynasty dealt very harshly with generals who failed in battles, not to mention that the 100,000 troops he brought this time were also 100,000 of the 400,000 elite troops left by the Qin State. If all these 100,000 troops were lost in Loulan, the angry King Qin Yingzheng cannot easily forgive himself.

Although Meng Tian knew that the Qin State still had an army of 700,000 to 800,000 people, the newly recruited troops had no combat effectiveness at all and were not even fully equipped with weapons and armor.

The elite army of Qin State is General Wang Jian. He brought back hundreds of thousands of troops from the battlefield of Zhao State. If the one hundred thousand troops he led this time were really wiped out, Meng Tian felt very worried when he thought about it..

He is not afraid of death, but it is not what Meng Tian wants to see if his family and members of the family die together.

Su Chen looked at the confused Meng Tian and continued,

"Meng Tian!"

"Generals Xin Sheng and Neishiteng are now the commanders of the Tenglong Combat Legion. At least 300,000 of the 500,000 surrendered Qin troops were incorporated into the Tenglong Combat Legion, and the remaining 200,000 or so Qin troops were assigned to Each state capital serves as a city guard"

"You should also know the pay and benefits of my subordinate troops."

Meng Tian was shocked when he heard Su Chen's words,

Tenglong Combat Legion?

Why hasn't he heard of this legion?

"Tenglong combat legion? Have you formed another combat army?"

Su Chen nodded and replied, "Yes, the Tenglong Combat Legion is commander-in-chief Ge Nie. The Tenglong Combat Legion has six subordinate legions with 600,000 troops, 150,000 naval troops, and more than 300 warships. It is now in the Northern Continent. Prepare for war"

"hiss! Are you ready to dominate Tianxuan Continent?" Meng Tian looked at Su Chen in disbelief and asked.

He did not expect that Su Chen would actually start a conquest on the northern continent.

Su Chen had already conquered the southern and western continents. There were hundreds of thousands of Su Chen's troops and troops on the eastern continent. Millions of alien slave troops.

Su Chen has laid out the plan for the Northern Continent and even dispatched a combat regiment of more than 700,000 troops to the Northern Continent.

Does Emperor Xuantian want to rule the Tianxuan Continent?

Su Chen did not hide it from Meng Tian. He continued, "Not bad? Huang Rong's Southern Combat Legion is heading towards the Eastern Continent, and the Eastern Continent will also be conquered by my army in the future."

Meng Tian was so frightened that he almost jumped up when he heard Su Chen's words.

"Holy shit!"

"The Southern Combat Legion, the most powerful of the four combat legions, was sent to the Eastern Continent by you?"

"You are too concerned about the armies of the countries in the Eastern Continent. Even the black-armored armies of Jiuyuan and Xinzheng have left the countries in the Eastern Continent helpless. If your southern combat corps arrives, I am afraid it will make the countries in the Eastern Continent even more desperate."

Meng Tian did not expect that Su Chen would send the most powerful Southern Combat Legion among the four legions to the Eastern Continent. This made Meng Tian very surprised and helpless. He had no way to defeat the Southern Combat Legion.

As long as the Southern Combat Legion arrived, the Eastern Continent All the countries on the mainland will be conquered one by one. The six to seven hundred thousand Southern Combat Legion will not be able to do anything even with Qin's millions of troops. The

Southern Combat Legion destroyed countless countries, and the Song Empire was crippled by the Southern Combat Legion. Dozens of foreign nations in the Southern Continent were destroyed, and the Ming Empire in the Western Continent was also destroyed by the Southern Combat Legion.

Such a brave and capable Southern Combat Legion would probably not be a match even if all the countries in the Eastern Continent unite.

Su Chen smiled when he saw Meng Tian making a fuss and said,

"I just want to end the war as soon as possible. It's time for the hundreds of years of strife among the countries in the Eastern Continent to end. There will be no more wars in the future. This is a very happy thing for the ordinary people of the Eastern Continent. At least they don't have to worry about war in the future. , will be dragged into fighting a life-or-death war."

Meng Tian sat down directly.

He now has to think carefully about what Su Chen said.

The Southern Combat Legion will arrive soon, and if the black armored troops from Jiuyuan and Xinzheng City are added,

Su Chen will at least be in the Eastern Continent. There are millions of black-armored troops.

