## Chapter 5630 Senior Sister Lan

"Um?"

When Ye Feng heard what this female disciple said at this moment, his eyes immediately froze, and then he couldn't help but said: "Sister, please explain, how do I qualify to enter the dark battlefield?"

Seeing Ye Feng's humbly asking for advice, the female disciple immediately couldn't help but nodded and said loudly: "Although you are a new disciple, judging from your words and deeds, you are a very good person. , I admire you very much, so I can lend you my identity token and let you enter the dark battlefield."

"Um?"

Hearing what this female disciple said, Ye Feng's eyes suddenly showed a look of surprise.

The female disciple smiled and said: "The reason why I do this is because I admire you very much, and the aura of strength in you is unfathomable to me. It may be stronger than some inner disciples. You are indeed qualified to enter the dark battlefield."

When she said this, the female disciple suddenly stared at Ye Feng and said loudly: "When you come back from the dark battlefield, you can consider joining the disciple group within my sect. Of course, I will not force you. , I just think you are a talent. In the future, if you want to thrive in a huge practice holy land like our Dark Court, you will not join some powerful disciples. You can only be bullied, and if you join a powerful disciple group, you can also share with the group the location and various information about the cultivation resources of the entire dark world, as well as the sharing of peerless inheritance, etc., and Powerful senior brothers and sisters sometimes personally take new members of the group to some special places for training to help them improve their cultivation level. "

Hearing what this female disciple said, Ye Feng suddenly had a look of surprise in his eyes.

No wonder this female disciple was even willing to lend her identity token to herself. It turned out that she was trying to recruit herself into her disciple group.

In response, Ye Feng just smiled slightly and said: "Since senior sister appreciates me so much, I have to give senior sister face. When I come back from the dark battlefield this

time, I will definitely give priority to joining the disciple group where senior sister belongs. "

For Ye Feng, it doesn't matter which disciple group he joins. What's important is that he can share various information from this group.

Because Ye Feng knew very well that it was impossible for him to meditate and practice honestly in the Dark Court at present. The improvement speed was too slow, and Ye Feng couldn't stand it at all.

So Ye Feng was actually a little tempted by what the female disciple said just now.

If you can join a powerful disciple group and be able to share in this group the latest information about the dark world and the places where various cultivation resources may be hidden, this will naturally be a huge convenience for Ye Feng. I need to be like a headless fly, running around trying to catch up with the immortals.

When Ye Feng said this, the female disciple immediately smiled and said: "Okay, then I'll look forward to your next decision. By the way, my name is Lan Tianran, you can call me that from now on." Senior Sister Lan."

After the words fell, Lan Tianran, the mysterious senior sister, directly handed her identity token to Ye Feng and said with a smile: "When you come back from the dark battlefield, remember to return the identity token to me. When the time comes, I hope you will tell me your decision on whether to join the disciple group I am in. By the way, the group I am in is There is a disciple group, but among the disciple groups within our Dark Divine Court, the top three giant groups have many benefits after joining. Most people, I am not willing to let them join, but for some reason, although it is the first time we meet, I see When I first met you, I felt that you were extraordinary. Maybe it's a woman's intuition."

Hearing Senior Sister Lan in front of him say this, Ye Feng couldn't help but reveal a rather surprised smile in his eyes, and then said aloud: "When I come back, I will tell Senior Sister Lan the answer. No matter what, Thank you, Senior Sister Lan, for answering so many questions for me and for taking such a new disciple like me, thank you."

At this moment, after Ye Feng finished speaking, he took Lan Tianran's identity token and left the central hall, flying quickly towards the dark battlefield.

When Ye Feng came to the Dark Court before, he had already seen the map of the entire dark world in the training tower of the outer disciples of the Dark Court. Therefore, the location of the dark battlefield is at the edge of the dark world and outside the territory. The higher worlds seemed to be connected together, forming a junction, and Ye Feng naturally knew them.

But just when Ye Feng left the central hall and was about to fly towards the edge of the dark world.

Suddenly, several unfamiliar disciples of the Dark Divine Court blocked Ye Feng's path.

Seeing these unfamiliar Dark Divine Court disciples blocking his way, Ye Feng suddenly showed a rather impatient look in his eyes, and said loudly: "You are also old disciples, you want me to protect you." Fee, right?"

Hearing what Ye Feng said, the eyes of the strange disciples who stopped Ye Feng were slightly startled, and then they shook their heads.

The leading disciple immediately spoke up and said: "The upper echelons of our sect in the Dark Divine Court are looking for you, Junior Brother Ye Feng. We have something special to discuss. Please also ask Junior Brother Ye Feng to follow us."

Hearing these strange disciples directly say their names, Ye Feng's eyes suddenly showed a look of surprise.

It seems that the other party really wants to find him for something, otherwise, it is impossible to know the name of a new disciple like me.

However, Ye Feng is still a little confused. After all, he has just arrived at the Dark God Court and is just a new disciple. Why would the upper echelons of the sect find a new disciple like him to discuss something?

It is really a bit strange.

After all, he has just arrived at the Dark God Court and can only be regarded as a little transparent.

However, although Ye Feng is a little confused, he thinks in his heart that it may be related to his previous participation in the martial arts conference of the three empires and winning the first place.

So at this time, Ye Feng decided to follow these disciples to see what is going on.

At this moment, Ye Feng immediately nodded and said, "Since the upper echelons of the sect are looking for me, then please lead the way."

These strange disciples immediately nodded and said, "Brother Ye Feng, just follow us."

## Chapter 5633 Lava Crystal

Boom!

At this time, along with Ye Feng's devouring, Senior Brother Jin's huge skill was immediately absorbed by Ye Feng and directly injected into Ye Feng's Dantian, rapidly strengthening Ye Feng's skill.

You know, this Senior Brother Jin is not one of those ordinary old disciples, but an inner disciple, and he is also a relatively powerful being among the inner disciples.

So after Ye Feng swallowed it, he could immediately feel that he had received a very huge amount of energy, and Ye Feng's cultivation aura immediately began to rise.

boom!

The eighth level of destiny realm!

boom!

Ninth level of destiny realm! !

At this moment, Ye Feng's cultivation level suddenly broke through two small levels and stepped into the ninth level of Destiny Realm. Ye Feng's eyes suddenly showed a look of surprise.

This Senior Brother Jin is indeed a powerful disciple among the inner sect, and his cultivation skills are indeed very great.

After he swallowed it, he suddenly broke through two whole heavens.

However, there is a reason why he was able to break through the two heavens at once, and Ye Feng had devoured several other old disciples before, allowing him to accumulate his own skills.

At this moment, after Ye Feng killed and devoured Senior Brother Jin, he quickly left the scene when he saw that there was no movement from other inner disciples around him.

Ye Feng did not go directly to the Son of God from the Dark Court of God, because Ye Feng knew very well that although the Son of God from the Dark Court of God had deliberately planned to kill him, the current cultivation strength of the Son of God from the Dark Court of God was too strong.

Ye Feng had met the Son of God from the Dark Court once before in a martial arts conference held by the three major empires. He knew deeply that as a Son of God who

practiced in the Holy Land, he was definitely the top combat power among the younger generation.

Therefore, even if Ye Feng uses all his methods, he is probably no match for the Son of God of the Dark Court.

So at this time, Ye Feng could only endure it for the time being, first improve his strength as much as possible, and finally fight against the Son of God of the Dark Court.

But this time Ye Feng learned from the mouths of these old disciples that the person who wanted to get rid of him was actually the Son of God of the Dark Court of God, which made Ye Feng be on guard against the Son of God of the Dark Court of God.

