

Ancient God

Chapter 5641 Corpse God Armor

At this moment, the moment Ye Feng's words fell, there was a huge shock in the Land of Ten Thousand Tombs not far away.

Boom!

As the entire ground collapsed, a majestic zombie giant with a height of tens of thousands of meters suddenly appeared in everyone's sight.

This is the King of Zombies!

It is a very terrifying creature born in this land of thousands of graves.

At this moment, the zombie king stretched out two huge zombie palms and bombarded Ye Feng.

At this time, the zombie king completely manifested his true form, bursting out with extremely terrifying power, trying to kill Ye Feng and all the disciples of the Dark Court of God present.

At this moment, Ye Feng laughed loudly and said aloud: "You have finally revealed your true body. It is indeed extraordinary. You can actually give birth to such a head with such a power in such a dark cave. The zombie king with a terrifying zombie body, but it's a pity that you met me today."

Almost as soon as Ye Feng finished speaking, Ye Feng burst out with his extremely powerful power.

Ye Feng also turned into the true form of the Dark Emperor at this moment, turning into a dark giant with a height of tens of thousands of meters, about the same size as the zombie king.

Then Ye Feng also inspired the power of the immortal body of the god, and directly attacked the zombie king fiercely.

Boom! !

At this moment, the entire underground was turned upside down, and the entire ground was shattered.

The many disciples of the Dark Divine Court watching around could not help but retreat quickly.

Some inner disciples in the Dark Court couldn't help but say: "Is this Junior Brother Ye Feng really a new disciple who has just joined the outer sect? How come he has such a strong strength? And he has never had one before. Enter the inner door."

At this moment, Murong Qingqing couldn't help but said: "Junior brother Ye Feng probably hasn't had time to participate in the outer sect competition yet, so he hasn't entered the inner sect yet. In other words, he has not entered the inner sect before entering our dark divine court. , is already a very powerful existence. I don't know where it came from. When the battle is over, I must ask Junior Brother Ye Feng where he comes from. "

Hearing what Murong Qingqing said at this moment, the young man who was the leader among the group of inner disciples couldn't help but said: "Junior Brother Ye Feng has just joined our Dark Divine Court, and he already has such a powerful strength. , must come from a very terrifying and powerful race in our dark world, otherwise, it would be impossible to have such strong strength and inheritance. "

At this moment, the entire field is still in a very chaotic fighting state.

At this moment, the King of Zombies shouted loudly: "Ten Thousand Graves Destroying Heavenly Hand!"

Almost at this moment, as the zombie king finished speaking, he stretched out a hand.

As he stretched out his zombie hand, all the graves around him flew into his hand one by one, forming what looked like armor scales, covering his big zombie hand. , possessing extremely terrifying corpse energy that can corrode everything.

At this moment, Ye Feng didn't hesitate at all. He immediately held the frozen giant sword in his hand and burst out with terrifying ice power, slashing directly towards the zombie king.

Wow!

A terrifying cold wave burst out from the frozen giant sword in Ye Feng's hand, and it was as if the entire world was about to be frozen.

The zombie king's killing move was completely frozen under the attack of Ye Feng's frozen giant sword.

"What?"

Seeing this scene, the zombie king was a little shocked and couldn't help but said: "What kind of sword is this? How can you have such a strong freezing ability?"

Ye Feng laughed at this moment and said loudly: "You don't need to know this."

Boom!

At this moment, Ye Feng held the frozen giant sword in his hand and slashed wildly with one sword after another.

Waves of terrifying ice sword light directly hit the zombie king.

At this moment, the King of Zombies immediately shouted angrily: "Armor of the Corpse God!"

At this moment, I saw that the body of the zombie king was immediately covered with a huge layer of armor, with corpse energy from the underworld on it.

The frozen giant sword in Ye Feng's hand was unable to do anything to this zombie king for a while.

Seeing this scene, the Zombie King immediately laughed and said loudly: "You can't even break through my defense now, you can't defeat me at all."

Seeing this scene at this moment, Ye Feng smiled coldly and said, "You are happy too early."

Almost at the moment Ye Feng finished speaking, Ye Feng directly released his most powerful and advanced weapon, the Gate of Heaven.

Buzz!

At this moment, above Ye Feng's head, a huge white door suddenly appeared in the void, exuding extremely bright light.

It was the Gate of Heaven that Ye Feng had refined before.

At this moment, the Gate of Heaven appeared, and the bright light emitted directly shone on the zombie king.

The next moment, the Zombie King was horrified to find that the Corpse God Armor condensed on his body was rapidly corroding under the illumination of Ye Feng's light power.

"What??"

Seeing this scene, the Zombie King could not help but said in horror: "How is this possible? How can your magic weapon with light attributes have such a strong power? My Corpse God Armor is a high-level underworld armor that I traded with a big man in the underworld. How can there be a magic weapon in the dark world that can break my Corpse God Armor??"

When Ye Feng heard what the Zombie King said, he did not explain anything at all, but smiled coldly and directly bombarded the Zombie King fiercely.

The Frozen Sword in Ye Feng's hand finally shattered the Corpse God Armor on the weakened Zombie King.

Swish!

Then Ye Feng stepped on the head of the Zombie King directly, stepped on it on the ground, and completely defeated the Zombie King.

"Hiss!"

"Too fierce!"

"Too powerful!"

Seeing this scene, many inner disciples of the Dark God Court who were watching not far away suddenly showed deep shock in their eyes, and then deep ecstasy.

Many people couldn't help but screamed and said: "Junior Brother Ye Feng is really too powerful. He even defeated this terrifying zombie king. This is really incredible!"

At this moment, in Murong Qingqing's eyes, Ye Feng had already become a god-like existence in her mind.

She had never seen a peerless genius with such powerful strength.

At this moment, Murong Qingqing's favorability towards Ye Feng was simply off the charts.

Chapter 5642: Ancient War Site

At this time, Ye Feng was preparing to kill the zombie king.

"thump!"

But suddenly at this moment, the King of Zombies knelt in front of Ye Feng and couldn't help but said: "Sir, please forgive me! I can lead you to find the real treasure place under this cave. "

"Um?"

Hearing what the zombie king said, Ye Feng's eyes suddenly flashed.

Is there really a treasure place in this crypt?

At this moment, Ye Feng nodded and said: "Then take me to have a look. If you dare to lie to me, I will kill you on the spot."

Hearing what Ye Feng said, the zombie king couldn't help but shook his head and said loudly: "My life is in the hands of adults now, how could I lie to adults."

At this time, a group of other inner disciples of the Dark Court not far away could not help but want to follow Ye Feng.

But at this time, the Zombie King glared at the others and said loudly: "I will only take Mr. Ye Feng to this treasure land. You mediocre people are not qualified to enjoy that treasure land." "

Hearing what the King of Zombies said, a group of inner disciples from the Dark Court who were not far away and wanted to follow them all trembled.

At this time, they suddenly realized that it was Ye Feng who defeated the zombie king by one person. Naturally, the zombie king would not allow a mob like them to follow him.

Many of the inner disciples of the Dark Court could only smile bitterly and stay where they were.

At this moment, Ye Feng followed the King of Zombies and flew very deep into the cave.

This is already a very deep area in the Land of Ten Thousand Tombs.

Soon, the view in front of Ye Feng suddenly became clear.

A huge ancient battlefield ruins unexpectedly appeared.

The entire surrounding land was actually in pieces, with many broken weapons and some collapsed banners, as well as the corpses of many ancient powerful men. Of course, they had completely lost their life essence and turned into skeletons. on the ground.

This is a very vast place of ancient war!

When Ye Feng saw this scene, he couldn't help but said in surprise: "Is the treasure place you mentioned the battlefield relics of the ancient war?"

The King of Zombies immediately nodded and said: "Yes, this was once a place of war between the two ancient empires, and many good things from the ancient powerful have been left behind, such as the storage rings in the hands of many corpses. , there must be ancient cultivation resources in it. When I was practicing here in seclusion, I often explored this ancient war land and got a lot of good resources. Otherwise, I would not have been able to grow and transform in a short period of time. For the King of Zombies."

Hearing what the Zombie King said at this moment, Ye Feng nodded and wanted to explore.

But the King of Zombies couldn't help but said: "Sir, please follow me. I am quite familiar with this ancient battlefield, because in this ancient battlefield, if you wander around casually, it is very likely that you will be killed. You will encounter very terrible dangers, such as the terrifying war undead or war zombies, etc., which are very powerful."

Hearing what the King of Zombies said, Ye Feng laughed and said, "I'm not afraid of these things from the underworld."

