

# Ancient God

## Chapter 5711 Losing patience

Boom! !

At this time, Ye Feng frantically refined the blood-colored light ball condensed by the core energy of the entire formation.

At this moment, Ye Feng had completely swallowed this blood-colored light ball into his stomach, using his body as a furnace, and then using his devouring ability and ability to accommodate thousands of attributes in the world to go crazy Refining the energy light ball at the core of this formation.

At this moment, Ye Feng could feel a huge stream of energy being digested by himself and quickly rushing towards every part of his body.

Even though Ye Feng's body power is now very terrifying, the core energy of the formation carrying the ancient demon god Blood River Formation also felt a feeling that he was about to explode and die.

But at this time, Ye Feng gritted his teeth and endured this pain, as if he wanted to tear the whole body apart.

In the end, Ye Feng couldn't help but roaring wildly, as if he was crazy.

"Um?"

Seeing this scene, Murong Nan and a group of masters not far away, including the demon dragon, couldn't help but show deep worry in their eyes, fearing that Ye Feng would suddenly explode and die at this time, or I couldn't bear the pain and fell out of my mind and went crazy.

In addition, everyone was deeply shocked by Ye Feng's patience and madness.

Because this behavior is really too risky.

At this moment, when everyone saw Ye Feng roaring in pain, he knew that this had exceeded the threshold for Ye Feng to bear the pain. Otherwise, Ye Feng would not have been so ferocious, and even roared.

At this time, the Blood Demon Ancestor who was attacking everyone showed a deep and cruel smile on his face and said, "This kid is about to explode and die. It is impossible for him to do so. Refine the core energy light ball of the entire formation. "

However, just as the Blood Demon Ancestor finished speaking, Ye Feng suddenly stopped roaring not far away.

The next moment, Ye Feng's entire cultivation momentum was skyrocketing wildly.

"What?"

Sensing the aura that surged in Ye Feng's body, the Blood Demon Ancestor suddenly showed a deep look of astonishment in his eyes.

Because he never expected that Ye Feng would actually refine the core energy light ball of this formation.

Because if Ye Feng had not refined the core energy light ball of this formation, the cultivation aura on Ye Feng's body would not have suddenly begun to surge wildly.

So at this moment, the Blood Demon Ancestor could not believe his eyes.

In addition, there is another thing that can be sure that Ye Feng has really completely refined the core energy of this formation. The Blood Demon Ancestor suddenly felt that his source of power disappeared.

After all, the body of the Blood Demon Ancestor has not been completely formed and has remained in a vague state now.

"impossible!"

The Blood Demon Ancestor can be said to be stunned at this moment.

At this time, Ye Feng had indeed successfully refined and fused the core energy light ball of the entire formation into his body.

Ye Feng could immediately feel that his cultivation power was growing and breaking through at an incredible speed.

Ye Feng had just broken through the new level of cultivation, the first level of the Sky-Sky Realm, immediately broke through quickly and continuously.

boom!

The second level of the sky shining realm!

boom!

The third level of the sky shining realm!

boom!

The fourth level of the sky shining realm! !

At this moment, Ye Feng's cultivation level directly broke through the third level of heaven in a row.

But, that's far more!

The core energy of the formation has not been completely digested, and there is still a surging energy rushing around Ye Feng's whole body, continuing to strengthen Ye Feng's cultivation skills.

boom!

The fifth level of the sky shining realm!

boom!

The sixth level of the sky shining realm! !

At this time, Ye Feng's cultivation continued to break through two levels of heaven, and finally broke through to the limit completely.

At this moment, Ye Feng's cultivation was finally at the sixth level of the Sky-Sky Realm, which increased Ye Feng's skills a lot.

Ye Feng's eyes suddenly showed a deep sigh.

I didn't expect that the core energy of this formation was so terrifying and majestic that Ye Feng suddenly broke through so much.

Ye Feng's power also increased by hundreds of times in this moment.

At this moment, Ye Feng immediately looked at the unbelievable Blood Demon Ancestor not far away, with a cold smile on his face, and said, "Blood Demon Ancestor, you have lost the source of your power, You can no longer completely take shape in your entire body. Your plan to resurrection is over."

Hearing Ye Feng say this, the Blood Demon ancestor looked very ugly, but then a deep sneer appeared in his eyes.

At this moment, the Blood Demon Ancestor suddenly stared at Ye Feng, with a cruel smile on his face, and said, "Who said my body cannot be completely formed? You have absorbed the core energy of the formation, it means that your whole person has now become the core of the formation. As long as I can kill you, the kid, and then eat you, and refine all the power in your kid's body. I can continue to take shape completely."

At this moment, the Blood Demon Ancestor could be said to have completely lost his patience and suddenly used an extremely powerful ancient inheritance, the Blood Demon Technique!

Boom!

At this moment, when the Blood Demon Ancestor used the Blood Demon Great Method, the entire body of the Blood Demon Ancestor, which had not yet taken shape, was completely formed in a short period of time.

Then the Blood Demon Ancestor possessed the power of his peak period, opened his mouth and sprayed, and a blood-red ocean directly bombarded the people who resisted.

Rumble!

At this moment, whether it was Murong Nan, the city lord of Luoyue City, or the dozens of top masters, or the demon dragons, they were all blasted back by this blood-red ocean.

Then they were all stained with the blood-colored water droplets in this blood-colored ocean, and their bodies began to turn red quickly, as if they were about to explode and die in an instant.

Obviously, this Blood Demon Ancestor now used a secret method that allowed him to have the power of his peak period in a short period of time. In addition, the various blood-red powers he exerted were all highly poisonous.

At this moment, Ye Feng immediately said: "Don't fight anymore, hold on to where you are, start to defend your mind, refine this toxin, and try not to let these blood-red toxins corrode your body and spirit."

Hearing Ye Feng's reminder, many masters nodded and began to meditate and practice on the spot.

At this time, the Blood Demon Ancestor stared at Ye Feng, smiled coldly and said: "Your helpers are now unable to use their own power, and can only meditate on the spot, just to protect themselves. Now you are the only one left, how can you fight against this ancestor?"

When Ye Feng heard what the Blood Demon Ancestor said, a faint smile suddenly appeared on his face, and he said: "I am enough to deal with you, and I don't need other helpers."

## Chapter 5712 Solve Everything

"Arrogant!"

At this time, hearing Ye Feng's words, the Blood Demon Ancestor's eyes suddenly revealed a cold color, and he couldn't help but say: "Boy, you are too arrogant, how dare you say that one person can deal with this old ancestor?"

Ye Feng smiled coldly and said: "If I say it's okay, it's okay!"

Boom!

Almost at this moment, Ye Feng immediately burst out his extremely powerful cultivation and magic power.

You know, Ye Feng's cultivation just got a huge breakthrough, so now when Ye Feng released his power again, the vast ocean of magic power made the Blood Demon Ancestor feel a sense of grandeur.

"What? How is this possible?"

At this moment, the Blood Demon Ancestor's eyes suddenly showed a deep look of astonishment, and he said aloud: "How come your mana suddenly increased so much? You just broke through a few layers, how could your power reserve increase so much?"

What the Blood Demon Ancestor didn't know was that Ye Feng was different from other practitioners. Ye Feng was a very rare genius.

So every time Ye Feng broke through, even if it was just a few small levels, his cultivation power and combat power would increase thousands of times.

So at this time, the Blood Demon Ancestor could be said to be shocked to the extreme, as if he didn't expect Ye Feng to break through a few layers, but his combat power was like a transformation of several major realms.

At this moment, Ye Feng didn't bother to talk nonsense with the Blood Demon Ancestor, and directly burst out his terrifying immortal body of the God, and his whole body burst into a dazzling golden divine light.

In addition, Ye Feng also took out the dragon bone sword given to him by the ancient magic dragon. He rushed towards the direction of the Blood Demon Ancestor like a golden sword god.

Boom!

Ye Feng's body burst out with terrifying power, and the dragon bone sword in his hand also burst out. Thousands of blood-red sword lights, with the destructive power of the ancient magic dragon, directly attacked the Blood Demon Ancestor frantically.

Although the Blood Demon Ancestor has now become a complete body, he only used a secret method to make his body fully formed in a short period of time, so his real combat power is not as good as the peak state.

So at this time, under Ye Feng's fierce attack, the Blood Demon Ancestor immediately couldn't help but retreat step by step, and couldn't stop Ye Feng's terrifying continuous attack.

The Blood Demon Ancestor was extremely shocked at this time, because he had never seen such a young boy who was so powerful.

