

# Ancient God

## Chapter 5651

### Ancient God

At this moment, Ye Feng looked at the beautiful woman in red dress walking not far away, and a look of surprise suddenly appeared in his eyes.

It seemed that he did not expect that the person in charge of the auction was not some majestic old man as imagined, but a beautiful woman who looked so charming.

At this time, before Ye Feng said anything, the woman in a red dress not far away came over and immediately said with a smile: "Sister Qingqing hasn't been here for a long time."

At this moment, Murong Qingqing couldn't help but smile and said: "Sister Hongdie, long time no see."

At this time, hearing the two people calling each other, Ye Feng immediately understood that the relationship between the two of them must have been very good before, otherwise, it would be impossible to call them so close.

At this time, Ye Feng did not expect that the manager of such a large auction would be such an extremely beautiful woman in a red dress, who seemed to be called Hongdie.

At this moment, Murong Qingqing couldn't help but pulled Ye Feng to come to Hongdie, smiled and said: "Sister Hongdie, I am here mainly to introduce you to a big customer."

"oh?"

Hearing what Murong Qingqing said, Hongdie's charming and beautiful eyes were immediately fixed on Ye Feng.

At this moment, Ye Feng immediately felt a sense of charm, which made people unable to help but fall into the beauty of this red butterfly.

"Um?"

But the next moment, Ye Feng's soul power suddenly burst out with a terrifying power, which instantly offset this charming power, and even made Hongdie suddenly have a look of surprise in his eyes.

Then Hongdie smiled softly and said aloud: "Sister Qingqing, this friend of yours is really powerful. Even my power of charm can be offset instantly. This is the first time I have encountered someone with such power. A practitioner of willpower and spiritual strength."

Hearing what Hongdie said, Murong Qingqing couldn't help but said unhappily: "Sister Hongdie, Senior Brother Ye Feng is a very good partner of mine. How could you just use your magic on my Senior Brother Ye Feng?" It's a strange and charming power."

Hongdie smiled and said: "Sister Qingqing, you don't have to blame me so much. It's not like you don't know that my sister's power of charm is emitted invisibly. It's not that I deliberately want to charm people. It's the reason for the exercises I practice."

After finishing speaking, Hongdie looked at Ye Feng with a smile and took it very seriously.

After all, being able to neutralize his charming power in an instant is definitely not as simple as imagined.

Moreover, Ye Feng still looks like a very young boy.

At this moment, Hongdie immediately said: "You should come here to directly purchase the good things in our auction warehouse."

Hearing what Hongdie said, Ye Feng showed a look of surprise in his eyes, then nodded and said: "You are right, the reason why I used the identity of Junior Sister Murong to come to your auction this time In the field, I personally talked to you, Director Hongdie, just to buy the things in your auction warehouse directly, because I just participated in the auction, and basically the things in the auction were not interesting to me and could not catch my eye. "

Hearing what Ye Feng said, Hongdie smiled slightly and said, "Oh? It seems that you have high vision and strong financial resources. Otherwise, it would be impossible to say such a thing."

Murong Qingqing immediately said: "Sister Hongdie, please stop saying these words and take us to the auction warehouse."

Hongdie nodded and said aloud: "If this kind of thing happened to other people, it would definitely not be allowed, but since it is sister Qingqing who you personally brought as a friend, and the relationship seems to be very good, it is yours Senior fellow student, then I will take him to the warehouse to have a look."

At this moment, Hongdie walked quickly towards a certain direction inside the auction house, while Ye Feng and Murong Qingqing quickly followed.

When Ye Feng and Murong Qingqing followed Hongdie to a certain area of the infield, Ye Feng immediately saw that in the deepest part of the infield, there was a gate made entirely of gold.

And Ye Feng could clearly feel that there were many powerful people hidden in the void around this golden gate.

Some strong people make Ye Feng feel very afraid, they are definitely very powerful.

This should be the location of the auction's warehouse, which contains basically all kinds of auction items, as well as some accumulated goodies that have not yet been auctioned off, all of which are sealed here.

At this time, Hongdie walked up to the golden door, clasped her fists slightly and said loudly: "Please two seniors show up and open this warehouse door. I have important guests who want to personally select the items in the warehouse." thing."

After Hongdie finished speaking, the void at the golden gate in front of him suddenly fluctuated slightly.

Immediately, two old men wearing white robes appeared.

The two old men in white robes nodded slightly to Hongdie, the supervisor, and then a dragon-shaped jade pendant appeared in each hand. When they were put together, they directly released a bright light, impacting this fan. Above the golden gate.

The next moment.

Rumble...

Along with a very heavy friction sound, the golden door suddenly opened towards both sides.

The next moment, the scene in the warehouse made Ye Feng's eyes suddenly reveal a look of surprise.

The warehouse space inside the golden door was very wide, much wider than the entire auction building seen from the outside.

Ye Feng immediately understood that this warehouse used the space folding technique to expand a huge area in a very small space, which could hold a lot of things.

Ye Feng walked in directly with great expectation.

At first glance, Ye Feng saw that rare fruits were hanging on the first row of shelves.

On the ground in the distance, there were actually piles of small hills made entirely of high-grade ores.

In addition, Ye Feng also saw a total of 19 alchemy furnaces not far away, placed on the ground.

Each alchemy furnace exuded a rich medicinal fragrance that made people intoxicated.

Obviously, each alchemy furnace contained dozens or even hundreds of high-grade pills.

In addition, Ye Feng also saw that the warehouse was filled with many martial arts secrets, as well as some rare fruits, natural treasures, etc. that Ye Feng could not understand.

At this time, Ye Feng immediately understood that he had come to the right place.

At this time, Ye Feng had almost no hesitation and started to choose from the first row of spiritual medicine fruits.

When Ye Feng bought nearly a few hundred spiritual medicine fruits, he was about to go to the alchemy furnace to buy more pills.

But Hongdie on the side couldn't help but laugh and said: "Ye Feng, the seven million you just gave me has been spent, and these spiritual medicine fruits in your hand are worth so much money."

"What?"

Hearing Hongdie say this, Ye Feng's eyes did show a look of astonishment.

However, the spiritual medicine fruits that he thought of were all very high-level and indeed worth so much money.

Ye Feng immediately couldn't help but smile helplessly. He didn't expect that one day he would have a situation where he didn't have enough money.

Ye Feng looked at the elixirs in the dozen or so huge alchemy furnaces, as well as many other spiritual medicine fruits that had not been purchased yet, and the energy ore piled up like a hill, with a deep greed in his eyes.

However, the money had been spent at this time, and Ye Feng could only buy the spiritual medicine fruits in his hand first.

Ye Feng suddenly had a very strong desire to earn more wealth, and then buy all the resources in this auction warehouse that could directly improve his skills!

# Chapter 5652 Expedition Team

At this moment, Ye Feng had no money and could only temporarily stop buying.

At this time, Ye Feng didn't hesitate at all and started to devour these elixir fruits on the spot.

Ye Feng spent millions to buy these elixir fruits, which are still very high-end and precious.

So at this time, after Ye Feng swallowed it, he immediately felt the power of a very huge elixir, which was directly injected into his Dantian, quickly increasing his power and cultivation.

At this moment, Ye Feng could immediately feel his cultivation aura, which began to grow rapidly and continuously.

Previously, Ye Feng's cultivation had entered the Half-Step Heavenly Pill Realm. At this moment, as Ye Feng absorbed the power of so many elixir fruits, Ye Feng's skill immediately began to transform from the Half-Step Heavenly Pill Realm.

"Boom!!"

Along with a huge roar, a terrifying cultivation aura suddenly burst out from Ye Feng's body.

At this moment, Ye Feng's cultivation level suddenly broke through, directly breaking through the bottleneck of the half-step Tiandan realm and stepping into the real first level of Tiandan realm!

At this moment, Ye Feng clenched his fists and felt that his strength had increased unprecedentedly.

Tiandan realm, this is an extremely powerful realm of cultivation.

Ye Feng could see at this time that a substantial inner elixir began to condense in his dantian.

This is different from the inner elixir of a monster.

