

## **A Father 601**

Chapter 601: Unrivaled Among Peers Until They Meet Me, The Strongest Divine Minister, the Ape God Descends\_2

The will of the three great Martial Saint Ultimate Studies fused into Li Che's Martial Dao Will!

Bang!!!

It was as if a great wind swept by, carrying the angry roars of dragons within it, the rolling air currents converged, and then exploded with a thunderous blast.

The Spiritual Rabbit Temple God was actually suppressed on a physical level by Li Che!

Temple God... undefeated amongst peers?

That is until they've met him, Li Che!

...

With a clench of his five fingers, he grasped the Eight Treasures Thunder Dragon Stick!

Zzzz

Qi and Blood Rosy Clouds entwined around the Thunder Dragon Stick, as if in an instant, countless thunderbolts were dancing and interweaving!

Kill, Equaling Heaven!

Li Che's first move was a decisive strike with his stick!

Countless stick shadows wildly danced across the sky, eventually converging into one strike, and in the moment of recoil, each shadow seemed to burst the air currents!

Exploding a sky of white waves!

As if...

Heaven and earth were being hammered to shatter and collapse!

With one smash of the stick, the Spiritual Rabbit Temple God's crimson eyes suddenly concentrated, revealing a surge of terror!

Roaring winds, sonic booms exploding!

Thunder Dragon raging dance!

The muscular and sturdy Spiritual Rabbit Temple God finally revealed a look of bewilderment.

Such a familiar stick move!

Then, as if thunder exploded in front of Him, the ground of the Mysterious Temple shook!

But Li Che did not give the Spiritual Rabbit Temple God a chance to react, striking out with his stick.

He violently took a step forward!

In an instant, five afterimages were pulled out in the void, appearing in front of the Spiritual Rabbit Temple God!

A long howl, beneath the black garment of the Bull Demon, the flesh burned with a red light like molten lava, as if a baking furnace was overturned, spraying countless flames of molten lava!

Ten Thousand Dragons Subduing Gods!

The tip of his foot touched the ground, and the ground of the Mysterious Temple almost caved in, covered with spider-web-like cracks.

His imposing aura, heightened once more!

Countless dragon shadows exploded around the Mysterious Temple, and numerous steadfast candles burned, causing the shadows inside the temple to flicker incessantly!

The dazzling Qi-Blood and the Three Elements Divine Gang, seemed to illuminate the entire cave!

When the light faded.

Atop the altar, the Spiritual Rabbit Temple God stood quietly, with a cassia tree beside him.

Only the mighty Qi-Blood of Li Che raged and intertwined, whipping up a tempestuous wind.

The Mysterious Temple was indeed of good quality, even under such a powerful impact from Li Che, not even the green bricks on the ground were shattered.

Qi and Blood like dragons interweaved, Li Che wearing the Bull Demon Mask, looked imposing like a towering mountain, coldly staring at the Spiritual Rabbit Temple God.

"Undefeated amongst peers

"It's nothing more than that."

Li Che exhaled.

The Three Elements Divine Gang was indeed domineering, even the power of a Temple God can be considered on par.

Li Che had enough proof and did not continue chasing the Temple God.

It seems the Spiritual Rabbit Temple God also did not wish to continue fighting.

The Bull Demon Mask on Li Che suddenly split open, his third eye opened!

"Star Plucking Pupil!"

Endless Analysis, Soul Absorption, and Spirit Awakening!

The flesh beneath the mask seemed to tear apart towards the sides, a pupil rotated, and Golden Smoke descended like a drizzle.

Li Che's foot touched down, appearing atop the altar.

The Spiritual Rabbit Temple God was trembling immensely, resisting continuously!

Li Che released the suppression targeting [Equal to Heaven's Face], and then slowly stretched out his hand, pressing it on the Spiritual Rabbit Temple God's head...

"Be good."

"Otherwise, I'll take you to meet the boss, and try the taste of spicy rabbit head."

Boom!!!

Divine Skills.

Summoning Gods!

...

Outside the Hundred-Turned Worry Dream Gui Ling Rabbit Mysterious Temple.

Two figures almost simultaneously appeared, landing at the edge of the Strange Que.

It was none other than the Temple Control Bureau's Great Governor Wu Gang and the Yun Family Elder Yun Taishan.

Both of their cultivations were extremely formidable, yet at this moment their faces were filled with surprise and solemnity.

Although this Qi Yuan Mysterious Temple was not their main temple to suppress, their main target being the Six Bureaus [Desire and Fear of the Jade Tower Cold Immortal] Mysterious Temple in the middle of the large lake after the Spiritual Rabbit Mysterious Temple!

But, the sudden situation that occurred in this Mysterious Temple also made them suspicious.

"What is happening?"

"Is it about to revolt?"

The Governor Wu Gang frowned.

Elder Yun Taishan was also perplexed, what madness has befallen that rabbit?

Suddenly.

Their expressions drastically changed.

They saw the Mysterious Fog of the Strange Que suddenly expand explosively, becoming an infinitely swelling white ball!

"Damn it!"

Both of their eyes sharpened.

The next moment, the Great Governor Wu Gang burst forth with Innate True Gang at utmost brilliance, as if splitting the Mysterious Fog in two, he stomped heavily, and the ground began to collapse, covered in an interweaving dense network of cracks.

The Yun Family's Golden Body Master also stepped out, countless Divinity poured out from the brilliant Golden Body formed Primordial Spirit behind him, tearing apart the Strange Que Mysterious Fog!

Two powerful beings shot into the Strange Que like cannonballs.

The dense fog tumbled, roaring as it enveloped them.

But...

It wasn't long before.

Both fled frantically from within, bursting out!

Vaguely, as if a green finger tore open the barrier from behind the Strange Que, descending into the human world!

Rumble!!!

Above the vault of heaven, thick black clouds unknowingly accumulated, the dense black clouds churned as if wanting to press down into the human world, suffocatingly close.

Bang bang

The Spring Rain poured down in torrents.

The Governor Wu Gang of the Temple Control Bureau and the Yun Family Elder Yun Taishan, caring not for their disheveled appearance, burst out from the Mysterious Temple's range, crashing to the ground, tumbling and scrambling.

Both forgot to release their energy to shield themselves from the rain.

Drenched thoroughly by the rain, the ground's mud mixed and splattered on them, utterly disheveled.

Such a disturbance immediately alerted the Divine Envoys stationed by the Temple Office, and the Yun Family's residing powerhouses.

Chapter 602: Unrivaled Among Peers Until They Meet Me, The Strongest Divine Minister, the Ape God Descends\_3

The sound of breaking through the sky echoed incessantly.

One figure after another tore through the curtain of rain, shattering the Spring Rain as they arrived.

They saw the extremely disheveled Wu Gang and Yun Taishan.

They had no time to be shocked.

Slowly raising their heads, they then saw the Hundred-Turn Worry Dream Gui Ling Rabbit Strange Temple... collapse with a thunderous roar; the black tiles, red walls, and overhanging eaves were all crumbling down.

In the end...

...

Swallowed by the Mysterious Fog, it vanished without a trace.

Accompanied by a vortex sweeping wildly.

In the end...

This Qi Yuan Mysterious Temple disappeared into thin air from the world!

It was as if the Mysterious Temple, which had emerged from the Strange Que with difficulty like bamboo shoots after rain, had once again fallen back down.

Everyone was dumbstruck.

Wu Gang, not minding the mud and water on his clothes, stood in that deserted place where the Strange Que, Mysterious Fog, and Strange Temple had all disappeared.

Feeling a bone-chilling cold throughout his body.

"Something's happened

"Something big has happened!"

...

...

Boom!!!

In Thunder Alley, within a standalone workshop courtyard.

The Spring Rain was torrential.

Ripped open in an instant, Li Che maintained the gesture of grasping the Thunder Chess Piece with five fingers, holding the piece in his palm, and the whole person returned from the Spiritual Rabbit Mysterious Temple.