Originally, the Blood Demon Ancestor thought he could control the whole scene, but he didn't expect that Ye Feng would be a variable.

At this moment, Ye Feng beat the fallen dog, taking advantage of the fact that the Blood Demon Ancestor's power has not yet fully formed, and frantically launched all his attacks, even directly using the most powerful magic weapon he had obtained before, the Gate of Heaven.

This is the sacred object of the angels of the Light Realm, and the brilliant light power it exudes can dispel all evil.

This Blood Demon Ancestor was born from the resentment of blood, so the Gate of Heaven can also restrain the practitioners of this attribute of the Blood Demon Ancestor.

So at this moment, Ye Feng used the Gate of Heaven to completely suppress the Blood Demon Ancestor, and directly forced the Blood Demon Ancestor into a dead end.

At this moment, the Blood Demon Ancestor immediately screamed wildly and said, "Death Curse! Even if I only have one remnant left, I will completely kill you, this hateful boy!"

Boom!

Almost at this moment, the Blood Demon Ancestor used another very powerful secret technique, which seemed to be a very terrible spell.

The whole body of the Blood Demon Ancestor shrank quickly, and finally became the size of a person.

Obviously, he concentrated all his strength on this spell, wanting to completely kill Ye Feng.

At this moment, a huge blood-colored spell as big as a mountain was formed, and it directly suppressed Ye Feng.

The Blood Demon Ancestor immediately laughed and said, "This kind of death spell, even if it is a being of the same level as me, it is impossible to resist it, and you kid is even less likely!"

At this time, under this terrible blood-colored spell, Ye Feng really felt that his flesh and bones were about to be completely shattered.

But at this moment, the Blood Demon Ancestor's conspiracy did not succeed, because Ye Feng directly used the companion talent awakened after the Immortal Body of the God entered the eighth stage, the dark void.

Buzz!

At this moment, Ye Feng's whole person directly merged into a deep dark void, and he could not capture Ye Feng's specific location at all.

So the Blood Demon Ancestor's terrifying attack that exhausted his life directly missed.

Next, Ye Feng waited until the power of the bloody spell completely dissipated before he reappeared his true form from the dark void.

"What?"

Seeing this scene, the Blood Demon Ancestor was completely desperate.

In the Blood Demon Ancestor's doubtful eyes, Ye Feng rushed directly in front of the Blood Demon Ancestor.

At this moment, the Blood Demon Ancestor had already exhausted his power after performing this secret technique, and was killed instantly by Ye Feng.

Buzz!

At this time, Ye Feng directly devoured the Blood Demon Ancestor.

The power of the Blood Demon Ancestor was still very powerful, allowing Ye Feng's cultivation realm to break through again quickly.

Boom!

The seventh level of Amaterasu Realm!

Boom!

The eighth level of Amaterasu Realm!

Boom!

The ninth level of Amaterasu Realm!

Boom!

The tenth level of Amaterasu Realm, the Great Perfection! !

At this moment, Ye Feng's cultivation broke through many levels at once.

After all, this Blood Demon Ancestor was still a very powerful existence. The power he provided was so powerful that Ye Feng's cultivation continued to break through four small levels and entered the tenth level of Amaterasu Realm, the Great Perfection.

Only one step away, he could enter a new level of cultivation above the Amaterasu Realm.

At this time, after Ye Feng entered the tenth level of Amaterasu Realm, he could clearly feel that his power had increased by hundreds of times.

At this time, Ye Feng was more powerful than before, thousands of times more powerful.

At this moment, Ye Feng's eyes were naturally shining, and his eyes were full of deep surprise.

I didn't expect that this time I came to the Dark Mountains, so that my skills would undergo an unprecedented transformation.

And he also eliminated the biggest scourge in the Dark Mountains for the entire Luoyue City, which can be said to be eliminating harm for the people.

At this moment, Ye Feng immediately fell from the sky.

Seeing that everyone was still resisting the blood-red poison, Ye Feng directly sucked all the poison away with both hands, and everyone was immediately rescued.

Of course, this blood-red poison is nothing to Ye Feng. Ye Feng's immortal body is very strong, and many so-called poisons are directly immune to Ye Feng.

At this time, Ye Feng looked at everyone, and finally he could smile and say with ease: "Finally everything has been solved. Next, it's time to take a good look at the wealth of the huge demon force in Black Mountain Village."

## Chapter 5713 Personal Power

At this time, Ye Feng did not hesitate at all, and directly released a huge soul power and quickly enveloped the entire Heishan Village's nest, wanting to find where the treasure house of Heishan Village is.

Seeing this scene, Murong Nan, the lord of Luoyue City, immediately smiled slightly and said, "Ye Feng, it seems that you are going to make a fortune."

Hearing Murong Nan say this, Ye Feng smiled and said, "This Black Mountain Village and the Black Mountain Old Demon are the most powerful forces and demon leaders in the entire dark mountains. The treasure house in their nest must contain very good things. Many and very rich cultivation resources."

Hearing Ye Feng say this, Murong Nan nodded immediately, then his eyes showed envy, and he said, "I really envy you for being able to get so many good things, but since I have promised you before, as long as You help us destroy all the demon forces and demon leaders in the entire Dark Mountains. The wealth in all the demon forces in the entire Dark Mountains is your personal belongs to you. I will not change this, I am a promise of a thousand gold."

When Ye Feng heard Murong Nan say this, he immediately nodded and then flew quickly towards the depths of the Heishan Village's nest.

Because Ye Feng had sensed the direction of the Heishan Village's nest just now, and it had the breath of a treasure house.

At this moment, Ye Feng soon arrived at the deep area of Heishan Village.

A very huge thing appeared here, like an ancient temple, which looked out of place with the demonic forces.

But Ye Feng sensed the breath of many cultivation resources from this building that looked like an ancient temple.

At this moment, Ye Feng immediately understood that this ancient temple should be the treasure house that Heishan Village usually uses to store all kinds of wealth.

Swish!

At this moment, Ye Feng immediately landed.

All the ordinary demons in the entire Black Mountain Village were basically eliminated by Murong Nan and many other masters, so no one stopped Ye Feng at this time.

boom!

Ye Feng came to this ancient temple and opened the gate of the temple with one palm.

The next moment, Ye Feng saw that all the temple contains various cultivation resources.

When Ye Feng saw this scene, his eyes suddenly showed a deep look of excitement.

At this moment, Ye Feng began to look for various cultivation resources that could improve his cultivation skills.

These are the accumulation of Heishan Village and the old monsters in the Black Mountain area over the years, which is no less than a huge opportunity for Ye Feng.

First of all, Ye Feng saw a Ganoderma lucidum that was the size of a person.

Ye Feng felt that this Ganoderma lucidum had probably grown for thousands of years.

If this thousand-year-old Ganoderma lucidum is an ordinary practitioner, it will definitely greatly improve its cultivation after swallowing it, and even prolong its life.

"Guru!"

Ye Feng naturally did not hesitate at this moment. He opened his mouth and swallowed the thousand-year-old Ganoderma lucidum.

"Boom!!"

At this moment, a huge amount of medicinal power suddenly exploded in Ye Feng's body.

Ye Feng Tianzhao Realm's Great Perfection Great Perfection, under the impact of the huge medicinal power of Ganoderma lucidum for thousands of years, it broke through, and directly broke through half a step above the Great Perfection of the Tenth Heavenly Realm's Great Perfection Divine Seal Realm.

Divine Seal Realm, this is a brand new level of powerful cultivation.

When a practitioner enters the realm of divine seal, he can imprint the mark of the gods in his body.

With the increasing number of divine marks, practitioners can gain more and more power related to gods, gradually evolve and transform rapidly in the direction of gods, and master the power of gods.

At this moment, Ye Feng was naturally very happy. He did not expect that a thousand-year-old Ganoderma lucidum could instantly break through his cultivation and enter the half-step divine seal realm.

At this moment, Ye Feng continued to look for other cultivation resources.

Soon, Ye Feng saw a snow-white lotus the size of a human head, and it exuded the ultimate cold air.

Murong Nan and a group of other masters also came to the treasure house where Ye Feng was.

At this moment, Murong Nan stared at the lotus that emitted cold air and couldn't help but exclaim, "This seems to be the iceberg snow lotus that can only be bred in the worst extreme cold place in the legend. Moreover, the level of this iceberg snow lotus seems to be very high. The cold air emitted by itself makes me feel like my whole body is about to be frozen. This kind of thing must be carefully cooked by the alchemist to take it. Go on, strengthen your physical fitness and ability, and you cannot swallow it rashly..."

