

Ancient God

Chapter 5671 The Power of Giants

Hearing what Hongdie said at this time, Ye Feng's eyes suddenly showed a look of surprise, and he quickly walked towards Hongdie's direction.

Ye Feng knew very well that as the manager of a large-scale auction, Hongdie had seen strong winds and waves, so it was rare for Hongdie to express such a surprised tone.

Ye Feng immediately walked over at this time, and immediately saw Hongdie looking at an iron box in front of him, lost in thought.

Ye Feng walked over and found that the iron box contained a palm-sized bone.

But this bone, at this moment, is like a living thing, actually squirming rapidly.

"Um?"

Seeing this scene, Ye Feng's eyes suddenly showed a look of surprise, and he said loudly: "What kind of bone is this bone? It looks like a living thing."

Hongdie also nodded at this time and said loudly: "That's why I was very surprised. It scared me just now. I thought it was some special creature with terrifying attack power, but now it doesn't seem like it." No special attack power."

Hearing what Hongdie said, Ye Feng nodded, then glanced at the young man in a blood-red robe not far away, and suddenly asked: "What do you think this is?"

Ye Feng asked the young man in blood-red robes at this time. As an ancient demon dragon, he had fought against the ancient abyss giants, so he should know what it was.

Hearing Ye Feng's question, the ancient demon dragon seemed to be quite interested. He glanced at the squirming bone in the box that looked like a living thing, and immediately a look of surprise appeared in his eyes. He said in a loud voice: "This is a piece of giant inheritance bone. I didn't expect that there is still a very rare inheritance bone left here by the ancient abyss giant clan."

"Inherited bone?"

Hearing what the young man in blood-red robe said, both Ye Feng and Hongdie had a look of surprise in their eyes.

At this time, the ancient demon dragon continued to speak: "Normal physiques cannot fuse this kind of bone. You should give up. Although after fusing this bone, the fusion person can gain the power of a giant, but only the ancient The descendants of the abyss giants If practitioners of other races can successfully fuse this kind of inheritance bone, if they forcibly fuse this kind of giant inheritance bone, they will not only lose the power of the giant, but will also be instantly shocked by the huge energy of the terrifying abyss giant in the inheritance valley. Break all the bones in the body."

Hearing what the young man in the blood-red robe said, Hongdie's eyes showed deep shock at first, but then she was very surprised. She didn't seem to expect that this friend Ye Feng accidentally met had seen so much. , he recognized this special bone at a glance. It turned out to be the rare and extremely rare inheritance bone left by the legendary ancient abyss giant family.

At this moment, Hongdie couldn't help but said: "Ye Feng, it seems that we can't use this inheritance bone directly. It's such a pity. It seems that I can only take it back and sell it in the auction. , but this kind of thing can only be used by the descendants of the ancient abyss giant family, and cannot be used by others. It is estimated that it will not fetch a high price. After all, although the value of this giant's inherited bone is very high, it cannot be used by others. If most people use it, it has no value."

Hearing what Hongdie said, Ye Feng's eyes suddenly flickered and he said, "Let me give it a try."

"What's the meaning?"

Hearing what Ye Feng said, not to mention Hongdie, even the young man in blood-red robe who had been standing very calmly by the side couldn't help but have a look of surprise in his eyes, and said loudly: "What are you going to do?"

Ye Feng smiled, glanced at the squirming bone in the iron box, and said loudly: "Of course I am trying to fuse this piece of giant inheritance bone. I want to get the power of the legendary ancient giant. So for me, Improving overall strength will definitely be of unparalleled help."

"Are you crazy?"

At this moment, not to mention the red butterfly, even the young man in blood-red robes transformed by the ancient demon dragon couldn't help but said in shock: "You are really crazy! You rashly fused this piece of bone without any... No matter how useful it is, it will harm yourself and cause you to die suddenly, and all the bones in your body will be damaged. Being oppressed and broken by the inheritance bone of the abyss giant, as I said just now, except for the descendants of the ancient abyss giant family, any other race who wants to forcibly fuse this inheritance bone will be killed instantly. The body of any other race, None of them can carry the power of the giant in this giant inheritance bone."

At this moment, although the ancient magic dragon and Hongdie both felt that it was impossible for Ye Feng to fuse this piece of inherited bone from the ancient abyss giant family, Ye Feng smiled slightly at this moment and said loudly: "Let me try. Try it."

Uh-huh!

At this time, the ancient magic dragon flew directly in front of Ye Feng, and an extremely terrifying cultivation aura burst out from it, just like a majestic mountain, restraining Ye Feng, his eyes were very serious, He said aloud: "If you die later, what will I do in the future? If you don't consider your own safety, you should also consider my feelings!"

At this moment, the ancient demon dragon naturally does not want Ye Feng to die, because he still needs to rely on Ye Feng's innate ability to see through any formation in the world to go to the deepest part of the ancient abyss giant family's lair to get something.

But at this moment, Hongdie who was standing aside saw the two people so close. The ancient demon dragon, a handsome young man, said such words to Ye Feng, which made Hongdie's eyes slightly stunned. one time.

But the next moment, Ye Feng smiled and said: "Don't worry, it's okay. If there is a problem, if you stop me again, I believe that with your strength, you can stop me instantly."

Hearing what Ye Feng said, the ancient demon dragon saw the confident look in Ye Feng's eyes, and could only nod his head and said: "If any problems arise, I will immediately stop you. Don't blame me for forcing you to do so." Take action against you."

Hearing what the ancient demon dragon said at this time, Ye Feng nodded, and then directly pulled the inherited bones of the ancient abyss giant family that were squirming in the iron box in front of him into his own body, and began to fuse them with his own bones. among.

Buzz!

At this moment, along with the fusion process, Ye Feng immediately felt that the seemingly palm-sized bone contained extremely powerful power.

That is the power of the legendary giant!

When the Ancient Demonic Dragon and Hongdie standing aside saw that Ye Feng had really begun to fuse with the giant's inheritance bone, their eyes showed deep astonishment, as if they did not expect that Ye Feng could really fuse. The inherited bones of the ancient abyss giants are really beyond the scope of normal people's reasonable understanding.

Chapter 5672 Under the Swamp

At this moment, under the shocked gazes of the two people, Ye Feng really successfully fused the giant's inheritance bone.

At this moment, Ye Feng could feel that his bones seemed to have the power of a giant.

Buzz!

Ye Feng just thought, and his whole body immediately turned into a huge giant, and all the bones in his body began to expand rapidly.

At this moment, seeing Ye Feng transforming into an ancient giant with the power of a giant, Hongdie's eyes immediately revealed a look of deep amazement, and she said loudly: "Ye Feng, you really succeeded. , breaks the common sense."

At this moment, the young man in blood-red robes transformed by the ancient demon dragon couldn't help but nodded and said loudly: "This boy does have something."

Obviously, even an old monster like the Ancient Demonic Dragon finds it extremely incredible that Ye Feng can successfully fuse the inherited bones of the Abyss Giant.

At this moment, Ye Feng transformed into his normal human form again, with uncontrollable excitement in his eyes.

Because Ye Feng never thought that he could successfully fuse an ancient abyss giant's inherited bone here and gain the power of a giant.

This naturally made Ye Feng very happy.

At this moment, Ye Feng looked at Hongdie and couldn't help but smile and said: "This time I came here to explore with Director Hongdie, and I really gained a lot."

Hearing what Ye Feng said, Hongdie couldn't help but nodded, then smiled helplessly and said, "Ye Feng, your harvest is still the greatest."

Ye Feng nodded and said with a smile: "I will keep this favor in mind, and you can always ask me for help if you need anything in the future."

Hearing Ye Feng's assurance, Hongdie nodded.

For Hongdie, Ye Feng has now become an incredibly powerful being.

So Ye Feng now promised to give her a favor, and Hongdie naturally took it very seriously and was happy.

At this moment, Hongdie didn't hesitate at all. He immediately took out the map in his hand and walked quickly towards the next location.

The next location is the sixth location among the seven locations, which is also the second to last location.

Hongdie was looking forward to this very much and said aloud: "I don't know what kind of wealth there will be in this sixth location."

Ye Feng smiled and said: "There must be very rich wealth. Your ancestors left such a map. It will not be left in vain. The wealth will become more precious and richer as you go further."