Anyway, Ye Feng knew very well that the divine son of the Dark Court would not dare to attack him openly, otherwise, the goddess Ziyue would never let him go.

At this moment, Ye Feng left the place where Senior Brother Jin lived without any hesitation, and flew directly towards the outside of the Dark Court, towards the direction of the dark battlefield.

...

A whole seven days and seven nights.

Ye Feng finally arrived at the edge of the dark world based on the map he obtained from the Dark Court of God.

When Ye Feng came to the edge of the land, he immediately saw a very shocking scene.

At the edge of the dark world, I saw a broken interface and continental plates suspended in the sky, surrounded by various meteorites floating in the starry sky.

This is an area that looks full of beauty and vastness, but it is also filled with all kinds of chaotic and broken stars, and there are many galaxies surrounding it that emit cosmic light.

This is the junction between the dark world and the higher world outside the territory. It is called the dark battlefield and is also called the extraterritorial battlefield.

At this moment, Ye Feng entered this dangerous dark battlefield and immediately saw many strange alien monsters wandering around.

"Boom!"

At this time, Ye Feng suddenly heard a roar, and immediately looked not far away, and saw a middle-aged man wearing golden heavy armor, holding a black iron sword in his hand, which directly chopped into pieces. Large rocks.

And the moment the middle-aged man chopped the stone into pieces, green blood emerged from the cracks in the stone.

It was not a stone, but a stone-like monster from outside the territory!

At this moment, the middle-aged man saw Ye Feng who was not far away and looked over. He immediately grinned and said in warning: "Young man, have you seen it? There are many dangers on this battlefield outside the territory, and all kinds of things come from outside the territory. Monsters in the higher world have different forms and can disguise themselves into various forms that we don't understand, so we must be careful."

At this moment, after the middle-aged man finished speaking, he directly put the stone monster into his storage ring and left the scene.

Obviously, this middle-aged armored man has also experienced in this extraterrestrial battlefield, and he is probably also a figure in the three major holy places of cultivation in the entire dark world.

After all, if you want to enter this extraterritorial battlefield, you need certification from the three holy places.

At this moment, Ye Feng nodded, looked at the middle-aged man's leaving figure, and said loudly: "Thanks for the reminder."

This middle-aged man in armor seemed to be a very generous person. When he saw a young man like Ye Feng coming to the battlefield outside the territory, he knew that this must be his first time here, so he kindly reminded him.

At this moment, Ye Feng naturally expressed his gratitude and watched the middle-aged armored man leave.

Buzz!

Next, Ye Feng didn't hesitate at all, and directly emitted soul power to cover the surroundings. On the one hand, it could prevent dangers that suddenly appeared, such as those extraterrestrial monsters disguised in various forms.

In addition, Ye Feng can also find various cultivation resources in this extraterritorial battlefield through his huge soul power.

After all, you have to know that this extraterritorial battlefield is the junction of the edge of the dark world and the extraterritorial high-end world. In addition to many monsters

from the extraterritorial high-level world, there are also many cultivation resources and treasures of heaven and earth that fell from the extraterritorial high-level world.

At this moment, Ye Feng was wandering in the vast area of the extraterritorial battlefield, emitting soul power, alerting the surroundings, and looking for resources.

Suddenly, Ye Feng passed a hot land full of rolling magma. There were dead volcanoes everywhere, and there were also strips of magma rolling, and the air was very hot.

At this moment, Ye Feng's soul power suddenly felt a very strong energy fluctuation.

Swish!

Ye Feng immediately flew over and smashed a piece of magma land.

Then Ye Feng discovered that there were many stones emitting red light under the rock.

These stones emitting red light are the lava crystals that can only be bred in the magma land.

Each of the lava crystals contains a very rich flame essence energy.

Ye Feng could feel that the quality of these lava crystals was very high, which meant that these were not ordinary lava crystals. They were probably lava crystals produced by a star falling from the sky and forming a lava land after thousands of years of fission.

Ye Feng started to dig these lava crystals directly. These were all very high-level energy ores.

Boom!

But just when Ye Feng was about to start, a giant claw like a red-hot iron suddenly broke out from the ground around him and grabbed Ye Feng, trying to grab Ye Feng underneath.

Obviously, these lava crystals were bait!

It was to attract passing practitioners to dig for ores, so that the monster underground could catch prey!

## Ancient God

At this moment, Ye Feng saw this claw that looked like a red-hot iron, and without any hesitation, he directly used one hand to blast it out fiercely.

Boom!

Almost at this moment, Ye Feng's palm collided with the claw directly, making a huge roar.

The next moment, Ye Feng immediately felt some pain in his palm and quickly retreated.

This made Ye Feng's eyes suddenly reveal a look of surprise.

This is indeed an extraterritorial battlefield, and these monsters are indeed creatures from the extraterritorial higher world. As expected, each of them is very powerful, and this claw is absolutely solid.

Boom!

At this moment, Ye Feng immediately blasted the surrounding ground fiercely, smashing the entire ground.

Swish!

The next moment, an extremely huge figure suddenly flew out from the ground.

It turned out to be a fire demon!

This humanoid demon beast from the higher world outside the domain, with scales all over its body burning with flames, gives people a very scary feeling.

At this moment, this flame demon has obviously been lurking here for a long time, using the surrounding lava crystals to attract the passing practitioners, and sneak attack and kill the passing practitioners.

At this moment, Ye Feng naturally did not hesitate at all, and immediately rushed towards this flame demon.

At this moment, Ye Feng did not escape at all, but chose to attack directly.

Because Ye Feng could sense that although the body power of this flame demon was very strong and could fight against his current immortal body of the god, the opponent's cultivation power did not seem to be as strong as he imagined.

So at this time, Ye Feng naturally wanted to try to see if he could kill this flame demon.

Moreover, this kind of demon beast from the higher world outside the domain, the energy contained in the body is very huge, so if it can be killed, Ye Feng can also get rich energy from the body of the creatures in the higher world outside the domain.

At this moment, this huge fire demon immediately opened its bloody mouth, and a terrifying flame beam burst out from his bloody mouth, as if it could burn everything.

At this moment, Ye Feng did not hesitate at all, and directly took out the extremely powerful and peerless weapon he had obtained from the treasury of the Dark Empire before, the Ice Sword.

Boom!

Ye Feng held the Ice Sword in his hand and chopped it down fiercely.

A terrifying sword light immediately burst out from the body of the Ice Sword.

This sword light was completely condensed by the ice energy, spanning three thousand miles, and instantly split the flame beam sprayed by the fire demon into pieces, freezing it into a large piece of ice.

Seeing this scene, Ye Feng's eyes suddenly lit up.

It seems that he had chosen the right Ice Sword before, which is very powerful.

Moreover, the ice energy in this Ice Sword can just restrain the flames sprayed by the fire demon in the higher world outside the domain.

At this moment, this extremely tall fire demon, seeing Ye Feng holding this weapon that was specifically designed to restrain it, was immediately a little panicked and hurriedly prepared to flee the scene.

But at this moment, Ye Feng smiled coldly and said, "You just attacked me and wanted to kill me. Now you are thinking about escaping. Isn't it a bit too late?"

Boom!

At this moment, Ye Feng directly used the void wormhole and immediately flashed in front of this huge fire demon. The ice giant sword in his hand chopped it down fiercely in an instant.

Boom!

At this moment, the extremely terrifying ice energy burst out from the ice giant sword, directly freezing this huge fire demon in a piece of ice, completely killing it.

At this moment, Ye Feng retracted the ice giant sword, directly released the swallowing field, and began to swallow this fire demon.

