

A Father 611

Chapter 611: The Bull Demon Mask Shatters, Revealing the True Ape God Image to Suppress the Corpse God Will (4)

Suddenly.

A burst of unrestrained laughter interrupted his thoughts.

You Liqing's eyes narrowed, powerful Qi-Blood intertwined beneath his golden armor, sweeping across with an unparalleled Martial Dao Will.

However, it was cleaved apart by an extremely sharp Sword Gang.

"Don't glare anymore, we are old opponents, we know each other inside out, you know my roots, and I know your depths..."

Below.

Near the ruins of the Mysterious Temple, a slovenly dashing figure, carrying a sword box on his back, holding a wine gourd full of sword marks, drank and jestingly teased.

"Yellow Sword Wine."

You Liqing floated down.

He glanced at Yellow Sword Wine indifferently, too lazy to bother with him.

He had nothing to say to this drunk vagabond, constantly yapping.

Although Yellow Sword Wine was quite strong, You Liqing knew that his wine manners were poor, utterly trash.

He looked at the empty ruins, a Mysterious Temple truly vanished into thin air, how astonishing.

Thinking about the consequences that could be triggered from behind, it made one's hair stand on end.

"Pay some attention to me, little You."

You Liqing ignored him, but Yellow Sword Wine stuck to him, staggering as if he might fall in the rain at any moment.

Yellow Sword Wine did not use his Gang Qi to shatter the raindrops, letting the rain wash over him, looking for his own style in the sloppiness.

But in You Liqing's eyes, this guy only had idiocy.

"It's really gone..."

You Liqing's eyes narrowed, and he took a step forward.

He took a deep breath, already determined in his heart; he must notify his teacher, maybe the teacher, King of Quelling Chaos Ji Molie, knows what happened with the disappearance of the Mysterious Temple?

Otherwise, there was always a feeling of unease in You Liqing's heart.

Suddenly.

You Liqing's eyes slightly narrowed.

He suddenly turned his head, the raindrops exploded into a spray as he whipped his head!

"Presumptuous!"

"How dare you?!"

You Liqing's eyes were filled with murderous intent.

Su Huaili was attacked!

He, You Liqing, had just left, and Su Huaili was attacked!

This was a complete disregard for him, You Liqing...

Brazen and utterly presumptuous!

Boom!!!

An extremely terrifying burst of Qi-Blood surged, even Yellow Sword Wine beside him was shaken by the terrifying Qi-Blood that shot straight into the sky!

Like a smoke signal of Qi-Blood pumping into the Heavenly Dome!

A person's Qi-Blood sometimes runs out, but at the Great Grandmaster realm, cultivating to the Three Flowers Atop level, Qi-Blood has formed a perfect cycle, almost endless!

You Liqing let out a long howl, his red-hot Qi-Blood instantly evaporated the surrounding rainwater.

One step struck down!

Shot up from the ground!

Straight into the sky, the next moment, a white-haired purple-pupilled eagle came flapping its wings, and You Liqing precisely landed on the eagle's back.

From high above, you could see the luxurious pavilion, the rooftops blasted open, and the terrifying yet stunning Qi-Blood that had not leaked out to his senses.

You Liqing fiercely placed a point on his brow, his eyes concentrated, transforming into Angry-eyed Pupils.

"Divine Seed—Angry Heavenly King Pupil!"

You Liqing's Primordial Spirit rose from behind him.

In an instant.

In his Divine Seed eyes.

He saw...

A translucent chessboard enveloping the Heavenly Dome, the lines on the chessboard crisscrossing, isolating the leakage and probing of Qi-Blood, Divinity, and perception!

"What is this?"

You Liqing focused.

But without time to think further, he stepped on the eagle's back.

The white-haired purple-pupilled eagle cried out, and in the next moment, it fiercely plummeted.

And You Liqing from the eagle's back, transformed into a golden spear piercing through heaven and earth!

Wishing to drill down rapidly.

However, just as he was about to move.

His action, transformed into a brilliant golden Divine Spear, suddenly stiffened.

...

...

Su Huaili's eyes were about to split!

Indeed it was Bull Demon!

Truly the Bull Demon!

One scheme after another, meticulously crafty, sinister and malicious!

Su Huaili felt hatred!

How such sinister?

What vendetta, what resentment!

Su Huaili couldn't think of any massive grudge he had with the Bull Demon, why the Bull Demon, or rather the Underworld, would so relentlessly pursue him, from the Golden Light Prefecture to Dao City, all to Kill him!

Could it be because he once sent Wen Longshan to kill the Bull Demon?

Or perhaps, because he instigated Ji Haihui to pay his respects at the mountain?

But none of these were his doing.

Wen Longshan died, Ji Haihui died...

Isn't that enough?!

"Isn't that enough?! Bull Demon!"

Su Huaili's eyes turned red, his white robe billowing freely, his originally untied black hair also fluttering.

He roared, his face somewhat fierce, and even more filled with uncontrollable murderous intent!

"I have researched you, I have thoroughly researched you, I know your Art of Teleportation! I know your sinister and malicious heart, I know you want to Kill me, even if it's through the bounds of heaven and Yellow Springs, you want to Kill me!"

"But I never understand, why are you so bent on Killing me?!"

"So... you think I would be unprepared?"

"Just like that... foolishly waiting to die, letting you kill me?!"

Su Huaili was no longer refined and gentle.

The moment the Bull Demon teleported and appeared before him, Su Huaili, from the palm of his hand that had long concealed a bead, fiercely hurled it out!

Instantaneously, an extremely terrifying Death Qi and Corpse Qi crazily surged from within that bead!

From a distance.

Long Tai, who had just split the Bull Demon's Immortal Avatar with an axe, swung the big axe, looked bewildered and confused at Su Huaili, who was emitting towering Death Qi and Corpse Qi!

From the corner of his eye, he witnessed Su Huaili throwing out a bead filled with Death Qi and Corpse Qi!

"Corpse God Pearl?!"

Long Tai's body kept trembling and shaking.

In the distance, standing hundreds of feet away was a graceful Divine Archer, whose eyebrows under the hat suddenly furrowed.

The bow that was drawn, was also suddenly released.

"Scum of the Corpse God Cult?"

A cold, glamorous voice, lightly emanated from beneath those red lips.

With an uncontrollable disgust,

Her arrow...

Was actually shot for the scum of the Corpse God Cult.

Her arrow...

Was no longer clean.

The female Divine Archer even couldn't help wanting to draw her longbow to shoot and kill this filthy maggot.

But ultimately, she didn't do so.

Because, after all, Su Huaili was the Great General's disciple...

Let the Great General make the judgment.

The female Divine Archer watched coldly.

And Su Huaili at this moment didn't care at all about what others thought or saw.

His body was stained by Death Qi and Corpse Qi.

At the same time.

An extremely terrifying will, emerged from the Corpse God Pearl that he had crushed.

Roar—!!!

Utterly terrifying, it twisted space!

As if numerous black lightning bolts were falling.

"Corpse God Will!"

Both Long Tai and the female Divine Archer's expressions slightly changed.

Su Huaili... actually had such a strategy?!

The Corpse God Will from the middle position of the Six Divisions!

This was Su Huaili's trump card!

Also, the confidence to counter-kill the Bull Demon!

Ya Liqing arranged for Long Tai and that Innate Great Grandmaster Divine Archer, although they could provide him with a sense of security.

But not much.

After all, they are outsiders, he did not trust them enough!

Only this Corpse God Will, which he could summon at will, did Su Huaili truly trust, and only then did he feel utterly secure!

The Corpse God Will continuously twisted, expanded, and emerged from the vortex of Death Qi and black qi.

This Corpse God Pearl containing the Corpse God Will was extremely precious!

Su Huaili, as a disciple of Ji Molie, was able to get this Corpse God Pearl, which was his biggest stronghold.