After the words fell, Ye Feng rushed directly into the ancient war relics, released his soul power, and searched carefully.

Seeing Ye Feng running around like this, the King of Zombies immediately showed a look of astonishment in his eyes, and then became very curious.

Because he was very curious about what kind of support Ye Feng had to dare to run rampant in this ancient battlefield.

Because the King of Zombies had told Ye Feng before that he might encounter very ancient war undead or war zombies here. They are all things from the underworld and are very scary. But after Ye Feng heard it, he didn't have any idea at all. of fear.

At this moment on the road, the King of Zombies also confessed and said: "Master Ye Feng, I was once a centurion in this ancient battlefield. In the later stages of the war on the ancient battlefield, I escaped from death. I was the only survivor of this battlefield back then, so I have the responsibility to guard this ancient battlefield, so I used the corpse energy from ten thousand graves to survive to this day and successfully transformed into the physique of the zombie king. "

When Ye Feng heard what the zombie king said, he smiled slightly and said: "I think you are mainly trying to plot the various wealth and resources left over from this ancient battlefield, so you have been staying here. Walk."

Hearing Ye Feng's simple and direct words, the Zombie King nodded awkwardly.

At this moment, Ye Feng began to explore this ancient battlefield site.

Sure enough, as the King of Zombies said, Ye Feng soon discovered that many corpses had storage rings left by ancient strong men.

Ye Feng opened one ancient storage ring after another. Most of them had no good items anymore. They should have been used up by the owners of the rings in the ancient wars.

However, there were some ancient powerful men who had not used up the resources in the storage rings after their death. Ye Feng discovered that there were still many good things left in many storage rings.

For example, ancient elixirs, ancient war potions, and many very advanced armor and nuclear weapons.

Ye Feng even saw a rare animal from ancient times surviving in a storage ring. It should be the pet of the owner of the ring at that time. It was a snow fox pet. It was not completely dead and was hiding in this storage ring...

At this moment, Ye Feng found so many good things, naturally without any hesitation, he found one, swallowed one, and his skills were constantly growing and breaking through.

Ye Feng spent nearly three days and three nights searching in this ancient battlefield and got a lot of cultivation resources.

After Ye Feng swallowed and used these cultivation resources on the spot, his skills increased a lot, and his cultivation level also improved by five small levels in these few days.

From the previous third level of the Godly Fate Realm, he stepped into the eighth level of the Godly Fate Realm! !

These huge gains made Ye Feng very happy.

And just when Ye Feng was about to loot an ancient corpse in the morning of that day.

Swish!

Suddenly, the soil on the ground broke open.

A bone hand emitting the aura of the underworld suddenly broke out of the soil and reached directly towards Ye Feng's heart, as if it wanted to pierce Ye Feng's ribs and grab his heart directly.

Apparently, there was a very strange creature under the soil, trying to sneak attack Ye Feng and kill him.

Ancient God

Chapter 5643 Wandering

Boom!

At this moment, Ye Feng did not hesitate. He stretched out his hand and grabbed the bone palm. Then with a strong force, he directly pulled the owner of the bone palm from under the soil. come out.

Then Ye Feng saw it immediately. What he pulled out turned out to be a skeleton covered in rotten flesh and blood.

This is obviously a war undead in this ancient battlefield ruins. It is completely dead, but because it is controlled by the breath of the underworld, it has transformed into this kind of existence that is even weirder than a zombie.

"roar!"

At this moment, the war dead roared suddenly and attacked Ye Feng crazily.

Ye Feng punched out one punch after another, stimulating the power of the immortal body of the god, but he was surprised to find that his golden fist could not break the skeletal body of this war undead.

Ye Feng couldn't help but said in surprise: "The combat power of this war undead is not very strong. I didn't expect that the bones are so strong. The power of my body can crush some high-level weapons at will. I didn't expect that." After so many punches, there was no way to break the bones of this war undead."

Hearing what Ye Feng said, the Zombie King standing aside couldn't help but said: "Every corpse in this ancient battlefield was once a super strong person, and they died in this war. The war undead that he turned into afterward were naturally extremely powerful, with bones as strong as those made of divine iron."

Hearing what the King of Zombies said, Ye Feng nodded, directly using the soul master's method.

Ye Feng knew very well that this kind of war undead relied on a trace of its remnant soul to support its entire body in fighting, so rather than confronting the enemy head-on, it was not the best attack method. The best attack method was the soul master's method.

At this moment, Ye Feng directly controlled his soul power and moved toward the war undead, hoping to directly obliterate the remaining soul of the war undead.

Buzz!

But when Ye Feng's soul power touched the remnant soul of this war undead, Ye Feng suddenly discovered that his soul power was so powerful that he could directly control the remnant soul of this war undead.

In other words, Ye Feng can directly control the undead in this round of war.

This made Ye Feng's eyes suddenly reveal a look of surprise.

Then Ye Feng began to experiment, directly using his powerful soul power to forcibly take control of the remaining soul in the body of this war undead.

The next moment, under the horrified and stunned eyes of the Zombie King beside him, Ye Feng stopped his attack and thought.

The war undead in front of him, who was originally going to attack Ye Feng, suddenly stood in front of Ye Feng in an orderly manner.

Whatever Ye Feng asked this war undead to do, this war undead would do.

"What?"

Seeing this scene, the Zombie King standing next to him couldn't help but reveal a deep look of astonishment in his eyes, and said loudly: "Master Ye Feng, what kind of method is this? You can actually control this in an instant. Such a terrifying war undead, it's incredible!"

At this moment, the zombie king's methods towards Ye Feng are unbelievable to the extreme.

When Ye Feng came to this ancient battlefield before, he had already shown a very confident attitude.

At that time, the King of Zombies felt that Ye Feng must have special means and was not afraid of these war undead or war zombies. Now the King of Zombies has thoroughly seen Ye Feng's magical means, and he can actually control these war undead. This is incredible.

At this moment, Ye Feng's eyes showed deep joy.

Since it is so easy to control these war undead for your own use through your own soul power, then maybe you can gather a group of war undead in this ancient battlefield to form an army of war undead, which will help you when the time comes. But it's very big.

You know, if thousands of these war undead can be gathered together, and when they attack the enemy, they will all attack without their lives, it will be scary to think about it.

So at this moment, Ye Feng had almost no hesitation. He immediately looked at the zombie king beside him and said loudly: "In addition to looking for training resources in this ancient battlefield, I also need to look for this very powerful weapon." War Undead, if I can control one War Undead one after another to form an army of War Undead, it will be of great help to improve my overall strength."

Hearing what Ye Feng said, the Zombie King nodded in shock and said: "Master Ye Feng has this method that can control the undead of war in an instant. He can indeed look for these very weird undead of war. To other treasure hunters, these war undead are absolutely like the gods of death. They are very difficult to deal with and difficult to kill. But for Lord Ye Feng, these are simply like a god of death. Treasure, in this ancient battlefield, countless super strong people died in the past. Even if only one war undead can be born among many super strong people, I think there are hundreds or thousands of war undead in this ancient battlefield. If all the undead can be found and controlled by you, Master Ye Feng, they can indeed form a very terrifying army of undead. This is simply an army that is not afraid of death. "

At this moment, Ye Feng couldn't bear it any longer. He immediately nodded and said, "Then let's start taking action."

Buzz!

At this moment, Ye Feng is directly exuding his huge soul power, covering the surroundings, preparing to search for resources while attracting war undead one by one, and controlling these war undead to become his slaves in fighting, forming a The army of the undead was a huge help to Ye Feng in improving his overall strength.

Next, Ye Feng followed the King of Zombies, wandering around the ruins of the ancient battlefield, and found many storage rings left by strong men, and gained a lot of training resources.

After Ye Feng devoured these cultivation resources, his cultivation level improved rapidly again.

Before, Ye Feng's cultivation level had been promoted to the eighth level of the Divine Fate Realm. In the next few days, after Ye Feng wandered around the ruins of the ancient battlefield, he devoured the training resources in the storage ring he obtained. , allowing his cultivation level to directly increase to the tenth level of Divine Fate Realm, Great Perfection.

Ye Feng's skill and combat effectiveness have been strengthened like never before.

In addition, Ye Feng also attracted and controlled thousands of war undead during this period, truly forming an army of war undead, ready to fight for Ye Feng at any time.

This made Ye Feng very happy. The harvest this time was simply huge.

Chapter 5644 Falling Moon City

After several days of wandering, Ye Feng completely cleaned up the entire ancient ruins battlefield.

Ye Feng then prepared to leave this ancient battlefield.

