Chapter 1061: 3-Layer God's Intent Law of Heaven and Earth Shatters Evil Buddha, Hunting King and Divine Monkey's Battle Plan

Crackling, crackling—!

Above the heavenly dome, the heavy lead clouds seemed to be accumulating countless snowflakes, which pulled the lead clouds down towards the human world.

Lightning flashed suddenly within the black clouds, like a ferocious Thunder Dragon, poking its head out from behind the clouds, every whisker and scale clearly visible; its heavy pressure poured down like the waters of Tianhe, crashing into the human world!

It was as if something forbidden was born in the human world, and Heaven was brewing Thunder Dragons, watching like a tiger eyeing its prey!

Dao City.

The night faded away, as if it were day!

The brilliant light was overwhelmingly dazzling, as if dispelling all darkness.

On the platform in the center of the city, there was a dazzling radiance that was exceptionally brilliant!

A shadowy image of the hundred-zhang high Six-Armed Buddha statue, like the true descent of the Buddha, with its vast Buddha Light filling the universe within Qiankun, bringing with it a compelling force of devotion that made people fall to their knees, bowing thrice and kowtowing nine times.

And at the other end of the platform.

The light that was originally compressed to a square inch began to burst out with flames, increasingly intense, like countless fiery feathers burning at their peak, twisting the air.

Tearing open the area sealed by the Buddha Light, slowly spreading!

A shrill cry exploded, the Phoenix Blood Phoenix Nest Nirvana Wood at this moment, seemed to become as crystal clear as agate glass.

Li Che's mo shan fluttered wildly, his black and vigorous hair swirling; he crouched on the ground, his palm pressed upon the Divine Sculpture that was like a riverbank pebble.

Countless flames spread, resembling a phoenix completing its nirvana, unfolding its wings behind Li Che, with wings so vast that they obscured even the Buddha Light above the heads of many around the platform!

Crack, crack—

A dense cracking sound spread across the Divine Sculpture, covered in countless tiny lights that shot into the sky, extremely magnificent and blinding!

It was as if at the dawn of creation, when chaos was split open and light descended to illuminate the endless darkness of the human world, that kind of magnificence.

The light was too dazzling, like a pillar of light shooting into the sky.

The smile on Huang Tuo's face disappeared, his eyes fixated on the Divine Sculpture carved by Li Che.

But it was too bright, even with his eyesight, he couldn't see the specifics of the Divine Sculpture within the pillar of light; to this moment... he still didn't know what exactly Li Che was carving?

He clapped his palms together, then turned them over, each palm now holding a spinning eyeball.

The second level of God's Intent!

Instantly, countless eyeballs seemed to slowly open across the vast, hundred-zhang Six-Armed Buddha God's Intent.

Meanwhile, Li Che's Divine Sculpture, composed of countless original wood chips, suddenly shattered, revealing the true Divine Sculpture that was enclosed!

It was a...

Divine Monkey holding a Red Gold Treasure Stick!

The Divine Monkey wore Locking Gold Armor, with a red cloak flapping wildly behind, stepped on Cloud Boots, and donned a Purple Gold Crown, its long horns danced like a phoenix tail between Heaven and Earth.

Every strand of monkey hair on the sculpture was extremely fine, fine to the extreme, and with a gust of wind, they could gently flutter like aquatic plants in the water. .

"Divine Monkey?!"

Huang Tuo saw clearly, the eyes in his palms and the eyes on his face all squinted.

"You dare use the Divine Monkey to confront the Buddha's God's Intent?"

A faint sneer escaped Huang Tuo's lips.

Stable.

This Li Che... likely helped the Underworld Divine Monkey obtain that Heart-following Gold Iron Divine Rod, got inspired, so he carved this Stone-breaking Divine Sculpture of the Divine Monkey.

Must say, the design is very ingenious, the craftsmanship also extraordinary, capable of carving each strand of monkey hair so meticulously, even he couldn't easily achieve it.

Truly, carving such a divine sculpture takes too much effort!

For Huang Tuo, it's not worth the cost, of course, Huang Tuo also wasn't confident to complete the carving in a short time...

Indeed, he was astonished by Li Che's skills.

"However, in the Half-Saint Divine Eagle competition, what's most important is the confrontation of God's Intent!"

"This Divine Monkey... how dare it act presumptuously before my Six-Armed Buddha!"

Huang Tuo formed seals with his hands, chanting ancient and profound Buddha names.

Boom—!!!

A terrifying explosion echoed in everyone's ears.

On the high platform, a storm arose, the air current consistently shooting and raging, making a whooshing noise!

Countless flying snowflakes shattered before they even fell!

A mist resembling Mysterious Fog arose, hovering in the center of Qianyuan Taoist City!

Finally, everyone saw clearly the Divine Sculpture carved by Li Che, a wildly rebellious Divine Monkey!

Compared to the hundred-zhang Six-Armed Buddha.

Li Che's carved Divine Monkey was somewhat too small, emerging from stone, cloak flying behind, gripping a Red Gold Treasure Stick tilted, stepping onto clouds.

As the clouds rose, the Divine Monkey's God's Intent, above those six arms filled with eyeballs, slowly ascended before the Six-Armed Buddha reflecting the Buddha Light.

The entire world seemed to fall into silence.

Only the scene of the Divine Monkey confronting the Six-Armed Buddha remained.

"Buddha... is this Buddha you speak of?"

"Just an Evil Buddha, that's all."

Li Che slowly stood up from beside the Divine Sculpture, countless flames surged behind him.

His vigor-filled, black hair continuously whirled, Li Che felt the Buddha Nature constantly invading his body, that Buddha Nature... seemed intent on infecting his blood and flesh.

Chapter 1062: 3-Layer God's Intent Law of Heaven and Earth Shatters Evil Buddha, Hunting King and Divine Monkey's Battle Plan (2)

Like a poisonous insect, like a venomous snake, trying to devour his will, erode his thoughts.

What kind of Buddha is this?

What kind of Buddha is this?!

Just an Evil Buddha!

Li Che couldn't help but think of the anomaly he saw earlier in the mysterious temple of the Mysterious Shocking Divine Monkey.

In the scene, he seemed to have entered Huaguo Mountain and saw the Divine Monkey confronting the endless demon soldiers stepping on black clouds...

He did not know how the Equaling Heaven in this world was like.

But, based on this scene, capturing that strand of God's Intent, and the Divine Monkey he sculpted, along with the intent of the Spiritually Bright Real Ape that roared and transformed through embryonic breathing within his Inner Scene of the Energy Center, within the Shen Yuan Golden Elixir...

Li Che completed his sculpture!

The Spirit Stone broke open, and the Divine Monkey was born!

Six-Armed Buddha...

Li Che calmly looked at the Six-Armed Buddha Divine Sculpture carved by Huang Tuo, vastly different from the Buddha in his imagination, not comparable at all.

Among those Buddha Lights, there were also malicious curses, like a carbuncle attached to bones.

This kind of Buddha...

Li Che does not acknowledge.

Nor does the Divine Monkey acknowledge!

"God's Intent confrontation..."

"What does the Divine Monkey fear!"

Li Che stood confidently with his hands behind his back, his tall figure full of strong self-assurance at this moment!

Even if the Divine Monkey truly couldn't defeat this Six-Armed Buddha, couldn't defeat such an Evil Buddha, so what?

Li Che could only give a cheat to the Divine Monkey!

[Dao Fruit: Immortal Artisan (lv5, 50%)]

A stream of light flickered past before Li Che's eyes, making him somewhat surprised and delighted.

Unexpectedly, this time's sculpture raised the Divine Monkey's maturity from 42% to 50%, an 8% increase, which really isn't insignificant.

Because, after reaching lv5 level, wanting to increase maturity is extremely difficult, and the usual sculpting improves it very slowly.

Li Che's mood immediately brightened, filled with grandeur, as if infecting the Divine Sculpture and Divine Monkey with his own emotions.

Reckless and defiant, breaking through to the skies!

Boom——!!!

Under the watchful eyes of everyone, the semi-saint divine intents of the two semi-saint divine sculptures clashed in the void above the high platform!

