

A Father 1831

Chapter 1831: Sweeping Up 5,000 Years of Martial Fortune, Triumphant Over Heaven with Human Strength, Life and Death, Withered and Flourishing—Proving Martial Arts Immort

"This era...doesn't need Pure Martial Immortals. Even if you break through, what of it? Times have changed; stepping into the Martial Immortal Realm, you'll find it hard to progress!"

"Better not to enter!"

A cold voice resounded.

"Go! Lead the Divine Tribulation!"

A powerful figure hidden within the void spoke coldly. Suddenly, space shattered, and a Divine Tribulation Cultivator swiftly emerged from the broken space.

It was a eunuch!

Indeed, dressed in the robes of the Ziyi Diao Temple, embroidered with dragon patterns, clearly a person of immensely high standing within the temple. .

Very old, yet a face pale and beardless.

As soon as this old eunuch appeared, he unhesitatingly darted towards Li Che, who was enduring the onslaught of a Heavenly Tribulation. Subsequently, with divine impact, the will of Heaven and Earth seemed to rage, a thunderbolt suddenly struck down!

"Ah—!!!"

This eunuch, a cultivator of the First Calamity Divine Tribulation, merely screamed once before being wiped out in the thunder, turning to flying ash!

He meddled in the Martial Immortal Tribulation, dying too thoroughly, an electric flash was simply unstoppable.

However, due to this interference, the power of the Martial Immortal Tribulation Thunder surged upwards.

Bang—!!!

The thunder almost pierced through one's eardrum, as if the Milky Way from the Nine Heavens was cascading down, akin to stars crashing into the earth!

Splutter!

Li Che coughed out a mouthful of blood mist; the Heavenly Tribulation became more terrifying, his gaze coldly fixed on a corner of the void.

"Emperor of Great Vista, is that you?!"

"Malicious and despicable."

"Your name is in the Earthly Netherworld Life and Death Book, soon you'll be collected!"

The voice of the Earthly Ghost Emperor was resounding, without any weakness, very confident!

Hum——

The strong figure hidden within the void merely snorted coldly.

Meanwhile, various Small Cave Heavens revealed themselves, supreme figures within casting their gaze down.

Within the Small Cave Heavens, cultivators who had just broken through to the First Calamity Divine Tribulation Realm also rushed out unhesitatingly, igniting Three Calamities and Nine Tribulations by force!

Instantly struck to ash, no corpse remains!

Yet using their lives as a price, they forcibly enhanced the power of the Calamity a great deal!

Three Calamities and Nine Tribulations mingled with the Martial Immortal Tribulation!

Even someone as strong as Li Che, with his Martial Immortal Golden Body, was battered and broken!

The purple flames grew dim, as if about to extinguish, but the Martial Immortal Dao Essence shadow overlaying his body nearly completely merged with him at this moment.

The Golden Heavenly Gate too was booming and shaking!

"Little brother, you surely can absorb, really heading for Body Sanctification? Old Sun will give you a hand! Hehe!"

In the void.

Suddenly, came the sound of Old Monkey's laughter.

The next moment.

The Heaven and Earth Essence Qi within a three thousand mile radius surged wildly, expanded instantly, and Heaven and Earth Essence Qi within a five thousand mile radius rolled like waves, pushed continuously from the edges of the world.

In an instant, it suppressed the divine waves moved by numerous strong figures drawn from various Small Cave Heavens.

Boom— —!!!

Suddenly.

Just as each faction's strong figure tried to take action... a glittering golden stick grew ten thousand feet huge, pressing horizontally in the void!

The golden Great Buddha was instantly smashed open, turning into countless erupting Buddha Light flying upward.

And the Gold Winged Peng Bird hidden in the Small Cave Heaven let out a scream!

"Equalling Heaven! Equalling Heaven, are you insane?!"

"No deity dares set foot in the human world?! Surely they'll be struck to ash!"

"For mere Half-step Martial Immortal, is it worth it?!"

However.

The golden rod was grasped by a furry hand, accompanied by a "hehe" sound, fiercely plunged into the Small Cave Heaven, striking like a dragon, smashing the overwhelmingly powerful Gold Winged Peng Bird to exploding, leaving only the feathers flying.

Inside the Small Cave Heaven, Old Monkey donned the Golden Armor, the Phoenix Feather Purple Gold Crown swung wildly, but this time no red cloak, Old Monkey shouldered the Golden Hoop Stick, laughing happily.

One step forward, out of the Cave Heaven.

A Mystic Yellow Banner flapped behind Old Monkey on the Golden Armor.

It was the Gathering Immortal Yellow Flag!

"Old Sun is out, Old Sun is in again!"

"Hehe..."

One by one Small Cave Heavens hovered horizontally, many strong figures' eyes cracked with rage, Gathering Immortals Flag! This monkey actually acquired the Gathering Immortals Flag!

With Gathering Immortals Flag, though only one, but brief presence in the human world is achievable!

This is the treasure of the Dark Heavenly Court's All Gods Camp. How did it fall into this dead monkey's hands?!

Some strong figures couldn't sit still, commanded to carry the Small Cave Heaven and began retreating hastily.

And Qitian Temple God with a flag planted behind him, advancing and retreating within those retreating Small Cave Heavens.

Screams sounded continuously, even more tragic than the Earthly Ghost Emperor stricken by thunder.

Boom——!!!

Between Heaven and Earth, an enormously thick lightning appeared abruptly, like a giant dragon!

It split through the eyes of all!

And that five thousand mile Heaven and Earth Essence Qi, at this moment, was completely siphoned away to emptiness!

Every gaze landed on the dried up Grand Canal riverbed.

A huge Deep Pit appeared on the riverbed.

Sizzling hot steam fumed.

And within that Deep Pit, a figure stood, pitch black like charcoal, indiscernible from a human form.

The purple flame that had been burning seemed extinct, as if vitality had been erased.

Suddenly.

Terrifying as thunder, the sound of a heart beating exploded.

Crack——Crack——

The charcoal-like figure struck by the terrifying thunder slowly moved, life and death withered, immortal and eternal, carbon scattered, eyes suddenly opened, dazzling golden light burst from the shed blackness!

Li Che's eyes glinted golden, at this moment, the Calamity vanished, the storm calmed.

In his mind, like a rolling great bell, finally understanding his own realm.

Martial Immortal...

What is Martial Immortal?

Endure the Heavenly Thunder, live from death, human power surpasses Heaven!

That is Martial Arts Immortal!

Billions of rays illuminate Heaven and Earth!

As if helming the five thousand-year Martial Fortune of the human world forwards and backwards, proves Dao as the sole Martial Arts Immortal, at this moment, fullest brilliance erupts!

Even Equalling Heaven emerged from the Small Cave Heaven, flicking blood off the stick, couldn't help but cast his gaze.

How long has it been since the birth of a Martial Immortal became so arduous...

A trace of melancholy and desolation couldn't help but show in his eyes.

The era belonging to the immortals, has it truly passed?!

Chapter 1832: The Crown Prince Reborn—Defiant, Unyielding, and Fierce; Slaying All Gods, Immortals Among Humans

The thunder disappeared, and everything became incredibly quiet.

The moonlight was like water, no longer golden, fading in color, pouring down from the azure sky, bringing a clear brightness to the human world.

The heavenly tribulation, intertwined like an aurora, vanished, it was a true heavenly tribulation, more terrifying than the Three Calamities and Nine Tribulations. Even an existence like the Earthly Ghost Emperor, with an ultimate powerful Martial Immortal Body, almost got blasted by the thunder.

However, the Earthly Ghost Emperor ultimately was not blasted apart, he survived the terrifying tribulation thunder that was comparable to the third disaster tribulation.

The Grand Canal, this section completely dried up.

