

## Zongwu 991

### Chapter 991

In the Northern Continent,

Zaoxian County, some noble princes have arrived here.

Here are Cao Cao who initiated the imperial edict, the Three Dukes of the Fourth Generation, the Bohai Prefect Yuan Shao of Qiyang, the Prefect of Nanyang Yuan Shu, the Prefect of Changsha Sun Jian, and the West Liang prefect Ma Teng, Kong Rong and other princes.

More than half of the eighteen princes have arrived, with as many as three to four hundred thousand soldiers and horses.

In the commander's tent of the Xuanxing Alliance, the princes who arrived first were all discussing the documents sent by Jingzhou.

These princes did not expect that Jingzhou would actually respond to the edict at this time, but the one who was about to come was not Liu Biao, the governor of Jingzhou, which was something that the princes here could not understand.

"Everyone, who is this Miss Yan? Is she the lady from that family? Why is it that Miss Yan will lead the army this time? Where is Liu Biao?"

"I don't know. Liu Biao probably hasn't taken control of Jingzhou yet, otherwise he wouldn't have responded to our requests before. I can't figure out who this Miss Yan is."

"Could it be that this Miss Yan controls Jingzhou? Or is this Miss Yan's family controlling Jingzhou?"

"Impossible. The seven counties in Jingzhou are all under the control of the Cai family and the Kuai family. It is impossible for outsiders to control Jingzhou."

"Where is Liu Biao? Why is there no mention of Liu Biao in the document?"

"I'm afraid Liu Biao is in danger."

"impossible? After all, Liu Biao was a state shepherd or a member of the royal family. Who dared to kill him at this time?"

The princes here all started talking after reading the documents sent by Jingzhou. They were all guessing who this Miss Yan was who suddenly appeared? Why did he lead the army to respond to the alliance?

Cao Cao was also interested in Jingzhou. Miss Yan is very curious, but now the Understanding Alliance has also encountered problems.

The Jianghu power Tianxiahui has been persuaded by Daozhuo. Now that Tianxiahui is in cahoots with Dianzhuo, this war of understanding may not go so smoothly.

The Xiongba of the Tianxiahui is a land god in the heavenly realm, and he has many masters under his command. If Xiongba comes to kill these princes with his own hands this time, no one here can stop the Xiongba of the Tianxiahui.

Cao Cao stood up with a serious look on his face. He said to the princes here,

"Everyone, we don't need to care about who Miss Yan is. The crusade against Zhuo Zhuo is the top priority this time. One more prince will be beneficial to us."

"What we should worry about is that the world of Jianghu forces will"

"Tianxiahui has already formed an alliance with Daozhuo. There are many experts in Tianxiahui. We must also find some Jianghu forces to deal with Tianxiahui, otherwise our generals may be assassinated."

Sun Jian smiled when he heard Cao Cao's words and said, "Cao Cao, you don't have to worry, Tianxiahui and Wushuang City are mortal enemies, and the people in Wushuang City will not watch Tianxiahui become bigger."

Cao Cao shook his head at Sun Jian and reminded, "It's hard to say. The Dugu side of Wushuang City is missing, the sword master is living in seclusion, and Wushuang City is not as good as before. It should be impossible for Wushuang City to start a war with Tianxiahui at this time.

Kong Rong touched his beard and asked doubtfully, "What about Xuanming Sect and Huanyinfang?" It is impossible for these Jianghu forces to watch the world continue to grow, right?"

Cao Cao said helplessly when he thought about the information his men had obtained from Captain Jin.

"This is not clear. The Xuanming Sect is too mysterious. Moreover, after the civil strife in the Xuanming Sect, many masters were killed and injured, and the Xuanming Sect is not as good as before.

"The women of Huanyinfang didn't care about this at all. The empress of Huanyinfang had not made any movement in the past six months."

Yuan Shu's face was very ugly when he heard about the Queen of Huanyinfang. Huanyinfang was within his sphere of influence. There were too many masters in Huanyinfang. He sent troops to encircle and suppress her several times but all failed. This made Yuan Shu He was very angry,

Yuan Shu slammed the table and said angrily, "Damn the Jianghu people, from now on we will lead our troops to defeat these Jianghu forces."

Yuan Shao looked at these princes and waved his hands and said,

"Everyone, we don't need to worry too much. We have more than 400,000 troops here. When all the princes arrive, we can have 700,000 to 800,000 troops."

"At that time, even the masters of the arena will not dare to break into our camp. The people of the arena have their own rules, and they will not dare to openly go against the princes of our court."

When the princes here heard Yuan Shao's words, they all said,

"That's right. The Jianghu people will have the Jianghu people to deal with them. We just need to defeat Dongzhuo."

"Um! However, Lu Bu, the adopted son of Zhuo Zhuo, is a powerful master. Can any of our generals defeat him?"

"Don't worry, we are on the 18th.....No! There must be strong soldiers and generals among our 19th princes, and Lu Bu's three-family slave is nothing to fear."

"There are still four days until the alliance meeting. The other princes will also arrive in these days. We will wait for the princes to arrive and elect a leader, so that our army will have a unified command."

"Yes, otherwise if we fight on our own, we may be defeated one by one by the Xiliang cavalry of Daozhuo."

At this time, Yuan Shao's eyes lit up,

Alliance leader?

The only people here who are qualified to be the alliance leader are Cao Cao, the initiator of the alliance, and Yuan Shao and Yuan Shu, the four generations and three princes. Yuan Shu is not a concern. Only Cao Cao may be able to fight with him. Competing for the position of alliance leader. In the palace of Luoyang City, the imperial capital of the Han Dynasty, a tall, fat and bearded Daezhuo looked at the ministers under the Highness with an angry look. The coalition forces of the princes have arrived in Zaoxian, and Jiao Zhao, who wants to understand It is well known throughout the Han Empire that he is now a rebel that everyone calls for beating. And the Diao Chan he had taken a liking to early in the morning, Wang Yun didn't know where he went and even took that Diao Chan away. There has been no news for three months. This made Dong Zhuo so angry that he wanted to kill someone. Dong Zhuo looked at his son-in-law Li Ru and asked, "Li Ru, where is the news about Wang Yun and Diao Chan in Tianxiahui?" ? Li Ru bowed to Daozhuo and then shook his head and said, "Xiangguo, there is no news from the World Congress. I think Wang Yun may not be in the Han Empire anymore. He may have taken Diao Chan to other continents."" When Dong Zhuo heard Li Ru's words, he kicked the bronze tripod next to him angrily. He had seen Diao Chan's beauty before, and a stunning beauty who captivated the whole country just disappeared. This made him very angry.

"Damn it, let the people from Tianxiahui find it for me. Diao Chan must be found. I will cut that old guy Wang Yun into pieces."

The ministers in the hall hurriedly bent down and lowered their heads when they saw the angry Dong Zhuo. They all knew Zhuo's moodiness. If Dong Zhuo killed someone again in anger, then they, the ministers, would probably suffer.

Li Ru hurriedly saluted and said, "Yes, Xiangguo, Mr. Xiangguo, Bai Yifei, how should we arrange for those people? Dong

Zhuo waved his hand and said,

"Bai Yifei, don't worry about those people. The Xuantian Empire is not something we can offend. We must not offend the Xuantian Empire before we control the Han Empire in the Northern Continent, otherwise all our efforts will be in vain."

"Well, Confucianism thinks so too. Xiang Guo, Miss Deng is now in her prime. Should we enter into a marriage alliance with His Majesty the Emperor of the Xuantian Empire?"

"Marriage? I'll think about this."

Chapter 992

In the Imperial Palace of the Han Dynasty,

Dong Zhuo was very moved when he heard Li Ru's words.

The emperor of the Xuantian Empire was the most powerful emperor in the Tianxuan Continent. An emperor who controlled two continents, Dong Zhuo also wanted to fight with the Xuantian Empire. marriage.

But he only has one daughter left, and she is the daughter he loves very much.

Dong Zhuo does not want to marry his youngest daughter to the Southern Continent.

Dong Zhuo thought about it and put down these things for now. Now he is going to devote all his efforts to destroying the coalition of princes. He will decide later whether to enter into a marriage alliance with the Xuantian Empire.

"Li Ru, has Hua Xiong's army arrived at Hulao Pass?"

"Prime Minister, General Hua Xiong has led an army of 200,000 to Hulao Pass."

"Well, we must not abandon Hulao Pass, otherwise the imperial capital Luoyang will be threatened. Li Que and Zhang Ji are also ordered to defend Chang'an City. If we cannot defend Luoyang, we can only retreat to Sili. Chang'an City"

"Yes, Prime Minister!"

In a courtyard in Luoyang City,

Bai Yifei, Duan Yu and others are sitting around here. They have been in Luoyang City for a month, but Daozhuo has not summoned them, which makes them feel that they are attached to this place. I'm afraid Dong Zhuo will not go so smoothly.

Xie Xiaofeng, a little bald, said to Bai Yifei while drinking wine,

"Bai Yifei, there is no way we can keep waiting like this. Dong Zhuo is now facing an attack by the coalition of Han princes. Should we consider what happens if Dong Zhuo is defeated by the coalition of princes?"

