

A Father 112

Chapter 112: The Strong Just Need to Overwhelm, Come Kill, Grandpa Bull Demon

The Xu Family, for Li Che, was a benefactor of sorts.

Even though the one who had provided assistance was Xu You, it still related to the Xu Family's system.

When he was weak, he had also relied on the Xu Family's influence to contend against the Spirit Infant Sect, preventing Xi Xi from being taken away by them.

Therefore, Li Che actually felt gratitude towards the Xu Family.

Otherwise, from the moment Xu Beihu set his sights on Xi Xi, Li Che might have donned the Bull Demon mask in the middle of the night and sneaked into Xu Beihu's room already.

Upon returning to Fei Lei City, the first thing Li Che cared about was the Thousand Buddha Carving Banquet.

The Thousand Buddha Carving Banquet was clearly a sacrificial event.

Feeling the changes in Divinity between heaven and earth, he could detect it quite clearly.

The Li Che of today, having formed the Divine Foundation of the Three-Eyed Fierce True Lord, with condensed Divine Sense, his perceptual powers had grown increasingly sharp.

Even without using the power of the "Chess Saint's" Dao Fruit, he could still clearly capture the fluctuations of Divinity.

However, the Thousand Buddha Carving Banquet was an event that City Lord Cao Guang had been preparing for many years, starting from the emergence of the Spirit Infant Sect, it was when Cao Guang began to make arrangements.

Therefore, Li Che couldn't stop it unless he recklessly went to the City Lord's Mansion to kill Cao Guang.

Honestly, after forming his Divine Foundation, with a surge in confidence, Li Che had indeed had such an idea, but very quickly, he suppressed that thought.

Because, he wasn't certain.

Rushing in without absolute certainty could easily put himself in a passive situation.

Mainly, Cao Guang had another identity, that is a follower of the "Corpse God Cult."

The Corpse God Cult was not like the Spirit Infant Sect that Cao Guang had made up, it was a truly terrifying sect sweeping across the entire Great Vista, causing even the Temple Control Bureau and Divine Sect to feel troubled.

Although Li Qingshan said that the Corpse God Cult's power arrangement in Yun Province was not much, and the master experts of the Corpse God Cult, as well as their main attention, were not in Yun Province.

But looking at the "Desire-Comparing Carnal Kannon" wood carving from the Horse-faced Person killed last night, the Corpse God Cult... might have already begun infiltrating Yun Province.

Cao Guang might possess the means of the Corpse God Cult, which is why Li Che had not recklessly gone ahead.

After all, if he couldn't kill with one strike, he might alert the enemy.

If Li Che took action, he didn't want to fail.

"Before that, let's settle the matters with the Xu Family first."

Li Che's body seemed to blend into the rain, devoid of any sense of presence, as if he turned transparent.

The "Slumbering Dragon Elephant"'s Breath Concealment ability made Li Che's body temperature, respiratory rate, and pulse almost disappear, completely blending with the natural world. **R**◆

Indeed not inferior to ultimate skill level Turtle Breath Technique.

"Our family departs for Mansion City today, and Xu You promised to bid farewell to Xi Xi... but he has not appeared today, given Xu You's nature of honoring his promises, most likely something has happened."

"But since the Divine Chess Piece placed on Xu You has not shown any warnings, it suggests that it has not involved Xu You's life..."

"Whatever has caused Xu You to not bid farewell must be no small matter."

Li Che flew silently across the streets.

He arrived outside the high wall of the Xu's Courtyard, a place he had passed through a few times, naturally it was a path he knew well. With a leap, like an eagle spreading its wings, he instantly glided into the courtyard.

His body rising and falling, without any exposure of his Qi and blood, he already darted into the Xu Family's garden.

With rockeries standing tall and pavilions winding, Li Che's Qi and Blood Cultivation had long reached the peak of Qi Channels, combined with the level 3 "Slumbering Dragon Elephant," his ability to conceal his breath was exceedingly powerful.

Even if he walked past ordinary people, they might miss him.

Although there was a Divine Base Cultivator, the Old Master Xu, within the Xu Family Compound.

But the Divine Sense perception of the Primary God-Base Realm only spanned ten meters; if it spread further out, it would become very blurry and vague, completely incapable of penetrating the Slumbering Dragon Elephant's Breath Concealment.

So, Li Che moved about as freely as if he were in his own home.

Wandering through the rain, as if merged with the wind and rain, the guards he crossed paths with, although vaguely sensing something amiss and looking back all around, saw no one there.

...

...

In the main hall of the Xu Family Compound.

Exquisite cuisine filled the tables, with fine wine on display, the robust aroma of liquor filled the air.

Outside, lightning flashed and thunder roared, but inside the Xu Family Compound, a family banquet was being held.

Xu You's face was extremely grim as he sat on the chair, fists clenched, lips pressed together.

He had risen early today, with the intention of seeing Li Che's family off as they left Mansion City, after all, once they went to Mansion City, it might be difficult to see each other again.

Li Che's family was unlikely to return to Fei Lei City, thus Xu You treated this as the last chance to see them off.

Despite his reluctance, he understood that Mansion City was the most suitable place for Xi Xi's development.

Xi Xi was about to enter the Divine Sect for cultivation, with the potential to become a Great God Cultivator in the future; he should be happy.

He had even prepared parting gifts.

But before he could leave the compound, he was summoned away by his father's personal appearance.

Xu You thought his father merely wanted to speak with him over a few things because he had just returned from dealing with evil spirits outside the city.

Without paying it much heed, Xu You went, only to find, to his surprise, that Xu Nanming had prepared an exceptionally lavish banquet.

At the table, he saw the Old Master Xu, the pillar of the Xu Family, the only Divine Base Cultivator, whom he hadn't seen for several years.

Next, there was his elder brother, Xu Heli.

However, what puzzled him was the absence of his second brother, Xu Beihu.

"Where's Second Brother?" Xu You asked, puzzled.

A shadow flashed in Xu Heli's eyes, but his face showed a smile. After pouring himself a drink and taking a sip, he said softly, "Your second brother has gone to Mansion City... He said there was business to attend to there."
