Chapter 631: The Despair of Knowing Longevity but Unable to Obtain It, the Dao Fruit Nurtures All Five Zang Divine Gang_2

Within this city, there were taverns, teahouses, medical halls, and the like, where transactions were conducted using sect contributions or Divinity Crystals.

Jiao Shaoqiu led Li Che and his family into the city.

"Because there are so many Strange Temples within the Divine Sect Mountain Gate, as night falls, Mysterious Fog will breed and spread, and the Temple Guardian Cursed Corpses and evil spirits within Strange Que will emerge. Therefore, the sect has built these cities to allow disciples to cultivate within them. Even deep into the night, the cities will remain insulated from the Mysterious Fog and Strange Que, providing a secure place for disciples to stay."

"There are several more of these cities

"Unlike the Temple Control Bureau's method of sealing off the Strange Temples, the Divine Sect adopts a more laissez-faire approach. Although it's riskier, it's more conducive to disciple training."

"During the daytime, the Strange Que and Mysterious Fog of the Strange Temples are less active, allowing disciples to form teams to explore Strange Que and Mysterious Fog, attempting to fight with Temple Guardian Cursed Corpses and evil spirits to improve their combat experience and the like."

Jiao Shaoqiu explained the situation to Li Che.

"Exploring the Strange Que of Strange Temples?" Li Che's eyes narrowed.

Jiao Shaoqiu nodded, "The sect allows disciples to explore Strange Que, where they may obtain Divinity Crystals and a variety of Heavenly Materials and Earthly Treasures... Rest assured, every team of disciples entering the Strange Que will be overseen by an Elder who will come to the rescue if any danger arises."

"Generally, Outer Disciples enter Strange Temples of the Ten Cities and Nine Luminaries Level, while only Inner Sect Disciples are qualified to enter the Strange Que of Strange Temples of the Eight Extremes and Seven Elements."

"As for the Strange Que of the Six Bureaus, that's where the geniuses listed on the True Inheritor List train."

Jiao Shaoqiu was patient, explaining to Li Che and Zhang Ya without any hint of impatience.

After all, Xi Xi was about to undergo cultivation at the Divine Sect soon, possibly encountering these dangers. Although it would be a valuable experience, the parents might not want to see their child suffer.

"In fact, not only the Qian Yuan Divine Sect, but most Divine Sects have integrated the cultivation system of their disciples into the suppression of Strange Temples, so that while training disciples, they can also suppress and weaken the evil spirits bred in the Strange Que by the divinity overflowing from the Strange Temples."

Jiao Shaoqiu brought Li Che and his family to a large mansion within the city.

"I reside here in this city, Xi Xi will be cultivating in my courtyard for the time being."

Jiao Shaoqiu said.

"Wow! Sister Yin Yin!"

As soon as she stepped into the courtyard, Xi Xi's eyes lit up, and she slid out of Li Che's arms like a loach, dashing towards the courtyard.

She threw herself at the radiant young girl in a goose-yellow long dress.

It was Sang Guanyin who had come to Dao City with them.

Sang Guanyin caught Xi Xi, her eyebrows curved into a sweet smile.

"Is this the little junior sister?"

Sang Guanyin said, holding Xi Xi, when a muffled voice came from inside a room in the courtyard.

The next moment, an extremely burly figure slowly walked out.

He was extraordinarily tall, almost non-human, with muscles bulging and twisting all over his body, sporting a buzz cut, his eyes bright like copper bells, and an overwhelming presence of Qi-Blood seemed to envelop him.

Xi Xi blinked her eyes, raised her tiny neck, and looked up at the imposing figure.

Seeing that her Master Niu Niu also possessed such a towering stature, Xi Xi felt not the slightest fear towards this hulking figure; rather, she felt a sense of familiarity!

"This is the second senior brother who is always mentioned by Master, cultivating within the Authentic Divine Sect in Dao City," Sang Guanyin's voice was clear and gentle.

"Oh! Second senior brother! Bian Bian!"

Xi Xi's little mouth formed a surprised "o".

She was naturally aware of the second senior brother that Nan Lihuo often mentioned, and she was curious about him. Now, seeing him for the first time,

He looked like a low-grade version of Master Niu Niu!

"Little junior sister, I'm not Bian Bian, I'm Bian Yuanlong."

Hearing Xi Xi's words, the burly Bian Yuanlong couldn't help but frown and quickly corrected her.

"Okay then, senior brother Bian Bian!" Xi Xi nodded earnestly and respectfully.

Sang Guanyin couldn't help but cover her mouth and giggle.

"I've been wanting to meet you, Little Stinky Xi. Master said you have an extraordinary talent, possibly even surpassing the eldest senior brother... Let me see."

Bian Yuanlong scratched his head, unconcerned about Xi Xi's innocent remarks.

He took Xi Xi from Sang Guanyin's hands, and Xi Xi comfortably sat on his broad shoulder as if she were sitting on Master Niu Niu's shoulder.

Bian Yuanlong paused, his face softening a bit, "You sure know how to pick a spot."

"Hmm?!"

Suddenly, Bian Yuanlong's eyes showed a hint of surprise.

"Little Stinky Xi, you... have constructed your Divine Foundation?"

How old was Xi Xi again?

Bian Yuanlong was astonished.

Wasn't she only four years old?

Four years old... constructing Divine Foundation?

Ssss, the teacher did not deceive me!

"I should take you to meet Grandmaster, who is Master's mentor and now an Inner Sect Elder... Back when Master was young, he gave Grandmaster quite the trouble, but since I arrived in Dao City, Grandmaster has helped me a lot."

Bian Yuanlong's palm-like hand ruffed Xi Xi's head gently, "The Grandmaster will certainly be delighted to meet you."

"But Little Stinky Xi, given your talent, you could try for a spot among the core true successors of the Sect Master. There's still a chance."

Sang Guanyin stood by, equally startled, her beautiful face showing a look of amazement.

Xi Xi had already broken through to Divine Foundation?

No wonder she was the standout among all the prodigies at the Temple God Resonance ceremony!

Xi Xi, sitting on Bian Yuanlong's shoulder, swung her little legs, tilting her head slightly, "Senior brother Bian Bian, do you know about the Chu Long List?"

Bian Yuanlong replied with a hearty laugh, "Of course I know, it's quite impressive

"Those people seemed to be shouting something like 'Chu Long List third, Li Nuansi', and I think they should've been calling for me."

Chapter 632: The Despair of Knowing Longevity but Unable to Obtain It, the Dao Fruit Nurtures All Five Zang Divine Gang_3

Xi Xi earnestly said.

Bian Yuanlong, upon hearing this, his simple smile quivered, and he couldn't help but stiffen, a look of astonishment coloring his face.

What kind of dumb luck did his teacher, Nan Lihuo, have to be taken as a master by such a Divine Child?

Bian Yuanlong, now ranking third on the Divine Sect Outer Sect List of Extraordinary Persons, was striving to break into the List of Extraordinary Persons...

He had been in the Divine Sect for almost eight years and had never made it onto a list, while Xi Xi was listed the moment she started, highlighting the sometimes enormous disparity between people!

Such a little junior sister, Bian Yuanlong was definitely going to treasure and protect her.

Li Che did not go over to disturb them, choosing instead to watch warmly from a distance. Bian Yuanlong... in his perception, did not harbor any malice or hostility, so there was no need for Li Che to worry about Xi Xi's safety.

"Seems like Nan Lihuo has quite the knack for taking disciples. First Zhou Daoyuan, then Bian Yuanlong, and now he takes Xi Xi on top of that

"Bian Yuanlong's talent may be lacking a bit, but he has the heart of an innocent child, and there is hope for him to make it onto the List of Extraordinary Persons... As for Xi Xi, there's no need to mention her talent. She is only four years old and already ranks third on the Chu Long List. I believe that Xi Xi even has the potential to be named on all three lists before the age of ten," said Jiao Shaoqiu, stroking his beard with laughter, a gleam of anticipation in his eyes.

"To be named on the True Inheritor List, the List of Extraordinary Persons, and the Chu Long List at the same time is extremely difficult... It's rare in a hundred years."

Li Che's eyes flashed with a hint of confusion: "Can one be named on the List of Extraordinary Persons and True Inheritor List at the same time?"

"Isn't the List of Extraordinary Persons exclusively for outstanding disciples from the Outer Sect?"

"And the True Inheritor List, as the name suggests, requires one to be a true successor, right?"

As they walked into the yard, Jiao Shaoqiu continued with a smile, "Theoretically it's very difficult, but not impossible."