The Underworld was really pushing too hard!

Su Huaili... only wanted to kill!

Kill the Bull Demon!

"Kill!"

Su Huaili ferociously bellowed.

The moment the Corpse God Will appeared, it seemed as if intense resentment erupted.

It, at last, was able to descend!

One time, two times... it was suppressed back!

It was furious!

Excited to the extreme, Su Huaili, influenced by the Corpse God Will, his crazily crimson eyes tightly fixed on the distant Bull Demon.

However...

In the next moment.

Su Huaili was stunned, the crimson in his eyes... seemed to slowly recede.

Only to see.

A crack at the brow of the Bull Demon Mask, a golden eye burst forth golden light!

Then...

Divine fluctuations surging tremendously!

Behind the Bull Demon...

A Divine Image appeared!

A...

Constantly growing, enlarging...

Instantly reaching thirty feet tall, grasping the evil-suppressing and demon-slaying heavenly thunder...

Golden Ape God!

The gigantic ape, vivid and lifelike, roared angrily!

As if in a remote snow-capped mountain's ancient temple, an old precious bell was fiercely struck, exploding with terrifying sound waves, venting out like displacing mountains and overturning seas!

Under this roar...

The madness in Su Huaili's mind seemed to become much clearer.

"What... what is this?"

"How can there be such a Divine Image?!"

It was just a Divine Image, yet it seemed to completely suppress the might of the Corpse God Will!

Su Huaili, baffled, astonished.

His gaze stiffly shifted, his pupils suddenly violently quivered, and he saw...

The Bull Demon Mask on the face of the Bull Demon cracking, exploding into fragments, numerous red fiery Wood of the Fire God shards scattering.

Revealing...

A face...

With golden monkey hair fluttering.

Chapter 612: The Bull Demon Masters the Law of Heaven and Earth and Transforms into a Divine Monkey, Waking Up to See Dogs in the Underworld

Boom!

Boom!

Terrifying and explosive thunder roared, bursting forth from the physical body, echoing amidst the torrential spring rain!

At this moment, the gaze of everyone at the scene was seemingly captivated!

From afar, Long Tai grasped the long-handled Crocodile Head Axe, his beard bristling, as his eyes widened at the sight of the True Ape God Image swelling up like an inflated balloon!

Even his undefeated and domineering Martial Dao Will seemed to be slightly suppressed at this moment.

Some palpitation, some fright!

What kind of Divine Minister is this?!

Is this a Divine Minister?!

A mere Divine Minister making a Great Grandmaster of Unity of Heaven and Man feel terror?

Even the Four Imperial Divine Portraits could hardly do it, unless it was...

"The Divine Minister of the Three Pure Ones Rank?!"

Long Tai muttered in horror.

How frightening!

Could someone actually achieve a Divine Minister of the Three Clears Level?

What techniques does the Underworld possess...?

To have given birth to a monstrous creature who has condensed a Divine Minister of the Three Pure Ones Rank!

One must know that across the entirety of the Great Vista, there were very few able to form a Divine Minister of the Three Pure Ones Rank!

Not to mention the stringent conditions, the complexity of the ceremonies required, along with needing a strong enough physical body, and within the Divine Base Realm, condense a Primordial Spirit!

With all these conditions, only those from the Divine Capital with great resources from the Imperial Clan and descendants of the transcendent Noble Families could achieve it!

How exaggerated!

Long Tai was utterly astonished!

In the distance, atop a hundred-meter-high building swept by the spring rain,

Adorned in light armor and a conical hat, the woman Divine Archer grasping a green Divine Bow revealed a hint of astonishment.

Her Longbow, which had just relaxed, was once again drawn tight.

Her left eye even emitted a faint green glow, extremely conspicuous in the rainy night.

Roar!!!

The titanic True Ape God Image, rising to a ten-zhang height, grasped the rolling thunder as if wielding the true lightning of heaven and earth as a weapon. Perhaps because it had only just condensed, the Divine Minister seemed not so lifelike, appearing somewhat blurred to the naked eye.

But its might was truly too overbearing and powerful!

Between the buildings, the rooftops had already been blown off.

Below the giant ape, the mask that Li Che wore on his face was shattered by the roar of the giant ape.

The Bull Demon Mask, crafted from the tough Fire God Raging Flood Dragon Wood, couldn't withstand the power of the True Ape God Image!

At the same time.

Upon fully activating and stimulating the True Ape God Image, Li Che suddenly felt a golden current zipping through his mind at breakneck speed.

It actually formed a unique Dharma!

The Divine Martial Technique that matched the Three Purities Divinity Method!

Divine Martial-Heavenly Earth!

Boom!!!

The moment the mask shattered, countless golden monkey hairs sprouted on Li Che's face, and even his black lustrous hair was instantly dyed gold.

Transforming into a resplendent golden Divine Monkey!

And at the moment that Li Che executed that Divine Art, he only felt his already powerful Primordial Spirit, as if having swallowed a mighty tonic, grow even more robust and ascend!

Within his body, the mighty Qi-Blood churned loudly, roaring ceaselessly like mercury!

This Divine Martial Technique was not simply stimulated by Divinity; it required the movement of Qi-Blood and Essence Qi as well—and in terrifyingly vast amounts!

Boom!!!

The moment the mask shattered, thick and mighty Essence Qi erupted from Li Che's body, piercing straight through the skies, as if boring through the spring rain covering the Heavenly Dome!

Hum!!!

Amidst the torrent of fearsome Qi-Blood and Essence Qi infusion, Li Che felt his mind become exceptionally violent and even mad!

As if it were going to burst out of its shell!

Becoming immensely huge!

As if in an instant, it erupted from the ground, transforming to ten zhang, a hundred zhang, a thousand zhang, ten thousand zhang tall!

Wherever his gaze reached, his sight expanded infinitely!

With a mere lift of his hand, he could pluck the stars, see the endless black clouds, the continuous mountains, even the vast and boundless sea horizon...

A surge that seemed to roar towards the heavens burst forth from Li Che's chest!

At the same time, the vast and boundless Divinity from the world around frantically surged towards Li Che!

Soon, Li Che felt that the endlessly elevated perspective disappeared without a trace.

His spirit fell back down, accompanied by a sense of loss.

But that was actually a state of blessed serendipity upon mastering the Divine Martial Method!

The Divine Martial Technique, Heavenly Earth, is divided into Nine Transformations; as of now, Li Che... could only complete the first Transformation!

But even so, Li Che already felt the ultimate Transformation of his physical body!

A change wholly distinct from the Dragon Elephant Vajra Transformation.

Not just relying on the stacking and strengthening of one's own Qi-Blood, but on the Divinity between heaven and earth...

Rip tear rip tear

Even the Elastic Shirt specially designed by Li Che could no longer contain his expanding physique; Li Che's muscles bulged as countless Divine particles stacked on the surface of his skin, forming a shell akin to that of a True Ape.

It made Li Che appear to undergo a triple overlapping transformation.

The physical body of Li Che as one, the surface True Ape shell of Divinity as two.

Behind him, the True Ape God Image, rising to ten zhang, as three!

Three monkeys as one?!

Su Huaili felt a suffocating sensation, and amidst the shards of the shattered red Fire God Nu Jiao Wood Mask,

Time itself seemed to have frozen in Su Huaili's perception.

He stared wide-eyed at the face revealed beneath the broken mask, the true face of the Bull Demon...

Is it going to be exposed?

Who is the Bull Demon?

Who exactly is the Bull Demon?!!!

Su Huaili had always been suspicious of Li Che; upon arriving at Dao City, he kept analyzing—the Underworld's motives, their style of conduct, their objectives...

Chapter 613: The Bull Demon Masters the Law of Heaven and Earth and Transforms into a Divine Monkey, Upon Waking Sees Dogs in the Underworld (2)

Though complex, through various deductions and analyses,

Su Huaili still speculated the identity of the Bull Demon...