A long howl echoed, a big red cloak fluttering loudly!

Ape cries resounded through the sky!

The red gold treasure stick held by the Divine Monkey instantly magnified, like an azure dragon coiling, fiercely sweeping out, containing extremely mystical and grand artistry!

A stick towards the Buddha!

On the six arms of the Six-Armed Buddha, eyeballs densely packed like a thousand eyes spun open, each one seeming to gather intense Buddha Light, transforming into jiaoshe roaring and moving out!

The two collided, and countless jiaoshe were crushed and exploded under the long stick!

Although the Divine Monkey wasn't tall, when swinging the stick, it seemed like crimson fire burned, and between the blinking of eyes, golden flames burned, seeing through the illusion!

One stick after another, countless stick shadows overlapped, like innumerable blooming flowers!

"Presumptuous——!"

Huang Tuo's expression turned serious.

Shouted loudly.

His heart was utterly shocked, never expecting the Divine Monkey sculpted by Li Che to be so rebellious, still able to break the shackles under the suppression and sealing of his Six-Armed Buddha's Buddha Light!

Huang Tuo somewhat underestimated Li Che's divine sculpture skill.

Even though he is just a newly promoted Divine Sculpture Half-Saint, he could actually invoke such strong and powerful sacred sculpture divine intent.

Incredible!

Such a genius cannot remain in the Qian Yuan Divine Sect, must enter Little Lingyin Temple!

In Qianyuan Dao City, everyone's breathing became a luxury, shockingly looking at the collision of divine intents between the Six-Armed Buddha and the Divine Monkey in midair!

Like two gods fighting in midair, stunningly peerless, as if gods were battling!

Gongshu Jingjun and Tang Xiejia's eyes were relieved of worry, leaving only excitement.

Even if Li Che lost this time's confrontation of divine intents, Li Che Half-Saint also showed his elegance, no rumor could shake his identity and level!

Even if he truly loses, it's an honorable defeat!

In the crowd.

The eyes under the mask of Ji Lishou, who seemed to be hidden in darkness, narrowed.

Standing beside him, the Dragon Son Ao Lie's breathing became slightly rapid.

"Indeed... this Li Che must have a connection with the Divine Monkey!"

"This divine intent, this divine charm... it's so similar to the Divine Monkey who took away the Heart-following Gold Iron Divine Rod! Reckless and defiant, wildly arrogant!"

Ao Lie said in a deep voice.

Ji Lishou didn't say anything, just narrowed his eyes.

A moment later, he spoke a word.

"I sense a killing intent..."

"Wait."

...

...

Boom——!!!

A stick smashed out, seeming to shake the void, breaking the peace within a thousand-zhang range as the two divine intents clashed.

The falling stick shadow, centered on it, made the air within hundreds of zhang seem to ripple in expanding waves, as if being drawn out!

Like a stick stirring up the endless vast sea!

Huang Tuo stood up, his expression extremely grave.

Actually...

Couldn't suppress it!

This Divine Monkey

"My Buddha, suppress!"

Huang Tuo shouted fiercely, his hands constantly sealing!

The third divine intent!

Ruthless Tathagata!

Killing is also redemption!

The brilliance of the Six-Armed Buddha, which was supposed to save all beings, suddenly transformed into ruthlessness and coldness, originally warm golden light turned bone-chillingly cold, making one feel as if falling into an ice cave!

One by one, immensely huge Buddha Palms fiercely fell from the arms of the Six-Armed Buddha!

The Divine Monkey kept moving restlessly, the long stick in its hand pointing out fiercely, hitting a Buddha Palm, instantly shattering it, dazzling golden light, yet the stick shadow was unstoppable, drawing a blazing air wave like a comet traversing, striking at the head of the Six-Armed Buddha!

Li Che's eyes sparkled, sensing the Buddha nature power still trying to invade his Brow Niwan Inner Scenery.

Chapter 1063: 3-Layer God's Intent Law of Heaven and Earth Shatters Evil Buddha, Hunting King and Divine Monkey's Battle Plan (3)

He couldn't help but laugh derisively.

He raised his hand and pointed at his brow.

As if he were pressing down on a struggling, wriggling maggot.

In the next moment!

Within the inner scene of the Energy Center.

A deafening roar exploded!

Law of Heaven and Earth!

Boom!

Countless dazzling golden lights were suddenly suppressed, stepping on the clouds, the Divine Monkey pointed a stick at the body of the Six-Armed Buddha, starting to turn fierce, continuously rising and growing larger!

Rip, rip...

Like the sound of clothes tearing, the Divine Monkey expanded and grew, suddenly rising to ten yards, then a hundred yards, appearing as tall as the Six-Armed Buddha!

Roar—!!!

Sharp fangs emerged, each strand of monkey hair seemed to turn into steel needles, and the tail covered in needles swept across, collapsing the air, as if plowing fragmented rifts through the void!

Law of Heaven and Earth!

Demon Ape True Body!

The Divine Monkey transformed into the Demon Ape, roaring intensely, wielding a treasure stick that coiled like a blue dragon, swung suddenly, its speed rapidly increasing, its strength suddenly growing!

Swinging upwards, fiercely sweeping out, showing a fan-shaped area!

A terrifying and heavy stick shadow, in Qianyuan Dao City, among the gazes of countless spectators, pulled out a frightening air explosion, smashing fiercely onto the divine intent of the Six-Armed Buddha!

The Six-Armed Buddha's palms exploded in succession, and the six arms burst open, all the eyeballs shattering!

"Puh—!"

A large mouthful of fresh blood suddenly spewed from Huang Tuo's mouth.

His face was ashen, and the Buddha Light around him seemed to burst open, stumbling back several steps uncontrollably, each step falling, crushing the high platform into spider-web like cracks.

His gaze fell on the Divine Sculpture of the Six-Armed Buddha that he carved, the divine intent of that sculpture, in the clash... was unexpectedly smashed by the Divine Monkey carved by Li Che!

The first two layers of divine intent, under the clash, were both in favor of his Six-Armed Buddha.

But ultimately, in the clash of the third layer of divine intent, the Divine Monkey transformed into the Demon Ape, becoming wild and frenzied, unexpectedly smashed open his Six-Armed Buddha!

The Half-Saint Divine Sculpture has three layers of divine intent!

To become a Half-Saint Divine Sculpture, the sculpted divine statue must master three different meanings and stack them layer by layer, as if granting the sculpture a unique vitality.

Huang Tuo's expression was extremely grim, his heart shook, as the six arms of the Six-Armed Buddha divine sculpture unexpectedly showed a crack!

Damn it—

Ruined!

A rich and overwhelming divine intent, instantly surged out from the divine sculpture.

This is a Half-Saint Divine Sculpture, the divinity contained and captured is extremely intense, making the divinity between Heaven and Earth seem to have thickened by several degrees in an instant.

Several Master Sculptors even showed crazed expressions, sitting cross-legged, capturing the divine intent in Heaven and Earth, sensing and enhancing their own Divine Sculpture skills.

A clash failure of a Half-Saint Divine Sculpture's divine intent, and the smashing of the divine intent, the divine sculpture showing cracks, the leaked divinity and intent, is an incredible supplement for any Master Sculptor.

Huang Tuo clasped his hands together, swallowing the blood in his mouth.

The connection of divine intent between a Half-Saint Divine Sculpture and the divine sculpture, the divine intent exploded, he naturally received considerable injury!

He looked at the figure of the Divine Monkey, floating in mid-air, restored to the second layer of divine intent, wearing locking gold armor with clouds underfoot and a red cloak billowing behind, extremely solemn.

"Indeed, my carving of the Six-Armed Buddha is still too forced... or rather, the divine intent I comprehend is far less profound than the divine intent of the Divine Monkey comprehended by Li Che!"

Huang Tuo found an excuse for himself.

He clasped his hands together.

His eyes glimmered softly as he looked at Li Che.

"Master Li, you are truly connected with my Buddha, this Divine Monkey's divine intent was comprehended by you from the Two-Minded Great Sage Mysterious Temple, right? The Two-Minded Great Sage originated from my Buddhist Sect, so you and my Buddhist Sect... have a great connection."