The inner elixir of a monster is just the condensation of its own power essence.

However, after a practitioner enters the realm of Heavenly Alchemy, the inner elixir that is condensed possesses the power of the Great Dao. It is the inner elixir that is condensed from the majestic power of heaven and man. It has extremely terrifying power. Energy

allows the practitioner to activate the power in the inner elixir in an instant, bursting out with powerful strength that far exceeds his current level of cultivation.

At this moment, Ye Feng is very happy. This time he has obtained so many cultivation resources in Luoyue City, which has allowed his cultivation realm to break through to the real first level of Tiandan Realm, and has been greatly improved, as well as his strength. It has been enhanced thousands of times.

At this time, Hongdie, the manager of the auction, and Murong Qingqing, who were standing aside, had surprise in their eyes. It seemed that they did not expect Ye Feng to be able to refine these elixir fruits on the spot, and instantly transform them into his own. Skill.

This kind of transformation ability and efficiency are really incredible.

At this moment, Ye Feng didn't say anything, but Hongdie couldn't help but said in amazement: "Master Ye Feng's talent, this special ability to transform energy, is really amazing. Wow, now I finally understand why Young Master Ye Feng's cultivation level has broken through so quickly."

At this moment, Ye Feng just smiled slightly and said: "It's a pity that I don't have enough money. Otherwise, I will buy all the training resources in your warehouse that can directly improve my skills."

Hearing what Ye Feng said at this time, Hongdie suddenly said: "I have an idea. I wonder if Young Master Ye Feng is interested in making Young Master Ye Feng instantly earn huge wealth."

Hearing what Hongdie said, Ye Feng couldn't help but his eyes lit up immediately, and he said with interest: "Oh? If you have any ideas, Director Hongdie can tell you directly. As long as I can do it, I'm interested in them all."

Hearing what Ye Feng said at this time, the beautiful eyes of the auction manager Hongdie immediately revealed a smile and said loudly: "Master Ye Feng is quite powerful and can definitely follow us. Auction treasure hunting team, go exploring, if you can help When our team completes the mission during the expedition, we can earn a huge amount of wealth. At that time, we can directly purchase the good things in our auction warehouse. I can even give you the internal price, Master Ye Feng. What do you want? I'll give you a 30% discount on everything."

"What?"

Hearing what Director Hongdie said, Ye Feng had not said anything, but Murong Qingqing beside him couldn't help but said: "Sister Hongdie, I know that this kind of expedition mission is very dangerous, and it is usually very dangerous to go there." Otherwise, it

would be impossible to get such a high reward. You are pushing my senior brother Ye Feng into the fire pit."

At this moment, Murong Qingqing was talking, seeming to blame Hongdie for saying this, but Ye Feng was quite tempted at this time and couldn't help but said: "Director Hongdie, if you can complete the task, don't Do you know how much I can get paid?"

Hongdie immediately smiled and said: "At least 10 million yuan in reward."

"What?"

Hearing what Hongdie said, Ye Feng's eyes suddenly showed a look of surprise, as if he didn't expect the reward to be so high.

But at this time, Ye Feng also knew that higher returns represent greater risks.

But Ye Feng now really wants the other remaining training resources in this warehouse.

If it can be obtained, Ye Feng feels that his cultivation skills will definitely continue to improve, and it will also improve very quickly.

At this moment, Ye Feng suddenly became a little tempted and said: "Then let's go once. Anyway, I am now in this foreign battlefield and have been practicing everywhere. Why not follow Hongdie to manage your expedition team in the auction? You can also get generous rewards, and you may also get a lot of good luck in the place you go exploring."

Hearing Ye Feng say this, Hongdie immediately couldn't help but laugh and said: "If Master Ye Feng is willing, then you can join our expedition team at any time."

At this moment, Murong Qingqing couldn't help but hold Ye Feng, and said worriedly: "Brother Ye Feng, are you really going? There is a great possibility of great danger."

Ye Feng looked at Murong Qingqing and couldn't help but laugh and said: "I am very short of money now. Participating in this kind of expedition can really make a lot of money. I don't want to waste this opportunity."

Hearing Ye Feng's determination, Murong Qingqing had no choice but to nod, and then said: "Brother Ye Feng, then I will go back to the City Lord's Mansion first, and you just listen to Sister Hongdie's arrangements next."

Ye Feng nodded and watched Murong Qingqing leave here.

At this moment, Ye Feng and Hongdie stayed at the auction.

Ye Feng asked, "Director Hongdie, when will the expedition team for the auction set off?"

Hongdie smiled and said, "We'll set off tonight."

"Hmm?"

Ye Feng was surprised when he heard this. He didn't expect to set off so soon.

But the sooner the better.

Ye Feng is in urgent need of money to buy all the cultivation resources in this warehouse.

## Ancient God

Chapter 5653: Ruined City

At this time, Ye Feng was naturally looking forward to it when he heard Hongdie said that he would set off tonight.

Because if you can complete this mission, you can get generous rewards and purchase many resources and treasures in this auction warehouse.

This has huge benefits for improving Ye Feng's cultivation.

So at this time, Ye Feng was naturally looking forward to this expedition.

And this time it's not just me.

According to Hongdie, the team that went on an expedition to a dangerous place this time included dozens of experts, all of whom were a combination of strong men from the auction and strong men recruited from outside. Therefore, more people bring greater strength. , Ye Feng felt that this time, it was very relaxing not to have to rely on his own strength.

And just when Ye Feng was thinking secretly in his heart, the sky was almost getting dark.

At this time, many experts gathered in the auction house where Hongdie was located.

These experts include experts from the auction and experts summoned from outside. They should all be members of the team participating in this expedition.

At this time, Hongdie immediately looked at everyone and said loudly: "Since everyone has gathered here, we can set off directly."

Hearing what Hongdie said, Ye Feng had a look of surprise in his eyes and said, "Does Director Hongdie also want to go to that dangerous place? Do you also want to join this team?"

For Ye Feng, a supervisor-level figure like Hongdie in the auction, who is in a high position, should not need to do such dirty work.

Hearing Ye Feng's question at this moment, Hongdie smiled slightly and said, "I am responsible for this expedition. Of course I have to lead the entire team."

Ye Feng couldn't help but asked curiously: "Where is it? It sounds very dangerous, but it is also full of great opportunities. After all, a place that can be targeted by a huge auction like yours must be a hidden place." There are a lot of treasures, otherwise, your auction would not have gathered so many people, paid so much reward, and risked it in vain. "

Hearing Ye Feng's question, Hongdie immediately nodded and said: "There is a very special place on the battlefield outside the territory, called the ruined city. It is the place where the ancient abyss giant family lived. Of course, it has now become A dilapidated ruin, so that city is called the dilapidated city. However, because this dilapidated city is very famous, it attracts many practitioners to go there to explore various treasures, so the good things in the entire dilapidated city are basically Already raided Okay, but our mission this time is to go to a more dangerous and in-depth place. That is to pass through the ruins of the entire ruined city and enter the lair of the ancient abyss giants. In the abyss, we want to find what was left after the death of the ancient abyss giants. The treasures and wealth that came down, few people have set foot in that place, so it is very dangerous, very mysterious, and full of unknowns. Otherwise, our auction house would not have summoned so many experts and paid so much reward to explore there. "

Hearing what Hongdie said, Ye Feng's eyes suddenly showed a look of surprise, and then he couldn't help but said with emotion: "It seems that it is not easy for you to work in these large auctions, even if As a supervisor, I often lead my team into various dangerous situations to find rare treasures on the market."

Hearing what Ye Feng said, Hongdie nodded and said with a smile: "If we can't find rare treasures, we won't be able to attract many customers to come to our auction. After all, everyone who wants to participate in the auction will If you want to get all kinds of rare things on the market, if they are not rare treasures, they can easily be bought in stores, so there is no need for us to come to our auction. "

While Hongdie was talking, Hongdie flew into the air and said, "Everyone, follow me. The place we are going to this time is the ruined city."

Hearing what Hongdie said, many of the experts who joined the team nodded one after another, followed Hongdie and flew quickly towards the outside of the auction.