"The List of Extraordinary Persons is different from the rankings, as the rankings are exclusively for Outer Disciples, but the List of Extraordinary Persons includes both Inner and Outer Disciples."

"There are restrictions for the List of Extraordinary Persons, as it's only for disciples under thirty years of age from both the Inner and Outer Sects. As for the True Inheritor List, there are far fewer restrictions."

Jiao Shaoqiu continued, "Take Yellow Sword Wine, for example, he's sixty years old this year and ranks second on the True Inheritor List. And within the True Inheritor List, there is even a cultivator over a hundred years old

"True Successors are those who are disciples under the Sect Master of Qian Yuan Divine Sect or an Inner Sect Elder, but each Inner Sect Elder has only twelve True Successor spots."

Jiao Shaoqiu led Li Che inside the house, took a seat at the table, and they began chatting.

On the first day a disciple is admitted, family members are allowed to stay in the Divine Sect overnight, so Jiao Shaoqiu even prepared to treat them hospitably, sending Nie Yang to the city to buy some food and drinks.

Li Che, Li Qingshan, Old Chen, and others all sat down to chat with Elder Jiao.

Outside the house, in the courtyard, the spring rain was pitter-pattering, exceptionally serene.

The air was filled with magnificent and boiling divinity, because within the entire Divine Sect Mountain Gate, there were Strange Temples standing tall, making the divinity extraordinarily rich.

Along the way, Li Che had seen several Ten Capitals Strange Temples, casually decorating the roadside like flowers.

There wasn't even a warning barrier.

However, for the Nine Luminaries Strange Temple, the Divine Sect did take it a bit more seriously, sending stationed disciples to watch over it. Of course, these stationed disciples could receive contributions from the sect and Divinity Crystals.

Within the Divine Sect, tasks to guard the Strange Temples were extremely competitive.

With so many Strange Temples piled up within a single Mountain Gate, it naturally created an incredibly dense atmosphere for divine cultivation.

The richness of divinity in Golden Light Prefecture is because of the Four Royal Third Prince Strange Temple.

And within the Divine Sect, not only is there a Four Royal Strange Temple, but there is also a Five Elders Strange Temple and four Six Divisions Strange Temples!

Moreover, spurred by the encouragement and competition from the various lists, the cultivation atmosphere could hardly be fuller!

"Elder Jiao, how many Inner Sect Elders are there in total?"

Li Che asked curiously.

"Seven."

Jiao Shaoqiu took a sip of tea and smiled, "So there are a total of eighty-four True Successors among the Elders."

"The Deputy Sect Master also has twelve True Successor spots, and finally the Sect Master, whose disciples are usually known as Direct Disciples, with no limit on the number... but among all the previous Sect Masters, the most Direct Disciples one has had is only seven."

"This time, the Sect Master has taken a fifth Direct Disciple, causing a stir in all directions."

"And has set the age limit to not exceed ten years old, which is also the age range for the Chu Long List."

Upon hearing this, Li Che took a deep breath.

That meant out of nearly ten thousand disciples in Qian Yuan Divine Sect, there were only about a hundred True Successors.

"The True Inheritor List is recorded in the 'Qiankun Dao Yun,' with only ten spots, and aside from those on the True Inheritor List, there are only thirty spots on the True Successor Rankings."

It seemed like Jiao Shaoqiu understood Li Che's confusion, so he explained further.

"So now you understand how difficult it is for Xi Xi to be named on all three lists? I too am only holding a small amount of hope."

They chatted away, listening to the spring rain.

After a while, Nie Yang returned, followed by a disheartened vagrant carrying a battered sword box with a vacant look in his eyes.

Seeing Yellow Sword Wine's condition, Jiao Shaoqiu frowned: "What happened to you? Did you try to flatter that Boss Lady of the tavern into giving you a free drink and got rejected again?"

As if the words "drink money" triggered a sensitive nerve, Yellow Sword Wine immediately jolted awake and hurriedly shook his head, "No, no

"I just can't remember who hit me

"Plus... there's a scent of wine that haunts my dreams, making me itch with longing... but I can't remember where that scent came from?"

Yellow Sword Wine clutched his head in agony, teeth clenched, as if ants were crawling all over him.

With his craving for alcohol ignited, but without satisfying liquor, he was in intolerable discomfort.

Li Che scratched his head...

Chapter 633: The Despair of Knowing Longevity but Unable to Obtain It, the Dao Fruit Nurtures All Five Zang Divine Gang_4

Wearing a gentle and honest smile on his face.

Knowing the truth, Li Che did not utter a word.

Nie Yang, cold and detached, laid out the finely packed food and drinks from the best tavern in Dao City on the table.

Everyone drink and ate, their toasts crisscrossing over one another.

After three rounds of drinks, Li Che watched Xi Xi fighting over chicken legs with Yellow Sword Wine and his eyes flickered slightly as he raised a toast to Jiao Shaoqiu.

"Elder Jiao, what do you know about the Su Family?"

Li Che asked.

Yellow Sword Wine, who was battling with Xi Xi for the chicken leg, suddenly raised his head, let go of the leg, which caught Xi Xi off guard with a back-lean, and then triumphantly nibbled on the leg.

Jiao Shaoqiu glanced at Yellow Sword Wine, then clinked cups with Li Che: "Why the sudden interest in the Su Family?"

"Dao City's top noble family, a name I have long heard of," Li Che said warmly.

"Ha... top noble family?" Yellow Sword Wine twisted off a chicken's head and crunched it down fiercely.

"Just a hypocritical noble family! A noble family that serves as stud horses, that's all!" Yellow Sword Wine scoffed coldly, his tone carrying a note of chill.

"To keep their bloodline pure, the Su Family forbids their women from marrying outside. However, the men of the Su Family specifically target women with good talents, seducing them to devote their lives to marrying into the Su Family!"

"Those women who marry into the Su Family... not a single one ends well, their talents unmistakable, yet once they join the Su Family, they become indistinct from others, bearing children and continuing the lineage, and ultimately

"Lose their spirituality as if their talent has been stripped away!"

Yellow Sword Wine said coldly.

"Surely the Su Family has mastered an extremely evil Divine Secret Technique!"

"Just like the Corpse God Cult, they are disgusting maggots!"

Yellow Sword Wine's resentment was profound.

He closed his eyes in pain, as the radiant face of a young girl he grew up with flickered before him, now... faded and wasted, the flower of her youth gone!

The angrier he got, the faster he ate the chicken.

Xi Xi couldn't snatch any from him.

Xi Xi suspected this person was just using his anger as an excuse to snatch her roast chicken!

Jiao Shaoqiu sighed and nodded: "But... when it comes to matters of mutual consent, who can stand in the way?"

"The Su Family cultivates the Divinity of desire among the Seven Emotions and Six Desires, possessing the power of enchantment. Is it really mutual love? Who knows?!"

Yellow Sword Wine said in a deep voice.

"Without evidence, do not jump to conclusions. The Su Family... they have a Divine Fetus at their disposal."

Jiao Shaoqiu said.

"Also, how old are you now? If the Boss Lady didn't have feelings for you, would she have allowed your tab to run for so many years? She came to the Sect to collect the debt, but it was only to see you

"After so many years, you still can't let it go!"

Jiao Shaoqiu's voice carried a hint of persuasion.

But Yellow Sword Wine did not answer, instead turning his head to grapple with Xi Xi for a pig's trotter, suddenly realizing that food you fight for always tastes better!

Jiao Shaoqiu grew frustrated; managing Yellow Sword Wine all these years was like dealing with a rebellious son.

That tavern Boss Lady, from a little girl delivering wine to Yellow Sword Wine, to growing up pouring wine for him, to now, giving him credit...

Eyes only for this scruffy guy.

Such a good woman!

To encounter such an aggravating character!

Li Che and Zhang Ya listened with gossiping hearts, while Li Qingshan and Nurse Momo curiously leaned in to listen as well...

Jiao Shaoqiu gave a light cough, then solemnly started chatting about Yellow Sword Wine's gossip with Li Che and others.

...

...

At night, Li Che and his family stayed a night in Elder Jiao's courtyard.

The next day, the spring rain pattered down.

Xi Xi's eyes brimmed with tears, she hugged Zhang Ya's neck tightly, refusing to let go.

"Mommy!!!"

"Xi Xi will miss you! Will miss braised pork, will miss grilled pork knuckles, will miss

"Wuu wuu wuu, Xi Xi can't bear to leave Mommy... and Daddy too."

Li Che's face darkened at this, feeling like a bit of an afterthought.

Only four years old, and already showing signs of acting out?

"Don't worry, in a few days, Daddy and Mommy will come to stay with you in the Divine Sect."