"Boom boom!"

At this moment, Ye Feng immediately felt that the energy contained in the body of this flame demon from the higher world outside the domain was extremely huge, dozens of

times more powerful than the energy contained in the bodies of the same level of magic beasts in the dark world. No wonder the fighting power was so strong just now.

At this moment, Ye Feng's eyes were naturally full of amazement.

Sure enough, the creatures in the higher world outside the domain, even the weakest magic beasts that escaped from the higher world outside the domain and ran to the edge of the dark world, are so powerful.

At this time, Ye Feng's cultivation aura began to rise step by step as he devoured.

Boom!

The next moment, a powerful aura of cultivation suddenly burst out from Ye Feng's body.

At this moment, Ye Feng's cultivation instantly broke through a small level and stepped into the tenth level of the Heavenly Fate Realm!

At this time, Ye Feng's eyes suddenly showed deep amazement.

Because Ye Feng knew very well that if it was a demon beast of the same level in the dark world, after he devoured it, his power would at most increase a little bit.

But this flame demon from the higher world outside the domain, whether it was vitality or the energy contained in its body, was very high-level. After he devoured it, he directly broke through a whole level and stepped into the tenth level of the Heavenly Fate Realm.

Swish!

At this time, Ye Feng did not hesitate at all. He flew directly to the place where he had discovered the lava crystal vein before and started digging instantly.

The next moment, Ye Feng directly dug out nearly two tons of lava crystals.

Boom!

At this time, Ye Feng directly began to devour these lava crystals.

Rumble!

At this moment, the flame energy in the lava crystals continued to be absorbed by Ye Feng and merged into his Dantian.

With the energy of the entire lava crystal vein, Ye Feng's skill once again underwent a qualitative transformation.

Boom!

Accompanied by a huge cultivation momentum rising from Ye Feng's body, Ye Feng's cultivation successfully transformed from the tenth level of the Heavenly Fate Realm to the Half-Step Divine Fate Realm above the Heavenly Fate Realm!

Divine Fate Realm, this is a new and powerful level of cultivation.

When a cultivator enters the Divine Fate Realm, the cultivator's fate begins to transform towards the legendary gods, which is much more advanced than the Heavenly Fate Realm.

At this moment, even if Ye Feng has only one foot in the God Fate Realm, only half a step into the God Fate Realm, he can feel that his combat power and skills are hundreds of times stronger than before!

At this moment, Ye Feng clenched his fists, feeling the huge energy surging in every inch of flesh and blood, and was naturally very excited.

Sure enough, this extraterritorial battlefield is very suitable for him, which can quickly improve his cultivation skills.

However, just stepping into the half-step God Fate Realm is far from enough.

Not to mention that Ye Feng will enter the extraterritorial higher world in the future, let's say that Ye Feng's biggest enemy and the most direct threat now is the top Tianjiao from the Dark God Court's Son of God, the holy land of cultivation.

Ye Feng estimated that the current cultivation of the Dark God Court's Son of God is probably ten major realms higher than his own.

So if he wants to fight against the Dark God Court's Son of God, Ye Feng must continue to work hard to obtain more cultivation resources in this extraterritorial battlefield to further improve his cultivation skills.

## Chapter 5635 Mysterious Girl

At this time, Ye Feng continued to wander around this extraterrestrial battlefield, trying to find more cultivation resources through his huge soul power.

Because this extraterritorial battlefield is simply a paradise for Ye Feng.

Not only do there exist many extremely powerful ferocious beasts, but there are also many rare treasures from heaven and earth.

For example, some huge mineral veins and so on.

While Ye Feng continued to wander, suddenly several disciples wearing Dark Divine Court clothes appeared in front of him.

These should all be disciples in the Dark Court of God.

At this moment, these disciples of the Dark Court saw that Ye Feng was also wearing the clothes of the outer disciples of the Dark Court. Their eyes immediately lit up and they hurriedly came to Ye Feng.

Ye Feng smiled and asked: "Brothers and sisters, are you also practicing in this extraterrestrial battlefield?"

Hearing what Ye Feng said, these disciples of the Dark Court immediately nodded their heads, and then couldn't help but say: "This junior brother is actually an outer disciple of our Dark Court, and he can enter the battlefield outside the territory. It seems that his strength is very extraordinary, otherwise, it would be impossible to be recognized by the upper echelons of the sect."

At this time, it was obvious that everyone thought that Ye Feng had a deep background or was very powerful, and that he was qualified to enter this extraterrestrial battlefield as an outer disciple.

Ye Feng smiled and said nothing more.

At this moment, a young man wearing a blue robe, led by the disciples of the Dark Court, immediately couldn't help but said: "Since junior brother has such strength, it would be really difficult for him to wander around alone. It's such a pity. Why don't we join together and form a group? Let's hunt down a goblin king in the cave. That goblin king has huge wealth, and we can definitely kill him if we work together."

Hearing what these disciples of the Dark Court said, Ye Feng's eyes suddenly flashed slightly.

It seems that the reason why these people stopped him is to get him to join the gang to hunt down the goblin king in some underground cave.

Ye Feng just smiled slightly at this time, shook his head, and said aloud: "I still like to act alone."

For Ye Feng, this extraterrestrial battlefield may be full of various heaven and earth cultivation resources and various ferocious beasts, so there is no need to form a team with others.

Because Ye Feng knew very well that if he teamed up with these disciples of the Dark Court, then the wealth he would get would definitely be shared equally with them. Ye

Feng even wanted to look for various cultivation resources alone, and when he found them, he would All belong to oneself.

Moreover, Ye Feng was actually not very interested in the Goblin King in a cave, because it didn't sound like a place with much wealth.

Hearing Ye Feng's rejection at this moment, the disciples of the Dark Court had a look of surprise in their eyes.

Because they were all inner disciples, inviting an outer disciple to join their group was tantamount to giving Ye Feng face, but he didn't expect Ye Feng to refuse.

But at this time, the leading inner disciple wearing a blue robe was not unhappy. After all, they just happened to encounter Ye Feng walking here, so they wanted to invite him. Since Ye Feng did not agree, then forget it. .

So at this time, these inner disciples of the Dark Court had no choice but to nod their heads and said, "Junior brother, you are training alone in this extraterrestrial battlefield, so be more careful."

At this moment, after the inner disciples of the Dark Court said they were leaving, they formed a team and left the place.

At this moment, Ye Feng looked at the direction in which the few people were leaving and flew quickly in another direction.

Next, Ye Feng used his huge soul power to explore the surroundings.

Soon, Ye Feng discovered a dilapidated ruins.

There are collapsed buildings everywhere in this ruins. It seems that a very powerful cultivation civilization was born in the surrounding area and stationed here. Otherwise, it would be impossible to build so many ancient buildings.

But now all these buildings have collapsed and turned into dilapidated ruins. There is desolation everywhere, giving people a feeling of death.

At this moment, Ye Feng saw a huge monster footprint in the ruins.

The footprints of this monster are several kilometers wide. It is obviously the footprints left by a very terrifying ancient evil beast. It is so huge that if water is poured into it, it can even form a wide lake.

Ye Feng felt that this was probably a giant beast in the starry sky. It passed by and crushed the cultivation civilization here with one foot. This was an extremely terrifying sight.

Ye Feng couldn't help but sigh, this extraterrestrial battlefield is indeed extremely vicious, and there may be huge dangers everywhere.

Just like here, this ruins used to be the headquarters of a very good cultivation civilization, stationed here, but one day, a very terrifying monster from outside the territory passed by here and crushed the entire place with one foot. The headquarters of the cultivating civilization turned this place into ruins.

