

A Father 246

Chapter 246: My Daughter Can No Longer Be Defined as a Divine Child, Prototype of Divine Powers (3)

Li Che was at a loss for words, but he happily accepted the reward nonetheless.

A reward for nothing, not taking it would be a waste.

Normally, he wouldn't have been able to enter here; it was all thanks to Xi Xi, basking in her light.

So one could say that Li Che's reward was also for nothing.

As the golden light faded, Li Che received a book with a gold cover.

"Fearless Golden Heavenly King Divine Aspect Method of the Six Bureaus!"

Li Che's eyes suddenly brightened!

Six Ministries Divine Phase Method!

Such fortune!

O Heavenly King, although you've humiliated me, you've given plenty...

Li Che, with a smile brimming on his face, pocketed the Divine Aspect Method.

Although Li Che wanted to break through the Divine Aspects, he needed to collect seven Divine Aspect Methods, that is, seven parts of the Divine Aspect Method.

One part wasn't enough, as all beginnings are hard, but he would accumulate them one by one.

Having obtained one now was also a good start.

Boom—perhaps sensing that both Xi Xi and Li Che had received their rewards,

The entire Golden Temple seemed to quake.

The booming sounds were incessant.

Li Che's expression subtly changed.

His hand, placed on the foot of the Heavenly King Statue, did not loosen but instead... began to familiarly caress it.

The sensation was just like when he had touched the head of the Three-Eyed Spirit Infant Temple God in the Flying Thunder Strange Temple.

Thousand Analyzing Hands... Siphon!

Chess Saint Dao Fruit!

Full firepower!

In a flash...

A tremendous suction force burst forth from the palm of Li Che's hand!

Threads and strands of golden light began to swiftly converge...

Sweat beads formed on Li Che's forehead, and his whole body tensed up.

Just as the Divine Chess Piece was almost formed,

A powerful pulling force suddenly burst from the body of the Temple God!

It nearly scattered the forming Chess Piece!

"How dare you—!"

Boom—!

A terrifying sound exploded, as if thunder rolled and the Thunder God roared in anger!

Li Che immediately released his hand, having siphoned a Heavenly King Temple God Chess Piece, it instantly fell into the Heaven and Earth Chessboard.

With a loud bang!

The entire Chessboard trembled; the stellar position of the dropping, along with the intersecting lines of the Chessboard, seemed to collapse instantly as if unable to bear its weight. ㄟㄨㄚㄛㄟ

Li Che caught a fleeting glimpse—it was a Chess Piece of a "black gold" color!

Still black...

Apart from Immaculate Heart Divinity, was it impossible to form a white Chess Piece?

A flicker of confusion crossed Li Che's mind.

When he felt a tremendous repulsion,

He and Xi Xi, who was chasing butterflies, were suddenly ejected from the Divine Que.

In the moment he was ejected, Li Che clutched a Thunder Chess Piece and disappeared into thin air.

...

...

At the Golden Light Peak, Divine Palace.

The Seven Treasures Golden Pagoda hovered in the air and suddenly shook violently.

A fierce wind arose suddenly, and countless golden beams were emitted from the Pagoda, spinning rapidly.

In an instant, Xi Xi's tiny body was spit out.

Nan Lihuo, who had been paying attention, narrowed his eyes and immediately swept his sleeve, a gust of fresh wind arose, protecting Xi Xi's form.

"Back—!"

At the same time, Nan Lihuo only felt an explosive sound near his ear, his powerful Divine Sense almost trembled.

Nan Lihuo's calm and gentle face changed drastically for the first time.

"The Temple God is angry?!"

"Xi Xi... what did you do in the Divine Que? "

Nan Lihuo looked at Xi Xi, his eyes filled with doubt and gravity.

Did Xi Xi anger the Temple God?

It shouldn't be!

This three-year-old Divine Child, with extraordinary Divinity and immaculate heart, was beloved by all; the Heavenly King Temple God... should have liked her.

Why did it seem as though she encountered a detestable Spirit Child?

Xi Xi, with a butterfly perched on her shoulder, sat blankly on the gust of wind created by Nan Lihuo.

Looking around, she slightly opened her mouth.

"Where's daddy?"

"Where's such a big daddy?"

Xi Xi soon became visibly disheartened.

"Turns out... I missed daddy too much, dreamed of daddy..."

Xi Xi then began to feel a bit sad.

Seeing her distress, Sang Guanyin hurried over to comfort Xi Xi. Seeing her beautiful sister, Xi Xi's mood improved considerably, and she stopped thinking about her father.

Seizing the butterfly that had come out with her, she exclaimed in surprise: "Wow, the butterfly came out with Xi Xi!"

The Pagoda returned to calm and settled back on the altar.

Nan Lihuo furrowed his brows, puzzled.

Seeing this butterfly, he relaxed quite a bit. Perhaps... it was not Xi Xi that the enraged Temple God scolded, but the butterfly that ran out with her?

"A Divine Beast with spirit, although I do not know what kind of Divine Beast it is. I'll take it to the Qintian Observatory to consult the Chief Supervisor someday. The Qintian Observatory collects all kinds of rare books and studies astronomy and geography, and they should know."

Nan Lihuo didn't pursue it further.

Because the rank and pressure of this butterfly Divine Beast were not strong.

Clearly, it was just a Divine Beast Cub.

Divine Beasts have a long life, and who knows how long it will take to mature.

Xi Xi... definitely won't outlive this Divine Beast. Once a Divine Beast recognizes its master, after the master dies, the Divine Beast will fly away.

Thus, Nan Lihuo did not pay too much attention.

Instead, he was curious about what Xi Xi gained in the Divine Que.

A Divine Child with Immaculate Divinity should have been able to receive a favorable view from the Temple God, and get an excellent reward, right?

Although he had entered the Divine Que back in his day, his limited talent only earned him one of the Six Bureaus Superior Grade Divine Aspect Method.

With Xi Xi's talent, perhaps she could obtain a complete Divine Aspect Method of the Five Elders Level, or even... that of the Four Imperials Level!

The Golden Light Sub-sect does have a Four Imperials Level "Eight-Armed Prison Lotus Furious Third Prince" Divine Method, but it is only a method of nurturing nature.

And the Divine Foundation Technique... falls to the Six Bureaus Level.