Taking off the mask, folding the rain hat.

Li Che sat under the eaves, exhaling a long breath of warm air.

Above the Heavenly Dome, thunderclouds churned, as if the heavens were in a rage, not knowing who had provoked Them.

Li Che's gaze was extremely solemn, his five fingers clenching tightly, with cold sweat squeezed out in his palm.

"Again... a blue finger."

"Tearing through Strange Que and descending, as if it was rejected by this world

"Terrifying, once touched, with my physical body, I'm afraid it would explode into a mist of blood in an instant."

Li Che didn't even need to sense it; just the terror and anxiety brought about by the bouncing of the five Dao Fruits were enough for Li Che to understand the terror contained within that finger!

It was like a force not belonging to this world!

"The Temple God was summoned, and the Strange Temple collapsed? No... It seems to have lost its pillar, fallen back into Strange Que, and vaguely, I seemed to have seen the temple being bombarded into pieces by a terrifying force."

Li Che closed his eyes.

The Dragon Elephant Vajra, Chess Saint Dao Fruit were all pulsating continuously.

"What exactly is in the Strange Que?"

"Are the Strange Ques interconnected?"

Li Che opened his eyes.

These doubts were even more elusive than the Mysterious Fog, entangling his mind, preventing him from making a clear judgment.

"Whoosh

"Inhale

Within the courtyard, a breath in and out, with the wind blowing fiercely, dispersing the Spring Rain.

Li Che calmed his mind, opening his eyes without dwelling on the mysterious and terrifying things in the Strange Que.

"The Strange Temple has disappeared... this matter should not be taken lightly, if I keep acting under the identity of a Second-rank Astronomical Observatory Guest Official and then the Strange Temple disappears again, sooner or later, it'll be traced back to me."

In this world, Strange Temples become a menace.

If it is discovered that Li Che has the means to make Strange Temples disappear...

Li Che couldn't imagine what he would ultimately have to face.

"This can't go on... It's not good."

"I need to change my identity, or sneak in quietly

Li Che's eyes flickered, starting to think and plan for the future.

After finishing his calculations.

Li Che's mind moved slightly.

Within the Heaven and Earth chessboard.

Li Che's Primordial Spirit reflected within it, opened its eyes, and saw the Spiritual Rabbit Temple God with a rabbit-headed woman's body standing above, releasing a mighty Temple God Divinity, pressing down on the lines surrounding the chessboard.

"I summoned you, it seems there are other Temple Gods spying on me

Li Che spoke to the Spiritual Rabbit Temple God.

But the Temple God did not respond as if it were an inanimate object.

Li Che did not mind.

"Is it one of the Six Division Temple Gods from the [Desire and Fear Jade Tower Cold Immortal] Strange Temple?"

Li Che murmured.

The Spiritual Rabbit Temple God trembled slightly but soon returned to calm. However, this undoubtedly confirmed Li Che's guess.

Such a straightforward rabbit, it shouldn't try to confuse him with a fake tremor, should it?

"Six Divisions Strange Temple

Li Che's eyes sharpened. The Temple God from the Six Divisions Strange Temple probably possesses the strength of an Innate Great Grandmaster and a Golden Body Master, and perhaps... even higher.

It depends on the status of the Strange Temple.

So, for the current Li Che, the danger of the Qi Yuan Strange Temple is still manageable, but for the Strange Temples of the Six Divisions, the danger greatly increased.

Li Che sat cross-legged under the eaves, with raindrops connecting in lines.

Thunder and lightning, shaking non-stop.

Li Che thought.

Within the Inner Scene of the Mud Pill, round after round of Divine Base unfolded behind him, like a peacock spreading its tail!

"The Hundred-Turn Worry Dream Gui Ling Rabbit... can enter the Worry Divine Base."

Li Che closed his eyes.

The next moment.

The power of Summoning Gods erupted, immediately as if invisible threads of Divinity established a connection, burst from the Divine Base, and wrapped around the Spiritual Rabbit Temple God.

Slowly, little by little pulling towards the Divine Base.

The Spiritual Rabbit Temple God couldn't sit still anymore, It could not easily succumb to Li Che like the tamed Fire-Eye Mystical Awe Spirit Monkey!

Nor willing to assume its place in Worry Divine Base!

It struggled to break free from the power of the Summoning Gods!

Li Che was expressionless, extremely cold.

On his home turf, still trying to rebel?

[Equal to Heaven's Face] suddenly teleported over, the Primordial Spirit slowly covered it on the face.

In an instant, a frightening Divine Hierarchy pressure poured out from the Equal to Heaven's Face!

Countless golden monkey hairs grew out, and the next moment, the Primordial Spirit seemed to transform into a True Ape, drifting down, facing the Spiritual Rabbit Temple God, clenching its fingers with golden light flowing and brimming over them.

Then, without hesitation, threw a punch!

The Spiritual Rabbit Temple God let out a scream!

Whoosh—!

With the falling punch, the wind howled!

The entire Heaven and Earth chessboard seemed to light up with dazzling fist light, just one punch, as if to tear the entire Heaven and Earth chessboard apart!

Chapter 603: Unrivaled Among Peers Until They Meet Me, The Strongest Divine Minister, the Ape God Descends\_4

However...

As the fist wind began to stir, it hung in front of the collapsed Spiritual Rabbit Temple God.

The fist wind surged, then naturally dissipated without a trace.

Vanishing, not a single ripple stirred.

This effortless power shone brightly in Li Che's eyes.

But then, that fist covered in monkey hair, hung above the head of the Spiritual Rabbit Temple God, its slowly spreading fingers as steady as a mountain amidst the storm, nullifying all force, the monkey hair drifting slightly.

...

Gently it landed on the Spiritual Rabbit's head.

Smooth, without any violence.

The eyes of the Spiritual Rabbit Temple God moistened, no longer struggling, allowing the Summoning Gods' power of the Worry Divine Base to pull and merge it in!

However, to fully integrate the Spiritual Rabbit Temple God and to complete the sculpting of the Divine Minister.

It would take some more time.

Suddenly.

Li Che, sitting quietly under the eaves of the courtyard, intently listening to the thundering sound of the Spring Rain, suddenly opened his eyes.

His face seemed to be covered by the Divine Monkey Mask as golden monkey hair grew one by one, swiftly cloaking his features.

Boom!

Li Che's spine shook, a Pure Heart Divine Foundation, flawless, rose from behind him like the moon rising above the sea, quietly ascending.

Then as the Divine Foundation turned, it underwent a transformation.

Embossed upon it was a Spiritually Bright Real Ape, violently thumping its chest!

Heaven and Earth Spirit Bright True Ape Divine Foundation!

Transformed from the Pure Heart Divine Foundation!

Li Che's eyes opened wide, his body bursting with Divine Aura uncontrollably surging.

"It's done!"

The Temple God within the [Equal to Heaven's Face] completely merged into the Pure Heart Divine Foundation!

Pure Heart Divine Foundation...

To become Divine Minister!

With monkey hair fluttering on his face, Li Che beamed a resplendent smile.

The Heaven and Earth chessboard enveloped the area.

He stepped down, his figure drifting into the center of the courtyard, as countless torrential raindrops crazily cascaded from above.

Boom!!!

Li Che clenched his fist, his Primordial Spirit suddenly burst forth with brilliance, his Divine Sense transformed into an incredibly sharp long sword.

Li Che's body surged with the Martial Dao Will, Dragon Elephant Vajra, Ten Thousand Dragons Subduing Gods, Chaos Heaven-Matching!

His Qi-Blood burned intensely, his physique bulging, muscles curling like pythons!

The Three Elements Divine Gang, condensed from the three types of Martial Saint's True Intent, twisted into one, soared into the sky like a Jiao Python, shattering countless raindrops!

