Chapter 401: Daring to Roar at Emperor Xi Xi, Divine Monkey Descends to Trample the Great Grandmaster

Divine Skills!

Rosy Cloud Lift!

Li Che's muscles and bones uncontrollably trembled, emitting all sorts of crackling sounds as if his internal skeleton was frictionally shifting, undergoing a complete transformation!

Yet, his eyes were unprecedentedly bright, staring at the prompt that appeared before him.

Dragon Elephant Vajra: Cloud Lift!

Li Che breathed heavily, and large beads of sweat slid down his forehead, dropping to the ground with a "plink," and completely shattering!

Before him, the prompt changed again.

[Rosy Cloud Lift (Divine Skills): Ascending the tower, flesh and blood transcending, earth evil to heaven's gang, snapping stars with a flick]

[First Layer of Heaven: Qi and Blood Rosy Clouds]

[Metamorphosis of Qi and blood, Rosy Clouds naturally forming, see Gods in flight, omnipotent]

[Second Heaven: ???]

The hints for the new Divine Skills spread out slowly from the depth of his heart, blossoming like ink blurring.

Li Che's gaze sharpened.

Sure enough, just like the Divine Skills obtained from the Immortal Artisan, it was divided into the First Layer of Heaven and the Second Heaven, mainly because his strength was too weak to trigger the Second Heaven, or rather, the maturity of the Dao Fruit wasn't sufficient!

"Qi and blood rosy clouds

"What is it?"

Confusion surfaced in Li Che's mind.

But there was no time to think more.

The second transformation brought by the Dragon Elephant Vajra Dao Fruit triggered a complete metamorphosis on Li Che's flesh.

It was like scorching hot lava from an extreme volcano, rolling down and colliding with his fiery hot stone-like muscles and bones.

It felt as though burning flames were smelting his internal organs, igniting his viscera, burning his flesh and spreading intense heat and pain throughout his body.

Everywhere burned, everywhere hurt!

Li Che felt as though he was a huge furnace, with himself as the raw material for forging a precious steel blade placed within it.

The flames burned intensely, seeming to char him to a crisp!

They were refining his body to its utmost, squeezing the essence and limits of his flesh!

Dudu dudu dudu—

Inside the Mysterious Temple, waves of air rose, and white steam erupted from his pores, shooting out like the steam from a high-pressure cooker.

Li Che's skin radiated a red glow, as if filled with red fluorescent material, blooming a crimson color in the darkness.

Li Che was incredibly tense, and as his body transformed, the Inner Scene of the Energy Center also intensely vibrated.

The transformation of the body was indeed related to the spirit, complementing each other.

Star Plucking Pupil!

Divine Skills manifested!

From Li Che's brow burst forth, his flesh seeming to split open as an eyeball slowly opened, appearing to emit endless divine light shooting out from the pupil!

Boom Boom Boom!

Shockwaves radiated out from Li Che's body, expanding in rings towards the surroundings!

Striking harshly against the temple walls, causing the Mysterious Temple to tremble as if it were shaking!

Li Che could feel waves of intense, scorching heat mingling with the fearsome power refining muscles and tempering bones, traveling astonishingly swiftly in a circuit throughout his body!

The speed was too fast!

The skin membrane emitted intense heat, Li Che felt his skin being scorched stiff, falling off, shattering...

Li Che looked up and howled long, stood up, clenched his fists, and began to practice martial arts within the temple!

Roar—!

Howl—!

The sound of the dragon's chant and the elephant's scream exploded and shook the air.

His qi and blood burst forth in a mist of blood, spraying out from every single pore, seeming to form a dragon and an elephant's shadow, coiling around Li Che.

Li Che pushed forward on the Martial Path, practicing his self-created ultimate technique, Myriad Transformations Dragon Elephant!

Within Myriad Transformations Dragon Elephant, many ultimate techniques were merged: Pale Thunder Body, Eight Flood Dragons Overturning the Rivers, Nine Seals of Mechanism, Crimson Flame Flowing Fire Divine Arrow, and the combined volumes of the Thousand-Armed Divine Sculpture...

And also the Martial Saint Ultimate Study, Primordial Equal to Heaven Staff!

Li Che continuously practiced martial arts, continuously striking with his fists, merging many ultimate techniques, even of different types!

All were revealed as mysteries within his punching technique!

At this moment, Li Che was drenched in sweat, blood spattering wildly, his qi and blood steaming around him, forming a rich atmosphere of rosy clouds of qi and blood!

A blessing to the heart and spirit, like an overwhelming tide impacting Li Che's mind at this moment!

Transparent, clear, enlightened!

At this moment, Li Che felt that his understanding of the ultimate studies was rapidly ascending!

An epiphany!

Similar to an epiphany!

The Second Transformation of Dao Fruit, the advancement of divine skills, made Li Che enter a state seemingly of Martial Path enlightenment!

All sorts of ultimate techniques in his mind became clear.

He rapidly mastered them!

Even the difficult-to-understand Martial Saint Ultimate Study, Primordial Equal to Heaven Staff, seemed to be something he could rhythmically advance!

This efficiency...

Compared to the past, was simply ten to a hundred times higher!

Li Che's body trembled, his heart thrilled immensely, even though his muscles and bones endured almost inhuman pain and transformation.

But the gain of this moment was immense!

With a clench of his fingers, it seemed he could shatter the air, thrusting out his fist, his qi and blood roared through him like thunder!

True Qi and energy intertwined, rushing into his internal organs, tempering them intensely!

The energy spread and expanded from his spine, like a great net throughout his body!

His muscles, under high-speed vibration, seemed to undergo a high-frequency forging, achieving a transformation akin to a divine weapon!

Li Che's spirit was more excited than ever!

His energy mobilized, the Star Plucking Pupil at his forehead stimulated, perceiving all the conditions within his body!

A surge of energy, rapidly coursing, he held his breath, suppressing this energy in the energy center!

That was the energy of the Martial Path!

This moment of transformation was extremely crucial.

While the physical body was in pain and the spirit fatigued, this energy was fundamental to the transformation!

Once this breath was released, the transformation would abruptly end, perhaps with some physical breakthroughs, but with the release of this breath, the essence created by the refinement of flesh and blood would evaporate.

Chapter 402: Daring to Roar at Emperor Xi Xi, the Divine Monkey Descends and Tramples the Great Grandmaster_2

And then... there was a severe deficiency of Essence, Qi, and Spirit!

Instead, it could turn an opportunity into a serious cultivation mistake!

The five viscera and six bowels were being tempered; tendons, bones, meridians, and membranes were also being tempered!

To the naked eye, muscles and skin trembled at a super high-frequency, vibrating hundreds of times in a second!

The whole person even vibrated out a blurred shadow!

The thick fog of Qi and Blood gushed out, growing denser, and a stream of Qi that had been condensed now occupied the dantian!

Punch!

Continue punching!

Primordial Equal to Heaven Staff!

Li Che's fingers clenched, and the Liu Blood Shock Spear was suddenly gripped again; he swept it fiercely, and the terrifying whipping force made the air explode with a burst.

An overwhelming force, obliterating everything!

The sound of blood flowing at high speed was like the raging waves of the Nine Dragons River, billowing and raging!

Countless spear shadows densely accumulated within the Mysterious Temple.

Thump!

Suddenly.

Li Che paused, and the Liu Blood Shock Spear in his hands seemed to emit a mournful cry, as if overburdened!