Bai Yifei said with a cruel smile on his cold face,

"Xie Xiaofeng, I just hope that Dong Zhuo will be defeated by the coalition of princes, so that we can control Dong Zhuo's power and army step by step. If Dong Zhuo is not defeated by the coalition of princes, do you think we can gain a firm foothold in the Han Empire?"

Xiaoyao Hou looked at the people around him and rubbed his head.

This time he was completely dragged down by Bai Yifei. He could have been a free and easy leader of a gang in the Western Continent, but since he joined the Anti-Soviet Alliance, he has He had to flee everywhere.

Xiaoyao Hou nodded when he heard Bai Yifei's words and said,

"Bai Yifei is right. Each state in the Han Empire has its own princes. We only brought less than ten thousand men this time. It may not be easy to fight for a territory. But if Dong Zhuo is defeated by the coalition of princes, Dong Zhuo will also die. , that Sili Prefecture is where we started. Duan

Yu looked at the others and asked doubtfully,"Dong Zhuo is a prime minister after all. Even if he failed in Luoyang, he couldn't be killed, right?" bump!

"He will definitely die. Unless Dong Zhuo dies, we will have no chance."Bai Yifei crushed the wine glass in his hand and said coldly.

Xie Xiaofeng, Xiaoyao Hou and others all heard it.

If Dong Zhuo is defeated by the coalition of princes this time, even if Dong Zhuo is not killed by the coalition of princes, Bai Yifei will kill him. Dong Zhuo was killed.

Three days later, in

Zaoxian County, almost all the princes here had arrived, and the army numbered more than 700,000. There were troops stationed everywhere around Zaoxian County. In just one or two days, the army here would start to kill In the imperial capital of Luoyang City, in the tent of the coalition commander, the arriving princes were preparing to elect the leader of the alliance. While these princes were discussing, the guards outside the tent suddenly shouted,

"Miss Jingzhou Muyan has arrived!"

When the princes in the big tent heard the cry, they all looked towards the entrance of the big tent. They all wanted to know who Miss Jingzhou Muyan was.

At this time,

Su Yan took Zhen Mi, Huang Zhong, Wei Yan, Gan Ning and others entered the commander's tent.

"puff! Why is it a little girl?"

"Is this a joke? Is Jingzhou Mu a little girl?"

"My heaven! Am I out of sight?"

"Brother, is this a joke? How could a six or seven-year-old girl be the governor of Jingzhou?".....

The princes in the tent were surprised and whispered when they saw Su Yan. They did not expect that a little girl turned out to be the governor of Jingzhou, but the arrival of 50,000 troops made them dare not be disrespectful to Su Yan even though they were suspicious.

While the other princes were discussing and talking,

Cao Cao, Liu Bei, Yuan Shao, and Ma Teng looked at Su Yan with surprised expressions. They all felt that the origin of this little girl was very unusual.

Cao Cao was very surprised when he looked at Su Yan. The noble temperament of this little girl surprised him. Such a noble temperament is not something ordinary people can possess.

Su Yan looked at the people here and frowned.

The princes here all looked surprised, which made her feel that she had been underestimated. However, she thought of her age and did not lose her temper with these people. This time she will do the same. Look at future opponents.

As for Dong Zhuo who was attacking Luoyang City, she was not interested. Besides, the 50,000 Jingzhou troops she brought with her were very disappointing. The 50,000 Jingzhou elite troops were not even as good as the Xuantian Empire's city guards.

How could Su Yan start a war?

Let these troops die?

"Miss Yan, please sit down!"

Cao Cao got up and offered his hand to Su Yan and said,

"Thank you!"

After Su Yan took Zhen Mi to a platform and sat down, the princes here all looked at Su Yan with strange expressions.

In the big tent, the three brothers Liu Bei saw Su Yan sitting seriously in the capital of the princes. After sitting down, the three of them looked very ugly.

They didn't expect that a little girl had a higher status than them. The three of them didn't have a seat yet, but this little girl actually sat down. Is this little girl a Jingzhou shepherd? It was still hard to say, but

Zhang Fei looked at Su Yan and shouted loudly,

"Little girl, are you really Jingzhou Mu?"

Liu Bei wanted to stop Zhang Fei when he heard what he said, but he felt that what Zhang Fei said was not wrong.

She is just a little girl. Even if she is a young lady from an aristocratic family, this is the place where the princes gather for alliance, and the princes here are probably the same. He wanted to drive this little girl away.

Liu Bei thought about it and did not stop Zhang Fei.

"presumptuous!"

"Be bold!"

"court death?"

Huang Zhong and the others heard that Zhang Fei was rude to Su Yan and even called Su Yan a little girl. They drew their weapons one by one and wanted to kill the rude man.

The princes here also looked at Liu Bei and the other three with teasing eyes.

They knew that Su Yan had arrived with an army of 50,000 from Jingzhou. Regardless of whether Miss Yan was the real shepherd of Jingzhou, the arrival of the army could not be faked.

These three big men arrived today without knowing the specific identity of Su Yan.

How dare they

The princes were all waiting to watch the show when they mocked Su Yan like this.

Su Yan looked at the three brothers Liu Bei and blinked her eyes. She did not expect that it was not the princes who came to embarrass her, but three people who did not know whether to live or die to embarrass her. It seems that these three people are going to be used to establish their authority.

Su Yan waved his hand and said to Huang Zhong and the others,

"Get back!"

"Yes, miss!"

Huang Zhong, Wei Yan, and Gan Ning stopped hurriedly when they heard Su Yan's words. They bowed to Su Yan and then stood behind Su Yan.

Su Yan looked at Liu Bei and the other three and asked with a serious face, "You guys Who are the three people? What official position?"

Liu Bei looked like a humble gentleman and said with a smile, "After Prince Jing of Zhongshan, Liu Bei, the great-great-grandson of Emperor Jing of the Han Dynasty, these are my second brother Guan Yu and third brother Zhang Fei. We are just subordinates of General Gongsun."

"laugh! A general's subordinate? Is this where you talk? You don't know the dignity of something, and you are a descendant of the royal family. You are not trying to cheat, are you?"

## Chapter 993

Su Yan did not expect that Liu Bei's three brothers would offend her. She had heard from his father that this Liu Paopao was a man who talked nonsense all day long and that Liu Bei abandoned his wife and ran for his life when he was in danger. She looked down upon Liu Bei very much..

And this Liu Bei's ears are very big, big-eared thief,

Liu Paopao, this time she decided to humiliate the three Liu Bei brothers. It would be best if she could kill these three people.

But this chance is a bit slim.

Unless she lets the shadow assassin take action,

Liu Paopao may not be able to kill him.

At this time, Liu Bei did not expect that this little girl would humiliate him, which made his face very ugly. The princes here looked at him with half-smiling faces, which made Liu Bei even more angry.

"You little girl are looking for death!"When Zhang Fei heard Su Yan humiliating Liu Bei, he was filled with anger and wanted to kill this little girl who didn't know whether to live or die.

Guan Yu also looked at Su Yan with a cold and arrogant expression, although he would not kill this little girl. , but it's okay to let Zhang Fei teach her a lesson.

"stop!"

Gongsun Zan shouted hurriedly when he saw Zhang Fei was about to take action, but Zhang Fei didn't listen to Gongsun Zan at all. He quickly rushed towards Su Yan to kill this annoying little girl.

Su Yan didn't care about Zhang Fei at all. She looked at the surrounding princes and shook her head.

These princes were more successful than failed. I am afraid that this crusade against Dong Zhuo was just for show. As long as they gained fame, these princes would probably Will disperse in a hurry

"court death!"

Huang Zhong looked at Zhang Fei and killed him first.

When Wei Yan and Gan Ning saw Huang Zhong taking action, they continued to guard Su Yan.

Boom!

Zhang Fei and Huang Zhong were fighting with each other in the tent. When Su Yan got up, the two top masters fought out of the big tent in a moment. They all knew that there were many princes in the tent.

After Su Yan saw Huang Zhong and Zhang Fei fighting out, she looked towards Gongsun Zan laughed and said,"Gongsun Zan? Your men don't seem to be very obedient."

Gongsun Zan was also very angry.

He didn't expect that the three Liu Bei brothers would cause such a thing. Even Zhang Fei didn't even listen to his orders.

This made him look at Liu Bei and feel that it was a mistake to take Liu Bei in.

"Miss Yan was joking. They only acted out of desperation. I hope Miss Yan doesn't mind."

"But I mind very much, Wei Yan!" Su Yan looked at the princes who did not stop the fighting and smiled and said,

"Miss!"

"Order the army to surround and kill Gongsun Zan's army, leaving no one behind!"

"Yes, miss!"

Su Yan's expressionless order frightened all the princes here. None of them thought that this little girl would go to war over such a trivial matter.

Cao Cao stood up in a hurry and persuaded Su Yan, "Miss Yan, please don't do this. We are all a coalition of princes who came to attack Dong Zhuo. We cannot kill each other."

"Yes, Miss Yan, calm down, we can execute Liu Bei and the other three, but you must not use the army." Yuan Shao also had a surprised expression. He didn't expect that this little girl would use the army to fight each other even if they disagreed. This little girl is too cruel. The other princes also tried to persuade Su Yan. These princes We don't dare to provoke this cruel little girl in the future. If we do, I'm afraid they won't have anywhere to cry.