Li Che rubbed Xi Xi's head, comforting her.

"Pinky promise!"

Xi Xi extended her chubby little pinkie.

After making the pinky promise with her, Xi Xi pouted, still a little unhappy, reminiscent of a child's first day at kindergarten.

Sang Guanyin took Xi Xi into her arms, gently comforting her; the towering Bian Yuanlong squatted down, clumsily trying to console her as well.

"Don't cry Xi Xi, in a few days, Master Bian Bian will take you to the Strange Temple to fight monsters!"

Bian Yuanlong's voice boomed like distant thunder.

"Second Brother, Xi Xi is only four years old!" Sang Guanyin chided him.

But Xi Xi's eyes shone with excitement as she slipped out from Sang Guanyin's embrace and climbed onto Bian Yuanlong's shoulder.

"Master Bian Bian, you promised, okay? Xi Xi wants to fight monsters! Don't lie to Xi Xi, or I'll call Master Niu Niu to beat you up! Master Niu Niu is even stronger than you!"

Xi Xi said, tilting her head up.

Bian Yuanlong immediately burst into a hearty laugh.

He, Bian Yuanlong, cultivated the Divinity of a colossal being...

Stronger than him?

...

...

Old Chen drove and took Li Che and Zhang Ya from the Divine Sect Mountain Gate.

Nurse Momo also followed in their carriage, but she couldn't reside within the Divine Sect for the long term, and the Divinity within the Divine Sect was too active, which didn't suit her well.

Back at the courtyard in Liuxiang Lane of the Inner City.

The crowd seemed somewhat despondent, with Zhang Ya being somewhat distracted. She was even more worried than before when Xi Xi left for Golden Light Peak to cultivate.

Because back then, Zhang Ya could still see her often. But after the assassination incident, her beloved moved to Zheng Lei Peak, and Xi Xi essentially lived with them.

However, now they were truly separated.

Because outsiders were not allowed at the Divine Sect Mountain Gate, Xi Xi would only have two or three chances to leave the gate and see them in a year.

Therefore, Zhang Ya was truly reluctant to part with her.

Thinking of how Xi Xi, at only four years old, had to struggle and fight in the fiercely competitive Divine Sect Mountain Gate.

A pang of worry gripped Zhang Ya's heart.

As a mother, she would always be concerned about this and that, worried whether Xi Xi was eating well, sleeping well...

Whether cultivation was too difficult, whether getting hurt was too painful...

Li Che certainly knew what Zhang Ya was worried about and gently wrapped his arms around his wife sitting on the edge of the bed, stroking her black hair.

"Rest assured, my wife. Once I become an Elder of Divine Carving Ridge... I will be able to move freely in and out of the Divine Sect, and then I can see Xi Xi every day."

Li Che's voice was gentle, and his Innocent Heart Divinity surged forth to soothe his wife.

Zhang Ya's cheek pressed against Li Che's chest, feeling calm and at peace.

"Mhm."

"Believe in your husband."

...

...

Outer City.

Thunder Alley.

As night fell, the spring breeze was refreshing tonight, as the spring rain that had been continuous for several days stopped. The leaden clouds seemed to be parted by a gigantic hand, unveiling the stars that filled the sky!

It was as though the Immortals had scattered beans, the alternating light, and darkness decorating the vault of heaven.

Inside the courtyard.

Li Che stood upright, his eyes seemingly reflecting a myriad of starlight.

"The Su Family

"Xi Xi's cultivation of the Divine Foundation took place in the carriage parked not far away, aside from Su Chuyang there was also an old man, that old man... very strong, incredibly strong!"

"Is he a Divine Origin Great True Man of the Embryonic Breathing stage?"

"Comparable to the Supreme Grandmaster with Three Flowers Atop!"

"It seems like he is an Elder of the Su Family, as well as one of the seven Great Elders within the Inner Sect of the Divine Sect

"Fixated on Xi Xi

Li Che thought of the resentful words of Yellow Sword Wine.

Yellow Sword Wine's childhood sweetheart...

Once the pride of the heavens, now a pitiful woman who has aged and lost her radiant splendor, leaning against the railing...

Li Che slowly closed his eyes.

Just imagining it... he felt an endless rage rolling like a tidal wave, ready to erupt and spill out!

Which father, seeing his daughter in such a plight, could bear it in his heart?

This fixation was not the same as that of the Demon Child...

The Demon Child was simply lustful given his young age, whereas the Su Family... had no affection, only fixated on Xi Xi's talent!

Wanting to completely drain the talent, leaving it to fend for itself!

The latter was even more despicable!

The Su Family...

"Right now, I am not strong enough... I must become stronger, only by being strong enough can I become the most solid backing for my daughter!"

The next moment, Li Che's eyes abruptly opened!

In an instant.

The Dragon Elephant Vajra Dao Fruit that had been accumulating in his chest burst forth its spiritual essence.

His eyes shone brilliantly like the stars!

A tremendous rumbling noise came from within his body, as if an unparalleled Pill Furnace was burning to its limit, then exploded!

An intimidating Qi-Blood emerged like a dense mist, gushing out from every tiny pore of his body!

Hot and surging Blood Qi boiled like in a steaming cage!

With a single step, he executed the Lingxu Baqi Step!

Even the void seemed to twist oddly, as six figures of Li Che, each with a different posture, appeared instantaneously within the courtyard!

He even stepped into the air, striding through the void!

Buzz—!!!

A long saber used by the Black Armored Blood Guard landed in Li Che's hand, the narrow blade rolling and the rampant Sword Energy roaring out oppressively!

Taking a risk, Qian Shan Duxing!

Puff—!

The dense flow of Qi was slashed apart by the saber, bursting in every direction, torrents of Qi surging into the surroundings!

Boiling and explosive Blood Qi churned and erupted!

Li Che landed.

The long saber stabbed into the ground, its hilt vibrating incessantly.

Li Che's eyes opened and closed, a substantial glint of electricity flickering within his pupils.

Slowly, he raised both his palms.

Within his hands, two additional strands of newly formed Divine Gang...

Like python bursting its shell.

He roared to the heavens!

Chapter 634: What Face Lies Beneath the Bull Demon Mask, Dragon Tooth Desires to Kill the Demon Child

The night sky washed by Spring Rain is a deep blue, adorned with stars!

Some are bright, some dim.

Lead clouds drift slightly with the spring breeze, under this thin studded sky, the clouds part and converge into a radiant Star River!

In Thunder Alley, there are no thunders in the Heavenly Dome.

Yet, in the courtyard, there is the rumbling of muffled thunder—that is the sound of blood thick as mercury being transported, boiling explosively!

The wild wind surges, and from the pores, vapor bursts forth incessantly.

Threads of blood-colored lightning wildly dance around the body, intertwining inside to create a heavy thunderous sound.

Upon the palms, two streams of completely different Divine Gang intertwine, formed from the condensation of two Martial Saint Ultimate Techniques!

"Lonely Mountain Walk Blade and Lingxu Eight Qi Steps, finally both mastered to the realm of Master!"

"These two Martial Saint Techniques are not as difficult as Ten Thousand Dragons Subduing Gods and Primordial Equal to Heaven Staff, but, I did not spend too much effort on their cultivation, thus the slower progress is not too rapid."

"Now, under the nourishment of the Dragon Elephant Vajra Dao Fruit, I have finally stepped into the realm of a Master and condensed out the True Intent."

"Five Divine Gang... all condensed out! All five viscera can now be tempered, and the tempered Divine Gang, twisted into one force

Li Che took out a black porcelain bottle.

He poured out a dark-brown Elixir, the potent drug properties emanated explosively from it.

Fifth Rank Lower Grade Three Clawed True Dragon Blood Martial Pill!

This was one obtained from Innate Great Grandmaster Long Tai when he killed Su Huaili!

The rich drug potency explodes, ferocious energy rolling turbulently, unstoppable even through the Pill Coating.

This is a Fifth Order Martial Pill that only the physique of an Innate Grandmaster can withstand and consume, due to the overwhelmingly immense energy contained.

Ordinary Masters of Divine Gang wouldn't dare to consume it.

But Li Che is different, he himself has been rushing into the Great Master realm with the physique of a Furnace Grandmaster, and now, he has completed the cultivation of five Martial Saint Ultimate Studies, all having condensed out the Absolute Skill True Intent.

His physical body is incomparably magnificent and powerful!

Along with the one-time marrow-cleansing and vein-cutting brought by the Dragon Elephant Vajra Dao Fruit, Li Che is confident that he can endure the potency of this Elixir.