The riverbed, with evaporated water stains, was exposed, and many fish and creatures had long been terrified by the Heavenly Might, frantically fleeing the area, leaving only a pure and spotless riverbed.

The purple flames atop the Earthly Ghost Emperor's head reignited, the Golden Skull became even more dazzling, as if ancient golden patterns were flowing and wandering between the bones.

The blackened parts began to fade away and fell off, revealing a newly healed physical body that absorbed five thousand miles of heaven and earth essence qi into itself. The skin was crystal clear, with golden blood roaring like a waterfall through the meridians.

Everyone's gaze focused here, their breathing quickened, unable to stay calm, their hearts filled with shock.

Did it succeed?

It seems... it succeeded!

Because the heavenly tribulation above the night sky dispersed and retreated, no longer gathering the will of heaven and earth, no longer descending tribulation punishment, seemingly merging into the heaven and earth itself.

Everyone's gaze turned to the Earthly Ghost Emperor, the purple flames burned and twisted, like a mask covering the face, preventing others from discerning his specific identity.

Who is the Earthly Ghost Emperor?

Such an existence, walking with an extraordinary demeanor on the Martial Path, in this era where the Martial Path is plagued by divinity, and it is impossible to prove oneself as an Immortal...

Who could the true identity of the Martial Arts Genius who proved themselves as a Martial Immortal be?

It is utterly impossible to be completely unknown!

Everyone started brainstorming, pondering the specific identity of the Earthly Ghost Emperor. In the past, they didn't care, but now they can't help but care.

Because the Earthly Ghost Emperor has proven himself as a Martial Immortal!

A Martial Immortal, although only just broken through, is an existence of the same realm as a One Disaster One Tribulation Divine Tribulation Great Cultivator!

But one point is different, in terms of combat power, a Martial Immortal absolutely crushes Divine Tribulation Great Cultivators!

Because the Martial Immortal Body is too strong, even ignoring Divine Tribulation Secret Skills, a Martial Immortal would have no fear even facing the Two Calamities Divine Tribulation!

Such an existence, already stands at the pinnacle in the human world, able to have their title known by the world!

However, no one knows who the Earthly Ghost Emperor is, searching through all memories, making countless guesses, yet unable to find a name that matches the Earthly Ghost Emperor.

Mainly because it's too rare, spanning five thousand years forward and backward, wildly absorbing five thousand years of martial fortune in the human world, only then proving himself as a Peerless Martial Immortal!

It's simply astonishing!

Rustling sounds reverberated constantly, around Qi Tian City, a dense crowd gathered, observing a Martial Arts Genius, breaking through to the Martial Immortal Realm, the martial artists challenging the martial limits of this era, at this moment, their faces were excited and flushed, their qi-blood restless, emotions unable to be contained, discussing among each other.

Martial Arts Monument!

The Earthly Ghost Emperor is now the Martial Arts Monument in the human world!

With pure martial arts, not tainted by any divinity, breaking through to the Martial Immortal Realm, which is also the Divine Tribulation Realm... this is almost an unmatched unparalleled existence!

Resisting the temptation of divinity, is such a formidable person!

But...

Everyone couldn't help but raise their heads, looking over, a dazed expression involuntarily appeared on their faces.

"No... that's not right..."

"The Earthly Ghost Emperor seems to be guarding against something... is it possible that the heavenly tribulation hasn't ended?!"

"That can't be right, the heavenly tribulation has already dispersed, there's no threat from the Will of Heaven and Earth descending... what is he guarding against?"

...

Many people with sharp perceptions originally thought the breakthrough Earthly Ghost Emperor would display an open and carefree emotion, yet he did not, and many even noticed the Earthly Ghost Emperor's vigilance.

The True Martial Divine Sect Master Shi Jian and the ancestor Shi Yuan, also showed a grave and desolate expression on their faces.

"Could it be... there's still another tribulation not yet resolved? The Earthly Ghost Emperor has come this far, the Martial Immortal Realm... is it truly so difficult to step into?"

True Martial Divine Sect's ancestor Shi Yuan raised his head with a long sigh, with a feeling of sorrowful tears streaming down.

Martial Path... could it be that there is no path forward, endless darkness?

...

...

Li Che stood in place, the charred remains fell away, and his whole body recovered, essence qi was drawn into his body, blood and flesh were reconstructed, his state better than ever.

Mainly because the [Dragon Elephant Vajra] Dao Fruit in his chest also underwent the baptism of the heavenly tribulation together with him.

Perhaps it also experienced significant enhancement and transformation!

However, Li Che did not relax, tribulation fire circled above his head, the golden skull reflected, and in his eyes, flames still flickered.

His brow split open, the Star Plucking Pupil appeared, a vertical pupil reflecting all directions!

The Heaven and Earth chessboard also roared up, swirling in the sky, searching for that inexplicable sense of unease coming from nowhere!

That subtle, sinister sense of crisis, like poisonous snakes spitting out their tongues hidden in the darkness, left Li Che with no time to savor the joy of just breaking through to Martial Arts Immortal.

Yet, after looking around, finding nothing, Li Che couldn't help but feel bewildered. Had he sensed wrong?

Perhaps it's because of the unprecedented great tribulation, struck by tribulation thunder, that his nerves were a bit disordered?

This Martial Immortal Tribulation, indeed, is the greatest crisis Li Che has encountered since he began cultivation until now.

Chapter 1833: The Reborn, Rebellious, Unyielding, and Furious Crown Prince Slaughters All Gods; Immortals Among Humans [Monthly Ticket]

Unprecedented crisis!

Blood and flesh were split open with numerous gaping holes, nearly causing the physical body to crack and explode on the spot; the Martial Immortal Golden Body almost reached its limit!

Primarily, all factions acted too despicably, with the Emperor of the Da Jing Dynasty personally orchestrating a scheme, forcing a Divine Tribulation Cultivator to sacrifice his life and detonate his own calamity, significantly amplifying the threat and intensity of the Martial Immortal Heavenly Tribulation.

Fortunately, the physical body was strong enough, coupled with the [Lei-Ci Dao Body] Dao Fruit frantically siphoning the power of tribulation thunder, thus safely overcoming this ordeal.

Yet Li Che was near death, as if a sliver of the Primordial Withering Branch's power turned the cycle of life and death, resurrecting with vitality.

Li Che stood in place, his powerful physical body with muscles and bones like Qiu Long, tense and unwilling to relax even slightly, as the threat was ever-present, haunting him like maggots on bones, causing unease.

"Martial Arts Immortal... the path of Immortality forged through the Martial Path; if this road is acknowledged as Immortal Dao, its upper limit seems higher than the current Divine Dao between heaven and earth."

"Martial Arts Immortal, above the Human Immortal there are other Immortal Dao realms, perhaps in the future one might transform into Heavenly Immortal, transcending heaven and earth, unbound!"

Li Che's eyes flashed.

In the instant of completing the breakthrough leap, it was like a bell tolled in his mind, enlightening him about the tier of his martial arts realm.

Moreover, Li Che felt something distinct.

That after attaining Martial Arts Immortal, although the heavens still exerted repelling forces, Li Che's existence in the human world didn't seem to carry the looming threat of the Three Calamities and Nine Tribulations like the Divine Tribulation Realm. .

He could freely exist in the human world, exerting martial arts and explosive power to his fullest.

Li Che was quite surprised, could this be the special nature of Martial Arts Immortal?

Or perhaps, Pure Martial way is the original Dao of the human world?

Thinking this way, it seemed reasonable, Divinity... originally the Mysterious Temple emerged from the Strange Que, infecting the human world, forming the cultivation system after Divinity was introduced.

And before this, Martial Path was fundamental!

Boom boom boom——

Suddenly.