The King of Zombies followed Ye Feng and returned to the previous land of thousands of graves.

Ye Feng found out and everyone else had completely left.

It seemed that the inner disciples of the Dark Court knew that they could not get the treasures under this cave at all, so they all left one after another.

After all, they only met Ye Feng for the first time, so they did not wait for Ye Feng to return.

"Um?"

But Ye Feng suddenly discovered to his surprise that there was a beautiful girl waiting for him not far away.

This beautiful girl was none other than the inner disciple of the Dark Divine Court whom Ye Feng met for the first time before, Murong Qingqing, the female disciple who asked for help.

At this moment, Ye Feng's eyes suddenly showed a look of surprise, as if he didn't expect that there was someone waiting for him here.

Uh-huh!

Ye Feng immediately flew over and landed in front of Murong Qingqing. He couldn't help but smile and said, "Why are you still here? Didn't you leave here with your companions?"

Hearing what Ye Feng said, Murong Qingqing immediately shook her head and said: "Senior brother Ye Feng, although you are an outer disciple, please allow me to call you senior brother, because you are too powerful. So I didn't leave with my companions because I wanted to wait for you here. I didn't want to go training with my companions. I wanted to follow you, Senior Brother Ye Feng."

"Um?"

Hearing Murong Qingqing's confession, Ye Feng's eyes suddenly showed a look of surprise.

At this moment, Murong Qingqing looked at Ye Feng, with an expression of admiration in her beautiful eyes.

In fact, Murong Qingqing is a very young and beautiful girl, but she has long admired Ye Feng, a young prodigy, so she is unwilling to leave with his former partner, but insists on waiting here for Ye Feng's return. .

At this time, when Ye Feng heard what Murong Qingqing said, he immediately smiled and said, "You and I just met each other once, do you trust me so much?"

Murong Qingqing couldn't help but nodded and said loudly: "From the first time I met Senior Brother Ye Feng and asked Senior Brother Ye Feng to follow me to rescue other companions, I knew that Senior Brother Ye Feng He is a person with a chivalrous heart, so I trust you, Senior Brother Ye Feng, and you are so powerful, I admire Senior Brother Ye Feng very much. "

At this moment, Murong Qingqing was speaking with admiration beyond words.

At this time, Ye Feng couldn't help but smile and said: "I'm not sure where I will go next. Why are you following me?"

Murong Qingqing couldn't help but said: "I want to invite Senior Brother Ye Feng to Luoyue City."

"Luoyue City?"

Hearing what Murong Qingqing said at this time, Ye Feng's eyes suddenly showed doubts, and he said loudly: "I don't think I have ever heard of Luoyue City."

Murong Qingqing immediately said aloud: "Senior brother Ye Feng must have just joined our Dark Court, so he is not that familiar with the entire dark world, nor does he know much about this dark extraterrestrial battlefield. In this extraterrestrial battlefield, the area It is vast and has cities where we practitioners gather. Among these cities, Luoyue City is a large city. It is our local city in the battlefield outside the dark territory. This Luoyue City was built Yes, it is the Murong family behind me, and the city lord of Luoyue City happens to be my third uncle named Murong Nan, so I want to invite Senior Brother Ye Feng to Luoyue City so that we can have a little rest, and then Continue to trial in the battlefield outside the territory, and in a large city like Luoyue City, there are major chambers of commerce and various auctions. Perhaps Senior Brother Ye Feng has been practicing for so long and has a lot of things to deal with. Exchange it into money or cultivation resources."

Hearing what Murong Qingqing said, Ye Feng couldn't help but nodded and said loudly: "You are right. I have indeed been practicing in this foreign battlefield for a long time. It would be good to take a rest. And I do have a lot of good stuff that needs to be dealt with."

Hearing what Ye Feng said, Murong Qingqing immediately smiled and said, "So Senior Brother Ye Feng agrees?"

Ye Feng smiled and nodded, and said aloud: "Originally, I wanted to refuse, because I prefer to act alone and make full use of my time, but what you said makes sense. Since Luoyue City is in this extraterritorial battlefield, There are a lot of cultivation resources in the big city that can be exchanged and purchased, so I can really take the time to go there."

Hearing what Ye Feng said, Murong Qingqing was very happy. She quickly walked up to Ye Feng and said loudly: "I can introduce you, Senior Brother Ye Feng, to my third uncle Murong Nan. My third uncle is Luoyue." Lord of the city, Senior Brother Ye Feng, if you can get to know such a big shot, you can let Senior Brother Ye Feng get more information and clues about this extraterritorial battlefield, and let Senior Brother Ye Feng know where there will be greater opportunities for good fortune. "

Hearing what Murong Qingqing said, Ye Feng couldn't help but his eyes lit up and he said, "It would be great if you could introduce me to the city lord of your third uncle."

For Ye Feng, if he can really get to know a big figure like the city lord of a large city in this extraterritorial battlefield, it will indeed be of great benefit to him in the extraterritorial battlefield. It can provide him with more information, so that he can Keep abreast of all the movements in the entire extraterritorial battlefield.

At this moment, Ye Feng directly agreed to go to Luoyue City with Murong Qingqing for the time being.

On the one hand, you can rest in Luoyue City, and find some large chambers of commerce to exchange many of your unused things into the cultivation resources you need.

Secondly, if Ye Feng can really be introduced to a big figure like Murong Nan, the city lord of Luoyue City, it will indeed be of great benefit to him in the foreign battlefield.

At this time, Murong Qingqing stretched out her small white hand, grabbed Ye Feng's palm, and said loudly: "Then let's go to Luoyue City quickly. I had already prepared to go to Luoyue City. Yue Cheng took a look. I haven't met my third uncle for a long time. This time I meet my third uncle. If I introduce him to you, Senior Brother Ye Feng, you are a peerless talent. My third uncle will definitely be very tall too. I'm glad, my third uncle has always respected all kinds of talents and likes to make friends with heroes all over the world. I think that with your peerless beauty, Senior Brother Ye Feng, you will definitely be valued by my third uncle, and I have great respect for Luoyue City. I am very familiar with it, and I can arrange it for Senior Brother Ye Feng whenever he needs to go to any big stores, exchange for training resources or participate in some important auctions."

At this moment, Murong Qingqing was very attentive in front of Ye Feng.

However, such a young beauty was so proactive and attentive in front of him that Ye Feng, who was used to being a loner, was not used to it.

Chapter 5645: Personal Grudge

Seeing Murong Qingqing's attentiveness at this time, Ye Feng could only nod his head and said with a smile: "Okay, this time I will go to Luoyue City to take a good look."

While Ye Feng was talking, Murong Qingqing began to introduce her family.

Next on the road, Ye Feng listened to Murong Qingqing's introduction to the entire Murong family, and immediately knew that the Murong family was a very large family, a powerful family in the dark world, with a very deep foundation.

This can be seen from the fact that the Murong family is qualified to build a super large city in this extremely chaotic foreign battlefield. The Murong family has a very deep foundation.

At this moment, Murong Qingqing couldn't help but said: "In the entire vast territory of the extraterritorial battlefield, there are only ten large cities in total, and our Murong family alone occupies three. Among these ten large cities, three One of them belongs to our Murong family, and my third uncle Murong Nan's Luoyue City is one of them."

Hearing what Murong Qingqing said, Ye Feng's eyes also showed a rather sighing look. He did not expect that in this dark world, there are also various powerful families and families.

At this moment, Murong Qingqing couldn't help but said: "Because I was raised by my third uncle since I was a child, so I always like to go to my third uncle's place, so I often go to Luoyue City, I am also very familiar with Luoyue City. It can be said that I grew up in Luoyue City when I was a child. After going to Luoyue City this time, Ye Feng, I can arrange anything for you. "

Ye Feng nodded slightly, smiled and said: "Since Junior Sister Murong is so familiar with the entire Luoyue City, it will indeed be a lot more convenient for me in Luoyue City."

While the two were talking, Murong Qingqing suddenly looked in a certain direction not far away and said loudly: "Senior Brother Ye Feng, look, we are almost reaching Luoyue City."

At this time, Ye Feng looked in the direction pointed by Murong Qingqing, and sure enough he saw an extremely majestic and huge city, located on the ground not far away.

This majestic and huge city is radiating bright light. It is obvious that every inch of the city's surface is imprinted with ancient and powerful formations that can defend against external enemies.

After all, in this chaotic extraterrestrial battlefield, all kinds of terrible beasts may appear at any time, causing chaos. Therefore, such a large city can be built in the extraterritorial battlefield. The guard force and various mechanism formations in the entire city All are very sufficient.