Ye Feng also joined the team.

For Ye Feng, entering that mysterious and unknown dilapidated city this time may also provide him with some good opportunities.

Moreover, the reward this time was very high, a full 10 million. Ye Feng had to go there for this generous reward.

And just when Ye Feng was thinking secretly in his heart, he followed the red butterfly flying in front of the team, and had completely left the large city of Luoyue City, and returned to the chaotic extraterritorial battlefield outside.

However, everyone did not provoke any ferocious demonic beasts in the outer battlefield, but flew directly towards the dilapidated city.

The ruined city stands on the southwest edge of the outer battlefield. This is where the ancient abyss giant family lived.

However, the Abyss Giant clan was completely destroyed due to a huge disaster that year, so a city full of ruins was left behind, which was called the ruined city.

When everyone arrived at the gate of the dilapidated city, Ye Feng immediately saw that the entire dilapidated city was very spectacular, much more spectacular than he imagined.

Although it has been completely deserted and turned into ruins, the gate is still tens of thousands of meters majestic. The collapsed buildings in the city are also towering into the clouds, looking full of a sense of depression and full of aura. A visual shock.

Not to mention Ye Feng, many other experts around him couldn't help but sigh: "It is indeed the place where the ancient abyss giant clan lived and the city they built. It is indeed majestic and magnificent."

At this time, Hongdie seemed to have been to this dilapidated city several times. He nodded immediately, without any big fluctuations in his face, and just said loudly: "I told you about this mission before, and we are not looking for any treasures in this dilapidated city, because it has been looted several times, and there should be nothing good here. One is to pass through the entire ruined city and reach the deepest abyss of the ruined city. It is the home of the ancient abyss giants. If you want to find the real treasures and wealth of the ancient abyss giants, you must enter a world. It is in the abyss, so everyone must be careful next and don't fight in the entire ruined city to avoid wasting time."

## Chapter 5654: Just a fluke

At this time, everyone walked directly into this dilapidated city.

Ye Feng immediately saw that there were many collapsed buildings inside, which looked very desolate.

However, Ye Feng also saw that among the huge ruins of the dilapidated city, there were many other outsiders who were exploring there, probably looking for various treasures in the dilapidated city.

Seeing this scene, Hongdie immediately reminded everyone and said loudly: "Our main task this time is to pass through the entire ruined city as quickly as possible and enter the abyss, so we try not to provoke anyone in this ruined city. Others, please don't waste our time."

Hearing what Hongdie said, many experts in the team nodded and retracted their curious glances at the surroundings.

At this time, Hongdie smiled and said: "Don't pay too much attention to the chance fortunes or treasures that may exist in this dilapidated city. This dilapidated city is very famous and has been plundered by many people in the battlefields outside the territory. I've checked it many times and basically can't find anything particularly precious. There is a treasure, so we don't need to waste time searching for anything in this dilapidated city. As long as we can enter the abyss where the ancient abyss giant family lived and enter their lair, we will definitely be able to get the most rare thing. and precious wealth."

And just when Hongdie was talking.

Boom!

Suddenly, just as they were walking through a ruins, the ruins suddenly exploded.

Uh-huh!

A dark humanoid monster, like a little black giant, charged directly towards the crowd, with an aura of ancient wilderness.

Boom!

At this moment, there was a master in the team, probably a master of swordsmanship. He pulled out the golden sword from behind and slashed forward.

Swish, swish, swish!

The moment he slashed out, the golden long sword in his hand instantly turned into nine golden giant swords, possessing terrifying cutting and bombarding power, which directly sent the little black giant flying backwards.

The next moment, there was another master in the team. He was a burly man wearing ice crystal armor. An ice crystal hammer appeared in his hand, and he hammered hard at the little black giant who was bombarded. With a "plop" sound, the little black giant's head was crushed to pieces, killing him on the spot.

"Um?"

Seeing this scene, Ye Feng's eyes suddenly revealed a look of surprise.

The masters in this team were indeed specially invited by the auction. They were all very powerful, not much weaker than themselves.

The little black giant just now was still very powerful, but he didn't expect to be killed in an instant by the two masters in the team.

At this moment, Hongdie said aloud: "This is a member of the abyss giant clan who has been dead for many years. However, after so many years, it has formed a zombie-like walking corpse. After killing it, we will leave directly." Bar."

At this moment, everyone nodded and continued to move forward with Hongdie.

At this time, Ye Feng ducked over and put the little black giant into his storage ring.

For everyone, killing this little black giant has no value.

But for Ye Feng, this extremely powerful creature contains very powerful power in its body.

After Ye Feng swallowed it, he was able to obtain extremely abundant energy and strengthen his own skills.

So for Ye Feng, it was a waste of money.

At this moment, Ye Feng put the body of the little black giant into his storage ring and began to devour it silently.

Boom!

At this moment, Ye Feng immediately felt a huge amount of energy, which was directly injected into his Dantian.

This made Ye Feng couldn't help but sigh.

This little black giant is worthy of being a member of the ancient abyss giant clan. Even if many years have passed and he has become a walking dead, something similar to a zombie, the energy contained in his body after death is also very huge. , Ye Feng immediately received a lot of energy.

At this time, Ye Feng directly gained the power of the entire little black giant, and immediately burst out with a burst of cultivation momentum. He directly broke through

from the previous first level of Tiandan Realm to the second level of Tiandan Realm, and directly crossed over. A small level.

Ye Feng's sudden breakthrough in cultivation aura was not concealed, so everyone around him suddenly had a look of astonishment in his eyes.

A master in the team couldn't help but stare at Ye Feng and said loudly: "This young man, did you just make a breakthrough in your cultivation?"

Ye Feng nodded.

Seeing Ye Feng nod, everyone in the surrounding team couldn't help but have a look of astonishment in their eyes.

The swordsman who was the first to take action just now was a middle-aged swordsman who looked very elegant. He immediately walked up to Ye Feng and couldn't help but exclaimed in admiration: "Sure enough, heroes come from young. I didn't expect that little brother. It is very rare to have direct enlightenment and breakthrough in cultivation while walking."

"It turned out to be an epiphany!"

At this time, hearing what this swordsman master said, other people around him couldn't help but have a look of surprise in their eyes.

At this moment, the second strong man in ice crystal armor who had just made a move looked quite generous. He couldn't help but come to Ye Feng, staring at Ye Feng, grinning, and said: "Just now I was wondering how a young man who looked extremely weak got mixed into the team. I didn't expect you to have such a strong talent. You can break through the team's cultivation while walking. It seems that your strength should not be underestimated."

At this moment, Ye Feng said modestly: "It's just luck."

And Hongdie, who was leading the way in front, couldn't help but shook her head and smiled. She knew that Ye Feng should have just put the body of the black little giant into the storage ring and swallowed it secretly.

Because Hongdie had seen with her own eyes in the warehouse of the auction that Ye Feng could instantly use the energy from the outside world to improve his cultivation skills.

However, Hongdie did not tell the truth, but continued to lead the way in front.

At this moment, Ye Feng also learned from the people around him that the sword master who used the sword just now was a middle-aged elegant man in a white gown, named Chu Qianxun.

The burly man wearing ice crystal armor and holding an ice crystal hammer in his hand is called Gu Cangsheng. They are both masters from various large cities in this extraterritorial battlefield.

These two masters are very powerful in the entire team. Because they were surprised by Ye Feng's ability to suddenly realize and break through, they became familiar with each other and became friends during the conversation with Ye Feng.

## Chapter 5655 Purple Jade Bracelet

Whether it was the white-clothed swordsman Chu Qianxun, or the burly man in ice crystal armor, Gu Cangsheng, they were all very interested in Ye Feng's origins.

Because they had seen Ye Feng's extremely powerful cultivation talent, they were all very curious about which big family Ye Feng came from.

Because ordinary casual cultivators could not have such a powerful talent.

At this time, Ye Feng smiled and said, "I come from the Dark God Court, and I am a disciple of the Dark God Court."

"Dark God Court?"

At this time, hearing Ye Feng say this, both Chu Qianxun and Gu Cangsheng showed a look of realization in their eyes.