"Kill, leave no one behind!" Su Yan looked at these princes and said with a cold face,

"Yes, miss!"

After hearing Su Yan's order, Wei Yan hurriedly saluted and ran out of the tent.

"Little girl, you are seeking death! Gongsun

Zan looked at Su Yan angrily and threatened.

Su Yan looked at Gongsun Zan with disdain and said, "I'm right here, you can come and kill me!"

Gongsun Zan glared at Su Yan and hurried out of the tent.

He was going to assemble the army to prepare for the battle. This little girl's army will definitely attack his army. This time he only brought 10,000 troops. He is He didn't want his army to be unexpectedly destroyed by this little girl's army.

Liu Bei and Guan Yu also followed Gongsun Zan out.

They had no shame to stay here anymore.

They didn't expect that this little girl actually brought the army. This No one knew how many troops would come to attack Gongsun Zan's army.

The princes in the big tent looked at each other and had no choice. But they got the news that Su Yan had brought 50,000 Jingzhou troops, while Gongsun Zan only had 10,000 troops.

Gongsun Zan's white horse cavalry was powerful, but the number was too small.

This time there were only a few hundred white horse cavalry, but they were useless.

Zhen Mi looked at Su Yan and felt helpless.

Su Yan's ability to cause trouble was really very powerful. , although the three people were the first to provoke this time, Su Yan didn't have to attack Gongsun Zan.

Did Su Yan want to establish his authority this time?

But is there such a way to establish authority?

"Everyone, I'll take my leave now." Su Yan waved to Gan Ning and Zhen Mi, then said to the princes and left.

The princes looked at each other when they saw Su Yan leaving.

Now that the situation has developed like this, they don't want to see it. Please understand. Before the war started, the princes started fighting among themselves, and even mobilized their armies to kill each other.

These princes didn't know what to do.

The leader of the alliance of princes hadn't been elected yet, and they didn't know whether to send out troops. Come and stop this meaningless war.

Cao Cao stood up and hurriedly said to the princes here,

"Everyone, gather your troops. Miss Jingzhou Yan and Gongsun Zan cannot fight. We princes are killing each other before starting a war with Dong Zhuo. What will the world think of us?"

Yuan Shao also hurriedly stood up and said to the princes expressionlessly, "Cao Aman is right. We want to stop this meaningless war. Miss Yan and Gongsun Zan's armies must not fight."

Yuan Shao thought that this crusade against Dong Zhuo would gain a huge reputation.

If there was a war between Miss Yan and Gongsun Zan's army this time, the people of the world might not be optimistic about the alliance of princes to crusade against Dong Zhuo, and even think that this war is just a farce..

When the princes heard what Cao Cao and Gongsun Zan said, they hurried out to gather the troops. They didn't want the war to end on bad terms, and they didn't want to gain reputation and end up in a situation that would make people laugh at the world.

Wuwuwuwu! Zao Zao! In a military camp in the county, after Wei Yan ordered the army to blow the horn of the assembled troops, Jingzhou's 50,000 troops immediately gathered quickly

"quick! quick! Please hurry up, Miss Yan is using it now and you are fighting for Miss Yan, please hurry up and gather together."

Chapter 994

Wei Yan kept urging the assembled Jingzhou army.

The three of them were in charge of the Jingzhou army.

Even the salary of the Jingzhou army had been increased tenfold by Miss Yan. If they had military exploits, they would even be rewarded with land.

If the Jingzhou Army cannot satisfy Miss Yan in the first battle,

I am afraid that the Jingzhou Army will be abandoned by Miss Yan in the future, and he, Huang Zhong, and Gan Ning will also disappoint Miss Yan.

"Fight bravely for Miss Yan!"

"Fight bravely for Miss Yan!"

"Fight bravely for Miss Yan!"

The Jingzhou troops who were gathering shouted and quickly gathered at the designated location.

They were all very excited this time. If there is a war, there will be military merit, and if there is military merit, there will be rewards, money!

Land!

These are all This is what the Jingzhou army needs.

"Departure, target, Gongsun Zan's military camp in Youzhou."

At this moment, Gongsun Zan's camp is in chaos.

Except for the hundreds of troops from Baima Congyi who are organized in an orderly manner, the other troops are running around in panic.

The troops in Youzhou are also very confused.

They are here today. How could there be a war when they just arrived?

But Gongsun Zan on the high platform looked livid and couldn't be joking.

After gathering these Youzhou troops, they looked at Gongsun Zan on the high platform. They all wanted to know where they were going to attack this time? With what enemy did they start fighting?

Gongsun Zan saw that the armies had formed military formations to prepare for battle. He also mounted a horse and waited for the arrival of the little girl's army.

At this moment, the fighting between Zhang Fei and Huang Zhong also stopped. They are about the same strength, but without suitable weapons in their hands, they will not be able to tell the winner even if they continue to fight.

"Old man, I will definitely kill you when I get a weapon."

"It's not certain who will kill whom, rude man."

Uuuuuuuuuuuuuuuuuuuuu!"

"kill! kill! kill!"

Before the 10,000 cavalry and 40,000 infantry of the Jingzhou army arrived at Gongsun Zan's camp in Youzhou, the armies of both sides were arrayed in military formations, ready to start a war.

"Damn it, how come that girl has an army of fifty thousand? There were even ten thousand cavalry."Gongsun Zan looked very ugly when he saw the arriving Jingzhou army.

He did not expect that there would be so many Jingzhou troops.

He only brought 10,000 troops, and only a few hundred cavalry.

How should we fight this war?

Wei Yan saw Xiang Gongsun Zan's army smiled disdainfully and ordered,"Archers, prepare, release!"

Swish swish swish.....

"Raise your shield! Raise your shield to defend!"

"Ahhhhh.....My legs, save me!"

"I don't want to die, I don't....."

"Shield, shield defense!"

"Damn it, come and give me a hand!"

After the Jingzhou army launched an attack on Gongsun Zan's army, thousands of people were shot and killed in an instant, and thousands more were injured.

"The cavalry followed me in a sudden attack, and the infantry advanced." Wei Yan got on his horse and commanded loudly with a broadsword,

"kill!"

Boom, boom, boom!

Ten thousand cavalry followed Wei Yan and attacked Gongsun Zan's army.

"Kill, kill for me!"

Gongsun Zan also ordered when he saw the Jingzhou army rushing over.

He now hopes that the coalition forces of the princes can come to rescue some of him, otherwise his army will definitely be annihilated this time.

At this moment, the armies of the princes are still gathering. After some of the surrounding princes saw the fight between Jingzhou's army and Gongsun Zan's army, they kept urging the army to speed up.

Su Yan and Zhen Mi were watching the fighting army on a high ground, surrounded by Gan Ning and some The guards were guarding Su Yan.

Zhen Mi saw that the war had begun, and she asked Su Yan expressionlessly, "Su Yan, why do you want to start a war with Gongsun Zan?"

Su Yan shook his head and said with a smile, "There's no reason. I just feel that if I don't establish my authority this time, I'm afraid the princes here won't care about me, and they may even take advantage of Jingzhou in the future."

Su Yan actually didn't tell Zhen Mi the truth.

This time she also wanted to see the strength of other princes' armies. Jingzhou's army was very disappointing to her, and she knew something about Gongsun Zan's army. The Youzhou army had been fighting against foreigners. But it is very powerful.

Su Yan wants to see if the elite Jingzhou army selected from more than 200,000 troops can destroy Gongsun Zan's army this time.

If the 50,000 elite Jingzhou army cannot destroy Gongsun Zan's army of 10,000,

Su Yan will abandon the army of the Northern Continent in the future.

She cannot use such a useless army, and it is impossible for such an army to join her Black Bird Army.

Zhen Mi still can't understand why Su Yan would choose What about Gongsun Zan?

Gongsun Zan is a national hero.

He has been fighting against foreigners on the border of Youzhou. Zhen Mi doesn't want Su Yan to kill such a good general like Gongsun Zan.

"But you don't need to use the Youzhou army to establish your authority! Gongsun Zan of Youzhou has been fighting against the foreign races. If Gongsun Zan died here, the foreign races on the grassland would attack the Han Empire in a large scale, and wouldn't the civilians suffer countless casualties?"

Su Yan shook his head when he heard Zhen Mi's words. It may be true or false that

Gongsun Zan fought against foreigners. With just one border general and tens of thousands of troops, how could Gongsun Zan fight against hundreds of thousands of foreign troops? Gongsun Zan Either he was really capable of fighting against the foreigners, or he was colluding with the foreigners. Su Yan felt that Gongsun Zan should be colluding with the foreigners. Otherwise, why would the foreigners invade Youzhou all the time? How could the foreigners massacre and rob some people and then leave Youzhou? ? Su Yan smiled at the innocent Zhen Mi and said, "Gongsun Zan fights against foreigners? Did you see it with your own eyes?"

"

"this.....No."

Zhen Mi looked at Su Yan and was very speechless.

How could she have seen it? Youzhou is located on the border. How could she go there to watch the war if she had nothing to do?