At this time, Ye Feng nodded immediately and was looking forward to this large city.

After all, Ye Feng has gained a lot of good things during this period of experience, including killing many enemies.

Some weapons and armors, some inherited techniques, some cultivation resources, etc., Ye Feng didn't have much use for.

But if it can be sold in the chambers of commerce in these large cities, it will definitely make a huge amount of money.

When the time comes, Ye Feng can use the money to purchase the advanced cultivation resources he needs.

At this moment, Ye Feng was thinking secretly in his heart.

Boom!

Suddenly, the land around the two of them exploded.

Several killer-like figures in black clothes rushed toward the two of them.

Their primary assassination target was not Ye Feng, but Murong Qingqing who was standing next to Ye Feng.

At this moment, Murong Qingqing's cultivation was not very strong. For a moment, she panicked and was almost pierced through the head by one of the men in black with the long sword in his hand.

Uh-huh!

But suddenly at this moment, Ye Feng stretched out a hand. Ye Feng's hand immediately turned into a golden palm, and in an instant, he almost pierced the long hair of Murong Qingqing's head. The sword was caught.

Click!

Then Ye Feng used his hands hard and crushed the sharp weapon directly.

"What?"

Seeing this scene, the eyes of the men in black who assassinated him suddenly showed a look of astonishment.

Because they never thought that the seemingly ordinary young man next to Murong Qingqing could be so powerful.

These men in black knew that Ye Feng was not easy to mess with, and they could tell from Ye Feng's casual attacks.

So these black men immediately retreated quickly and wanted to leave the scene.

But at this moment, Ye Feng stretched out a big golden hand, like a black mountain, and directly suppressed these men in black in place.

At this time, Ye Feng smiled coldly and said: "You are so weak, how dare you assassinate us?"

However, what Ye Feng didn't know was that these men in black thought that Murong Qingqing's own strength was not very good, so they ambush and assassinate Murong Qingqing here.

They didn't know that when Murong Qingqing returned to Luoyue City this time, he would bring such an extremely powerful young prodigy with him.

At this moment, Murong Qingqing also had a look of fear in her eyes, and then she immediately looked at Ye Feng and said gratefully: "If it hadn't been for Senior Brother Ye Feng this time, I would have become a corpse just now. "

At this moment, Ye Feng said with some confusion: "Have you offended anyone recently? These people seem to be coming for you."

Ye Feng originally thought that these killers were still sent by the Son of God from the Dark Court to assassinate him.

But now it seems that it is not.

Because the cultivation of these people was too weak, Ye Feng suppressed them casually.

When Ye Feng said this, Murong Qingqing shook her head in confusion and said, "I have always been peace-loving and don't like fighting. I have never offended anyone."

Hearing this, Ye Feng nodded, looked at the men in black who were kneeling on the ground suppressed by his golden hands, and said coldly: "Tell me your identity, who are you? Why do you want to assassinate?" My friend Murong Qingqing? If you don't answer, move your head."

Hearing Ye Feng's question, these men in black immediately couldn't help but said in fear: "Sir, have mercy! We are just trying to make ends meet! We are members of a nearby gangster organization called Heishanzhai. However, we have just joined Black Mountain Village and are new members in Black Mountain Village, so we were sent here to carry out such a cruel mission to assassinate various members of Luoyue City."

Hearing what these men in black said at this moment, Ye Feng's eyes suddenly showed surprise.

It turned out that the other party wanted to assassinate the members of Luoyue City, so they assassinated Murong Qingqing.

As for this Black Mountain Village, he is probably an enemy of Luoyue City.

At this time, Ye Feng suddenly understood that this should be a battle between two major forces.

At this moment, Murong Qingqing, who was standing aside, couldn't help but said in surprise: "Are the members of Heishan Village so blatant now? How dare they directly assassinate our members of Luoyue City."

When he said this, Murong Qingqing looked at Ye Feng beside him and couldn't help but said: "Senior Brother Ye Feng, you don't know that the owner of this Black Mountain village is called Black Mountain Old Demon, and he has a long-standing relationship with my third uncle Murong Nan. In the past, I often sent my subordinates to provoke our members in Luoyue City, but it was only provocation, and it was a fight on the surface. But I didn't expect that this time there was someone specifically ambushing me here, secretly trying to assassinate me. "

Hearing what Murong Qingqing said at this moment, Ye Feng nodded slightly and said loudly: "Maybe because you are your third uncle's niece, that's why they focused their ambush here and wanted to secretly assassinate you without leaving you behind." Any evidence can make your third uncle feel the pain of losing a loved one. This old Black Mountain demon in Dark Village is indeed a bit sinister. It is a personal grudge against your third uncle, but it affects innocent people. "

Chapter 5646: Promise Yourself

At this time, after Ye Feng finished speaking, his big golden hand shook, instantly crushing several men in black in the black village in front of him, killing them completely.

Then Ye Feng directly devoured their blood energy skills, but Ye Feng's cultivation level did not break through, but his skills increased a little.

After all, the cultivation strength of these members of the Black Mountain Village who are ambushing here is too weak. They may be able to deal with Murong Qingqing, but it is nothing to a top genius like Ye Feng.

At this moment, Murong Qingqing couldn't help but said: "Senior brother Ye Feng, these members of the Black Village are becoming more and more courageous. They are actually ambushing not far from our Luoyue City, trying to assassinate the people who are returning. For the members who are alone in Luoyue City, I will report this matter to my third uncle as soon as possible so that he can respond as soon as possible. "

Hearing what Murong Qingqing said, Ye Feng nodded and said, "Your third uncle should already know about this kind of thing."

When Murong Qingqing heard what Ye Feng said, she nodded and said: "You are right. This kind of assassination must have happened many times. As the lord of Luoyue City, it is impossible for my third uncle not to know this. But this time it's too far away from Luoyue City. I didn't expect them to ambush and assassinate me so far away."

Ye Feng nodded and said: "Anyway, let's go back to Luoyue City first, but this Black Mountain Village and that old Black Mountain demon are really disgusting. Since I have a personal grudge with your third uncle Murong Nan, then go To cause trouble for your third uncle Murong Nan, he actually sent various people to assassinate the weak members of Luoyue City on the way. He used such despicable tricks to avenge his enemy Murong Nan. It is really disappointing. It felt a little too sinister."

Hearing what Ye Feng said, Murong Qingqing couldn't help but smile and said, "Because the old Black Mountain demon can't defeat my third uncle at all. Otherwise, he would have led his people to Luoyue City to cause trouble."

At this moment, after Murong Qingqing finished speaking, she suddenly stared at Ye Feng, with a look that seemed serious in her beautiful eyes.

At this time, Ye Feng saw the other party's sudden serious expression, as if he had something to say, and immediately asked curiously: "Junior sister Murong, do you have anything to say to me?"

At this time, Murong Qingqing suddenly stretched out a small white hand, grabbed Ye Feng's palm, and then said loudly: "Senior Brother Ye Feng, this time I was saved by you again, and you have saved me in total. Twice, I am very grateful to you, otherwise, I would have died long ago."

Hearing what Murong Qingqing said, Ye Feng couldn't help but shake his head and smile, and said: "I thought you had something important. I saved you because we are friends,

and we are brothers and sisters in the same sect. It's normal, Junior Sister Murong, you don't need to be so solemn."

When Murong Qingqing heard what Ye Feng said, she immediately couldn't help but shook her head and said, "In order to repay Senior Brother Ye Feng for your kindness, I am willing to give myself to you."

"What?"

Hearing what Murong Qingqing said in front of him, Ye Feng's eyes suddenly froze.

Because Ye Feng has never met a woman who would directly say such very direct words as "promise".

At this moment, Ye Feng was very surprised. When did his charm become so high?

Let the beautiful little beauty in front of you directly say the words of your love.

At this moment, Ye Feng couldn't help but shook his head, smiled and said, "Junior sister Murong, are you kidding me?"

Murong Qingqing immediately shook her head and said aloud: "Senior Brother Ye Feng, I am serious. Ever since I saw Senior Brother Ye Feng's peerless grace, and Senior Brother Ye Feng saved me twice, I really feel that other People like this are no longer attractive to me. If I were asked to choose a martial arts partner in the future, I would definitely choose you, Senior Brother Ye Feng."

When Ye Feng heard what Murong Qingqing said, he didn't say anything more, but said loudly: "Let's go back to Luoyue City first."

Murong Qingqing nodded. Anyway, she had said what she wanted to say, and she felt much relieved.

At this moment, the two of them continued flying towards Luoyue City.

