

Ancient God

Chapter 5721 The Gods Canyon

When Ye Feng heard the young man beside him say this, he laughed, not caring at all, patted the other person on the shoulder and said, "Senior brother, don't be so polite."

At this time, the young man couldn't help but smile bitterly and shook his head, saying, "If you reach my current level of cultivation, your real combat power will definitely be far beyond me. I should call you a senior brother. "

At this moment, just as the two were talking, the Fire Snake Elder suddenly threw out a red token and handed it to Ye Feng, saying, "This token is the token of the core disciple. Moreover, this token has a special mark of this elder. If you have any questions in the future, you can come to me with this token at any time."

Hearing Elder Fire Snake say this, Ye Feng's eyes suddenly showed a look of surprise.

The young man beside him showed a surprise smile on his face and quickly spoke to Ye Feng: "Junior Brother Ye Feng, thank Elder Fire Snake, Elder Fire Snake attaches great importance to you, so he will have I will give you the token of my own exclusive mark. From now on, you will have a backer in our Dark God Court. Do you want me to survive until today? No inner sect elder can take a fancy to me? My current disciple token is still Ordinary core disciple token, and you already have a special core disciple token engraved with the mark of the elder in the inner gate. This means that you are considered a very special existence in our group of core disciples of the Dark Divine Court. More rights to enjoy."

Hearing the young man beside him say this, Ye Feng then realized it, and hurriedly hugged his fists and said, "Thank you for your importance to Elder Fire Snake."

Elder Fire Snake nodded and said, "I admire your extremely powerful strength, which is far beyond your current level of cultivation. A person like you is a good seedling for the future of our entire Dark Divine Court. I hope you can continue to work hard next."

After saying that, Elder Fire Snake went back to his high platform, and began to close his eyes and rest, and practice.

The young man pulled Ye Feng away quickly.

This time, Ye Feng was very lucky. Not only did he successfully verify his core disciple, but he also obtained the core disciple identity token, which is the exclusive mark of the inner elder, such as the Fire Snake Elder.

When the two returned to the central hall, the young man immediately smiled and said to Ye Feng, "In the future, in the Dark Divine Court, you are also a core disciple. There are many special places in our dark expressions. Only core disciples can enter, and Junior Brother Ye Feng can now enter and exit some special cultivation places at will. "

Ye Feng nodded and said, "If you want to quickly improve your strength, I don't know which special cultivation place in our Dark Divine Court is the most effective. Please give me some advice."

Hearing Ye Feng say this, the young man thought for a moment, then said, "Junior Brother Ye Feng, your real combat power is very strong, far beyond the level of cultivation you have shown on the surface, an ordinary special place of cultivation. , I am no longer satisfied with you, Junior Brother Ye Feng. I suggest that Junior Brother Ye Feng, go directly to our most mysterious and difficult special cultivation place in the Dark Divine Court. There, if Junior Brother Ye Feng, you can persist for half a month or even a month , it must be of great benefit to your strength improvement."

When Ye Feng heard the young man say this, his eyes lit up.

Because Ye Feng had already known that among the top super sects in the dark world, the founders of powerful sects in the ancient times have left behind special places of cultivation, It is specially used for the practice of disciples in the sect.

At this moment, Ye Feng couldn't help but ask, "Senior Brother, what is the most mysterious and difficult special cultivation place you are talking about in our Dark Divine Court?"

The young man's expression also became solemn and serious, and he slowly spoke out: "The most mysterious and difficult special place of cultivation in our Dark Divine Court is called the 'Gods of Gods'."

"Canyon of the Gods?"

At this time, when Ye Feng heard the young man say such a name, he suddenly showed a look of surprise in his eyes.

Ye Feng has never heard of this place, but just listening to the name, you can tell that it is very extraordinary.

At this moment, the young man explained: "This Gods Canyon is a place discovered by our Dark God Court that contains the ancient gods who once discussed it. It has traces of the activities of many ancient gods, so the previous leader of our Dark God Court The great master used his great power to move this place back to the headquarters of our Dark God Court, which allows our disciples from the Dark God Court to enter it at any time and comprehend the secrets of the gods, but only the core disciples can enter it, and other disciples do not have it. Qualified to enter, of course, this is also to ensure the safety of

ordinary disciples, because ordinary disciples cannot bear the majestic power of the ancient gods contained in the Gods Canyon, and will explode and die instantly. Only the core disciples are barely capable. Enter the canyon of the gods and understand the secrets of the gods. There, perhaps you can discover the secrets of the ancient gods, so that your cultivation can be a thousand miles a day and your skills will skyrocket. Many of our true disciples in the Dark God Court were once in the past. After comprehending some secrets of the ancient gods in the Gods' Canyon, he finally grew into the most powerful true disciple and even became the pillars of our Dark God Court. For example, the Dark God Son of our Dark God Court was also an ordinary core disciple back then. But in the Canyon of the Gods, the mystery of the Gods of Darkness was realized, so it was finally designated as the Son of the Gods of Darkness by the upper class of our Darkness Court. "

When Ye Feng's eyes suddenly flashed when he heard the young man say this.

The Son of the Dark God Court, however, was jealous of the fact that he was very close to the goddess Ziyue and wanted to kill himself.

I didn't expect this guy to be so lucky. He once learned a very powerful god in the Gods Canyon. The mystery of the gods of the Dark God is no wonder he can become the son of the Dark God Court, and his strength is so strong.

At this moment, Ye Feng immediately looked at the young man in front of him, hugged his fists and said, "Thank you, Senior Brother, for having been delayed for so long, helping me to authenticate my core disciple, and giving me such important advice and information, If my senior brother has any difficulties in the future, you can come to me at any time. As long as I can help, I will do my best to help."

Swish!

After the words were finished, Ye Feng jumped directly, left the central hall, and flew quickly towards the direction of the special trial land of the Gods Canyon in the headquarters of the Dark Divine Court.

Ye Feng could no longer wait to go there to see if this canyon of the Gods, known as the most mysterious and difficult special trial place in the Dark God Court, is it as extraordinary as rumored.

Chapter 5722 Silently alone

Although Ye Feng has been practicing in the extraterritorial battlefield during this period, his own cultivation strength has been greatly improved many times.

However, since returning to the Dark Divine Court, Ye Feng has discovered many very powerful people, much stronger than his cultivation, which has given Ye Feng a stronger direct motivation again.

And what surprised Ye Feng the most was that the Son of the Dark Divine Court was not as simple as he imagined.

This Son of God of the Dark God Court once received an extremely powerful god in the Canyon of the Gods. No wonder the inheritance of the Dark God God can be named the Son of the Dark God Court.

You should know that the Dark Son of the Dark God's Court is definitely a destined mortal enemy to Ye Feng.

Because the Dark Son of the Dark God's Court had even sent someone to secretly get rid of Ye Feng, but was eventually killed by Ye Feng.

Although the two have not had a head-on confrontation, the Son of the Dark Divine Court secretly used other disciples of the Dark Divine Court to assassinate Ye Feng. For Ye Feng, this is simply unforgivable.

Therefore, in Ye Feng's heart, he had already regarded the Son of the Dark Divine Court as his must-kill enemy.

However, the Dark Son of the Dark God Court is very powerful, and Ye Feng is currently unable to confront him head-on.

Ye Feng went to the Gods Canyon this time, although he was able to make greater use of his identity as a core disciple in the Dark God Court and to get various cultivation resources and opportunities in the first-class sect of the Dark God Court as much as possible.

Because only the core disciples of the Dark Divine Court can go to special trial places such as the Gods Canyon.

Ye Feng soon arrived at the deeper area of the headquarters of the Dark Divine Court.

There are teleportation arrays here.

These teleportation arrays are used to teleport the disciples to the special trial land.

At this moment, Ye Feng did not hesitate at all and came directly to a teleportation formation.

There is a sign next to this teleportation array, which says four big words: Canyon of the Gods.

Obviously, this teleportation array is a formation that specializes in teleporting core disciples to the Gods Canyon.

At this moment, Ye Feng came to this teleportation formation, and there was an old man in a black robe next to him guarding him.

Ye Feng immediately took out his core disciple's identity token and said, "Senior, I want to go directly into the Gods Canyon."

When the guardian heard Ye Feng say this, a look of surprise suddenly appeared in the eyes of this old strong man. He didn't expect that Ye Feng, a young disciple, was already a core disciple.

Moreover, after this old man took over the token from Ye Feng's hand, a look of astonishment suddenly appeared in his eyes.

Because he never expected that Ye Feng's core disciple token would actually have the identity mark of the Fire Snake Elder.

This is enough to show that Ye Feng has received the attention of an inner sect elder.