The Divine Gang teamed with Divine Sense to form a sharp long sword, fiercely striking the Divine Foundation!

A clanging sound resonated, invisible flames leaped!

This round of Divine Foundation proved to be unprecedentedly resilient!

Covered with monkey hair on his face, Li Che's eyes remained a brilliant gold.

He did not give up; his Qi-Blood was robust, striking fiercely at the enormous Divine Foundation that nearly obscured the entire courtyard above!

Bang!

Finally, a terrifying boom echoed!

The white Divine Foundation began to fall off, chunks of it plummeting into the vast Sea, generating massive waves!

And the arm of a Spiritually Bright Real Ape appeared, with monkey hair slowly emerging, fingers clenched into a fist.

The powerful Divine Aura spread and swirled, lightning crackled and thunder roared in the sky, with lightning being drawn in as if to strike the courtyard where Li Che was.

Fortunately, shielded by the Heaven and Earth chessboard, as if fooling the heavens!

Boom!!!

A terrifying explosion erupted!

Countless white Pure Heart Divine Fragments burst open.

Finally...

The last ape head of the True Ape God Image was revealed!

With soaring monkey hair, raised arms clenched into fists, muscles on the chest rigid like hardened mysterious iron!

A true defiance of the heavens and earth without bounds!

Rumble!!!

Finally, as the head of the Ape God was carved from the Divine Foundation.

It was as if the most dreadful taboo had come back to life!

Amidst the pouring leaden clouds, a flash of lightning tore through the Spring Rain, sweeping down!

It pierced through the Heaven and Earth chessboard, like Heavenly Punishment, striking the True Ape God Image!

However, the True Ape God Image remained unscathed, with only blue Thunder Arcs skittering about, even grasping by the five hooked fingers of the True Ape God Image as if seizing a Heavenly Thunder Divine Rod!

Raised high to the sky!

Boom!!!

Li Che kept releasing Divine Gang, whipping and slashing at the Divine Foundation!

Performing the final delicate carving, finishing the last touches, eliminating the fragments of the Divine Foundation!

Sculpting, he was professional at that.

But indeed, to carve on the Divine Foundation was no easy feat.

Boom!!!

As the last fragment of the Divine Foundation shattered to dust!

Li Che's heart shook, his gaze fixed on the Divine Minister that shook free of the remnants of the Pure Heart Divine Foundation, clutching the thunder, revealing the True Ape God Image, floating above his head!

At this moment, fierce winds gushed, the colossal True Ape God Image seemed to come to life, its eyes revealing a trace of ancient wisdom and agility.

It looked down at Li Che, who appeared to wear the Equal to Heaven's Face.

Li Che clenched his fist.

Raised it gently, pushing forward.

And the True Ape God Image too, brought down its immense fist.

Large and small.

Fists touching face to face.

As if a primordial ape met a minor monkey across the ages.

This Divine Minister, carrying the Temple God!

Possessing Heavenly Will!

Perhaps...

It is the strongest Divine Minister of the present world!

Chapter 604: Ape God Tempered Body Opens 200 Divine Orifices, Who Dares to Battle an Innate Great Grandmaster [Seeking Monthly Ticket]

Snap, crack!

Spring rain pours abruptly, lightning flashes and thunder roars!

Wild wind howls between heaven and earth.

Thunder Alley, a standalone workshop courtyard.

A colossal Divine Likeness stands between heaven and earth, enveloped by countless intertwining currents of electricity, as if it's wrapping around a descending thunderbolt, transforming it into its own power!

Harnessing the power of heaven and earth, reinforcing its own Divine Likeness!

...

Li Che stands in the courtyard, his ink robe billowing, his black hair fluttering, feeling that immense and overwhelming divinity, filled with the oppressive force of rank...

Li Che's lips can't help but curl into a smile.

He is curious, with this Ape God, purely on the basis of Divine Cultivation, could he withstand the Divine Element True Person?

Facing a Divine Element True Person who has undergone the Primordial Spirit Metamorphosis shouldn't be a problem, right?

Li Che doesn't know many Divine Spells; previously, he mostly infused the divinity of the Seven Wheels Divine Base into Immortal Work Barrett of Horse Face, which also contained the power of the Seven Wheels Divine Base when burst with assassination power.

This would enable him to assassinate Divine Likenesses with his Divine Base Cultivation.

But, facing Divine Element True Person, without relying on the overwhelming Grandmaster Cultivation, it's truly not easy to kill Divine Primordial.

With a thought, immense qi-blood bursts forth, Divine Gang dances wildly, wrapping around the Divine Likeness and gradually pulling it back into the Niwan Palace.

Boom!!!

When this True Ape Divine Likeness that seemed to hammer heaven and earth was pulled back into the Niwan Palace, Li Che felt an immensely powerful divine force, centered at the Brow Niwan, wildly spreading to his limbs and bones!

Even though he has now trained his body to the extreme toughness of a Grandmaster's Physique, he still felt a bone-piercing pain at this moment.

The cultivation of martial path and divinity must complement each other.

Even if it's a Divine Element True Person who specializes in Divine Cultivation, the physical body at least must reach the Grandmaster Posterior Realm, whether through elixirs or diligent training.

The physical strength must keep up to withstand the tsunami-like impact of rising Divine Power.

And the more powerful the Divine Base, Divine Likeness, and even Shen Yuan Golden Elixir, the greater the demand on the physical body!

If the body is too weak, it may be eroded by divinity, eventually losing sanity and becoming a slave to divinity, completely insane and unbalanced.

Although with a higher realm and the emergence of Divine Sense, control is much stronger compared to when nurturing the Divine Base, once the body cannot withstand, it's extremely dangerous.

Li Che's eyes widen, his pupils dazzling with Golden Light, the powerful divine impact shakes his physical body, tissues, bones, meridians, blood... all oscillating at a microscopic frequency.

True Ape Divine Likeness, created with the Divine Method of the Three Pure Ones Level, immensely powerful, demanding extremely high physical requirements.

An insufficient body simply cannot bear it and would only be burst by True Ape Divine Likeness.

At this moment, Li Che feels his Brow Niwan swollen.

As if a world-shocking giant ape is roaring inside his mind, recklessly swinging a heavenly thunder rod!

In a moment of earth-shattering thunder, Li Che feels all his numerous thoughts extinguished!

The Brow Niwan, the source of human senses, where the spirit resides.

But the moment the giant ape enters the Inner Scene of the Energy Center, all Divine Bases within are dim and dark, even the Astonishing Divine Visage retracts its brilliance.

The recently shaped Worried Divine Form, Hundred-Turned Worried Dream Gui Ling Rabbit Divine Likeness... also accelerates its integration as if frightened, afraid of being beaten by the ape.

In an instant.

Li Che feels as if he has fallen into a moment of emptiness.

However, promptly his perception returns, as if an overwhelming divine cleansing and pain, brazen divinity, enveloped with an unrestrained and wild force!

A pain unlike any before descends upon his body.

Even now, Li Che, with his unparalleled strong body, possessing Dragon Elephant Vajra Dao Fruit making his body extremely robust.

Yet, the pain brought by the divine cleansing is still very vivid!

Pain!

Li Che instantly breaks into profuse sweat, tiny beads of sweat appearing on his forehead.

His entire person...

Seems as if thrown into a massive pill furnace!

Endlessly roasted by divine fire!

His body fat crackles, his skin surges like waves, his quivering muscles and bones like writhing dragons, all transforming!

Li Che knows this is the Divine Likeness refining the physical body with divinity.

If he withstands it, his physical body will greatly improve, achieving significant transformation.

If he can't endure and doesn't withstand, his physical body will collapse, suffering severe damage!

But why would Li Che fear?

Inside his chest, the Dragon Elephant Vajra Dao Fruit pulsates intensely.

The high-ranked divine power bursting out from Brow Niwan, rampages inside his body, washing over it!