When they flew close to Luoyue City, they immediately saw thousands of guards wearing silver armor outside the city wall of Luoyue City, advancing nearly a few hundred meters to the surroundings of the city. Watching everything around.

Obviously, Luoyue City already knows that the old demon of Black Mountain in Heishan Village is sending various members of his subordinates to assassinate people in Luoyue City. Therefore, Luoyue City has taken countermeasures, which is to move forward several hundred people. Mi, be careful to prevent the people around you who return to the city from being plotted by members of the Black Village.

But seeing this scene, Murong Qingqing couldn't help but shook her head and said loudly: "The place where we were ambushed just now is several kilometers away from here. The old Black Mountain demon in Black Mountain Village is really too shameless. You can't beat my third uncle, so you use such despicable methods to constantly assassinate the people around my third uncle. It's really abominable. If I have the strength, I will definitely go to the Black Mountain Stronghold and kill the old demon of the Black Mountain directly. Get rid of it."

Ye Feng shook his head at this time and said loudly: "The old demon of Black Mountain is probably not as weak as you think. Otherwise, your third uncle must have gone there and killed the old demon of Black Mountain himself. This Black Mountain village The foundation must be very strong, not much worse than that of Luoyue City."

Murong Qingqing nodded and said, "The foundation of Black Mountain Village is indeed very deep. It has been rooted in the dark mountains of this extraterritorial battlefield for many years. Moreover, this Black Mountain Old Demon is not only powerful, but he also has many other demon brothers. Therefore, although my third uncle knows that the Black Mountain Old Demon is very insidious, he has never personally taken action to settle accounts with the Black Mountain Old Demon in the nest of Black Mountain Village, because he is afraid that if he goes alone and goes deep into the dangerous place, he may be besieged by the Black Mountain Old Demon and many other demons in the dark mountains, and fall in the dark mountains of the extraterritorial battlefield."

At this moment, while the two were talking, they had passed the inspection and successfully entered Luoyue City.

When Ye Feng walked into Luoyue City, he immediately saw that this city was indeed a large city, with very tall and luxurious buildings inside, and the whole city was very large, with all kinds of practitioners shuttling through it.

This is very rare in the chaotic extraterritorial battlefield. There is such a relatively peaceful and safe large city, with a bustling traffic and prosperity, which is in sharp contrast to the desolation, ruin and danger of the extraterritorial battlefield outside.

At this moment, Ye Feng once again lamented the profound foundation of the Murong family behind Murong Qingqing, who was able to build such a large city in such a chaotic and ruined dark extraterritorial battlefield.

And it seems that there are three large cities in total, all of which belong to the Murong family's industry.

Just when Ye Feng was thinking secretly in his heart, Murong Qingqing took Ye Feng and flew to the outside of the City Lord's Mansion of Luoyue City.

Murong Qingqing smiled and said, "Brother Ye Feng, I will take you to see my third uncle now."

Ancient God

Chapter 5647 Murong Nan

At this moment, after Murong Qingqing finished speaking, she led Ye Feng directly into the city lord's mansion in front of her.

When Ye Feng walked into the City Lord's Mansion, he immediately saw a towering middle-aged man wearing a golden robe, standing in the City Lord's Mansion, seeming to be thinking about something, with a sad look between his brows.

Seeing this scene, Ye Feng's eyes moved slightly. He looked like Murong Qingqing's third uncle, Murong Nan, a big man like the city lord of such a large city. Life was not always smooth sailing. There were also worries and unsolvable things.

At this moment, after Ye Feng followed Murong Qingqing and walked in, Murong Qingqing immediately smiled and said: "Third uncle, I'm here to see you again."

Hearing Murong Qingqing's voice, Murong Nan, the city lord of Luoyue City, instantly turned around and looked at Murong Qingqing. His face, originally full of sorrow and majesty, suddenly revealed a look of doting like that of his own daughter. , couldn't help laughing and said: "You girl, how come you suddenly have time to come to see your third uncle and me this time? Did your cultivation in the Dark Court of Gods not go well? Is anyone bullying you? Tell me, Third uncle will stand up for you."

Murong Qingqing immediately shook her head and said loudly: "Of course not, I came to see my third uncle because I missed him."

Hearing what Murong Qingqing said, Murong Nan couldn't help but shake his head and smile, and said loudly: "You girl, don't I know you? Every time you come here, you have to get some benefits from me. Tell me, this time I want to Whatever you want, as long as Uncle San can get it, I'll give it to you."

It has to be said that Murong Nan really treats Murong Qingqing as his biological daughter, and it can be said that he loves her very much.

At this moment, Murong Qingqing said aloud: "Third Uncle, I came here just to see you, not to ask for anything. Recently, I happened to be training in this foreign battlefield, so I came to see you. Yours, and today I will introduce you to a very powerful young genius, my senior brother Ye Feng, who is my same disciple."

At this moment, after Murong Qingqing finished speaking, she quickly pulled Ye Feng to the front of Murong Nan.

"Peerless genius?"

At this time, when Murong Nan heard what Murong Qingqing said, he immediately looked at Ye Feng, with a look of surprise in his eyes.

After all, he knew very well that his niece seemed to be very innocent, but in fact she still had her own way of communicating and her vision was very high. After all, she came from the Murong family, and the background behind her was also very profound.

Unexpectedly, this time Murong Qingqing actually brought a strange boy with him, and he seemed to be very admired in his words.

This made Murong Nan immediately become interested in Ye Feng. He couldn't help but stare at Ye Feng and said with a smile: "Being recognized by this girl Qingqing means that you are indeed extraordinary. This time you come to us Luoyue City, Qingqing, you must treat this fellow disciple of yours well and don't disgrace our Murong family."

Hearing Murong Nan's seemingly traditional and pedantic remarks, Ye Feng's eyes suddenly showed a look of silence.

At this time, Murong Qingqing couldn't help but smile and said: "Third uncle, don't worry. I brought Ye Feng to Luoyue City just to entertain Senior Brother Ye Feng. This time we are here. During the trial in a crypt on the battlefield outside the territory, Senior Brother Ye Feng saved me twice along the way."

"What?"

Hearing what Murong Qingqing said, Murong Nan couldn't help but change his expression, and said loudly: "Are you in danger of your life?"

Murong Qingqing nodded and said aloud: "The first time was in the underground lair. I encountered the goblin clan and the underground scorpion clan joining forces, and almost besieged and annihilated several of our Dark Court disciples. If it weren't for Ye Feng If senior brother had taken action, I might have died in that cave by now."

"You girl..."

Hearing what Murong Qingqing said, Murong Nan couldn't help but said helplessly: "You girl is good at everything, filial and sensible, but you like taking risks, and your own strength is not that good. If you do this, makes me very worried. When your parents died, you were entrusted to my third uncle. If you have any problems, how will I explain to your parents in the afterlife when I die? "

Hearing Murong Nan's seemingly reproachful tone, Murong Qingqing couldn't help but lowered her head slightly.

At this moment, Murong Nan continued to ask: "Then why is your life in danger for the second time?"

When Murong Qingqing heard what Murong Nan said, she immediately became interested and said quickly: "When Senior Brother Ye Feng and I arrived not far from Luoyue City, we encountered an ambush and assassination. The people who ambush and assassinate were three people. "Uncle, your old enemy is a strong man in the Black Mountain Village under the command of the old demon of Black Mountain. If Senior Brother Ye Feng hadn't been there, maybe I would have been captured by them."

"What?"

Hearing what Murong Qingqing said, Murong Nan's eyes suddenly showed a look of shock and anger, and then he couldn't help but said angrily: "This hateful old guy, the old demon of Black Mountain, doesn't dare to confront me head-on. Use this dirty trick!"

At this time, Murong Qingqing couldn't help but said: "Third uncle, why don't we just go out and kill this Black Mountain village and the old Black Mountain monster?"

Hearing Murong Qingqing say this, Murong Nan, who was originally angry, suddenly became a little serious, and then a bitter smile appeared on his face, and he said: "Qingqing, you are still young, you don't know that the forces in this extraterritorial battlefield are intertwined and very complicated. If it were the entire Murong family, they would be able to wipe out the Black Mountain Village and the Black Mountain Old Monster in an instant, but relying on my own strength alone is not enough. Although I am the mayor of Luoyue City, the resources and masters of the Murong family that I can mobilize are not as many as you think. In other words, the existence of the Black Mountain Old Monster and the Black Mountain Village is a threat to our entire To the Murong family, he is just an insignificant little figure, but to me personally, he is still a very powerful figure. Although I am not afraid of the Black Mountain Old Demon, I don't have the confidence to kill him directly, not to mention that in the dark mountains where the Black Mountain Old Demon and the Black Mountain Village exist, there are other powerful demons who often call the Black Mountain Old Demon brothers. If I go alone or take many masters from Luoyue City to destroy the Black Mountain Village, I may be besieged by demon forces in other dark mountains, and my whole army may be wiped out. This is why I have not set out directly to kill the Black Mountain Old Demon. "

Ancient God

Chapter 5648: Childish

Hearing what Murong Nan said, Murong Qingqing couldn't help but nodded and said loudly: "The group of monsters in the dark mountain range are indeed very powerful. There is really nothing you can do with your own strength, third uncle, but you can't Keep swallowing your breath."