At this moment, Ye Feng was preparing to leave here, because it was very likely that a very terrifying extraterrestrial beast would appear here.

Ye Feng also understood at this time that in this extraterritorial battlefield, the monsters from outside the territory were not only low-level, but also very terrifying extraterrestrial evil beasts, whose strength was so terrifying that it was comparable to gods.

But just when Ye Feng was about to leave here, suddenly somewhere in the ruins shook, causing Ye Feng's eyes to flicker, and he flew quickly in that direction.

Uh-huh!

When Ye Feng arrived at his destination, he immediately saw that this was a very remote corner of the ruins.

At this moment, the vibration sound just now came from under this ruin.

Ye Feng's eyes showed a look of expectation, and he dug up the ruins directly.

As the ruins were dug up, a crystal ball only as big as a palm appeared underneath.

At this moment, the crystal ball is vibrating rapidly.

However, this crystal ball is not vibrating because of energy, but because in this small crystal ball, there is a mysterious little girl who is rapidly tapping the space inside the crystal ball, making a vibrating sound, and seems to be asking for help.

"Um?"

Seeing this scene, Ye Feng's eyes suddenly showed a look of surprise. It seemed that he didn't expect that there was a little girl trapped in such a small crystal ball. He didn't know what kind of identity this little girl was.

## Chapter 5636 Mysterious Bloodline

At this moment, Ye Feng did not hesitate and directly input his magic power into the crystal ball.

Sure enough, the next moment, Ye Feng felt that this crystal ball contained a very huge spatial fluctuation.

This crystal ball is a magic weapon with spatial attributes.

At this moment, Ye Feng was directly using his magic power to open the crystal ball.

Buzz!

Along with a violent spatial fluctuation, the crystal ball finally opened.

The next moment, the little girl controlled in the crystal ball flew out of the crystal ball and landed on the ground in front of Ye Feng, turning into the size of a normal human being.

At this time, the little girl couldn't help but said: "Thank you big brother for saving me."

Hearing what the little girl said, Ye Feng's eyes suddenly revealed a curious look, and he said, "Who are you? Why are you trapped in this crystal ball?"

The little girl immediately couldn't help but said: "I am not trapped in this crystal ball, I stay in this crystal ball voluntarily."

"Um?"

When Ye Feng heard what the little girl said, his eyes became even more confused, and he said aloud: "Are you a member of the cultivating civilization in this ruins?"

Hearing what Ye Feng said, the little girl's eyes suddenly showed a look of surprise. She nodded quickly and said loudly: "Big brother is very smart. He guessed it right. My name is Lili. Members of a cultivating civilization in ruins, I once witnessed with my own eyes a monster covered with purple scales and with eight pairs of giant wings that covered the sky, landed from the starry sky of the universe, crushed the entire earth with one foot, and destroyed my hometown. My hometown is also in ruins."

At this moment, the little girl named Lili was speaking, her big eyes full of hatred.

Seeing this scene, Ye Feng suddenly had an inexplicable look in his eyes. He didn't expect that this little girl was actually a member of the cultivating civilization in this ruins back then, and she also witnessed the terrifying beast that stepped on it. Broken her home.

No wonder Lili voluntarily stayed in the crystal ball. It was probably because before this cultivation civilization was destroyed, Lili hid in the crystal ball in advance and was able to survive.

At this moment, Ye Feng had not said anything, but the little girl named Lily suddenly knelt in front of Ye Feng.

When Ye Feng saw this scene, he suddenly said, "What do you mean?"

At this moment, Lili knelt in front of Ye Feng, grabbed the corner of Ye Feng's clothes, and said loudly: "Big brother should be a very powerful practitioner. I want to practice with you, big brother. I must I will become stronger through practice and become strong enough. When the time comes, I will I must find that abominable star beast, kill it, take revenge, and even kill all the extraterrestrial evil beasts on this land. As long as my elder brother is willing to take me to practice, everything will be mine. All can be dedicated to big brother."

Hearing what the little girl named Lili said at this moment, Ye Feng's eyes showed a look of astonishment, as if he did not expect that this little girl now had such a strong murderous intention.

At this time, Ye Feng saw that the cultivation aura of the other party was very weak, and it was obvious that he had not even entered the cultivation path yet. Ye Feng was about to refuse. After all, Ye Feng did not want to bring a drag bottle with him.

But suddenly at this time, Emperor Chu in his mind said: "This girl is very special. She seems to have a mysterious bloodline from the higher world outside the territory. I can sense that her aura does not belong to the dark world, nor does it belong to the dark world. It doesn't belong to the heaven you came from before, Ye Feng. These low-level interfaces come from the higher-level Great Thousand World. The future potential may be very huge, and her bloodline is mysterious. In the future, when Ye Feng arrives in the Great Thousand World, you may be able to use this girl named Lili and She has a strong race behind her to gain contact and trust."

Hearing what Emperor Chu said at this moment, Ye Feng's eyes suddenly revealed a look of surprise. He seemed to have never thought that this girl named Lili actually possessed a mysterious high-level bloodline from the world.

But at this time, Ye Feng was still a little confused. After all, Lili's cultivation civilization was in this extraterritorial battlefield.

This extraterritorial battlefield is actually considered the territory of the dark world.

So why does this Lily have blood from the world?

However, it is also possible that he escaped from the Great Thousand World to the Dark World, and then temporarily established a base headquarters in this extraterritorial battlefield.

At this moment, when Ye Feng was thinking in his heart, Lili knelt in front of Ye Feng and said loudly: "Is the elder brother really unwilling to take me in?"

Ye Feng looked at the little girl in front of him and immediately said with a smile: "I can take you in and teach you how to practice."

"Really?"

Hearing what Ye Feng said, Lili's eyes suddenly revealed a look of deep joy, and she quickly kowtowed in front of Ye Feng and said, "Greetings to the Master!"

At this time, when he heard the little girl say this, Ye Feng also had a sigh in his eyes.

In fact, this Lili was also suffering quite a lot. The entire family was destroyed in an instant, and this enemy was also very powerful. It was a very terrifying beast from the stars.

At this moment, Ye Feng said: "Anyway, it's too late for you to start practicing now, so I want to activate the mysterious high-level blood in your body in advance."

The Chu Emperor in his mind just now said that Lili's bloodline inheritance came from the high-level world outside the domain.

So if the mysterious high-level blood in Lili's body can be completely activated, her future practice speed can be increased to the fastest.

At this moment, hearing what Ye Feng said, Lili's eyes just showed a rather puzzled look, and said aloud: "Do I have any very powerful blood that can be activated?"

Ye Feng smiled and said aloud: "Of course you have."

Swish!

Almost at the moment when Ye Feng's voice fell, Ye Feng directly stretched out a finger and tapped on Lili's forehead.

Then Ye Feng directly operated his huge mana, and poured it into Lili's body through his finger, wanting to first sense the mysterious high-level blood in Lili's body.

At this moment, with Ye Feng's induction, Ye Feng really felt that in Lili's body, in the deepest part of her blood, there was a very mysterious and terrifying energy hidden, but it was hidden very deep, and ordinary people could not sense it at all.

But Ye Feng's perception was terrifying, and he sensed it in an instant.

After sensing all this, Ye Feng's eyes suddenly showed a look of surprise.

Sure enough, this seemingly ordinary little girl Lili really had a mysterious bloodline from the higher world outside the domain.

At this moment, Ye Feng immediately began to increase the infusion of mana, wanting to completely activate the mysterious higher bloodline hidden in Lili's body.

