

## **A Father 641**

Chapter 641: 5 Divine Gang Primordial Spirits Explosively Kill the Demon Child, You Call Corpse God, I Invite Equaling Heaven \_4

The powerful Martial Dao Will spread from the center of Bull Demon's brow!

Dragon Elephant Will, trampling the earth and shattering the heavens!

Because the distance was too close, even with the protection of a Cursed Golden Corpse powerhouse, he was still impacted by the intense dominance of Bull Demon at this moment.

His eyes became dazed, the Prison Lotus Divine Pattern on his brow was extremely hot, yet it couldn't withstand this impact...

In a daze, it seemed like he saw a giant elephant as large as a mountain fiercely stamping down, the ground exploding open, fractured and shattered, and a Divine Dragon winding up, rushing into the dome of the sky, smashing the heavens!

How terrifying!

How terrifying—!

Demon Child was immensely horrified; such Horizontal Refinement, such extreme refinement of the physical body!

He couldn't block such power!

No!

He couldn't even block it for a tenth of a breath!

He would instantly be smashed into pieces of flesh scattered everywhere!

Boom—!!!

Cursed Golden Corpse roared, intense Death Qi and Corpse Qi surging up tumultuously!

Five fingers clenched, forcibly thrusting out a punch, colliding head-on with Bull Demon's intensely dominant punch!

Five Element Divine Gang fiercely like a True Dragon, and his Golden Gang collided at that instant...

His Golden Gang immediately dissipated!

And that fiercely dominant punch almost condensed together Li Che's Martial Dao Will refined from Five Martial Saint Techniques!

Five types of Divine Gangs, an Unparalleled physique...

The gaps between Li Che and an Innate Great Grandmaster had long been bridged!

The whole arm of the Cursed Golden Corpse, seemingly crafted from gold, shockingly broke apart, unable to block Bull Demon's punch!

It's as if a heaven-shattering force smashed brutally into the chest of Cursed Golden Corpse!

Forcefully smashing his breastbone deeply inward!

As quick to say as it was to happen!

The Cursed Golden Corpse almost shot backward like a cannonball, tearing the ground of the mansion into shambles, with countless rolling sands and stones shooting out!

Demon Child was impacted by the aftermath, coughing out large amounts of fresh blood, rolling continuously far on the ground like a rubber ball.

Instantly, Demon Child felt his hairs stand on end, only to find his shadow wriggling and a Great Grandmaster level assassin sprung out.

A pitch-black dagger, aimed directly at his neck!

Demon Child's body became rigid with cold, Shadow Guard True Person was not only a Great Grandmaster but also a Divine Element True Person level powerhouse.

The pressure of Divine Hierarchy smashing down.

"Can't block it...completely inescapable

Demon Child felt utter despair.

He couldn't wait for the return of the Cursed Jade Corpse, Corpse God Envoy from Six Divisions.

If the Cursed Jade Corpse was there, he would be safe.

But...

He couldn't wait anymore!

Demon Child disheveled, let out a shriek, instantly, an extremely terrifying Divinity energy erupted from inside his body!

Shadow Guard True Person's emotionlessly wielded dagger, however, did not falter for even a half breath because of Demon Child's scream.

A clean slash across the neck, Shadow Guard True Person is a professional!

Thud!

The dagger passed, sharply decapitating Demon Child!

The head soared into the air, hair wildly swirling!

However...

The disheveled head of Demon Child continued to scream incessantly.

The rotating head thrown into the air was grasped by Demon Child's headless body, holding the head, the mouth on the head painfully tearing, screaming non-stop!

One punch leaving the Cursed Golden Corpse with a deeply indented chest, Li Che who exploded outwards also furrowed his brows.

This assassination plan that had been flawless up to now...

Seemed to have encountered some unforeseen issues!

Li Che's eyes deep, watching as the Prison Lotus Divine Pattern on Demon Child's brow dissolved, as if devoured by some terrifying existence.

A powerful and fearsome scarlet Divinity, suddenly erupted from Demon Child!

Around Demon Child's small body, it seemed like a powerfully enlarged balloon suddenly burst into being!

A force...

As if not belonging to this world.

Violently descended!

...

...

Hoo hoo hoo—

The cool evening spring breeze brushed through the empty long streets of Dao City.

Stirring up surges of airflow!

Suddenly.

A figure swift as electric current, diving out explosively, its speed too fast!

In an instant, it covered a distance of a hundred yards!

Silent and untraceable, as if vanishing into the darkness.

Not that he didn't use the Space-Time Corpse Technique to directly reach the Demon Child's side.

Rather, he had lost his target and could not pinpoint the Demon Child's location, thus rendering the Space-Time Corpse Technique unusable.

The master intent on assassinating the Demon Child was clearly a Divine Array Master proficient in the art of spatial sealing!

Crashing sounds...

His figure suddenly halted, the Jade-faced Corpse God Envoy's eyes beneath the mask suddenly revealed an utterly terrified expression.

He fiercely clutched his chest, where a feeling akin to intermingling electric currents explosively shattered.

In the darkness, an unbearably terrifying will was madly descending!

"Corpse God Seal?"

"Desiring to rival the Corpse and Flesh Guanyin... desiring the Corpse God!"

"Our Cult's Corpse God!"

Boom!!!

The Jade-faced Corpse God Envoy, his body trembling uncontrollably, was suddenly drained of all strength to even move.

He collapsed directly to the ground, kneeling towards the direction of that mansion.

His head touched the ground, his eyes beneath the jade mask filled with boundless terror.

"Corpse... Corpse God forgive me!"

...

...

Even with the separation of the Heaven and Earth chessboard, the connection between the Corpse God and the followers of the Corpse God Cult cannot be severed.

It is a connection established at the soul and faith levels!

At this moment.

The entire Qianyuan Dao City seemed to be vibrating.

Faintly, in many places, the Death Qi and Corpse Qi were subtly spreading, an uncontrollable situation.

Many people directly knelt on the ground, facing an entity of a rank they could not comprehend!

Inside a grand mansion.

Li Che, wearing the Bull Demon Mask, his physique imposing like Tower Mountain, terrifying Qi-Blood booming and surging, encircled by ten strands of Five Elements Divine Gang.

Each tremor shook the air, causing it to burst out loudly!

His eyes intensely focused on the distance.

There, the beheaded Demon Child, now... burst forth with an even more terrifying aura, making even the aura of the Cursed Gold Corpse seem somewhat stretched thin!

"What in the world... is this?"

The Demon Child of the Corpse God Cult... what is it?

The burning power of Bloodline...

Could the Demon Child be the offspring of the Corpse God?!

Li Che furrowed his brow.

Without much panic.

The oppressive feeling was definitely present; an extreme Divine Hierarchy oppression, before which ordinary Divine Cultivators might not even be able to move a finger.

Even for Li Che, nearly all the Divine Foundation in his Niwan Inner Scenery Space was trembling.

The Fire-Eyed Mystic Ape Divine Form and Hundred-Turned Worried Dream Gui Ling Rabbit Divine Image were also trembling slightly.

This was the suppression unique to the Divine Hierarchy!

Rumble

Hovering in the Niwan Inner Scenery Space.

The Spiritually Bright Real Ape Divine Appearance, which was slowly in slumber, gradually opened its eyes.

As if thumping its chest, it issued a furious roar!

In the distance.

The tiny body of the Demon Child held its own head, the eyes in those dark circles suddenly turned pitch black.

A terrifying divine-like aura, centered around the small body of the Demon Child, pushed out waves in a rolling tumult!

The body of the Demon Child slowly floated off the ground.

Reattaching the held head back onto its neck, it twisted fiercely due to the incorrect orientation, with a cracking sound...

The head rotated a full one hundred eighty degrees!

A terrifying rank pressure rolled out like a landslide behind him.

However...

Seeming to invite the descent of the Corpse God, the Demon Child.

His gaze faltered.

"Calling a god?"