However, before Murong Nan could completely finish his speech, Ye Feng opened his mouth and swallowed the iceberg snow lotus the size of a human head.

"What?"

Seeing this scene, Murong Nan couldn't help but look shocked in his eyes.

However, at this time, the dozens of other masters behind Murong Nan had already been used to it because they had experienced many things with Ye Feng before.

Because no matter what Ye Feng swallowed, they would not feel surprised. Ye Feng could completely digest this energy.

At this time, when Ye Feng swallowed the iceberg snow lotus, he could immediately feel a huge ice and snow energy exploded in his body.

The level of this iceberg snow lotus is indeed very high, not much worse than that of the thousand-year-old Ganoderma lucidum.

After Ye Feng swallowed it, the bottleneck of the half-step Divine Seal Realm broke through.

With the help of the ultimate ice energy in the snow lotus in the iceberg, Ye Feng successfully broke through to the first level of the real Divine Seal Realm.

At this time, Ye Feng felt the transformation of power in his body, and a deep look of surprise appeared in his eyes.

This treasure house of Heishan Village is indeed much more precious than I imagined.

At this time, Ye Feng did not hesitate at all and continued to look for other good things.

Soon, Ye Feng discovered an ancient alchemy furnace.

When Ye Feng opened the alchemy furnace, there were nine fists-sized pills inside.

Each of these nine fist-sized pills has a different shape.

The first pill emits a dazzling golden light, and there seems to be the form of an ancient lion demon clan in the golden light.

The second pill emits a green light, and the green light condenses the form of an ancient green snake.

Each pill after that has a different form of a monster.

Seeing this scene, Murong Nan, who was following him, couldn't help but speak out in surprise: "This seems to be the legendary Ten Thousand Beast Pill. It is said that each of this pill is filled with the spirit of an ancient monster. Soul and core energy, it is said that tens of thousands of years ago, the old man from Ten Thousand Beasts refined a total of 10,000 pieces, scattered in the heavens and the worlds. Each one is very precious. Unexpectedly, nine pieces appeared here. "

Ye Feng nodded and said, "I guess the other Ten Thousand Beast Pills have been used by the old demon of Black Mountain. There are only these nine left, but it is very satisfying for me."

At this time, Ye Feng swallowed these nine Ten Thousand Beast Pills and sucked them down.

For Ye Feng, if he found these cultivation resources, he naturally had to refine and use them on the spot to improve his skills.

Because Ye Feng always has a very strong execution ability, he can't wait to use this kind of cultivation resource that can directly enhance his strength.

Seeing this scene, Murong Nan could only smile bitterly and shook his head and said, "This is really a waste of resources. If this kind of thing is sold, it can definitely be sold at

a sky-high price or for use by his own command. Nine ten thousand yuan The beast pill can create nine powerful subordinates to serve themselves."

When Ye Feng heard Murong Nan say this, he refined nine Ten Thousand Beast Pills and said with a smile: "For me, no wealth or power subordinates can compare to the improvement of their own strength, only themselves. Being stronger is the kingly way. In my eyes, other so-called wealth, power, status, or the cultivation of so-called subordinate forces are nothing more than things outside of my body. What I pursue is the strongest personal power and the ultimate peak of personal cultivation."

## Chapter 5714 Eighteen-story black gold tower

"The strongest personal strength, the ultimate peak of personal cultivation?"

At this time, when he heard Ye Feng's words, Murong Nan, the city lord of Luoyue City, was a little dazed for a while.

Because since he became the lord of Luoyue City, he has always had to deal with too many things.

Whether it is cultivating one's own subordinates, maintaining the safety of the entire Luoyue City, or enjoying the fame and fortune and desire brought by being a city lord of a large city, Murong Nan gradually lost his original intention of practicing.

At this time, Murong Nan suddenly seemed to have figured out something, immediately bowed to Ye Feng, and said in surprise: "Ye Feng's words today awakened me. I finally know why I have been since then. After I became the city lord of Luoyue City, my practice has been progressing very slowly. It turned out that I lost my original intention of practice. I spent more time thinking about external ordinary trivial matters and enjoying the power and status brought by the city lord. Gradually lost in this kind of fame and fortune, those who practice should practice with a innocent heart and become stronger and cultivate themselves, rather than be affected by trivial ordinary things. , thus affecting one's own mind of practice and making one's heart complicated."

At this moment, Ye Feng smiled slightly and said, "It's still time for Lord Murong to wake up."

Just as the two of them were talking, Ye Feng had already refined all the nine ten thousand beast pills he swallowed.

Rumble!

A stream of very huge elixir energy made Ye Feng's cultivation grow rapidly again.

Ye Feng had previously broken through to a new level of cultivation, the first level of the Divine Seal Realm.

At this moment, under the impact of the huge elixir power of the nine Ten Thousand Beast Pills, Ye Feng's skills began to grow wildly.

boom!

The second level of the Divine Seal Realm!

boom!

The third level of the Divine Seal Realm! !

In an instant, the energy of the entire nine Ten Thousand Beast Pills made Ye Feng's cultivation level break through two levels of heaven in a row and entered the third level of the Divine Seal Realm!

At this moment, Ye Feng could feel that his skills had increased tremendously, a total of hundreds of times higher than before.

At this moment, Ye Feng continued to search to see if there were any other alchemy furnaces.

But Ye Feng found that there was no other alchemy furnace. It seemed that most of the elixirs had been used by the old demons in the Black Mountain Village or other demons in the Black Mountain Village.

At this moment, Ye Feng continued to look for other cultivation resources in this treasure house that can directly improve his cultivation skills.

Ye Feng was not interested in some powerful magic weapons, some talismans, or various weapons, etc.

There are also some inheritances of demons, such as the Great Demon Art, the Feitian Demon Art, etc. There are also many such demon inheritances in the treasure house, but Ye Feng is not interested, but he still has his own storage. Among the rings.

Because Ye Feng can get a lot of wealth by selling these things at that time.

At this moment, Ye Feng continued to search and finally found something that made Ye Feng's eyes lit up.

It was a whole stone similar to a dragon-shaped shape, several hundred meters long, and looked like a sculpture.

But Ye Feng sensed very abundant spiritual power from it.

Ye Feng couldn't help but say, "This should be a spiritual vein, which was dug out and placed here."

Swish!

Ye Feng walked over at this moment and gently knocked his finger at the dragon-shaped stone.

Click! Click!

The next moment, the stone on the entire surface of the stone immediately broke.

As the stones broke and a layer of stones fell off, a dragon's spiritual vein appeared inside.

"Um?"

Seeing this scene, Murong Nan immediately spoke in surprise: "It's indeed an underground spiritual vein. It seems that the old monster of Black Mountain has a great intention. He actually secretly dug a dragon vein in the world. He placed it here, probably Prepare to use this heaven and earth dragon vein as the source of spiritual energy of the Heishanzhai force, because if a large force wants to continuously generate more new blood, it must occupy a spiritual vein that can continuously generate spiritual energy. This is The foundations of many sects or large families."

Ye Feng nodded without any hesitation, and directly reached out his hand, released the swallowing field, and began to devour this dark old demon, the heaven and earth dragon vein that had not even had time to use.

"Boom..."

At this moment, Ye Feng was swallowed and absorbed, and he could immediately feel a very huge energy from the spiritual veins of heaven and earth injected into his dantian. Ye Feng's cultivation level increased rapidly again.

boom!

The fourth level of the Divine Seal Realm!

boom!

The fifth level of the Divine Seal Realm!

boom!

The sixth level of the Divine Seal Realm!

boom!

The seventh level of the Divine Seal Realm! !

At this moment, after Ye Feng absorbed the entire spiritual vein of heaven and earth, he directly allowed his cultivation to break through four small levels in a row and entered the seventh level of the Divine Seal Realm!

At this time, Murong Nan, the city lord of Luoyue City, who was standing aside, couldn't help but sigh and said: "Ye Feng, your ability to directly use external energy to strengthen your own skills is really amazing. In a short period of time, your cultivation has broken through so much. If it is an ordinary practitioner or some peerless genius, even if they have various cultivation resources, it is impossible to digest it as fast as you. I am afraid it will take more than ten years to reach your breakthrough speed."

Hearing Murong Nan's sigh, Ye Feng smiled and didn't say much.

Next, Ye Feng continued to search and found a lot of other good things, all of which were collected in his storage ring.