Huang Tuo said in a deep voice, the sound carried a kind of seductive power.

And the Buddha Light that penetrated Li Che's body seemed to be fully activated at this moment, rapidly heading towards Li Che's brow Niwan.

Countless golden lights interwove, like dense golden Buddha Mantra symbols appearing on the physical body.

However, within Li Che's chest, the Immaculate Heart Taoist Fruit suddenly vibrated!

From within the Dao Fruit, the erupting Pure Heart Divinity instantly suppressed all the Buddha Light, choosing not to disperse them, but to capture them, transforming into a golden Buddha Mantra Seal, appearing on the Heaven and Earth chessboard.

The Buddha Mantra Seal possesses an extremely frightening corrosive power, its erosion strength is on par with the Corpse God Seal.

After Li Che continuously suppressed them with Pure Heart Divinity, they eventually subsided.

Hmm?!

Huang Tuo looked at Li Che, his brows furrowed, clearly seeing countless Buddha Light bursting forth from Li Che.

He was almost about to succeed in transforming him...

How come... all the Buddha Light suddenly disappeared?

What does Li Che have that attracts the Buddha Light?!

Suddenly.

Huang Tuo's hair stood on end...

Killing intent!

There is extremely intense killing intent!

It seemed to manifest above, a suppressing dark cloud pressing into the human world!

Huang Tuo suddenly lifted his head, his face trembling in the howling wind.

He clasped his hands together, with slight blood at the corners of his mouth, staring intently!

"Killing intent... such intense killing intent..."

"Who wants to kill this monk?!"

"Who?!"

An extremely sharp look suddenly burst forth in Huang Tuo's eyes!

The big red kasaya on his body billowed upwards!

Boom—!!!

Like the sound of a boulder thrown into a lake, instantly erupted with a sound like a landslide and earth cracking.

The high platform beneath his feet instantly exploded, like countless waves soaring to the sky, the dispersed airflow rolled back, fiercely smashing onto the surface of the lake!

Chapter 1064: 3-Layer God's Intent Law of Heaven and Earth Shatters Evil Buddha, Hunting King and Divine Monkey's Battle Plan (4)

A brilliant Buddha Light burst forth from Huang Tuo's brow.

A divine fetus, complete with five organs and hundreds of bones, floated upward like a meat pill!

The powerful spirit, connected with the Heaven and Earth Soul, spread out in waves, making the air ripple like the surface of a Mirror Lake!

"Begone!"

Huang Tuo merged his five fingers into a palm, and the vast Heaven and Earth Soul connected with Divinity, causing a transcendent Buddha image to appear and strike fiercely toward the sky!

However.

The next moment.

Huang Tuo saw a sword light descending instantly, effortlessly slicing through the divine Buddha Palm he had unleashed!

His powerful strength from the Divine Fetus Second Divine Transformation was defenseless against this sword light, as if it were cutting through tofu!

"Lv Taibai—!!!"

Huang Tuo screamed.

But the next moment, it was as if an invisible hand clamped tightly around his throat, preventing any sound from escaping.

However, what he saw was not Lv Taibai...

Instead, it was a chessboard spread across the Nine Heavens with a figure in a silver mask standing on it!

Like a galaxy mask!

Hunter King!

Hunting God Pavilion, King Hunter Killer!

Even though...

Huang Tuo knew this King Hunter Killer must be Lv Taibai, knowing was useless.

Yet, at the moment Lv Taibai transformed into the King Hunter Killer and attacked, no fear arose, but boundless excitement surged forth! .

"You finally made your move!"

It seemed Huang Tuo was waiting for Lv Taibai's attack all along.

A brilliant Buddha Light burst forth from him.

This time, prepared, Huang Tuo instantly activated the Divine Sculpture left by Grandmaster Huang Mei!

The past life of Grandmaster Huang Mei, carrying the divine sculpture!

In an instant, this divine sculpture seemed to come alive, vivid and vibrant, with long brows fluttering, gripping its five fingers as if squeezing the air close to bursting.

Sword light collided with a palm from Grandmaster Huang Mei.

The sword Qi, which could cut through anything, was stopped by this palm.

"Lv Taibai."

The Buddha sculpture spoke.

"No, I am not Lv Taibai, I am from the Hunting God Pavilion... King Hunter Killer."

Lv Taibai, under the silver mask, smiled faintly.

Boom—!

Yet the divine sculpture disappeared, heading directly toward the high sky, with man and divine sculpture turning into flows of light, merging into the night sky.

Clashing within the clouds.

On the high platform, Huang Tuo gasped heavily, yet his face showed a surge of fervor.

His gaze fell on Li Che.

Seeing Li Che, who appeared frantic, forgetting to take the precious Divine Monkey Half-Saint Sculpture before leaping off the high platform, Huang Tuo's lips curled into a mocking smile.

This Li Che, though a Divine Sculpture Half-Saint, had too weak cultivation.

Without forming the Divine Fetus or becoming a Martial Saint, he remained a mortal.

Even though he luckily defeated him with the divine sculpture, yet...

Too weak!

A hint of murderous intent appeared in Huang Tuo's eyes.

Unfortunately, Huang Tuo couldn't act...

Because, at this moment, in the Heavenly Dome, Lv Taibai made a move with the Hunter King Mask, without revealing his identity, although he knew it was Lv Taibai, he had no proof...

If he killed Li Che now, it would mean completely breaking off with the Qian Yuan Divine Sect.

In that case, he might not even leave Qianyuan Taoist City...

Huang Tuo didn't want to risk his life.

Huang Tuo thought that as the direct disciple of Grandmaster Huang Mei, his life...

Was much more valuable than Li Che's!

Below the high platform.

Ji Lishou, wearing a Star Constellation Killer Mask, squinted while the Dragon Son Ao Lie was shocked.

"Is that... Lv Taibai? The King Hunter Killer?"

"It's normal, nothing to be surprised about. Father said... Which of the Absolute Peak experts on the Great God List and Heavenly Gate doesn't have a Hunter King identity?"

Ji Lishou said calmly.

"Heir, didn't you agree with Huang Tuo to make a move? He used Grandmaster Huang Mei's past life, should we use the Prince's power..."

The Dragon Son looked at the composed Ji Lishou, seemingly waiting for something, and hurriedly asked.

"No rush, wait!"

Ji Lishou's gaze flickered.

Ao Lie took a deep breath, "Heir... then I'll make a move, I want to kill Li Che... to avenge my sister! To avenge my daughter!"

The death of Dragon Queen Consort Ao Yuxin, though caused by the Underworld, originated from Li Che's daughter, Li Nuanxi.

Ao Lie couldn't kill Li Nuanxi, but now there was an unprecedented opportunity to kill Li Che!

Ji Lishou said nothing more.

Ao Lie uttered nothing further, slipping into the darkness, swiftly advancing silently towards the direction where the panicked Li Che had leaped off the platform.

Gongshu Jingjun and Tang Xiejia wanted to approach the platform, but were blocked by Wu Gang.

"Master Huang Tuo was injured in an attack... your Qian Yuan Divine Sect needs to give our Little Lingyin Temple an explanation."

Wu Gang was imposing and burly, blood boiling, towering over them, eyes filled with wanton madness!

"You... "

"Need to give the Buddha an explanation!"

Gongshu Jingjun and Tang Xiejia cursed under their breath; they were meant to protect Li Che, though they vaguely guessed Li Che's identity.

But this identity cannot be exposed under everyone's gaze.

Buzz—

Suddenly!

Gongshu Jingjun and Tang Xiejia were shocked!

"Damn it!"

They saw an extremely brilliant Dragon's Chant suddenly erupt, exploding from beside Li Che, who had just leaped down from the platform.

They saw a Hunting God Pavilion Star Constellation Killer wearing a Star Constellation Killer Mask; a brilliant Dragon's Chant erupted as a golden long spear trembled, resembling Dragon Claw, and pointed fiercely at Li Che, filled with overwhelming killing intent!

"Ah—!"

