Chapter 1141: The Earth Can 't Keep Up With His Speed

“l... Go! Is he flying?”

It was unknown who muttered this, but it immediately woke everyone up.

Just as they were distracted, Ye Feng had already rushed over twenty meters away.

He didn't run very far, and it looked more like he was taking a stroll in a courtyard. However, his speed was so fast that it felt like he was as fast as lightning.

“How could he be so fast? I feel like he only used a second to run 20 meters.”

“One second is a bit exaggerated, but it definitely won't be more than three seconds.”

“Oh my god, why do I feel like Earth can't keep up with his speed?” “Is he a professional athlete? But why are his odds so high?”

“Is there a need to ask? He must have lied about the data. He's actually been pretending to be a pig to eat a tiger.”

“F*ck, this is too sinister...”

In the few seconds that everyone was chatting, Ye Feng had already run half a lap. He was getting closer and closer to the male player in front.

The male player was already a little relaxed, but when he saw his abnormal speed, he was immediately scared out of his wits and hurriedly accelerated.

The finish line was getting closer and closer. Three meters, two meters, one meter...

He had already crossed the finish line with one foot. As long as his other foot followed, he would be able to pass the test smoothly.

However, at this moment, a hand suddenly grabbed his collar and dragged him out.

The male player looked at Ye Feng in fear.

When he turned around just now, the other party was clearly still 30 meters away. In less than a few seconds, he had already caught up to him?

This was simply a pervert!

He was not the only one who thought this way. Everyone present looked at Ye Feng with a terrified expression.

Although the circle they were sitting in had become much smaller because many people had been eliminated, the circumference was still nearly a hundred meters.

And how long did Ye Feng take to catch up? Although no one had a specific count, it should not have lasted more than ten seconds.

What was the world record for the men's loom sprint? It should only be a little over nine seconds, right?

In other words, this weak-looking guy was at least a professional track and field athlete!

"F*ck, animal! He's actually hiding his strength?"

"I'll report him. He lied! He's clearly running so fast, but he's pretending to be weak. Isn't this cheating?"

"Uh... However, it seems that the organizers didn't specify that the contestants have to report their data truthfully."

"F*ck, this is a BUG!"

“It can’t be helped. That’s how the rules are set. If you want to blame someone, you can only blame that player for being unlucky.”

“Haha, he thought he picked a weakling. He didn’t expect it to be a hidden boss, haha...”

Everyone began to gloat.

And that male player was already on the verge of tears. He had been choosing from the group of people and finally picked a ‘weakling’ like Ye Feng.

However, reality gave him a hard slap. How was this a weak chicken? This was clearly a fighting chicken among roosters!

No matter how unwilling he was, the outcome was already decided.

The referee quickly ran over and showed him a red card. “Contestant 149, eliminated!”

The male player glared at Ye Feng bitterly and walked out dejectedly.

The referee also looked deeply at Ye Feng. “Return to your positions. The game continues.”

With that, he turned around and walked away.

Ye Feng returned to his seat and winked at Zhuang Xiaojiao.

Zhuang Xiaojiao also raised her eyebrows at him. She was the one who reported the information about the two of them, and she was also the one who deliberately hid his strength. As expected, he played an unexpected result at the critical moment.

She was very narcissistic about her own intelligence. This young lady was indeed extremely intelligent!

At the same time, Xin Zhiping who was sitting in the pavilion suddenly stood up. He frowned as he looked in Ye Feng's direction.

The secretary beside him hurriedly handed him a tablet. "Chief Xin, this kid lied about the information."

Xin Zhiping opened Ye Feng's information and looked at it. His brows furrowed even more tightly. "Hmph, you want to pretend to be a pig to eat a tiger? Dream on!"

"Go and arrange it immediately. Let our people think of a way to eliminate him."

This kid's odds were 1 to 10, and he had already bet 10 million.

If he really won the championship, he would lose at least 100 million yuan.. No, including the prize money for the championship, that would be 200 million yuan.

He must not be allowed to enter the finals!

"Yes, Chief Xin.

The secretary agreed and immediately went down to make arrangements.

With Ye Feng showing off his might just now, no one dared to throw a handkerchief at him anymore. That was no different from courting death.

Zhuang Xiaojiao's three-round break time had passed. As the only female player on the field, she had once again become the target of 'hunting'.

Zhuang Xiaojiao was aware of the danger she was in, and she became nervous again.

As expected, the next male contestant threw the handkerchief behind her and was about to run away.

At this time, a small stone suddenly flew out from Ye Feng's hand.

Plop..

Before the man could take two steps, he suddenly staggered and fell forward.

Because he was too fast, he somersaulted a few times on the ground before stopping.

"Ah..." the man immediately screamed.

Zhuang Xiaojiao had just stood up with a handkerchief in her hand when her opponent was already dead.

She could not help but glance at Ye Feng, blaming him. At least he should have waited for him to run further away before attacking. Wasn't this too obvious?

However, she was obviously thinking too much. No one would think that the male player had been plotted against.

After all, Ye Feng's method was too unbelievable. He was able to accurately hit a high-speed moving target with a small stone. This method was beyond the comprehension of ordinary people.

Although the contestant kept complaining, the referee still mercilessly eliminated him.

Everyone looked at Zhuang Xiaojiao strangely.

“Oh my god, isn't this woman's luck too good? Two men fell down for no reason in a row, and she took advantage of it.”

“Why do I feel that it's a little scary? Is this woman possessed by a jinx? Anyone who challenges her won't have a good ending.”

“I also think it's too much of a coincidence. The last male contestant was running and then inexplicably fell down. It was the same this time, this... It's a little strange.”

“I feel like I'm watching a horror movie...”

No matter how incredulous everyone was, Zhuang Xiaojiao had once again survived.

At the very least, she could not be challenged again in the next three rounds.

The competition continued, and there were a few more battles where the strong preyed on the weak.

After three rounds of the game, Zhuang Xiaojiao's nerves were tense again.

At this moment, the host's voice sounded from the loudspeaker again. "Time's up. The first round of the game is over."

"Yay..."

The crowd immediately erupted into cheers.

All the contestants who had successfully advanced to the next round, whether they knew each other or not, hugged each other in celebration. Some even cried tears of joy.

Being able to advance to the second round meant that they were one step closer to the 100 million prize money..

Chapter 1142: Do You Believe That I Will Report You Right Now?

Ye Feng looked over and realized that after the first round of elimination, there were not many girls left in the arena.

Even if there were more, they would be female dinosaurs that were stronger than men.

This further highlighted Zhuang Xiaojiao's uniqueness.

The members of the other groups clearly did not expect this great beauty to actually advance, and they all expressed a hundred thousand points of surprise.

When they found out about Zhuang Xiaojiao's miraculous advancement method, everyone was even more surprised. More people came up to get close to her.

At this time, a short man suddenly walked to Ye Feng's side. "Brother, let's go to the side and have a chat?"

Ye Feng glanced at him. "What's there to talk about with you?"