Skin, muscles, blood, bone marrow, organs, and even the tiniest orifices undergo astonishing changes!

Li Che does not waste this perfect opportunity.

Fingers clenched, the air rips with a burst, violently thrusting his fists and palms, his Brow Niwan tearing open flesh, Star Plucking Pupil dazzling with golden light.

Li Che, with his Star Plucking Pupil, observes the transformation of his body at this moment.

Roar!!!

Countless qi-blood explode from within his body, mercury-like blood flowing and transporting, emitting thunderous roars.

His heart beats vigorously, each beat as if heaven and earth are beating drums, creating spreading sound waves!

Qi-blood explodes, turning into illusions of dragons and elephants, his scorching blood as if ignited by high temperatures, igniting towering flames.

Spring rain pours massively, falling into the courtyard, hissing and steaming!

In the heavy rain, he trains in pain, in the heavy rain, he practices his boxing!

Chapter 605: Ape God Body Tempering Opens 200 Divine Orifices, Who Has the Courage to Challenge an Innate Great Grandmaster\_2

Myriad Transformations Dragon Elephant!

Ten Thousand Dragons Subduing Gods!

Primordial Equal to Heaven Staff!

The three ultimate studies of the Martial Saint were unleashed by him, continuously refining his strong and tenacious Martial Saint Divine Gang.

On each strand of the Divine Gang, there seemed to be a faint flow of golden light.

Crack crack crack—

...

Li Che in the courtyard, with his black hair flying, clenched his fists, each move extremely slow. Yet, with each move, the twitching of his muscles and the tempering of his bones were undergoing intense and dramatic changes.

The muscles and bones stretched, like a strong bow pulling an empty string and exploding, with air rushing out violently, as if invisible ripples were waving!

After a long while, Li Che was drenched in blood pearls all over, finally slowing his movements.

Yet, the currents of air in the courtyard had been stirred up so much that they could no longer settle down.

"Supreme Divine Face, shedding and transforming the physical body, combined with the Dragon Elephant Vajra Dao Fruit, perfect siphoning... Gathering without waste the power of this body refining!"

Li Che spread his arms wide, the muscles on his back writhing like coiling dragons, the terrifying Qi-Blood vibrating, dazzling and bright!

Now, every part of Li Che's physical body had become a great weapon, easily able to kill, plucking flowers and flying leaves all possessing unparalleled might!

"The Divine Gang of Myriad Transformations Dragon Elephant has reached twenty strands, capable of opening two hundred orifices

Li Che's eyes lowered, and the next moment, with a sudden palm turn upward, his arms outstretched.

Instantly, his entire body began to glow!

Numerous blood pearls evaporated, two hundred orifices, like two hundred incandescent lamps, all bursting into a brilliant radiance!

"Next is the Divine Gang of Ten Thousand Dragons Subduing Gods and the Divine Gang of Primordial Equal to Heaven Staff, both of which have also grown."

"Now, my Three Elements Divine Gang has reached ten strands."

"A great breakthrough!"

Before his eyes, light flickered.

[Dao Fruit: Dragon Elephant Vajra (lv4, 60%)]

The maturity of the Dao Fruit was further enhanced. Although not by much, for Li Che, it brought a feedback of martial comprehension from the symbiotic relationship with the Dao Fruit.

If grasped well, even the two ultimate studies, the Lone Mountain Walk Blade and Lingxu Baqi Step, could be greatly enhanced!

Would it be possible to elevate these two pieces of martial arts...

Into the realm of Masters!

Perhaps... it's still not enough.

Then...

Add another log to the fire!

Li Che opened his mouth, exhaling a scorching breath that seemed to transform into an exceedingly sharp long blade, slicing through the wildly eddying currents of air in the courtyard.

"The ten strands of Three Elements Divine Gang, compared to the True Gang of an Innate Great Grandmaster... how about it?"

Li Che closed his eyes, and when he opened them again, they were filled with astounding shock.

An extreme surge of murderous intent cascaded from his pupils, sweeping across vast distances.

"Su Huaili

"It's time to embark."

...

...

A major incident occurred in Dao City, shaking various forces.

The thousand-year-old Yun Family, in conjunction with the Temple Control Bureau, suppressed one of the Qi Yuan Mysterious Temples they governed—it vanished into thin air!

Strange Que, Mysterious Fog, Mysterious Temple all simultaneously disappeared without a trace, never to be found in the human world again!

For the people, it was a good thing, but for Dao City's major powers, the matter was indeed too significant.

Why did the Mysterious Temple vanish without a trace?

It was a big enigma.

Since the birth of the Mysterious Temples, even if they were plundered and suppressed by various experts, they would still not disappear.

They would always exude Divinity at every moment.

Even, in Divine Capital, above the Da Jing Temple, there was a great scholar who spoke of the indestructible and eternal nature of the Mysterious Temples.

However, now this view had collapsed on its own.

One Mysterious Temple vanished into thin air!

The Qi Yuan Mysterious Temple of the Hundred-Turned Worry Dream Gui Ling Rabbit evaporated from the human world, leaving its former location utterly empty.

In one night's time, many powerhouses were alerted.

Even the Divine Fetus Great Gods, with their frighteningly powerful Divine Senses scanning past, couldn't detect any abnormalities.

Because the disappearance of the Mysterious Temple was too clean, as if swallowed by the Strange Que, swept away by the Mysterious Fog, and then vanished from this world.

Although the Mysterious Temple was gone,

The powerhouses from Temple Control Bureau and the Yun Family still did not relax, they continued to arrange for people to monitor closely.

However, this incident caused such a huge shock that the three thousand-year-old families of Dao City, the Yun Family, Zhou Family, and Zhong Family, were all profoundly affected.

Aside from these ancient Great Families, even the families that were several hundred years to a thousand years old were also shaken, even beginning to feel uneasy, worrying that the Mysterious Temples they governed might also disappear without a trace.

Mysterious Temples, although they contain strangeness and threat,

But they are constantly exuding Divinity, the closer to the Mysterious Temples, the stronger the Divinity becomes, making them excellent places for cultivating Divine Cultivators for the noble families.

In this world, the rise of Divine Cultivators was greatly related to the Mysterious Temples.

The Divine Methods and Divine Secret Techniques coming from the Mysterious Temples come second.

It is mainly the emergence of Mysterious Temples that brought Divinity...

It is because of the numerous Mysterious Temples that emerged like bamboo shoots after a rain that Divinity was brought to the world, and this Divinity is the foundation for the creation of Divine Cultivators.

If all Mysterious Temples were to disappear from the human world...

Wouldn't that mean that the Divinity between heaven and earth would become extremely scarce, even disappearing completely, causing the Divinity system of the human world to possibly collapse?!

So, if one thinks deeply about this matter... it's indeed enormous.

Hence, even the Divine Fetus Great Gods were alarmed and came to investigate.

Fortunately, currently, only one Mysterious Temple has disappeared, and it is just one of the Qi Yuan Mysterious Temples, so the impact is not too significant.

If more and more Mysterious Temples vanish into thin air...

It might even cause the whole of the Great Vista to be shaken.

Mysterious Temples bring danger and threats, but they also bring opportunities and chances.

Chapter 606: Ape God Body Tempering Opens 200 Divine Orifices, Who Has the Courage to Challenge an Innate Great Grandmaster\_3

Compared to completely extinguishing threats from their roots, the cultivators of Great Vista prefer to explore opportunities and fortuities within a controllable range.

...

...

Majestic Spring Rain pours down from the sky, expressing the human world.

It constantly falls from the high sky, exploding on the luxurious black tiles into a hazy spray of water.

It seems to shroud countless sceneries with a layer of misty gauze.

...

Between the magnificent buildings, curtains wildly dance in the howling spring wind.

Su Huaili, dressed in immaculate white robes, sits on a chair, surrounded by several dancers with graceful figures, barefoot and lightly dancing.