At this moment, this old strong man became a little polite to Ye Feng, and quickly smiled and said, "The Gods Canyon is the most dangerous place in the entire trial place. You are sure to go to it for the first time. Do we have other trial places, such as the Dark Abyss, Endless Cores, Ocean of Fire, etc., which are relatively less difficult and are very suitable for beginners to try for the first time."

Ye Feng heard this and just smiled and said, "Thank you for your kind reminder, but I still want to go to the most mysterious and difficult trial place of the Gods Canyon, because the more dangerous the place is, the more we can." Quickly improve my strength."

Hearing Ye Feng's words, the old strong man who guarded the formation immediately gave Ye Feng's look of admiration, and then said, "Okay, since you have decided, I will not advise you anymore. Then I will help you open this teleportation array."

At this time, the old strong man who was guarding the formation directly opened the formation in front of him, and Ye Feng walked in directly.

Buzz!

With a violent spatial fluctuation, Ye Feng had disappeared into this teleportation array.

When Ye Feng opened his eyes again, he found that he had arrived in a continuous earth-yellow canyon.

This canyon is very vast, with no end at first sight. It is full of strange rocks, but no plants grow, and it looks deserted.

But this is the famous Canyon of the Gods. The ancient gods were once here to discuss and practice Taoism and practice, and they left a lot of wealth and inheritance. Finally, they were founded by an ancient founder of the Dark God Court using the Darkness. We can forcefully transport this special place to the headquarters of the Dark Divine Court, so that our disciples can continue to enter and comprehend and practice.

However, there are also dangers here. Many core disciples entered the Gods Canyon, and died suddenly because they could not withstand the pressure of some ancient gods and some hidden dangers in the Gods Canyon. This situation is also very common.

So Ye Feng was naturally very vigilant at this time and exuded his soul power to cover the surroundings in case of dangers that might come at any time.

For Ye Feng, this time he entered the Canyon of the Gods, even if he could not touch the inheritance left by the ancient gods, he would at least have to obtain some cultivation resources left by the ancient gods to further improve his skills.

Otherwise, Ye Feng would have taken a vain risk.

Because the reason why Ye Feng did not choose other trial places and came directly towards this most dangerous place was to get opportunities far beyond his expectations.

Just as Ye Feng was thinking in his heart, Ye Feng suddenly discovered that there was the breath of other cultivators moving around him.

Swish!

Ye Feng immediately flew into the air and looked not far away. He found that in a valley not far away, several practitioners wearing the clothes of the core disciples of the Dark Divine Court were moving, as if they were looking for something.

Ye Feng immediately understood that this Gods Canyon is not open to one person at a time, but to all core disciples, and even true disciples.

In other words, in this valley of the Gods, I may encounter other disciples of my fellow disciples at any time.

This is not a good thing for Ye Feng.

Because if there are very good opportunities and luck in some place, it will definitely cause a large number of disciples to go and grab them.

Ye Feng has just become a core disciple, and his strength among the core disciples is not the strongest, not to mention that there may be more advanced and more powerful true disciples here.

So at that time, I will definitely not have the strength to compete with other stronger disciples for opportunities and luck.

So Ye Feng thought at this moment that he still had to look for opportunities and creations hidden in this canyon of the Gods by himself, and should not join in the fun of opportunities and creations that everyone knows, unless he becomes stronger, Be confident to compete with other powerful disciples.

Now let's just look for hidden opportunities and luck by yourself.

Chapter 5723 Black Flame Spirit Flower

Fortunately, Ye Feng is a soul master and his soul power is very huge, so as long as Ye Feng keeps using his huge soul power and searching every inch, he will definitely be able to search for some opportunities and fortunes hidden in the dark.

Ordinary disciples must have no way to search these opportunities and creations hidden in the dark.

Even a powerful true disciple may not be able to discover it.

But Ye Feng can.

Because Ye Feng is a unique soul master and a special existence of fellow soul martial practitioners.

Sure enough, Ye Feng was searching through the carpet-style search of soul power and suddenly discovered a very special energy fluctuation in a cave not far away.

Ye Feng's eyes immediately lit up and he walked quickly towards the cave.

This cave is very narrow, and ordinary practitioners may not even look at it when they come here.

Because this kind of cave is usually a place where some weak monsters survive.

Many people who come to this Gods Canyon are basically core disciples or high-ranking true disciples.

As their identities, they simply disdain to explore such a simple cave.

But Ye Feng sensed a very extraordinary energy fluctuation from it, and there must be something good.

Ye Feng immediately walked in.

When Ye Feng walked into this small cave, he saw that a flame flower emitting red light grew out of the cave.

This flower burning with flames looks very extraordinary and is definitely a very precious existence.

At this time, Ye Feng did not hesitate at all, and walked forward, preparing to extend his hand and pick the flame-burning flower.

However, just as Ye Feng's palm was approaching this flame flower and had not touched the other party, suddenly Ye Feng felt a terrifying hot force gushing out of the flower's heart, raising his palm It's all about to melt.

"What?"

At this time, Ye Feng immediately withdrew his hand, his eyes staring at the flame flower in front of him with a deep look of surprise.

Ye Feng immediately couldn't help but speak out in surprise: "This flower looks very ordinary, even a little ordinary, but I didn't expect that the flame power burning on it was so terrifying. My God Immortal bodies cannot resist the flame power of this flame flower."

At this time, Ye Feng immediately understood that this flame flower is definitely not an ordinary spiritual medicine for heaven and earth, but should be a very precious peerless medicine king.

At this moment, Ye Feng did not hesitate at all and immediately took out a book from his storage ring.

This book is the spiritual medicine illustration obtained by Ye Feng after he became a core disciple. As long as it is a very famous spiritual medicine, it is basically recorded in it.

Swish swish swish swish!

Ye Feng looked through quickly, while observing the shape of the flame flower in front of him, he looked for the corresponding pattern in this spiritual medicine illustration.

Ye Feng carefully observed the flame flower in front of him, and saw that the petals of the flame flower were not ordinary red, but a very deep dark red, and even a feeling of turning towards the dark color.

In addition, Ye Feng discovered that every petal of this flame flower has very special black patterns, and these black patterns gathered to the end and connected to the center of the flower. A dark flame burned in the center of the flower. , emitted a dark black light, giving people a very strange feeling.

At this moment, Ye Feng was quickly searching for the book in his hand based on the shape of the flower.

Soon, Ye Feng found the name of this flower.

This flower is called the Black Flame Spirit Flower!

This flame flower looks like it is burning with red light, but in the heart of the flower, the burning flame is black flame, so it is called "Black Flame Spirit Flower".

This flame flower is very precious in the picture and has many functions.

For example, the black flame burning on the core of this flame flower can be extracted directly and become a kind of strange fire. It is refined into its own body by the practitioner. This black flame can be used, which has a very terrifying burning power. .

Seeing this characteristic, Ye Feng's eyes suddenly showed a look of surprise.

After all, Ye Feng's current immortal body of the gods was unable to withstand the black fireworks burning in the heart of the flower, which is enough to show how terrifying this black flame is.

So at this time, according to the instructions in the book, Ye Feng directly wanted to extract the black flame with the most terrifying burning power in the heart of this flame flower.

But Ye Feng discovered his power and had no way to extract the black flames in the heart of the flower.

At this time, Ye Feng could only use the extremely powerful super magic weapon he had obtained before, the Immortal Tower of the Great Demon God, suspended at the top of this flame flower, suppressing the flame power of this flower.

Then Ye Feng successfully extracted the black flame in the heart of the flower, and then merged towards his body.

Soon Ye Feng mastered the black flame.

This black flame has a terrifying burning power, which is equivalent to Ye Feng mastering a very powerful alien fire in heaven and earth, which can be released at any time to burn the enemy.

Ye Feng must deeply understand how high the black flame burned in the heart of this flower is and how powerful it is, which is enough to burn and melt the immortal body of the god in his current state.

It is hard to imagine that once this black flame burns the enemy, it is probably that enemies who are five or six major realms higher than Ye Feng will not be able to stop the burning power of this black flame.

Ye Feng naturally showed a deep look of surprise in his eyes. He didn't expect that he could extract such terrifying flame power from a flower, which really made Ye Feng feel very happy.

At this time, Ye Feng continued to look at the description of this flower in the book, and once again discovered that after the petals of this flame flower were crushed, they could be used to temper the power of his body, strengthen the meridians, and improve the body. Bone strength, strengthen the strength of muscles, and can also reduce your future damage to flame attacks.

At this moment, Ye Feng naturally crushed all the petals of this flower according to the instructions in the book and applied them to his body.

Ye Feng could clearly feel that his body power had been improved.