The Bull Demon...

Is it him?!

Is it... Li Che?!

However,

Beneath the shattered mask, Su Huaili saw a face covered with monkey hair, saw... the Divine Monkey!

The Bull Demon is... the Divine Monkey?!

Su Huaili's brain seemed to freeze for a moment, as if petrified, making it extremely difficult to think straight.

A bit dazed, a bit astonished, a bit of a huge gap in expectations.

The next moment, he abruptly woke from his shock!

There was no time for confusion, hair standing on end, the crisis of death enveloped his entire body!

His eyes nearly bursting, he stared at that terrifying Divine Likeness clutching the Heavenly Thunder!

His jaw almost shattered from clenching!

But then, as he saw the twisting and surging Corpse God Will, a sense of calm returned to his heart.

How could a mere Divine Likeness..pete with the Corpse God Will!

Die for me!

Su Huaili tapped his toes, retreated a step, and behind him rose a dense surge of Death Qi and Corpse Qi, with thick blood roiling!

He planned to use the Space-Time Corpse Blood Escape again to flee!

However, the Bull Demon transformed into the Divine Monkey, with golden hair flying, a burly and mighty form, muscles tensing like Jiao Dragons. Just the Bull Demon's physical stature alone reached nearly two and a half meters, imposing and terrifying!

A pair of eyes blazed like flames, sweeping over fiercely.

As if thunder exploded on a clear day!

The constraining power of the Heaven and Earth Chessboard slammed down.

Su Huaili was horrified to find that his Space-Time Corpse Blood Escape could no longer carry him away!

The surroundings... seemed sealed!

Boom!

After that one look, Li Che no longer paid any attention to Su Huaili.

His Martial Dao Will surged wildly with overwhelming combativeness!

As if the Dragon Elephant Illusion stood by the side of the massive True Ape God Image, roaring continuously!

Corpse God Will twisted and emerged, hideous to the extreme, its three heads and ugly body filled with Death Qi and Corpse Qi, spreading will as if to corrode and pollute everything!

Boom!

Like hundreds of Thunder Bombs exploding simultaneously!

The luxurious pavilion shook violently, cracks spreading throughout every floor, as if it would collapse into rubble at any moment!

Amidst the earth-shattering noise!

The Corpse God Will, swirling with Death Qi and Corpse Qi, rose long-bodied, growing three heads and four arms, producing a horrifying storm in the world!

Its oppressive force was no less than that of the fully unleashed Innate Grandmaster Long Tai!

In a flicker of obliteration, the Corpse God Will viciously attacked Li Che, the speed so fast it shattered the air like a mirror!

Its four arms raised, the Death Qi and Corpse Qi suddenly intensified, transforming into an ink-like swirling Corpse God Image!

Its three hideous heads dripping with black oil roared!

Boom!!!

Behind Li Che, the True Ape God Image, with Fire Eyes and Furious Eyes, clenched its Five Fingers, using thunder as a rod.

Terrifying light and heat exploded between the Heavenly Thunder Divine Rod, as if a fierce and twisted Thunder Dragon was captured in his grasp!

He swung it down fiercely!

One rod struck hard at the Corpse God Will that coalesced like black oil!

The Corpse God Will struck out with fists and palms, clashing like two monsters!

Bang!!!

At the moment of impact, time seemed to freeze!

The Thunder Divine Rod wielded by the True Ape God Image split the world clearly!

A vast shockwave, with intense light and heat, exploded over the pavilion!

As if the whole world was crashing down.

Bang!

The Corpse God Will was instantly smashed into countless droplets of black oil and gas, seeming dazed, limbs flailing.

The True Ape God Image gripped the giant Heavenly Thunder Divine Rod and swung it upward, with no intricate Martial Path techniques, just brutal smashing and swinging!

But the momentum was earth-shattering!

Like pulling up weeds and crushing rotten wood!

Terrifying Dragon Elephant roars echoed incessantly, the Corpse God Will seemed enraged, it bellowed, but what awaited it were even more furious and violent roars from the True Ape God Image!

Boom!

One punch thrown, carrying an earth-shaking terrifying momentum, smashed hard onto the Corpse God Will's body!

Like thunderclaps echoing, as if the eruption of a volcano, the heavy Spring Rain that had fallen from the sky seemed to have reversed and surged upwards, the terrifying shockwave causing the rain above the Heavenly Dome to flow backwards like an inverted waterfall.

Gurgling!

One head of the Corpse God Will was ripped off, smeared with black oily mucus, the Heavenly Thunder Divine Rod struck, exploding one, then smeared with black oil, it was thrown out fiercely, like a spear, piercing through the last head of the Corpse God Will!

Thus, all three heads of the Corpse God Will were severed!

A straightforward and brutal fighting style, as if the most primitive beasts and monsters were fighting!

Almost a one-sided hammering!

The Corpse God Will was finally summoned out, then, after a brutal beating, had its three heads shattered!

The Corpse God Will was then blown away and dissipated in the world once more!

Countless black mists sprayed out, exploding and sweeping!

The dreadful oppressive pressure brought by the Corpse God Will was completely shattered and dissipated!

Whoosh—

Black oil splashed, like a dirty and stenchy black rain, drenching Su Huaili completely in disgrace.

The next moment, Su Huaili snapped back to reality, his scalp tingling!

Chapter 614: The Bull Demon Masters the Law of Heaven and Earth and Transforms into a Divine Monkey, Upon Waking Sees Dogs in the Underworld (3)

Not good!

Su Huaili's every inch of skin trembled, the scent of death enveloped him—he was going to die!

Stumbling back a step, Su Huaili screamed, "Governor Long, save me!"

In fact,

Long Tai had already recovered from his exhausted state after delivering the axe blow and had the strength and time to intervene.

However,

Faced with Su Huaili's screams and screeches,

Long Tai still maintained the unhurried stance of pulling the axe head out of the ground, indifferent.

The maggots of the Corpse God Cult dare to order your Grand Elder Long Tai around?!

From the fact that Su Huaili could invoke the will of the Corpse God, Long Tai had realized that this Prince's disciple must have truly joined the Corpse God Cult and worshiped the Corpse God!

Otherwise, how could he possibly summon the Corpse God?

Disgusting thing!

Although Li Qing had ordered him to protect Su Huaili, it was a military command...

As a soldier, Long Tai naturally followed orders, but it was entirely reasonable for him to struggle to pull out his axe embedded in the ground, right?

Needing a bit of time to extract it was also reasonable, right?

Li Che's gaze was icy as his Essence, Qi, and Spirit were all supremely focused.

As soon as Su Huaili opened his mouth to howl, Li Che moved!

Still as a maiden, swift as a thunderclap!

The golden monkey hair, like flames of gold fanned by the wind, ignited. With a single step, he deployed the Lingxu Baqi Step, as if he was about to comprehend the True Intent of Martial Saint Ultimate Study at this moment!

Swift and ferocious!

In just half a heartbeat's time, Li Che had appeared beside Su Huaili, activating the first transformation of Law of Heaven and Earth, his robust and mighty physical body oppressive.

With a grasp of his five fingers, the Xuanjin Eight Treasures Thunder Dragon Stick immediately fell into his hand...

At this moment, he transformed into a true Divine Monkey!

Su Huaili dared not hold anything back any longer, his entire body turned into a resplendent silver!

Cursed Silver Corpse!

Shen Yuan Golden Elixir!

Explode!

However, Li Che had not underestimated his opponent and struck with full force!

The Three Elements Divine Gang vibrated, wrapping around the Thunder Dragon Stick as if an enraged dragon roared and exploded, shaking the heavens!

Such a ferocious strike!

Even Long Tai, standing far away, quivered his eyelids; his whiskers bristled as a grave expression flashed over his rugged face!