Li Che heard the sound of an ancient bell resonating.

Lifting his head abruptly, he looked towards the direction of Qi Tian City, where the source of the ancient bell's echo was within the city.

"Qitian Inner City?"

Li Che furrowed his brows.

Then, he discovered that the sky above Qi Tian City began turning illusory, countless chaotic flows interweaving, appearing like massive cracks emerging.

A tremendously intense crisis filled the air, not only making Li Che's hair stand on end, but nearly every cultivator present felt boundless horror and awe, with great fear swelling in their hearts!

Li Che clenched his five fingers, golden qi-blood misty and enveloping around his golden body, the Golden Heavenly Gate hanging overhead, Martial Immortal Dao Essence perfectly fused with the physical body, greatly enhancing his power!

Yet, at this moment, with his newfound enhancement, Li Che felt terror.

Like the end times of heaven and earth had arrived, with thoughts of hopeless despair.

This crisis... is aimed at him!

Li Che clenched his five fingers into a fist, the Three-point double-edged knife immediately fell into his hand, his entire golden qi-blood surged towards the skies.

And countless strong ones who rushed from across the land to witness the occasion were utterly changed.

Even those strong ones hailing from the Western Regions Buddha Land, Wushen Mountain, and Da Jing Dynasty revealed astonishment, with other forces intending to sabotage the Earthly Ghost Emperor's breakthrough?

Not allowing the Underworld to birth a Martial Immortal, and rise further?

Why not intervene earlier?

The Earthly Ghost Emperor had already completed traversing the calamity, perfectly merged Martial Immortal Dao Yun with the physical body, reaching the true Martial Immortal Realm!

"What is this?"

Yet everyone's heart was still shocked.

They also focused on the changes in Qi Tian City, where the high walls of Qitian Inner City, at this moment, could hardly provide concealment.

Endless mysterious fog wove and churned continuously, everyone looking on as if seeing a piece of land floating amidst the endless haze, covered in countless mysterious fog ribbons...

Like another realm within Qitian Inner City approaching slowly!

The void trembled violently, the concentration of divinity seemingly boosted by a thousand degrees at that moment, boiling over, like water flowing on a red-hot pan!

Whoosh whoosh whoosh whoosh——

It felt like a wind blew past, and everyone's spirits were invigorated, just sensing the divine concentration between heaven and earth soaring exponentially.

Crash crash——

The dense divinity actually materialized into liquid form, droplets pattering down like a torrential divine rain!

And these countless divine torrents, pouring torrentially, rapidly enveloped the newly ascended Earthly Ghost Emperor, weaving above him.

Divinity seemed to awaken instantly, possessing consciousness, as if deities vibrated their bodies, shook divinity from their forms, and manifested a conscious will, invading a newly minted Martial Immortal!

Aiming to parasite onto its body, transforming the Martial Immortal Body into a perfect Body of Martial God!

"It's the Strange Que... this is the calamity emerging from the Strange Que!"

Li Che's hairs stood on end.

At this moment, the entire Qi Tian City as if shrouded in an incomparably grand divine power, the void shivering, almost collapsing, numerous martial artists trembling all over, hard to breathe.

Several Grotto Heavens floating and sinking, with strong ones casting incredible glances from within.

Chapter 1834: The Reborn, Defiant, Ruthless, and Irascible Third Crown Prince, Slaughters All Gods; Immortals Exist in the Human World (part 3)

No matter if it's the Western Regions Buddha Land, Wushen Mountain, or the Da Jing Dynasty, or even the hidden supreme beings within the Small Cave Heaven, unable to tread in the human world, all are terrified by this!

"Earthly Deceit Que!"

"A projection of a corner of the Earthly Deceit Que?!"

In a Small Cave Heaven not yet pierced by the Great Sage's Golden Hoop Stick, shadows appear, powerful qi ebbs and flows, standing atop it, casting their heated and apprehensive gaze towards the projection behind the Qi Tian Inner City, like an island drifting over from the Vast Sea!

The Nine Heavens and Ten Earths Mysterious Land!

A mysterious land within the Mysterious Que!

Rumored to be a place where truly immortal deities slumber!

Such a mysterious land, and it reveals a corner at this moment!

What is happening?

Because the Earthly Ghost Emperor broke through to become a Martial Immortal, did it alarm a corner of the Earthly Deceit Que, even causing a projection to appear?

Is there an immortal deity from the other side of the Earthly Deceit Que, descending with intent to personally suppress?

Not allowing the emergence of a Martial Immortal in the human world?!

Everyone is in shock, bodies continuously trembling.

True Martial Divine Sect rushed over, the martial artists cultivating True Martial, even let out resentful cries!

"Indeed—indeed!"

"In the past, the founding patriarch of our True Martial Divine Sect failed to break through to Martial Immortal, struck down by the immortal deity within the Mysterious Que, despairing in body and mind!"

"Now, it appears again, the deepest part of the Mysterious Que, the immortal deity of the Nine Heavens and Ten Earths Mysterious Que, is going to interfere with the human world, acting in place of Heaven?!"

This ancestor shed blood and tears, roaring fiercely, his entire body quaking with qi-blood, soaring into the clouds, his pale golden blood transforming into an intense golden dragon pillar!

His aged hair and beard fly wildly, but his physical body is filled with terrifying strength akin to steel muscles and iron bones!

Rumblerumble——

As if his provocative stance toward the immortal deity was detected, terrifying divinity gathered above his head, extinguishing his fierce qi-blood and forcing him down to the ground!

Hiss hiss hiss——

Hot blood extinguished, issuing thick rolling smoke.

This patriarch of the True Martial Divine Sect knelt on the ground, full of resentment, gnashing teeth.

Rumblerumble——

Vast divinity like dense clouds, moving to cover the Earthly Ghost Emperor, divinity intertwined like serpents, occasionally darting out from the cloud.

Li Che's head blazing with purple fire, golden light bursting from his eyes.

His muscles and bones trembled wildly, within his chest [Dragon Elephant Vajra] Dao Fruit quivering intensely, with an insatiable desire for battle!

The divine clouds covering a thousand miles, pressing upon the skies, so dense it's pouring down rains.

Li Che's gaze cold and indifferent, five fingers gripping tightly, the light of the Three-pointed Two-bladed sword crisscrossed, held firmly in his hand, Mo Shan stained with blood, behind him the Dragon Elephant Furnace rising, seven rounds of Vast Sun soaring into the sky!

The entire person ignited, transformed into a mass of golden flames!

"Heaven and Earth Will has acknowledged me, you deities of the Mysterious Que... want to erode me, assimilate me? You are so unwilling for the human world to have a Martial Immortal? Then I shall become the only Martial Immortal of the human world!"

The fearsome divine power sweeping in, Heaven and Earth Will immediately responds but takes little action.

Li Che looked over, only to find within a thousand-mile range of Qi Tian City, one Mysterious Que after another emerging like bamboo shoots after rain!

Mysterious fog churns, the tiles of the Mysterious Temple walls intermittently visible amid the rolling mist, the Mysterious Que marking its territory, spreading across the land!

Then, the vast divinity transformed into light pillars charging into the sky, further thickening the divine cloud!

Rumblerumble!

Divinity rises like tides, fiercely striking towards Li Che, who is radiating golden light!

The scattered divinity floating in the air, like madness, rushing swiftly towards Li Che's body, trying to penetrate into Li Che's pores.

To transform this new Martial Immortal into Divine Martial!

All the major factions sighed in relief; it would be tricky to deal with a Martial Immortal in the human world, especially from the Underworld, in the Prison Lotus Camp, making it hard to manage, causing concerns.