The man sneakily moved to his side. "I saw it clearly just now. You threw a stone and caused those two to fall, right?"

Zhuang Xiaojiao, who was beside him, also heard it and her expression immediately became nervous.

Ye Feng's eyes flashed with killing intent, but he quickly hid it. "Haha, are you joking?"

"If I had that kind of ability, why would I come here to join in the fun?"

The man sneered. "You can hide it from others, but you can't hide it from me. Do you believe that I'll report you now?"

"When the time comes, you will definitely be disqualified, including her." Ye Feng looked around and then stared at that man. "Tell me, what do you want?"

The man smiled. "I don't want to do anything. I just want to cooperate with you."

Ye Feng looked at him calmly. "How do we cooperate?"

The man had already prepared his speech. "It's very simple. I help you enter the finals and you win the championship. We'll split the prize money fifty-fifty.

How about that?"

Ye Feng immediately gave a perfunctory smile. "You think too highly of me. I don't even know if I can pass the second stage, let alone the finals."

The man chuckled. "I think highly of your abilities. You will definitely enter the finals.

Ye Feng still did not agree immediately. "Then what can you help me with?"

The man looked around and lowered his voice again. "Other than not snitching,

I can also help you solve some problems."

"Many of these people were arranged by the organizers. They will use various methods to prevent you from advancing. I'll help you deal with them."

Actually, even without him saying it, Ye Feng had already noticed that there were many people around who were moving around strangely. They did not look like they were here to participate in the competition. They looked more like they were here to cause trouble.

"How did you know?" he asked, feigning surprise.

The man pretended to be mysterious. "Of course I have my sources of information. Just tell me if you agree or not. This is a win-win situation."

Ye Feng touched his nose and nodded. "Sure."

The man immediately burst into laughter. "Then let's wish us a great victory." With that, he turned around and walked away.

Zhuang Xiaojiao tugged at his arm. "Are you really going to give him half of the prize money?"

Ye Feng winked at her. "Do you think I'm that generous?"

Zhuang Xiaojiao was shocked. "Are you lying to him? But if you don't give him the money, what if he reveals us?"

Ye Feng looked at the man's back view. His lips curled into a cold smile. "Don't worry, he won't have the chance to speak."

How dare you threaten me? That would depend on whether your life was tough enough.

At this moment, the host walked up to the stage once again and announced to the crowd, "After the intense competition in the first round, 425 contestants have been eliminated. Now, there are 678 contestants left. I would like to congratulate everyone for successfully advancing to the second round."

The players immediately applauded wildly, and at the same time, they were a little surprised by this number.

They didn't expect that in just the first round, more than one-third of the contestants would be eliminated.

However, most of the eliminated players were female players, as well as some weaker male players. The remaining players were basically very strong physically.

The emcee waited for the applause to die down before continuing, "The next round of the competition will be a puzzle."

Everyone was stunned once again. The first round was already childish, but the second round was even more childish. It was a jigsaw puzzle.

At this moment, a few ladies walked up the stage with scrolls in their hands.

Then, they unfolded the scrolls one by one. There were a few ancient paintings.

The emcee continued to introduce, "In the second round, everyone can form teams of their own and then choose any one of the famous paintings such as the Painting of the Walking Carriage, the Painting of the Beautiful Woman with a Hairpin, the Painting of the Stamping and Training, and the Painting of Along the River During the Qingming Festival to join together. The time limit is twenty minutes. Teams that fail to complete the puzzle within the specified time will be eliminated..."

In fact, many players had already formed teams before the competition had even started. However, after the previous round of competition, many of their teammates had been eliminated and they still needed to regroup.

After about ten minutes, the players finished forming their teams and lined up to receive the puzzle.

In the end, Ye Feng and Zhuang Xiaojiao chose the painting 'Along the River During the Qingming Festival'.

With the referee's whistle, the second match began.

All the contestants raced against time to open the packaging and take out the puzzle inside. Then, they were all dumbfounded.

There were at least a few hundred pieces of the puzzle. It was definitely a difficult task to complete it in twenty minutes.

Zhuang Xiaojiao's face was also full of worry. She was most afraid of such complicated things. Instead of puzzles, it would be better for her to climb trees. On the contrary, Ye Feng was very interested in these puzzles. He picked them up and started to study them..

Chapter 1143: I'm Willing To Be Bullied By Him. What Can You Do About It?

"That... This game's mission is up to you, good luck."

Zhuang Xiaojiao patted Ye Feng's shoulder, trying to please him.

Ye Feng could not help but roll his eyes. "Didn't you rely on me in the last round?"

Zhuang Xiaojiao immediately smiled shyly. "With great power comes great responsibility. I'll play the next round. I'll go buy water for you."

After saying that, she ran away.

Ye Feng shook his head helplessly. What kind of pig teammate did he find?

Forget it. Even if she interfered, it would be more of a hindrance. He should slowly study it himself.

At this time, the other teams were already busy, almost all of them searching randomly without any order.

Ye Feng was not as flustered as them. He took out the fragments one by one, looked at them, and put them aside before looking at the next piece.

Zhuang Xiaojiao dawdled outside for more than ten minutes before she returned. However, she realized that he had not pieced a piece together. She exclaimed, "Brother, it's been so long. You haven't even pieced a piece together? I think the others have already given their all."

Ye Feng glared at her angrily. "Then go to another team."

Zhuang Xiaojiao was speechless. She quickly threw the water and snacks aside. "Forget it, I'll do it myself. Men are unreliable."

Ye Feng pushed her hand to the side. "Go to the side, don't cause trouble."

Zhuang Xiaojiao was furious. "If you don't want to fight, why don't you let me fight? Then just admit defeat."

Ye Feng glanced at her. "You don't understand."

Zhuang Xiaojiao stood up abruptly. "Why don't I understand? The time is almost up. You haven't even finished a piece yet, and you're still scolding me..."

Her tears fell like a thunderstorm.

The other teams stood up for her and looked at Ye Feng unhappily.

"I say, you're the same. How can you be so fierce to a little fairy?"

"That's right. She rejected so many people's invitations and chose to team up with you. It's fine if you don't cherish her, but you actually dare to be fierce to her."

“The competition time is almost up. You haven’t even finished putting together a piece, and you’re not letting others say it?”

“Hehe, men are all the same. You’re useless, yet you’re venting your anger on others...”

When Zhuang Xiaojiao heard what they said about Ye Feng, she immediately glared at them fiercely. “What has our matter got to do with you? Mind your own business first.”

Those people were instantly stunned by the scolding.

“You girl, we are all speaking up for you. Why are you biting Lu Dongbin like a dog and not recognizing a good person’s heart?”

“That’s right. We saw him bullying you, so we stood up for you. Why did you bite back?”

Zhuang Xiaojiao snorted. “I’m willing to be bullied by him. What can you do about it? Mind your own business!”

After saying that, she squatted in front of Ye Feng again and started to curry favor with him.

Those people were so angry that they laughed.

“Alright, this is like Zhu Bajie looking in the mirror. He’s not human inside or outside.”