At this time, Ye Feng couldn't help but sigh that sometimes if the books contain experiences from previous generations, according to the guidelines in the books, he could indeed make full use of the effects of these spiritual medicines in the world.

After doing all this, Ye Feng directly swallowed all the medicinal power of the remaining flower.

Chapter 5724: Harming the Sect

boom!

At this moment, with a huge amount of medicinal power injected into Ye Feng's dantian, a powerful cultivation aura suddenly burst out from Ye Feng's body.

At this moment, Ye Feng's cultivation level broke through and directly broke through to the eighth level of the Divine Seal Realm!

This time, Ye Feng really made full use of this very special black flame spirit flower.

At this time, Ye Feng had to sigh that this Gods Canyon is indeed a very extraordinary place. He had just arrived at this Gods Canyon, and he had not expected to have obtained such a very precious spiritual medicine for heaven and earth.

Not only did he break through the first level of his cultivation, but he also enhanced his physical condition and could be immune to the damage of flames.

In addition, the most important thing is that Ye Feng got the special black flame that was nurtured in this flower heart, which made Ye Feng control the black flame with a very terrifying combustion power.

You should know that even Ye Feng's current immortal body of the gods cannot be stopped, and it can melt.

This is enough to show that the quality of this black flame is absolutely terrifying, and Ye Feng is equivalent to getting an extremely powerful trump card.

At this moment, Ye Feng left the cave and continued to walk quickly towards the depths of the Gods Canyon.

When Ye Feng came to the middle area of the Gods Canyon, he suddenly saw an extremely vast desert around him.

In this desert, there are actually ancient ruins left over from ancient times.

There are many broken buildings among these ancient ruins.

Seeing this scene, Ye Feng immediately understood that this should be the place where ancient gods left behind and belonged to the remains of ancient gods.

Ye Feng is naturally very looking forward to the remains left by this ancient god.

Because there may be some caves of ancient gods left behind, or some secret realms built by some gods.

Ye Feng knew that if he could find some caves or secret realms left by the gods, there would definitely be huge opportunities and luck.

Ye You said this time that I thought of what the senior brother of the Central Hall said to you before. The Dark God Son of the Dark God Court, including many other true disciples, used to find the cave of ancient gods in the Gods Canyon and obtained the ancient ones. The inheritance of the gods finally became so powerful and became a noble existence in the Dark God Court.

At this time, Ye Feng naturally did not hesitate at all and immediately began to search for this deserted desert.

Ye Feng has soul power that ordinary people do not have, so his exploration speed is much faster than everyone else.

Ye Feng soon explored many ancient ruins, most of which were the residences left by ancient gods, but many people must have been here, so Ye Feng did not get any good things, only found them. Some broken weapons left by the broken gods.

Although Ye Feng cannot use these things, if you take them out, you should be able to sell them at a high price.

Ye Feng naturally also took all of them into his storage rings, without wasting a single trace of them.

Soon, Ye Feng entered the depths of this desert.

There are more and more ancient ruins appearing here, and Ye Feng has also found many caves left by ancient powerful people, but most of them are empty, and it is obviously plundered by the core disciples who have come here.

However, just when Ye Feng was a little disappointed, he suddenly discovered an ancient cave built underground.

In this cave, several ancient brocade boxes actually appeared.

"Um?"

Ye Feng's eyes immediately lit up. These ancient brocade boxes might be good things left by a god in this cave, leaving them for those who are destined to be later.

Swish!

Ye Feng did not hesitate and immediately rushed forward, wanting to open these boxes to see if there were any opportunities and creations left by the ancient gods.

But just the moment Ye Feng opened the first box.

Boom! !

The box exploded in an instant, and a terrifying light of destruction immediately burst out from the box, almost blowing Ye Feng's entire body to pieces.

Fortunately, Ye Feng has an extremely powerful immortal body of the gods. His body and hair are made of divine iron, extremely strong. He withstood the damage of this explosion, but only damaged his skin.

At this moment, Ye Feng immediately showed a cold look in his eyes, and he suddenly looked around and said, "This is a trap! Someone is lying around!"

"Hahaha!"

And just as Ye Feng finished speaking, accompanied by a joking sneer, three disciples of the Dark Divine Court walked out from around.

These disciples from the Dark Divine Court should be core disciples, otherwise they would not be qualified to enter this Gods Canyon.

But unexpectedly, they set up a trap here to murder Ye Feng, who became a disciple of the Dark Divine Court.

At this time, Ye Feng's face immediately became low, he looked at the core disciples of the Dark Divine Court, and said, "Why do you want to set traps here and try to frame me? I and I There should be no grudges for you."

At this moment, Ye Feng saw that the three core disciples of the Dark Divine Court, two men and one woman, were quite powerful in cultivation.

At this time, when he heard Ye Feng say this, these core disciples of the Dark Divine Court immediately smiled sarcastically and said, "Don't think you are a special person. We set this trap, not specifically targeting you. Boy, we are just targeting every other person passing by, but you are not lucky, and you are the third person to enter our trap today. "

"Um?"

When Ye Feng heard this, his eyes showed a cold look and he said, "Where are the first two disciples who entered this trap?"

These three disciples of the Dark God Court immediately smiled cruelly and said, "Of course the two are dead, and we have all obtained the wealth and storage rings on them."

Hearing these three disciples of the Dark Divine Court say this, Ye Feng's eyes immediately became even colder, and his tone was full of deep anger, and he said out loud: "You three are the core disciples of the Dark Divine Court, In this canyon of the gods, if you don't look for the opportunities, fortune and wealth left by the ancient gods, you actually set up a trap here to induce other disciples to come here, lead them into the trap, and harm your fellow disciples. This behavior is really a shame to our Dark God Court!"

Chapter 5725 Shock and Despair

Hearing Ye Feng's words, these core disciples of the Dark Divine Court immediately laughed out loud and said, "Man dies for money, birds die for food. Although we three are core disciples, they are all core disciples. With our own strength, it is impossible to find any good opportunities in this Gods Canyon, but if we set up a trap and specifically kill other disciples passing by, what they are looking for Not all the wealth of ours will be ours."

Hearing these core disciples of the Dark Divine Court say this, Ye Feng's face turned very cold and he said, "You all deserve to die."

"Hahaha!"

Hearing Ye Feng's words, these core disciples of the Dark Divine Court immediately smiled sarcastically and said, "Boy, you have entered our trap. The bursting talisman in the box just now did not give you. Just blow it to death, you kid is already lucky enough, and now you will definitely die."

Boom!

Almost as soon as these core disciples finished speaking, the ground of the entire cave immediately lit up with patterns.

These lit patterns formed a large array, covering Ye Feng's entire person directly.

Then the entire formation immediately condensed golden weapons and attacked Ye Feng frantically.

This is a metallic formation that can absorb the Gengjin energy from the surrounding heaven and earth, condense weapons, and kill the cultivators in the formation.

Ye Feng could clearly feel that these metal weapons were very sharp at this time, and even his immortal body of the gods could be cut out of scars.

This made Ye Feng's eyes suddenly look surprised, and he couldn't help but say, "This formation is so powerful that with your strength, there is no way to arrange it."

Hearing Ye Feng say this, the core disciples of the Dark Divine Court outside the formation immediately smiled in surprise, and then said, "You guy has a good eye. This formation is indeed not arranged by us, but The formation that was originally built in this cave should have been left by an ancient powerful man, but one of the three of us had a special study on the formation. If you change it a little, this formation will be It can be used by us, and the owner of this cave back then should be a metal practitioner. He said that the formation he created was condensed with the metal energy was very terrifying. No matter how strong your body is, it will eventually be They will also be cut to death."

Ye Feng smiled coldly at this time and said, "I just wanted to test the power of this formation. This formation is of no use to me. Your trap is in me. There is no use in my eyes."

Swish!

Almost as Ye Feng finished his words, Ye Feng walked out of the formation without any damage in the horrified eyes of the three core disciples of the Dark Divine Court outside the formation.

The formation powers that were still attacking Ye Feng suddenly stopped moving.

"What??"

Seeing this scene, the core disciples of the Dark Divine Court outside suddenly widened their eyes, as if they could not believe what they saw.

Because Ye Feng walked out of the formation safely.

This is simply incredible!

Because this formation is not an ordinary formation they arranged, but a formation left by the ancient super strong man. It is very mysterious, even if it is a very powerful core disciple or even the top-ranked existence among the core disciples. It is impossible to get out of this formation.

So they were able to plot against two core disciples before.

But unexpectedly, Ye Feng was able to walk out of the formation safely.

This really surprised the three of them.