Because a Martial Immortal has survived the terrifying calamity, gaining the endorsement of Heaven and Earth, able to walk and act in the human world, it poses a Dimensional Reduction Strike to the various factions' divine tribulations.

Now, within the projection of a corner of the Earthly Deceit Que, a deity of the Earthly Deceit Que takes action, attempting to transform the Martial Immortal.

Many couldn't help but feel schadenfreude.

The Underworld, having its day!

Facing retribution, isn't it?!

...

...

Qi Tian Inner City, atop the city wall.

Xi Xi's small face trembles endlessly, she turns her head incredulously, her large eyes filled with terror beyond belief.

Wrapped around her body, the soft Chaos Silk seems to come alive, transforming into a rigid stance like facing a great enemy, straightening like a Divine Spear, pointing towards the nearly suffocating projection of a corner of the Earthly Deceit Que behind!

"Boss!"

"What is this thing?!"

Xi Xi exclaimed.

The boss grasping Xi Xi's hand also turned to look, white clothes fluttering like snow.

Lord Dog squinted its dog eyes, a flash of disdain in the gaze.

Snorted, but took no further action.

"Immortal deity."

The boss said softly.

Xi Xi took a deep breath: "Seems very powerful."

The boss has an unlit cigarette between his lips, the cigarette bobbing up and down, his words drifting: "Fried it's quite good, braising works as well, but raw marination might be a bit fishy..."

Xi Xi: "Huh...?"

Although the boss said that, a touch of worry still surfaced on Xi Xi's face.

Chapter 1835: Reborn, Rebellious, Hard-Boiled, and Hot-Tempered Third Crown Prince—Slaughtering All Gods, Immortals Among Mortals [Monthly Ticket] (4)

"Can the Ghost Emperor withstand it? The hard-earned Martial Immortal, will it become Divine Martial?"

Xi Xi asked.

"Don't worry, when the sky falls, there's always someone tall to hold it up."

The boss said indifferently.

In the next moment, taking Xi Xi by the hand, accompanied by Lord Dog, they vanished directly from the ramparts of Qi Tian Inner City.

When they reappeared, they were back in the dimly lit restaurant with orange lamps shining.

...

...

In the void, a Treasure Pagoda suspended elegantly.

The Great Supervising Minister sat atop a Mystic Turtle, slowly casting his gaze.

Beside the Great Supervising Minister stood a graceful figure clad in a Daoist robe, none other than Fang Shangzhen.

"Great Supervising Minister, should we intervene?"

Fang Shangzhen couldn't help but ask.

This is a rare appearance of a Martial Immortal in the human world, who has survived the terrifying tribulation of Heaven and Earth Will, and has gained certification from Heaven and Earth. Should he now be eroded by the spirits in the Strange Que?

The Great Supervising Minister's face was shrouded in Divinity and Dao Yun, his eyes incomparably deep.

He gently shook his head.

Without responding to Fang Shangzhen, he simply watched calmly.

The Earthly Ghost Emperor being able to survive the Martial Immortal Heavenly Tribulation, the first Martial Immortal in five thousand years, indeed caught him by surprise.

However, he knew the means of the Underworld.

The Earthly Ghost Emperor still has his cards, if he wants to leave, the Immortal God in the Earth Deceit Que, even if projecting a corner, could not possibly suppress him.

As for him.

Now is not the time to intervene.

...

...

Li Che indeed can leave.

The cloud of Divinity swept over, a series of Mysterious Temples appeared simultaneously, appearing around Qi Tian City, making the Divinity within Qi Tian City's range suddenly multiply!

Divinity seemed to transform into a torrential red rain.

Countless people lost their voices, some powerful Martial Saints sighed, indeed, the path of a Martial Immortal is impassable.

Even after surviving the terrible Martial Immortal Calamity, there are immortal gods in the Strange Que waiting.

The immortal gods in the Strange Que do not wish for Martial Immortals to emerge in the human world, seeking to transform and slaughter, inducing despair.

Those are the gods in the Earthly Strange Que, residing high in the Nine Heavens and Ten Earths Mysterious Queues, an unimaginable presence!

Li Che stood still, his whole body of golden blood roared like fire, gazing intently at the corner of the Earthly Strange Que, projected within the Qi Tian Inner City Strange Que, staring at.

His mind already stirring, wanting to retreat into Mo City Fengdu, isolating Heaven and Earth.

However, retreating in this manner, although it could break through the torrential Divine rain, unaffected by Divinity, he would lose the opportunity to establish a connection with Heaven and Earth Will after breaking through the Martial Immortal, losing the qualification to walk in the human world without the threat of Heaven and Earth Will afterwards.

Boom——!!!

Suddenly.

A not particularly burly figure blocked ahead of Li Che.

Purple Gold Phoenix Feather Crown, Golden Armor, Gathering Immortal Yellow Flag, Cloud Shoes!

Carrying the Ruyi Golden Cudgel, monkey hair fluttering in the wind, with a cigarette that Li Che knew very well clamped in his mouth.

Boom——

It was Qi Tian Old Monkey, rushing out swiftly after killing a strong opponent in the Small Cave Heaven.

The Old Monkey didn't speak, merely placing the Ruyi Golden Cudgel horizontally before him.

He turned back to glance at Li Che.

"Young brother, the path of Martial Immortal is to defy heaven in today's world... It is something forbidden by all gods, whether revived spirits or immortal gods of the Nine Heavens and Ten Earths, none will permit a flawless, unaffected by Divinity Martial Immortal to appear, they want to completely sever this path."

"Moreover, what they fear more is this Martial Immortal appearing in the Prison Lotus Camp..."

"That is something they absolutely will not allow."

Qi Tian said.

"Young brother... Would you promise Old Sun one thing?"

Li Che's golden blood like fire, holding the Three-point double-edged knife obliquely: "Please say, senior."

"Protect the little girl well, keep her happy always, avoid repeating mistakes, it's too cruel, too harsh for a little girl..."

"All gods are afraid of her, so they're unwilling to let her revive and return. In this life, the little girl might live in another way."

Old Monkey lifted the golden rod, laughing as he spoke.

Li Che's heart trembled, knowing Qi Tian was speaking of Xi Xi.

"Then... find a chance to revive that irritable Third Crown Prince, if that guy revives, it'd give those gods a real headache for a while."

"That irritable Third Crown Prince is tougher than Old Sun, rebellious and hard as bone."

Old Monkey seemed to be entrusting.

Li Che replied: "Senior..."

"Don't worry, Old Sun won't die easily."

"Only, now is too early, the Prison Lotus still needs time to blossom."

"Originally, I planned to rush into the Earthly Strange Que, to meet that group of self-proclaimed immortal, actually afraid to die gods, to strive for some time."

"Unexpectedly, they've jumped out themselves, couldn't hold it anymore..."

Old Monkey sneered.

"Old Sun cannot stand oppression, the more they oppress, the more uncomfortable I feel..."

Old Monkey slowly straightened his back, his body rapidly enlarged, becoming tall, straight, majestic, monkey hair like fire, eyes scarlet, he grasped the endlessly divine light-emitting Ruyi Golden Cudgel.

"Young brother, promise Old Sun."

"Given a chance, fight alongside Old Sun, slaughter these gods of the Nine Heavens and Ten Earths! Let them know..."

"The human world still has immortal!"

Boom——!!! .

With words finished.

Transformed into the majestic Divine Monkey form, Qi Tian took a step forward, countless clouds gathered beneath his feet, he stretched his five fingers, brushed his nape.

Actually brushing out a large handful of monkey hair!

A breath blew forth, and countless monkey hair instantly metamorphosed in the void, transforming into countless figures clad in Golden Armor, wielding Ruyi Golden Cudgel, wearing Phoenix Feather Purple Gold Crown.

