

SHE MADE A COMEBACK AS A RENOWNED DOCTOR

Capítulo 1047: Chapter 1047: Everything Within Expectations

Zoey Sanders stood in the middle, looked at Eliana Shaw's back, then at Roman Frost, not knowing what to say.

Although she didn't know what exactly had happened, she felt that the bad guy Eliana was talking about must be him!

Zoey Sanders raised an eyebrow, "Alright, bad guy, go call your Big Boss downstairs for dinner."

After saying this, Zoey Sanders turned and walked towards the dining room.

Roman Frost lowered his eyes and sighed deeply, "Miss Sanders, wait a moment."

Zoey Sanders turned back, "What's the matter?"

Roman Frost said, "Could you please help me call Aurora to come over for dinner? When she's angry, she tends to get worked up with herself. I'll help you call the Big Boss, and you help me call her."

Zoey Sanders gave a playful smile, "Are we showing mutual help to each other?"

Roman Frost tugged at his lips, "I suppose so."

Zoey Sanders stood in place, raised her hand to stroke her chin, "But calling him for dinner should be expected, how is that helping me? You made Sister Eliana Shaw angry and don't dare to go yourself, so you're asking me to call her, that's really what helping means."

Roman Frost tugged at his lips, this young lady was indeed hard to fool.

"Could you please help me with this?"

Zoey Sanders nodded amicably, "I can call her, but I'm not helping you, I just feel it's not worth it for Sister Eliana Shaw not to eat because of a bad guy like you."

Roman Frost's jaw tightened, "Then... thank you!"

Zoey Sanders smiled lightly, "You're welcome."

With that, Zoey Sanders turned and walked in the direction where Eliana Shaw had gone.

Eliana Shaw was leaning alone by the door at the moment, the light cast down as she lowered her head slightly, holding a cloth and wiping a sharp blade. The gleaming blade reflected a pair of cold eyes.

Zoey Sanders shuddered as she watched Eliana Shaw, why did it seem like the way Eliana wiped the knife was as if she was going to hack someone?

“Sister Eliana Shaw...” Zoey Sanders called softly.

“Say what you need.” Her voice was cold.

“It’s time to eat.”

“Not hungry, go eat by yourself.” Eliana continued to wipe her dagger forcefully.

Zoey Sanders swallowed, “It’s really not worth it for Sister Eliana Shaw not to eat because of a bad guy...”

Eliana Shaw snorted coldly, “Who says it’s because of him? Is he worthy?”

“... I didn’t even say who it was.”

Eliana Shaw was suddenly struck with realization, looked back at Zoey Sanders.

“Young girl, mind your own business.”

She sheathed her knife and straightened up, just as she was about to walk back, the sound of a car approaching the door was heard.

Eliana Shaw’s steps paused, looked back, and immediately recognized it as the Sinclair Family’s car.

Sinclair Family!

Again, how annoying?

Eliana Shaw was already in a bad mood, then thought of that child, and now seeing someone from the Sinclair Family, her suppressed temper was about to explode.

George Sinclair got out of the car and happened to see Eliana Shaw standing at the door, so he walked over with big strides.

George Sinclair held a manila envelope in his hand, with a somewhat insincere smile on his face, he said to Eliana Shaw, "Could you please go in and announce, I have something important to discuss with Master Cloud."

"What's so important? Your daughter came by at noon, now you're here, both claiming it's important. Is our Big Boss so idle, doing nothing all day, just to meet you?"

Eliana Shaw's voice was particularly icy, she was already annoyed, and at this point, she had no patience.

Being rebuffed by Eliana Shaw, George Sinclair's face stiffened slightly, but he quickly recovered, saying, "I truly have something important this time, the paternity test results are out, Olivia is Master Cloud's biological daughter without a doubt. I'm here to discuss this matter with Master Cloud, it's a matter concerning Olivia, he's the child's father, I'm the child's grandfather, we should sit down and talk."

With that, George Sinclair's words left Eliana Shaw and Zoey Sanders stunned.

Is Olivia really Liam Cloud's daughter?

Zoey Sanders felt a hitch in her heart, her gaze instinctively landing on the paternity test report in George Sinclair's hand.

Eliana Shaw frowned fiercely.

How could it be?

She had clearly heard Roman Frost admit to accidentally getting involved with Evelyn Sinclair, this child could be Roman Frost's, how did it end up back to Liam Cloud?

If Roman Frost's side is not mistaken, then... this old guy has faked it.

Eliana Shaw's cold eyes narrowed dangerously as she looked at George Sinclair's joyous face, "Patriarch Sinclair, is this paternity test report genuine?"

George Sinclair's expression paused slightly for a moment, but he was prepared, and in the face of such doubts, he asserted immediately, "If you suspect we've tampered with the paternity test, you can do another one yourselves."

George Sinclair snorted, continuing, “I really wonder if you don’t believe or don’t want to acknowledge it.”

Eliana Shaw folded her arms, her eyes fixed intently on George Sinclair’s face.

The old fox didn’t show any flaws in his words.

“I’m not talking to you, where’s your Big Boss? Take me to see your Big Boss, I want to talk to your Big Boss.”

George Sinclair’s voice carried authority, assuming the posture of a Family Head, after all, having been in a high position for so long, there was some presence.

Eliana Shaw’s gaze fell on the test report in his hand, “Give it to me, I’ll pass it on to our Big Boss, whether or not he sees you is not up to me.”

George Sinclair’s eyebrows moved slightly, he handed the report to Eliana Shaw without refusal, “Then I’ll trouble you, I’ll wait here, there has to be a resolution to this matter, my daughter gave him a child, if he doesn’t want to take responsibility, impossible!”

Eliana Shaw didn’t say more to him, turned and walked inside. Zoey Sanders thought of what Hope Williams told her, and understood that the Sinclair Family was trying to manipulate things, forcing this child upon Liam Cloud.

If Liam Cloud refuses to acknowledge, this person might go public and ruin Liam Cloud’s reputation, claiming Master Cloud is an irresponsible coward.

Zoey Sanders thought of this, glared at George Sinclair, and followed Eliana Shaw inside.

Liam Cloud was sitting in the dining room at the moment, Eliana Shaw walked straight over, "Big Boss, George Sinclair is here."

Liam Cloud lifted his slender eyebrows slightly, "What did he say?"

Eliana Shaw opened the manila envelope in her hand and handed it over.

The word "Paternity Test" was prominently written on the document, Liam Cloud reached out and took it, glanced at it, everything was as expected.