But then the Bull Demon, with a squeeze of his fingers, seemingly conjured a golden monkey hair mask fluttering in the wind out of thin air.

The Mythical Weapon!

Equal to Heaven's Face!

Unrestrained, wild, flamboyant!

He fiercely covered it over his face.

You summon the Corpse God?

I invite Equaling Heaven!

Chapter 642: Neither Gods Nor Buddhas Can Suppress Me, What Counts the Corpse God?

Li Che had never known why the Demon Child of the Corpse God Cult held such a revered status.

Not strong in power, not high in cultivation, yet capable of marshaling the Cursed Golden Corpses of the Corpse God Cult to die for him.

Now, Li Che had come to understand a bit.

Rank.

Corpse God Rank!

This Demon Child of the Corpse God Cult, with the blood of the Corpse God flowing in his veins, might be a descendant of the Corpse God or perhaps a vessel for the Corpse God's descent.

In any case, the connection between the Demon Child and the Corpse God was of utmost importance.

This connection was even worth the Corpse God Cult spending a great deal to protect.

Each Cursed Golden Corpse was equivalent to the existence of an Innate Grandmaster Level, although perhaps in terms of martial arts, the Cursed Golden Corpses couldn't compare with a real Innate Grandmaster.

However, the Golden Gang generated by the Cursed Golden Corpses reached the strength of Innate True Gang, capable of contending with True Gang.

Li Che believed it was absolutely not easy for the Corpse God Cult to cultivate a Cursed Golden Corpse, necessitating a great cost.

Yet they were willing to dispatch five Cursed Golden Corpses to protect the Demon Child!

Now, seeing the Corpse Qi bursting forth from the Demon Child, Li Che understood the reason.

Desiring the Corpse God!

One of the Six Great Corpse Gods of the Corpse God Cult!

This was not the will of the Corpse God, but the true soul spirit of the Corpse God housed within the body of the Demon Child, awakening at this moment.

It was like truly facing a resurrected Corpse God!

Li Che's mind whirled, instantly understanding the Demon Child's status within the Corpse God Cult.

Therefore, Li Che did not underestimate at all, apart from the Spiritual Monkey Divine Appearance unaffected by the terrifying rank pressure emanating from the opponent.

The other two Temple God Avatars also felt the pressure.

Thus, Li Che immediately entered a steady mode, opted for cautious action, and brought out his strongest trump card.

He summoned the Mythological Weapon [Face of the Firmament]!

In the distance.

The Demon Child's body straightened, his eyes coldly shifted towards him.

That was a lofty gaze, as if a god overlooking mere mortals.

Whoosh whoosh—

The evening wind seemed to turn into myriad icy cold currents!

The small figure of the Demon Child hovered in the air, a massive Corpse God Seal behind him, continuously revolving.

His voice, devoid of any emotion, nor even containing Divinity, reverberated like thunder throughout the entire residence, overshadowing all the noise of the roaring air currents.

"Boldly daring to kill my reincarnated body, presumptuous!"

"Die—!!!"

His words came to an end.

Following it, a terrifying murderous intent surged forth!

The explosion of the word "die" kept echoing, as if blasting towards the heavens and earth!

Almost in an instant, the small body of the Demon Child vanished from its original spot, only to reappear right before Li Che, now covered by the Face of the Firmament.

Enormously rich Death Qi and Corpse Qi burst forth from the Demon Child's body!

A scream, sharp to the extreme, suddenly erupted.

"Die—!!!"

Terrifying red light blossomed in an instant, like a dam burst, the torrential river water unstoppable!

Billowing Corpse Qi and Death Qi surged wildly like boundless seas.

In an instant, they filled the entire residence!

Boom boom boom!

Though Death Qi and Corpse Qi should have been extremely cold, at this moment, originating from the Demon Child, they erupted with all the light and heat of a Big Sun's lifetime!

Blazing intensively, hot as fire!

An indescribable terrifying will, overwhelming and sweeping through!

Ah—!!!

At this moment, throughout the entirety of Qianyuan Dao City, all those from the Corpse God Cult, who perceived this terrifying will, evil people branded with the Corpse Curse Mark, felt the most terrifying presence in existence right next to them!

Very close!

They all trembled as they knelt on the ground.

Even the Divine Envoy of the Six Divisions knelt down.

At this moment, even if they were to be cut down by swords immediately, they dared not dodge in the slightest.

Li Che, now wearing the Face of the Firmament, having achieved the Three Pure Ranks [Heaven and Earth Spirit Bright True Ape], finally had a slight capacity to activate this Mythological Weapon!

But at this moment, even the facial expression under Li Che's mask slightly changed!

Is this the true will of the Corpse God?

Even if unleashed through the body of the Demon Child, it was extremely terrifying!

Far beyond comparison with the Master of Divine Gang, or even the will of an Innate Grandmaster achieving Unity of Heaven and Man.

Even someone like You Liqing, a Supreme Grandmaster at the Top Three Flowers Level, couldn't compare!

Perhaps...

Only a Martial Saint who has gathered the Top Three Flowers and achieved the condensing of Five Qi towards the Yuan, can unleash such a terrifying will that seems to descend from beyond the illusion!

Li Che, now close at hand, felt his heart pounding; even with the Face of the Firmament covering him, he felt the omnipotent intentions of the Corpse God!

As if to be overwhelmed in mind and spirit, utterly succumbing to the Corpse Curse Mark in an instant, turning into a corpse slave under the Corpse God!

Beneath the Face of the Firmament, Li Che's eyes furiously opened!

Chapter 643: I Can't Be Suppressed by All the Heavenly Gods and Buddhas, What's a Mere Corpse God Worth? \_2

Unbridled, flamboyant, and domineering!

Golden monkey hair appeared to fly vividly upon the mask!

Finally, ripples surged in the blood-red eyes of the Demon Child!

"Equaling Heaven

The desire in the eyes of the Corpse God turned a fierce crimson!

"Impossible! Equaling Heaven... Impossible!"

However,

Li Che didn't care about that. After activating Equal to Heaven's Face, his Essence, Qi, and Spirit erupted in a split second.

Countless shadows of the stick stacked upon each other, seemingly ready to shatter the void itself!  
All converging into one!

The ultimate move, Heavenly Equaling Stick!

The Demon Child hovered in front of Li Che, the overwhelming Death Qi and Corpse Qi were swept away by a single strike, turning the long stick into what seemed an indestructible steel blade at that moment.

With a fierce stomp from Li Che's foot, his body twisted, whipping up the Longbow with a fierce and breaking thrust!

The tense nine python-like large tendons on his back suddenly relaxed, unleashing a horrifying force within that one strike!

Boom, boom, boom—!

Like a longbow suddenly released, the climbing power coalesced into the stick.

The Demon Child's blood-red eyes suddenly snapped open, madly and unbridledly releasing the Rank power of the Corpse God, attempting to suppress Li Che in front of him, rendering his movements difficult, and marking him with the Corpse Curse!

However...

Useless!

At that moment, Li Che was unbridled and flamboyant, unfazed by the Corpse God Rank's suppression, indulging in freedom freely!

Not even all the deities in heaven could suppress him with their Rank!

Rumble!

The ground of the entire mansion trembled and bounced!

The ground cracked open, and from those splits, debris flew, making the ground within tens of meters appear as if it were deeply collapsed by the tap of Li Che's foot, bursting out in a web-like spread of circular cracks!

Then, an overwhelming force surged from the trembling ground through the spine, into the arm, into the Xuanjin Eight Treasures Thunder Dragon Stick in hand!

Lightning flashed with thunder!

As if a Thunder Dragon had thrown out its gigantic head from behind the clouds!

Swinging the stick out!

The sound of the wind broke, the tearing blast vanished, even the myriad stick shadows disappeared!

In an instant, that splendidly golden divine stick seemed to vanish without a trace!

In the blood-red eyes of the Demon Child, a surge of furious anger abruptly welled up!