Rumbling——

A rod pointed to the heavens, then countless Ruyi Golden Cudgels pointed to the sky.

Countless divine clouds surged into the body of Qi Tian divine monkey.

The Divinity trying to taint Li Che's Martial Immortal Golden Body vanished completely.

The Divinity originally seeking to taint Li Che was unceremoniously absorbed completely by Qi Tian Great Sage, swallowed clean, even burped, countless burp sounds echoed like the thunder.

"Hahaha——"

"No matter what setup the gods planned, Old Sun's life is fearless, only battle! Fight! Victory!"

"After all, I am the Great Sage Equalling Heaven!"

Boom——!!!

With countless cries from Qi Tian, a somersault, rod shadows intertwined, resembling billions of rays piercing the Star River, tore through the sky above Qi Tian City, like a meteor shower, crashing toward the projection of the Earthly Strange Que corner.

"Old Sun goes now!"

Chapter 1836: Martial Immortal Golden Body Attacks Body Sanctification, Lord, Your Incredible Fortune Has Arrived

The bright and cold moon hung high in the night sky like a large silver plate, its gentle radiance softly falling, enveloping the entire Qi Tian City and all the martial artists present, draping them in a layer of white, hazy veil. .

The world was silent, with only the surging and shocking tides in the heart.

The divine tide suddenly extinguished, disappearing without a trace.

Originally intending to invade the Earthly Ghost Emperor, the newly ascended Martial Immortal, to transform him into a Martial God, severing his Martial Immortal Path.

Instead, it became nourishment for the Qi Tian Temple God, who absorbed it all, causing the aura of the Qi Tian Temple God to continually rise, even growing to a strength far surpassing that which had previously slain the Supremes of all camps.

Has the Qi Tian Great Sage recovered to the level of a Deity?

Many felt a chill in their hearts, terrified beyond words!

However, there are distinctions in the ranks of Deities, otherwise, the difference between Inner and Outer Strange Que would not exist.

Like a meteor shower tearing through the night, ripping through the moonlight, spanning the sky above Qi Tian City, with a resolute, unwavering posture, battle intent rushed towards that emerging corner of Earth Deceit Que.

The terrifying divine might exuded from it, making it a fearful projection that even made breathing seem extravagant for all martial artists and cultivators!

Within that projection, it seemed as if there were true immortal gods, who had never perished, casting terrifying gazes from a corner of that projection.

Not just recovering Temple Gods like Qi Tian, nor the resurrected divine beings from various camps, but truly immortal entities, at a peak state, in strength, and divinity, unmatched and invincible.

Boom——

The projection trembled, rippling like a flower in the mirror or the moon in water, with countless meteors crashing into it, as rampant laughter echoed between Heaven and Earth, surging out from within Qi Tian City.

Everyone silently watched as if witnessing the splendid brilliance of fireworks.

Qi Tian charged into the Earth Deceit Que, resolutely.

Li Che, with a mighty physique, had a golden body that flowed with radiance, purple fire surging, burning and distorting, raising surging waves, as his five fingers clenched, space itself seemed to ripple slightly.

Whispering——

As divinity was suppressed, the essence of Heaven and Earth crazily surged forth.

Around him, it seemed to weave into a hazy golden mist, with the Golden Heavenly Gate above his head also wide open, Martial Immortal Dao Essence continuously surged out from it, like a waterfall, washing and purifying his body.

The oppressive mist in the world vanished, as if with Qi Tian's assault, just like those bygone days of wreaking havoc in the Heavenly Court, storming inside, causing the earlier projection of Earth Deceit Que to vanish, leaving only a storm-like intertwined divine might, which slowly dissipated.

The divinity in the world remained turbulent and surging, exceedingly dense, and shrouded around Qi Tian City.

Swish——

A stream of light swiftly shot out, racing from within Qi Tian City, soaring towards the Earthly Ghost Emperor, and it was that Gathering Immortal Yellow Flag, its light slowly dimming, with the activated divinity within subsiding to calm.

It was precisely this Divine Weapon that allowed the Qi Tian Temple God to step out of Qi Tian City, to act against the strong cultivators hiding within various Small Cave Heavens.

Now, with Qi Tian entering Earth Deceit Que, to buy time for the Prison Lotus Camp, to fight and stall the opponent.

Therefore, this Gathering Immortal Yellow Flag naturally had to be returned to Li Che.

In the void, it seemed there was a pair of eyes sharp beyond compare, bursting with unprecedented greed and fierceness, staring fixedly at the Gathering Immortal Yellow Flag.

In fact, not many people recognized this flag soaring through the sky.

However, Li Che knew that someone surely recognized it, such as that Emperor of the Great Vista, sending a Divine Tribulation Realm eunuch, at great cost, wanting to incite tribulation through the eunuch, enhancing his Martial Immortal Tribulation power to let him fall under it.

It must be said, this idea had something to it, and it was quite effective.

However, Li Che's physique and foundation, refined under the Dragon Elephant Vajra Dao Fruit, were so deep that he feared nothing, even facing enhanced tribulation thunder, facing it with blood and flesh, pushing through on the Martial Path.

But it was precisely because of the treacherous and sinister eunuch sent by the Emperor of the Great Vista in secret, that made Li Che realize this Emperor was also watching.

The soaring Gathering Immortal Flag, flapping in the wind, exuded mysterious fluctuations, as many strong figures seated within Small Cave Heavens, whose hazy silhouettes were just outlined, their gaze seemed to turn substantial, looking towards the Gathering Immortal Yellow Flag.

Some recognized, some questioned, some associated it with how the Qi Tian Temple God walked freely out of the Strange Que, striking domineeringly, guessing about this flag.

"Is this...the Gathering Immortal Flag?!"

"Three Pure Ones Rank Divine Weapon, the Dark Heavenly Court's Divine Weapon Gathering Immortal Flag!"

"There are eight Gathering Immortal Flags in total, only one here, but even one is enough to astound the world, allowing Qi Tian to walk freely out of Strange Que and strike, no wonder!"

Many strong figures uttered in low tones, enlightened, thoughtful.

Then, their gaze turned fervent.

The Gathering Immortal Flag... that was the Divine Weapon sought by the Deceitful Gods Camp, the Dark Heavenly Court's strong figures!

"Zheng—!!!"

A resonant and splendid sound exploded, then icy murderous intent surged across.

A sword beam soared into the sky, slashing out from the void, the sword beam wildly rushing, like a comet streaking across the night sky, slashing towards the location of the Earthly Ghost Emperor.

This was an incredibly sharp sword strike!

Chapter 1837: Martial Immortal Golden Body Breaks Through to Body Sanctification, Lord, Your Immense Wealth Has Arrived

The heavens and earth roared, the Heaven and Earth Will seemed to tremble slightly, evidently such a sword strike had already surpassed the tolerable range of the Heaven and Earth Will, it was power at the level of a Second Calamity Venerable!

And after the sword strike, a massive hand appeared out of thin air, completely condensed from Divinity, opened wide, reaching to grasp the Gathering Immortals Flag, attempting to take control of this flag entirely.

Purple Fire blazed, eyes cold and cruel, Li Che harbored a great anger in his heart at this moment.

Due to the interference of Immortal Gods within the Earth Deceit Que, bringing great frustration, at this moment, seemed ready to erupt and release.

Boom!

Li Che's golden, brilliant body, like being surrounded by golden dragons of Qi-Blood, took a step forward, the air shattering with a thunderous blast, instantly like a cannonball crashing toward the sword light surging with Sword Intent!

Clang—!!!

This incredibly powerful sword light viciously struck the physical body of the Earthly Ghost Emperor.

A clanging explosion erupted, sword light shattered with buzzing resonance, Sword Qi rampaged, yet, the Earthly Ghost Emperor continued to charge forward fiercely, seemingly unscathed, leaving only a faint white trace behind, nothing more. .