"Then you should know how Huang Rong fought against the aliens, right? Have you ever heard that Gongsun Zan massacred foreigners? Have you ever heard that Gongsun Zan defeated foreigners and captured prisoners? Have you heard of how many foreign races Gongsun Zan destroyed?"

"No, but Gongsun Zan guarded the territory of the Han Dynasty!"

"Guard the country? What about ordinary people? Are the common people in Youzhou often massacred and kidnapped by aliens? Is this protecting the country?"

"I....."

Su Yan shook her head and was very disappointed with Zhen Mi.

She felt that Zhen Mi should not be her father's woman. Su Yan decided to let Zhen Mi leave after returning this time.

Zhen Mi has been with her for more than half a year and is still so soft-hearted. Her aunts are all cruel and ruthless people. If Zhen Mi is still like this in the future, she will probably be marginalized even if she becomes her own aunt.

Su Yan looked at Zhen Mi and finally explained to her,

"The best defense is to attack. If you kill all the aliens or even cripple them, will those aliens still dare to invade the country?"

"Gongsun Zan may be a very good general, but what does it have to do with me? From now on, the Han Empire will be my territory. Do you think I still need generals like Gongsun Zan?"

Chapter 995

Zhen Mi was in a very complicated mood now.

Although she felt that what Su Yan said might be correct, Su Yan's tendency to send out troops to start wars made her very uncomfortable.

Gan Ning, who was standing next to him, looked at Su Yan with very bright eyes.

He did not expect that Su Yan at such a young age would have such an opinion.

Killing aliens was very much to his liking, and Su Yan was careful to kill people at such a young age. Fa Guojue, this is a very qualified lord. If Su Yan grows up in the future, I am afraid that there will be an imperial female emperor in the northern continent.

Su Yan stood up and looked at the battle below and said to Zhen Mi, "Zhen Mi, after the princes gather to make an alliance this time, I will send someone to take you back to Yizhou. You are not suitable for my father, and I will not force you anymore."

"What? Su Yan, is what you said true?" Zhen Mi was very surprised when she heard Su Yan's words.

She didn't expect that Su Yan would let her go.

But why did Su Yan do this?

Wasn't Su Yan going to give her to her father, Emperor Xuantian? ?

Su Yan said to Zhen Mi with a serious expression,

"it is true"

"You should have met my father's woman. You should also know who Queen Concubine Yan is."

"Zhu Yuyan, Yao Yue, Murong Qiuci, etc., and even my mother and concubine, they are all ruthless people. They have killed countless people. You will not be happy if you stay with my father."

"I....."

Zhen Mi was confused now.

She was very happy when she heard Su Yan's words at first, but when she thought about his father's expectations for her and even the letter he wrote to her, she didn't know what to do.

There was also Su Yan's father, Su Chen.

Although she had only met that man once or twice, she was also deeply attracted to Su Chen.

An imperial emperor with great power and noble temperament had no airs about his women, and each of Su Chen's women had huge power and could do whatever they wanted.

This was something that made her very envious.

At least those women were not just vases kept in the palace.

Gan Ning next to him looked at Su Yan in shock.

He heard what Su Yan just said clearly,

Queen?

Mother concubine?

What is Miss Yan's identity?

Could it be that Miss Yan is an imperial princess?

Southern Continent?

Miss Yan is from the Southern Continent.

The Xuantian Empire in the Southern Continent?

Isn't Miss Yan the princess of the Xuantian Empire?

When Gan Ning thought of this, he looked at Su Yan in shock.

If Su Yan was really the princess of the Xuantian Empire in the southern continent, then he would really stand out. A powerful princess of the empire was his immediate boss. This was something Gan Ning could not do. Ning was very excited.

No,

Huang Zhong and Wei Yan must be told about this matter. If they knew about it, they would probably be very excited.

At this time, the princes such as Cao Cao and Yuan Shao came to Su Yan one by one, and there were hundreds of thousands of troops around Gongsun Zan's camp preparing to intervene in the war.

When Cao Cao came to Su Yan's side, he hurriedly shouted, "Miss Yan, quickly order the army to stop the war, otherwise our army will intervene."

Su Yan did not expect that these princes wanted to intervene in the war, but she did not care at all. None of them are of the same mind, and they probably also want to threaten themselves into letting Gongsun Zan and his army go.

Su Yan looked at Cao Cao and threatened everyone with expressionless expressions,

"Impossible. Anyone of you who dares to intervene in the war is my enemy, and my army will launch a war against you. You'd better think about whether to intervene in the war between me and Gongsun Zan."

When Yuan Shao heard Su Yan's words, he said with an ugly face, "Miss Yan, this war is meaningless. We princes should not continue to fight among themselves. Su

Yan looked at Gongsun Zan who was still resisting on the battlefield and said seriously, "I don't care if it makes sense or not. I will kill anyone who makes me unhappy. If you have nothing to do, just watch from the side.""

"this....."

When the princes heard Su Yan's words, they had nothing to do.

If they sent out troops to separate Su Yan's army and Gongsun Zan's army, they would probably anger this little girl.

If this little girl really orders the army to attack them, I'm afraid the war will get bigger and bigger, and they will inevitably be involved.

Cao Cao and Yuan Shao looked at each other and had no choice. There was no way they could convince this grumpy little girl.

Su Yan suddenly found that there were no figures of Liu Bei's three brothers on the battlefield. She was very surprised. Wasn't Liu Bei Gongsun Zan's general? Now Gongsun Zan is leading the army to fight, so where are the three Liu Bei brothers?

Su Yan thought for a while and said to Yuan Shao and the others,

"If you can capture the three Liu Bei brothers, I can order the army to stop the war."

Yuan Shao and Cao Cao looked at each other when they heard Su Yan's words.

They knew that Liu Bei's three brothers had offended this little girl. Now if they can catch Liu Bei's three brothers, the war can be stopped, which made them feel very sad. It's worth it. They don't care whether the three Liu Bei brothers live or die.

Yuan Shao nodded to Su Yan and said hurriedly, "Okay, Miss Yan, we will send people to capture the three Liu Bei brothers right now, but you have to keep your word.""

"I will definitely do what I promised. No matter whether the three Liu Bei brothers are killed or captured, I will stop the war."

"good!"

Yuan Shao and Cao Cao immediately ordered their generals to arrest the three of Liu Bei. As long as the three of Liu Bei are caught, this meaningless war will stop.

At this moment, next to the coalition of princes, a star High on the tree, two beautiful and sexy women appeared on the treetop. When they found Su Yan, they looked at each other and were very happy.

"Let's go and see Princess Changle"

"Um! But don't reveal the identity of Her Royal Highness the Princess."

"knew."

At this time,

Su Yan looked at the war and nodded. The Jingzhou army performed well this time. Although it was still unsatisfactory, after all, they had been trained by Huang Zhong and Wei Yan for half a month. She believed in these The army will be stronger in the future

"who?"

Gan Ning suddenly noticed that two people were arriving quickly. He hurriedly led his guards to protect Su Yan and Zhen Mi. Yuan Shao,

Cao Cao and other guards from the princes also noticed the coming people, and these guards hurriedly guarded them. respective lords

"In Huanyinfang, Jiutian Shengji Miao Chengtian (Xuanjingtian) meets Miss." After the two women arrived, they hurriedly knelt down and saluted Su Yan.

When Su Yan heard that these two people were from Huanyinfang, he asked suspiciously, "Are you Aunt Li Maozhen's subordinates?"

Miao Chengtian lowered his head to Su Yan and said,

"Yes, miss! Su

Yan looked at the two beautiful masters of Huanyinfang and continued to ask, "How do you know I'm here?" Xuan

Jingtian looked at Su Yan, smiled and said,

"Miss, Huanyinfang received a secret letter from Madam Jing Salamander. The Empress ordered us Jiutian Shengji to lead people in different directions to search for Miss. We did not expect to meet Miss here."

"So that's it, I thought my mother-in-law came in person." Su Yan was relieved when she heard Xuan Jingtian's words.

She was very worried that her mother Jingyu or other aunts would come and take her back.

Huanyinfang was also notified of her arrival this time, so they probably wouldn't catch her. Return to NTUBar?

It's uncertain whether Empress Li Maozhen will capture her and take her back.

Su Yan touched her chin and thought that he would have to find a way to convince Aunt Li Maozhen in the future, but she didn't want to be captured back to the Southern Continent at this time.

Chapter 996

Beside the battlefield, the princes such as Cao Cao and Yuan Shao were very surprised when they heard Su Yan talking to the two Jiutian Sage Ji from Huanyinfang. The mysterious Huanyinfang was actually related to Su Yan. Even Jiutian Sage Ji was interested in it. Su Yan knelt down and saluted.

And Su Yan actually called Li Maozhen, the empress of Huanyinfang, his aunt?

Is the Empress of Huanyinfang married?

This made the princes look at each other in surprise. Although Huanyinfang was not the most powerful Jianghu force in the Northern Continent, Huanyinfang was also a top force.

Huanyinfang!

The world will meet!

Five pairs of cities!

Xuanming Sect!

These four powerful rivers and lakes forces are the overlords of the rivers and lakes in the northern continent.

As for whether there are any hidden powerful Jianghu forces, that is not something they know.