Finally, Ye Feng emptied the treasure house of the entire Black Mountain Village, and Ye Feng also harvested a lot of materials, including some meteorite iron from outer space, or some metals containing the aura of heaven and earth. These things are rare materials in the art of refining. Ye Feng naturally accepted them all with a smile, and they can all be sold at a sky-high price at that time.

Just when Ye Feng searched the deepest part of the treasure house, he suddenly saw that in the innermost area of the treasure house, there was a small black gold tower with 18 floors.

This 18-story black gold tower seemed ordinary, but when Ye Feng saw it for the first time, his mind seemed to be sucked into it, and he felt that he had come to the 18th level of hell, which gave him a very dark and terrifying feeling.

At this moment, Ye Feng's face changed immediately, and he quickly looked at the group of masters around him, including Murong Nan, and immediately said: "Everyone, don't look at this 18-story black gold tower! This thing is very scary, even I almost got my mind sucked into it, and there is no way back!"

## Ancient God

## Chapter 5715: Kill him

At this moment, when Ye Feng said this, the many masters present were shocked and quickly turned around and did not dare to look at the eighteen-story black gold tower.

At this moment, Ye Feng did not look at the eighteen-story black gold tower for the time being. His eyes were astonished. He fixed Murong Nan beside him and said, "Senior Murong, have you ever heard of the Black Mountain Village? Is there such a terrifying treasure?"

Murong Nan shook his head and said, "In the Heishan Village, I have only heard of the ancient demon god Blood River Formation and the Black Mountain Old Demon, and I have never heard of such a powerful treasure."

Hearing Murong Nan say this, Ye Feng nodded and said, "This 18th-layer black gold tower has an absolutely extraordinary identity. Otherwise, my soul power would be so powerful that it would be impossible for it to be taken away in an instant. My mind was sucked into it and almost lost its way."

Murong Nan couldn't help but ask, "What should I do now? Do you leave here directly? Don't want this treasure?"

Ye Feng shook his head, a look of quite excited appeared in his eyes, and he said out loud: "How could I let go of such a mysterious and terrifying Black Golden Tower?"

Swish!

At this moment, Ye Feng turned around and burst out his huge soul power.

At this moment, a soul giant composed entirely of souls appeared in the void behind Ye Feng.

The black soul giant stood above Ye Feng's head, allowing Ye Feng to withstand the attraction of this eighteen-layer black gold tower to his mind in a short period of time.

At this moment, Ye Feng directly endured the fear of his mental decline, walked to the eighteenth floor black gold tower, stretched out his hand, and suddenly took the eighteenth floor black gold tower into his own hands.

At this moment, Ye Feng could immediately sense this eighteen-layer black gold tower, and the material cast was absolutely terrifying.

At this moment, Ye Feng was able to sense the power of eighteen different attributes from this small tower.

Obviously, each of these eighteen-layer black gold towers contains a power of different attributes, representing different abilities.

There are eighteen abilities contained in a magic weapon. This discovery surprised Ye Feng very much. It seems that this magic weapon is indeed a very terrifying existence.

At this moment, Ye Feng couldn't help but ask in his mind, "Emperor Chu, what kind of magic weapon is this eighteen-layer black gold tower? Do you know?"

Emperor Chu also woke up during his sleep, looked outside Ye Feng's head, and then there was a look of surprise in his eyes, and he said, "This seems to be a magic weapon from the vast world, called the Immortal Tower of the Great Demon God. It is said that It is a magic weapon cast by a great demon in the ancient era. Every layer of this magic weapon has a special power and ability."

Hearing Emperor Chu say this, Ye Feng nodded and said, "Just like what I sensed, when I was holding this Immortal Tower of the Great Demon God, I was able to sense eighteen different things in an instant. The power of attributes exists in this small tower. This so-called immortal tower of the great demon god seems to be very extraordinary. It actually comes from the world of the high world outside the domain. It seems that even the old demon of the Black Mountain, Even they can't control this immortal tower of the great demon god. If the old demon in Black Mountain could master this very terrifying magic weapon, I'm afraid today's battle would not be the result, and we are likely to lose miserably."

Hearing Ye Feng say this, Emperor Chu nodded and said, "This level of magic weapon can not be refined and controlled so easily. Ye Feng, you will take some time to fully master it. Now input mana first and initially control this super magic weapon."

After saying that, Emperor Chu fell into a deep sleep again.

Ye Feng suddenly discovered that Emperor Chu seemed to have fallen asleep again recently. It seems that Emperor Chu's ability will continue to transform.

Because every time the Emperor Chu falls into a constant sleep, it means that the Emperor Chu has many memory fragments to awaken.

At this moment, Ye Feng didn't care so much, but began to use his soul giant to fight the great demon's Immortal Tower to attract his mind. At the same time, Ye Feng inputs his huge magic power and begins to refine the great demon's Immortality Tower.

This immortal tower of the great demon god should be controlled and refined by a demon-attributed practitioner, but Ye Feng's power can perfectly accommodate any power of thousands of attributes, so Ye Feng's magic power at this moment can naturally be as good as it can Quickly refine this great demon god's immortal tower.

At this moment, Murong Nan and many other masters were waiting anxiously, wanting to know whether Ye Feng could successfully refine this magic weapon.

Because this magic weapon is so terrifying, although everyone doesn't know what kind of magic weapon it is, they all know that this magic weapon must be very unusual. After all, even Ye Feng treats it so seriously, which is enough to show that this magic weapon is very extraordinary.

At this moment, Ye Feng did not hesitate at all, and frantically outputted his magic power, entered the immortal tower of the great demon god in front of him, hoping to refine this mysterious and powerful magic weapon from the higher world outside the domain as soon as possible.

Although Ye Feng is not interested in some ordinary inheritances or weapons, when he encounters such a super magic weapon at the level of the Immortal Tower of the Great Demon God, Ye Feng naturally wants to take it for himself, because this can greatly enhance himself. comprehensive strength.

Because Ye Feng felt that even the dragon bone sword left to him by the ancient demon dragon was definitely not as good as this great demon god's immortal tower.

At this time, Ye Feng continued to refine and could feel that he had some connection with the black gold tower in his hand.

This discovery made Ye Feng's eyes suddenly reveal a look of joy, indicating that Ye Feng has begun to initially refine this Immortal Tower of the Great Demon God.

But suddenly at this moment.

Boom!

A huge soul power burst out from this originally calm and quiet black gold tower.

The next moment, this dark soul power directly turned into a black giant, suppressing Ye Feng's soul, causing Ye Feng's entire soul to break almost quickly.

However, at this moment, Emperor Chu clearly felt in his mind that Ye Feng's soul was under a huge threat, and he suddenly stretched out a finger.

Buzz!

At this moment, a golden finger like a god was stretched out from Ye Feng's eyebrows, which instantly shattered the extremely terrifying black giant.

"ah!!"

The next moment, a tragic howling sounded from the immortal tower of this great demon god.

Obviously, there is a terrifying ancient soul lurking in this Immortal Tower of the Great Demon God. He wants to shatter Ye Feng's soul while Ye Feng refines this small black gold tower.

But unexpectedly, Ye Feng had the great god Chu Emperor in his head, and he directly killed him.

## Chapter 5716 I have an idea

At this moment, with the demise of this ancient residual soul in the Immortal Tower of the Great Demon God, Ye Feng successfully controlled the entire Immortal Tower of the Great Demon God.

Of course, it's just a preliminary grasp.

At this moment, Ye Feng could initially control the power of the Immortal Tower of the Great Demon God, but he could not completely use all the power of this super magic weapon.

At this time, Ye Feng immediately looked at the group of masters around him, including Murong Nan, and smiled and said, "Everyone can turn around now. I have completely refined this small black gold tower. I can control it. This little black gold tower will not attract your mind."

Just as Ye Feng finished his speech, Ye Feng controlled the immortal tower of the Great Demon God at this moment, and immediately could feel that the immortal tower of the Great Demon God did have eighteen abilities.

Each layer contains an energy of different abilities.

For example, the first floor of this Immortal Tower of the Great Demon God has the ability to "sincere souls", which can release a huge soul power, suppress the enemy's soul, and directly cause huge damage to the enemy's spirit.

The second floor of this Immortal Tower of the Great Demon God is a huge space like a small world, which can store countless things or creatures, just like an independent world.

In the third floor of this great demon tower, there are thunder shining, and lightning is everywhere. It is obviously filled with the power of thunder. When attacking the enemy, it can directly release the terrifying power of thunder destruction, and instantly make the enemy Crashed.

