

NATIONAL TRANSFER: NECROMANCER! I AM A DISASTER

Chapter 20 New Skill: Corpse Explosion

Four pieces of weapons and equipment are neatly placed in front of them.

A bronze-level weapon, with a bluish-white light shining on the weapon, which is somewhat similar to the luster on the skeleton warrior.

Ning Yiyi said, "These are all weapons obtained from the copy of the Kamen Orc Legion."

Lin Moyu was a little puzzled, he had never heard of this dungeon.

Ning Yiyi saw that Lin Moyu didn't understand, and continued to explain, "The Kamen Orc Legion dungeon is a level 20 dungeon outside Shaohai City, and the three of them often make dungeons there."

Lin Moyu nodded.

These four pieces of bronze-level equipment are useless to him, but they can be sold for some money.

He unceremoniously put away the four pieces of bronze equipment, Ning Yiyi didn't say anything about it.

There are still some materials left, such as wolf skins, animal bones, and young grass, which are not too many.

Lin Moyu accepted all of them without hesitation.

No matter how small a mosquito is, it is still meat and can be sold for money.

Once you've put away your weaponry and materials, there's only one thing left.

[Primary skill scroll.]

[Introduction: Skills below level 20 can be obtained, and it is possible to obtain learned skills.]

Unexpectedly, it turned out to be a primary skill scroll. This scroll is worth 100,000 gold coins, which is very valuable.

Lin Moyu held the scroll and was considering whether to use it himself or sell it for money.

Ning Yiyi asked, "You haven't used the primary skill scroll yet, have you?"

Lin Moyu nodded, it really didn't work.

"Then you can use it. Although there is a chance to acquire the skills you have learned, you may also learn new skills."

"No, you don't want to sell money, do you? Are you so short of money?"

"A basic skill scroll, it's not a high-level scroll, it's not worth a lot of money."

In Ning Yiyi's mouth, 100,000 gold coins didn't seem like much money.

Evidently she came from a very extraordinary family.

Lin Moyu held the skill scroll, "How to use it?"

Ning Yiyi giggled, "It's very simple, you just hold the scroll and say to use it."

Lin Moyu didn't doubt it, just took it and did it.

"use!"

The scroll didn't move.

Ning Yiyi said, "Oh, that's not right, you didn't speak loudly enough, you have to speak loudly to use it."

Lin Moyu looked at her and didn't try a second time.

He has never used it, but he is not stupid.

What sound is too small, I don't believe it at all.

Lin Moyu guessed how to use it when he was there, and directly activated the skill scroll with mental power.

Ning Yiyi was looking at Lin Moyu expectantly, waiting for him to call out the word use.

But Lin Moyu never barked.

Suddenly, the skill scroll burst into brilliant light and enveloped Lin Moyu.

Ning Yiyi let out a sound of disappointment, "You found out."

She wanted to tease Lin Moyu, but Lin Moyu found the correct way to use it. Very failed.

The skill scroll turned into a ball of light and enveloped Lin Moyu.

[Acquired skill: corpse burst.]

[Corpse burst (level 1), detonate the corpse, and cause damage equal to 10% of the corpse's HP to enemies within 1 meter.]

Gained a new skill, and the scroll was not wasted.

Corpse Burst is currently at level 1, which means it is a skill that can only be mastered at level 10.

Looking at the skill introduction again, it seems that there is nothing outstanding at first glance.

The range is only 1 meter, what is 1 meter enough for, it's too small.

And the power is caused by the life value of the corpse.

Lin Moyu can understand the life value of this corpse.

In the eyes of the necromancer, the corpse is also alive.

Its life comes from flesh and blood, from bones, and even from soul.

Even if you are dead, the life value in the corpse will not be less than when you were alive.

Just like some strong people, the corpses will not rot for thousands of years after death, and they will continue to emit huge energy.

But Lin Moyu saw different information from it.

This is a group attack skill. If he faces thousands of enemies, he can't rely on skeleton warriors to cut them one by one.

That's too slow too.

Only one enemy is killed at this time.

Then he detonates the corpse, killing enemies within the skill range.

Another enemy was blown to death and formed a corpse again.

You can continue to detonate the corpses, one after another.

As long as the mental power is not empty, the skills will not stop.

Coupled with his talent, is the range of 1 meter a problem?

Now it has reached 20 meters, and the lethality has reached 200%.

Another magical skill!

As long as one's own talent exists, one's own skills are almost all divine skills.

The scroll light dissipated.

Ning Yiyi blinked her big eyes, looking expectant, "How is it, have you learned any new skills?"

"learned."

Lin Moyu didn't blame Ning Yiyi for teasing him just now.

Ning Yiyi is just playful and mischievous, he is not so stingy as a big man.

Ning Yiyi smiled happily, "You have a nice voice, why don't you like talking? It's such a pity."

Lin Moyu looked at her, this woman seemed different from those girls in his school.

Very lively and playful.

"Your voice is nice too."

Lin Moyu is a rare compliment.

It's not that he doesn't want to talk, it's just that he doesn't want to talk nonsense.

In front of his sister Lin Mohan and grandma, he talked a lot.

Ning Yiyi looked very happy, and said with a giggle, "Thank you for the compliment, I also know that my voice is very nice."

"For the sake of saving Miss Ben and praising Miss Ben, I will give you this thing."

Speaking of which, Ning Yiyi took out a box and stuffed it directly into Lin Moyu's hand.

[Intermediate skill scroll]

[Introduction: Skills between level 40 and level 70 can be awakened, and it is possible to obtain learned skills. 】

In the exchange, the price of an intermediate skill scroll can be as high as 10 million gold coins, which is 100 times that of a primary skill scroll.

It is expensive and precious.

At least for the current Lin Moyu, it is a sky-high price!

Ning Yiyi said that the person who chased her down was also for this scroll.

How to say send it?