Hearing what Murong Qingqing said, Murong Nan immediately nodded, with a cold look in his eyes, and said loudly: "Actually, I have already planned to wipe out the entire Black

Mountain Old Demon and his Black Mountain Village. I contacted you secretly during this period. There are many children from other families, as well as the city lords of other small cities around us who have suffered from it. We are preparing to form a large army to attack the entire Dark Mountain Range, and eliminate the Black Mountain Old Demon and other demonic forces in the Dark Mountain Range. , destroy them all.”

"What?"

Hearing what his third uncle said, Murong Qingqing's eyes widened slightly. It seemed that he did not expect that his third uncle was secretly plotting such a big thing. Not only did he want to destroy the Black Mountain Village and the old demon of the Black Mountain, he also wanted to destroy the Black Mountain Village. Fall down the entire dark mountain range.

However, the demonic forces are rampant in the Dark Mountain Range, which has indeed caused huge trouble to many surrounding cities.

You know, there are not only ten large cities in the outer battlefield, but also many small cities.

Some small cities may not be able to be stationed here as stably as Luoyue City. They may often be invaded by the demonic forces in the Dark Mountains, so they have a long-standing grudge against the demons in the Dark Mountains.

At this time, Murong Qingqing couldn't help but said excitedly: "Third uncle, if you are determined to attack the Dark Mountains, you must call me when the time comes, and I will also contribute."

"no!"

Murong Nan immediately refused sternly, and then he couldn't help but smile bitterly and said: "You girl, don't get involved. This kind of thing is very dangerous. Only elite masters can get through it. Just stay here honestly." Inside Luoyue City."

After finishing speaking, Murong Nan did not let Murong Qingqing say anything more, but looked at Ye Feng, smiled and said: "Little friend Ye Feng, you will follow this girl Qingqing and stay in our Luoyue City. For a while, if you need anything, feel free to tell me. Since you are Qingqing, Yatou's good friend, and also her fellow sect brother, as the city lord of Luoyue City, as long as you are in Luoyue City, or within a few thousand miles nearby, if you have any difficulties, you can always come to me. Speaking of which, my words still have some weight in this one-third of an acre of land.”

Hearing what Murong Nan said, Ye Feng immediately smiled, clasped his fists and said, "Then I will leave with Junior Sister Murong first."

At this moment, Ye Feng and Murong Qingqing left the City Lord's Mansion directly.

Ye Feng could clearly feel at this time that although Murong Nan seemed to be quite polite to him on the surface, in the eyes of this big shot, he might not be as important as he imagined.

Murong Nan was only very polite to him because Murong Qingqing introduced him solemnly.

In fact, Murong Nan probably only regarded Ye Feng as a very ordinary young disciple of the Dark Divine Court.

But this is also very normal.

After all, they had just met for the first time.

As a high-ranking figure, Murong Nan naturally would not pay too much attention to young people like Ye Feng.

Ye Feng didn't care either.

It would be nice to get to know a big shot like Murong Nan this time.

At this moment, Ye Feng looked at Murong Qingqing and said: "Then I will stay in Luoyue City for a few days. If Junior Sister Murong has time, you can take me to the big chamber of commerce in Luoyue City. , I need to dispose of a lot of things I have that I don't need, exchange them for money, and then buy the cultivation resources I need."

Hearing what Ye Feng said, Murong Qingqing immediately nodded and said: "No problem, don't worry, I grew up in Luoyue City. Since I entered the Dark Divine Court, although I haven't been back for a long time, everyone I have contacts in some chambers of commerce and auctions, and I can introduce you to them, take you there, and even offer discounts."

Hearing Murong Qingqing say this at this moment, Ye Feng immediately smiled and nodded.

The reason why Ye Feng followed Murong Qingqing to Luoyue City this time was mainly because Murong Qingqing, as a descendant of the Murong family, had many connections in a large city like Luoyue City and could introduce him to various places at any time.

At this time, Ye Feng followed Murong Qingqing and was going to stay in the wing of the city lord's mansion, waiting to leave early tomorrow morning for the large chamber of commerce in the city.

It has to be said that Luoyue City is indeed a large city in the battlefield outside the territory. The entire city lord's palace is very luxurious. There are rockeries and flowing water everywhere, various buildings are towering into the clouds, and there are also very

rare and rare animals. The surrounding greenery seems to be filled with a fairy-like feeling.

And just as Ye Feng followed Murong Qingqing towards the side room, suddenly a young man wearing a blue robe came over from not far away. When he saw Murong Qingqing holding Ye Feng's hand, his expression changed. The child was extremely gloomy.

This young man in a blue robe instantly blocked the way of the two of them.

When Murong Qingqing saw this young man, a look of surprise appeared in her eyes, and she said loudly: "Murong Daofeng, why are you blocking our way?"

Obviously, this Murong Daofeng should be a brother of Murong Qingqing in the Murong family. The two may have known each other since childhood.

At this moment, Murong Daofeng immediately stared at Ye Feng who was standing next to Murong Qingqing, and suddenly said: "I want to duel with you."

"What the hell?"

Hearing what this young man said, Ye Feng's eyes suddenly showed a look of astonishment.

He didn't know this Murong Daofeng, but the other party wanted to duel with him as soon as he came up, which really made Ye Feng feel quite shocked.

At this moment, Murong Qingqing suddenly said: "Murong Daofeng, what are you talking about? Don't be so rude to my senior brother Ye Feng."

Hearing Murong Qingqing speak for Ye Feng and being so close to Ye Feng, Murong Daofeng suddenly became very jealous and said: "Your name is Ye Feng, right? Are you sister Qingqing's senior brother? Then you should know, A beautiful woman like Sister Qingqing is not easy to come by. I have been secretly in love with Sister Qingqing for a long time. I didn't expect that she would be so close to you, so I want to duel with you."

Hearing what Murong Daofeng said, Ye Feng was shocked and couldn't help but shook his head and said loudly: "How old are you, and you still talk about childish things like dueling?"

At this moment, Ye Feng felt very bored and wanted to leave the scene with Murong Qingqing.

But at this time, Murong Daofeng suddenly pulled out the long knife from his waist, rushed towards Ye Feng, and shouted loudly: "You must fight with me today! I want to see if I can win the favor of sister Qingqing." Do you have the qualifications?"

Chapter 5649 A full ten million

Boom!

At this time, the power that Murong Daofeng burst out was still very strong. Holding the long sword in his hand, the sword energy was crisscrossed, and he chopped directly at Ye Feng.

Obviously, for Murong Daofeng, the woman he secretly loved the most was now so close to another man, so naturally Murong Daofeng felt very jealous and wanted to compete with Ye Feng.

Because Murong Daofeng felt that if he could defeat Ye Feng directly on the spot, then perhaps Murong Qingqing would definitely look at him differently as a brother.

So at this time, Murong Daofeng didn't care whether Ye Feng wanted to fight or not, and attacked Ye Feng directly.

At this moment, Murong Qingqing wanted to stop it but it was too late, Murong Daofeng's long sword was about to hit Ye Feng.

However, at this time, Ye Feng's eyes showed a trace of impatience, and he said aloud: "It's so childish."

Boom! !

At this moment, Ye Feng suddenly burst out with a powerful and terrifying momentum like the abyss.

Then Ye Feng casually stretched out a hand, and slapped it around like slapping a fly.

Ye Feng's hand immediately turned into a golden hand, like a golden mountain, with a terrifying and majestic suppressive force, directly shattering all the sword energy that Murong Daofeng chopped at.

Then Ye Feng's golden palm slammed hard on the long sword in Murong Daofeng's hand.

Crack!

Crack!

The next moment, the long sword in Murong Daofeng's hand was shattered inch by inch.

Then Murong Daofeng felt a huge force that he could not resist at all, and he was directly blasted back and fell heavily on the ground not far away, like a broken sack, falling to the ground, and directly spitting out a mouthful of blood.

"What??"

