

A Father 208

Chapter 208: Xi Xi's First Fireworks Show, Divine Sect Elder Snatches Her Up Ahead of Time

The spring rain was piercingly cold and icy, lashing against the face, fully blooming and diffusing the chill of ten thousand coldness.

Shangguan Qinglei's entire body was interwoven with darting arcs of lightning, yet his eyes suddenly widened, staring at the big weapon Xi Xi was shouldering, those six metallic tubes, which resembled venomous snakes, made his body hair stand on end.

An overwhelmingly intense threat of death enveloped his heart...

I'm going to die!

The perceptual abilities of a Supreme Spiritual Child were extremely strong, possessing a keenness far surpassing ordinary people.

Shangguan Qinglei's perception was naturally exceptional as well.

His body stiffened, his frame of Major Accomplishment in Bone Tempering, at that moment, felt as if filled with mercury and weighed down with lead.

"Fireworks?"

"What fireworks?!"

It was unknown whether it was sweat or raindrops that silently slid down Shangguan Qinglei's forehead. He stared intently at the wooden and metal contraption in Xi Xi's hands!

Watching the little girl take out the mechanism, she seemed to go mad, constantly shouting about fireworks.

Shangguan Qinglei felt an inexplicable fear rising within him!

In the air...

At some point, a smell of gunpowder had filled the air!

"Let the fireworks begin—!"

"Ahahaha!"

Xi Xi's eyes seemed to be embedded with the brightest stars, sparkling and bursting with brilliance.

The next moment, she pulled the trigger!

Boom boom boom—!

A terrifying explosion erupted instantly above the arena, accompanied by an incredibly dazzling burst of light!

The shockwaves swept through, tearing apart the endless spring rain!

An extremely strong gale and sound roar burst forth from the "Custom Namo Immortal Artisan Gatling" in Xi Xi's hands.

The recoil made Xi Xi's little body vibrate at a high frequency, with her new clothes clinging tightly to her body due to the blasting air currents, outlining her little belly! ʘ

The screeching sound, the dazzling fireworks, and the surging shockwave—

The six fast-spinning metallic tubes glowed red-hot, emitting a scorching temperature, energized by injected life force, squeezing and ejecting the contained "Wood Raven" at an extremely high burst speed!

Ratatatatata!

Countless splendid golden lightning bolts, resembling golden Sword Qi, swiftly slashed out, tearing apart the leisurely spring rain of the equinox.

Bang bang bang!

Shangguan Qinglei's body hair stood on end...

Fast!

Too fast!

What in the world is this thing?!

He cursed inwardly, but his body didn't hesitate to move, stomping heavily on the arena floor, propelling himself upwards, breaking into a rapid sprint!

His body's life force was recklessly expelling as if on the brink of death, the spot where he had been standing was instantly engulfed by the blast, the explosive shockwave fiercely lashing his body.

The violent wind stirred, the air currents shot out, and the wooden arena exploded into splinters, shooting out like steel needles, scraping past Shangguan Qinglei's cheek...

His eyes seemed to lose focus...

Because just after propelling himself barely two or three body lengths away, he couldn't continue to dodge!

The terrifying Wood Ravens that swept across followed closely, exploding into a continuous fountain of smoke and dust on the arena!

The wooden black ravens ejected from the weapon Xi Xi held seemed to flap their wings, the scream of a thousand ravens piercing the air...

Shangguan Qinglei was inevitably engulfed!

Countless golden light exploded in his pupils, and the intense smoke engulfed him.

Accompanied by that, came the pain that almost made him faint, flooding over him like a tidal wave.

There was no escape...

There was absolutely no escape!

At that moment, Shangguan Qinglei finally let out a scream, unable to suppress it, a painful howl from deep within his throat!

"Ah!"

Ta-da-da

Countless Wood Ravens smashed onto Shangguan Qinglei's body, a strong burnt smell spreading out as he hung suspended in the air, hit by myriad Wood Ravens.

Hit until... he couldn't fall down, like a beautiful painting hanging in the Spring Rain!

Blood mist, another burst of blood mist, exploded all around!

The red and gold colors intertwined creating a breathtakingly beautiful firework!

The intense black dust, along with the fleeting explosive golden sparks, were filled with an artistic beauty.

The world was utterly silent.

The only sounds left were Xi Xi's excited shrieks as the Wood Ravens surged out of the gun barrel.

And...

Ta-da!

Ta-da-da-da-da!

...

...

On and off the arena, there was a deathlike silence.

Everyone stared, tongue-tied, at Xi Xi who had drawn a huge firearm and fiercely shot at Shangguan Qinglei.

With her insane and excited demeanor, combined with the "fireworks" she created, everyone felt a slight chill.

You call this... fireworks?!

This can be called fireworks?!

Fireworks of death, maybe!

Nearby, on another stage, Gong Yuanliang and Huang Si Xiang almost stopped fighting simultaneously.

Watching the heavily abused Shangguan Qinglei, Gong Yuanliang let out a long breath, indeed... as expected!

This girl, really dangerous!

Shangguan Qinglei... was this the rhythm of being beaten to death?

Gong Yuanliang and Huang Si Xiang shivered almost at the same time, then, the two resumed their battle.

Luckily... the first part was about to end, they didn't need to face this crazy girl.

Huang Si Xiang trembled slightly, this girl... was she that fierce?

He remembered looking down from the stage at Xi Xi once, his eyes full of disdain.

He admitted he was wrong now, his perspective had been flawed.

...

Below the arena.

In the Shangguan family area.

Sitting leisurely in a Taishi Chair, eating fruits, ready to watch his son severely humiliate that three-year-old girl, Shangguan Family Head Shangguan Zhengheng, suddenly sat up.

His beard and hair flying, his eyes fixed on the arena.

Originally, seeing Xi Xi block Shangguan Qinglei's Pale Thunder Body with her Master Realm Martial Arts, he was quite surprised, thinking this little girl had indeed great talent, and if she grew up, she might actually match Qing Lei.