"How dare you!"

With a roar of rage!

The terrifying Death Qi and Corpse Qi rolled, the oppression even more intense!

However, still useless!

"Under the heavens, what do I not dare?!"

That indifferent voice carried boundless dominance.

All the gods in heaven cannot suppress me.

What is a Corpse God?!

The Demon Child raised his arms, attempting to block this stick!

His reincarnated body was too weak, still just a child, not yet matured, not yet robust!

The power he could wield was limited, insufficient to carry the full Divinity!

In terms of physical body, in terms of power, he was no match for the Bull Demon.

Yet, the man in front of him, once he donned the mask, completely disregarded his divine oppression!

Domineering and unparalleled!

Finally!

The vanished stick reappeared, but it was already hovering above the Demon Child's head.

Just a moment.

All the airflow behind the Demon Child exploded under this stick strike, creating pure vacuum!

The rage from the Corpse God that surged in the Demon Child's eyes,

Got completely overwhelmed by the terrifyingly exploding blast in an instant!

Boom!

Countless stones and dirt erupted and flew!

The tiny floating body of the Demon Child was smashed violently onto the ground in just a moment, raising dense blood mist, swirling into the sky!

The entire mansion seemed to split in two from the center in an instant, a stick-shaped crack a foot wide appearing on the ground!

Wild winds swept through with whistles!

The head that the Demon Child had just placed on its neck was thoroughly smashed into its chest cavity, and all the Blood and Flesh on its body exploded into a blur.

All bones shattered into powder.

Yet, the pervasive Death Qi and Corpse Qi between heaven and earth still surged violently!

Li Che gasped for air.

Equal to Heaven's Face instantly retracted back into the Heaven and Earth chessboard, resting quietly within.

Li Che came to the side of the Demon Child's corpse, clutched his Five Fingers and took away the Qiankun Jade of the Demon Child.

Then with a fierce tap of his toes,

With a clench of his Five Fingers, his entire being vanished.

The enveloping Heaven and Earth chessboard also withdrew instantaneously!

The long-suppressed Death Qi and Corpse Qi, at this moment, surged up like billowing smoke, shooting into the sky!

And the Corpse God Rank pressure that belonged to the Corpse God's desire, after being suppressed for so long, radiated outwards in all directions!

...

...

The Six Divisions Corpse God Envoy kneeling on the road, sprung up from the ground.

Under the Jade Face, an extreme shock surfaced!

"How is it possible?!"

The will of the Corpse God came, controlling the reincarnated body of the Demon Child...

And it vanished!

The Corpse God Cult had a total of Six Venerable Demon Children, each a reincarnation meant to herald the descent of the Corpse God.

Chapter 644: I Can't Be Suppressed by All the Heavenly Gods and Buddhas, What's a Mere Corpse God Worth? \_3

Inside Qianyuan Dao City.

Bursts of extremely strong auras erupted!

"How audacious! How dare the Corpse God Cult release the aura of Corpse God within Dao City?!"

From the direction of Dao City Temple Administration Office, someone roared angrily.

The next moment, a powerful Qi-Blood surged like beacon smoke piercing through the night, like a furious dragon rising from the river, overwhelmingly dominant!

In the direction of the Divine Guard Army, the Qi-Blood also churned tumultuously.

Inside the Qintian Observatory Treasure Building, an overwhelmingly powerful Primordial Spirit swept through and then solidified into a form of Primordial Spirit, leaping into the sky.

The Su Family, Yun Family, Zhou Family, and Zhong Family, the four powerful great families within Qianyuan Dao City, also shuddered, and strong figures emerged to investigate.

The originally tranquil night of Dao City seemed to be shattered in an instant.

...

...

Among the ruins, dust billowed.

Several figures with majestic auras, all radiating the Three Flowers, casually waved their sleeves, dispersing the dust.

Instantly revealing the scene within the ruins.

Swoosh, swoosh—

Two streaks of golden light swiftly shot out from the ruins, attempting to escape Dao City.

"Two Cursed Golden Corpses?"

"Under our watch, mere Cursed Golden Corpses think they can escape?"

A cold voice resounded.

Emanating from strong figures hovering around the ruins.

Then, two dragon-chanting roars erupted, immense and intense Qi-Blood merged into two Divine Dragon phantasms, swinging claws and roaring as they struck!

Ten Thousand Dragons Subduing Gods!

Puff, puff—!

The two Cursed Golden Corpses couldn't even defend themselves, directly got blasted by the Dragon Form Fist Gang!

Exploded into a pile of mush!

"You Liqing, you're still as impulsive... These two Cursed Golden Corpses could have been captured to extract information about the hidden members of the Corpse God Cult in Qianyuan Dao City!"

A faint voice drifted.

"Governor Ti, look at him, so eager to kill, just like a villain destroying evidence! I heard that General You's junior disciple has joined the Corpse God Cult... Maybe You Liqing has too! I suggest we investigate him."

A carefree voice emerged from the phantom.

"Yellow Sword Wine, are you looking for death?!"

"Corpse God Cult villains, everyone deserves to be killed, these Cursed Golden Corpses are merely Corpse Beans refined by the Cult, their brains have been ruined long ago, what information can they have?!"

You Liqing's angry voice came through.

"Your junior disciple is a villain of the Corpse God Cult

Yellow Sword Wine still spoke in a provoking tone.

"Enough, stop quarreling."

"It seems like a desire for Corpse God's aura, one of the Six Great Corpse Gods of the Corpse God Cult

"Look at this corpse, dead... it is a Demon Child of the Corpse God Cult, which is hard to cultivate and needs to match the Divinity of Corpse God closely

"To think someone killed him within Qianyuan Dao City!"

"Who did it?"

Even several strong figures were surprised when they discovered the identity of the deceased.

"It must be the Underworld's doing again, such confrontations cannot be hidden, and yet we only sensed it after the battle ended

"Only the Underworld could have arranged such a setup that isolates our senses

"The Underworld has repeatedly committed crimes like this."

You Liqing's cold voice resonated.

"The Underworld

"Such actions by the Underworld

...

...

The moonlight chilly, the dark clouds masking the moonlight slowly dispersed by the wind.

In Thunder Alley, within the courtyard.

Li Che clenched on the anchoring point of the Flying Thunder Chess Piece that was already placed within the courtyard.

His figure, along with the clutching of the Chess Piece, began to reclaim its position.

Strong Qi-Blood thunderously spread out, forming rolling fogs of Qi-wave, striking out towards all directions of the courtyard.

Striking the walls of the courtyard fiercely, it surged up and then was forcefully suppressed back by the Heaven and Earth chessboard, unable to spill out even a bit.

Li Che stood in the center of the courtyard, wearing the Bull Demon Mask, his seething Qi-Blood gradually stabilizing over time.

"The Demon Child... finally dealt with."

Li Che removed the Bull Demon Mask, slowly exhaling.

His muscles relaxed amidst the tremors, his swollen physical body also gradually shrinking back to its normal size.

He changed into a clean Mo Shan.

Li Che sat on the corridor under the eaves.

Closing his eyes, he reflected on the battle.

Wearing the Equal to Heaven's Face, indeed brought a different sensation, the power of Primordial Equal to Heaven Staff climbed steadily, almost neglecting any oppression!

That kind of unrestrained, free, and dominant feeling, made Li Che slightly lost in its thrill.

Isn't the pursuit of a lifetime just to be carefree and free?

"Actually... the will of the Corpse God controlled the Demon Child's body, and the strength displayed wasn't high, it was mainly the Rank oppression of the Corpse God that was too overwhelming!"

Chapter 645: I Can't Be Suppressed by All the Heavenly Gods and Buddhas, What's a Mere Corpse God Worth? \_4

However, it's still not enough...

Even now, he must proceed with extreme caution. Maintaining the Heaven and Earth chessboard requires his utmost effort each time; otherwise, it's too easy to be discovered.