What a mighty physical body is this?!

Almost as if the entire individual surpasses a Peerless Divine Weapon, to kill such an existence, the difficulty is too great!

Yet this Earthly Ghost Emperor with such a formidable physical body had previously been fractured by Calamity, blood spilling uncontrollably, how terrifying must have that Tribulation Thunder been!

Boom—!!!

Li Che's gaze was cold, taking a step down, as the Combat Divine Technique seemed to operate at this moment, the whole person speeding out, charging to the massive hand, intending to seize the Gathering Immortals Flag!

A punch landed, shattering that hand, followed by a terrifying Martial Immortal Will, even transmitted through the opponent's Divine hand, invading his body.

The Gathering Immortals Flag was grasped by Li Che, unceremoniously collected into the Heaven and Earth chessboard.

A muffled sound echoed somewhere in the void, being pursued by the terrifying Martial Immortal Will of the Earthly Ghost Emperor.

"Underworld!"

A cold, gritted voice emanated from the void.

But soon fell silent, disappearing without a trace, seemingly fleeing into the void, losing its trail.

From each floating Small Cave Heaven, the strong projected sharp light.

The powerhouses of Western Regions Buddha Land, Wushen Mountain, Four Seas Dragon Clan, Outer Ancient Clan, and other great forces all gazed at the Earthly Ghost Emperor who had collected the Gathering Immortals Flag.

The Earthly Ghost Emperor now proven as a Daoist Martial Immortal, with an extremely powerful physical body, indestructible, able to unleash combat power comparable to a Second Calamity Divine Tribulation Venerable in the Human World, such an existence has become greatly troublesome.

Because in the Human World, there is Heaven and Earth Will covering, the Three Calamities Supreme cannot descend, a Second Calamity Venerable acting would face Calamity lock targeting...

Thus, Martial Immortal can almost suppress everything in the Human World.

However, this doesn't mean Martial Immortal is invincible in the Human World; as long as there is a way to block Heaven and Earth Will, there is a way to handle Martial Immortal.

After all, Martial Immortal only compares to a Second Calamity Venerable, if the Three Calamities Supreme acts, it can easily slaughter.

"Regardless whether the Underworld is a force of the Prison Lotus in the Human World, at least the relationship between the Underworld and Prison Lotus is deep... We follow God's Intent, must annihilate the Underworld!"

A cold voice transmitted from the virtual image of a powerhouse within a Grotto Heaven, killing intent rolling.

"Qitian Temple God has revived, but entered the Earth Deceit Que, directly facing Immortal Gods, life or death unknown."

"The Prison Lotus Camp surely wants the second Deity to revive... The next to be revived is most likely the Eight-Armed Prison Lotus Furious Third Prince!"

"Since Qitian can revive early, the Third Crown Prince surely can too... We must plan strategically, make the revival of the Third Prince void! Utterly extinguish the hope of the Prison Lotus Camp!"

The powerhouses of various forces exchanged glances, their wills clashed, their hearts already decided; Qitian's revival was entirely an accident.

No one anticipated Qitian would suddenly revive early, so those dispatched to Qitian Temple were only Second Calamity Venerables; even if Supreme experts took action later, facing directly with a revived Deity was indeed somewhat inadequate.

Thus, the next revival of the Third Prince... they will be more thoroughly prepared.

Li Che's gaze coldly swept around, naturally aware of the thoughts of these strong figures seated within the Small Cave Heaven, these strong figures from Strange Que, unable to appear in the Human World, but equally posed a great threat.

Coldly sweeping around, collecting the Gathering Immortals Flag.

Five fingers rose, fiercely clenched, and Li Che's figure directly disappeared between heaven and earth, not lingering any longer.

Even those strong figures seated within the Small Cave Heaven could not lock onto the Earthly Ghost Emperor's position.

"Hum!"

"Underworld... Prison Lotus..."

"This time's Divine Tide, Prison Lotus comes aggressively!"

Cold voices echoed from the mouths of numerous strong figures seated within the Small Cave Heaven, reverberating ceaselessly, and these strong figures didn't remain long, the Grotto Heaven closing, then disappeared without a trace.

Cold moonlight spilled down.

The entire world was silent, the fragmented waters of the Grand Canal flowing back with turbulence, re-submerging the shattered riverbed.

The roaring wind at night blew with a hint of chill, yet couldn't dispel the fervor in everyone's hearts.

All the martial artists rushing here, faces flushed, bodies excited, their eyes seemingly glinting with light, having witnessed a legendary Martial Immortal crossing tribulation, their hearts naturally thrilled beyond measure.

The Sect Master Shi Jian of the True Martial Divine Sect along with the ancestor Shi Yuan, and many disciples, each with emotions stirring, looking up at the sky, they unleashed hearty laughter.

Chapter 1838: Martial Immortal Golden Body Challenges Body Sanctification, Lord, Your Immense Fortune Has Been Credited [Monthly Ticket]

The path of Pure Martial Arts is not a dead end!

Even in this era where divinity surges like tides, it is still possible to walk it, there is still hope!

This night, countless people are destined to be unable to sleep.

This night is a celebration for martial artists!

...

...

In the void.

An eight-sided pavilion with layered eaves and dripping water, the Qitian Treasure Tower, hangs suspended, with countless streams of light intertwining around it.

The Great Supervising Minister sits on the back of the Mystic Turtle, with Fang Shangzhen standing quietly beside him.

"It's over..."

The Great Supervising Minister smiles slightly, "The result... turned out to be much better than expected."

Fang Shangzhen pursed his lips, "Great Supervising Minister, is this result... really considered good?"

The Great Supervising Minister sighed lightly, "What else? The Human World has successfully birthed a Martial Immortal, this is a monumental achievement, at least it indicates that in today's Human World, there can still be immortals."

"As for the projection of Earthly Quequ being manipulated by immortal gods across the barriers of two realms, it was something that was unavoidable..."

"The merging of Quequ and the Human World is happening quietly, with each surge of the divine tide marking the advancement of the era. In the future, the camp of all gods will blossom in the Human World, and the Nine Heavens and Ten Earths will appear like the ancient heavens and earth, you might even see immortal gods walking in the Human World."

The Great Supervising Minister sighed lightly.

"The will of heaven and earth gets tired too..."

...

...

Divine Capital.

The First City.

Imperial Mausoleum, Imperial Ancestral Hall.

The Emperor in a bright yellow robe stands within an immensely large array plate, with intertwining streams of light flashing across it. Each divine crystal of the rank of The Three Pure Ones, exhausted of divinity, cracks and shatters.

Outside of the array plate.

Noble Consort Su Da, Empress Yongrong, along with Mr. Lian in a respectful purple robe.

Buzz—

A crack sounded from the array plate, as if a terrifying martial immortal will transformed into a sharp long blade, tearing through the space and slashing down fiercely.

The Emperor raised his head abruptly, displeasure flickering across the intertwining divinity and Dao Yun of his countenance.

Countless golden rays cascaded, enveloping his body, facing that terrifying martial immortal will that seemed to slash down from across a vast distance.

The Emperor's bright yellow robe fluttered wildly, and a jade book appeared in his hand, emitting a brilliant light that collided with that martial immortal will.

The martial immortal will instantly melted away like ice.

"Quite the Earthly Ghost Emperor... actually can break through to become a Martial Immortal in this era of surging divinity! Five thousand years forward or back, he stands alone in this achievement!"

The Emperor's cold and formidable voice echoed.

He held the jade book, his eyes exuding an aloof and overlooking indifference towards heaven and earth.

From outside the array plate, Noble Consort Su Da's alluring eyes fell on that jade book in the Emperor's hand, revealing a touch of surprise.

