Chapter 271: Emperor Xi Xi Battles the Third Gold Prince, The Dragon Elephant Furnace Forges a True Grandmaster

Xi Xi glared angrily, although she was only three years old, she was not one to cry easily!

And certainly not from being beaten to tears!

After all, she was the girl destined to become the unmatched Emperor Xi Xi!

Seeing Xi Xi's defiance, Nan Lihuo couldn't help but stroke his beard and burst into laughter, this girl... her pride was truly formidable.

But having pride was naturally a good thing; as a Divine Child with a hundred chi of purple Qi, how could she not possess pride?

Pride was the most basic hallmark of a genius.

However, when Nan Lihuo thought back to his first time entering the Heavenly King Tower's Godly Que for the Heavenly King assessment, the corners of his mouth twitched involuntarily.

During that time, he truly felt beaten to the point of doubting his life.

For an entire month, he couldn't recover, and the former Sect Master of Golden Light Peak took a long time to console and guide him.

He hoped Xi Xi... would recover quickly.

"Alright, get ready to enter the Godly Que."

Nan Lihuo rubbed Xi Xi's head, "Just do your best, don't take the trial of the Heavenly King Tower too seriously... It would be good if you could defeat your opponent before turning twelve."

Xi Xi raised her head, her eyes filled with a hint of indignation.

"Sect Master, are you looking down on Xi Xi?"

Nan Lihuo was at a loss for words, "Your talent is the highest among all my disciples, how could I look down on you?"

"I have expectations for you, hoping you can defeat your opponent before you turn twelve... even I..."

"Even I had not succeeded by the age of twelve."

"Your late eldest senior brother Zhou Daoyuan was the same," Nan Lihuo explained gently.

Hearing this, Xi Xi's frown relaxed a bit and she asked curiously, "The late eldest senior brother... he was also very powerful, wasn't he?"

Nan Lihuo's eyes ached as he listened to Xi Xi's praise, and a touch of sorrow, ink-like, seemed to spread in his heart.

"Yes, very powerful, but... not as much as Xi Xi."

Xi Xi immediately held her head high with pride.

That was expected, before Emperor Xi Xi, everything else was deemed an Evil Minister!

Nan Lihuo did not say anything further, his hands sealing, and his Divinity burst forth.

The Heavenly King Tower began to shake abruptly, and in that moment, the Divine Majesty burst forth, and thousands of dazzling golden beams erupted.

The Pagoda Temple God left the altar and flew across the sky, once again familiarly exerting a suction force, absorbing Xi Xi into it.

This time, Xi Xi, with her previous experience, did not flail or scream for help.

However, the sensation of being pulled into the Godly Que was still quite uncomfortable.

Little Hu Hu on her shoulder was quite delighted, gracefully flitting around Xi Xi incessantly.

Li Che had helped Xi Xi study this Little Hu Hu, but to date, had not figured out the purpose of this butterfly-like Divine Beast.

Although its Divinity was very rich, it seemed to lack significant offensive and killing power, only possessing a bit of Divine Hierarchy oppression when releasing Divinity.

Its Divinity was very pure, almost rivaling the Immaculate Heart Divinity.

Unable to figure it out, Li Che had stopped further research, while the butterfly being studied was terrified in his hands, shivering endlessly.

It seemed to be able to sense a person's cruelty.

Clearly, between Xi Xi and Li Che, the latter was more than a hundred times more fierce.

After a whirl of earth and sky.

Xi Xi opened her eyes and, along with the butterfly, appeared once again within the Godly Que of the Pagoda Temple God.

The Sect Master had briefed Xi Xi, explaining that Godly Que and Strange Que were special domains spawned by the Mysterious Temple, related to Divinity.

At least a Nine Luminaries Level Mysterious Temple could give birth to a Strange Que.

The difference between a Strange Que and a Godly Que was that a Strange Que was highly dangerous; once inside, one would encounter various stranger things tainted by the Divinity of the Temple God. These stranger things could take one's life or even taint a person to become a Temple God Cursed Corpse, becoming a protector's power for the Mysterious Temple.

But inside a Strange Que, just like a Godly Que, there were legacies and opportunities, only the level of danger was too high.

A Godly Que was more like a purified Strange Que, fundamentally without danger, and both the legacy and opportunities were very gentle.

The origin of a Godly Que was often a pillaged Mysterious Temple that, once restored to a normal Divine Temple, acquired a Godly Que.

Within, the resentment and Divinity of the deceased Temple Gods subsided, no longer tainting those who entered, instead becoming a place of opportunity.

Hence, a Godly Que was the foundation of every major Divine Sect.

Some Divine Sects even possessed multiple Godly Ques.

For example, the Godly Que of the Golden Celestial Tower, because the Heavenly King Tower was divided into three, thus had three Godly Ques, and they were interconnected.

Nan Lihuo told Xi Xi, if she could defeat that opponent before turning twelve, she would be able to traverse the Godly Que of this region's Celestial Tower and meet and battle with the Divine Children of the Godly Ques in other regions.

At the time, Xi Xi was so excited, already picturing herself overpowering all enemies in the Godly Que.

Xi Xi looked around, clenching her plump little fists, her eyes gleaming brightly.

She patted the butterfly and took small quick steps towards the majestic and vast Golden Temple, walking joyfully and briskly.

She hummed a tune taught by her stinky daddy, "I have a little donkey that I never ride, one day on a whim, I ride it to the market..."

As she sang, the butterfly danced around her gracefully.

A girl and a butterfly, like a blooming flower in the midst of the Godly Que.

Arriving in front of the Divine Palace's grand doors, which were tightly closed, Xi Xi's eyes widened, and she immediately understood. She took a horse stance, and the fine, wispy bangs on her forehead began to flutter wildly in the wind.

Within the Inner Scene of the Energy Center, the Method of Nurturing Nature "Extreme Grief Wind Fire Subdue Dragon Third Prince" that she had been cultivating, activated in an instant!

Although it was a method of the Five Elders Level, Xi Xi had already completed all the transformations of Divinity in half a year.