"Hmm, and tonight, for the first time, I used the 'Black and White Extreme Collapse Fire God Dragon Fang,' this bullet that can carry the power of Black and White Extreme Collapse

Li Che, busy killing the Demon Child, had not taken the time to closely feel the Cursed Golden Corpse that had been sniped.

The explosion of the Black and White Extreme Collapse seemed to have caused significant damage to the Cursed Golden Corpse.

The compressed destructive force of annihilation directly caused the arm of the Cursed Golden Corpse, which was shooting bullets, to shatter and explode.

Li Che nodded in satisfaction.

Compared to the Great Avalanche Fire God Dragon Fang, the Black and White Extreme Collapse Dragon Fang's sniping power was even greater!

Master of Divine Gang... basically one shot, one kill.

As for the Innate Great Grandmaster... if slightly careless, they too could be severely injured by the Black and White Extreme Collapse Dragon Fang!

"I still need to continue researching

"Combining Black and White Extreme Collapse with the Great Avalanche to merge their powers into a high-yield deadly weapon! Then use the Guanyin Lotus Main Battle Tank to carry out the bombing

"I wonder if there's a chance to bomb a Supreme Grandmaster at the Three Flowers Upon The Crown Realm to death

Today's Li Che is also aware that he is definitely no match for a Supreme Grandmaster at the Three Flowers Upon The Crown Realm.

The gap is still quite large.

"As for the Divine Origin Great True Man undergoing Fetal Breath Transformation... there's a higher chance to bomb to death compared to a Supreme Grandmaster."

Li Che's eyes flickered.

Thinking of the Divine Origin Great True Man undergoing Fetal Breath Transformation, Li Che couldn't help but think of the Great True Man Elder from the Su Family who was instructing Su Chuyang.

"Regarding Immortal Artisan, besides continuing to develop the terrifying weapon combining Black and White Extreme Collapse and Great Avalanche, it's also time to start working on the Tang Family Mechanism Beast

"To try to push Immortal Craft Dao Fruit to level 5, perhaps, I can only pin my hope on the Tang Family Mechanism Beast."

"I wonder if Sang Yu has prepared the Spiritual Wood I need

Li Che stretched lazily, and his muscles and bones crackled.

Having killed the Demon Child, a sigh of relief completely exited his heart, and Li Che felt his spirit becoming more vibrant, as if his mindset had also been elevated.

Strangling a Demon Child who constantly watched his daughter, Li Che was in a great mood.

...

[Name: Li Che]

[Bonds: Li Nuanxi (Daughter)]

[Dao Fruit: Immortal Artisan (lv4, 55%), Dragon Elephant Vajra (lv4, 80%), Pure Heart (LV4, 15%), Chess Saint (LV4, 40%), Painted Immortal (lv3, 20%)]

[Prototype of Divine Powers: Immortal Worker: Thousand Analyzing Hands, Dragon Elephant Vajra – Ascend, Pure Heart – Soul Capturing, Chess Saint – Great Avalanche, Painted Immortal Mo Sha]

[Divine Skills: Star Plucking, Rosy Cloud Lift, God Drawing, Limitless]

[Reminder: For every safe year grown by the bond object, the Dao Tree can bear one Dao Fruit]

...

In front of him, streaming light emerged, as if a giant tree reaching into the sky from the vast earth had sprung up!

"Huh?!"

"The maturity of the Dragon Elephant Vajra Dao Fruit... it actually reached 80%?! Killing a Demon Child... actually brought back such high feedback?"

"Isn't the cost-effectiveness too high?!"

Li Che was somewhat surprised, after all, the strength of the Demon Child was not strong...

It was the Cursed Golden Corpses protecting the Demon Child that were strong!

However, in this battle, Li Che did not kill a Cursed Golden Corpse.

He merely unleashed the Five Elements Divine Gang, heavily damaging one, but not killing. Based on Li Che's experience, such high maturity feedback shouldn't have been received.

So, it is indeed because killing the Demon Child yielded gains, or it could be said that it was the influencing intentions of the Corpse God on the Demon Child!

"It seems... Me wearing Equal to Heaven's Face, ignoring the pressure of the Corpse God Rank, was even more terrifying than I had imagined."

Li Che pondered thoughtfully.

Suddenly.

Li Che's eyes flickered.

He tapped his foot lightly.

His entire being shot out and appeared in the center of the courtyard.

With a thought.

The Heaven and Earth chessboard roared to life, as if thunder was rolling across the heavenly dome, intensifying the perception and feedback of the surroundings.

All the airs in Li Che's courtyard were sealed.

The next moment.

Li Che's black robe and dark hair fluttered in the wind.

Raising his hand, he flicked his finger.

A black chess piece was instantly shot out.

Pure Heart – Soul Capturing!

BOOM—!!!

That was him, capturing the spirit of the Demon Child after killing it.

The black chess piece floated in the courtyard, slowly twisting, and gradually took on the small figure of the Demon Child.

Dazed and confused, as if missing three souls and seven spirits, a bit sluggish.

Li Che furrowed his brows gradually.

"Is it just a Demon Child?"

Li Che felt slightly disappointed.

He had thought he could take advantage of the situation to capture a small part of the spirit from one of the Six Great Corpse Gods of the Corpse God Cult.

With regret in his heart, Li Che flicked his fingers continuously.

A black chess piece instantly swelled in the wind.

In a flash, it transformed into the burly figure of Xue Dufu.

"Respected my lord, good evening."

"The night is truly beautiful."

"Oh! My lord, will you use your stick to beat me tonight?"

Xue Dufu, perhaps due to his frequent consumption of captured souls, seemed a bit dull-minded.

Starting from a domineering Martial Artist's style, he was now gradually transitioning to respecting his own deranged self.

Listen to this, what utterly vulgar speech?!

Li Che raised his hand to cover his face.

Really...

Well, it's his own cultivated Soul Capturing entity; he could only bear with it.

"You are rewarded."

Li Che waved his hand, letting Xue Dufu consume the befuddled soul of the Demon Child.

"Still offering little snacks to Dufu late at night."

"Oh! My lord, you are too kind to Dufu!"

Xue Dufu respectfully said.

The next moment, he stepped forward, appearing in front of the befuddled Demon Child's soul.

For devouring souls, Xue Dufu was already adept.

With a grab of his five fingers, a powerful aura burst forth like hooks, fiercely clutching at the Demon Child.

However, the moment Xue Dufu touched the Demon Child's soul.

The child's eyes suddenly flickered with a crimson light!

"Scram!"

Bang!!!

A strong force erupted from the body of the Demon Child. Beneath the mask of White Impermanence, Xue Dufu's eyes narrowed.

He was directly blown away, half of his body dissipating into a black fog.

Li Che, covering his face, was suddenly taken aback, his brows furrowing as he looked gravely at the Demon Child.

There, the soul of the Demon Child began to rise, and amidst it, an extremely dense death qi of purity spread out!

Slowly...

Behind the Demon Child, a continually spiraling and rotating seal began to form!

"Oh! My lord, are you finding different ways to hit me?"

Xue Dufu's half-body, gathering within the black fog, was gradually reshaping.

Li Che was too lazy to pay attention to Xue Dufu.

Taking a step, his figure instantly appeared in front of the Demon Child's soul.

The Demon Child's soul roared incessantly!

However, within Li Che's chest, the Immaculate Heart Taoist Fruit vibrated, and he simply lifted a finger, pressing it gently downward.

Snap!

The Demon Child's soul was directly pressed down onto the ground, unable to move.

As the owner of a Taoist Fruit, Li Che had absolute control over the Demon Child as a captured soul.

And Li Che's gaze fell on the floating Corpse God Seal.

On it, Li Che felt an extremely pure Corpse God aura.

This was the Corpse God Seal, completely different from the Corpse Curse's Seal!

The Corpse Curse's Seal was spread by the Corpse God Cult, a means to convert followers.