This stick...

Definitely carried the power of a killing blow from an Innate Great Grandmaster!

Impressive, truly impressive!

Crash crash—!

A strike of the stick landed and all but equalled heaven!

Like a mighty wind tossing a boulder into a great lake, the resulting huge waves exploded, with white foam billowing and spraying outwards!

Su Huaili felt chilling cold, an icy dread spreading in his heart and instantly overflowing through his body, freezing him as if turned into a statue.

As if he didn't have the strength to even twitch a finger!

The oppression of Ranks, the Martial Dao Will's oppression...

They weren't on the same level at all!

The gap was too wide!

"How can... he be this strong?"

The sound of Su Huaili's heartbeat seemed to be crushed by the roaring of the massive stick, his body of the Cursed Silver Corpse just seemed like it was made of paper in front of this blow!

Couldn't resist, not at all!

Li Che looked coldly at Su Huaili, the stick smashing down, murderous intent laid bare!

In Dao City, the two people that Li Che was determined to kill were Su Huaili and the Demon Child of the Corpse God Cult!

Thus, Li Che would show no mercy—the kill must be made!

Li Che had tread on thin ice for too long in this world and knew all too well the consequences of showing mercy.

Having killed so many, how could he possibly show mercy before Su Huaili?

Even if Su Huaili had a notable identity, being a junior disciple of King Ji Molie of Quelling Chaos.

Killing Su Huaili before so many people this time would definitely bring about resentment.

But so what?

Let Su Huaili continue plotting against Xi Xi in secret, causing even greater danger?!

Li Che even felt that Su Huaili might have guessed the true identity of the Bull Demon... perhaps he might have figured out that Li Che himself was the Bull Demon...

From the astonishment on his face when he saw the Bull Demon Mask shatter and Li Che reveal the face of the Divine Monkey,

It was a strong shock, because the Bull Demon wasn't the person he had guessed.

And for an existence like Su Huaili, once there are guesses, there will surely be endless trouble later on.

At least the identity of Li Che would definitely be tested by Su Huaili.

Given that...

Su Huaili must die!

Boom—!!!

The stick smashed down.

Su Huaili's clothes and hair were flung back as his silvery complexion quivered violently, unable to withstand... simply incapable!

"I cannot accept this!"

Bang—!

A tragic scream pierced the air, Su Huaili's eyes filled with resistance so intense that it almost turned bloody. However, the exploding Xuanjin-colored Thunder Dragon Treasure Stick did not slow by a fraction.

Instantly!

A colossal force descended!

Su Huaili didn't even hear the sound of his own sinews bursting, his bones shattering.

His head, formed by the Cursed Silver Corpse, was blasted open, the powerful force blasting and grinding the flesh into remnants!

A thick mist of blood sprayed out!

Even though the blood of the Cursed Copper Corpse had a touch of silver, most of it was still a somewhat dark blood color, so when it exploded, it was naturally a mist of blood!

A dense scent of blood followed the whirlwind!

Su Huaili's headless corpse was also crushed by Li Che's supremely fierce and terrifying force.

Along with the wooden floor of the elegant building emitting a sound of an unbearable burden,

A huge hole was blown open directly.

Then, Su Huaili's corpse, like a pile of mud, continued through the nine-story building and struck the ground floor, smashing a deep pit into the ground!

Chapter 615: Law of Heaven and Earth Bull Demon Divinity Transformation Divine Monkey, when sober, sees dogs in the Underworld (4)

Crumpling with overwhelming force, unstoppable!

Wood splinters flying, surging air waves!

The ground erupted with sand and clay, billowing smoke and dust, rising and spreading tiny mushroom-like smoke clouds, lingering between each floor of the building.

Everyone had already fled from the building.

They watched in horror as the entire luxurious building...

Shook precariously.

Then it collapsed with a thunderous crash, exploding into pieces, and dust churned with the wind howling in the rainy night!

Long Tai swung his Long-handled Crocodile Head Axe, landing on the ground, with the powerful Innate True Gang enveloping his body, dispersing and tearing through the air currents.

"Well killed—"

"Cruel!"

Long Tai initially wanted to praise and cheer, but catching sight of a Golden Armored God General tearing through the air like a golden spear from the Heavenly Dome, shattering the dust and clearing the rubble of the luxurious building, he immediately changed his tone smoothly.

Even though Su Huaili had joined the Corpse God Cult.

He was still a disciple of the Great General...

A disciple was killed, and he cheered... Long Tai feared he might be punished to clean toilets.

Boom!

The ruins exploded again!

Powerful waves roared and rolled, the ground of the ruins rearranged with the surging tides...

Dust piled up, complete ruin!

In the center of the Deep Pit, resplendent in Golden Armor, a powerful aura fiercely released, impacting and spreading out.

You Liqing's eyes glared furiously, pressure so terrifying as if the heavens themselves were bearing down.

In the ruins of the pit, there was only a headless Cursed Silver Corpse, smashed into a pulp.

Su Huaili, dead beyond dead.

You Liqing's ominous killing intent nearly solidified, as though the heavens themselves had altered, dreadful lightning drawn nearly to plummet.

"Underworld..."

"My disciple, even though he joined the Corpse God Cult, has faults... you have no right to kill him!"

You Liqing's incredibly strong Primordial Spirit burst forth, his Primordial Spirit Golden Body dazzlingly Gold-plated.

Divine Sense swept and enveloped, making the winds and rain seem to freeze!

Ten zhang, a hundred zhang, a thousand zhang—!!!

However.

Nothing!

Not a trace of Netherworld Bull Demon could be found!

So many of Earthly Hell's Evil could retreat so perfectly in an instant!

Unwillingly, You Liqing's Divine Sense swept through, covering almost the entire Inner City within his perception, leaving nowhere to hide.

It even angered many powerful beings.

Eventually, You Liqing had to withdraw his Divine Sense, clenched his Five Fingers, fury uncontrollable.

"Nothing... can't find them..."

You Liqing exhaled.

What a mysterious Underworld.

"If not in the Inner City, then it must be in the Outer City... Such Art of Teleportation, truly as strange and unpredictable as Su Huaili said."

"Netherworld Bull Demon, Horse Face, Divine Monkey, Black and White Impermanence..."

"Underworld decrees your death at the third watch, who dares keep you until the fifth watch?"

You Liqing slowly closed his eyes, the surging anger in his heart gradually calming down and sinking.

Whoosh whoosh—

Sounds of breaking through the sky rang out.

A graceful figure landed, wearing a green Light Armor on the upper body and leather pants on the lower, outlining her extremely long legs.

A green Longbow, held in the hands of the woman as if a Phoenix spreading its wings.

It was the Innate Great Grandmaster Divine Archer.

Long Tai also cautiously approached, carrying his Long-handled Crocodile Head Axe.

"Great General."

Both spoke at the same time.

Long Tai felt uneasy; after all, he had gone easy in this battle upon learning that Su Huaili was an Evil Person of the Corpse God Cult.

Thus, he still worried about You Liqing's wrath.

He subconsciously touched his waist, and at this touch, Long Tai's expression went through three changes.

Shocked, surprised, crimson with rage!

"Wow! Where is my Qiankun Jade?!"

Long Tai clutched his head in disbelief.

Su Huaili said the Bull Demon was sly, malevolent, extremely vicious, and did not uphold martial virtue...

Long Tai didn't take it too seriously, finding that Bull Demon had some martial decency after exchanging a hit.

But now...

During a punch exchange, Bull Demon even stole his Qiankun Jade!

The sky is falling!

Long Tai's mentality collapsed instantly, just like an incredibly rich man losing all his fortune... or a college student scammed of all their living expenses online, feeling like the sky had fallen!

"That damned Bull Demon! No martial decency, no decency at all! Despicable!"

Long Tai's eyes reddened, cursing loudly.