Hongdie didn't say much at this time, but just looked at the map in his hand and flew quickly towards the sixth location. Ye Feng quickly followed.

As for the young man in blood-red robes transformed into the ancient demonic dragon, he was naturally following Ye Feng at this moment.

For the ancient demon dragon, the young man in blood red robes, the most important thing now is to follow Ye Feng. When Ye Feng is over, he can take Ye Feng to the deepest place in the abyss.

At this moment, Ye Feng was standing next to Hongdie. Hongdie couldn't help but glance at the young man in blood-red robes, and said in surprise: "Ye Feng, how did you get to know this friend of yours? How strong is he? It feels very powerful. Before, you wanted to fuse with the abyss giant. When inheriting the bones, the breath and power he released in an instant were simply terrifying to the extreme. Even if I am not seriously injured now, I am afraid I will be suppressed by him in an instant. This kind of person is simply terrifying to the extreme. What the hell are you doing? How did we meet?"

Hearing what Hongdie said, Ye Feng smiled slightly and said, "Director Hongdie, the identity of this friend of mine is very mysterious. It would be better if you don't ask any more questions."

"Um?"

Hearing Ye Feng's words, Hongdie's eyes were slightly stunned for a moment, and then she nodded solemnly.

She knew that since Ye Feng asked her not to know too much, she shouldn't ask too many questions.

At this moment, Hongdie shut her mouth very wisely and stopped asking any more questions.

At this time, Hongdie just hurried on with peace of mind, and soon the group of people arrived at the sixth of the seven locations marked on Hongdie's map.

At this time, Hongdie looked at the scene in front of him, and a look of surprise suddenly appeared in his eyes.

Because Hongdie saw that a very dirty-looking swamp appeared where the sixth location was.

Seeing this scene, Hongdie couldn't help but have a look of deep astonishment in her eyes, and said aloud: "Ye Feng, this sixth location turned out to be such a swamp full of mud. This What's going on?"

Ye Feng glanced around and then said, "Let me investigate."

Buzz!

At this moment, Ye Feng directly released his soul power and quickly covered the surrounding swamp land full of mud.

At this time, when Ye Feng's soul power covered all the swamps, a look of surprise suddenly appeared in his eyes, and he couldn't help but said: "Director Hongdie, let's dig out all the mud in this swamp. , I sensed that there seemed to be very strong energy fluctuations under this swamp."

Hearing what Ye Feng said, Hongdie's mature and beautiful eyes suddenly showed a hint of surprise.

Then Hongdie seemed to understand something and couldn't help but said: "It seems that the wealth contained in this sixth location is under this swamp mud."

At this moment, Hongdie no longer hesitated, and he and Ye Feng directly released their power, forming energy light waves and bombarding the swamp in front of them.

Boom!

Along with bursts of huge roars, all the mud in the swamp was shattered.

The entire surface of the swamp was lifted open by Ye Feng and Hongdie with their powerful force.

The next moment, the space under the swamp was revealed.

"This is....."

Looking at everything in front of him at this moment, not to mention the red butterfly, even Ye Feng had a look of astonishment in his eyes.

Because after all the sludge in the entire swamp was lifted up, there were actually high-level elixirs rooted deep in the ground.

Each of these high-grade elixirs exudes a faint golden light, and the root of each elixir is pure gold.

"Um?"

Seeing this scene, Ye Feng's eyes suddenly lit up, and he couldn't help but say: "I understand, this swamp mud must have been a medicinal field for the ancient abyss giant clan to grow high-level elixirs. It's just that in Over the years, this place was eroded and turned into a swamp full of mud."

Ancient God

Chapter 5673 Dark Void

At this moment, Ye Feng was talking, his eyes full of excitement.

Because there are densely packed elixirs planted under the mud of the entire swamp.

These elixirs have been growing for tens of thousands of years, so now these elixirs are very mature.

Each elixir contains extremely powerful medicinal power, which can provide Ye Feng with a huge energy supplement.

At this moment, Ye Feng looked directly at Hongdie beside him and couldn't help but said: "These elixirs are very useful to me. I need to swallow all the elixirs."

Hearing what Ye Feng said, Hongdie nodded, because Hongdie also knew that what Ye Feng needed most was this kind of heavenly material, earthly treasure and ancient elixir that contained rich energy.

So at this time, Hongdie nodded and said: "You swallow these elixirs rooted in the mud first, and I will go nearby to see if there are any other good things. After all, this swamp is very huge. Maybe it's not just these high-level elixirs."

After all, this is a place specially marked by Hongdie's ancestors, and it may not be as simple as just having so many elixirs.

Hearing what Hongdie said, Ye Feng immediately nodded and said: "Okay, then you go around and look for any other good things. I will devour these ancient elixirs first."

At this moment, Ye Feng did not hesitate, and directly released the Devouring Domain, covering all the high-level elixirs in the small swamp in front of him in his Devouring Domain, and began to quickly devour them.

Boom!

At this moment, a huge amount of medicinal power was immediately absorbed by Ye Feng and injected into Ye Feng's Dantian, rapidly strengthening Ye Feng's power.

Ye Feng could immediately feel that his cultivation aura was rapidly and continuously improving.

Moreover, Ye Feng was surprised to discover that the roots of these elixirs exuding a light golden color, with a pure gold color, turned out to be very rare divine substances, which can enhance Ye Feng's immortal body of the gods and increase Ye Feng's physical strength. Become more solid and powerful.

This discovery naturally made Ye Feng even more happy.

At this time, Ye Feng absorbed the power of these high-level elixirs, and his cultivation aura immediately began to break through rapidly.

Ye Feng's previous cultivation level has broken through to a whole new level of cultivation level, the ethereal realm for a whole day.

But at this time, with the help of the huge medicinal power, Ye Feng continued to make breakthroughs in his cultivation.

boom!

The second level of the ethereal realm!

boom!

The third heaven of the ethereal realm!

boom!

The fourth level of the ethereal realm! !

At this time, Ye Feng's cultivation level suddenly broke through the third level of heaven and entered the fourth level of ethereal realm.

Ye Feng clenched his fists and felt that his strength had been strengthened dozens of times.

At this moment, what makes Ye Feng even more happy is that the golden divine substance contained in the roots of these high-level elixirs allows Ye Feng's immortal body of gods to directly step into the tenth level from the previous seventh stage. The first level of the brand new eighth stage!

This is the true transformation of Ye Fengtian's immortal body.

Ye Feng could feel that his physical strength had been enhanced like never before.

What makes Ye Feng even more excited is that Ye Feng's Immortal Body of God finally broke through a stage again.

This means that Ye Feng will once again awaken a talent associated with the Celestial Clan.

At this moment, when the physical power of Ye Feng's Immortal Body of God entered the first level of the new eighth stage, Ye Feng could feel that his accompanying talent had awakened again.

At this moment, Ye Feng saw a dark void appearing behind him.

When Ye Feng's thoughts moved, Ye Feng's whole body was directly hidden in this dark void.

Ye Feng could feel that after he merged into this dark void, his whole person seemed to have dissipated between heaven and earth. His whole person seemed to have become a part of the dark void. No one could hurt him, because no one could find him. I can't see where my body is.

This discovery made Ye Feng's eyes suddenly reveal a look of surprise.

This is a very powerful talent.

If you encounter an irresistible enemy and merge directly into your own dark void, making yourself a dark void, then no one can attack your own body.

Ye Feng was naturally very happy with this newly awakened Dark Void talent. After all, this ability was really unbelievable.

At this moment, Ye Feng suddenly looked at the ancient dragon not far away and said, "Can you attack me?"

Hearing what Ye Feng said, the Ancient Demonic Dragon's eyes suddenly flashed and he said, "Even if I attack casually, you may be seriously injured."

Ye Feng just smiled confidently and said, "Then try attacking."

When the ancient demon dragon heard Ye Feng's confident answer, he nodded and said with a smile: "Then I'll give it a try."

At this moment, Ye Feng didn't hesitate at all. He stood on the spot and raised his fingers towards the ancient dragon.

Uh-huh!

The ancient dragon stretched out a hand at random, and that hand immediately turned into a red dragon claw, carrying blood-red power, and directly bombarded Ye Feng.

At this moment, Ye Feng felt like his whole body was about to be broken.

This ancient dragon was so powerful that Ye Feng couldn't hold on for a moment.