Chu Qianxun immediately couldn't help laughing and said, "It turns out that you are a genius disciple from the Dark God Court. No wonder you have such a strong cultivation talent. I think Brother Ye Feng must be a very famous peerless genius in the Dark God Court."

Ye Feng smiled and shook his head, without saying much.

And just as several people were discussing.

Boom!

Suddenly, a huge roar sounded in a certain direction not far away from this ruined city.

The next moment, there was a colorful beam of light in that direction, which shot straight up from the ground to the sky. It looked very magnificent and magnificent, and the scene was very shocking.

Seeing this scene at this moment, many masters in the team couldn't help but say in surprise: "The colorful rays of light shot straight up to the sky? This is a sign and a vision of the appearance of a peerless treasure."

As the leader of this team, Hongdie was attracted by this magical vision at this moment, and immediately couldn't help but say with interest: "Since such a shocking and magnificent vision appeared in this ruined city, and a peerless treasure appeared, let's go and take a look."

At this moment, everyone in the team couldn't help it and nodded.

A group of people immediately flew quickly in that direction.

When they arrived at their destination, they saw that a piece of colorful rays of light appeared in the ruins of a collapsed building.

And in this piece of colorful rays of light, a purple jade bracelet that looked very precious was suspended.

This purple jade bracelet, with ancient symbols and patterns engraved on it, looks very precious, with the charm of an ancient super magic weapon.

At this moment, not only are there Hongdie and the other auction masters gathered here, but there are also many other practitioners and masters who are looking for treasures in the ruined city, and they are also gathered around.

Many people are eager to try, but they dare not be the first to act, because they are afraid of being attacked by the people around them. In addition, they don't know whether this piece of colorful rays of light is dangerous.

After all, in this ruined city left by the ancient abyss giant, sometimes there are very terrible dangers that will suddenly come.

This peerless treasure suddenly appeared, and it is very likely that there are terrible monsters guarding it.

But someone couldn't hold back after all.

At this moment, among the other masters gathered around, there are not only masters in the auction team where Ye Feng is, but also other unfamiliar practitioners.

This is an old man in a black robe, holding an extremely huge long sword in his hand, looking quite domineering.

He immediately laughed and said: "Since you are all so timid and dare not take the first action, then I will try the water. If I get this purple jade bracelet, don't blame me for taking the first action."

At this moment, the old man in black robe held the black iron long knife in his hand and flew directly towards the purple jade bracelet shrouded in the colorful rays of light.

When he just flew to touch the colorful rays of light, he did not suffer any damage.

"Huh?"

Seeing this scene, the old man in black robe immediately laughed and said: "You are all too timid. This piece of colorful rays of light is the light emitted by this peerless treasure. There is no danger at all."

Swish!

At this moment, the old man in black robe quickly grabbed the purple jade bracelet and wanted to get it directly.

But just when he was about to get close to the purple jade bracelet.

Boom!

Suddenly, a golden beam of light burst out from the ground, as fast as lightning, and pierced through the head of the black-robed old man in an instant, killing him on the spot.

"It's a terrible formation!"

At this time, someone in the crowd couldn't help but exclaimed.

At this moment, many people in the auction team where Ye Feng was also nodded and said, "This purple jade bracelet is protected by an ancient formation. Anyone who dares to approach this purple jade bracelet will be killed instantly by the formation."

However, since they knew that there was a formation guarding it, many masters felt that they might be able to resist the attack of this formation in a short time.

Swish! Swish!

At this moment, several masters around them attacked at the same time and quickly approached the purple jade bracelet.

However, even if they guarded against the attack of the hidden formation, it was useless. This formation was extremely terrifying. The golden light column that broke out of the

soil had a terrifying piercing power, like the sharpest spear in the world. It instantly pierced through the bodies of several masters who attacked next and killed them.

"What a terrifying formation power."

At this moment, Chu Qianxun, the swordsman in white standing next to Ye Feng, couldn't help but exclaimed in admiration, saying: "This purple jade bracelet should be a peerless treasure created by the ancient abyss giants. It is protected by such a terrible formation. Even if it is revealed now, it may be difficult to get it."

At this moment, Ye Feng's eyes flickered.

And another burly man standing next to him, Gu Cangsheng, couldn't help but said with envy: "Let me try it too."

Swish!

Almost at this moment, Gu Cangsheng held the ice hammer in his hand and immediately rushed towards the purple jade bracelet.

"Boom!"

At this moment, a golden beam of light broke out of the soil and instantly stabbed Gu Cangsheng.

But at this moment, Gu Cangsheng immediately roared: "Ice Shield!"

Almost at this moment, Gu Cangsheng immediately condensed a large shield completely condensed by ice, which directly blocked the golden beam of light.

Seeing this scene, Gu Cangsheng immediately burst into laughter.

But before Gu Cangsheng could be happy.

Boom! Boom! Boom!

Suddenly, golden light pillars rushed out from the surrounding soil again.

This time, it was not just one golden light pillar, but three golden light pillars, which bombarded Gu Cangsheng from different directions.

Gu Cangsheng was dumbfounded for a moment, and in his hasty defense, he almost knocked the ice hammer in his hand to the ground.

Then Gu Cangsheng did not dare to approach the purple jade bracelet any further, fearing that more golden light pillars would attack him.

So Gu Cangsheng immediately retreated quickly, and returned to the auction team in a rather embarrassed manner. He said to Ye Feng and Chu Qianxun in a somewhat embarrassed voice: "I'm sorry to have made fun of you two. I didn't expect that the formation guarded by this purple jade bracelet is so terrible."

## Ancient God

### Chapter 5656: Impossible

At this time, when they saw Gu Cangsheng, this extremely powerful armored man, they were all very embarrassed, and the many masters at the auction around him showed deep fear in their eyes.

At this moment, they also felt that this purple jade bracelet was too difficult to obtain, and the surrounding protective formations were simply terrifying to the extreme.

Even Chu Qianxun, the white-clothed swordsman, originally wanted to give it a try, but at this time he felt that it was better not to take the risk, otherwise, he might be attacked by the formation around the purple jade bracelet.

At this time, everyone else around them also felt fearful and did not dare to approach the purple jade bracelet.

At this moment, Ye Feng's eyes flickered, and he suddenly took out a set of black robes from his storage ring, covering his whole body, and then flew forward.

"Um?"

Seeing this scene, Chu Qianxun, the white-clothed swordsman standing aside, and the ancient Han people wearing ice crystal armor all had a look of surprise in their eyes. It seemed that they did not expect that such a young boy as Ye Feng would want to snatch it. That purple jade bracelet.

After all, ancient people have tested it just now. The protective formation around this purple jade bracelet is very terrifying. The closer you get to this purple jade bracelet, the more golden light beams erupt from the formation, which is simply impossible to resist.

At this time, Chu Qianxun wanted to persuade him, but Gu Cangsheng couldn't help but said: "Let him give it a try. Suffering a little hardship is also good for the growth of this young man."

At this moment, Ye Feng was covered in black robes, naturally in order not to attract attention.

The reason why Ye Feng dared to get this purple jade bracelet was because this purple jade bracelet did not have a very scary monster guardian.

If there is some very powerful ancient monster guarding this purple jade bracelet, then I might not be able to defeat that ancient monster.

But since this purple jade bracelet is only protected by the formation, no matter how powerful the formation is, it will have no effect on Ye Feng. It is completely trivial.

Because Ye Feng's powerful talent, Eye of Heaven and Earth, can instantly see through the operation of any so-called powerful formation in the world, and then find a safe place within it, so that he can travel through the formation safely.

Uh-huh!

At this moment, Ye Feng was directly under the gaze of everyone, and in the eyes of everyone's disbelief, he passed through the formation very smoothly.

That formation actually stopped attacking Ye Feng.

Ye Feng succeeded in getting the purple jade bracelet.

"What??"

Seeing this scene, everyone present widened their eyes.

Even the white-clothed swordsman Chu Qianxun, who was already very familiar with Ye Feng, and the ice-crystal armored Han Gu commonsheng, all suddenly had a look of astonishment on their faces.