This spear... after all, was but a Nine Luminaries Divine Weapon, at this moment, it somewhat couldn't keep up with Li Che's strength and rhythm.

It was somewhat unable to withstand the power of the Martial Saint Ultimate Study, the Chaos Heaven-Matching Staff!

The spearhead plummeted heavily.

Striking the void, the air seemed to cave in deeply.

Creating ripples of air vortexes, accompanied by the hot air jetting from the millions of pores on Li Che's body, struck out of the Mysterious Temple.

Surging and sweeping toward all directions!

The thick fog of Strange Que was instantaneously stirred up!

Within Strange Que, the figures of Temple Guardian Cursed Corpses were restlessly flickering!

...

...

It was dead of night, the Mysterious Temple of the Fire-Eye Mystical Awe Spirit Monkey.

Silent beyond measure.

Within the camp, lights flickered.

Qi Yanghao, the Supervisor going through documents quietly, suddenly turned pale with a drastic change!

He grabbed the Side Knife on the desk and dashed out of the camp, appearing outside the warning line where the thick fog of Strange Que churned.

The rest of the Divine Envoys in charge of the Mysterious Temple also sensed the commotion and rushed over.

They stood outside Strange Que.

Watching the ceaseless churning, as if waves were constantly crashing within, making Strange Que suddenly surge with a powerful, boiling presence.

The faces of the few changed involuntarily.

"Boss... this couldn't be... another uprising, could it?"

An uprising in the Mysterious Temple... again?

The last time, the Wood Carvers from the Qintian Observatory had just caused an uprising while observing the Temple God, though it eventually turned out to be a false alarm.

But it already had them on edge.

This time...

Is it coming again?

Qi Yanghao's face was extremely grave.

"Not sure, don't know what happened inside Strange Que... no, looking at this situation, something must have happened inside the Mysterious Temple!"

"Regardless, prepare for battle!"

"I've already felt within Strange Que, those Temple Guardian Cursed Corpses that have been tainted by the Temple God Divinity are agitated

“

"Be ready at all times!"

"Once Strange Que erupts, and the Temple Guardian Cursed Corpses start killing

"You must immediately return to Mansion City and report to the Supervisor to ask him to take charge!"

Qi Yanghao drew his sharp side knife, his expression solemn.

The other officers said nothing.

They had experienced many eruptions of Strange Que and were naturally not the ignorant youngsters who knew nothing.

It was just uncertain how many Divine Envoys would die this time during the eruption of Strange Que...

Qi Yanghao stood with the other officers, side knife in hand, staunchly guarding outside the warning line.

However...

Gradually, the tumultuous Strange Que suddenly became peaceful.

The Temple Guardian Cursed Corpses and monsters inside Strange Que fell into a silence as still as death, as if they were deterred by some terrifying existence and dared not make a sound.

Qi Yanghao's tense nerves gradually relaxed.

"Another... false eruption?"

Qi Yanghao's mouth twitched.

It wasn't...

Are Temple Gods always this mischievous?

Always playing like this, it's really torturous, isn't it?!

...

...

Inside the Mysterious Temple.

It was extremely quiet, with only the sound of steady and powerful breathing.

A thick mist of Qi and blood enveloped every corner of the Mysterious Temple, transforming it into a temple of blood.

Li Che sat cross-legged in the center of the temple, slowly opened his eyes, and within the blood mist-covered Mysterious Temple, it seemed as if a flash of lightning streaked by!

Bang bang bang—

His heart seemed to revive, beating violently and blasting out surging blood into his limbs and bones!

Everything began to awaken, and the flesh that had undergone transformation and rebirth, completely woke up!

The blood surged, sinews and bones resonated, and the stomach churned...

Every organ in his body seemed to undergo metamorphosis, gaining a new life!

Li Che raised his hand, and with a clench of his fingers, countless mists of blood coalesced, as if forming a blood sphere that enveloped him.

Then, as Li Che spread his fingers, the blood mist exploded.

It transformed into billowing Rosy Clouds!

Qi and Blood Rosy Clouds!

Li Che's mind stirred slightly, as if he had formed an indescribable connection with these Qi and Blood Rosy Clouds.

Rosy Clouds enveloped within a three-yard radius around him; it wasn't large, but it was as if he had grown countless eyes, allowing him to see everything clearly within the span of the Rosy Clouds.

Even more, he could control these Qi and Blood Rosy Clouds and change them into various shapes.

Compressing, boiling, tearing, kneading...

These Qi and Blood Rosy Clouds seemed to have become his new organs!

This sense of control was like gaining an additional hand.

With a thought, these steaming Qi and Blood Rosy Clouds instantly retracted into his pores.

Scalable at will, hidden and explosive, as he desired!

This feeling was truly unique.

Divine Skills... truly worthy of the name!

The mind shifts.

The Qi and Blood Rosy Clouds seemed to have turned into thin clothing, the color of which could even change with his thoughts, refracting light to display a variety of colors.

Chapter 403: Daring to Roar at Emperor Xi Xi, the Divine Monkey Descends and Tramples the Great Grandmaster _3

Shedding the nascent qi and blood, rosy clouds arose by themselves, flying to the heavens meeting the divine, omnipotent!

Li Che thought of the introduction regarding the Qi and Blood Rosy Clouds!

As his strength grew, it seemed that the Qi and Blood Rosy Clouds also intensified!

The most important thing was...

Flying to the heavens meeting the divine?

Li Che stood up, and a terrifying aura explosively burst forth from his body.

He snapped his fingers.

Instantly, the Qi and Blood Rosy Clouds burst forth, enveloping his body in a crimson cage, slowly gathering under his feet to form a cloud of blood!

The blood cloud gently lifted Li Che's body, slowly floating into the air!

"Is this... a Somersault Cloud?"

Li Che's expression was bizarre.

Of course, the crimson cloud still didn't quite resemble one.

With a mere thought, the Qi and Blood Rosy Clouds, carrying Li Che, raced around inside the Mysterious Temple!

Gradually, the Qi and Blood Rosy Clouds seemed to be learning, becoming more flexible...

Li Che didn't even need to focus his mind on controlling it; it moved extremely nimbly, rushing about, up and down, left and right...

Even if Li Che assumed the posture of diving from a high platform, the blood cloud could smoothly catch him!

Exceptionally nimble!

It wasn't cumbersome at all in flight!

Moving with ease, like a fish leaping through the sea!

Inside the Mysterious Temple, candle flames flickered incessantly.

On the altar, the eyes of the Spirit Monkey Temple God statue sparkled, watching Li Che ride upon the blood cloud and tumble around; the entire Mysterious Temple seemed to tremble slightly at this moment.

Li Che landed on the ground, the Qi and Blood Rosy Clouds forming a black robe that covered his body.

He let out a long sigh, a smile hanging by his lips.

With a clench of his fingers, air was pulled into five rippling waves!

Muscles vibrated, bones erupted with a burst!

Dragon Tendons and Elephant Bones!

Qi and Blood Rosy Clouds!

Second Transformation of the Dragon Elephant Vajra Dao Fruit!

Had brought about enormous changes for Li Che!

Strengthened!

Completely strengthened!

Li Che could feel the transformation of his physique, his Cross-training Talent grew stronger again, his physical strength skyrocketing rapidly!

"Now, my Qi and Blood Martial Cultivation has roughly reached the Grandmaster Posterior Realm, with all my organs having completed the qi and blood tempering!"