In the fourth floor of this great demon god's immortal tower, Ye Feng sensed a very gentle green energy. This green energy, like the energy of a plant, can quickly recover the injury of a practitioner.

In the fifth floor of the Immortal Tower of the Great Demon God, Ye Feng could see that there were actually quite powerful monsters living in it, and even formed an army of monsters.

On the sixth level of this Immortal Tower of the Great Demon God, Ye Feng sensed the terrifying power of the spell, which should be able to release ancient spells and curse the enemy.

On the seventh floor of this Immortal Tower of the Great Demon God, Ye Feng sensed the power of reincarnation, which could allow practitioners to fall into reincarnation and enhance practitioners' experience in their practice.

On the eighth floor of this Immortal Tower of the Great Demon God, Ye Feng sensed a very sharp metallic force, which could directly use this metallic force to condense into various extremely sharp weapons, which could break the sky The strongest armor underneath.

Next, Ye Feng sensed a power of different attributes in each layer, which made Ye Feng unable to help but exclaim in surprise: "This immortal tower of the great demon god is indeed more magical than ordinary magic weapons. And much more powerful."

However, Ye Feng can only sense the power of each level. If you want to completely control this Immortal Tower of the Great Demon God and be able to use the abilities in each level in an instant, Ye Feng still needs to continuously improve his cultivation and continue to continue to improve his cultivation. Make yourself more and more connected with this great demon god's Immortal Tower. In this way, Ye Feng can finally use the power of every level of this great demon god's Immortal Tower.

At this moment, Ye Feng can be said that the biggest gain of this trip is, in addition to the huge energy he swallowed, his skills have increased. The biggest gain and the most valuable thing should be this Immortal Tower of the Great Demon God.

At this moment, Ye Feng looked at the many masters around him with a look of wonder and envy. Even Murong Nan, the city lord of Luoyue City, was no exception, and they all looked at Ye Feng with envy.

Ye Feng smiled and said, "Let's go, since everything here is over, we can leave here and return to Luoyue City."

When he heard Ye Feng say this, Murong Nan, the lord of Luoyue City, and a group of other masters, nodded one after another.

On the way back, everyone's eyes were filled with sighs, because they never expected that this time the removal of demonic forces in the dark mountains would be so difficult and tortuous.

If Ye Feng hadn't been there, they would have been wiped out.

Thinking of this, whether it was the many other ordinary masters or the lord of Luoyue City, Murong Nan, the city lord of Luoyue City, there was a deep look of amazement in his eyes at this moment, staring at Ye Feng flying in front of him, staring at him. This young man who seemed ordinary.

Everyone did not expect that Ye Feng, a young man, had such terrifying strength and various powerful means, and could turn the tide with his own strength, which was amazing to everyone.

At this moment, Ye Feng did not hesitate at all and soon returned to Luoyue City with everyone.

At this time, after Ye Feng followed everyone back to Luoyue City, Murong Nan first rewarded the many masters who participated in this operation.

Then Murong Nan took Ye Feng back to the lord's mansion in Luoyue City.

At this moment, Murong Nan looked at the young man Ye Feng again, with a deep look of amazement in his eyes, and said, "Fortunately, Ye Feng, you joined our team this time, otherwise, we will be able to do so. I guess it will be wiped out."

Hearing Murong Nan's words, Ye Feng smiled slightly and said, "This is what I should do, and I have gained a huge harvest in this action, whether it is my skill. With a complete improvement, I still get the last super magic weapon. This is a huge wealth for me. I am very grateful to Lord Murong for giving me such a huge opportunity, which has greatly improved my overall strength."

Hearing Ye Feng say this, Murong Nan naturally couldn't help but nodded, then smiled and patted Ye Feng's shoulder, and said, "It turns out that heroes are young, I don't know what you are about my niece Murong Qingqing. How does the girl feel?"

"Um?"

Hearing Murong Nan suddenly asked such a question that was not related to the operation of the Dark Mountains, Ye Feng suddenly showed a look of surprise in his eyes, but he couldn't help but nodded and said, "Junior Sister Qingqing She is very beautiful, understanding and very gentle to me. I think junior sister Qingqing is very good."

At this moment, Murong Nan seemed very satisfied when he heard Ye Feng say this and couldn't help but say, "Actually, I have an idea, that is, I want to betroth this girl Qingqing to you."

"Uh, this?"

Hearing Murong Nan's words, Ye Feng's eyes suddenly showed a look of astonishment.

## Chapter 5717 Admiration and admiration

At this moment, seeing Ye Feng's astonished look, Murong Nan suddenly laughed, couldn't help but pat Ye Feng's shoulder, and said, "Of course, it depends on you, if you don't want to. If that's the case, then I won't force it. I just think you are brothers and sisters, and your relationship is so good. Both sides are both handsome and beautiful, and you can become a companion to practice."

Hearing Murong Nan say this, Ye Feng immediately couldn't help but smile bitterly and shook his head, saying, "Senior Murong, although Junior Sister Qingqing is very beautiful and understanding, she is very kind to me and very gentle. , but my main energy now is still to focus on constantly improving the level of practice and becoming stronger, because I still have my own responsibilities."

"Um?"

Hearing Ye Feng say this, Murong Nan became interested and couldn't help but say, "After getting along during this period, I can really see that you don't want to waste any opportunity to improve your strength at all, and your cultivation is also very crazy. , I wonder what the reason is? Because at your age, you can have such cultivation and achievements, and you are already considered a talent among talents, but you are still working very hard. What is your motivation? "

Ye Feng suddenly showed a bitter smile on his face at this time, and he said, "Maybe in the eyes of Senior Murong, my current cultivation level is very powerful among the younger generation, and even among the older generation. It exists, but I still feel that it is not enough, because my parents disappeared from the extraterritorial higher world. I need to go to the extraterritorial higher world to find my parents, so I must have strong enough strength to do this. Everything. Keep the whole family safe."

"I see."

Hearing Ye Feng's words, Murong Nan immediately showed a look of surprise in his eyes, and then he couldn't help but nodded and said, "It turns out that your parents have entered the higher world outside the domain. According to the truth, They have the ability to enter the higher world outside the domain, and their own strength should be very good."

Hearing Murong Nan say this, Ye Feng immediately smiled bitterly, shook his head, and said, "No, their own cultivation is not very strong. Perhaps they were once very powerful in this world of low-level practice dimensions. , but they entered the higher dimensional world at that time to find the ancestors of our clan, so they entered the higher world outside the domain with a very low cultivation level through special methods. I guess they must be living very hard now, so If I want to find my parents, ensure their safety and ensure the stability of our entire family, then I must make my strength stronger and stronger. In fact, I have several opportunities to directly enter the extraterritorial higher education level. In the world, but I didn't choose to go because I think my strength is not enough. If I can become the strongest existence in the dark world, and then enter the extraterritorial high world, maybe I still have a preliminary self-select Protect your abilities, otherwise, if I enter the high world outside the domain with my current cultivation level, I will definitely be as weak as an ant."

Hearing Ye Feng say this, Murong Nan couldn't help but nodded, and a serious look appeared in his eyes, and he said out loud: "You are right. It seems that you are very self-aware. With your current situation, Although cultivation is already a very powerful master in our entire dark world, your current cultivation is really nothing in the extraterritorial high world. Perhaps not as powerful as an ant, because in the extraterritorial high world, you are a thousand In the world, the creatures that are nurturing and born in the legend are very powerful in nature, and are many times more powerful innately than creatures in the lower world, so your idea is right, you must Our world has become the most powerful. Only when you enter the higher world outside the domain, you will have the initial ability to protect yourself. Otherwise, you will not even have the ability to protect yourself. How can you find your parents?"

Hearing Murong Nan say this, Ye Feng nodded immediately and then said, "Since the matter here is over, I think I should leave Luoyue City."

Hearing Ye Feng say he was leaving Luoyue City, Murong Nan immediately smiled and said, "This time you have helped us so much, so I naturally want to have a good banquet for you, and Murong Qingqing must have been I want to return to the Dark Court with you."

Hearing Murong Nan say this, Ye Feng nodded immediately and said with a smile: "If Junior Sister Qingqing returns to the Dark Divine Court with me, it will be safer."

This time, Ye Feng has spent a long time in this extraterritorial battlefield, and it is time to return to the Dark Divine Court Sect and verify his identity well.

Because Ye Feng is still just an ordinary outer disciple in the Dark Divine Court.