Because they never expected that Ye Feng could get this purple jade bracelet instantly without being attacked by the formation at all. This is really incredible.

At this time, other experts around him couldn't help but said: "What's going on? Has the power of the formation been exhausted?"

Swish, swish, swish!

At this moment, several masters immediately rushed towards Ye Feng. They felt that the formation had lost its effect, so they wanted to snatch a peerless treasure like the Ziyue Bracelet.

But the moment they approached the purple jade bracelet.

Boom!

From the soil below, golden light pillars suddenly shot out of the air, with extremely terrifying impact. They hit the powerful men who took action at once, instantly piercing through their bodies and knocking them out. Kill.

"The formation has not failed, it's just that the formation has no effect on this black-robed figure!"

At this moment, everyone's eyes suddenly widened.

They realized that it was not that the formation failed, but that the figure shrouded in black robes had an extraordinary talent that could make the surrounding formations ineffective against him.

This is incredible to the extreme!

At this moment, someone in the crowd couldn't help but exclaimed: "Even the most powerful formation master cannot do all this."

At this time, Ye Feng returned to the auction queue with the purple jade bracelet in hand.

At this moment, all the experts in the entire auction team were staring at Ye Feng with expressions of disbelief on their faces.

Even Chu Qianxun and Gu Cangsheng, who were very familiar with Ye Feng, couldn't help but stare at Ye Feng and give a thumbs up. They felt extremely unbelievable.

At this time, the leader of the auction team, Hongdie, and the director of the auction, could not help but cast their beautiful eyes on Ye Feng, revealing a look of deep surprise. It seemed that Ye Feng had such an evil talent and could smoothly shuttle through the formation.

This discovery made Hongdie pay more and more attention to Ye Feng.

Because she felt that Ye Feng would definitely play a huge role in the next expedition mission.

Originally, Hongdie invited Ye Feng, a young genius, to join this team. At most, she just wanted to find someone with strong combat power to join the team.

But now that she has seen Ye Feng's magical ability, she feels that Ye Feng may have a special role in this team in the subsequent exploration of the abyss.

At this moment, Hongdie obviously paid more and more attention to Ye Feng.

At this time, Hongdie said: "Let's go, since the matter here is over, let's leave here as soon as possible."

All the masters in the team nodded immediately and left here quickly.

The other practitioners around saw that the auction team was so large and powerful that they did not dare to snatch the purple jade bracelet from Ye Feng's hand.

At this moment, while walking, Chu Qianxun, the swordsman in white, couldn't help but say in surprise: "Brother Ye Feng, your ability is really amazing. How did you do it?"

The big man Gu Cangsheng couldn't help but pat Ye Feng on the shoulder and said: "Can you teach me this method? I can exchange it with you for my life-long peerless inheritance 'Immortal Ice Crystal Technique'. It's really amazing. How did you make the formation invalid?"

Ye Feng smiled at this time and said: "I didn't make the formation invalid, but I have a special pupil technique. This pupil technique is innate, which allows me to see through all the operation veins of the formation, so I can walk safely in the formation."

"It's a natural talent?"

Hearing Ye Feng say this, Gu Cangsheng couldn't help but show a look of amazement in his eyes.

At this moment, Ye Feng was holding a purple jade bracelet in his hand, and he felt that this small bracelet contained a very terrifying magic weapon fluctuation.

This purple jade bracelet must be a very extraordinary magic weapon.

Buzz!

Ye Feng immediately began to input his magic power, preparing to refine the purple jade bracelet as soon as possible. Possessing such a powerful magic weapon would be of great benefit to the improvement of his overall strength.

## Ancient God

For Ye Feng, he was naturally very happy to be able to pick up such a precious purple jade bracelet for free this time.

Because according to the situation of the guardian formation just now, this purple jade bracelet is definitely a very powerful treasure refined by the ancient abyss giant clan in this city. It is a peerless magic weapon. Otherwise, it would be impossible to have such a powerful formation. Guardian of law.

Even an extremely powerful person like Gu Cangsheng couldn't get close to this purple jade bracelet.

At this time, Ye Feng directly began to refine the purple jade bracelet in his hand.

Buzz!

As Ye Feng inputs mana, suddenly the entire purple jade bracelet emits a bright light.

The next moment, under the stunned gazes of many experts in the entire team, the purple jade bracelet suddenly condensed into a huge purple crown, covering Ye Feng's head.

Buzz!

At the same time, in the void behind Ye Feng, the shadow of an ancient king of the abyss giants even appeared.

"What?"

Seeing this scene, everyone was surprised and said: "Could this purple jade bracelet be the natal magic weapon left by the emperor of the ancient abyss giant family? Otherwise, it is impossible to possess the power of the emperor."

At this moment, Ye Feng could feel that when the purple jade bracelet turned into a purple crown and was put on his head, he immediately seemed to have the power of the emperor of the ancient giant family. It can greatly improve your combat effectiveness.

Ye Feng could feel at this time that the crown on his head was continuously injecting the power of the Giant Emperor into his limbs and bones, rapidly improving his combat effectiveness.

Ye Feng's eyes suddenly showed surprise.

This purple jade bracelet is really magical. When used, it can be condensed into the crown of the emperor of the ancient giant family, injecting a steady stream of the emperor's power into oneself, greatly improving one's combat effectiveness.

Moreover, Ye Feng could feel that with his refining, the huge shadow of the emperor's will of the giant family in the void behind him could also exert extremely strong fighting power.

Ye Feng immediately took back the purple jade bracelet very happily and put it on his wrist. He could stimulate the power in his hand at any time and help him improve his strength.

At this moment, Chu Qianxun, the white-clothed swordsman standing aside, and the ancient people wearing ice crystal armor and holding an ice sledgehammer in their hands were all very envious of the wishing god. Looking at Ye Feng, he couldn't help but laugh. He said aloud: "Brother Ye Feng, you are really lucky this time. You came across such a

purple jade bracelet that no one can get close to. You got this purple jade bracelet without any effort. It's really amazing. It makes us all very envious."

Chu Qianxun couldn't help but nodded and said aloud: "Seeing the vision of you refining this peerless treasure just now, it seems that this purple jade bracelet should be the natal magic weapon left by the emperor of the ancient abyss giant clan. , Otherwise, it would be impossible to manifest the shadow of the will of the emperor of the ancient abyss giant clan. Brother Ye Feng, you really have found a treasure this time. "

At this moment, Ye Feng smiled and said: "I believe that the next two brothers will also be able to get good things."

While Ye Feng was speaking, everyone had already passed through the entire dilapidated city and arrived at the other side of the dilapidated city.

At this time, a huge gap appeared in front.

This gap is very large, as if an ancient giant had cut a gap in the back wall with a huge ax in his hand.

At this moment, looking at the huge gap ahead, Hongdie, the director of the auction, who was leading the team, immediately brightened his eyes and said loudly: "We have successfully passed through the entire ruined city and arrived at the back city wall. In the direction, as long as we pass through this gap, we can see the old nest where the ancient abyss giant family lived, which is the abyss. "

At this time, although the eyes of many experts in the team were filled with anticipation and excitement, they were also wary.

Even Chu Qianxun and Gu Cangsheng, two powerful middle-aged men standing next to Ye Feng, couldn't help but whisper: "You must be careful next time, don't maintain the same level of strength as before. I am in a playful mood, the abyss is the most dangerous place in this area, because Under the abyss is the home base where the ancient giant family lived. The ancient giant family suddenly perished for unknown reasons. Therefore, the abyss has become a taboo for many practitioners. Entering it may be extremely dangerous. , we must be careful and careful."

At this moment, hearing the two middle-aged strong men beside him say this, Ye Feng immediately nodded and gently touched the purple jade bracelet on his wrist.

Ye Feng always felt that this bracelet suddenly manifested into the world, which might have an unusual omen.

Just when Ye Feng was thinking in his heart, Hongdie, who was leading the way, immediately turned around and said loudly: "After passing this gap ahead, you will enter

the real abyss. Everyone must be careful, hurry up. Stay close together and don't get separated, otherwise there may be unknown dangers."