Tang Xiejia roared in anger!

However.

The next moment, Tang Xiejia's roar choked.

Because.

An ancient black city had somehow emerged, engulfing the insidious and brutal Star Constellation Killer.

Leaving only the panicked and horrified "Li Che."

In the sky above the black city, a figure wearing a black outfit, a Divine Monkey Mask, and carrying the Heart-following Gold Iron Divine Rod stood silently.

"Divine Monkey!"

Everyone felt a tremor!

The Divine Monkey who had obtained the Heart-following Gold Iron Divine Rod from the Two Hearted Great Sage Mysterious Temple!

The Underworld Divine Monkey... appears!

The next moment, the ancient city that had absorbed Ao Lie vanished almost instantly.

Appearing above Huang Tuo.

Huang Tuo joined his palms together, his Kasaya fluttering wildly in the wind.

His pupils constricted, exchanging glances with the Divine Monkey standing on the tower.

He looked down only to realize, at some unknown moment, a mysterious chessboard's intersecting lines had spread beneath his feet!

"No—!!!"

A terrifying death crisis instantly enveloped Huang Tuo's heart.

A strong sense of horror filled his heart as an irresistible suction force suddenly sucked him into Mo City!

"Divine Monkey!"

"Leave the Divine Rod!"

Below the high platform, amidst the crowd.

Ji Lishou's hand revealed a Divine Sculpture carving a mighty human figure, and he suddenly crushed the Divine Sculpture with his five fingers.

The bloodline within Ji Lishou seemed to boil in an instant!

His aura soared higher and higher.

As his aura rose, he already started his move!

Behind him, a terrifying shadow as mighty as a mountain appeared!

At this moment, Ji Lishou seemed to transform into an avatar of Ji Moli!

From below to above the platform, no one could stop him. In less than half a breath, Ji Lishou appeared before the Divine Monkey standing atop the tower, who had taken Huang Tuo into the city.

A terrifying and vast Martial Dao Will unleashed, causing countless clouds in the sky to be swept up into a frightening vortex!

The celestial phenomena changed instantly!

Within the clouds, two strong rays of light clashed and separated.

Under the Hunting King Mask of Lv Taibai, innumerable Sword Qi clanged within his eyes.

"Using the bloodline of offspring as the source, carrying the power of the Temple God..."

"Heavenly King Avatar."

"Ji Moli!"

...

Boom—!!!!

A terrifying power that almost froze the void exploded on the high platform.

Everyone felt a weight as heavy as a stone on their hearts.

Even Wu Gang, Gongshu Jingjun, and Tang Xiejia in the midst of battle suddenly lost their desire to fight, nearly frozen on the spot by the terrifying aura.

They narrowed their eyes in disbelief, looking towards the figure on the high platform.

On the high platform.

Under the Divine Monkey Mask of Li Che, his eyes flowed with incense-like golden smoke, calmly and coldly watching the domineering figure in front of him.

Facing the terrifying, domineering, Ranked oppressive aura of "Ji Moli."

With a thought.

The entire Mo City merged into the Heaven and Earth Chessboard and vanished instantly.

Boom—!!!

On the high platform.

Suddenly, wild winds raged, air currents soared!

Yet, the black city vanished, the Divine Monkey disappeared, and Huang Tuo... also vanished.

Leaving only the terrifying shadow behind, and the lone figure wearing the Star Constellation Killer Mask, "Ji Moli" stood alone on the platform.

Maintaining the posture of grasping with five fingers.

As if.

He grasped emptiness.

Chapter 1065: Namo Immortal Artisan Magnetic Cannon Blasts Evil Tathagata, Divine Monkey's Staff Slays the Undefeated Buddha

Crack, crack—

Electric snakes slithered, thunder roared!

High in the sky, a powerful confrontation was underway, terrifying collisions erupted from time to time, sounding like world-shaking thunder.

The clanging sword light swirled, dense sword lights converged into a sword Qi long dragon stretching over a hundred yards, even its dragon scales and whiskers were extremely distinct, tearing through the thick clouds, leaving deep grooves as it tore ahead!

The dense lead clouds, like a fish gutted open, poured out countless accumulations of snow!

Buddha light surged and illuminated, an enormous long-browed Great Buddha was chanting Sanskrit, countless Buddha palms were reflected in the high sky.

Buddha light revealed a golden dragon, which clashed with the sword Qi long dragon.

A frightening clash erupted in the sky, an awe-inspiring suppression akin to the long embankment of Tianhe being shattered, with unrestricted river water pouring and roaring incessantly!

However, in Qianyuan Dao City, on the high platform, there existed an aura not weaker than those clashing high in the sky!

A tall and robust apparition stood behind the figure wearing the Star Constellation Assassin mask, mounted with a long spear, its presence unmatched!

The expanding aura and pressure made breathing extremely difficult for everyone around the high platform.

Ji Moli!

This is... King of Quelling Chaos Ji Molie!

Gongshu Jingjun, Tang Xiejia, Wu Gang, and other Martial Saint Divine Embryo powerhouses felt their hairs stand on end, their hearts surging with monstrous waves!

Ji Molie... could he appear in Qianyuan Dao City?

But soon, they understood, this person wasn't Ji Molie. Although the aura was exceedingly terrifying, reaching the Absolute Peak of the Four-Open Martial Saint, he was definitely not Ji Molie!

On the high platform.

Ji Lishou's eyes contracted tightly, his five fingers clenched, crushing the airstream, the terrifying will shook the city surroundings, swaying the wind and snow, plunging the earth into darkness.

The void seemed to tremble, the airflow boiled endlessly.

Gone!

Unexpectedly...

Vanished in his clutch!

"Underworld..."

Ji Lishou's eyes held no joy or sorrow.

"Tricked..."

At this moment, Ji Lishou vaguely felt something, he was... forced to act.

Lv Taibai teamed up with the Underworld?

Using such means to force out the trump card given by his father, the King.

However, Ji Lishou no longer cared about these, since he was exposed... .

He gazed towards the distance, at Li Che, who was supposed to be killed by Dragon Son Ao Lie, panicked and terrified, his gaze showing a trace of peculiar color.

Divine Monkey... appeared due to this person, dragging Ao Lie into a peculiar ink-colored city.

Then it took Huang Tuo into that city...

The Divine Monkey's initial target should have been Huang Tuo, but Ao Lie's action against Li Che made it take him first.

So, this Li Che... has an intimate relationship with the Divine Monkey!

Ji Lishou's eyes were profound, the apparition behind him terrifying to the extreme, like a god descending, invisible suppression spread and expanded, vaguely intertwined with terrifying Gang Winds.

He took a step forward, suddenly, like a mountain tilting forward, an overwhelming aura cascaded down, spreading in all directions.

In an instant, he moved, wild winds suddenly arose, as if hundreds of wind dragons roared together!

The mighty aura that erupted at once stirred the turbulent airflow, suffocating!

Ji Lishou's tall and robust figure became even more towering, his bones expanded, the sound of bones rubbing like thunder, appearing in front of Li Che in a single step.

Aloft, wearing a mask, Ji Lishou lofted, the Ji Molie's apparition even looked down like a god!

Unrivaled!

With an overwhelming aura that dominated the world, filling the surroundings of the collapsing and raising dust of the high platform.

Heavier and more terrifying than the towering mountains in the world!

However, behind Li Che, sometime appeared a figure in a Confucian robe, holding a volume of the Holy Sage Book, whose beautiful beard fluttered in the wind.

"Fang Hanshu."

Ji Lishou's eyes landed on the Confucian robed figure behind Li Che, eyes slightly narrowed.

Fang Hanshu, originally a third place, chose not to enter Jiangnan Taoist Sect Haoran Academy, instead joining Qian Yuan Divine Sect.

Ji Lishou felt the gradually thickening pure Vast Qi between heaven and earth.

"You try, whether my scholarly hide can exhaust seven parts of your Heavenly King Avatar force."

"Prince, using such vast Temple God Divinity, and an activated blood kin, taking form as one of the Four Heavenly King Avatars, wouldn't... waste it on me, a mere scholar, right?"