Moreover, the cultivation level of this ancient dragon was absolutely terrifying to a certain level, otherwise, it would be impossible to possess such a terrifying power.

At this moment, Ye Feng naturally did not hesitate at all, and directly used the companion talent that he awakened after his immortal body entered the eighth stage, the dark void.

Ye Feng let the ancient dragon attack him just to test whether he could use the dark void and make enemies who were much stronger than himself unable to attack him after he merged into the dark void.

At this moment, when Ye Feng merged into the dark void in the same place, the dragon claws of the ancient dragon actually grabbed nothing.

The dragon claws of the ancient dragon could not hurt the dark void at all.

Because the dark void and the deep void of space are fused together, which is equivalent to the void space, and it is impossible to hit anyone even if you want to.

At this moment, the Ancient Demon Dragon suddenly showed a look of surprise in his eyes, and then he said with interest: "Your talent is really amazing, did you just awaken it?"

Obviously, as an old monster that has lived for tens of thousands of years, the Ancient Demon Dragon immediately understood that Ye Feng was using him for experiments.

At this moment, Ye Feng re-condensed his body from the dark void, and said with a smile: "Yes, my newly awakened cultivation talent looks pretty good."

And just as the two were talking, the voice of Hongdie suddenly came from not far away: "Ye Feng, come and see what these are!"

Chapter 5674: The Blood Pool of the Ancient Gods

Hearing the red butterfly's voice at this time, Ye Feng immediately flew quickly in the direction of the red butterfly.

When Ye Feng flew in front of Hongdie, he immediately saw that Hongdie was staring at an area in the deepest part of this swamp.

There were coffins one after another there.

"Um?"

Seeing this scene, Ye Feng's eyes suddenly showed surprise and he said, "Why are there so many coffins under this swamp?"

Hongdie shook her head and said aloud: "I don't know this either. Each of these coffins is only the size of a normal human being. They should not be the coffins of the ancient abyss giants."

Ye Feng nodded and said loudly: "Maybe many creatures of other races were buried here."

At this moment, Hongdie and Ye Feng did not choose to open all the coffins. After all, Ye Feng sensed that there was no energy fluctuation in them, and they might just be ordinary coffins.

At this moment, Hongdie couldn't help but smile helplessly and said aloud: "It seems that apart from those high-level elixirs, there are no other good things in the sixth location."

The young man in a blood-red robe standing aside, this ancient dragon suddenly said: "Since so many high-level elixirs have been bred in this swamp, it must mean that there is a deeper level in the swamp. There must be something extraordinary beneath the ground. Otherwise, it would be impossible to breed so many high-level elixirs, and to allow these high-level elixirs to take root under this swamp without decaying for so many years."

"yes!"

Hearing the words of the ancient demon dragon, Ye Feng's eyes suddenly lit up.

Hongdie also seemed to be awakened. She couldn't help but said expectantly: "Then let's keep digging and see what's underneath."

At this moment, Ye Feng couldn't help but nodded, and he and Hongdie began to dig under the swamp.

After digging for a long time, they finally dug through the entire ground.

At this moment, Ye Feng and Hongdie immediately saw that in the deepest part of this swamp, there was a blood-red pool.

Seeing this bloody pool of water at this moment, Ye Feng and Hongdie were both stunned.

At this moment, the ancient demonic dragon flashed in front of the bloody red water, felt it slightly, and couldn't help but said in surprise: "This is actually the ancient dragon that was hunted by the ancient abyss giants back then. A pool formed by the blood of the gods."

"What?"

Hearing what the ancient demon dragon said, both Ye Feng and Hongdie had a look of astonishment in their eyes.

You know, the Ancient Gods are a very powerful race, and their blood contains a lot of divine substances.

Unexpectedly, there was such a pool of blood at the bottom of the swamp.

At this time, Ye Feng's eyes suddenly lit up. This blood pool contained extremely rich divine substances.

At this moment, Hongdie said aloud: "This kind of thing doesn't have much effect on me."

Ye Feng's face showed a look of joy and he said loudly: "I really need the substances contained in the blood of these ancient gods."

At this moment, Ye Feng directly absorbed these magical substances.

The next moment, Ye Feng could immediately feel that the physical strength of his immortal body continued to increase rapidly.

You know, there is truly a blood pool of divine substance here.

After Ye Feng absorbed it, the physical strength of the first level of the eighth stage was quickly increased to the fifth level.

Ye Feng could feel that his physical strength had been strengthened like never before.

And with the improvement of physical strength in the eighth stage, the blood-related talent of the Celestial Clan that Ye Feng awakened in the eighth stage, Dark Void has become more and more powerful.

At this time, Ye Feng was very satisfied.

Hongdie looked at the map in his hand and said, "It's time for us to go to the last location, the seventh location."

Ye Feng nodded and followed Hongdie out of here.

The ancient demon dragon was also not far behind Ye Feng.

At this moment, the Ancient Demonic Dragon suddenly said: "What did you absorb in those blood pools just now? I feel that your physical strength and your life strength have been greatly improved and enhanced."

Hearing what the ancient demon dragon beside him said, Ye Feng grinned and said loudly: "There is a certain substance contained in that blood pool, which is of great benefit to the improvement of my body's power."

Hearing what Ye Feng said, the ancient demon dragon nodded and didn't ask any more questions.

Because in the eyes of the ancient magic dragon, Ye Feng has become a very mysterious pronoun.

Because even the ancient demon dragon, when faced with Ye Feng's endless methods, felt that Ye Feng was an existence that was unimaginable in the eyes of ordinary people.

Next, Ye Feng and Hongdie did not encounter any dangers along the way, because the deep area under the abyss was already a dead place, so there were no living creatures, except for some corpses that occasionally popped up. It turns into a zombie, but the threat is not great.

At this moment, Ye Feng and Hongdie finally arrived at the last location marked on the map, which was the seventh location.

At this time, Ye Feng saw that a majestic snow mountain appeared in front of him.

The snow-white goose-feather snow fell from the sky, making people feel very cold.

At this time, Hongdie couldn't help but release the divine light of protection to block the cold air around.

Because Hongdie's body strength is not as evil and powerful as Ye Feng, she can only release the divine light of protection to protect her entire body from the invasion of the cold air outside.

Ye Feng didn't need to do anything at this moment, because Ye Feng's physical strength was already very strong, not to mention that he had absorbed the divine substance in the entire blood pool before, which raised Ye Feng's physical strength to the fifth level of the eighth stage of the immortal body of the gods, and it was not far from the great perfection of the tenth stage of the divine body.

So Ye Feng's current body strength is very terrifying, and the whole body is like a furnace burning with a raging fire, emitting a hot breath, so that Ye Feng can't feel the slightest cold when walking in this piece of ice and snow.

The ancient magic dragon naturally did not need to release any defensive power. After all, the ancient magic dragon itself was a very powerful dragon body, and it was also an old monster that had lived for tens of thousands of years.

At this moment, the ancient magic dragon looked at the snow mountain in front of him and couldn't help but said in surprise: "I didn't expect that there was such a majestic snow mountain under the abyss. I didn't encounter such a majestic snow mountain back then. It seems that it was built later. I don't know what such a majestic snow mountain is for."

"Huh?"

At this moment, Ye Feng heard the ancient magic dragon say this, and his eyes flickered slightly.

It seems that this snow mountain is very extraordinary, even the ancient magic dragon has never been here.

Chapter 5675 The truth of that year

At this moment, several people resisted the extreme cold that was enough to freeze people's lives and walked towards this snowy mountain.

When they came to the Snow Mountain, they suddenly saw that the bodies of many strong men had been frozen into ice and buried in this snowy mountain. I don't know how many years.

At this time, when I saw this scene, the eyes of the Red Butterfly showed a surprise, and said, "It seems that this snowy mountain has come here for so many years. Here, the corpse is always frozen in this snowy mountain. "

At this time, Ye Feng squatted down and explored it carefully, and his eyes were bright.

Because he discovered that these cold air in the snowy mountains frozen the corpse after the ice was frozen, which was frozen here. Although it has been in the past many years, it has not been completely decaying like the corpses of those strong people outside. , Lost all life energy.

Although these strong men were frozen to death, their life energy, powerful skills and blood energy energy were frozen in the corpse, and did not disappear completely, but was completely frozen here for so many years.

At this moment, Ye Feng naturally did not hesitate, and began to devour the skills left in these strong people's bodies.