"This is the Three Pure Ones Divine Weapon... the Jade Emperor's Pill Book!"

"The Earthly Ghost Emperor broke through to Martial Immortal, with the Second Calamity and First Tribulation, even the Venerable of the Second Tribulation may find it difficult to deal with him. To suppress the Earthly Ghost Emperor, this peerless being with an unrivaled physical body and unmatched combat power, would require the Second Calamity and Third Tribulation, or even a Half-step Supreme to intervene."

The Emperor exhaled, "The Gathering Immortals Flag indeed fell into the hands of the Underworld..."

"That Li Che entered the Ten-thousand-year-old Peach Garden and was able to take away the Gathering Immortal Yellow Flag, truly hateful!"

"Now that the Gathering Immortals Flag is in the hands of the Underworld, with the Earthly Ghost Emperor in charge, it will be hard to retrieve it easily."

The Emperor slowly stepped out of the array plate.

"However, it does not matter... Qitian has revived, and the Prison Lotus Gods are perhaps soon too, the Third Prince's Mysterious Temple of the Golden Light Prefecture will definitely become a place of universal attention. Although the Earthly Ghost Emperor has broken through to Martial Immortal, he can only flaunt his power in the Human World, in the Strange Que, he is nothing significant."

The Emperor's expression shifted, lifting the jade book, he looked at the dignified Empress, voice deep and solemn: "Let's temporarily leave aside the Gathering Immortals Flag. The Qiankun Haori Kunlun Mirror in the Ten-thousand-year-old Peach Garden, it must be brought into our possession to be at ease, otherwise, losing it like the Gathering Immortals Flag... would hurt me deeply..."

"I will have the Deities of the Dark Heavenly Court to act and bring in the Qiankun Haori Kunlun Mirror... Empress, make good preparations, get ready the Pure Water Bowl and the Tianhe Ruyi Hairpin."

The Empress's dignified features suddenly froze.

While Mr. Lian, with lowered head, eyes gleamed brightly.

Lord, there is explosive good news!

...

...

Li Che clenched the Flying Thunder Chess Piece and returned to Mo City Fengdu.

Black raindrops continuously plummeted from the high skies, pattering and splashing, stirring up a mystifying black mist.

Returning to Mo City Fengdu, Li Che dispelled the Primordial Dragon Elephant Flame, revealing a cold visage.

Dark, vigorous hair wildly fluttering in the wind.

In his eyes, flames of anger surged continuously, a coldness beyond compare, a murderous intent towering to the heavens.

"Nine Heavens and Ten Earths Mysterious Que... Immortal Gods!"

Li Che took a deep breath, slowly closed his eyes, calming his restless heart back to tranquility.

Qitian sacrificed himself into the Mysterious Que of the Nine Heavens and Ten Earths, confronting the immortal gods directly. Now that Qitian has not fully recovered to regain his divine combat power, to face immortal gods directly would inevitably lead to suffering, and possibly life and death situations.

Uncertain life and death is a most fitting description.

However, fortunately, Li Che left a white chess piece on the Old Monkey, even after Qitian broke into the Strange Que of Earth, the perception between the chess piece and him became much blurrier.

Yet through the white chess piece, he could perceive the state of safety and life of the Great Sage.

This serves as a solace, for in the future when Li Che leads the heroes of the Underworld and the Prison Lotus Gods into the Nine Heavens and Ten Earths, he could perceive and follow Qitian's footsteps through the chess piece, to sooner fight alongside Qitian, fulfilling that notion of slaying all gods.

Chapter 1839: Martial Immortal Golden Body Assaults Body Sanctification, Lord, Your Overwhelming Fortune Has Arrived (4)

Mo City Fengdu, heavy rain poured down.

Li Che put on his Mo Shan robe and gently exhaled.

"Ultimately, still not strong enough..."

However, a bright golden light flashed in Li Che's eyes, since not strong enough, then grow stronger.

Qitian asked him to protect Xi Xi well, Xi Xi is his daughter, he must do his utmost to protect her.

"A corner projection of the Earth Deceit Que, the divine power released by an immortal deity, is enough to bring about destruction..."

Li Che truly felt the pressure.

That is a deity that is truly living, unlike Qitian who fell and then resurrected with divine power no more, needing to restore it from scratch.

But a truly immortal existence, an undying deity that survived through the long ages, possessing terrifying divine power and might.

If not for the restrictions of the Heaven and Earth Will, once descended, it would definitely be a nightmare crisis hanging in the sky.

Sitting cross-legged, Li Che's Brow Niwan slightly trembled.

The Qi-blood within surged, having broken through to the Human Immortal Realm, Li Che could feel the unmatched nature of his physical body, as well as the strength of his Martial Dao Will.

The Pure Martial Path has an extremely high ceiling, like Li Che, who just broke through to become a Human Immortal, confronting the Divine Tribulation, but can easily suppress opponents from the Second Calamity and First Tribulation levels, and if the Qi Gate is triggered, perhaps could battle venerables of the Second Calamity and Third Tribulation Realm.

However, breakthroughs on the Martial Immortal Path are extremely difficult, requiring vast amounts of Heaven and Earth Essence Qi, which is a particularly challenging aspect.

But Li Che is impossible to give up the Path of Martial Immortal, having successfully crossed the tribulation, how can he easily give up.

"How to obtain abundant Heaven and Earth Essence Qi?"

Li Che rubbed his Brow Niwan, feeling a bit headache, wealth in the scholarly arts but poverty-stricken in martial arts, the Path of Martial Immortal...is indeed a difficult path, requiring an immense amount of resources.

Especially in this era where divine tides rise one after another, and Essence Qi is at a low ebb.

This time, if not for the Great Sage Equalling Heaven gathering Heaven and Earth Essence Qi spanning five thousand miles, Li Che's chances of failing the Martial Immortal Tribulation would have been higher.

Suddenly, Li Che opened his eyes, as if golden lightning was weaving through and flickering.

"Resources...I need a large amount of resources..."

"The majority of the world's resources are controlled by various major powers, the Dajing Eleven Great Divine Sects, Western Regions Buddhist Lands everywhere, and also Wushen Mountain and the Da Li Royal Court..."

"Perhaps, it's time for Xie Yushen to accelerate his conquest, to unify the Qi Fortune of the world as soon as possible."

"Moreover, this time Qitian's early revival will definitely lead to other Temple Gods in the Prison Lotus Camp being targeted, the Mysterious Temple of the Third Prince in the Golden Light Prefecture...and the Mysterious Temple of the Three-Eyed Miao Dao Xiansheng True Monarch in Qianyuan Taoist City...will become the focus of various powerful figures."

"They might try to slay gods ahead of time, this time, they will surely be more prepared, even dispatching deities from the All Gods Camp..."

Li Che's eyebrows slightly furrowed, but after pondering for a moment, he relaxed.

Right now, he doesn't have to worry about these things.

Sitting cross-legged, the rain from Mo City pattered on his body.

The rainwater in Mo City has a restorative effect, pattering on Li Che's body, silently healing some hidden injuries within his body.

He opened his eyes, light shone brightly.

[Dao Fruit: Dragon Elephant Vajra (lv7, 50%)]

Within Li Che's chest, the Dao Fruit pulsed vigorously, weaving hints, and the maturity of the Dragon Elephant Vajra Dao Fruit had significantly increased.

However, this was within expectations, as the Dao Fruit underwent the baptism of heavenly tribulation along with him, seemingly undergoing transformation like him.

The maturity of the Dragon Elephant Vajra Dao Fruit, under the Martial Immortal Heavenly Tribulation, increased and provided him with abundant instant enlightenment feedback.

Heavy, and very satisfying.

