

SHE MADE A COMEBACK AS A RENOWNED DOCTOR

Capítulo 1032: Chapter 1032: I'll Be Your Ancestor

“Yes.” Eliana Shaw directly grabbed Nora Brown, “Let’s go.”

“No, don’t.” Nora Brown panicked, would they kill her directly if they dragged her out?

No, she didn’t want to die yet.

She desperately broke free from Eliana Shaw’s hand, rushed towards Zoey Sanders, and knelt directly in front of her.

She continued to plead bitterly, “Zoey, I’m sorry, Zoey, I really know I was wrong, please forgive me, I won’t dare again next time. We are friends, you can’t leave me, Zoey, I know you are the best and kindest, you can’t watch me die...”

Zoey Sanders looked coldly at Nora Brown and let out a cold laugh, “Yeah, you just see me as soft-hearted and kind, so you dare to do this to me. If my kindness would kill me, then I’m sorry, I don’t want that kindness anymore.”

Zoey Sanders harshly flicked away the hand holding her.

Nora Brown was already covered in wounds, and at this moment, the wounds were torn open, blood kept flowing out, and her face was full of pleading, looking extremely pitiful.

If it were the old Zoey Sanders, she would have softened long ago.

But the current Zoey Sanders wouldn't.

Nora Brown was dragged away, still shouting desperately at Zoey Sanders, "No, Zoey, you can't be so heartless, you can't do this to me, don't forget I saved your brother before, just for that you have to save me!"

"How many years ago was that, and you still want to bring it up, besides, my mom gave you a lot of good resources to thank you, even let you go to the same university as me, you even claimed to be the second lady of the Sanders Family outside, and we didn't say anything. Do you think that matter is your eternal 'get out of jail free card'?"

"I...but we are friends, is this how you treat friends?"

Zoey Sanders was completely irritated, "Who the hell wants to be friends with you, I'll be your ancestor."

Nora Brown didn't get another chance to speak, her mouth was directly gagged and she was carried out.

But you could still hear her muffled begging.

Zoey Sanders no longer had any sympathy.

Liam Cloud chuckled and said mildly to Zoey Sanders, "You've made some progress."

Zoey Sanders looked at Liam Cloud, "Is that a compliment?"

Liam Cloud raised his long eyebrows slightly, "But if you don't make progress, it's your own fault if she gets you killed."

Zoey Sanders pressed her lips together, looking at the door, "What will happen to her? Are you going to kill her?"

"I'm not a butcher, I don't kill recklessly."

Zoey Sanders blinked and finally breathed a sigh of relief. Although Nora Brown was very hateful, she never thought of having her killed.

Hope Williams glanced at Liam Cloud.

What not killing recklessly.

That statement was just to deceive Zoey Sanders.

This place is not like outside with better security.

Nora Brown being thrown out like this by Liam Cloud in public, the next second she would be dragged to a deserted corner and dealt with.

It's just that Liam Cloud wouldn't do it himself.

Just like Zoey Sanders was thrown out by the island's people, it's the same logic, no, even worse.

Zoey Sanders at least encountered someone reasonable like Evelyn Sinclair.

Nora Brown might not be so lucky.

This also served as a vent for Zoey Sanders.

"Zoey."

Just as Zoey Sanders sighed in relief, a few people walked in at the door, and the first to walk in was Joseph Sanders.

Zoey Sanders stood up, "Brother?"

Joseph Sanders immediately grabbed Zoey Sanders and looked her over carefully. Only after ensuring she was safe did he relax.

Seeing Joseph Sanders' tense appearance, Zoey Sanders grinned, "I'm fine, Brother. How did you find this place?"

Joseph Sanders sighed in relief, "I came with Brother Waylon."

“Mommy—”

Hope Williams was still sitting and watching Zoey Sanders and her brother, when she heard a familiar voice.

Soon after, Luke and Willow ran over to her and leaped into her arms, “Mommy, Uncle Cloud.”

“Luke, Willow?” Hope Williams hugged the two little ones in surprise, looked back, and saw the man holding the baby walking in.

It was Waylon Lewis.

Hope Williams stood up, glanced at Waylon Lewis in surprise, then at Luke and Willow, and walked towards Waylon Lewis, “Why are you here?”

Waylon Lewis looked at her with exasperation and doting, “Two days, searching for you.”

Hope Williams tugged lightly at her lips, alright, she had said she would return in a day, but it took two days.

Hope Williams leaned in, affectionately took Waylon Lewis’s hand, and smiled at the man’s tense profile, “We’ll be back by tomorrow, some things got delayed. But how did you find this place?”

This place is quite secretive, those who don’t know the way can’t find it at all.

“Tracking.”

Hope Williams looked at the watch on Waylon Lewis’s wrist.

Alright, she almost forgot that their watches all had tracking devices.

To locate each other.

Initially, only Luke, Willow, and she had them, but after Waylon Lewis found out, he said that the family had to stay together, and forcibly had one made for Luke in the lab, exactly the same.

Liam Cloud clicked his tongue lightly and laughed, “This is like a vacation to my place.”