He had admired Bull Demon before, but now could not admire him at all!

You Liqing's cold eyes swept over, the cool unforgiving female Divine Archer turned her head towards him, also involuntarily smirking.

"Great General... you have to stand up for me!" Long Tai was on the verge of tears.

You Liqing clenched his fist, the sadness over Su Huaili's death fading away due to Long Tai's act.

"Get lost!"

You Liqing knew Long Tai was intentionally playing the victim.

But You Liqing also didn't bother to investigate Long Tai's going easy.

Su Huaili was dead after all, mainly because he truly joined the Corpse God Cult!

The teacher at the frontline was fighting against the Corpse Gods of the Corpse God Cult, and Su Huaili, as the teacher's junior disciple, unexpectedly joined the Corpse God Cult. Such betrayal deserved death!

But as You Liqing said, even if Su Huaili was guilty and at fault, it should be You Liqing capturing him to bring before the teacher for judgment, not for just any part of the Underworld to decide his fate and execute him!

"Issue a Divine Guard Army warrant, Inner City, Outer City, entire Dao City arrest warrant for capturing Earthly Hell's Evil!"

"The Bull Demon got a hit from my Fist Gang before teleporting, definitely seriously injured, search throughout the city!"

You Liqing took Su Huaili's corpse, turned, and left with hands behind his back.

Chapter 616: The Bull Demon Masters the Law of Heaven and Earth and Transforms into a Divine Monkey, Upon Waking Sees Dogs in the Underworld (5)

The torrential spring rain plummeted down, washing away the smoke and blood qi of the ruins.

Innate Great Grandmaster Divine Archer Green Bird glanced at Long Tai then, with long strides from her slender legs, she too left.

Yet Long Tai looked utterly dispirited.

You Liqing thought Long Tai was feigning misery, but Long Tai...

He wasn't pretending!

He truly was miserable!

...

...

Rainwater poured down, striking the black tiles like the popping of dancing beans, pattering ceaselessly.

Li Che clenched the Flying Thunder Chess Piece with his five fingers and returned to the courtyard in Thunder Alley.

Having just returned, standing in the centre of the courtyard, countless raindrops instantly exploded, each droplet scattered by the impact, turning into a misty spray.

The Heaven and Earth chessboard cloaked the yard, isolating any sensory probes.

Li Che coughed up a trace of fresh blood, his complexion becoming extremely solemn. On his shoulder, a Fist Gang (energy) surged like an evil dragon emerging from the sea, setting off waves upon waves, ferociously eroding his blood and flesh, shattering his tendons and bones!

Within the Fist Gang, thousands upon thousands of Dragon Form Gang Qi rampaged.

It was truly domineering!

"Ten Thousand Dragons Subduing Gods... it should have reached the Transformation Realm already!"

Li Che's eyes narrowed.

You Liqing hurried over, and with an explosive punch containing the powerful Fist Gang of a Three Flowers Atop Supreme Grandmaster, he grazed Li Che.

Even Li Che couldn't help but be eroded by the Fist Gang, injured.

This was the first time Li Che had been hurt.

Wiping the blood from the corner of his mouth.

Li Che used the Three Elements Divine Gang, with Ten Thousand Dragons Subduing Gods as the core, to withstand the erosive force of the Absolute Skill True Intent within the Fist Gang.

However, a Three Flowers Atop powerhouse was indeed too strong, far beyond what Li Che could confront at the moment.

It would take Li Che some time to fully dissipate the effect.

His brows furrowed.

Li Che exhaled a breath: "Too slow, I need to find some help."

His Elastic Shirt had been torn to shreds during the first transformation of the Law of Heaven and Earth, Li Che would have to develop a better-quality Elastic Shirt.

After changing into a clean Mo Shan (black robe), Li Che put on a bamboo hat.

Stepping out of the courtyard slowly, umbrella in hand, his complexion slightly pale, he headed toward the restaurant.

Thunder Alley, at the mouth of the alley.

A sword light sped forth and in an instant, turned into a slovenly loafer's appearance.

Yellow Sword Wine flipped his palm, and a wobble of sword light immediately pointed deep into Thunder Alley.

"Sometimes, the one who understands someone's self even better than the enemy... is the enemy..."

"I'd recognize You Liqing's Ten Thousand Dragons Subduing Gods Fist Gang Qi, even if it turned to ashes."

"Netherworld Ox Demon?"

"Let me see who you are?"

After taking a swig from the gourd, Yellow Sword Wine staggered toward the depths of Thunder Alley.

The rainwater spilt down from the eaves on both sides of the dark alley, like endless beaded curtains.

Yellow Sword Wine's steps were a bit disorderly, but he was a man with courage matching his skill.

With his cultivation, in Dao City, apart from a few Great Gods of Divine Fetus in seclusion, where couldn't he go?

Netherworld Ox Demon...

He was merely curious.

The name of the Underworld, he had heard from Jiao Shaoqiu and knew something about this Underworld... when the caravan from Golden Light Prefecture was rushing to Dao City, it had exerted a lot of effort.

His curiosity prompted him to investigate.

Walking on, walking on.

Suddenly, Yellow Sword Wine stopped.

The sword energy in his hand trembled and then exploded with a bang.

Yellow Sword Wine shuddered, his hairs standing on end, covered in goosebumps as if ice-cold peas were stuck on his skin!

The alcohol he'd drunk sobered up at once.

He raised his head, looking into the distance.

The dim light illuminated each transparent slanting drop of spring rain.

In front of a restaurant tucked away deep in the alley.

A black dog lay lazily on the ground, its eyes in the darkness staring eerily at him.

The Underworld... even has a dog?!

Chapter 617: Boss gives a jar of Dragon Blood Wine, 4-year-old Xi Xi is about to breakthrough the Divine Foundation

The night was cool and thin, the majestic spring rain began to gradually weaken.

Drops of rain gently splattered on every corner of the human world, soaking the land that had endured a cold winter.

Yellow Sword Wine, clutching his wine gourd, lightly touched the ground with his toes, his entire frame taut like a longbow, ready to shoot off at any moment.

Crisis, an extremely intense sense of crisis, permeated his entire body, causing every hair to stand on end, and the alcohol within him almost instantly evaporated.

His eyes were unprecedentedly clear, as if a bead of sweat emerged from his forehead, slid down his cheek, and finally mixed into the rainwater.

With a plop, it fell to the ground, exploding into pieces!

The spring wind carried with the spring rain, caressing gently.

It brought refreshing moisture to the skin,

But Yellow Sword Wine felt no refreshment, only bone-chilling coldness and... the terrifying press of a divine hierarchy!

He followed the Bull Demon from the Underworld...

Could this restaurant be the Underworld's stronghold in Qianyuan Dao City?

Yellow Sword Wine thought that with his strength, he could go anywhere in Dao City, but now, he realized he was wrong.

The lazy Big Black Dog was merely lying there, a slight lift of an eyelid as if a mountainous terror was about to crash down upon him.

It was as if...

The dog could enlarge itself beyond the heavens and earth, making Yellow Sword Wine seem as insignificant as a grain of dust in front of it.

The Sword Box opened and closed, and the Sword Qi burst forth from within.

Yellow Sword Wine's face was more grave than ever, with the Three Flowers Atop slowly igniting.

As if in an instant, he would unleash an unparalleled Combat Power!

He was extremely surprised in his heart; this restaurant, this dog... so dazzling, so terrifying, before appearing in Dao City, if he hadn't discovered it...

Could it be that none of those Divine Fetus Great Gods in Dao City had discovered this dog's existence?!

"Such an aura..."

Domineering and fierce, yet very restrained!

One couldn't see the strength of their realm, but the pressure of their rank made even him, a Supreme Grandmaster of the Three Flowers Atop, feel fear!

An irresistible foe!