Cao Cao, Yuan Shao, Sun Jian, and even Yuan Shu, some of the princes, looked at Su Yan and their eyes lit up.

The background of this little girl must not be simple.

They were all sent to Jingzhou to find out what the background of this little girl was. If this little girl was just having fun and had no intention of competing with the princes for territory, then this little girl and the others would win over to their respective camps.

At this time, on the battlefield

, under the wolf-like attack of the Jingzhou army, Gongsun Zan's army completely collapsed. Gongsun Zan's army, which did not have a numerical advantage, was killed by the Jingzhou army's frantic fight for military glory.

The remaining thousands of troops were forced to kneel down and surrender.

More than 400 white horse rebel cavalry were all killed in the battle, and no one surrendered alive.

This time the Jingzhou army also suffered six to seven thousand casualties, but this is not bad. Youzhou's army was already very strong, but the Jingzhou army had not experienced many wars.

The Jingzhou army was the peasant army that fought against the Yellow Turbans in the uprising. If they had the same number of troops, I am afraid that the Jingzhou army would have been wiped out by the Youzhou army.

Had it not been for the 10,000 Jingzhou cavalry this time, the Jingzhou army would have suffered tens of thousands of casualties.

Wei Yan saw that only Gongsun Zan was left on the horse and refused to surrender, so he shouted loudly to Gongsun Zan, "Gongsun Zan, if you don't get off your horse and surrender, your army is already finished."

"Ha ha! I didn't expect that my general, White Horse, was not destroyed by Dong Zhuo. This time, I would be destroyed by a little girl."

Gongsun Zan looked at the tens of thousands of Jingzhou troops around him and his expression was very ugly.

The ten thousand powerful Youzhou army did not destroy Jingzhou's soft-footed shrimp army. This was something Gongsun Zan did not expect. He had never paid attention to that person. The little girl in my heart didn't dare to look down upon her now.

Gongsun Zan rode on his horse and looked in the direction of Su Yan and shouted, "Miss Yan, I still have an army of more than 100,000 people in the Netherworld. You'd better let me go." Otherwise, my second brother will lead an army of 100,000 to attack your Jingzhou."

When Wei Yan saw that Gongsun Zan still dared to threaten Miss Yan, he hurriedly shouted at Gongsun Zan, "How dare you, capture him for me, I will kill him if he resists."

"Yes, General!"

"You dare, I am the White Horse General granted by the imperial court, you....." Gongsun Zan saw the surrounding troops surrounding him. This made him so angry that he did not dare to resist. The archers around him kept pointing at him. He didn't want to die yet, nor did he want to die here like this.

When the princes saw that Gongsun Zan had been captured and the 10,000 Netherworld army surrendered, they had no choice but to surrender.

Moreover, none of their men caught Liu Bei and the others at this time. They all guessed that Liu Bei and the others had already abandoned Gongsun Zan and fled.

On the hillside,

Wei Yan led people to escort Gongsun Zan to Su Yan and saluted, "Miss, bring Gongsun Zan!"

"Woo woo woo....."

Su Yan looked at Gongsun Zan who was gagged and bound and said with a smile,

"Let him go!"

"Yes, miss!"

After Gongsun Zan was released, he looked at the surrounding princes and became very angry. This time he was attacked by Su Yan's army. These princes were watching the show without any intention of helping him.

Gongsun Zan looked back Xiang Su Yan said bluntly, "Miss Yan, let me go, there is no need for us to fight to the death.""

"Gongsun Zan, where are your three generals?" Su Yan smiled and said to Gongsun Zan,

"Um?"

Gongsun Zan was very confused when he heard Su Yan's words. He didn't find Liu Bei and the others at the beginning of the war. Gongsun Zan thought that Su Yan had caught Liu Bei and the others. Now after hearing Su Yan's words, Gongsun Zan felt that Liu Bei and the others might have been killed early. So he ran away.

Gongsun Zan thought that he regarded Liu Bei as a friend, and even took him in when Liu Bei was in the most difficult time. Liu Bei would abandon him and run away after causing trouble. This made Gongsun Zan very angry.

Su Yan looked at Gongsun Zan angrily. He shook his head and said, "Gongsun Zan, I think Liu Bei and the others have fled to Youzhou. Your Youzhou may become Liu Bei's Youzhou in the future. Do you believe it?"

Su Yan will not underestimate Liu Bei.

That Liu Paopao is indeed a hero. He will run away decisively when he sees something is wrong. No wonder her father thinks so highly of Liu Bei.

Liu Bei, Cao Cao, and Sun Jian's son Sun Ce, These three people are her main opponents in the Han Empire.

Liu Bei must have returned to Youzhou when he escaped this time. Liu Bei has two half-step masters, Zhang Fei and Guan Yu. They may have bribed many people in Youzhou. , Youzhou will probably have the surname Liu from now on.

Gongsun Zan shook his head in disbelief and said, "Impossible, I still have more than 100,000 troops in Youzhou, and my second brother Gongsun Yue is here in Youzhou, how can Liu Bei possibly Seize military power and control Youzhou?"

"Forget it, I'm too lazy to talk to you, Wei Yan, execute Gongsun Zan." Su Yan has no interest in talking to Gongsun Zan, a loser, or even a loser.

If such a person doesn't kill him, I'm afraid he will be killed by other princes in the future, and may even be secretly plotted by Liu Bei. die

"Yes, miss!"

Cao Cao When Su Yan was about to kill Gongsun Zan, he hurriedly said, "Wait a minute, Miss Yan, can Gongsun Zan not kill him? Liu Bei wants to control Youzhou. If you let Gongsun Zan go back, wouldn't it be impossible for Liu Bei to control Youzhou?"

Cao Cao thought If Liu Bei takes control of Youzhou, then he and Yuan Shao will have to face villains like Liu Bei.

He will not underestimate Liu Bei now.

Judging from the performance of Liu Bei's three brothers today, Liu Bei's two brothers are very powerful and will be defeated by thousands of people on the battlefield in the future.

If Liu Bei controls Youzhou, the more than 100,000 elite troops in Youzhou will also be controlled by Liu Bei. Yuan Shao in Yizhou and himself in Yuzhou will face the threat of Liu Bei.

Su Yan looked at Cao Cao, shook his head and said,

"Cao Cao and Gongsun Zan can't defeat Liu Bei. Liu Bei may have secretly received the support of many officials in Youzhou in the past few years. Gongsun Zan may have been ignored by Liu Bei a long time ago. What's the use of keeping a useless person?"

"this....."

When Cao Cao heard Su Yan, he didn't know what to say.

The other princes couldn't help but nodded when they heard Su Yan's words.

Judging from Liu Bei's performance today, what Su Yan said is really possible. In the big tent, Liu Bei's brother Zhang Fei dismissed Gongsun Zan's order. Liu Bei I'm afraid they really secretly control the army and officials in Youzhou.

"Everyone, this time when the princes gather together, they must first deal with Dong Zhuo. After Liu Bei, everyone just needs to be careful to guard against him."

Chapter 997

Yuan Shao's face is very ugly now.

Youzhou is adjacent to Yizhou.

He has not fully controlled Yizhou yet.

He may face the threat of Liu Bei in the future. Although there are several forces in Youzhou, judging from Liu Bei's performance today It seems that those forces in Youzhou are probably no match for Liu Bei.

Yuan Shao wants to end his crusade against Dong Zhuo as soon as possible so that he can return to Yizhou as soon as possible to destroy Liu Bei who has not yet risen.

He will not let Liu Bei, a serious enemy of his, develop.

"No, Miss Yan, you can't kill me. I can deal with Liu Bei. Liu Bei can't control Youzhou."

"Wei Yan had a dry tongue and executed Gongsun Zan immediately."

"Yes, miss!"

Kacha!

After Wei Yan heard Su Yan's order, he pulled out his big sword and cut off Gongsun Zan's head with one blow. General Baima of Youzhou died here like this. He was confused before even fighting Dong Zhuo. dead

"Wei Yan, withdraw his troops and return to camp."

"Yes, miss!"

"Everyone, I will not participate in the alliance leader matter. You can just choose the alliance leader. I will support no matter who it is."

Yuan Shao nodded when he heard Su Yan's words and said with a smile, "Okay, then let's all withdraw our troops and go back to camp. When we choose the leader of the alliance, we will send troops to attack Dongzhuo."

"Um! We cannot delay any longer."

Cao Cao also nodded and said, it is a matter of choosing the leader of the alliance. It doesn't matter if Su Yan doesn't participate. If this girl also wants to be the leader, I am afraid that there will be another change in the alliance of princes. But he doesn't want to know what happens in the war.

As the princes They left one by one, and Su Yan also left with Zhen Mi and the two Jiutian Saint Ji. As for the Youzhou troops who surrendered, Su Yan did not order their execution in the end.

There were less than 3,000 Youzhou troops who surrendered, so

Su Yan decided Collect these armies.....

Eastern Continent,

Jiuyuan City.

Su Chen and the others have arrived at Jiuyuan City, and the 100,000 troops of the Western Combat Legion have also returned to the Southern Continent. There is no need for the Western Combat Legion to escort them here.

Jiuyuan City has more than 300,000 black-armored troops.

Su Chen is very safe here.

In a luxurious mansion,

Su Chen was sitting in the pavilion drinking tea alone.