After all, he has exchanged blows with Long Tai, clearly feeling that his physical strength is not much weaker than Long Tai's!

Thus, he dares to consume this Elixir.

Directly sitting cross-legged in the courtyard, his potent qi and blood roaring in bursts.

The Martial Pill, crafted by mixing demon blood with spiritual materials and boiling it down into an Elixir.

A Fifth Order Martial Pill, even in Qintian Observatory, is a valuable item, each one capable of draining the wealth of a Master of Divine Gang!

Li Che also owes this opportunity to taste it to Long Tai's contribution.

They say literature enriches the poor, and martial arts enrich the wealthy, indeed that is true.

If comparing the Divine Cultivation of scholars, speaking of martial arts cultivation... it would also be more costly!

A Fifth Order Martial Pill holds substantial value, not just because of the ingredients prepared but also requires the craftsmanship of an Alchemy Master, and the mental effort involved...

All these added values together make one Fifth Order Martial Pill worth far more than a Divinity Crystal of a Fifth Elders Rank!

Today Li Che chooses to take an Elixir, mainly to pile up the amount of Divine Gang!

Slow cultivation is indeed too slow, martial arts cultivation, supplemented by elixirs, is an extremely normal affair.

Though it is said that medicine is three parts poison.

But for Martial Artists with robust physical bodies, the toxins contained in elixirs are essentially negligible!

Divine Gang, burning like fire washing through the body, can basically flush out any stubborn toxins, hidden deep in the flesh, bones, and veins.

Opening his mouth, he swallowed the Elixir, the intense medicinal properties, from the moment it entered, lit up like natural gas touching open flames, fiercely burning!

The Elixir plunges from the throat into the stomach, burning like heavenly fire, raging through!

In an instant, the immense Elixir rushed through Li Che's organs and all his meridians!

With a thud, like a giant rock dropping into a vast lake!

A turbulent uproar spread, and Li Che felt a searing heat as if his entire being were soaked in boiling water!

"What immense medicinal power!"

Li Che felt the Elixir in his abdomen was like a second heart, constantly creating new blood. With each beat, immense amounts of blood burst out, striking the meridians, organs, and every tiny capillary across the body with extremely fierce force!

BANG—!!!

Li Che felt like a boiling pressure cooker, and the moment his pores burst open, countless streams of heat gushed out in "bubble" sounds, overwhelmingly impacting in all directions!

Too fierce!

The medicinal properties are extremely potent!

Li Che's physical body is very robust, refined by the Dragon Elephant Vajra Dao Fruit and the marrow-washing and vein-cutting, it's far from ordinary.

Even in the realm of a Master of Divine Gang, it belongs to the very top-tier of unparalleled physiques!

"THUMP—!"

"THUMP THUMP—!!"

Li Che, sitting cross-legged with closed eyes, the dense blood mist instantly enveloped the entire courtyard, every corner saturated with the blood mist!

The heart and the Great Elixir, at this moment, seem to turn into dual hearts, each vigorous beat producing mercury-like substantial blood, transporting it within the meridians.

Lu Che's Brow Niwan shines!

His early formed Primordial Spirit scans, and a golden Elixir, soaked by his gastric juices!

With a thought, the stomach walls move, suddenly the golden and bright Elixir, forcibly crushed by the stomach walls, the Pill Coating shattered!

Chapter 635: What Face Lies Beneath the Bull Demon Mask, Dragon Tooth Wishes to Kill Demon Child_2

Li Che's expression slightly condensed, as if fireworks were ignited in his stomach, starting to violently explode, moving chaotically like rocket fire against the stomach walls!

Even the robust physical body of Li Che felt intense pain, with his abdomen feeling as if it were being sliced by knives, and the medicinal strength surged tenfold in an instant when the Pill Coating broke!

It turned out that the previously diffused medicinal properties were just a prelude!

"This medicinal strength... is so fierce!"

"Even a Grandmaster who has achieved Unity of Heaven and Man might not be able to bear it easily, right?"

Li Che's mouth and nose opened and closed, panting continuously, as powerful currents surged and dispersed the blood mist!

He leapt up from the ground, his five fingers clenched, and Divine Gang burst forth, exploding in mid-air, turning into a Dragon Elephant Illusion as he swung his punch!

The giant dragon roared, and the divine elephant shrieked!

Li Che started boxing, refining the furnace inside his body by practicing the Martial Saint Ultimate Study!
Scorching hot, blazing intense!

Incredibly fierce.

Fifth-Order Elixirs indeed couldn't be compared with Sixth and Seventh-Order martial arts pills, Li Che had also taken Sixth-Order martial arts pills before, and the effects were vastly different from the Fifth-Order!

His entire body seemed to catch fire, the temperature of his flesh rapidly climbing!

Blood was continuously driven by the newly generated Qi-Blood, surging and throbbing, the mercury-like blood being forcibly pushed, resounding continuously like muffled thunder!

His entire body turned as red as blood, as if carved out of a huge blood diamond!

Whoosh whoosh whoosh—!

In the courtyard, the wind danced wildly, Li Che pushed his fists forward, like dragons and elephants, performing his own Martial Saint Rank's Jue Xue, Myriad Transformations Dragon Elephant, extremely vividly in this moment!

As the Lone Mountain Walk Blade and Lingxu Baqi Step reached the realm of a Master, the Myriad Transformations Dragon Elephant that Li Che derived by merging various techniques seemed to become even stronger.

Seemingly on the verge of reaching the Transformation Realm!

Bang—!

With a punch thrown, Divine Gang condensed, roaring and hissing like a dragon!

Five fingers opened, and suddenly the Xuanjin Eight Treasures Thunder Dragon Stick fell into his hand, with the sound of wind and thunder exploding, the staff shadows piled up heavily, his form continuously twisting.

The Chaos Heaven-Matching Staff combined with Lingxu Baqi Step.

The dense staff shadows filled the courtyard, among them mixed with Li Che's form, making it impossible to capture his trace!

Lone Mountain Walk Blade, with True Intent condensed, Li Che refined his spleen!

Lingxu Baqi Step, refining Divine Gang, Li Che tempered his liver!

Thus, all five organs had corresponding Divine Gang refining!

Under the powerful medicinal impact of the Fifth-Order Low-Grade martial arts pill.

Li Che refined the medicinal effects, refining Divine Gang!

Constantly condensing out the Divine Gang from Lone Mountain Walk Blade and Lingxu Baqi Step, chasing the most numerous Divine Gang of Myriad Transformations Dragon Elephant!

The medicinal effects of this pill were too magnificent, Li Che was not in a hurry to use it to break through the Divine Gang of Myriad Transformations Dragon Elephant, to unblock the acupoints, but used it to refine the quantity of other Divine Gangs.

Raising the count of Divine Gangs.

Mainly, as Li Che was refining five types of Divine Gang, if he wanted each Divine Gang to twist together into Five Elements Divine Gang, Li Che couldn't be biased.

Flicking his fingers!

A black chess piece shot out, swelling against the wind into the form of Du Fu wearing a white mask, resembling White Impermanence.

Du Fu, as he appeared now, was vastly different from before, with a physique that was tall and muscular, like an inflated balloon.

The moment Du Fu appeared, Li Che had already pointed out with his stick!

Utterly merciless, with a piercing killing intent!

Anyway, Du Fu was already dead, even if killed by him, he could still be reformed.

"Come forth! My lord!"

"Oh! Strike me down!"

...

...

Starry night sky brightly adorned, forming a river of stars.

Spring breeze fluttered, quite refreshing.

Inner City, within an immense mansion.

Demon Child, wearing a black bellyband, with a purple Prison Lotus Divine Pattern on his forehead, continuously emitting a subtle glow.

Barefoot, though small in stature, he seemed quite mature, hands behind his back, pacing back and forth in the courtyard.

He raised his hand, covering his chest, revealing a fierce look in his dark eye circles.

"Dangerous, still very dangerous

"I'm still being targeted!"

"Netherworld Ox Demon!"

Demon Child gritted his teeth, his face extremely ugly.

He had not expected that, right after arriving in Dao City, the evil of the Underworld would directly strike at him.

He lost three powerful curse gold corpses!

Those Curse Gold Corpses were comparable to a Grandmaster Warrior!

Even within the Corpse God Cult, they were extremely precious and rare followers!

The cost to cultivate a Curse Gold Corpse was truly too great, and suddenly he had lost three.

What's crucial was... even after losing the three Curse Gold Corpses, Demon Child still did not feel safe after escaping.

There was no sense of security at all!

Demon Child was now frantically aggravated, wishing to mobilize all his available power...

He wanted to kill the people of the Underworld!