Ye Feng looked around at this time and found that other practitioners in the ruined city were indeed unwilling to approach this place. Obviously, there was a huge danger here.

This made Ye Feng sigh. As a woman, Hongdie had such courage to gather a team and explore the ancient giants' nest, the abyss. It was really commendable. She was really a heroine.

At this time, Hongdie had led everyone through this huge gap.

When Ye Feng followed everyone through this huge gap, he suddenly saw a dark land in front of him.

At the end of this dark land, there was a deep abyss. You couldn't see the bottom. It was pitch black.

The nest of the ancient abyss giants that Hongdie mentioned should be under this abyss.

At this moment, Hongdie's eyes were very firm. She led everyone directly to the end of this dark land. Looking at the abyss deep in front of her, she took a deep breath and said, "The next is the real dangerous place. Everyone be prepared."

Swish!

At this moment, after Hongdie finished speaking, she jumped directly into the abyss and descended quickly.

Swish, swish, swish!

Seeing this scene, everyone followed.

Ye Feng also followed everyone and jumped into the abyss, quickly descending to the bottom.

At the same time, Ye Feng also quickly released his soul power and spread it around to prevent danger from coming at any time.

## Chapter 5658: Strange Temple

Swish, swish, swish!

At this time, as everyone descended rapidly, they did not encounter any particularly terrible dangers along the way. At most, there were some vampire bats hanging on the cliff that disturbed everyone.

But the team gathered by Hongdie were all masters, the best among the best, so these vampire bats could not cause any harm to everyone at all, and were wiped out instantly.

Everyone arrived under the abyss very smoothly.

At this moment, the surroundings were pitch black and it was impossible to see any fingers. Hongdie took out a small red token directly from his storage ring.

Uh-huh!

The next moment, Hongdie threw the red token directly into the air.

Buzz!

The entire red token immediately emitted a bright light like the sun, illuminating a large area around it.

Obviously, this token can be used as lighting for everyone.

At this moment, Hongdie looked towards the depths of the abyss and said: "Let's go, let's go deep under this lair to see if there is anything left after the destruction of the ancient abyss giants. Extraordinarily good stuff."

Hearing Hongdie say this at this moment, everyone nodded one after another, with vigilance in their eyes.

Because it was a very dangerous thing for everyone to enter this abyss and explore the wealth of the ancient abyss giants, so everyone was very alert.

At this moment, Hongdie didn't seem to be particularly nervous, because she had led her team all year round to explore various rare treasures in dangerous places throughout the outer battlefields. She often went deep into various dangerous situations, so she was probably used to it. Otherwise, it would be impossible for a woman like Hongdie to achieve the position of auction manager and hold a high position without some courage and insight.

At this moment, Chu Qianxun and Gu Cangsheng both walked to Ye Feng's side, and the three of them seemed to have become a small group.

There are also many people I know in the team. At this moment, they are all in small groups, forming small groups.

After all, there are dozens of masters in the team assembled for the entire auction. It is impossible for all the masters to be very familiar with each other. Therefore, a small group has been formed in the team to prevent dangers that may arise at any time. Everyone can hug together for warmth.

At this moment, Ye Feng exuded soul power and covered the surroundings. He couldn't help but said: "It feels like there is no particularly dangerous place under this abyss. I haven't felt it yet. What a dangerous smell."

Hearing what Ye Feng said, Gu Cangsheng and Chu Qianxun who were standing aside shook their heads and said loudly: "Don't be careless. Some dangers cannot be detected and may appear at any time. We must be careful."

Ye Feng also nodded at this time. After all, Ye Feng had encountered dangers before that his soul power could not detect.

At this time, Hongdie, who was leading the way, seemed to have discovered something, and immediately couldn't help but said: "Look, everyone, there seems to be a collapsed temple ahead."

At this moment, everyone immediately looked forward, and sure enough they saw a very ancient temple appearing in the open space in front of them. Half of it had collapsed, which looked quite strange.

Immediately, a master in the team couldn't help but said: "How could an ancient temple suddenly appear here? The ancient abyss giants should be the dark attribute race in the abyss. How could they build a temple here?"

Everyone was a little confused when they heard what this master said.

Hongdie just smiled and said: "Anyway, go over and take a look."

At this moment, the red butterfly took the first step and flew directly towards the ancient collapsed temple.

Everyone quickly followed.

At this time, Ye Feng's soul power did a little exploration, and he was suddenly surprised to find that his soul power could not penetrate the many buildings and walls of this ancient temple, and could not detect anything in it.

This made Ye Feng's eyes suddenly show surprise.

After all, a place that cannot be explored even with one's own soul power must be very mysterious and extraordinary.

At this moment, Ye Feng followed the others and had no choice but to walk around the temple honestly.

Everyone immediately saw that there were ancient Bodhi trees growing around this temple.

However, these Bodhi trees have completely withered.

The white-clothed swordsman Chu Qianxun stood beside Ye Feng, looking at the withered Bodhi trees, and couldn't help but say with pity: "These Bodhi trees are probably thousands of years old. If they are still alive, I'm afraid it can become a spirit directly."

Gu Cangsheng, a big man wearing ice crystal armor, couldn't help but say: "Yes, if you can get some Bodhi seeds growing on these thousand-year-old Bodhi trees, they are all good things, and they can make people calm down and concentrate instantly, and can even allow practitioners to enter a state of enlightenment at any time."

Hearing what the two said, Ye Feng's eyes showed a look of surprise, as if he didn't expect that these thousand-year-old Bodhi trees could be of such great value.

Just when Ye Feng was thinking about it, someone in front seemed to have discovered something, and couldn't help but say: "Come and see, everyone, there seems to be something special in this temple."

At this moment, everyone followed.

Chu Qianxun and Gu Cangsheng, who were standing beside Ye Feng, also hurriedly walked in that direction.

Ye Feng was also ready to follow.

But just when Ye Feng passed a withered Bodhi tree, he suddenly felt something very hard under his feet.

Ye Feng looked down and found that a palm-sized Bodhi seed had sunk into the surrounding soil.

Seeing this scene, Ye Feng's eyes suddenly lit up. He didn't expect that a Bodhi seed had fallen here, and it was not rotten.

At this moment, Ye Feng immediately took the Bodhi seed in his hand, and he really felt a special charm and an inexplicable energy, which could make his mind calm down, as if he was about to enter a state of enlightenment.

It seems that what Gu Cangsheng said was right. This kind of Bodhi seed has a very special and wonderful effect.

Ye Feng quickly put the Bodhi seed into his storage ring, and then continued to follow everyone towards the collapsed temple.

When Ye Feng followed everyone into the collapsed temple, he immediately saw a rather surprising scene.

In the middle of the temple, there stood a small tower more than one meter tall, which looked very ancient and mysterious.

At this moment, Hong Die stood in front of everyone and stared at the small tower. She couldn't help but say, "What kind of treasure do you think this small tower is? It will definitely fetch a good price if we bring it back to the auction."

## Chapter 5659 Ancient Demon Dragon

Hearing what Hongdie said at this time, many experts present stared at the ancient small tower in front of them. They couldn't help but have a look of surprise in their eyes, and said aloud: "This small tower looks like it belongs to the same era." It's very old. It's probably a treasure from the ancient times. If you take it back, it will definitely fetch a sky-high price at auction. Moreover, this is the home of the ancient abyss giants. The things you get will be bragging about it at the auction, and it will definitely raise the price. price."

Hearing what the experts around him said, Hongdie was naturally very satisfied. He immediately nodded and said loudly: "It seems that we have gained something as soon as we came here."

At this moment, after Hongdie finished speaking, she immediately wanted to put this small tower in her storage ring.

But the moment she reached out and touched this small tower.

Buzz!

Ancient golden rune symbols appeared on the surface of this small pagoda, emitting golden Buddha light, which greatly repulsed Hongdie to collect this ancient small pagoda.

Hongdie naturally burst out her powerful cultivation power at this time.

boom!

I saw a crimson butterfly immediately appearing in the void behind the red butterfly. It seemed to be a mythical beast of the butterfly family in ancient times.