A female musician gently strums with bare hands, and the melodious sound of the zither reverberates and echoes.

The dancers sway their bodies along with the zither's tune.

Su Huaili sits on the chair, looking scholarly and detached. No longer just a lord of the city, he appears even more transcendental.

Rustling and stirring...

A cycle of one garbage, two teas, and three essences, passing through three times, the green tea ripples with a rich aroma.

Poured into a tea bowl, it was handed to the figure sitting across him.

The figure was none other than Golden Armor Western Camp Divine Guard General You Liqing. At this moment, he reined in his aura, yet still resembled a terrifying colossal beast, his physical body containing a power that could destroy heavens and earth.

You Liqing took a sip of tea with a calm expression.

"After staying in Golden Light Prefecture for so many years, your tea-making skills have improved a lot, Junior Brother."

You Liqing set down the tea bowl, speaking lightly.

Su Huaili smiled warmly, "Third Senior Brother, don't tease me anymore, over the years, it's only my tea skills that have improved."

You Liqing looked at the dejected Su Huaili and shook his head, slightly disappointed as if lamenting his unfulfilled potential.

"Teacher sending you to Golden Light Prefecture isn't giving up on you; don't overthink it... Golden Light Prefecture is no ordinary place. That Third Prince's Mysterious Temple of Four Imperial Eight-Armed Prison Lotus, among the Four Royal Mysterious Temples, belongs to the more sinister and powerful

"That was prepared by teacher for the Young Prince... it's a pity

Upon hearing this, Su Huaili's eyes seemed to dim a bit, a trace of sorrow surfacing.

"It's my fault... I failed to protect the Young Prince, allowing him to fall into the hands of Earthly Hell's Evil."

Su Huaili did not know who killed Ji Haihui; after all, Ji Haihui died within Strange Que, but likely it was the Underworld that reduced Ji Haihui to ashes.

Even if it wasn't, Su Huaili chose to directly throw dirt.

A harsh murderous aura flashed across You Liqing's eyes.

"Underworld... audacious villains, if I encounter them, I will surely exterminate them."

"Just a mere Underworld, the strongest being just a Master of Divine Gang, and yet so presumptuous."

You Liqing was utterly ruthless, his palm slamming onto the table.

Suddenly.

You Liqing's brows furrowed, a warrior of the Divine Guard Army rushed over speedily, appearing before him completely drenched.

Relaying what happened at the Hundred-Turned Worry Dream Gui Ling Rabbit Mysterious Temple.

"The Strange Temple... disappeared?!"

You Liqing's eyes narrowed, and he had the soldier repeat the details again.

"A Strange Temple disappearing from the human world is no small matter, I need to see for myself... Junior Brother, take care."

You Liqing stood up, and between the collisions of his armor, a resounding and majestic clanging echoed.

Su Huaili also hurriedly stood up.

He was reluctant to see You Liqing leave. After all, by You Liqing's side, Su Huaili felt greatly secure.

"Don't worry, I'll have Long Tai protect you personally. Additionally, I have made other preparations... If those worthless things from Underworld, Ox Demon and Horse Face dare to come, let them come without return."

"The intelligence you provided, I have studied it. These assassins from the Underworld... just have some tricky methods, that's all. Their actual strength, even compared to the assassins from Hunting God Pavilion, is much inferior and not to be feared."

You Liqing glanced at Su Huaili, comforting him.

Su Huaili managed a bitter smile, with such arrangements, what more could he say?

But truly, he felt no sense of security.

After all...

If Underworld wants you dead at the third watch, who dares to keep you till the fifth watch?

In Golden Light Prefecture, he had seen too many powerful beings killed by the Underworld.

Wasn't each one, before their death, firmly believing they would not die?

Ultimately, You Liqing still left. A Strange Temple disappearing from the human world is indeed a major event, could this be some sort of signal?

You Liqing, with his subordinates, shattered the Spring Rain, their powerful Qi-Blood rotating, swiftly rushing towards the Outer City.

In the luxurious building, a beautiful female musician gently strummed the strings.

The dancers danced vigorously, and Su Huaili was full of sorrow.

Long Tai sat at a small table beside, thoroughly enjoying his meal, looking at Su Huaili's fearful demeanor, couldn't help but smile.

Was the Underworld really that terrifying?

To frighten the direct disciple of Chaos King like this?

Is it necessary?!

It's quite a loss of face for a Prince.

However, Long Tai, remembering the mushroom cloud-like fireworks that bombarded Dao City...

Suddenly, the delicacies in his mouth lost their flavor.

Su Huaili returned, satendencies on the table, poured himself a cup of tea, and gently sighed.

Just as he was about to drink.

However, the tea, just raised to his lips.

His action suddenly froze.

He stared at the tranquil green tea, his eyes tensed and pupils seemingly pulsating with the beat of his heart.

He slowly turned his head towards Innate Grandmaster Long Tai sitting beside.

"Governor Long, do you... feel it?"

Su Huaili's eyes were hollow.

"Majestic Spring Rain, falling silently on the tiles

Long Tai, who was momentarily put off by the tasteless food, began enjoying his meal again.

But hearing Su Huaili's words.

Long Tai finally sensed something was amiss, and his eating slowly came to a halt.

Finally...

Chapter 607: Ape God Body Tempering Opens 200 Divine Orifices, Who Has the Courage to Challenge an Innate Great Grandmaster\_4

Completely stopped.

He raised his head.

His beard flying wildly, his eyes filled with solemnity.

"Right, this heavy spring rain

"How come there is no sound as it falls."

...

...

...

The heavy rain is relentless, not waiting for anyone.

In February, the spring plum rain pours without cease.

For the Lingnan region, sometimes a rain shower could last an entire month, where you could smell the fermentation and souring of plums knocked to the ground by the rainfall.

Inner City, deep in an alley.

Within the twisted darkness, Li Che was wearing a woven bamboo hat, raising his hand, a finger pressed against the center of his forehead.

"Tomorrow, Xi Xi will go to the Divine Sect Outer Sect for her studies; it's time to kill someone to celebrate."

Li Che murmured softly.

Su Huai was like a hidden bomb.

Because Su Huai was an evil person from the Corpse God Cult, like the Demon Child, both targeting Xi Xi.

For the Demon Child's part, Li Che had attempted to act, unleashing the Guanyin Lotus Main Battle Tank, forcing exposure of their identities, costing the Corpse God Cult three Curse Silver Corpse Level powerhouses.

Now, the defensive force on the Demon Child's side had increased again, and Li Che was not confident he could take the Demon Child down.

However, on Su Huai's side...

Under the perception of the Heaven and Earth chessboard, You Liqing was lured away by the strange incident of the Mysterious Temple's vanishing from the human world.

For Li Che, this was an excellent opportunity to strike.

After arriving in Dao City, Li Che had been observing; Su Huai basically stayed by You Liqing's side, and once something happened, You Liqing would rush to take action immediately.

Facing an Innate Great Grandmaster who had achieved Unity of Heaven and Man, Li Che could still put up a fight.

But against You Liqing, a Supreme Grandmaster with Three Flowers Atop, Li Che did not stand a chance at all.

Therefore, Li Che had not taken any action until now.

Tonight, having achieved a breakthrough in his cultivation level and with You Liqing's attention drawn elsewhere...

Li Che was indeed ready to send Su Huai...

On his way!

Two fingers tore through the void; a Bull Demon Mask was placed over Li Che's face.

The black robe billowed, the body swelled up powerfully, muscles thick like Jiao Longs on his back tensed and twitched, shattering the spring rain.

Then...

A flick of the fingers.

A black Chess Piece shot out.

Two figures suddenly swelled into existence.

It was the robust White Impermanence Xue Dufu wearing a white mask, and the Shadow Guard True Person with majestic divinity, lingering in the darkness.

And following behind Shadow Guard True Person were three assassins from the Hunting God Pavilion.