Ox Demon, Horse Face, and that Divine Monkey, he wanted to kill them all!

He also knew about the incident last night; Su Huai was brutally killed by Ox Demon, right in front of You Liqing, forcefully slain.

This Underworld...

Was indeed too arrogant!

"This is Dao City... why is the Underworld so arrogant?!"

Demon Child sat down on the threshold, grinding his teeth.

These days, he had no mindset to indulge in beauty.

He didn't even have the chance to organize a hunting plan for Li Nuanxi...

Now, Li Nuanxi has entered inside the gate of Qian Yuan Divine Sect.

"Troublesome

"My lady has entered Qian Yuan Divine Sect, it's unknown when she will come out... Capturing her to bring her back to Jizhou seems quite challenging."

Chapter 636 What Face Lies Beneath the Bull Demon Mask, Dragon Tooth Wishes to Kill Demon Child_3

The Demon Child exhaled and spread his arms wide, lying straight down on the ground.

"Unless we resort to using the hidden agents of the Authentic Qianyuan Divine Sect."

"But there's only one hidden agent within the Qianyuan Divine Sect, and they are too important... Absolutely cannot be exposed, and must be used at a crucial moment to have a miraculous effect."

A crafty glint suddenly flashed in the eyes of the Demon Child.

"That hidden agent... No one knows, no one can guess or even imagine!"

"Hehe..."

"Therefore, it's not worth it to expose this hidden agent just for a little girl," the Demon Child's dark circles quivered for a moment.

Suddenly.

The Demon Child sat up from the ground.

In the great hall, a black fog rolled and tumbled about.

And then, from within the black fog, a figure emerged.

It was a Corpse God Envoy, dressed in a white robe and wearing a white mask, with the character "Six" written in blood upon it.

Six Ministries Corpse God Envoy!

Moreover, the Demon Child noticed that there were three rings of golden patterns on the sleeves of this Corpse God Envoy.

Six Divisions Upper Rank Corpse God Envoy!

Such a Corpse God Envoy, even within the headquarters of the Corpse God Cult, counted as a formidable entity!

"Demon Child, my lord."

Upon the appearance of this Six Divisions Upper Rank Corpse God Envoy, the Demon Child immediately perked up, while the other party very respectfully greeted the Demon Child.

"You've finally arrived! With you here, I can finally feel somewhat at ease."

"The situation in Dao City is quite dangerous, the Space-Time Corpse Technique must seize the right moment to descend within Yuan Dao City," said the newcomer indifferently.

"Lord Demon Child, I'm already aware of your troubles... indeed, the Underworld and our Corpse God Cult are in a fight to the death."

"That Bull Demon started out from Fei Lei City by making a name for himself through killing our Corpse God Cult disciples, slaying our subordinate Spirit Infant Sect in Fei Lei City; in Golden Light Prefecture City, he even finished off the factions that Yuan Jingang had infiltrated with great difficulty..."

"Now in Qianyuan Taoist City, this Bull Demon has already begun his slaughter against our cult..."

There was a somewhat hoarse and solemn tone beneath the white mask of the Corpse God Envoy.

"Exactly... Several factions that we eroded were just like that, directly exposed and brutally killed by the Bull Demon, without any rationale!"

"This Bull Demon is truly malicious and nefarious!" the Demon Child cursed angrily.

"Mechanical Techniques, poison, Qi-Blood Unrivaled Refinement, cruel and merciless... cautious and sly."

"He is a very tough opponent to deal with," the Six Divisions Upper Rank Corpse God Envoy said flatly.

"Moreover, he has the means to see through the disguises of our Corpse God Cult's Corpse Curse Marks, and this is the most infuriating aspect of him."

"Lord Demon Child, if I'm not mistaken, your current location should already be known to him."

"Of course, I know. But this Bull Demon has already attacked Dao City once, it's not possible for him to do it a second time... Do you really think the Dao Master of the City Lord's Mansion in Dao City is weak?"

"And there's the Temple Administration Office and the Qintian Observatory..."

"One surprise attack may work, but if he continues to do so... it might even alarm the Divine Fetus Great God."

The Demon Child bared his teeth and grinned, "I'm just waiting for him to attack again, his fireworks can't kill me. I have the Cursed Golden Corpses to withstand it, but if he comes a few more times... then he's the one who will die!"

"I don't believe that even the Divine Fetus Great God won't be able to catch him!"

The Corpse God Envoy seemed to laugh softly at that.

"Lord Demon Child, in fact, you could contact the Hunting God Pavilion and let the assassin blood faces of Dao City's Hunting God Pavilion hunt down the evils of the Underworld..."

As the Corpse God Envoy finished speaking.

The Demon Child's eyes immediately lit up!

"That's right! Although the Underworld has killed many of the Hunting God Pavilion's arrangements in the Golden Light Prefecture, the Hunting God Pavilion doesn't care much about those dead assassins; they are too indifferent, even colder than our Corpse God Cult."

"Indeed, in the eyes of assassins, there are no comrades, only interests."

"To get the Hunting God Pavilion to seriously hunt down the Underworld, it still requires motivation through interests."

The Demon Child's dark circles trembled, "You go and contact the Hunting God Pavilion for me, offer them a high price. If they eliminate the Underworld, all is worth it!"

"Also, I have one more request. Kill the Bull Demon and bring his head to me."

"I want to see... what kind of a face is beneath that Bull Demon Mask!"

The Six Divisions Upper Rank Corpse God Envoy upon hearing this, chuckled softly.

...

10:01

...

As the white robe billowed, a surge of dark energy whirled around, and within just a breath or two, it engulfed his form.

This Six Divisions Upper Rank Corpse God Envoy, when employing the Space-Time Corpse Technique, was indeed very nimble!

...

...

Screech—!

A silver eagle circled high in the sky, slicing through the night and swiftly plummeting down!

It flapped its broad wings fiercely and landed within the headquarters of the Dao City Temple Administration Office.

The headquarters of the Temple Control Bureau in Dao City occupied a vast area because there were simply too many Mysterious Temples that needed to be meticulously documented and recorded.

Hence, there was a large amount of paperwork to be handled.

Two Four Imperials, three Five Elders, sixteen Divisions, ninety-eight Seven Elements...

These Strange Temples' information and intelligence were all recorded at the Temple Administration Office, even the maps of the Strange Que encountered therein, which were obtained at the cost of the lives of the Divine Envoys of the Temple Administration Office.

The silver eagle gently landed, and a man dressed in simple black attire flicked his finger, popping a blood-colored elixir into the mouth of the silver eagle.

He then removed the letter from the eagle's leg and slowly unfurled it.

The silver eagle cried out, spreading its wings to stir up a gust before vanishing into the high skies, blending into the night in an instant.

The figure slowly unfolded the letter, scanning over it with his eyes.

The next moment, he raised his hand and made a light gesture.

"Send for Zhu Chaoyang and Xie Jing of the Golden Light Prefecture City Temple Administration Governor's Office to come here."

His words came to an end.

In the dark distance, a figure flickered and disappeared.

Chapter 637 What Faces Lie Beneath the Bull Demon Mask, Dragon Tooth Longs to Kill the Demon Child_4

A figure in black stood with hands behind his back.

"Golden Light Prefecture... has also seen the disappearance of a Mysterious Temple?"

"Such a coincidence? Is it the strange movements of Strange Que, or is someone deliberately causing the disappearance of the Mysterious Temple?"

"If it's the latter, who is the culprit behind the disappearance of the Mysterious Temple?"

"This is... a loophole."

"It seems like... I've caught a loophole..."

The figure in black raised his hand and snapped his fingers.

"Go and compile a list of everyone from Golden Light Prefecture who has entered Dao City for me."

"And also..."

"Gather all the information from the Underworld."

In the darkness,

Another shadowy figure flickered and disappeared.

...

...

Hiss hiss hiss—

Waves of heat rolled, tumbling around in the courtyard.

Li Che exhaled a breath of turbid air, beneath the crimson membrane shimmering lights bloomed, and every pore still radiated heat, distorting the air.

"Ten Thousand Transformations Dragon-Elephant Divine Gang has reached twenty-five strands, an increase of only five strands, not a large number... But Ten Thousand Dragons Subduing Gods and Primordial Equal to Heaven Staff's Divine Gang have also reached twenty-five strands, while the newly broken through Lone Mountain Walk Blade and Lingxu Baqi Step's Divine Gang are only at ten strands each."

"It's a pity... the medicinal effect of the martial arts pill has been exhausted."

Li Che stood up, and his joints popped loudly, like a series of thunderclaps behind the clouds!

He raised his hand, and in an instant.