Stroking his beautiful beard, Fang Hanshu smiled faintly.

Ji Lishou's gaze flashed, his advancing steps suddenly changed, and he soared skyward, instantly dashing into the clouds, the terrifying aura breached a huge void in the cloud dome!

Li Che's Fairy in the Painting Avatar glanced at Fang Hanshu, cupping his fist in salute.

Fang Hanshu gripped his book tightly, gazing deeply at Li Che's Fairy in the Painting Avatar.

What are you... plotting?

Not including me?!

In Qianyuan Dao City, the wind swept fiercely, airflow roared without cease!

And such a disturbance had long drawn the attention of various powerhouses within Qianyuan Dao City.

The sound of breaking sky continuously rung, strong presence, Martial Path will, Primordial Spirit aura like the rolling river, came sweeping mightily!

Supervisor Hong Shifu from Qintian Observatory, carrying the chessboard, glided in.

Daoist Master Yue Huanglong, with Yue Weizheng, along with the armored Divine Guard Army, Divine Guard Army Grand Marshal Yan Jing carrying the long spear, likewise hurried swiftly.

Chapter 1066: Namo Immortal Magnetic Cannon Blasts Evil Tathagata, Divine Monkey's Staff Unyielding Against the Buddha (2)

Under the command of Feng Zhiqi and Wenlong Yuwen, the Divine Envoys of the Temple Control Bureau rapidly rushed over.

On the side of the Divine Sect, besides the Great Elder Fang Hanshu who had arrived early, the Second Elder Zhao Fangzhou, the Third Elder Ding Zi, and many disciples from the True Successor List of the Divine Sect also rushed over.

It happened in just a moment.

The central district of Qianyuan Taoist City became a meeting place for powerful figures from all sides.

The intertwining oppressive force roared relentlessly, causing many common folk who came to watch the commotion and the Jianghu guests with weak cultivation to collapse, their legs giving way.

However, everyone looked up, gazing at the confrontation high in the sky.

Daoist Master Yue Huanglong's eyes glimmered, with a smile that was not quite a smile.

Supervisor Hong Shifu, carrying a chessboard, sighed. .

Feng Zhiqi was trembling all over, filled with battle intent, eager and ready to fight, seeking to break through the shackle of the Heavenly Gate, hoping to gain something from this battle.

Yet...

He ultimately did not intervene.

Lv Taibai, Grandmaster Huang Mei, and Ji Moli...

Although one was one of the Three Lifetimes bodies of Grandmaster Huang Mei, and the other was one of the Heavenly King Avatars of Ji Moli...

They both belonged to those existing at the level of the Great God List and the Heavenly Gate!

Even though Feng Zhiqi had already reached the peak of the Martial Arts Path, just one step away from the Absolute Peak, he was not foolish; participating in such a level of combat...

Would be courting death.

Even if he truly stepped into the Absolute Peak, he would only have just entered, not comparable to the strengths of those on the Great God List and the Heavenly Gate.

In Qianyuan Taoist City, tumultuous wind and waves raged.

Various powerful figures, with different postures and thoughts full of calculations.

Protected by the strong figures of the Qian Yuan Divine Sect, Li Che's painting immortal avatar.

Let his hands droop and his black hair flutter, as he lightly exhaled.

A hint of a smile appeared at the corner of his mouth.

...

...

Dripping of black rain, like wolf brush soaked with thick ink being swung fiercely, splattering ink dots throughout heaven and earth.

It hit the black tiles of the city, on the brick walls, spreading out like black plum blossoms.

Two rays of light, almost one after the other, as if undergoing a teleportation through time and space, entered into the Small Cave Heaven from the outside.

Ao Lie, wearing the Star Constellation Assassin mask, seemed bewildered, his whole body with dragon scales bristling finely, coldness seething.

What the heck...

What happened?!

He was planning to sneakily assassinate Li Che, the father of Li Nuanxi, the one who got his sister and daughter killed by Earthly Hell's Evil.

Yet...

Just as he took action, he was dragged into a dark as ink portal that appeared behind him.

Ao Lie wanted to resist, but as soon as that black portal locked onto him, it was as if a dark as ink hand reached out from the Netherworld, forcibly pulling him in, unable to resist or escape!

What is going on?!

At this moment, an icy chill rose in Ao Lie's heart, as if to freeze his entire body.

Sizzling!

Black ink rain wildly swept, constantly striking Ao Lie's Star Constellation Assassin mask, and the ink droplets exploded, the black ink turning transparent after exploding.

Ao Lie was chilled to the bone.

A breath or two after he appeared in Mo City.

A stream of light also fell, crashing onto the black ink-filled cobblestone ground.

Buddha Light illuminated, with extremely strong Heaven and Earth Soul pressure incessantly leaking out.

Divinity swept like a storm, but after sweeping for a moment, the divinity recklessly pouring out in all directions immediately halted, no longer spreading.

Huang Tuo's big red kasaya flapped wildly in the wind, hands clasped together, his face exceedingly stern, pupils shrinking to the size of sesame seeds.

He had never seen such a method from the Underworld.

When the Underworld collaborated with Yellow Sword Wine to kill the Su Family's Martial Saint Su Wenxi, Huang Tuo had not yet arrived in Qianyuan Taoist City.

Although he had heard rumors, he had never truly experienced the Underworld's methods.

And now, Huang Tuo finally understood the eeriness of the Underworld!

"Unable to capture divinity from the air to replenish it, here...when divinity is unleashed, it will be absorbed by this city!"

"It cuts off the supply of divinity from the outside world!"

Huang Tuo's face grew serious.

In the distance, Ao Lie unhesitatingly approached Huang Tuo.

"Mage!"

Huang Tuo took a glance, knowing this person followed Ji Lishou's side, now pulled into this mysterious space by the Underworld along with him, could be considered a teammate to support each other.

"Is this...the Underworld's Small Cave Heaven?"

Huang Tuo surveyed this city, his powerful Heaven and Earth Soul spreading far and wide, capturing every detail of Mo City, a small city about the size of Fei Lei City, at once.

"The forces behind the Underworld are truly unfathomable."

Huang Tuo said gravely.

Rumor had it that the Underworld Yama...possessed power comparable to the Absolute Peak.

Such an Underworld is definitely top-tier combat power.

Clatter, clatter...

Black rain droplets shimmered continuously as they passed through the towering leaden clouds above.

The sky...

Seemed to have thunder weaving through.

"Thunder..."

Huang Tuo suddenly looked up, cold black rain hitting his face.

He looked toward the heavenly dome above the city.

And saw an enormous divine talisman imprint swirling.

In the next moment.

He seemed to realize something.

His throat instantly became hoarse, even...somewhat trembling.

"Little Divine Sky Five Thunders Shocking Killing Talisman?!"

"Why...so many of them?!"

...

...

At the highest point of Mo City.

Li Che stood as straight as a spear, his black robe flapping loudly, a bamboo hat on his head, with a Divine Monkey mask on his face.

Chapter 1067: Namo Immortal Artisan Magnetic Cannon Blasts Evil Tathagata, Divine Monkey's Staff Slays the Undefeated Buddha (3)

The wild wind howled, the chaotic currents surged!

It blew the black tight suit on Li Che's body, making it rustle loudly.

Under the Equal to Heaven's Face, his eyes were as deep as a pool of dead water without ripples, holding only the intention of death.

The extremely cold killing intent slowly spread and intertwined from Li Che's body carrying the Heart-following Gold Iron Divine Rod.

The killing intent toward Huang Tuo gradually thickened.

Not to mention Huang Tuo targeted his daughter Xi Xi and himself, Li Che, wanting to indoctrinate them. This was already a situation of life-and-death struggle.

Moreover, to force him into the Divine Sculpture competition, Huang Tuo, in collaboration with the Daoist Master Mansion, continually insulted him, using rumors and slanders to tarnish his name.

Li Che himself would not care about these rumors and slanders.

After all, he, Li Che, was magnanimous and easygoing, but these slanders... would impact his family's mood, making his daughter Xi Xi and wife Zhang Ya angry, emotionally disturbed, unable to sleep well, or eat with relish...