Yellow Sword Wine squinted, staring at the Big Black Dog, his hands forming Sword techniques with his fingers.

His gaze drifted towards the restaurant, the dimly lit inside, his nose twitching, his eyes suddenly fluctuated fiercely.

It seemed like...

He smelled unbelievably fragrant... wine?!

Good wine!

Top-notch good wine!

The scent... was so irresistible!

He simply couldn't hold back!

The muscles of Yellow Sword Wine's face trembled violently, undulating like waves.

He took a deep breath, and instead of retreating, he advanced, taking a big step toward the direction of the restaurant!

To hear about the Tao in the morning and die in the evening would be satisfactory!

His Tao was in the wine!

No one could stop him from missing a jar of good wine, not even a super terrifying Big Black Dog!

Not even the dog from the Underworld!

Yellow Sword Wine took steady and cautious steps, with the bravery of someone going steadfastly towards death.

When he arrived in front of the restaurant, the dim lighting cast the shadow of someone drinking behind the hanging curtain.

"Hoo."

The dog lying on the ground exhaled a breath of hot air.

Yellow Sword Wine paused in his steps.

He turned his head to look at the Big Black Dog.

Then...

"Look! Flying Sword!"

He suddenly threw a Flying Sword, the sword light sprinting through the sky, splitting the spring rain in two, and the air where it passed by was gently torn apart!

Then, Yellow Sword Wine took a fierce leap towards the restaurant.

Bang—!

He had only taken two steps before feeling a heavy, silent blow to the back of his head. His robust Supreme Grandmaster physique offered no resistance at all.

His vision darkened, his legs gave way, and along with his Golden Body Transformation Completion Primordial Spirit, he was plunged into darkness.

After he fell.

The Big Black Dog lazily stood up at some unknown time, leisurely retracting its paw.

The dog's nose exhaled a burst of hot air again.

Then it went to Yellow Sword Wine's side and, with its paw, hoisted him up like a dead dog, dragging him across the waterlogged stone ground of Rain Alley, towards the outside of the alley.

After the dog and the man disappeared.

The curtain of the restaurant was lifted, the tinkling of the doorbell was struck.

Li Che and the White-Clothed Proprietor walked out.

Both squatting under the eaves, each with a rolled cigarette, they started to smoke.

"If he wanted to drink wine, he could have just come directly. Even Gouzi didn't want to bother with him, yet he insisted on provoking Gouzi," the Proprietor said indifferently.

A puff of smoke was exhaled, blurring the scene.

He also comfortably took a puff of his cigarette, and it made the pressure on his wounded shoulder disappear instantly, as if the Overwhelming Fist Gang of the Supreme Grandmaster was suppressed, unable to churn up the slightest wave.

Once both had finished their cigarettes, they stood up. The Proprietor turned and went back inside the restaurant, then he brought out a Green Jade Wine Pot, pouring a cup for Li Che.

"Drink it."

The White-Clothed Proprietor sealed the Green Jade Wine Pot and handed the poured drink to Li Che, saying.

Li Che took the wine cup, glanced at the Proprietor without much hesitation, and gulped down the wine.

The liquor burned down his throat, spicy with a surging sensation, as if a low Dragon's Chant burst next to his ear.

"What is this wine?"

Li Che smacked his lips, savouring the aftertaste.

"Dragon Blood Wine."

The Proprietor stated, then took the cup away and turned back into the kitchen of the restaurant.

Li Che wanted another drink, but...

Clearly, the Proprietor wasn't in the mood to give him another cup.

Burning hot, like the fiery flames erupting from a volcano, burning everything, Li Che felt every part of his limbs and every pore radiating intense heat waves!

Chapter 618: Boss gives a jar of Dragon Blood Wine, 4-year-old Xi Xi is about to breakthrough the Divine Foundation (2)

As the heat wave surged up, it seemed to gain intelligence, rapidly rushing towards the wound on the shoulder!

The Power of Fist Gang exerted by You Liqing, with hissing sounds, was thoroughly eradicated!

Excellent wine!

Li Che's eyes lit up!

Compared to slowly erasing it with the Divine Gang through Ten Thousand Dragons Subduing Gods, it was much faster!

Moreover, there was still spare energy from the Dragon Blood Wine in his body, scorching and majestic, even more intense than taking a Six Department Dragon Blood Martial Pill!

Li Che rubbed his hands and turned into the restaurant.

The owner then walked out from the kitchen.

"This is the breakfast prepared for Xi Xi... take it with you."

The owner said.

"Boss, that Dragon Blood Wine, how much is it? Could I get a pot of it?"

Li Che, familiarly packed up the breakfast prepared for Xi Xi and asked with a smile.

The owner saw through Li Che's thoughts immediately: "Dragon Blood is limited, I only made three pots, one for myself, two left, giving you one is not a problem... just bring Xi Xi here for three meals each month."

The owner's words seemed to soften a lot.

Li Che heard this, his eyebrows relaxed, just this?

"However, Xi Xi will soon start her training inside the Qianyuan Divine Sect Mountain Gate..."

"That's your problem, not mine."

"Fine, I agree."

"You can do it, I believe in you."

The owner and Li Che exchanged words succinctly.

Afterwards,

The owner tossed a Green Jade Wine Pot directly to Li Che.

Li Che took it and stored it.

This True Dragon Dragon Blood Wine was very effective, although similar to Sixth-rank top-grade Martial Elixir, but the wine was easier to absorb than Elixirs!

"Let's go."

The Spring Rain drizzled down.

Li Che drank the wine, healed his injuries, took the meal, and without further delay in the restaurant, leaned forward, entering the wind and rain, waving his hand.

Gradually disappearing into the dark Thunder Alley.

Big Black Dog walked back from the Spring Rain, glancing sideways at Li Che.

Li Che reached out to pat the dog's head, but the Big Black Dog fiercely raised its paw, with its paw pad seeming to swell violently, full of murderous air.

Remembering the miserable condition of Yellow Sword Wine, Li Che retracted his hand with a sheepish grin.

Yet, he had already noted it in his heart.

This dog's head.

He, Li Che, will definitely pet it!

...

...

The cold rain haphazardly slapped his face.

Yellow Sword Wine's body twitched violently, then suddenly woke up from unconsciousness, his eyes widened, strong Qi-Blood bursting forth, Sword Qi ravaging around, cutting the ground into crisscrossed and dripping sword marks.

Rubbing the back of his head, Yellow Sword Wine only felt pain, and even his Golden Body's Primordial Spirit was in extreme pain.

"What happened?"

"Was that master targeting me?"

Yellow Sword Wine took a deep breath; his memory... seemed to have one corner chewed away; many scenes couldn't be remembered.

However, his nose twitched a bit, even though Spring Rain cleansed the air for a moment clear, he still smelled the lingering scent of wine in his nostrils.

"Such fragrant wine... so fragrant... but why can't I remember which pub it was?"

"I will find it... I will definitely find it..."

"I, Yellow Sword Wine, will never forget a wine, only wine accompanies!"

Yellow Sword Wine staggered up, in a disheveled state, rubbing his swollen head, walking towards the direction of Divine Sect Mountain Gate.

...

...

Thunder Alley, a standalone workshop courtyard.

Li Che withdrew his Divine Sense.

Watching Yellow Sword Wine's figure disappear into the curtain of rain before finally sighing in relief.

"Forgot the location of the restaurant?"

"Forgot last night's encounter?"

Li Che's eyes narrowed slightly.

This Big Black Dog...

Is it so mysterious?

Causing ordinary people to lose part of their memory is not difficult.

Even Li Che today can do this, but to make a Supreme Grandmaster of Three Flowers Atop, along with a Golden Body Master who has completed Golden Body Transformation lose memory...

That's indeed no easy feat.

"Who exactly are that owner and that dog?"

Li Che felt a large fog swirling in front of him, unable to be dispelled nor cleared.

