

## **SHE MADE A COMEBACK AS A RENOWNED DOCTOR**

### *Chapter 1029: Chapter 1029: Paternity Test*

Liam Cloud heard these words, and his eyebrows knitted tightly.

He hated trouble the most and was even more disinclined to waste time on matters he had already made up his mind about.

Evelyn Sinclair looked at Liam Cloud nervously, thinking he believed she wanted to pester him.

Evelyn quickly added, "Rest assured, no matter the result, I won't use the child to pester you. I just want a clear result and won't disturb you anymore, okay?"

Liam Cloud remained silent for two seconds, seemingly in thought, and finally nodded, which counted as agreement.

Some things are hard to explain with words. Although he didn't care, he didn't want an inexplicable daughter.

To do a paternity test, make it clear, and avoid trouble in the future.

"Then I'll have the family doctor come and take some blood samples now so as not to waste your time."

Liam Cloud raised his eyebrows, "I hope there won't be any accidents with the paternity test."

Evelyn pursed her lips into a bitter smile.

Liam Cloud was warning her not to tamper with the paternity test.

"Don't worry, I won't."

After taking the test samples, Liam Cloud got in the car and left.

George Sinclair walked over to Evelyn Sinclair, glanced around, and asked in a low voice, "Is Olivia really Liam Cloud's daughter?"

Evelyn Sinclair had never told them who Olivia's biological father was.

She previously refused to mention this topic, so George didn't ask further.

George only found out today, and when he heard Evelyn's words, he was deeply shocked.

"Yes."

"Then why didn't you tell me earlier?"

Evelyn chuckled lightly, "Dad, what good would it do to tell you? Do you want to find him and make him take responsibility?"

"Since he made you pregnant, he should naturally be responsible."

"You've seen his attitude. He doesn't acknowledge it and doesn't want Olivia. Saying more would be useless."

Evelyn's eyes were full of bitterness. She could easily see through George's current thoughts.

Perhaps he was already plotting to use the child to tie Liam Cloud to them.

Several other patriarchs approached the two with smiling faces.

Patriarch Sterling came over and shook George's hand warmly, "George, wow, your family really kept this hidden well. Evelyn actually gave birth to Liam Cloud's child."

Patriarch Jimenez also smiled and said, "Exactly, if Evelyn marries Liam Cloud, you'll become his father-in-law, and we'll have to rely on your Sinclair Family from now on."

Evelyn was about to rebut their words when George proudly said, "Help? Ha, why did you all act like quails just now? Was anyone thinking of helping us?"

The patriarchs, being crafty individuals, quickly put on smiling faces, "We're insignificant now, anything we say is useless. Besides, even without us saying anything, didn't your family smoothly resolve this matter? When it comes down to it, it's all thanks to Evelyn's capability."

"Exactly, I've always said that Evelyn will achieve great things. If she marries Liam Cloud, don't forget us old folks..."

Evelyn watched these three patriarchs trying to curry favor and coldly laughed out loud.

"You've courted the wrong person. I don't have what it takes to be his wife. Didn't you see he doesn't even acknowledge my daughter? So there's no need to curry favor with me."

Evelyn's words instantly brought the atmosphere to a freezing point, with the three patriarchs looking at each other.

Patriarch Sterling smiled and was the first to break this awkward atmosphere.

"That's not how it is. Didn't he just let you all go? Would he normally have such a good temper?"

Wasn't this for the child's sake? Evelyn, find a time to talk with him nicely. The child is his; that's undeniable. You can't be so easygoing; you must make him take full responsibility, right?"

The other two patriarchs immediately echoed his words.

"That's right, George, you too. This is a big deal. It can't just end like this. It's his own flesh and blood. How can he just say no? Talk to him properly, and maybe he'll be convinced. If your Sinclair Family really ties up with Liam Cloud, won't you restore your family's former glory?"

George's eyes brightened. The last sentence clearly struck a chord with him.

If Evelyn could truly use this child to marry Liam Cloud, their family would be tied to him, which would be thousands of times better than conflicts.