Five kinds of Divine Gang, as if leaping from his inner organs, burst out violently with booming echoes!

It was like five bolts of lightning condensed into one!

Like a burst of five-color divine light, fiercely sweeping over, the air shook and then ripped open a series of explosive currents!

"Very strong!"

Li Che's eyes trembled slightly!

Too fierce!

He clenched his five fingers, five-color Divine Gang entwined on top of his fist, he threw a punch, Divine Gang bursting with extreme brilliance of light and heat.

Ten Thousand Dragons Subduing Gods!

Streams of Dragon Forms roared and impacted out, the air abruptly cleared and scattered by the punch!

Countless turbulent flows shot out ceaselessly!

"Even stronger than the Three Elements Divine Gang before! In terms of strength, it's even surpassing Long Tai's Innate True Gang!"

"The strength of Divine Gang suppressing True Gang... such an occurrence is probably extremely rare."

"Unless this True Gang is cultivated from Divine Seed Martial Arts, otherwise in terms of Gang Qi strength, I am one step ahead of them!"

Li Che's eyes shone brightly.

"However, there are downsides, my advantage is the explosive power of the Five Elements Divine Gang is strong enough, but when it comes to resilience and endurance, it's still not as good as the Innate True Gang."

"If the other party intends to wear out my five-color Divine Gang..."

"Huh?! They'd probably exhaust themselves to death..."

Li Che thought of his possession of the Dragon Elephant Vajra Dao Fruit, the recovery speed far exceeds that of an ordinary Martial Artist.

Li Che did not conceal his own aura.

"Divine Seed Martial Arts... Blood Crocodile Sky Splitting Palm, an incomplete Divine Seed Martial Arts!"

"Ranked even above Martial Saint Ultimate Study."

Li Che's Divine Sense burst forth, surging into the Jade Talisman, starting to learn this Divine Seed Martial Arts.

Roar——!!!

Instantly, his Divine Sense shook, and a huge blood-backed crocodile charged ferociously, swinging its paw ferociously down!

The air itself seemed to burst into an explosion.

Li Che's Brow Niwan pulsed.

"Illusions, or rather... similar to the essence of Sword Intent."

In Li Che's mind, he had fully received the information of this Divine Seed Martial Arts.

His body's bones and muscles chimed in unison, his Qi-Blood rolling like a dense fog, as if it were piling around him!

Faintly, a blood-colored crocodile moved in stillness!

In a flash, it catapulted out!

However, the moment it shot out, the Blood Crocodile exploded violently, turning into a thick mist of blood.

"A bit challenging, but manageable."

"Divine Seed Martial Arts, they are still Martial Arts, to me, no Martial Arts can be too challenging."

A smile curled up at the corner of Li Che's mouth.

The next moment.

The smile on Li Che's face suddenly vanished.

His body swelled up abruptly, stretching tall like Tower Mountain.

His black hair wildly danced, his eyes sparked with electricity!

"Hu."

"Inhale——!!!"

After exhaling softly, Li Che suddenly inhaled, and in an instant, the pervasive blood mist in the courtyard was all absorbed into his body.

He picked up a bamboo hat and placed it on his head, and donned a newly carved Cute Bull Mask over his face.

Li Che instructed the [Fairy in the Painting] avatars in the courtyard to diligently cultivate their Divinity before

Taking a step out.

Master Level Lingxu Baqi Step!

Like a flicker, he appeared atop the courtyard's high wall.

With one step, he instantly traversed a great distance, leaving a trail of lingering afterimages in various poses along the route.

...

...

In the deep silence of the night, under a restless sky!

Li Che, wearing the Bull Demon Mask, his black robe fluttering in the wind.

He would not show mercy to those who targeted his daughter, nor did he need to.

His daughter was his reverse scale; whoever harbored malice would die!

This was the towering wrath of a calm and honest father provoked.

"Su Family, Su Chuyang."

"Corpse God Cult, Demon Child."

Underneath the mask, Li Che's eyes glinted with the light of killing intent.

Tonight, the night was beautiful.

And Li Che had just achieved a breakthrough in his realm.

So, as friends who often take lives should know... tonight is a good night for killing!

The Heaven and Earth chessboard expanded from his brow, enveloping the area.

With a clench of his five fingers, a Thunder Chess Piece appeared in the palm of his hand.

Accompanied by the explosion of his Fairy in the Painting avatar into a mist of ink, Li Che then took over the avatar's position.

A luxurious mansion was in sight, but it was smaller than the one previously bombarded by the Guanyin Lotus Main Battle Tank.

Looking at the tightly closed doors of the mansion, which seemed enveloped in a dead silence.

The Demon Child was inside this mansion.

This Demon Child who coveted his daughter, who kept calling her 'Madam'!

A fighter jet among the Yellow Hairs!

And still harboring the delusion of scheming against his daughter!

Earlier, with the Heaven and Earth chessboard's coverage, Li Che sensed a strong presence of the Space-Time Corpse Technique.

He saw a black fog vortex appear beside the Demon Child, from which an Upper Rank Corpse God Envoy of the Six Ministries emerged.

"An Upper Rank Corpse God Envoy from the Six Ministries... should be equivalent to the Fetal Breath Transformation or a Supreme Grandmaster at the Top Three Flowers Realm."

"The Corpse God Cult does have some capabilities, daring to infiltrate an Upper Rank Corpse God Envoy in Dao City. Such an envoy... once their breath and identity are exposed, the Divine Guard Army, Temple Control Bureau, and Divine Sect, none will spare him."

Li Che was not afraid.

Because through the Heaven and Earth chessboard, with the Beidou View, he saw that the Corpse God Envoy who had teleported using the Space-Time Corpse Technique had left.

"It seems to be going to hunt the Assassin from the Hunting God Pavilion to contend with the Underworld..."

Under the mask, the corners of Li Che's lips curved slightly upwards.

Just in time.

Li Che could not wait any longer.

Taking advantage of the Six Ministries Corpse God Envoy's absence, he could attempt to kill the Demon Child.

Li Che did not underestimate this Corpse God Cult's Demon Child.

He would personally deal with the Demon Child only after his Cultivation had a breakthrough...

After all, the Corpse God Cult was willing to sacrifice three Venerable Curse Gold Corpses to protect this Demon Child...

Which indicates that the Demon Child's value or status in the Corpse God Cult was certainly not low.

With a flick of his finger, the scroll quivered.

Horse Face sprang forth, clutching the Immortal Fire God Barrett.

Then, Li Che flicked his finger again, rending the air, and a slim red Fire God Dragon Fang appeared.

However, atop this Fire God Dragon Tooth Bullet, there was a pattern of a Black and White Yin Yang Fish.

This was what the Fairy in the Painting avatar had been diligently developing...

The Black and White Extreme Collapse Annihilation Dragon Tooth Bullet!

Horse Face took this annihilating Dragon Tooth, concealed his breath, and swept toward the distance, and once Horse Face found an excellent sniping spot,

Click!

The slim, one-inch-longer Black and White Extreme Collapse Annihilation Dragon Tooth Bullet was immediately loaded by Horse Face into the Fire God Barrett.

Li Che stood still, his Heaven and Earth chessboard having captured everything!

In an instant.

In the courtyard.

Sitting on the threshold with dark circles under his eyes, the Demon Child waited for the return of the Corpse God Envoy.

Suddenly, his brow's Prison Lotus Divine Pattern burned, sending chills down his spine!

An overpowering sense of death, so intense it almost suffocated him, rushed over him like a smothering shadow!

"Protect me, quickly!"

"It's him!"

"He's here!"

Chapter 638: 5 Divine Gang Primordial Spirits Explosively Kill the Demon Child, You Call Corpse God, I Invite Equaling Heaven [Seeking Monthly Ticket]

The night was deep, with stars sprinkled across the sky.

Black clouds drifted lightly in the air, obscuring the bright moonlight.

The vast Qianyuan Dao City, bathed in moonlight, seemed as though the entire city was softly glowing, and each temple dotting the mid-mountain appeared to be pulling down the moon's essence, scattering it from the heavens.

At every faintly glowing spot, there was a temple.

That would be the Mysterious Temple, more active at night than during the day.

As if the Temple Gods of the Mysterious Temple had awoken from slumber, they opened their massive mouths, siphoning the cold moon's essence.

In the Dao City.

There stood an extremely concealed pavilion.

A thick black mist suddenly rose and tumbled in front of the pavilion's gate, and then a figure in white emerged from the swirl of dark energy.

Wearing a white mask as smooth as jade, with the numeral "six" upon it, was none other than the Six Divisions Upper Rank Corpse God Envoy who had departed from the Demon Child.