Ye Feng found dozens of strong people in total, and they should be strong in ancient times. They came here one after another and were frozen to death in the snowy mountains.

Ye Feng absorbed the skill and energy hidden in the corpses of these fell strong people. It was immediately felt that a very huge force was directly devoured by himself and absorbed his Dantian.

Ye Feng was immediately able to feel that his cultivation was the skill, and once again, he started to break through quickly.

boom!

Five days of empty spirit!

boom!

The sixth sky of the empty spirit!

Ye Feng absorbed the energy contained in dozens of ancient people after the frozen death of the ancients.

At this moment, Ye Feng is naturally very happy, which is equivalent to picking up.

At this time, Ye Feng had no hesitation, and he walked quickly towards the top of the snow mountain. He wanted to see if there were other corpses of the ancient strong people frozen on the snowy mountains along the way.

However, when Ye Feng was on the top of this snow -capped mountain, no corpses of other strong men were found along the way, which made Ye Feng feel a little disappointed.

At this moment, the Red Butterfly saw something suddenly, and couldn't help but say, "You seem to have an ancient and special temple on the top of the mountain at the top of the mountain."

Hearing that Red Butterfly said so, Ye Feng thought of the old nest of the ancient abyss giant race before, the bodies of many ancient Buddha monks appeared, and the place where the ancient demon dragons were suppressed before. Essence

At this moment Ye Feng's eyes flickered, and when he saw the red butterfly went far, he immediately came to the side of the ancient magic dragon and followed him. Buddhist practitioners, you are slaughtering the entire ancient abyss giant family, so you suppress you? "

Hearing Ye Feng's saying so, the ancient demon dragon's eyes suddenly showed an inexplicable look, and then said, "Who said I slaughtered the entire ancient abyss giant family? It happened to meet a very huge ancient Buddhist practitioner forces, and came here to suppress the entire ancient abyss giant family, and by the way to suppress me. "

"What?"

Hearing the ancient demon dragon, Ye Feng's eyes suddenly revealed a stunned color. It seemed that he had not thought that after so long, Ye Feng knew the truth of the year.

The situation here that year was not to suppress the entire ancient abyss giant family, but this group of ancient Buddhist practitioners who did not know where they did not know where they did not know where they did not know where they came. Mo Long also suppressed here.

At this time, Ye Feng couldn't help but asked, "Where did those ancient Buddhist practitioners come from? Is it the power in the dark world?"

The ancient demon dragon shook his head and said, "I don't know, but those ancient Buddhist monks exist, very terrifying, much stronger than mine. I feel that they should come from outside the territory. The higher practice dimension in the world, that is, the thousands of worlds in the legend, should be a powerful Buddhist power in the world - high practice world of the thousand worlds. However, I don't know that they suddenly came and destroyed the entire ancient abyss giant family. What was the reason, so I want Ye Feng to help me through the ancient formation and enter the ancient abyss giant I said. The core area of the family and the higher -dimensional practice world is to see what there is.

Hearing the ancient Demon Dragon, Ye Feng nodded immediately.

Ye Feng is actually quite interested in the core area of the world of ancient abyss giants and a higher -dimensional practice world.

But now that he knew that this place was destroyed by the ancient Buddhist and Taoist forces from the Great Thousand World, Ye Feng felt a sense of crisis.

However, so many years have passed, and it is estimated that there are no Buddhist and Taoist practitioners from the Great Thousand World here.

While Ye Feng was thinking secretly in his heart, he followed Hongdie to the top of this snowy mountain.

There is indeed a small temple here.

When the two entered, they immediately saw a surprising scene.

I saw that a strange mummy appeared in this small temple.

This mummy is still sitting in this small temple at this moment, and it seems to be a strong man among the ancient Buddhist and Taoist practitioners.

At this moment, Ye Feng looked at Hongdie beside him and said, "Be careful. The ancient abyss giants were destroyed by these Buddhist practitioners from the higher world outside the domain."

Hearing what Ye Feng said, Hongdie's eyes showed a look of surprise, and said, "Ye Feng, how do you know that the ancient abyss giants were destroyed by these Buddhist practitioners?"

When Ye Feng heard Hongdie ask this, he was about to say something.

Buzz!

But suddenly, the ancient Buddha statue in this temple suddenly opened its eyes, and the two eyes radiated golden Buddha light. Suddenly, it stared at the two people who entered the temple and made a sound: "This is a forbidden place of Buddhism and Taoism. Those who trespass will be killed without mercy."

Chapter 5676 Snow Mountain Cage

At this moment, when I saw the corpse of this ancient Buddha monk opened her eyes, Ye Feng's eyes suddenly showed a surprise, and quickly pulled the red butterfly to retreat quickly.

But at this time, this Buddhist monk who had become a corpse suddenly became two golden laser blooming in the eyes, and instantly attacked the direction of Ye Feng and Red Butterfly.

Click!

Red Butterfly even had no time to respond. A arm was directly crushed by golden lasers, so that the Red Butterfly couldn't help screaming.

At this time, Ye Feng also felt that another golden laser had hit his body.

Even if Ye Feng's now God's immortal body has become very strong and has been greatly transformed, but in the face of the golden laser of the ancient Buddhist monk from the high practice dimension, Ye Feng's entire body instantly instantly It was penetrated by holes.

At this moment, Ye Feng had no hesitation, and it was directly released by the immortality of his heavenly immortal body into the eighth stage of the accompanying talent, dark void.

Om!

At this moment, Ye Feng's entire person was directly incorporated into the dark void.

When Ye Feng entered the dark void, Ye Feng also pulled the red butterfly into the dark void.

At this moment, the two golden laser in the eyes of the ancient Buddhist monks that have become dry corpse have become the red butterflies in the dark void after penetrating the dark void. The two were in a breath.

At this moment, the ancient Buddhist monks who turned into a corpse saw Ye Feng and Red Butterflies, and they were hidden in the dark void, as if they entered another dimension.

His attack could not attack the two in the dark world. The monk of this corpse immediately stared at another existence of the present, that is, the ancient magic dragon that transformed into a young man with a blood -red robe.

At this time, the Buddha monks who had become a corpse directly attacked the ancient magic dragon.

Two golden laser instantly attacked the ancient magic dragon.

In the dark void, when the Red Butterfly saw this scene, he couldn't help but say, "Ye Feng, why don't you pull your friends into the dark void? The strength of this ancient Buddha monk is really terrifying We can't stop his attack at all. "

At this moment, Ye Feng stared at the space outside in the dark void, and his eyes were full of expectations.

For Ye Feng, the ancient demon dragon is an old monster who has lived for tens of thousands of years, and his strength is very scary, so maybe the ancient demon dragon can fight this ancient Buddha monk.

And Ye Feng guess is right. When the ancient Buddhist monk who had become a corpse changed the target of attack and attacked the ancient demon dragon, the ancient demon dragon immediately showed a touch of evil charms on his face and said, " At that time, you can be played by the power levels of the ancient Buddhist power of the ancient Buddha.

Boom!

At this moment, the ancient magic dragon directly stretched out one hand, and his hand immediately became a blood -red dragon claw, which was directly fragmented by the two golden laser bangs. "

"What? So powerful?"

At this moment, when I saw this scene, the red butterfly who was pulled into the dark void by Ye Feng was shocked in the eyes.

Because the ancient Buddha monk who had become a corpse just now became the attack of the ancient Buddha monks, the Red Butterfly had experienced it.

Whether it is the big man in charge of this auction, or Ye Feng has a powerful constitution, he cannot resist under those two golden laser, and can only be forced to hide into the dark void.

But I did not expect that Ye Feng's friend, a young man wearing a blood -red robe, had such a powerful strength.

At this moment, the red butterfly stared at the blood -red dragon claws turned into the young man of the blood -red robe, and suddenly a surprised look in his eyes, saying, "Why do I think this dragon claw A little familiar? "

Hearing the red butterfly beside him, Ye Feng showed a mysterious smile on his face, and he didn't say much.

If you tell the red butterfly this blood -red robe youth man, it is the ancient magic dragon that had been unintentionally released before. It is estimated that the Red Butterfly would jump directly.

At this moment, the two hid in the dark void and looked at everything outside the field.

At this time, the ancient demon dragon had attacked the ancient Buddha monk who became a corpse.

