

SHE MADE A COMEBACK AS A RENOWNED DOCTOR

Capítulo 1046: Chapter 1046: Obstinate and Unrepentant

"I understand. You don't need to worry about this anymore. I have it under control." George Sinclair stood up from the sofa and reached for the paternity test report.

Evelyn Sinclair raised her hand to press down on the report, looking at George with caution, "Dad, what are you planning to do?"

She knew her father's temperament all too well. He would never let this go easily.

But Liam Cloud is not someone you can easily provoke; if he continues like this, he's asking for trouble.

George glanced at Evelyn and forcefully snatched the paternity test report away, "You don't need to worry, just stay home peacefully."

"I don't need to worry?" Evelyn stood up abruptly, "Dad, are you planning to alter the paternity test report to deceive Liam Cloud?"

George's voice deepened, "Things have come to this point. He's already accepted Olivia, why not take a gamble?"

“Dad!” Evelyn raised her voice, interrupting him helplessly, “Do you think he’s an idiot? Stop it. Don’t let this thing escalate any further. He’s ruthless, and in the end, it won’t do you any good. Besides, Olivia is still in his hands, aren’t you worried about your granddaughter at all?”

“It’s precisely because of Olivia’s future that I’m doing this. Wouldn’t it be better for Olivia to have a strong backing? Who will care if the paternity test report is real or not by then?”

Even if he eventually finds out and doesn’t accept her, so what? Don’t forget, he and his people are still on our territory. We, on the Hidden Continent, have so many people; are we really afraid of him?”

Evelyn frowned, feeling he was simply unreasonable.

Had she known it would come to this, she would rather have never mentioned the matter, sparing George from taking such a risky notion.

Evelyn just felt a headache coming on at this moment.

“If you’re not afraid of him, why didn’t you dare say a word after being scolded this morning?”

George furrowed his brow and snorted coldly, “Isn’t it because Jack disrupted our plan and was caught red-handed by Liam Cloud? I was caught off guard and at a disadvantage, so I couldn’t act rashly. Now I’ll discuss this with the other Family Heads. Just stay at home and don’t meddle anymore.”

Evelyn strode over and snatched the paternity test report from his hand.

"I won't allow you to do this. You're not only pushing yourself into the fire pit but also possibly endangering Olivia by provoking him."

Evelyn repeatedly stopped him, and George's anger was irrepressible, "Since when did you become so timid?"

"Because I see the situation clearly. You can't beat him; you've long been scared of him down to the bone. You still want to fight back, but that's just refusal to concede defeat. In reality, you no longer have the strength, and as Olivia is in his hands, we must not provoke him."

George was so angry that veins bulged on his forehead, "I think you're the one who's truly scared..."

"Yes, I'm scared. I was scared this morning when I saw how incompetent you all were, don't you understand?"

George pressed his lips tightly and said nothing.

"Dad, let the bygones be bygones. Please don't sacrifice yourself in vain, okay?" Evelyn's expression was weary as she pleaded bitterly.

George sighed heavily, and it was unclear if he had understood.

"I don't want to fight him either. If he truly accepts Olivia and supports the Sinclair Family in the future, the past grievances can be left behind."

Listening to George, Evelyn knew he hadn't really listened.

Seeing George's stubbornness, Evelyn just felt exhausted.

But George is the head of the family, and besides persuading him, she had no other means to stop his decision.

She could only watch helplessly as he went to discuss with the other Family Heads.

Evelyn furrowed her brows tightly, pacing around the room.

Currently, Olivia was still in Liam Cloud's hands, and she hadn't seen Olivia for almost a day.

She had no idea how Olivia was doing or whether they would treat her well...

Evelyn held her forehead and waved for someone to come over, "Keep an eye on the master. Report to me immediately if he makes any move."

"Yes."

The atmosphere in Liam Cloud's villa was somewhat delicate.

As mealtime approached, the newly hired chef had already prepared the food.

Hope Williams and Waylon Lewis came downstairs with Baby, who had slept for more than three hours and was now well-rested and energetic.

Luke and Willow obviously liked Olivia, their little sister, and played with her all noon.

Olivia got familiar with Luke and Willow, following them around, calling them brother and sister one after another.

However, Eliana Shaw's gaze toward Olivia was somewhat unfriendly, as if she wanted to devour her.

Zoey Sanders shivered uncontrollably at Eliana Shaw's look and couldn't help but ask, "Sister Eliana, did Olivia do something to you?"

That look was truly terrifying.

Eliana Shaw's eyes narrowed dangerously, fixed on Olivia, and just as Zoey Sanders was puzzled, Eliana Shaw said coldly, "Listen up, little girl. There's not a single good man out there. When you look for a boyfriend in the future, make sure to be wise."

Zoey Sanders blinked in confusion!

Why did that sound like her mom's advice after arguing with her dad?

"But...what does that have to do with Olivia?"

Just then, Roman Frost came down the stairs.

Seeing Eliana Shaw, he hesitated for a moment before walking over,
“Aurora...”

Eliana Shaw crossed her arms and turned away without the slightest pause.