“The young couple is fighting at the head of the bed and making up at the end of the bed. Let’s not get involved.”

“Yes, yes, yes. Let’s take care of ourselves first. Time is almost up…”

While everyone was talking, 15 minutes had passed. There were only five minutes left.

Many people had already given up on themselves before they even finished half of the puzzle.

Ye Feng had already finished reading the hundreds of pieces of the puzzle. He closed his eyes and started to recall.

Hundreds of pieces of the puzzle began to appear in his mind one by one, and then gradually gathered into a complete picture…

Suddenly, he opened his eyes, giving Zhuang Xiaojiao a shock. She did not know what he was up to.

“You…”

Before she could ask, Ye Feng quickly picked up a piece of the puzzle and placed it on the cardboard.

Immediately after, the second piece, the third piece...

Ye Feng's puzzle method was different from everyone else.

Others would continue to find an adjacent piece after they had pieced it together.

On the other hand, he had no rules to speak of. He placed one piece in the east and one in the west. It looked like a star scattered all over the place, but there was no one next to each other.

Zhuang Xiaojiao was getting more and more confused. "Brother, have you ever done puzzles before? How can you work so hard?"

Ye Feng replied without even raising his head: "What do you know?"

Zhuang Xiaojiao snorted at him and turned her head to sulk. However, she could not help but turn her head back to peek curiously.

However, the next scene completely dumbfounded her.

As Ye Feng placed more and more puzzles, some of the puzzles started to connect.

It was just like the layout of a Go master. At the beginning, it seemed to be without any order, but suddenly, a wonderful piece flew out and immediately activated the entire game.

Ye Feng's puzzle was the same. At the beginning, one could not see any pattern. It felt like he was playing the piano.

However, after a few pieces were added, the entire puzzle immediately took shape.

Zhuang Xiaojiao immediately covered her mouth. She looked at him in shock and then at the puzzle.

Although he had given her many surprises before, this time was especially special.

Wasn't this too unbelievable?

How did he know which puzzle piece was in which position?

Did this guy have a computer installed in his head?

Otherwise, how could a normal person remember the positions of so many puzzles?

Just as she was feeling extremely shocked, the entire puzzle of Along the River During the Qingming Festival was completed.

When Ye Feng placed the last piece of the puzzle, the match time had just ended.

“The time for the competition is up. Everyone, stop what you’re doing.

Otherwise, you’ll be automatically eliminated!”

The emcee immediately went on stage and shouted.

“Sigh...”

The crowd immediately sighed. It was obvious that most of them had failed to complete the puzzle.

Completing hundreds of puzzles in twenty minutes was indeed a huge project.

When the judge walked to Ye Feng's group, he was stunned for more than ten seconds.

In fact, he had been observing their group from afar. The male player had been doing the puzzle alone the entire time, while the female player had been watching from the side. She hadn't done anything at all.

It was because of this that he was even more shocked.

He actually completed all of the puzzle by himself?

Wasn't this a little suspicious?

Chapter 1144: Hurry up and Destroy It, I'm Tired

The second round was even crueler than the first round. Because this round was a two-to-two team, two people were eliminated.

Originally, there were more than six hundred people who entered the second round of the competition. However, when the competition ended, only two hundred people were left. Almost two-thirds of them were eliminated.

These players began to cry, but they could not change the outcome. They were all eliminated from the arena.

As for the favorites to win the championship, Jiang Shaoyang and the professional Go player had also successfully advanced without any suspense.

“D*mn, how did these three advance again? Do you all eat sh*t?”

When Xin Zhiping, who was in the pavilion, saw this scene, he immediately flew into a rage.

The secretary beside him was so scared that his face turned pale. “Chief Xin, these three people are too strong.”

“Whether it’s a physical game or a mental game, they have successfully passed.”

Xin Zhiping angrily threw the cup on the ground. “I don’t want to listen to this nonsense. I want results, results! Do you understand?”

Because the commotion he made was too big, many people in the audience turned their heads to look.

Xin Zhiping hurriedly lowered his voice. “I don’t care what methods you use. In short, I don’t want to see them successfully advance next time, understand?”

The secretary pondered for a moment. “Although these three people are very strong, their teammates are weaker. In that case, we’ll change the game for the next level to a coordination game.”

“With teammates dragging them down, it’s difficult for them to display their strength.”

Xin Zhiping raised his hand and pointed at him. “Then why aren’t you making arrangements?”

The secretary hurriedly turned around and left.

Xin Zhiping returned his gaze to the arena. His fists clenched so tightly that they made cracking sounds.

After two rounds of elimination, the original 1,000-plus participants were now left with 200-plus. The venue immediately became spacious.

The host walked up the stage once again and cupped his hands to everyone with a smile. “Congratulations to everyone for successfully entering the third round of the game. The contestants who can reach this stage are all the elites of the elites.”

Everyone was dizzy from his little flattery, and their good impression of this ordinary-looking host doubled.

The emcee immediately became serious. “In the third round of the game, we will compete in spinning the top. This game requires tacit cooperation between teammates. The specific rules are as follows...”

Everyone listened attentively to the rules.

The general idea was that two people in each group would take turns to whip the top. They had to ensure that the top did not fall and did not go out of the limited range.

There was no time limit for this round of competition. Only the last fifty groups, which meant that 100 contestants, would advance.

Even if it was said that more than half of the people would be eliminated in this round.

After hearing this rule, the players in the stadium complained again.

Especially people like Zhuang Xiaojiao who had no childhood. She had never played spinning tops before.

“Ye Feng, I will definitely drag you down this time.” Zhuang Xiaojiao immediately turned to Ye Feng for help.

“When have you not been a burden?” Ye Feng asked impolitely.

“You...” Although Miss Zhuang wanted to refute him, she was speechless. What he said seemed to make sense.

Ye Feng rubbed her head. “Don’t worry, with me around, we won’t lose.”

However, he soon realized that he seemed to have spoken too early.

When the organizers handed out the spinning top, Zhuang Xiaojiao seemed to have discovered a new continent. She held the spinning top and looked at it repeatedly.

“So this is a spinning top? It’s so magical!”

Ye Feng’s face twitched crazily. “You... You haven’t even seen a spinning top before, have you?”

Zhuang Xiaojiao shook her head. “No, you know that I’ve been weak since I was young. Grandfather and the others never let me play with these things.”

Ye Feng was speechless. “I take back what I said earlier. I really don’t have much confidence in this round.’

Zhuang Xiaojiao hurriedly grabbed his arm and shook it. “Don’t say that. You

have to have confidence in yourself.”

Ye Feng laughed coldly. “I am very confident in myself. At the same time, I am also very confident in you.”

Zhuang Xiaojiao immediately felt sorry for herself. “This organizer is really too much. Why must they let the two of them work together? If you play alone, won’t I be able to continue winning?”

Ye Feng was completely speechless. He shook his head and sighed in despair.

“Hurry up and destroy it. I’m tired.”

Just as the players were lamenting, the match officially began.

Ye Feng and Zhuang Xiaojiao each held a whip and stood in the area designated by the organizers.