At this moment, the huge dragon claws of the ancient magic dragon have terrifying pressure and indestructible power, which directly bombarded the top of the ancient Buddhist monk that has become a corpse.

Boom!

Along with a huge roar, the attack on the ancient demon dragon suddenly shot the head of the corpse Buddha monk into his belly and completely killed it.

The small temples around the entire surrounding collapse also collapsed.

At this moment, Ye Feng and Red Butterfly finally relieved, and re -came from the dark void to the outside space.

At this time, the ancient magic dragon stared at Ye Feng and said, "Are you just using me to deal with this ancient Buddha monk who turned into a corpse?"

Hearing the ancient dragon's tone of displeasure, Ye Feng smiled slightly and said, "You are so powerful that this ancient Buddhist monk is no threat to you."

Hearing what Ye Feng said, the ancient dragon's eyes flickered, and then he said, "I don't like the feeling of being used by others."

At this moment, while the two were talking, Hongdie, who was standing aside, couldn't help but look at the ground and said, "Look, you two, after this small temple collapsed, there seems to be an underground cage inside."

Hearing what Hongdie said at this moment, both Ye Feng and the ancient dragon couldn't help but look at the bottom of this temple, and immediately found that there was an extremely huge underground cage under this small temple.

The area of the entire cage is the area of the entire snow mountain.

Obviously, this towering snow mountain is a huge cage, and it is unknown who is trapped inside.

At this time, even the ancient demon dragon showed a look of surprise in his eyes. Obviously, he didn't know that this snow mountain was actually a huge cage of the ancient abyss giant clan.

At this time, Ye Feng said: "The people trapped in it are likely to be strong people of the ancient abyss giant clan. In the past, the Buddhist and Taoist forces from the high-level cultivation world outside the domain came here and wiped out the entire ancient abyss giant clan. This small temple should be specially built in this snow mountain to suppress the existence in the cage in the snow mountain."

Hongdie said in surprise: "Then this temple collapsed. Does it mean that the existence imprisoned in the cage in the snow mountain can now escape?"

Boom!

And sure enough, almost at the moment when Hongdie's voice fell, the huge snow mountain was originally calm, but at this moment, it suddenly shook rapidly, as if some terrible existence wanted to escape from the snow mountain. The whole snow mountain began to collapse inch by inch...

Ancient God

Chapter 5677 Very tactful

Boom!

At this time, the snow-capped mountains began to collapse, and Ye Feng, Hongdie and the ancient magic dragon quickly flew to high altitudes.

When the entire snow mountain completely collapses, it means that the cage in the snow mountain is also completely broken.

At this moment, several people suddenly saw a huge abyss giant crawling out of the snow mountain.

This abyss giant is different from the giant that Ye Feng encountered before that had turned into a zombie.

The giant zombie that Ye Feng subdued before was a relatively small giant.

However, the size of this abyss giant is more than ten times the size of the giant zombie that Ye Feng conquered before, and it is tens of thousands of meters long. It is really a visual shock to people.

And this abyss giant is not completely dead.

At this moment, Hongdie was about to say something, but the ancient magic dragon beside Ye Feng and Hongdie had a look of surprise in his eyes, and he quickly flew down and came to this abyss that was not completely dead yet. In front of the giant, he said loudly: "Giant King, I didn't expect that you haven't died completely after all these years, and you haven't been killed by those old bald donkeys."

Hearing what the ancient demon dragon said, Ye Feng's eyes suddenly flashed.

It seems that the ancient demon dragon knows this abyss giant trapped in the prison of the snow mountain.

Sure enough, the abyss giant saw the ancient demon dragon coming in front of him and spoke to him. The abyss giant nodded immediately, with an extremely terrifying murderous look in his eyes, and said loudly: "Those Buddhists and Taoists from all over the world Practitioners are really unreasonable. We, the abyss giant family, are sorry for him. We have worked hard for so many years, and yet because of one mistake, we are about to wipe out our entire family of abyss giants. It is really hateful. Maybe in the eyes of their group of high-altitude cultivators in the high-latitude world, in a low-latitude world like ours The creatures are just a bunch of ants that can be dealt with casually."

Hearing what the Abyss Giant said, the Ancient Demonic Dragon smiled and said, "Now that you are out of trouble, you can go to the world to seek revenge."

Hearing what the ancient demon dragon said, the abyss giant immediately shook his head and said: "Their power is too huge. If I rely on myself, it will be of no use at all, but I will not give up. I will Entering the world and practicing hard, I will definitely pay a huge price to these old bald donkeys in the future."

At this moment, the Abyss Giant glanced at Ye Feng and Hongdie not far away, knowing that these two people were treasure hunters, and prepared to kill them because they were searching for the wealth of their Abyss Giant clan.

But the ancient demon dragon stopped in front of the abyss giant and said loudly: "They are my friends, don't take action against them, and they have not done anything bad to you abyss giant family. After all, you abyss The giant clan has been completely destroyed, so it's normal for someone to come looking for treasure."

At this time, the reason why the ancient magic dragon wanted to save Ye Feng and Hongdie was naturally because of Ye Feng's face.

After all, the ancient magic dragon still needs Ye Feng's help to shuttle through an ancient formation.

At this moment, when the abyss giant heard what the ancient demon dragon said, he had no choice but to stop.

After all, he and the ancient demon dragon knew each other back then, and they were people of the same era, and the strength of the ancient demon dragon was almost the same as that of the abyss giant. Even if the abyss giant wanted to kill Ye Feng and Hongdie by force, if the ancient demon dragon Even if the dragon blocks him, he won't be able to succeed.

So at this time, the abyss giant could only nodded, and then left the place directly.

The ancient demon dragon said loudly: "Where are you going?"

The abyss giant said: "The vast world."

After the words fell, the abyss giant had disappeared from the sight of several people.

At this moment, Ye Feng flew to the collapsed snow mountain and took the golden relics that fell from the body of the ancient Buddhist monk who was killed by the ancient dragon before.

At this time, Ye Feng simply swallowed the golden relic.

A huge amount of energy was immediately injected into Ye Feng's body.

You must know that although this ancient Buddhist monk who has turned into a mummy seems to be vulnerable to the ancient demon dragon, the strength of this ancient Buddhist monk who has turned into a corpse was still very terrifying back then.

At this moment, after Ye Feng devoured the golden relics of the ancient Buddhist monk, his cultivation level immediately made a breakthrough, directly from the previous sixth level of the ethereal realm to the seventh level of the ethereal realm.

Ye Feng couldn't help but sigh in his eyes.

A small relic can actually make his cultivation reach the first level of heaven. It can be seen that this ancient Buddhist monk must have been a very powerful existence back then. Even if he has been dead for tens of thousands of years, the relics left behind are still the same. Contains such huge energy.

At this moment, Ye Feng did not hesitate at all. He immediately looked at Hongdie beside him and said loudly: "Director Hongdie, basically all the seven locations on the map in your hand have been explored."

Hongdie nodded and said, "We can leave here directly. I know other passages that can safely leave this abyss."

Ye Feng shook his head and said aloud: "I can't leave here with you for the time being."

After saying that, Ye Feng glanced at the ancient dragon not far away.

Hongdie's eyes at this moment also followed Ye Feng's eyes and looked at the young man in the blood-red robe that the ancient dragon had transformed into.

She seemed to understand something, and nodded immediately, saying, "Okay, then I'll go back to the auction first, and I'll wait for you at the auction. I'll give you your reward in person when you come back."

At this moment, Hongdie also understood that both Ye Feng and the young man in the blood-red robe were very mysterious.

Especially the conversation between the ancient dragon and the abyss giant, which made Hongdie suddenly have a bold guess, that is, the young man in the blood-red robe was the very terrifying ancient dragon before.

Although Hongdie didn't understand why Ye Feng could be connected with such an old monster tens of thousands of years ago, Hongdie knew that Ye Feng's identity, including Ye Feng's methods, were very mysterious.

It was very normal for Ye Feng to do some earth-shaking feats.

At this moment, Hongdie looked at Ye Feng deeply, and then left the scene directly without asking any more questions.

Because Hongdie was very tactful.