At this moment, after Hongdie exploded with her own power, she forcibly moved the small tower out of the ground, and then put it directly into her storage ring.

At this moment, the aura of cultivation exuded by Hongdie was very powerful, and could even be described as unfathomable.

This made Ye Feng among the crowd suddenly have a look of surprise in his eyes.

I didn't expect that this incomparably beautiful auction manager would have such a powerful power.

But it's normal to think about it.

After all, to be able to become a person in charge of such a huge auction, Hongdie would definitely not be able to achieve this position if he had no ability.

At this moment, Hongdie took over this ancient small tower and was immediately very satisfied. She said loudly: "Sure enough, only by going deep into dangerous situations can we obtain powerful enough treasures."

At this moment, Chu Qianxun, an elegant swordsman in white who was standing next to Ye Feng, stared at the ground and suddenly said, "Look, there seems to be a black token on the ground."

"Um?"

At this time, when they heard what Chu Qianxun said, everyone's eyes moved and they looked under the small tower just now. Sure enough, they saw a black token pressed under the small tower.

This black token exudes a very strong evil spirit, giving people a very terrifying feeling.

At this time, someone seemed to have thought of something, and couldn't help but said in shock: "That little tower emitting Buddha's light just now, couldn't it be suppressing something?"

When Hongdie heard this expert say this, her eyes were slightly startled.

And the next moment.

Boom! !

The entire ancient temple ground suddenly shook rapidly.

And the black token that was pressed under the small tower that exuded Buddha's light just now came out with a creepy voice like an old monster: "Jie Jie Jie, after so many

years, someone finally released me." Come out, your delicious food will be your first meal after coming out."

At this moment, after the ancient hoarse voice fell, the entire ancient temple suddenly collapsed completely amidst this terrifying vibration.

Everyone flew outside quickly.

The next moment, the entire ground suddenly cracked.

Everyone looked towards the crack below and saw it immediately.

In the entire underground crack, a giant dragon covered with blood-red scales unexpectedly appeared.

This giant dragon looks very evil. The scales on its body are emitting a blood-red light, and its eyes are also red. It feels like an ancient dragon.

Seeing this ancient demon dragon at this moment, everyone present was shocked.

No one would have thought that underneath this ordinary-looking little temple and that ordinary-looking ancient little tower, there would be such a terrifying ancient demonic dragon suppressed.

This really shocked everyone deeply.

At this moment, Hongdie suddenly took out the ancient small tower that he had received from the storage ring before, and quickly put it back on the ground.

But it's too late.

The token that was suppressed by the ancient small tower was completely shattered at this moment.

This also means that this ancient demon dragon that was suppressed by the temple has completely broken away from the suppression of this ancient temple.

At this moment, many experts couldn't help but said: "Everyone, run!"

At this moment, everyone was running around frantically.

Because no one expected that such a change would occur.

Uh-huh!

At this time, a huge dragon claw, emitting blood-red light, instantly stretched out from the cracks under the ground, and instantly tore several nearby masters into pieces.

"hiss!"

Seeing this scene at this moment, everyone present was shocked to the extreme: "What a terrifying cultivation and strength!"

At this time, everyone saw the strength of this ancient dragon and was shocked to the extreme.

No one dared to fight against this ancient dragon anymore, and they all flew madly towards the abyss, wanting to leave here as soon as possible.

At this moment, even Hongdie could not control the whole scene.

At this time, in the face of life and death, no one would listen to Hongdie's arrangement.

At this moment, Hongdie was also panicked, and hurriedly put the ancient tower back into her storage ring, and quickly fled outside.

Ye Feng's face showed a deep look of astonishment at this moment, because Ye Feng did not expect that he had been preparing to explore this abyss, but he did not expect that he had just come in and accidentally opened such a terrifying ancient dragon's seal, allowing this ancient dragon to escape directly from the seal.

At this moment, everyone was fleeing in panic, even the white-clothed swordsman Chu Qianxun and Gu Cangsheng, were quickly running away around.

Because this ancient dragon was too terrifying.

Ye Feng naturally flew out quickly at this time.

Boom!

But at this time, the ancient dragon under the ground had completely escaped and attacked the surroundings frantically. The terrifying destructive light wave destroyed the surroundings, almost blocking the way for everyone to leave the abyss.

At this moment, dozens of masters present could only be forced to flee in panic, running wherever they could.

Ye Feng also flew quickly towards the depths of this underground area in the chaos.

Because this deep area under the ground seemed very special.

That ancient dragon did not seem to dare to approach the deepest part of the ground.

## Chapter 5660 Continue to explore

At this moment, Ye Feng entered the deepest area of the abyss and immediately saw ancient tombs appearing inside.

This scene made Ye Feng's eyes suddenly show a look of astonishment. He didn't expect that there were so many graves placed in the deepest area of this abyss. It was really weird to the extreme.

At this moment, Ye Feng couldn't help but suddenly thought that he had been to a land of thousands of graves before, which was a place dedicated to raising zombies.

At this time, Ye Feng was thinking, could this place also be a place with thousands of graves, and he wanted to raise some very terrifying and unique beasts?

But just when Ye Feng was thinking secretly in his heart, suddenly a beautiful figure in a red dress flashed not far away.

Ye Feng took a closer look and saw that it was Hongdie, the manager of the auction.

At this moment, Ye Feng couldn't help but said: "Director Hongdie, I didn't expect you to escape towards me."

Hongdie nodded at this time, her face seemed not to look good.

After all, her original plan this time was to lead many experts to safely explore the various treasures left behind by the ancient abyss giant clan in this vast abyss.

Unexpectedly, as soon as they entered this abyss, they would provoke such a terrifying ancient demon dragon. It had extremely terrifying strength. It simply scattered everyone and killed many members of the team. The strong one.

This can be said to be a major blow to Hongdie, disrupting all her original plans, and Hongdie may lose a lot of things as a result.

At this moment, Ye Feng seemed to see the disappointment in Hongdie's eyes, and immediately couldn't help but smile and said: "Anyway, this is an unexpected situation, and unexpected situations may happen at any time in our lives. If it happens, there's nothing we can do about it."

Hearing what Ye Feng said, Hongdie nodded, and then said aloud: "In the deepest part of this abyss, it seems to be very special. Even the ancient dragon does not dare to approach here casually."

Hearing what Hongdie said, Ye Feng nodded and said, "I found it too, but there are graves everywhere here, and there may be other dangers."

Hongdie nodded and said aloud: "Let's continue to explore this deepest area together. I can't return empty-handed."

Hearing that Hongdie was still interested in exploring this ancient abyss giant's lair at this time, Ye Feng had to admire Hongdie's professionalism.

Because what Ye Feng is thinking about now is how to save his life here and return to the ground safely.

After all, there must be that ancient dragon at the entrance to the abyss.

So now they can only see if they can find other ways to the ground in this deep area.

At this moment, Ye Feng and Hongdie came together with different thoughts in mind, and continued to explore the deep area of the abyss.

At this moment, the two of them were walking among the tombs and felt that these tombs did not have the fearful breath of the underworld.

This made Ye Feng's eyes suddenly show surprise.

Because ordinary graves, even the most ordinary graves, will always have some Yin Qi born in this abyssal place for many years.

Even if no zombies were born, they would still be filled with gloomy energy.

But Ye Feng didn't feel any yin energy from these tombs.

Ye Feng came to a tomb at this moment, and suddenly his eyes showed a look of surprise.

Because Ye Feng saw that the names of ancient Buddhist practitioners were written on the tombstones of these tombs.

Moreover, there are special Buddhist and Taoist fonts on each tombstone.

"Um?"

This made Ye Feng's eyes suddenly show a look of surprise, and he couldn't help but said: "Director Hongdie, look at these tombstones. It seems that these tombs are all the tombs of ancient Buddhist monks. No wonder there is no trace of sin. gas."