If you add the millions of alien servants, there will be more than two million troops.

This is really scary.

At this moment, outside Loulan City, a subordinate of the Western Combat Legion In the tent where the legion was stationed, the Yin Yang family, Duan Murong, Gongsun Liji, and even Mei Sanniang were resting here. However, after Xiao Li arrived with the high priest and his men, the atmosphere here was not right.

The Yin and Yang family looked at the high priest and the Loulan people without saying anything, while Duan Murong and Gongsun Liji looked at them and ignored the Loulan people who came. Mei Sanniang just looked at the girls and kept drinking. After the priests arrived, they looked at the women here and sat down to rest.

None of them paid attention to them, and they didn't know what to say to the women here.

For a while, the tent became quiet, even though there were There were dozens of beautiful women, but not a single woman spoke.

It is said that when two women are together, they will chatter like ducks, but in this military tent, not a single one of the dozens of women spoke. This was something that even the troops guarding outside could not imagine.

Xiao Li looked left and right and felt that something was wrong with everyone here. She looked at Duan Murong and wanted to know what happened to Duan Murong last night, "Duan Murong, what happened to you last night?" Have you been barking? Are you injured?"

After Xiao Li said something unintentionally, the atmosphere here became weird.

Except for the high priest and other Loulan people who didn't know what was going on, the rest of the people here knew what happened last night. , they didn't expect that Xiao Li knew nothing about that matter, which made the people here look at Duan Murong with great sympathy and amusement. Duan Murong looked at the simple Xiao Li and couldn't laugh or cry, and her face was red and she didn't know. How to answer? She was very embarrassed and angry when she saw Gongsun Liji trying to laugh but holding back.

"It's nothing, I just feel a little uncomfortable"

"Duan Murong, are you really uncomfortable or are you pretending to be uncomfortable?" Da Siming looked at the red-faced Duan Murong and asked with a smile, adding fuel to the fire.

When Gongsun Liji heard Da Siming's words, she stood up angrily and shouted, "Da Siming, what do you mean?"

"It doesn't mean anything, I just want to know if what Duan Murong said is true."

"Shameless!"

"laugh! Gongsun Liji, you are just a prisoner. If you dare to be arrogant again, I will hang you in the military camp."

Xiao Li was at a loss when she saw Da Siming and Gongsun Liji quarreling. She didn't understand why Da Siming and Gongsun Liji started quarreling when she just cared about Duan Murong.

Duan Murong is now Damn that bastard Su Chen, she didn't expect that all these people would know what happened last night.

But she was very helpless when she thought about it. The people here are either grandmasters or great masters.

What happened last night must not be escaped. human perception

"Da Siming, are you going too far?"

Mei Sanniang next to her couldn't stand it anymore.

She already disliked the Yin and Yang family, and Da Siming was obviously targeting Duan Murong and Gongsun Liji this time. She, like Duan Murong and Gongsun Liji, both is a prisoner,

"Muscular girl, I don't want to talk to you"

"Damn it, Da Siming, do I have muscles? Are you blind?"

Chapter 989

Mei Sanniang took her huge scythe and angrily wanted to kill the great master of the Yin and Yang family. This shameless woman made her very angry. Was she a muscular woman? Does her figure have muscles?

Da Siming twisted her perfect body and looked at Mei Sanniang and said disdainfully, "Muscular girl? Want to fight? Are you my opponent?"

Touch!

Mei Sanniang slammed the huge scythe on the ground and said angrily, "Da Si Ming, don't look down on others just because of your high level of cultivation. If you have the guts, you can fight me with the level of a master's level of cultivation. Let's see what my aunt can do." I can't overthrow you."

Mei Sanniang was also very helpless.

The Great Siming of the Yin Yang family is at the level of a Grand Master. She is only at the late stage of a Grand Master. With the strength of the Great Siming, she might be able to do ten moves. He will be suppressed by Da Siming within a short period of time.

"laugh! I promise you, muscle girl, this time I will let you know that even if I use my master's level of cultivation, I can still suppress you."Da Siming lifted the bangs on her forehead and mocked,

"Anyone can speak big words, come out and fight"

"war!"

After Da Siming and Mei Sanniang went out one after another, the women here also left the tent one by one. They were also very uncomfortable in the tent. There was a good show this time, and they all wanted to watch it. Let's see who Mei Sanniang and Da Siming can defeat.

