Entering from the Heavenly Spirit Cover, it pierced through in an instant!

Its penetrating power was so strong that it caused a web-like array of cracks in the green brick floor, with the spearhead deeply embedded in it.

"Your Grandpa Bull Demon is here to kill!"

From then on, a thunderous roar echoed throughout the entire hall, countless candles flickered, extinguished by the raging wind!

Xu Nanming's eyes were about to split, and Xu Heli's hair stood on end!

The boiling pot rolled, the boiling water surged.

Xu Heli, clutching the Bone-picking Knife, was due to the sudden burst of change, and all the entanglements and fears in his heart disappeared!

"Bull Demon—!"

Xu Heli shouted in shock and anger!

It's not... How come this guy hasn't left the city yet?!

Everyone knew who the Bull Demon was by now.

But today, didn't Li Che and his family already move out of the city?

Bang bang—

Divinity suddenly erupted from Xu Nanming and Xu Heli, two rivers of divinity surged continuously, as if two long rivers were entwining around their bodies like giant pythons.

But they felt an icy chill all over.

The Bull Demon's appearance... was too abrupt!

When did he get into the Xu Family Compound?

Moreover, he attacked from the darkness, so close that Old Master Xu was within ten steps and yet undetected!

If it were not for the impending strike, the burst of Qi and blood that alerted Old Master Xu, perhaps their heads would have been chopped off before they could react.

"How sinister, how malicious! To carry out such a sneak attack! Demon, demon!"

Xu Nanming's eyes were about to split; at that moment, he lost all composure of a family head.

It was more of the shame and rage of his dark deeds being exposed.

The violent wind blasted inside the room, and the Bull Demon's brow furrowed slightly; the Shocking Spear that had pierced Old Master Xu's body did not bring the feedback of death... R

This Old Master Xu wasn't right!

"No blood..."

Li Che's eyes beneath his mask swept across the scene, and it became clear.

"A decoy?"

He couldn't help but recall when he first saw Old Master Xu, that wood carving with Divinity, capable of speaking.

Divine Secret Technique!

Indeed, as the Shocking Spear pierced through "Old Master Xu," the Divinity on Old Master Xu was stimulated and erupted, turning the entire person into a wooden carving dressed in clothes.

Li Che flicked his fingers and countless indistinct silver threads shot out; in an instant, Old Master Xu's wooden carving exploded into numerous fragments.

The Shocking Spear, wrapped by Thousand Spider Threads, suddenly traced an arc, smashing towards the closest Xu Nanming.

Whirring—

The Thousand Spider Threads bound the Gilded Blood Shock Spear, and as it traced a swift arc, the wailing of the air being evacuated arose, pulling up a long howl, resembling a Blood Python rolling towards its prey!

Xu Nanming's hair stood on end, feeling the cloak of death's crisis enveloping his entire body!

Li Che's Divine Foundation Divinity didn't quite resonate with the Shocking Spear, but...

Even without using Divinity, just treating the Shocking Spear as a sharp weapon, its texture was exceptionally strong and tough!

Too fast!

Everything happened too fast!

Xu Nanming clenched his five fingers, Divinity infused within him, and in an instant a sword chant burst forth with streaming light, suddenly shooting out and firmly grasped in his hand as he viciously chopped down!

Clang!

The sound of metal clashing with metal exploded!

Xu Nanming's face turned crimson, a terrifying colossal strength rolled out from the blood-colored long spear.

Disbelieving, he lifted his head, feeling suffocated, but he met the dazzling eyes beneath the Bull Demon Mask, bright as the blazing sun!

The sword... instantly shattered!

How could an ordinary Fine Iron Sword withstand the Nine Luminaries Divine Weapon?

In just one collision, Xu Nanming's body of a Martial Artist at the Qi Meridian Realm trembled, feeling an unstoppable frightening force!

The arm that had held the sword and struck the Shocking Spear shattered, tendons and bones crushed, and blew apart!

A thick cloud of blood mist burst forth from the arm!

"Ah!"

Xu Nanming's soul trembled, the Gilded Blood Shock Spear shattered his sword, pulverized his arm, and then harshly struck his chest.

His entire body was sent flying, with the flesh of his shattered chest cavity drifting in the air!

A mist of blood fluttered through the room.

"I... couldn't take even a single hit?"

Xu Nanming, in mid-air, had thoughts like this filling his mind.

Although Xu Nanming had not fought with anyone for a long time, though he had been solely concerned with the family business, he was after all a Cultivator who had once made a rush at the Divine Foundation!

In his prime, his Divinity had not faded, and his vitality was at its peak...

Yet he was defeated by a single strike from the Bull Demon!

The sound of his flesh pulverizing and his iron sword breaking still echoed!

The towering figure of the Bull Demon had already clenched the blood-red, eye-striking Liu Blood Shock Spear, this Divine Weapon suddenly expanded, automatically adjusting to this moment's Bull Demon.

The spear's body grew thicker and larger, its blood-red patterns extremely fierce!

The physical might of the Bull Demon... was too formidable!

To ensure a one-hit kill, Li Che had activated the Angry Vajra, Unmatched Horizontal Refinement, Ultimate Peak of Qi Vein, confident even to crush an ordinary Mysterious Vein!

With such strength, how could Xu Nanming withstand it?

The Bull Demon had no words to waste, in fact, the moment he chose to take action, he was left with only one thought.

Kill!

Kill everything!

Outside, there was the roaring of sword light, furious shouts rolling in!

[Xuansi Liu Sword] Divine Foundation Divinity, covering the sky and land!

"Evil obstacle!"

"How dare you?!"

That was the true form of Old Master Xu, he had never anticipated that the Bull Demon would dare to commit such a brazen act of violence within the Xu Family Compound!

Hum

A round Divine Foundation rose like a millstone!

The very pinnacle of the Primary God-Base Realm!

He had already fortified his Divine Foundation and pushed it to Perfection, preparing to use this Thousand Infants Carving Banquet to advance to the Middle Realm!