How could this be something Li Che could tolerate?

However, when Li Che saw at Divine Carving Ridge how Huang Tuo used a Holy Hand Divine Sculpture to block Lv Taibai's sure-kill sword, he understood that Huang Tuo held in his possession a past life of Grandmaster Huang Mei, comparable to an Absolute Peak battle power.

Li Che naturally dared not act rashly.

But, Lv Taibai happened to want to take action, targeting the past life of Grandmaster Huang Mei. Therefore, Li Che would be impolite no longer.

He disclosed the identity of the Divine Monkey to Lv Taibai, and the two devised a plan.

Lv Taibai would draw out the Holy Hand Divine Sculpture that belonged to Grandmaster Huang Mei's past life.

And Li Che... or rather Earthly Hell's Evil, was responsible for dealing with Huang Tuo!

"Breaking the past life of Huang Mei is not the same as killing Huang Mei; it's nothing significant. Even if Huang Mei knows it's me, he couldn't possibly come and fight me to the death."

Lv Taibai said so.

He chuckled, "And killing Huang Tuo... it falls upon the Underworld to bear that malicious reputation. The Underworld should... also not care about adding one more evil name of killing a Little Lingyin Temple's mage, right?"

You Liqing was killed, the Princess Consort was killed, and the Su Family was slaughtered...

Does the Underworld commit few evil deeds?

Are there few malicious reputations?

What difference does this one make?

Lv Taibai wanted to keep the past life of Huang Mei, Li Che wanted to kill Huang Tuo...

The two, sharing the same foul odor, hit it off immediately, thus formulating this slaughter plan.

And the appearance of the Divine Monkey also enticed the exposure of Ji Mo Li's Heavenly King avatar...

The two big figures hidden in the dark were all exposed.

This could reduce the significant pressure for the Qian Yuan Divine Sect.

This point Li Che understood too well.

Enemies hidden in the dark versus those situated in the open, the pressure they bring about are entirely different scenarios!

"Huang Tuo..."

Li Che's gaze was deep.

"Six-Armed Buddha... hehe, this world's Buddha indeed has some issues."

"Evil Buddha, Evil Buddha..."

Li Che's eyes rolled with killing intent.

He stood atop Mo City, overlooking Huang Tuo and Ao Lie, who were on high alert in the city.

Ao Lie needed not to be mentioned, as his cultivation was ultimately only at the First Level of Martial Saint, feeling rather insufficient in confidence facing the notorious Underworld.

As for Huang Tuo, he was wary of that Yama level of the Underworld, comparable to Absolute Peak.

He pondered, if the Underworld Yama came to kill him, how he should elegantly face his demise.

They were unable to sense Li Che above Mo City's sky.

Heaven and Earth chessboard constantly enshrouded, covering every corner of Mo City.

Buzz buzz buzz——

Li Che coldly looked down upon them, both seeming unaware under his feet.

One by one, black Confining God Chess pieces shimmered around Li Che, then "hiss hiss" black aura, twistedly spreading out.

Slowly... they transformed into Confining Gods!

Yellow Sword Wine carried a Sword Box, an old wine gourd covered with sword scars hung at his waist.

You Liqing wore Golden Armor, slant holding a Gold-plated Eight-foot Snake Spear, wearing a helmet, its face-covering gold plates did not conceal the face, his eyes were bright, the battle intent vigorous.

Further back was the voluptuous and beautiful Dragon Queen Consort Ao Yuxin.

Besides, there was also... Su Leibao.

Su Daoling, the Divine Talisman Half-Saint, Li Che did not let him take action, such rough work... how could it be the job of a Divine Talisman Half-Saint?

He only needed Su Daoling to continue researching the Small Divine Sky Five Thunder Shocking Killing Talisman.

To deal with Huang Tuo, Li Che dared not underestimate any detail.

One Second Level of Qi Sea Martial Saint, three One-Open Human Pill Peak Martial Saints as Confining Gods, and on top of that, Li Che's own powerful battle force.

Li Che went all out, except without using the Yama level combat power, it was practically full firepower!

Huang Tuo, after all, came from Little Lingyin Temple, part of the Great Vista Eleven Divine Sects

With a thought, Li Che's spiritual mind moved, a painting slowly unfolded.

The slim Horse Face walked out from the painting.

His five fingers grasped a streamlined object, with its narrow mouthpiece bearing complex rune patterns inscribed upon it.

[Namo Immortal Artisan Little Divine Sky Super Electromagnetic Cannon]!

Horse Face hoisted the Little Divine Sky Super Electromagnetic Cannon, nodding towards the Divine Monkey, his toes touched down, his entire being directly disappearing into Mo City, making Horse Face even more like a tiger with wings in Mo City.

Upon finding the location, Horse Face suddenly set up the Namo Immortal Artisan Little Divine Sky Super Electromagnetic Cannon!

Taking out an elongated yet heavy electromagnetic cannonball made of Mystic Fire Black Wind Thunder Wood, he inserted it into the Super Electromagnetic Cannon.

This marked the inaugural appearance of the Namo Immortal Artisan Little Divine Sky Super Electromagnetic Cannon...

Click——

Sizzle sizzle!

As if a Thunder Magnetic Field began to stir, countless Thunder Arcs rapidly darting around Horse Face's body!

Heaven and Earth chessboard appeared in Horse Face's heart.

Chapter 1068: Namo Immortal Artisan Magnetic Cannon Blasts Evil Tathagata, Divine Monkey's Staff Slays the Undefeated Buddha (4)

"Hoo——"

"Sigh——"

The world fell silent in an instant.

Black rainwater rapidly poured down.

Then, within Mo City, the vigilant Huang Tuo's bald head turned crimson, locked on by Horse Face!

...

...

Whoosh whoosh whoosh—

The world was in deadly silence, so quiet that even a pin drop could be heard.

A terrifying death threat, like an extremely cold blade, fiercely grazed across Huang Tuo and Ao Lie's necks.

"Small Divine Sky... Five Thunders Shocking Killing Talisman?!"

"Half-Saint Divine Talisman?!"

"This is one of the Xuanfu Divine Sect's Ten Great Life-Killing Talismans... How can there be so many?"

"How many Small Divine Sky Five Thunders Shocking Killing Talismans did the opponent use?!"

"Protect me."

"Give me time to gather the [Six-Armed Buddha]!"

Huang Tuo took a deep breath, crossed his legs, and sat down on the ground, his face becoming extremely solemn as he looked at Ao Lie, who wore the Star Constellation Killer Mask, and said in a deep voice.

"Alright!"

Ao Lie didn't say much more.

Huang Tuo was a strong figure from the Little Lingyin Temple, one of the top-ranked Divine Sects, so the Divine Secret Techniques he mastered were undoubtedly extraordinary.

Now, being dragged into this city by the Underworld, Ao Lie could only rely on Huang Tuo.

Perhaps Huang Tuo was stronger in terms of strength; Ao Lie could only count on Huang Tuo.

The entire city was dead silent, like a ghost city in the Hell Netherworld.

Ao Lie tapped his foot and landed in front of Huang Tuo; in the next moment, a terrifying Martial Dao Will burst forth, the powerful Qi-Blood of the Dragon God Lineage began to burn fiercely!

Boom——!

Countless raindrops falling from the sky were repelled, exploding into water powder, which was swept up by the strong aura, seemingly forming a coiled and soaring dragon shadow in the air!

Thump thump thump——

Suddenly.

Huang Tuo, who was sitting cross-legged on the ground, only felt his heart begin to beat violently.

Boom——!

He saw the Small Divine Sky Five Thunders Shocking Killing Talismans suspended above his head explode violently, countless interwoven lightning pillars raining down!

In an instant, the blinding brilliance engulfed the two of them!

Ao Lie let out a long howl, his eyes reflecting a purple brilliance, and the black robe on his body instantly exploded, countless tiny purple dragon scales burst forth, with dragon bones flowing with purple light, ferociously breaking through his body!

