[Damage transfer: All damage suffered by the wizard itself is borne by the summoned object. 】

[Soul Flame (Level 10): Burn the target's soul, causing burning damage. The power depends on one's own mental power and skill level. 】

[Summon Skeleton Warrior (Level 10): Summon a Bronze Rank Skeleton Warrior.]

Lin Moyu looked at his attributes after upgrading. His strength and agility didn't change much. Every time he upgraded, he would increase by 10 points, which was very stable.

On the contrary, the mental power directly reached 300 points, a full increase of 120 points.

"It is said that there will be a big increase in attributes after level 10. I belong to the mage profession, and the biggest change is mental power."

Then he saw the change in his skills, and he became excited.

The talent has become stronger again, from a 10-fold increase to a 20-fold increase.

Even under the condition that nothing remains the same, the combat power of the skeleton warrior will increase many times.

What's more, the level of the skeleton warrior has also changed, from the black iron skeleton warrior to the bronze skeleton warrior.

Lin Moyu couldn't wait to recruit a skeleton warrior.

The gray of the bronze-level skeleton warrior has disappeared, replaced by a bluish-white color.

The cracks on his body have almost completely disappeared, and even the knife in his hand is a little brighter.

At least it's not like picking it up from the trash.

【Bronze Rank Skeleton Warrior】

【Power: 3000】

【Agility: 3000】

【Spirit: 3000】

[Physique: 3000]

[Skill: Berserk Strike (Level 1)]

[Frenzied Strike (Level 1): Deal damage equal to 200% of the target's own power, with a cooldown of 10 minutes.]

It is still the attribute of four-dimensional balance, and the basic attribute has reached 150 points.

After the 20-fold bonus of the overall increase, all attributes reached an astonishing 3000 points.

Based on the information Lin Moyu currently possesses, it is impossible to judge how many levels of occupation this attribute is equivalent to.

But with this attribute, Lin Moyu can walk sideways in this area.

In addition, a skill has been added to give the skeleton warrior the ability to explode instantly.

"This is a new trick, can you eat it all over the world?"

Lin Moyu thought of a sentence from his previous life.

There is no need for complicated and gorgeous skills, only one or two practical and powerful skills are enough to rule the world.

This is the case with him now, that is, he does not have the gorgeous spells of a mage.

Nor do they have the dazzling combat skills of fighters.

Just based on his current skills, he dared to say that people below level 20 could not be his opponents.

It is impossible for others to defeat level 20 at level 10, but it is not difficult for him.

With the attributes of the Skeleton Warrior and his passive skills, it would take a long time to kill him even if he was beaten by a level 20 standing up.

Lin Moyu was about to continue summoning the Bronze Rank Skeleton Warrior when there was a sound of breaking wind, followed by a sharp arrow flying past his eyes.

Whizzing!

Another few sharp arrows flew past his eyes.

One of the arrows hit him.

An invisible film appeared, blocking the sharp arrow.

The passive skill was activated automatically, and all the damage was transferred to the skeleton warrior, and Lin Moyu was not injured.

【being attacked! 】

Lin Moyu was reminded, and at the same time, red light appeared in the eyes of the skeleton warrior, and he was already on alert.

A man in black ran out of the woods, his running speed was very fast, and his agility attribute was not low.

Lin Moyu thinks it should be an assassin class.

She saw Lin Moyu, quickly turned around and ran towards the other side, and disappeared in the blink of an eye.

Two seconds after the man in black left, someone chased after him.

The two of them, looking at their attire, Lin Moyu probably judged the other's occupation.

Archers, and a mage.

Needless to say, the good and bad arrows just now were shot by archers, If it wasn't for Lin Moyu's passive ability of damage transfer, he would definitely be injured now.

The two also ignored Lin Moyu and quickly chased forward.

Lin Moyu's eyes flickered.

The direction is wrong.

The men in black changed direction here, they chased the wrong one, and they were doomed to return in vain.

Sure enough, only a few seconds later, the two retreated again.

The mage started to use his skills, Lin Moyu felt a gust of wind blowing around

A few seconds later, the mage sighed, "That guy is very cunning, he has already escaped."

Archer said, "It doesn't matter, he only escaped for a while, and he will be caught."

Then he looked at Lin Moyu, "Little guy, did a man in black pass by just now?"

Lin Moyu didn't answer, but whispered, "Your arrow hit me, sorry."

The archer looked at the arrows on the ground and understood, "I'm sorry."

Lin Moyu waved his hand, "This is not an example."

The archer had an illusion, as if Lin Moyu was looking down on him from above.

The mage looked gloomy, and he was obviously very upset that he was run away by the other party.

He turned his head to look at the skeleton warrior beside Lin Moyu.

"Undead Summoner."

There was a trace of disgust in his eyes, and the staff in his hand slowly raised up.

There was a red light in the skeleton warrior's eyes, and he had entered a fighting stance.

The archer suddenly stopped the mage and whispered, "Don't cause trouble."

The mage rolled his eyes, and finally put down his staff, "Got it."

Looking at the two people retreating, Lin Moyu said lightly, "You are lucky."

Although there is no detection technique, judging from the power of the arrow just now, the attack power is not great.

The level of these two people will not be too high, at most around level 20.

If he was going to do something to himself, Lin Moyu felt that he might kill someone.

He is not the Holy Mother. If he is bullied to the head, he will definitely pay back a hundredfold.

When the mage raised his staff just now, Lin Moyu had already brought all the skeleton warriors back to the summoning space.

They can be surrounded in an instant.

Once they do it, they will definitely be cut to pieces.