"Someone come!"

After Da Siming came out, she found that the troops here were all guarding the tent. She saw that there were too many troops here, and it was very inconvenient for her to fight with Mei Sanniang.

"lady!"

A black-armored general hurriedly came to Da Siming and saluted.

Da Siming blushed when he heard the general call her Madam.

When that bastard asked her to use the token to order these troops, the troops here must have misunderstood. What, but Da Siming didn't explain anything. This was a matter of time, so she just thought of it as a matter of getting used to it.

Da Siming ordered the black-armored general,"Order the army to retreat a hundred steps. I want to fight with this muscle." Give it a try, girl"

"Yes, ma'am!"

When the surrounding black-armored troops retreated,

Mei Sanniang suddenly realized when she looked at Da Siming.

She didn't expect that Da Siming was also that bastard woman. No wonder Da Siming wanted to target Duan Murong, a member of the Yin Yang family. Da Siming must be jealous of what happened last night.

Mei Sanniang looked at Da Siming and said strangely, "Da Siming, I didn't expect that someone would want a cruel woman like you. That bastard Su Chen is simply blind. Eye"

"Damn it, look how I deal with you!" Da Siming's face turned frosty when he heard Mei Sanniang's words.

She is a cruel and ruthless person.

Her hands turned red like a flame due to practicing the Yin-Yang family's secret technique Yin-Yang Hand Seal. This made unknowing people People thought she killed too many people, which made her hands turn red.

"Grand Commander is not allowed to have the strength of a Grand Master"

"If you don't use it, don't use it!"

When the two began to fight,

Mei Sanniang waved a huge sickle to attack Da Siming without dodging. After Da Siming flew to avoid Mei Sanniang's attack, she quickly dodged and hit Mei Sanniang with a palm. On Sanniang's back.

Boom!

Mei Sanniang was knocked back a few steps and looked at Da Siming with disdain. She had practiced the most hard skills, and she didn't care at all about Da Siming's attacks.

"Da Siming, is this all you have?"

"The ultimate hard work! I didn't expect that you, Mei Sanniang, would reach great success in cultivation."

"kill!"

Mei Sanniang didn't say anything to Da Siming. She took a huge sickle and quickly killed Da Siming.

"Yin and Yang combined mudra!"

Da Siming suddenly knotted his hands and issued a pattern that looked like a Tai Chi seal. When Da Siming activated the Tai Chi seal pattern, he attacked Mei Sanniang like thousands of hand seals.

Boom!

This time, Mei Sanniang was directly knocked away. , even Mei Sanniang's weapon, the huge scythe, was not knocked away.

However, after Mei Sanniang only retreated dozens of steps, she clenched her fist and attacked Da Siming again. She was not injured at all just now. If Da Siming's attack hadn't been too powerful, she wouldn't have been beaten back dozens of steps.

"Muscular girl, you are indeed a muscular girl"

"Da Siming, I will tear your stinking mouth apart."

Boom, boom, boom!

Da Siming and Mei Sanniang started fighting each other again.

Although Mei Sanniang was repulsed or even flown away by Da Siming every time,

Mei Sanniang relied on the strength of her cultivation. Although she has hard skills, she can practice kung fu with an iron cloth shirt. She regards swords, guns and arrows as rotten wood. If Da Siming

cannot find her rear sight, there is nothing he can do to her. The other women around are watching Da Siming and Da Siming fighting. Mei Sanniang was very speechless.

The fight between the two of them was very funny no matter how you look at it, but if it continues like this, I am afraid that Da Siming will lose due to excessive internal energy consumption.

Mei Sanniang has practiced the most powerful skills. But Da Siming was invulnerable. Although Da Siming fought off Mei Sanniang every time, if Da Siming hadn't figured out a way to restrain Mei Sanniang, the situation might have changed soon.

Da Siming was not worried at all that she would Failure, she has practiced the Mingyu Gong of Yihua Palace, and she has also practiced the Mingyu Gong to a great extent. The Mingyu Gong of Dacheng only consumes physical strength when fighting the enemy without damaging her internal strength. When fighting the enemy, her skills are always restrained. The true energy in the body is endless

"Da Siming, let's see how long you can hold on."