The Bull Demon, stalwart like Tower Mountain, cast a calm glance at Black and White Impermanence.

Then a Fairy in the Painting shakes, Horse Face emerged from it, holding the Immortal Fire God Barrett, with a tap of the foot sending ripples through the rainwater, his figure nimbly leaped onto the rooftop, and after a few bounds, landed five hundred feet away.

Horse Face found a position.

The Immortal Fire God Barrett, crimson swirling, was lifted by him, the muzzle wrapped in red, roaring like an enraged Jiao Long.

With the flick of his fingers, five Fire God Dragon Fangs floated in front of Horse Face, grabbing one and loading it into the Immortal Fire God Barrett.

Then...

Aim!

The Heaven and Earth Chessboard sealed off the luxurious pavilion, isolating all external perception and probing.

And connecting with Horse Face's mind, allowing Horse Face to achieve a five hundred feet long-distance headshot!

Su Huai, frozen with a teacup in hand...

Was clearly visible in Horse Face's sight.

At the same time.

Li Che pressed down on his woven hat; rainwater on the Cute Bull Mask gathered at the brim into threads and dripped down.

Bang—!

His powerful Qi-Blood vibrated.

Slumbering Dragon Elephant!

His aura concealed, and then he shot towards the luxurious pavilion at high speed, like a black thunderbolt tearing through the rain curtain on the human world!

Approaching the pavilion.

He took a heavy step down.

Countless puddles splashed to both sides instantly, waves erupting and rolling white foam!

Taking the position of the Bull Demon as the center, the ground within a radius of several meters collapsed in unison, with stagnant water mixed with mud surging wildly!

And the body of the Bull Demon suddenly shot upwards.

With extreme speed, it streaked like a black lightning!

Soaring straight up, level with the high-rise building, it hovered in the storm, directly confronting Su Huaili inside the pavilion.

At the same time.

In the instant the Bull Demon leaped into the air.

Horse Face also triggered the Immortal Fire God Barrett.

In a flash!

A streak of fiery red golden light roared like an utterly furious Jiao Long!

Hiss hiss hiss—!

The extremely scorching high temperature erupted from the Fire God Dragon Fang, water vaporized, and anywhere the path traversed, the rain instantly turned into steam, becoming a furious gale, rushing back and boosting the bullet's speed even further!

Along the trajectory, copious Spring Rain exploded!

One shot.

Lethal!

...

...

No sound!

The Spring Rain fell, and there was absolutely no sound!!!

Only the sounds from within the pavilion remained, the dancing girls moved, and the musicians played!

This... something was very wrong!

"Is it... a Divinity Sealing Formation?"

Long Tai swallowed the food in his mouth, his eyes blazing with an immense brilliance.

And Su Huaili, who was holding a teacup.

Only felt a surge of heart-pounding fear!

A deathly shiver enwrapped his heart manically, nearly suffocating him!

The celadon cup in his hand blew apart in an instant, and numerous droplets of tea transformed into billowing white steam.

A gleam radiated from between Su Huaili's brows, and within the Mud Pill, a Shen Yuan Golden Elixir rose, its strong and majestic Divinity accumulating before him, forming a wall of Divinity!

Su Huaili sharply turned his head, along with the sound of exploding floor tiles, he then saw that figure outside the carved wooden windows of the pavilion, wearing a Cute Bull Mask with a charming smile.

Bull Demon—!!!

Su Huaili's hair stood on end!

Here it comes!

The Underworld is here!

But then he saw, the Bull Demon's imposing body was like Tower Mountain, as if blocking out all light and warmth, and just like that, it hung like a mountain in front of Su Huaili.

Oppressive, claustrophobic, terrifying...

All sorts of emotions surged straight to the heart!

Li Che calmly watched Su Huaili.

The next moment.

His head tilted slightly.

A streak of fiery golden light, silent and imperceptibly fast, like a Fire God angry dragon, unveiling a maw of fangs ready to shred flesh and blood!

The straight beam that cut through north to south instantly passed by the Bull Demon's body, and shot towards the center of Su Huaili's brows!

Intending to...

Shatter Su Huaili's head!

However...

Bang—!!!

A stalwart figure suddenly stood in front of Su Huaili, only raising a large hand, like a fan, and with a fierce slap, struck at the Fire God Dragon Fang!

A terrifying sound wave exploded forth, spreading out in concentric circles.

The blast of air gushed out, causing the dancing girls and the musicians to scream in panic, quickly turning to flee down the pavilion.

No one paid them any attention.

For these ordinary people, if they didn't flee... once the real clash began, the aftermath alone could blast them to pieces.

Long Tai's body swelled, a lot more robust, as every strip of skin and membrane seemed stretched to the limit, bulging to a glossy shine.

His clenched fingers slowly ground.

The Fire God Dragon Fang bullets were immediately crushed into dust.

Then, a power immense beyond compare, almost materialized like a mountain-and-sea-like Martial Dao Will, pressed down like connected mountain ranges.

"Interesting

"Merely Divine Gang, who gave you the courage... to dare to kill in front of an Innate Great Grandmaster of Unity of Heaven and Man?"

Long Tai's beard flew wildly, his eyes flickered, shining intensely like two incandescent lamps!

Chapter 608: Bull Demon Mask Shattered, True Ape Divine Minister Suppresses Corpse God Will

Crack! Crack!

The thunder rumbled, and lightning flickered!

The entire opulent pavilion seemed to shake violently at this instant, the floorboards creaking and groaning, unable to bear the burden!

"Who gave you the courage?"

Dragon Elephant Vajra Li Che, with a chicken leg stuffed in his mouth, his eyes blazing fiercely, stared at Bull Demon. The moment he finished speaking,

He bit down hard on the steel tooth, chewing up the chicken leg bone and swallowing it in one gulp.

...

And on him, a mighty will of the Martial Dao descended!

That was the Martial Dao will belonging to the Unity of Heaven and Man Realm of an Innate Great Grandmaster, substantial and overbearing, connecting heaven and earth, as if pulling down the entire heavenly dome and pressing on one's heart!

Heavy, oppressive, stifling...

It made both the body and spirit sink, even the speed of turning a thought became sluggish.

And naturally, the Bull Demon bore the most concentrated oppression of Martial Dao will.

Under the mask, the Dragon Elephant Vajra Dao Fruit in Li Che's chest throbbed violently, with immense pressure impacting his spirit. His Martial Dao will burst forth, the Dragon Elephant roaring, yet could only guard its own space within three inches.

Unity of Heaven and Man, seemingly able to mobilize the power of heaven and earth!

This is the most terrifying aspect of an Innate Great Grandmaster—the reason why Innate True Gang is so powerful is also because it merges the power of heaven and earth!

Li Che was greatly agitated, all the blood in his body boiling, his Star Plucking Pupil between his eyebrows burning intensely; the faint sense of crisis lingering around his heart, at this moment, continuously stimulated his muscles and bones!

The physical body continued to grow stronger, taller and burlier, like a real mountain rising high.

Bang—!

Bull Demon took a fierce step forward, as if a sharp steel knife, ripping through the Martial Dao will of the Great Grandmaster.

Stepping heavily onto the pavilion, the wooden floor immediately caved in, and with a crackling sound, splinters of broken wood flew about.

"Well done! Having the guts to withstand this Governor's Martial Dao will, resisting the power of heaven and earth to take a step forward, among the Masters of Divine Gang, you can certainly be proud!"

Dragon Elephant Vajra Long Tai stood nine feet tall, his muscles bulging, and a hint of dominance surfaced in his brow.

He stood in front of Su Huai as if he was an ancient city that stands tall between heaven and earth and would not fall!

This is...

Unity of Heaven and Man!

Innate Great Grandmaster!

Joined with heaven and earth!

Bang—!!!

Outside the pavilion, the pounding sound of the spring rain seemed to have become stagnant.