Although the Corpse Curse's Seal also varies by rank, the higher the seal, the greater the power it brings, even allowing individuals affected by the Corpse Curse's Seal to receive powerful Corpse Curse Technique energies, becoming Cursed Silver Corpses, Cursed Golden Corpses.

But the Corpse Curse's Seal ultimately has a major flaw.

That is, against a high-ranked Corpse Curse's Seal, one can only submit, unable to resist at all.

And the Corpse God Seal...

Its rank fears it surpasses all the Corpse Curse's Seals.

Vaguely, Li Che felt as if he could see through the Corpse God Seal, sensing a terrifying will beginning to awaken.

As if a pair of extremely terrifying eyes wanted to traverse time and space to gaze through the Corpse God Seal.

Li Che reached out fiercely with his fingers, without any hesitation.

He seized this Corpse God Seal in his palm.

And threw it into the Heaven and Earth chessboard!

Frantically stimulating the [Chess Saint] Dao Fruit, severing the gaze that traced the Corpse God Seal!

Chapter 646: The Ape God's Mighty Strike on the Corpse God Seal, Xi Xi Misses Daddy and Mommy

Corpse God Seal, with an extremely high rank!

Just the oppressive force exuded from its rank caused the two Temple God Avatars possessed by Li Che to tremble slightly.

Li Che had almost no hesitation and directly used the Heaven and Earth Chessboard to suppress it!

Moreover, vaguely, Li Che even felt that there was a powerful and terrifying existence, perceiving through the Corpse God Seal, wanting to establish contact and cast its gaze!

From a certain perspective, the Corpse God... should be of a higher rank than the Martial Saint.

When Ji Haihui was slain by Li Che, the will of the Martial Saint formed by the condensation of the bloodline of the Martial Saint within his body, was unable to give Li Che such a sensation.

Not even the Martial Saint Ji Moli could establish contact from thousands of miles away through the bloodline of the Martial Saint.

Thus, from this point alone, Li Che concluded that the Corpse God might be somewhat more terrifying than the Martial Saint.

Of course, this was just Li Che's judgment.

Whether the Corpse God or the Martial Saint is stronger or weaker is still unknown.

But one thing is certain, an existence like the Corpse God, in terms of strength and combat power, definitely is not inferior to any Divine Fetus Great God or Martial Saint!

Therefore, without any hesitation, Li Che immediately pulled it into the Heaven and Earth Chessboard, severing its connections that were yet to be established in the unforeseeable future!

Rumbling!

The entire yard was struck by a blast of air waves, Li Che stood firm, his eyes flashing like lightning.

Inside his chest, it seemed as if a second heart had started throbbing.

Thumping!

Each beat resonated like a thunderclap.

Initially, the Corpse God Seal was resistant, but the [Chess Saint] Dao Fruit was activated by Li Che to the extreme, forcibly suppressed.

It fell onto the chessboard, the interwoven lines on the board continuously indented, as if about to collapse while carrying the load.

It was also like forming into a sunken deep pit, completely binding and entangling the Corpse God Seal.

Rumbling!!

The Corpse God Seal fell into the Heaven and Earth Chessboard, beginning to tremble violently, in a single breath, it rebounded thousands and thousands of times.

The space was almost vibrating causing invisible ripples to appear.

As if it would completely shatter the chessboard!

A suffocating and terrifying oppressive force erupted like a landslide and tsunami from the Corpse God Seal!

Hum

Li Che's Primordial Spirit connection, the next moment, he fiercely opened his eyes, with electricity crisscrossing.

His gaze cast down, he saw the continuously expanding, mountainous-like Corpse God Seal that seemed about to crush the chessboard.

The intensely thick Death Qi and Corpse Qi, along with a special intent within it, all boiled and resisted, wanting to establish a complete connection with the invisible will that was emerging in the outside world!

Originally existing in the Heaven and Earth Chessboard, the refined Seven Elements Corpse Curse Mother-and-Child Seal, at this moment, was trembling non-stop in horror.

As if it was about to burst open.

The oppressive force emanating from the Corpse God Seal, too powerful, too terrifying!

Making the Seven Elements Corpse Curse Mother-and-Child Seal utterly unable to resist.

Li Che's Primordial Spirit floated down, landing on the intersecting lines of the Heaven and Earth Chessboard, his Primordial Spirit dark as ink, seemingly made up of countless black chess pieces.

His black and robust Primordial Spirit's hair flew without wind, standing with hands behind his back, Li Che stepped closer to the Corpse God Seal.

At this point, the Corpse God Seal started to intensely twist and expand, the rich and heavy Death Qi and Corpse Qi churned out, the corrosive power, devastating the world.

The spreading corrosive force, contained powerful Divinity!

However, to Li Che's surprise, this Divinity... was unexpectedly pure!

"Corpse God... is it a Temple God, too?"

Li Che furrowed his brows.

A touch of confusion flashed through his eyes.

Compared to other Temple Gods, this Corpse God... is also too damn active, right?

Or, was it awakened by the group of Evil People from the Corpse God Cult?

Looking at the continuously expanding object, resembling a mount with black oil rolling down its outer layer, instantly, like a muddy mountain, after the sliding down of the black oil, revealed its true appearance.

That was a massive black Guanyin!

Fat, swollen, twisted...

A powerful desire crazily burst forth from the black-oil-entwined Guanyin statue!

Li Che's Primordial Spirit slightly vibrated, almost feeling the presence of various twisting waists around him... Zhang Ya.

Li Che's mouth twitched.

This is the intention-seeking Corpse God?

Slowly raising his hand, countless white lights burst forth from his body, instantly, one after another white chess pieces whizzed around!

In his chest, the [Pure Heart] Dao Fruit vibrated madly!

The Inner Scene of the Energy Center opened!

Reflecting streaming light!

God's Avatars [Fire-Eye Mystical Awe Spirit Monkey], [Hundred-Turned Worry Dream Gui Ling Rabbit]!

All appeared beside Li Che.

His eyes overflowed and jumped with golden flames, the Awe-Inspiring Divinity ravaging the surroundings.

Numerous osmanthus flowers scattered, under the gentle rabbit's head, hung the drifting length of a woman's dress, the dress suddenly tore open, revealing layers of Steel Muscles and Iron Bones!

Two Temple God Avatars appeared, one on the left and one on the right, like protectors by his side, aiding Li Che to confront that Corpse God Guanyin!

Li Che flicked his fingers, the white Pure Heart Divinity shot out, the illusions that appeared all burst open.

Accompanied by the mournful gazes of wife Zhang Ya, like shattered mirrors, the light shimmered.

Li Che flicked his fingers again.

Instantly, the Pure Heart Divine Chess Pieces attracted the black Divine Chess Pieces, spiraling and rushing towards the Corpse God Seal!

"Explode."

Li Che clenched his five fingers.

Black and White Collapse directly erupted!

In the Heaven and Earth Chessboard, an extremely brilliant radiance burst forth, like a brilliant white energy bowl, devouring everything, overturned downward!

Chapter 647: The Ape God Manifests Might, Smashing the Corpse God Seal, Xi Xi Misses Daddy and Mommy \_2

ROAR!!!

The Corpse God Seal bellowed with fury!

Quaking with unstoppable rage!

The mighty Temple God Avatar's intentions swept through like a storm!

In the face of those Temple God intents, Li Che seemed as insignificant as an ant staring face-to-face with a skyscraper!

The terrifying hurricane raged, causing Li Che's clothes to flap and whistle in the wind!

However, behind Li Che, there suddenly erupted a thunderous roar, as if giant drumsticks were ferociously pounding the earth, emitting a soul-stirring sound!

Swelling, bulging!

With each crash of the drumbeat!

It was as if a balloon was being slowly blown up to the point of bursting!

A colossal Divine Minister, mountainous in stature, materialized behind Li Che!

The Spiritually Bright Real Ape!

The giant ape descended, its eyes looking down in disdain, sneering coldly at the Grease-black Corpse God Guanyin.