However, with Ye Feng's current cultivation and strength, Ye Feng felt that there was absolutely no problem in certifying himself as a core disciple, and he might even have the chance to become the highest true disciple.

At this moment, Ye Feng nodded and walked directly to the lord's mansion in Luoyue City with Murong Nan.

Soon, Murong Qingqing's beautiful and cute figure flashed from outside the city lord's mansion and came to Ye Feng. Her beautiful big eyes stared at Ye Feng and said, "Senior Brother Ye Feng, you are finally back, I've been waiting for you in Luoyue City for a long time."

Ye Feng smiled slightly at this time and said, "This time I have encountered a lot of things with your third uncle to the Dark Mountains, and it has been delayed a lot of time. But now that the matter has been resolved, I think I should return too. I am in the sect, and I want to verify my identity as a disciple and make my identity more advanced, so that I can enjoy more treatment."

Hearing Ye Feng say this, Murong Qingqing nodded immediately and said, "With your current cultivation and strength, you will definitely have no problem becoming a core disciple. Then you will be in our sect. You can enjoy more rights."

Next, Ye Feng and Murong Qingqing chatted for a while.

In the evening, in order to thank Ye Feng for his great contribution this time, Murong Nan directly invited the celebrities and powerful people in the city to hold a huge banquet and specially invited Ye Feng as the protagonist of this time to praise and I introduced Ye Feng to everyone.

Everyone was very amazed at what Ye Feng did. They didn't seem to have expected that Ye Feng, a young man who looked ordinary, could have such powerful power and be able to turn the tide.

During this banquet, Murong Qingqing also heard about Ye Feng's amazing deeds in the dark mountains, and admired Ye Feng, his senior brother even more.

## Chapter 5718 One Hundred Ways

At night, after three rounds of drinking, Ye Feng and Murong Qingqing left Luoyue City in the dark and flew quickly towards the direction of the Dark Divine Court Sect.

Murong Qingqing couldn't help but say, "Senior Brother Ye Feng, after returning to the Dark Divine Court this time, if you still want to come to the battlefield outside the domain, you must remember to go to Luoyue City. My third uncle has a very high opinion of you. I even have to take the initiative to give up the position of the deputy city lord to you. I wonder why you don't accept it, Senior Brother Ye Feng?"

Ye Feng smiled and said, "I am used to being alone. If I really become the deputy city lord of Luoyue City, it will make me not very used to it."

At this moment, Murong Qingqing nodded and said nothing.

At this time, Ye Feng was concentrating on his journey.

In the night, Murong Qingqing looked at the heroic senior brother beside her and had already admired Ye Feng to the extreme.

Finally in the darkness, Murong Qingqing mustered up the courage and couldn't help but say, "Senior Brother Ye Feng, I want to say something to you, I like you very much."

Hearing Murong Qingqing beside him, Ye Feng's eyes were stunned for a moment.

Then Ye Feng did not respond, but just smiled slightly and said, "When we return to the Dark Divine Court, we can come out to practice together if we have the chance."

After hearing Ye Feng say this, Murong Qingqing seems to be a little disappointed.

But Murong Qingqing didn't say much, but smiled slightly and said, "Okay, I must come out to practice with Senior Brother Ye Feng more if I have the chance in the future. Senior Brother Ye Feng is so powerful and so powerful, as long as I am with Senior Brother Ye Feng, I am as long as I am with Senior Brother Ye Feng. If I come out to practice, I definitely don't have to consider my own safety issues."

And just as the two were chatting, they had already passed through a large area of land and finally returned to the headquarters of the Dark Divine Court.

At this moment, Ye Feng and Murong Qingqing separated at the gate of the sect.

Ye Feng flew quickly towards the central hall of the Dark Divine Court.

This time, Ye Feng killed many evil beasts in the extraterritorial battlefield, which can be exchanged for contribution points of the sect.

And the most important thing is that Ye Feng wants to improve his identity as a disciple.

Soon, Ye Feng arrived at the central hall.

In the central hall, Ye Feng saw a young man in a green robe standing behind the counter of the central hall.

Ye Feng immediately walked over and couldn't help but say, "Senior brother, I want to ask, I am an outer disciple now, and I want to be a core disciple of our Dark Divine Court. How should I be a verified?"

"What?"

Hearing Ye Feng's words, a look of surprise suddenly appeared in the eyes of the young man standing behind the counter.

He couldn't help staring at Ye Feng for several times before speaking out, "You are just an outer disciple now. I didn't expect that you would be certified as a core disciple if you were certified at once. You haven't even become an inner disciple yet."

Hearing the young man behind the counter say this, Ye Feng suddenly smiled in his eyes and said, "My current strength, I think I should be able to directly skip the identity level of inner disciples and enter the core directly. The scope of disciples."

"Um?"

Hearing Ye Feng's words, the young man couldn't help but look a little suspicious on his face, then nodded and said, "If you want to be certified as a core disciple, you must pass by us." The test of the inner sect elders. If you are really confident, I can take you there. We have inner sect elders who specialize in certifying their disciples, and they can be certified at any time."

Hearing the young man say this, Ye Feng nodded immediately, and then couldn't help but ask with some curiosity: "If you really become a core disciple, how should the inner sect elders authenticate me and what method should they use? "

Hearing Ye Feng's question, the young man immediately showed a mysterious smile on his face and said, "You want to fight with the elder of the inner sect."

"Fight with the Elder of the Inner Sect?"

At this time, when he heard the young man say this, Ye Feng suddenly showed a look of surprise in his eyes, and then he couldn't help but show a hint of astonishment on his face. He couldn't help but say, "Our Dark Divine Court is in the entire dark world. He is one of the most powerful forces. He can become the inner sect elder in our dark god court. His strength must be earth-shaking. How can I beat the inner sect elder? "

Although Ye Feng's strength has been greatly improved now, he is not as arrogant as to be able to fight against the inner sect elders in the first-class super sects such as the Dark Divine Court.

After all, the inner elders who can become the Dark God Court are definitely one of the top elders.

At this moment, hearing Ye Feng say this, the young man suddenly showed a helpless smile on his face and said, "Of course it's not to let you defeat the elder of the inner sect. That's simply a fantasy. What I mean As long as you can pass ten moves in the hands of the inner sect elder who is assessing the disciple, you can become an inner sect disciple. If

you can support one hundred moves under the hands of the inner sect elder who is assessing the disciple, you can become a core disciple. .”

"Um?"

At this moment, when Ye Feng heard the young man say this, he immediately showed a sudden look on his face.

It turns out that it is not necessary to defeat the elders of the inner sect. As long as you can survive enough moves under the elders of the inner sect, you are qualified to become a higher-level disciple in the Dark Divine Court.

Ye Feng immediately hugged his fists and said, "Thank you, senior brother, for solving the problem."

Seeing Ye Feng so polite, the young man's impression of Ye Feng also changed a little.

After all, the young man thought that Ye Feng said something like that, which was extremely arrogant, but now the young man looked at Ye Feng's breath a little and suddenly found that Ye Feng's breath was unfathomable. His senior brother was a little I can't see through Ye Feng's true strength.

The young man immediately understood that Ye Feng might not be arrogant.

However, the young man couldn't help but say, "If you want to become a core disciple, you must have to support a hundred moves under the elder of the inner sect. This is not that easy. I suggest you just go from the outer sect honestly. The disciple becomes an inner disciple. If you practice for a while, then consider becoming a core disciple. Because the inner disciple who is responsible for the assessment has a bad temper. If you are arrogant and arrogant, you must directly become a core disciple. Then you I can't hold on with her hands for a hundred moves. I guess this inner sect elder will teach you a lesson and say you're wasting her time."

## Chapter 5719 Elder of Fire Snake

Hearing the young man's words, Ye Feng immediately smiled and said, "Thank you for your reminder, but I have decided that I want to directly certify as a core disciple. One hundred moves should be fine."

Hearing Ye Feng's words, the young man immediately showed a hint of surprise on his face, and then he smiled and said, "Okay, you can try it, then you know the elder of the inner gate. You know that it is not that easy to survive a hundred moves, and it is much harder than you think."

And just as the two of them were talking, they had already arrived at the inner area of the central hall.

Ye Feng immediately saw a huge martial arts performance venue here.

At this moment, a beautiful mature woman in a red robe, standing on the high platform of the martial arts performance venue not far away, seemed to be meditating and practicing.

At this moment, looking at this beautiful mature woman, Ye Feng suddenly showed a look of surprise on his face and said, "Is this the inner sect elder responsible for the assessment?"