Beneath the mask, their eyes were deep and profound.

With a flick of a finger, a wisp of Death Qi shot out swiftly, burrowing into the pavilion.

In a moment.

The pavilion's doors abruptly opened!

Amidst the roaring wind, a faint voice floated out: "Esteemed guest, please come in."

The voice was elusive, impossible to trace to its source.

"Eh? A Curse Jade Corpse?"

"The Corpse God Cult... quite audacious, daring such acts within Dao City... Have they concluded that those with Divine Fetus have entered seclusion?"

The Corpse God Envoy's white robes fluttered, their jade mask shimmering under the moonlight with a jade luster.

"What's this? The Corpse God Cult is forbidden?"

"Rest assured, esteemed guest," came the reply. "Here at Hunting God Pavilion, we care not of one's origins, only interests. If you can pay the price, you're welcome inside."

Hearing this, the Corpse God Envoy gave a slight smile.

This was the Hunting God Pavilion.

Here, they wouldn't care if you were from the Corpse God Cult. As long as you could provide sufficient benefit, you could enlist the services of a Godhunting Pavilion Assassin.

The Corpse God Envoy set foot inside lightly.

Boom—!

The gate to the pavilion closed instantly.

Countless lights ignited, and the Corpse God Envoy felt the world spinning, the next moment their vision clearing slightly.

Inside the pavilion was an entirely different realm—it was but a mere portal for teleportation.

Step inside, and the Divinity Formation would be triggered, transporting one to another place.

But it must still be within Qianyuan Dao City.

Even now, as the Cultivators' understanding of Divinity deepened, they still could not create long-distance Divine Formations for teleportation.

Enclosed surroundings, no windows, space sealed off, and with Divinity Formations that confused one's perceptions, it was impossible to discern one's location, as if time and space had been muddled.

Even this Curse Jade Corpse of an Envoy could not sense where he was.

"Esteemed guest, who do you wish to kill?"

The faint voice drifted again.

Then the Corpse God Envoy saw the figure seated on the high seat.

The figure wore a jade mask.

Indeed, it was the Jade-faced Killer of the Hunting God Pavilion, a being far superior to a Golden-faced Killer.

The Corpse God Envoy's eyes narrowed: "Underworld."

"Bull Demon, Horse Face, Divine Monkey, Black and White Impermanence... All are to be killed."

The words fell.

"Underworld..."

The Jade-faced Killer, with his vast black robe, suddenly billowed as if stirred by a gust, his deep voice echoing and resounding.

"Underworld, this power... related to Equal Heaven Temple, not the ordinary or the simple."

"Bull Demon, Horse Face, Divine Monkey, and Black and White Impermanence. According to the information of the Hunting God Pavilion, aside from Horse Face, the rest possess Great Grandmaster Level combat power..."

"Furthermore, the Netherworld Ox Demon, having slain Su Huaili, has fought against the West Camp Divine Guard Army and Governor Long Tai without defeat, can be considered an Innate Great Grandmaster..."

"Can you take on this mission?" the Corpse God Envoy spoke blandly.

"It'll cost extra," said the Jade-faced Killer with a grave tone.

The Corpse God Envoy's eyes flickered. "The Underworld had once slaughtered all of your Godhunting Pavilion's branches in Golden Light Prefecture... Killing Underworld should be your Hunting God Pavilion seeking revenge as well, two birds with one stone, and still you demand extra?"

The Jade-faced Killer, upon hearing this, softly smiled: "Those who died were Godhunting Pavilion assassins from Golden Light Prefecture, what has that got to do with Godhunting Pavilion assassins from Qianyuan Dao City?"

The Corpse God Envoy, hearing this, was likewise silent.

Indeed, the Hunting God Pavilion was home to a group of cold and indifferent assassins.

Appealing to their emotions or sympathies was utterly pointless.

"State your price."

The Corpse God Envoy said.

"For the Bull Demon, one Lower Five Elders Divine Crystal, ten Six Ministries Divine Crystals."

"For Horse Face, ten Six Ministries Divine Crystals."

"For Divine Monkey, one Lower Five Elders Divine Crystal, ten Six Ministries Divine Crystals."

"For Black and White Impermanence, altogether fifty Six Ministries Divine Crystals."

The wide robes of the Jade-faced Killer slowly settled, with all hidden winds being cleared from his sleeves, as he spoke slowly.

The Corpse God Envoy's eyes slightly narrowed, this price...

Indeed was much higher than imagined.

In total, it would cost two Lower Five Elders Divine Crystals, and eighty Six Ministries Divine Crystals!

Such a price... was too great!

Only the Demon Child, with a substantial standing in the Corpse God Cult and vast wealth, could afford such expense.

Otherwise, even as a powerful Curse Jade Corpse, he could not bear to spend so many resources on hiring assassins.

"What if the mission is incomplete?"

"Only one Lower Five Elders Divine Crystal as a deposit, the rest will not be collected..."

"Done."

The palm of the Curse Jade Corpse suddenly turned jade-like, and a Divinity Crystal, the size of a thumbnail and brimming with immense divinity, was flicked out.

Brilliant light burst forth from the Divinity Crystal.

The Assassin with the jade mask caught hold of the crystal.

"Safe travels."

With that statement.

The Divinity Formation was triggered once again.

The overwhelming divinity crashed like a tidal wave.

And the next moment, the Corpse God Envoy felt disoriented, even their Primordial Spirit's senses were sealed.

Chapter 639: 5 Divine Gang Primordial Spirits Explosively Kill the Demon Child, You Call Corpse God, I Invite Equaling Heaven_2

Waiting until his senses had cleared,

Li Che found himself back in the pavilion at the entrance.

Stepping out of the pavilion, the eyes beneath the Corpse God Envoy's mask suddenly sharpened, his head snapped up, and thick Death Qi and dark energy billowed tumultuously behind him!

"How dare you!"

...

...

Deep in the night, thick gray clouds suddenly floated across the sky.

Under the moonlight, the edges of the dark clouds emitted a weak, cold luminescence.

Atop the roof.

Horse Face stood quietly, setting up the modified long and narrow Immortal Fire God Barrett.

Slowly lifting it, beneath the Horse Face mask, a pair of eyes were deep and dark.

Wrapped in a black robe, Bull Demon's mask tore open between the eyebrows, revealing a golden eye. The Star Plucking Pupil shone brightly, combined with the Heaven and Earth chessboard, it directly spanned and enveloped the entire Mansion City,

And completely blocked any external probing, unless a deity of the Divine Embryo Realm forcibly spread out their Divine Sense to sweep and probe.

Otherwise, the setup would essentially remain undetected.

Heaven and Earth chessboard!

Lock on!

Beneath the Horse Face mask, the pupils flickered with streaming light.

At the same time.

Li Che raised his hand to press on the mask, and in an instant, his Qi-Blood surged, and his muscles and bones let out a booming snap. Amidst the violent bursting sounds, each inch of his muscles seemed stacked like steel.

Blood-colored currents seemed to scurry across the surface of his body, and one after another Divine Gang burst forth like Jiao Dragons, coiling within his palm.

Poised and ready to strike!

Horse Face's eyes as if connected to the Heaven and Earth chessboard.

In the next moment, a powerful Divinity burst forth from his body.

Thunder Alley, within the courtyard.

Boom, boom, boom—

One after another, the Immortal Avatar split into pieces!

Turning into dense ink fog!

The majestic Divinity flowed back, all of which Li Che transferred in an instant into Horse Face's body.

Then, Horse Face transferred it all into the Immortal Fire God Barrett, where faintly, it seemed like a red firelight converged into a furious red Jiao Dragon, wrapping around the narrow Fire God Barrel!

Boom—!!!

Like the Mystic Thunder from the Nine Heavens, falling to the human world!

It suddenly exploded, tearing the eardrums!

Instantly, countless gusts of wind seemed to be sliced through at that moment!

On the red-hot barrel of the Fire God Barrett, patterns like bulging blood vessels!

A powerful force propelled it, countless flames burst forth, lighting up the night with the most splendid glow and heat!

Hiss, hiss, hiss—!

A slim and exceedingly long Black and White Extreme Collapse Fire God Dragon Fang shot out under the tumbling flames.

The interwoven black and white patterns on it spun rapidly, as if a black and a white Chess Piece were spiraling in motion!

In silence, it contained a force capable of destroying heaven and earth!

The fire wrapped around the Extreme Collapse Dragon Fang, as if a volcanic Dragon slithered out, baring its fierce fangs!

Hiss, hiss!

The heatwave was scorching, distorting the air currents!