Seeing this scene, Murong Daofeng was shocked to the extreme, and was shocked to the point of being a little dazed.

He never thought that Ye Feng, a seemingly ordinary boy, actually possessed such a powerful strength.

Murong Daofeng's attack just now was the strongest, but Ye Feng slapped him away with a casual slap.

The disparity in power was so great that Murong Daofeng was shocked.

At this moment, Ye Feng didn't even bother to look at Murong Daofeng, and directly left the scene with Murong Qingqing.

At this moment, Murong Qingqing couldn't help but say in surprise: "Murong Daofeng is a powerful genius ranked in the top five among the young generation in our Luoyue City. I didn't expect that Senior Brother Ye Feng slapped him away with a slap."

At this moment, Murong Qingqing said, with a deep surprise in her tone.

Ye Feng smiled slightly and didn't say much.

Nothing special happened next. Ye Feng simply stayed in the City Lord's Mansion of Luoyue City for one night.

Early the next morning, Ye Feng went directly to Murong Qingqing and took him to the streets of Luoyue City, wanting to go to the big shops to exchange the various treasures he had accumulated and could not use for money as soon as possible.

Murong Qingqing was naturally very proactive and took Ye Feng directly to a big shop she was very familiar with.

In this shop, Ye Feng sold the treasures he had accumulated so far and exchanged a lot of money, a full 10 million.

This huge wealth was unexpected by Ye Feng himself.

I didn't expect that I would accumulate so much wealth in the process of continuous growth.

At this moment, Ye Feng directly bought all the cultivation resources that could improve his skills in this big shop, such as various precious elixirs, or some high-level minerals, as well as many things sold in this shop that could improve skills, all of which were bought by Ye Feng.

After Ye Feng bought it, he swallowed it directly on the spot.

"Boom..."

A huge amount of energy was immediately injected into Ye Feng's Dantian.

Ye Feng's skill immediately improved at an incredible speed.

It cost Ye Feng nearly three million yuan to buy these cultivation resources.

So with such a large fortune, the cultivation resources purchased were still very rich.

After Ye Feng devoured and refined them, his cultivation power immediately began to break through rapidly.

Before, Ye Feng's cultivation had been raised to the tenth level of the Divine Fate Realm.

But under the accumulation of such a huge amount of resources, Ye Feng's cultivation broke through again, directly breaking through to the half-step Tiandan Realm above the Divine Fate Realm!

Tiandan Realm, this is a new and powerful level of cultivation.

When a practitioner enters this level of cultivation, an inner pill will be condensed in his body.

However, the inner pill condensed by the cultivation of human practitioners is different from the inner pill of ordinary monsters.

When a practitioner enters the Tiandan Realm, the inner pill condensed is the inner pill condensed in response to the Great Dao of Heaven and Earth, and has a very huge power of the Great Dao of Heaven and Earth, which is many times more advanced than the inner pill condensed by some monsters and evil beasts.

At this moment, Ye Feng's cultivation broke through the Heavenly Fate Realm and entered the Half-Step Heavenly Pill Realm. He could immediately see that his Dantian was no longer empty.

In addition to the Sea of Power, a vague shape of a pill condensed by the Great Dao appeared.

After Ye Feng truly enters the Heavenly Pill Realm, this Heavenly Pill will be able to completely take shape and become a physical entity.

However, although Ye Feng has only entered the Half-Step Heavenly Pill Realm, he can also feel that his strength has increased unprecedentedly compared to before.

At this moment, Ye Feng did not hesitate at all. He immediately looked at Murong Qingqing beside him and could not help but say: "I still have a lot of money in my hand. I can't spend it in this big shop. Is there any other place where I can buy good things?"

Murong Qingqing couldn't help thinking for a while and said: "This big shop I brought you to is already the largest shop in our Luoyue City. After you buy all the cultivation resources in it, there should be no good things in other shops, but I can take you to the largest auction in our Luoyue City. This auction often has all kinds of very rare treasures. Maybe you can come across good things."

When Ye Feng heard Murong Qingqing say this, his eyes lit up and he said: "Okay, then take me there quickly."

Murong Qingqing nodded, took Ye Feng, and walked quickly towards the direction of the largest auction in Luoyue City.

However, not long after they left the big shop, they were suddenly surrounded by a group of middle-aged men with fierce looks in an alley.

This group of people immediately stared at Ye Feng, and said with a cold smile: "Just now I saw you in that big shop, spending a lot of money to buy various cultivation resources. It seems that you are the son of a wealthy family. Unfortunately, you are now targeted by us. Now you should hand over your wealth quickly, and perhaps we can spare your life and let you live. Otherwise, your head will be chopped off."

Chapter 5650 Auction Director

At this time, when he heard this group of people say this, Murong Qingqing couldn't help but said: "It seems that this is a robber in Luoyue City."

At this moment, Ye Feng smiled and said: "Since they are robbers, let's kill them all."

"What?"

After hearing what Ye Feng said, the group of bandits standing in front of the two men immediately showed expressions of astonishment on their faces.

Then the group of robbers burst into laughter, their eyes full of sarcasm, and said loudly: "You two young people look ordinary, but for such young people, you don't have much strength at all. It's just a tough talk, how dare you say such big words."

boom! !

At this time, after the group of bandits finished speaking, they immediately burst out with their extremely powerful cultivation power and charged directly towards Ye Feng and Murong Qingqing, intending to kill them both on the spot.

"Boom!"

At this moment, Ye Feng didn't hesitate at all and immediately burst out with his extremely powerful power.

For Ye Feng, these petty thieves, these so-called robbers, are nothing at all.

At this moment, Ye Feng didn't even take action directly. Instead, he directly used his extremely powerful momentum to form a mountain of momentum, directly crushing the bodies of several bandits who rushed in front of him and crushing them to death.

These bandits didn't even have time to let out a scream before they were immediately crushed by Ye Feng.

Seeing this scene, Murong Qingqing didn't say much. After all, Murong Qingqing already knew that Ye Feng had extremely powerful strength and had become accustomed to it.

At this moment, after Ye Feng killed these bandits, he devoured their blood and energy, which only increased his own power a little.

This made Ye Feng helplessly shake his head.

These people are really weak.

Uh-huh!

At this time, Ye Feng reached out and grabbed all the storage rings in the hands of these robbers. After a little exploration, his eyes suddenly lit up.

Although these bandits themselves are very weak in cultivation, the items in their storage rings are very numerous and contain a lot of wealth.

Ye Feng immediately understood. It seemed that these robbers had slowly accumulated their wealth by robbing others every day, but now they had become their own wealth.

At this moment, Ye Feng felt that he was more confident going to the auction and had more money in his hands.

At this time, Murong Qingqing took Ye Feng and quickly arrived at the auction location in Luoyue City.

Murong Qingqing looked at a huge pavilion not far away and said aloud: "This is the auction I mentioned. This auction is the largest auction in Luoyue City. We can enter it directly now. , participate in the auction."

Ye Feng nodded, and Murong Qingqing walked directly towards the door of the auction.

Since Murong Qingqing is a regular customer and should be a VIP, after seeing Murong Qingqing's identity token at this auction, they very politely arranged a private VIP box.

In this case, Ye Feng does not need to be crowded with everyone in the audience in the entire venue.

This made Ye Feng immediately reveal a smile in his eyes, looked at Murong Qingqing beside him, and said loudly: "It seems that I came to Luoyue City this time, with Junior Sister Murong following me. It's so convenient to handle all kinds of things for me at any time. "

Hearing what Ye Feng said, Murong Qingqing couldn't help but smile immediately and said loudly: "This time I specially invited Senior Brother Ye Feng to come to our Luoyue City, so I will naturally arrange everything. "

And while the two were talking, the entire auction had already begun.

However, after Ye Feng looked at it for a while, he found that these things were basically very ordinary things and not worth Ye Feng's waste of money to buy.

This made Ye Feng feel a little helpless.

It seems that what many people want very much is no longer a good thing for me now.

Ye Feng looked at Murong Qingqing next to him and said loudly: "The items auctioned in this auction feel quite ordinary. There is nothing worth auctioning. Let's go and see if there is anything in other shops. Good stuff to buy."

Hearing what Ye Feng said, Murong Qingqing thought for a moment, and then said aloud: "By the way, I remembered it. I know the director of this auction house. I can directly take Senior Brother Ye Feng to see this auction house." The director of the auction can directly choose and buy the good things in the entire auction warehouse that have not yet been auctioned. "

Hearing what Murong Qingqing said, Ye Feng's eyes suddenly showed a look of surprise, and he couldn't help but said: "Can I go directly to the auction warehouse to select things for purchase?"