At this moment, Ye Feng looked at the young man in a blood-red robe not far away, and said: "Senior Ancient Demon Dragon, my friend has left here. Now we can go directly to the core area that connects the ancient abyss giant clan and the higher-dimensional cultivation world, the Great Thousand World. I wonder what you are looking for in that core area? After all, the entire nest of the ancient abyss giant clan has been destroyed, and it is estimated that the core area that connects with the Great Thousand World is also fragmented."

Ancient God

Chapter 5678 Supervisor

When I heard Ye Feng asked this way, the ancient demon dragon immediately smiled and said, "I want to find a very special thing, even if it is fragmented there, there is no problem, because the special thing will not be the things that will not be. Destroyed and disappeared. "

At this moment, when I heard the ancient Demon Dragon, Ye Feng didn't ask much about it. After all, this is the secret of the other party. As long as he can help this ancient Demon Dragon through an ancient formation, the other party will give himself rich and generous. It's enough to pay.

At this moment, Ye Feng nodded, and flew quickly with the ancient demon dragon towards the deepest part of the abyss.

At this time, Ye Feng seemed to think of something, and suddenly asked: "The abyss giant who returned to the distress just now will enter the thousands of worlds through that

core place? After all What you say, the reason why the entire abyss giant can be connected with the mysterious Buddhist practice forces in the thousands of worlds, through that core area. "

Hearing Ye Feng said so, the ancient demon dragon shook his head, and said, "In that core area, there may be the means left by the Buddhist and Taoist forces from the Daqian World, so the abyss giant just now cannot. To the core area, he did not have that courage, and that ancient formation requires the nine elders of the abyss giant family that year to open, even if the giant emperor cannot be opened by his own strength, so he will not know Go to that core area alone.

At this moment, when I heard the ancient magic dragon said so, Ye Feng's eyes suddenly stunned and said, "What we said in the past is not very dangerous in the past."

The ancient magic dragon grinned and said, "It's okay, as long as there is no real world in the core area, I can make you be safe in any danger."

Ye Feng knew that the strength of the ancient magic dragon was very powerful. At this time, he could only nod, and he didn't ask much.

Ye Feng was ready to pass the ancient demon dragon through the formation method, sent it into the core area, and got his own remuneration, and then opened it.

At this moment, the ancient demon dragon seemed to think of something. Suddenly he glanced at Ye Feng and said with a smile: "The abyss giant was the giant emperor of the abyss giant. The breath of bone, otherwise, he will definitely kill you desperately, because in the ancestral training of the Giant of the ancient abyss, the inheritance of their giants, if it is merged by a foreigner, the abyss giants will have the responsibility to be responsible for the family will be responsible for the responsibility Foreign chase to death".

Hearing the ancient Demon Dragon's words, Ye Feng showed a stunning color in his eyes, but he didn't say much. After all, the giant inherited the bone is too important to Ye Feng. Ye Feng could get the giant's giant's Power, even if it is risky, is naturally unwilling to give up.

At this moment, Ye Feng followed the ancient magic dragon and flew quickly towards the deepest direction of the abyss.

For Ye Feng, as long as he helps the ancient magic dragon into that core area, he gets his due compensation and leaves this dangerous place.

After all, among this abyss, who knows that there is something very terrible. If you encounter a very terrible crisis, you may fall at any time.

When Ye Feng was secretly thinking, Ye Feng followed this ancient magic dragon and had already come to the deepest part of the abyss.

At this time, Ye Feng immediately saw it. The deepest part of the abyss was the place where it looked very niocated.

There are crushed earths everywhere, and the stars falling are floating at high altitudes, as if they came to the edge of the universe.

At this moment, Ye Feng seemed to want to understand something, and said, "The deepest place in the deepest abyss of the abyss, and the world's high -level practice dimension, should be the same place, the same as the dark battlefield."

When he heard Ye Feng said, the ancient Demon Dragon made a praise from Ye Feng, and said, "You guessed it, the core area of this old abyss giant nest, indeed the world is indeed a great world. Small junction points, so the Buddhist practice forces in the big world of the past year can contact the abyss giant family and let the abyss giant clan to kill them in this low world and complete some special tasks. "

Ye Feng couldn't help asking curiously: "Since the Buddhist practice forces in the world of thousands of worlds are very huge, it shows that there are many strong men. Do they do things for them? "Can they do it themselves?"

The ancient demon dragon immediately shook his head and said, "You are young, you don't understand. Although the world is a high -practice world, there is a secret law in the universe. You cannot do things in the major dimensions of major low -level dimensions. If you are found, there are serious consequences, because there are a group of very mysterious regulators in the entire universe of the heavens. The strong ones, randomly disrupt the entire low -waiting world, these mysterious regulators will appear to catch all of the strong people in the high world who violate the rules and even kill them on the spot.

"Huh? Universe supervisor?"

Hearing what the ancient magic dragon said, Ye Feng's eyes suddenly showed a look of realization.

It seems that everything in the world has its own rules.

Very powerful beings, or those strong people from higher cultivation dimensions, cannot casually cause chaos in the lower world.

At this moment, Ye Feng did not ask any more questions, but looked at the core area in front of him and said, "How to enter it?"

The ancient magic dragon said, "It's just what I told you before. If you want to enter this core area, you must pass through a very terrifying ancient formation. In my peak period, I didn't dare to easily step into the coverage of this formation, otherwise, I would be instantly wiped out by this ancient and terrifying formation."

"Huh?"

Hearing what the ancient magic dragon said, Ye Feng couldn't help showing a look of surprise in his eyes, as if he didn't expect this ancient formation to be so terrifying.

After all, the ancient magic dragon Ye Feng knew very well that he was an extremely powerful ancient figure.

Such a powerful existence could be wiped out instantly by that ancient formation, which is enough to show how terrifying that formation is.

At this moment, Ye Feng couldn't help but ask: "Senior Ancient Demon Dragon, what kind of ancient formation is guarding this core area? After hearing what you said, even if I have the innate ability to see through the veins of the formation, I feel a little unconfident."

Chapter 5679 Two Days and Two Nights

Hearing what Ye Feng said at this moment, the ancient magic dragon suddenly showed a smile in his eyes and said: "Don't worry, as long as you can help me pass through that formation, that formation will be fine It's called the Great Formation of All Heavens and Stars. It was set up by the greatest formation master of the Abyss Giant Clan back then, so it's very difficult to pass through. Even with my peak combat power, I couldn't pass through this formation. That's why I'm very Pay attention to your ability to pass directly through the formation."

Hearing what the ancient demon dragon said, Ye Feng nodded and said, "Then let's give it a try."

Ye Feng has now agreed to help the ancient dragon enter the core area, so naturally he wants to give it a try.

At this moment, the ancient demon dragon nodded, and directly caught Ye Feng in his hand. Then the ancient demon dragon flashed in an instant, and directly took Ye Feng to fly quickly towards the edge of the world not far away. go.

When they came to the edge of this area, Ye Feng immediately saw a formation composed entirely of countless stars in the empty space in the distance.

This formation is very grand, consisting of thousands of stars.

Every star is spinning rapidly.

Seeing this magnificent formation, Ye Feng immediately understood why the ancient dragon, so powerful at its peak, could not pass through this formation.

Because this formation is too grand and vast.

At this moment, Ye Feng couldn't help but said: "If we follow the normal method to pass through this formation, I am afraid that even the most powerful formation master in the world will not be able to do it in a short time. No wonder even the ancient demon Senior Long, there is no way you can pass through this formation at your peak."

When the ancient demon dragon heard what Ye Feng said, he immediately nodded and said: "Yes, this formation is so grand. It's so grand that even a powerful being like me can create a grand formation of stars here." Everything in front of me has become so small."

At this moment, after the ancient demon dragon finished speaking, he stared at Ye Feng beside him and couldn't help but said: "Can you pass through this formation?"

At this time, the Ancient Demonic Dragon still had a somewhat uneasy look on his face.

Although he had seen Ye Feng being able to shuttle through formations at will before, the formations that Ye Feng shuttled through were basically small formations.

But this formation is the legendary formation of stars in the sky, and it is an extremely terrifying formation in all the worlds. I wonder if Ye Feng has the ability to pass through this huge formation, and whether he can see through this formation. The running context of the entire formation.

At this moment, Ye Feng didn't say anything, but directly turned the eye of the world. Without any hesitation, he immediately began to quickly observe all the movements of the entire war of stars in the sky.

At this moment, Ye Feng suddenly said: "This formation is indeed more terrifying than imagined."