"Now, I can use the Master's Ultimate Study's True Intent to temper my organs... Once True Intent saturates my organs, I can reach the Grandmaster Completion."

"When I comprehend the Martial Dao Will and give birth to Divine Gang, only then can I truly step into the realm of a Great Grandmaster!"

Li Che's eyes sparkled.

"My Myriad Transformations Dragon Elephant, fused with the Primordial Equal to Heaven Staff, can also be considered a Martial Saint Ultimate Study. If I can refine the True Intent to temper the organs... the effects will naturally be even better! The Divine Gang of Dragon Elephant that arises will be stronger too!"

The Divine Gang of a Great Grandmaster, and the Silver Gang of the Cursed Silver Corpse were quite different.

Spirit and meaning combine, qi forms the Gang flow, which is Divine Gang!

Divine Gang is not just a form of power, but also a domain!

In terms of strength, the Divine Gang of a Great Grandmaster is still stronger.

And the strength of a Great Grandmaster's Divine Gang also relates to one's own Martial Dao Will, as well as the Ultimate Study cultivated at the Grandmaster level!

Martial Saint Ultimate Studies are rare and difficult to cultivate, making it even more challenging to reach the Transformation Realm and step into the Great Grandmaster...!

Li Che didn't believe that Xue Dufu had broken through to Great Grandmaster using a Martial Saint Ultimate Study.

If it were really so...

Thunder Chess Pieces arranged properly.

So...

Li Che's eyes sparkled; could he now compete against a Great Grandmaster in battle?

Only one way to find out!

Li Che stood up, muscles and bones simultaneously trembling with a resonant quiver!

He twisted his neck, every inch of his flesh and tendons screaming out in burst, releasing a terrifyingly powerful strength.

"Xue Dufu

Li Che closed his eyes.

Daytime scenes surged into his mind.

Atop Golden Light Peak.

Xue Dufu, this Great Grandmaster, repeatedly yelled at Xi Xi...

This grudge!

It digs into the heart and cuts the bones!

Li Che suddenly opened his eyes, his killing intent thick and rolling.

Wham—

His body suddenly swelled up.

Li Che's black robe swirled, wrapping around his body, and he put on his hat.

He didn't activate the Qiankun Jade of the two Septenary Corpse God Envoys, because Li Che was too impatient, too eager for a battle with Xue Dufu!

His daughter had been wronged...

Daddy has come to claim revenge!

He pressed down his hat.

Li Che clenched his fist, the Thunder Chess Piece flashed momentarily, disappearing within the Mysterious Temple.

The Mysterious Temple finally returned to calm.

The thick, scalding mist of blood also finally completely dispersed.

Above the altar.

The Spirit Monkey Temple God statue shook slightly.

It seemed to sigh deeply.

This damn fool, finally took off.

...

...

Golden Light Prefecture City.

Falling Flower Alley, a stand-alone workshop courtyard.

Li Che appeared in the courtyard, dressed in his black hat and robe.

"Xue Dufu, the one-armed Master of Divine Gang, Great Grandmaster of the First Layer of Heaven, with Divine Cultivation strength unknown but formidable... he mustn't be underestimated."

Li Che was as cautious as ever.

Acting carelessly brings about regrets and tears.

Steadiness is one of the fundamental principles for establishing oneself in this world.

He pondered for a moment in the courtyard.

Li Che snapped his fingers.

Suddenly, within the house, seven avatars of Li Che, who were refining divinity in the Fairy in the Painting, exploded!

Seven Emotions Divinity, all returned into the Inner Scene of the Energy Center within Li Che.

The Seven Wheels Divine Base all vibrated and then grew stronger!

Under the nourishing of one Divine Crystal after another.

The Seven Wheels Divine Base, all reached the Post-Divine Foundation Realm!

The divinity within Li Che suddenly expanded dramatically, swirling like a storm within the house.

The Seven Wheels Latter Realm Divine Base, at this moment, showed tremendous power, even comparable to a Divine Minister!

After setting up the mechanism properly.

Li Che's divinity mingled with his vital energy, transforming into Divine Ink, and he splashed it onto the Immaculate Heart Drawing Paper.

Then Horse Face gradually tilted out of the scroll.

Horse Face nodded.

He picked up the Immortal Work Barrett, leapt out directly, and vanished into the darkness to find a sniping spot.

Everything was ready.

Li Che smiled.

He took out the Divine Monkey Mask and slowly placed it over his face.

Chapter 404: Daring to Roar at Emperor Xi Xi, the Divine Monkey Descends and Tramples the Great Grandmaster _4

Closed his eyes, then opened them again...

Beneath the mask!

His pupils shimmered with golden flames!

The Liu Blood Shock Spear, one of the Nine Luminaries Divine Spears, was grasped by him and shouldered.

Under the mask, the corner of his lips slightly curled into a smile.

With a light tap of his toes, he hopped gently on the spot.

Qi and Blood Rosy Clouds!

As his toes touched down...

In an instant.

Boom—!

It was as if countless electromagnetic blood nets suddenly exploded around Li Che, forming a blood-colored domain within a radius of three yards.

The domain compressed and accumulated under his feet, turning into a cloud of blood.

It lifted Li Che's form.

Transforming into a streak of flowing light, he soared into the sky!

As if he could ascend directly into the high heavens!

The divine beholds me!

...

...

City Lord's Mansion.

It was quite serene and quiet.

The room where Young Prince Ji Hai was, was also calm and silent, with divine fluctuations occasionally spreading out, presumably from training his divinity.

Xue Dufu, with one arm, slung a saber, his eyes deep and introspective.

He sat on the corridor chair, quite satisfied.

The Young Prince hadn't dwelled on his momentary failure, had adjusted his mood, and had re-entered his training state so quickly.

This naturally made Xue Dufu quite gratified.

Failure isn't frightening, but what is terrifying is falling into a deep pit created by failure and unable to climb out—that is true despair.

However, if one can climb out of the pit, failure... will only make you stronger!

Mansion Lord Su Huai sat in a leisure pavilion, drinking tea and playing chess on the side.

Even though the Young Prince had lost face at the mountain, Su Huai hadn't reacted rashly by leading people from the City Lord's Mansion to storm the Golden Light Peak.

Although Su Huai really wanted to kill Nan Li, Nan Li was after all the Sect Master of the Divine Sect.

If he were killed by him, the impact would be too great, and the Divine Sect might even stop opening the Temple God Resonance Conference at the Third Prince's Mysterious Temple.

That would delay the Young Prince's important affairs.

So, Su Huai had been waiting.

Nan Li also knew this, and both understood each other without saying.

Nan Li was seizing every opportunity to grow stronger.

Looking for an opportunity to plot against Su Huai.

Su Huai didn't mind; having enough powerful strength allowed him to easily handle any of Nan Li's conspiracies and tricks.

Suddenly.

Just as Su Huai placed a white chess piece on the sandalwood board.

His gaze slightly sharpened.

A streak of flowing light, in an instant, whistled past the side of his cheek.

The swirling wind even made his jet-black hair flutter.

It was a...

Dragon Tooth Bodhi Bullet!

In Su Huai's eyes, the high-speed spinning bullet, with its patterns looking as if they had frozen.

This bullet...

Whoosh—!

The bullet tore through the air with extremely high speed, passing Su Huai.

Its target...

Was not him!

But...

"Young Prince!"

Su Huai frowned.

But in fact, the moment Su Huai sensed the Dragon Tooth Bodhi Bullet.

