

SHE MADE A COMEBACK AS A RENOWNED DOCTOR

Chapter 1035: Chapter 1035: Soft and Sweet Daughter

"No." Olivia carefully reached out her little hand to grab Liam Cloud's corner of clothing, "Olivia is here to find Daddy."

Olivia stuck close to Liam Cloud.

Liam Cloud furrowed his brows, irritably pushing her away, "I'm not your dad."

Olivia spread her chubby little hands, wanting to cling to him again, "You are Olivia's Daddy..."

Grandpa said that if Olivia wanted a Daddy, she had to fight for it herself, so Olivia had to stick to him.

Olivia wanted a Daddy, didn't want Mommy to be sad, and Olivia also wanted to be a happy baby with both a Mommy and a Daddy.

Liam Cloud furrowed his brows, reaching out to push her away again, but he didn't use much force on a three-year-old girl.

The little girl lost her balance, landing directly on the floor with a thump.

Olivia was also stubborn, holding onto Liam Cloud's leg and starting to cry.

"Grandpa said no one wants a Daddy-less child, Olivia is a wild child, Olivia... Olivia doesn't want to be a wild child, so can you want me? Grandpa also said that without a Daddy, Mommy will be sad too, Olivia doesn't want Mommy to be sad."

The little girl grew more and more upset as she spoke, and big tears fell continuously like broken beads.

Liam Cloud just let her cry, not even bothering to look at her, which made the little girl cry even louder.

Zoey Sanders couldn't stand watching the poor little girl cry so miserably anymore. She bent down and picked up Olivia, "Olivia, be good, don't cry anymore..."

Zoey Sanders also didn't know how to comfort such a little girl, but Olivia's tears continued to flow.

Hope Williams handed over the cotton candy she was holding. Baby was still young and hadn't eaten it yet, just holding it to look, "Give it to Olivia."

Zoey Sanders took the cotton candy to soothe Olivia, "Olivia, look what's this. Don't cry anymore. Sister will give you candy, okay?"

Seeing Olivia cry, Luke and Willow were also confused. Their big eyes blinked, and Luke thought that this little sister could cry even more than Willow.

Willow climbed down from the chair and took Olivia's little hand, "Sister, sister, don't cry anymore."

Seeing Olivia not listening to anyone, Willow directly put a bit of cotton candy in Olivia's crying mouth. The sweet taste spread in her mouth, and the little girl stuck out her pink tongue to lick her lips, immediately stopping her cries.

Willow bent down and leaned near Olivia, "Sister, is it sweet?"

Olivia blinked her big eyes, which sparkled as she nodded to Willow, "Sweet."

Willow gently patted Olivia's shoulder, "Then don't cry, okay? If you don't cry, you can have it all."

The little girl still sniffled, but she finally stopped crying. Zoey Sanders took two tissues and patiently wiped Olivia's tears.

Hope Williams looked at Willow with comfort. Since Baby came into their lives, both Luke and Willow had become much more mature.

Liam Cloud pinched his brow, looking somewhat troubled at the little girl.

After Olivia stopped crying, the room fell silent.

People who had just heard about Liam Cloud suddenly having a daughter were all surprised.

Waylon Lewis raised an eyebrow and let out a small laugh, "After a few months, you have a daughter?"

Liam Cloud glanced at Waylon Lewis, then swept his gaze across Olivia before standing up and grabbing the back of the little girl's collar, heading out.

Seeing his angry manner, Zoey Sanders was worried he might throw Olivia out in a fit of anger, so she quickly chased after him, "What are you doing?"

"Sending her back, or do you want to keep her?"

Zoey Sanders looked at Olivia, who was being lifted by Liam Cloud, her little legs kicking uncomfortably. Her pink little body swayed, realizing she couldn't get down, and her head hung in a resigned manner.

Zoey Sanders quickly went to rescue the little girl from Liam Cloud's grip.

This time, the little girl clung directly to Zoey Sanders' neck, shyly glancing at the fierce Liam Cloud before curling up in Zoey Sanders' arms.

"The dishes are all on the table. How about we eat first and then take her back?"

Clearly, Olivia couldn't have gotten here by herself, nor could she have found their room so precisely. Obviously, someone had deliberately sent her here, so they needn't worry about the Sinclair Family not being able to find her.

Liam Cloud frowned but kept quiet, the expression on his face filled with gloom.

Zoey Sanders saw he looked mad, quickly adding another sentence, "Besides, the dishes will get cold. Olivia will stay with me and won't bother you, is that okay?"

The man glanced at Olivia and then turned to sit back down.

Zoey Sanders breathed a sigh of relief. When this man was angry, he was truly terrifying.

Zoey Sanders looked at Little Olivia, raised her hand, and gently wiped the tear stains from Olivia's face, "Olivia, can we take you home later?"

Olivia looked at Zoey Sanders, pursed her lips, but didn't speak.

Because Grandpa told her not to go back, to stay by Daddy's side.

Grandpa also said not to tell Daddy it was Grandpa who made her say this.

"Want Daddy." Olivia blurted out again.

Zoey Sanders showed a slight worry, wondering if Olivia was indeed Liam Cloud's daughter.

Zoey Sanders sighed softly, placing Olivia in her seat, "Olivia, are you hungry? Shall we eat some food first?"

The little girl was probably hungry, as her small head lightly nodded.

Zoey Sanders saw the obedient appearance of the little girl, and her heart softened, "Olivia, what do you want to eat?"

"Can Olivia eat?"

Maybe due to too many strangers, Olivia was still a bit shy.

"Of course you can."

"Eat meat." The tender voice sounded clearly.

"Okay, then let's have some meat for Olivia."

Olivia nodded obediently. Zoey Sanders gave her a bowl and a small spoon, and Olivia very politely said thank you before holding the bowl delicately and starting to eat.

Watching her be so well-behaved and sensible, her soft and adorable appearance was very endearing.

Everyone looked at Olivia, then at the man with a dark expression.

For a while, the mood was tense.

The Sinclair Family was clearly trying to play clever tricks with Liam Cloud, but those were what Liam Cloud hated the most.

Seeing the stalemate in the atmosphere, Roman Frost, sitting to Liam Cloud's right, spoke up, "Big Boss, don't be angry. Such a lovely daughter is very endearing..."

Before Roman Frost could finish his words, Liam Cloud shot a cold glare, "Do you want her?"

Roman Frost was at a loss for words. He would indeed want her; such an adorable daughter was extremely precious.

But she wasn't his child.

Roman Frost looked at Liam Cloud and asked, "Big Boss, who is this girl's mother?"

Liam Cloud replied in a low voice, "Evelyn Sinclair."

Roman Frost hesitated for a moment, "Evelyn... Evelyn Sinclair?"