Hearing what Ye Feng said, Murong Qingqing nodded, smiled and said: "It's not allowed in the rules, but I know the director of this auction, so if I come forward to say it, there should be no problem. "

After saying that, Murong Qingqing took Ye Feng and left the private VIP box directly and walked towards the inner court of the auction.

When Ye Feng followed Murong Qingqing to the inner court, he was immediately stopped by two guards wearing black armor.

The two black armored guards stared at the two people with very serious expressions and said loudly: "This is the inner area of our auction, and it is also an area that outsiders are not allowed to enter. You two, please leave here as soon as possible."

Murong Qingqing couldn't help but smile and said: "Call the manager of your auction over here, I know her."

After saying that, Murong Qingqing took out his token.

Seeing the special token on Murong Qingqing's body, the two black armored guards couldn't help but change their expressions immediately, and said in awe: "It turns out they are children of the Murong family, okay, we are reporting to the supervisor."

At this moment, the two black armored guards immediately walked quickly towards the inner area of the auction.

"Um?"

Seeing this scene, Ye Feng smiled and said: "It seems that your identity is really useful in the entire Luoyue City."

Hearing what Ye Feng said, Murong Qingqing smiled and said: "The entire Luoyue City is controlled by our Murong family. As a young son of the Murong family, I will naturally receive special treatment."

While the two were talking, a black armored guard quickly ran over from a short distance away and said, "Wait a moment, you two, the supervisor will be here soon."

At this time, Ye Feng looked at Murong Qingqing, smiled and said: "It seems that you have many connections."

Murong Qingqing smiled and said loudly: "I grew up in Luoyue City, and my third uncle is the city lord here. I have known many so-called big shots in Luoyue City since I was a child."

And just as Murong Qingqing was talking, a beautiful woman in a red dress slowly walked over from the direction of the inner court. She must be the manager of the auction.

Ancient God

At this moment, Ye Feng looked at the beautiful woman in red dress walking not far away, and a look of surprise suddenly appeared in his eyes.

It seemed that he did not expect that the person in charge of the auction was not some majestic old man as imagined, but a beautiful woman who looked so charming.

At this time, before Ye Feng said anything, the woman in a red dress not far away came over and immediately said with a smile: "Sister Qingqing hasn't been here for a long time."

At this moment, Murong Qingqing couldn't help but smile and said: "Sister Hongdie, long time no see."

At this time, hearing the two people calling each other, Ye Feng immediately understood that the relationship between the two of them must have been very good before, otherwise, it would be impossible to call them so close.

At this time, Ye Feng did not expect that the manager of such a large auction would be such an extremely beautiful woman in a red dress, who seemed to be called Hongdie.

At this moment, Murong Qingqing couldn't help but pulled Ye Feng to come to Hongdie, smiled and said: "Sister Hongdie, I am here mainly to introduce you to a big customer."

"oh?"

Hearing what Murong Qingqing said, Hongdie's charming and beautiful eyes were immediately fixed on Ye Feng.

At this moment, Ye Feng immediately felt a sense of charm, which made people unable to help but fall into the beauty of this red butterfly.

"Um?"

But the next moment, Ye Feng's soul power suddenly burst out with a terrifying power, which instantly offset this charming power, and even made Hongdie suddenly have a look of surprise in his eyes.

Then Hongdie smiled softly and said aloud: "Sister Qingqing, this friend of yours is really powerful. Even my power of charm can be offset instantly. This is the first time I have encountered someone with such power. A practitioner of willpower and spiritual strength."

Hearing what Hongdie said, Murong Qingqing couldn't help but said unhappily: "Sister Hongdie, Senior Brother Ye Feng is a very good partner of mine. How could you just use your magic on my Senior Brother Ye Feng?" It's a strange and charming power."

Hongdie smiled and said: "Sister Qingqing, you don't have to blame me so much. It's not like you don't know that my sister's power of charm is emitted invisibly. It's not that I deliberately want to charm people. It's the reason for the exercises I practice."

After finishing speaking, Hongdie looked at Ye Feng with a smile and took it very seriously.

After all, being able to neutralize his charming power in an instant is definitely not as simple as imagined.

Moreover, Ye Feng still looks like a very young boy.

At this moment, Hongdie immediately said: "You should come here to directly purchase the good things in our auction warehouse."

Hearing what Hongdie said, Ye Feng showed a look of surprise in his eyes, then nodded and said: "You are right, the reason why I used the identity of Junior Sister Murong to come to your auction this time In the field, I personally talked to you, Director Hongdie, just to buy the things in your auction warehouse directly, because I just participated in the auction, and basically the things in the auction were not interesting to me and could not catch my eye. "

Hearing what Ye Feng said, Hongdie smiled slightly and said, "Oh? It seems that you have high vision and strong financial resources. Otherwise, it would be impossible to say such a thing."

Murong Qingqing immediately said: "Sister Hongdie, please stop saying these words and take us to the auction warehouse."

Hongdie nodded and said aloud: "If this kind of thing happened to other people, it would definitely not be allowed, but since it is sister Qingqing who you personally brought as a friend, and the relationship seems to be very good, it is yours Senior fellow student, then I will take him to the warehouse to have a look."

At this moment, Hongdie walked quickly towards a certain direction inside the auction house, while Ye Feng and Murong Qingqing quickly followed.

When Ye Feng and Murong Qingqing followed Hongdie to a certain area of the infield, Ye Feng immediately saw that in the deepest part of the infield, there was a gate made entirely of gold.

And Ye Feng could clearly feel that there were many powerful people hidden in the void around this golden gate.

Some strong people make Ye Feng feel very afraid, they are definitely very powerful.

This should be the location of the auction's warehouse, which contains basically all kinds of auction items, as well as some accumulated goodies that have not yet been auctioned off, all of which are sealed here.

At this time, Hongdie walked up to the golden door, clasped her fists slightly and said loudly: "Please two seniors show up and open this warehouse door. I have important guests who want to personally select the items in the warehouse." thing."

After Hongdie finished speaking, the void at the golden gate in front of him suddenly fluctuated slightly.

Immediately, two old men wearing white robes appeared.

The two old men in white robes nodded slightly to Hongdie, the supervisor, and then a dragon-shaped jade pendant appeared in each hand. When they were put together, they directly released a bright light, impacting this fan. Above the golden gate.

The next moment.

Rumble...

Along with a very heavy friction sound, the golden door suddenly opened towards both sides.

The next moment, the scene in the warehouse made Ye Feng's eyes suddenly reveal a look of surprise.

The warehouse space inside the golden door was very wide, much wider than the entire auction building seen from the outside.

Ye Feng immediately understood that this warehouse used the space folding technique to expand a huge area in a very small space, which could hold a lot of things.

Ye Feng walked in directly with great expectation.

At first glance, Ye Feng saw that rare fruits were hanging on the first row of shelves.

On the ground in the distance, there were actually piles of small hills made entirely of high-grade ores.

In addition, Ye Feng also saw a total of 19 alchemy furnaces not far away, placed on the ground.

Each alchemy furnace exuded a rich medicinal fragrance that made people intoxicated.

Obviously, each alchemy furnace contained dozens or even hundreds of high-grade pills.

In addition, Ye Feng also saw that the warehouse was filled with many martial arts secrets, as well as some rare fruits, natural treasures, etc. that Ye Feng could not understand.

At this time, Ye Feng immediately understood that he had come to the right place.

At this time, Ye Feng had almost no hesitation and started to choose from the first row of spiritual medicine fruits.

When Ye Feng bought nearly a few hundred spiritual medicine fruits, he was about to go to the alchemy furnace to buy more pills.

But Hongdie on the side couldn't help but laugh and said: "Ye Feng, the seven million you just gave me has been spent, and these spiritual medicine fruits in your hand are worth so much money."

"What?"

Hearing Hongdie say this, Ye Feng's eyes did show a look of astonishment.

However, the spiritual medicine fruits that he thought of were all very high-level and indeed worth so much money.

Ye Feng immediately couldn't help but smile helplessly. He didn't expect that one day he would have a situation where he didn't have enough money.

Ye Feng looked at the elixirs in the dozen or so huge alchemy furnaces, as well as many other spiritual medicine fruits that had not been purchased yet, and the energy ore piled up like a hill, with a deep greed in his eyes.

However, the money had been spent at this time, and Ye Feng could only buy the spiritual medicine fruits in his hand first.

Ye Feng suddenly had a very strong desire to earn more wealth, and then buy all the resources in this auction warehouse that could directly improve his skills!