Xue Dufu had already appeared before the Dragon Tooth Bodhi Bullet, raising his arm, his fingers clenched like hooks.

He actually caught the Dragon Tooth Bodhi Bullet in his palm.

The high-speed spinning Dragon Tooth Bodhi gradually came to a stop.

And exploded with a bang, yet was completely suppressed by Xue Dufu's vigorous blood and energy.

"Ridiculous to the extreme," Xue Dufu said lightly.

Opening his fingers, the Dragon Tooth Bodhi, now turned to gravel-like debris, fell to the ground.

He raised his head, his hair flying, his aged face filled with murderous intent!

"Dragon Tooth Bodhi... Not a Hunter from the Hunting God Pavilion, it's from the Underworld's Horse Face!"

Mansion Lord Su Huai said gravely.

He stood up, leaping into the courtyard, blocking the entrance to the Young Prince's room.

But he was fast, and the six Black Armored Warriors from the King Ji Moli's forces moved faster.

Already having drawn the horse-slaying sabers from their backs, their armors clanking, they solemnly guarded the gate.

Su Huai caught a special glint in his eyes.

As expected of the elite troops under the teacher's command, one of the four divisions of the Black Armored Guards, the Blood Guard!

The elites of the Divine Guard Army paled in comparison.

Hard to imagine the grandeur and unparalleled presence of the Black Armored Guards when all four divisions were assembled!

He wondered if he, Su Huai, would have a chance to be in charge of one of the Black Armored Guards in his lifetime.

"What lowly creatures dare to assassinate the Young Prince!"

Xue Dufu's voice boomed like thunder, instantly blowing up the clouds in the sky as if thunder had burst!

The countless falling snowflakes were shattered into dust by the shockwave!

He tapped with his toes.

His figure had already catapulted into the air, several dozen meters high, his sparkling eyes sweeping around.

Gaze sharp as a knife.

Following the direction from which the Dragon Tooth Bodhi came, he searched!

Across a thousand-yard distance, he saw that figure with the Immortal Work Barrett, turning to start bouncing and escaping.

"A maggot-like thing,"

Seeing the Horse Face turn to escape after the missed shot,

Xue Dufu's eyes flashed with disdain and chill.

Suspended in the air, his lone arm behind his back, his solitary sleeve fluttering in the wind.

He fiercely tapped his toes.

Suddenly, the air, like the water surface of a mirrored lake, undulated up and down, rippling!

And Xue Dufu's figure, with a strong wave of air exploding behind him, appeared like a white wave across the night.

Tearing through the night, crossing a thousand-yard distance!

As fast as a flash of lightning!

Like thunder blasting across the earth!

The sound of the rushing air within his body, like roaring rivers, all the surrounding currents of air, under an invisible force, exploded loudly, bursting open!

Xue Dufu's murderous intent surged, fiercely burning!

He did not bother to hide it.

Today, the anger at Golden Light Peak, at this very moment, seemed to be fully vented, taking this audacious rat that dared to sneak attack and assassinate the Young Prince as the object of his venting!

The Horse Face of the Underworld?

Chapter 405: Daring to Roar at Emperor Xi Xi, the Divine Monkey Descends and Tramples the Great Grandmaster _5

Xue Dufu had heard of it but didn't take it seriously at all.

Just a sleazy assassin hiding its head and showing its tail, although its methods were tricky and it could carry out powerful assassinations from great distances.

But so what?

In front of a Great Grandmaster...

How different was it from a squirming maggot?

The power of the Dragon Tooth Bodhi was indeed impressive, with exceptional Penetration Power, causing even his Great Grandmaster palm to faintly feel a sting.

But... that was it.

It couldn't even penetrate his palm!

And it thought of assassination?

A thousand-zhang distance, for Xue Dufu, who was bursting forth with all his power, was truly nothing.

And as for the Young Prince, Xue Dufu wasn't worried either. Although there were only six Black Armored Blood Guards, each one was of Divine Minister cultivation, Grandmaster Posterior Realm strength, the top elite among the Blood Guards!

With six working together, even a Great Grandmaster would be unable to break through their defenses in a short time!

Moreover...

As the favored little disciple of the Prince.

The protective resources of the Young Prince, how could they be only so much?

On their journey, they had also suffered assassination attempts from the Grand Prospect Dynasty's top assassination organization, "Hunting God Pavilion"!

This Horse Face...

Compared to such assassination techniques, it was really nothing, a mere sorcerer dwarfed by a real wizard.

Horse Face was not strong in cultivation, and hadn't run far.

Xue Dufu had already arrived furiously, with terrifying Qi and Blood boiling and burning, causing the air temperature to rise several degrees!

"Surrender your life!"

Xue Dufu coldly shouted.

The immensely powerful Great Grandmaster's Martial Dao Will, like mountains crushing down, slammed down fiercely!

Similar to Divinity's path, an incomparable Rank oppression!

The Martial Dao Will of a Great Grandmaster also had a similar effect, though a bit weaker than the pure Rank oppression, not so absolute.

If the person being suppressed had a resolute will, they could still resist.

Horse Face's body paused, then continued to run wildly under Xue Dufu's Martial Dao Will.

Xue Dufu descended in an instant, his hand spread open, and it seemed like all the flows of air in the sky were grasped in his hand and furiously slapped down!

Horse Face's running movement suddenly froze.

A dazzlingly brilliant blade light, violently swung out.

The machete around the waist shot out.

With a spurt, Horse Face's head was sliced off.

However...

No blood sprayed out!

Xue Dufu's eyes narrowed.

The dense black mist exploded, carrying a thick ink-like scent, making Xue Dufu suddenly feel a strong sense of crisis.

"Not good!"

Xue Dufu's heart was startled!

Above his head, thunder and lightning roared!

There was a terrifying and scorching aura, violently exploding and sweeping over!

Xue Dufu looked up sharply.

Boom!

But what he saw was a richly thick blood cloud, from high above, like a blood-colored thunderbolt falling into the human world, smashing down at extreme speed!

Above the blood cloud was a refined figure wearing a Divine Monkey Mask, both hands hanging over a crimson long spear that rested on its shoulders.

Below the Divine Monkey Mask...

Someone laughed brazenly!

Ascending the Tower!

Under the hat, black hair suddenly grew, as if coated with golden light, brilliantly splendid. Under the Divine Monkey Mask, the eyes that were audacious and unbridled, at this moment, seemed like flames and golden light of a great sun rising!

Divine Monkey!

Descending from the heavens!

Yelling at my darling daughter?

Dare to yell at Emperor Xi Xi?!

"I'll freaking make you yell!"

Boom!!!

Qi and Blood Rosy Clouds exploded like a blood-red electromagnetic net!

Then it turned into an enormous foot, following the Divine Monkey's raised foot!

With the terrifying speed of thunder crashing into the human world!

Bang!!!

It stampeded down fiercely!

Slamming down Xue Dufu, who was looking up, his hair and beard plastered against the ground as if impaled by a stake!

Driven straight into the ground like a wooden peg!

Chapter 406: Roar at My Daughter and I'll Smash You, Second Transformation Flesh Carrying the Full Power of the Golden Heavenly King

Boom!!!

A colossal footprint, completely formed from rosy clouds, descended from the sky!

As if a boot had been removed, revealing a bare foot with five toes that slammed down from the heavens!

It was like thunder striking the human world!

It forcefully drove Xue Dufu, the Master of Divine Gang who had achieved enlightenment of his Martial Dao will, into the ground like a stake!