When Da Siming arrived with a red face,

Su Chen looked at Da Siming and smiled.

He was so kind to Da Siming's tenderness last night. After enjoying it for a while,

Da Siming blushed when he saw Su Chen's smile and wanted to beat up this bastard. This bastard is a shameless pervert. If everyone else wasn't in other courtyards, I'm afraid she would also have sex with Duan Murong. Just as embarrassing.

Su Chen poured a cup of tea for Da Siming and asked, "Da Siming, is there no news about Donghuang Taiyi yet?"

Da Siming heard Su Chen ask her and said seriously, "Husband, there is no news yet. However, near Jiuyuan City, the people of the Yin and Yang family discovered the message left by Donghuang Taiyi."

"what's the message?"

Su Chen continued to ask curiously.

Da Siming took a sip of tea and said, "Lord Donghuang is chasing Guiguzi from the Zongheng family. Unexpectedly, Guiguzi also appeared in the secret realm of Loulan."

Su Chen understood after hearing that Donghuang Taiyi was chasing Guiguzi.

No wonder Ji Ruxihe never appeared in Loulan. It turned out that she met Guiguzi in the secret realm of Loulan. However, Guiguzi, who had been hiding his head and tail, actually appeared in Loulan. It seems that Guiguzi faked his death. After that, he was still doing some things secretly that no one could see.

But the farmer Liu Ji was dead.

Even if Guiguzi had any plan, it was all in vain. It was even hard to say whether Guiguzi could survive this time.

Su Chen After thinking about it, he said to Da Siming,

"Guiguzi? A hidden villain, Da Siming, notified the master Bei Mingzi and asked him to cooperate with Donghuang Taiyi to destroy Guiguzi."

"I see."

Su Chen thought after Da Siming left that the war in the Eastern Continent was about to begin.

Da Qin was already ruined.

Millions of elite Qin troops surrendered to him. He had 500,000, but Zi Nu's army killed 100,000. The remaining approximately 400,000 elite Qin troops are no longer a concern.

The hundreds of thousands of newly recruited Qin troops are not even equipped with weapons and armor.

They are some peasant troops.

Although the Qin people fight bravely, they are vulnerable to death. It was impossible for the people of Qin not to be afraid.

At this moment,

Gongsun Liji came over aggressively and shouted to Su Chen, "Su Chen, when will you let us leave?"

"You can leave at any time! I am not imprisoned by you." Su Chen looked at Gongsun Liji and said with a smile.

Gongsun Liji has come to trouble him many times in the past few days, but this is also quite good. A beautiful woman comes to entertain him every day, and she is attracted by him every time. He looks so angry and frustrated, this life is not bad.

"Where is Duanmu Rong? Duan Murong wants to leave with me"

"You're eating farts!"

"Inglorious bastard, I'm going to kill you!"

When Gongsun Liji heard Su Chen's words, she clenched her fist and attacked him. This bastard is really annoying. If she doesn't teach this bastard a lesson today, the anger she has suffered these days will drive her crazy. Su

Chen quickly grabbed Gongsun Liji and hugged her and said, "Don't make trouble, Duan Murong can't leave with you. Also, do you have a plan on where to go if you just want to leave?" Go back to the Mo family? Or go back to Wei State, which was occupied by Qin State?"

"I....."

Gongsun Liji was about to struggle when Su Chen hugged her, but she was stunned when she heard Su Chen's words. yes!

How could she go there even if she left here?

Mohist family?

She doesn't want to go back to that filthy place,

Weiguo?

Weiguo is now just a county of Qinguo, and as long as she shows up in Weiguo, I am afraid that the Qin army will capture her and offer her to King Qin Yingzheng, who has been arresting her.

After a while,

Gongsun Liji realized that this bastard was still hugging her, and she struggled with shame and anger,

"Let me go, you shameless pervert!"

"Haha, you are throwing yourself into a trap, why should I let you go?"

"Shameless!"

Gongsun Liji was speechless at this bastard.

This happened many times in the past few days. She seemed to be used to this bastard hugging her at every turn, but she was very angry when she thought of what this bastard did to Duan Murong.

Su Chen hugged Gongsun Liji and persuaded her,

"Gongsun Liji, you'd better stay. If you leave here, I'm afraid the Qin people won't let you go, and even the Mo family will take you back."

"After all, you are so beautiful"

"I'm afraid there will be many people who are interested in you."

"Without Jing Ke's protection, do you think you will not be captured by those people in the future?"

Gongsun Liji shouted angrily when she heard Su Chen's words, "My senior brother's death was not caused by you."

Pah!

Su Chen hit Gongsun Liji's PG hard and said angrily,

"Shit, I just asked Han Fei to kill the people I named. It was your senior brother who killed himself for the so-called loyalty. What does it have to do with me? I didn't let Han Fei kill Jing Ke"

"You dare to hit me? You still hit me there? Go to hell!"

"I'll do it! Here you go again?"

Chapter 998

Su Chen saw Gongsun Liji kicking him again, which made Su Chen very helpless.

Why does Gongsun Liji only know this trick?

The anti-wolf technique was used by Gongsun Liji so vividly. No modern woman can use it as neatly as Gongsun Liji.

"Don't make trouble. You and Duan Murong will go to the Black Bird Palace in Gusu City from now on. My little daughter Su Yue will have to be taken care of by Duan Murong."

"Su Yue? Is it Princess Gaoyue, the child of you and Concubine Yan of the Yin Yang family? Why do you want Sister Duanmu to take care of Princess Gao Yue Su Yue?"

"They will work very well together in the future." Su Chen looked at Gongsun Liji and smiled and said, he will not tell Gongsun Liji that Su Yue and Duan Murong will get along very happily in the future. In the future, Su Yue will not only be a genius in yin and yang skills, but also in medical skills. He has talent.

A secret guard came over and saluted Su Chen and said, "Your Majesty, there is a secret message from the Western Continent."

"Um? bring here"

"Yes, Your Majesty!"

Su Chen let go of the blushing Gongsun Liji and read the secret letter, the

Sun Moon God Sect?

The Order of Reward and Punishment for Good and Evil, Knight Island?

Yang Dingtian of the Ming Sect?

Qingyi Tower?

And Yan Nantian of the Valley of the Wicked,

Su Chen did not expect that after the Ming Empire was conquered, the world of the Ming Dynasty would begin to become chaotic. Dongfang Invincible of the Sun Moon God Sect should be easily solved. With the little nun Yilin here, Dongfang Invincible's sister-controller would definitely fight with him. Cooperation.

Su Chen had already guessed that Yan Nantian could advance to the Heavenly Realm, but he didn't expect that Yan Nantian would still find trouble in Yihua Palace.

It seems that a generation of heroes is about to fall.

Yao Yue is not the same Yao Yue as before..Although

Yao Yue has not yet advanced to the Heavenly Realm, if Yan Nantian underestimates Yao Yue, he may not be able to rest in peace until his death.

There is some trouble on Xiake Island.

The Wood Island Master and Dragon Island Master on Xiake Island may not be strong enough. Simple, they are either super masters of the Heavenly Realm or half-step Golden Core Realm.

There is also the peerless martial arts technique [Tai Xuan Jing], which is at least a king-level martial arts secret book.

And the former leader of the Ming Cult, Yang Dingtian, is not dead. ?

How is this possible?

Yang Dingtian is not dead, how did Zhang Wuji become the leader of the Ming Cult?

Where did Zhang Wuji's Great Shift of the World come from?

Qingyi Tower is easy to deal with. Shangguanmu's pseudonym is Huo Xiu, but he got the Jinpeng Dynasty The little old man was very cautious about most of the treasures, and even his men didn't know where they were hiding them.

However,

Su Chen knew where Huo Xiu was hiding, and he was also very jealous of Huo Xiu's treasures. [Jin Peng The treasures of the Dynasty are probably very large, even more than the treasures in Yang Gong's treasury.

By the way, there will be a real strong man in the Golden Core Realm in the future. Do you want to make friends with him when you go to the Western Continent this time? What about the future? No matter what happens in the future, he will have a relationship with Jellyfish Yin Ji. Su Chen believes that he will not take action against him in the future. Su Chen touched his chin and smiled thinking about these things.

It seems that he is a toiler who has just ended his life. After dealing with the affairs of Loulan in the Eastern Continent, he had to rush to the Western Continent.

It seemed that he really didn't need to take care of the Xuantian Empire's state affairs. Fortunately, Changsun Wuchu and Yan Fei were there to handle the state affairs, otherwise he would not show up for a long time. Chao, Xuantian Empire may be in chaos.

"What happened?"

Gongsun Liji felt relieved when she saw Su Chen laughing at the secret letter.

She didn't know why she was worried about this bastard.

Gongsun Liji shook her head and thought, this should be considered for Duanmu Rong. After all, Duanmu Rong is already this bastard's woman.

Su Chen put away the secret message and smiled and said, "It's nothing, it's just that the world of the Western Continent is a bit chaotic."

"Are you going to the Western Continent? Are you ignoring the war in the Eastern Continent?" Gongsun Liji asked hurriedly when she heard Su Chen's words.

She was very sure that this bastard was going to leave. Something happened in the Western Continent.

