

A Father 205

Chapter 205: The 3-Year-Old Master Sets Off Fireworks, Father is the Daughter's Great Hero (2)

Li Che stretched languidly and then, with a gentle expression, walked towards the place where the Liu family members were sitting.

The woman was still comforting Liu Chang Qing, who was sobbing uncontrollably in her arms.

The family head of the Liu family sat with a stern face, having not spoken a word.

Suddenly, the family head of the Liu family stared in shock, turned his head, and saw a young man in black clothes and a tight jacket approaching with a gentle smile.

"It's Li Che!"

The pupils of the family head of the Liu family flickered, but there was also a hint of confusion.

What was this man doing here?

His daughter had just brutally beaten up his son; was he here to apologize?

Yes, he must be here to apologize...

Rumors had it that Li Che was of a gentle nature and timid, perhaps coming to apologize for his daughter's rash actions.

The family head of the Liu family exhaled and stood up, intending to accept Li Che's apology.

After all, the status of Li Che as a third-class guest official at the Mansion City Qintian Observatory was truly extraordinary.

However, the moment he got up, his vision blurred, and he saw Li Che's blood energy burst forth, shooting out with the speed of great accomplishment in Blood Exchange, appearing beside the woman.

The terrifying and majestic blood energy, like mountains pressing down, and like a tiger lying down, suddenly rose and roared!

The woman looked up in confusion only to feel a suffocating oppression before seeing a palm viciously strike her face, the terrifying force distorting her flesh and skin and transmitting to her cheek bones, flinging off several bloodstained teeth.

The terrifying force of the Major Accomplishment of Blood Exchange directly flung the woman several meters away, causing Liu Chang Qing to fall to the ground, completely dumbfounded, his sobs seemingly frozen in place.

"Li Che!!!"

The family head of the Liu family from Eastern Ring City was furious beyond measure.

"Worthless trash, vile and poisonous girl... Does it roll off your tongue so easily, as if my daughter has no parents?"

Li Che flicked his hand, his expression growing colder by the moment.

The family head of the Liu family suddenly erupted with Divinity, fiercely oppressing Li Che; this family head turned out to have cultivation in the Primary God-Base Realm, albeit a God-Base of the Ten Cities... The oppressive force was so weak to Li Che, it was almost negligible.

However...

Li Che merely glanced at him coldly, while Big Head Lu Chi appeared behind the family head of the Liu family without any notice.

The family head of the Liu family instantly retracted his Divine pressure, his face grim and frustrated.

He knew the identity of the child behind him with his Nezha-style buns— he was a disciple of Ram's Horn Sky Shatterer Li Qingshan!

Too hard to provoke!

At least in Mansion City, he dared not provoke him.

"Master Li, quite an imposing display."

The family head of the Liu family clenched his fists, his voice icy.

Far away, the woman who had her teeth shattered by Li Che screamed in terror, her screams accompanied by a whistling sound from the gaps left by missing teeth.

"Husband, he hit me, that despicable man hit me, ahhh— ooh, husband, help me!"

The woman screamed, but the family head of the Liu family cowered.

He saw his wife being beaten and did not dare to retaliate, like an ostrich burying its head.

"Just standing up for my daughter, just wanted to tell your wife to not insult anyone else's daughter in front of their parents..."

Li Che said. Discover stories at empire

The family head of the Liu family clenched his fists but said nothing more, because the fault... indeed lay with his wife.

Insult someone else's daughter, and they beat you up... don't you deserve it?!

So frustrating!

They say Li Che is gentle and timid; where is the gentleness?

He's obviously very arrogant!

But, thinking about it, one can understand.

After all, it involved Li Che's daughter; any father who sees someone bullying his daughter might well go completely mad!

The family head of the Liu family exhaled, left to swallow his frustration.

Li Che, with Lu Chi, returned to his original spot.

Zhang Ya's eyes sparkled brightly as she stared incessantly at Li Che.

My husband, who defends his own so fiercely, how can he be so handsome?!

Zhang Ya found herself growing more and more admiring of Li Che.

Yes! Tonight, I'll prepare several Sinew Transforming positions to ask for my husband's guidance!

Li Che stretched out a large hand and ruffled Zhang Ya's head, then casually sat down, leaning against the Taishi Chair, unfazed.

Old Chen was not surprised; although Li Che was generally gentle, when it came to his family, he could become extremely fierce. Back in Fei Lei City, when the Spirit Infant Sect targeted Xi Xi, Li Che, despite his fear of killing, still took decisive action.

The first time Li Che killed someone, it was Old Chen who led the way!

So, don't bully the honest people.

Push an honest person to the limit, and they can become even more terrifying than a madman.

...

...

This interlude, though it attracted quite a few gazes, did not garner much attention.

Most were still focused on the high platform where the Supreme Spiritual Children were.

After Xi Xi won a match, she could choose to rest, for up to half an hour at most, but as her victory over Liu Chang Qing had not drained much of her vitality, she only rested briefly.

Zhang Qing Zheng released a touch of Divinity, restoring Xi Xi's condition to perfection!

"Continue."

Zhang Qing Zheng looked over the remaining fourteen Supreme Spiritual Children and declared.

Xi Xi defeated Liu Chang Qing with a thunderous posture. Although only three years old, she ensured that the other children would no longer underestimate her.

Because Xi Xi demonstrated the strength of Major Accomplishment in Bone Tempering, she was already not weaker than Hai Chao Sheng, Qin Feng Huo, Huang Si Xiang, and the others.

This three-year-old child was no longer a soft persimmon but a tough nut, extremely difficult to crack!

However, the Gongyang Family's Gong Yang Xiu, owing to her also being quite young, inadvertently replaced Xi Xi as the soft persimmon.

Gong Yang Xiu was only five and seemed to have only achieved Major Accomplishment in Sinew Transforming; she hadn't yet done Bone Tempering.

Without a doubt, she was challenged by someone.

On the platform, blood energies clashed. Gong Yang Xiu's eyes turned red as she unleashed her best efforts, exhibiting her sophisticated Martial Techniques.