## Chapter 5637 Murong Qingqing

At this time, as Ye Feng continued to infuse his magic power into Lili's mind, Ye Feng's huge magic power was constantly activating the mysterious blood power contained in the body of Lili, a mysterious girl.

It can be seen that the little girl Lili, who originally had a very ordinary aura, is actually radiating a faint light at this moment.

At this moment, Ye Feng immediately saw that a snow-white dragon soul slowly appeared in the void behind the girl Lili.

This dragon soul looks very noble, different from ordinary dragon souls, its power is very amazing, and it looks like it belongs to a very precious race.

Seeing this scene at this moment, Ye Feng's eyes suddenly showed a look of surprise, and he couldn't help but said: "I didn't expect that this girl really has the power of extremely powerful blood. This snow-white dragon soul should be the power hidden in his bloodline."

Emperor Chu in his mind was also a little surprised. He seemed to have seen something and said aloud: "This seems to be the Snow Dragon clan of the Dragon Realm. Among the three thousand alien races in the world, it is the top Dragon Realm clan. It is better than before. Ye Feng, the angels in the light world you met are even more advanced."

Hearing what Emperor Chu said in his mind, Ye Feng's eyes suddenly showed a look of surprise, as if he did not expect to meet the descendants of a very advanced clan among the three thousand alien races in the world here.

After all, this is just an extraterritorial battlefield, a territory belonging to the dark world. Those who come here are basically low-level races or low-level ferocious beasts who have escaped from the higher world outside the territory.

Unexpectedly, Lili's family turned out to be such a high-class family.

But why could such a powerful alien descendant be unable to block the attack of a giant starry beast?

Hearing Ye Feng's question, Emperor Chu in his mind said: "Perhaps this girl's family suffered some curse that prevented them from exerting the power of their blood, so they are very weak. Now Ye Feng, you have passed Your huge mana has activated the energy in this girl's bloodline."

At this moment, Ye Feng could only nod his head when he heard Emperor Chu say this in his mind.

This is an extraterritorial battlefield, an area at the junction with the higher world outside the extraterritorial world. There are many low-level ferocious beasts from outside the extraterritorial area. It is quite normal for high-level alien races from outside the extraterritorial area to occasionally appear.

At this moment, Ye Feng activated Lili's snow dragon bloodline, and Lili's practice will definitely progress very quickly.

At this moment, Ye Feng stared at the girl in front of him, smiled and said: "From now on, the power of your bloodline will be completely activated, and your cultivation speed will also increase to an extreme. From now on, you will be fine Practice, according to the practice plan I have formulated, you will become stronger and stronger in the future."

Hearing Ye Feng say this at this moment, Lili's eyes suddenly showed a hint of excitement.

Just now, she also saw the snow-white dragon soul condensed in the void behind her.

She could feel that there was an inexplicable connection between herself and this snow-white dragon soul.

At this moment, Lili knew very well that the big brother she met was definitely an extraordinary existence, and he could actually activate the power of her bloodline instantly.

At this time, Lili immediately couldn't help but knelt down in front of Ye Feng, kowtowed and said loudly: "Master's kindness, Lili can never repay her enough in the future."

Ye Feng directly helped the girl up, and said with a smile: "You can practice with peace of mind now, but you are still too weak now, so you should not follow me wandering around in this extraterrestrial battlefield. Otherwise, it is very likely that you will be in danger and I will not be able to save you in time. You will temporarily stay in my storage ring space, practice in stealth, and lay a good foundation for your practice. If you become very powerful in the future, Come out and help me again."

Hearing what Ye Feng said, Lili nodded immediately and said very respectfully: "Yes, Master."

At this moment, Ye Feng nodded. Without any hesitation, he directly put the girl Lili into his storage ring space and let her practice well in his storage ring space. First, give her the basics. Play well.

In this case, Ye Feng's next wandering and exploration in this extraterritorial battlefield will not be hindered by a weak girl like Lili.

At this moment, after Ye Feng put Lili into his storage ring, he continued to wander around and continued to explore this extraterrestrial battlefield.

While Ye Feng continued to explore, a huge black tree suddenly appeared not far away.

The leaves growing on this tree are not green, but black, and they look very dark.

Seeing this scene at this moment, Ye Feng's eyes suddenly showed a look of surprise.

This was the first time Ye Feng encountered such dark trees.

Ye Feng immediately walked over and looked carefully. Suddenly he was surprised to find that this big black tree was very extraordinary and was rooted in a black mire.

Ye Feng could sense that this black quagmire seemed to be a quagmire left by the demon clan, which contained very strong demon energy.

At this moment, Ye Feng's eyes lit up, he uprooted the big black tree, and then dug up the black quagmire.

The next moment, Ye Feng saw a black stone tablet appearing below.

The reason why this quagmire is full of such dark power is this black stone tablet.

Ye Feng took this black stone tablet in his hand, and there were incomprehensible words written on it, which should be the words of the demon clan.

But Ye Feng felt vaguely in his heart that this stone tablet must have been left by a big figure of the demon clan. It was very extraordinary. Ye Feng could not decipher it for the time being, so he could only put it into his storage ring first.

Then Ye Feng continued to explore the surroundings.

But suddenly at this time, a young woman wearing the clothes of the Dark God Court appeared in front of him. She should be a female disciple of the Dark God Court. She flew directly towards Ye Feng, with a very panicked look, and said aloud: "Hurry up and save us!"

At this moment, hearing this female disciple of the Dark God Court say this, Ye Feng's eyes suddenly showed a look of surprise.

Because this young woman turned out to be one of the fellow disciples that Ye Feng had met before.

Ye Feng immediately flew over and couldn't help asking, "Didn't you go to some cave to kill the Goblin King? How come you are the only one left?"

The female disciple couldn't help but said anxiously, "Several of my brothers and sisters are trapped in the Goblin's territory in the cave. We underestimated the Goblin's strength. Now several brothers and sisters Lili sent me out and asked me to find help. I have been looking for a long time but haven't met anyone from the same sect. Now I meet you. Can you help me rescue my brothers and sisters? My name is Murong Qingqing. If you can help me rescue my brothers and sisters, we will definitely reward you handsomely. In addition, we can also share the Goblin's treasure with you!"

At this moment, Murong Qingqing was obviously extremely anxious. She couldn't find anyone from the same sect and no one was willing to help them. So now she met Ye Feng, an ordinary outer disciple, and she regarded him as a life-saving straw and wanted to pull Ye Feng to rescue people together.

## Chapter 5638 I blamed you wrongly

At this moment, hearing what Murong Qingqing said in front of him, Ye Feng's eyes suddenly showed a look of surprise. It seemed that he did not expect that those extremely powerful inner disciples were all trapped in the cave.

At this time, I saw that the other party was so urgent, and that the other party was willing to share the treasures of the goblin clan with me, and even gave me a generous reward. It happened that the other party was also from the same sect.

Since Ye Feng met him, he agreed to go to the crypt with Murong Qingqing to take a look at the situation.

After all, Ye Feng's current strength has been upgraded to a very powerful level. Even difficulties that cannot be solved by the inner disciples may not be that dangerous to Ye Feng.

Moreover, the goblin clan in this crypt has such a strong strength, which means that the treasures of the goblin clan must be very rich, and Ye Feng also became interested.

At this time, Ye Feng looked at the eager female disciple Murong Qingqing in front of him, nodded immediately, smiled and said: "Don't panic and worry, I will go with you to take a look at the situation."

