

NATIONAL TRANSFER: NECROMANCER! I AM A DISASTER

Chapter 12 Breaking The Highest Record In History

Lu Yun was numb, with an expression of disbelief.

"You... level 7?"

The same is true in the tone, Lu Yun even suspected that he was wrong.

Shock occupied the brain, and I couldn't react for a while,

This is something that never happened.

Previously the highest record was only level 5, but now Lin Moyu broke the dungeon directly at level 7.

Just 10 hours. . .

"There are not enough monsters in it, otherwise it should be able to reach level 8."

"Ms. Lu, I want to apply to go to the suburbs of Xihai City."

Lin Moyu took it for granted, and at the same time applied for leaving the city.

No one thought that there would be a day when all the monsters in the dungeon would be killed.

Every time you re-enter the instance, the monsters inside will also be reset.

No one has ever been able to clear the entire dungeon of monsters within 12 hours.

After all, this is a novice dungeon, and everyone who enters it is a novice.

A novice professional with few skills, weak combat power, and no experience.

Especially the deepest level 8 monsters, their strength is not low.

It is really the same monster as in the wild.

But Lin Moyu did it, and it only took less than 10 hours.

Completely break the rules and break the record.

Lu Yun thought a lot, but he just couldn't figure it out, and he was numb with shock.

"Teacher Lu?"

Seeing that Lu Yun didn't respond, Lin Moyu yelled again, and waved his hand in front of his eyes.

After a while, Lu Yun finally came back to his senses, and repeatedly agreed, "Okay, okay, I agree, and I will give you a proof of leaving the city."

"You take a rest first, and wait for the students to come out before sending you back."

Lin Moyu proved his strength with practical actions and got the proof of going out of the city.

His plan can also go smoothly.

Lu Yun returned to the table, and the other principals looked at him curiously.

"Old Lu, what happened to you just now?"

"Why did that classmate come out early? Is there something wrong?"

"Yeah, he wasn't injured, right? Why did he come out alone, where are his teammates?"

Lu Yun drank three cups of tea and took two deep breaths before speaking, "He is Lin Moyu. He cleared the novice dungeon and killed all the level 8 monsters."

hiss!

Several principals gasped.

Even Xia Dongyang, who was used to seeing strong winds and waves, was shocked at this moment.

They noticed that Lin Moyu himself was level 7.

Not to mention anything else, upgrading from level 1 to level 7 in 10 hours is already an incredible level-up speed.

What's more, it can kill all the level 8 monsters in the dungeon, which is enough to show how strong Lin Moyu's combat power is.

"The hidden profession is really powerful." Xia Dongyang sighed.

It can only be explained in this way, Lin Moyu's career is very powerful.

"Based on this calculation, the Necromancer profession should exceed the rare professions known so far, and can be completely comparable to legendary professions."

"I don't know how strong the legendary class is. After all, we have never seen it. But we have seen the rare class, and it is not so efficient."

"I just don't know if it will still be so strong after leveling up."

"Indeed, for example, the elemental mage awakened by Xia Xue this time is actually like this at the beginning, and it is not much different from other mage classes. But if you can get the passive skill of element enhancement, it will be comparable to a legendary profession."

Several principals are experienced and experienced.

I know that some careers are very strong at the beginning, but they start to weaken after they come up.

There are also some professions that are not very good at the beginning, but become stronger and stronger after they come up.

And it also depends on skills and talents, and there are huge differences between the same profession.

In hundreds of occupations, there are all kinds of situations, and it is difficult to say in one word.

Lu Yun glanced at Lin Moyu, who was meditating not far away, with some expectation in his heart.

"At least for now, Lin Moyu's necromancer profession is very powerful, and it seems that we will not be in charge of the future."

"It's true, if he can be admitted to Xia Jing Academy, then it's Xia Jing Academy's business."

Xia Dongyang said, "Xiaoxue has been competitive since she was a child, and I'm afraid she will be hit this time."

Lu Yun couldn't help laughing, "Not just this time, you are often away from home. In fact, in the past few years, Lin Moyu's grades have been surpassing Xia Xue's. Xia Xue has been the second child for three years."

"That's it..." Xia Dongyang smiled wryly, Xia Xue never told himself.

He understood his daughter's temper, the more he kept silent, the more angry he felt.

Lin Moyu regained his spiritual power through meditation.

At this time, the number of his skeleton warriors has reached 24, but there are 70 positions in the summoning space.

The number of skeleton warriors only accounted for one-third.

It will take a lot of time for him to fill up the remaining positions.

The time came to 9 o'clock in the evening.

The 12-hour dungeon time was finally over, and the students who entered were teleported out one by one.

After a 12-hour battle, many students were tired.

But more excited.

The feeling brought by actual combat is completely different from learning in books.

Many people were stained with blood, and there was a strong smell of blood.

A gust of wind blew, and a teacher released his skills to dispel the smell of blood.

The tutors of each school acted quickly, gathered their students together, and counted the number of students.

Check to see if anyone is injured and needs medical treatment.

After some busy work, the result is not bad, everyone is intact.

Most of the people have been promoted to level 3, and a few powerful ones have reached level 4.

Xia Xue was also excited.

After a day of fighting, she has reached level 5, tying the highest record for a novice dungeon.

"I will definitely not lose this time."

"The highest record is level 5, and I have already tied the highest record."

"Where did that guy go?"

After coming out, I didn't see Lin Moyu. After looking around, I saw Lin Moyu meditating in the distance.

"When did he come out?"

Then her eyes widened, and she froze in place as if she had been electrocuted, and her whole body was numb.

"How is it possible, how did he reach level 7."