Thump thump thump thump!

Its fists rose, pounding its chest, making a terrifying thunderous rumble like beating the earth—this was the sound of the Spiritually Bright Real Ape thumping its thick hide!

At the peak of its thunderous pounding, the Spiritually Bright Real Ape suddenly leaned its neck forward and opened its gaping maw, releasing a fearsome roar at the Corpse God Seal!

Countless Death Qi and Corpse Qi were blown aside in one single breath!

The Fire-Eye Mystical Awe Spirit Monkey “squeaked” incessantly, while the brawny Spiritual Rabbit “ooh’d” as it pounded its steel and iron-like chest!

After a bout of furious roars, the three Temple God Avatars crazily surged past Li Che and charged towards the Corpse God Seal!

The Corpse God Seal was trembling with boundless rage!

With a leap, the Spiritually Bright Real Ape clenched its fist, accompanied by a splendidly brilliant sword chant!

In an instant, a sword of utmost darkness, as if to swallow all light and heat, shot out, becoming incredibly vast and held in the grip of the True Ape's hand!

Clasping the sword with both arms, the Spiritually Bright Real Ape leaped ten thousand feet, fiercely thrusting the Prison Lotus Yin Divine Sword, which Li Che was suppressing, with a tight grip!

With a "Puchi," it fiercely stabbed into the Corpse God Seal's body!

A painful howl emanated from the Corpse God, as the Corpse God Guanyin, enraged to the extreme, transformed into a three-headed, six-armed figure, appearing like Divine Skills on display as it furiously slapped down.

The Spiritually Bright Real Ape certainly did not indulge it.

After impaling with one sword strike, its fists clenched, fiercely hammering away.

Each punch shattered and sprayed like splattering black oil!

These two colossal beings seemed to make Li Che's Heaven and Earth chessboard their battlefield, embarking on a terrifyingly severe assault!

The Fire-Eye Mystical Awe Spirit Monkey and the Hundred-Turned Worry Dream Gui Ling Rabbit ran swiftly in the mix, constantly weaving through to sneak attack!

Li Che, standing to the side, flicked his fingers in succession, his Pure Heart Divine Chess Piece transforming into one sharp arrow after another, shooting out and tugging white radiance, fiercely boring into the body of Corpse God Guanyin!

Ganging up?

Li Che never felt that ganging up was a dishonorable act.

Being able to gang up on others shows you're sociable enough to gather so many companions to attack!

Why fight one-on-one when you can outnumber?

Are you out of your mind?!

Li Che was clear-headed, so they surrounded Him!

Even then, it felt insufficient.

Li Che's mind stirred.

[Equal to Heaven's Face] stretched forth!

The Spiritually Bright Real Ape, entwined by a massive Jiaoshe turned from black oil, roared angrily as it grabbed [Equal to Heaven's Face], firmly pressing it against its own face!

BOOM!!!

What followed...

Was exceedingly brutal.

...

...

An unknown amount of time has passed.

Even Li Che's Primordial Spirit felt somewhat weakened, sitting cross-legged in a corner of the Heaven and Earth chessboard.

The Spiritually Bright Real Ape removed [Equal to Heaven's Face], cautiously placed it aside, struck its chest, and took one step out, returning to the Inner Scene of the Energy Center within Li Che.

The bystanders, the Fire-Eye Mystical Awe Spirit Monkey and the Spiritual Rabbit Temple God, also clenched their fists, as if telling Li Che to call them if anything comes up!

They played one righteously!

Li Che chuckled, his gaze sweeping over to rest on the Heaven and Earth chessboard.

Inside the chessboard...

The Corpse God Seal was thoroughly subdued, transformed into a vast stamp hovering in the sky.

The dark stamp, exuding the pure essence of Temple God Divinity.

The massive character for “Desire,” the Corpse God Seal.

Li Che used nearly half of the Pure Heart Divine Chess Pieces to suppress it, with [Equal to Heaven’s Face] and [Prison Lotus Yin Divine Sword] also teleported in, pressing down upon this Corpse God Seal.

From time to time, Pure Heart Divine Chess Pieces collided with the Corpse God Seal, like moths to a flame, symbolizing a process of refinement with every impact.

As if there was a fire of the Corpse God burning!

"Compared to the Corpse Qi and Death Qi of the Corpse God Cult evil people, the Temple God Divinity of the Corpse God Seal is the epitome of purity, truly Temple God Divinity and even purer and cleaner than many other Temple God’s Divinity."

Li Che admired the subdued Corpse God Seal, his eyes sparkling.

He flicked his finger.

The Pure Heart Divine Chess Piece mixed with a black Spiritual Rabbit Temple God Chess Piece.

Together they spun, rapidly hurtling towards the Corpse God Seal!

Black and White Collapse exploded!

Like an ancient temple's sacred bell perched atop the pinnacle of heaven and earth, struck resoundingly.

The pure Temple God energy dispersed, rippling outwards...

Li Che's eyes shone brighter and brighter!

"Although I've just started to refine it... yet, with the rank of the Corpse God Seal, the evil people of the Corpse God Cult will have no place to hide!"

"Initially, the Corpse God Cult's art of concealment made it impossible for me to find them even with Seven Elemental Corpse Curse Seal... but now, with the Corpse God Seal in hand, those who have worshipped the Corpse God

"Must... kneel down!"

Li Che started to smile.

The Corpse God Cult in the Qianyuan Taoist City must have had their own calculations.

Just like the Upper Rank Corpse God Envoy from the Six Divisions who was supposed to protect the Demon Child this time, was a very powerful being.

Chapter 648: The Law Manifestation Ape God Smashes the Corpse God Seal, Xi Xi Misses Daddy and Mommy \_3

Apart from that, within Dao City, there are certainly experts from the Corpse God Cult hidden among many of the powers.

"Inside Qian Yuan Divine Sect... Is there one?"

"That Demon Child mentioned... there is one, concealed extremely deeply, eroded by the Corpse God Cult with great resources and methods."

"Who could it be?"

Li Che gradually restrained his smile.

His mind, however, was increasingly tense.

To erode a powerful individual within Qian Yuan Divine Sect is extremely difficult; with the methods of the Corpse God Cult, it must have been planned for many years, and the infiltrated being would definitely hold a high position.

Who could it be?

He couldn't guess; he'd have to wait until he could move freely within the Divine Sect to investigate.

By that time, the Corpse God Seal should also be more refined, increasing the probability of successful detection.

Li Che exhaled a murky breath.

Opening his eyes, the courtyard was silent.

Above the heavenly dome, the moonlight was faintly cool.

Li Che sat cross-legged on the ground, his eyes seemed to glow!

With a thought,

[Dao Fruit: Pure Heart (LV4, 30%), Chess Saint (LV4, 45%)]

This brought a slight surprise to Li Che.

The maturity of the Immaculate Heart Daoist Fruit had actually gained a 15% increase, and the Chess Saint's Dao Fruit also a 5% maturity growth!

Indeed, pressure is motivation!

The oppressive feeling brought by the Corpse God Seal was tremendous; only by combining the Pure Heart Daoist Fruit with the Chess Saint's Dao Fruit was he able to suppress this seal.

"And furthermore, the Corpse God Seal is not yet fully refined; in the following process, as refinement speeds up, it can also promote the maturity of both Dao Fruits!"

"This gift from the Demon Child... truly generous!"

Li Che began to smile.

"My Lord, have you forgotten about me?"

From a distance.

Xue Dufu, who had been burst open by the Corpse God Seal, had now returned to his original form, currently wearing the mask of White Impermanence, standing somewhat aggrieved in the distance.

Li Che glanced over, immediately revealing a hint of amusement.

"I almost forgot about you."

Li Che snapped his fingers.

Xue Dufu's Soul Capturing vanished out of sight.

No snacks for you, it's time to go back.

As if the sound of Xue Dufu's grievance echoed throughout the courtyard.