Hearing what Ye Feng said, Murong Qingqing seemed to have grasped the last straw, and quickly stretched out her white hand, took Ye Feng's palm, and said loudly: "Then come with me quickly. "

At this time, Murong Qingqing pulled Ye Feng and soon came to an area not far away.

Ye Feng saw here that a huge cave appeared, leading to the ground.

This should be the home cave of the goblin clan.

At this moment, Ye Feng and Murong Qingqing directly entered the crypt under the ground and arrived at the territory of the goblin clan.

The next moment, Ye Feng walked for a long time among the dense underground passages, and suddenly saw a very wide underground space.

Not far away, Ye Feng indeed saw several disciples of the Dark Court, being attacked by a group of strong men from the goblin clan.

In addition, there are actually other underground races that are helping the goblins attack these disciples of the Dark Court.

This other underground race has the shape of a human, but has a scorpion's black spiked tail, and its hands are also scorpion claws.

Seeing this scene at this moment, Murong Qingqing couldn't help but said in surprise: "I didn't expect that the goblin clan would not only show up with all their elites this time, but they would even unite with the underground scorpion clan. Now the situation of senior brothers and sisters must be critical. pole."

At this moment, the arrival of Ye Feng and Murong Qingqing immediately attracted the attention of everyone present.

The besieged disciples of the Dark Divine Court immediately noticed the arrival of Murong Qingqing and Ye Feng.

But when they saw Murong Qingqing coming over with Ye Feng as a helper, and Ye Feng was still an outer disciple.

This group of disciples from the Dark Court suddenly had a look of astonishment on their faces.

Immediately, the young man at the head looked very ugly. He couldn't help but smile helplessly and said, "Junior sister Qingqing, why did you find a helper? And he is also an ordinary outer disciple. "

Hearing what the young man at the head said, Murong Qingqing immediately couldn't help but said anxiously: "I searched outside for a long time but couldn't find anyone from the same sect. When I found other practitioners passing by, they were not willing to help at all. We, the disciples of the Dark Court, finally found this junior fellow student named Ye Feng and asked him to help us."

Hearing what Murong Qingqing said, among the besieged Dark Divine Court disciples, the young man leading the group immediately couldn't help but smile bitterly and said loudly: "Junior Sister Qingqing, you'd better escape with this junior brother quickly. There is no use for you to find this helper. Now that the goblin clan and the underground scorpion clan have united to attack us, even if you find one of the top ten disciples in the inner sect, it will be of no use. What's more, what you found is just an outer disciple. Don't let this junior disciple come to die. You should run away quickly. I even suspect that the goblin clan released the news that there is a treasure here, which is just a bait. It is to attract batch after batch of treasure hunters to this underground cave, and then the goblin clan will unite with the underground scorpion clan to continuously kill batch after batch of treasure hunters and plunder our wealth and flesh and blood. "

Hearing what the young man in charge said at this moment, Murong Qingqing's beautiful little face suddenly showed a look of shock, and then she felt deeply helpless and wanted to take Ye Feng away from here immediately.

Because the two underground races joined forces to attack, they were unable to recover.

As the young man at the head said, even if one of the top ten disciples of the inner sect of the Dark Divine Court was found, it would probably not be of much use.

Because there are too many strong men among the two major underground races, the goblin clan and the underground scorpion clan, and it is impossible to fight against them.

At this moment, Murong Qingqing immediately grabbed Ye Feng and said loudly: "Junior brother, it's my fault for bringing you to such a dangerous place this time. Let's escape now. It's not too late. Senior brothers and sisters also advised Let's leave, let's not die."

Hearing what Murong Qingqing said, Ye Feng suddenly threw away Murong Qingqing's hand and rushed towards the place where the battle was taking place not far away.

"Um?"

Seeing this scene, Murong Qingqing was stunned.

Not far away, a group of disciples of the Dark God Court who were being besieged were also shocked. They couldn't help looking at Ye Feng and said, "Brother, although I know that you, as a fellow disciple, want to help us, you should not make meaningless sacrifices. We will surely die. You and Sister Qingqing should hurry up and escape."

At this time, the strong men of the Goblin Clan and the Underground Scorpion Clan who were besieging a group of disciples of the Dark God Court not far away also stared at Ye Feng who was rushing towards this side quickly, with a mocking smile on their faces, and said, "Although the Dark God Court is one of the three major holy places for cultivation in the entire dark world, the disciples under the sect are not very smart, especially you, a young man, who is simply a moth flying into the fire and overestimating your own abilities."

At this moment, a strong man from the Goblin Clan immediately laughed and said, "Let me kill this overestimating kid on the spot."

But at the moment when the Goblin Clan's strong man finished speaking.

Swish!

Ye Feng suddenly stretched out a hand, which turned into a huge black hand, full of power that could cover the sky and the sun, and instantly crushed the strong man from the goblin clan who was just laughing at Ye Feng.

"What?"

Seeing this scene, everyone present was horrified to the extreme, with deep shock on their faces.

Especially the goblins, they couldn't help but exclaimed: "How is this possible? This kid is so young, how could he wipe out the top ten strong men of our goblin clan in one move!"

At this moment, seeing this scene, the besieged group of disciples of the Dark God Court also showed deep shock on their faces and said: "Is this junior brother really an outer sect disciple? How can he be so powerful? He wiped out a top ten strong man of the goblin clan in an instant. This kind of strength is probably far beyond the ordinary existence of the ten inner sect disciples, and he may be able to compete for the top three of the inner sect!"

At this time, a group of disciples of the Dark God Court instantly looked at Murong Qingqing, who was also confused not far away, and couldn't help but excitedly said: "Junior sister Qingqing, it seems that we have wronged you. The junior brother you found is simply a peerless genius! He has the strength to turn the tide!"

### Chapter 5639 Compliments

At this moment, everyone in the audience was in deep shock.

Because no one expected that Ye Feng, a seemingly ordinary outer disciple, actually possessed such a powerful strength, which was really unexpected by everyone present.

Even the goblins and the underground scorpion people did not expect that this outer disciple from the Dark God Court looked so young and so ordinary, but once he burst out with strength, he was actually very terrifying.

At this time, everyone was staring at the top ten strong men of the goblin clan who were crushed by Ye Feng in an instant, and their hearts were full of shock.

At this moment, Ye Feng showed a cold smile in his eyes, and said: "You goblins and underground scorpion people have united together to kill the cultivators who came here. It is really insidious. None of you have to leave today."

At this moment, an old man in a black robe from the goblin clan smiled coldly and said: "Young man, although your strength just now is indeed very strong, it is a bit too wishful to rely on you alone to fight against our entire goblin clan and the underground scorpion clan."

Boom! !

Almost at the moment when the black-robed old man from the goblin clan finished speaking, he rushed directly towards Ye Feng, and a terrifying aura of cultivation suddenly burst out from his body.

The cultivation aura of this black-robed old man from the goblin clan is three or four realms higher than Ye Feng.

It must be said that these goblin clan masters are still very powerful.

At this moment, Ye Feng smiled coldly, without any fear at all, but said: "Okay, today I will let you see what real strength is."

Boom! !

Almost at this moment, Ye Feng madly burst out his extremely powerful cultivation power, and in an instant he performed the Dark Emperor Gong.

Ye Feng's whole body suddenly began to expand on the spot, and directly expanded into a dark giant with a height of tens of thousands of meters.

This is the true body of the first generation of the Dark Emperor.

At this moment, after Ye Feng turned into this dark giant, he directly took out the most powerful weapon in his hand, the Ice Sword.

Ye Feng turned into a dark giant, holding the Ice Sword, just like the ancient dark god descended, and suddenly chopped fiercely towards the front.

Boom! !