But the next moment, the core disciples of the three Dark Temple immediately spoke out: "This kid's cultivation is not that powerful. Perhaps he only has special research on the formation and can get out of the formation. The cultivation level is much weaker than ours. How could the three of us beat him? Boy, you will definitely die after all!"

Rumble!

At this moment, the three core disciples of the Dark Divine Court immediately released their extremely powerful power and attacked Ye Feng one after another.

However, the cultivation level of these core disciples is only one or two higher than that of Ye Feng. They think that relying on the number of people and cultivation level to suppress Ye Feng.

But Ye Feng's real combat power is extremely terrifying.

At this moment, Ye Feng did not hesitate at all, and he didn't even have to use his extremely powerful super magic weapon or any powerful inheritance.

Ye Feng directly stimulated the power of the immortal body of the gods and punched out one punch after another.

Ye Feng's golden fist was like the sharpest spear in the world, and it directly shattered all the magic weapons of these three core disciples of the Dark Divine Court.

Any of their weapons and weapons were shattered in front of Ye Feng's golden fists.

Then Ye Feng's golden fist beat all the core disciples of the three Dark Divine Court seriously injured and lay on the ground.

"What??"

Seeing this scene, the three core disciples of the Dark Temple all showed deep horror and despair on their faces.

They never expected that Ye Feng's real combat power would be so powerful.

Not only can he pass through the ancient formation safely and have such magical abilities, but his own strength is also so terrifying.

At this moment, these core disciples of the Dark Divine Court immediately understood that they had provoked people who could not be provoked. This was an extremely terrifying peerless genius.

At this moment, Ye Feng stepped on the heads of the two core disciples of the Dark Divine Court in a terrified gaze of the three.

When the third time was about to be, the core disciple of the Dark Divine Court immediately spoke out in horror: "Senior Brother! Senior Brother, don't kill me! I am willing to give everything I have!"

At this moment, this core disciple who spoke was the only female disciple among the three core disciples, quite handsome. At this moment, she seemed to have some ideas and was willing to devote everything she had to Ye Feng in exchange for her life.

But the next moment, Ye Feng's eyes were still cold and ruthless. He stomped on the other party's beautiful head and killed all the core disciples of the three insidious Dark Divine Court.

Buzz!

At this moment, Ye Feng directly released the devouring field and began to devour the attack power of these three core disciples.

The skills of these three core disciples are still very powerful. After Ye Feng swallowed them, a powerful cultivation aura burst out from his body.

Ye Feng's cultivation continued to break through the first level of heaven and entered the ninth level of the Divine Seal Realm!

Swish!

At this time, Ye Feng directly reached out and grabbed the storage rings on the three core disciples of the Dark Divine Court in his hands.

The next moment, Ye Feng slightly investigated the wealth in these three storage rings, and his eyes immediately lit up.

Ancient God

Chapter 5726 Su Ruoshui

The wealth among these three storage rings is very rich, there are many magic pills, and many other treasures of heaven and earth. They should be snatched by these three core disciples from the core disciples who passed by before Ye Feng naturally used all wealth.

boom! !

The next moment, Ye Feng's cultivation level broke through again and entered the Great Perfection of the Tenth Heaven of the Divine Seal Realm!

At this moment, Ye Feng took a deep breath and felt that his strength had increased by hundreds of times.

At this time, Ye Feng looked around and found that there was nothing else in the cave, so he immediately left here.

It has to be said that all the plans of these three core disciples of the Dark Temple are very perfect.

But they encountered such a monster as Ye Feng, and they could not reasonably judge him, so they were eventually killed.

After Ye Feng left this cave, he continued to explore other ancient ruins in the desert.

Moreover, after this lesson, Ye Feng knew that he would not only beware of the dangers left over from ancient times in this Gods Canyon, but also beware of other core disciples of the Dark Divine Court in this Gods Canyon.

Because for the sake of profit, some disciples simply ignore the so-called love of their fellow disciples, and even their fellow disciples do not hesitate to kill and plunder wealth.

After all, this is a bloody world of practice, and many practitioners can ignore anything for the sake of their benefit.

At this moment, Ye Feng continued to search.

When Ye Feng came to the end of this desert, he suddenly saw a broken void appeared at the end of the desert.

In this broken void, fragments emitting dazzling light were actually hanging.

Ye Feng sensed these fragments for a moment, and suddenly a shocked look appeared in his eyes.

Among these fragments, there is a very strong power of law and the breath of heaven!

"Are these all fragments of the law?"

At this moment, Ye Feng was suddenly a little shocked.

Ye Feng was not often shocked, but this time he was really shocked.

Because Ye Feng had never seen such a large fragment of broken void hanging from thousands of fragments of law.

The fragments of the law are the things left over from ancient gods after the fall or ascension of the ages. For ordinary practitioners, they are like sacred objects.

If a piece of law can be integrated, it will definitely increase the strength of the practitioners, allowing the practitioners to directly understand the true meaning of the heavenly way, which is of great benefit to practice.

At this time, Ye Feng was still very shocked, looking at the broken void ahead, there were so many fragments of the law.

Ye Feng immediately walked forward, wanting to explore this area and see if he could get some fragments of the law into his body.

Although most of these fragments of law are the power of perception left by ancient gods, there is no actual energy that can break through one's own skills.

But Ye Feng knew very well that even if there was no actual energy in these fragments of law, which would strengthen his skills, if he could integrate some fragments of law, it would have a huge enhancement effect on his own understanding of practice.

In addition, Ye Feng knew very well that many fragments of law left behind by ancient gods after the fall or ascension of the ancient gods may contain the inheritance and mystery of the ancient god.

If you can understand the secrets of the inheritance of some gods from some fragments of the law, you will definitely make a profit.

It's no less than getting a super peerless inheritance.

At this moment, Ye Feng was about to enter this broken void and explore the fragments of the law hanging from the sky.

Swish!

But suddenly at this moment, a beautiful young woman in a long blue dress suddenly flew from a distance and appeared beside Ye Feng, with a cold voice saying, "Don't rashly enter this broken void Otherwise, if you are caught in some void turbulence, or cut into the body by some space cracks hidden in the void, even if your physique is strong, you will be cut in half in an instant and die in an instant. Moreover, these law fragments are extremely unstable. A slightly unintentional exploration may cause some unstable law fragments to explode. An explosion of law fragments will blow up all the space within a radius of several kilometers. No matter how powerful a practitioner is, he will be crushed to pieces."

Hearing this beautiful young woman in a green robe say this, Ye Feng suddenly showed a look of surprise in his eyes. He couldn't help looking at the beautiful woman in a green robe, hugged her fists, and said, " At the lower Ye Feng, I don't know what the senior sister is named? If you know so much information, it seems that the senior sister often comes to the Gods Canyon to practice, but no matter what, thank you for your reminder."

Ye Feng felt a little emotional when he saw this senior sister wearing a green robe. Among his fellow disciples, they were not only robbers, but also kind-hearted people and willing to help others.

At this moment, this beautiful young woman in a green robe looked at Ye Feng and said, "Ye Feng, this name is good, like a shadow in the wind, and she feels free. By the way, I The name is Su Ruoshui, we will see you again if you are destined to do it."

Swish!

After the words were finished, the beautiful senior sister Su Ruoshui flashed and disappeared into the broken void ahead.

Ye Feng looked at the other party's back and felt the remaining breath of cultivation. His eyes immediately showed a solemn look.

This senior sister named Su Ruoshui is definitely an extremely powerful existence.

Ye Feng couldn't see through her cultivation aura.

Obviously, Su Ruoshui may not be just a core disciple, but may be the most advanced true disciple in the Dark Divine Court. Otherwise, it would be impossible for Ye Feng to see through it.

At this time, Ye Feng was quite moved. If the disciples of the Dark Divine Court who had set up traps before were true disciples, then he would really suffer.

At this moment, Ye Feng took a deep breath and thought of the reminder of this senior sister Su Ruoshui, he was naturally more cautious and slowly walking in this broken void.

Ye Feng's temporary cultivation is indeed much worse than that of a normal disciple, and he is unable to fly in this broken void like Su Ruoshui.

Ye Feng can only walk slowly on the surrounding ground now to avoid some huge dangers that may suddenly appear.

For example, the space crack that suddenly appears will cut the entire body into countless fragments, or some fragments of law that are not very stable in themselves will suddenly be triggered by their own power aura and explode directly. These are all Points to be noted.

Ye Feng naturally remembered what the senior sister named Su Ruoshui had just reminded her. After all, these are the experiences of old disciples. The experiences of predecessors are very precious and valuable, and can avoid many unnecessary things for later generations. risk.

