Chapter 219: Jiazi Child Prodigy Inherits Sect Master's True Successor, Parents Rise in Status through Their Daughter (4)

"So, I, the Sect Master, hope that the four elders... can join me in cultivating Xixi."

"We must strive to develop Xixi's talents, aiming for her future entry into the top ten of the Divine Sect True Inheritance Qianyuan Rankings, to win our Golden Light Sub-sect the resource inclination from the authentic sect!"

Sect Master Nan Lihuo proclaimed, waving his arm.

Instantly, there was silence.

The four elders almost simultaneously glared, their eyes nearly bursting, old fools!

Stealing their beloved disciples was one thing, but planning to freeload off them...

Unfilial!

"I agree!"

Unexpectedly, the first to express his stance was Zhang Qing Zheng.

"I agree, my 'Twin Sleeves Peak' shall be open to Xixi for free entry and exit."

Zhang Qing Zheng said solemnly.

Zhu Hong Dou widened her eyes and followed suit: "I'll also open up Red Cloud Peak for Xixi, she may stay as long as she wishes if she likes, I truly adore this little girl."

Xu Jiuqing and Weng Wuyu hesitated for a moment, then sighed and expressed their stances one after another.

Li Qingshan, watching from the side, was dumbfounded.

This situation...

He had truly never encountered it before.

A disciple being jointly fostered by the higher echelons of the Divine Sect, what kind of treatment was this?

The treatment of the pet of the Qian Yuan Divine Sect Golden Light Branch!

"Because Xixi has joined my tutelage and become a successorship of the Sect Master, there will be one less true successor of the Elders, Elder Zhang, then promote Huang Si Xiang, whose talent is slightly lesser than Gongyang Xiu, who also narrowly lost to Guang Yuanliang in the defense battle, into the true succession."

"No need." Zhu Hong Dou refused.

"Without a female disciple, I, Zhu Hong Dou, will not accept a true successor this term, I will concentrate on fostering Xixi."

Zhu Hong Dou's decision didn't surprise everyone.

"Then, Huang Si Xiang will remain in the inner sect..."

Sect Master Nan Lihuo didn't mind it either.

The next moment, he walked up to Xixi and reached out to hold her small hand.

An invisible surge of air flared up from all around.

Carrying Xixi, Sect Master Nan Lihuo soared directly into the sky, as if riding clouds and mist, suspended midair, appearing as if thousands of rays of light erupted, shimmering brightly. ❖

"Li Nuanxi of the Mansion City, possessing a hundred feet of Divinity, achieved Bone Tempering Great Achievement at the age of three, mastered master-level Martial Techniques, successfully nurtured her nature, a peerless prodigy from Golden Light Prefecture..."

"Today, after the collective discussion and decision of many Divine Minister Elders and myself, the Sect Master of the Divine Sect Golden Light Branch..."

"is now an authentic Sect Master Successor!"

"Awarded with the Seven Elemental Divine Weapon 'Qianyuan Diamond Circle,' one Seventh Grade Qianyuan Initial Solidifying Martial Pill, one Seven Elements Divine Wood Carving, the Martial Path unique skill of the Golden Light Branch 'Mystic Thunder Golden Light Killing Sword Technique,' and the Heaven and Earth Divine Object 'Golden Light Evil'."

As the voice fell, it was like thunder.

Before the stone arch at the base of Divine Sect Mountain Gate.

All those present were engulfed in silence, only endless shock swirling tumultuously.

Successorship of the Sect Master?!

Not just a true successorship of an Elder, but of the Qian Yuan Divine Sect Golden Light Branch's Sect Master!

One with a potential future to assume the position of Sect Master himself!

But even more exhilarating were those rewards promised by Sect Master Nan Lihuo!

A Seven Elemental Divine Weapon!

A Seventh Stage Martial Pill!

A Martial Path unique skill!

The Heaven and Earth Divine Object "Golden Light Evil"!

Truly... the envy of everyone!

This is the foundation of the Divine Sect, this is skyrocketing as a true successor of the Sect Master!

Other true successorships of the Elders too would have various rewards, although nowhere near that of the Sect Master's successorship.

Yet, the rewards of the Sect Master's successorship, as pronounced, simply makes everyone's heart itch with envy.

However, this was not yet over.

Sect Master Nan Lihuo, holding Xixi, remained suspended in the air.

At that moment, auspicious clouds descended slowly, landing before the Divine Sect Mountain Gate, in front of the family zone.

A vast omnipresent pressure thunderously arose, as if shaking the Nine Dragons River, causing giant waves to crash.

Everyone dared not breathe out loud.

This was a top-tier expert from Golden Light Prefecture, among the very pinnacle of the powerful!

Now, face to face, his aura was unparalleled!

Nan Lihuo held Xixi's hand, his gaze gently falling upon Li Che and Zhang Ya.

Li Che quickly grabbed Zhang Ya and bowed to Sect Master Nan Lihuo with fists clasped.

"Xixi's parents, Madam Li, Zhang Family have nurtured the Divine Child Xixi, have been meritorious in providing talent to our Divine Sect, awarded with two Nine Luminaries Divine Weapons, two Eighth Grade Martial Pills, a pass for entry and exit to the Divine Sect, ten thousand taels of gold, three shops in Mansion City..."

"To thank the two of you for raising the Divine Child!"

Nan Lihuo's gaze was warm as he spoke to Li Che and Zhang Ya.

The sound thundered like a clap of thunder beyond the clouds.

The roar exploded at the very front of the Divine Sect Mountain Gate.