This bastard's appearance of joining in the fun made her very nervous.

If this bastard left,

Does she really want to go to the Black Bird Palace in the Southern Continent with Duan Murong?

She doesn't know anyone in the Black Bird Palace in the Xuantian Empire. Although Duan Murong goes with her, she doesn't want to stay in the deep palace all the time. Qian Liuli.

Su Chen nodded to Gongsun Liji and said,

"I have never cared about the war. Hu Ji's army and the Purple Empress' army are here. Huang Rong's Eastern Combat Legion will arrive in less than a month. As long as Huang Rong is here, the war in the Eastern Continent will not require me. command"

"I will go to the Western Continent with you. Gongsun

Liji thought about leaving with Su Chen without thinking, but when she saw Su Chen looking at her with a smile, she said with a face full of embarrassment, "What are you looking at?" Can I still stay in the Eastern Continent?"

Su Chen was very surprised when he heard Gongsun Liji's words.

Gongsun Liji actually wanted to leave with him.

Could it be that Gongsun Liji was in love with him?

"Okay, you can go to the Western Continent with me."

In the next few days, after Su Chen made arrangements for Jiuyuan, he prepared to take Gongsun Liji to the Western Continent, while Duan Murong, the Yinyang family, and Loulan went to Gusu City in the Southern Continent.

Ji Ruxi and he had no time to say goodbye. They could only wait until Ji Ruxi and he returned to Gusu City after killing Gui Guzi and meet again. Su Chen and Gongsun Liji quietly rode out of Jiuyuan before dawn.

City, and now Su Chen has a necklace on her neck.

This is the Tears of the Goddess necklace.

After Xiao Li got the spirit stone that Su Chen gave her, she turned into the Tears of the Goddess necklace and began to absorb the spiritual energy in the spirit stone. , as long as she absorbs enough spiritual energy in the spirit stones, her strength will be restored to the golden elixir realm.

This time, Su Chen provided Xiao Li with fifty primary spirit stones. It would take Xiao Li at least three months to half a year. It can be completely recovered.

Just when Su Chen and Gongsun Liji came out of Jiuyuan City, not far away,

Su Chen suddenly found a horse chasing them quickly. When he found out that it was Mei Sanniang in armor, he was very confused.

Mei Sanniang Why is Sanniang chasing me?

Is Mei Sanniang still resisting and running away?

Or is Mei Sanniang planning to hold her hostage?

When Su Chen waited for Mei Sanniang to arrive, he hurriedly asked, "Mei Sanniang, why are you following me? "

"I want to protect you, this is what my senior brother ordered me to do." Mei Sanniang looked at Su Chen and said arrogantly.

Su Chen was speechless when he heard Mei Sanniang's words, "You protect me? You won't kill me secretly, will you?"

Mei Sanniang gestured at Su Chen with a huge scythe and threatened, "No, as long as you, a pervert, don't do anything to me, I won't kill you."

Mei Sanniang knows these days that this bastard is a complete pervert.

Although she is not sure whether this bastard will attack her, she should warn and threaten her in advance. She doesn't want to get involved with the Yin and Yang family. Siming was also bullied by this bastard

"I'll do it!"

Chapter 999

Western Continent,

Southeast Region, a few months ago.

After the news spread that Zuo Lengchan of the Songshan Sect would merge with the Five Mountains Sword Sect to fight against the Sun Moon God Sect, the forces in the southeastern part of the Western Continent were looking forward to the collision between the Five Mountains Sword Sect and the Sun Moon God Sect.

As the news of the merger of the Five Mountains Sword Sects spread, not only Yue Buqun of the Huashan Sect was dismissive, but even the other sects were very resistant. These sword sects did not want their respective sects to merge. be annexed.

During this period, vendettas occurred everywhere in the southeastern region, and some members of the Five Mountains Sword Sect were also killed.

And these killed members of the Five Mountains Sword Sect all left the logo of the Sun Moon God Sect, which made the Jianghu forces in the southeast region even more in danger. These forces were afraid that the Sun Moon God Church would attack small sects like them.

Huashan faction!

The picturesque Huashan Mountain is covered with snow.

When the entire Huashan Mountain is covered with snow, the scenery is very beautiful. Pine trees that have lasted for hundreds of years stand on Huashan Mountain. The mist shrouds the entire Huashan Mountain, making the wonderland here look very natural and beautiful.

In a building on Mount Huashan, this is the residence of the Huashan Sect.

However, the place is lifeless.

Each of the Huashan disciples looked very carefully at the residence of the leader of Huashan. After the martial arts competition in the Forbidden City, Yue Buqun, the leader of Huashan, had changed very much. He was so cruel that he punished and killed Huashan disciples who disobeyed orders at every turn.

In the hall of the head of Huashan,

Yue Buqun was sitting in the main seat with a gloomy look on his face. However, Yue Buqun was now very feminine, even becoming more and more feminine.

Yue Buqun looked at Lin Ping, who was also very feminine and had the same length. He asked immediately, "Lin Pingzhi, has Linghu Chong told you the secrets of Dugu Nine Swords cultivation?"

Lin Pingzhi immediately saluted Yue Buqun and said, "Master, not yet. Linghu Chong's attitude is very tough. I All the criminal laws have been used, but he still refuses to speak."

"Damn traitor, keep torturing him, I don't believe he can hold on much longer"

"Yes, master!"

Yue Buqun smiled disdainfully after Lin Pingzhi left.

He didn't believe Lin Pingzhi. Lin Pingzhi, who had left the palace with him, even though he also practiced evil-fighting swordsmanship, Lin Pingzhi had to do He knows everything clearly.

Ning Zhongze!

Princess Su Yan of Changle!

Emperor Su Chen of the Xuantian Empire!

And Dongfang Bubai, Zuo Lengchan of the Songshan Sect.

When my strength reaches the heavenly realm, each of you will be defeated by me Kill, I, Yue Buqun, will be the strongest man in the world from now on, and the Wuyue Sword Sect will only be a tool for me.

Yue Buqun suddenly burst into the state of cultivation of a great master, and he looked like the best in the world. He smiled and whispered,

"A frog in a well is a frog in a well.

If he knew that Su Chen had almost ten masters in the celestial realm, Yue Buqun would probably be mad. Even his current Grandmaster strength would be directly killed by Dongfang Bubai. I'm afraid He will be even more angry to death.

Moreover, the evil-proofing sword manual can be cultivated to the late stage of the Grand Master at most. A Xuan-level evil-proofing sword manual cannot be cultivated to the terrestrial immortal of the heaven and human realm.

In the dungeon of the Huashan Sect, the people have been tortured into human form. Linghu Chong is now heartbroken. It has been several months since he returned to the Huashan Sect.

He expected that Feng Qingyang did not show up to save him.

This made Linghu Chong tortured by Yue Buqun and Lin Pingzhi for several months. For Dugu Nine Swords, Linghu Chong didn't dare to tell it. As long as he told the secret book of Dugu Nine Swords, he would probably be killed by Yue Buqun without hesitation.

Linghu Chong, who had lost his arm, looked at the cold dungeon around him and wanted to die.

He didn't want to continue to be tortured, and he couldn't bear the torture anymore, but he didn't want to die like this. He had not avenged the broken arm, and he also wanted the torture Yue Buqun and Lin Pingzhi inflicted on him. Revenge.

At this moment, an old man suddenly appeared in the dungeon,

"Come on!"

Linghu Chong cried with joy when he heard the familiar voice, "Senior Feng! Why did you just show up now? Feng

Qingyang asked angrily when he saw that Linghu Chong not only had his arm broken, but also had torture wounds all over his body, "What the hell is going on?" I only went to the south for a few months, how did you become like this?"

"Senior Feng, please rescue me quickly. I will tell you slowly after we escape Huashan."

"good!"

Bang bang bang!

After Feng Qingyang cut off the iron chains tied to Linghu Chong's body with his long sword, he supported Linghu Chong and quickly left the Huashan sect's dungeon.

At this time, in the southeast region, the Li Wuyue Sword Sect merged with the sect. The time is getting closer and closer.

In addition to Songshan Sect and Huashan Sect, the Five Mountain Sword Sects,

Hengshan Sect, Taishan Sect, and Hengshan Sect, these sword sects all shrink their disciples and return to their respective sects.

Whether these three sects are Sun Moon God Sect To deal with them, Zuo Lengchan of the Songshan Sect has to deal with them. None of their sects have the ability to resist, and these sects can only unite with each other to fight the future war. In the

Hengshan Sect, an old nun was sitting on a futon and thought about the ceremony. Lin sighed helplessly, "Oh! I don't know where Yilin is now? I hope nothing happens to her"

"Senior sister, Yilin is kind-hearted and nothing will happen to her." An old nun next to him said to Master Dingxian, the leader of Hengshan Sect,

"Dingyi, but it's been half a year and there's no news about Yilin. I'm afraid that Yilin is in danger."

"Senior sister, our top priority is to face the threats from the Sun Moon Sect and the Songshan Sect. I don't know if the Emei Sect's Mijie Shitai will come to help us, the Hengshan Sect?"

"Yes, the Emei sect's Master Mijie hates evil and has a good relationship with our Hengshan sect. As long as she receives my letter, she will definitely come to help our Hengshan sect."