#5726 - Absorption Rule Fragments

At this moment, keeping in mind the reminder that his mysterious senior sister Su Ruoshui had given him earlier, Ye Feng walked very cautiously in this broken void.

Although Ye Feng possessed soul power that could keenly sense the changes in the surrounding movements, there were simply too many fragments of laws in this broken void, and there were also many spatial cracks hidden in the depths of the void, which would suddenly emerge at any time, cutting passersby in half.

So at this time, Ye Feng was naturally being extra careful.

In fact, Ye Feng also thought about directly using the darkness and void talent awakened in the eighth stage of his Undying Celestial Body, allowing himself to merge into the dark void, which would allow him to avoid the dangers that might appear around him.

However, when Ye Feng merged into the dark void, he was unable to move. He couldn't possibly move with the dark void. Otherwise, Ye Feng would directly become a piece of dark void, moving around everywhere, and he wouldn't be afraid of the various dangers that appeared around him.

So at this time, if Ye Feng wanted to walk in this broken void and search for fragments of laws, he could only rely on his true body to walk.

Soon, Ye Feng came to a broken fragment of law.

This fragment of law looked very small, only the size of a palm, like a crescent moon hanging in the dark void, like a bright moon illuminating the surrounding darkness.

Ye Feng approached at this time, wanting to sense this fragment of law.

But in the next instant, suddenly this crescent-shaped fragment of law seemed to sense Ye Feng's aura, and was stimulated by Ye Feng's aura, and actually began to vibrate rapidly.

"Not good!"

Seeing this, Ye Feng's expression immediately changed, and he remembered what the mysterious senior sister Su Ruoshui had said to him before, and immediately retreated quickly, fleeing frantically into the distance.

In the next instant, as expected, not long after Ye Feng fled.

Boom!!

The crescent-shaped fragment of law actually burst open in an instant, directly producing a terrifying destructive force, destroying everything around it.

Seeing this scene, Ye Feng couldn't help but breathe a sigh of relief in the distance.

Sure enough, as the mysterious senior sister Su Ruoshui had said before, this place was really too dangerous.

Not only was there the threat of spatial cracks that might suddenly emerge from the void, but in addition, these fragments of law were not as stable as they seemed.

Wanting to comprehend the inheritance mysteries left by the ancient gods in these fragments of law was definitely not as simple as imagined.

Because many fragments of law were very unstable and could explode at any time.

And once an explosion occurred, the area and space within a few kilometers around would be shattered, and the cultivator would be crushed to pieces.

Ye Feng knew that although his Undying Celestial Body was powerful, it was absolutely impossible to withstand the explosive damage of fragments of law, things left behind by these ancient gods.

At this moment, Ye Feng could only search one by one, leaving quickly before the fragments of law exploded.

Finally, with Ye Feng's unremitting efforts, Ye Feng found a fragment of law the size of a human head, which seemed to be a safe fragment of law.

The moment Ye Feng approached, Ye Feng found that this fragment of law did not vibrate.

"Hmm?"

This made Ye Feng's eyes light up.

Because this showed that this fragment of law was not an unstable fragment of law, but a very stable fragment of law.

Ye Feng could completely comprehend it directly.

At this moment, Ye Feng was naturally very pleasantly surprised, and quickly reached out his hand and pressed it on the surface of this fragment of law, and began to sense the energy contained in this fragment of law.

In that instant, Ye Feng immediately sensed that the energy contained in this fragment of law was very vast and majestic, and should have been left behind by the ancient gods.

He just didn't know whether it was a fragment of law transformed after the fall and body shattered of a certain ancient god, or a fragment of law left behind after ascension.

However, no matter which situation left behind the fragment of law, it contained the mysteries of the Great Dao of Heaven and Earth.

At this moment, Ye Feng directly began to absorb it. The energy in this fragment of law was not much, not the actual energy that could increase his cultivation, but a kind of mystery energy.

After Ye Feng absorbed it, he could not directly improve his cultivation, but it could greatly increase his cultivation mystery, which was of great benefit to his next breakthrough, and also of great benefit to his comprehension of other inheritances.

At this moment, Ye Feng directly began to absorb the cultivation mysteries left by the gods in this fragment of law.

However, Ye Feng did not find a complete inheritance of the gods from this fragment of law, but only some insights into the Great Dao left by a certain god.

But this already made Ye Feng very happy.

After Ye Feng absorbed this kind of Great Dao mystery, he had a huge improvement in his understanding of cultivation, and it could make Ye Feng's comprehension even more monstrous.

Ye Feng had not completely controlled the Great Demon God Undying Tower before, but by absorbing this kind of fragment of law, Ye Feng could use this kind of Great Dao mystery to continuously improve his control over the Great Demon God Undying Tower, this super magic weapon.

At this moment, after Ye Feng absorbed this fragment of law, he directly left the scene and flew quickly towards other fragments of law around, wanting to find out if there was any fragment of law containing the inheritance of the ancient gods.

If he could get the inheritance of a certain ancient god, it would definitely be a great gain for Ye Feng.

However, Ye Feng then found several stable fragments of law in a row, and after absorbing them, he did not find the complete inheritance of the gods, but only allowed Ye Feng's comprehension ability to be improved.

Although this made Ye Feng a little disappointed, being able to absorb so many fragments of law, allowing Ye Feng's comprehension ability to be greatly improved, made Ye Feng already very satisfied.

Soon, Ye Feng passed through this broken void domain.

In fact, there were still many fragments of law, but Ye Feng could no longer approach them.

Because around some of the larger fragments of law, the void was full of spatial cracks, and Ye Feng could not approach them at all.

At this time, Ye Feng felt very regretful, otherwise, if he could get all the fragments of law in this broken void, he would definitely be able to get the peerless inheritance left by a certain god, and even get the complete inheritance left by several gods.

However, Ye Feng did not have the ability to approach so many fragments of law now, Ye Feng could only silently remember the specific location of this area in his heart, and when his cultivation became stronger in the future, he would return and absorb all the remaining fragments of law.

#5727 - Tianshen Pool Water

At that moment, Ye Feng left this shattered void and continued to fly quickly towards other directions around the Valley of the Gods.

The closer Ye Feng got to the depths of the Valley of the Gods, the more he could feel a sense of vastness and boundlessness unique to the ancient era, rushing towards him.

Ye Feng knew that he was approaching the deepest and most core part of the Valley of the Gods.

He wondered what was hidden inside.

At this moment, Ye Feng saw that the closer he got to the inner region of the Valley of the Gods, the more complex the terrain became, with various broken ruins everywhere, collapsed palaces, and many fragments of treasures remaining on the ground, seemingly left over from ancient wars.

However, these things had mostly decayed completely in the passage of time.

This made Ye Feng couldn't help but guess that this Valley of the Gods was not only a place for ancient gods to discuss Taoism and reside, but it was also very likely that ancient wars had taken place here, which is why so many dilapidated ruins and broken artifacts were left behind.

At that moment, Ye Feng looked for some valuable artifact fragments and stored them in his storage ring.

Although these artifact fragments had completely lost their luster, their material was still very good.

Although Ye Feng wasn't very interested in refining weapons, these things could be sold to some weapon refiners, who would definitely be interested and could sell them for extremely high prices.

Just as Ye Feng continued to walk, suddenly a terrifying spiritual energy storm surged from the inner region of the Valley of the Gods.

Buzz!

It was like a terrifying wave swept over, making Ye Feng feel like a small boat that could be blown away in an instant.

Boom!

In that instant, Ye Feng immediately unleashed the power of the Undying Celestial Body, and his whole body shone with golden light.

But even activating the Undying Celestial Body couldn't keep Ye Feng steady in this spiritual energy storm, and it seemed that he might be swept away by this terrifying spiritual energy storm at any time, directly sucked into the shattered void he had seen before, and cut into pieces by countless space cracks.

In that instant, Ye Feng didn't hesitate at all and continued to use the Giant Inheritance Bone that he had fused before.

Rumble!

In that instant, Ye Feng's whole body immediately expanded rapidly, directly expanding into a majestic giant of tens of thousands of meters in place.

Coupled with the Undying Celestial Body, Ye Feng had now become a golden giant of more than 20,000 meters, standing on the earth, and finally completely blocked this spiritual energy storm.

After Ye Feng resisted for a while, the spiritual energy storm finally surged past, and the whole world returned to calm again.

At that moment, Ye Feng returned to his normal human size, and his eyes showed a look of surprise, as if he didn't expect a spiritual energy storm to suddenly appear in the depths of the valley.

Even with such a strong physique, he almost didn't block it.

"You are indeed very good, I didn't misjudge you."

At that moment, suddenly a clear and cold female voice sounded.

"Who?"