A terrifying ice power suddenly broke out from the Ice Sword in Ye Feng's hand, and instantly a terrifying cold wave surged out, as if the whole world was about to freeze.

The strong man of the goblin clan who rushed towards Ye Feng, the old man in black robe, was frozen in place by the cold air bursting out from the ice giant sword in Ye Feng's hand before he even got close to Ye Feng.

"What??"

Seeing this scene, many strong men of the goblin clan panicked.

Because this old man in black robe was the patriarch of their goblin clan, but they didn't expect that the patriarch was so fragile in front of Ye Feng. He was frozen in place by Ye Feng's move and couldn't move at all.

At this moment, even the underground scorpion clan not far away suddenly showed deep horror in their eyes.

They suddenly realized that this young man who looked ordinary was definitely an extremely terrifying existence, and they couldn't fight against him at all.

Ye Feng's power was like a dimensionality reduction attack for them, and they couldn't win by relying on numbers.

At this moment, the underground scorpion clan actually ran away as a whole, running madly towards the distance.

The goblins were also panicked for a moment and fled madly.

But at this moment, Ye Feng smiled coldly and said, "Since you are here, you don't have to leave."

Boom!

At this moment, Ye Feng held the ice giant sword in his hand, greatly urged the power of the ice giant sword, and chopped wildly around.

With each sword slash, a terrifying cold wave immediately bombarded the surroundings, freezing all the goblins and underground scorpion tribes present in the cold wave released by the ice giant sword in his hand.

At this moment, Ye Feng's eyes immediately showed a cold look, and he released the swallowing field in an instant, covering all the goblins and underground scorpion tribes that were frozen by himself in a dark swallowing field, and began to swallow them madly and quickly.

Boom!

At this moment, a huge amount of energy was immediately injected into Ye Feng's body, rapidly strengthening Ye Feng's skills.

As Ye Feng devoured all the strong men from the goblins and underground scorpion tribe, his cultivation aura began to grow rapidly.

Boom!

The first level of the Divine Fate Realm!

Boom!

The second level of the Divine Fate Realm!

Boom!

The third level of the Divine Fate Realm!!

It must be said that although the fighting power of these strong men from the goblins and underground scorpion tribes is not as strong as imagined, the energy contained in their bodies is indeed very powerful.

At this moment, after Ye Feng devoured it, he could immediately feel that his cultivation level had broken through very quickly.

At this time, after Ye Feng's cultivation stabilized after his complete breakthrough, he looked at a group of inner disciples of the Dark Court not far away and said with a smile: "It seems that this goblin clan is not as powerful as you said."

Hearing what Ye Feng said, a group of inner disciples from the Dark Divine Court present showed deep shock in their eyes.

Then the young man who was leading him immediately brought the others to Ye Feng, clasped his fists deeply and said: "Junior brother Ye Feng, it's really thanks to you this time, otherwise, we might all be buried in these..." In the hands of the strong men of the goblin clan."

At this moment, Murong Qingqing also had a look of deep surprise in her eyes. She quickly came to Ye Feng's side and couldn't help but said: "Ye Feng, why are you so powerful? I

thought you were before You're just an outer disciple, but I didn't expect that your strength might have surpassed that of most inner disciples, and could even rival the top three inner disciples."

Hearing Murong Qingqing's words at this moment, the other inner disciples of the Dark Divine Court suddenly showed deep admiration in their eyes, and couldn't help but say: "Junior Brother Ye Feng is an outer disciple even though he is an outer disciple. , but with this kind of strength, he will definitely become the king of the younger generation in our Dark Court in the future."

Hearing everyone's compliments at this moment, Ye Feng couldn't help but shake his head and smile, and said: "Let's not talk about this anymore. Let's talk about the goblin clan in the crypt you mentioned. Treasure, is this true?"

## Ancient God

### Chapter 5640 Zombie Hand

At this moment, what Ye Feng is most interested in is of course the treasures of the goblins.

Because Ye Feng knows very well that if there is really a treasure of a race in this crypt, it will definitely be very rich.

At this moment, when Ye Feng heard this question, the young man who was the leader of this group of inner disciples of the Dark Court immediately nodded, took out a broken map from his storage ring, and said : "We bought this from a wandering merchant. A broken map. It is said that the treasures of the goblin clan are buried in it for generations. Unexpectedly, when we came here, we were trapped and killed by the goblin clan and the underground scorpion clan, so I think this map must be a fake. Yes, there are no goblin treasures here."

Hearing what the young man said, Ye Feng shook his head and said: "Since this underground lair is really where the goblin clan and the underground scorpion clan live, then there should be good things left by them. "

Hearing what Ye Feng said, everyone nodded.

At this time, Ye Feng looked at the broken map in the young man's hand and said, "Let's follow the map's guidance first and see what's in the final location. Maybe there really is a treasure."

Hearing what Ye Feng said, everyone nodded.

One of the inner disciples spoke up and said: "Now that a great genius like Junior Brother Ye Feng is leading us, we are no longer afraid."

Hearing what this inner disciple said, everyone nodded.

Murong Qingqing also followed Ye Feng, with a look of deep surprise in her beautiful eyes.

She never thought that such an outer disciple she accidentally recruited in her panic would be such a powerful being and so outstanding that a young girl like Murong Qingqing would easily fall in love with him.

At this moment, Murong Qingqing already had a feeling of great admiration for Ye Feng in her heart.

Ye Feng didn't notice this at this time. He just smiled and said, "Okay, in that case, let's go look for it together."

At this moment, Ye Feng held the map in his hand and immediately started walking in this crypt according to the directions on the map.

When they came to the final place guided by the map, everyone was a little disappointed that there was no so-called treasure here, but a dark underground tomb.

That's right, there are densely packed bronze coffins buried here. Each bronze coffin is very old and looks very strange when placed on the ground. There are tens of thousands of bronze tombs.

"This is....."

Seeing this scene, an inner disciple of the Dark Divine Court standing next to Ye Feng immediately couldn't help but said in horror: "This seems to be the legendary Land of Ten Thousand Tombs, consisting of ten thousand ancient tombs. composition."

"What?"

Hearing what this inner sect disciple said, the other disciples of the Dark Divine Court couldn't help but ask: "Is there anything special about this place of thousands of tombs?"

The inner disciple who was the first to answer immediately spoke out in fear: "It is rumored that only if the great forces in ancient times were cultivating something very scary and strange, would they deliberately build ten thousand tombs to form thousands of tombs?" Graveyard."

"What?"

Hearing what this inner disciple said, everyone suddenly got chills and felt a little weird and scary.

Ye Feng seemed to sense something at this time, and suddenly looked towards the area where the ten thousand tombs were located not far away.

And the moment Ye Feng looked over, sure enough, something seemed to have changed here.

Boom!

The entire underground lair actually began to shake.

Immediately, under the shocked gazes of everyone present, a huge withered green zombie hand as big as a mountain suddenly burst out of the ground from the Land of Ten Thousand Tombs not far away.

Along with countless gravel rolling, this zombie's big hand actually grabbed everyone.

"This seems to be the palm of the legendary zombie king! This land of thousands of graves seems to have given birth to something very terrifying. It is very likely that a zombie king has been given birth to!"

At this time, looking at the huge withered blue zombie hands like a mountain, everyone quickly retreated in horror, their eyes full of horror.

At this moment, everyone is preparing to escape from here, because they feel that there is no so-called treasure here at all. This is a very weird place dedicated to breeding zombies.

Uh-huh!

But at this moment, Ye Feng took action without any hesitation.