Boom bang bang!

The bluestone pavement of the Golden Light Mansion City suddenly exploded, sinking deeply, and the earth and stones within hundreds of meters all around burst and flew into the air!

Where the giant footprint landed, a cloud of dust rose up like curtains encircling the area!

A web of cracks spread out rapidly!

Columns of steam rose from the fissures, hissing as if boiling water were screeching!

The entire Golden Light Mansion City seemed to fall into a deadly silence at that moment.

Originally, because of Xue Dufu's angry shout, his voice thundered, the sound waves reverberating and awakening the entire Golden Light Mansion City in the dead of night.

Many powerful beings were startled awake.

Upon learning that Horse Face of the Underworld had chosen to assassinate Young Prince Ji Haihui.

Everyone's scalp tingled!

They're insane!

The Underworld has gone insane!

That's Young Prince Ji Haihui, the son of King of Quelling Chaos Ji Molie. Apart from the Hunting God Pavilion, who would dare to assassinate him?

But Horse Face made its move.

Using that mysterious and divine technique, it took a shot from a thousand feet away.

Regrettably, the previously infallible assassination technique... failed this time!

Because, beside Young Prince Ji Haihui, there was a Great Grandmaster!

Under the protection of the Great Grandmaster, the mysterious Horse Face from the Underworld ultimately failed in its assassination.

Then, many saw Horse Face's frantic escape.

They saw Xue Dufu, a Great Grandmaster, catch up in an instant and chop it down with a firewood cleaver.

But nobody expected...

After Horse Face was chopped down, not a single drop of blood was spilled, only turning into black mist!

It was fake!

That was not Horse Face!

A false body!

There were indeed many kinds of Divine Methods with deceptive illusions like the Thoughtful Willow Wood Body which Li Che once obtained from the Xu Family of Flying Thunder, which was a kind of Divinity Technique for creating a copy.

The fake Horse Face... was a decoy!

The idea surfaced in the minds of almost all the powerful beings.

Immediately afterward, they saw a gigantic foot descending from the sky!

Everyone was profoundly shocked, their bodies rigid as if frozen, feeling dry-mouthed.

The Divine Ministers of the Four Great Noble Families, the Illusory Phase Cultivators, and others all had tingling scalps!

An unbelievable thought came to their minds!

The Horse Face was a lure.

The true target of the Underworld...

Was the Great Grandmaster!

"Is that... Divine Gang?!"

"Another Great Grandmaster?!"

Watching the intertwining Qi and Blood Rosy Clouds form a substantial gigantic footprint, many were moved!

...

...

Inside the City Lord's Mansion.

Su Huaili's expression was profoundly shaken.

"No... it doesn't seem... It doesn't resemble the Divine Gang of a Great Grandmaster, which can drive the forces of heaven and earth with the fusion of one's own Qi-blood and Martial Dao will!"

Su Huaili's eyes flickered, his Primordial Spirit spread out to sense, and his heart started pounding!

The target of the Underworld...

Was not the Young Prince, but actually...

Great Grandmaster Xue Dufu!

He had never expected this!

The tightly closed room, its door opened.

Young Prince Ji Haihui furrowed his brows and walked out in his splendid attire, the bruises on his face had faded significantly.

Sensing the Qi of the grandmasters clashing, his eyes revealed a shock of amazement.

"The Underworld?"

"What kind of riff-raff dares to bully the King of Quelling Chaos?"

"Dare they emulate the Hunting God Pavilion and attempt to assassinate me?"

Ji Haihui's expression grew solemn.

Their target was the Great Grandmaster.

But, if they were to succeed in killing the Great Grandmaster, he, Ji Haihui... would be in danger!

The sensing of energy did not seem to be that of a Great Grandmaster, lacking that terrifying and dominant martial Dao will.

Yet, they were able to trample a Great Grandmaster underfoot!

Their strength... was definitely not ordinary!

Even if they were not Great Grandmasters, they were undoubtedly top-notch experts!

Six Black Armored Blood Guards protected the Young Prince exceptionally well.

They did not relax in the slightest because the attacker lying in ambush happened to be Great Grandmaster Xue Dufu!

...

...

Blistering...

Scorching...

The temperature of the air suddenly soared, becoming unbearably hot, and an invisible Qi and blood force seemed to affect the minds of everyone!

The smoke and dust were ripped apart, swept away by the wave of energy!

Everyone saw clearly now!

Amid the howling of the air currents, they saw the sturdy figure floating in the air with a Divine Monkey Mask, tilting its head sideways!

He didn't possess the terrifying physique of an Ox Demon that towered like a mountain.

Nor was he as slender as Horse Face.

Instead, he had a robustness, as though his muscles had been hammered and twisted into ropes.

"The Underworld... Divine Monkey!"

Outside the city...

Figures shot back, returning from investigating the annihilation of the Gold Split Gate outside the city— among them were Li Qingshan and Lin Xiu.

The two stood transfixed from afar, dumbstruck.

They had not expected that right after the Divine Monkey had destroyed the Gold Split Gate, he would come looking for trouble with the Great Grandmaster...

No, how could he dare trouble a Great Grandmaster?!

And in broad daylight...

Why was he being so brazen?!

Lin Xiu took a deep breath, his eyes filled with envy and a look of having learned something, as if incredible knowledge was being crammed into his mind in an unconventional way.

On the other hand, Li Qingshan was thumping his chest and stamping his feet in frustration.

Ox Demon and Horse Face teamed up with Divine Monkey to ambush a Great Grandmaster...

Even if Li Qingshan himself were involved, he couldn't handle it!

To ambush and kill a Great Grandmaster...

A slight mistake and he feared he might get killed!

And the moment the Qi of a Great Grandmaster erupted and collided, the upper echelons of the entire Golden Light Prefecture became aware and reacted.

Chapter 407: Roar at My Daughter and I'll Smash You, Second Transformation Flesh Carrying the Full Power of the Golden Heavenly King

Temple Control Bureau, Governor Xie Jing, who had just returned from the Third Prince's Mysterious Temple, furrowed his brows and suddenly appeared on the rooftop of a building within the courtyard of the Temple Control Bureau.

He gazed into the distance with anticipation.

Qintian Observatory.

The Chief Supervisor sat atop the Treasure Tower, pulling the melancholic strings of an erhu amidst the falling snow.

Lu Yao, standing with his hands behind his back, had a look of curiosity in his eyes.

Atop Golden Light Peak.

Nan Lihuo and Wang Kuyu were also startled.

"Underworld Divine Monkey?"

"Working in tandem with Horse Face, using Horse Face as bait, their target is actually Great Grandmaster Xue Dufu?"

Nan Lihuo's heart was deeply shaken, incredulous.

The Underworld... had such formidable colleagues?!

Wang Kuyu's figure floated, his Taoist robe flapping, his feather duster waving, "Bold indeed, but trying to kill a Great Grandmaster... with just this level of skill is far from enough."

Wang Kuyu shook his head.

The ability of a Great Grandmaster to contend with a Divine Element True Person was not just talk.

...

...

Under the watchful eyes of various forces.

Xue Dufu, whose body was embedded into the earth by a giant bloody footprint as if plunged by planting, his face alternating between green and red, was furious to the extreme!

"Damn monkey!"

"Seeking death!"

Xue Dufu roared, Xue Dufu embedded into the ground by the Divine Monkey's pile-driving stomp, let out a long howl!