The Star Constellation Killer Mask on Ao Lie's face directly shattered, unable to hide his identity anymore, the countless tiny dragon scales reflecting purple light, and a hundred-zhang True Dragon Shadow soared into the sky, colliding instantly with the terrifying power of the descending Small Divine Sky Thunder Talismans.

Qi-Blood rushed into the sky like wolf smoke, entangling with the thunder, like a blazing furnace raging and burning loudly!

Bang——!!!

A terrifying explosion detonated in the sky, and Ao Lie only felt immense pain!

This is the Small Divine Sky Thunder Talisman!

It's a Talisman from the Five Elders Middle Rank, equivalent to a Divine Power Secret Technique cast by a Divine Fetus Practitioner with One God Transformation.

For Ao Lie, his strong Dragon God Clan's dragon body could still withstand it, but he couldn't bear the sheer number of these Divine Talismans!

Boom boom boom——!

Countless tiny dragon scales exploded, dragon blood sprayed, the massive dragon body winding over the city, striving to withstand the explosive power of the Divine Talismans.

Dragon blood poured down like a torrential rain from the sky!

Drop by drop, crystal-like red agate, clattering to the ground.

Huang Tuo glanced, a smile slowly curling at the corner of his lips, his five fingers clenched, and the Divine Power contained in the dragon blood was instantly extracted.

He began to chant Buddhist hymns!

In an instant, a Six-Armed Buddha Shadow began to coalesce behind him!

"You——!!!"

Ao Lie was in unbearable pain, seeing Huang Tuo actually extracting the divinity from his dragon blood, he was instantly furious.

This baldy... was scheming against him!

He had deliberately let him withstand the force of the Small Divine Sky Thunder Talismans, causing him to bleed so he could use the divinity in his dragon blood!

Damn it!

But, Ao Lie had no time to worry about these things now, fully activating his Dragon God Bloodline to withstand the explosive power of those dozens of Small Divine Sky Thunder Talismans!

The explosive power of dozens of Five Elders Middle Rank's Small Divine Sky Thunder Talismans nearly tore Ao Lie apart!

Amidst anguished howls, the Purple Dragon True Form Ao Lie transformed into was almost nowhere intact, charred wounds gushing dragon blood, and the air was even filled with the scent of roasted dragon meat.

Who knows how much time had passed.

The succession of falling Small Divine Sky Thunder Talismans finally ended, with no more lightning pillars crashing down.

But...

There was an extremely loud dragon chant, exploding and echoing.

The thundering Ao Lie was stunned, where did this dragon chant come from?

In the next moment, he saw the black smoky rain being torn apart, a dragon shadow covered with dense azure dragon bones winding across the sky.

Countless dragon scales all spread out, hot air spurting from beneath the scales, forming an azure dragon skeleton!

The Dragon God Bloodline was resonating and boiling!

Ao Lie's somewhat dim dragon eyes suddenly widened, pupils shrinking to tiny green beans!

"This is..."

"Yu Xin?!!!"

"Ao Yuxin!!!"

This kind of connection between bloodlines, this incredibly familiar feeling!

This skeletal true dragon!

Isn't it his own younger sister Ao Yuxin?!

The Dragon Queen Consort who married the King of Quelling Chaos Ji Moli?!

Wait! .

Ao Yuxin... isn't dead?!

She isn't dead?!

She betrayed the Dragon God Lineage, betrayed Ji Moli?!

Boom——!

The azure bone armor reflected flowing light over the black city!

Bam!

A dragon claw struck fiercely, and on the back of the bone dragon, a powerful figure covered entirely in golden armor gripped a spear tightly, pointing it out!

Chapter 1069: Namo Immortal Artisan Magnetic Cannon Blasts Evil Tathagata, Divine Monkey's Staff Slays the Undefeated Buddha [Requesting Monthly Tickets]_5

The air seemed to have been pierced, forming an immense void!

Demon Python Spear!

Boom——!

Puff——!

The Dragon Queen Consort's claw fiercely slapped Ao Lie's head, then You Liqing directly detonated two divine seeds, and the Divine Seed Martial Art Demon Python Spear directly pierced the dragon head!

Like a heavy drum hammer striking a leather drum!

Accompanied by a piercing dragon roar, invisible sound waves exploded into ripples, spreading outward in rings!

Ao Lie only felt boundless terror as his dragon head was pierced by the terrifying spear light and then was skewered down from the high sky, viciously impaling into Mo City's bluestone ground!

The ground exploded into an enormous deep pit, countless cobweb-like cracks spreading and weaving!

Although Mo City had undergone repairs and became much sturdier, it still couldn't withstand the destructive power of a Martial Saint level!

Thick dragon blood spurted out like a fountain...

Ao Lie struggled a few times, but the terrifying and heavy dragon claw of the Dragon Queen Consort continuously slapped down fiercely...

After the dragon tail lashed out...

It completely lost the strength to sway.

Dragon blood flowed like a spring, forming a pool!

On the other side.

Huang Tuo's eyes suddenly widened, and at the moment when Ao Lie faced mishap, he flung his arms open!

"Six-Armed Buddha!"

Buddha's chant resounded, and suddenly, countless Buddha Lights rose and shone from his back!

Countless golden lights, centered around his body, continuously spread in all directions, as a gigantic golden Six-Armed Buddha, towering three hundred zhang high, stretched between heaven and earth!

Huang Tuo's figure also floated up, hovering at the heart position of this Great Buddha.

It was the most resilient place of defense.

After displaying this Six-Armed Buddha technique.

The pressure in Huang Tuo's heart completely eased.

Stable!

As one of the ten great Buddhist Laws of Little Lingyin Temple.

The Six-Armed Buddha was not only a renowned divine sculpture but also the Buddhist divinity technique that Huang Tuo main cultivated!

Capable of both attack and defense!

Among the same tier, it was indestructibly tough, with unparalleled defense!

When the six-armed Buddha's hand strikes, the assault was also earth-shattering!

What worried Huang Tuo was that in this mysterious city seemingly like a Small Cave Heaven, he wouldn't even have the chance to display this Buddhist Law.

After all, it required at least three breaths to evoke divinity...

This was one of the biggest flaws of this top-tier Buddhist Law!

Of course, it's not considered a flaw, for in the Little Lingyin Temple, every Divine Embryo Master would basically have a Vajra Monk to protect them.

To give them the time they need to perform their Buddhist Law.

Fortunately, this time, being dragged into this mysterious city, he could still convert a Dragon Son of the Dragon God Clan to endure for him!

"The Six-Armed Buddha is formed..."

"This humble monk... undefeated among the same tier."

Huang Tuo pressed his palms together, his big red kasaya fluttering in the Buddha Light and wind waves.

He confidently curled his lips.

Unless the Underworld dispatched a Mountain Path Martial Saint or a Three God Transformations Divine Fetus Practitioner.

Or if the Underworld Yama directly intervened.

Otherwise... as long as Huang Tuo fully defended, he was confident he could hold out until Grandmaster Huang Mei's past life came to save him!

However.

His confident smile had just lifted.

When he saw in the distance above a building, a brilliantly golden flower bloomed, scorching hot, with countless golden lightning interwoven, even the space seemed to twist and shatter!

He only saw the golden flower blossom, without hearing a sound.

Then...

He heard the breaking sound of his three hundred zhang high, furious-eyed Six-Armed Buddha's golden body, as if shattered like a mirror!

A slender water-drop shaped mechanical bullet, entwined with countless high-speed circling lightning, twisted the void at the bullet's front end, folding like ripples, finally pierced through the folds!

Terrifying penetration power erupted from that bullet!

An incomparably perfect mechanism!

The ultimate penultimate strike!

Sniping from dozens of zhangs away!

A serene and beautiful hunt like autumn flowers wilting!

Underworld——

Horse Face!

Huang Tuo's smile froze because the chest cavity of his furious-eyed Six-Armed Buddha was pierced by that incredibly heavy, wind and thunder magnetic storm entwined water-drop bullet...

Pierced directly through!

The chest caved inwards!

Then...

That electromagnetic cannonball with extreme penetration force.

Ripped through the majestic divinity of the Great Buddha's golden body...

Tore through his kasaya defense.