"I hope Master Jiejie can arrive when the time comes for the Wuyue Sword Sect to merge, otherwise our Hengshan Sect will not be able to survive."

Northern Continent, after several discussions,

The princes also elected the leader of the alliance, with the fourth and third prince Yuan Shao as the alliance leader, Yuan Shu as the logistics officer, and Sun Jian as the vanguard general. The 700,000-strong army of the alliance of princes marched towards Hulao Pass in a mighty manner.

At this moment, in Su Yan's big tent,

Su Yan nodded when she saw Dian Wei arriving.

Dian Wei was one of the one hundred soldiers she had exchanged for one hundred horses from the prince Zhang Miao, and she also lost to that fool. Zhang Miao is an idiot, and a powerful Dian Wei is just a soldier holding a flag, which gives her another advantage.

Just when Su Yan was letting Huang Zhong and the others get acquainted with Dian Wei,

Xuan Jingtian of the Nine Heavens Saint Princess walked into the tent with a beautiful woman. Xuan Jingtian saluted Su Yan and said,

"Miss, Cai Yan brought it."

Su Yan looked at Cai Yan, who looked polite and weak, nodded and said, "Oh? You are Cai Yan and Cai Wenji. You are indeed beautiful, but your scholarly scent is too strong."

Cai Yan is very nervous now.

She was just painting at home.

Suddenly a beautiful woman appeared and grabbed her and left. She didn't know who wanted to catch her.

But after two days, she found out that the tiger was out. He was imprisoned and even came to join the coalition of princes. This made Cai Yan very worried about her reputation.

Cai Yan looked at this little girl in the tent and was very confused.

Was she sent to be captured by this little girl? What is the identity of this little girl? Why did you catch yourself here?

Su Yan smiled when he saw Cai Yan's nervous look and said, "Cai Yan, Cai Wenji, you don't have to be afraid, I won't hurt you, I just want to see you. What do famous talented women look like?"

"The lady has already seen it, can you let me go?" Cai Yan saluted Su Yan and then said in a generous manner,

"That won't work. You will be my father's woman in the future. How can I let you go?"

## Chapter 1000

Su Yan felt very good when looking at Cai Yan. This Cai Yan was a famous and talented girl in the Han Empire. The key was that she was very beautiful. When her sister Su Yue grew up, Cai Yan could teach Su Yue how to read.

Cai Yan took a few steps back in shock when she heard Su Yan's words.

She didn't expect Su Yan to say this, who is this young lady's father?

Why would this young lady find a woman for her father?

Cai Yan thought that this little girl must not know her. Could it be that her father wanted her to do this? Then her father is a lecher, and she cannot be the woman who is the father of this young lady even if she dies.

Cai Yan looked at Su Yan and said firmly,

"This is impossible, I will not be your father's woman, and I cannot agree to it even if you kill me.

Su Yan smiled and threatened when he heard Cai Yan's words, "Really?" What if I send someone to kill your father Cai Yong? Don't you still agree?"

"you.....You can't do that." Cai Yan didn't expect this little girl to be so cruel. She actually threatened her with her father, causing Cai Yan to lie all of a sudden.

In the big tent,

Huang Zhong and others shook their heads when they heard Su Yan's words.

They knew Su Yan was looking for some beauties everywhere, but they didn't care. Women in troubled times are just accessories. Besides, Su Yan's father is the emperor of the most powerful

empire in Tianxuan Continent. Is the emperor of Xuantian Empire still afraid that there are no beauties?

What if ? The beauties Su Yan is looking for know that Su Yan's father is an emperor. I'm afraid they all want to be Su Yan's father's woman. This is an opportunity to rise to the top. Even if those beauties don't agree, I'm afraid their families or families will force them to do so. Agree.

Zhen Mi is a little disappointed now.

She will return to Yizhou after the alliance between the princes. Maybe she will never have the chance to see Su Yan again. From now on, they will be in the sky and the earth. I am afraid that a phoenix will no longer care. A sparrow.

When Zhen Mi saw Cai Yan, she thought of herself. She thought that she was threatened by Su Yan in this way, but she knew that this was just a false threat by Su Yan. It was impossible for Su Yan to kill Cai Yan's father and family.

Xuantian Empire The emperor, the most powerful emperor in Tianxuan Continent.

An emperor who ruled two continents in his twenties, and even a huge emperor who would rule the entire Tianxuan Continent in the future. Do I really want to miss such a peerless genius? ?

Zhen Mi was very confused when she thought about all the past events.

She was very confused and didn't know what to do, but she knew that as long as she returned to Yizhou's home, her father would be completely disappointed and even scold her angrily.

Seeing Cai Yan's panic, Su Yan continued to threaten,"Ha! If you don't agree, I'll kill you. Not only your father, but also everyone who has anything to do with you. I'll see if you agree or not."

"you....."

Just when Cai Yan didn't know how to refute Su Yan, a soldier entered the tent and saluted Su Yan and said,"Miss Qi, the leader of the princes alliance Yuan Shao has sent an order. They will attack Hulao Pass today. Please come forward." Go to the commander's tent to discuss matters"

"Um? Will the princes attack Hulao Pass today? Why so fast?" Su Yan was very puzzled when he heard what the messenger said.

The troops of these princes had just arrived at Hulao Pass today. Why didn't the princes rest for a few days before attacking Hulao Pass? Hulao Pass is the first pass in the world. It is easy to defend but difficult to defend. The Hulao Pass cannot be defeated easily.

After Huang Zhong saluted Su Yan, he touched his beard and said,

"Miss, the princes are afraid that Dong Zhuo will increase his troops at Hulao Pass. There are 200,000 Dong Zhuo's troops in Hulao Pass. The princes want to take advantage of Dong Zhuo's lack of reinforcements to capture Hulao Pass in one fell swoop."

Su Yan nodded when he heard Huang Zhong's words, "That's it! Anyway, we are just watching a show this time. Huang Zhong, you go gather the army. You are not allowed to act rashly without my order."

"yes miss"

"Cai Yan, Zhen Mi, come with me to the commander's camp to watch the fun." Su Yan waved to Cai Yan, Zhen Mi and the others, and she took Xuan Jingtian and Miao Chengtian and walked out of the tent.

After Su Yan went out,

Cai Yan stood motionless in the tent.

She didn't know if she should. It's time to go to the commander's tent with Su Yan. She is now very curious about Su Yan's identity.

Who is this little girl?

Why does she have an army here?

Why did the leader of the lords' alliance invite this little girl to go? Discussion?

Does a little girl understand what war is?

When Zhen Mi saw that Cai Yan had not followed Su Yan, she came to Cai Yan to persuade her, "Let's go, don't make Su Yan angry or you will be teased by her in the future."

"Who are you? Were you also arrested by that young lady?" Cai Yan looked at this very beautiful woman and asked doubtfully.

This beautiful woman was much prettier than her, but this beautiful woman also looked unhappy. This made Cai Yan wonder if this beautiful woman was also sent by that little girl. Someone captured her.

Zhen Mi pointed at herself and said with a wry smile, "Me? I threw myself into a trap, but don't worry, Su Yan was just trying to scare you. Su Yan would not kill your father. Cai

Yan smiled bitterly when she heard Zhen Mi's words and said, "It turns out we share the same fate!" My name is Cai Yan and Cai Wenji, what about you?"

"Yizhou Zhen Mi!"

Zhen Mi shook her head when she heard Cai Yan's words and said.

She might have shared the same fate with Cai Yan before, but that won't be possible in the future. Now she hopes to share the same fate with Cai Yan. If Su Yan continues to threaten her and won't let her leave, Maybe I won't be so troubled anymore.

In the general's tent, the princes all arrived one by one. In the general's tent, Yuan Shao took the lead and sat in the first place, followed by Cao Cao, Yuan Shu, Ma Teng, and Su Yan. While the princes who sent out more troops were waiting for them, the remaining princes were sitting around casually.

In the commander's tent, the princes here looked at Zhen Mi and Cai Yan standing behind Su Yan from time to time. These princes did not think of cruelty. The little girl actually has two beautiful maids.

Zhen Mi and the two Jiutian Shengji and other beauties have been seen by the princes before, but another beautiful beauty appeared, which they did not expect.

Cao Cao looked at Cai Yan and was very surprised Confused, why did Cai Yong's daughter Cai Yan and Cai Wenji appear here?

And she looked like Su Yan's maid?

Could it be that he didn't wake up today?

Cao Cao looked at Cai Yan and wanted to go over and ask, but this is the meeting of princes. He also knew that now was not the time to ask about these things. He could only wait until today's war was over before going to Cai Yan to ask what was going on. When

Yuan Shao saw that the princes had arrived, he stood up in high spirits. Looking at the princes around him, today was the first time that he issued an order from the leader of the princes alliance. He hoped that all the princes would obey his orders.

Yuan Shao cleared his throat and said loudly, "Everyone, the guards of Hulao Pass It's Dong Zhuo's general Hua Xiong. Everyone, which general can go and call a formation to kill Hua Xiong?"

"I have general Yu She who can kill Hua Xiong, and the leader of the alliance can ask my general Yu She to go to Hulao Pass to call for battle."