Hearing what Ye Feng said, Hongdie immediately showed a look of surprise in his eyes. He looked carefully at the tombstones of these tombs, couldn't help but nodded, and said

loudly: "Ye Feng, you are right. , these tombs seem to be the tombs left by ancient Buddhist monks. Could it be that the ancient abyss giant family suffered a disaster, and it was the ancient demon dragon that destroyed the entire abyss giant family's nest? "

Ye Feng nodded and said loudly: "Then the ancient Buddhist and Taoist forces sent many powerful Buddhist monks to suppress this ancient demon dragon, and the strong men they died in the battle were buried in this ancient abyss. Underground, the lair of the giant clan."

Hearing what Ye Feng said, Hongdie nodded and said, "It's very possible."

At this moment, Ye Feng looked around and said aloud: "It doesn't feel like there is a place where all kinds of wealth are accumulated. Let's not think about looking for wealth, but hurry up and find other passages that can lead to it. Go to the ground and get out as soon as possible, because according to the previous passage, we can't get out. The ancient dragon must be waiting at the entrance of this abyss. We can't get out through the original entrance. "

Hongdie shook her head and said aloud: "I can't go out yet. I can't just go back empty-handed."

"Forehead?"

Hearing Hongdie's words, Ye Feng was quite helpless and couldn't help but say: "Then let's look for the way out while looking for any so-called treasures and wealth around."

Hongdie nodded, then looked at Ye Feng, couldn't help but reveal a smile in her beautiful eyes, and said: "Ye Feng, don't worry too much, I have a map in my hand, we won't get lost here."

At this moment, after Hongdie finished speaking, she took out an ancient map directly from her storage ring.

Ye Feng leaned over to take a look, and was immediately shocked to find that this map was a map of the entire abyss, and it also clearly marked several other exits, not the exit when we came.

"This..."

Seeing this scene, Ye Feng couldn't help but be a little stunned.

Hongdie said, "This is the trump card that made me dare to come here to explore this time. Unfortunately, I accidentally released the ancient dragon from the seal. It was really bad luck. Otherwise, I would have been able to plunder all the wealth in the underground abyss with so many strong people. But fortunately, I can meet you, Ye Feng, now I have an extra helper. I will continue to explore and plunder wealth here, and I will have an extra

guarantee of security. As long as you help me with peace of mind, Ye Feng, I will share a part of the wealth I have plundered with you. I will never let you suffer any loss, and I will give you the 10 million reward after I go back."

## Chapter 5661 Devouring the Palace

At this time, Hongdie gave Yefeng a great reward in order to win Yefeng over to her side and help her.

Yefeng said in surprise: "Director Hongdie, I have seen you take action before. You are very powerful, much stronger than me. Why do you need me as a burden?"

Hearing what Yefeng said, Hongdie suddenly smiled on her beautiful face and said: "Your cultivation is indeed a little worse, but I know that your real combat power is definitely not weak, and you have the ability to freely shuttle through the formation. This ability is very useful for me to explore the nest of the abyss next, because according to the places where treasures may be hidden as indicated on the map, they are basically protected by the formation set up by the great formation master of the ancient abyss giant clan. So you are of great use to me now, and you and my good friend Murong Qingqing are senior brothers and sisters, so I naturally have to take special care of you."

Hearing Hongdie's words, Yefeng knew that the other party was a very calculating woman.

However, this is indeed good for him. Ye Feng did not say much, but nodded and followed Hongdie to continue to move forward quickly in the deep area under the abyss.

At this moment, Hongdie looked at the map in her hand and said: "Let's go to the first place indicated on the map where wealth may be hidden, which is a few kilometers away."

Swish!

After Hongdie finished speaking, she took Ye Feng and flew quickly in a certain direction.

When they came to the first place marked on the map where wealth may be hidden, they saw a collapsed palace here.

This palace has been empty for a long time.

"Huh?"

Seeing this scene, Hongdie's face became a little ugly, and she said: "It seems that someone has explored this place before, and plundered this first place where wealth may be hidden."

Ye Feng said at this time: "Since we are here, let's go in and take a look. Maybe there are some places that are missed."

Hongdie nodded, and walked directly into the collapsed palace with Ye Feng.

At this moment, Hongdie said, "This palace should have been preserved intact until now, but someone came here before and wanted to get the wealth in it, so he used a strong external force to collapse the palace and completely shattered it."

Buzz!

At this moment, Ye Feng released his soul power and covered the surroundings.

Hongdie looked around and found that there was no wealth. She said angrily, "Damn it!"

At this time, Ye Feng's eyes lit up.

Because Ye Feng sensed that the entire palace was made of an ancient ore that contained energy.

In other words, although there were no treasures or wealth in the entire palace, the palace itself was a good thing for Ye Feng.

Swish!

At this moment, Ye Feng directly stretched out his hand and touched the wall of the palace in front of him, and then directly released the swallowing field and began to swallow the ore energy contained in the stone in the building materials of the palace.

"Boom boom!"

At this moment, Ye Feng immediately felt a huge amount of energy, which was immediately injected into his Dantian, rapidly strengthening his power.

You know, this palace was built by the ancient abyss giants. The ore materials used to build this palace must be very precious.

At this moment, Ye Feng immediately absorbed enough energy, which directly made his power grow rapidly.

Ye Feng's cultivation aura also began to rise step by step.

Before, Ye Feng's cultivation was in the second level of Tiandan Realm, but at this time, Ye Feng's cultivation began to break through small levels rapidly.

After all, the ore materials used in this entire palace are still very large. Ye Feng swallowed them all, and naturally he could obtain extremely rich energy.

Boom!

The third level of Tiandan Realm!

Boom!

The fourth level of Tiandan Realm!

Boom!

The fifth level of Tiandan Realm! !

At this moment, Ye Feng's cultivation broke through three small levels at once and entered the fifth level of Tiandan Realm.

At this moment, Ye Feng immediately felt that his skills had been strengthened unprecedentedly, and his cultivation aura had also been rapidly broken through.

At this time, Ye Feng could feel that his combat power had also been greatly enhanced.

At this moment, Ye Feng broke through three small levels in succession and entered the fifth level of Tiandan Realm. He released the aura of breakthrough three times in succession, which made Hongdie standing beside him suddenly show a deep look of astonishment.

The next moment, Hongdie saw Ye Feng's palm touching the wall of the palace, and immediately understood something, and couldn't help but said in admiration: "Ye Feng, although this is not the first time I have seen you. I have used this ability to directly absorb external energy, but I still feel very amazing. This ability is really amazing. It's unbelievable. In my long career, I have seen countless so-called geniuses and superpowers, but none of them are as evil as you. Your ability is simply rare and unbelievable. , it feels incredible, even scary, to think about it."

At this time, when he heard Hongdie next to him say this, Ye Feng smiled slightly and said, "Let's just leave here."

Hongdie nodded and followed Ye Feng out of the palace.

And the moment they walked out of the palace, the rest of the palace completely collapsed.

Because the energy of the ore had been swallowed up by Ye Feng, it was already extremely fragile. Naturally, it turned into fly ash and completely collapsed into ruins.

Hongdie looked at the map in his hand and said aloud: "Let's go to the second location that may contain wealth."

Ye Feng was a little curious and couldn't help but ask: "Where did you buy this map? If someone drew this map in advance, why didn't he look for these treasures himself?"

When Hongdie heard what Ye Feng said, she smiled mysteriously and said, "I didn't buy this map. It's a map passed down from generation to generation in our family."

Ye Feng's eyes were stunned and he said, "Are you a descendant of the ancient abyss giant clan?"

Hongdie immediately couldn't help but roll her eyes at Ye Feng and said loudly: "How can I be so slender and beautiful and belong to the ancient abyss giant clan? What I mean is that the ancestors of our family participated in the lair of the ancient abyss giant clan. The ancestors of our clan were the construction workers of this old nest place. Our ancestors left this map specially to benefit the descendants of our clan. "

Hearing what Hongdie said, Ye Feng's eyes suddenly showed a look of surprise. No wonder Hongdie had such a detailed map, and was so confident this time that he brought so many experts here, hoping to get the ancient The treasure of the abyss giant clan.

But it's a pity that an ancient magic dragon was accidentally unblocked, causing all the masters to get separated. Now only Ye Feng and Hongdie are left to 'depend on each other'.