Ye Feng looked around and found a beautiful young woman in a green robe standing on a hillside, and it was actually Su Ruoshui, the senior sister who Ye Feng had encountered before who was suspected to be a true disciple.

At that moment, Ye Feng immediately couldn't help but exclaimed in surprise: "Senior Sister Su is waiting for me here on purpose?"

Su Ruoshui immediately shook her head and said, "I also experienced the spiritual energy tide just now, so I meditated here for a while to recover, and didn't rashly enter the inner area of the Valley of the Gods."

Hearing Su Ruoshui say this, Ye Feng's eyes suddenly showed a look of surprise, and he said, "The spiritual energy storm just now, is called a spiritual energy tide? Senior Sister Su seems to know a lot about the Valley of the Gods."

Su Ruoshui nodded and said, "In the deepest area of the Valley of the Gods, the rumors are very mysterious. It is said that there is a very mysterious place called the Celestial God Pool. If anyone can reach the deepest area of the Valley of the Gods, they can enter the Celestial God Pool to cultivate."

"Hmm?"

At this time, hearing Su Ruoshui say this, Ye Feng's eyes suddenly showed a look of surprise, and he said, "Is there any special effect in cultivating in the Celestial God Pool?"

Hearing Ye Feng say this, Su Ruoshui immediately glanced at Ye Feng, and then couldn't help but said, "That is the legendary Celestial God Pool. It is said that the ancient gods discussed Taoism there, which attracted the power of the heavens and descended the power of the heavenly Dao, forming a pool of water. Cultivating in the Celestial God Pool will cause cultivators to undergo transformation from the inside out. Whether it is the body, physique, or spirit and soul, they will be greatly improved and transformed."

Hearing Su Ruoshui say this, Ye Feng's eyes immediately showed a look of anticipation, and he said, "It seems that this Celestial God Pool is a very precious place."

Su Ruoshui nodded and said, "Of course, the Celestial God Pool is the most mysterious place in the legendary Valley of the Gods, but it is very difficult to enter, because as we walk towards the depths of the Valley of the Gods, we will encounter a spiritual energy tide every once in a while, each time more violent than the last. The closer we get to the depths, the more terrifying the spiritual energy tide becomes. Therefore, over the years, only the most powerful Dark God Child of our Dark Divine Court has entered the deepest area of the Valley of the Gods, entered the Celestial God Pool, and obtained great transformation, thus becoming the God Child of our Dark Divine Court."

At this time, hearing Su Ruoshui say this, Ye Feng's eyes suddenly showed a look of surprise, as if he didn't expect the Dark God Child of the Dark Divine Court to have such a feat. He is worthy of being a person who can become a God Child.

But such a person is a mortal enemy with Ye Feng, making Ye Feng's pressure even greater.

But at this time, there was no fear on Ye Feng's face, but full of firmness, and he couldn't help but said, "I can do what others can do."

After saying that, Ye Feng directly walked quickly towards the depths of the Valley of the Gods.

"Hmm?"

Seeing this scene, Su Ruoshui couldn't help but said, "You have already felt the terror of the spiritual energy tide in that spiritual energy tide just now, and that was only the weakest spiritual energy tide in the outermost area. Are you sure you want to enter the deepest part of this Valley of the Gods? You may be torn into pieces in a very violent spiritual energy tide."

Hearing Su Ruoshui's reminder, Ye Feng showed a hearty smile on his face, his eyes full of courage, and said, "Now that I'm here, I always have to see if that Celestial God Pool is as mysterious and powerful as the rumors say."

At this time, after Ye Feng finished speaking, his figure was almost invisible.

Swish!

However, in that instant, Su Ruoshui's beautiful figure moved, and the beautiful figure in the green robe had already appeared beside Ye Feng, walking side by side with Ye Feng.

"Hmm?"

Seeing this mysterious senior sister come to his side, Ye Feng's eyes suddenly showed a look of surprise, and he said, "Senior Sister Su, are you also going to enter the deepest area of this Valley of the Gods with me?"

Su Ruoshui nodded, a mysterious smile appeared on her beautiful face, and said, "I entered the Valley of the Gods this time to find the legendary Celestial God Pool in the deepest part of the Valley of the Gods, because my cultivation has reached a bottleneck, and only the Celestial God Pool can help me break through. I must find the Celestial God Pool."

#5728 - A place of test

Hearing Su Ruoshui say this, Ye Feng nodded, a look of anticipation appearing in his eyes. He said, "Then let's set off together. Although my current cultivation is far behind Senior Sister Su, I have some tricks up my sleeve that will surely surprise you. At critical moments, they might come in handy. If we cooperate well, we might be able to successfully pass the test of the Gods' Canyon, enter the deepest area of the Gods' Canyon, find the Heavenly God Pool Water, and transform our cultivation, strength, and physical constitution."

Hearing Ye Feng's words, the mysterious true disciple Su Ruoshui stared at Ye Feng, a look of surprise seemingly appearing in her eyes. Then, she smiled lightly and said, "You are an interesting person. Originally, in my eyes, your current cultivation is simply that of a new disciple, too weak. But when you resisted the spiritual energy tide just now, I saw the whole process. Your potential is very great, and your real combat power is also very strong. Perhaps you can really help me successfully pass the next difficulties, enter the deepest area of the Gods' Canyon, and find the Heavenly God Pool Water."

Speaking of this, Ye Feng's eyes showed a look of surprise, and he couldn't help but say, "It seems that Senior Sister Su has been here several times, otherwise, it would be impossible to be so familiar with this place."

Su Ruoshui nodded and said, "I have been here a total of nine times, but each time I have failed, unable to enter the deepest area of the Gods' Canyon. This time I have become stronger, but I am still not confident. However, Junior Brother Ye Feng, you are a variable, perhaps you can really help me successfully enter the deepest part of the Gods' Canyon this time."

Just as the two were talking, they had already reached a relatively deep area of the Gods' Canyon.

However, they did not encounter the next spiritual energy tide.

But at this time, Ye Feng saw that a huge canyon had appeared in front of them.

In this canyon, whether above the sky or on the surrounding earth, weapons were hanging everywhere.

Among these weapons, there were black giant swords tens of thousands of meters long, emitting extreme sword energy, as terrifying as heavenly might. There were jagged long knives several meters long, which, although they looked small, emitted knife lights that could illuminate the sky.

In addition, there were various other weapons, golden spears, dark black hammers, rotating blood-red gears, etc., all kinds of weapons were strange and bizarre.

"Hmm?"

At this moment, seeing this scene, Ye Feng immediately looked at Su Ruoshui beside him and said, "When you came here before, did this kind of special place appear?"

Su Ruoshui shook her head slightly and said, "This should be the legendary Valley of Ten Thousand Weapons. The weapons here are not real weapons, but weapons condensed from the divine energy of ancient gods. This is a test for cultivators who come to the Gods' Canyon. Only by passing the tests of special places one by one can they enter the deepest area of the Gods' Canyon and find the Heavenly God Pool Water. The content of each test is different. When I came here before, the content of the test was not these."

Hearing Su Ruoshui say this, a look of surprise appeared in Ye Feng's eyes, as if he did not expect that to enter the deepest area of the Gods' Canyon, he would have to go through tests one by one.

Ye Feng nodded and said, "Since each test is different, it seems that Senior Sister Su's previous experience is not of much reference value. Let's go directly into it and accept the test."

Hearing Ye Feng so decisively wanting to enter this test site in such a short time.

The mysterious Senior Sister Su Ruoshui couldn't help but take a higher look at Ye Feng.

Because when Su Ruoshui came here each time, the content of each test was different, and Su Ruoshui would sometimes hesitate for a long time.

But unexpectedly, Ye Feng came for the first time, and in such a short time, he directly wanted to enter it and accept the test.

Only a very strong cultivation will can do this.

So all of this naturally made Su Ruoshui take a higher look at Ye Feng.

Although Ye Feng's cultivation is much worse than hers now, Ye Feng's firm martial arts heart is something that even Su Ruoshui can't compare to.

At this moment, seeing Ye Feng's resolute back, Su Ruoshui quickly followed.

The two directly walked into the canyon where various strange weapons were hanging.

Boom!!

The moment they entered it, all the weapons in the entire canyon suddenly made a metallic roar.

The next moment, thousands of weapons instantly rushed towards the two.

At this moment, Su Ruoshui immediately took out a cyan sword from her storage ring.

Immediately, Su Ruoshui's cyan sword instantly split into nine swords, quickly rotating in front of her, forming a rapidly rotating sword wheel, blocking the attacking thousands of weapons.

Ye Feng did not hesitate at this time, directly using the power of the Undying Heavenly God Body, and his whole body burst out with a brilliant golden light.