A hint of a smile appeared at the corner of Li Che's lips, as his gaze continued to scan.

The maturity increase of other Dao Fruits was not significant amidst the successful tribulation, only one Dao Fruit was an exception.

That is the Thunder Magnetism Dao Body Dao Fruit.

[Dao Fruit: Thunder Magnetism Dao Body (lv6, 80%)]

Li Che stared at the shining hint, gazing fixedly for a long time, involuntarily taking a soft gasp, this increase...is indeed somewhat exaggerated!

However, it was gained through Li Che's own battle scars.

After all, among the Martial Immortal Heavenly Tribulation, the Thunder Magnetism Dao Body Dao Fruit rejoiced the most, even more fiercely than the Dragon Elephant Vajra.

Since the Thunder Magnetism Dao Body Dao Fruit had just transformed to lv6 not long ago, the birth of Dao-guided Magnetic Extreme Pressure, Li Che has yet to thoroughly study it.

Unexpectedly, after this extremely terrifying, nearly fatal Thunder Tribulation, it helped Li Che increase the maturity of the Thunder Magnetism Dao Body Dao Fruit to 80%!

In other words, now Li Che has three Dao Fruits, approaching the brink of Five Sheddings.

They are [Chess Saint], [Thunder Magnetism Dao Body], [Ten Thousand Demon Emperor], these three Dao Fruits.

As for the Dream Heavenly Master Dao Fruit, Li Che had long grown accustomed to its leisurely maturity accumulation.

Li Che's gaze flickered, flowing softly.

To enhance strength, besides starting from his own Martial Dao, the enhancement of Dao Fruits is also essential, so, finding ways to increase the maturity of these three Dao Fruits for transformation is vital.

The Thunder Magnetism Dao Fruit seeks lightning strikes, the Ten Thousand Demon Emperor Dao Fruit seeks demon absorption...

The goals are very clear.

Only the Chess Saint Dao Fruit, currently activating the Heaven and Earth chessboard and sensing all sides provides very low feedback, with next to no maturity improvement.

Of course, it's also influenced by environmental factors. In the human world, using the Heaven and Earth chessboard for sensing naturally doesn't yield much maturity increase, but if the environment is changed to the misty, mysterious guise of the Strange Que...

There would still be significant improvements.

Chapter 1840: Martial Immortal Golden Body Strives for Body Sanctification, Lord, Your Overwhelming Fortune Has Arrived

"Beyond Qi Tian City is the Inner Mysterious Que. Moreover, if one enters the Nine Heavens and Ten Earths Mysterious Queues to expand the Heaven and Earth chessboard, the Chess Saint's Dao Fruit might be enhanced even faster."

Li Che's eyes gleamed with a brilliant light.

However, he ultimately gave up the idea of entering the Nine Heavens and Ten Earths Mysterious Queues to expand the Heaven and Earth chessboard.

After summarizing the improvement of the Dao Fruit, Li Che's mind stirred.

The scene before his eyes shimmered again, intertwining.

[Dragon Elephant Furnace: Martial Immortal Golden Body (30%)]

Goodness!

Successfully undergoing the tribulation, the Martial Immortal promotion advanced by 10%!

"If the Martial Immortal promotion progress reaches completion, what transformation will occur?"

Li Che couldn't help but be curious.

Previously, it was a Pure Martial Transformation, followed by the Martial Immortal Golden Body... What next?

Li Che truly had no concept in mind.

There seemed to be a perception in the darkness, causing Li Che's eyes to flicker slightly.

Body Sanctification?!

Wouldn't that be like the Three-Eyed Miao Dao Xiansheng Zhenjun?

If there were a Temple God Resonance, it might induce a high degree of resonance.

Li Che's thoughts turned, and he let out a light laugh.

[Half-step ahead of Heaven: Victory Over Heaven Dao Domain (eight hundred feet)]

The enhancement of the Victory Over Heaven Dao Domain also expanded significantly, which was indeed good news for Li Che.

As for the transformations of [Ten Fierce Brushwork], [Thunder Magnetic Extreme Pressure], and other Dao Guides, they were not very noticeable.

Standing up, Li Che's entire body crackled with his joints, as if golden lightning intertwined.

He flicked his fingers, and a wash of ink spread.

Confining God emerged.

It was the grim Poison Saint, Gu Yinxuan.

Li Che took out another Divine Weapon gifted by the Great Sage Equaling Heaven, which was a pill furnace from the Purple Mansion Divine Sect's Supreme Foundation, infused with Supreme Aura.

"This pill furnace is entrusted to you; whether for alchemy or refining poison, having a Divine Weapon with Supreme Foundation could slightly increase the success rate of alchemy."

Li Che said, then looked at Gu Yinxuan, inquiring about the difficulty of purifying a martial arts pill infused with a large amount of Heaven and Earth Essence Qi.

"Reporting to the lord, I cannot do alchemy, but in refining poison, I am invincible." Gu Yinxuan clasped his fists.

"If you want to do alchemy, approach Changqing." .

Hearing this, Li Che summoned Gu Changqing's Confining God. Gu Changqing, in terms of alchemical skill, was an Alchemy Saint Hand, not inferior to Gu Yinxuan.

Even before refining proper elixirs, he was more skilled than Gu Yinxuan, the Poison Saint.

Although Gu Yinxuan is a Half-Immortal Alchemist, he is not adept at purifying proper elixirs.

"The lord needs to refine a martial arts pill containing a lot of Heaven and Earth Essence Qi... that requires finding Heavenly Materials and Earthly Treasures, some Divine Medicines born from the Heaven and Earth Will."

"These Divine Medicines surely contain a significant amount of Heaven and Earth Essence Qi."

"Although the world changes now, divinity intertwining, these Divine Medicines have siphoned divinity, infused with vast divinity, but... as alchemists, we play with essence, and can attempt to remove divinity, leaving only Heaven and Earth Essence Qi and medicinal properties..."

Gu Changqing's eyes shone brightly, for alchemy, he was quite dedicated.

Li Che nodded, stroking his chin, suddenly thinking of something, his eyes brightened.

He flicked his finger again.

A twisted Confining God Chess Piece emerged, bursting with surging Demon Energy.

It was the Night Bat Demon God, under the Black Bull Demon God Venerable.

Previously, as Li Che entered the Qi Tian Inner City, he had assigned the Night Bat Demon God to ransack the Qi Tian Inner City's resources.

Later, when Li Che entered the Qi Tian Mysterious Temple, he didn't have the energy to pay attention to the Night Bat Demon God's situation.

By the time the Qi Tian Mysterious Temple erupted, and the Qi Tian Inner City was embroiled in battle, forces from all sides were cleared, and resources were thus redistributed.

Thus, Li Che remained quite curious about the Night Bat Demon God's harvest.

The Night Bat Demon God possessed ultrasonic perception, very keen in exploring Heavenly Materials and Earthly Treasures, and he should have been able to gather a bounty of good things, right?

"This subordinate Night Bat greets the lord!"

Once the Night Bat Demon God appeared, he fervently clasped his fists, respectfully kneeling.

The lord, you finally remembered him.

To present a good image before the lord, and to ensure that after becoming a Confining God, he wouldn't be regarded as a Demon Soul to be fed to the great beastly Big Black Bull...

The Night Bat only wished to diligently demonstrate his treasure-hunting value.

He raised his hands, appearing with a Qiankun Jade emitting radiant brilliance.

"Lord... please inspect."

Li Che, feeling no need to stand on ceremony, grabbed the Qiankun Jade, infusing his mighty Martial Immortal Will into it.

Huh?!

Even with Li Che's current state of mind, at this moment, he couldn't help but feel a stir.

In his ear, it seemed a prompt echoed.

Your boundless fortune has arrived.