Hearing what Ye Feng said, the ancient demon dragon standing aside suddenly showed a rather ugly look in his eyes. He thought that Ye Feng had no way to pass through this terrifying formation, so he couldn't help but said: "Ye Feng, don't you have the ability to pass through this formation? It seems that I can't pass through this formation of stars in the sky, hey!"

Hearing what the ancient magic dragon said, Ye Feng showed a slight smile in his eyes and said loudly: "Who said I can't pass through this formation? I just said that this formation is indeed better than mine." All formations encountered before were terrifying and powerful. Big, but as long as you give me a certain amount of time, I will be able to

see through all the operating context of the entire formation. At that time, I will be able to take you, senior ancient demon dragon, safely through this so-called great formation of stars in the sky, but I need a little longer."

Hearing what Ye Feng said, the ancient demon dragon's originally disappointed look suddenly became quite excited, and he said loudly: "Are you sure you're not lying to me?"

Ye Feng spread his hands and said: "It's already this time, why should I lie to you? I don't have any benefits. I can only get your rewards and benefits by taking you safely through this formation. "

Hearing what Ye Feng said, the ancient magic dragon was naturally very happy.

Even this old monster who has lived for tens of thousands of years, this extremely ferocious ancient dragon, couldn't help but excitedly patted Ye Feng's shoulder at this moment and said loudly: "Young man, don't worry. As long as you can take me safely through this great formation of stars in the sky and bring me into the core area guarded by this great formation of stars in the heavens, I will definitely give you unimaginable rewards. When the time comes, you need just say anything, as long as I can do it, I will definitely help you."

Hearing the assurance from the ancient magic dragon, Ye Feng immediately nodded and said, "Don't worry, give me two days and two nights, I should be able to calculate all the movement trajectories of the entire formation."

Uh-huh!

At this moment, after Ye Feng finished speaking, he flew directly into the air, running the Eye of Heaven and Earth with all his strength, looking towards the star formation in the sky composed of thousands of stars, and began to analyze the entire formation. Run the veins.

It has to be said that this array of stars in the sky is indeed very terrifying. Even an old monster like the ancient dragon that was tens of thousands of years ago cannot easily set foot in it.

Because even Ye Feng, who had an extremely powerful eye of heaven and earth, had to spend several days to decipher the operation of the entire formation when he encountered this great formation of stars in the heavens.

If it was an ordinary formation, Ye Feng would be able to see through the operation of the entire formation in an instant and shuttle through it safely.

But for this great formation of stars in the heavens, Ye Feng could not pass through it in an instant for the time being, and could only analyze it slowly.

Because the trajectory of all the stars connected together was too complicated and there was no regularity at all, Ye Feng could only analyze it slowly.

At this moment, the ancient demon dragon saw that Ye Feng had entered the state of seriously analyzing the formation, and naturally did not dare to say anything, but stood by, looking at Ye Feng with expectation and worry, fearing that Ye Feng could not analyze this great formation of stars in the heavens, then he would not be able to enter the core area and find the special thing he needed.

At this moment, the ancient demon dragon could only place all his hopes on Ye Feng, quietly guarding Ye Feng by his side, hoping that Ye Feng could find a safe trajectory as soon as possible, allowing them to safely pass through this huge and complex array of stars in the sky.

Chapter 5680 Goodbye to the World

At this time, in order to analyze this formation, Ye Feng was almost concentrating on watching the operation of the entire formation of stars.

Because Ye Feng knew very well that as long as he could take this ancient magic dragon through this formation and reach the core area guarded by this formation, then Ye Feng would be able to get a very generous reward.

Ye Feng knew very well that this ancient magic dragon was an old monster from tens of thousands of years ago, so if he could really complete the task, the other party would definitely not be stingy with him.

This ancient magic dragon must have a huge amount of wealth. Ye Feng just asked for some rewards. For Ye Feng, who is currently in the realm of cultivation, it is a great opportunity.

While Ye Feng was thinking secretly in his heart, Ye Feng had successfully analyzed the operation of the formation of the entire formation of stars through his talent of the Eye of Heaven and Earth.

At this moment, Ye Feng immediately looked at the ancient magic dragon beside him and said, "Senior Ancient Magic Dragon, I have now completely deduced all the operation patterns of this great array of stars."

Hearing what Ye Feng said, the ancient magic dragon who had been standing by and paying attention to Ye Feng suddenly brightened up.

Even this old monster who had lived for tens of thousands of years felt deeply excited when he was about to approach his destination, and couldn't help but said, "It's only been

a short day, and you have already deduced all the patterns of this array? Didn't you say it would take at least two days and two nights?"

Ye Feng smiled and said, "I just estimated that it would take two days and two nights before, but now it seems that one day is enough."

After that, Ye Feng said directly, "We can directly enter this great array of stars."

Hearing what Ye Feng said, the ancient magic dragon hesitated for a moment.

Seeing that the ancient dragon seemed to be hesitant, Ye Feng asked curiously: "Senior Ancient Dragon, what's wrong with you? Why did you hesitate suddenly?"

The ancient dragon stared at Ye Feng and said seriously and solemnly: "This great array of stars is not like other ordinary arrays. It is very scary. If you deduce it wrong, we will be attacked by this great array of stars. It is very likely that both of us will die instantly. Do you need more time to continue deducing? Anyway, I am already here. I am not in a hurry."

Hearing what the ancient dragon said, Ye Feng grinned and said: "Don't worry, my eye talent allows me to clearly see through the operation of the entire array, and I have deduced it successfully, so as long as you follow my steps, there should be no problem. You know, I don't want to die, so don't worry, let me take you there."

At this moment, after Ye Feng finished speaking, he no longer hesitated and walked quickly towards the great array of stars in front of him.

At this time, seeing Ye Feng flying forward, the ancient magic dragon had to take a deep breath and followed Ye Feng into the formation.

At this moment, the two of them shuttled through the formation.

Ye Feng could see that there were thousands of stars around him, each of which was as huge as a planet, full of extreme oppression.

However, Ye Feng had thoroughly analyzed this formation, so Ye Feng's exploration in this formation would not cause any attack at all.

Seeing this scene, the ancient magic dragon following behind Ye Feng was finally completely relieved.

At this time, the ancient magic dragon stared at Ye Feng. Even this old monster who had lived for tens of thousands of years couldn't help but show a look of amazement in his eyes at this moment, and said aloud: "Ye Feng, you are the most powerful young man I have ever seen. Even in the golden age of cultivation tens of thousands of years ago, there has never been a young man like you who has so many means against the sky."

Now in the eyes of the ancient magic dragon, Ye Feng has long become a synonym for mysterious and powerful.

And he thinks that the future potential of this young man Ye Feng is simply terrifying to the extreme.

If Ye Feng is given enough time to grow and does not die in the middle, Ye Feng will definitely become a great figure comparable to the ancient magic dragon in the future.

At this moment, Ye Feng heard the praise of the ancient magic dragon, but just smiled and did not say much.

Because Ye Feng has received too many praises along the way, Ye Feng has long been accustomed to it.

For the next half an hour, Ye Feng took the ancient magic dragon to walk in the entire star formation.

During the whole process, it was Ye Feng, a young man with weak cultivation, who looked relaxed.

The ancient magic dragon behind Ye Feng, this extremely powerful old monster, was a little frightened.

Because he was really afraid that Ye Feng would make a mistake in deduction and accidentally trigger the power of the entire star formation, and then they would not be able to escape at all.

Fortunately, Ye Feng was still very powerful. In the end, he successfully led the ancient magic dragon through the entire star formation and successfully came to the other side.

At this moment, Ye Feng looked at the space behind the formation, and a look of surprise suddenly appeared in his eyes.

Because Ye Feng saw that the core area guarded by this great formation of stars in the sky was not as magnificent as imagined, but a very small space.

In this space, there are some ancient buildings floating in the void, surrounded by fog. The specific scene cannot be seen clearly, but it makes people feel mysterious.

Ye Feng couldn't help but asked: "Senior Ancient Demonic Dragon, is the special thing you are looking for among these buildings?"

The ancient magic dragon nodded, and then said aloud: "It's very dangerous here. Even I may not have the energy to protect you, so our deal ends here. This is what we said

before. What do you want now?" You can propose any reward at any time, as long as I can satisfy you, I can satisfy you."