At the front of the Extreme Collapse Dragon Fang, the air currents became cone-shaped, veering rapidly to the sides!

The speed...

Reached the extreme!

Almost instantly at the sound, it had already arrived inside Mansion City.

A sky-covering desire to kill!

Poured down in an instant!

...

...

The Prison Lotus Divine Pattern on Demon Child's forehead "hissed" with steam.

Temple God Divinity was frantically alerting him of danger!

It was a kind of danger that made his hair stand on end, that could bring his life to an end!

In a moment, Demon Child had pinpointed the source of danger!

Bull Demon!

It must be Bull Demon!

In Qianyuan Taoist City, the only one Demon Child obsessed over wanting to kill was Bull Demon!

No one else, not even the Temple Control Bureau, exhibited such intense killing intent towards Demon Child.

"What kind of madman?!"

"Have I ever provoked him?!"

Demon Child gnashed his teeth; he never provoked the Netherworld Ox Demon...

He completely didn't understand the cause of his death.

Since his escape attempt in Golden Light Prefecture and being targeted by the Underworld, Bull Demon had relentlessly pursued him!

What had he done?

Had someone hired an Underworld Assassin to kill him?

But he didn't recall offending anyone in Golden Light Prefecture City?

Demon Child was utterly confused, his small head twisted in fury, with dark circles under his eyes nearly widening further.

Suddenly.

Demon Child violently sprung up from the threshold, toes tapping down, a surge of Death Qi spreading out, sweeping the area, his five fingers clinched, and three Golden Beans were immediately thrown out by him.

Instantly, in front of him, they turned into two golden Cursed Golden Corpses!

He was left with the protection of only two Cursed Golden Corpses.

Originally there were five, but three were destroyed by the mushroom cloud explosion instigated by Bull Demon...

Now, with only these two Cursed Golden Corpses for protection, it wasn't enough... absolutely not enough...

Because Demon Child had long heard how Su Huaili died!

Su Huaili even summoned the Corpse God Will but was still killed!

And You Liqing's protection for Su Huaili was also from two Innate Great Grandmaster Level experts!

Such defensive power, and yet Su Huaili was still brutally killed by Bull Demon!

Demon Child...

Feared he would meet the same fate!

So, two Cursed Golden Corpses really weren't enough!

"Ah, ah, ah, ah—!!!"

"Damn it!"

Even when previously hit by that terrifying mushroom cloud fireworks, he had never felt such a looming fear of death!

That ever-closing terror, the spreading sensation of death, filled the whites of Demon Child's eyes with bloodshot webs-like veins!

Death was drawing nearer!

Could it be that Bull Demon has kept an eye on him all the time?

After the Six Divisions' upper-ranked Corpse God Envoy left, Bull Demon immediately made his move!

Such impeccable timing!

As if Bull Demon was hiding in a corner all the time, waiting for his protection to depart, waiting for the moment his defenses were weakest to strike like thunder!

Chapter 640: Five Elements Divine Gang Annihilates Demon Child, You Call Corpse God I Invite Equaling Heaven _3

This is the top hunter!

In an instant...

Demon Child felt that everything around him had quieted down.

All sounds seemed to be erased, devoured by an invisible force!

Between Heaven and Earth, only black and white remained!

A horrifying color suddenly appeared in the bloodshot eyes of the Demon Child.

Then, a red glow suddenly appeared from outside the mansion, tearing through the night sky like a comet with a swinging tail!

As swift as thunder falling through the Heavenly Dome!

"Block it—!!!"

Demon Child screamed!

Although he was a Demon Child of the Corpse God Cult, he was only at Divine Base Perfection now; after all, his cultivation practice of Corpse God Divine Skill needed time to strengthen.

The divinity majesty contained in the Extreme Collapse Dragon Tooth was almost comparable to a burst from a Divine Element True Person!

How could Demon Child not be frightened?!

Hum—!

A Cursed Golden Corpse burst into a brilliant golden glow, interweaving a Golden Gang!

In a flash, a golden spear was formed, grasped by this Cursed Golden Corpse, and pointed fiercely toward the Extreme Collapse Dragon Tooth!

The tip of the Dragon Tooth seemed to touch the sharp point of the Golden Gang!

The Cursed Golden Corpse's eyes turned blood-red, its muscles and bones clanging loudly as they stretched out.

The spear pointed out seemed to bend slightly, as if bearing the weight of an immensely heavy collapsing mountain!

It was just a third of a breath's time.

The Extreme Collapse Dragon Tooth was struck by a powerful force, immediately exploding violently!

In an instant!

The entire courtyard seemed to be filled and overwhelmed by brilliance!

Endless light, scorching light, blinding white light!

A swirl of black and white suddenly emerged, continuously spiraling, possessing an extremely terrifying annihilation force!

The Cursed Golden Corpse's crimson eyes narrowed, instantly swallowed by the exploding black-and-white brilliance!

Like a giant black-and-white spinning lid, it ferociously slammed down, covering the Cursed Golden Corpse within!

Sizzling—

Countless wild winds were pushed away, thrown out by the vortex, clearing out a spotlessly clean void!

The sounds of clanging explosions blasted, Golden Gang of the Cursed Golden Corpse rampaged wildly within, contending against the annihilation force that grinded like a millstone!

Meanwhile, another Cursed Golden Corpse protected the Demon Child, blocking the raging storm!

Carrying Demon Child, they rapidly retreated, fleeing hundreds of feet away!

But as soon as they landed.

The eyes of the Cursed Golden Corpse suddenly tightened, its five fingers clenched, and its unique Golden Gang of Cursed Golden Corpse fiercely lashed out towards the air in front.

There...

Somewhere in the air, unnoticed, a white chess piece was rolling along with the airflow!

Suddenly.

The chess piece was grabbed by a hand as large as a fan.

Replacing it...

Was a terrifying and domineering Qi-Blood, as well as an oppressively huge body!

Rumbling!

Qi-Blood rolled, stirring the air, a thunderous sound bursting from the sturdy body of the Bull Demon.

That was the sound of air being violently torn apart!

Because, without any nonsense, Li Che had hidden a Flying Thunder Chess Piece within the Extreme Collapse Dragon Tooth.

The moment the Extreme Collapse Dragon Tooth exploded, the chess piece was propelled by the powerful explosion.

Under the micro-control of the Heaven and Earth chessboard, it raced toward the Demon Child.

When it came within a range of one zhang from the Demon Child, it was finally detected by the Cursed Golden Corpse, Golden Gang lashed out, intending to shatter the chess piece!

"Bull Demon—!!"

Demon Child's eyes were about to split!

It's you, you scheming bull!

To kill a child of merely Divine Foundation, and yet you plot so deeply, nothing honorable about it!

Truly fitting for the Bull Demon, truly malicious, ruthless, and cunning!

Li Che's eyes beneath the mask were utterly cold!

Not feeling the slightest bit that his assassination methods were improper or dishonorable.

What's the point of being honorable?

Killing is about efficacy!

Facing this young Huang Mao who fantasized about his daughter, repeatedly addressing her as 'madam'!

Li Che didn't want to say a single word, no pleasantries necessary, even though the other was a prestigious Demon Child from the Corpse God Cult.

But Li Che also had no hesitation or concern!

Midair, his five fingers were already clenched into a fist, fiercely punching out, Divine Gang spreading from his fists and arms!

Hitting towards the Innate True Gang of the Golden Gang unleashed by the Cursed Golden Corpse, comparable to an Innate Great Grandmaster!

Boom—!!!

The qi wave roared explosively!

It was just a collision, a huge shockwave spread instantly, causing all the dust within the mansion to blast high into the sky!

The Cursed Golden Corpse protecting the Demon Child showed a flicker of astonishment in its eyes.

"Divine Gang?"

"Not Innate?"

However, just as it slightly relaxed, its nerves tensed up again!

Because, the power coming from that Divine Gang...

How could it be so horrifying?!

Is this Divine Gang?

What kind of Divine Gang is this?!

In an instant, the terrifying level of Qi-Blood on the Bull Demon's body violently erupted, instantly churning blood mist, like a volcano spurting a column of magma!

Boiling heatwaves surged furiously, powerful qi waves blasting wildly!

Five types of Divine Gang twisted together, forming one Divine Gang!

Five Elements combined into one!

Dragon Elephant Vajra Transformation!

Myriad Transformations Dragon Elephant!

Li Che burst out with a towering killing intent without reservation!

With a move, it was the Martial Saint Ultimate Technique!

Like the shadow of a dragon and an elephant condensing behind him, Divine Dragon baring its teeth and roaring, Giant Elephant flinging its trunk and screaming!