This range was not too big, about five meters square. If the top went out of this range, even if it did not fall, it would be judged as a loss.

“Are you ready?”

Ye Feng held a whip in one hand and a spinning top in the other. He looked up at Zhuang Xiaojiao.

“Yes, I’m ready.”

Zhuang Xiaojiao nodded her head with an expression that said she was ready to die.

Ye Feng did not say anything else. He used the whip to wrap around the spinning top and pulled it lightly on the ground, the spinning top started spinning at a high speed.

Pa!

When the spinning top began to slow down, he immediately swung the whip.

The spinning top spun even faster.

“Wah, it’s so magical!”

When Zhuang Xiaojiao saw this scene, she immediately clapped her hands like a curious baby.

Ye Feng hurriedly reminded her: "Don't wah, it's your turn for the next whip. Pay attention to controlling the strength and angle, don't use too much strength..."

Zhuang Xiaojiao nodded impatiently. "Got it. I thought it would be difficult. It looks simple."

After saying that, she waved her small whip and whipped the top.

Pa!

Ye Feng saw the trajectory of her whip and knew that it was over.

As expected, her whip hit the bottom of the top, sending it flying into the air and flying into the distance.

"Ah..." Zhuang Xiaojiao screamed and froze on the spot.

This was different from what she had expected!

A referee was standing next to the two of them. When he saw this scene, he was about to take out a red card from his pocket to eliminate the two of them.

However, just as the spinning top was about to fly out of the limited range, a whip suddenly appeared.

Shua, shua, shua...

The whip wrapped around the top and pulled it back.

The one who attacked was Ye Feng. He pulled the spinning top back to its original position and pulled out the whip.

Sou...

The top spun at high speed again.

Zhuang Xiaojiao and the referee were stunned by his skill.

A spinning top could be played like this?

The godly skill that Ye Feng displayed not only shocked Zhuang Xiaojiao and the referee, even Xin Zhiping who was watching the battle with binoculars in the pavilion stood up in shock.

“D*mn, this... How is this possible?” he muttered to himself in disbelief.

The spinning top was clearly about to fly out of the limited range. Under normal circumstances, it should be hopeless.

Who would have thought that the skills that Ye Feng displayed were simply shocking?

However, his shock was far from over. The next few rounds were the same.

Every time Zhuang Xiaojiao sent the spinning top flying, she would be saved by Ye Feng..

Chapter 1145: I Don't Care What Method You Use, You Have To Stop Him!

It could be considered a coincidence if it happened once or twice, but if it happened every time, it was a sign of strength.

Although this kind of strength was a little unbelievable, the truth was the truth.

Xin Zhiping finally couldn't sit still anymore. At this rate, this group was very likely to enter the finals.

He had already received a report from his subordinates that there was a bet of 20 million on Ye Feng and Zhuang Xiaojiao, and the odds were extremely high. If they really won the championship, he would have to compensate them with 300 million.

Adding on the 100 million prize money, that would be 400 million!

Xin Zhiping would never allow such a thing to happen.

“Stop them, quick!” he hurriedly shouted at the secretary beside him.

In fact, he didn't even need to give any instructions. The secretary had already made arrangements through the walkie-talkie.

One had to admit that Zhuang Xiaojiao was very talented in gaming. After the initial random draws, she had gradually found the knack.

The two of them cooperated more and more tacitly, and the spinning top became more and more stable.

As for the other teams, they had already started to be eliminated one by one. As long as the two of them continued to maintain this momentum and persevere for a while longer, they would definitely be able to advance.

However, at this moment, a member of the team next door suddenly pulled the top.

Next, the spinning top flew toward Ye Feng and the rest uncontrollably.

Even though Ye Feng seemed to be fully focused on the spinning top, he was actually paying attention to his surroundings.

Judging from that person's performance just now, he was definitely an expert in spinning tops. It was impossible for him to make such a low-level mistake. It was obvious that he had done it on purpose.

He sneered. It seemed that some people did not want them to advance and had begun to play dirty tricks.

Zhuang Xiaojiao was so shocked by the sudden change that she forgot to react.

Fortunately, Ye Feng reacted quickly. He whipped his whip and pulled his spinning top to the side.

The spinning top missed its target and passed between the two of them, charging into a team next to them.

That team's reaction was not as fast as Ye Feng. They were immediately disrupted by the spinning top and were eliminated.

After Ye Feng dodged the sneak attack, he pulled the spinning top back and whipped it again. The spinning top continued to spin steadily.

“Wow, Ye Feng, you are so powerful!”

Zhuang Xiaojiao was stunned by his move and immediately clapped her hands.

The two people in the team that ambushed them did not expect Ye Feng to be able to dodge the ambush. They were stunned on the spot.

But they reacted immediately. They looked at each other and charged toward Ye Feng and the others.

Zhuang Xiaojiao had just heaved a sigh of relief when this unexpected turn of events occurred again. She was once again stunned. They watched helplessly as the two men charged toward their spinning tops, not knowing what to do.

Ye Feng did not expect that they would charge over so brazenly to cause trouble. He was so angry that he laughed.

In order to prevent the two of them from advancing, the organizer actually used such a despicable method. They really did not even have any face.

Then he would teach them a lesson.

Then, he lashed out with the whip in his hand.

Pa!

Two whipping sounds were heard, and they ruthlessly slapped the faces of those two people.

He used a lot of force, and the two men's faces were immediately mangled.

"Ahhh..."

The two of them let out a scream at the same time and hurriedly covered their faces as they retreated.

The referee nearby immediately rushed over. He first checked the injuries of the two, then looked at Ye Feng angrily. "How could you hurt someone?"

Ye Feng whipped the top to ensure that it was running normally, before he looked at the referee with a cold smile. "Sorry, I did not notice someone running into our competition venue."

"However, I think you should ask them why they broke the rules and came to us. If they mess up our competition, who will be the one to blame?"

Although the referee wanted to find fault with him, he really couldn't find a reason.

Ye Feng was lashing the whip in his own arena. It was completely in line with the rules of the competition.

He could only pretend to look at the two of them. "Why aren't you guys competing properly? What are you doing in other people's competition grounds?"

The two of them covered their faces and explained pitifully, "Our spinning top accidentally flew away and we wanted to get it back..."

The referee cursed in his heart, 'Trash!' However, he still flashed a red card at the two players. "The spinning top has flown out of the competition arena.

You will be eliminated immediately!

The two of them glared at Ye Feng unwillingly, before leaving dejectedly.

That referee turned to look at Ye Feng. "Behave yourself, don't play any tricks." With that, he turned around and left.

Ye Feng sneered. In front of absolute strength, all schemes and plots were just paper tigers.

“Continue!”

Bang!

In the gazebo, Xin Zhiping slammed the table and glared at the secretary.

“Trash, you can’t even handle such a small matter. What use do I have for

The secretary was also very depressed. “Chief Xin, this kid is too strong. We can’t stop him at all.”

When Xin Zhiping heard this, he became even angrier. “Is that kid Superman? You said something about being too strong?”