Ye Feng stretched out his palm and blasted it out fiercely. Ye Feng's palm immediately turned into a big hand of darkness, possessing the physical strength of the immortal body of the god, and at the same time possessing the power of the first generation true body of the Dark Emperor. It was a direct confrontation with the big hand of the zombie king.

"Boom!!"

And almost at the next moment, Ye Feng's dark hand collided with the zombie king's big zombie hand, making a huge roar.

Then everyone discovered to their horror that Ye Feng's big black hand did not retreat at all, but collided with the zombie king's big hand, without falling behind at all.

"What?"

Seeing this scene, everyone present suddenly widened their eyes.

One of the inner disciples couldn't help but said in shock: "Junior brother Ye Feng is really too powerful. Not only is his cultivation and inheritance powerful, but his physical strength is also so terrifying. You know, the person who was born in the Land of Ten Thousand Tombs The king of zombies, his body is invulnerable to lightning, water and fire. With the power of his immortal body, he didn't expect that the zombie hands of this terrifying zombie king could not break through Junior Brother Ye Feng's body defense. What exactly was Junior Brother Ye Feng's body made of? It's so terrifying and as strong as divine iron!"

At this moment, Murong Qingqing stood not far away and saw this scene, her eyes widened slightly, and then she felt inexplicable admiration and admiration for Ye Feng, a young male disciple of the same sect whom she met by chance. Admiration.

At this moment, Ye Feng laughed loudly, looked at the internal area of the Land of Ten Thousand Tombs, and said loudly: "One of your zombie palms cannot resist me, so you should reveal your entire body."

At this moment, Ye Feng always feels that there must be something good in this crypt. Otherwise, it is impossible for someone to use the Land of Ten Thousand Tombs here to cultivate such a weird thing as the King of Zombies. Ye Feng must find out clearly. , so this zombie king must be dealt with first.

## Chapter 5641 Corpse God Armor

At this moment, the moment Ye Feng's words fell, there was a huge shock in the Land of Ten Thousand Tombs not far away.

Boom!

As the entire ground collapsed, a majestic zombie giant with a height of tens of thousands of meters suddenly appeared in everyone's sight.

This is the King of Zombies!

It is a very terrifying creature born in this land of thousands of graves.

At this moment, the zombie king stretched out two huge zombie palms and bombarded Ye Feng.

At this time, the zombie king completely manifested his true form, bursting out with extremely terrifying power, trying to kill Ye Feng and all the disciples of the Dark Court of God present.

At this moment, Ye Feng laughed loudly and said aloud: "You have finally revealed your true body. It is indeed extraordinary. You can actually give birth to such a head with such a power in such a dark cave. The zombie king with a terrifying zombie body, but it's a pity that you met me today."

Almost as soon as Ye Feng finished speaking, Ye Feng burst out with his extremely powerful power.

Ye Feng also turned into the true form of the Dark Emperor at this moment, turning into a dark giant with a height of tens of thousands of meters, about the same size as the zombie king.

Then Ye Feng also inspired the power of the immortal body of the god, and directly attacked the zombie king fiercely.

Boom! !

At this moment, the entire underground was turned upside down, and the entire ground was shattered.

The many disciples of the Dark Divine Court watching around could not help but retreat quickly.

Some inner disciples in the Dark Court couldn't help but say: "Is this Junior Brother Ye Feng really a new disciple who has just joined the outer sect? How come he has such a strong strength? And he has never had one before. Enter the inner door."

At this moment, Murong Qingqing couldn't help but said: "Junior brother Ye Feng probably hasn't had time to participate in the outer sect competition yet, so he hasn't entered the inner sect yet. In other words, he has not entered the inner sect before entering our dark divine court. , is already a very powerful existence. I don't know where it came from. When the battle is over, I must ask Junior Brother Ye Feng where he comes from. "

Hearing what Murong Qingqing said at this moment, the young man who was the leader among the group of inner disciples couldn't help but said: "Junior Brother Ye Feng has just joined our Dark Divine Court, and he already has such a powerful strength. , must come from a very terrifying and powerful race in our dark world, otherwise, it would be impossible to have such strong strength and inheritance. "

At this moment, the entire field is still in a very chaotic fighting state.

At this moment, the King of Zombies shouted loudly: "Ten Thousand Graves Destroying Heavenly Hand!"

Almost at this moment, as the zombie king finished speaking, he stretched out a hand.

As he stretched out his zombie hand, all the graves around him flew into his hand one by one, forming what looked like armor scales, covering his big zombie hand. , possessing extremely terrifying corpse energy that can corrode everything.

At this moment, Ye Feng didn't hesitate at all. He immediately held the frozen giant sword in his hand and burst out with terrifying ice power, slashing directly towards the zombie king.

Wow!

A terrifying cold wave burst out from the frozen giant sword in Ye Feng's hand, and it was as if the entire world was about to be frozen.

The zombie king's killing move was completely frozen under the attack of Ye Feng's frozen giant sword.

"What?"

Seeing this scene, the zombie king was a little shocked and couldn't help but said: "What kind of sword is this? How can you have such a strong freezing ability?"

Ye Feng laughed at this moment and said loudly: "You don't need to know this."

Boom!

At this moment, Ye Feng held the frozen giant sword in his hand and slashed wildly with one sword after another.

Waves of terrifying ice sword light directly hit the zombie king.

At this moment, the King of Zombies immediately shouted angrily: "Armor of the Corpse God!"

At this moment, I saw that the body of the zombie king was immediately covered with a huge layer of armor, with corpse energy from the underworld on it.

The frozen giant sword in Ye Feng's hand was unable to do anything to this zombie king for a while.

Seeing this scene, the Zombie King immediately laughed and said loudly: "You can't even break through my defense now, you can't defeat me at all."

Seeing this scene at this moment, Ye Feng smiled coldly and said, "You are happy too early."

Almost at the moment Ye Feng finished speaking, Ye Feng directly released his most powerful and advanced weapon, the Gate of Heaven.

Buzz!

At this moment, above Ye Feng's head, a huge white door suddenly appeared in the void, exuding extremely bright light.

It was the Gate of Heaven that Ye Feng had refined before.

At this moment, the Gate of Heaven appeared, and the bright light emitted directly shone on the zombie king.

The next moment, the Zombie King was horrified to find that the Corpse God Armor condensed on his body was rapidly corroding under the illumination of Ye Feng's light power.

"What??"

Seeing this scene, the Zombie King could not help but said in horror: "How is this possible? How can your magic weapon with light attributes have such a strong power? My Corpse God Armor is a high-level underworld armor that I traded with a big man in the underworld. How can there be a magic weapon in the dark world that can break my Corpse God Armor??"

When Ye Feng heard what the Zombie King said, he did not explain anything at all, but smiled coldly and directly bombarded the Zombie King fiercely.

The Frozen Sword in Ye Feng's hand finally shattered the Corpse God Armor on the weakened Zombie King.

Swish!

Then Ye Feng stepped on the head of the Zombie King directly, stepped on it on the ground, and completely defeated the Zombie King.

"Hiss!"

"Too fierce!"

"Too powerful!"

Seeing this scene, many inner disciples of the Dark God Court who were watching not far away suddenly showed deep shock in their eyes, and then deep ecstasy.

Many people couldn't help but screamed and said: "Junior Brother Ye Feng is really too powerful. He even defeated this terrifying zombie king. This is really incredible!"

At this moment, in Murong Qingqing's eyes, Ye Feng had already become a god-like existence in her mind.

She had never seen a peerless genius with such powerful strength.

At this moment, Murong Qingqing's favorability towards Ye Feng was simply off the charts.