Li Che stood up, stretched lazily, his body trembling from the constraints, as he had just engaged in a spiritual battle with the Corpse God Seal, feeling somewhat mentally weary.

Both his mind and primordial spirit had consumed quite a bit.

However, once recovered, it would become much stronger.

Without rest now, Li Che took out the Qiankun Jade given by the Demon Child.

Actually, Li Che was quite looking forward to it, wondering if he could complete the missing two Divine Methods within the Six Desires Divinity through the Demon Child's treasures.

His powerful Divine Sense invaded the Qiankun Jade, tearing open the barrier.

Li Che eagerly began to collect his harvest.

Following the experience from opening the young Prince Ji Haihui's Qiankun Jade.

The treasure trove of such a second-generation genius was definitely extremely abundant!

Sure enough, just tallying it briefly, Li Che felt a spiritual tremor.

"Five Lower Five Elders Divine Crystals, a bit fewer, but for me, that's plenty!"

"Enough for the Immaculate Heart Daoist Fruit to digest for a while."

"Thirty Six Ministries Divine Crystals! Over a hundred Seven Yuan Divinity Crystals

Li Che took a deep breath; this was indeed what the Corpse God had prepared for reincarnation!

The Corpse God Cult was really willing to spend.

These were the Demon Child's cultivation resources, rich beyond imagination!

Prince Ji Haihui's treasure trove, in comparison, was not even close.

"As for elixirs, they were generous as well... Three bottles of Fifth Order Corpse God Refined Divine Martial Pill, a total of three pills! These pills... don't even contain Death Qi or Corpse Qi, they are Divine Martial Pills refined from the essence of Corpse God purification!"

Li Che's breath quickened.

Having just taken a Fifth Order Martial Pill himself, he was keenly aware of its importance!

Then there were also the Sixth Order Superior Corpse God Rough Refinement Divine Martial Pills...

Indeed, the Demon Child, the true son of the Corpse God Cult, used nothing but the best!

"And such a Demon Child, with the Corpse God Cult having five more like him, if the assets of these five were combined, I fear they could rival the century-old Noble Families in Dao City!"

Li Che marveled.

"In terms of Divine Weapons... there's actually a Six Department High Grade Divine Weapon, unfortunately, it has too much Death Qi and isn't suitable for my use, but I could sell it."

"When I have the chance, I could make another trip to Qintian Observatory to sell some of the items acquired from Long Tai's Qiankun Jade as well!"

Many things were of no use to Li Che, such as the Martial Saint Ultimate Study from Long Tai Collection, useless to him, and selling them to supplement household expenses in exchange for Spiritual Wood was the most cost-effective.

Now, what Li Che lacked the most was Spiritual Wood.

Most of the Cultivators he killed rarely kept Spiritual Wood in their Qiankun Jade; after all, they were not Woodcarving Masters and didn't have the habit of storing Spiritual Wood.

Li Che continued to tally, but his expression inadvertently revealed a trace of regret.

"Demons Child... the full doesn't know the hunger of the empty, not a single Six Desires Divine Method, and rightly so... he directly cultivated the Divine Method taught by the Corpse God, and there wasn't even a record of the Dharma."

Li Che sighed.

Sure enough, finding bargains did not always lead to great gains.

While most Cultivators would leave all their possessions in their Qiankun Jade,

Inheritances like the Corpse God's on the level of consciousness, wouldn't be documented.

After tallying, Li Che stored all the items into the Qiankun Space.

Summoning his [Fairy in the Painting] clone, he let them continue with their cultivation.

Watching the [Fairy in the Painting] clone start to slack, Li Che also felt a headache.

Because, many Divine Foundations were almost fully condensed, just waiting to visualize the Divine Minister.

Chapter 649: The Law Manifestation Ape God Smashes the Corpse God Seal, Xi Xi Misses Daddy and Mommy \_4

"It seems that I need to find some time to visit other mysterious temples and invite a few Temple Gods to complete the collection of the Seven Emotions Divine Likeness."

"As for the Six Desires Divine Likeness

Li Che's brows furrowed; the Six Desires Divine Likeness was a bit of a challenge...

"Unless I can find the other five Demon Children and obtain the gift of their Corpse God Seals, then I won't have to worry about the Six Desires Divine Likeness."

Li Che's thoughts were optimistic.

Unfortunately, things are never that easy.

He stretched lazily.

Tonight, Li Che had reaped a great harvest, having killed the Demon Child, sealed and suppressed the Corpse God Seal, and inherited the Demon Child's substantial legacy.

Happy!

Humming a tune, Li Che left the small courtyard and headed towards the restaurant in the alleyway.

Within the alleys, the dim yellow light shone on the ground in front of the doors.

The Big Black Dog lay on the ground, fast asleep. As Li Che approached, the Big Black Dog opened its drowsy eyes, glancing at Li Che with disdain.

After snorting, it laid back down, turned over, and presented its butt towards Li Che.

Li Che resisted the urge to kick this contemptuous dog right in its behind.

"Where's Xi Xi?"

The shopkeeper, dressed in white as snow and smoking at the door, glanced at Li Che, his brow slightly furrowed.

"In a couple of days, I'll bring her over."

Li Che said with a smile.

"Mhm."

The shopkeeper nodded and fell silent.

"Shopkeeper, how about some late-night noodles?"

Li Che asked.

"We're closed."

Li Che: "???"

Seeing Li Che's speechless expression, the corner of the shopkeeper's mouth slightly lifted: "Fine, wait a moment."

A short while later.

Li Che, looking at the bowl of plain noodle soup in front of him, fell into deep thought.

He recalled that every time Xi Xi came, it was all braised pork, braised pig trotters...

The difference between people can be so vast!

He only had a bowl of noodles.

Even...

Not willing to add an egg!

...

...

Back at Liuxiang Lane.

Zhang Ya was practicing martial arts by candlelight, punching with vigor, generating gusts of wind. After undergoing a Blood Exchange, her strength increased significantly, and she was much more adept at controlling her physical body.

And with Li Che around, Zhang Ya was not short of martial arts techniques.

Li Che had transferred his self-created Martial Saint Ultimate Study, the Myriad Transformations Dragon Elephant, condensed through the Dragon Elephant Vajra Dao Fruit, to her while grooming her body with the Immaculate Heart Divinity.

Zhang Ya's long legs tensed, and she suddenly lashed out into the air, causing a violent boom!

As if a hole had been kicked open.

The powerful surge of Qi-Blood stirred in the yard, whirling violently.

Li Che returned, lightly touching the ground with his toes, floating in front of his wife to begin sparring with her.

During the sparring, he also pointed out Zhang Ya's deficiencies and areas needing improvement.

The couple went from sparring in the yard to the bed in the bedroom.

Zhang Ya, drenched in sweat, leaned into Li Che's arms, her eyes slightly vacant: "Husband, it's been several days since we last saw Xi Xi... I wonder if she's doing well inside Divine Sect Mountain Gate, if she's eating well... has she been bullied?"

Zhang Ya muttered.

"Do you want to see Xi Xi?"

Li Che rubbed his wife's head.

At these words, Zhang Ya instantly jolted up from the bed, nodding incessantly.

Li Che began to smile: "It's quite simple."

"If it's just to see Xi Xi, it's not hard."

For Li Che, it truly wasn't difficult, as he had left a Thunder Chess Piece with Xi Xi; if he wished, he could use the Heaven and Earth chessboard to see Xi Xi, and even directly appear by Xi Xi's side with the chess piece.

Of course, he had to remain undetected.

Zhang Ya kept nodding, her eyes sparkling.

After letting his wife get dressed...

With a smile, Li Che wrapped his arm around Zhang Ya's waist, and the next moment, raised his hand and snapped his fingers.

A white Chess Piece tossed into the air promptly landed in Li Che's palm and was grasped by him.

Zhang Ya felt the world spinning around, and when she finally opened her eyes.