“He has two eyes, so do you. Are your eyes used to vent your anger?”

The secretary was on the verge of tears. “You saw it just now. That kid is indeed too strong. Our people failed to steal the chicken and even lost the rice...”

Xin Zhiping pointed at his nose. "I don't want to listen to your nonsense. I don't care what method you use. You have to stop him!"

"If he enters the finals and wins the championship, I'll skin you alive."

Although the secretary felt wronged, he did not dare to say anything more. He began to quickly calculate in his heart. How could he eliminate this kid?

If he really couldn't do it, he could only use force!

Chapter 1146: I Might Be Dragging You Back Again

It was not just Ye Fengs team that was disturbed. The few popular players were also treated the same way.

Jiang Shaoyang managed to dodge the attack with his superb reaction speed.

The other favorites for the championship were all eliminated, including the extremely intelligent professional Go player.

Although they kept complaining, the referee still eliminated them mercilessly.

As these teams were eliminated, the gamblers who had bought these teams also complained endlessly.

This meant that all the money they had bet was gone.

Although some people suspected that it was the organizer's doing, they did not dare to say anything because they had no evidence. They could only admit that they were unlucky.

Just like that, the participating teams were eliminated one by one.

After about 20 minutes, there were only 50 teams left.

"The match is over!"

As the host's voice sounded, the competition venue immediately fell into cheers.

Half of the players had been eliminated in this round, and there were many strong and popular players among them. The team that could successfully clear the round was indeed worth celebrating.

Even Zhuang Xiaojiao was extremely happy. She threw away the whip and went into Ye Feng's arms, rubbing against him.

"It's enough as long as it's almost there. No one takes advantage of you like this." Ye Feng allowed her to hug him for a while. Seeing that she had no intention of letting go, he could only remind her.

Zhuang Xiaojiao blushed and glared at him. "What a blockhead."

Although she was blaming him, she could not hide the excitement on her face.

It was not easy to pass the third stage.

After all, there were more than 1,000 people participating in this competition, and now there were only 100 people left on the field. It could be said that less than 10% of them were left.

It was already lunchtime, and everyone was starving. They had thought that the competition would be paused and they would go eat first.

However, the organizers obviously did not have such thoughts. After the third round of the competition ended, the host immediately went on stage.

"Congratulations to the 100 contestants present for passing the third round. Next, we will announce the rules of the fourth round..."

When everyone heard this, they all began to complain.

“What? Do you still want to continue competing? Can you let us rest for a while? I don’t even have the strength.”

“Yeah. it’s already mealtime. Can you let us eat first before continuing?”

“It’s such a hot day, can’t we even drink water? I’m dying of thirst.”

“I need to rest for a while. I really can’t hold on any longer...”

Everyone had been playing under the hot sun for more than three hours. They were hot, sleepy, and hungry. They could not hold on any longer.

However, the emcee coldly snorted. “If anyone feels that they can’t hold on, they can withdraw from the competition. As long as you withdraw from the competition, you can rest as long as you want.”

When everyone heard his words, although they were secretly criticizing him, no one continued to complain.

It wasn’t easy for them to reach this point. They could already see the dawn.

No one was willing to give up just like that.

The host did not waste any more time and continued to announce the rules.

“In the fourth round, we will throw sandbags.”

“Two people from each team will be tied together with one hand and one foot to avoid the sandbags thrown by the staff. The time limit is ten minutes...” When the players heard the rules of the game, they complained again.

Most people had played the sandbag game when they were young. It mainly tested their reaction and agility.

However, the rules of the game now required the two of them to tie one of their hands and feet together. This greatly limited their dodging speed. They were simply living targets.

The host heard everyone’s complaints and sneered again. “It’s still the same. If anyone doesn’t want to play, they can quit at any time.”

Everyone complained, but no one would quit at this time. They could only accept it helplessly.

Immediately, a staff member came up with bandages and tied one of the hands and feet of each team’s two players together.

Then, all the players gathered in the center of the field. Around the field, there was a staff member responsible for throwing sandbags.

These four people were all big and round, and each of them had an evil smile on their faces, as if they were looking at a group of lambs waiting to be slaughtered.

Zhuang Xiaojiao looked at Ye Feng pitifully, "Ye Feng, I might be dragging you down again."

She was still very self-aware.

If it was Ye Feng himself, it would be very easy for him to dodge.

However, now that one of their hands and feet were tied together, his strength would definitely be greatly reduced.

Ye Feng gave her a comforting smile. "It's alright, I'm already used to it." Zhuang Xiaojiao pouted unhappily. "Why are you saying that? Are you making me sound like a useless person?"

Ye Feng blinked. "Isn't this the truth? Is there anything else to be confused about?"

"Hmph, I'm ignoring you!" Miss Zhuang was angry again. She wanted to turn around and leave, but then she remembered that their hands and feet were tied together. They could not move alone.

Just as the two of them were bickering, the host announced again, "The competition begins!"

As soon as he finished speaking, a palm-sized sandbag was suddenly thrown from the hands of a staff member.

His strength was so great that the sandbag was like a cannonball, smashing directly into the calf of a player who couldn't dodge in time.

"Ah..."

The contestant immediately wailed and knelt on the ground.

He never dreamed that he would be eliminated as soon as he came up.

The teammate who was implicated by him also beat their chest and stomped their feet, feeling extremely depressed.

However, no matter what, elimination was elimination. There was no room for negotiation.

The two of them walked out of the arena dejectedly. The other players looked at their backs and felt sad.

It was possible that it would be their turn next.

Without giving anyone any time to catch their breath, the sandbag was thrown again.

However, this time, it was not thrown directly at the crowd. Instead, it was thrown to the staff on the other side.

The staff member used all his strength to throw the sandbag.

The players didn't expect the opponent to use this diversion move and were immediately caught off guard.

Another two contestants were eliminated!

Chapter 1147: Newton Said, I'm Not in Charge of China's Matters

Just like that, after a few rounds, many teams had been eliminated.

The teams that were still in the arena all had nervous expressions.

At this moment, it was the staff member's turn to throw sandbags.

The staff member weighed the sandbag in his hand, but he did not throw it immediately. His gaze kept sweeping across the player's face, as if he was looking for the next 'hunting' target.

When his gaze landed on Ye Feng and Zhuang Xiaojiao's team, a strange smile appeared on his face.

Zhuang Xiaojiao was extremely nervous. Her beautiful eyes were fixed on the staff member, not daring to relax for even a moment.

At this moment, the staff member suddenly threw out his sandbag.

A group of players in the arena jumped up one after another, but the sandbag did not hit anyone. Instead, it passed over everyone's heads.

Another diversion!

Everyone immediately complained endlessly because their hands and feet were tied up in pairs. They had no time to turn around and became live targets.

At this moment, the sandbag had already landed in the hands of the staff member behind them. He threw it out without any hesitation.

And he only had one target-Ye Feng and Zhuang Xiaojiao.

The boss had already given them an order. No matter what, they had to eliminate these two people in this round!