In addition, Ye Feng also stimulated the Giant Inheritance Bone, and his whole body swelled in place, becoming a majestic golden giant of tens of thousands of meters.

At this moment, Ye Feng immediately looked at Su Ruoshui behind him and said, "Senior Sister Su, you stand on my shoulders, use the sword wheel formed by your cyan sword to resist the attacks of these thousands of weapons, and I will withstand the huge impact and move forward. My physical strength is strong enough to block the impact of thousands of weapons on us."

Hearing Ye Feng say this, Su Ruoshui immediately nodded, and with a leap, her beautiful figure flew to the shoulders of Ye Feng, who had now transformed into a majestic golden giant of tens of thousands of meters.

Su Ruoshui used this powerful sword inheritance to resist the attacks of thousands of weapons, while Ye Feng used the power of the giant to quickly rush forward.

The cooperation between the two can be said to be seamless.

One person uses powerful mana and magic weapons to block the attacks of thousands of weapons.

The other person relies on his powerful physical strength to withstand the terrifying impact and push forward.

Soon, under the joint efforts of Ye Feng and Su Ruoshui, they directly passed through this Valley of Ten Thousand Weapons and finally arrived at the other end of the canyon.

The moment they walked out of this canyon, the attacks of all the weapons instantly disappeared.

They successfully passed through this canyon and passed the first test site.

At this moment, Su Ruoshui immediately looked at the majestic golden giant of tens of thousands of meters under her feet and couldn't help but say, "I didn't expect that Junior Brother Ye Feng's physical strength is so powerful. Although your cultivation is relatively low at present, your physical strength really makes me feel very surprised."

Buzz!

Ye Feng grinned at this time, and directly dissipated his giant body, turning back into his original human size.

At this time, Ye Feng looked ahead and said, "Let's continue moving forward."

Su Ruoshui nodded, and at this time, she really began to recognize Ye Feng as her partner.

At this moment, Ye Feng and Su Ruoshui continued to move forward.

After they walked for a while, they suddenly saw a forest appearing in front of them.

The trees growing in this forest were all blood-red in color, and each tree looked as if it had been bathed in blood.

"This is a blood-colored forest."

Seeing this scene, Su Ruoshui was quite vigilant and said, "It seems to be another test site. I wonder what kind of danger there is in this blood-colored forest?"

#5729 - Thunder Tribulation Ocean

Ye Feng nodded and said, "We'll know once we enter and take a look."

After saying that, Ye Feng directly walked into the blood-colored forest.

Seeing this, Su Ruoshui, knowing Ye Feng was an impulsive person, didn't say much and followed beside Ye Feng.

After the two entered this blood-colored forest, they didn't find anything special. It seemed like just an ordinary forest, except that all the trees were bright red, as if they were cast in blood, which looked quite strange.

The two continued to walk.

When they were walking in the middle area of this blood-colored forest, suddenly a burst of blood-colored light emanated from every tree.

Buzz!

In the next moment, both Ye Feng and Su Ruoshui felt that this blood-red light had instantly stimulated their inner desire for killing.

At this moment, the two looked at each other, feeling like enemies meeting, filled with intense hatred, and were about to attack each other.

Buzz!

Ye Feng immediately used his soul power to suppress this desire for killing, and quickly said, "Senior Sister Su, wake up! This is a very terrifying spiritual soul contamination ability that can contaminate a cultivator's soul and stimulate the most primitive desire for killing. We must not fall into this spiritual contamination."

Hearing Ye Feng say this, Su Ruoshui immediately nodded.

Although Su Ruoshui's spirit was now contaminated, her identity was very mysterious, and she had many magical treasures on her body.

A jade bracelet on Su Ruoshui's snow-white wrist emitted a cool green light, directly clearing the blood-colored energy that was contaminating her spirit.

Su Ruoshui's eyes regained clarity.

"Hmm?"

Seeing this, a look of surprise appeared in Ye Feng's eyes.

You must know that Ye Feng was a soul master, so he was able to suppress this spiritual contamination energy in an instant.

But he didn't expect that a jade bracelet on Su Ruoshui's wrist instantly cleared the spiritual contamination energy.

This magical treasure was truly amazing.

Ye Feng felt that the jade bracelet on Su Ruoshui's wrist should be a soul-attribute magical treasure, obviously a very powerful soul weapon, something that only a soul master could refine.

He didn't expect Su Ruoshui to have one.

After all, this kind of soul weapon was very rare.

At this moment, Ye Feng became even more curious about Su Ruoshui's identity.

Because even a true disciple couldn't possibly possess so many magical treasures.

It seemed that this Su Ruoshui couldn't just be a simple true disciple, her identity might be even more mysterious, more extraordinary than Ye Feng had imagined.

But at this time, Ye Feng didn't directly ask, after all, everyone has their own different secrets, there was no need to ask too much.

As long as he knew that the other party sincerely wanted to cooperate with him, that was enough.

After all, in this world, who doesn't have their own little secret? Sometimes, why bother being too serious, it's just asking for trouble.

At this moment, Ye Feng just said, "Senior Sister Su, next, you can use your special bracelet to clear the spiritual contamination from this blood-colored forest at any time."

At this time, Su Ruoshui suddenly stretched out her slender white hand, grabbed Ye Feng's hand, and said, "My jade bracelet is the legendary soul weapon, capable of clearing all spiritual damage. As long as I hold you, you will also be immune to the spiritual contamination damage from this blood-colored forest."

Hearing Su Ruoshui say this, Ye Feng wanted to say something, but in the end, he didn't say it.

Because Su Ruoshui probably didn't see that he had used the methods of a soul master.

Ye Feng also felt that there was no need to tell Su Ruoshui that he was a soul master, this was his trump card.

So at this time, Ye Feng let Su Ruoshui hold his hand and help him clear the spiritual contamination energy.

At this moment, the two cooperated, relying on the special soul weapon on Su Ruoshui's wrist, and successfully passed through this blood-colored forest.

After passing through the blood-colored forest, Su Ruoshui quickly let go of Ye Feng's hand, and then said in a clear voice, "The situation was urgent just now, this is the first time I've held a strange man's hand, don't tell anyone about this."

Hearing Su Ruoshui say this, a look of surprise appeared in Ye Feng's eyes, and then he nodded and said, "Okay, Senior Sister Su, I won't tell anyone."

And at this time, Su Ruoshui looked at the blood-colored forest behind her, and couldn't help but said with some surprise, "I didn't expect this blood-colored forest to be able to directly contaminate people's spirits. If it weren't for the soul weapon on my wrist that can resist spiritual damage, I'm afraid we would have been trapped here this time. The trials of the Valley of the Gods are indeed different. It's really too difficult to find the legendary Pool of Heavenly God Water in the deepest part. The Dark Divine Child must have also experienced these trials when he found the Pool of Heavenly God Water back then. It seems that I underestimated the Dark Divine Child before. This person is still very powerful."

Hearing Su Ruoshui say this, Ye Feng suddenly asked, "How strong is the Dark Divine Child exactly?"

"Hmm?"

Hearing Ye Feng ask this, a look of surprise seemed to appear in Su Ruoshui's beautiful eyes. She didn't seem to expect Ye Feng to ask such a question.

After all, for a newcomer like Ye Feng who had just become a core disciple, a figure like the Dark Divine Child was a top genius among the younger generation, someone that ordinary people couldn't come into contact with at all. She didn't expect Ye Feng to seem quite interested in the Dark Divine Child.

Su Ruoshui immediately smiled slightly at this moment and said, "The Dark Divine Child is more mysterious and powerful than any of us can imagine. I'm not the Dark Divine Child's opponent anyway, far from it."

Hearing Su Ruoshui say this, Ye Feng couldn't help but smile and say, "Senior Sister Su is really too modest. I've long seen that Senior Sister Su shouldn't be an ordinary true disciple. Senior Sister Su's true identity is definitely very mysterious."

Ye Feng guessed at this time that the mysterious Senior Sister Su in front of him was likely a personal disciple of an inner elder of the Dark Divine Court, or even a disciple of some hidden old monster in the Dark Divine Court. Otherwise, she wouldn't have so many magical treasures and powerful strength.

And at this time, hearing Ye Feng say this, Su Ruoshui only showed a faint smile on her beautiful face, and didn't respond much, but said, "Let's go, let's see what other trials are ahead."

At this time, hearing Su Ruoshui say this, Ye Feng immediately showed a rather emotional look on his face and said, "This Valley of the Gods, it seems, is really extraordinary. Each trial is very special. I have experienced many trials in special places before, but this is the first time I have encountered a trial that can directly contaminate people's spirits and souls."

