Chapter 256: Sect's True Successor Xi Xi Faces Assassination Attempt, I Li Che Have My Own Rules

...

"You actually want to kill me?!"

Xi Xi's eyes widened, not with fear, but with excitement shining through them.

Her petite body stood there, and a terrifying pressure burst forth from her.

On her shoulder, the small butterfly, which had seemed like a tattoo, now came to life, flapping its wings open and shut, inhaling and exhaling like an enraged tiger.

On the stage.

Shangguan Qinglei's heart skipped a beat, feeling a suffocating pressure coming towards him.

Was he discovered?

Was this little girl's perception so sharp?

And what about that butterfly?

It was only now that Shangguan Qinglei noticed the butterfly on Xi Xi's shoulder, giving him a chilling sense of dread, the oppressive rank's pressure making it hard for him to even breathe.

He immediately turned his head to Zhang Qing Zheng, "Elder! Report!"

"Li Nuanxi is actually using a spiritual divine beast!"

"That's against the rules!"

Zhang Qing Zheng scowled, his dead fish eyes staring fixedly at Shangguan Qinglei, causing him to break out in sweat on his forehead. Thinking about Zhang Qing Zheng's affection for Xi Xi, he was sweating profusely.

However, on the stage, Xi Xi's giggle "giggles" could be heard.

"Little Hu Hu, go play by yourself, let me handle this alone!"

Her voice was strong, filled with the excitement of the fight brewing within her.

In the spectator stands, Li Che was speechless, so you want all the experience for yourself, huh?

Narrowing his eyes, arms crossed over his chest, Li Che was also on guard, watching intently.

Shangguan Qinglei's intent to kill was rolling, unaware of what tactics he might have.

If he really had some true abilities and harmed Xi Xi, Li Che would be heartbroken.

Nevertheless, as a Divine Symbol Cultivator, Zhang Qing Zheng should be able to ensure the safety of the fight between the two children.

Therefore, Li Che wasn't too worried.

On the stage.

The divine beast butterfly, called "Little Hu Hu" by Xi Xi, reluctantly fluttered its wings and flew off, landing on a wooden post at the edge of the stage, quiet like a blooming flower.

On the other side, on the stage, the flesh on Xi Xi's little face trembled slightly as she stared at Shangguan Qinglei. His murderous intent made her blood boil, and the Purple Snake Divine Pattern on her arm trembled slightly, releasing heat.

Shangguan Qinglei stared at Xi Xi, without the help of divine beasts or traps, maybe... he could seize the opportunity!

He knew that this challenge on the stage was under the watchful eyes of everyone, and a Divine Symbol Cultivator was monitoring.

But...

Bang—!

Shangguan Qinglei roared, the pain of losing his father combined with being treated coldly, the fury in his heart like roaring sea waves, surged up a giant wave!

He stomped his foot on the ground, the Blood Exchange Completion's qi and blood bursting from his swollen muscles, the tips of his feet touching the stage, setting off a ring of ripples!

However, just as he was about to burst forth, a small figure "whooshed" and appeared by his side.

Fast!

Too fast!

Not only was the speed fast!

But also because...

...

This wretched girl, in just one month's time, has actually advanced from Bone Tempering Great Achievement to Blood Exchange!

The lingering afterimage of Xi Xi slowly dispersed in the distance, and Shangguan Qinglei immediately felt an extremely terrifying killing intent!

That's right...

It was killing intent!

Li Nuanxi... also wanted to kill him!

Shangguan Qinglei's eyes narrowed, his long legs violently lashed out to his side, and with a grasp of his five fingers, he seized a long sword radiating intense Divinity in his hand!

That was... a Seven Elements Divine Weapon!

Shangguan Qinglei had actually produced a Seven Elements Divine Weapon; such divine weapons, even placed among the Five Great Clans, belonged to the topmost treasures and should be impossible to appear in the hands of a seven-year-old child!

Like the Family Head, Shangguan Zhengheng, he only possessed one Seven Elements Divine Weapon, the Flood Dragon Bone Wind-Thunder Halberd.

How could Shangguan Qinglei possibly be in possession of a Seven Elements Divine Weapon?!

The moment this sword was drawn, the sharp Sword Qi rampaged and roared, weaving turbulent currents of unparalleled sharpness.

Below the arena, the watchers like Gong Yuanliang and Gongyang Xiu's faces changed drastically in alarm.

"Xi Xi, be careful!"

Gongyang Xiu hurriedly called out in anxiety.

Hearing this, Gong Yuanliang immediately raised his voice in warning as well.

Zhang Qing Zheng stood with his hands behind his back, his brow furrowed, but he did not make a move immediately.

In the stands, Zhang Ya clutched Li Che's arm tightly in anxiety, "Ah—! My lord, how can he use a Divine Weapon, not allowing Xi Xi to use Divine Beasts and mechanisms, but he himself actually uses a Seven Elements Divine Weapon! That's so shameless!"

Zhang Ya was extremely nervous.

Li Che's brow was also furrowed, but his heart was not overly worried.

If Shangguan Qinglei's trump card was only a Seven Elements Divine Weapon...

Then he was finished.

In terms of Divine Weapons...

Even Li Che, as her own father, could not compete with Xi Xi.

That girl, she was hiding a great terror!

Even without mentioning the Fire Tip Spear, just the Seven Elements Divine Soldier Sword 'Qianyuan Diamond Circle,' awarded to her after becoming the Sect Master's True Successor, would definitely not allow Xi Xi to fall into a weak position because of a Divine Weapon.

"Shangguan Qinglei has actually resorted to using a Seven Elements Divine Weapon, could he have foreseen this..."

A trace of severity flashed in Li Che's eyes.

...

Above the arena.

As Shangguan Qinglei summoned the Seven Elements Divine Weapon, his imposing aura skyrocketed, and he became frenzied, his black hair flying wildly as he stared at Xi Xi's delicate figure, brimming with killing intent!

"Die—!"

With a piercing shriek, the Seven Elements Divine Soldier Sword in his hand swiftly struck down towards Xi Xi!

Xi Xi squinted her eyes, completely unfazed by the oppressive Divinity brought by the Seven Elements Divine Weapon.

With a flick of her neck, a resplendent golden Vajra Hoop suddenly soared up, bursting forth with countless paths of Golden Light.

It was her Qianyuan Diamond Circle, which she fiercely smashed forward, colliding with the precious sword!

Clang—

A crisp sound rang out. Although neither child could unleash the full power of a Seven Elements Divine Weapon, just relying on the sheer quality of the Seven Elements Divine Weapon for slaughter was extremely dangerous. The Divinity sparked from their collision was enough to bring about a terribly shocking impact and oppression.