At this moment, Ye Feng and Zhuang Xiaojiao had their backs facing them. There was no way for them to dodge.

Based on the feel of the sandbag, he was certain that it would hit Zhuang Xiaojiao.

He was already prepared to listen to the beautiful sound of the blow.

But what happened next made his smile freeze.

The sandbag was about to hit its target.

But at this critical moment, Ye Feng's hand that was tied to Zhuang Xiaojiao suddenly pulled, pulling Zhuang Xiaojiao's body away.

The sandbag slid past her.

He missed!

All the staff looked at Ye Feng in disbelief.

Did this guy have eyes on the back of his head?

All the staff members had the same thought at the same time.

That was because the scene just now was too strange.

The sandbag was about to hit Zhuang Xiaojiao, but he pulled her away at the last moment and narrowly avoided it.

Was this a coincidence or was it intentional?

If it was the former, it would be fine, but if it was the latter... That was a little scary.

At the same time, Xin Zhiping in the pavilion also had a dull expression.

“F*ck, is this kid cheating?”

He could only find this adjective now.

From throwing a handkerchief in the first game, to the puzzle in the second game, to the spinning top in the third game, and now to throwing a sandbag. The terrifying strength that Ye Feng displayed was simply unbelievable.

Other than cheating, he really couldn't think of any other explanation.

The secretary beside him hurriedly nodded in agreement. “This kid is indeed a little strange. We've tried everything we can, but we still can't stop him.”

Xin Zhiping shook his head and looked at him. “This kid is indeed a little troublesome, but it's not an excuse for your incompetence. Get rid of him immediately. I don't want to see him in the next round, understand?”

The secretary hurriedly nodded and urged the staff at the scene again, “Give this kid something more ruthless...”

In the following match, the players in the stadium saw a jaw-dropping scene.

Those staff members had already given up on them and started to attack Ye Feng's group.

Sou...

The sandbag was like a cannonball as it headed straight for Zhuang Xiaojiao.

"Ah!" Zhuang Xiaojiao exclaimed. She wanted to dodge, but because she was tied to Ye Feng. Her movements were greatly restricted, and she could not dodge at all.

But at the crucial moment, Ye Feng suddenly hugged her waist and turned around.

Swoosh...

The sandbag brushed past the two of them.

Before they could heave a sigh of relief, the staff member opposite them picked up the sandbag and continued throwing it.

Sou...

The sound of air being torn apart came again. This time, it came from the lower half of their body.

Ye Feng did not even have time to put Zhuang Xiaojiao down. He jumped on the spot.

The sandbag flew past his shoes and landed in the hands of the staff member in front of him.

The staff member did not stop and threw the sandbag to the staff member on the left.

And after that staff member took the sandbag, he continued to throw it at Ye Feng's lower body.

It had to be said that his timing was very accurate.

Ye Feng's body was currently falling. According to this trajectory, when he landed, he would hit the sandbag.

But then, a miraculous scene appeared again.

Ye Feng's falling body suddenly paused for a moment, as if the pause button was pressed. He was frozen in the air.

Although it was only a short pause, he continued to fall.

However, it was enough for the sandbag to fly over from below.

Everyone present was dumbstruck as they watched this scene, as if they had been petrified.

Even the staff member opposite him was stunned and forgot to pick up the sandbag.

“D*mn, a god! His body was already falling, but he could still stay in the air? Isn’t this too exaggerated?”

“Don’t forget, he’s carrying someone in his arms. How heavy is the fall? He can stay in the air like this?”

“I suspect that the physics I studied before was fake. It’s not scientific.”

“Newton said, ‘I’m not in charge of China’s affairs.’”

“Einstein also said: I really can’t explain this...”

Everyone was immersed in the shock brought by Ye Feng.

Therefore, a strange scene appeared at the scene.

The players forgot to dodge, and the staff forgot to throw sandbags. The match was interrupted..
Chapter 1148: Taking Advantage of Me Again?

After an unknown period of time, the staff at the scene suddenly heard the boss, Xin Zhipings angry roar in their earphones. "What the f*ck are you all looking at? Hurry up and continue. You have to eliminate this kid."

Only then did the staff member react and continue to pick up the sandbags to attack.

But Ye Feng seemed to be cheating. He could dodge perfectly every time.

On the contrary, many players were accidentally injured and were eliminated.

This went on for a few minutes until the ten minutes of the match were up.

The referee looked at the timer that had already exceeded ten seconds. Although he was very helpless, he had no choice but to blow the whistle to signal the end of the game.

"The fourth round is over!"

As the referee blew the whistle, the surviving players cheered wildly.

Logically speaking, it was very likely that more than half of the players would be eliminated in this round.

But because in the second half of the match, the firepower was focused on Ye Feng and Zhuang Xiaojiao, many people were spared.

Currently, there were more than 70 people left on the field, and only half of them had been eliminated.

When he saw the results of the competition, Xin Zhiping, who was in the pavilion, went crazy and smashed the binoculars in his hands on the ground.

This was not enough to vent his anger, so he rushed up and stepped on it twice.

The secretary hurriedly went forward and hugged him. "Chief Xin, calm down first."

Xin Zhiping shook him off. "Calm down? How the h*ll do you expect me to calm down? That kid is about to enter the finals. Can I stay calm?"

The secretary hurriedly comforted him. "Let's think of another way. We can't let this kid win the championship."

Xin Zhiping stared at him. "I don't care what method you use. You have to stop him. Otherwise, I'll chop you up myself."

The secretary wiped the cold sweat off his forehead. "Yes, yes, yes. I will

definitely stop him."

Only when the whistle sounded did Ye Feng put Zhuang Xiaojiao down.

"Ye Feng, you are really amazing!"

Zhuang Xiaojiao was so excited that she suddenly hugged Ye Feng and kissed him on the cheek.

Ye Feng was stunned. "Taking advantage of me again?"

Zhuang Xiaojiao immediately covered her mouth and snickered. "This is your reward. Don't be so ungrateful, okay?"

Ye Feng looked at her with an evil smile. "Then I will reward you too."

As he spoke, he pouted and leaned over.

“Ah, you’re so disgusting.” Zhuang Xiaojiao quickly dodged, but her heart was filled with sweetness.

Earlier, when she was in Ye Fengs arms to avoid the sandbag, she did not think too much because she was nervous, but now that she thought about it, she felt a sense of happiness.

Being protected in the arms of the person you love to avoid danger, this was a scene that only existed in movies.

It must have been a beautiful scene.

Ye Feng did not know what she was thinking, otherwise, he would have advised her to watch less Korean idol dramas.

At this time, many players came up to get close to him.

But this time, it was different from the previous few times where they were basically there for Zhuang Xiaojiao and did not care about Ye Feng.

But this time, they were all here for Ye Feng. They were clearly shocked by his performance.

This included Jiang Shaoyang. He looked at Ye Feng in shame. "I'm sorry, I was looking down on you. I didn't expect you to be so strong!"