She appeared in a quiet room.

Xi Xi was lying in bed, hugging Sang Guanyin, sound asleep.

Li Che, shrouded by the Heaven and Earth Chessboard, concealed himself and Zhang Ya's presence, leaving no trace of their aura, completely unnoticed by others.

Zhang Ya covered her mouth, looking at the soundly sleeping Xi Xi, tears welling up in her eyes.

"My Xi Xi... My Xi Xi

Zhang Ya dared not make a sound, her voice low and trembling.

She stepped closer to Xi Xi, squatting by her bedside, watching the sleeping child with endless tenderness in her eyes.

She reached out and gently stroked the hair on Xi Xi's forehead.

Then she properly covered Xi Xi with the blanket, knowing that Xi Xi wouldn't catch a cold or get sick easily.

But it was a mother's instinct.

Hum hum hum—

Suddenly.

Li Che's brows slightly furrowed.

Within his chest, the Chess Saint's Dao Fruit began to throb violently.

He looked intently.

And saw the direction of Qianyuan Divine Sect Mountain Gate.

The giant white jade plaque spanning the Mountain Gate, with the characters for "Qiankun" carved on it, suddenly burst with a vigorous aura!

In the vagueness, it was as if it transformed into a pair of profound eyes, as if an endless starry sky!

Boom—!!!

At the same time.

Within Qianyuan Divine Sect Mountain Gate, one after another tremendous aura rose up as if to destroy heaven and earth!

"Qiankun Dao Yun

Li Che stared deeply at the plaque.

His presence hidden by the Heaven and Earth Chessboard, and yet it was detected; although the other party couldn't pinpoint the location of the chessboard, the vague sensation that something was amiss provoked an alert...

It seems that he will have to wait until the Chess Saint's Dao Fruit evolves to LV5 to completely shield from this Qiankun Dao Yun.

"The Power of Dao Yun

Li Che's gaze hardened.

"Is there an intruder at the Mountain Gate?!"

Above the Heavenly Dome, suddenly there was a booming voice, fierce like thunder.

Chapter 650: The Law Manifestation Ape God Smashes the Corpse God Seal, Xi Xi Misses Daddy and Mommy \_5

Rolling thunderous explosions sound!

It's as if one after another of extremely powerful figures are converging together, terrifying Divine Sense spilling out, sweeping across the entire Divine Sect Mountain Gate.

The strong Divine Sense almost materializes!

A fierce wind whips up with the movement of the Divine Sense, numerous trees sway, rustling loudly!

Zhang Ya seems frightened, immediately looking at Li Che with astonishment.

Li Che, however, is not in a hurry, gently waving at her. The couple snuggle together, watching the sleeping Xi Xi, exchanging glances, and then smiling at each other.

When the powerful Divine Sense sweeps past.

The two of them vanish without a trace.

"Mommy!!!"

And at the moment the couple, Li Che and Zhang Ya, left.

Xi Xi suddenly opens her eyes from the bed and jumps up.

The soundly sleeping Sang Guanyin looks at the bouncing Xi Xi, puzzled.

"Xi Xi, are you missing your parents again?"

Sang Guanyin asks with sleepy eyes, her voice full of affection.

Xi Xi pouts: "Xi Xi seemed to have seen Mommy, Mommy even tucked Xi Xi in!"

Sang Guanyin looks at the uplifted quilt, laughs, and says: "You must have been dreaming. Daytime thoughts become nighttime dreams

"It's not! Xi Xi wasn't dreaming!"

Xi Xi doesn't believe it.

"Mommy and Daddy were just here, right here!"

Xi Xi says urgently, flipping over, landing on the floor, and instantly leaps up, frantically searching the room.

"How could they not be here?"

After searching for a while, Xi Xi sits down on the ground somewhat disheartened.

Hands propping up her chin, she looks a bit down.

"Sister Yin Yin, Xi Xi misses Mommy and Daddy

Xi Xi says.

"Then Xi Xi, hurry up and become stronger, to be able to take on Sect missions, then you can leave the mountain to see your parents."

Sang Guanyin rubs Xi Xi's head, sitting down with her on the threshold.

Xi Xi suddenly thinks of something.

Her lively eyes roll around.

She stretches out her little feet, and sparks begin to hop and leap out rapidly.

Amidst the blaze of fire, the Prison Lotus Beacon Golden Light Wheel suddenly appears.

Circling around Xi Xi.

"Little Wheel Smash, tell me, did Xi Xi's Daddy and Mommy come to visit secretly?"

Xi Xi's eyes light up.

Upon hearing this, the Golden Light Wheel seems to start rolling back and forth, as if constantly nodding.

Xi Xi claps her hands and laughs, feeling so clever.

Xi Xi fell asleep, but... Wheel Smash, Qiangqiang and the Gold Brick didn't sleep at all.

Silly Daddy!

Hmmph, you're underestimating Xi Xi!

...

...

Back in the courtyard of Liuxiang Lane.

Zhang Ya is contented, extremely happy, for getting to see Xi Xi tonight made Zhang Ya truly satisfied.

"Husband, can we go see Xi Xi again tomorrow night?"

Zhang Ya curls up in Li Che's arms, tilting her head up, her big eyes sparkling.

Li Che's gaze is gentle: "Okay."

Of course, he must dote on his own wife.

Isn't it just that they might be discovered by Qiankun Dao Yun?

Li Che can also take the opportunity to use the vigilance of Qiankun Dao Yun to enhance his control over the Heaven and Earth chessboard.

Moreover, it can also serve as a warning to the Qian Yuan Divine Sect, making the Sect vigilant.

Li Che is actually quite surprised that the Corpse God Cult evil person hidden within the Sect could actually elude the detection of Qiankun Dao Yun...

It seems that they are very familiar with Qiankun Dao Yun.

Just right, by stimulating Qiankun Dao Yun, making the Sect pay attention, it would be best to conduct a thorough investigation of the entire Sect, which would provide even more security for Xi Xi.

After chatting with Zhang Ya for a while, he sorted through her body with the Immaculate Heart Divinity.

Then, the couple embrace and fall asleep.

Li Che is also tired, after laying out the Heaven and Earth chessboard, he drifts off to deep sleep.

The next day.

The sky is overcast, and the spring rain is continuous.

Li Che wakes up refreshed in the morning, slowly stretching his limbs in the courtyard.

Old Chen gets up, is brushing his teeth, watching Li Che practice martial arts, his eyes show admiration.

With his current Qi Vein Realm cultivation, he can no longer discern Li Che's Martial Arts Realm.

He has no idea how strong Li Che has become.

Suddenly.

The practicing Li Che pauses, his eyebrows slightly furrowed.

Outside Liuxiang Lane.

A figure wearing the robe of a Temple Guardian from the Temple Control Bureau arrives.

The aura is majestic, with rampant Sword Qi, and a torrential Sword Intent stirring around his body, even the falling spring rain is slashed by the Sword Qi into a fine mist!

The visitor is steadily approaching the yard.

It's none other than Xie Jing, who traveled with Li Che's family from the Golden Light Prefecture, the Governor of Temple from the Golden Light Prefecture's Temple Control Bureau.

"Temple Control Bureau?"

Li Che's eyebrows smooth out.

A flicker of unusual light passes through his eyes.

However, Li Che does not care, and soon welcomes Xie Jing, who has knocked on the door.

Xie Jing has just broken through to become a Master of Divine Gang, his Sword Intent is vigorous, his gaze piercing, and his whole being's Essence, Qi, and Spirit is extremely sharp.

"Master Li

"That Mysterious Temple of the Fire-Eye Mystical Awe Spirit Ape which disappeared in Golden Light Prefecture, you had visited to observe the Temple God... and now, this Strange Temple that disappeared from Dao City, you also visited to observe the Temple God

"Although Xie Mou feels this is just a coincidence

A trace of apology appears on Xie Jing's face.

"But still

"Please come with me."
