

NATIONAL TRANSFER: NECROMANCER! I AM A DISASTER

Chapter 6 Solo Or In Teams

On the surface, there is no difference between the black iron-level skeleton in front of him and the black iron-level skeleton summoned in the afternoon.

The shape hasn't changed much, just like the one from the garbage dump.

Don't just look at the surface of everything.

[Black Iron Skeleton Warrior]

【Power: 150】

【Agility: 150】

【Spirit: 150】

[Physique: 150]

[Skill: None]

In the case of the same appearance, the attributes have undergone earth-shaking changes.

All attributes increased by 10 times.

Not to mention strength, agility and spirit, a 10-fold increase in physical fitness basically means a 10-fold increase in the vitality and defense of the skeleton warrior.

Coupled with the damage transfer skill, it will be very difficult to kill Lin Moyu.

Lin Moyu also released the skeleton warrior in the summoning space, and found that its attributes had also been multiplied by 10 times.

Across-the-board increases also played a role.

With 10 points of mental power left, Lin Moyu summoned a black iron skeleton again.

Then he began to meditate.

Meditation is the best way to restore mental strength and can replace sleep.

There are quite a few students in the school who can do that.

The next morning, Lin Moyu woke up on time.

Mental strength has been fully restored.

Three black iron skeletons were standing faithfully in front of him, motionless like guards.

With the soul fire beating in the skull's head, there was a gust of gloomy wind in the room, and the temperature dropped several degrees.

"It's very good in summer, don't worry about the hot weather."

Lin Moyu thought in his heart, the corners of his mouth slightly turned up.

He used Summon Skeleton again, summoning a fourth Skeleton Warrior.

Then the four skeletons were sent to the summoning space.

Retaining 10 points of spiritual power, and carrying 4 black iron-level skeletons that have increased by 10 times, Lin Moyu thinks it is completely enough.

With 150 points of strength, even a level 7 or 8 knight warrior is nothing more than that.

There is already a bus waiting at the gate of the school, taking them to the copy location.

When they came to the dungeon, it was already overcrowded.

It's not just No. 1 Middle School who come to the novice dungeon, almost all the students who have completed the job change in Xihai City will come here.

There are a total of 6 middle schools in Xihai City, and more than 800 students changed jobs yesterday.

Most of them became living professionals.

There are less than 200 people who can come here, not even a third.

The students stood together, and the school teachers went to go through the dungeon admission procedures.

"Old Lu, you posted this time."

"A rare class of main battle is not enough, and a unique hidden class is really big."

"In the past two years, your No. 1 middle school has been amazing. Last year, Lin Mohan came out and entered Xiajing Academy. Are you going to knock on the door of Xiajing Academy again today?"

Several principals gathered around and chatted enthusiastically.

Lu Yun's face was full of red at this time, "Xia Xue and Lin Moyu are really good. If there is a chance, I really hope that they can be admitted to Xia Jing Academy."

"Xia Xue? Is it the young lady from the Xia family?"

"And Lin Moyu, why is this name so similar to Lin Mohan?"

Lu Yun said, "Xia Xue is the eldest lady of the Xia family, and Lin Moyu is Lin Mohan's younger brother."

"No wonder, the Xia family's bloodline inheritance is very good. As for Lin Moyu, these siblings are really amazing."

Gao Yang poked Lin Moyu, "Do you want to form a team together?"

Facing Gao Yang's invitation, Lin Moyu shook his head.

Gao Yang feigned anger, "Brat, do you look down on me?"

"This young master sincerely invites you. If you don't give this young master a reasonable reason, this young master will never let it go."

He looked angry, but the smile in his eyes had already betrayed him.

Lin Moyu ignored him, and within two seconds, Gao Yang changed his face again.

"Boss, why don't you form a team with me?"

Lin Moyu said lightly, "Team leveling is slow, solo leveling is fast."

Gao Yang asked strangely, "How do you know?"

"Read more books." Lin Moyu rarely replied.

Gao Yang rubbed his head, obviously not convinced.

At this time, Xia Xue suddenly said from the side, "Lin Moyu is right. If two people form a team, although killing monsters is faster, the experience needs to be divided equally between the two."

"The speed of killing monsters in a two-person team can be increased by up to 50% to 60%, but the time to find monsters is fixed, so the overall efficiency slows down."

"According to the experience summed up by the predecessors, dungeons below level 10 are suitable for solo brushing. Dungeons above level 10 are suitable for team formation."

Xia Xue said very clearly, Gao Yang is not stupid, after thinking about it, he understood.

At this time, Lu Yun came over.

"Except for Xia Xue and Lin Moyu, all main combat occupations must bring several auxiliary occupations into the dungeon."

"Don't think about leveling up with a single swipe. You need to know that you can't do without support when you go to high-difficulty dungeons in the future."

"Usually I refuse to bring support, and I look for support when I need it. How can there be such a good thing."

"To put it bluntly, instead of looking for helpers you don't know, it's better to find your own classmates. At least you have a classmate friendship, and you won't run away alone if you are in danger."

What Lu Yun said is very clear, and it is true.

Calm down the people who were originally single-handed.

If the main battle class does not have support, the support upgrade speed will be very slow.

Someone asked, "Why don't Xia Xue and Lin Moyu need support?"

Lu Yun cleared his throat, "The two of them are different. Xia Xue is going to be admitted to Xia Jing Academy and needs to be upgraded quickly."

And Xia Xue won't stay in the novice dungeon for too long, at most two days, Xia Xue will leave here.

"As for Lin Moyu, I don't know his profession or his combat power. You can ask the support if you would like to team up with him."