He put himself in his shoes and thought about it. If he had been the one being targeted, he probably wouldn't have been able to last even a minute.

But not only did Ye Feng last for a few minutes, he was also very relaxed. This kind of strength was unheard of.

Facing his admiring gaze, Ye Feng shrugged. "It's just a normal operation."

His words were somewhat pretentious, but everyone present felt that it was only natural. He did have the capital to act pretentious.

Jiang Shaoyang glared at the staff. "You have to be careful in the next match. They are obviously targeting you."

Ye Feng laughed nonchalantly. "They are just a bunch of good-for-nothings. What tricks can they play?"

The other contestants were also filled with righteous indignation when this matter was brought up.

“The organizers are too ruthless. It’s obvious that they want to eliminate this brother in advance after seeing his performance.”

“I suspect that the teams that are the favorites to win the championship have also been targeted by them.”

“Please remove the word ‘suspect’. Even a fool can tell what they’re up to.”

“They definitely won’t let us get the prize money so easily, so they’ll do everything they can to eliminate us.”

“I think we should protest.” “Protest my ass. The rules are set by others. We can only accept them.”

“Ugh, this is really too stifling...”

Although everyone was very dissatisfied with the organizer’s behavior, they chose to endure it in the end.

After all, they had already reached the end, and no one wanted to cause more trouble.

At this time, the host walked onto the stage again. He looked deeply at Ye Feng before smiling at the crowd.

“Congratulations to the elites present. You have successfully reached the last stage. This has already proven your strength. I congratulate you!”

Although the players sneered in their hearts, they still applauded perfunctorily.

The host seemed to not see their ridicule. He continued, “Next up is the fifth and final round of the competition. It’s the kidnapping.”

“The contestants will continue to form teams in pairs. They will defend against the attacks of other teams while attacking others.”

“The team that can survive until the end will become the champion of this competition and receive the grand prize of 100 million yuan...”

The rules of the game were actually very simple. It required the contestant to keep one foot independent while the other foot formed a triangle to attack.

If both feet land on the ground or fall, you lose.

The crowd was already filled with disgust toward the organizers, but when they heard the 100 million prize, they became excited again.

Now that they were only one step away from the 100 million yuan prize, how could they not be excited?

Zhuang Xiaojiao looked up at Ye Feng again.

Before she could say anything, Ye Feng already understood what she meant. "I understand, you are going to drag me down again."

Zhuang Xiaojiao lowered her head shyly. "I promise, this is the last time." "Haha." Ye Feng could not help but roll his eyes.

After the first few rounds, Zhuang Xiaojiao was the only female player left.

Besides technique, a game like bumping a kidnapper required a lot of strength. It was also very unfair to female players.

Zhuang Xiaojiao had placed all her hopes on Ye Feng, hoping that he would be able to create more glory.

Well, she was used to winning by lying down anyway, so she didn't mind lying down one more time.

All the teams were gathered in a field to engage in a chaotic battle. In this chaotic battle, besides strength, luck also played a large part.

“Let the competition begin!”

With the referee’s order, the contestants moved.

Bang, bang, bang...

The sound of collisions continued to ring out. Some contestants had already been knocked to the ground and were eliminated.

And because of Ye Fengs outstanding performance in the first few rounds, no one attacked them in the beginning of the match, this made him feel like he was at a loss.

F*ck, where were the enemies?

Chapter 1149: This Championship is Mine!

For a moment, Ye Feng and Zhuang Xiaojiao seemed to have been forgotten by everyone. No one attacked them, and they naturally would not attack others. They could only stand at the periphery and watch the show.

At this moment, Jiang Shaoyangs team was suddenly surrounded.

Several teams around them pointed their guns at them and launched a crazy attack.

Jiang Shaoyang's teammates were weaker and were almost overturned several times. Fortunately, Jiang Shaoyang tried his best to protect him and avoided being eliminated.

However, he was not Superman, after all. Faced with the siege of five teams and ten people, he quickly paled in comparison.

Zhuang Xiaojiao turned to look at Ye Feng. "These people are too evil. So many people ganging up on the two of them. They are too shameless."

Ye Feng had a mocking smile. "The organizers are playing such dirty tricks again."

Zhuang Xiaojiao was a little angry. "Should we go up and help them?"

Ye Feng shook his head. "It's too late."

As soon as he finished speaking, he saw the people arranged by the organizers suddenly charge at Jiang Shaoyang.

Jiang Shaoyang had a fierce expression on his face as he prepared to fight.

However, he never expected that these people were just feigning a move. The real target was his teammate.

According to the rules of the competition, as long as anyone in the team was knocked down, the entire team would be eliminated.

Jiang Shaoyang's reaction was also very fast. He immediately wanted to save her.

However, he was still a step too late. His teammate had already lost her balance after being hit by someone. She staggered and jumped a few times, and both of her feet fell to the ground.

Eliminated!

As a retired Special Forces soldier, Jiang Shaoyang was definitely the most popular player in this competition.

Now that he was eliminated in such a way, he was so angry that he roared twice and looked angrily at the people who surrounded him.

The few of them sneered and turned around to jump away.

At this moment, the referee ran over and showed the two of them red cards.

Although Jiang Shaoyang was furious, he was still driven away from the scene.

Although the contestants were surprised by his elimination, they quickly adjusted themselves and continued to participate in the competition.

“Get ready,” Ye Feng suddenly instructed Zhuang Xiaojiao.

“Ah?” Zhuang Xiaojiao had yet to react.

But soon, she knew what Ye Feng meant.

The five teams that eliminated Jiang Shaoyang had successfully eliminated one of the favorites for the championship, and then they had targeted them.

Zhuang Xiaojiao was extremely nervous when she saw the ten people jumping over with sinister smiles on their faces.

“Ye Feng, what should we do now?” She could only ask Ye Feng for help.

“What should we do? We’ll deal with whatever comes our way.” Ye Feng blocked her behind him and faced the few aggressive teams.

“Brat, admit defeat yourself. It saves us the trouble of wasting time.” The man with a pair of inverted triangular eyes who was at the front smiled sinisterly at Ye Feng.

“You guys can’t afford to play, right? Seeing that we’re about to win the championship, you’re starting to play such dirty tricks?” Ye Feng stared at him coldly.

“Haha, do you think that the 100 million prize is so easy to get? You’re already so old, yet you’re still dreaming?” That person did not deny that he was arranged by the organizer and immediately sneered.

The smile on Ye Feng’s face became even wider. “Then I will say this, I want this championship for sure!”

“Sigh, since you’re so tactless, don’t blame us.” The man’s face darkened and he immediately waved his hand at the others. “Don’t stand on ceremony with him. Attack! ”

Those few people received the order and immediately attacked Ye Feng and the other two.

These people probably knew that Ye Feng was strong, so they deliberately avoided him and targeted Zhuang Xiaojiao who looked weak.

Bang!

Zhuang Xiaojiao crashed into a man who was charging at her. It was as if she had hit a wall. She immediately lost her balance and fell backward.

Ye Feng reacted quickly. He grabbed her and pulled her to the side.