However, he didn't ponder for too long.

For if the owner and the dog truly harbored malintent, Li Che would have sensed it long ago.

The dog simply disliked him, quite a different attitude towards Xi Xi...

As long as they are good to Xi Xi, that was enough for him.

As for how they treat him, Li Che, he didn't care.

The spring rain always drizzled ceaselessly, and Li Che sat under the eaves of the courtyard.

Closed his eyes to feel the gains from this battle.

The gains of this night were indeed too great, first was a breakthrough on the Divinity level, integrating Ape God into his Divine Foundation and completing the carving of Divine Minister.

Although it had just been completed and needed a lot of time to continue carving details, until the Divine Minister's every single monkey hair was distinctly visible.

Only then it would step into Perfection.

Another great gain was the Divine Martial Technique, Law of Heaven and Earth!

Divine Martial can be understood as previously practiced Divine Martial Arts, but it cannot be simply regarded as such.

Divine Martial belongs to a more difficult version of Divine Martial Arts, more challenging, more powerful, the fusion of Divinity and Martial Path is almost perfect!

"There are Nine Transformations in total, for now, I... can only complete one."

"The Divine Martial Technique, Law of Heaven and Earth, is extremely powerful; the more variations, the more terrifying it is!"

Li Che's eyes gleamed brilliantly.

"This Divine Martial Technique, its Rank should be at the Three Pure Ones Level, to achieve an increase in variations, it requires a dual increase in Divine Power and physical power to a level able to support the variations!"

Chapter 619: The boss gifts a jar of Dragon Blood Wine, 4-year-old Xi Xi is about to breakthrough Divine Foundation (3)

"Take the second transformation for instance. With my current physical body, I can withstand it, but... not enough Divine Power, so I couldn't transform!"

Li Che felt the Dragon Elephant Vajra Dao Fruit in his chest tremble, as if electricity was surging out, rapidly enlightening him.

His mind slightly stirred.

Before his eyes, the light flickered past.

[Dao Fruit: Dragon Elephant Vajra (LV4,65%)]

Li Che was slightly taken aback, the increase wasn't much. Was it because he only killed Su Huaili in this battle, who basically didn't provide any maturity?

What about the exploded Corpse God's Will... Does it not count?

Li Che thought about it and then understood...

Corpse God's Will... That's just like the previous Martial Saint's Will, merely an incarnation of will, not a real Corpse God, but rather the maturity transformed from combat experience.

However, that was enough.

With Su Huaili's death, it gave Li Che some relief, allowing him to relax for a while.

Although there was still the threat of a Demon Child, like a sword hanging by a thread, but the previous main battle tank blasting the mushroom cloud fireworks had provided some deterrence to the opponent, who would probably not dare to make a move in the short term.

"In fact, killing Su Huaili tonight can only be considered the smallest gain; there's another bigger gain..."

A radiant smile that came from deep within burst forth on Li Che's face.

Raising his hand, a piece of top-grade Qiankun Jade appeared in his hand.

"That Innate Great Grandmaster's Qiankun Jade!"

Li Che couldn't stop grinning.

Having you protect Su Huaili, since that's the case, he, Li Che, wouldn't be polite!

Long Tai, as an Innate Great Grandmaster who had reached the Unity of Heaven and Man Realm.

His Martial Dao Will was extremely strong, also attaching onto this piece of Qiankun Jade.

Thus, if Li Che were to use a brutal method to directly destroy the Qiankun Jade, it would probably provoke the Qiankun Jade to self-destruct, and the good stuff inside would also perish.

Therefore, Li Che chose the most secure method, allowing the Immaculate Heart Taoist Fruit to directly absorb this piece of top-grade Qiankun Jade.

In an instant, Long Tai's immensely powerful Martial Dao Will, before it could erupt, seemed to lose its support and slowly vanished between heaven and earth.

Li Che's smile was full, as he began to tally the treasures of an Innate Great Grandmaster!

This was always the happiest time for Li Che.

Whether to become rich or not, it was just a thought away!

"Deserving of being an Innate Great Grandmaster, indeed wealthy!"

"Is this a Lower Five Elders Divine Crystal?!"

Li Che's breath suddenly grew heavy!

He clenched his fingers, and a slightly dim Divine Crystal suddenly appeared in his hand.

Star Plucking Pupil gave feedback and prompt!

Five Elders Lower Divine Crystal!

The crystal stone was only the size of a goose egg, covered with diamond-shaped lines, and inside a milky white smoke was rolling around.

The quantity was only about forty percent left, meaning this Divine Crystal had already been absorbed by Long Tai by more than half!

But still, there was forty percent of flawless Divinity left!

Buzzing—

In his chest, the Immaculate Heart Taoist Fruit suddenly throbbed!

Li Che's expression shifted slightly, the Immaculate Heart Taoist Fruit was famously picky, enjoying only the first crystal of each grade.

Once the absorption exceeded the total of one crystal, the Immaculate Heart Taoist Fruit would get tired.

The speed of absorption and refinement of the Divinity in the Divine Crystal would become extremely slow.

Now, even if Li Che held a Six Ministries Divine Crystal, the speed and efficiency of absorption would be greatly reduced.

Sitting cross-legged.

With a thought, Li Che grabbed this forty percent new Five Elders Divine Crystal, and operated Siphon!

Instantly, the Immaculate Heart Taoist Fruit throbbed powerfully, and a strong absorption burst forth.

But the speed of Appropriation and refinement was still somewhat different from imagined, just like the first time refining a Six Ministries Divine Crystal, it was quite slow.

Indeed, that feel of fast refining from the past, gone forever.

Suddenly, Li Che felt a slight stir in his heart, and discovered in the Inner Scene of the Energy Center.

The True Ape Divine Form was also siphoning the Divinity in the Divine Crystal, turning into smoke-like swirls around his body, slowly permeating into it, making the True Ape Divine Form slowly grow stronger!

"True Ape Divine Form can also siphon Divinity from the Divine Crystal?"

Li Che's thought flickered.

He took out another Six Ministries Divine Crystal.

Boom—!

The True Ape Divine Form's gaze opened and closed, and a massive siphoning power burst forth instantly. The Divinity in the entire Six Ministries Divine Crystal was crazily devoured!

And the True Ape Divine Form seemed like a bottomless pit.

Li Che exhaled, the corners of his mouth unintentionally lifted into an arc.

Being able to devour the Divine Crystal for enhancement was good, this way Li Che could have more motivation to receive gifts from enemies!

In the future, looting corpses would also be more vigorous and joyful!

Otherwise...

After losing his target, looting corpses would become tasteless!

"One Immaculate Heart Taoist Fruit, one True Ape Divine Form... both are ravenous Swallowing Gold Beasts!"

"Even more than Xi Xi is a Swallowing Gold Beast..."

"As a father... there's still a long road ahead."

Li Che shook his head.

After the Immaculate Heart Taoist Fruit devoured for a while, it conveyed a feeling of satiety, unable to continue devouring, Li Che then put away this Five Elders Divine Crystal.

After sensing for a while, about ten percent of the Divinity was gone.

The efficiency was better than Li Che had expected.

"Pity... there's only one Lower Five Elders Divine Crystal."

"Huh? Previously, the Divine Crystals rarely distinguished rank, now even Divine Crystals have ranks?"

Li Che suddenly became startled.

The higher the quality of the Divine Crystal, the more detailed division, after all, the contained Divine Power differed greatly.

He continued tallying.

"Divine Weapons, one set of Divine Guard Army Commander's Divine Armor, Lower Six Ministries grade, passable, and there's also a standard blade of the Divine Guard Army Commander, Lower Six Ministries grade... then there were no other Divine Weapons."

Chapter 620: The boss gifts a jar of Dragon Blood Wine, 4-year-old Xi Xi is about to breakthrough Divine Foundation (4)

"Unfortunately, the long-handled crocodile head axe in Long Tai's hands seems to be one of the Five Elders' Divine Weapons, yet to be acquired."