Dragon Elephant Vajra Long Tai fiercely took a step forward, assuming an attacking stance. In an instant, his Qi-Blood roared like thunder, accompanied by a terrifying Qi-Blood Jiao Dragon that meandered between heaven and earth.

Within the Qi-Blood, there was a dazzlingly bright white streamer.

Bursting out with extreme light and heat!

The invisible ripples of Qi-Blood, from the floors of this opulent pavilion, violently diffused outward, forming ripples that spread across thirty feet!

The spring breeze and rain, in an instant, dissipated, vaporized into steam, rolling like clouds and mist!

And the misty cloud of steam along with the reverse current of the air, furiously poured into the pavilion.

The reverse current, in an instant, seemed to cause a change in the color of the heavens and earth.

Dragon Elephant Vajra Long Tai made his move!

The imposing sense of oppression was indeed strong, the speed extremely fast; in the blink of an eye, that fist seemed about to smash into Bull Demon!

But Bull Demon tiptoed and executed Lingxu Baqi Step!

Afterimages were shattered, yet one after another solid-looking afterimages emerged.

Dragon Elephant Vajra Long Tai's terrifying fist force closely followed, the white Innate True Gang turning into a tangible Python-like creature, lifelike, appearing semi-transparent white, with a real shape, scales, and whiskers flying!

Dominating!

Unparalleled!

Pressure...

Unprecedentedly great!

A Unity of Heaven and Man Grandmaster is really strong, far surpassing a Master of Divine Gang, and it seems the martial arts Long Tai cultivates are also extraordinary, extremely tyrannical!

In Li Che's eyes surged countless ripples of agitation.

The five fingers clenched into a fist, his back muscles twitching, the enormous Qi-Blood like mercury pushed along, Gang Qi burst out from every acupoint, every pore interweaving and enveloping!

Roar—!

Dragon Elephant together cried out!

Ten Thousand Dragons roared!

Chaos Heaven-Matching!

The will of three Martial Saint Ultimate Studies condensed Gang Qi, which at this moment all released and condensed into Three Elements Divine Gang!

Three Elements Return to One!

As if in an instant, transformed into the mythological Dragon Elephant descending!

Roaring, colliding, fighting!

Hmm?!

Dragon Elephant Vajra Long Tai's eyes flickered slightly...

This Gang Qi?!

What kind of Gang Qi is this?!

Thud—!!!

After tearing through five lingering shadows of Lingxu Baqi Step, the punch from Dragon Elephant Vajra Long Tai fiercely collided with the punch swung by Bull Demon, exploding on impact!

Boom!!

The terrible collision burst instantly, churning waves sprawling and tumbling in all directions.

The luxurious pavilion, its entire roof blown away, shattered into endless wood chips and dust, dust flying, whipped clean by the fierce winds!

In the moment of explosion dissipation, the swirling air currents raged around Dragon Elephant Vajra Long Tai and Bull Demon.

Both stood amidst the massive hole blown open in the wooden floor of the pavilion, directly ignoring it, as if standing in the air.

The two held their fisted postures, with Three Elements Divine Gang and Innate True Gang like two bolts of lightning, continually striking and whipping beside them!

Bang bang bang—!

Continuously exploding with hot and terrifying Qi-Blood waves!

In Dragon Elephant Vajra Long Tai's eyes, the shock was thick to the utmost.

Chapter 609: The Bull Demon Mask Shatters, Revealing the True Ape God Image Suppressing the Corpse God Will (2)

"Impossible!"

"How can Divine Gang possibly withstand the power of Innate True Gang?!"

Long Tai growled in disbelief.

He felt utterly stunned.

What kind of Divine Gang could be so well-condensed? From the Divine Gang released by the Bull Demon, he sensed an overwhelming force of Qi-Blood and a highly condensed Absolute Skill True Intent!

It meant that the Absolute Skill True Intent condensed within the Bull Demon's Divine Gang was of a significantly high grade, at least... the Martial Saint's Ultimate Study True Intent?

But even with Martial Saint Ultimate Study True Intent, it shouldn't be able to withstand Innate True Gang, right?!

Unless...

There was more than one Martial Saint Ultimate Study True Intent!

How could that be possible?

Martial Saint ultimate studies are difficult to learn and master. Many people spend a decade just to get started, another to reach Minor Accomplishment, and may never even reach Major Accomplishment. Even at that level, to condense Martial Saint's True Intent and achieve True Intent Divine Gang might be a lifetime aspiration!

Every Martial Saint ultimate study starts training from a young age...

Who in their right mind would cultivate their child in multiple Martial Saint ultimate studies from a young age?

That would drive the child insane!

Long Tai, who has reached the level of Unity of Heaven and Man Grandmaster, prided himself on his top-tier Martial Dao Talent and lacked neither Comprehension nor resources.

Yet, it still took him ten years to step into the realm of Innate Great Grandmaster from the pinnacle of Divine Gang...

If he was made to practice three Martial Saint ultimate studies at the same time, it'd be better to stuff him back into the womb!

However, beneath the Bull Demon Mask, Li Che felt an unparalleled sense of enjoyment at this moment!

Comfortable, thoroughly enjoying it, that was the feeling!

Discovering the original essence of Martial Dao!

The genuine physical confrontation at the bodily level!

Still, Li Che was aware that the main purpose of this trip was not to fight and struggle against Long Tai.

Instead...

To kill!

To kill Su Huaili!

At this moment, Su Huaili had already retreated to the edge of the pavilion, turning to smash through the pavilion's wall and flee by harnessing Divinity!

Crazy!

Completely insane!

This Bull... has gone mad!

Hadn't seen him for such a short time, and this Bull... can actually fight an Innate Great Grandmaster now!

What kind of demon or monster?!

Run!

Moreover, Su Huaili knew the Bull Demon all too well...

The Bull Demon... acts in an extremely treacherous and cunning style, never fighting fair and square!

How could it be possible to engage in a serious fight with Long Tai?

The Bull Demon's target... definitely him, always him!

Su Huaili had long anticipated that the Bull Demon would aim for him, come to kill him, and claim his life for the Underworld!

And now, indeed, the moment had arrived!

The Divine Origin Cultivation burst forth resplendently from the Golden Core behind Su Huaili!

All of a sudden...

A chill rose from within his pores!

A chill instantly spread from his spine, enveloping his entire body, as if he were targeted by some poisonous snake hidden in the darkness!

Darkness...

Su Huaili's pupils shrank.

Shadows!

He looked down at his own shadow, and indeed, from within the shadow, a figure rapidly writhed into existence. A pitch-black dagger, seemingly absorbing all light, was already an inch away from his neck!

Top-level assassination!

"Shadow Guard!"

Su Huaili felt a tingling in his scalp. With a loud cry, his Golden Core contracted and expanded violently, then burst forth with mighty waves of Divinity!

Su Huaili somehow produced a long spear in his hand, and the silver spear fiercely propped against his neck!

Ding!!!

Sparks splattered everywhere!

Continuous spurting!

Su Huaili was smashed sideways by the terrifying force of a Grandmaster and flew out.

However, the moment he landed, he saw the Shadow Guard darting out of his shadow again, this time throwing four pitch-black chess pieces...

Chess pieces?

Su Huaili loved playing chess, but at this moment, the sight of these dark chess pieces struck him with a terror of impending death!

These chess pieces...

Boom!

As expected, the black chess pieces swelled against the wind. When they fell around him, they turned into three distorted black figures, completely shrouded in darkness, each wearing a pitch-black mask!

They were subordinates of Black Impermanence!

Besides...

There was also an extremely mighty and terrifying slash of blade light roaring towards him, a blaze of white light to the extreme!

"Xue Dufu!"

Su Huaili's voice became shrill!

They were acquaintances, all damned acquaintances...

But all these acquaintances were people who had died!

How could they all be alive?!

They all joined the Underworld behind his back?!