"hehe! It feels very comfortable for me to beat you like this, but you can't even touch me. Are you angry, Mei Sanniang?"

"Damn it, I'll skin you in a minute."

At this time,

Su Chen suddenly appeared here. He was confused when he saw the fight between Da Siming and Mei Sanniang. One was ruthless and the other was fiery. Why did they start fighting? Is this a personality incompatibility?

Hei When the general of Army A saw Su Chen's appearance, he hurriedly saluted and said, "See you, Your Majesty!" Long live your Majesty!"

"See your majesty, your majesty will live forever!"

"See your majesty, your majesty will live forever!"

"See your majesty, your majesty will live forever!"

One hundred thousand black-armored troops knelt down and saluted Su Chen, saying,

"Get up, Commander Liu Yun, and order the army to prepare to withdraw from Loulan. Let's go to Jiuyuan City in the eastern continent. The Qin army here should leave them alone."

"Yes, Your Majesty!"

Su Chen convinced Meng Tian this time. Meng Tian will also be the general of his Xuantian Empire in the future. If Meng Tian was not afraid of harming the family, Su Chen would have announced his acceptance of Meng Tian's fate now. Da

Siming and Mei Sanniang They also stopped when they heard the shouts of the surrounding troops. They knew that Su Chen had arrived, and the competition had to stop, otherwise the bastard would not let them go.

Su Chen looked at the many beauties and said with a smile, "Get ready. We will set off to Jiuyuan City in a moment."

"Yes, Your Majesty!"

"yes!"

"asshole!"

Chapter 990

In the Loulan Secret Realm, as the Qin army left first,

Su Chen's army also began to evacuate here.

Only hundreds of thousands of corpses and dilapidated buildings were left in the entire Loulan Secret Realm. I am afraid that it will not be long before it will be sandstormed. Completely buried, Loulan will completely disappear from human sight.

With Xiao Li's explanation, Su Chen also understood why Da Siming and Mei Sanniang started fighting.

He did not expect that a fight between Da Siming and Mei Sanniang would be caused by Xiao Li's words.

But Xiao Li is too naive.

She actually thought that Duan Murong was injured or sick last night, huh!

Duan Murong was sick last night, and

Su Chen gave her an injection.

Su Chen touched Xiao Li's hair and said to Mei Sanniang with a smile,

"So that's it, but Mei Sanniang, you can't defeat Da Siming. Da Siming has practiced Mingyu Gong, and her internal energy is endless when fighting. It's just wishful thinking for you to use up all her internal energy."

"Um? Are you telling the truth?"

Mei Sanniang didn't believe what Su Chen said.

Da Siming is this bastard's woman. If this bastard prefers his woman, wouldn't she be deceived by this bastard?

"real!"

Dianqing nodded after hearing Su Chen's words.

He guessed that Mei Sanniang wanted to consume Da Siming's internal strength to defeat Da Siming, but not Mei Sanniang could do it to Da Siming who had practiced Ming Yu Gong. Dealing with it,

Dianqing looked at the angry Mei Sanniang and said comfortingly,

"Sanniang, what your majesty said is true. I heard the master talk about the Mingyu Gong in Yihua Palace before. The Mingyu Gong is indeed what your majesty said."

"Damn it, how could that cruel woman practice the Yihua Palace technique?" Mei Sanniang was very angry when she heard what the ceremony said.

Today she was beaten up and down by Da Siming.

Although she was not injured, it made Mei Sanniang very unhappy.

Da Siming laughed next to her. He smiled and said to Mei Sanniang, "Muscular woman, don't you know that Yaoyue from Yihua Palace is this bastard's wife? What's wrong with me practicing the Yihua Palace technique?"

"Da Siming, when my strength improves in the future, I will definitely avenge today's revenge."

"Anytime!"

"snort!"

Su Chen looked at Da Siming and Mei Sanniang and shook his head. One is a ruthless woman, and the other is a woman with a strong personality and a hot temper. If these two women are together, it will probably be lively in the future.

The sky is full. In the yellow sand, one hundred thousand black-armored troops walked and stopped in the desert. This time they walked out of the desert after seven or eight days in a row. After looking at the endless green grassland, Su Chen and the girls were very happy.

In By the river, the army was ordered by Su Chen to repair here, and Su Chen and the high priest and other women were sitting around the river eating delicious food.