In an instant, a terrifying Martial Dao Will, centered on his body, spread out forming an immensely strong field!

Silver bright winds, slicing the surroundings, caused the already shattered ground to be sliced even more!

Bang—!

Xue Dufu clenched his fist with one arm and struck out fiercely, smashing against the huge footprint that had been formed by some unknown transformation by the Divine Monkey!

The footprint was kicked into the air.

Xue Dufu's whole body vibrated, and he shot up from the ground.

While in midair, an unbelievable transformation already occurred, as if releasing the hidden Essence, Qi, and Spirit in a flash!

His black hair billowed as though coated with a layer of silver light, and his eyes boiled with a killing intent!

The slim one-armed figure suddenly expanded and become taut!

The impeccable Great Grandmaster's physique was fully displayed in that moment!

From an old one-armed decrepit man, he instantly turned into a robust and upright middle-aged man with silver Divine Gang weaving around his body like lightning!

Almost condensing into a tangible armor-like form!

The coarse linen cloth was strained and then split, revealing skin forged and cast like black iron waters!

Giant tendons quivered, faintly showing the scalding hot red blood boiling within!

Great Grandmaster!

Essence, Qi, and Spirit transformed into the Human Body Treasure Elixir, condensing within the body shell!

Suppressed by the Martial Dao Will!

Once unleashed in battle, its might would be tremendously fearsome, like a spring compressed to the extreme!

Releasing the suppression would make it soar to the skies!

The harder it is suppressed during normal days,

The more exhilarating and freeing it will be when the shackles are removed and it bursts forth in battle!

Bang bang bang...

The surrounding rubble, already pulverized, exploded into even finer fragments, turning into countless dust and gravel flying around!

Boom—!

Underneath the Divine Monkey Mask, Li Che's fiery eyes narrowed!

His mind controlled the enormous foot formed from Qi and Blood Rosy Clouds, stamping down heavily again!

Bang!

However, this time, he failed to stomp Xue Dufu into the ground; his single arm, filled with terrifying strength, was like several thick steel bars twisted into a braid!

Firmly withstanding the foot that descended from the sky!

"Great Grandmaster

Li Che murmured.

Then, the corners of his mouth crazily lifted up!

So powerful!

The heavily pressed foot instantly transformed into a side kick, like kicking a football, the back of his foot fiercely smashing into Xue Dufu's body.

Xue Dufu's body became unstable, immediately being kicked and blasted out, spinning rapidly in the air!

But with a flip, Xue Dufu's legs heavily stomped on the ground, Divine Gang burst forth sweeping around, propelling his body to shoot up!

The seemingly ordinary cleaver in his hand shone with countless silver patterns!

The handle elongated, the blade thickened, became heavier, and wider!

The force became heavier!

It seemed as if it had transformed into a crescent blade weighing over a thousand pounds!

With one arm clutching, a flicker of the blade, and the gleam of the blade resoundingly announced its presence, densely sweeping across the night sky!

The will of Martial Dao merged with the Divine Gang, forming a terrifying domain within a ten-yard radius around him!

Like a stream of light, he quickly charged towards the hovering Divine Monkey!

So powerful!

Li Che felt a suffocating sensation permeating the air!

That was the grandeur of a Great Grandmaster!

If it had been before his transformation, just the grandeur of the Great Grandmaster alone would have been enough to deeply unsettle him!

But now...

Li Che's forehead glimmered slightly!

Chess Saint's Dao Fruit throbbed within the Heaven and Earth chessboard.

The Divine Sense's version of Li Che flicked his finger, consecutively shattering nine Spirit Monkey Temple God Divinities!

The surging Temple God Divinity instantly flooded into his limbs and bones, abundantly powering his Ascending the Tower state!

Bang—!

The hat on his head instantly blasted apart, his hair dyed golden as if a golden cape waved unceasingly in the wind!

The Nine Luminaries Divine Weapon Blood Shock Spear, originally slung around his neck, suddenly shot upward like a crimson bolt of lightning!

A portion of the Qi and Blood Rosy Clouds separated out, entwining around the Shocking Spear!

It wrapped the Shocking Spear into a crimson long staff, and significantly elevated its quality!

With a tap of his foot, Divine Skills and Qi and Blood Rosy Clouds instantly transformed into a cloud of blood, dragging his body as it streaked out at high speed!

In a buzzing hum, it cleaved through the sky!

Like a crimson meteor, boldly crashing towards Xue Dufu!

"This is... the power of a Temple God?!"

Xue Dufu, now young and robust, scoffed coldly.

"So it turns out to be a rat who borrowed the power of a Temple God, no wonder he dares to challenge a Great Grandmaster without being one himself!"

Chapter 408: Yell at My Daughter and I'll Hammer You, Second Transformation Body Filled with the Golden Heavenly King_3

“

"But even if you harness the power of the Temple God, what of it?"

"If you are not a Great Grandmaster, you simply have no idea how vast the gap is between you and a Great Grandmaster!"

"A Great Grandmaster

"Possesses a flawless body, with the five viscera and six bowels refined to perfection, peerlessly unmatched both internally and externally!"

However, before Xue Dufu could finish his words,

The Divine Monkey had already appeared before him, stepping on clouds of blood, with the blood-colored long spear writhing like a blood Jiaoshe. With a flick, countless spear shadows overlapped like stick shadows, spreading like a peacock's plumes!

A thousand stick shadows, heavy upon heavy!

Countless air currents exploded!

"Are you fucking related to Sanzang with all this bullshit you spout? It's annoying as hell!"

Primordial Equal to Heaven Staff!

Martial Saint Ultimate Study!

The stick shadows churned like the Tianhe pouring down from the heavens!

Striking from above!

"Seeking death!"

Xue Dufu's eyes turned cold, as killing intent surged, transforming into a crescent blade Divine Weapon that he swung!

Martial Dao will and Divine Gang erupted at that moment!

Countless Divine Gang intertwined, tearing through the air, turning into hundreds of sword lights swooping down towards the Divine Monkey.

Each strand of Divine Gang sword light possessed the formidable strength to cut down a Martial Artist in the latter stages of the Grandmaster Realm!

Clang—!

As the sword light neared, the piercing sound of swords cleaving mountains and splitting clouds boomed throughout heaven and earth!

Countless stick shadows shattered as if obliterated by the overwhelming sword light!

The dense mesh of Divine Gang sword light relentlessly advanced to cover the Divine Monkey, intending to flay him with a thousand cuts!

The sword light cut swiftly, causing the air to seem as though it boiled, emitting a pained whine under the unbearable burden!

Great Grandmaster Ultimate Study!

Desert Lone Smoke Blade!

A lonely, overpowering blade intent burst forth amidst the sword lights!

Once a Master's Ultimate Study has been cultivated to the Transformation Realm, stepping into the Great Grandmaster afterwards can transform it into a Great Grandmaster Ultimate Study!

Its might undergoes a metamorphosis and soars!

In reality, there is no essential difference between a Master's Ultimate Study and a Great Grandmaster Ultimate Study.

But the Martial Saint Ultimate Study greatly differs from both!

As a Great Grandmaster under Ji Moli's command, Xue Dufu naturally practiced the Martial Saint Ultimate Study. However, he was not adept, having only recently achieved Divine Gang and just begun to study the Martial Saint Ultimate Study, barely reaching a Minor Accomplishment.

Therefore, the Great Grandmaster Ultimate Study was his strongest suit!

Bang—!