When the man saw that Zhuang Xiaojiao did not fall, he continued to rush forward, wanting to attack again, but he was facing Ye Feng directly.

“Go to h*ll!” the man shouted loudly and hugged his right leg.

This person was about 1.8 meters tall and his body was very strong, like a tank.

On the other hand, Ye Feng was much weaker. He looked like he could not withstand a single blow.

However, when the two of them collided, the man felt as if he had hit a train, and his body flew backward.

Bang!

The man was sent flying for more than two meters before he crashed heavily onto the ground, kicking up a large cloud of dust.

“Hiss...”

Those who saw this scene could not help but suck in a breath of cold air.

How much force did he have to use to send a 1.8-meter-tall man flying two meters away?

This was simply a human-shaped tank!

Everyone looked at Ye Feng in horror.

It was hard to imagine that such a weak body could actually erupt with such terrifying power.

When the referee saw this scene, he wanted to pretend that he did not see it and wait for the man to get up on his own.

However, after waiting for a long time, the man was moaning on the ground and could not get up.

The referee had no choice but to walk over and show a red card.

According to the rules, as long as one person in the team was knocked down, the entire team would be eliminated.

The other man who was in the same group as that man immediately roared in anger. He glared at Ye Feng.

Then, he helped the man who was vomiting blood out of the arena.

This time, the number of teams attacking Ye Feng increased from five to four.

The few of them looked at each other and immediately changed their strategy. This time, they did not rush forward immediately, but surrounded Ye Feng and Zhuang Xiaojiao.

Ye Feng and Zhuang Xiaojiao stood back to back, waiting for the next round of attacks.

“Go!” the leader suddenly roared, and the eight of them attacked together again.

Two of them were responsible for restraining Ye Feng while the remaining six attacked Zhuang Xiaojiao.

Moreover, these people all carried killing intent. Clearly, they did not just want to eliminate the two of them. They wanted to kill.

Ye Feng immediately laughed in anger. "Since you are courting death, I will send you on your way.."

Chapter 1150: He Won the Championship Just Like That?

Ye Feng was really furious now.

If these people were just playing around, he might not be so angry.

But it was probably because Ye Feng's counterattack had angered them, and they clearly wanted to kill him now, especially the six people who were attacking Zhuang Xiaojiao. Be it speed or strength, they were all terrifying.

With Zhuang Xiaojiao's frail body, if she was hit by them, she would be severely injured or even in danger.

A game that was actually life-threatening. The ruthlessness of this group of people was simply jaw-dropping.

Ye Feng's eyes flashed with killing intent. He suddenly pulled Zhuang Xiaojiao back and rammed into a man who was attacking him.

Bang!

The two of them crashed into each other with a loud bang, accompanied by the sound of bones cracking.

“Ah...” the man screamed and flew back four to five meters. He fell to the ground and wailed.

Everyone turned around to look, and their eyes were about to pop out of their sockets.

The bones at the base of the man’s right thigh had been dislocated. A large piece of bone had protruded out, and even the bone fragments were exposed.

When the other contestants saw this scene, they were all scared silly.

This... Was this still a f*cking game? Was this a killing game?

Some of them were so scared that their legs went weak. Before anyone could hit them, they had already fallen to the ground and started retching. Many people even raised their hands in surrender. “I admit defeat, I admit defeat...”

This was too f*cking scary. Risking their life for a game was not worth it.

In an instant, more than half of the participants were gone. Those who were still on the stage did not have the mood to continue fighting. They were all looking at Ye Feng and the others from afar.

And the few teams surrounding Ye Feng and the others were also shocked

To think that a walking stick could actually break a muscular man's thigh. This was simply a wild beast!

They looked at Ye Feng in panic, their eyes were filled with fear.

But Ye Feng did not give them too much time to be shocked. After sending that person flying, he directly pounced on the other 'preys'.

Peng, peng, peng...

Three more explosions.

Three figures flew into the air.

They were in the same situation as the person in front of them. Their leg bones were broken and they were vomiting blood.

Waves of mournful wails resounded throughout the entire arena, making everyone's scalps go numb.

Ye Feng then turned to the remaining four people.

When the four of them saw him looking over, they shuddered at the same time.

"I admit defeat, I admit defeat..."

"I surrender, I surrender..."

"I won't compete, I won't compete..."

The few of them had already forgotten about the mission given by the higher-ups. They put down their legs and turned around to run away.

Ye Feng did not chase after them. He turned his gaze to the other contestants.

When the contestants met his gaze, their hearts skipped a beat.

All the players who caught his gaze hurriedly put down their legs and raised their hands.

“I forfeit...”

In an instant, other than Ye Feng and Zhuang Xiaojiao, all the other teams had admitted defeat.

This caused Ye Feng to be in a mess. This was a competition, could you guys be stronger?

On the other hand, Zhuang Xiaojiao was extremely excited. “Ye Feng, we seem to have won.’

Even though she was also shocked by the terrifying strength that Ye Feng displayed earlier, however, she was someone who had experienced the siege of hundreds of people from the Chaoxin Gang with him. She had seen the world, so she naturally would not be frightened by such a small fight.

On the contrary, she was even happier that they had won the competition without a fight.

Ye Feng also had a helpless expression. “We won the championship just like that? There’s no challenge at all.”

Zhuang Xiaojiao’s face twitched. “Can you not be so dramatic? If others heard it, wouldn’t it be a blow to them?”

No matter what the two of them thought, the fact was that they were the only remaining team on the field.

The championship was undisputed!

The referee hurriedly contacted the boss and asked what to do.

At this moment, Xin Zhiping, who was in the pavilion, was about to go crazy.

“F*ck, where did this monster come from? God, are you f*cking kidding me?”

The secretary wiped his sweat and looked at him carefully. “Chief Xin, what should we do now?”

Xin Zhiping was like an angry beast as he stared at him. “You’re asking me?”

How the f*ck would I know?”

The secretary had a long face. “They’re the only team left in the competition. Even if we want to renege on our debt, we can’t do anything about it!”

Xin Zhiping forced himself to calm down. His gloomy eyes kept turning, and he finally gritted his teeth. "Since we can't renege on our debt, then let's give the championship to them."

The secretary panicked. "Chief Xin, the champion's prize is 100 million yuan, and they have 300 million yuan in compensation. That's a total of 400 million yuan!"

When Xin Zhiping heard this, he immediately gritted his teeth. "Then tell me, if we don't pay as usual, what else can we do?"

The secretary was at a loss for words. He really had no other choice.

Xin Zhiping turned his gaze back to the arena, and a trace of ruthlessness flashed in his eyes. "Give them the bonus and compensation money, but as for whether they can take it away, that will depend on whether their lives are big enough."

The secretary's eyes lit up and a sinister smile flashed across his face. "I'll go down and make the arrangements now."

The referee quickly received the order from the higher-ups and immediately announced the end of the match.

The emcee walked towards Ye Feng and Zhuang Xiaojiao with a smile..

“Hahaha, congratulations to the two of you for winning this competition!”