Hearing what the ancient demon dragon said, Ye Feng nodded and said: "These buildings seem to be full of dangers, so I won't go in and explore with you, senior ancient demon dragon. I'm right here." I'm waiting for you to come back, Senior Ancient Demonic Dragon. After you come back, I will take you through the array of stars in the sky and back to the abyss."

When the ancient demon dragon heard what Ye Feng said, he suddenly shook his head and smiled, and said loudly: "No, after I give you the reward, you can leave here directly now, because I will not come back, wait until I find you With that special thing, I can go directly to the great world in this core area that interfaces with the greater world. "

"Um?"

Hearing what the ancient demon dragon said, Ye Feng's eyes suddenly showed a look of surprise. He didn't expect that the ancient demon dragon also wanted to go to the world.

At this moment, Ye Feng nodded and said aloud: "The reward I want is nothing more than something that can directly improve my cultivation skills."

The ancient magic dragon thought for a while, and suddenly took off the storage ring from his finger, put it directly in Ye Feng's hand, and said loudly: "This storage ring contains all kinds of things that I have collected over the years. All these things will be given to you as a reward. As long as I successfully find the special thing I need in this core area, I can go directly to the Great Thousand Worlds. In this higher-dimensional world of cultivation, the wealth in my storage ring does not mean much to me, because everything in the higher-dimensional world of cultivation is greater than the wealth in the lower-dimensional world. It's very high-end and precious. Of course, the things in my storage ring are completely sufficient for your current level of cultivation. By fate, we'll meet again in the world."

At this moment, after the ancient demon dragon finished speaking, he turned around and left.

Ye Feng looked at the other person's leaving figure and looked at the ancient magic dragon's storage ring in his hand, which was extremely simple, and his eyes suddenly revealed a look of deep surprise.

Ye Feng never thought that the ancient magic dragon would give his storage ring, which was equivalent to all his wealth, to him.

But maybe for the ancient demon dragon, as long as he can enter the world, the wealth he collected in this lower dimensional world is nothing.

But for Ye Feng, who is not yet powerful at the moment, a storage ring from an old monster like an ancient dragon is definitely a huge fortune.

At this moment, Ye Feng took the storage ring given to him by the ancient demon dragon and directly re-entered the formation of stars in the sky, preparing to return to the abyss and leave this ancient place.

Chapter 5681: Strange Palace

At this moment Ye Feng does not want to stay here, because according to the core area of the ancient Demon Dragon, there is a huge risk in this core area. Dare not dare to run into this core area.

At this time, Ye Feng was directly holding the storage ring given to himself with the ancient Demon Dragon, and re-entered the stars and stars.

Ye Feng has now completely analyzed this big star in the stars, so Ye Feng naturally can easily shuttle in the stars and stars, and return to the abyss of Wanzhang.

Ye Feng is ready to return to the ground directly.

However, when Ye Feng had just left the stars of the Tiantian Tian, he came to the abyss of Wanzhang.

Boom! Intersection

Suddenly, a terrible space fluctuated not far from a certain direction.

The next moment, a huge palm is like a giant's palm, and it is just like a mountain, grabbing Ye Feng, to grab Ye Feng's whole person and completely wipe it.

"What?"

At this moment, when I saw this huge palm, Ye Feng seemed to think of something, and immediately said in shock: "It is the ancient abyss giant who was released before, and the giant emperor of the giant family! "

At this moment, Ye Feng retreats quickly, and even runs the talent of dark void, so he escaped the attack of this big hand.

At this moment, the direction of not far away is just a huge abyss giant who came over. It has tens of thousands of meters of majesty. I do n't know how many times the size of the giant zombie that the giant zombies before Ye Feng. Just like Taiku Mountain, it gives people a very terrifying sense of oppression.

At this time, Ye Feng looked at this huge ancient giant, and suddenly it showed a deep anger in his eyes. He said, "You are the giant emperor of the abyss giant family before, why should you sneak attack?"

Hearing Ye Feng said so, the abyss giant immediately showed a ridicule with a ridicule on his face, saying, "You are a little ant, what qualifications to ask me? You have the terrorist array that can be freely shuttled through this terrorist array. The ability of Fa, I want to kill you and graft your talent to me. In this case, I will become stronger. "

At this moment, when I heard this abyss giant say this, Ye Feng's eyes suddenly showed a anger, and said, "I did not expect you to be such a person who had no faith. Before, the predecessors of the ancient Demon Dragon had let the predecessors of the ancient Dragon Dragon have let the predecessors have let the ancient demon dragon have let the predecessors have let the ancient demon dragons have let the predecessors have let the ancient Dragon Dragon have let the predecessors have let the ancient Dragon Dragon have let the predecessors have asked Don't target us anymore, but I didn't expect you to follow us in secret, watching me all the time, and the plot is not track. "

Hearing Ye Feng said so, the abyss giant immediately smiled coldly and said, "The guy who has the ancient magic dragon protects you, I naturally can't shoot you, but now he has completely entered the core area. There are countless buildings in the core area. He may have been lost in it now. There is no way to come out to help you again. Now you will die. Your talent is too old. It should belong to me. You have a waste of this kind of talent on the body.

At this moment, after the phonetic of this abyss giant fell, he continued to attack Yefeng. The horrible power and suffocating pressure allowed Ye Feng to retreat quickly. Continuously avoid.

But Ye Feng knew that it was not a way.

Ye Feng immediately returned to the heavenly stars and stars, and he could only temporarily stay in this ancient formation. In this case, the abyss giant could not catch himself.

At this moment, when I saw Ye Feng hid in the stars of the celestial stars, the eyes of the abyss giant were full of envy and jealousy. The ability to travel array is really incredible, but your talent ability will sooner or later belong to me. "

Hearing the abyss giant said so, Ye Feng smiled coldly and said, "If you have a kind of, you enter the formation method and continue chase me."

Naturally, the abyss giant dare not bear the power of the stars and stars, and can only stay outside.

But at this time, the abyss giant stared at Ye Feng in the formation, sneered and said, "You can still stay inside for a lifetime? I just stay here and wait for the rabbit. I caught it, kill you directly, plunder your incredible talent. "

At this time, when he heard the abyss giant saying this, Ye Feng frowned suddenly.

If this abyss giant is guarding the outside of this star, then he can't escape.

At this point, Ye Feng's eyes suddenly showed a hint of ugly.

Ye Feng did not expect that the giant emperor of the abyss giant family had such a chicken thief who had been secretly staring at the actions of herself and the ancient magic dragon.

After the ancient demon dragon left, he shot directly, trying to kill himself, plundering his talent ability.

At this time, Ye Feng did not hesitate to hesitate, and it was directly flying towards the core area of the previous core, that is, the other side of the stars and stars.

When Ye Feng returned to the core area, looking at the densely packed buildings floating in the void, Ye Feng prepared to look for the ancient magic dragon and let the ancient magic dragon help him fight against the abyss giant who did not keep his promise.

Swish!

At this moment, Ye Feng flew into the building complex in this core area.

When Ye Feng just walked into the first building, he immediately saw a golden Buddha covered in blood. He looked extremely ferocious and weird. His body was covered with dense blood-colored palms. As soon as he saw Ye Feng, he released a ferocious and monstrous breath, which almost shattered Ye Feng in an instant.

Ye Feng was shocked and quickly retreated and left this weird palace.

When Ye Feng entered the second palace, he immediately saw a weird creature with seven heads in this palace. His body was pitch black, and his eyes were emitting a faint green light. The breath he exuded was still suffocating and terrifying.

Ye Feng saw that there was such a strange creature in every palace in the core area, and it was extremely terrifying. Ye Feng naturally did not dare to continue exploring and quickly retreated.

At this moment, Ye Feng returned to the Great Array of Stars and Heavens, and there was no hope for him to find the Ancient Demon Dragon for help.

At this time, Ye Feng thought for a moment, and suddenly felt that the strength of this abyss giant was much worse than that of the Ancient Demon Dragon. Perhaps as long as he could continue to improve his strength, he could fight against this abyss giant.

At this moment, Ye Feng no longer hesitated, and found a secret place in the Great Array of Stars and Heavens, and directly took out the storage ring given to him by the Ancient Demon Dragon, ready to see how many cultivation resources the Ancient Demon Dragon left for him, and see if it could help him grow to be able to fight against the Abyss Giant waiting outside.