Countless Qi and blood rosy clouds steamed up, flicking and colliding with Xue Dufu's Divine Gang sword light!

It actually devoured these Sword Gang one after the other!

The Divine Monkey swung his long staff, boldly striking out!

Primordial Equal to Heaven Staff!

Now that Li Che had achieved a Second Transformation with the Dragon Elephant Vajra Dao Fruit, blessed with an epiphany of fortune...

He had reached the standard of Major Accomplishment!

Although it was a flawed Martial Saint Ultimate Study, abstruse and difficult to cultivate, once mastered, its might was extremely terrifying!

Sword and stick collided!

Dang, dang, dang—!!!

“

The explosive sound, like thunder, echoed through Golden Light Prefecture City.

The air, as if it were calm water disturbed, lost its tranquility, continually spiraling up and scattering in ripples of Gang Qi winds!

The entire street was in the throes of wild winds, as the air rushed and howled furiously!

Some Divine Cultivators nearby even felt their Divinity struggling to emerge, suppressed to the point that breathing was difficult!

A battle of Great Grandmasters!

A genuine, Great Grandmaster-level fight, indeed!

Xue Dufu brandished his Crescent Blade with his one arm, like a towering column of lone smoke rising in the vast desert!

The fervent Qi and blood, boiling and interweaving, the clash of stick shadows and blade light spread over the ground, raising dust and debris over the already devastated cobblestone floor, like the grand curtain of a theater!

...

...

Stick shadows!

Blade light!

Gang Qi!

Rosy Clouds!

For a moment, night seemed to turn into day, the terrifying Qi and blood boiling and rising, causing the temperature to soar, with snowflakes drifting from the sky, melting into rainwater, ushering in a sudden winter rain!

But the falling winter rain hadn't even approached within a hundred yards of where the two were clashing, before it was turned into steam!

Inside Golden Light Prefecture City.

The many onlookers were dazzled, their minds shaken to the core!

The air churned everywhere, with howling Gang Qi and blade light, Qi and Blood Rosy Clouds continually intertwining, assaulting everyone's eyes!

Amidst the whirling blade light, the Underworld Divine Monkey, holding a blood-colored staff, thrust out countless stick shadows, like blooming flowers, exploding all around him!

He firmly blocked the Crescent Blade light of Xue Dufu, a Great Grandmaster!

Lu Yao and Wang Kuyu, the two Divine Primordial True Persons, were profoundly shocked.

Enveloping heaven and earth with their powerful Primordial Spirits, they felt sheer astonishment.

Because...

They discovered that the Monkey's Cultivation had not yet reached Great Grandmaster!

It was just Grandmaster's Latter Realm!

Yet the strength of his physical body was so formidable, uncannily beyond mortal limits, with immense, overbearing power, every stick shadow he slammed down seemed to wield a natural divine force, breaking through a major boundary and shattering the Crescent Blade light of Xue Dufu!

Lu Yao was deeply moved, "Horizontal Refinement Unparalleled! Naturally Iron-Boned and Steel-Sinewed!"

Such individuals, he had only encountered in Dao City, and they were the sort who pursued only the Martial Path, without cultivating Divinity, pure Martial Artists!

Only by dedicating all their heart and soul to chasing the extremes of the Martial Dao, without being distracted by Divinity, could one walk such a path and achieve a body capable of Horizontal Refinement Unparalleled!

Yet, in the Divine Monkey, Lu Yao clearly sensed the power of Divinity.

Not to mention the ever-changing Qi and Blood Rosy Clouds, just the Temple God Divinity burning and releasing from the Monkey's body...

That is Divinity!

"The origins of the Underworld... are extraordinary!

"Where did this Divine Monkey spring out from?"

"To be able to temper such a physically mighty body at the Grandmaster Realm, there are few even within the entire Lingnan Circuit."

Lu Yao furrowed his brows.

As a Deputy Inspector of the Dao City Imperial Heavenly Observatory, he was well-informed and had a strong memory.

But at this moment, even he was somewhat puzzled by the Monkey's origins.

It seemed...

As if he really did spring from a stone!

Chapter 409: Roar at My Daughter and I Will Smash You, 2 Fleshly Body Bearing the Full Golden Heavenly King_4

“

...

...

The Divine Monkey's eyes shone brightly, its staff sweeping across with the Primordial Equal to Heaven Staff's Major Accomplishment of the Martial Saint Ultimate Study, executed to a state of spiritual transcendence.

As all nine Temple God Divinities were simultaneously stimulated, Li Che felt an even greater surge of power coursing through his body.

His Divine Power even reached the level of an Elemental Appearance!

Moreover, because he was the essence of the Temple God Divinity, at the Temple God Rank... he was unbeatable amongst his equals!

Unless his opponent was also a Temple God!

So, on the level of Divinity, Li Che was suppressing Xue Dufu!

"Great Grandmaster... indeed strong,"

"If it were just my transformed body, it would probably be a fifty-fifty split with him, wanting to kill him, beat him until his nose is blue and face swollen... very difficult."

"Not enough

Underneath the Divine Monkey Mask, Li Che shook his head.

Clang!

After a collision.

The Divine Monkey stepped on a blood cloud, swiftly pulling back, while Xue Dufu, too, held the Crescent Blade with one arm, creating distance, his powerful Grandmaster's physique covered in sweat beads as large as beans.

This bout of fighting was not easy for Xue Dufu either, and he sweated profusely!

"How is this possible?!"

Xue Dufu gritted his teeth, shock surging in his eyes.

This Divine Monkey...

Clearly not having reached the realm of a Great Grandmaster, but relying on his powerful horizontally refined body, he withstood his Great Grandmaster's Qi and blood power!

This was... truly exaggerated!

Of course, the Temple God Divinity also exerted pressure on him in the way of Divinity.

But...

He was, after all, a true Great Grandmaster!

"Kill!!!"

Xue Dufu naturally could not tolerate this outcome!

At this moment, under the public eye, he was in too deep to back out. If he couldn't defeat his opponent,

His Great Grandmaster Martial Dao Will would likely not be thorough, suffering a great setback in deterring Golden Light Prefecture City.

Xue Dufu violently took a step forward.

Numerous veins popped out on his neck like Jiao dragons, his complexion turned blood red, his internal Qi and blood boiling to the extreme, as if all the blood vessels beneath his skin burst open!

He pushed his Divine Gang to its limits!

The extreme of the Great Grandmaster's Ultimate Study, the power of the Transformation Realm!

Hum

In the next instant, it was as if sandy winds howled, and a vision of a desolate Great Desert with a lone plume of smoke enveloped him, creating a domain-like effect, seeking to envelop the Divine Monkey within!

A domain...

That was the absolute killing force of a Great Grandmaster!

This strike...

Carried a firm will and belief that it must kill!

It was almost like tangible fire that burned fiercely!

This was firing up the battle spirit!

...

...

With the Divine Monkey Mask on his face, Li Che activated Ascending the Tower, stimulating the Temple God Divinity.

Holding the Nine Luminaries Divine Soldiers Blood-shocking Spear cloaked in the Qi and Blood Rosy Clouds.

The flames dancing in his eyes twinkled slightly.

That terrifying domain seemed like it could tear everything apart.

"Great Grandmaster... truly strong."

Fortunately, Xue Dufu's Divine Cultivation had not stepped into the realm of the Divine Element True Person.

Otherwise, with the Great Grandmaster plus Divine Element True Person Cultivation...