The young man nodded immediately and said with a smile: "This inner sect elder is called the Fire Snake Elder, who inherits the blood power of the ancient flame god snake, which is very powerful. When I was certified as a core disciple, In the first assessment, I only reached the fiftieth move under her hands, but I couldn't hold on anymore. The certification failed. At that time, I wasted her time and the second one. I practiced strong enough and had enough confidence to verify the core disciple, because Elder Fire Snake annoyed others to waste her time and disturb her cultivation the most. After all, these elders have a very big temper. "

Hearing the young man's words, Ye Feng immediately grinned and said, "I understand."

At this moment, Ye Feng immediately walked forward and walked into the martial arts stage. Looking at the mature and beautiful Fire Snake Elder on the platform, he immediately hugged and clasped his fists and said, "Elder Fire Snake, my name is Ye Feng is an outer disciple, and now I want to directly certify as a core disciple."

"Um?"

At this time, when he heard Ye Feng's words, the Fire Snake Elder standing on the platform immediately opened his eyes.

In those pair of Danfeng eyes, there was a red flame burning at this moment, adding a sense of heroic and nobleness to her beauty.

Swish!

At this moment, the beautiful figure of the Fire Snake Elder immediately jumped down from the platform and stood not far away from Ye Feng. The breath emitted from his body made Ye Feng feel breathing for a while. All were suppressed.

This made Ye Feng's eyes suddenly look surprised. It seems that this Fire Snake Elder is indeed very terrifying. His cultivation is many times stronger than the so-called older strongman like Murong Nan.

Ye Feng also saw from this that the difference between a large city like Luoyue City and a super sect that is one of the best in the dark world like the Dark God Court.

At this moment, the Fire Snake Elder stared at Ye Feng and said impatiently: "You are a young man, you have just become an outer disciple not long ago, and your cultivation level does not seem to be that strong. Why do you need to directly certify the core? Disciple? Do you think it is very easy to support a hundred moves under my hands? You are simply wasting my time."

Hearing Elder Fire Snake say this, Ye Feng just smiled slightly and said, "Elder Fire Snake gives it a try, you'll know."

Hearing Ye Feng's words, a look of surprise suddenly appeared in the beautiful and mature eyes of the Fire Snake Elder, and then couldn't help but smile gently and said, "Young man, it seems that you are of your own. You are very confident in your strength. Your cultivation is indeed not very good, but your real combat power may be much stronger than your cultivation level. This is the confidence you want to directly authenticate to become a core disciple, right? "

Hearing Elder Fire Snake say this, Ye Feng immediately smiled slightly, nodded, and said, "It's worthy of being an old-generation strong man like Elder Fire Snake. As expected, you can see at a glance that the disciple's true combat power and cultivation are not. match."

Hearing Ye Feng's words, the Fire Snake Elder suddenly became dark and he said, "Don't call me a strong man from now on. I'm not old. I'm just young and promising. My real age is still very good. Young, I was able to become an elder-level figure entirely because my talent is very strong."

"Forehead?"

Hearing Elder Fire Snake say this, Ye Feng's eyes suddenly showed a look of astonishment.

At this moment, the young man standing beside Ye Feng suddenly came to Ye Feng and whispered: "Junior Brother Ye Feng, don't take the word "old" in front of the Fire Snake Elder, Fire Snake The elder was very sensitive to the "old". Even before, when the Fire Snake Elder was named the elder, the Fire Snake Elder even asked the upper class of the sect to give her a title different from the "elder" and directly called him the Fire Snake Saint. But in the end, it was rejected by the upper class of the sect. "

"Forehead....."

Hearing the young man beside him say this, Ye Feng suddenly showed a look of surprise in his eyes, as if he didn't expect that the Fire Snake Elder was still such an interesting person.

Ye Feng nodded at this moment, then took a deep breath, walked to the middle of the martial arts field, looked at the Fire Snake Elder in front of him, and said, "Elder Fire Snake, you can attack me directly, As long as I support one hundred moves, I can become a core disciple directly, right?"

The Fire Snake Elder nodded, then looked at Ye Feng and said, "Okay, then you are ready."

Swish!

Almost as the Fire Snake Elder finished speaking, the Fire Snake Elder directly stretched out a simple hand.

This palm looked very white and very slender, but the moment it stretched out, a terrifying flame power burst out from this palm, which directly condensed a huge flame palm. , with the terrifying power to burn everything and break everything, it directly suppressed Ye Feng's head.

At this time, Ye Feng immediately felt the oppression of the older generation of powerful men from the super sect like Elder Fire Snake.

The cultivation level of this Fire Snake Elder is definitely one or twenty major realms higher than that of Ye Feng at present. Otherwise, it would not have been possible to give Ye Feng such a strong sense of oppression.

After all, Ye Feng's current real combat power is enough to fight against powerful people who are three or four major realms higher than him, and even four or five major realms higher than Ye Feng. Ye Feng is completely under his trump card. Can compete.

But at this moment, facing one of the palms of the Fire Snake Elder, Ye Feng felt the ultimate sense of oppression, as if his whole body was about to be evaporated and dried up by the terrifying flame.

## Chapter 5720 A rare good seedling

However, at this moment, Ye Feng knew that Elder Fire Snake did not take all his strength, otherwise, with Elder Fire Snake's true peak strength, he might have been shattered in an instant.

However, the assessment of this core disciple is still very strict. Ye Feng initially estimated that Elder Fire Snake might have played nearly one-tenth of her own strength in the assessment.

At this moment, Ye Feng did not hesitate at all. He directly released his huge magic power and used the immortal body of the gods. Ye Feng also punched him hard.

Ye Feng's fist immediately turned into a golden fist, like a golden fist just forged from the divine furnace, which collided fiercely with the flame palm of the Fire Snake Elder.

Rumble!

The next moment, a huge roar suddenly rang out on the entire field.

At this moment, Ye Feng immediately felt that his immortal body of the god and his golden fists were all about to be burned and melted under the terrifying flame.

However, Ye Feng's immortal body of the god is ultimately a very special physique and very powerful. Ye Feng finally resisted the first move of the Fire Snake Elder in this moment.

At this moment, Ye Feng also understood that the Fire Snake Elder was not very strong in his body. What she really was her ability to control the flames.

At this moment, Ye Feng immediately retreated quickly to avoid the all-round flame siege that the Fire Snake Elder might have suddenly launched.

At this moment, he saw Ye Feng leaning on his body and holding on to the flame palm of Elder Fire Snake. Not to mention the young man watching not far away, even Elder Fire Snake himself was in his eyes. A look of surprise appeared, stared at Ye Feng, and couldn't help but say with appreciation: "You really didn't say anything big. Your strength is indeed very good, much stronger than other core disciples who have been certified before, but you will have to resist me for a hundred moves next."

Hearing Elder Fire Snake say this, Ye Feng smiled slightly and said, "Elder Fire Snake just take action."

Seeing Ye Feng so confident, the Fire Snake Elder did not say anything more, but directly displayed his extremely powerful inheritance: "Fire Snake Dance!"

Rumble!

At this moment, a very strong red flame power emerged from the body of the Fire Snake Elder, and red flame snakes condensed around her, like giant flame dragons. The body of each giant flaming snake is thousands of meters long, directly covering the entire battle platform and attacking Ye Feng frantically.

At this moment, the young man not far away suddenly showed a look of astonishment in his eyes and couldn't help but murmur, "Old Elder Fire Snake has never used inheritance when he certified those disciples. , usually one palm after another, just a normal attack. Unexpectedly, facing Junior Brother Ye Feng, the Fire Snake Elder directly used his inheritance. This is not in line with the rules, because the disciples in our Dark Divine Court have certified. Among them, certified elders can only use their most common

attacks, and cannot use their own inheritance. Using inheritance is really unfair to certified disciples."

However, at this time, the young man only dared to murmur himself and did not dare to say it directly, because he knew that the Fire Snake Elder had a very hot temper.

And he didn't know whether Elder Fire Snake used his own inheritance to attack Ye Feng with such a powerful attack. He wanted to specially hone Ye Feng.

After all, being able to compete with the powerful inner sect elders in the Dark God Court is definitely a battle training for the disciples, and it is an opportunity to increase combat experience that is hard to come by.

Because the inner elders in the Dark Divine Court are all in high positions and powerful positions, they rarely take action directly to help their disciples hone their combat skills.

