Chapter 216: Jiazi Child Prodigy Inherits Sect Master's True Successor, Parents Rise in Status through Their Daughter

Innate God Child!

Divine Child!

Nan Lihuo suddenly stood up, his always gentle face underwent some changes, and a gleam flickered in his eyes.

Divinity purple smoke rising to a hundred feet!

Indeed, an Innate God Child!

This was the talent designation of children recorded in the Observation Skill.

Surpassing a Supreme Spiritual Child, such individuals are extremely rare!

In Golden Light Prefecture City, including the surrounding Thirteen Cities, it was rare to find a Divine Child in a Jiazi, like during this selection, Li Qingshan had not discovered any Divine Child before.

As they passed each city, Li Qingshan would use the Observation Skill to select Spiritual Children categorizing them into different levels, and then arrange for them to come to Mansion City.

However, he had only selected three Supreme Spiritual Children so far.

As for a Divine Child, he had not even seen a hint of one!

Not just in Golden Light Prefecture City, but throughout the four Mansion Cities under Yun Province's jurisdiction, the situation was similar. Golden Light Prefecture was considered a powerful Mansion City, the main peak location of the Divine Sect Branch of Yun Province.

The other three Prefectures were even worse, with very few Supreme Spiritual Children and hardly mentioning Divine Children.

Therefore, across the whole Yun Province, Divine Children were rare for decades.

Unless it was the Dao City where the Authentic Divine Sect's gate was located, Divine Children new disciples would appear during each sect disciple assessment.

Nan Lihuo had not expected that this Divine Sect Branch assessment would result in the appearance of a Divine Child!

It wasn't just Nan Lihuo who was shocked.

When the divinity purple smoke column above Xi Xi's head reached a hundred feet high, touching the mushroom canopy above, nearly all Divine Symbol Cultivators could hardly restrain their Divine Sense, causing fluctuations!

"At a hundred feet, one is a Divine Child!"

"It's... it's a Divine Child?"

"Golden Light Prefecture City, this sect entry assessment actually produced a Divine Child?"

...

The Diviner Ancestors from the Five Great Clans were all eyes twinkling, igniting a storm of thoughts in their minds!

Temple Control Bureau, Qintian Observatory, Divine Guard Army's Divine Facade Experts, were all emotionally stirred.

Especially from the Temple Control Bureau's direction, the Supervisor's divine facade pressure was almost uncontrollable, leaking out.

That eager, wall-prying sentiment was almost blatantly obvious!

The Temple Control Bureau's usual style was to pry the corners of Divine Sect walls, since the Imperial Court wasn't actively recruiting Spiritual Children, but once a promising seed appeared, the Temple Control Bureau would proceed in this manner.

A Divine Child, enough for the Supervisor and Governor of the Temple Control Bureau to go all out.

However, corner prying wasn't so easy, after all, this Divine Child was too young, merely three years old, so if one wanted to snatch the three-year-old Divine Child, one would have to start from their parents.

Temple Control Bureau area.

Zhang Lianhao was utterly astonished, being the general inspector who had even trailed Li Che for a while; although he initially dismissed suspicions about Li Che's identity, Li Che ultimately remained in his memory.

Now, Li Che's daughter turned out to be a Divine Child!

Zhang Lianhao was extremely surprised.

"Father thanks to the daughter now... A Divine Child emerges, the Divine Sect branch is likely to place great importance! Li Che will also gain attention from the Divine Sect because of his daughter's Divine Child status!"

"Absolutely wealthy now."

Zhang Lianhao sat in his chair and shook his head.

As for whether this Divine Child would be poached by the Temple Control Bureau, that seemed very unlikely.

Divine Sect's Sect Master Nan Lihuo would definitely not let go of a Divine Child and was sure to be extensively prepared.

"A three-year-old Divine Child, starting to be heavily nurtured by the Divine Sect Branch from now on, this future... will surely enter the Ganyuan Orthodox Sect of Lingnan Circuit!"

"By then it will truly skyrocket!"

Zhang Lianhao was profoundly moved, the unpredictability of life, one's fate was uncertain, wasn't it?

Who could have thought that the Li family, upon arriving in Mansion City, had still been worried about being persecuted by Qin Yuqing.

Now, the Qin Family would probably not dare to easily trouble the Li family anymore.

...

...

Zhang Qing Zheng was somewhat astonished, this astonishment, even his normally stoic and bitter lotus-like face couldn't conceal.

"A Divine Child..."

Zhang Qing Zheng's robe fluttered, his dead-fish eyes lit up.

"Really good!"

He exclaimed in admiration.

The Supreme Spiritual Children, however, were all as stunned as petrified chickens, eyes wide and tongues tied.

Especially Hai Chao Sheng, who stared blankly at the divinity purple smoke pillar above Xi Xi's head which directly surpassed his height, entering the hundred feet mark!

His face suddenly felt burning hot, wasn't it said that he was the only unrivaled individual among this generation of newcomers?

Now it was clear he was trampled underfoot by Xi Xi.

This three-year-old violent little girl has now become the unparalleled existence in this generation!

He, Hai Chao Sheng...

Was just trash.

Hai Chao Sheng's eyes moistened, an inexplicable sense of injustice made him feel the urge to cry.

He was supposed to be the genius silently nurtured by his ancestor...

Yet, he lost to a three-year-old violent little girl!

Hai Chao Sheng felt so powerless.

The other children were also utterly shocked; they were just children, without much thought, but they felt...

Xi Xi is amazing!

The battered up Shangguan Qinglei gritted his teeth with resentment, oh heavens... how unfair!

This stinky girl also possessed a hundred feet of innate divinity, becoming a Divine Child-like figure?

Gong Yuanliang and Gongyang Xiu did not have so many thoughts.

"Wow... Xi Xi is so amazing... topped out!"

Five-year-old Gongyang Xiu jumped and clapped.

Gong Yuanliang also nodded, "Worthy of being the child of someone my aunt knows!"

"Also the child of someone my grandfather knows!" Gongyang Xiu, not to be outdone, immediately retorted.

Seeing that the two were about to argue again, Xi Xi helplessly touched her forehead, truly two troublesome Evil Ministers.

"Stop arguing, eat some sunflower seeds! Three seeds each!"

Xi Xi grabbed a handful of sunflower seeds, dividing three seeds each, fair and square.