Li Che would have had no chance to beat, let alone kill Xue Dufu.

But now...

Underneath the Divine Monkey Mask.

Li Che sighed.

"It's a pity

“

A sigh echoed, abrupt and resonant!

With muscles in one arm swelling and blue veins undulating like a jiao dragon, Xue Dufu, wielding his crescent blade and rushing forward to kill, suddenly tensed up.

An incredibly strong sense of crisis overwhelmed him!

In that instant, it enveloped him entirely!

Yet before his eyes, the divine monkey suddenly burst out with innumerable splendid golden lights!

A dark golden chess piece floated in front of the divine monkey.

And he crushed it with ferocity!

Boom!

In that moment, the earth cracked open and the cobblestones shattered into pieces!

Below the feet of the divine monkey, the ground within several zhang around him seemed to collapse deeply in an instant, plunging over a hundred feet!

Golden!

An extremely brilliant gold!

It was as if a dazzling golden armor had covered the divine monkey's entire body!

Temple God Divinity Chess Piece of the Golden Heavenly King!

If the monkey and his offspring are not enough,

Then let the...

Golden Heavenly King come forth!

Under the transformation of the Second Transformation of the Dao Fruit, Li Che's flesh had undergone a metamorphosis.

He felt he could attempt to withstand the full force of an entire Golden Heavenly King Chess Piece now!

Pupupu!

Flesh split open in several places, spraying mists of blood!

But Li Che's spirit soared step by step!

Amongst the Qi and Blood Rosy Clouds.

With a stomp of his foot!

The golden armor, along with the flying strands of gold-tinted hair that looked like a golden cape, made him appear like a Golden Divine General standing atop celestial clouds!

Hum!

A humming sound.

The fiery red Divine Staff was fiercely thrust into the cobblestone ground, immovable in its might.

As the Golden Divine Monkey descended, he stamped his foot!

A long spear shrouded in Qi and Blood Rosy Clouds was bent to its limit!

It was as if...

A Divine Archer was drawing a bow to shoot an arrow!

Bang!

The sound of explosion thundered.

However, as the Divine Spear snapped back, the Golden Divine Monkey seemed to have smashed into space itself, disappearing without a trace between heaven and earth.

Not even the Primordial Spirit could sense anything!

This is bad!

Xue Dufu's hairs stood on end.

It wasn't disappearance, but speed that was so fast... it exceeded perception!

Beyond the capture range of sight!

Bang!

Numerous air waves shattered, and the domain formed by the intermingling of the Martial Dao Will and Divine Gang of the Great Grandmaster was sliced open as smoothly as a hot knife through butter!

The Golden Divine Monkey appeared right before Xue Dufu.

The oppressive might of the Temple God Rank was so terrifying that Xue Dufu didn't even have the energy to stir his Divine Power!

Golden eyes burned with gold smoke, as if fragrant incense were pouring down heavily!

With a clench of his five fingers, the endless surging air currents seemed to be crushed to pieces in an instant!

In this moment, Li Che did not use the Martial Saint Ultimate Study, the Qi Tian Stick.

Instead, with sinews harmonizing and flesh burning, dragon sinews and elephant bones trembled!

His fingers clenched into a fist!

Like a mighty elephant flinging its trunk, he hurled it fiercely!

In the split second of the arm trembling and whipping forward!

Countless winds of Gang, Divinity, streams of Qi, and Martial Dao Will before the Golden Divine Monkey, were all blown apart!

As if transforming the area into a vacuum!

Chapter 410: Roar at My Daughter and I'll Smash You, Second Transformation Flesh Carrying the Full Power of the Golden Heavenly King_5

Xue Dufu, holding the Crescent Blade with one hand, seemed to be in a daze as if he saw a mythical dragon lashing its tail and an ancient giant elephant lifting its trunk!

Vast, boundless, unrivaled!

Such boxing technique...

Such boxing technique!

It was the most fitting for the Divine Monkey, as if it were created for the Divine Monkey!

"What is this?!"

"Your own Martial Saint Ultimate Study?!"

What kind of monster?!

Xue Dufu snapped back to reality with shock and horror, but as his mind contracted, he discovered that the Golden Divine Monkey's arm, swinging like a primate, was already upon his face!

Too late, to swing the blade... too late!

The Crescent Blade was powerful and heavy, its swinging speed naturally much slower!

He couldn't keep up...

He couldn't keep up with the dead monkey that had taken on a different form of Temple God Divinity!

Six Bureaus!

This Temple God Divinity...

Was of the Six Offices level!

Madman!

Aren't you afraid of being completely eroded by the Six Bureaus Temple God and becoming a Temple Guardian Cursed Corpse?!

Even if this dead monkey has an Unparalleled physique, how can it withstand the power of the Six Bureaus Temple God Divinity?!

But at this moment, what struck Xue Dufu's mind was that terrifying, whipping punch.

The hand gripping the Crescent Blade suddenly released its hold.

The suddenly lightened arm fiercely moved to defend, blocking across with a horizontal arm!

Boom!!!

The punch struck the arm!

Xue Dufu's Great Grandmaster Level Vajra Physique seemed, at that moment, to make the sound of iron being crushed by a Dragon Elephant!

Then, the terrifying surge of air engulfed everything in an instant!

Xue Dufu's remaining arm exploded, flesh and blood flew, and bones were smashed!

And the Golden Divine Monkey, relentless, followed punch after punch!

The arms vibrated, and within the boxing technique, various ultimate studies were contained!

Blooming like a hundred flowers, dazzling to the eyes!

Xue Dufu's arm was smashed by seven consecutive punches!

Finally...

It burst into pieces!

And the moment Xue Dufu's arm was blown apart,

His fist clenched hand suddenly opened all fingers, the air whistling as it transformed into an open palm.

"Take that for your foul mouth!"

With a smack...

A slap landed firmly on Xue Dufu's cheek!

Xue Dufu was stunned.

Spurt!

A figure with both arms dangling, flew dozens of yards backward amidst a cloud of blood mist, howling in rage!

Ultimately crashing hard onto the street.

Smashing the ground into a deep crater, as if a small meteor had struck, countless small stones shot out like bullets in every direction!

Amidst the rolling dust and smoke.

Xue Dufu's half-swollen and bleeding face, his eyes near bursting, his body enveloped in a blood mist, was uncontrollably furious.

Damn it!

He had not only been slapped.

His Qiankun Jade was also... gone!

This damned monkey, while pummeling and slapping him, had casually stolen his Qiankun Jade!

Damn monkey!

Moreover, Xue Dufu still hadn't figured out.

Why...

Why did the Divine Monkey want to kill a Great Grandmaster like him!

He, Xue Dufu... had he ever provoked this monkey?!

Perhaps he could never imagine...

That the monkey wanted to beat him to death.

Simply because he yelled at a little girl three times at the summit of Golden Light Peak!

An incident so trivial that his Great Grandmaster memory could hardly recall.

And this great battle was just a father venting his anger because his daughter had been wronged!

You dare yell at my daughter!

Even if you're a Great Grandmaster!

It's still.

Bashing you to pieces!

Spurtch

From inside the deep pit, Xue Dufu, with furious and miserable eyes, roared.

He had been beaten by a monkey!

And robbed by a monkey!

Then...

A traumatic shock shook his Martial Dao Will from the depths of his eyes!

His other arm...

Had been smashed to pieces!

Arm gone...

He had no arms left!

He would die...

He might.

He might die!