Xue Dufu wore a pure white mask, marked with a shocking scratch, the Crescent Blade in his hand whirling, a terrifying Moonlight Sword Energy blasting forth.

Thirty Divine Gang burst forth, leaving Su Huaili almost powerless to even stir!

His Shen Yuan Golden Elixir was near trembling.

Su Huaili knew, with his Divine Origin Cultivation, he couldn't block it...

Absolutely unblockable!

Grandmaster...

They all really are Grandmasters!

Four Grandmasters!

Is this the true foundation of the Underworld?!

What kind of lineup is this?!

Was he in Dao City, the main base of the Underworld, all along?!

Does the Underworld... also have a stronghold in Dao City?!

Rumble rumble!!!

Suddenly.

A terrifying sound of thunderous explosion resonated, rushing in swiftly, spinning at high speed. It pierced through the Heaven and Earth chessboard's sensory isolation barrier, and shot towards him at breakneck speed!

The sky seemed to be split in two for a moment, torn asunder!

As if the heavens opened a gap!

Tumultuous Tianhe fell cascading down!

"Divine Archer!"

From a distance, Li Che, donning the Bull Demon Mask and colliding with Long Tai, his eyes narrowed.

Indeed, there was a Divine Archer...

And such an arrow, its might even surpassing Horse Face's sniping!

The Qi-Blood, Martial Dao Will, and Divinity contained within the arrow exceeded even a Master of Divine Gang!

A Unity of Heaven and Man level Divine Archer?!

Innate Great Grandmasters... are they not valued anymore?!

But Li Che knew he was experiencing survivorship bias. Great Grandmasters in Dao City were still exceedingly rare.

Chapter 610: The Bull Demon Mask Shatters, Revealing the True Ape God Image to Suppress the Corpse God Will (3)

However, this Great Grandmaster must have been the trump card arranged by You Liqing!

Placed within the military camp, he is also one of the top-notch existences!

Bang!

The arrow ruthlessly collided with White Impermanence Xue Dufu's Crescent Blade, the terrifying force not only flung the Xue Dufu, who had condensed thirty Divine Gang, but also pierced through Xue Dufu's chest, causing his shoulder to burst into an intense black fog!

Such an arrow, peerless elegance!

As a Green Bird spreads its wings and flies upon touching dust!

Unstoppable!

However, the Shadow Guard and the three assassins summoned by the Godhunting Pavilion were professionals and remained unaffected, continuing their onslaught towards Su Huaili!

Swish Swish Swish!

Terrifying arrows continued to tear through the sky, like Phoenix's cries, in the time it took for a wing flap, they were already shooting near!

Four arrows in an instant!

Locking onto four assassins including the Shadow Guard True Person!

As they shot past, pavilions instantly exploded into shambles!

While the Shadow Guard vanished into the shadows, the other three assassins were blasted into black mist, dispersing into nothingness.

"Eh?!"

Between heaven and earth, a sound of surprise and doubt seemed to emerge.

As if it sensed something...

As if these assassins... were not living beings.

Intense and berserk winds raged and howled, Long Tai's boisterous laughter suddenly echoed energetically.

"Ha ha ha ha!"

"This is exactly the disheveled state Divine Gang should show when facing an Innate!"

Long Tai was referring to White Impermanence Xue Dufu, who was nearly helpless as the Innate Great Grandmaster Divine Archer shot and burst his shoulder with a single arrow.

Blocked by a punch from the Bull Demon, even coming to a standstill, Long Tai was so numb he started doubting whether he was an Innate Great Grandmaster, questioning if the strength he gained from his food was left in his mother's womb.

But now he understood, it wasn't that he was weak, it's that this Netherworld Ox Demon in front of him was too strong!

But now...

He could have a proper encounter with this Bull Demon!

Such a monstrous Martial Artist, Long Tai truly yearned, his fists itch with great interest!

He could hardly wait...

To beat him to death with his bare hands!

His five fingers clenched, and a Golden Crocodile Head Long Axe fell into his hand in an instant; with a flip, his strong Qi-Blood vibrated, the oppressive might of the Six Ministries Divine Weapon, rolling and sweeping over!

Long Tai got serious!

Boom!

A ferocious axe swung down with tremendous force, the mighty and extreme Martial Dao Will, locked onto the Bull Demon, blocking all of the Bull Demon's space to retreat, forcing the Bull Demon to compete with the strength of his crocodile head giant axe!

Sounds of Qi exploding boomed, like the unceasing surprise thunder beyond the clouds!

"Come! Unleash that unique Divine Gang of yours that has merged the true intent of three Martial Saint Ultimate Studies?!"

Long Tai's face filled with madness and ferocity!

Let's see...

If you can still stand it!

Boom boom boom!

The giant axe seemed like it was splitting the heavens, wild and disheveled hair flying, the mighty Innate True Gang Jiao Mang coiled around the crocodile head of the giant axe!

As if it was capable of splitting mountains and cutting off rivers!

Puchi

Then.

The anticipated hard clash of manly romance did not occur.

Silky... soft... lingering...

As if it had sliced through a painting.

Yet the Bull Demon also pushed out a fist with a dying momentum, and then, it was split in two by the axe!

Long Tai's madness in his eyes solidified, and the ferocity on his face stiffened.

What happened?

A paper tiger?!

Wait

The force of Long Tai's slash was still strong, still in the phase of power exertion.

And from afar, within the black mist exploded by the Godhunting Pavilion Assassin, a white Divine Chess Piece shone brightly.

Then, the white chess piece seemed to be grasped together by a large fan-like hand!

The Bull Demon's towering body, like Tower Mountain, unexpectedly disengaged from the clash with Long Tai and appeared in front of Su Huaili!

Teleportation!

The Bull Demon's signature move, the skill he was most adept at, Teleportation!

Indeed...

Vanishing without a trace, as if possessing Divine Skills!

...

...

The rain poured down, each drop as large as a soybean, continuously falling, extremely cold and bone-chilling.

As if to release all the remaining winter chill in this fierce spring rain!

You Liqing turned into a streak of golden light, with extreme speed, tearing through the air, rushing towards the territory of the thousand-year-old family Yun Family.

"The [Hundred-Turned Worry Dream Gui Ling Rabbit] Mysterious Temple, is a strange temple managed by the Yun Family, who as one of the three great thousand-year-old families of Dao City, has profound heritage, It is rumored to possess a God Storage Technique, that can transfer Temple Gods into bodies of thousand-foot geniuses, whose Innate Qi has not yet dissipated right after birth..."

"In this way, the rebirth of the Temple God can be achieved... gaining almost ninety percent of the Temple God's intent and divinity."

"Could it be that the Yun Family found a Divine Child with a high degree of compatibility for that Spiritual Rabbit Temple God, and captured the Spiritual Rabbit completely? Hence causing the collapse of the Mysterious Temple?"

"Moreover... If it wasn't done by the Yun Family, is it possible that it was the doing of the Corpse God Cult and the Godhunting Pavilion?"

Soaring through the sky, his powerful Qi-Blood exploded and dissipated the raindrops.

You Liqing fell into deep thought.

"Today's Qianyuan Taoist City is a chaotic mix of all sorts of things... various forces hidden within, ostensibly for the recruitment assessment of the direct disciples of the great god, the Divine Sect Master of the Qianyuan Divine Sect."

"But in reality... behind the scenes, it's all for the inheritance of that Five Elders Strange Temple, right?"

That...

It's about the inheritance of the once top Divine Sect [Equal Heaven Temple]!

"Teacher sent me here also for this inheritance... Whoever gains the inheritance of this Five Elders level Strange Temple will be able to ascend the city walls of Qi Tian City and find that staff!"

With that thought.

Even You Liqing, who had opened the Three Flowers on his crown, was somewhat unsettled.

His emotions surged, his Qi-Blood roiled.

"HehWhat are you daydreaming about again? Got a brain high?"