Li Che felt a slight regret, however, those two lower-grade, Six Department Divine Weapons should fetch a good price at the Temple Control Bureau.

"Hmm? Is this... a Fifth-Order Elixir?!"

Suddenly.

Li Che's eyes once again began to fluctuate violently.

His breathing hastened a bit.

He fiercely took out a black porcelain bottle and poured out a thumb-sized martial arts pill that was a dark brown color!

The intense Qi-Blood, powerfully tumbling!

Just by smelling it, he felt the Qi-Blood in his body uncontrollably churning!

Star Plucking Pupil, Endless Analysis!

"Fifth Rank Lower Grade Three Clawed True Dragon Blood Martial Pill!"

"Great stuff!"

Li Che burst into laughter and unceremoniously put it away.

His cultivation had just made a breakthrough, now was not the time to consume it.

Continuing the inventory, there were quite a few Six Department Elixirs, enough to satisfy Li Che's cultivation needs for a long time!

As for the martial arts, there weren't many surprises.

Because Li Che had cultivated five Martial Saint Techniques, even though he acquired another Martial Saint Technique from Long Tai's Qiankun Jade, it was only considered ordinary.

However, an ordinary-looking blood-colored jade stone caused the [Dragon Elephant Vajra] Dao Fruit to slightly tremble.

Li Che almost missed this item.

Because of the tremor of the Dao Fruit, Li Che scanned it again and took it out.

Holding the jade stone in his hand, Li Che swept it with his Divine Sense and did not notice anything unusual.

The next moment, with a thought, Li Che's heart thudded, and the Ten Thousand Transformations Dragon-Elephant Divine Fierce Energy burst forth, pouring into the jade stone.

Suddenly, the blood-colored jade stone seemed to ignite instantaneously, covered with dense blood-colored lines, resembling human meridian channels!

However... it was somewhat incomplete!

"This is..."

Li Che's heart was slightly shocked.

Star Plucking Pupil activated.

...

[Divine Seed (Martial Arts): Blood Crocodile Sky Splitting Palm (Incomplete)]

[Craftsmanship: A pure martial arts derived from the reincarnation of a Martial Saint ultimate technique and Temple God Divine Arts, incomplete Divine Seed Martial Arts can condense Innate True Gang, perfect Divine Seed can blossom Three Flowers]

...

Li Che's eyes suddenly lit up!

Martial arts above Martial Saint Techniques?!

Divine Seed...

Is martial arts!

According to Li Che's understanding of the Martial Path, if a Master of Divine Gang wishes to break through to an Innate Great Grandmaster,

One must open 360 points, connecting each and every one, unite with heaven and earth to achieve Unity of Heaven and Man, and thus generate Innate Qi, condensing Innate True Gang!

Now, cultivating with the incomplete Divine Seed Martial Arts... directly could condense Innate True Gang!

Moreover, Divine Seed Martial Arts... could generate a kind of unique skill similar to a minor Divine Skill!

"And moreover, a complete Divine Seed, can even hold the Innate Flowers atop..."

Li Che exhaled, feeling very pleased, as he finally glimpsed the path beyond a Master of Divine Gang.

Slowly closing his eyes, he thought of You Liqing's devastating punch. Merely a Fist Gang had left him severely wounded, bleeding profusely - this was the first time Li Che had suffered such heavy injuries!

This vendetta, Li Che remembered!

Taking out the long-unseen notebook, he noted it down.

Someday, he must return the blow!

Looking over some miscellaneous items, Li Che glanced at them and then stopped the inventory.

He then took out Su Huaili's Qiankun Jade...

After Su Huaili arrived in Dao City, various arrangements had depleted most of his resources, even a lot of the Corpse God Cult's items didn't interest Li Che at all.

After completing the inventory, Li Che was in a great mood.

He stood up, his muscles and bones crackling.

Looking at the sky, he did not continue practicing martial arts in the courtyard.

After instructing the [Fairy in the Painting] clones to diligently refine the Divinity Crystal and cultivate without laziness,

Li Che clenched his fist.

Returning to the courtyard in Liuxiang Lane.

The courtyard door opened.

The sky was pitch black, light spring rain drizzled.

He faced a pair of extremely resentful eyes.

In a robe of green, holding a cat face mask, Li Qingshan looked over mournfully.

"A Che, you're not taking me with you again?"

Li Che: "..."

"I've already heard the Warrant issued by the Divine Guard Army..."

"All colleagues from the Underworld are on the Warrant, Bull Demon, Horse Face, Divine Monkey, and even Black and White Impermanence are on it..."

Li Qingshan slumped under the eaves, gazing at the sky.

The spring rain and wind that blew tonight carries sorrow with them.

"But there's no Cat Face..."

Li Che felt sorrow for Li Qingshan.

He was speechless and choked up.

Li Qingshan shook his head, soullessly got up: "I understand."

"I've realized it."

"I need to become stronger..."

"When I enter the Divine Sect Mountain Gate, I'll challenge the Great Grandmaster..."

Li Qingshan shook his head as if he had lost his soul, drifted back inside the house.

Li Che felt miserable for Li Qingshan.

It wasn't intentional to not call Li Qingshan; it was mainly... forgotten.

It all happened suddenly; after all, the Ape God activated suddenly, breaking through to Divine Minister...

"Sigh."

"My mistake, I forgot to call you through the Underworld Divine Mirror."

Li Che sighed.

Next time for sure.

After saying goodbye to Li Qingshan, Li Che returned to the house.

Xi Xi had just fallen asleep; Zhang Ya was covering her with a blanket, even though Xi Xi's Grandmaster Physique didn't need a blanket at all.

But, as parents, Li Che and Zhang Ya would still subconsciously cover Xi Xi with a blanket.

It doesn't matter whether she will catch a cold or not.

This is the subconscious care of being parents.

"Asleep?"

Li Che said with a gentle smile.

Zhang Ya lightly nodded, took a few steps, and embraced Li Che.

Li Che had drunk Dragon Blood Wine... suddenly felt a bit of restlessness setting in.

He directly manipulated the Heaven and Earth chessboard to isolate the room, and also the Little Stinky Xi who was sound asleep in bed.

Then, with a fiery look in his eyes, Li Che swept his wife into his arms.

Zhang Ya immediately blushed, feeling the burning breath from her husband's nose, she pursed her lips.

Then she wrapped her arms around Li Che's neck.

As one piece of clothing after another was removed.

Zhang Ya suddenly noticed a not yet fully healed wound on Li Che's shoulder; although the Fist Gang was neutralized by the Dragon Blood, the wound was healing slower than before.

A look of pain and panic appeared in Zhang Ya's eyes: "Husband... you're injured?"

Li Che smiled softly: "A small matter."

"The important thing now is to perform the Blood Exchange for my wife."

Outside the window, the spring rain surged; inside, figures tumbled.

The night was like a dream, sweat like the spring rain.

...

...

The next day.

Li Che got out of bed refreshed.

He also woke up Xi Xi who was planning to sleep in.

"The boss specially wrapped some dumplings for you, do you want some?"

Li Che whispered into Xi Xi's ear.

Xi Xi immediately jumped out of bed, if not for Li Che grabbing her ankle, she might have smashed through the roof.

"Dumplings, where are the dumplings?"

"Daddy, Xi Xi wants to eat dumplings!"

Xi Xi was already swallowing saliva.

Li Che was somewhat astonished; how had this little girl's power suddenly grown so much, her Qi-Blood continuously rolling.

And the overflowing Divinity from Xi Xi's body...

Almost uncontrollable and unable to be held.

Li Che's eyes slightly hardened, an unprecedented seriousness emerging.

Xi Xi...

Is she about to condense her Divine Foundation?!