At this time, a secret guard appeared here and asked Su Chen He saluted and said, "Your Majesty, a secret message from Gusu City!"

Su Chen took the secret letter and read it.

Da Siming, Mei Sanniang and other women raised their brows when they saw Su Chen. They were very strange. Su Chen is now the emperor of a powerful empire, and What could bother him?

Da Siming massaged Su Chen's head and asked suspiciously, "Su Chen, is there any information on the whereabouts of Donghuang Taiyi?"

"No, nothing will happen to Donghuang Taiyi. This time it's Su Yan's problem." Su Chen leaned against Da Siming's body and shook his head and said.

Da Siming was surprised when he heard Su Chen's words and asked, "Princess Changle? What happened to Princess Changle?"

Da Siming is Su Chen's woman now.

She was eaten by this bastard three days ago.

Su Chen was also drunk by Mei Sanniang that day.

Da Siming originally wanted to resist at that time, but Suddenly, her acupoints were tapped by Mei Sanniang, and she was completely possessed by Su Chen.

She later found out that all this was Mei Sanniang's fault.

In the past few days, she had been competing with Mei Sanniang every day. If Su Chen had not been stopping her, Mei Sanniang might not have been able to have a good rest these days.

Su Chen said with a headache when he thought of Su Yan,

"That girl is going to rebel. Su Yan not only sneaks to the Northern Continent this time, but she also wants to send her Black Bird Legion there. Is that girl going to start a war in the Northern Continent?"

Da Siming laughed when he heard Su Chen's words.

Su Yan looked cute and cute on the surface, but this was all the girl's disguise. When Su Yan deceived people, he would not pay for his life.

"Ha ha! Isn't it like father, like daughter? Didn't your daughter learn this from you?"

The other women also laughed after hearing what Da Siming said.

Everyone in the Yin and Yang family basically knows about Su Yan.

Although Su Yan is very cute and has a very sweet mouth, that girl and Su Like Chen, they both have a very strong ability to cause trouble.

Duan Murong and Gongsun Liji sat aside with serious expressions. They were not interested in knowing what happened, but Su Chen's daughter Princess Changle did interest them.

Su Chen Chen looked at the girls and said helplessly,

"well!"

"Is now the time to say this?"

"The Black Bird Legion did not obey the orders of Concubine Yan and Jing Salamander. Now the Black Bird Legion was preparing to leave for the Northern Continent by boat at Mingzhou Port in the Western Continent. Concubine Yan and Jing Salamander ordered Li Xiuning's Eastern Combat Legion to surround the Black Bird Legion."

"What is all this about?"

The mountain ghost asked with surprise when he heard Su Chen's words, "The Black Bird Legion didn't obey the orders of the Queen and the Frightened Salamander? How can this be?"

Su Chen knew that these women didn't know that Su Yan had a legion. He smiled helplessly and said, "How is this impossible? The Black Bird Legion is Su Yan's personal legion. Apart from Su Yan, there are only I can command the black bird army, which is really a headache!"

Da Siming, Duan Murong, Mei Sanniang and the other six or seven women were very confused when they heard Su Chen's words.

Private army?

Princess Changle actually has a private combat army?

Is that girl going to heaven?

Or is she still this bastard ? Do you want that girl to go to heaven?

A little girl over seven years old has a private combat regiment. Although she is a princess, this is too unbelievable.

"So what do you do now?"

Da Siming asked Su Chen worriedly.

Su Chen stood up and looked into the distance and said feebly, "Let the Black Bird Legion go to the Northern Continent. I want to see what that girl can do in the Northern Continent. Come."

The women here were all speechless when they heard Su Chen's words.

The high priest of Loulan looked at Su Chen and said speechlessly, "You really love your daughter."

Su Chen rubbed his head and said helplessly,

"There is no way, even if I don't agree, the girl will not come back. After the Black Bird Legion arrives in the Northern Continent, at least the girl will have someone to rely on, and the princes in the Han Empire will not dare to do anything to her."

Then,

Su Chen wrote a secret letter and asked the secret guard to deliver it to Gusu City quickly. Su Yan's matter was just left to its own devices. As long as Su Yan's safety could be guaranteed, that girl would let her do whatever she wanted in the Northern Continent. Bar.