Ripped through his monk robe!

Evaporated his flesh, shattered his sternum, pierced through his heart—

Out from his back, erupting into a hazy mist of blood!

And at this moment...

Huang Tuo's ears finally resounded with an earth-shattering, thunderclap-like sound from behind the clouds.

What's more terrifying...

The thunder magnetism mechanical cannonball that pierced his body, blasted his heart, and shot out from behind him.

As soon as it exited his body, amidst the exploding hazy blood mist.

Suddenly transformed.

It became the Underworld Divine Monkey gripping the Heart-following Gold Iron Divine Rod, wearing a shattered mask.

The Divine Monkey stood behind Huang Tuo.

Shouldering the Treasure Stick Divine Rod, glanced sidelong at Huang Tuo.

"Undefeated among the same tier?"

"Who dares claim undefeated? Who dares declare invincible?"

"One stick to send you to meet Buddha!"

The Treasure Stick instantly flicked and hummed!

The Heart-following Gold Iron Divine Rod that Huang Tuo longed for eagerly...

Was instantly driven with terrifying force, whirling up with howling.

Turning over mountains and seas, amidst exploding waves...

Viciously struck Huang Tuo on the head!

"No—!!!"

Huang Tuo roared endlessly, fully contracting the heart-exploded and chest-collapsed Six-Armed Buddha golden body!

Yet...

Only contracted halfway.

Came to an abrupt halt.

Huang Tuo's head.

Along with severe deformation and twisting of five features and skull, along with the shattering Buddha Light, smashed meat, blood mist...

Like a blooming in the world...

Golden Lotus of Death.

Chapter 1070: King Yan Steps Into the Netherworld, 1 Staff Shatters Southern Heaven; Sect Master Joins Forces with the Underworld to Fish [Requesting Monthly Ticket]

Boom——!

Shattered Buddha Light, exploding blood mist, flying blood and flesh...

Like a golden lotus tainted with blood, swaying in the fierce wind, as if spreading the aura of death, symbolizing the withering and vanishing of life!

Huang Tuo, this Divine Sculpture Half-Saint from Little Lingyin Temple...

Had his head smashed with a single blow!

The terrifying sound of the explosion burst forth, the fierce wind whipped up, endless terrifying Qi-blood, pouring out from the rod strike of the Divine Monkey!

A flick of the rod, the power that erupted instantly, contained an exceedingly terrifying destructive force!

The space itself seemed to be smashed, spreading countless fine cracks like a net!

A deep depression occurred!

Huang Tuo's head was blasted apart...

But this was just the beginning!

Beneath the damaged Divine Monkey Mask, Li Che's eyes became extremely wanton and arrogant, the contemptuous gaze carrying a disdain for Huang Tuo!

After smashing Huang Tuo's head, the Heart-following Gold Iron Divine Rod once again broke through the air, swiftly striking down towards the headless corpse of Huang Tuo suspended at the heart of the Six-Armed Tathagata Golden Body.

Aiming to smash Huang Tuo's corpse into shredded flesh!

Huang Tuo's head was crushed with a single rod, the Inner Scene of the Energy Center shattered!

The Divine Fetus has no support, but...

Li Che did not see Huang Tuo's Divine Fetus emerge, which indicates that Huang Tuo's Divine Fetus was hiding within his corpse.

This was very peculiar.

Under normal circumstances, to accommodate Shen Yuan Golden Elixir, Divine Fetus, and other divine materializations, the Mud Pill Inner Scenery must be used as a vessel.

However, this blow smashed Huang Tuo's head, also shattering his inner space.

Yet, his Divine Fetus did not escape!

"Divinity backlash?"

"Or perhaps... a divine secret technique?"

A hint of mockery flashed in the Divine Monkey's eyes.

The Divine Rod was entwined with the majestic Qi-blood, the azure dragon pattern engraved on it seemed to come alive, the Five Elders' Divine Weapon was awakened and revived at this moment.

Beneath the incomplete Equal to Heaven's Face mask, Li Che's eyes appeared to be flowing with condensed golden smoke.

Golden thunder surged incessantly, the Dragon Elephant Vajra Dao Fruit within the chest roaring madly!

The center of his brow cracked open, a golden brilliant eye emerged in an instant.

Star Plucking Pupil!

Endless Analysis, Peering into Illusion and Returning to Truth!

With a single glance, he saw within the headless corpse of Huang Tuo, his Divine Fetus, like a balloon being inflated, continuously expanded, filling up Huang Tuo's headless body!

As if becoming active, ready to take over as the master, to control Huang Tuo's body!

The extremely splendid Buddha Light erupted from Huang Tuo's Divine Fetus, unleashing an ultimate sinister Buddhist nature!

Buzz——!

The previously stagnant Six-Armed Tathagata Golden Body suddenly accelerated its contraction, covering the surface of Huang Tuo's body like golden armor.

Clang——!!!

The Heart-following Gold Iron Divine Rod struck fiercely on Huang Tuo's headless golden body.

As if an ancient bell, suspended for ages in a clock tower atop a ten-thousand-foot snowy mountain, was struck, the explosive bell sound, ripples spreading, violently raged!

Huang Tuo's headless corpse was pounded by the dreadful power released by Li Che's blow, almost deformed.

However, after the deformation, it withstood the shattering explosion brought by the power.

Transformed into a golden cannonball, it slammed heavily onto the bluestone ground of Mo City.

Boom——!!!

The ground trembled, rubble flew, the fragments of bluestone scattered!

The mud and brick fragments soaked by the ink-colored rain seemed to be shaken by terrifying power, soaring high like a curtain obscuring the sky, reaching ten zhang high, then falling like a waterfall!

The spreading shockwave caused the ground to continuously explode in rippling waves!

"So hard..."

Beneath the Divine Monkey Mask, Li Che squinted his eyes.

Did the Divine Fetus... develop self-awareness?

Li Che could ascertain that it was definitely not Huang Tuo's consciousness, but rather the soul of Huang Tuo that had been eroded, granting the Divine Fetus intelligence.

After the demise of Huang Tuo's will, it began to invade his skeleton.

Such a bizarre power...

Existing even without the Mud Pill Inner Scenery...

"Because of that pervasive Buddha Light and Buddha Nature?"

Li Che recalled the Buddha Seal he had suppressed within the Heaven and Earth chessboard, his eyes reflecting several shades of color.

These Buddhist sect divinities... are indeed somewhat peculiar.

The capability to cultivate such divinity signifies the existence of a Temple God possessing such divinity, capable of providing the corresponding Divine Method.

"Six-Armed Tathagata... Evil Tathagata?"

Li Che's eyes grew cold.

The earth trembled, the cracked patterns continuously webbing and opening, the fissures kept spreading, ten zhang, dozens of zhang, a hundred zhang, hundreds of zhang!

Countless buildings in Mo City collapsed with a thunderous crash under the impact of the shaking forces, ink-colored dust and mist blurred the scene!

The dust was blown away by the fierce wind.

Having lost its head, Huang Tuo stood in the wasteland pit of the earth, his legs embedded in the ground, his entire being seemed to be coated with a golden hue.

His muscles and bones twitched, his spine arched, surprisingly, four bloody arms emerged from the back of Huang Tuo's corpse, combined with the original two arms, becoming six-armed!

The Buddha Light illuminated, the golden light dazzling, like a small sun.

Yet, there was no trace of the sun's heat, only a chilling coldness!

"Evil Tathagata..."

Beneath the mask, the corners of Li Che's lips slightly curved into an arc.

"Let's see how evil you are!"

Lightning surged around Li Che, violently sweeping, dancing wildly, like whipping, the air emitting a scorched smell from being whipped.

Prototype of Divine Powers-Shenxiao!

Shenxiao True Method, hastily as decreed, thunder upon the body, disaster undyed!

Shenxiao Evil Extermination!

Boom!

Numerous lightning glows exploded around Li Che, then converged on the body, transforming into an exquisitely delicate Thunder Armor, and every inch of Li Che's flesh and blood was imbued with Shenxiao Thunder, even the strands of hair were tinged with Shenxiao Thunder!
