

A Father 280

Chapter 280: Daughter at 4 Years Old Gains Dao Fruit, Xi Xi's Birthday Can't Go On Without You, Old Chen (2)

Li Che also planned to finish the affairs of the upcoming period and then start enhancing his [Divine Craft] Dao Fruit to level 4.

In fact, Li Che really liked this kind of peaceful life.

Every day, just to cultivate, carve, nourish divinity; it was simply too comfortable.

Quiet and beautiful.

Unfortunately, the trees wish for quiet, but the wind doesn't cease; this world has never been peaceful and calm.

Even in Golden Light Prefecture City, undercurrents surged continuously.

Gangs fought openly against each other, the Five Great Sects also schemed against each other in the shadows, and the noble families competed for interests, constantly at friction.

The Temple Control Bureau focused entirely on the three Mysterious Temples outside the city filled with imminent terror ready to erupt at any moment.

City Lord's Mansion and Temple Control Bureau, along with the Qintian Observatory, were not on the same side, and they seemed to eye the Divine Sect greedily.

Within the Divine Sect, there were evil people from the Corpse God Cult.

The Corpse God Cult was even corrupting the elites of various powers within Golden Light Prefecture City, like a venomous snake with its jaws wide open, ready to swallow the whole city clean.

The world... had never been stable.

Only when one's own strength was sufficient, strong enough to uphold a domain of peace...

Could one truly realize a worry-free life, sit and watch the changing scenes, and enjoy life.

Li Che opened his eyes and exhaled a breath of turbid air.

It had been calm for so long, which was the calm before the storm.

As the Four Royal Eight-Armed Wrathful Third Prince Mysterious Temple trembled, Strange Que expanded, waiting for the arrival of the strong from the Ganyuan Orthodox Sect to open the Wrathful Third Prince's Mysterious Temple and conduct Temple God Resonance Testing...

The storm could no longer be suppressed.

Li Qingshan had said during the previous sect entrance exam that Temple God Resonance Testing would likely happen a year after the entrance exam, so after Xi Xi's birthday, it was probably time for the Temple God Resonance Testing.

"Temple God Resonance Testing... Li Qingshan mentioned that this time it's going to be huge, different from the past. Previously, for Temple God Resonance, the Authentic Divine Sect would bring Supreme Spiritual Children gathered from Four Mansions of Yun State and the State City,"

"But this time, it seems that not only from Yun Province, but also ten sub-sects under Lingnan Circuit's Dao City's jurisdiction, including Dao City itself, will send their powerful to bring the Spiritual Children for the testing..."

"For the legacy of the Eight-Armed Wrathful Third Prince!"

Li Che's gaze flickered.

The Eight-Armed Wrathful Third Prince's Mysterious Temple outside Golden Light Prefecture was of a very high rank, even considered top-tier among the Four Royal Mysterious Temples.

Hence, as Strange Que vibrated, the Third Prince's legacy emerged, various powers would be tempted.

And since the original form of the Third Prince Temple God was a child, naturally the matter of Temple God Resonance would be regarded highly by all parties.

This Temple God Resonance... attracted the attention of the entire Lingnan Circuit.

The Corpse God Cult had made early arrangements in Golden Light Prefecture, also because of the fame of the Four Royal Eight-Armed Wrathful Third Prince Mysterious Temple.

Just as Li Che was contemplating and summarizing, completing the arrangement of his own cultivation.

Buzz

Li Che suddenly felt the world become extremely quiet!

Thump thump thump!

Within his chest, intense fluctuations transmitted, those were the abnormalities occurring in each of the Dao Fruits!

Dao Fruit [Divine Craft], [Dragon Elephant Vajra], [Pure Heart], [Chess Saint], all four Dao Fruits were throbbing intensely!

As if welcoming a new companion!

Before him, images flowed, familiar scenes, like a mirror emerging from beneath the water, slowly reflected!

...

Roar

The vast and profound land seemed to roar with ancient gods, and between the boundless skies, a treasure tree towered into the clouds!

Numerous leaves fluttered, sparkling with ten thousand streams of light!

A colorful fruit, accompanied by rainbow lights, hung at the treetop above.

The growth images of Xi Xi this past year were projected fleetingly, illuminating the vast land!

Li Che's hair was jet black, his eyes looked ahead.

Twinkling with a crystal-clear brilliance, filled with curiosity and expectation.

Xi Xi's birthday, was the day he, Li Che, would open the Dao Fruit blind box...

Naturally, he was very much looking forward to it!

A year of guardianship, finally bearing fruit today.

Xi Xi four years old, the fifth Dao Fruit!

At last!

...

[Your daughter is four years old, occasionally faced with difficulties, resilient and unyielding, safe and sound, and has obtained the Dao Fruit "Fairy in the Painting"]

...

The prompt gathered into a twinkling golden light, bright beyond compare.

The fifth Dao Fruit!

Li Che knew, if his daughter was safe and sound, his future... Dao Fruits would only increase.

As for the nature of the Dao Fruit, what it would be, he could not be sure and it was unpredictable.

It was like opening a blind box, very thrilling.

Just like this time, seeing the name of the fifth Dao Fruit, Li Che was as bewildered as he was when he first saw the "Chess Saint" Dao Fruit.

Fairy in the Painting?

Was this meant to make him a suave person wielding a writing brush?

He slightly furrowed his eyebrows.

It seemed like he was starting to grasp some different implications of the Dao Fruits.

"Professional?"

"Are these Dao Fruits setting the pace for me to become a god through professions?"

Li Che smiled with interest.

Of course, that might not be the case, as [Pure Heart] Dao Fruit did not belong to a professional category, so one should not generalize; there was still a probability.

The panel brought him an opportunity to bind with his daughter's bonds. If his daughter lived safely for one more year, he would obtain a Dao Fruit.

This Dao Fruit was just freshly formed, with no maturity, needing him to gradually accumulate maturity.

The origin of this opportunity was very significant.

Because now, as his cultivation grew and his contact with the world deepened.

He saw the Temple God, saw the overlapping myths of two lives, so while his mind trembled, he could not help but wonder... Continue your adventure with empire

The Dao Fruits he obtained, bound to his daughter, was his daughter's identity special?

My Xi Xi...

Could she be the reincarnation of some great power?

Li Che closed his eyes, his soul intensely trembling; once this thought arose, it completely became uncontrollable, as if a cold sensation instantly enveloped his whole body.