At this moment, the young man suddenly understood that the reason why the Fire Snake Elder used his inheritance and attacked Ye Feng was probably because he saw that Ye Feng was a good seedling. If he wanted to hone Ye Feng well, it would be considered for Ye Feng. A chance to increase combat experience and combat skills.

Ye Feng obviously felt that when the Fire Snake Elder took action against him, he had almost no reservation, so the pressure Ye Feng was facing now was particularly great.

But the more pressure, the more excited Ye Feng felt.

Because he can fight with top masters like the Fire Snake Elder, and the other party will not attack him and always retain some strength, this is simply a natural opportunity for Ye Feng to train his combat skills.

Next, Ye Feng and the Fire Snake Elder naturally entered a deep combat state.

Ye Feng is in this battle at this moment and does not need to consider whether the other party can block his attack, because the Fire Snake Elder is very powerful, and Ye Feng can completely release and display his various inheritances and various combat skills. Let your strength be fully utilized.

This was a hearty battle for Ye Feng.

In the end, the Fire Snake Elder all had a cold sweat on his forehead.

Originally, the Fire Snake Elder wanted to increase his attack and hone the good seedling of Ye Feng, but she suddenly discovered that the more Ye Feng fought, the more fierce he became. In the end, the Fire Snake Elder would have to do so for a while. Strengthening one's own strength, relying on one-tenth of his own strength, he can't fight against the increasingly fierce Ye Feng.

This discovery made Elder Fire Snake pay a lot of attention to Ye Feng.

Elder Fire Snake has certified so many disciples, and this is the first time he has encountered such a terrifying boy. His cultivation is not high, but his real combat power and various trump card inheritance are actually very powerful.

At this moment, the Fire Snake Elder immediately understood that Ye Feng's future potential was absolutely extraordinary.

And after the entire battle ended, both sides stopped.

At this time, Ye Feng smiled and said, "Elder Fire Snake, I have successfully resisted your 100 moves. Now I can become a core disciple, right?"

Hearing Ye Feng say this, the Fire Snake Elder immediately showed an admiring smile on his beautiful face and said, "You are really good. At first, I thought you were very arrogant, but I didn't expect you are indeed the same. A rare good seedling."

At this moment, the young man came to Ye Feng's side and couldn't help but exclaim in surprise and said, "Ye Feng, what you blocked is the one hundred moves that the Fire Snake Elder used to carry out her inheritance, which is worth her ordinary attack. The power of three or four hundred moves is so powerful. Brother Ye Feng, I was too arrogant before and thought you were very arrogant. Now I apologize to you solemnly. I underestimate you. Your strength is too strong!"

## Chapter 5721 The Gods Canyon

When Ye Feng heard the young man beside him say this, he laughed, not caring at all, patted the other person on the shoulder and said, "Senior brother, don't be so polite."

At this time, the young man couldn't help but smile bitterly and shook his head, saying, "If you reach my current level of cultivation, your real combat power will definitely be far beyond me. I should call you a senior brother. "

At this moment, just as the two were talking, the Fire Snake Elder suddenly threw out a red token and handed it to Ye Feng, saying, "This token is the token of the core disciple. Moreover, this token has a special mark of this elder. If you have any questions in the future, you can come to me with this token at any time."

Hearing Elder Fire Snake say this, Ye Feng's eyes suddenly showed a look of surprise.

The young man beside him showed a surprise smile on his face and quickly spoke to Ye Feng: "Junior Brother Ye Feng, thank Elder Fire Snake, Elder Fire Snake attaches great importance to you, so he will have I will give you the token of my own exclusive mark. From now on, you will have a backer in our Dark God Court. Do you want me to survive

until today? No inner sect elder can take a fancy to me? My current disciple token is still Ordinary core disciple token, and you already have a special core disciple token engraved with the mark of the elder in the inner gate. This means that you are considered a very special existence in our group of core disciples of the Dark Divine Court. More rights to enjoy."

Hearing the young man beside him say this, Ye Feng then realized it, and hurriedly hugged his fists and said, "Thank you for your importance to Elder Fire Snake."

Elder Fire Snake nodded and said, "I admire your extremely powerful strength, which is far beyond your current level of cultivation. A person like you is a good seedling for the future of our entire Dark Divine Court. I hope you can continue to work hard next."

After saying that, Elder Fire Snake went back to his high platform, and began to close his eyes and rest, and practice.

The young man pulled Ye Feng away quickly.

This time, Ye Feng was very lucky. Not only did he successfully verify his core disciple, but he also obtained the core disciple identity token, which is the exclusive mark of the inner elder, such as the Fire Snake Elder.

When the two returned to the central hall, the young man immediately smiled and said to Ye Feng, "In the future, in the Dark Divine Court, you are also a core disciple. There are many special places in our dark expressions. Only core disciples can enter, and Junior Brother Ye Feng can now enter and exit some special cultivation places at will. "

Ye Feng nodded and said, "If you want to quickly improve your strength, I don't know which special cultivation place in our Dark Divine Court is the most effective. Please give me some advice."

Hearing Ye Feng say this, the young man thought for a moment, then said, "Junior Brother Ye Feng, your real combat power is very strong, far beyond the level of cultivation you have shown on the surface, an ordinary special place of cultivation. , I am no longer satisfied with you, Junior Brother Ye Feng. I suggest that Junior Brother Ye Feng, go directly to our most mysterious and difficult special cultivation place in the Dark Divine Court. There, if Junior Brother Ye Feng, you can persist for half a month or even a month , it must be of great benefit to your strength improvement."

When Ye Feng heard the young man say this, his eyes lit up.

Because Ye Feng had already known that among the top super sects in the dark world, the founders of powerful sects in the ancient times have left behind special places of cultivation, It is specially used for the practice of disciples in the sect.

At this moment, Ye Feng couldn't help but ask, "Senior Brother, what is the most mysterious and difficult special cultivation place you are talking about in our Dark Divine Court?"

The young man's expression also became solemn and serious, and he slowly spoke out: "The most mysterious and difficult special place of cultivation in our Dark Divine Court is called the 'Gods of Gods'."

"Canyon of the Gods?"

At this time, when Ye Feng heard the young man say such a name, he suddenly showed a look of surprise in his eyes.

Ye Feng has never heard of this place, but just listening to the name, you can tell that it is very extraordinary.

At this moment, the young man explained: "This Gods Canyon is a place discovered by our Dark God Court that contains the ancient gods who once discussed it. It has traces of the activities of many ancient gods, so the previous leader of our Dark God Court The great master used his great power to move this place back to the headquarters of our Dark God Court, which allows our disciples from the Dark God Court to enter it at any time and comprehend the secrets of the gods, but only the core disciples can enter it, and other disciples do not have it. Qualified to enter, of course, this is also to ensure the safety of ordinary disciples, because ordinary disciples cannot bear the majestic power of the ancient gods contained in the Gods Canyon, and will explode and die instantly. Only the core disciples are barely capable. Enter the canyon of the gods and understand the secrets of the gods. There, perhaps you can discover the secrets of the ancient gods, so that your cultivation can be a thousand miles a day and your skills will skyrocket. Many of our true disciples in the Dark God Court were once in the past. After comprehending some secrets of the ancient gods in the Gods' Canyon, he finally grew into the most powerful true disciple and even became the pillars of our Dark God Court. For example, the Dark God Son of our Dark God Court was also an ordinary core disciple back then. But in the Canyon of the Gods, the mystery of the Gods of Darkness was realized, so it was finally designated as the Son of the Gods of Darkness by the upper class of our Darkness Court. "

When Ye Feng's eyes suddenly flashed when he heard the young man say this.

The Son of the Dark God Court, however, was jealous of the fact that he was very close to the goddess Ziyue and wanted to kill himself.

I didn't expect this guy to be so lucky. He once learned a very powerful god in the Gods Canyon. The mystery of the gods of the Dark God is no wonder he can become the son of the Dark God Court, and his strength is so strong.

At this moment, Ye Feng immediately looked at the young man in front of him, hugged his fists and said, "Thank you, Senior Brother, for having been delayed for so long, helping

me to authenticate my core disciple, and giving me such important advice and information, If my senior brother has any difficulties in the future, you can come to me at any time. As long as I can help, I will do my best to help."

Swish!

After the words were finished, Ye Feng jumped directly, left the central hall, and flew quickly towards the direction of the special trial land of the Gods Canyon in the headquarters of the Dark Divine Court.

Ye Feng could no longer wait to go there to see if this canyon of the Gods, known as the most mysterious and difficult special trial place in the Dark God Court, is it as extraordinary as rumored.
