

## **A Father 215**

Chapter 215: Hundred Feet of Purple Qi, Innate God Child, Surveying Corpse Curse Death Qi Like Flowers (4)

Thick purple smoke billowed from Xi Xi's Heavenly Spirit Cover, wriggling like a small snake!

It was not just her, by her side Gong Yuanliang and Gongyang Xiu, and in the distance, Hai Chao Sheng, Qin Feng Huo, Huang Si Xiang, Shangguan Qinglei, and others, all had purple smoke emerging from their foreheads.

This was the manifestation of their Divine Child Talent, their Innate Divinity!

Beneath the wooden platform.

In an instant, there was dead silence, with only the sound of everyone holding their breath in concentration remaining.

Even the Diviner Ancestors from the noble families couldn't help but cast their gazes at this moment.

Although detecting talent wasn't as thrilling as competing, the shock brought about by witnessing the talents of Spiritual Children was uniquely impactful.

After all, even the Diviner Ancestors had once been Spiritual Children and had their talents tested...

Therefore, they too were curious and had a comparative mindset.

Parent's area.

Zhang Ya was so tense that her whole body stiffened, grabbing Li Che's arm, breathing heavily, her eyes fixed intently on Xi Xi on the platform.

Old Chen's body also leaned forward involuntarily, his eyes widened, and nervous beads of sweat rolling down his forehead.

His precious Xi Xi... what was her talent like?

Having watched Xi Xi grow up, Old Chen had long considered her his own granddaughter and naturally hoped that Xi Xi's talent was good, which stirred his emotions and made him nervous!

"Husband..."

Zhang Ya unconsciously called out to the person she trusted most.

Li Che's eyes were deep and black at that moment, his gaze capturing the high platform, yet he was exploring all directions, his expression extremely solemn.

But this solemnity was as if he was worried about his daughter's divine talent.

Such was the normal behavior of the parents.

Regarding Xi Xi's divine talent, Li Che wasn't worried at all.

Every day, using "Pure Heart" for divine grooming and cleansing, compared to when Li Qingshan was tested, Xi Xi's innate divinity today... perhaps even surpassed that time!

But exactly how high, Li Che had no idea.

"Qinghong, who is that?"

Li Che suddenly spoke to Shangguan Qinghong by his side.

Shangguan Qinghong was startled, not expecting that Li Che would suddenly ask such a question during a critical moment of testing Xi Xi's divine talent. ʘ

Subconsciously, she followed the direction Li Che pointed.

"Elder of Watching Tide Pavilion... Xiao Baihe, a master of the Void Phase!"

It seemed that Shangguan Qinghong had been instructed to please Li Che, so she immediately introduced him.

"And that one?"

"Great Elder of Watching Tide Pavilion... Zhao Kuyu, Void Phase Complete..."

Shangguan Qinghong seemed to know the information of everyone like the back of her hand, whoever Li Che asked about, she could name.

And as the two whispered back and forth with light words and glances.

On the high platform.

Everyone's gaze was drawn.

With the Looking Nature Divine Formation activated, the divinity of all Supreme Spiritual Children and Upper Class Spiritual Children began to surge forth.

The first to transform into a rising mist of smoke were the fifteen Supreme Spiritual Children, and after five or six breaths, the divinity of Upper Class Spiritual Children ascended!

The divinity turned into purple smoke columns, continuously rising as if drawn by the umbrella canopy, resembling purple bamboo freshly sprinkled with spring rain after a storm, climbing higher and higher!

However...

Everyone's gaze was focused on the fifteen Supreme Spiritual Children.

The talents among the Supreme Spiritual Children... also varied in degree!

Taking the lead was Hai Chao Sheng!

The growth rate of his purple smoke column was extremely fast, soaring straight upwards, and it quickly surpassed ten feet!

Following closely behind him were Gongyang Xiu and then Huang Si Xiang...

Xi Xi's face turned red, blinking her large eyes, watching the purple smoke column billowing from her head.

She ranked sixth among the fifteen Supreme Spiritual Children, which was above average.

Hai Chao Sheng, seeing his purple smoke column growing the fastest, instantly wore a smile of pride on his lips. Indeed, he was the unparalleled one!

What Xi Xi, what Huang Si Xiang, what Gong Yang Xiu...

They are just so-so!

Hai Chao Sheng is a talent who could even get his hands on treasures his Divine Minister Ancestor hesitated to bring out!

When the Divine Pillars of the Supreme Spiritual Children had increased to nearly fifty feet, the speed of rising started to slow down.

Some Supreme Spiritual Children had no way to continue and were stuck under fifty feet, unable to surpass it.

Hai Chao Sheng's Purple Aura Divinity Pillar directly surpassed fifty feet, unstoppable, and continued to rise!

Following closely, the Purple Aura Divinity Pillars of people like Huang Si Xiang, Gong Yang Xiu, Gong Yuanliang, and Shangguan Qinglei also broke through fifty feet, and surpassing fifty feet could obtain a superior grade rating.

But how high specifically had yet to be determined, depending on where it would eventually stop!

Qin Feng Huo's Purple Aura Divinity Pillar stopped at fifty-nine feet.

Gong Yuanliang reached sixty-five feet, while Huang Si Xiang reached sixty-nine feet.

Gong Yang Xiu's Purple Aura Divinity Pillar also stopped growing, and settled at seventy-two feet, still a distance from the hundred feet canopy.

Hai Chao Sheng's Purple Aura Divinity Pillar continued to grow.

However, the smug look on his face gradually disappeared, turning serious.

Because, not far from him, there was another Purple Aura Divinity Pillar slowly rising!

It was slow but steady...

Hai Chao Sheng turned his head to look, his eyes narrowing.

It was that firework girl!

How could it be?!

Xi Xi's Purple Aura Divinity Pillar had started so slow, even slower than Gong Yang Xiu and Gong Yuanliang, how could it catch up?

The other Supreme Spiritual Children also noticed this scene, and they all widened their eyes.

Two Purple Aura Divinity Pillars, standing out like cranes among chickens, rising!

Yet to stop, still ascending!

Hai Chao Sheng's Purple Aura Divinity Pillar was always in the lead, roughly leading by about five feet.

Suddenly, Hai Chao Sheng's expression froze.

His Purple Aura Divinity Pillar, it froze...

Stuck at ninety-one feet!

No way to continue!

He turned his head, staring intently at Xi Xi, watching that firework girl's Purple Aura Divinity Pillar!

Slowly but surely, slowly but surely...

Xi Xi's Purple Aura Divinity Pillar, just like that, slowly and steadily, like a snail's crawl, surpassed his pillar amid Hai Chao Sheng's pale disbelief, surpassing ninety-one feet.

"Eh?"

Xi Xi's eyes lit up, then her smile gradually widened.

Hands on hips, chest and stomach thrust out.

Emperor Xi Xi, overlooking everything!

Evil Ministers, kneel down!

Even Li Che, who was at that moment examining the Corpse Curse Mark, couldn't help but shift his gaze over.

On the high platform.

Zhu Hong Dou had completely stood up, staring at Xi Xi's Purple Aura Divinity Pillar.

Even Sect Master Nan Lihuo was taken aback by the sight.

Rise, rise, rise...

Under everyone's watchful eyes.

Xi Xi's Purple Aura Divinity Pillar leisurely topped the Hundred Feet Umbrella Canopy.

Sect Master Nan Lihuo suddenly stood up.

"Hundred Feet Divinity..."

"Innate Divine Child!"