Hearing Ye Feng say this, Su Ruoshui nodded and said with a smile, "After all, this is the ruins of the ancient gods, so it's very normal to have this kind of special trial. After all, the Pool of Heavenly God Water isn't something that just anyone can enter."

And at this moment, just as the two were talking, they had already walked a distance.

The two immediately saw an endless ocean appearing in front of them.

Seeing this, Ye Feng couldn't help but ask, "Is this ocean the legendary Pool of Heavenly God Water?"

Su Ruoshui shook her head, looked at Ye Feng with a helpless look, and thought Ye Feng was simple-minded, and said, "Of course not. According to legend, the Pool of Heavenly God Water is just a very small pool. This is a vast ocean, it must be a trial ground."

Whoosh!

At this moment, the two directly flew into this ocean.

But in that instant, blue lightning lights appeared all over the ocean.

Rumble...

In an instant, lightning and thunder flashed across the entire sky, and an apocalyptic aura of destruction filled the entire world, causing both of them to change their expressions drastically.

At this moment, Ye Feng looked at the ocean below and suddenly said in shock, "This is not an ocean, but a sea of thunder energy, every drop of seawater contains a ball of terrifying thunder energy!"

Hearing Ye Feng say this, Su Ruoshui carefully observed and realized that, as Ye Feng said, this was not an ocean composed of water, but an ocean completely condensed from thunder energy.

Above the sky is the power of thunder and lightning.

In the ocean, there is endless light of thunder.

At this moment, Su Ruoshui also felt other auras and couldn't help but say, "This is not ordinary thunder power, this seems to be the power of the heavenly tribulation that is triggered when cultivators break through shackles in the legend. This is the power of thunder in the tribulation, the most advanced power among thunder."

Ye Feng nodded, his face also became quite solemn, and said, "If it is just ordinary thunder power, the two of us joining forces should be able to easily resist this thunder power, but here is all the thunder power in the thunder tribulation, which is dozens or even hundreds of times more destructive than ordinary thunder energy. It seems that crossing this endless sea of thunder tribulation is not as simple as imagined."

#5730 - Nine-colored divine thunder

Su Ruoshui nodded, her face solemn, and said, "No matter what, to reach the final Heavenly God Pool, we must pass these trials."

Ye Feng couldn't help but ask, "Senior Sister Su, you've been here many times before, do you know how many trials one generally has to go through to reach the Heavenly God Pool?"

Su Ruoshui shook her head and said, "I don't know, because I've never succeeded. I don't know how many trials there are in total, but the most I've experienced is four trials, and I ultimately failed in the fourth trial, unable to withstand it, and fled in panic. So there are at least four trials."

Hearing Su Ruoshui's words, Ye Feng's eyes flickered, and he said, "Then we have now arrived at the third trial."

At this moment, after the two finished speaking, they directly rushed into this ocean composed of thunderous energy.

"Rumble!"

Almost the instant the two entered this thunderous ocean, blue thunderous lights suddenly bombarded down from the sky, turning the entire sky into blue thunderous light.

At this moment, facing the bombardment of the terrifying thunderous lights, Ye Feng and Su Ruoshui each used their own methods.

Ye Feng directly stimulated the Undying Body of the Heavenly God and transformed into the true form of the Abyss Giant, directly enduring the bombardment of this terrifying thunderous light.

Su Ruoshui continued to use the magical cyan sword she had used before, directly forming nine cyan swords above her head, quickly rotating like a large shield, blocking the attack of the thunderous light.

While resisting the bombardment of this thunderous light, the two quickly flew through this thunderous ocean towards the other end, wanting to cross this thunderous ocean as soon as possible.

Rumble!

In that instant, the entire thunderous ocean surged, connecting with the thunder in the sky, frantically electrocuting Ye Feng and Su Ruoshui, who were traversing through it.

When they arrived at the middle area of this thunderous ocean.

Boom!!

Suddenly, a very special thunderous light pillar, containing three colors of light, suddenly descended from the sky and bombarded Ye Feng's body.

This thunder, emitting three colors of light, was thirty times more powerful and destructive than ordinary blue thunder.

Even though Ye Feng now possessed the blessing of the Undying Body of the Heavenly God and the true form of the Giant, he couldn't help but stagger slightly under this sudden bombardment, almost falling into this thunderous ocean.

Seeing this scene, Su Ruoshui couldn't help but change her expression slightly, and said, "This is the legendary Three-Colored Divine Thunder, emitting red, purple, and blue, which is dozens of times more powerful than ordinary single blue thunder. It seems that the further we fly into the depths of this thunderous ocean, the greater the power of the thunder we encounter will be."

Boom!

And almost at the instant Su Ruoshui's voice fell, a thunderbolt emitting five colors of light descended from the sky and directly struck the nine cyan swords above Su Ruoshui's head, almost scattering Su Ruoshui's nine cyan swords.

At this moment, Su Ruoshui immediately said in even greater surprise, "It's Five-Colored Thunder! It's even fiercer than the Three-Colored Thunder just now!"

At this time, Ye Feng's face also became solemn, and he said, "It seems that, as Senior Sister Su said, the further we fly towards the other end of this thunderous ocean, the stronger the quality and power of the thunder we encounter on the road ahead will be."

At this moment, a firm look appeared on Su Ruoshui's beautiful and cold face, and she said, "This time we must succeed, we cannot retreat."

Ye Feng also nodded and continued to fly quickly towards the other end of this thunderous ocean with Su Ruoshui.

Next, the two encountered the attacks of Seven-Colored Thunder, and even the most ferocious Nine-Colored Divine Thunder.

In the end, the two had to unite, stand together, release their respective methods, and jointly resist the bombardment of that terrifying Nine-Colored Divine Thunder.

Even Su Ruoshui was finding it somewhat difficult to resist.

Su Ruoshui couldn't help but say, "If we continue to endure like this, we will be bombarded to death by this terrifying Nine-Colored Divine Thunder before we even cross this thunderous ocean. Think of a way."

At this time, Ye Feng suddenly thought of a crazy idea and couldn't help but say, "I have an ability that can absorb external energy for my own use, but this Nine-Colored Divine Thunder energy is too fierce. I'm afraid I won't be able to withstand this terrifying power. Before I finish absorbing it, my whole body will be shattered."

Hearing Ye Feng say this, Su Ruoshui suddenly said, "There is a guardian method in my cultivation inheritance that I can use to protect the safety of your body."

Hearing Su Ruoshui say this, Ye Feng immediately nodded and said, "Okay, then I'll give it a try."

At this moment, the ability Ye Feng was talking about was naturally the Devouring ability.

Ye Feng was preparing to directly release the Devouring Domain and, at the instant the Nine-Colored Divine Thunder struck, instantly devour and absorb the energy in the Nine-Colored Divine Thunder into his body. In this way, he would not only be able to obtain the

blessing of terrifyingly powerful energy, but also be able to resolve the destructive power of the Nine-Colored Divine Thunder.

It was just that Ye Feng himself might not be able to withstand the destructive power of such a powerful Nine-Colored Divine Thunder.

So, entrusting Su Ruoshui with guarding his safety.

At this moment, Ye Feng saw that Su Ruoshui suddenly closed her eyes, as if she was performing some kind of mysterious inheritance.

Buzz!

In the next moment, a magical scene appeared.

A full ninety-nine pairs of huge wings actually grew out of Su Ruoshui's back, all condensed from cyan energy.

Su Ruoshui at this moment was simply like a huge lotus flower. The ninety-nine pairs of cyan wings behind her were like the petals of a lotus flower, instantly enveloping Ye Feng's entire body.

Ye Feng immediately felt a great sense of security.

These ninety-nine pairs of cyan wings were simply like an indestructible shield.

At this time, Ye Feng could finally safely unleash the Devouring Domain directly.

Buzz!

In that instant, a huge black vortex immediately appeared above Ye Feng's head, precisely the Devouring Domain.

The Nine-Colored Divine Thunder bombarded down and was directly enveloped by Ye Feng's Devouring Domain, directly and quickly absorbing the thunderous energy within the Nine-Colored Divine Thunder.

And the damage caused at the instant the Nine-Colored Divine Thunder struck was completely resisted by the mysterious guardian inheritance that Su Ruoshui had unleashed, the ninety-nine pairs of cyan wings.

The two were finally able to fly quickly and unharmed towards the other end of this thunderous ocean.

In addition to this, Ye Feng at this moment obtained the pure thunderous energy of the Nine-Colored Divine Thunder, which was rapidly pouring into Ye Feng's dantian, being devoured and refined by Ye Feng.

Ye Feng's cultivation was undergoing an unparalleled transformation at this instant!
